## Thoughts for the Month.

"Little self-denials, little honesties, little silent victories over favourite temptations—these are the silent threads of gold which, when woven together, gleam out so brightly in the pattern of life that God approves."

(Anonymous)

"Neglect of prayer and other spiritual exercises, like the corresponding neglect of physical exercises,

leads to loss of ability and power. True prayer re-creates spiritual vitality, just as physical recreation renews the bodily powers, but let the prayer have an 'open-air' character, and not restricted to narrow selfish petitions."

(Dr. Griffin.)
