BILLS PASSED

The bill (H. R. 11015) to provide an appropriation for the payment of claims of persons who suffered property damage, death, or personal injury due to the explosion at the naval ammunition depot, Lake Denmark, N. J., July 10, 1926, was considered and read twice.

Mr. REED of New York submitted the following amendment:

Page 2, in line 4, insert a new section, to be known as section 2, to read as follows:

Sec. 2. That the Secretary of the Treasury is authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, the sum of $5,000 each to the following relatives, in the following order of preference, of any officer or enlisted man of the United States military and naval forces who was killed in the explosions at the naval ammunition depot at Lake Denmark, N. J., on July 10, 1926:

To the widow; if no widow, then to the children, share and share alike; if no widow or children, then to the mother; if no widow, children, or mother, then to the father; or if no widow, children, mother, or father, then to the brothers and sisters, share and share alike.

Mr. LAGUARDIA made the point of order that the amendment was not germane to the bill.

After debate,

The SPEAKER pro tempore (Mr. MAPES) overruled the point of order and said:

"The Chair is ready to rule.

"The bill as introduced includes claims for property damage, death, or personal injury. It is not confined to damage to property, but includes damages either by death or injury to individuals. House Document 321, to which reference is made in the bill and which identifies the various claims which the bill proposes to satisfy, has embodied in it claims of both those in the military service and civilians. The amendment offered by the gentleman from New York [Mr. REED] proposes to pay the sum of $5,000 to certain relatives of any officer or enlisted man of the Military or Naval Establishment who was killed in the explosion at Lake Denmark. The Chair thinks the amendment is germane, and overrules the point of order."

After further debate,

Mr. STAFFORD submitted the following amendment to the amendment submitted by Mr. REED of New York:

Strike out the last clause of the Reed amendment, as follows: "Or if no widow, children, mother, or father, then to the brothers or sisters, share and share alike."

After further debate,

Will the House strike out the enacting clause?

So, the House refused to strike out the enacting clause.

Mr. STAFFORD'S amendment to the amendment submitted by Mr. REED of New York was then agreed to.

Mr. ANDRESEN submitted the following amendment to the amendment submitted by Mr. REED of New York, which was agreed to:

Line 6 of the amendment, after the word "and," insert a dash and the word *or*, so that it will read *enlisted men of the United States military and/or naval forces.*

The question then recurring on the amendment submitted by Mr. REED of New York as amended, and being put,

On a division there appeared—yeas 39, nays 52.

Whereupon Mr. ANDRESEN made objection that a quorum was not present and not voting.

A quorum not being present,

If such officer or employee returns to the United States, the leave of absence granted under the provisions of this section shall be exclusive of the time actually and necessarily occupied in going to and from the United States, and such time as may be necessarily occupied in awaiting sailing. "Sec. 26. The President is authorized to prescribe rules and regulations for the establishment of a Foreign Service retirement and disability system to be administered under the direction of the Secretary of State and in accordance with the following principles, to wit:

"(b) There is hereby created a special fund to be known as the Foreign Service retirement and disability fund.

"(c) Five per centum of the basic salary of all Foreign Service officers eligible to retirement shall be contributed to the Foreign Service retirement and disability fund, and the Secretary of the Treasury is directed on the date on which this act takes effect to cause such deductions to be made and the sums transferred on the books of the Treasury Department to the credit of the Foreign Service retirement and disability fund for the payment of annuities, refunds, and allowances: Provided, That all basic salaries in excess of $10,000 per annum shall be treated as $10,000.

"(d) When any Foreign Service officer has reached the age of sixty-five years and rendered at least fifteen years of service he shall be retired: Provided, That if any such officer shall have served thirty years he may be retired at his own request before reaching the age of sixty-five years: Provided further, That the President may in his discretion retain any such officer on active duty for such period prior to his reaching seventy years of age, as he may deem for the interests of the United States.

"(e) Annuities shall be paid to retired Foreign Service officers under the following classification, based upon length of service and at the following percentages of the average annual basic salary for the ten years next preceding the date of retirement: Class A, thirty years or more, 60 per centum; class B, from twenty-seven to thirty years, 54 per centum; class C, from twenty-four to twenty-seven years, 48 per centum; class D, from twenty-one to twenty-four years, 42 per centum; class E, from eighteen to twenty-one years, 36 per centum; class F, from fifteen to eighteen years, 30 per centum: Provided, however, That in computing the average annual basic salary for the ten years next preceding the date of retirement, so much of an officer's service as was rendered prior to July 1, 1924, in accordance with the classification and salaries established by laws then in effect, as it is possible to credit to him by applying to all such periods of service rendered prior to July 1, 1924, the rules for corresponding classes in the reclassification provisions in section 7 of the act of May 24, 1924, shall be considered as having been performed in accordance with the classifications and salaries established for Foreign Service officers in section 3 of the act of May 24, 1924: And provided further, That no increases in annuities under this act shall operate retroactively and nothing in this act shall be interpreted as reducing the rate of the annuity received by any retired officer on the effective date of this act.

"(f) Those officers who retire before having contributed for each year of service shall have withheld from their annuities to the credit of the Foreign Service retirement and disability fund such proportion of 5 per centum as the number of years in which they did not contribute bears to the total length of service: Provided, That no deductions shall be made from the annuities of officers who have contributed thirty years, and no officer shall be required to contribute more than thirty years in any circumstances.

"(g) The Secretary of the Treasury is directed to invest from time to time in interest-bearing securities of the United States such portions of the Foreign Service retirement and disability fund as in his judgment may not be immediately required for the payment of annuities, refunds, and allowances, and the income derived from such investments shall constitute a part of said fund.

"(h) None of the moneys mentioned in this section shall be assignable either in law or equity, or be subject to execution, levy, or attachment, garnishment, or other legal process.

"(i) In case an annuitant dies without having received in annuities an amount equal to the total amount of his contributions from salary with interest thereon at 4 per centum per annum compounded annually up to the time of his death, the excess of said accumulated contributions over the said annuity payments shall be paid to his or her legal representatives; and in case a Foreign Service officer shall die without having reached the retirement age the total amount of his contribution with accrued interest shall be paid to his legal representatives.

"Sec. 27. In the event of public emergency any retired Foreign Service officer may be recalled temporarily to active service by the President, and while so serving he shall be entitled in lieu of his retirement allowance to the full pay of the class in which he is temporarily serving.

"Sec. 28. That all provisions of law heretofore enacted relating to diplomatic secretaries and to consular officers, which are not inconsistent with the provisions of this act, are hereby made applicable to Foreign Service officers when they are designated for service as diplomatic or consular officers, and that all acts or parts of acts inconsistent with this act are hereby repealed.

"Sec. 29. That the appropriations contained in title I of the act entitled 'An act making appropriations for the Departments of State and Justice and for the Judiciary and for the Departments of Commerce and Labor for the fiscal year ending June 30, 1932, and for other purposes,' for such compensation and expenses as are affected by the provisions of this act are made available and may be applied toward the payment of the compensation and expenses herein provided.

"Sec. 30. That there is hereby established in the Department of State the office of legal adviser (in lieu of the Solicitor of the Department of State, which office is hereby abolished). The legal adviser shall be appointed by the President by and with the advice and consent of the Senate and shall receive the same salary as Assistant Secretaries of State.

"Sec. 31. There shall be in the Department of State a board of Foreign Service personnel for the Foreign Service, whose duty it shall be to recommend promotions in the Foreign Service and to furnish the Secretary of State with lists of Foreign Service officers who have demonstrated special capacity for promotion to the grade of minister. The board shall be composed of not more than three Assistant Secretaries of State, one of whom shall be the Assistant Secretary of State having supervision over the division of Foreign Service personnel, who shall be chairman. The chief of the division of Foreign Service personnel and one other member of the division may attend the meetings of the board and one of them shall act as secretary, but they shall not be entitled to vote in its proceedings. No Foreign Service officer below Class I shall be assigned for duty in the division of Foreign Service personnel. Foreign Service officers assigned to the division shall not be eligible for recommendation by the board of Foreign Service personnel for promotion to the grade of minister or ambassador during the period of such assignment or for three years thereafter, nor shall such officers be given any authority except of a purely advisory character, over promotions, demotions, transfers, or separations from the service of Foreign Service officers.

"Sec. 32. The division of Foreign Service personnel shall assemble, record, and be the custodian of all available information in regard to the character, ability, conduct, quality of work, industry, experience, dependability, and general availability of Foreign Service officers, including reports of inspecting officers and efficiency reports of supervising officers. All such information shall be appraised at least once in two years and the result of such appraisal expressed in terms of excellent, very good, satisfactory, or unsatisfactory, accompanied by a concise statement of the considerations upon which they are based, shall be entered upon records to be known as the efficiency records of the officers, and shall constitute their efficiency ratings for the period. No charges against an officer that would adversely affect his efficiency rating or his value to the service, if true, shall be taken into consideration in determining his efficiency rating except after the officer shall have had opportunity to reply thereto. The Assistant Secretary of State supervising the division of Foreign Service personnel shall be responsible for the keeping of accurate and impartial efficiency records of Foreign Service officers and shall take all measures necessary to insure their accuracy and impartiality. Not later than November 1 at least every two years, the division of Foreign Service personnel shall, under the supervision of the Assistant Secretary of State, prepare a list in which all

Foreign Service officers shall be graded in accordance with their relative efficiency and value to the service. In this list officers shall be graded as excellent, very good, satisfactory or unsatisfactory with such further subclassification as may be found necessary. All officers rated satisfactory or above shall be eligible for promotion in the order of merit to the minimum salary of the next higher class. This list shall not become effective in so far as it affects promotion until it has been considered by the board of Foreign Service personnel hereinbefore provided for and approved by the Secretary of State: Provided, That this list shall not be changed before the next succeeding list of ratings is approved except in case of extraordinary or conspicuously meritorious service or serious misconduct and any change for such reasons shall be made only after consideration by the Board of Foreign Service Personnel and approval by the Secretary of State, and the reasons for such change when made shall be inscribed upon the efficiency records of the officers affected. From this list of all Foreign Service officers recommendations for promotion shall be made in the order of their ascertained merit within classes. Recommendations shall also be made, in order of merit, as shown by ratings in the examinations for appointment to the unclassified grade, with commissions also as diplomatic secretaries and vice consuls, of those who have successfully passed the examinations. All such recommendations shall be submitted to the Secretary of State for his consideration and if he shall approve, for transmission to the President.

"The correspondence and records of the division of Foreign Service personnel shall be confidential except to the President, the Secretary of State, the members of the Board of Foreign Service personnel, the Assistant Secretary of State supervising the division, and such of its employees as may be assigned to work on such correspondence and records.

"Sec. 33. That notwithstanding the provisions of section 10 of this act, all Foreign Service officers having a rating of satisfactory or better, who shall have been in classes 5, 6, 7, or 8 for a continuous period of nine months or more, shall, on the first day of each fiscal year receive an increase of salary of $100, except that no officer shall receive a salary above the maximum of his class and all such officers in classes 1, 2, 3, or 4 shall in the same circumstances receive an increase of $200: Provided, That the Secretary of State is authorized to fix the salaries of Foreign Service officers in the unclassified grade within the salary range specified in section 10 of this act; and, within the limits of appropriations therefor, to grant to Foreign Service officers in any class additional promotion in salary within the salary range established for the classes in which they are serving, based upon especially meritorious service. Increases in salary under the terms of this section shall be paid to Foreign Service officers only as the right to such increases accrues after the effective date of this act. The President is hereby authorized to establish by Executive order regulations providing for the separation of Foreign Service officers from the Foreign Service, in accordance with the conditions hereinafter prescribed. Foreign Service officers so separated from the Foreign Service shall be retired from the service, after a hearing by the Secretary of State, upon an annuity equal to 25 per centum of his salary at the time of retirement, in the case of officers over 45 years of age or in the case of officers under 45 years of age with a bonus of one year's salary at the time of his retirement, either annuity or one year's salary to be payable out of the Foreign Service officers' retirement and disability fund and except as herein provided, subject to the same provisions and limitations as other annuities payable out of such funds; but no return of contributions shall be made under paragraphs (i) or (l) of section 26 of this act in the case of any Foreign Service officer retired under the provisions of this section. Whenever it is determined that the efficiency rating of an officer is unsatisfactory, thereby meaning below the standard required for the service, and such determination has been confirmed by the Secretary of State, the officer shall be notified thereof, and if, after a reasonable period to be determined by the circumstances in each particular case, the rating of such officer continues to be found unsatisfactory and such finding is confirmed by the Secretary of State after a hearing accorded the officer, such officer shall be separated from the service with the annuity or bonus provided in this section, but no officer so separated from the service shall receive the said annuity or bonus unless at the time of separation he shall have served at least 15 years. He shall, however, if he has not served at least 15 years have returned to him the full sum of his contribution to the annuity fund, with interest thereon at 4 per centum compounded annually. The benefits of this section, except at the option of the Secretary of State the return of an officer's contribution to the annuity fund, shall not be given to Foreign Service officers separated from the Foreign Service on account of malfeasance in office.

"Ses. 34. That nothing in this act shall be construed to reduce the salary of any Foreign Service officer upon promotion to a higher class.

"Sec. 35. That the President is hereby authorized, whenever the necessity for such offices with a view to effecting economies in accounting procedure is apparent, to prescribe certain fiscal districts or areas and to establish within each such district as a part of the Department of State service, a district accounting and disbursing office to exercise control over the accounts and returns of all diplomatic missions and consular offices within the district in such manner as the President may direct. To each such office may be assigned the administrative accounting responsibility for receipts and expenditures of the diplomatic missions and consular offices within the district. Each district office shall be in charge of an accountable officer, to whom all fees and other official moneys received by any diplomatic, consular, or Foreign Service officer may be accounted for, under such rules and regulations as may be prescribed by the Secretary of State, all such fees and moneys, or the residue thereof after the payment of salaries, allowances, and current expenses of the diplomatic missions and consular offices within the district, to be paid by the district accounting and disbursing officer into the Treasury of the United States. Such district accounting and disbursing officers accountable for public moneys may intrust moneys to other bonded officers for the purpose of having them make disbursements as his agent, and the officer to whom the moneys are intrusted, as well as the officer who intrusts the moneys to him, shall be held pecuniarily responsible therefor to the United States. All diplomatic, consular, or Foreign Service officers on duty within the area covered by such district offices may be required to render accounts of their disbursements to the officer in charge of such district office to be included in his accounts. Said district accounting and disbursing officers and their agents shall be bonded respectively to the United States for the faithful performance of their duties in such penal amounts as the President may require.

"Provided further, That the Secretary of State is authorized to appoint such district accounting and disbursing officers and their assistants in the same manner as clerks in diplomatic missions and consular offices are appointed.

"Section 3622 of the Revised Statutes of the United States (U. S. C., title 31, sec. 496), and any other existing statutes, in so far as they conflict with this section, are hereby amended.

"Sec. 36. That all fees and other official moneys received by diplomatic missions or consular offices or by the district accounting and disbursing offices provided in section 35 above, may be transmitted through the Department of State for deposit in the United States Treasury, or may be used in payment of salaries, allowances, and current expenses of said missions and offices, under such rules and regulations as the President may from time to time prescribe; the residue, if any, to be transmitted through the Department of State for deposit in the United States Treasury. Section 3617 of the Revised Statutes of the United States (U. S. C., title 31, sec. 484) is hereby amended.

"Sec. 37. That this act shall take effect on July 1, 1931."

That the Senate recede from its disagreement to the amendment of the House to the text of the joint resolution and agree to the same, with an amendment as follows: In lieu of the language put in by the House insert the following:

That for the purpose of maintaining and operating the properties now owned by the United States in the vicinity of Muscle Shoals, Alabama, in the interest of the national defense and for agricultural and industrial development, and to aid navigation and the control of destructive flood waters in the Tennessee River and Mississippi River Basins, there is hereby created a body corporate by the name of the "Muscle Shoals Corporation of the United States" (hereinafter referred to as the corporation). The board of direc-

tors first appointed shall be deemed the incorporators and the incorporation shall be held to have been effected from the date of the first meeting of the board. This act may be cited as the "Muscle Shoals act of 1931."

Sec. 2. (a) The board of directors of the corporation (hereinafter referred to as the board) shall be composed of three members, not more than two of whom shall be members of the same political party, to be appointed by the President, by and with the advice and consent of the Senate. The board shall organize by electing a chairman, vice chairman, and other officers, agents, and employees, and shall proceed to carry out the provisions of this act.

(b) The terms of office of the members first taking office after the approval of this act shall expire as designated by the President at the time of nomination, one at the end of the second year, one at the end of the fourth year, and one at the end of the sixth year, after the date of approval of this act. A successor to a member of the board shall be appointed in the same manner as the original members and shall have a term of office expiring six years from the date of the expiration of the term for which his predecessor was appointed.

(c) Any member appointed to fill a vacancy in the board occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term.

(d) Vacancies in the board so long as there shall be two members in office shall not impair the powers of the board to execute the functions of the corporation, and two of the members in office shall constitute a quorum for the transaction of the business of the board.

(e) Each of the members of the board shall be a citizen of the United States and shall receive compensation at the rate of $50 per day for each day that he shall be actually engaged in the performance of the duties vested in the board, to be paid by the corporation as current expenses, not to exceed, however, one hundred and fifty days for the first year after the date of the approval of this act, and not to exceed one hundred days in any year thereafter. Members of the board shall be reimbursed by the corporation for actual expenses (including traveling and subsistence expenses) incurred by them while in the performance of the duties vested in the board by this act.

(f) No director shall have any financial interest in any public-utility corporation engaged in the business of distributing and selling power to the public nor in any corporation engaged in the manufacture, selling, or distribution of fixed nitrogen, or any ingredients thereof, nor shall any member have any interest in any business that may be adversely affected by the success of the Muscle Shoals project as a producer of concentrated fertilizers.

(g) The board shall direct the exercise of all the powers of the corporation.

(h) All members of the board shall be persons that profess a belief in the feasibility and wisdom, having in view the national defense and the encouragement of interstate commerce, of producing fixed nitrogen under this act of such kinds and at such prices as to induce the reasonable expectation that the farmers will buy said products, and that by reason thereof the corporation may be a self-sustaining and continuing success.

