R. 6511) to amend the air-mail laws, and to authorize the extension of the Air Mail Service, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate and agree to the same with an amendment as follows:

In lieu of the matter proposed to be inserted by the Senate amendment insert the following:

That subsection (a) of section 3 of the Act entitled "An Act to revise air-mail laws, and to establish a commission to make a report to the Congress recommending an aviation policy", approved June 12, 1934, as amended (48 Stat. 933, 1243), is amended to read as follows:

"Sec. 3. (a) The Postmaster General is authorized to award contracts for the transportation of air mail by airplane between such points as he may designate, and for initial periods of not exceeding three years, to the lowest responsible bidders tendering sufficient guaranty for faithful performance in accordance with the terms of the advertisement at fixed rates per airplane-mile: Provided, That where the Postmaster General holds that a low bidder is not responsible or qualified under this Act, such bidder shall have the right to appeal to the Comptroller General, who shall speedily determine the issue, and his decision shall be final: Provided further, That the base rate of pay which may be bid and accepted in awarding such contracts shall in no case exceed 33⅓ cents per airplane-mile for transporting a mail load not exceeding three hundred pounds. Payment for transportation shall be at the base rate fixed in the contract for the first three hundred pounds of mail or fraction thereof plus one-tenth of such base rate for each additional one hundred pounds of mail or fraction thereof, computed at the end of each calendar month on the basis of the average mail load carried per mile over the route during such month, except that in no case shall payment exceed 40 cents per airplane-mile."

Sec. 2. Subsection (c) of section 3 of such Act is amended to read as follows:

"(c) If, in the opinion of the Postmaster General, the public interest requires it, he may grant extensions of any route: Provided, That the aggregate mileage of all such extensions on any route in effect at one time shall not exceed two hundred and fifty miles, and that the rate of pay for such extensions shall not be in excess of the rate per mile fixed for the service thus extended."

Sec. 3. The first sentence of subsection (d) of section 3 of such Act is amended to read as follows:

"The Postmaster General may designate certain routes as primary or as secondary routes. He shall designate as primary routes at least three transcontinental routes, with such terminal as he may deem advisable, and, in addition thereto, such other routes as he may consider in the public interest, but no route less than seven hundred and fifty miles in length shall be designated as a primary route: Provided, That the present routes from Seattle to San Diego and from Newark (or New York, as the case may be) to Miami, Florida, may be held and regarded as other than primary routes: Provided further, That the Southern Transcontinental Route from Boston via New York (or Newark, as the case may be) and Washington to Los Angeles, shall be designated as a primary route."

Sec. 4. Subsection (f) of section 3 of an Act is amended to read as follows:

"(f) The Postmaster General shall not award contracts for air-mail routes or extend such routes in excess of an aggregate of thirty-two thousand miles, and shall not pay for air-mail transportation on such routes and extensions in excess of an annual aggregate of forty-five million airplane-miles. Subject to the foregoing, the Postmaster General shall prescribe the number and frequency of schedules, intermediate regular stops, and time of departure of all planes carrying air mail, with due regard for the volume of mail carried over each route and for connecting schedules, and he may, under such regulations as he may prescribe, authorize and, notwithstanding any other provisions of this Act, compensate for a special schedule or an extra or emergency trip in addition to any regular schedule over air-mail routes or portions thereof at the same mileage rate paid for regular schedules on the contract route or routes, or at a lesser rate if agreed to by the contractor and the Postmaster General, and he may utilize therefor any scheduled passenger or express flight of the contractor between the terminal points or over a portion of any route whenever the needs of the service may so require: Provided, That the Postmaster General may upon application by an air-mail contractor, authorize said contractor for his own convenience to transport air mail on any nonmail schedule or plane, with the understanding that the weights of mail so transported will be credited to regular mail schedules and no mileage compensation will be claimed therefor and the miles flown in such cases will not be computed in the annual aggregate of flown mileage authorized under this section."

Sec. 5. Subsection (a) of section 6 of such Act is amended to read as follows:

"Sec. 6. (a) The Interstate Commerce Commission is hereby empowered and directed, after notice and hearing, to fix and determine by order, as soon as practicable and from time to time, the fair and reasonable rates of compensation within the limitations of this Act for the transportation of air mail by airplane and the service connected therewith over each air-mail route, and over each section thereof covered by a separate contract, prescribing the method or methods by weight or space, or both, or otherwise, for ascertaining such rates of compensation, and to publish the same, which shall continue in force until changed by the said Commission after due notice and hearing, and so much of subsection (g) of section 3 of this Act as is in conflict with this section is hereby repealed."

Sec. 6. Subsection (e) of section 6 of such act is amended by adding at the end thereof the following:

"In arriving at such determination the Commission shall disregard losses resulting, in the opinion of the Commission, from the unprofitable maintenance of nonmail schedules, in cases where the Commission may find that the gross receipts from such schedules fail to meet the additional operating expense occasioned thereby. In fixing and determining such rates, if it shall be contended or alleged by the holder of an air-mail contract that the rate of compensation in force for the service involved is insufficient, the burden of establishing such insufficiency and the extent thereof shall be assumed by him. In no case shall the rates fixed and determined by the said Commission hereunder exceed the limits prescribed in section 3 (a) of this Act.

"The Commission is hereby authorized and directed, after having made a full and complete examination and audit of the books, and after having examined and carefully scrutinized all expenditures and purported expenditures, of the holders of the contracts hereinafter referred to, for goods, lands, commodities, and services, in order to determine whether or not such expenditures were fair and just, and were not improper, excessive, or collusive, in the cases of the eight air-mail contracts which are allowed, by a previous report of the Commission, the rate of 33⅓ cents per mile, under the provisions of the Act of June 12, 1934, on routes Numbered 7, 12, 13, 14, 19, 25, 27, and 32, and the Commission shall make a report to the Congress, not later than January 15, 1936, whether or not, in its judgment, a fair and reasonable rate of compensation on each of said eight contracts, under the other provisions and conditions of said Act, as herein amended, is in excess of 33⅓ cents per mile; together with full facts and reasons in detail why it recommends for or against any claim for increase."

Sec. 7. Subsection (b) of section 6 of such Act is amended to read as follows:

"(b) The Interstate Commerce Commission is hereby directed at least once in each calendar year from the date of the award of any contract to examine the books, accounts, contracts, and entire business records of the holder of each air-mail contract, and to review the rates of compensation being paid to such holder in order to be assured that no unreasonable profit is being derived or accruing therefrom, and in order to fix just rates. In determining what may constitute an unreasonable profit the said Commission shall take into consideration the income derived from the operation of airplanes over the routes affected, and in addition to the requirements of section 3 (f) of this Act, shall take into consideration all forms of expenditures of said companies in order to ascertain whether or not the expenditures have been upon a fair and reasonable basis on the part of said company and whether or not the said company has paid more than a fair and reasonable market value for the purchase or rent of planes, engines, or any other types or kind, or class, or goods, or services, including spare parts of all kinds, and whether or not the air-mail contracting company has purchased or rented any kind of goods, commodities, or services from any individuals who own stock in or are connected with the said contracting companies or has purchased such goods and services from any company or corporations in which any of the individuals employed by or owning stock in the air-mail contracting company have any interest or from which such purchase or rents any of the employees or stockholders of air-mail contracting companies would be directly or indirectly benefited. Within thirty days after a decision has been reached upon such review by the Interstate Commerce Commission touching such profit a full report thereof shall be made to the Postmaster General, to the Secretary of the United States Senate, and to the Clerk of the House of Representatives."

Sec. 8. The first sentence of subsection (c) of section 6 of such Act is amended to read as follows:

"Any contract (1) let, extended, or assigned pursuant to the provisions of this Act, and in full force and effect on March 1, 1935, or (2) which may be let subsequent to such date pursuant to the provisions of this Act and shall have been satisfactorily performed by the contractor during its full initial period, shall, from and after such date, or from and after the termination of its initial period, as the case may be, be continued in effect for an indefinite period, and compensation therefor, on and after March 1, 1935, during such period of indefinite continuance, shall be paid at the rate fixed by order of the Commission under this Act, subject to such additional conditions and terms as the Commission may prescribe, upon recommendation of the Postmaster General, which shall be consistent with the requirements and limitations contained in section 1 of this Act; but any contract so continued in

effect may be terminated by the Commission upon sixty days' notice, upon such hearing and notice thereof to interested parties as the Commission may determine to be reasonable; and may also be terminated, in whole or in part, by mutual agreement of the Postmaster General and the contractor, or for cause by the contractor upon sixty days' notice."

Sec. 9. Subsection (d) of section 7 of such Act is amended to read as follows:

"(d) No person shall be qualified to enter upon the performance of, or thereafter to hold an air-mal contract (1) if, at or after the time specified for the commencement of mail transportation under such contract, such person is (or, if a partnership, association, or corporation, has a member, officer, or director, or an employee performing general managerial duties, that is) an individual who has theretofore entered into any unlawful combination to prevent the making of any bids for carrying the mails: Provided, That whenever required by the Postmaster General or Interstate Commerce Commission the bidder shall submit an affidavit executed by the bidder, or by such of its officers, directors, or general managerial employees as the Postmaster General or Interstate Commerce Commission may designate, sworn to before an officer authorized and empowered to administer oaths, stating in such affidavit that the affiant has not entered nor proposed to enter into any combination to prevent the making of any bid for carrying the mails, nor made any agreement, or given or performed, or promised to give or perform, any consideration whatever to induce any other person to bid or not to bid for any mail contract, or (2) if it pays any officer, director, or regular employee compensation in any form, whether as salary, bonus, commission, or otherwise, at a rate exceeding $17,500 per year for full time: Provided further, That it shall be unlawful for any such officer or regular employee to draw a salary of more than $17,500 per year from any air-mail contractor, or a salary from any other company if such salary from any company makes his total compensation more than $17,500 per year."

Sec. 10. Section 10 of such Act is amended to read as follows:

" Sec. 10. All persons holding air-mail contracts shall be required to keep their books, records, and accounts under such regulations as may be promulgated by the Postmaster General, and he is hereby authorized, if and when he deems it advisable to do so, to examine and audit the books, records, and accounts of such contractors, and to require such contractors to submit full financial reports in such form and under such regulations as he may prescribe.

" Whenever an audit of the books, records, or accounts of any air-mail contractor is made by the auditors of the Interstate Commerce Commission, a full and complete report thereof shall be made to the Post Office Department within thirty days, and that report shall contain all instances in which the contractor has failed to comply with any of the provisions of the uniform system of accounts prescribed by the Post Office Department; and the Postmaster General shall, upon request, have at all times access to the records and reports of the Commission concerning air mail and air-mail contracts. There is authorized to be used from the appropriations for Contract Air Mail Service for the fiscal year ending June 30, 1936, a sum not in excess of $25,000 for the purpose of auditing the books and records of air-mail contractors by the Post Office Department."

Sec. 11. Section 13 of such act is amended to read as follows:

"Sec. 13. It shall be a condition upon the holding of any air-mail contract that the rate of compensation and the working conditions and relations for all pilots and other employees of the holder of such contract shall conform to decisions heretofore or hereafter made by the National Labor Board, or its successor in authority, notwithstanding any limitation as to the period of its effectiveness included in any such decision heretofore rendered. This section shall not be construed as restricting the right of any such employees by collective bargaining to obtain higher rates of compensation or more favorable working conditions and relations."

Sec. 12. Section 15, as amended, of such act is amended to read as follows:

"Sec. 15. After June 30, 1935, no person holding a contract or contracts for carrying air mail on a primary route shall be awarded or hold any contract for carrying air mail on any other primary route, nor on more than three additional routes other than primary routes. In case one person holds several contracts covering different sections of one air-mail route as designated by the Postmaster General, such several contracts shall be counted as one contract for the purpose of the preceding sentence. It shall be unlawful for air-mail contractors, competing in parallel routes, to merge or to enter into any agreement, express or implied, which may result in common control or ownership. After June 30, 1935, no air-mail contractor shall be allowed to maintain passenger or express service off the line of his air-mail route which in any way competes with passenger or express service available upon another air-mail route, except that off-line competitive service which has been regularly maintained on and prior to July 1, 1935, and such seasonal schedules as may have been regularly maintained during the year prior to July 1, 1935, may be continued if restricted to the number of schedules and to the stops scheduled and in effect during such period or season.

"Upon application of the Postmaster General or of any interested air-mail contractor, setting forth that the general transport business or earnings upon an air-mail route are being adversely affected by any alleged unfair practice of another air-mail contractor, or by any competitive air-transport service supplied by an air-mail contractor other than that supplied by him on the line of his prescribed air-mail route, or by any service inaugurated by him after July 1, 1935, through the scheduling of competitive nonmail flights over an air-mail route, the Interstate Commerce Commission shall, after giving reasonable notice to the air-mail contractor complained of, inquire fully into the subject matter of the allegations; and if the Commission shall find such practice or competition or any part thereof to be unfair, or that such competitive service in whole or in part is not reasonably required in the interest of public convenience and necessity, and if the Commission shall further find that in either case the receipts or expenses of an air-mail contractor are so affected thereby as to tend to increase the cost of air-mail transportation, then it shall order such practice or competitive service, or both, as the case may be, discontinued or restricted in accordance with such findings, and the respondent air-mail contractor named in the order shall comply therewith within a reasonable time to be fixed in such order. If the Commission shall find after like application, notice, and hearing that the public convenience and necessity requires additional service or schedules and such service or schedules do not tend to increase the cost of air-mail transportation, it may permit the institution and maintenance of such schedules and prescribe the frequency thereof. The compensation of any air-mail contractor shall be withheld during any period that it continues to violate any order of the Commission or any provision of this act."

Sec. 13. Section 6 of such act is hereby amended by adding at the end thereof a new subsection to read as follows:

"(f) Each holder of an air-mail contract shall file with the Interstate Commerce Commission, in such form as the Commission shall require, on July 1st and January 1st of each year, a full statement of all free transportation hereafter furnished during the preceding semiannual period to any persons, including in each case the regular tariff value thereof, the name and address of the donee, and a statement of the reason for furnishing such free transportation."

Mrs. Caraway, from the Committee on Enrolled Bills, reported that they had examined and found truly enrolled the joint resolution (S. J. Res. 167) to amend the public resolution approved June 28, 1935, entitled "Joint resolution providing for the participation of the United States in the Texas Centennial Exposition and celebrations to be held in the State of Texas during the years 1935 and 1936, and authorizing the President to invite foreign countries and nations to participate therein, and for other purposes."

The Vice President thereupon signed the same, and it was delivered to the committee to be presented to the President of the United States.

AMENDMENT OF AIR-MAIL LAWS

The Senate resumed the consideration of the report of the committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H. R. 6511) to amend the air-mail laws, and to authorize the extension of the Air Mail Service.

The question being on agreeing to the report,

Pending debate,

Mr. White raised a question of order, viz, that the conferees had exceed their authority by inserting in section 6, at the end thereof, the following language:

"And the Commission shall make a report to the Congress, not later than January 15, 1936, whether or not, in its judgment, a fair and reasonable rate of compensation on each of said eight contracts, under the other provisions and conditions of said act, as herein amended, is in excess of 33⅓ cents per mile; together with full facts and reasons in detail why it recommends for or against any claim for increase."

And by inserting in section 10, at the end thereof, the following language:

"There is authorized to be used from the appropriations for Contract Air Mail Service for the fiscal year ending June 30, 1936, a sum not in excess of $25,000 for the purpose of auditing the books and records of air-mail contractors by the Post Office Department."

After debate, by unanimous consent,

The President pro tempore, in the following language, overruled the question of order:

A point of order is made by the Senator from Maine, Mr. White, against the language in the conference report on page 3, which reads as follows:

"And the Commission shall make a report to the Congress, not later than January 15, 1936, whether or not, in its judgment, a fair and reasonable rate of compensation on each of said eight contracts, under the other provisions and conditions of said act, as herein amended, is in excess of 33⅓ cents per mile; together with full facts and reasons in detail why it recommends for or against any claim for increase."

Also, a point of order is made to the language on page 5 of the conference report, which reads:

"There is authorized to be used from the appropriations for contract air-mail service for the fiscal year ending June 30, 1936, a sum not in excess of $25,000 for the purpose of auditing the books and records of air-mail contractors by the Post Office Department."

The point of order is based on the allegation that new legislation is carried in the conference report not contained in either the Senate or House bills.

In the Senate bill this language appears with regard to the 33⅓ cents per mile:

"*Provided*, That where the Postmaster General holds that a low bidder is not responsible or qualified under this act, such bidder shall have the right to appeal to the Comptroller General, who shall speedily determine the issue, and his decision shall be final: *Provided further*, That the base rate of pay which may be bid and accepted in awarding such contracts shall in no case exceed 33⅓ cents per airplane-mile for transporting a mail load not exceeding 300 pounds. Payment for transportation shall be at the base rate fixed in the contract for the first 300 pounds of mail or fraction thereof plus one-tenth of such base rate for each additional 100 pounds of mail or fraction thereof, computed at the end of each calendar month on the basis of the average mail load carried per mile over the route during such month, except that in no case shall payment exceed 40 cents per airplane-mile."

In the House bill, in section 6 (a), as amended, this matter is provided for. The last part of that section says:

"In no case shall the rates fixed and determined by the said Commission hereunder exceed by more than 20 percent the limits prescribed in section 3 (a) of this act."

It will be observed that while this matter is treated in both the Senate and the House bills, they are at entire variance in their treatment of it. Therefore both of the sections were in conference.

Under the interpretation of the present occupant of the chair, where all after the enacting clause of a House bill is stricken out and an entirely new bill inserted by the Senate, the question arises as to whether or not the language used as a substitute for the two sections is germane and carries out the intent of both bodies with regard to such particular legislation.

As to the provision which is the subject of the last point of order—

"There is authorized to be used from the appropriations for contract air-mail service for the fiscal year ending June 30, 1936, a sum not in excess of $25,000 for the purpose of auditing the books and records of air-mail contractors by the Post Office Department—"

The Chair calls attention to the fact that the Senate bill carries no provision for auditing the books, while the House bill, in section 10, as amended, carries this provision:

"All persons holding air-mail contracts shall be required to keep their books, records, and accounts under such regulations as may be promulgated by the Postmaster General, and he is hereby authorized, if and when he deems it advisable to do so, to examine and audit the books, records, and accounts of such contractors, and to require such contractors to submit full financial reports in such form and under such regulations as he may prescribe."

That requirement is found alone in the House bill. The Senate did not have to accept that provision. If it did accept that provision, it could accept it with such conditions as it saw fit. It did accept the provision with this condition:

"There is authorized to be used from the appropriations for contract air-mail service for the fiscal year ending June 30, 1936, a sum not in excess of $25,000 for the purpose of auditing the books and records of air-mail contractors by the Post Office Department."

That addition to the House provision certainly is germane, and it is a reasonable condition to impose upon the adoption of the House provision for auditing the books.

The former provision which the Chair has discussed, which requires a report to Congress, is absolutely germane to the issue raised by the different sections of the two bills. Being germane, and the language not being identical in both bills, it was a reasonable adjustment of the differences in that particular between the two Houses.

The Chair overrules the points of order.

The conference report was then agreed to.

Ordered, That the Secretary notify the House of Representatives thereof.

Witnesses shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. In case of contumacy, failure, or refusal by any person to obey such an order, any District Court of the United States or of any Territory or possession, or the Supreme Court of the District

"SEC. 7. "SEC. 9. (a) This Act shall take effect thirty days after its approved: *Provided, however,* That—

"(c) Where proposals have been invited prior to the effective date of this Act and bids are submitted thereon containing no provisions with respect to requirements as to minimum rates of pay, maximum hours of labor, or minimum age of employees, contracts may be executed according to such proposals.