Sec. 3. (a) The chief executive officer of the corporation shall be a general manager, who shall be responsible to the board for the efficient conduct of the business of the corporation. The board shall appoint the general manager, and shall select a man for such appointment who has demonstrated his capacity as a business executive. The general manager shall be appointed to hold office for 10 years, but he may be removed by the board for cause, and his term of office shall end upon repeal of this act, or by amendment thereof expressly providing for the termination of his office. Should the office of general manager become vacant for any reason, the board shall appoint his successor as herein provided.

(b) The general manager shall appoint, with the advice and consent of the board, two assistant managers who shall be responsible to him, and through him to the board. One of the assistant managers shall be a man possessed of knowledge, training, and experience to render him competent and expert in the production of fixed nitrogen. The other assistant manager shall be a man trained and experienced in the field of production and distribution of hydroelectric power. The general manager may at any time, for cause, remove any assistant manager, and appoint his successor as above provided. He shall immediately thereafter make a report of such action to the board, giving in detail the reason therefor. He shall employ, with the approval of the board, all other agents, clerks, attorneys, employees, and laborers.

(c) To arrange with farmers and farm organizations for large-scale practical use of the new forms of fertilizers under conditions permitting an accurate measure of the economic return they produce;

(d) To cooperate with National State, district, or county experimental stations or demonstration farms, for the use of new forms of fertilizer or fertilizer practices during the initial or experimental period of their introduction.

(e) The board shall manufacture fixed nitrogen at Muscle Shoals by the employment of existing facilities (by modernizing existing plants), or by any other process or processes that in its judgment shall appear wise and profitable for the fixation of atmospheric nitrogen. The fixed nitroen provided for in this act shall be in such form and in combination with such other ingredients as shall make such nitrogen immediately available and practical for use by farmers in application to soil and crops.

(f) Under the authority of this act the board may donate not exceeding 1 per cent of the total product of the plant or plants operated by it to be fairly and equitably distributed through the agency of county demonstration agents, agricultural colleges, or otherwise as the board may direct for experimentation, education, and introduction of the use of such products in cooperation with practical farmers so as to obtain information as to the value, effect, and best methods of use of same.

(g) The board is authorized to make alterations, modifications, or improvements in existing plants and facilities.

(h) To establish, maintain, and operate laboratories and experimental plants, and to undertake experiments for the purpose of enabling the corporation to furnish nitrogen products for military and agricultural purposes in the most economical manner and at the highest standard of efficiency.

(i) The board shall have power to request the assistance and advice of any officer, agent, or employee of any executive department or of any independent office of the United States, to enable the corporation the better to carry out its powers successfully, and the President shall, if in his opinion the public interest, service, and economy so require, direct that such assistance, advice, and service be rendered to the corporation, and any individual that may be by the President directed to render such assistance, advice, and service shall be thereafter subject to the orders, rules, and regulations of the board and of the general manager.

(j) Upon the requisition of the Secretary of War or the Secretary of the Navy to manufacture for and sell at cost to the United States explosives or their nitrogenous content.

(k) Upon the requisition of the Secretary of War the corporation shall allot and deliver without charge to the War Department so much power as shall be necessary in the judgment of said department for use in operation of all locks, lifts, or other facilities in aid of navigation.

(l) To produce, distribute, and sell electric power, as herein particularly specified.

(m) No products of the corporation shall be sold for use except to the United States, her Territories, and possessions, except to the United States Government for the use of its Army and Navy or to its allies in case of war.

Sec. 6. In order to enable the corporation to exercise the powers vested in it by this act—

Sec. 7. (a) The corporation shall maintain its principal office in the immediate vicinity of Muscle Shoals, Alabama. This report shall include the total number of employees and the names, salaries, and duties of those receiving compensation at the rate of more than $2,500 a year.

(b) The board shall require a careful and scrutinizing audit and accounting by the General Accounting Office during each governmental fiscal year of operation under this act, and said audit shall be open to inspection to the public at all times and copies thereof shall be filed in the principal office of the Muscle Shoals Corporation at Muscle Shoals in the State of Alabama. Once during each fiscal year the President of the United States shall have power, and it shall be his duty, upon the written request of at least two members of the board, to appoint a firm of certified public accountants of his own choice and selection which shall have free and open access to all books, accounts, plants, warehouses, offices, and all other places, and records, belonging to or under the control of or used by the corporation in connection with the business authorized by this act. And the expenses of such audit so directed by the President shall be paid by the board and charged as part of the operating expenses of the corporation.

Sec. 10. It is hereby declared to be the policy of the Government to distribute the surplus power generated at Muscle Shoals equitably among the States, counties, and municipalities within transmission distance of Muscle Shoals.

Sec. 11. In order to place the board upon a fair basis for making such contracts and for receiving bids for the sale of such power it is hereby expressly authorized either from appropriations made by Congress or from funds secured from the sale of such power to construct, lease, or authorize the construction of transmission lines within transmission distance in any direction from said Dam Numbered 2 and said steam plant: Provided, That if any State, county, municipality, or other public or cooperative organization of citizens or farmers, not organized or doing business for profit, but for the purpose of supplying electricity to its own citizens or members, or any two or more of such municipalities or organizations, shall construct or agree to construct a transmission line to Muscle Shoals, the board is hereby authorized and directed to contract with such State, county, municipality, or other organization, or two or more of them, for the sale of electricity for a term not exceeding thirty years, and in any such case the board shall give to such State, county, municipality, or other organization ample time to fully comply with any local law now in existence or hereafter enacted providing for the necessary legal authority for such State, county, municipality, or other organization to contract with the board for such power: Provided further, That all contracts entered into between the corporation and any municipality or other political subdivision shall provide that the electric power shall be sold and distributed to the ultimate consumer without discrimination as between consumers of the same class, and such contract shall be void if a discriminatory rate, rebate, or other special concession is made or given to any consumer or user by the municipality or other political subdivision: And provided further, That any surplus power not so sold as above provided to States, counties, municipalities, or other said organizations, before

the board shall sell the same to any person or corporation engaged in the distribution and resale of electricity for profit, it shall require said person or corporation to agree that any resale of such electric power by said person or corporation shall be sold to the ultimate consumer of such electric power at a price that shall not exceed an amount fixed as reasonable, just, and fair by the Federal Power Commission; and in case of any such sale if an amount is charged the ultimate consumer which is in excess of the price so deemed to be just, reasonable, and fair by the Federal Power Commission, the contract for such sale between the board and such distributor of electricity shall be declared null and void and the same shall be canceled by the board.

Sec. 12. Five per centum of the gross proceeds received by the board for the sale of power generated at Dam Numbered 2, or from the steam plant located in that vicinity, or from any other steam plant hereafter constructed in the State of Alabama, shall be paid to the State of Alabama; and 5 per centum of the gross proceeds from the sale of power generated at Cove Creek Dam, hereinafter provided for, shall be paid to the State of Tennessee. Upon the completion of said Cove Creek Dam the board shall ascertain how much excess power thereby generated at Dam Numbered 2, and from the gross proceeds of the sale of such excess power 2½ per centum shall be paid to the State of Alabama and 2½ per centum to the State of Tennessee. In ascertaining the gross proceeds from the sale of such power upon which a percentage is paid to the States of Alabama and Tennessee the board shall not take into consideration the proceeds of any power sold to the Government of the United States, or any department of the Government of the United States used in the operation of any locks on the Tennessee River, or for any experimental purpose, or for the manufacture of fertilier or any of the ingredients thereof, or for any other governmental purpose. The net proceeds derived by the board from the sale of power and any of the products manufactured by the corporations, after deducting the costs of operation, maintenance, depreciation, and an amount deemed by the board as necessary to withhold as operating capital, shall be paid into the Treasury of the United States at the end of each calendar year.

Sec. 13. The Secretary of War is hereby empowered and directed to complete Dam Numbered 2 at Muscle Shoals, Alabama, and the steam plant at nitrate plant Numbered 2, in the vicinity of Muscle Shoals, by installing in Dam Numbered 2 the additional power units according to the plans and specifications of said dam, and the additional power unit in the steam plant at nitrate plant Numbered 2: Provided, That the Secretary of War shall not install the additional power unit in said steam plant until, after investigation, he shall be satisfied that the foundation of said steam plant is sufficiently stable or has been made sufficiently stable to sustain the additional weight made necessary by such installation.

Sec. 14. It is hereby declared to be the policy of the Government to utilize the Muscle Shoals properties for the fixation of nitrogen for agricultural purposes in time of peace.

Sec. 15. The Secretary of War is hereby authorized, with appropriations hereafter to be made available by the Congress; to construct, either directly or by contract to the lowest responsible bidder, after due advertisement, a dam in and across Clinch River in the State of Tennessee, which has by long usage become known and designated as the Cove Creek Dam, according to the latest and most approved designs of the Chief of Engineers, including its power house and hydroelectric installations and equipment for the generation of at least 200,000 horsepower, in order that the waters of the said Clinch River may be impounded and stored above said dam for the purpose of increasing and regulating the flow of the Clinch River and the Tennessee River below, so that the maximum amount of primary power may be developed at Dam Numbered 2 and at any and all other dams below the said Cove Creek Dam.

Sec. 16. In order to enable and empower the Secretary of War to carry out the authority hereby conferred, in the most economical and efficient manner, he is hereby authorized and empowered in the exercise of the powers of national defense in aid of navigation, and in the control of the flood waters of the Tennessee and Mississippi Rivers, constituting channels of interstate commerce, to exercise the right of eminent domain and to condemn all lands, easements, rights of way, and other area necessary in order to obtain a site for said Cove Creek Dam and the flowage rights for the reservoir of water above said dam, and to negotiate and conclude contracts with States, counties, municipalities, and all State agencies and with railroads, railroad corporations, common carriers, and all public utility commissions and any other person, firm, or corporation, for the relocation of railroad tracks, highways, highway bridges, mills, ferries, electric-light plants, and any and all other properties, enterprises, and projects whose removal may be necessary in order to carry out the provisions of this act. When said Cove Creek Dam and transportation facilities and power house shall have been completed, the possession, use, and control thereof shall be intrusted to the corporation for use and operation in connection with the general Muscle Shoals project and to promote flood control and navigation in the Tennessee River and in the Clinch River.

Sec. 17. The corporation, as an instrumentality and agency of the Government of the United States for the purpose of executing its constitutional powers, shall have access to the Patent Office of the United States for the purpose of studying, ascertaining, and copying all methods, formulæ, and scientific information (not including access to pending applications for patents) necessary to enable the corporation to use and employ the most efficacious and economical process for the production of fixed nitrogen, or any essential ingredient of fertilizer, and any patentee whose patent rights may have been thus in any way copied, used, or employed by the exercise of this authority by the corporation shall have as the exclusive remedy of a cause of action to be instituted and prosecuted on the equity side of the appropriate district court of the United States for the recovery of reasonable compensation. The Commissioner of Patents shall furnish to the corporation, at its request and without payment of fees, copies of documents on file in his office.

Sec. 18. The Government of the United States hereby reserves the right, in case of war or national emergency declared by Congress, to take possession of all or any part of the property described or referred to in this act for the purpose of manufacturing explosives or for other war purposes; but, if this right is exercised by the Government, it shall pay the reasonable and fair damages that may be suffered by any party whose contract for the purchase of electric power or fixed nitrogen or fertilizer ingredients is hereby violated, after the amount of the damages have been fixed by the United States Court of Claims in proceedings instituted and conducted for that purpose under rule prescribed by the court.

Sec. 19. (a) All general penal statutes relating to the larceny, embezzlement, conversion, or to the improper handling, retention, use, or disposal of public moneys or property of the United States, shall apply to the moneys and property of the corporation and to moneys and properties of the United States intrusted to the corporation.

(b) Any person who, with intent to defraud the corporation, or to deceive any director or officer of the corporation or any officer or employee of the United States (1) makes any false entry in any book of the corporation, or (2) makes any false report or statement for the corporation, shall, upon conviction thereof, be fined not more than $10,000 or imprisoned not more than five years, or both.

(c) Any person who shall receive any compensation, rebate, or reward, or shall enter into any conspiracy, collusion, or agreement, express or implied, with intent to defraud the corporation or wrongfully and unlawfully to defeat its purposes, shall, on conviction thereof, be fined not more than $5,000 or imprisoned not more than five years, or both.

Sec. 20. In order that the board may not be delayed in carrying out the program authorized herein, the sum of $10,000,000 is hereby authorized to be appropriated for that purpose from the Treasury of the United States, of which not to exceed $2,000,000 shall be made available with which to begin construction of Cove Creek Dam during the calendar year 1931.

Sec. 21. That all appropriations necessary to carry out the provisions of this act are hereby authorized.

Sec. 22. That all acts or parts of acts in conflict herewith are hereby repealed.

Sec. 23. That this act shall take effect immediately.

Sec. 24. The right to alter, amend, or repeal this act is hereby expressly declared and reserved.

Sec. 25. That for twelve months following the passage of this act, the President of the United States is hereby given authority to lease, for a term not exceeding fifty years, to any person, firm, or corporation, the nitrate plants now owned by the Government at Muscle Shoals, Alabama. Said lease shall include the Waco quarry, the railroad switches connecting said quarry with the Southern Railway, and other structures connected therewith and necessary for the operation of said railroad, for the operation of said Waco quarry, and for the operation of said nitrate plants numbered 1 and 2, but not including steam generating plants. The lease shall also include the machinery, tools, and equipment connected with said quarry, said railroad switches, and said nitrate plants; also, the houses and residences in the vicinity of said quarry and said nitrate plants for the purpose of housing the employees and others needed in the operation of said quarry, said railroad and said nitrate plants, but not including houses and buildings connected with either of said steam plants and used and occupied or useful for the occupation of employees and others operating said steam plants and not including that portion of the reservation west of Spring Creek. Said lease shall be made upon the following conditions, to wit:

(a) The rental to be paid for the leasing of such property shall be in such amounts and payable at such times as in the judgment of the President shall be fair and just.

(b) The lessee shall covenant to keep said property in first-class condition during the entire term of said lease.

(c) The lessee shall covenant to operate said plants and use said property exclusively in the production and manufacture of fertilizer and fertilizer ingredients to be used in the manufacture or production of fertilizer, and if, in the manufacture of fertilizer or fertilizer ingredients, a by-product is produced which is not an ingredient of fertilizer, the lessee shall have authority to sell and dispose of such by-product as the lessee shall see fit and shall likewise have authority to process such by-product so as to prepare the same for a market.

Provided, however, That in consideration of the lessee complying with the requirements as to the manufacture of fertilizer as prescribed in subsection (d) of this section, the lessee shall have the right during the term of the lease to purchase under provisions of section 26 hereof, an amount of primary power from the corporation equal to 15 per centum of the amount of power used by the lessee in the production of fertilizer, but such 15 per centum of power so purchased shall be entirely independent of, and not used in connection with the leased premises, nor shall the power so purchased be used for the processing or further manufacture of any product produced or manufactured on the leased premises except such by-products as are not ingredients of fertilizer, and in no way shall said power or any machinery operated by it be connected directly or indirectly with the power used for the production of fertilizer or fertilizer ingredients on said leased premises, and no part of the property herein leased shall be used either directly or indirectly for any purpose in connection with the said 15 per centum of power to which the said lessee is given a preferential right.

Provided further, That the said lessee shall be entitled to such quantity of secondary power subject to all the conditions herein set forth applying to said 15 per centum of primary power as in the judgment of the President is fair and equitable.

(d) Said lease shall also provide that there must be manufactured under said lease annually at least a prescribed amount of nitrogenous plant food of a kind and quality and in a form available as plant food and capable of being applied directly to the soil in connection with the growth of crops; and that such lease shall also contain a stipulation requiring the lessee to produce within three years and six months from the date such lease shall become effective, such fertilizer or fertilizer ingredients containing not less than ten thousand tons of fixed nitrogen, and shall require periodic increases in quantity of such fertilizer or fertilizer ingredients from time to time as the market demands may reasonably require. Such lease shall also provide that such increases shall, within twelve years after such lease becomes effective, reach the maximum production capacity of such plant or plants as the board may find to be economically adapted to the fixation of nitrogen, if the reasonable demands of the market shall justify the same, except when the nitrogen produced is required for national defense, or when the market demands for the same are satisfied by the maintenance in storage and unsold of such fertilizer or fertilizer ingredients containing at least two thousand five hundred tons of fixed nitrogen, but whenever said stock in storage shall fall below the quantity containing two thousand five hundred tons of fixed nitrogen, the production of such nitrogen, and the manufacture of such fertilizer or fertilizer ingredients shall thereupon be resumed. Said lease shall also provide that the sale of such fertilizer or fertilizer ingredients to be used as fertilizer by the said lessee shall be at a price to include the cost of production and not exceeding 8 per centum profit on the turnover produced, and the cost shall include whatever may be paid to the Government for the use of that part of Government property employed by the lessee in manufacturing such fertilizer or fertilizer ingredients to be used as fertilizer and also not exceeding 6 per centum on any capital invested by the lessee in improvements to existing plants or in additional plants employed in the manufacture of fertilizer or fertilizer ingredients to be used as fertilizer and shall include a reasonable actual carrying charge (exclusive of 8 per centum profit thereon) on the stocks of such fertilizer and fertilizer ingredients as are held in storage and unsold for a year or more as the market demands as above provided shall be satisfied. There shall not be included as part of the cost of producing such fertilizer or fertilizer ingredients any royalty for the use by such lessee of any patent, patent right, or patented process belonging to the lessee, or in which the lessee has any interest, or belonging to any subsidiary or allied corporation, or belonging to or controlled by any officer or agent of the lessee of any such allied or subsidiary corporation, and if the lessee should buy any patent, patent right, or patented process with the hope and expectation of thereby reducing the cost of manufacturing such fertilizer or fertilizer ingredients, or of processing any by-product as hereinbefore permitted, then such sum of money as shall be so paid by the lessee shall be considered and treated in the accounting of the cost of such fertilizer or fertilizer ingredients as investment in the nature of plant account, and not as current expenses, and such costs shall be written off on the expiration of any junior patent or license so acquired. For the annual determination of the cost of such fertilizer and fertilizer ingredients there shall be appointed by the board a production engineer, and by the lessee another production engineer and by these a firm of certified public accountants, and these three shall proceed to ascertain and compute the cost of producing such fertilizer and fertilizer ingredients; and in the event of any disagreement the two said engineers shall select a third production engineer who shall hear and consider the contentions and decide the issues, and such decision shall be binding upon all parties for the year for which the determination shall have been made. A copy of such audit and decision shall be filed each year with the board and by it preserved. The expenses incident to this provision shall be paid by the lessee and shall be charged as an item in the cost of producing such fertilizer or fertilizer ingredients. If such annual cost determination discloses that any purchasers have paid a cost for fertilizer or fertilizer ingredients in excess of that allowable under

this act, then the lessee shall refund such excess to the respective purchasers.