"(d) Where proposals have been invited prior to the effective date of this Act, no bid submitted in response thereto, if otherwise valid and acceptable, shall be rejected because made subject to the provisions of any code or codes of fair competition or the President's Reemployment Agreement or applicable approved substitutions therefor, if any, or any related requirements prescribed by Executive Order Numbered 6246 of August 10, 1933, as modified by Executive Order Numbered 6646 of March 14, 1934, if the bidder, with the assent of his surety, shall agree in writing that the contract, if entered into, shall, in lieu of said code provisions or other related requirements prescribed by said Executive orders, be subject to the provisions of this Act in the same manner and to the same extent as contracts made subject thereto by the provisions of this Act: *Provided,* That in such cases the compensation to be provided for in the contract shall be reduced or increased from that stated in such bid in the amount and to the extent that the contracting officer shall find the cost of performing the contract will be reduced or increased solely by reason of compliance by the contractor, subcontractor, or supplier with the requirements of such substituted provisions.

INVESTIGATION OF LOBBYING ACTIVITIES

Mr. Black, from the Special Committee on Investigation of Lobbying Activities, submitted the following report:

Your committee appointed under Senate Resolution No. 165, Seventy-fourth Congress, herewith makes a partial report in connection with the performance of its duties under the said Senate Resolution No. 165.

(1) On the 13th day of August your committee issued a summons to H. C. Hopson, a copy of which is hereto attached, marked "Exhibit A."

(2) The committee duly designated Joseph P. McCarthy to serve such summons upon H. C. Hopson, and the said J. P. McCarthy undertook to serve the said summons on August 13 in the city of Washington.

(3) The said H. C. Hopson declined to accept such summons and the said J. P. McCarthy was prevented from serving such summons upon said H. C. Hopson, and by interference from one or more persons, who were with the said H. C. Hopson, and the said H. C. Hopson taking advantage of said interference left the said McCarthy in an elevator, and getting out of the elevator ran from the elevator to a taxicab and thus escaped from the said J. P. McCarthy.

(4) One W. A. Hill, an attorney, was with the said H. C. Hopson, and the evidence showed that the said W. A. Hill physically interfered with the said J. P. McCarthy in his effort to serve said subpena. The evidence before the committee on the part of the said W. A. Hill discloses that he is the attorney for the said H. C. Hopson and that he has been in conference with the said H. C. Hopson several times during the period while the said H. C. Hopson has been sought by the representatives of the committee in an effort to serve him with a subpena.

(5) While the said W. A. Hill has denied before the committee that he actually physically interfered with the service of the subpena, evidence of the other witnesses is that the said W. A. Hill did interfere with the service of the subpena, and in addition to this said W. A. Hill admits that he attempted to orally persuade the said J. P. McCarthy that summons could not be served on the said H. C. Hopson.

(6) On today, the 14th day of August, another summons was issued to the said H. C. Hopson, an exact copy of which is hereto attached, marked "Exhibit B", and the said summons was served upon the said H. C. Hopson at 11:20 a. m., August 14. Notwithstanding the service of said summons, the said H. C. Hopson has failed, declined, and refused to appear before your committee as directed in said summons, and has failed to give any reason to the committee or any excuse for his failure so to appear.

(7) For the convenience of the Senate, there is hereto attached, marked "Exhibit C", the sworn evidence of J. P. McCarthy before the committee, and also the sworn evidence of Mr. Paul W. Anderson, Mr. Richard L. Turner, Mr. Eugene D. Lambert, and Mr. Joseph W. Shimon.

(8) The evidence further shows that the said H. C. Hopson has known that his presence was desired by your committee to testify, for a number of weeks, and that it was known to his attorney, Mr. W. A. Hill, and the committee has reached the conclusion that plans have been conceived and executed to try to prevent a summons from being served upon the said H. C. Hopson, and that the escape of the said H. C. Hopson from the service of summons has been, as hereinbefore set forth, and was a part of this plan.

(9) On account of the matters and things hereinbefore set forth, your committee believes that this Senate should order the arrest of the said H. C. Hopson and W. A. Hill and cause them to be brought before the bar of this Senate, and that the said H. C. Hopson should be required to give testimony before this committee answering such pertinent inquiries as may be made, and that this committee should order the said H. C. Hopson and W. A. Hill to show cause, if any they have, why they should not be punished for contempt of this Senate, on account of the matters and things hereinbefore set forth.

Pending debate,

On motion by Mr. Robinson, and by unanimous consent,

Ordered, That the further consideration of the report be temporarily laid aside.

Mr. Black, from the said special committee, subsequently reported the following privileged resolution (S. Res. 186), which was considered and agreed to:

Resolved, That the President of the Senate issue a citation directing H. C. Hopson and W. A. Hill to show cause, if any they have, why they should not be punished for contempt of the Senate on account of their efforts to prevent the service of process of the special Senate committee under Senate Resolution No. 165 upon H. C. Hopson and by reason of the failure and refusal of the said H. C. Hopson to appear before the said special Senate committee to give testimony in accordance with the summons served upon him on August 14.

On motion by Mr. Black, and by unanimous consent,

Ordered, That the Vice President be given the right to sign the citation, above ordered, when the Senate is not in session.

ADMINISTRATION OF SILVER PURCHASE ACT OF 1934

Mr. Pittman, by unanimous consent, submitted the following resolution (S. Res. 187), which was referred to the Committee to Audit and Control the Contingent Expenses of the Senate:

Resolved, That a special committee of five Senators, to be appointed by the President of the Senate, is authorized and directed to confer with the Secretary of the Treasury relative to the administration, and the economic and commercial effect in the United States and abroad, of the Silver Purchase Act of 1934, Public, No. 438, Seventy-third Congress, approved June 19, 1934 (48 Stat. 1178).

The said special committee, or any subcommittee thereof duly authorized by the special committee, is further authorized to hold such hearings, to sit and act at such times and places during the sessions and recesses of the Senate in the Seventy-fourth and succeeding Congresses, to employ and to call upon the executive departments for clerical and other assistants, to require by subpena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to administer such oaths, to take such testimony, and to make such expenditures as it deems advisable. The cost of stenographic services to report such hearings shall not be in excess of 25 cents per hundred words. The expenses of the committee, which shall not exceed $10,000, shall be paid from the contingent fund of the Senate, upon vouchers approved by the chairman.

The said special committee shall report to the Senate as soon as practicable the results of its investigations, together with its recommendations.

Mr. Thomas of Oklahoma, by unanimous consent, submitted the following resolution (S. Res. 188), which was referred to the Committee on Agriculture and Forestry:

Whereas in the enactment of the Emergency Farm Mortgage Act of 1933 it was provided that the President should have power to fix the weight of the silver dollar; to fix a definite ratio between the gold dollar and such silver dollar, and to provide for the unlimited coinage of silver at such ratio; and

Whereas in the enactment of the Silver Purchase Act of 1934 it was declared to be the policy of the United States that the proportion of silver to gold in the monetary stocks of the United States should be increased with the ultimate objective of having and maintaining one-fourth of the monetary value of such stocks in silver; and

Whereas in the enactment of said Silver Purchase Act it was the clear and unmistakable intent of the Congress to

89901—S J—74—1——39

make a wider use of silver in our monetary system, to the definite end that we should acquire additional silver so that our total stock of silver should equal 25 percent of our total metallic monetary stock or that we should acquire silver until the world price should be raised to at least $1.29 per ounce; and

Whereas at the time of the enactment of the said Silver Purchase Act we obligated our Government to procure additional silver to the monetary value of some $1,725,000,000, and that to date, because of our increased supply of monetary gold, the proportion of silver to gold in our total metallic monetary stock has not been substantially increased; and

Whereas unless the price of silver is increased to at least $1.29 per ounce, making the value of the quantity of metal in the standard silver dollar worth $1, such silver is no more important in our monetary system than any other token monetary metal; and

Whereas as a result of the program herein outlined the price of silver in the world market increased from approximately 47 cents per ounce until about April 1 the world price was some 81 cents per ounce; and

Whereas because of reasons not made public the world price advance of silver was checked, and since, on or about April 1, the world price has fallen until at the present time such price is approximately 66 cents per ounce, showing a total fall in the world price of silver of some 15 cents per ounce; and

Whereas the decrease in the price of silver, as hereinbefore stated, is contrary to one of the declared objectives, as stated in such Silver Purchase Act—that of raising the world price of silver to $1.29 per ounce; and

Whereas unless it shall be the policy of the United States to raise the price of silver as provided by one of the objectives stated in said Silver Purchase Act, thereby making it possible for silver to become a basic and primary monetary metal, co-equal with gold, the present policy of purchasing silver and storing same in vaults at vast expense to the Government is an unjustified and unwarranted expenditure of public funds; and

Whereas unless silver is to be made a basic and primary monetary metal, the Government already has more silver than is needed or justified for use as token money; and

Whereas it appears to be in the public interest that the United States' policy toward silver be clarified and defined to the end that, if silver is not to be made a basic and primary monetary metal, then the policy as set forth in the Silver Purchase Act of 1934 should be abrogated and repealed; and

Whereas the monetary adjustment policy of the present administration originated in the Senate Committee on Agriculture and Forestry; and

Whereas the demand for a wider use of silver in our monetary system, with the main objective being an increase in the price of silver to at least $1.29 per ounce, to the end that silver may be made into a basic and primary monetary metal, likewise originated in the said Committee on Agriculture and Forestry: Therefore be it

Resolved, That the Committee on Agriculture and Forestry be, and is hereby, authorized to investigate the activities and records of the agents of the Government in the administration of and carrying out the silver program as set forth in such Silver Purchase Act of 1934; such investigation to cover the amounts of silver purchased, the price paid, the expense incurred in administering the Silver Purchase Act, the agent or agents selected and appointed and representing the United States in making such purchases, the place where such silver was purchased, the reason or reasons for the 15-cent per ounce fall in the price of silver, the protests filed against the United States silver policy, the nature of and reasons for the opposition to such policy, and recommendations for additional legislation and for additional administrative acts; be it further

Resolved, That, for the purposes of this resolution, the committee, or any duly authorized subcommittee thereof, is authorized to hold such hearings, to sit and act at such times and places during the sessions and recesses of the Senate in the Seventy-fourth and succeeding Congresses, to employ and to call upon the executive departments for clerical and other assistants, to require by subpena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to administer such oaths, to take such testimony, and to make such expenditures as it deems advisable. The cost of stenographic services to report such hearings shall not be in excess of 25 cents per hundred words. The expenses of the committee, which shall not exceed $10,000, shall be paid from the contingent fund of the Senate, upon vouchers approved by the chairman.

OFFERING OF PRAYER ON OCTOBER 5 AND 6

Mr. Copeland (by request), by unanimous consent, submitted the following resolution (S. Res. 193):

Whereas our Nation, at its first beginnings and in our charter of independence, was established "with a firm reliance on the protection of divine Providence", and has accordingly throughout all its history acknowledged its obligation to Almighty God; and

Whereas in its conception of religious freedom it has always encouraged allegiance to the sanctities of religious faith, and from time to time in pursuance of this policy has called upon the people through Congress and the press, especially in moments of emergency and distress, to invoke the help and the blessing of God; and

Whereas in certain parts of the world there is a growing tendency in social and political life to substitute a materialistic, mechanistic, and humanistic view of the universe and human life, displacing the spiritual conception to which as a Nation we are committed; and

Whereas this Nation is now seeking a recovery that shall restore to the people their full right to abundant "life, liberty, and the pursuit of happiness"; and

Whereas important groups of representative men and women of the Catholic, Jewish, and Protestant faiths have recommended that Saturday, October 5, and Sunday, October 6, be designated as "loyalty days", on which the people shall unite their thought and prayer for the deepening of the moral and spiritual values and motives which are the foundation of any permanent and satisfactory recovery of our social life in all its aspects: Therefore be it

Resolved, That the President be requested to issue a message to the people, inviting them, in churches, synagogues, or homes, to give themselves to prayer on these days for the fulfillment of this ideal in our national and social life.

Ordered, That the resolution lie on the table.

The certified statements required to be filed with the Corporation under paragraphs (2), (3), and (4) of this subsection shall be in such form and set forth such supporting information as the board of directors shall prescribe. The assessment payments required from insured banks under paragraphs (2), (3), and (4) of this subsection shall be made in such manner and at such time or times as the board of directors shall prescribe, provided the time or times so prescribed shall not be later than sixty days after filing the certified statement setting forth the amount of the assessment. In the event that a separate Fund For Mutuals is established as provided in subsection (l), the board of directors from time to time may fix a lower assessment rate operative for such period as the board may determine which shall be applicable to insured mutual savings banks only, and the remainder of this paragraph shall not be applicable to such banks.

"(2) On or before the 15th day of July of each year, each insured bank shall file with the Corporation a certified statement under oath showing for the six months ending on the preceding June 30 the amount of the assessment base and the amount of the semiannual assessment due to the Corporation, determined in accordance with paragraph (1) of this subsection. Each insured bank shall pay to the Corporation the amount of the semiannual assessment it is required to certify. On or before the 15th day of January of each year after 1936 each insured bank shall file with the Corporation a similar certified statement for the six months ending on the preceding December 31 and shall pay to the Corporation the amount of the semiannual assessment it is required to certify.

"(3) Each bank which becomes an insured bank according to the provisions of subsection (e) or (f) of this section shall, on or before the 15th day of November 1935, file with the Corporation a certified statement under oath showing the amount of the assessment due to the Corporation for the period ending December 31, 1935, which shall be an amount equal to the product of one-third the annual assessment rate multiplied by the assessment base determined in accordance with paragraph (1) of this subsection, except that the assessment base shall be the average for the 31 days in the month of October 1935, and payment shall be made to the Corporation of the amount of the assessment so required to be certified. Each such bank shall, on or before the 15th day of January 1936, file with the Corporation a certified statement under oath showing the amount of the semiannual assessment due to the Corporation for the period ending June 30, 1936, which shall be an amount equal to the product of one-half the annual assessment rate multiplied by the assessment base determined in accordance with paragraph (1) of this subsection, except that the assessment base shall be the average for the days of the months of October, November, and December of 1935, and payment shall be made to the Corporation of the amount of the assessment so required to be certified.

"(4) Each bank which becomes an insured bank after the effective date shall be relieved from complying with the provisions of paragraph (2) of this subsection until it has operated as an insured bank for a full semiannual period ending on June 30 or December 31 as the case may be. Each such bank, on or before the forty-fifth day after its first day of operation as an insured bank, shall file with the Corporation its first certified statement which shall be under oath and shall show the amount of the assessment base determined in accordance with paragraph (1) of this subsection, except that the assessment base shall be the average for the first thirty-one calendar days it operates as an insured bank. Each such certified statement shall also show as the amount of the first assessment due to the Corporation the prorated portion (for the period between its first day of operation as an insured bank and the next succeeding last day of June or December, as the case may be) of an amount equal to the product of one-half the annual assessment rate multiplied by the base required to be set forth on its first certified statement. Each bank which becomes an insured bank after the effective date which has not operated as an insured bank for a full semiannual period ending on June 30 or December 31, as the case may be, shall, on or before the 15th day of the first month thereafter (except that banks becoming insured in June or December shall have thirty-one additional days) file with the Corporation its second certified statement under oath showing the amount of the assessment base and the amount of the semiannual assessment due to the Corporation. Such assessment base and amount shall be determined in accordance with paragraph (1) of this subsection, except that if the bank became an insured bank in the month of December or June the assessment base shall be the average for the first thirty-one calendar days it operates as an insured bank, and except that if it became an insured bank in any other month than December or June the assessment base shall be the average for

the days between its first day of operation as an insured bank and the next succeeding last day of June or December, as the case may be. Each bank required to file a certified statement under this paragraph shall pay to the Corporation the amount of the assessment the bank is required to certify.

"(5) Each bank which shall be and continue without application or approval an insured bank in accordance with the provisions of subsection (e) or (f) of this section, shall, in lieu of all right to refund (except as authorized in paragraph (3) of subsection (i)), be credited with any balance to which such bank shall become entitled upon the termination of the said Temporary Federal Deposit Insurance Fund or the Fund For Mutuals. The credit shall be applied by the Corporation toward the payment of the assessment next becoming due from such bank and upon succeeding assessments until the credit is exhausted.

"(6) Any insured bank which fails to file any certified statement required to be filed by it in connection with determining the amount of any assessment payable by the bank to the Corporation may be compelled to file such statement by mandatory injunction or other appropriate remedy in a suit brought for such purpose by the Corporation against the bank and any officer or officers thereof in any court of the United States of competent jurisdiction in the district or territory in which such bank is located.

"(7) The Corporation, in a suit brought at law or in equity in any court of competent jurisdiction, shall be entitled to recover from any insured bank the amount of any unpaid assessment lawfully payable by such insured bank to the Corporation, whether or not such bank shall have filed any such certified statement and whether or not suit shall have been brought to compel the bank to file any such statement.

"(8) Should any national member bank or any insured national nonmember bank fail to file any certified statement required to be filed by such bank under any provision of this subsection, or fail to pay any assessment required to be paid by such bank under any provision of this section, and should the bank not correct such failure within thirty days after written notice has been given by the Corporation to an officer of the bank, citing this paragraph, and stating that the bank has failed to file or pay as required by law, all the rights, privileges, and franchises of the bank granted to it under the National Bank Act or under the provisions of this Act, as amended, shall be thereby forfeited. Whether or not the penalty provided in this paragraph has been incurred shall be determined and adjudged in the manner provided in the sixth paragraph of section 2 of this Act, as amended. The remedies provided in this paragraph and in the two preceding paragraphs shall not be construed as limiting any other remedies against any insured bank, but shall be in addition thereto.

"(9) Trust funds held by an insured bank in a fiduciary capacity whether held in its trust or deposited in any other department or in another bank shall be insured in an amount not to exceed $5,000 for each trust estate, and when deposited by the fiduciary bank in another insured bank such trust funds shall be similarly insured to the fiduciary bank according to the trust estates represented. Notwithstanding any other provision of this section, such insurance shall be separate from and additional to that covering other deposits of the owners of such trust funds or the beneficiaries of such trust estates: Provided, That where the fiduciary bank deposits any of such trust funds in other insured banks, the amount so held by other insured banks on deposit shall not for the purpose of any certified statement required under paragraph (2), (3), or (4) of this subsection be considered to be a deposit liability of the fiduciary bank, but shall be considered to be a deposit liability of the bank in which such funds are so deposited by such fiduciary bank. The board of directors shall have power by regulation to prescribe the manner of reporting and of depositing such trust funds.

"(i) (1) Any insured bank (except a national member bank or State member bank) may, upon not less than ninety days' written notice to the Corporation, and to the Reconstruction Finance Corporation if it owns or holds as pledgee any preferred stock, capital notes, or debentures of such bank, terminate its status as an insured bank. Whenever the board of directors shall find that an insured bank or its directors or trustees have continued unsafe or unsound practices in conducting the business of such bank, or have knowingly or negligently permitted any of its officers or agents to violate any provision of any law or regulation to which the insured bank is subject, the board of directors shall first give to the Comptroller of the Currency in the case of a national bank or a District bank, to the authority having supervision of the bank in the case of a State bank, or to the Board of Governors of the Federal Reserve System in the case of a State member bank, a statement with respect to such practices or violations for the purpose of securing the correction thereof. Unless such correction shall be made within one hundred and twenty days or such shorter period of time as the Comptroller of the Currency, the State authority, or Board of Governors of the Federal Reserve System, as the case may be, shall require, the board of directors, if it shall determine to proceed further, shall give to the bank not less than thirty days' written notice of intention to terminate the status of the bank as an insured bank, and shall fix a time and place for a hearing before the board of directors or before a person designated by it to conduct such hearing, at which evidence may be produced, and upon such evidence the board of directors shall make written findings which shall be conclusive. Unless the bank shall appear at the hearing by a duly authorized representative, it shall be deemed to have consented to the termination of its status as an insured bank. If the board of directors shall find that any violation specified in such notice has been established, the board of directors may order that the insured status of the bank be terminated on a date subsequent to such finding and to the expiration of the time specified in such notice of intention. The Corporation may publish notice of such termination and the bank shall give notice of such termination to each of its depositors at his last address of record on the books of the bank, in such manner and at such time as the board of directors may find to be necessary and may order for the protection of depositors. After the termination of the insured status of any bank under the provisions of this paragraph, the insured deposits of each depositor in the bank on the date of such termination, less all subsequent withdrawals from any deposits of such depositor, shall continue for a period of two years to be insured, and the bank shall continue to pay to the Corporation assessments as in the case of an insured bank during such period. No additions to any such deposits and no new deposits in such bank made after the date of such termination shall be insured by the Corporation, and the bank shall not advertise or hold itself out as having insured deposits unless in the same connection it shall also state with equal prominence that such additions to deposits and new deposits made after such date are not so insured. Such bank shall, in all other respects, be subject to the duties and obligations of an insured bank for the period of two years from the date of such termination, and in the event that such bank shall be closed on account of inability to meet the demands of its depositors within such period of two years, the Corporation shall have the same powers and rights with respect to such bank as in case of an insured bank.