(e) The said lessee shall give to the said corporation a good and sufficient bond to be approved by the President of the United States, conditioned upon monthly payments to the corporation during the term of said lease for all the power sold by the said corporation to the said lessee.

Sec. 26. The corporation hereinbefore referred to, operating the steam plants at Muscle Shoals and Dam Numbered 2 and any other steam and hydroelectric power facilities which may hereafter be constructed or built as hereinbefore provided in this act, shall supply the said lessee with the power necessary for the operation of the properties leased and for the other manufacturing purposes mentioned in subdivision (c) of section 25 hereof at a price which shall be deemed fair and just by the President and the board.

Sec. 27. For a period of twelve months after the passage of this act, all the provisions of this act relating to the activities of said corporation in the manufacture and production of fertilizer and fertilizer ingredients and to the operation of any of the property authorized to be leased by this act are hereby suspended; and if, within said period, the President leases the property authorized to be leased, such suspension shall continue during the entire time said lease is in effect.

Sec. 28. If within twelve months after the passage of this act, no lease is made by the President as herein authorized, then authority to make such lease shall cease and sections 25, 26, and 27 shall, at the end of said twelve months' period, become null and void and all the other provisions hereof, which have been suspended for said period of twelve months, shall at once go into full force and effect.

Amend the title to read as follows: "To provide for the national defense by the creation of a corporation for the operation of the Government properties at and near Muscle Shoals, in the State of Alabama; to authorize the letting of the Muscle Shoals properties under certain conditions, and for other purposes."

And the House agree to the same.

Mr. BOYLAN moved to lay that motion on the table.

The question being put,

Will the House lay on the table the motion to reconsider?

On a division there appeared—yeas 110, nays 34.

Whereupon Mr. McFADDEN made objection that a quorum was not present and not voting.

The SPEAKER, after counting, announced that 235 Members were present, a quorum.

Mr. McFADDEN then demanded that the vote be taken by the yeas and nays, which demand was not supported by one-fifth of the Members present, so the yeas and nays were refused.

So, the motion to reconsider was laid on the table.

THE EVERGLADES NATIONAL PARK

Mr. COLTON, by direction of the Committee on the Public Lands, and as a matter of privilege under clause 2, Rule XXIV, called up from the Speaker's table the bill of the Senate (S. 5410) to provide for the establishment of the Everglades National Park in the State of Florida, and for other purposes.

Mr. SNELL made the point of order that an identical House bill being on the Union Calendar the Senate bill required consideration in the Committee of the Whole House on the state of the Union, and therefore the motion was not privileged under clause 2, Rule XXIV.

After debate,

The SPEAKER overruled the point of order and said:

"It is scarcely necessary for the Chair to say that in this instance he is not considering in the remotest degree either the merits or demerits of this bill any more than he was on the two previous occasions on which he delivered a ruling, and he hopes also that in all cases which are purely a matter of the construction of the rules of the House and the adherence to proper precedents that Members will not be influenced on the question by the merits or demerits of any particular bill that may be before the House.

"The Chair finds himself in exactly the same situation that he was in on the occasion referred to by the gentleman from Alabama [Mr. BANKHEAD], and he may say also to the gentleman that he is in an equally humble frame of mind. The Chair states with entire frankness that if this bill was presented to him for analysis, were it not for the decision of the House in overruling the Chair on a previous occasion—and may the Chair say that he is very happy to state that in all of the six years he has been Speaker he has been overruled but once [applause]—he would say, without hesitation, that it is quite apparent that this bill creates a charge upon the Treasury. Section 3 of the bill proyides:

"'The administration, protection, and development of the aforesaid park shall be exercised under the direction of the Secretary of the Interior by the National Park Service.'

"Is it conceivable that it does not cost money to administer a national park? Is it conceivable that it does not cost money to protect it? Is it conceivable that it does not cost money and possibly very large sums of money to develop it, particularly such a part as this, embracing as it does, as I understand, some 2,000 square miles? Is there anyone who

has any power of mental reasoning who would say it would not cost money to develop a park 2,000 square miles in extent? Yet this bill does not say so on its face, it has not, as the gentleman from New York said, the dollar mark on it. The Chair does not believe it to be necessary that an immediate charge should be had. The Chair thinks the correct ruling is that of Mr. Speaker Cannon, on December 12, 1904, to be found in volume 4, Hinds' Precedents, section 4837:

"'A bill which sets in motion a train of circumstances destined ultimately to involve certain expenditure must be considered in Committee of the Whole.'

"That was confirmed in almost the same language by Mr. Speaker Clark on June 30, 1914. (Cannon's Precedents, section 9352.) Is there anyone here who will say that a proposition to administer, protect, and develop a park, situated in swampy ground, 2,000 square miles in extent, does not set in force a train of circumstances—

"'Destined ultimately to involve certain expenditure.'

"Is there anyone who will say that? But the Chair under the decision of the House is not permitted to exercise even that very slight degree of intelligence which would be necessary to come to such a conclusion.

"On January 6, 1927, a bridge bill was under consideration. The building of the bridge was a matter of great concern to two States. One State, the State of Oregon, was very strongly against it, and another State, the State of Washington, was very strongly in favor of it. The provision in the bill was that the work should be undertaken and estimates made, and so forth, by three different secretaries, the Secretary of War, the Secretary of Commerce, and the Secretary of Agriculture. Provision was made for the summoning of witnesses from all parts of the country. It seemed to the Chair, on that occasion, exercising that very slight degree of intelligence to which he referred, that that on the face of it was going to cost money, but in order to be perfectly sure he corresponded with the various Secretaries, and they submitted to the Chair preliminary estimates of the amount of money it was going to cost to make that investigation. It involved, they stated, a good many thousands of dollars. The Chair thus had official information from the heads of the departments undertaking the work, that a large sum of money would be necessary if the bill should become a law, and the Chair has been informed since then that very much money, many thousands of dollars, has been expended by the Government on this bridge proposition. The Chair knew as well as he knows that he is standing here to-day that that bill would create a charge on the Treasury, inevitably, but the argument used by the gentleman from Tennessee, Mr. Garrett, the former very able minority leader and an excellent parliamentarian, was apparently very appealing to the House. On that occasion (January 6, 1927, CONGRESSIONAL RECORD, pp. 1173–1179) Mr. Garrett said:

"'Mr. Speaker, take my own situation. The Chair speaks of the knowledge the Chair has of the controversy. The Chair I know is perfectly familiar with it. Now, I am not. It may be that inasmuch as there have been various publications in the papers in connection with this bill, I ought to have known more about it, but all I know of the matter, excepting what has been developed here this morning, I derive from the reading of the bill itself, from the bill only, and I dare say that every Member of the House who has not had personal knowledge touching the situation, such as naturally comes to the Chair, derives the information from the bill, and the bill does not show upon its face the fact that expenditures will be engendered.'

"The Chair finds himself in the position that in order to agree with the statement of the gentleman from Tennessee and a subsequent decision of the House in matters of this sort, he must endeavor to be a profound ignoramus; and he feels that in the face of the decision of the House which he held two years ago binding upon him he can not undertake to overrule it. However, such action as the House might see fit to take, the Chair would abide by with equanimity. The Chair overrules the point of order."

Mr. LAGUARDIA respectfully appealed from the decision of the Chair.

Mrs. OWEN moved to lay the appeal on the table.

The question being put,

Will the House lay on the table the appeal from the decision of the Chair?

On a division there appeared—yeas 59, nays 185.

So, the House refused to lay on the table the appeal from the decision of the Chair.

The question being taken viva voce,

Shall the decision of the Chair stand as the judgment of the House?

It was decided in the negative.

So, the decision of the Chair does not stand as the judgment of the House.

So, the point of order was sustained.

UNITED STATES NAVAL HOSPITAL

Mr. BRITTEN, by direction of the Committee on Naval Affairs, and as a matter of privilege under clause 2, Rule XXIV, called up from the Speaker's table the bill (H. R. 9676) to authorize the Secretary of the Navy to proceed with certain public works at the United States naval hospital, Washington, D. C., with the following amendments of the Senate thereto:

Page 1, line 4, strike out "construct suitable buildings for hospital purposes" and insert *replace, remodel, or extend existing structures and to construct additional buildings with the utilities, accessories, and appurtenances pertaining thereto*; line 6, strike out "$1,500,000" and insert *$3,200,000*; line 7, strike out "$250,000" and insert *$100,000*.

Page 2, after line 4, insert:

Sec. 2. The Secretary of the Navy is hereby authoried to employ, when deemed by him desirable or advantageous, by contract or otherwise, outside professional or technical services of persons, firms, or corporations to such extent as he may require for the purposes of this act, without reference to the classification act of 1923, as amended, or to section 3709 of the Revised Statutes of the United States, in addition to employees otherwise authorized and expenditures for such purpose shall be made from the naval hospital fund.

Mr. STAFFORD made the point of order that since the Senate amendments involved a charge upon the Treasury they must be considered in the Committee of the Whole House on the state of the Union, and therefore were not privileged under clause 2, Rule XXIV.

After debate,

The SPEAKER overruled the point of order and said:

"The Chair will call the gentleman's attention to a decision by Mr. Speaker Randall, found in Hinds' Precedents, Volume IV, section 4797:

"'A Senate amendment which is a modification merely of a House proposition, like the increase or decrease of the amount of an appropriation, or a mere legislative proposition, and does not involve new and distinct expenditure, is not required to be considered in Committee of the Whole.'

"The Chair thinks that in this case exactly.

* * * * * * * *

"The Chair would think that language was rather restrictive than otherwise. The provision 'to construct suitable buildings for hospital purposes' is very broad authority, while the language inserted by the Senate is restrictive.

* * * * * * * *

"It would seem to the Chair that an authorization to construct suitable buildings for hospital purposes would necessarily include appurtenances to make the hospital useful.

* * * * * * * *

"The Chair thinks this comes under the decision made by Mr. Speaker Randall and therefore overrules the point of order."

On motion of Mr. BRITTEN, said Senate amendments were concurred in.

A motion by Mr. BRITTEN to reconsider the vote whereby said Senate amendments were concurred in was, on his motion and by unanimous consent, laid on the table.

Ordered, That the Clerk notify the Senate thereof.

RETIREMENT OF EMPLOYEES OF PANAMA

Mr. DENISON moved to suspend the rules and pass the bill (H. R. 15865) for the retirement of employees of the Panama Canal and the Panama Railroad Co. on the Isthmus of Panama who are citizens of the United States, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all employees of the Panama Canal on the Isthmus of Panama, and all employees of the Panama Railroad Co. on the Isthmus of Panama, who are citizens of the United States and whose tenure of employment is not intermittent nor of uncertain duration, shall come within the provisions of this act.

AUTOMATIC SEPARATION

SEC. 2. All employees to whom this act applies shall, after reaching the age of 62 years and having rendered at least 15 years of service on the Isthmus of Panama, be automatically separated from the service and retired on the annuity provided for herein; and all salary, pay, or compensation shall cease from that date: *Provided,* That if the Governor of the Panama Canal certifies to the Civil Service Commission that by reason of his efficiency and willingness to remain in the service, the continuance of such employee therein would be advantageous to the service, such employee may be retained for a term not exceeding two years, upon the approval and certification by the Civil Service Commission, and, at the end of the 2-year term, by similar approval and certification, be continued for an additional term not exceeding two years: *Provided, however,* That no employee shall be continued in the service beyond the age of retirement for more than four years, except that where the Governor of the Panama Canal certifies, and the Civil Service Commission agrees, that by reason of expert knowledge and special qualifications the continuance of

the employee would be advantageous to the service, further extensions of two years may be granted.

All employees to whom this act applies who would be eligible for retirement from the service upon attaining the age of 62 years shall, after attaining the age of 60 years and having rendered at least 30 years' service, computed as provided in section 7 of this act, be eligible for retirement on an annuity as provided in section 6 of this act. Retirement under the provisions of this paragraph shall be at the option of the employee, but if such option is not exercised prior to the date upon which the employee would otherwise be eligible for retirement from the service, the provisions of this act with respect to automatic separation from the service shall apply.

VOLUNTARY RETIREMENT

SEC. 3. (a) Any employee to whom this act applies who shall have attained the age of 55 and rendered at least 25 years of service, of which not less than 15 years shall have been rendered on the Isthmus of Panama, may voluntarily retire on an annuity equivalent in value to the present worth of a deferred annuity beginning at the age at which the employee would otherwise have become eligible for retirement, computed as provided in section 6 of this act, the present worth of said deferred annuity to be determined on the basis of the American Experience Table of Mortality and an interest rate of 4 per cent compounded annually.

(b) Any employee to whom this act applies may voluntarily retire on an annuity computed as provided in section 6, who shall have attained the age of 55 and rendered at least 30 years of service on the Isthmus of Panama (inclusive of absences while in the service of the United States during the World War), of which not less than three years shall have been in the employment of the Isthmian Canal Commission or the Panama Railroad Co. between May 4, 1904, and April 1, 1914.

DISABILITY RETIREMENT—MEDICAL EXAMINATIONS REQUIRED

SEC. 4. (a) Any employee to whom this act applies who shall have attained the age of 55 years and shall have rendered at least 15 years of service on the Isthmus of Panama, and who shall have become physically or mentally disqualified to perform satisfactorily and efficiently the duties of his position or of any other position of approximately equal compensation to which he might be assigned, because of the strenuous or hazardous nature of such position, shall, upon the request or order of the Governor of the Panama Canal, be retired on an annuity computed in accordance with the provisions of section 6 hereof: *Provided*, That no such employees shall be so retired except after an examination and finding as to his mental or physical disqualifications as hereinafter provided.

(b) Any employee to whom this act applies who shall have served for a total period of not less than five years, and who, before becoming eligible for retirement under the conditions defined in section 2 hereof, shall have become totally disabled for useful and efficient service in the grade or class of position occupied by the employee, by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on the part of the employee, shall upon his own application or upon request or order of the Governor of the Panama Canal, be retired on an annuity computed in accordance with the provisions of section 6 hereof.

No claim shall be allowed under the provisions of this section unless the application for retirement shall have been executed prior to the applicant's separation from the service or within six months thereafter. No employee shall be retired under the provisions of this section unless he or she shall have been examined by a medical officer of the United States, or a duly qualified physician or surgeon or board of physicians or surgeons, designated by the Commissioner of Pensions for that purpose, and found to be disabled in the degree and in the manner specified herein.

Every annuitant retired under the provisions of this section, unless the disability for which he was retired be permanent in character, shall at the expiration of one year from the date of such retirement and annually thereafter, until reaching retirement age as defined in section 2 hereof, be examined under the direction of the Commissioner of Pensions by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons designated by the Commissioner of Pensions for that purpose, in order to determine the nature and degree of the annuitant's disability, if any. If an annuitant shall recover before reaching the age at which he would otherwise have become eligible for retirement and be restored to an earning capacity which would permit him to be appointed to some appropriate position fairly comparable in compensation to the position occupied at the time of retirement, payment of the annuity shall be continued temporarily to afford the annuitant opportunity to seek such available position, but not in any case exceeding 90 days from the date of the medical examination showing such recovery.

If the annuitant shall fail to obtain reemployment through no fault of his own within the 90-day period in any position included in the provisions of this act, he shall be considered as involuntarily separated from the service as of the date he shall have been retired for disability, and if otherwise eligible, entitled to an annuity under section 5 of this act to begin at the close of said 90-day period based on the service rendered prior to his retirement for disability.

The Commissioner of Pensions may order or direct at any time such medical or other examination as he shall deem necessary to determine the facts relative to the nature and degree of disability of any eemployee retired on an annuity under this section. Should an annuitant fail to appear for any examination required under this section, payment of the annuity shall be suspended until the requirements shall have been met.

In all cases where the annuity is discontinued under the provisions of this section before the annuitant has received a sum equal to the amount credited to his individual account as provided in section 11 (a) hereof, together with interest at 4 per cent per annum compounded on June 30 of each year, the difference, unless he shall become reemployed in a position within the purview of this act, shall be paid to the retired employee, as provided in section 11 (b) hereof, upon application therefor in such form and manner as the Commissioner of Pensions may direct. In case of reemployment in a position within the purview of this act the amount so refunded shall be redeposited as provided in section 11 (b) hereof.

No person shall be entitled to receive an annuity under the provisions of this act, and compensation under the provisions of the act of September 7, 1916, entitled "An act to provide compensation for employees of the United States suffering injuries while in the performance of their duties, and for other purposes," or such act as amended, covering the same period of time; but this provision shall not be so construed as to bar the right of any claimant to the greater benefit conferred by either act for any part of the same period of time.

Fees for examinations made under the provisions of this section by physicians or surgeons who are not medical officers of the United States shall be fixed by the Commissioner of Pensions, and such fees, together with the employee's reasonable traveling and other expenses incurred in order to submit to such examinations, shall be paid out of the appropriations for the cost of administering this act.

INVOLUNTARY SEPARATION FROM THE SERVICE

SEC. 5. Should any employee 55 years of age or over to whom this act applies, after having served for a total period of not less than 15 years and before becoming eligible for retirement under the conditions defined in section 2 hereof, become involuntarily separated from the service, not by removal for cause on charges of misconduct or delinquency, such employee shall be paid as he may elect, either—

(a) The amount of the deductions from his basic salary, pay, or compensation, including accrued interest thereon computed as prescribed in section 11 (b) hereof;

(b) An immediate life annuity beginning at the date of separation from the service, having a value equal to the present worth of a deferred annuity beginning at the age

at which the employee would otherwise have become eligible for retirement, computed as provided in section 6 of this act, the present worth of said deferred annuity to be determined on the basis of the American Experience Table of Mortality and an interest rate of 4 per cent, compounded annually; or

(c) A deferred annuity beginning at the age at which the employee would otherwise become eligible for retirement computed as provided in section 6 of this act.