"(2) Whenever the insured status of a State member bank shall be terminated by action of the board of directors, the Board of Governors of the Federal Reserve System shall terminate its membership in the Federal Reserve System in accordance with the provisions of section 9 of this Act, and whenever the insured status of a national member bank shall be so terminated the Comptroller of the Currency shall appoint a receiver for the bank, which shall be the Corporation whenever the bank shall be unable to meet the demands of its depositors. Whenever a member bank shall cease to be a member of the Federal Reserve System, its status as an insured bank shall, without notice or other action by the board of directors, terminate on the date the bank shall cease to be a member of the Federal Reserve System, with like effect as if its insured status had been terminated on said date by the board of directors after proceedings under paragraph (1) of this subsection.

"(3) If any nonmember bank which becomes an insured bank under the provisions of paragraph (1) of subsection (f) of this section shall elect, within thirty days after the effective date, not to continue as an insured bank, and shall within such period give written notice to the Corporation of its election, in accordance with regulations to be prescribed by the board of directors, and to the Reconstruction Finance Corporation if it owns or holds as pledgee any preferred stock, capital notes, or debentures of such bank, it shall cease to be an insured bank and cease to be subject to the provisions of this section and the rights of the bank (including its right to any refund) shall be as provided by law existing prior to the effective date. The board of directors shall cause notice of termination of insurance to be given to the depositors of such bank by publication or otherwise as the board of directors may determine, and the deposits in such bank shall continue to be insured for twenty days beyond such thirty day period.

"(4) Whenever the liabilities of an insured bank for deposits shall have been assumed by another insured bank or banks, the insured status of the bank whose liabilities are so assumed shall terminate on the date of receipt by the Corporation of satisfactory evidence of such assumption with like effect as if its insured status had been terminated on said date by the board of directors after proceedings under paragraph (1) of this subsection: Provided, That if the bank whose liabilities are so assumed gives to its depositors notice of such assumption within thirty days after such assumption takes effect, by publication or by any reasonable means, in accordance with regulations to be prescribed by the board of directors, the insurance of its deposit sshall terminate at the end of six months from the date such assumption takes effect, and such bank shall thereupon be relieved of all future obligations to the Corporation, including the obligation to pay future assessments.

"(j) Upon the date of enactment of the Banking Act of 1933, the Corporation shall become a body corporate and as such shall have power—

"First. To adopt and use a corporate seal.

"Second. To have succession until dissolved by an Act of Congress.

"Third. To make contracts.

"Fourth. To sue and be sued, complain and defend, in any court of law or equity, State or Federal. All suits of a civil nature at common law or in equity to which the Corporation shall be a party shall be deemed to arise under the laws of the United States: Provided, That any such suit to which the Corporation is a party in its capacity as receiver of a State bank and which involves only the rights or obligations of depositors, creditors, stockholders and such State bank under State law shall not be deemed to arise under the laws of the United States. No attachment or execution shall be issued against the Corporation or its property before final judgment in any suit, action, or proceeding in any State, county, municipal, or United States court. The board of directors shall designate an agent upon whom service of process may be made in any State, Territory, or jurisdiction in which any insured bank is located.

"Fifth. To appoint by its board of directors such officers and employees as are not otherwise provided for in this section, to define their duties, fix their compensation, require bonds of them and fix the penalty thereof, and to dismiss at pleasure such officers or employees. Nothing in this or any other Act shall be construed to prevent the appointment and compensation as an officer or employee of the Corporation of any officer or employee of the United States in any board, commission, independent establishment or executive department thereof.

"Sixth. To prescribe by its board of directors, bylaws not inconsistent with law, regulating the manner in which its general business may be conducted, and the privileges granted to it by law may be exercised and enjoyed.

"Seventh. To exercise by its board of directors, or duly authorized officers or agents, all powers specifically granted by the provisions of this section and such incidental powers as shall be necessary to carry out the powers so granted.

"Eighth. To make examinations of and to require information and reports from banks, as provided in this section.

"Ninth. To act as receiver.

"Tenth. To prescribe by its board of directors such rules and regulations as it may deem necessary to carry out the provisions of this section.

"(k) (1) The board of directors shall administer the affairs of the Corporation fairly and impartially and without discrimination. The board of directors of the Corporation shall determine and prescribe the manner in which its obligations shall be incurred and its expenses allowed and paid. The Corporation shall be entitled to the free use of the United States mails in the same manner as the executive departments of the Government. The Corporation with the consent of any Federal Reserve bank or of any board, commission, independent establishment, or executive department of the Government, including any field service thereof, may avail itself of the use of information, services, and facilities thereof in carrying out the provisions of this section.

"(2) The board of directors shall appoint examiners who shall have power, on behalf of the Corporation, to examine any insured State nonmember bank (except a District bank), any State nonmember bank making application to become an insured bank, and any closed insured bank, whenever in the judgment of the board of directors an examination of the bank is necessary. Such examiners shall have like power to examine, with the written consent of the Comptroller of the Currency, any national bank or District bank, and, with the written consent of the Board of Governors of the Federal Reserve System, any State member bank. Each such examiner shall have power to make a thorough examination of all the affairs of the bank and in doing so he shall have power to administer oaths and to examine and take and preserve the testimony of any of the officers and agents thereof, and shall make a full and detailed report of the condition of the bank to the Corporation. The board of directors in like manner shall appoint claim agents who shall have power to investigate and examine all claims for insured deposits and transferred deposits. Each claim agent shall have power to administer oaths and to examine under oath and take and preserve the testimony of any persons relating to such claims. The provisions of sections 184 to 186 (both inclusive) of the Revised Statutes (U. S. C., title 5, secs. 94 to 96) are hereby extended to examinations and investigations authorized by this paragraph.

"(3) Each insured State nonmember bank (except a District bank) shall make to the Corporation reports of condition in such form and at such times as the board of directors may require. The board of directors may require such reports to be published in such manner, not inconsistent with any applicable law, as it may direct. Every such bank which fails to make or publish any such report within such time, not less than five days, as the board of directors may require, shall be subject to a penalty of not more than $100 for each day of such failure recoverable by the Corporation for its use.

"(4) The Corporation shall have access to reports of examinations made by, and reports of condition made to, the Comptroller of the Currency or any Federal Reserve bank, may accept any report made by or to any commission, board, or authority having supervision of a State nonmember bank (except a District bank), and may furnish to the Comptroller of the Currency, to any Federal Reserve bank, and to any such commission, board, or authority, reports of examinations made on behalf of, and reports of condition made to, the Corporation.

"(l) (1) The Temporary Federal Deposit Insurance Fund and the Fund For Mutuals heretofore created pursuant to the provisions of this section are hereby consolidated into a Permanent Insurance Fund for insuring deposits, and the assets therein shall be held by the Corporation for the uses and purposes of the Corporation: Provided, That the obligations to and rights of the Corporation, depositors, banks, and other persons arising out of any event or transaction prior to the effective date shall remain unimpaired. On and

after the effective date, the Corporation shall insure the deposits of all insured banks as provided in this section: Provided, That the insurance shall apply only to deposits of insured banks which have been made available since March 10, 1933, for withdrawal in the usual course of the banking business: Provided further, That if any insured bank shall, without the consent of the Corporation, release or modify restrictions on or deferments of deposits which had not been made available for withdrawal in the usual course of the banking business on or before the effective date, such deposits shall not be insured. The maximum amount of the insured deposit of any depositor shall be $5,000. The Corporation, in the discretion of the board of directors, may open on its books solely for the benefit of mutual savings banks and depositors therein a separate Fund For Mutuals. If such Fund is opened, all assessments upon mutual savings banks shall be paid into such Fund and the Permanent Insurance Fund of the Corporation shall cease to be liable for insurance losses sustained in mutual savings banks: Provided, That the capital assets of the Corporation shall be so liable and all expenses of operation of the Corporation shall be allocated between such Funds on an equitable basis.

"(2) For the purposes of this section, an insured bank shall be deemed to have been closed on account of inability to meet the demands of its depositors in any case in which it has been closed for the purpose of liquidation without adequate provision being made for payment of its depositors.

"(3) Notwithstanding any other provision of law, whenever any insured national bank or insured District bank shall have been closed by action of its board of directors, or by the Comptroller of the Currency, as the case may be, on account of inability to meet the demands of its depositors, the Comptroller of the Currency shall appoint the Corporation receiver for such closed bank, and no other person shall be appointed as receiver of such closed bank.

"(4) It shall be the duty of the Corporation as such receiver to realize upon the assets of such closed bank, having due regard to the condition of credit in the locality; to enforce the individual liability of the stockholders and directors thereof; and to wind up the affairs of such closed bank in conformity with the provisions of law relating to the liquidation of closed national banks, except as herein otherwise provided. The Corporation shall retain for its own account such portion of the amounts realized from such liquidation as it shall be entitled to receive on account of its subrogation to the claims of depositors, and it shall pay to depositors and other creditors the net amounts available for distribution to them. With respect to any such closed bank, the Corporation as such receiver shall have all the rights, powers, and privileges now possessed by or hereafter granted by law to a receiver of an insolvent national bank.

"(5) Whenever any insured State bank (except a District bank) shall have been closed by action of its board of directors or by the authority having supervision of such bank, as the case may be, on account of inability to meet the demands of its depositors, the Corporation shall accept appointment as receiver thereof, if such appointment is tendered by the authority having supervision of such bank and is authorized or permitted by State law. With respect to any such insured State bank, the Corporation as such receiver shall possess all the rights, powers, and privileges granted by State law to a receiver of a State bank.

"(6) Whenever an insured bank shall have been closed on account of inability to meet the demands of its depositors, payment of the insured deposits in such bank shall be made by the Corporation as soon as possible, subject to the provisions of paragraph (7) of this subsection, either (A) by making available to each depositor a transferred deposit in a new bank in the same community or in another insured bank in an amount equal to the insured deposit of such depositor and subject to withdrawal on demand, or (B) in such other manner as the board of directors may prescribe: Provided, That the Corporation, in its discretion, may require proof of claims to be filed before paying the insured deposits, and that in any case where the Corporation is not satisfied as to the validity of a claim for an insured deposit, it may require the final determination of a court of competent jurisdiction before paying such claim.

"(7) In the case of a closed national bank or District bank, the Corporation, upon the payment of any depositor as provided in paragraph (6) of this subsection, shall be subrogated to all rights of the depositor against the closed bank to the extent of such payment. In the case of any other closed insured bank, the Corporation shall not make any payment to any depositor until the right of the Corporation to be subrogated to the rights of such depositor on the same basis as provided in the case of a closed national bank under this section shall have been recognized either by express provision of State law, by allowance of claims by the authority having supervision of such bank, by assignment of claims by depositors, or by any other effective method. In the case of any closed insured bank, such subrogation shall include the right on the part of the Corporation to receive the same dividends from the proceeds of the assets of such closed bank and recoveries on account of stockholders' liability as would have been payable to the depositor on a claim for the insured deposit, but such depositor shall retain his claim for any uninsured portion of his deposit: Provided, That the rights of depositors and other creditors of any State bank shall be determined in accordance with the applicable provisions of State law.

"(8) As soon as possible after the closing of an insured bank, the Corporation, if it finds that it is advisable and in the interest of the depositors of the closed bank or the public, shall organize a new national bank to assume the insured deposits of such closed bank and otherwise to perform temporarily the functions hereinafter provided for. The new bank shall have its place of business in the same community as the closed bank.

"(9) The articles of association and the organization certificate of the new bank shall be executed by representatives designated by the Corporation. No capital stock need be paid in by the Corporation. The new bank shall not have a board of directors, but shall be managed by an executive officer appointed by the board of directors of the Corporation who shall be subject to its directions. In all other respects the new bank shall be organized in accordance with the then existing provisions of law relating to the organization of national banking associations. The new bank may, with the approval of the Corporation, accept new deposits which shall be subject to withdrawal on demand and which, except where the new bank is the only bank in the community, shall not exceed $5,000 from any depositor. The new bank, without application to or approval by the Corporation, shall be an insured bank and shall maintain on deposit with the Federal Reserve bank of its district reserves in the amount required by law for member banks, but it shall not be required to subscribe for stock of the Federal Reserve bank. Funds of the new bank shall be kept on hand in cash, invested in obligations of the United States, or in obligations guaranteed as to principal and interest by the United States, or deposited with the Corporation, with a Federal Reserve bank, or, to the extent of the insurance coverage thereon, with an insured bank. The new bank, unless otherwise authorized by the Comptroller of the Currency, shall transact no business except that authorized by this section and as may be incidental to its organization. Notwithstanding any other provision of law the new bank, its franchise, property, and income shall be exempt from all taxation now or hereafter imposed by the United States, by any Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority.

"(10) Upon the organization of a new bank, the Corporation shall promptly make available to it an amount equal to the estimated insured deposits of such closed bank plus the estimated amount of the expenses of operating the new bank, and shall determine as soon as possible the amount due each depositor for his insured deposit in the closed bank, and the total expenses of operation of the new bank. Upon such determination, the amounts so estimated and made available shall be adjusted to conform to the amounts so determined. Earnings of the new bank shall be paid over or credited to

the Corporation in such adjustment. If any new bank, during the period it continues its status as such, sustains any losses with respect to which it is not effectively protected except by reason of being an insured bank, the Corporation shall furnish to it additional funds in the amount of such losses. The new bank shall assume as transferred deposits the payment of the insured deposits of such closed bank to each of its depositors. Of the amounts so made available, the Corporation shall transfer to the new bank, in cash, such sums as may be necessary to enable it to meet its expenses of operation and immediate cash demands on such transferred deposits, and the remainder of such amounts shall be subject to withdrawal by the new bank on demand.

"(11) Whenever in the judgment of the board of directors it is desirable to do so, the Corporation shall cause capital stock of the new bank to be offered for sale on such terms and conditions as the board of directors shall deem advisable in an amount sufficient, in the opinion of the board of directors, to make possible the conduct of the business of the new bank on a sound basis, but in no event less than that required by section 5138 of the Revised Statutes, as amended (U. S. C., Supp. VII, title 12, sec. 51), for the organization of a national bank in the place where such new bank is located. The stockholders of the closed insured bank shall be given the first opportunity to purchase any shares of common stock so offered. Upon proof that an adequate amount of capital stock in the new bank has been subscribed and paid for in cash, the Comptroller of the Currency shall require the articles of association and the organization certificate to be amended to conform to the requirements for the organization of a national bank, and thereafter, when the requirements of law with respect to the organization of a national bank have been complied with, he shall issue to the bank a certificate of authority to commence business, and thereupon the bank shall cease to have the status of a new bank, shall be managed by directors elected by its own shareholders and may exercise all the powers granted by law, and it shall be subject to all the provisions of law relating to national banks. Such bank shall thereafter be an insured national bank, without certification to or approval by the Corporation.

"(12) If the capital stock of the new bank is not offered for sale, or if an adequate amount of capital for such new bank is not subscribed and paid for, the board of directors may offer to transfer its business to any insured bank in the same community which will take over its assets, assume its liabilities, and pay to the Corporation for such business such amount as the board of directors may deem adequate; or the board of directors in its discretion may change the location of the new bank to the office of the Corporation or to some other place or may at any time wind up its affairs as herein provided. Unless the capital stock of the new bank is sold or its assets are taken over and its liabilities are assumed by an insured bank as above provided within two years from the date of its organization, the Corporation shall wind up the affairs of such bank, after giving such notice, if any, as the Comptroller of the Currency may require, and shall certify to the Comptroller of the Currency the termination of the new bank. Thereafter the Corporation shall be liable for the obligations of such bank and shall be the owner of its assets. The provisions of sections 5220 and 5221 of the Revised Statutes (U. S. C., title 12, secs. 181 and 182) shall not apply to such new banks.

"(m) (1) The Corporation as receiver of a closed national bank or District bank shall not be required to furnish bond and shall have the right to appoint an agent or agents to assist it in its duties as such receiver, and all fees, compensation, and expenses of liquidation and administration thereof shall be fixed by the Corporation, subject to the approval of the Comptroller of the Currency, and may be paid by it out of funds coming into its possession as such receiver. The Comptroller of the Currency is authorized and empowered to waive and relieve the Corporation from complying with any regulations of the Comptroller of the Currency with respect to receiverships where in his discretion such action is deemed advisable to simplify administration.

"(2) Payment of an insured deposit to any person by the Corporation shall discharge the Corporation, and payment of a transferred deposit to any person by the new bank or by an insured bank in which a transferred deposit has been made available shall discharge the Corporation and such new bank or other insured bank, to the same extent that payment to such person by the closed bank would have discharged it from liability for the insured deposit.

"(3) Except as otherwise prescribed by the board of directors, neither the Corporation nor such new bank or other insured bank shall be required to recognize as the owner of any portion of a deposit appearing on the records of the closed bank under a name other than that of the claimant, any person whose name or interest as such owner is not disclosed on the records of such closed bank as part owner of said deposit, if such recognition would increase the aggregate amount of the insured deposits in such closed bank.

"(4) The Corporation may withhold payment of such portion of the insured deposit of any depositor in a closed bank as may be required to provide for the payment of any liability of such depositor as a stockholder of the closed bank, or of any liability of such depositor to the closed bank or its receiver, which is not offset against a claim due from such bank, pending the determination and payment of such liability by such depositor or any other person liable therefor.

"(5) If, after the Corporation shall have given at least three months' notice to the depositor by mailing a copy thereof to his last known address appearing on the records of the closed bank, any depositor in the closed bank shall fail to claim his insured deposit from the Corporation within eighteen months after the appointment of the receiver for the closed bank, or shall fail within such period to claim or arrange to continue the transferred deposit with the new bank or with the other insured bank which assumes liability therefor, all rights of the depositor against the Corporation with respect to the insured deposit, and against the new bank and such other insured bank with respect to the transferred deposit, shall be barred, and all rights of the depositor against the closed bank and its shareholders, or the receivership estate to which the Corporation may have become subrogated, shall thereupon revert to the depositor. The amount of any transferred deposits not claimed within such eighteen months' period, shall be refunded to the Corporation.

"(n) (1) Money of the Corporation not otherwise employed shall be invested in obligations of the United States or in obligations guaranteed as to principal and interest by the United States, except that for temporary periods, in the discretion of the board of directors, funds of the Corporation may be deposited in any Federal Reserve bank or with the Treasurer of the United States. When designated for that purpose by the Secretary of the Treasury, the Corporation shall be a depositary of public moneys, except receipts from customs, under such regulations as may be prescribed by the said Secretary, and may also be employed as a financial agent of the Government. It shall perform all such reasonable duties as depositary of public moneys and financial agent of the Government as may be required of it.

"(2) Nothing contained in this section shall be construed to prevent the Corporation from making loans to national banks closed by action of the Comptroller of the Currency, or by vote of their directors, or to State member banks closed by action of the appropriate State authorities, or by vote of their directors, or from entering into negotiations to secure the reopening of such banks.

"(3) Receivers or liquidators of insured banks closed on account of inability to meet the demands of their depositors shall be entitled to offer the assets of such banks for sale to the Corporation or as security for loans from the Corporation, upon receiving permission from the appropriate State authority in accordance with express provisions of State law in the case of insured State banks, or from the Comptroller of the Currency in the case of national banks or District banks. The proceeds of every such sale or loan shall be utilized for the same purposes and in the same manner as other funds realized from the liquidation of the assets of such

banks. The Comptroller of the Currency may, in his discretion, pay dividends on proved claims at any time after the expiration of the period of advertisement made pursuant to section 5235 of the Revised Statutes (U. S. C., title 12, sec. 193), and no liability shall attach to the Comptroller of the Currency or to the receiver of any national bank by reason of any such payment for failure to pay dividends to a claimant whose claim is not proved at the time of any such payment. The Corporation, in its discretion, may make loans on the security of or may purchase and liquidate or sell any part of the assets of an insured bank which is now or may hereafter be closed on account of inability to meet the demands of its depositors, but in any case in which the Corporation is acting as receiver of a closed insured bank, no such loan or purchase shall be made without the approval of a court of competent jurisdiction.

"(4) Until July 1, 1936, whenever in the judgment of the board of directors such action will reduce the risk or avert a threatened loss to the Corporation and will facilitate a merger or consolidation of an insured bank with another insured bank, or will facilitate the sale of the assets of an open or closed insured bank to and assumption of its liabilities by another insured bank, the Corporation may, upon such terms and conditions as it may determine, make loans secured in whole or in part by assets of an open or closed insured bank, which loans may be in subordination to the rights of depositors and other creditors, or the Corporation may purchase any such assets or may guarantee any other insured bank against loss by reason of its assuming the liabilities and purchasing the assets of an open or closed insured bank. Any insured national bank or District bank, or, with the approval of the Comptroller of the Currency, any receiver thereof, is authorized to contract for such sales or loans and to pledge any assets of the bank to secure such loans.

"(o) (1) The Corporation is authorized and empowered to issue and to have outstanding its notes, debentures, bonds, or other such obligations, in a par amount aggregating not more than three times the amount received by the Corporation in payment of its capital stock and in payment of the assessments upon insured banks for the year 1936. The notes, debentures, bonds, and other such obligations issued under this subsection shall be redeemable at the option of the Corporation before maturity in such manner as may be stipulated in such obligations, and shall bear such rate or rates of interest, and shall mature at such time or times as may be determined by the Corporation: Provided, That the Corporation may sell on a discount basis short-term obligations payable at maturity without interest. The notes, debentures, bonds, and other such obligations of the Corporation may be secured by assets of the Corporation in such manner as shall be prescribed by its board of directors. Such obligations may be offered for sale at such price or prices as the Corporation may determine.

"(2) The Secretary of the Treasury, in his discretion, is authorized to purchase any obligations of the Corporation to be issued hereunder, and for such purpose the Secretary of the Treasury is authorized to use as a public-debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under the Second Liberty Bond Act, as amended, are extended to include such purchases: Provided, That if the Reconstruction Finance Corporation fails for any reason to purchase any of the obligations of the Corporation as provided in subsection (b) of section 5e of the Reconstruction Finance Corporation Act, as amended, the Secretary of the Treasury is authorized and directed to purchase such obligations in an amount equal to the amount of such obligations the Reconstruction Finance Corporation so fails to purchase: Provided further, That the Secretary of the Treasury is authorized and directed, whenever in the judgment of the board of directors of the Corporation additional funds are required for insurance purposes, to purchase obligations of the Corporation in an additional amount of not to exceed $250,000,000 par value: Provided further, That the proceeds derived from the purchase by the Secretary of the Treasury of any such obligations shall be used by the Corporation solely in carrying out its functions with respect to such insurance. The Secretary of the Treasury may, at any time, sell any of the obligations of the Corporation acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of the obligations of the Corporation shall be treated as public-debt transactions of the United States.

"(p) All notes, debentures, bonds, or other such obligations issued by the Corporation shall be exempt, both as to principal and interest, from all taxation (except estate and inheritance taxes) now or hereafter imposed by the United States, by any Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority. The Corporation, including its franchise, its capital, reserves, and surplus, and its income, shall be exempt from all taxation now or hereafter imposed by the United States, by any Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority, except that any real property of the Corporation shall be subject to State, Territorial, county, municipal, or local taxation to the same extent according to its value as other real property is taxed.

"(q) In order that the Corporation may be supplied with such forms of notes, debentures, bonds, or other such obligations as it may need for issuance under this Act, the Secretary of the Treasury is authorized to prepare such forms as shall be suitable and approved by the Corporation, to be held in the Treasury subject to delivery, upon order of the Corporation. The engraved plates, dies, bed pieces, and other material executed in connection therewith shall remain in the custody of the Secretary of the Treasury. The Corporation shall reimburse the Secretary of the Treasury for any expenses incurred in the preparation, custody, and delivery of such notes, debentures, bonds, or other such obligations.

"(r) The Corporation shall annually make a report of its operations to the Congress as soon as practicable after the 1st day of January in each year.

"(s) Whoever, for the purpose of obtaining any loan from the Corporation, or any extension or renewal thereof, or the acceptance, release, or substitution of security therefor, or for the purpose of inducing the Corporation to purchase any assets, or for the purpose of obtaining the payment of any insured deposit or transferred deposit or the allowance, approval, or payment of any claim, or for the purpose of influencing in any way the action of the Corporation under this section, makes any statement, knowing it to be false, or willfully overvalues any security, shall be punished by a fine of not more than $5,000, or by imprisonment for not more than two years, or both.

"(t) Whoever (1) falsely makes, forges, or counterfeits any obligation or coupon, in imitation of or purporting to be an obligation or coupon issued by the Corporation, or (2) passes, utters, or publishes, or attempts to pass, utter, or publish, any false, forged, or counterfeited obligation or coupon purporting to have been issued by the Corporation, knowing the same to be false, forged, or counterfeited, or (3) falsely alters any obligation or coupon issued or purporting to have been issued by the Corporation, or (4) passes, utters, or publishes, or attempts to pass, utter, or publish, as true, any falsely altered or spurious obligation or coupon, issued or purporting to have been issued by the Corporation, knowing the same to be falsely altered or spurious, shall be punished by a fine of not more than $10,000, or by imprisonment for not more than five years, or both.

"(u) Whoever, being connected in any capacity with the Corporation, (1) embezzles, abstracts, purloins, or willfully misapplies any moneys, funds, securities, or other things of value, whether belonging to it or pledged, or otherwise entrusted to it, or (2) with intent to defraud the Corporation or any other body, politic or corporate, or any individual, or to deceive any officer, auditor, or examiner of the Corporation, makes any false entry in any book, report, or statement of or to the Corporation, or without being duly authorized draws any order or issues, puts forth, or assigns any note, debenture, bond, or other such obligation, or draft, bill of exchange, mortgage, judgment, or decree thereof, shall be punished by a fine of not more than $10,000, or by imprisonment for not more than five years, or both.

"(v) (1) No individual, association, partnership, or corporation shall use the words 'Federal Deposit Insurance Corporation', or a combination of any three of these four words, as the name or a part thereof under which he or it shall do business. No individual, association, partnership, or corporation shall advertise or otherwise represent falsely by any device whatsoever that his or its deposit liabilities are insured or in anywise guaranteed by the Federal Deposit Insurance Corporation or by the United States or any instrumentality thereof; and no insured bank shall advertise or otherwise represent falsely by any device whatsoever the extent to which or the manner in which its deposit liabilities are insured by the Federal Deposit Insurance Corporation. Every individual, partnership, association, or corporation violating this subsection shall be punished by a fine of not exceeding $1,000, or by imprisonment not exceeding one year, or both.

"(2) Every insured bank shall display at each place of business maintained by it a sign or signs, and shall include in advertisements relating to deposits a statement to the effect that its deposits are insured by the Corporation. The board of directors shall prescribe by regulation the forms of such signs and the manner of display and the substance of such statements and the manner of use. For each day an insured bank continues to violate any provision of this paragraph or any lawful provision of said regulations, it shall be subject to a penalty of not more than $100, recoverable by the Corporation for its use.

"(3) No insured bank shall pay any dividends on its capital stock or interest on its capital notes or debentures (if such interest is required to be paid only out of net profits) while it remains in default in the payment of any assessment due to the Corporation; and any director or officer of any insured bank who participates in the declaration or payment of any such dividend shall, upon conviction, be fined not more than $1,000, or imprisoned not more than one year, or both: Provided, That if such default is due to a dispute between the insured bank and the Corporation over the amount of such assessment, this paragraph shall not apply, if such bank shall deposit security satisfactory to the Corporation for payment upon final determination of the issue.

"(4) Unless, in addition to compliance with other provisions of law, it shall have the prior written consent of the Corporation, no insured bank shall enter into any consolidation or merger with any noninsured bank, or assume liability to pay any deposits made in any noninsured bank, or transfer assets to any noninsured bank in consideration of the assumption of liability for any portion of the deposits made in such insured bank, and no insured State nonmember bank (except a District bank) without such consent shall reduce the amount or retire any part of its common or preferred capital stock, or retire any part of its capital notes or debentures.

"(5) No State nonmember insured bank (except a District bank) shall establish and operate any new branch after thirty days after the effective date unless it shall have the prior written consent of the Corporation, and no branch of any State nonmember insured bank shall be moved from one location to another after thirty days after the effective date without such consent. The factors to be considered in granting or withholding the consent of the Corporation under this paragraph shall be those enumerated in subsection (g) of this section.

"(6) The Corporation may require any insured bank to provide protection and indemnity against burglary, defalcation, and other similar insurable losses. Whenever any insured bank refuses to comply with any such requirement the Corporation may contract for such protection and indemnity and add the cost thereof to the assessment otherwise payable by such bank.

"(7) Whenever any insured bank (except a national bank or a District bank), after written notice of the recommendations of the Corporation based on a report of examination of such bank by an examiner of the Corporation, shall fail to comply with such recommendations within one hundred and twenty days after such notice, the Corporation shall have the power, and is hereby authorized, to publish only such part of such report of examination as relates to any recommendation not complied with: Provided, That notice of intention to make such publication shall be given to the bank at least ninety days before such publication is made.

"(8) The board of directors shall by regulation prohibit payment of interest on demand deposits in insured nonmember banks and for such purpose it may define the term 'demand deposits'; but such exceptions from this prohibition shall be made as are now or may hereafter be prescribed with respect to deposits payable on demand in member banks by section 19 of this Act, as amended, or by regulation of the Board of Governors of the Federal Reserve System. The board of directors shall from time to time limit by regulation the rates of interest or dividends which may be paid by insured nonmember banks on time and savings deposits, but such regulations shall be consistent with the contractual obligations of such banks to their depositors. For the purpose of fixing such rates of interest or dividends, the board of directors shall by regulation prescribe different rates for such payment on time and savings deposits having different maturities, or subject to different conditions respecting withdrawal or repayment, or subject to different conditions by reason of different locations, or according to the varying discount rates of member banks in the several Federal Reserve districts. The board of directors shall by regulation define what constitutes time and savings deposits in an insured nonmember bank. Such regulations shall prohibit any insured nonmember bank from paying any time deposit before its maturity except upon such conditions and in accordance with such rules and regulations as may be prescribed by the board of directors, and from waiving any requirement of notice before payment of any savings deposit except as to all savings deposits having the same requirement. For each violation of any provision of this paragraph or any lawful provision of such regulations relating to the payment of interest or dividends on deposits or to withdrawal of deposits, without such consent.. The factors to be considered in granting or withholding the consent of the Corporation under this paragraph shall be those enumerated in subsection (g) of this section.

"(9) The Corporation may require any insured bank to provide protection and indemnity against burglary, defalcation, and other similar insurable losses. Whenever any insured bank refuses to comply with any such requirement the Corporation may contract for such protection and indemnity and add the cost thereof to the assessment otherwise payable by such bank.

"(10) Whenever any insured bank (except a national bank or a District bank), after written notice of the recommendations of the Corporation based on a report of examination of such bank by an examiner of the Corporation, shall fail to comply with such recommendations within one hundred and twenty days after such notice, the Corporation shall have the power, and is hereby authorized, to publish only such part of such report of examination as relates to any recommendation not complied with: Provided, That notice of intention to make such publication shall be given to the bank at least ninety days before such publication is made.

"(w) The provisions of sections 112, 113, 114, 115, 116, and 117 of the Criminal Code of the United States (U. S. C., title 18, ch. 5, secs. 202 to 207, inclusive), insofar as applicable, are extended to apply to contracts or agreements with the Corporation under this section, which for the purposes hereof shall be held to include loans, advances, extensions, and renewals thereof, and acceptances, releases, and substitutions of security therefor, purchases or sales of assets, and all contracts and agreements pertaining to the same.

"(x) The Secret Service Division of the Treasury Department is authorized to detect, arrest, and deliver into the custody of the United States marshal having jurisdiction any person committing any of the offenses punishable under this section.

"(y) (1) No State bank which during the calendar year 1941 or any succeeding calendar year shall have average deposits of $1,000,000 or more shall be an insured bank or continue to have any part of its deposits insured after July 1 of the year following any such calendar year during which it shall have had such amount of average deposits, unless such bank shall be a member of the Federal Reserve System: Provided, That for the purposes of this paragraph the term 'State bank' shall not include a savings bank, a mutual savings bank, a Morris Plan bank or other incorporated banking institution engaged only in a business similar to that transacted by Morris Plan banks, a State trust company doing no commercial banking business, or a bank located in Hawaii, Alaska, Puerto Rico, or the Virgin Islands.

"(2) It is not the purpose of this section to discriminate in any manner, against State nonmember, and in favor of, national or member banks; but the purpose is to provide all banks with the same opportunity to obtain and enjoy the benefits of this section. No bank shall be discriminated

against because its capital stock is less than the amount required for eligibility for admission into the Federal Reserve System.

"(2) The provisions of this section limiting the insurance of the deposits of any depositor to a maximum less than the full amount shall be independent and separable from each and all of the provisions of this section."

TITLE II—AMENDMENTS TO THE FEDERAL RESERVE ACT

"Fifth. To appoint by its board of directors a president, vice presidents, and such officers and employees as are not otherwise provided for in this Act, to define their duties, require bonds for them and fix the penalty thereof, and to dismiss at pleasure such officers or employees. The president shall be the chief executive officer of the bank and shall be appointed by the board of directors, with the approval of the Board of Governors of the Federal Reserve System, for a term of five years; and all other executive officers and all employees of the bank shall be directly responsible to him. The first vice president of the bank shall be appointed in the same manner and for the same term as the president, and shall, in the absence or disability of the president or during a vacancy in the office of president, serve as chief executive officer of the bank. Whenever a vacancy shall occur in the office of the president or the first vice president, it shall be filled in the manner provided for original appointments; and the person so appointed shall hold office until the expiration of the term of his predecessor."

Sec. 202. Section 9 of the Federal Reserve Act, as amended, is amended by inserting after the tenth paragraph thereof the following new paragraph:

"In order to facilitate the admission to membership in the Federal Reserve System of any State bank which is required under subsection (y) of section 12B of this Act to become a member of the Federal Reserve System in order to be an insured bank or continue to have any part of its deposits insured under such section 12B, the Board of Governors of the Federal Reserve System may waive in whole or in part the requirements of this section relating to the admission of such bank to membership: Provided, That, if such bank is admitted with a capital less than that required for the organization of a national bank in the same place and its capital and surplus are not, in the judgment of the Board of Governors of the Federal Reserve System, adequate in relation to its liabilities to depositors and other creditors, the said Board may, in its discretion, require such bank to increase its capital and surplus to such amount as the Board may deem necessary within such period prescribed by the Board as in its judgment shall be reasonable in view of all the circumstances: Provided, however, That no such bank shall be required to increase its capital to an amount in excess of that required for the organization of a national bank in the same place."

Sec. 203. (a) Hereafter the Federal Reserve Board shall be known as the "Board of Governors of the Federal Reserve System", and the governor and the vice governor of the Federal Reserve Board shall be known as the "chairman" and the "vice chairman", respectively, of the Board of Governors of the Federal Reserve System.

In selecting the members of the Board, not more than one of whom shall be selected from any one Federal Reserve district, the President shall have due regard to a fair representation of the financial, agricultural, industrial, and commercial interests, and geographical divisions of the country. The members of the Board shall devote their entire time to the business of the Board and shall each receive an annual salary of $15,000, payable monthly, together with actual necessary traveling expenses.

"The members of the Board shall be ineligible during the time they are in office and for two years thereafter to hold any office, position, or employment in any member bank, except that this restriction shall not apply to a member who has served the full term for which he was appointed. Upon the expiration of the term of any appointive member of the Federal Reserve Board in office on the date of enactment of the Banking Act of 1935, the President shall fix the term of the successor to such member at not to exceed fourteen years, as designated by the President at the time of nomination, but in such manner as to provide for the expiration of the term of not more than one member in any two-year period, and thereafter each member shall hold office for a term of fourteen years from the expiration of the term of his predecessor, unless sooner removed for cause by the President. Of the persons thus appointed, one shall be designated by the President as chairman and one as vice chairman of the Board, to serve as such for a term of four years. The chairman of the Board, subject to its supervision, shall be its active executive officer. Each member of the Board shall within fifteen days after notice of appointment make and subscribe to the oath of office. Upon the expiration of their terms of office, members of the Board shall continue to serve until their successors are appointed and have qualified. Each such note shall bear interest at a rate not less than one-half of 1 per centum per annum higher than the highest discount rate in effect at such Federal Reserve bank on the date of such note."

Sec. 205. Section 12A of the Federal Reserve Act, as amended, is amended, effective March 1, 1936, to read as follows:

An alternate to serve in the absence of each such representative shall be elected annually in the same manner. The meetings of said Committee shall be held at Washington, District of Columbia, at least four times each year upon the call of the chairman of the Board of Governors of the Federal Reserve System or at the request of any three members of the Committee.

"(b) No Federal Reserve bank shall engage or decline to engage in open-market operations under section 14 of this Act except in accordance with the direction of and regulations adopted by the Committee. S. C., title 12, sec. 24; Supp. VII, title 12, sec. 24): Provided further, That nothing in this paragraph shall be construed as affecting in any way such right as any bank, banking association, savings bank, trust company, or other banking institution, may otherwise possess to sell, without recourse or agree-

ment to repurchase, obligations evidencing loans on real estate".

Sec. 306. Section 4 of the Act entitled "An Act to amend section 12B of the Federal Reserve Act so as to extend for one year the temporary plan for deposit insurance, and for other purposes", approved June 16, 1934 (48 Stat. 969), is amended to read as follows:

C., Supp. VII, title 12, sec. 24), is amended to read as follows: "The business of dealing in securities and stock by the association shall be limited to purchasing and selling such securities and stock without recourse, solely upon the order, and for the account of, customers, and in no case for its own account, and the association shall not underwrite any issue of securities or stock: Provided, That the association may purchase for its own account investment securities under such limitations and restrictions as the Comptroller of the Currency may by regulation prescribe. In no event shall the total amount of the investment securities of any one obligor or maker, held by the association for its own account, exceed at any time 10 per centum of its capital stock actually paid in and unimpaired and 10 per centum of its unimpaired surplus fund, except that this limitation shall not require any association to dispose of any securities lawfully held by it on the date of enactment of the Banking Act of 1935."

(b) The fourth sentence of such paragraph Seventh is amended to read as follows: "Except as hereinafter provided or otherwise permitted by law, nothing herein contained shall authorize the purchase by the association for its own account of any shares of stock of any corporation."

In any such case the converted State bank shall be obligated to transfer to surplus the amount so paid into such retirement fund for such period on account of the preferred stock as such stock is retired."

Sec. 310. (a) The last paragraph of section 5139 of the Revised Statutes, as amended (U. S. C., Supp. VII, title 12, sec. 52), is amended to read as follows:

"After the date of the enactment of the Banking Act of 1935, no certificate evidencing the stock of any such association shall bear any statement purporting to represent the stock of any other corporation, except a member bank or a corporation engaged on June 16, 1934, in holding the bank premises of such association, nor shall the ownership, sale, or transfer of any certificate representing the stock of any such association be conditioned in any manner whatsoever upon the ownership, sale, or transfer of a certificate representing the stock of any other corporation, except a member bank or a corporation engaged on June 16, 1934, in holding the bank premises of such association: Provided, That this section shall not operate to prevent the ownership, sale, or transfer of stock of any other corporation being conditioned upon the ownership, sale, or transfer of a certificate representing stock of a national banking association."

(b) The nineteenth paragraph of section 9 of the Federal Reserve Act, as amended, is amended to read as follows:

"After the date of the enactment of the Banking Act of 1935, no certificate evidencing the stock of any State member bank shall bear any statement purporting to represent the stock of any other corporation, except a member bank or a corporation engaged on June 16, 1934, in holding the bank premises of such member bank, nor shall the ownership, sale, or transfer of any certificate representing the stock of any State member bank be conditioned in any manner whatsoever upon the ownership, sale, or transfer of a certificate representing the stock of any other corporation, except a member bank or a corporation engaged on June 16, 1934, in holding the bank premises of such member bank: Provided, That this section shall not operate to prevent the ownership, sale, or transfer of stock of any other corporation being conditioned upon the ownership, sale, or transfer of a certificate representing stock of a State member bank."