Any employee who has served for a period of not less than 15 years, and who is 45 years of age, or over, and less than 55 years, and who becomes separated from the service under the conditions set forth in this section shall be entitled to a deferred annuity, but such employee may, upon reaching the age of 55 years, elect to receive an immediate annuity as provided in paragraph (b) of this section.

Should an annuitant under the provisions of this section be reemployed in any position included in the provisions of this act, payment of annuity shall not be allowed covering the period of such reemployment, and an annuity based upon involuntary separation shall not be allowed upon subsequent separation from the service unless such subsequent separation shall be involuntary.

METHOD OF COMPUTING ANNUITIES

SEC. 6. The annuity of an employee retired under the provisions of this act shall be composed of—

(1) A sum equal to $37.50 multiplied by the number of years of service, not to exceed 30 years, rendered (a) on the Isthmus of Panama, or (b) in the military or naval service of the United States in the Tropics; and

(2) The annuity purchasable with the sum to the credit of the employee's individual account, including accrued interest thereon computed as prescribed in section 11 (a) hereof, according to the experience of the Canal Zone retirement and disability fund as may from time to time be set forth in tables of annuity values by the board of actuaries; and

(3) Thirty dollars multiplied by the number of years of service rendered and not allowable under paragraph (1) hereof: *Provided*, That the number of years of service to be used in computing the allowance under paragraph (3) shall not exceed the difference between 30 and the number of allowable years of service under paragraph (1); and

(4) Thirty-six dollars multiplied by the number of years of service rendered on the Isthmus of Panama, either in the employ of the Isthmian Canal Commission or the Panama Railroad Co., between May 4, 1904, and April 1, 1914.

In no case, however, shall the total annuity paid exclusive of that provided in paragraph (4) hereof, be less than an amount equal to the sum of—

The average annual basic salary, pay, or compensation, not to exceed $2,000 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of service used in computing the annuity under paragraph (1) hereof, and divided by 40; and the average annual basic salary, pay, or compensation, not to exceed $1,600 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of service used in computing the annuity under paragraph (3) hereof, and divided by 40: *Provided*, That the annuity paid a retiring employee of the Panama Railroad Co. in such service on June 30, 1931, shall be an amount equal to 2 per centum of the average annual basic salary, pay, or compensation, not to exceed $5,000 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of allowable service rendered prior to July 1, 1931; plus the amount to which the employee is entitled under the provisions of this section, exclusive of paragraph (4), for service rendered subsequent to June 30, 1931: *Provided, however*, That the sum to be used in computing the annuity purchasable under paragraph (2) of this section shall include only contributions made subsequent to June 30, 1931: *And provided further*, That the number of years of service to be used in computing the annuity under paragraphs (1) and (3) of this section shall not exceed the difference between 30 and the number of years of allowable service rendered prior to July 1, 1931.

The annuity granted under paragraphs (1), (3), and (4) of this section shall not exceed three-fourths of the average annual basic salary, pay, or compensation received by the employee during any five consecutive years of allowable service at the option of the employee.

Any employee at the time of his retirement may elect to receive, in lieu of the life annuity herein described, an increased annuity of equivalent value which shall carry with it a proviso that no unexpended part of the principal upon the annuitant's death shall be returned. For the purposes of this act all periods of service shall be computed in accordance with section 7 hereof, and the annuity shall be fixed at the nearest multiple of 12.

The term "basic salary, pay, or compensation," wherever used in this act, shall be so construed as to exclude from the operation of the act all bonuses, allowances, overtime pay, or salary, pay, or compensation given in addition to the base pay of the position as fixed by law or regulation.

COMPUTATION OF ACCREDITED SERVICE

SEC. 7. Subject to the provisions of sections 8 hereof, the service which shall form the basis for calculating the amount of any benefit provided in this act shall be computed from the date of original employment, whether as a classified or an unclassified employee, in the civil service of the United States or under the municipal government of the District of Columbia, including periods of service at different times and in one or more departments, branches, or independent offices of the Government, and service on the Isthmus of Panama with the Isthmian Canal Commission, the Panama Canal, or the Panama Railroad Co.; also periods of service performed overseas under authority of the United States and periods of honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States. In the case of an employee, however, who is eligible for and elects to receive a pension under any law, or retired pay on account of military or naval service, or compensation under the war risk insurance act, the period of his military or naval service upon which such pension, retired pay, or compensation is based shall not be included, but nothing in this act shall be so construed as to affect in any manner his right to a pension, or to retired pay, or to compensation under the war risk insurance act in addition to the annuity herein provided.

In computing length of service for the purposes of this act all periods of separation from the service, and so much of any leaves of absence without pay as may exceed six months in the aggregate in any calendar year, shall be excluded.

In determining the total periods of service upon which the allowances are to be computed under section 6 hereof, the fractional part of a month, if any, shall be eliminated from each respective total period.

CREDIT FOR PAST SERVICE

SEC. 8. All employees coming within the provisions of this act after the effective date thereof shall be required to deposit with the Treasurer of the United States to the credit of the Canal Zone retirement and disability fund referred to in section 9 hereof, under rules to be prescribed by the Commissioner of Pensions, a sum equal to 2½ per cent of the employee's basic salary, pay, or compensation received for services rendered after July 31, 1920, and prior to July 1, 1926, and also 3½ per cent of the basic salary, pay, or compensation for services rendered subsequent to June 30, 1926, together with interest computed at the rate of 4 per cent per annum compounded on the last day of each fiscal year, but such interest shall not be included for any period during which the employee was separated from the service. Upon making such deposit the employee shall be entitled to credit for the period or periods of service involved: *Provided*, That no such deposit shall be required on account of services rendered for the Panama Railroad Co. prior to January 1, 1924: *Provided further*, That failure to make such deposit shall not deprive the employee of credit for any past service for which no deposit is required under the provisions of this section.

DEDUCTIONS

SEC. 9. Beginning July 1, 1931, there shall be deducted and withheld from the basic salary, pay, or compensation of each employee to whom this act applies a sum equal to 5 per centum of such employee's basic salary, pay, or compensation. The amounts so deducted and withheld from the basic salary, pay, or compensation of each employee shall be deposited with the Treasurer of the United States to the credit of a special fund to be known as the Canal Zone retirement and disability fund, in accordance with the procedure now or hereafter prescribed for covering into the United States Treasury the deductions from salaries under the civil service retirement act of May 22, 1920, as amended, and said fund is hereby appropriated for the payment of the annuities, refunds, and allowances as provided in this act. The Commissioner of Pensions is hereby authorized and directed to ascertain the amount, including accrued interest, due employees of the Panama Canal coming within the purview of this act from the civil service retirement and disability fund created by the act of May 22, 1920, and to certify same to the Secretary of the Treasury, who is hereby authorized and directed to transfer such amount on the books of the Treasury Department to the Canal Zone retirement and disability fund.

The board of directors of the Panama Railroad Co. shall cause to be transferred to the Secretary of the Treasury, for credit to the Canal Zone retirement and disability fund, the gross assets in the Panama Railroad pension fund at the close of business on June 30, 1931, applying to employees included within the provisions of this act, subject to the assumption of the liabilities of that fund as of the close of business on June 30, 1931, by the Canal Zone retirement and disability fund.

Every employee coming within the provisions of this act shall be deemed to consent and agree to the deductions from salary, pay, or compensation as provided herein, and payment less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all regular services rendered by such employee during the period covered by such payment, except the right to the benefits to which he shall be entitled under the provisions of this act, notwithstanding the provisions of any other law, rule, or regulation affecting the salary, pay, or compensation of any person or persons to whom this act applies.

INVESTMENTS AND ACCOUNTS

SEC. 10. The Secretary of the Treasury shall invest from time to time in interest-bearing securities of the United States or in Federal farm-loan bonds such portions of the Canal Zone retirement and disability fund as in his judgment may not be immediately required for the payment of the annuities, refunds, and allowances herein authorized, and the income derived from such investments shall constitute a part of such fund.

RETURN OF AMOUNTS DEDUCTED FROM SALARIES

SEC. 11. (a) Under such regulations as may be prescribed by the Civil Service Commission, the amounts deducted and withheld from the basic salary, pay, or compensation of each employee for credit to the civil service retirement and disability fund or the Panama Railroad pension fund, covering service rendered prior to the effective date of this act, shall be credited to an individual account of such employee to be maintained by the Panama Canal, and the amounts deducted and withheld from the basic salary, pay, or compensation of each employee for credit to the Canal Zone retirement and disability fund, covering service from and after the effective date of this act, less the sum of $1 per month or major fraction thereof, shall similarly be credited to such individual account.

(b) In the case of any employee to whom this act applies who shall be transferred to a position not within the purview of the act, or who shall become absolutely separated from the service before becoming eligible for retirement on annuity, the amount credited to his individual account shall be returned to such employee, together with interest at 4 per cent per annum, compounded on June 30 of each year: *Provided,* That when any employee becomes involuntarily separated from the service, not by removal for cause on charges of misconduct or delinquency, the total amount of his deductions with interest thereon shall be paid to such employee: *And provided further,* That all moneys so returned to an employee must, upon reinstatement, retransfer, or reappointment to a position coming within the purview of this act, be redeposited with interest before such employee may derive any benefits under this act, except as provided in this section, but interest shall not be required covering any period of separation from the service.

(c) In case an annuitant shall die without having received in annuities purchased by the employee's contributions as provided in (2) of section 6 hereof an amount equal to the total amount to his credit at time of retirement, the amount remaining to his credit shall be paid in one sum to his legal representatives upon the establishment of a valid claim therefor, unless the annuitant shall have elected to receive an increased annuity as provided in section 6 hereof.

(d) In case an employee shall die without having attained eligibility for retirement or without having established a valid claim for annuity, the total amount of his deductions, with interest thereon, shall be paid to the legal representatives of such employee.

(e) In case a former employee entitled to the return of the amount credited to his individual account shall become legally incompetent, the total amount due may be paid to a duly appointed guardian or committee of such employee.

(f) If the amount of accrued annuity or of refund due a former employee who is legally incompetent does not exceed $1,000, and if there has been no demand upon the Commissioner of Pensions by a duly appointed executor, administrator, guardian, or committee, payment may be made, after the expiration of 30 days from date of death or of separation from the service, as the case may be, to such person or persons as may appear in the judgment of the Commissioner of Pensions to be legally entitled thereto, and such payment shall be a bar to recovery by any other person.

PAYMENT OF ANNUITIES

SEC. 12. Annuities granted under the terms of this act shall be due and payable in monthly installments on the first business day of the month following the month or other period for which the annuity shall have accrued; and payment of all annuities, refunds, and allowances granted hereunder shall be made by checks drawn and issued by the disbursing clerk for the payment of pensions in such form and manner and with such safeguards as shall be prescribed by the Administrator of Veterans' Affairs in accordance with the laws, rules, and regulations governing accounting that may be found applicable to such payments.

Applications for annuity shall be in such form as the Commissioner of Pensions may prescribe, and shall be supported by such certificates from the heads of departments, branches, or independent offices of the Government or the Panama Railroad Co. in which the applicant has been employed as may be necessary to the determination of the rights of the applicant. Upon receipt of satisfactory evidence the Commissioner of Pensions shall forthwith adjudicate the claim of the applicant, and if title to annuity be established, a proper certificate shall be issued to the annuitant under the seal of the Veterans' Administration.

Annuities granted under the provisions of sections 2 and 3 of this act shall commence from the date of separation from the service and shall continue during the life of the annuitant. Annuities granted under the provisions of sections 4 and 5 hereof shall be subject to the limitations specified in said sections.

BENEFITS EXTENDED TO THOSE ALREADY RETIRED

SEC. 13. In the case of those employees of the Panama Canal or the Panama Railroad Co. who before the effective date of this act shall have been retired on annuity under the provisions of the act of May 22, 1920, or said act as amended, or as extended by Executive orders, or under the provisions of the Panama Railroad pension plan, the annuity shall be computed, adjusted, and paid under the provisions of this act, but this act shall not be so construed as to reduce the annuity of any person retired before its effective date, nor shall any increase in annuity commence before such effective date.

All those who were separated from the service of either the Panama Canal or the Panama Railroad Co. on the Isthmus of Panama subsequent to August 1, 1920, and before the effective date of this act, not by removal for cause on charges of misconduct or delinquency, without having been granted retirement annuities due to the fact that all of their service which would be allowable under the provisions of this act was not counted in arriving at their total service, and who are otherwise eligible by having made the necessary contributions to the retirement and disability funds as herein provided, shall, from the effective date of this act, be paid annuities in accordance with the provisions of this act.

BOARD OF ACTUARIES

SEC. 14. The board of actuaries selected by the Commissioner of Pensions under the provisions of section 16 of the act of July 3, 1926, shall make a valuation of the Canal Zone retirement and disability fund at intervals of five years, or oftener if deemed necessary by the Commissioner of Pensions.

ADMINISTRATION

SEC. 15. For the purpose of administration, except as otherwise provided herein, the Commissioner of Pensions, under the direction of the Administrator of Veterans' Affairs, is hereby authorized and directed to perform, or cause to be performed, any and all acts and to make such rules and regulations as may be necessary and proper for the purpose of carrying the provisions of this act into full force and effect. PRESIDENTIAL VETOES

The SPEAKER laid before the House a message from the President, which was read, as follows:

To the House of Representatives:

I am returning without approval House bill No. 3368, entitled "An act for the relief of Joseph Marko."

This bill proposes to provide that Joseph Marko, who was honorably discharged as a private, Battery E, Three hundred and tenth Field Artillery, on the 6th day of December, 1918, on account of being a neutral alien nondeclarant of Russia, shall, upon application within six months after the passage of this act, be entitled to all the rights, privileges, and benefits of the World War adjusted compensation act, notwithstanding his discharge on account of alienage.

From the report of the Secretary of War to the Committee on Military Affairs, House of Representatives, at the time this bill was pending before it, I note that Mr. Marko was honorably discharged from the service on December 6, 1918, pursuant to the telegram dated November 14, 1918, from the War Department directing that "neutral alien nondeclarants will be discharged upon their own request. For the purpose of these instructions Russia will be considered neutral."

I further note that there were thousands of men who were discharged under like conditions, and that there is no special or peculiar merit in Mr. Marko's case which would single him out for relief that is not extended to all others in the same class. As long as Congress deems it wise to exclude from the benefits of the World War adjusted compensation act all persons who, at any time during the war period or thereafter, were discharged from the military or naval forces on account of alienage, I do not feel that it would be just or proper for me to approve a bill selecting a particular individual for exception from that general provision.

HERBERT HOOVER.

THE WHITE HOUSE, *February 23, 1931.*

On motion of Mr. JAMES of Michigan, the message, together with the accompanying papers, was referred to the Committee on Military Affairs and ordered to be printed.

—

The SPEAKER laid before the House a message from the President, which was read, as follows:

To the House of Representatives:

I am returning without approval House bill 6997, entitled "An act to confer to certain persons who served in the Quartermaster Corps or under the jurisdiction of the quartermaster general during the war with Spain, the Philippine insurrection, or the China relief expedition the benefits of hospitalization and the privileges of the Soldiers' Homes."

This bill proposes to open the doors of the hospitals and homes under the jurisdiction of the Veterans' Administration, which have been constructed from funds authorized by the Congress for the care and treatment of disabled exmembers of the military and naval forces of the United States, to a group of civilians employed by the Quartermaster Corps during the war with Spain, the Philippine insurrection, and the China relief expedition. It is thus a departure from the policy of the Government with respect to the extension of such privileges.

It would commit the Government to a policy which, if once embarked upon, could not justifiably be restricted to this selected group of civilians who served during the three periods of hostility mentioned. In every war the Government is obliged to avail itself of the assistance of many who are not a part of the enlisted, enrolled, or commissioned personnel of the Army and Navy, but who perform their duties under contracts providing, we must assume, for their proper compensation, inasmuch as they are entirely voluntary and terminable at the will of the employee. Their services under such contracts, no matter how effective or valiant, have never been regarded as giving them the same claim upon the bounty of the Government as those who entered the military or naval service and were subject to military law and to the rigors and hazards of war until the restoration of peace or disability or death released them. The Committee on Pensions, House of Representatives, was probably impressed by this thought when they amended the bill originally to eliminate the provision for a pension for this group.

I do not think we may lose sight of the fact that during the World War there were thousands of civilians engaged in occupations necessary to the carrying on of the combat forces who might argue as consistently as this group that they are entitled to consideration and hospitalization at the hands of the Federal Government. We quickly recall the arduous service performed by the many civilians who served with the troops overseas during the World War, to say nothing of those who served in cantonments and ports of embarkation and debarkation in the United States. Some were in the employ of the Government and others were not but they worked in a common cause and it would be hard to draw the line between them.

I am advised by the Administrator of Veterans' Affairs that it has not been possible to estimate the number who would become eligible for admission to hospitals and homes should this bill be approved but that the Secretary of the Interior has furnished figures indicating that there were approximately 14,000 who had such service as would bring them within the provisions of this bill, approximately 7,000 of whom are now living.

From the legislative history, I note that no consideration was given to this bill by the Committee on World War Veterans' Legislation, House of Representatives; the Committee on Finance of the Senate; or the Committee on Military Affairs of either House. These committees, under the rules, handle all legislation providing for the construction of additional hospital and domiciliary facilities for beneficiaries under the laws administered by the Veterans' Administration. They now have before them for action several bills which propose to authorize millions of dollars for additional construction for ex-service men who are already within the purview of the provisions of law relating to hospital and domiciliary care, but for whom facilities are not available. I am informed that there are now on the waiting list 2,440 veterans who are in immediate need of hospitalization and 7,417 who are in need of treatment but whose necessities may be characterized as less urgent. Certainly this bill should not be approved before the number of persons who might be eligible under it has been considered in relation to the present hospital-construction program.

For these reasons I do not feel that I can approve this legislation.

HERBERT HOOVER.

THE WHITE HOUSE, *February 23, 1931.*

On motion of Mr. KOPP, the message, together with the accompanying papers, was referred to the Committee on Pensions and ordered to be printed.

Whereupon,

On motion of Mr. GIFFORD, by unanimous consent, the Committee on Election of President, Vice President, and Representatives in Congress was discharged from the further consideration of the joint resolution of the Senate (S. Res. 3) proposing an amendment to the Constitution of the United States fixing the commencement of the terms of President and Vice President and Members of Congress and fixing the time of the assembling of Congress.