"Sec. 5144. In all elections of directors, each shareholder shall have the right to vote the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such shares and give one candidate as many votes as the number of directors multiplied by the number of his shares shall equal, or to distribute them on the same principle among as many candidates as he shall think fit; and in deciding all other questions at meetings of shareholders, each shareholder shall be entitled to one vote on each share of stock held by him; except that (1) this shall not be construed as limiting the voting rights of holders of preferred stock under the terms and provisions of articles of association, or amendments thereto, adopted pursuant to the provisions of section 302 (a) of the Emergency Banking and Bank Conservation Act, approved March 9, 1933, as amended, (2) in the election of directors, shares of its own stock held by a national bank as sole trustee, whether registered in its own name as such trustee or in the name of its nominee, shall not be voted by the registered owner unless under the terms of the trust the manner in which such shares shall be voted may be determined by a donor or beneficiary of the trust and unless such donor or beneficiary actually directs how such shares shall be voted, (3) shares of its own stock held by a national bank and one or more persons as trustees may be voted by such other person or persons, as trustees, in the same manner as if he or they were the sole trustee, and (4) shares controlled by any holding company affiliate of a national bank shall not be voted unless such holding company affiliate shall have first obtained a voting permit as hereinafter provided, which permit is in force at the time such shares are voted, but such holding company affiliate may, without obtaining such permit, vote in favor of placing the association in voluntary liquidation or taking any other action pertaining to the voluntary liquidation of such association. Shareholders may vote by proxies duly authorized in writing; but no officer, clerk, teller, or bookkeeper of such bank shall act as proxy; and no shareholder whose liability is past due and unpaid shall be allowed to vote. Whenever shares of stock cannot be voted by reason of being held by the bank as sole trustee, such shares shall be excluded in determining whether matters voted upon by the shareholders were adopted by the requisite percentage of shares."

(b) The first sentence of the third paragraph of such section 5144 is amended to read: "Any such holding company affiliate may make application to the Board of Governors of the Federal Reserve System for a voting permit entitling it to vote the stock controlled by it at any or all meetings of shareholders of such bank or authorizing the trustee or trustees holding the stock for its benefit or for the benefit of its shareholders so to vote the same."

(c) Section 5144 of the Revised Statutes, as amended, is further amended by adding at the end of subsection (c) thereof the following: "and the provisions of this subsection, instead of subsection (b), shall apply to all holding company affiliates with respect to any shares of bank stock owned or controlled by them as to which there is no statutory liability imposed upon the holders of such bank stock;".

If any executive officer of any member bank borrow from or if he be or become indebted to any bank other than a member bank of which he is an executive officer, he shall make a written report to the board of directors of the member bank of which he is an executive officer, stating the date and amount of such loan or indebtedness, the security therefor, and the purpose for which the proceeds have been or are to be used. Borrowing by, or loaning to, a partnership in which one or more executive officers of a member bank are partners having either individually or together a majority interest in said partnership, shall be considered within the prohibition of this subsection. Nothing contained in this subsection shall prohibit any executive officer of a member bank from endorsing or guaranteeing for the protection of such bank any loan or other asset which shall have been previously acquired by such bank in good faith or from incurring any indebtedness to such bank for the purpose of protecting such bank against loss or giving financial assistance to it. The Board of Governors of the Federal Reserve System is authorized to define the term 'executive officer', to determine what shall be deemed to be a borrowing, indebtedness, loan, or extension of credit, for the purposes of this subsection, and to prescribe such rules and regulations as it may deem necessary to effectuate the provisions of this subsection in accordance with its purposes and to prevent evasions of such provisions. Any executive officer of a member bank accepting a loan or extension of credit which is in violation of the provisions of this subsection shall be subject to removal from office in the manner prescribed in section 30 of the Banking Act of 1933: Provided, That for each day that a loan or extension of credit made in violation of this subsection exists, it shall be deemed to be a continuation of such violation within the meaning of said section 30."

The provisions of this section shall likewise not apply to indebtedness of any affiliate for unpaid balances due a bank on assets purchased from such bank or to loans secured by, or extensions of credit against, obligations of the United States or obligations fully guaranteed by the United States as to principal and interest."

That the House recede from its disagreement to the amendment of the Senate and agree to the same with an amendment as follows: In lieu of the matter proposed to be inserted by the Senate amendment insert the following:

That the first sentence of section 1 of the act entitled "An act to stop injury to the public grazing lands by preventing overgrazing and soil deterioration, to provide for their orderly use, improvement, and development, to stabilize the livestock industry dependent upon the public range, and for other purposes", approved June 28, 1934, is amended by striking out the words "eighty million" and inserting in lieu thereof the words "one hundred and forty-two million."

Sec. 2. Section 7 of such act is amended to read as follows:

"Sec. 7. That the Secretary of the Interior is hereby authorized, in his discretion, to examine and classify any lands withdrawn or reserved by Executive orders of November 26, 1934 (numbered 6910), February 5, 1935 (numbered 6964), and May 20, 1935 (numbered 7048), or within a grazing district, which are more valuable or suitable for the production of agricultural crops than for the production of native

grasses and forage plants, or more valuable or suitable for any other use than for the use provided for under this act, and to open such lands to entry, selection, or location for disposal in accordance with such classification under applicable public-land laws, except that homestead entries shall not be allowed for tracts exceeding three hundred and twenty acres in area. Such lands shall not be subject to disposition, settlement, or occupation until after the same have been classified and opened to entry: Provided, That locations and entries under the mining laws, including the act of February 25, 1920, as amended, may be made upon such withdrawn and reserved areas without regard to classification and without restrictions or limitation by any provision of this act. Where such lands are located within grazing districts reasonable notice shall be given by the Secretary of the Interior to any grazing permittee of such lands. The applicant, after his entry, selection, or location is allowed, shall be entitled to the possession and use of such lands: Provided, That upon the application of any applicant qualified to make entry, selection, or location, under the public-land laws, filed in the land office of the proper district, the Secretary of the Interior shall cause any tract to be classified, and such application, if allowed by the Secretary of the Interior, shall entitle the applicant to a preference right to enter, select, or locate such lands if opened to entry as herein provided."

Sec. 3. Section 8 of such act is amended to read as follows:

"Sec. 8. That where such action will promote the purposes of the district or facilitate its administration, the Secretary is authorized and directed to accept on behalf of the United States any lands within the exterior boundaries of a district as a gift, or, when public interests will be benefited thereby and such action will promote the consolidation of the land holdings of any owner, he is authorized and directed to accept on behalf of the United States title to any privately owned lands within or without the boundaries of said grazing district, and in exchange therefor to issue patent for not to exceed an equal value of surveyed grazing district land or of unreserved surveyed public land in the same State or within a distance of not more than fifty miles within the adjoining State nearest the base lands."

Sec. 4. Such act is amended by adding the following new section:

"Sec. 8–A. Upon application of any State to exchange lands within or without the boundaries of a grazing district the Secretary of the Interior shall and is hereby directed to proceed with such exchange at the earliest practicable date in the manner now provided by law for the exchange of lands with the States and to cooperate fully with the States to that end, but no State shall be permitted to select lieu lands in another State. In making such exchange the United States shall patent to such State an equal value of surveyed grazing land or of unreserved surveyed public land. Areas and values of unsurveyed lands within or without grazing districts may be approximated by protraction or otherwise for the purpose of effecting exchanges of State lands. No State, however, shall select public lands within a grazing district in furtherance of any exchange except for the purpose of consolidating its land holdings located in such area. No fee shall be charged the State for any exchange of land made under this act except one-half of the cost of publishing notice of a proposed exchange as herein provided.

"Before any such exchange under this section or under section 8 hereof shall be effected notice of the contemplated exchange, describing the lands involved, shall be published by the Secretary of the Interior once each week for four successive weeks in some newspaper of general circulation in the county or counties in which may be situated the lands to be accepted, and in the same manner in some like newspaper published in any county in which may be situated any lands to be given in such exchange; lands conveyed to the United States under this act shall, upon acceptance of title, become public lands, and if located within the exterior boundaries of a grazing district they shall become a part of the district within the boundaries of which they are located: Provided, That either party to an exchange under this or the preceding section may make reservations of minerals, easements, or rights of use, the values of which shall be duly considered in determining the values of the exchanged lands. Where reservations are made in lands conveyed to the United States the right to enjoy them shall be subject to such reasonable conditions respecting ingress and egress and the use of the surface of the land as may be deemed necessary by the Secretary of the Interior. Where mineral reservations are made in lands conveyed by the United States, it shall be so stipulated in the patent, and any person who acquires the right to mine and remove the reserved mineral deposits may enter and occupy so much of the surface as may be required for all purposes incident to the mining and removal of the minerals therefrom, and may mine and remove such minerals, upon payment to the owner of the surface for damages caused to the land and improvements thereon."

Sec. 5. Section 10 of such act is amended to read as follows:

"Sec. 10. That, except as provided in sections 9 and 11 hereof, all moneys received under the authority of this act shall be deposited in the Treasury of the United States as miscellaneous receipts, but 25 per centum of all moneys received under this act during any fiscal year is hereby made available, when appropriated by the Congress, for expenditure by the Secretary of the Interior for the construction, purchase, or maintenance of range improvements, and 50 per centum of the money received under this act during any fiscal year shall be paid at the end thereof by the Secretary of the Treasury to the State in which the grazing districts or the lands producing such moneys are situated, to be expended as the State Legislature of such State may prescribe for the benefit of the county or counties in which the grazing districts or the lands producing such moneys are situated: Provided, That if any grazing district or any leased tract is in more than one State or county, the distributive share to each from the proceeds of said district or leased tract shall be proportional to its area in said district or leased tract."

Sec. 6. Section 15 of such act is amended to read as follows:

"Sec. 15. The Secretary of the Interior is further authorized, in his discretion, where lands of the public domain are so situated as not to justify their inclusion in any grazing district to be established pursuant to this act, to lease any such lands for grazing purposes, upon such terms and conditions as the Secretary may prescribe: Provided, That preference shall be given to owners, homesteaders, lessees, or other lawful occupants of contiguous lands to the extent necessary to permit proper use of such contiguous lands, except, that when such isolated or disconnected tracts embrace 760 acres or less, the owners, homesteaders, lessees, or other lawful occupants of lands contiguous thereto, shall be entitled to receive such leases thereto: Provided further, That the issuance of such a lease shall not be construed to prevent the sale, exchange, or other disposition of lands as authorized by this act."

Sec. 7. Such act is further amended by adding the following new section:

"Sec. 17. The Secretary of the Interior shall have power to select a Director of Grazing and such assistant directors of grazing, graziers, and such other employees, as shall be necessary to administer this act without regard to the provisions of the civil-service laws. The Secretary of the Interior shall give consideration to the practical range experience in public land States of the persons selected for such positions.

"No assistant director of grazing, grazier, or other employee shall be appointed who is not at the time of appointment or selection a bona fide citizen and resident of the State, or of one of the States, in which such director, grazier, or other employee is to serve."

Sec. 8. Such act is further amended by adding the following new section:

"Sec. 18. (a) All vacant, unappropriated, and unreserved nonmineral lands of the public domain which are situated in isolated or disconnected tracts of seven hundred and sixty acres or less which, at the expiration of two years after the passage of this act, as amended, are not included within the boundaries of any grazing district established pursuant to this act, as amended, and which during such period have not been ordered into the market for sale under the provisions of section 2455 of the Revised Statutes, as amended, or leased under the provisions of this act, or selected for exchange under the provisions of this act, are hereby granted to the several States in which such lands are situated for the use or benefit of the common schools of such States.

"(b) No part of the grant made by this section shall become effective as to any State until such State, through its legislature, shall have accepted such grant, and such acceptance, duly certified, has been received by the Secretary of the Interior. Upon the receipt of such acceptance, which must be made within a period of four years after the date of enactment of this act, as amended, the grant shall immediately become effective as to such State, irrespective of the action of other States, and the Secretary shall immediately notify the local land offices in such State of such fact. The Secretary shall also cause to be delivered to the proper officials of such State, such maps, records, books, and documents as may be necessary for the enjoyment, control, use, administration, and disposition of such lands."

In order (1) to facilitate the disposition of the surplus power of the Corporation according to the policies set forth in this act; (2) to give effect to the priority herein accorded to States, counties, municipalities, and nonprofit organizations in the purchase of such power by enabling them to acquire facilities for the distribution of such power; and (3) at the same time to preserve existing distribution facilities as going concerns and avoid duplication of such facilities, the Board is authorized to advise and cooperate with and assist, by extending credit for a period of not exceeding five years to, States, Counties, municipalities and nonprofit organizations situated within transmission distance from any dam where such power is generated by the Corporation in acquiring, improving, and operating (a) existing distribution facilities and incidental works, including generating plants; and (b) interconnecting transmission lines; or in acquiring any interest in such facilities, incidental works, and lines."

Sec. 8. That said act be, and the same is hereby, further amended by adding to section 14 of said act the following:

Such data shall be reported to the Congress by the Board from time to time with appropriate analyses and recommendations, and, so far as practicable, shall be made available to the Federal Power Commission and other Federal and State agencies which may be concerned with the administration of legislation relating to the generation, transmission, or distribution of electric energy and chemicals useful to agriculture. It is hereby declared to be the policy of this act that, in order, as soon as practicable, to make the power projects self-supporting and self-liquidating, the surplus shall be sold at rates which, in the opinion of the Board, when applied to the normal capacity of the Authority's power facilities, will produce gross revenues in excess of the cost of production of said power and in addition to the statement of the cost of power at each power station as required by section 9 (a) of the 'Tennessee Valley Act of 1933', the Board shall file with each annual report, a statement of the total cost of all power generated by it at all power stations during each year, the average cost of such power per kilowatt hour, the rates at which sold, and to whom sold, and copies of all contracts for the sale of power."

Such bonds shall be in such forms and denominations, shall mature within such periods not more than fifty years from the date of their issue, may be redeemable at the option of the Corporation before maturity in such manner as may be stipulated therein, shall bear such rates of interest not exceeding 3½ per centum per annum, shall be subject to such terms and conditions, shall be issued in such manner and amount, and sold at such prices, as may be prescribed by the Corporation, with the approval of the Secretary of the Treasury: Provided, That such bonds shall not be sold at such prices or on such terms as to afford an investment yield to the holders in excess of 3½ per centum per annum. Such bonds shall be fully and unconditionally guaranteed both as to interest and principal by the United States, and such guaranty shall be expressed on the face thereof, and such bonds shall be lawful investments, and may be accepted as security, for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority or control of the United States or any officer or officers thereof. In the event that the Corporation should not pay upon demand, when due, the principal of, or interest on, such bonds, the Secretary of the Treasury shall pay to the holder the amount thereof, which is hereby authorized to be appropriated out of any moneys in the Treasury not otherwise appropriated, and thereupon to the extent of the amount so paid the Secretary of the Treasury shall succeed to all the rights of the holders of such bonds. The Secretary of the Treasury, in his discretion, is authorized to purchase any bonds issued hereunder, and for such purpose the Secretary of the Treasury is authorized to use as a public-debt transaction the proceeds from the sale of any securities hereafter issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under such act, as amended, are extended to include any purchase of the Corporation's bonds hereunder. The Secretary of the Treasury may, at any time, sell any of the bonds of the Corporation acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of the bonds of the Corporation shall be treated as public-debt transactions of the United States. With the approval of the Secretary of the Treasury, the Corporation shall have power to purchase such bonds in the open market at any time and at any price. No bonds shall be issued hereunder to provide funds or bonds necessary for the performance of any proposed contract negotiated by the Corporation under the authority of section 7 of this amendatory act until the proposed contract shall have been submitted to and approved by the Federal Power Commission. When any such proposed contract shall have been submitted to the said Commission, the matter shall be given precedence and shall be in every way expedited and the Commission's determination of the matter shall be final. The authority of the Corporation to issue bonds hereunder shall expire at the end of five years from the date when this section as amended herein becomes law, except that such bonds may be issued at any time after the expiration of said period to provide bonds or funds necessary for the performance of any contract entered into by the Corporation, prior to the expiration of said period, under the authority of section 7 of this amendatory act."

Sec. 10. That section 26 of said act be, and the same is hereby, amended to read as follows:

"Sec. 26. Commencing July 1, 1936, the proceeds for each fiscal year derived by the Board from the sale of power or any other products manufactured by the Corporation, and from any other activities of the Corporation, including the disposition of any real or personal property, shall be paid into the Treasury of the United States at the end of each calendar year, save and except such part of such proceeds as in the opinion of the Board shall be necessary for the Corporation in the operation of dams and reservoirs, in conducting its business in generating, transmitting, and distributing electric energy and in manufacturing, selling, and distributing fertilizer and fertilizer ingredients. A continuing fund of $1,000,000 is also excepted from the requirements of this section and may be withheld by the Board to defray emergency expenses and to insure continuous operation: Provided, That nothing in this section shall be construed to prevent the use by the Board, after June 30, 1936, of proceeds accruing prior to July 1, 1936, for the payment of obligations lawfully incurred prior to such latter date."

Sec. 11. That said act be, and the same is hereby, further amended by adding after section 26 of said act a new section, as follows:

"Sec. 26a. The unified development and regulation of the Tennessee River system requires that no dam, appurtenant works, or other obstruction, affecting navigation, flood control, or public lands or reservations shall be constructed, and thereafter operated or maintained across, along, or in the said river or any of its tributaries until plans for such construction, operation, and maintenance shall have been submitted to and approved by the Board; and the construction, commencement of construction, operation, or maintenance of such structures without such approval is hereby prohibited. When such plans shall have been approved, deviation therefrom either before or after completion of such structures is prohibited unless the modification of such plans has previously been submitted to and approved by the Board.

"In the event the Board shall, within sixty days after their formal submission to the Board, fail to approve any plans or modifications, as the case may be, for construction, operation, or maintenance of any such structures on the Little Tennessee River, the above requirements shall be deemed satisfied, if upon application to the Secretary of War, with due notice to the Corporation, and hearing thereon, such plans or modifications are approved by the said Secretary of War as reasonably adequate and effective for the unified development and regulation of the Tennessee River system.

"Such construction, commencement of construction, operation, or maintenance of any structures or parts thereof in violation of the provisions of this section may be prevented, and the removal or discontinuation thereof required by the injunction or order of any district court exercising jurisdiction in any district in which such structures or parts thereof may be situated, and the Corporation is hereby authorized to bring appropriate proceedings to this end.

"The requirements of this section shall not be construed to be a substitute for the requirements of any other law of the United States or of any State, now in effect or hereafter enacted, but shall be in addition thereto, so that any approval, license, permit, or other sanction now or hereafter required by the provisions of any such law for the construction, operation, or maintenance of any structures whatever, except such as may be constructed, operated, or maintained by the Corporation, shall be required, notwithstanding the provisions of this section."

Sec. 12. That said act be, and the same is hereby, further amended by adding at the end of said act a new section, as follows:

"Sec. 31. This act shall be liberally construed to carry out the purposes of Congress to provide for the disposition of and make needful rules and regulations respecting the Government properties entrusted to the Authority, provide for the national defense, improve navigation, control destructive floods, and promote interstate commerce and the general welfare, but no real estate shall be held except what is necessary in the opinion of the Board to carry out plans and projects actually decided upon requiring the use of such land: Provided, That any land purchased by the Authority and not necessary to carry out plans and projects actually decided upon shall be sold by the Authority as agent of the United States, after due advertisement, at public auction to the highest bidder, or at private sale as provided in section 3 of this amendatory act."

Sec. 13. That section 4 of said act of May 18, 1933 (48 Stat. 58), be amended by adding subsection (l) as follows:

"(l) Shall have power to advise and cooperate in the readjustment of the population displaced by the construction of dams, the acquisition of reservoir areas, the protection of watersheds, the acquisition of rights-of-way, and other necessary acquisitions of land, in order to effectuate the purposes of the act; and may cooperate with Federal, State, and local agencies to that end."