When said resolution was considered and read twice.

Mr. GIFFORD submitted the following amendment, which was agreed to:

Strike out all after the resolving clause and insert:

That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as part of the Constitution when ratified by the legislatures of three-fourths of the several States:

"Article —

"Section 1. The terms of the President and Vice President shall end at noon on the 24th day of January, and the terms of Senators and Representatives at noon on the 4th day of January, of the years in which such terms would have ended if this article had not been ratified; and the terms of their successors shall then begin.

"Sec. 2. The Congress shall assemble at least once in every year. In each odd-numbered year such meeting shall be on the 4th day of January unless they shall by law appoint a different day. In each even-numbered year such meeting shall be on the 4th day of January, and the session shall not continue after noon on the 4th day of May.

"Sec. 3. If the President elect dies, then the Vice President elect shall become President. If a President is not chosen before the time fixed for the beginning of his term, or if the President elect fails to qualify, then the Vice President elect shall act as President until a President has qualified; and the Congress may by law provide for the case where neither a President elect nor a Vice President elect has qualified, declaring who shall then act as President, or the manner in which a qualified person shall be selected, and such person shall act accordingly until a President or Vice President has qualified.

"Sec. 4. The Congress may by law provide for the case of the death of any of the persons from whom the House of Representatives may choose a President whenever the right of choice devolves upon them, and for the case of the death of any of the persons from whom the Senate may choose a Vice President whenever the right of choice devolves upon them.

"Sec. 5. Sections 1 and 2 shall take effect on the 30th day of November of the year following the year in which this article is ratified.

"Sec. 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the States within seven years from the date of the submission hereof to the States by the Congress, and the act of ratification shall be by legislatures, the entire membership of at least one branch of which shall have been elected subsequent to such date of submission."

The joint resolution, as amended, was ordered to be read a third time, and was read a third time by title.

PRESIDENTIAL VETO

The SPEAKER laid before the House the message from the President, which was read, as follows:

To the House of Representatives:

I return herewith without my approval H. R. 13584, an act to amend an act approved May 14, 1926 (44 Stat. 555), entitled "An act authorizing the Chippewa Indians of Minnesota to submit claims to the Court of Claims."

The act of May 14, 1926, authorized the Chippewa Indians of Minnesota to submit to the United States Court of Claims for adjudication any legal and equitable claims which they may have against the United States arising under or growing out of the act of January 14, 1889, or any subsequent act of Congress, in relation to the affairs of these Indians.

This bill would amend that act of May 14, 1926, by adding to section 1 the following language:

"In any such suit or suits the plaintiff, the Chippewa Indians of Minnesota, shall be considered as including and representing all those entitled to share in either the interest or in the final distribution of the permanent fund provided for by section 7 of the act of January 14, 1889 (25 Stat. L. 642), and the agreements entered into thereunder. That nothing herein shall be construed to affect the powers of the Secretary of the Interior to determine the roll of the Chippewa Indians of Minnesota for the purpose of making the final distribution of the permanent Chippewa fund. This act shall apply to any and all suit or suits brought under said act of May 14, 1926, whether now pending or hereafter commenced."

A number of suits have been filed by these Indians and are now pending in the Court of Claims.

The act of January 14, 1889, was entitled "An act for the relief and civilization of the Chippewa Indians in the State of Minnesota." These Indians were tribal Indians under the guardianship of the United States living upon their reservations as tribal lands comprising approximately 4,700,000 acres. Pursuant to that act of 1889, these tribal lands, except portions thereof needed for allotments to these Indians, were ceded to the United States to be sold and the net proceeds thereof to be held in the United States Treasury for 50 years, to bear interest at the rate of 5 per cent to be expended for the benefit of the Indians. Three-fourths of the interest was to be paid annually to the Indians in equal shares per capita and one-fourth to be devoted to the establishment and maintenance of free schools for these Indians, and the act further provided that at the expiration of said 50 years the said permanent fund shall be divided and paid to all of said Chippewa Indians and their issue then living, in cash, in equal shares.

Many of these Indians since 1889 have severed all of their tribal relations and are scattered in various sections of the country, but the Chippewa Tribe still exists in the White Earth and Red Lake Reservations under the guardianship of the United States, which is continuing to maintain free schools for their civilization.

Quite a number of these Indians who had severed their tribal relations continued to receive their distributive share of the interest fund until 1927, when the Solicitor of the Interior Department held that the fund established from the sale of these lands was a tribal fund administered by the United States for the benefit of the tribe which had not been dissolved but was recognized by Congress, and that therefore the right to share in the interest annuities depended upon existing tribal membership. Accordingly, such Indians who had severed their tribal relations were stricken from the roll by the Secretary of the Interior and no longer entitled to participation in the interest annuities.

Several of these Indians, in the case of Wilbur against The United States, petitioned for a writ of mandamus commanding the Secretary of the Interior to restore them to the rolls of the Chippewa Indians and to pay to each of them their per capita share of these interest annuities and of all future distributions of interest and principal from the fund created under the act of 1889. The Supreme Court of the United States denied this writ of mandamus, holding that the Secretary of the Interior had administrative jurisdiction to make such a decision, which was not contrary to the provisions of the act of 1889, whose purpose was to accomplish a gradual rather than an immediate transition from the tribal relation and independent wardship to full emancipation and individual responsibility. The Supreme Court also said in this case, which was decided in April, 1930, that the time fixed for the final distribution of the fund is as yet so remote that no one is now in a position to ask special relief or direction respecting that distribution.

It thus appears that it is unnecessary to amend the act of May 14, 1926, to bring in as parties plaintiff those Indians who have severed their tribal relations, as their claim for a distributive share of this interest fund has been adjudicated by the decision of the Supreme Court in the above case, Wilbur against The United States, known as the Kadrie case.

Neither is it necessary to amend the act of May 14, 1926, for the purpose of compelling restoration by the United States to the interest fund of amounts that may have been heretofore erroneously distributed to Indians who had severed their tribal relations. Obviously the plaintiffs in such an action would be only those who had not severed their tribal relations and were still entitled to their distributive share of this interest fund.

The Supreme Court of the United States has said that the Secretary of the Interior had administrative jurisdiction to determine the rights of these Indians to that interest fund and that his decision was not contrary to the provisions of the act of 1889. I am not in favor of legislation designed to have the courts again review that decision and assume such administrative jurisdiction.

HERBERT HOOVER.

THE WHITE HOUSE, *February 24, 1931.*

On motion of Mr. LEAVITT, the message, together with the accompanying papers, was referred to the Committee on Indian Affairs and ordered to be printed.

PRESIDENTIAL VETO

The SPEAKER laid before the House the message from the President, which was read, as follows:

To the House of Representatives:

I return herewith, without my approval, H. R. 17054, "An act to increase the loan basis of adjusted-service certificates."

In order that it may be clearly understood, I may review that the adjusted compensation act (bonus bill) passed on May 19, 1924, awarded to 3,498,000 veterans approximately $1,365,000,000 further compensation for war service. To this sum was added 25 per cent, said to be consideration for deferring the payment until about 1945, the whole bearing 4 per cent compound interest. Immediate payment to dependents upon death was included, thus creating an endowment insurance policy represented by a certificate to each veteran showing the sum payable at the end of the period—the "face value." The total "face value" of the outstanding certificates to-day after paying the sums due of less than $50 and payments in full to dependents is $3,426,000,000, held by 3,397,000 veterans, or an average of about $1,000 each.

The burden upon the country was to be an amount each year sufficient as a yearly premium to provide for the payment of the "face value" of these certificates in about 1945, and to date has involved an appropriation averaging $112,000,000 per annum. The accumulation of these appropriations is represented by Government obligations deposited in a reserve fund, which fund now amounts to about $750,000,000. A loan basis to certificate holders was established equal to 90 per cent of the reserve value of the certificates, such loans now in the sixth year being authorized to 22½ per cent of the "face value."

When the bonus act was passed it was upon the explicit understanding of the Congress that the matter was closed and the Government would not be called upon to make subsequent enlargements. It is now proposed to enlarge the loan rate to 50 per cent of the "face value," at a low rate of interest, thus imposing a potential cash outlay upon the Government of about $1,700,000,000, if all veterans apply for loans, less about $330,000,000 already loaned. According to the Administrator of Veterans' Affairs the probable number who will avail themselves of the privilege under this bill will require approximately $1,000,000,000. There not being a penny in the Treasury to meet such a demand, the Government must borrow this sum through the sale of the reserve fund securities together with further issues or we must need impose further taxation.

The sole appeal made for the reopening of the bonus act is the claim that funds from the National Treasury should be provided to veterans in distress as the result of the drought and business depression. There are veterans unemployed and in need to-day in common with many others of our people. These, like the others, are being provided the basic necessities of life by the devoted committees in those parts of the country affected by the depression or drought. The governments and many employers are giving preference to veterans in employment. Their welfare is and should be a matter of concern to our people. Inquiry indicates that such care is being given throughout the country, and it also indicates that the number of veterans in need of such relief is a minor percentage of the whole.

The utility of this legislation as relief to those in distress is far less than has been disclosed. The popular assumption has been that as the certificates average $1,000 then each veteran can obtain $500 by way of a loan. But this is only an average, and more than one-half will receive less than this amount. In fact, over 800,000 men will be able to borrow less than $200, and of these over 200,000 will be able to borrow only an average of $75. Furthermore, there are 100,000 veterans whose certificates have been issued recently who under the proposed law will have no loan privilege until their certificates are 2 years old. It is therefore urgent in any event that local committees continue relief to veterans, but this legislation would lead such local committees and employers to assume that these veterans have been provided for by the Federal Treasury, and thereby threatens them with greater hardships than before.

The breach of fundamental principle in this proposal is the requirement of the Federal Government to provide an enormous sum of money to a vast majority who are able to care for themselves and who are caring for themselves.

Among those who would receive the proposed benefits are included 387,000 veterans and 400,000 dependents, who are already receiving some degree of allowance or support from the Federal Government. But in addition to these, it provides equal benefits for scores of thousands of others who are in the income-tax paying class, and for scores of thousands who are holding secure positions in the Federal, State, and local governments and in every profession and industry. I know that most of these men do not seek these privileges; they have no desire to be presented to the American people as benefiting by a burden put upon the whole people; and I have many manifestations from veterans on whom the times are bearing hardly that they do not want to be represented to our people as a group substituting special privilege for the idealism and patriotism they have rejoiced in offering to their country through their service.

It is suggested, as a reason for making these provisions applicable to all veterans, that we should not make public distinction between veterans in need and the others who comprise the vast majority lest we characterize those deserving help as a pauper class. On the contrary, veterans in need are and should be a preferred class, that a grateful country would be proud to honor with its support. Adoption of the principle of aid to the rich or to those able to support themselves in itself sets up a group of special privilege among our citizens.

The principle that the Nation should give generous care to those veterans who are ill, disabled, in need or in distress, even though these disabilities do not arise from the war, has been fully accepted by the Nation. Pensions or allowances have been provided for the dependents of those who lost their lives in the war; allowances have been provided to those who suffered disabilities from the war; additional allowances were passed at the last session of Congress to all the veterans whose earning power at any time may be permanently impaired by injury or illness; free hospitalization is available not only to those suffering from the results of war but to large numbers of temporarily ill. Together with war-risk insurance and the adjusted compensation, these services now total an annual expenditure of approximately $600,000,000 and under existing laws will increase to $800,000,000 per annum in a very few years for World War veterans alone. A total of five thousand millions of dollars has been expended upon such services since the war.

Our country has thus shown its sense of obligation and generosity, and its readiness at all times to aid those of its veterans in need. I have the utmost confidence that our service men would be amongst the first to oppose a policy of Government assistance to veterans who have property and means to support themselves, for service men are as devoted to the welfare of our country in peace as in war and as clearly foresee the future dangers of embarking on such a policy. It could but create resentment which would ultimately react against those who should be given care.

It is argued that the distribution of the hundreds of millions of dollars proposed by this bill would stimulate business generally. We can not further the restoration of prosperity by borrowing from some of our people, pledging the credit of all of the people to loan to some of our people who are not in need of the money. If the exercise of these rights were limited to expenditure upon necessities only, there would be no stimulation to business. The theory of stimulation is based upon the anticipation of wasteful expenditure. It can be of no assistance in the return of real prosperity. If this argument of proponents is correct, we should make Government loans to the whole people.

It is represented that this measure merely provides loans against a future obligation and that, therefore, it will cost the American people nothing. That is an incomplete statement. A cost at once arises to the people when instead of proceeding by annual appropriation the Government is forced to secure a huge sum by borrowing or otherwise, especially in the circumstances of to-day when we are compelled in the midst of depression to make other large borrowings to cover deficits and refunding operations. An increased rate of interest which the Government must pay upon all long-term issues is inevitable. It imposes an additional burden of interest on the people which will extend through the whole term of such loans. Some cost arises to the people through the tendency to increase the interest rates which every State and municipality must pay in their borrowing for public works and improvements, as well as the rate which industry and business must pay. There is a cost to some one through the retardation of the speed of recovery of employment when Government borrowings divert the savings of the people from their use by constructive industry and commerce. It imposes a great charge upon the individual who loses such increased employment or continues unemployed. To the veteran this is a double loss when he has consumed the value of his certificate and has also lost the opportunity for greater earnings. There is a greater cost than all this: It is a step toward Government aid to those who can help themselves. These direct or indirect burdens fall upon the people as a whole.

The need of our people to-day is a decrease in the burden of taxes and unemployment, yet they (who include the veterans) are being steadily forced toward higher tax levels and lessened employment by such acts as this. We must not forget the millions of hard-working families in our country who are striving to pay the debts which they have incurred in acquiring homes and farms in endeavor to build protection for their future. They, in the last analysis, must bear the burden of increasing Government aid and taxes. It is not the rich who suffer. When we take employment and taxes from our people it is the poor who suffer.

There is a very serious phase of this matter for the wives and children of veterans and to the future security of veterans themselves. Each of these certificates is an endowment insurance policy. Any moneys advanced against them, together with its interest, will be automatically deducted from the value of the certificates in case of death or upon maturity. No one will deny that under the pressures or allurements of the moment many will borrow against these certificates for other than absolutely necessary purposes. The loss to many families means the destruction of the one safeguard at their most critical time. It can not be contended that the interests of the families of our country are conserved by either cashing or borrowing upon their life-insurance policies.

I have no desire to present monetary aspects of the question except so far as they affect the human aspects. Surely it is a human aspect to transfer to the backs of those who toil, including veterans, a burden of those who by position and property can care for themselves. It is a human aspect to incur the danger of continued or increased unemployment. It is a human aspect to deprive women and children of protection by reckless use of an endowment policy. Our country is rich enough to do any justice. No country is rich enough to do an injustice.

The patriotism of our people is not a material thing. It is a spiritual thing. We can not pay for it with Government aid. We can honor those in need by our aid. And it is a fundamental aspect of freedom among us that no step should be taken which burdens the Nation with a privileged class who can care for themselves.

I regard the bill under consideration as unwise from the standpoint of the veterans themselves, and unwise from the standpoint of the welfare of all the people. The future of our World War veterans is inseparably bound up with the future of the whole people. The greatest service that we can render both veterans and the public generally is to administer the affairs of our Government with a view to the well-being and happiness of all of the Nation.

The matter under consideration is of grave importance in itself; but of much graver importance is the whole tendency to open the Federal Treasury to a thousand purposes, many admirable in their intentions but in which the proponents fail or do not care to see that with such beginnings many of them insidiously consume more and more of the savings and the labor of our people. In aggregate they threaten burdens beyond the ability of our country normally to bear; and, of far higher importance, each of them breaks the barriers of self-reliance and self-support in our people.

HERBERT HOOVER.

THE WHITE HOUSE, *February 26, 1931.*

UNITED STATES PARTY DEFENDANT

Mr. GRAHAM called up the following conference report:

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H. R. 980) to permit the United States to be made a party defendant in certain cases, having met, after full and free conference, report that at the conference the Senate conferees insisted upon the Senate amendment and the House conferees refused to recede from the disagreement of the House to the Senate amendment, under which circumstances the conferees have agreed to recommend and do recommend to their respective Houses as follows:

That the conferees of the respective Houses have agreed to a substitute, to follow the enacting clause, in lieu of the provisions of the House bill and the Senate amendment, as follows:

That, upon the conditions herein prescribed for the protection of the United States, the consent of the United States be, and it is hereby, given to be named a party in any suit which is now pending or which may hereafter be brought in any United States district court, including those for the districts of Alaska, Hawaii, and Porto Rico, and the Supreme Court of the District of Columbia, and in any State court having jurisdiction of the subject matter, for the foreclosure of a mortgage or other lien upon real estate, for the purpose of securing an adjudication touching any mortgage or other lien the United States may have or claim on the premises involved.

Sec. 2. Service upon the United States shall be made by serving the process of the court with a copy of the bill of complaint upon the United States attorney for the district or division in which the suit has been or may be brought and by sending copies of the process and bill, by registered mail, to the Attorney General of the United States at Washington, District of Columbia. The United States shall have sixty days after service as above provided, or such further time as the court may allow, within which to appear and answer, plead, or demur.

Sec. 3. Any such suit brought against the United States in any State court may be removed by the United States to the United States district court for the district in which the suit may be pending. The removal shall be effected in the manner prescribed by section 29 of the Judicial Code (U. S. C., title 28, sec. 72): Provided, That the petition for removal may be filed at any time before the expiration of thirty days after the time herein or by the court allowed to the United States to answer, and no removal bond shall be required. The court to which the cause is removed may, before judgment, remand it to the State court if it shall appear that there is no real dispute respecting the rights of the United States, or all the other parties shall concede of record the claims of the United States.

Sec. 4. Except as herein otherwise provided, a judicial sale made in pursuance of a judgment in such a suit shall have the same effect respecting the discharge of the property from liens and encumbrances held by the United States as may be provided with respect to such matters by the law of the State, Territory, or district in which the land is situated: Provided, That a sale to satisfy a lien inferior to one of the United States shall be made subject to and without disturbing the lien of the United States, unless the United States, by its attorneys, consents that the property may be sold free of its mortgage or lien and the proceeds divided as the parties may be entitled: And provided further, That where a sale is made to satisfy a lien prior to that of the United States, the United States shall have one year from the date of sale within which to redeem. In any case where the debt owing the United States is due, the United States may ask, by way of affirmative relief, for the foreclosure of its own lien or mortgage and in any case where property is sold to satisfy a first mortgage or first lien held by the United States, the United States may bid at the sale such sum not exceeding the amount of its claim with expenses of sale, as may be directed by the chief of the department, bureau, or other agency of the Government which has charge of the administration of the laws in respect of which the claim of the United States arises.

Sec. 5. If any person shall have a lien upon any real or personal property, duly filed of record in the jurisdiction in which the property is located, and a junior lien (other than a lien for any tax) in favor of the United States attaches to such property, such person may make a written request to the officer of the United States charged with the administration of the laws in respect of which the lien of the United States arises, to have the same extinguished. If after appropriate investigation it appears to such officer that the proceeds from the sale of the property would be insufficient to satisfy, in whole or in part, the lien of the United States, or that the claim of the United States has been satisfied, or by lapse of time or otherwise has become unenforceable, such officer shall so report to the Comptroller General, who thereupon may issue a certificate of release, which shall operate to release the property from such lien.

Sec. 6. No judgment for costs or other money judgment shall be rendered against the United States in any suit or proceeding which may be instituted under the provisions of this act. Nor shall the United States be or become liable for the payment of the costs of any such suit or proceeding or any part thereof.

Sec. 8. Within sixty days after the approval of this act the Secretary of the Treasury shall certify to the respective State boards of health the sum apportioned under subsection (a) of section 3 of this act to each State for the fiscal year ending June 30, 1932, and, on or before January 20 next preceding the commencement of each succeeding fiscal year, shall make like certification for such fiscal year.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That for each of the fiscal years beginning July 1, 1931, and July 1, 1932, respectively, the quota in the case of any nationality for which a quota has been determined and proclaimed under the immigration act of 1924, as amended, shall be 10 per cent of such quota, but the minimum quota of any nationality shall be 100.

SEC. 2. During such fiscal years no immigration visas shall be issued under subdivision (c) of section 4 of the immigration act of 1924, but in each of such fiscal years all the provisions of the immigration laws shall be applicable to immigrants born in any of the geographical areas specified in such subdivision as if each of such areas had a quota for such year equal to 10 per cent (but not less than 100) of the number of nonquota immigration visas issued, during the fiscal year ending June 30, 1930, to immigrants born in such area.

SEC. 3. Whenever before July 1, 1933, the Secretary of Labor, upon the application of any person interested and after full hearing and investigation of the facts in the case, determines that a bona fide employer in the United States needs a person trained and skilled in an art, craft, technique, business, or science, of a particular class and qualifications, and that a person of such class and qualifications can not be found unemployed in the United States, he shall transmit to the Secretary of State his decision, including a detailed statement of the particular qualifications found essential, and the Secretary of State shall transmit such decision to the consular officer. A nonquota immigration visa may be issued to an alien found by the consular officer to possess the qualifications set forth in the decision of the Secretary of Labor and to be otherwise admissible under the immigration laws, at any time between July 1, 1931, and June 30, 1933, both dates inclusive, without regard to quota, but not to exceed 300 in the aggregate of all classes in any one fiscal year. In the case of any such aliens who are subject to the contract-labor provisions of the immigration act of 1917, the decision of the Secretary of Labor shall also be considered for the purposes of the fourth proviso of section 3 of such act (the so-called contract-labor waiver provision), as his determination of the necessity of importing such skilled labor.

SEC. 4. The provisions of this resolution are in addition to the provisions of the immigration laws now in force, and shall be enforced as a part of such laws, and all the penal or other provisions of such laws, not inapplicable, shall apply to and be enforced in connection with the provisions of this resolution. An alien, although admissible under the provisions of this resolution, shall not be admitted to the United States if he is excluded by any provision of the immigration laws other than this resolution, and an alien, although admissible under the provisions of the immigration laws other than this resolution, shall not be admitted to the United States if he is excluded by any provision of this resolution.

SEC. 5. Terms defined in the immigration act of 1924 shall, when used in this resolution, have the meaning assigned to such terms in that act.

The Committee on Rules shall present to the House reports concerning rules, joint rules, and order of business within three legislative days of the time when ordered reported by the committee. If such rule or order is not considered immediately, it shall be referred to the calendar, and if not called up by the member making the report within nine days thereafter, any member designated by the committee may call it up for consideration.

46. No committee, except the Committee on Rules, shall sit during the sitting of the House, without special leave.

47. The several Elections Committees of the House shall make final report to the House in all contested-election cases not later than six months from the first day of the first regular session of the Congress to which the contestee is elected except in a contest from the Territory of Alaska, in which case the time shall not exceed nine months.

Second. A House Calendar, to which shall be referred all bills of a public character not raising revenue nor directly or indirectly appropriating money or property.

2a. Whenever a committee reports a bill or a joint resolution repealing or amending any statute or part thereof it shall include in its report or in an accompanying document—

(1) The text of the statute or part thereof which is proposed to be repealed; and

(2) A comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions proposed to be made.

3. After a bill which has been favorably reported shall be, upon either the House or the Union Calendar, any Member may file with the Clerk a notice that he desires such a bill placed upon a special calendar to be known as the "Consent Calendar." On the first Monday of each month immediately after the reading of the Journal, and on the third Monday of each month immediately after the disposition of motions to instruct committees which may be called up, the Speaker shall direct the Clerk to call the bills which have been for three days upon the "Consent Calendar." Should objection be made to the consideration of any bill so called, it shall immediately be stricken from such calendar, but such bill may be restored to the calendar at the instance of the Member, and if again objected to by three or more Members, it shall be immediately stricken from such calendar, and shall not thereafter be placed thereon: *Provided,* That the same bill shall not be called twice on the same legislative day.

4. There shall also be a Calendar of Motions to Instruct Committees, as provided in clause 4 of Rule XXVII.

5. Calendars shall be printed daily.

RULE XIV

OF DECORUM AND DEBATE

1. When any Member desires to speak or deliver any matter to the House, he shall rise and respectfully address himself to "Mr. Speaker," and, on being recognized, may address the House from any place on the floor or from the Clerk's desk, and shall confine himself to the question under debate, avoiding personality.

2. When two or more Members rise at once, the Speaker shall name the Member who is first to speak; and no Member shall occupy more than one hour in debate on any question in the House or in committee, except as further provided in this rule.

3. The Member reporting the measure under consideration from a committee may open and close, where general debate has been had thereon, and if it shall extend beyond one day, he shall be entitled to one hour to close, notwithstanding he may have used an hour in opening.

4. If any Member, in speaking or otherwise, transgress the rules of the House, the Speaker shall, or any Member may, call him to order; in which case he shall immediately sit down, unless permitted, on motion of another Member, to explain, and the House shall, if appealed to, decide on the case without debate; if the decision is in favor of the Member called to order, he shall be at liberty to proceed, but not otherwise; and, if the case require it, he shall be liable to censure or such punishment as the House may deem proper.

5. If a Member is called to order for words spoken in debate, the Member calling him to order shall indicate the words excepted to, and they shall be taken down in writing at the Clerk's desk and read aloud to the House; but he shall not be held to answer, nor be subject to the censure of the House therefor, if further debate or other business has intervened.

6. No Member shall speak more than once to the same question without leave of the House, unless he be the mover, proposer, or introducer of the matter pending, in which case he shall be permitted to speak in reply, but not until every Member choosing to speak shall have spoken.

7. While the Speaker is putting a question or addressing the House no Member shall walk out of or across the hall, nor, when a Member is speaking, pass between him and the Chair; and during the session of the House no Member shall wear his hat, or remain by the Clerk's desk during the call of the roll or the counting of ballots, or smoke upon the floor of the House; and the Sergeant at Arms and Doorkeeper are

charged with the strict enforcement of this clause. Neither shall any person be allowed to smoke upon the floor of the House at any time.

RULE XV

ON CALLS OF THE ROLL AND HOUSE

1. Upon every roll call the names of the Members shall be called alphabetically by surname, except when two or more have the same surname, in which case the name of the State shall be added; and if there be two such Members from the same State, the whole name shall be called, and after the roll has been once called, the Clerk shall call in their alphabetical order the names of those not voting; and thereafter the Speaker shall not entertain a request to record a vote or announce a pair unless the Member's name has been noted under clause 3 of this rule.

2. In the absence of a quorum, 15 Members, including the Speaker, if there is one, shall be authorized to compel the attendance of absent Members, and in all calls of the House the doors shall be closed, the names of the Members shall be called by the Clerk, and the absentees noted; and those for whom no sufficient excuse is made may, by order of a majority of those present, be sent for and arrested, wherever they may be found, by officers to be appointed by the Sergeant at Arms for that purpose; and their attendance secured and retained; and the House shall determine upon what condition they shall be discharged. Members who voluntarily appear shall, unless the House otherwise directs, be immediately admitted to the Hall of the House, and they shall report their names to the Clerk to be entered upon the Journal as present.

3. On the demand of any Member, or at the suggestion of the Speaker, the names of Members sufficient to make a quorum in the Hall of the House who do not vote shall be noted by the Clerk and recorded in the Journal, and reported to the Speaker with the names of the Members voting, and be counted and announced in determining the presence of a quorum to do business.

4. Whenever a quorum fails to vote on any question, and a quorum is not present and objection is made for that cause, unless the House shall adjourn there shall be a call of the House, and the Sergeant at Arms shall forthwith proceed to bring in absent Members, and the yeas and nays on the pending question shall at the same time be considered as ordered. The Clerk shall call the roll, and each Member as he answers to his name may vote on the pending question, and, after the roll call is completed, each Member arrested shall be brought by the Sergeant at Arms before the House, whereupon he shall be noted as present, discharged from arrest, and given an opportunity to vote and his vote shall be recorded. If those voting on the question and those who are present and decline to vote shall together make a majority of the House, the Speaker shall declare that a quorum is constituted, and the pending question shall be decided as the majority of those voting shall appear. And thereupon further proceedings under the call shall be considered as dispensed with. At any time after the roll call has been completed, the Speaker may entertain a motion to adjourn, if seconded by a majority of those present, to be ascertained by actual count by the Speaker; and if the House adjourns, all proceedings under this section shall be vacated.

RULE XVI

ON MOTIONS, THEIR PRECEDENCE, ETC.

1. Every motion made to the House and entertained by the Speaker shall be reduced to writing on the demand of any Member, and shall be entered on the Journal with the name of the Member making it, unless it is withdrawn the same day.

2. When a motion has been made, the Speaker shall state it or (if it be in writing) cause it to be read aloud by the Clerk before being debated, and it shall then be in possession of the House, but may be withdrawn at any time before a decision or amendment.

3. When any motion or proposition is made, the question, Will the House now consider it? shall not be put unless demanded by a Member.

4. When a question is under debate, no motion shall be received but to adjourn, to lay on the table, for the previous question (which motions shall be decided without debate), to postpone to a day certain, to refer, or to amend, or postpone indefinitely; which several motions shall have precedence in the foregoing order; and no motion to postpone to a day certain, to refer, or to postpone indefinitely, being decided, shall be again allowed on the same day at the same stage of the question. After the previous question shall have been ordered on the passage of a bill or joint resolution, one motion to recommit shall be in order, and the Speaker shall give preference in recognition for such purpose to a Member who is opposed to the bill or joint resolution.

5. The hour at which the House adjourns shall be entered on the Journal.

6. On the demand of any Member, before the question is put, a question shall be divided if it includes propositions so distinct in substance that one being taken away a substantive proposition shall remain: *Provided,* That any motion or resolution to elect the members or any portion of the members of the standing committees of the House and the joint standing committees shall not be divisible.

7. A motion to strike out and insert is indivisible, but a motion to strike out being lost shall neither preclude amendment nor motion to strike out and insert; and no motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

8. Pending a motion to suspend the rules, the Speaker may entertain one motion that the House adjourn; but after the result thereon is annouced he shall not entertain any other motion till the vote is taken on suspension.

9. At any time after the reading of the Journal it shall be in order, by direction of the appropriate committees, to move that the House resolve itself into the Committee of the Whole House on the state of the Union for the purpose of considering bills raising revenue, or general appropriation bills.

10. No dilatory motion shall be entertained by the Speaker.

RULE XVII

PREVIOUS QUESTION

1. There shall be a motion for the previous question, which, being ordered by a majority of Members voting, if a quorum be present, shall have the effect to cut off all debate and bring the House to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, pending the motion for, or after the previous question shall have been ordered on its passage, for the Speaker to entertain and submit a motion to commit, with or without instructions, to a standing or select committee.

2. A call of the House shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the Speaker that a quorum is not present.

3. All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

RULE XVIII

RECONSIDERATION

1. When a motion has been made and carried or lost, it shall be in order for any Member of the majority, on the same or succeeding day, to move for the reconsideration thereof, and such motion shall take precedence of all other questions except the consideration of a conference report or a motion to adjourn, and shall not be withdrawn after the said succeeding day without the consent of the House, and thereafter any Member may call it up for consideration:

Provided, That such motion, if made during the last six days of a session, shall be disposed of when made.

2. No bill, petition, memorial, or resolution referred to a committee, or reported therefrom for printing and recommitment, shall be brought back into the House on a motion to reconsider; and all bills, petitions, memorials, or resolutions reported from a committee shall be accompanied by reports in writing, which shall be printed.

RULE XIX

OF AMENDMENTS

When a motion or proposition is under consideration a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of substitute, to which one amendment may be offered, but which shall not be voted on until the original matter is perfected, but either may be withdrawn before amendment or decision is had thereon. Amendments to the title of a bill or resolution shall not be in order until after its passage, and shall be decided without debate.

RULE XX

OF AMENDMENTS OF THE SENATE

1. Any amendment of the Senate to any House bill shall be subject to the point of order that it shall first be considered in the Committee of the Whole House on the state of the Union if, originating in the House, it would be subject to that point.

2. No amendment of the Senate to a general appropriation bill which would be in violation of the provisions of clause 2 of Rule XXI, if said amendment had originated in the House, nor any amendment of the Senate providing for an appropriation upon any bill other than a general appropriation bill, shall be agreed to by the managers on the part of the House unless specific authority to agree to such amendment shall be first given by the House by a separate vote on every such amendment.

RULE XXI

ON BILLS

1. Bills and joint resolutions on their passage shall be read the first time by title and the second time in full, when, if the previous question is ordered, the Speaker shall state the question to be: Shall the bill be engrossed and read a third time? and, if decided in the affirmative, it shall be read the third time by title, unless the reading in full is demanded by a Member, and the question shall then be put upon its passage.

2. No appropriations shall be reported in any general appropriation bill, or be in order as an amendment thereto, for any expenditure not previously authorized by law, unless in continuation of appropriations for such public works and objects as are already in progress. Nor shall any provision in any such bill or amendment thereto changing existing law be in order, except such as being germane to the subject matter of the bill shall retrench expenditures by the reduction of the number and salary of the officers of the United States, by the reduction of the compensation of any person paid out of the Treasury of the United States, or by the reduction of amounts of money covered by the bill: *Provided,* That it shall be in order further to amend such bill upon the report of the committee or any joint commission authorized by law or the House Members of any such commission having jurisdiction of the subject matter of such amendment, which amendment being germane to the subject matter of the bill shall retrench expenditures.

3. No bill for the payment or adjudication of any private claim against the Government shall be referred, except by unanimous consent, to any other than the following-named committees, viz: To the Committee on Invalid Pensions, to the Committee on Pensions, to the Committee on Claims, to the Committee on War Claims, to the Committee on the Public Lands, and to the Committee on Accounts.

4. No bill or joint resolution carrying appropriations shall be reported by any committee not having jurisdiction to report appropriations, nor shall an amendment proposing an appropriation be in order during the consideration of a bill or joint resolution reported by a committee not having that jurisdiction. A question of order on an appropriation in any such bill, joint resolution, or amendment thereto may be raised at any time.

RULE XXII

OF PETITIONS, MEMORIALS, BILLS, AND RESOLUTIONS

1. Members having petitions or memorials or bills of a private nature to present may deliver them to the Clerk, indorsing their names and the reference or disposition to be made thereof; and said petitions and memorials and bills of a private nature, except such as, in the judgment of the Speaker, are of an obscene or insulting character, shall be entered on the Journal, with the names of the Members presenting them, and the Clerk shall furnish a transcript of such entry to the official reporters of debates for publication in the Record.

2. Any petition or memorial or private bill excluded under this rule shall be returned to the Member from whom it was received; and petitions and private bills which have been inappropriately referred may, by the direction of the committee having possession of the same, be properly referred in the manner originally presented; and an erroneous reference of a petition or private bill under this clause shall not confer jurisdiction upon the committee to consider or report the same.

3. All other bills, memorials, and resolutions may, in like manner, be delivered, indorsed with the names of Members introducing them, to the Speaker, to be by him referred, and the titles and references thereof and of all bills, resolutions, and documents referred under the rules shall be entered on the Journal and printed in the Record of the next day, and correction in case of error of reference may be made by the House, without debate, in accordance with Rule XI, on any day immediately after the reading of the Journal, by unanimous consent, or on motion of a committee claiming jurisdiction, or on the report of the committee to which the bill has been erroneously referred.

4. When a bill, resolution, or memorial is introduced "by request," these words shall be entered upon the Journal and printed in the Record.

5. All resolutions of inquiry addressed to the heads of executive departments shall be reported to the House within one week after presentation.

RULE XXIII

OF COMMITTEES OF THE WHOLE HOUSE

1. In all cases, in forming a Committee of the Whole House, the Speaker shall leave his chair after appointing a Chairman to preside, who shall, in case of disturbance or disorderly conduct in the galleries or lobby, have power to cause the same to be cleared.

2. Whenever a Committee of the Whole House or of the Whole House on the state of the Union finds itself without a quorum, which shall consist of 100 Members, the Chairman shall cause the roll to be called, and thereupon the Committee shall rise, and the Chairman shall report the names of the absentees to the House, which shall be entered on the Journal; but if on such call a quorum shall appear, the Committee shall thereupon resume its sitting without further order of the House.