"The Comptroller General of the United States shall audit the transactions of the Corporation at such times as he shall determine, but not less frequently than once each governmental fiscal year, with personnel of his selection. In such connection he and his representatives shall have free and open access to all papers, books, records, files, accounts, plants, warehouses, offices, and all other things, property, and places belonging to or under the control of or used or employed by the Corporation, and shall be afforded full facilities for counting all cash and verifying transactions with and balances in depositaries. The expenses for each such audit shall be paid from any appropriation or appropriations for the General Accounting Office, and such part of such expenses as may be allocated to the cost of generating, transmitting, and distributing electric energy shall be reimbursed promptly by the Corporation as billed by the Comptroller General. The Comptroller General shall make special report to the President of the United States and to the Congress of any transaction or condition found by him to be in conflict with the powers or duties entrusted to the Corporation by law."

SANFORD & BROOKS CO.

The Vice President laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith, without my approval, S. 685, "An act for the relief of the Sanford & Brooks Co."

This bill authorizes and directs the Secretary of the Treasury to pay, out of any money in the Treasury not otherwise appropriated, to the Sanford & Brooks Co. the sum of $53,208.49 in full satisfaction of its claim against the United States for refund of income taxes assessed and collected for the year 1920 on amounts paid in that year by the United States to the Sanford & Brooks Co., to compensate that company for the cost to it of certain work done for the United States during the years 1913 to 1916, both inclusive. This bill would authorize the refund of such taxes regardless of the fact that the Supreme Court has determined that such taxes were properly paid in accordance with the provisions of the revenue acts applicable thereto (*Burnet* v. *Sanford & Brooks Co.*, 262 U. S. 359).

It is alleged that although the payment of the above-mentioned tax was technically required under the statutes, as determined by the Supreme Court, such a levy is unjust and inequitable in the instant case. The inequity is stated to arise out of the fact that the Sanford & Brooks Co. was taxed on the money which was paid to it in 1920 by the United States as compensation for losses sustained in prior years in the consummation of work performed for the benefit of the Government, although that company did not derive a net profit from such transaction, which result was ascertainable only when the transaction was completed.

Congress has determined that it is sound policy to ascertain and compute income annually as to the net result of all transactions within that particular year. That system of taxation is designed to produce revenue ascertainable, and payable to the Government at regular intervals, and to make possible the application of methods of accounting, assessment, and collection capable of practical operation. There are many cases in which a particular taxpayer, engaged in a transaction which extends over several taxable periods, may, in accordance with his method of accounting, report income from that transaction in some of those years and losses from that transaction in other years, even though the given transaction in its entirety does not result in a net profit. But it has never been supposed that such a result "affords any reason for postponing the assessment of the tax until the end of a lifetime, or for some other indefinite period, to ascertain more precisely whether the final outcome of the period, or of a given transaction, will be a gain or a loss" (the Sanford & Brooks case, supra, at p. 365). It is conceivable that a different system might have been devised by which the tax could be assessed on the basis of the finally ascertained results of particular transactions rather than at the end of each taxable period. However, Congress did not adopt such a system, and it is obvious that such a system would not necessarily obviate the kind of inequalities of which complaint is made in the instant case.

S. 685, however, selects a particular taxpayer for special treatment by excepting that taxpayer from the enacted policy of Congress in this matter and from the uniform operation of the revenue laws. The whole body of Federal taxpayers is thus discriminated against, and the precedent is established, opening up a wide field for legislation, opposed to sound public policy, in cases in which the present system operates to the prejudice of a particular taxpayer.

I have on prior occasions expressed my belief that the field of special legislation should not be opened to relieve special classes of taxpayers from the uniform operation of the revenue laws. I know of no circumstances which would justify the exception made by S. 685 to the long-continued policy of Congress as expressed in the present system of taxation and to my convictions in this matter.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 19, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Claims and printed.

POSTAL RATES ON RELIGIOUS PUBLICATIONS

The Vice President laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return, without my approval, S. 1439, entitled "An act amending the postal laws to include as second-class matter religious periodicals publishing local information."

This bill would amend existing law (subsection "Fourth" of section 14 of the act approved Mar. 3, 1879; 39 U. S. C., 226) concerning publications entitled to entry as second-class mail matter, as follows, the new language being underscored to distinguish it from the language of the existing law:

Fourth. It must be originated and published for the dissemination of information of a public character, *or for the dissemination of local information by religious organizations,* or devoted to literature, the sciences, arts, or some special industry, and having a legitimate list of subscribers. Nothing herein contained shall be so construed as to admit to the second-class rate regular publications designed primarily

for advertising purposes, or for free circulation, or for circulation at nominal rates.

Publications of churches and religious organizations are now admitted as second-class mail matter, provided they meet the requirements of the act of March 3, 1879, including the provision cited above. The amendment proposed by this bill would provide for the entry as second-class matter of additional religious publications devoted in their entirety to information of a local character, as distinguished from a public character, relating to the particular churches or religious organizations publishing them. If an exception should be made to existing law in favor of religious organizations, it would constitute a precedent under which other social organizations and associations, such as clubs, chambers of commerce, charitable organizations, and many others, would no doubt request legislation conferring upon them similar benefits.

The cost of handling and transporting second-class matter in the mails is greatly in excess of the revenue derived therefrom. This excess cost amounts to more than $77,000,000 per year. I am advised that under the provisions of this bill the cost of handling second-class mail in excess of revenues will be materially increased. I do not feel that a further increase in the cost of handling second-class mail matter should be placed upon the taxpayers, notwithstanding the meritorious character of the publications by the religious organizations which the bill seeks to favor.

For the reasons stated above and because of the facts and adverse recommendation contained in the attached letter of the Acting Postmaster General I do not feel justified in approving this bill.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 20, 1935.*

Ordered, That the message and bill, with the accompanying paper, be referred to the Committee on Post Offices and Post Roads and printed.

MESSAGE FROM THE HOUSE

A message from the House of Representatives, by Mr. Haltigan, one of its clerks:

Mr. President: The House of Representatives has passed, each without amendment, the following bills of the Senate:

S. 414. An act to convey certain lands and buildings to the city of Reno, Nev.;

S. 1448. An act for the relief of certain claimants who suffered loss by fire in the State of Minnesota during October 1918;

S. 2578. An act authorizing distribution of funds to the credit of the Wyandotte Indians, Oklahoma;

S. 2644. An act for the relief of the estate of Harry F. Stern; and

S. 3092. An act to provide funds for cooperation with White Bird School District, Sioux County, N. Dak., for extension of public-school buildings to be available for Indian children.

The House has agreed to the report of the committee of conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H. R. 3019) to amend sections 1, 3, and 15 of "An act to stop injury to the public grazing lands by preventing overgrazing and soil deterioration, to provide for their orderly use, improvement, and development, to stabilize the livestock industry dependent upon the public range, and for other purposes", approved June 28, 1934 (48 Stat. 1269).

COTTON-TEXTILE INDUSTRY

The President pro tempore laid before the Senate the following message from the President of the United States, which was read:

To the Congress:

Last April I appointed a Cabinet committee, consisting of the Secretary of Commerce, as chairman, the Secretary of State, the Secretary of Agriculture, and the Secretary of Labor, to make a survey of the conditions and problems of the cotton-textile industry. I am now in receipt of a communication signed by the members of the committee, with which they submit their findings and recommendations.

This letter and these findings and recommendations of the committee I am immediately transmitting herewith for the information of the Congress.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 21, 1935.*

On motion by Mr. Walsh,

Ordered, That the message, with the accompanying report and illustrations, be printed and lie on the table.

89901—S J—74—1——43

JOHN W. BECK

The President pro tempore laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith without my approval, S. 457, authorizing me to summon John W. Beck, Lieutenant, United States Army, retired, before a retiring board, to inquire whether at the time of his retirement under section 24b National Defense Act, as amended, he was incapacitated for active service, and whether such incapacity was a result of an incident of service, and if, as a result of such inquiry, it is found that he was so incapacitated, I am authorized to nominate and appoint, by and with the advice and consent of the Senate, the said John W. Beck, a first lieutenant, Regular Army, and place him immediately thereafter upon the retired list of the Army, with the same privileges and retired pay as are now or may hereafter be provided by law or regulation for officers of the Regular Army.

The measure further provides that no back pay or allowances shall be held to have accrued prior to its passage.

From the facts in this case of record in the War Department, I find that John W. Beck's retirement was accomplished in strict accordance with the provisions of existing law and his rights were duly safeguarded. The records clearly indicate that he had no incapacitating disability at the time of his retirement, but was retired under the provisions of section 24b of the National Defense Act, as amended, because of unfavorable records of service. Therefore, I can see no reason for singling him out for preferential treatment at this time for the purpose of changing his retired status and thereby increasing his compensation.

Further, I note that the Seventy-fourth Congress, first session, House of Representatives, Report No. 1272, and Seventy-four Congress, first session, Senate Report No. 200, contains a letter from the Veterans' Administration which recites the military service record of an individual who is not the beneficiary of this bill.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 21, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Military Affairs and printed.

HARRY T. HERRING

The President pro tempore laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith, without my approval, S. 1426, authorizing me to appoint Harry T. Herring as a lieutenant colonel, United States Army, and to place him on the retired list of the Army as a lieutenant colonel, with the retired pay and allowance of that grade.

From the facts in this case of record in the War Department, it appears that Harry T. Herring never held a commission in the Regular Army. He was graduated from the United States Military Academy on June 13, 1905; and was honorably discharged as a graduated cadet July 12, 1905, having been found physically not qualified to perform the full duties of an officer of the Army because of organic heart disease. He subsequently served during the World War as an emergency officer in the Ordnance Department in the grades of captain, major, and lieutenant colonel. In 1920 he was one of the many emergency officers examined for commission in the Regular Army, and was again found not qualified for such appointment because of physical disability.

I am also advised that Colonel Herring is now receiving compensation from the United States Veterans' Administration amounting to $35 per month.

In view of the foregoing, I do not consider that this former emergency officer is entitled to the benefits of the Regular Army retired list. It would be unjustly discriminatory to

place him on the retired list of the Army, when many others in similar circumstances are denied equal consideration. The retirement system of the Regular Army was provided for the twofold purpose of attracting desirable permanent personnel to the service and of vitalizing the active list. Its maintenance for such purpose is vital to the national defense and should not be jeopardized by utilizing it as a means of relief, or for placing upon such retired list persons other than the permanent personnel of the military establishment.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 21, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Military Affairs and printed.

MARY SKY NECKLACE

The President pro tempore laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith, without my approval, S. 1696, "An act for the relief of Mary Sky Necklace."

The bill provides for the payment to the county of Bon Homme, S. Dak., of the sum of $374.43 in settlement of its claim against Mary Sky Necklace for taxes assessed against property which she purchased, with the approval of the Office of Indian Affairs, from trust funds held to her credit by the Federal Government, and with an understanding on her part that the property would be nontaxable.

It does not seem to me that the Federal Government is properly chargeable with any obligation to pay the taxes on such property, either as to the accumulated taxes contemplated by the bill or as to the future taxes which, by that principle, would be assumed to be a governmental obligation as long as the land remained in Indian ownership.

There are, moreover, many cases of a similar character for which this proposed enactment would constitute an unwise precedent.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 21, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Indian Affairs and printed.

CLAUDE W. SHELTON

The Presiding Officer (Mr. Clark in the chair) laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith, without my approval, S. 1497, authorizing me to appoint Claude W. Shelton, first lieutenant, United States Army, retired, to the grade of captain, United States Army, retired, effective as of July 1, 1920, with the retired pay of a captain. This measure further provides that no back pay or allowances shall be held to have accrued prior to its passage.

From the facts in this case of record in the War Department, it appears that Claude W. Shelton entered the Regular Army as a provisional second lieutenant of Infantry with rank from June 5, 1917; was immediately promoted to provisional first lieutenant; and held a temporary commission as captain from August 5, 1917, to March 5, 1920. He was placed on the retired list as a first lieutenant March 9, 1920, because of disability resulting from wounds received in action overseas in July 1918. Under the general legislation enacted June 21, 1930, he was advanced on the retired list to his highest war-time rank of captain. That legislation authorizes the advancement of retired officers, who served with credit during the World War, to the highest rank held by them during such service, and also provides that such advancement shall be without any increase in pay or allowances.

Briefly stated, the ultimate purpose of this measure is to increase the annual compensation of this retired officer from $1,950 to $2,340. In this connection it appears that Captain Shelton's compensation is being increased regularly under existing law by virtue of the fact that having been retired for disability resulting from wounds received in action, he is credited with inactive service on the retired list for longevity pay purposes.

I have been advised by the War Department that while Captain Shelton would have been eligible for promotion to the permanent grade of captain had he remained on the active list until July 1, 1920, his retirement on March 9, 1920, was approved and effected only after a retiring board had determined that he was permanently incapacitated for active service, and that the action taken in his case was strictly in conformity with the governing laws. Therefore, I can see no reason for singling him out for preferential treatment at this time for the purpose of conferring upon him the pay of a captain, which grade he did not hold on the date of his retirement.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 23, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Military Affairs and printed.

FILING OF CONFERENCE REPORTS DURING RECESS

On motion by Mr. Robinson, and by unanimous consent,

Ordered, That leave be granted to conference committees to file reports with the Secretary of the Senate during its recess.

PUBLIC-UTILITY HOLDING COMPANIES

Mr. Wheeler submitted the following conference report:

The committee of conference on the disagreeing votes of the two Houses on the amendment of the House to the bill (S. 2796) to provide for the control and elimination of public-utility holding companies operating, or marketing securities, in interstate and foreign commerce and through the mails, to regulate the transmission and sale of electric energy in interstate commerce, to amend the Federal Water Power Act, and for other purposes, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the Senate recede from its disagreement to the amendment of the House and agree to the same with an amendment as follows: In lieu of the matter proposed to be inserted by the House amendment insert the following:

That this Act may be cited as the "Public Utility Act of 1935."

TITLE I—CONTROL OF PUBLIC-UTILITY HOLDING COMPANIES

NECESSITY FOR CONTROL OF HOLDING COMPANIES

Section 1. (a) Public-utility holding companies and their subsidiary companies are affected with a national public interest in that, among other things, (1) their securities are widely marketed and distributed by means of the mails and instrumentalities of interstate commerce and are sold to a large number of investors in different States; (2) their service, sales, construction, and other contracts and arrangements are often made and performed by means of the mails and instrumentalities of interstate commerce; (3) their subsidiary public-utility companies often sell and transport gas and electric energy by the use of means and instrumentalities of interstate commerce; (4) their practices in respect of and control over subsidiary companies often materially affect the interstate commerce in which those companies engage; (5) their activities extending over many States are not susceptible of effective control by any State and make difficult, if not impossible, effective State regulation of public-utility companies.

(b) Upon the basis of facts disclosed by the reports of the Federal Trade Commission made pursuant to S. Res. 83 (Seventieth Congress, first session), the reports of the Committee on Interstate and Foreign Commerce, House of Representatives, made pursuant to H. Res. 59 (Seventy-second Congress, first session) and H. J. Res. 572 (Seventy-second Congress, second session) and otherwise disclosed and ascertained, it is hereby declared that the national public interest, the interest of investors in the securities of holding companies and their subsidiary companies and affiliates, and the interest of consumers of electric energy and natural and manufactured gas, are or may be adversely affected—

(1) when such investors cannot obtain the information necessary to appraise the financial position or earning power of the issuers, because of the absence of uniform standard accounts; when such securities are issued without the approval or consent of the States having jurisdiction over subsidiary public-utility companies; when such securities are issued upon the basis of fictitious or unsound asset values having no fair relation to the sums invested in or the earning capacity of the properties and upon the basis of paper profits from intercompany transactions, or in anticipation of excessive revenues from subsidiary public-utility companies; when such securities are issued by a subsidiary public-utility company under circumstances which subject such company to the burden of supporting an overcapitalized structure and tend to prevent voluntary rate reductions;

(2) when subsidiary public-utility companies are subjected to excessive charges for services, construction work, equipment, and materials, or enter into transactions in which evils result from an absence of arm's-length bargaining or from restraint of free and independent competition; when service, management, construction, and

other contracts involve the allocation of charges among subsidiary public-utility companies in different States so as to present problems of regulation which cannot be dealt with effectively by the States;

(3) when control of subsidiary public-utility companies affects the accounting practices and rate, dividend, and other policies of such companies so as to complicate and obstruct State regulation of such companies, or when control of such companies is exerted through disproportionately small investment;

(4) when the growth and extension of holding companies bears no relation to economy of management and operation or the integration and coordination of related operating properties; or

(5) when in any other respect there is lack of economy of management and operation of public-utility companies or lack of efficiency and adequacy of service rendered by such companies, or lack of effective public regulation, or lack of economies in the raising of capital.

(c) When abuses of the character above enumerated become persistent and widespread the holding company becomes an agency which, unless regulated, is injurious to investors, consumers, and the general public; and it is hereby declared to be the policy of this title, in accordance with which policy all the provisions of this title shall be interpreted, to meet the problems and eliminate the evils as enumerated in this section, connected with public-utility holding companies which are engaged in interstate commerce or in activities which directly affect or burden interstate commerce; and for the purpose of effectuating such policy to compel the simplification of public-utility holding-company systems and the elimination therefrom of properties detrimental to the proper functioning of such systems, and to provide as soon as practicable for the elimination of public-utility holding companies except as otherwise expressly provided in this title.

Definitions

Sec. 2. (a) When used in this title, unless the context otherwise requires—

(2) "Company" means a corporation, a partnership, an association, a joint-stock company, a business trust, or an organized group of persons, whether incorporated or not; or any receiver, trustee, or other liquidating agent of any of the foregoing in his capacity as such.

(3) "Electric utility company" means any company which owns or operates facilities used for the generation, transmission, or distribution of electric energy for sale, other than sale to tenants or employees of the company operating such facilities for their own use and not for resale. The Commission, upon application, shall by order declare a company operating any such facilities not to be an electric utility company if the Commission finds that (A) such company is primarily engaged in one or more businesses other than the business of an electric utility company, and by reason of the small amount of electric energy sold by such company it is not necessary in the public interest or for the protection of investors or consumers that such company be considered an electric utility company for the purposes of this title, or (B) such company is one operating within a single State, and substantially all of its outstanding securities are owned directly or indirectly by another company to which such operating company sells or furnishes electric energy which it generates; such other company uses and does not resell such electric energy, is engaged primarily in manufacturing (other than the manufacturing of electric energy or gas) and is not controlled by any other company; and by reason of the small amount of electric energy sold or furnished by such operating company to other persons it is not necessary in the public interest or for the protection of investors or consumers that it be considered an electric utility company for the purposes of this title. The filing of an application hereunder in good faith shall exempt such company (and the owner of the facilities operated by such company) from the application of this paragraph until the Commission has acted upon such application. As a condition to the entry of any such order, and as a part thereof, the Commission may require application to be made periodically for a renewal of such order, and may require the filing of such periodic or special reports regarding the business of the company as the Commission may find necessary or appropriate to insure that such company continues to be entitled to such exemption during the period for which such order is effective. The Commission, upon its own motion or upon application, shall revoke such order whenever it finds that the conditions specified in clause (A) or (B) are not satisfied in the case of such company. Any action of the Commission under the preceding sentence shall be by order. Application under this paragraph may be made by the company in respect of which the order is to be issued or by the owner of the facilities operated by such company. Any order issued under this paragraph shall apply equally to such company and such owner. (4) "Gas utility company" means any company which owns or operates facilities used for the distribution at retail (other than distribution only in enclosed portable containers, or distribution to tenants or employees of the company operating such facilities for their own use and not for resale) of natural or manufactured gas for heat, light, or power. The Commission, upon application, shall by order declare a company operating any such facilities not to be a gas utility company if the Commission finds that (A) such company is primarily engaged in one or more businesses other than the business of a gas utility company, and (B) by reason of the small amount of natural or manufactured gas distributed at retail by such company it is not necessary in the public interest or for the protection of investors or consumers that such company be considered a gas utility company for the purposes of this title. The filing of an application hereunder in good faith shall exempt such company (and the owner of the facilities operated by such company) from the application of this paragraph until the Commission has acted upon such application. As a condition to the entry of any such order, and as a part thereof, the Commission may require application to be made periodically for a renewal of such order, and may require the filing of such periodic or special reports regarding the business of the company as the Commission may find necessary or appropriate to insure that such company continues to be entitled to such exemption during the period for which such order is effective. The Commission, upon its own motion or upon application, shall revoke such order whenever it finds that the conditions specified in clauses (A) and (B) are not satisfied in the case of such company. Any action of the Commission under the preceding sentence shall be by order. Application under this paragraph may be made by the company in respect of which the order is to be issued or by the owner of the facilities operated by such company. Any order issued under this paragraph shall apply equally to such company and such owner. The Commission may by rules or regulations conditionally or unconditionally provide that any specified class or classes of companies which it determines to satisfy the conditions specified in clauses (A) and (B), and the owners of the facilities operated by such companies, shall not be deemed gas utility companies within the meaning of this paragraph.