3. All motions or propositions involving a tax or charge upon the people; all proceedings touching appropriations of money, or bills making appropriations of money or property, or requiring such appropriations to be made, or authorizing payments out of appropriations already made, or releasing any liability to the United States for money or property, or referring any claim to the Court of Claims, shall be first considered in a Committee of the Whole, and a point of order under this rule shall be good at any time before the consideration of a bill has commenced.

4. In Committees of the Whole House business on their calendars may be taken up in regular order, or in such order as the Committee may determine, unless the bill to be considered was determined by the House at the time of going into Committee, but bills for raising revenue, general appropriation bills, and bills for the improvement of rivers and harbors shall have precedence.

5. When general debate is closed by order of the House, any Member shall be allowed five minutes to explain any amendment he may offer, after which the Member who shall first obtain the floor shall be allowed to speak five minutes in opposition to it, and there shall be no further debate thereon, but the same privilege of debate shall be allowed in favor of and against any amendment that may be offered to an amendment; and neither an amendment nor an amendment to an amendment shall be withdrawn by the mover thereof unless by the unanimous consent of the Committee.

6. The Committee may, by the vote of a majority of the Members present, at any time after the five minutes' debate has begun upon proposed amendments to any section or paragraph of a bill, close all debate upon such section or paragraph or, at its election, upon the pending amendments only (which motion shall be decided without debate); but this shall not preclude further amendment, to be decided without debate.

7. A motion to strike out the enacting words of a bill shall have precedence of a motion to amend, and, if carried, shall be considered equivalent to its rejection. Whenever a bill is reported from a Committee of the Whole with an adverse recommendation and such recommendation is disagreed to by the House, the bill shall stand recommitted to the said Committee without further action by the House, but before the question of concurrence is submitted it is in order to entertain a motion to refer the bill to any committee, with or without instructions, and when the same is again reported to the House it shall be referred to the Committee of the Whole without debate.

8. The rules of proceeding in the House shall be observed in Committees of the Whole House so far as they may be applicable.

RULE XXIV

ORDER OF BUSINESS

1. The daily order of business shall be as follows:

First. Prayer by the Chaplain.

Second. Reading and approval of the Journal.

Third. Correction of reference of public bills.

Fourth. Disposal of business on the Speaker's table.

Fifth. Unfinished business.

Sixth. The morning hour for the consideration of bills called up by committees.

Seventh. Motions to go into Committee of the Whole House on the state of the Union.

Eighth. Orders of the day.

2. Business on the Speaker's table shall be disposed of as follows:

Messages from the President shall be referred to the appropriate committees without debate. Reports and communications from heads of departments, and other communications addressed to the House, and bills, resolutions, and messages from the Senate may be referred to the appropriate committees in the same manner and with the same right of correction as public bills presented by Members; but House bills with Senate amendments which do not require consideration in a Committee of the Whole may be at once disposed of as the House may determine, as may also Senate bills substantially the same as House bills already favorably reported by a committee of the House, and not required to be considered in Committee of the Whole, be disposed of in the same manner on motion directed to be made by such committee.

3. The consideration of the unfinished business in which the House may be engaged at an adjournment, except business in the morning hour, shall be resumed as soon as the business on the Speaker's table is finished, and at the same time each day thereafter until disposed of, and the consideration of all other unfinished business shall be resumed whenever the class of business to which it belongs shall be in order under the rules.

4. After the unfinished business has been disposed of, the Speaker shall call each standing committee in regular order, and then select committees, and each committee when named may call up for consideration any bill reported by it on a previous day and on the House Calendar, and if the Speaker shall not complete the call of the committees before the House passes to other business, he shall resume the next call where he left off, giving preference to the last bill under consideration: *Provided,* That whenever any committee shall have occupied the morning hour on two days, it shall not be in order to call up any other bill until the other committees have been called in their turn.

5. After one hour shall have been devoted to the consideration of bills called up by committees, it shall be in order, pending consideration or discussion thereof, to entertain a motion to go into Committee of the Whole House on the state of the Union, or, when authorized by a committee, to go into the Committee of the Whole House on the state of the Union to consider a particular bill, to which motion one amendment only, designating another bill, may be made; and if either motion be determined in the negative, it shall not be in order to make either motion again until the disposal of the matter under consideration or discussion.

6. On Friday of each week, after the disposal of such business on the Speaker's table as requires reference only, it shall be in order to entertain a motion for the House to resolve itself into Committee of the Whole House to consider business on the Private Calendar in the following order: On the second and fourth Fridays of each month preference shall be given to the consideration of private pension claims and bills removing political disabilities and bills removing the charge of desertion. On every Friday except the second and fourth Fridays the House shall give preference to the consideration of bills reported from the Committee on Claims and the Committee on War Claims, alternating between the two committees.

7. On Wednesday of each week no business shall be in order except as provided by paragraph 4 of this rule unless the House by a two-thirds vote on motion to dispense therewith shall otherwise determine. On such a motion there may be debate not to exceed five minutes for and against. On a call of committees under this rule bills may be called up from either the House or the Union Calendar, excepting bills which are privileged under the rules; but bills called up from the Union Calendar shall be considered in Committee of the Whole House on the state of the Union. This rule shall not apply during the last two weeks of the session. It shall not be in order for the Speaker to entertain a motion for a recess on any Wednesday except during the last two weeks of the session.

Provided, That not more than two hours of general debate shall be permitted on any measure called up on Calendar Wednesday, and all debate must be confined to the subject matter of the bill, the time to be equally divided between those for and against the bill: *Provided further,* That whenever any committee shall have occupied two Wednesdays it shall not be in order, unless the House by a two-thirds vote shall otherwise determine, to consider any unfinished business previously called up by such committee, unless the previous question had been ordered thereon, upon any succeeding Wednesday until the other committees have been called in their turn under this rule.

8. The second and fourth Mondays in each month, after the disposal of such business on the Speaker's table as requires reference only, shall, when claimed by the Committee on the District of Columbia, be set apart for the consideration of such business as may be presented by said committee.

RULE XXV

PRIORITY OF BUSINESS

All questions relating to the priority of business shall be decided by a majority without debate.

RULE XXVI

UNFINISHED BUSINESS OF THE SESSION

All business before committees of the House at the end of one session shall be resumed at the commencement of the next session of the same Congress in the same manner as if no adjournment had taken place.

RULE XXVII

CHANGE OR SUSPENSION OF RULES

1. No rule shall be suspended except by a vote of two-thirds of the Members voting, a quorum being present; nor shall the Speaker entertain a motion to suspend the rules except on the first and third Mondays of each month, preference being given on the first Monday to individuals and on the third Monday to committees, and during the last six days of a session.

2. All motions to suspend the rules shall, before being submitted to the House, be seconded by a majority by tellers, if demanded.

3. When a motion to suspend the rules has been seconded, it shall be in order, before the final vote is taken thereon, to debate the proposition to be voted upon for 40 minutes, one-half of such time to be given to debate in favor of, and one-half to debate in opposition to, such proposition; and the same right of debate shall be allowed whenever the previous question has been ordered on any proposition on which there has been no debate.

4. A Member may present to the Clerk a motion in writing to instruct a committee to report within 15 days a public bill or resolution which has been referred to it 30 days prior thereto (but only one motion may be presented for each bill or resolution). The motion shall be placed in the custody of the Clerk, who shall arrange some convenient place for the signature of Members. A signature may be withdrawn by a Member in writing at any time before the motion is entered on the Journal. When a majority of the membership of the House shall have signed the motion it shall be entered on the Journal, printed with the signature thereto in the Congressional Record, and referred to the Calendar of Motions to Instruct Committees.

On the third Monday of each month, immediately after the approval of the Journal, any Member who has signed a motion to instruct which has been on the calendar at least seven days prior thereto, and seeks recognition, shall be recognized for the purpose of calling up the motion, and the House shall proceed to its consideration in the manner herein provided without intervening motion except one motion to adjourn. Recognition for the motions shall be in the order in which they have been entered.

When the motion shall be called up, the bill or resolution shall be read by title only prior to a second being ordered by tellers. After the reading of the bill by title the motion shall not be submitted to the House unless seconded by a majority of the membership of the House to be determined by tellers, and clause 4 of Rule XV shall not apply to such second; if such motion fails of a second, it shall immediately be stricken from the calendar and shall not be thereafter placed thereon.

If a second be ordered, debate on such motion shall be limited to 40 minutes, one-half thereof in favor of the proposition and one-half in opposition thereto. Such motions shall require for their adoption an affirmative vote of a majority of the membership of the House. Whenever such motion shall prevail the committee shall report said bill or resolution to the House within 15 days thereafter and said bill or resolution shall be referred to its appropriate calendar.

RULE XXVIII

CONFERENCE REPORTS

1a. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read, while the roll is being called, or the House is dividing on any proposition.

1b. And there shall accompany every such report a detailed statement sufficiently explicit to inform the House what effect such amendments or propositions will have upon the measures to which they relate.

2. It shall not be in order to consider the report of a committee of conference until such report and the accompanying statement shall have been printed in the Record, except on either of the six days preceding the end of a session.

RULE XXIX

SECRET SESSION

Whenever confidential communications are received from the President of the United States, or whenever the Speaker or any Member shall inform the House that he has communications which he believes ought to be kept secret for the present, the House shall be cleared of all persons except the Members and officers thereof, and so continue during the reading of such communications, the debates, and proceedings thereon, unless otherwise ordered by the House.

RULE XXX

READING OF PAPERS

When the reading of a paper other than one upon which the House is called to give a final vote is demanded, and the same is objected to by any Member, it shall be determined without debate by a vote of the House.

RULE XXXI[1]

DRAWING OF SEATS

1. At the commencement of each Congress, immediately after the Members and Delegates are sworn in, the Clerk shall place in a box, prepared for that purpose, a number of small balls, of marble or other material, equal to the number of Members and Delegates, which balls shall be consecutively numbered and thoroughly intermingled, and at such hour as shall be fixed by the House for that purpose, by the hands of a page, draw said balls one by one from the box, and announce the number as it is drawn, upon which announcement the Member or Delegate whose name on a numbered alphabetical list shall correspond with the number on the ball shall advance and choose his seat for the term for which he is elected.

2. Before said drawing shall commence each seat shall be vacated and so remain until selected under this rule, and any seat having been selected shall be deemed forfeited if left unoccupied before the call of the roll is finished; and whenever the seats of Members and Delegates shall have been drawn, no proposition for a second drawing shall be in order during that Congress.

RULE XXXII

HALL OF THE HOUSE

The Hall of the House shall be used only for the legislative business of the House and for the caucus meetings of its Members, except upon occasion where the House by resolution agree to take part in any ceremonies to be observed therein; and the Speaker shall not entertain a motion for the suspension of this rule.

RULE XXXIII

OF ADMISSION TO THE FLOOR

1. The persons hereinafter named, and none other, shall be admitted to the Hall of the House or rooms leading thereto, viz: The President and Vice President of the United States and their private secretaries, judges of the Supreme Court, Members of Congress and Members elect, contestants in election cases during the pendency of their cases in the House, the Secretary and Sergeant at Arms of the Senate, heads of departments, foreign ministers, governors of States, the superintendent of the Capitol Building and Grounds, the Librarian of Congress and his assistant in charge of the Law Library, the Resident Commissioner to the United States from Porto Rico, the Resident Commissioners from the Philippine Islands, such persons as have, by name, received the thanks of Congress, ex-Members of the House of Representatives who are not interested in any claim or directly in any bill pending before Congress, and clerks of committees when business from their committee is under consideration; and it shall not be in order for the Speaker to entertain a request for the suspension of this rule or to present from the chair the request of any Member for unanimous consent.

2. There shall be excluded at all times from the Hall of the House of Representatives and the cloakrooms all persons not entitled to the privilege of the floor during the session, except that until 15 minutes of the hour of the meeting of the House persons employed in its service, accredited members of the press entitled to admission to the press gallery, and other persons on request of Members, by card or in writing, may be admitted.

[1] Repealed by H. Res. 8, Sixty-third Congress.

RULE XXXIV

OF ADMISSION TO THE GALLERIES

The Speaker shall set aside a portion of the west gallery for the use of the President of the United States, the members of his Cabinet, justices of the Supreme Court, foreign ministers and suites, and the members of their respective families, and shall also set aside another portion of the same gallery for the accommodation of persons to be admitted on the card of Members. QUESTIONS OF ORDER

DECIDED IN THE HOUSE OF REPRESENTATIVES AT THE THIRD SESSION OF THE SEVENTY-FIRST CONGRESS

NICHOLAS LONGWORTH, OF OHIO, SPEAKER; WILLIAM TYLER PAGE, OF MARYLAND, CLERK

APPROPRIATION

A PROPOSITION PROVIDING THAT "PAYMENT THEREFORE TO BE MADE FROM THE APPROPRIATE APPROPRIATIONS" IS LANGUAGE APPROPRIATING MONEY, AND WHEN CARRIED IN A BILL BY A LEGISLATIVE COMMITTEE WAS HELD TO BE SUBJECT TO A POINT OF ORDER UNDER CLAUSE 4 OF RULE XXI

A POINT OF ORDER MAY BE RAISED AGAINST LANGUAGE APPROPRIATING MONEY IN A BILL REPORTED BY A COMMITTEE NOT HAVING *JURISDICTION OVER APPROPRIATIONS AT ANY TIME*

THE POINT OF ORDER IS PROPERLY DIRECTED TO THE OFFENSIVE LANGUAGE ONLY AND NOT TO THE ACT OF REPORTING THE BILL, AND WHERE THE POINT OF ORDER IS SUSTAINED ONLY THE ITEM INVOLVING THE APPROPRIATION OF MONEY IS ELIMINATED

On December 10, 1930, the House was considering a bill (H. R. 12412) authorizing the Postmaster General to permit railroad and electric power companies to provide rail transportation by motor vehicle in lieu of service by train.

When, after debate,

Mr. CHINDBLOM made the point of order that the words "payment therefor to be made from the appropriate appropriation for railroad transportation and mail messenger service or electric and cable car service" in the bill constituted an appropriation, and therefore not in order in a bill reported from a legislative committee.

After debate,

The SPEAKER sustained the point of order, and said:

"The only question for the Chair to determine on the point of order as made by the gentleman from Illinois [Mr. CHINDBLOM] is as to whether the language referred to is or is not an appropriation. * * * The language complained of by the gentleman from Illinois [Mr. CHINDBLOM] is as follows:

"'Payment therefor to be made from the appropriate appropriation for railroad transportation and mail messenger service or electric and cable car service.'

"It occurs to the Chair that this language refers directly to an appropriation already made, not an appropriation for the future or an authorization for the future. It is apparent that the existing appropriation to-day is only for the purpose of railroad transportation and mail messenger service and electric and cable car service.

"This bill proposes that the payment for transportation by bus lines can be made out of this existing appropriation.

"In Cannon's Precedents, section 9156, is found the following syllabus of a decision analogous to the situation presented here:

"'A proposition to reappropriate or make available an appropriation previously made or to divert such appropriation to any other purpose than that for which originally made is equivalent to a direct appropriation and is not in order in connection with a bill reported by a committee without authorized jurisdiction to report appropriations.'

"Also, in section 9157 is found the following:

"'Legislative direction that funds previously appropriated be used for a purpose not specified in the original appropriation was held to be an appropriation in contravention of section 4 of Rule XXI.'

"Again, in section 6691 is found the following:

"'Direction to departmental officers to pay determinable amounts from unexpended balances is equivalent to an appropriation.'

"It has been held (Cannon's Precedents, sec. 9153) that—

"'The point of order that a bill reported by a nonappropriating committee contains an appropriation is properly directed to the item of appropriation and not to the act of reporting the bill. If the point of order is directed to the item of appropriation, that item only is eliminated.'

"It seems quite clear to the Chair that this is a direct appropriation; and a point of order against those words having been made by the gentleman from Illinois, the Chair, following the decision just given, will rule that those words go out, but the rest of the bill stands."

CONFEREES

IT IS NOT IN ORDER IN A MOTION TO INSTRUCT MANAGERS ON THE PART OF THE HOUSE AT A CONFERENCE TO DIRECT THEM TO DO ANYTHING WHICH MIGHT NOT BE DONE DIRECTLY ON MOTION IN THE HOUSE

INSTRUCTIONS TO MANAGERS ON THE PART OF THE HOUSE TO CONCUR IN A SENATE AMENDMENT WITH AN AMENDMENT NOT GERMANE TO THE SENATE AMENDMENT WAS HELD SUBJECT TO A POINT OF ORDER

TO A SENATE AMENDMENT PROVIDING FOR THE ADVANCEMENT OF LOANS TO FARMERS IN CERTAIN AREAS WHERE AN EMERGENCY EXISTS FOR THE PURCHASE OF FOOD AN AMENDMENT PROPOSING TO EXTEND THE ADVANCES OF SUCH LOANS TO ALL CLASSES WAS HELD NOT GERMANE ON THE GROUND THAT A SPECIFIC PROPOSITION MAY NOT BE AMENDED BY A GENERAL PROPOSITION

WHERE ONE MOTION TO INSTRUCT CONFEREES HAS BEEN HELD SUBJECT TO A POINT OF ORDER ANOTHER MOTION MAY BE OFFERED

On January 13, 1931, the joint resolution (H. J. Res. 447) was taken from the Speaker's table, Senate amendments disagreed to, and a conference was requested of the Senate on the disagreeing votes of the two Houses thereon.

Whereupon Mr. LAGUARDIA moved that the managers on the part of the House be instructed to concur in the Senate amendment with an amendment eliminating all limitations as to classes, occupation, or residence of persons entitled to receive the food provided for in said Senate amendment.

Mr. SNELL made the point of order that the instructions in the motion of Mr. LAGUARDIA were not germane to the Senate amendment.

After debate,

The SPEAKER sustained the point of order, and said:

"The Chair is prepared to rule. The Chair agrees with the gentleman from New York [Mr. SNELL] that the motion of the gentleman from New York [Mr. LAGUARDIA] is very ingeniously drawn and in the opinion of the Chair has great merit, but that can not be considered by the Chair in determining the point of order. The Chair must disagree with the gentleman from New York [Mr. LAGUARDIA] in his general proposition that conferees have broader powers than the House itself has; in other words, that the House may instruct conferees to do a thing which the House could not do itself. The Chair thinks that motions to instruct conferees stand on exactly the same basis and must be dealt with in the same way as motions to recommit to a committee with instructions, and that if the House can not authorize a committee to do that which the House itself can not do, it follows that it can not instruct conferees to do that which the House can not do.

"The motion of the gentleman from New York is that the House conferees be instructed to concur in the Senate amendment providing for food distribution, and so forth. What is that Senate amendment?—

"'That the Secretary of Agriculture is hereby authorized for the crop of 1931 to make advances of loans to farmers in the drought and storm stricken areas where he shall find that an emergency for such assistance exists, for the purchase of food under such terms as may be prescribed by the Secretary of Agriculture.'

"The motion of the gentleman from New York is not directed against the bill as a whole, but only to that one amendment, which the Chair has just read, which is specifically limited to farmers in the drought and storm stricken areas. The gentleman from New York desires to broaden that to the extent that it would prevail in cities where there are no drought or storm stricken areas and no farmers. The last decision on the general subject of whether a motion to broaden a specified area is germane was made by the present occupant of the chair on April 2, 1930. A bill was under consideration which provided, among other things, that actions brought against a carrier should only be in a State through or into which the carrier operates a line of railway. An amendment was offered proposing in addition that such action might be brought in the district or State where the railroad maintained an agent, and the Chair held that that was not germane, because it broadened largely the area in which the proposition was supposed to operate.

"The Chair thinks that the motion of the gentleman from New York seeks to do exactly the sort of thing which the present occupant of the chair has held to be illegal, and the Chair is constrained to sustain the point of order made by the gentleman from New York [Mr. SNELL]."

GERMANENESS

TO A BILL AUTHORIZING THE SECRETARY OF THE NAVY TO ACCEPT CERTAIN LAND TO BE USED AS A NAVAL AIR STATION AN AMENDMENT PROVIDING THAT ANY HANGARS IN THE UNITED STATES SHALL BE ELIGIBLE TO BE USED BY THE ARMY OR NAVY WAS HELD NOT GERMANE

ONE SPECIFIC PROPOSITION MAY NOT BE AMENDED BY ANOTHER INDIVIDUAL PROPOSITION EVEN THOUGH THE TWO MAY BELONG TO THE SAME CLASS

On February 2, 1931, the House as in the Committee of the Whole House was considering the bill (H. R. 6810) authorizing the Secretary of the Navy to accept, without cost to the Government of the United States, a lighter-than-air base, near Sunnyvale, Calif., and construct necessary improvements thereon,

When said bill was considered and read twice.

Mr. McCLINTIC of Oklahoma submitted the following amendment:

After the end of the bill insert *Provided, That any hangars not in use belonging to the United States shall be eligible to be used by either the Army or the Navy.*

Mr. STAFFORD made the point of order that the amendment was not germane to the bill.

After debate,

The SPEAKER pro tempore (Mr. HOOPER) sustained the point of order and said:

"The Chair is ready to rule. This is a bill authorizing the Secretary of the Navy to accept, without cost to the Government of the United States, and the Chair would emphasize the word 'accept,' a lighter-than-air base near Sunnyvale in California.

"On page 2 of the bill it is provided:

"'One thousand acres as a site for a naval air station, and construct thereon improvements'—

"And so forth.

"The Chair thinks he might properly state at this point that in his opinion the Holman rule does not apply; that the Holman rule applies to appropriation bills alone, and that this bill is not an appropriation bill but it is a bill authorizing acceptance by the Government of the property involved, for a lighter-than-air base for the Navy, and for the Navy alone.

"The amendment offered by the gentleman from Oklahoma [Mr. McCLINTIC] would provide that any hangars not in use, belonging to the United States, shall be eligible to be used either by the Army or the Navy. This bill has as its intention the taking care of a matter peculiarly within the scope of the activities of the Navy. The amendment would seek to amend it by bringing in the use of the hangar by the Army. The Chair holds it is not germane to the bill itself, and the Chair therefore sustains the point of order raised by the gentleman from Wisconsin [Mr. STAFFORD]."

PUBLIC BILL

A BILL CONFERRING JURISDICTION UPON THE COURT OF CLAIMS TO HEAR AND INQUIRE INTO THE CLAIMS OF THE CHOCTAWS AND CHICKASAW INDIAN NATIONS WAS HELD TO BE A PUBLIC BILL AND PROPERLY REFERRED TO THE HOUSE CALENDAR

A BILL DEALING WITH INDIANS AS A NATION AND NOT WITH INDIANS AS INDIVIDUALS IS A PUBLIC BILL

A BILL PROVIDING FOR THE PAYMENT OF MONEY OUT OF THE TREASURY HELD IN TRUST FOR THE INDIANS DOES NOT REQUIRE CONSIDERATION IN THE COMMITTEE OF THE WHOLE HOUSE ON THE STATE OF THE UNION ON THE GROUND THAT IT APPROPRIATES PROPERTY OR MONEY OF THE GOVERNMENT, AS PROVIDED IN CLAUSE 3 OF RULE XXIII

A BILL PROVIDING THAT THE COURT OF CLAIMS SHALL HEAR AND INQUIRE INTO CERTAIN CLAIMS WITHOUT CONFERRING JURISDICTION ON THE COURT TO ADJUDICATE THEM DOES NOT REQUIRE CONSIDERATION IN THE COMMITTEE OF THE WHOLE HOUSE ON THE STATE OF THE UNION

On February 4, 1931, in the House the bill of the Senate (S. 3165) conferring jurisdiction upon the Court of Claims to hear, consider, and report upon a claim of the Choctaw and Chickasaw Indian Nations or Tribes for fair and just compensation for the remainder of the leased district lands, was read by title.

Mr. STAFFORD made the point of order that the bill was improperly on the House Calendar, being a private bill; that if it is a public bill it should be on the Union Calendar for the reason that it confers jurisdiction upon the Court of Claims to render judgment that will be a charge upon the Public Treasury.

After debate,

The SPEAKER pro tempore (Mr. MICHENER) overruled the point of order and said:

"The Chair is ready to rule. The gentleman from Wisconsin makes two points of order: First, that this is a private bill and is, therefore, on an improper calendar; that it should be on the Private Calendar. As the Chair recollects the law, the United States deals with the Choctaw and Chickasaw Tribes as nations and through treaties. Therefore this bill deals with the Indians as a nation and not with Indians as individuals. The Chair believes that this is a public bill and is properly on the Public Calendar, and overrules that point of order.

"So far as the second point of order is concerned, the gentleman from Wisconsin contends that this bill authorizes an appropriation of money out of the Federal Treasury, and, therefore, is improperly on the House Calendar. It seems to the Chair that section 3 makes it clear that—

"'There is hereby authorized to be expended, out of any money or moneys now standing to the credit of the Choctaw and Chickasaw Indian Nations or Tribes in the Treasury of the United States'—

"And so forth. There must have been previous legislation in reference to this matter in order to place this money in the Treasury of the United States in trust for the Indians. That act has already taken place, and this money stands to-day in the Treasury of the United States subject to the legal demand of these tribes. This bill simply provides a way whereby this money—set aside in the Treasury of the United States for these particular tribes—may be expended.

"The attention of the Chair is also called to a ruling made by Speaker LONGWORTH on February 23, 1927, found in the Record on page 4572 of that session, the syllabus of which reads as follows:

"'A Senate bill that provides for the disposal of Indian land and also embodies a section providing for the payment

of 4 per cent interest per annum on funds held in trust for the Indians does not require consideration in a Committee of the Whole on the ground that it appropriates property or money of the Government, as set forth in clause 3 of Rule XXIII.'

* * * * * * *

"The Chair appreciates that this is a rather delicate question. It is a matter on which there seems to be no precedent at hand. There is a distinction, surely, between referring a claim with authority to render final judgment and *referring a claim for the purpose of ascertaining the* facts, the matter later to be passed upon by the Congress. The Chair, in ruling a few moments ago, had in mind clause 3 of Rule XXIII, standing alone. Since that ruling the gentleman from Oklahoma [Mr. HASTINGS] has called the Chair's attention to the first provision of the bill, which reads:

"'That the Court of Claims is hereby authorized and directed to hear and inquire into the claims of the Choctaw and Chickasaw Indian Nations.'

"And to report back. Therefore the Chair feels that this bill does not come within the provisions of clause 3 of Rule XXIII, and overrules the point of order."

COMMITTEE OF THE WHOLE

TO REQUIRE CONSIDERATION IN THE COMMITTEE OF THE WHOLE A BILL MUST SHOW ON ITS FACE THAT IT WILL REQUIRE AN EXPENDITURE OF PUBLIC MONEY

A BILL WHICH SETS IN MOTION A TRAIN OF CIRCUMSTANCES, DESTINED ULTIMATELY TO INVOLVE CERTAIN EXPENDITURE MUST BE CONSIDERED IN THE COMMITTEE OF THE WHOLE

A BILL PROVIDING FOR THE ESTABLISHING OF A NATIONAL PARK AND CONFERRING AUTHORITY ON THE SECRETARY OF THE INTERIOR TO ADMINISTER, PROTECT, AND DEVELOP THE SAID PARK WAS HELD TO REQUIRE CONSIDERATION IN THE COMMITTEE OF THE WHOLE

IN DETERMINING WHETHER A BILL INVOLVES AN APPROPRIATION THE CHAIR IS PERMITTED TO USE HIS SOUND DISCRETION IN ASCERTAINING THE EFFECT THE BILL WILL HAVE IN APPROPRIATING MONEY OR PROPERTY OF THE GOVERNMENT

On February 21, 1931, Mr. COLTON, by direction of the Committee on the Public Lands, and as a matter of privilege under clause 2, Rule XXIV, called up from the Speaker's table the bill of the Senate (S. 5410) to provide for the establishment of the Everglades National Park in the State of Florida, and for other purposes.

Mr. SNELL made the point of order that an identical House bill being on the Union Calendar the Senate bill required consideration in the Committee of the Whole House on the state of the Union, and therefore the motion was not privileged under clause 2, Rule XXIV.

After debate,

The SPEAKER overruled the point of order and said:

"It is scarcely necessary for the Chair to say that in this instance he is not considering in the remotest degree either the merits or demerits of this bill any more than he was on the two previous occasions on which he delivered a ruling, and he hopes also that in all cases which are purely a matter of the construction of the rules of the House and the adherence to proper precedents that Members will not be influenced on the question by the merits or demerits of any particular bill that may be before the House.

"The Chair finds himself in exactly the same situation that he was in on the occasion referred to by the gentleman from Alabama [Mr. BANKHEAD], and he may say also to the gentleman that he is in an equally humble frame of mind. The Chair states with entire frankness that if this bill was presented to him for analysis, were it not for the decision of the House in overruling the Chair on a previous occasion—and may the Chair say that he is very happy to state that in all of the six years he has been Speaker he has been overruled but once [applause]—he would say, without hesitation, that it is quite apparent that this bill creates a charge upon the Treasury. Section 3 of the bill provides:

"'The administration, protection, and development of the aforesaid park shall be exercised under the direction of the Secretary of the Interior by the National Park Service.'

"Is it conceivable that it does not cost money to administer a national park? Is it conceivable that it does not cost money to protect it? Is it conceivable that it does not cost money and possibly very large sums of money to develop it, particularly such a park as this, embracing as it does, as I understand, some 2,000 square miles? Is there anyone who has any power of mental reasoning who would say it would not cost money to develop a park 2,000 square miles in extent? Yet this bill does not say so on its face, it has not, as the gentleman from New York said, the dollar mark on it. The Chair does not believe it to be necessary that an immediate charge should be had. The Chair thinks the correct ruling is that of Mr. Speaker Cannon, on December 12, 1904, to be found in volume 4, Hinds' Precedents, section 4837:

"'A bill which sets in motion a train of circumstances destined ultimately to involve certain expenditure must be considered in Committee of the Whole.'

"That was confirmed in almost the same language by Mr. Speaker Clark on June 30, 1914. (Cannon's Precedents, section 9352.) Is there anyone here who will say that a proposition to administer, protect, and develop a park, situated in swampy ground, 2,000 square miles in extent, does not set in force a train of circumstances—

"'Destined ultimately to involve certain expenditure.'

"Is there anyone who will say that? But the Chair under the decision of the House is not permitted to exercise even that very slight degree of intelligence which would be necessary to come to such a conclusion.

"On January 6, 1927, a bridge bill was under consideration. The building of the bridge was a matter of great concern to two States. One State, the State of Oregon, was very strongly against it, and another State, the State of Washington, was very strongly in favor of it. The provision in the bill was that the work should be undertaken and estimates made, and so forth, by three different secretaries, the Secretary of War, the Secretary of Commerce, and the Secretary of Agriculture. Provision was made for the summoning of witnesses from all parts of the country. It seemed to the Chair, on that occasion, exercising that very slight degree of intelligence to which he referred, that that on the face of it was going to cost money, but in order to be perfectly sure he corresponded with the various Secretaries, and they submitted to the Chair preliminary estimates of the amount of money it was going to cost to make that investigation. It involved, they stated, a good many thousands of dollars. The Chair thus had official information from the heads of the departments undertaking the work, that a large sum of money would be necessary if the bill should become a law, and the Chair has been informed since then that very much money, many thousands of dollars, has been expended by the Government on this bridge proposition. The Chair knew as well as he knows that he is standing here to-day that that bill would create a charge on the Treasury, inevitably, but the argument used by the gentleman from Tennessee, Mr. Garrett, the former very able minority leader and an excellent parliamentarian, was apparently very appealing to the House. On that occasion (January 6, 1927, Congressional Record, pp. 1173–1179) Mr. Garrett said:

"'Mr. Speaker, take my own situation. The Chair speaks of the knowledge the Chair has of the controversy. The Chair I know is perfectly familiar with it. Now, I am not. It may be that inasmuch as there have been various publications in the papers in connection with this bill, I ought to have known more about it, but all I know of the matter, excepting what has been developed here this morning, I derive from the reading of the bill itself, from the bill only, and I dare say that every Member of the House who has not had personal knowledge touching the situation, such as naturally comes to the Chair, derives the information from the bill, and the bill does not show upon its face the fact that expenditures will be engendered.'

"The Chair finds himself in the position that in order to agree with the statement of the gentleman from Tennessee and a subsequent decision of the House in matters of this sort, he must endeavor to be a profound ignoramus; and he feels that in the face of the decision of the House which he held two years ago binding upon him he can not undertake to overrule it. However, such action as the House might see fit to take, the Chair would abide by with equanimity. The Chair overrules the point of order."

Mr. LAGUARDIA respectfully appealed from the decision of the Chair.

Mrs. OWEN moved to lay the appeal on the table.

The question being put,

Will the House lay on the table the appeal from the decision of the Chair?

On a division there appeared—yeas 59, nays 185.

So, the House refused to lay on the table the appeal from the decision of the Chair.

The question being taken viva voce,

Shall the decision of the Chair stand as the judgment of the House?

It was decided in the negative.

So, the decision of the Chair does not stand as the judgment of the House.

So, the point of order was sustained.

COMMITTEE OF THE WHOLE

A SENATE AMENDMENT WHICH IS A MODIFICATION MERELY OF A HOUSE PROPOSITION, LIKE THE INCREASE OR DECREASE OF THE AMOUNT OF AN APPROPRIATION, OR A MERE LEGISLATIVE PROPOSITION, AND DOES NOT INVOLVE NEW AND DISTINCT EXPENDITURE, IS NOT REQUIRED TO BE CONSIDERED IN THE COMMITTEE OF THE WHOLE.

On February 21, 1931, in the House, Mr. BRITTEN, by direction of the Committee on Naval Affairs, and as a matter of privilege under clause 2, Rule XXIV, called up from the Speaker's table the bill (H. R. 9676) to authorize the Secretary of the Navy to proceed with certain public works at the United States naval hospital, Washington, D. C., with the following amendments of the Senate thereto:

Page 1, line 4, strike out "construct suitable buildings for hospital purposes" and insert *replace, remodel, or extend existing structures and to construct additional buildings with the utilities, accessories, and appurtenances pertaining thereto*; line 6, strike out "$1,500,000" and insert *$3,200,000*; line 7, strike out "$250,000" and insert *$100,000*.

Page 2, after line 4, insert:

Sec. 2. The Secretary of the Navy is hereby authorized to employ, when deemed by him desirable or advantageous, by contract or otherwise, outside professional or technical services of persons, firms, or corporations to such extent as he may require for the purposes of this act, without reference to the classification act of 1923, as amended, or to section 3709 of the Revised Statutes of the United States, in addition to employees otherwise authorized and expenditures for such purpose shall be made from the naval hospital fund.

Mr. STAFFORD made the point of order that since the Senate amendments involved a charge upon the Treasury they must be considered in the Committee of the Whole House on the state of the Union, and therefore were not privileged under clause 2, Rule XXIV.

After debate,

The SPEAKER overruled the point of order and said:

"The Chair will call the gentleman's attention to a decision by Mr. Speaker Randall, found in Hinds' Precedents, Volume IV, section 4797:

"'A Senate amendment which is a modification merely of a House proposition, like the increase or decrease of the amount of an appropriation, or a mere legislative proposition, and does not involve new and distinct expenditure, is not required to be considered in Committee of the Whole.'

"The Chair thinks that in this case exactly.

* * * * * * *

"The Chair would think that language was rather restrictive than otherwise. The provision 'to construct suitable buildings for hospital purposes' is very broad authority, while the language inserted by the Senate is restrictive.

* * * * * * *

"It would seem to the Chair that an authorization to construct suitable buildings for hospital purposes would necessarily include appurtenances to make the hospital useful.

* * * * * * *

"The Chair thinks this comes under the decision made by Mr. Speaker Randall and therefore overrules the point of order."

CONFERENCE REPORTS

POINTS OF ORDER AGAINST CONFERENCE REPORTS MUST BE MADE OR RESERVED BEFORE DEBATE HAS BEEN HAD UPON THE MERITS OF THE SUBJECT MATTER INCLUDED IN THE REPORT

On March 3, 1931, the House was considering the conference report on the bill (H. R. 10672) to amend the naturalization laws in respect of posting notices of petitions for citizenship.

When, after debate,

Mr. GARNER made the point of order that the conferees had included matter in the conference report not in disagreement between the two Houses.

The SPEAKER overruled the point of order and said:

"The Chair, of course, is not familiar with the facts, but it seems to the Chair that the point of order of the gentleman from Texas would come too late, inasmuch as the matter has been debated."