(5) "Public-utility company" means an electric utility company or a gas utility company.

(6) "Commission" means the Securities and Exchange Commission.

(B) any person which the Commission determines, after notice and opportunity for hearing, directly or indirectly to exercise (either alone or pursuant to an arrangement or understanding with one or more other persons) such a controlling influence over the management or policies of any public utility or holding company as to make it necessary or appropriate in the public interest or for the protection of investors or consumers that such person be subject to the obligations, duties, and liabilities imposed in this title upon holding companies.

The Commission, upon application, shall by order declare that a company is not a holding company under clause (A) if the Commission finds that the applicant (i) does not, either alone or pursuant to an arrangement or understanding with one or more other persons, directly or indirectly control a public utility or holding company either through one or more intermediary persons or by any means or device whatsoever, (ii) is not an intermediary company through which such control is exercised, and (iii) does not, directly or indirectly, exercise (either alone or pursuant to an arrangement or understanding with one or more other persons) such a controlling influence over the management or policies of any public-utility or holding company as to make it necessary or appropriate in the public interest or for the protection of investors or consumers that the applicant be subject to the obligations, duties, and liabilities imposed in this title upon holding companies. The filing of an application hereunder in good faith by a company other than a registered holding company shall exempt the applicant from any obligation, duty, or liability imposed in this title upon the applicant as a holding company, until the Commission has acted upon such application. Within a reasonable time after the receipt of any application hereunder, the Commission shall enter an order granting, or, after notice and opportunity for hearing, denying or otherwise disposing of, such application. As a condition to the entry of any order granting such application and as a part of any such order, the Commission may require the applicant to apply periodically for a renewal of such order and to do or refrain from doing such acts or things, in respect of exercise of voting rights, control over proxies, designation of officers and directors, existence of interlocking officers, directors, and other relationships, and submission of periodic or special reports regarding affiliations or intercorporate relationships of the applicant, as the Commission may find necessary or appropriate to ensure that in the case of the applicant the conditions specified in clauses (i), (ii), and (iii) are satisfied during the period for which such order is effective. The Commission, upon its own motion or upon application of the company affected, shall revoke the order declaring such company not to be a holding company whenever in its judgment any condition specified in clause (i), (ii), or (iii) is not satisfied in the case of such company, or modify the terms of such order whenever in its judgment such modification is necessary to ensure that in the case of such company the conditions specified in clauses (i), (ii), and (iii) are satisfied during the period for which such order is effective. Any action of the Commission under the preceding sentence shall be by order.

(B) any person the management or policies of which the Commission, after notice and opportunity for hearing, determines to be subject to a controlling influence, directly or indirectly, by such holding company (either alone or pursuant to an arrangement or understanding with one or more other persons) so as to make it necessary or appropriate in the public interest or for the protection of investors or consumers that such person be subject to the obligations, duties, and liabilities imposed in this title upon subsidiary companies of holding companies.

The Commission, upon application, shall by order declare that a company is not a subsidiary company of a specified holding company under clause (A) if the Commission finds that (i) the applicant is not controlled, directly or indirectly, by such holding company (either alone or pursuant to an arrangement or understanding with one or more other persons) either through one or more intermediary persons or by any means or device whatsoever, (ii) the applicant is not an intermediary company through which such control of another company is exercised, and (iii) the management or policies of the applicant are not subject to a controlling influence, directly or indirectly, by such holding company (either alone or pursuant to an arrangement or understanding with one or more other persons) so as to make it necessary or appropriate in the public interest or for the protection of investors or consumers that the applicant be subject to the obligations, duties, and liabilities imposed in this title upon subsidiary companies of holding companies. The filing of an application hereunder in good faith shall exempt the applicant from any obligation, duty, or liability imposed in this title upon the applicant as a subsidiary company of such specified holding company until the Commission has acted upon such application. Within a reasonable time after the receipt of any application hereunder, the Commission shall enter an order granting, or, after notice and opportunity for hearing, denying or otherwise disposing of, such application. As a condition to the entry of, and as a part of, any order granting such application, the Commission may require the applicant to apply periodically for a renewal of such order and to file such periodic or special reports regarding the affiliations or intercorporate relationships of the applicant as the Commission may find necessary or appropriate to enable it to determine whether in the case of the applicant the conditions specified in clauses (i), (ii), and (iii) are satisfied during the period for which such order is effective. The Commission, upon its own motion or upon application, shall revoke the order declaring such company not to be a subsidiary company whenever in its judgment any condition specified in clause (i), (ii), or (iii) is not satisfied in the case of such company, or modify the terms of such order whenever in its judgment such modification is necessary to ensure that in the case of such company the condition specified in clauses (i), (ii), and (iii) are satisfied during the period for which such order is effective. Power to make particular exemptions regarding holding companies, subsidiary companies, and affiliates

Sec. 3. (a) The Commission, by rules and regulations upon its own motion, or by order upon application, shall exempt any holding company, and every subsidiary company thereof as such, from any provision or provisions of this title, unless and except insofar as it finds the exemption detrimental to the public interest or the interest of investors or consumers, if—

(1) such holding company, and every subsidiary company thereof which is a public-utility company from

which such holding company derives, directly or indirectly, any material part of its income, are predominantly intrastate in character and carry on their business substantially in a single State in which such holding company and every such subsidiary company thereof are organized;

(2) such holding company is predominantly a public-utility company whose operations as such do not extend beyond the State in which it is organized and States contiguous thereto;

(3) such holding company is only incidentally a holding company, being primarily engaged or interested in one or more businesses other than the business of a public-utility company and (A) not deriving, directly or indirectly, any material part of its income from any one or more subsidiary companies, the principal business of which is that of a public-utility company, or (B) deriving a material part of its income from any one or more such subsidiary companies, if substantially all the outstanding securities of such companies are owned, directly or indirectly, by such holding company;

(4) such holding company is temporarily a holding company solely by reason of the acquisition of securities for purposes of liquidation or distribution in connection with a bona fide debt previously contracted or in connection with a bona fide arrangement for the underwriting or distribution of securities; or

(b) The Commission, by rules and regulations upon its own motion, or by order upon application, shall exempt any subsidiary company, as such, of a holding company from any provision or provisions of this title, the application of which to such subsidiary company the Commission finds is not necessary in the public interest or for the protection of investors, if such subsidiary company derives no material part of its income, directly or indirectly, from sources within the United States, and neither it nor any of its subsidiary companies is a public-utility company operating in the United States.

(c) Within a reasonable time after the receipt of an application for exemption under subsection (a) or (b), the Commission shall enter an order granting, or, after notice and opportunity for hearing, denying or otherwise disposing of such application. The filing of an application in good faith under subsection (a) by a person other than a registered holding company shall exempt the applicant from any obligation, duty, or liability imposed in this title upon the applicant as a holding company until the Commission has acted upon such application. The filing of an application in good faith under subsection (b) shall exempt the applicant from any obligation, duty, or liability imposed in this title upon the applicant as a subsidiary company until the Commission has acted upon such application. Whenever the Commission, on its own motion, or upon application by the holding company or any subsidiary company thereof exempted by any order issued under subsection (a), or by the subsidiary company exempted by any order issued under subsection (b), finds that the circumstances which gave rise to the issuance of such order no longer exist, the Commission shall by order revoke such order.

(d) The Commission may, by rules and regulations, conditionally or unconditionally exempt any specified class or classes of persons from the obligations, duties, or liabilities imposed upon such persons as subsidiary companies or affiliates under any provision or provisions of this title, and may provide within the extent of any such exemption that such specified class or classes of persons shall not be deemed subsidiary companies or affiliates within the meaning of any such provision or provisions, if and to the extent that it deems the exemption necessary or appropriate in the public interest or for the protection of investors or consumers and not contrary to the purposes of this title.

(I) profit and loss statements for not more than the five preceding fiscal years, certified, if required by the rules and regulations of the Commission, by an independent public accountant;

(3) such further information or documents regarding the registrant or its associate companies or the relations between them as the Commission may by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers.

(c) The Commission by such rules and regulations or order as it deems necessary or appropriate in the public interest or for the protection of investors or consumers, may permit a registrant to file a preliminary registration statement without complying with the provisions of subsection (b); but every registrant shall file a complete registration statement with the Commission within such reasonable period of time as the Commission shall fix by rules and regulations or order, but not later than one year after the date of registration.

(d) Whenever the Commission, upon application, finds that a registered holding company has ceased to be a holding company, it shall so declare by order and upon the taking effect of such order the registration of such company shall, upon such terms and conditions as the Commission finds and in such order prescribes as necessary for the protection of investors, cease to be in effect. The denial of any such application by the Commission shall be by order.

Unlawful security transactions by registered holding and subsidiary companies

Sec. 6. (a) Except in accordance with a declaration effective under section 7 and with the order under such section permitting such declaration to become effective, it shall be unlawful for any registered holding company or subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, directly or indirectly (1) to issue or sell any security of such company; or (2) to exercise any privilege or right to alter the priorities, preferences, voting power, or other rights of the holders of an outstanding security of such company.

(b) The provisions of subsection (a) shall not apply to the issue, renewal, or guaranty by a registered holding company or subsidiary company thereof of a note or draft (including the pledge of any security as collateral therefor) if such note or draft (1) is not part of a public offering, (2) matures or is renewed for not more than nine months, exclusive of days of grace after the date of such issue, renewal, or guaranty thereof, and (3) aggregates (together with all other then outstanding notes and drafts of a maturity of nine months or less, exclusive of days of grace, as to which such company is primarily or secondarily liable) not more than 5 per centum of the principal amount and par value of the other securities of such company then outstanding, or such greater per centum thereof as the Commission upon application may by order authorize as necessary or appropriate in the public interest or for the protection of investors or consumers. In the case of securities having no principal amount or no par value, the value for the purposes of this subsection shall be the fair market value as of the date of issue. The Commission by rules and regulations or order, subject to such terms and conditions as it deems appropriate in the public interest or for the protection of investors or consumers, shall exempt from the provisions of subsection (a) the issue or sale of any security by any subsidiary company of a registered holding company, if the issue and sale of such security are solely for the purpose of financing the business of such subsidiary company and have been expressly authorized by the State commission of the State in which such subsidiary company is organized and doing business, or if the issue and sale of such security are solely for the purpose of financing the business of such subsidiary company when such subsidiary company is not a holding company, a public-utility company, an investment company, or a fiscal or financing agency of a holding company, a public-utility company, or an investment company. (c) It shall be unlawful, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, for any registered holding company or any subsidiary company thereof, directly or indirectly,—

(b) A declaration filed under this section shall become effective within such reasonable period of time after the filing thereof as the Commission shall fix by rules and regulations or order, unless the Commission prior to the expiration of such period shall have issued an order to the declarant to show cause why such declaration should become effective. Within a reasonable time after an opportunity for hearing upon an order to show cause under this subsection, unless the declarant shall withdraw its declaration, the Commission shall enter an order either permitting such declaration to become effective as filed or amended, or refusing to permit such declaration to become effective. Amendments to a declaration may be made upon such terms and conditions as the Commission may prescribe.

(c) The Commission shall not permit a declaration regarding the issue or sale of a security to become effective unless it finds that—

(1) such security is (A) a common stock having a par value and being without preference as to dividends or distribution over, and having at least equal voting rights with, any outstanding security of the declarant; (B) a bond (i) secured by a first lien on physical property of the declarant, or (ii) secured by an obligation of a subsidiary company of the declarant secured by a first lien on physical property of such subsidiary company, or (iii) secured by any other assets of the type and character which the Commission by rules and regulations or order may prescribe as appropriate in the public interest or for the protection of investors; (C) a guaranty of, or assumption of liability on, a security of another company; or (D) a receiver's or trustee's certificate duly authorized by the appropriate court or courts; or

(2) such security is to be issued or sold solely (A) for the purpose of refunding, extending, exchanging, or discharging an outstanding security of the declarant and/or a predecessor company thereof or for the purpose of effecting a merger, consolidation, or other reorganization; (B) for the purpose of financing the business of the declarant as a public-utility company; (C) for the purpose of financing the business of the declarant, when the declarant is neither a holding company nor a public-utility company; and/or (D) for necessary and urgent corporate purposes of the declarant where the requirements of the provisions of paragraph (1) would impose an unreasonable financial burden upon the declarant and are not necessary or appropriate in the public interest or for the protection of investors or consumers; or

(3) such security is one the issuance of which was authorized by the company prior to January 1, 1935, and which the Commission by rules and regulations or order authorizes as necessary or appropriate in the public interest or for the protection of investors or consumers.

(d) If the requirements of subsections (c) and (g) are satisfied, the Commission shall permit a declaration regarding the issue or sale of a security to become effective unless the Commission finds that—

(1) the security is not reasonably adapted to the security structure of the declarant and other companies in the same holding-company system;

(2) the security is not reasonably adapted to the earning power of the declarant;

(3) financing by the issue and sale of the particular security is not necessary or appropriate to the economical and efficient operation of a business in which the applicant lawfully is engaged or has an interest;

(4) the fees, commissions, or other remuneration, to whomsoever paid, directly or indirectly, in connection with the issue, sale, or distribution of the security are not reasonable;

(5) in the case of a security that is a guaranty of, or assumption of liability on, a security of another company, the circumstances are such as to constitute the making of such guaranty or the assumption of such liability an improper risk for the declarant; or

(6) the terms and conditions of the issue or sale of the security are detrimental to the public interest or the interest of investors or consumers.

(e) If the requirements of subsection (g) are satisfied, the Commission shall permit a declaration to become effective regarding the exercise of a privilege or right to alter the priorities, preferences, voting power, or other rights of the holders of an outstanding security unless the Commission finds that such exercise of such privilege or right will result in an unfair or inequitable distribution of voting power among holders of the securities of the declarant or is otherwise detrimental to the public interest or the interest of investors or consumers.

(f) Any order permitting a declaration to become effective may contain such terms and conditions as the Commission finds necessary to assure compliance with the conditions specified in this section.

(g) If a State commission or State securities commission, having jurisdiction over any of the acts enumerated in subsection (a) of section 6, shall inform the Commission, upon request by the Commission for an opinion or otherwise, that State laws applicable to the act in question have not been complied with, the Commission shall not permit a declaration regarding the act in question to become effective until and unless the Commission is satisfied that such compliance has been effected.

Acquiring interest in electric and gas utility companies serving same territory

Sec. 8. Whenever a State law prohibits, or requires approval or authorization of, the ownership or operation by a single company of the utility assets of an electric utility company and a gas utility company serving substantially the same territory, it shall be unlawful for a registered holding company, or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise,—

(1) to take any step, without the express approval of the State commission of such State, which results in its having a direct or indirect interest in an electric utility company and a gas utility company serving substantially the same territory; or

(2) if it already has any such interest, to acquire, without the express approval of the State commission, any direct or indirect interest in an electric utility company or gas utility company serving substantially the same territory as that served by such companies in which it already has an interest.

Acquisition of securities and utility assets and other interests

Sec. 9. (a) Unless the acquisition has been approved by the Commission under section 10, it shall be unlawful—

(1) for any registered holding company or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to acquire, directly or indirectly, any securities or utility assets or any other interest in any business;

(2) for any person, by use of the mails or any means or instrumentality of interstate commerce, to acquire, directly or indirectly, any security of any public-utility company, if such person is an affiliate, under clause (A) of paragraph (11) of subsection (a) of section 2, of such company and of any other public-utility or holding company, or will by virtue of such acquisition become such an affiliate.

(b) Subsection (a) shall not apply to—

(1) the acquisition by a public-utility company of utility assets the acquisition of which has been expressly authorized by a State commission; or

(2) the acquisition by a public-utility company of securities of a subsidiary public-utility company thereof, provided that both such public-utility companies and all other public-utility companies in the same holding-company system are organized in the same State, that the business of each such company in such system is sub-

stantially confined to such State, and that the acquisition of such securities has been expressly authorized by the State commission of such State.

(c) Subsection (a) shall not apply to the acquisition by a registered holding company, or a subsidiary company thereof, of—

(1) securities of, or securities the principal or interest of which is guaranteed by, the United States, a State, or political subdivision of a State, or any agency, authority, or instrumentality of any one or more of the foregoing, or any corporation which is wholly owned, directly or indirectly, by any one or more of the foregoing;

(2) such other readily marketable securities, within the limitation of such amounts as the Commission may by rules and regulations prescribe as appropriate for investment of current funds and as not detrimental to the public interest or the interest of investors or consumers; or

(3) such commercial paper and other securities, within such limitations, as the Commission may by rules and regulations or order prescribe as appropriate in the ordinary course of business of a registered holding company or subsidiary company thereof and as not detrimental to the public interest or the interest of investors or consumers.

Approval of Acquisition of Securities and Utility Assets and Other Interests

Sec. 10. (a) A person may apply for approval of the acquisition of securities or utility assets, or of any other interest in any business, by filing an application in such form as the Commission may by rules and regulations prescribe as necessary or appropriate in the public interest or for the protection of investors and consumers. Such application shall include—

(1) in the case of the acquisition of securities, such information and copies of such documents as the Commission may by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers in respect of—

(A) the security to be acquired, the consideration to be paid therefor, and compliance with such State laws as may apply in respect of the issue, sale, or acquisition thereof,

(B) the outstanding securities of the company whose security is to be acquired, the terms, position, rights, and privileges of each class and the options in respect of any such securities,

(C) the names of all security holders of record (or otherwise known to the applicant) owning, holding, or controlling 1 per centum or more of any class of security of such company, the officers and directors of such company, and their remuneration, security holdings in, material contracts with, and borrowings from such company, and the offices or directorships held, and securities owned, held, or controlled, by them in other companies,

(D) the bonus, profit-sharing and voting-trust agreements, underwriting arrangements, trust indentures, mortgages, and similar documents, by whatever name known, of or relating to such company,

(E) the material contracts, not made in the ordinary course of business, and the service, sales, and construction contracts of such company,

(F) the securities owned, held, or controlled, directly or indirectly, by such company,

(G) balance sheets and profit and loss statements of such company for not more than the five preceding fiscal years, certified, if required by the rules and regulations of the Commission by an independent public accountant,

(H) any further information regarding such company and any associate company or affiliate thereof, or its relations with the applicant company, and

(I) if the applicant be not a registered holding company, any of the information and documents which may be required under section 5 from a registered holding company;

(2) in the case of the acquisition of utility assets, such information concerning such assets, the value thereof and consideration to be paid therefor, the owner or owners thereof and their relation to, agreements with, and interest in the securities of, the applicant or any associate company thereof as the Commission may by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers; and

(3) in the case of the acquisition of any other interest in any business such information concerning such business and the interest to be acquired, and the consideration to be paid, as the Commission may by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers.

(b) If the requirements of subsection (f) are satisfied, the Commission shall approve the acquisition unless the Commission finds that—

(1) such acquisition will tend toward interlocking relations or the concentration of control of public-utility companies, of a kind or to an extent detrimental to the public interest or the interest of investors or consumers;

(2) in case of the acquisition of securities or utility assets, the consideration, including all fees, commissions, and other remuneration, to whomsoever paid, to be given, directly or indirectly, in connection with such acquisition is not reasonable or does not bear a fair relation to the sums invested in or the earning capacity of the utility assets to be acquired or the utility assets underlying the securities to be acquired; or

(3) such acquisition will unduly complicate the capital structure of the holding-company system of the applicant or will be detrimental to the public interest or the interest of investors or consumers or the proper functioning of such holding-company system.

The Commission may condition its approval of the acquisition of securities of another company upon such a fair offer to purchase such of the other securities of the company whose security is to be acquired as the Commission may find necessary or appropriate in the public interest or for the protection of investors or consumers.

(c) Notwithstanding the provisions of subsection (b), the Commission shall not approve—

(1) an acquisition of securities or utility assets, or of any other interest, which is unlawful under the provisions of section 8 or is detrimental to the carrying out of the provisions of section 11; or

(2) the acquisition of securities or utility assets of a public-utility or holding company unless the Commission finds that such acquisition will serve the public interest by tending towards the economical and efficient development of an integrated public-utility system. This paragraph shall not apply to the acquisition of securities or utility assets of a public-utility company operating exclusively outside the United States.

(d) Within such reasonable time after the filing of an application under this section as the Commission shall fix by rules and regulations or order, the Commission shall enter an order either granting or, after notice and opportunity for hearing, denying approval of the acquisition unless the applicant shall withdraw its application. Amendments to an application may be made upon such terms and conditions as the Commission may prescribe.

(e) The Commission, in any order approving the acquisition of securities or utility assets, may prescribe such terms and conditions in respect of such acquisition, including the price to be paid for such securities or utility assets, as the Commission may find necessary or appropriate in the public interest or for the protection of investors or consumers.

(f) The Commission shall not approve any acquisition as to which an application is made under this section unless it appears to the satisfaction of the Commission that such State laws as may apply in respect of such acquisition have been complied with, except where the Commission finds that compliance with such State laws would be detrimental to the carrying out of the provisions of section 11.

Simplification of holding-company systems

Sec. 11. (a) It shall be the duty of the Commission to examine the corporate structure of every registered holding company and subsidiary company thereof, the relationships among the companies in the holding-company system of every such company and the character of the interests thereof and the properties owned or controlled thereby to determine the extent to which the corporate structure of such holding-company system and the companies therein may be simplified, unnecessary complexities therein eliminated, voting power fairly and equitably distributed among the holders of securities thereof, and the properties and business thereof confined to those necessary or appropriate to the operations of an integrated registered public-utility system.

(b) It shall be the duty of the Commission, as soon as practicable after January 1, 1938:

(1) To require by order, after notice and opportunity for hearing, that each registered holding company, and each subsidiary company thereof, shall take such action as the Commission shall find necessary to limit the operations of the holding-company system of which such company is a part to a single integrated public-utility system, and to such other businesses as are reasonably incidental, or economically necessary or appropriate to the operations of such integrated public-utility system: Provided, however, That the Commission shall permit a registered holding company to continue to control one or more additional integrated public-utility systems, if, after notice and opportunity for hearing, it finds that—

(A) Each of such additional systems cannot be operated as an independent system without the loss of substantial economies which can be secured by the retention of control by such holding company of such system;

(B) All of such additional systems are located in one State, or in adjoining States, or in a contiguous foreign country; and

(C) The continued combination of such systems under the control of such holding company is not so large (considering the state of the art and the area or region affected) as to impair the advantages of localized management, efficient operation, or the effectiveness of regulation.

The Commission may permit as reasonably incidental, or economically necessary or appropriate to the operations of one or more integrated public-utility systems the retention of an interest in any business (other than the business of a public-utility company as such) which the Commission shall find necessary or appropriate in the public interest or for the protection of investors or consumers and not detrimental to the proper functioning of such system or systems.

(2) To require by order, after notice and opportunity for hearing, that each registered holding company, and each subsidiary company thereof, shall take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in the holding-company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of such holding-company system. In carrying out the provisions of this paragraph the Commission shall require each registered holding-company (and any company in the same holding-company system with such holding company) to take such action as the Commission shall find necessary in order that such holding company shall cease to be a holding company with respect to each of its subsidiary companies which itself has a subsidiary company which is a holding company. Except for the purpose of fairly and equitably distributing voting power among the security holders of such company, nothing in this paragraph shall authorize the Commission to require any change in the corporate structure or existence of any company which is not a holding company, or of any company whose principal business is that of a public-utility company.

The Commission may by order revoke or modify any order previously made under this subsection, if after notice and opportunity for hearing, it finds that the conditions upon which the order was predicated do not exist. Any order made under this subsection shall be subject to judicial review as provided in section 24.

(c) Any order under subsection (b) shall be complied with within one year from the date of such order; but the Commission shall, upon a showing (made before or after the entry of such order) that the applicant has been or will be unable in the exercise of due diligence to comply with such order within such time, extend such time for an additional period not exceeding one year if it finds such extension necessary or appropriate in the public interest or for the protection of investors or consumers.

(d) The Commission may apply to a court, in accordance with the provisions of subsection (f) of section 18, to enforce compliance with any order issued under subsection (b). In any such proceeding, the court as a court of equity may, to such extent as it deems necessary for purposes of enforcement of such order, take exclusive jurisdiction and possession of the company or companies and the assets thereof, wherever located; and the court shall have jurisdiction, in any such proceeding, to appoint a trustee, and the court may constitute and appoint the Commission as sole trustee, to hold or administer under the direction of the court the assets so possessed. In any proceeding for the enforcement of an order of the Commission issued under subsection (b), the trustee with the approval of the court shall have power to dispose of any or all of such assets and, subject to such terms and conditions as the court may prescribe, may make such disposition in accordance with a fair and equitable reorganization plan which shall have been approved by the Commission after opportunity for hearing. Such reorganization plan may be proposed in the first instance by the Commission, or, subject to such rules and regulations as the Commission may deem necessary or appropriate in the public interest or for the protection of investors, by any person having a bona fide interest (as defined by the rules and regulations of the Commission) in the reorganization.

(e) In accordance with such rules and regulations or order as the Commission may deem necessary or appropriate in the public interest or for the protection of investors or consumers, any registered holding company or any subsidiary company of a registered holding company may, at any time after January 1, 1936, submit a plan to the Commission for the divestment of control, securities, or other assets, or for other action by such company or any subsidiary company thereof for the purpose of enabling such company or any subsidiary company thereof to comply with the provisions of subsection (b). If, after notice and opportunity for hearing, the Commission shall find such plan, as submitted or as modified, necessary to effectuate the provisions of subsection (b) and fair and equitable to the persons affected by such plan, the Commission shall make an order approving such plan; and the Commission, at the request of the company, may apply to a court, in accordance with the provisions of subsection (f) of section 18, to enforce and carry out the terms and provisions of such plan. If, upon any such application, the court, after notice and opportunity for hearing, shall approve such plan as fair and equitable and as appropriate to effectuate the provisions of section 11, the court as a court of equity may, to such extent as it deems necessary for the purpose of carrying out the terms and provisions of such plan, take exclusive jurisdiction and possession of the company or companies and the assets thereof, wherever located; and the court shall have jurisdiction to appoint a trustee, and the court may constitute and appoint the Commission as sole trustee, to hold or administer, under the direction of the court and in accordance with the plan

theretofore approved by the court and the Commission, the assets so possessed.

(f) In any proceeding in a court of the United States, whether under this section or otherwise, in which a receiver or trustee is appointed for any registered holding company, or any subsidiary company thereof, the court may constitute and appoint the Commission as sole trustee or receiver, subject to the directions and orders of the court, whether or not a trustee or receiver shall theretofore have been appointed, and in any such proceeding the court shall not appoint any person other than the Commission as trustee or receiver without notifying the Commission and giving it an opportunity to be heard before making any such appointment. In no proceeding under this section or otherwise shall the Commission be appointed as trustee or receiver without its express consent. In any such proceeding a reorganization plan for a registered holding company or any subsidiary company thereof shall not become effective unless such plan shall have been approved by the Commission after opportunity for hearing prior to its submission to the court. Notwithstanding any other provision of law, any such reorganization plan may be proposed in the first instance by the Commission or, subject to such rules and regulations as the Commission may deem necessary or appropriate in the public interest or for the protection of investors, by any person having a bona fide interest (as defined by the rules and regulations of the Commission) in the reorganization. The Commission may, by such rules and regulations or order as it may deem necessary or appropriate in the public interest or for the protection of investors or consumers, require that any or all fees, expenses, and remuneration, to whomsoever paid, in connection with any reorganization, dissolution, liquidation, bankruptcy, or receivership of a registered holding company or subsidiary company thereof, in any such proceeding, shall be subject to approval by the Commission.

(g) It shall be unlawful for any person to solicit or permit the use of his or its name to solicit, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, any proxy, consent, authorization, power of attorney, deposit, or dissent in respect of any reorganization plan of a registered holding company or any subsidiary company thereof under this section, or otherwise, or in respect of any plan under this section for the divestment of control, securities, or other assets, or for the dissolution of any registered holding company or any subsidiary company thereof, unless—

(1) the plan has been proposed by the Commission, or the plan and such information regarding it and its sponsors as the Commission may deem necessary or appropriate in the public interest or for the protection of investors or consumers has been submitted to the Commission by a person having a bona fide interest (as defined by the rules and regulations of the Commission) in such reorganization;

(2) each such solicitation is accompanied or preceded by a copy of a report on the plan which shall be made by the Commission after an opportunity for a hearing on the plan and other plans submitted to it, or by an abstract of such report made or approved by the Commission; and

(3) each such solicitation is made not in contravention of such rules and regulations or orders as the Commission may deem necessary or appropriate in the public interest or for the protection of investors or consumers.

Nothing in this subsection or the rules and regulations thereunder shall prevent any person from appearing before the Commission or any court through an attorney or proxy.

Intercompany loans; dividends; security transactions; sale of utility assets; proxies; other transactions

Sec. 12. (a) It shall be unlawful for any registered holding company, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, directly or indirectly, to borrow, or to receive any extension of credit or indemnity, from any public-utility company in the same holding company system or from any subsidiary company of such holding company, but it shall not be unlawful under this subsection to renew, or extend the time of, any loan, credit, or indemnity outstanding on the date of the enactment of this title.

(b) It shall be unlawful for any registered holding company or subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, directly or indirectly, to lend or in any manner extend its credit to or indemnify any company in the same holding company system in contravention of such rules and regulations or orders as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder.

(c) It shall be unlawful for any registered holding company or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to declare or pay any dividend on any security of such company or to acquire, retire, or redeem any security of such company, in contravention of such rules and regulations or orders as the Commission deems necessary or appropriate to protect the financial integrity of companies in holding company systems, to safeguard the working capital of public-utility companies, to prevent the payment of dividends out of capital or unearned surplus, or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder.

(d) It shall be unlawful for any registered holding company, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to sell any security which it owns of any public-utility company, or any utility assets, in contravention of such rules and regulations or orders regarding the consideration to be received for such sale, maintenance of competitive conditions, fees and commissions, accounts, disclosure of interest, and similar matters as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder.

(e) It shall be unlawful for any person to solicit or to permit the use of his or its name to solicit, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, any proxy, power of attorney, consent, or authorization regarding any security of a registered holding company or a subsidiary company thereof in contravention of such rules and regulations or orders as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder.

(f) It shall be unlawful for any registered holding company or subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to negotiate, enter into, or take any step in the performance of any transaction not otherwise unlawful under this title, with any company in the same holding company system or with any affiliate of a company in such holding company system in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules and regulations thereunder.

(g) It shall be unlawful for any affiliate of any public-utility company, by use of the mails or any means or instrumentality of interstate commerce, or for any affiliate of any public-utility company engaged in interstate commerce, or of any registered holding company or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to negotiate, enter into, or take any step in the performance of any transaction not otherwise unlawful under this title, with any such company of which it is an affiliate, in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters as the Commission deems necessary or appropriate to prevent the circumvention of the provisions of this title.

(h) It shall be unlawful for any registered holding company, or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, directly or indirectly—

(1) to make any contribution whatsoever in connection with the candidacy, nomination, election, or appointment of any person for or to any office or position in the Government of the United States, a State, or any political subdivision of a State, or any agency, authority, or instrumentality of any one or more of the foregoing; or

(2) to make any contribution to or in support of any political party or any committee or agency thereof.

The term "contribution" as used in this subsection includes any gift, subscription, loan, advance, or deposit of money or anything of value, and includes any contract, agreement, or promise, whether or not legally enforceable, to make a contribution.

(i) It shall be unlawful for any person employed or retained by any registered holding company, or any subsidiary company thereof, to present, advocate, or oppose any matter affecting any registered holding company or any subsidiary company thereof, before the Congress or any Member or committee thereof, or before the Commission or Federal Power Commission, or any member, officer, or employee of either such Commission, unless such person shall file with the Commission in such form and detail and at such time as the Commission shall by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers, a statement of the subject matter in respect of which such person is retained or employed, the nature and character of such retainer or employment, and the amount of compensation received or to be received by such person, directly or indirectly, in connection therewith. It shall be the duty of every such person so employed or retained to file with the Commission within ten days after the close of each calendar month during such retainer or employment, in such form and detail as the Commission shall by rules and regulations or order prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers, a statement of the expenses incurred and the compensation received by such person during such month in connection with such retainer or employment.

Service, sales, and construction contracts

Sec. 13. (a) After April 1, 1936, it shall be unlawful for any registered holding company, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to enter into or take any step in the performance of any service, sales, or construction contract by which such company undertakes to perform services or construction work for, or sell goods to, any associate company thereof which is a public-utility or mutual service company. This provision shall not apply to such transactions, involving special or unusual circumstances or not in the ordinary course of business, as the Commission by rules and regulations or order may conditionally or unconditionally exempt as being necessary or appropriate in the public interest or for the protection of investors or consumers.

(b) After April 1, 1936, it shall be unlawful for any subsidiary company of any registered holding company or for any mutual service company, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to enter into or take any step in the performance of any service, sales, or construction contract by which such company undertakes to perform services or construction work for, or sell goods to, any associate company thereof except in accordance with such terms and conditions and subject to such limitations and prohibitions as the Commission by rules and regulations or order shall prescribe as necessary or appropriate in the public interest or for the protection of investors or consumers and to insure that such contracts are performed economically and efficiently for the benefit of such associate companies at cost, fairly and equitably allocated among such companies. This provision shall not apply to such transactions as the Commission by rules and regulations or order may conditionally or unconditionally exempt as being necessary or appropriate in the public interest or for the protection of investors or consumers, if such transactions (1) are with any associate company which does not derive, directly or indirectly, any material part of its income from sources within the United States and which is not a public-utility company operating within the United States, or (2) involve special or unusual circumstances or are not in the ordinary course of business.

(c) The rules and regulations and orders of the Commission under this section may prescribe, among other things, such terms and conditions regarding the determination of costs and the allocation thereof among specified classes of companies and for specified classes of service, sales, and construction contracts, the duration of such contracts, the making and keeping of accounts and cost-accounting procedures, the filing of annual and other periodic and special reports, the maintenance of competitive conditions, the disclosure of interests, and similar matters, as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers.

(d) The rules and regulations and orders of the Commission under this section shall prescribe, among other things, such terms and conditions regarding the manner in which application may be made for approval as a mutual service company and the granting and continuance of such approval, the nature and enforcement of agreements for the sharing of expenses and distributing of revenues among member companies, and matters relating to such agreements, the nature and types of businesses and transactions in which mutual service companies may engage, and the manner of engaging therein, and the relations and transactions with member companies and affiliates, as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers. The Commission shall not approve, or continue the approval of, any company as a mutual service company unless the Commission finds such company is so organized as to ownership, costs, revenues, and the sharing thereof as reasonably to insure the efficient and economical performance of service, sales, or construction contracts by such company for member companies at cost fairly and equitably allocated among such member companies, at a reasonable saving to member companies over the cost to such companies of comparable contracts performed by independent persons. The Commission, upon its own motion or at the request of a member company or a State commission, may, after notice and opportunity for hearing, by order require a reallocation or reapportionment of costs among member companies of a mutual service company if it finds the existing allocation inequitable and may require the elimination of a service or services to a member company which does not bear its fair proportion of costs or which, by reason of its size or other circumstances, does not require such service or services. The Commission, after notice and opportunity for hearing, by order shall revoke, suspend, or modify the approval given any mutual service company if it finds that such company has persistently violated any provision of this section or any rule, regulation, or order thereunder.

(e) It shall be unlawful for any affiliate of any public-utility company engaged in interstate commerce, or of any registered holding company or subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to enter into or take any step in the performance of any service, sales, or construction contract, by which such affiliate undertakes to perform services or construction work for, or sell goods to, any such company of which it is an affiliate, in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters, as the Commission deems necessary or appropriate to prevent the circumvention

of the provisions of this title or the rules, regulations, or orders thereunder.

(f) It shall be unlawful for any person whose principal business is the performance of service, sales, or construction contracts for public-utility or holding companies, by use of the mails or any means or instrumentality of interstate commerce, to enter into or take any step in the performance of any service, sales, or construction contract with any public-utility company, or for any such person, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to enter into or take any step in the performance of any service, sales, or construction contract with any public-utility company engaged in interstate commerce, or with any registered holding company or any subsidiary company of a registered holding company, in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder.

(g) The Commission, in order to obtain information to serve as a basis for recommending further legislation, shall, from time to time, conduct investigations regarding the making, performance, and costs of service, sales, and construction contracts with holding companies and subsidiary companies thereof and with public-utility companies, the economies resulting therefrom, and the desirability thereof. The Commission shall report to Congress, from time to time, the results of such investigations, together with such recommendations for legislation as it deems advisable. On the basis of such investigations the Commission shall classify the different types of such contracts and the work done thereunder, and shall make recommendations from time to time regarding the standards and scope of such contracts in relation to public-utility companies of different kinds and sizes and the costs incurred thereunder and economies resulting therefrom. Such recommendations shall be made available to State commissions, public-utility companies, and to the public in such form and at such reasonable charge as the Commission may prescribe.

Periodic and other reports

Sec. 14. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the company entitled thereto or by the owner of any security of such company in the name and in the behalf of such company if such company shall fail or refuse to bring such suit within sixty days after request or shall fail diligently to prosecute the same thereafter; but no such suit shall be brought more than two years after the date such profit was realized. This subsection shall not cover any transaction where such person was not an officer or director at the times of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the Commission by rules and regulations may, as necessary or appropriate in the public interest or for the protection of investors or consumers, exempt as not comprehended within the purpose of this subsection. Nothing in this subsection shall be construed to give a remedy in the case of any transaction in respect of which a remedy is given under subsection (b) of section 16 of the Securities Exchange Act of 1934.

(c) After one year from the date of the enactment of this title, no registered holding company or any subsidiary company thereof shall have, as an officer or director thereof, any executive officer, director, partner, appointee, or representative of any bank, trust company, investment banker, or banking association or firm, or any executive officer, director, partner, appointee, or representative of any corporation a majority of whose stock, having the unrestricted right to vote for the election of directors, is owned by any bank, trust company, investment banker, or banking association or firm, except in such cases as rules and regulations prescribed by the Commission may permit as not adversely affecting the public interest or the interest of investors or consumers.

Each such permit shall set forth the conditions under which priority shall be maintained. Such permits shall not be transferable, and may be canceled by order of the Commission upon failure of permittees to comply with the conditions thereof or for other good cause shown after notice and opportunity for hearing."

Sec. 204. Section 6 of the Federal Water Power Act, as amended, is amended to read as follows:

Licenses may be revoked only for the reasons and in the manner prescribed under the provisions of this act, and may be altered or surrendered only upon mutual agreement between the licensee and the Commission after thirty days' public notice. "Sec. 7. (a). In issuing preliminary permits hereunder or licenses where no preliminary permit has been issued and in issuing licenses to new licensees under section 15 hereof the Commission shall give preference to applications therefor by States and municipalities, provided the plans for the same are deemed by the Commission equally well adapted, or shall within a reasonable time to be fixed by the Commission be made equally well adapted, to conserve and utilize in the public interest the water resources of the region; and as between other applicants, the Commission may give preference to the applicant the plans of which it finds and determines are best adapted to develop, conserve, and utilize in the public interest the water resources of the region, if it be satisfied as to the ability of the applicant to carry out such plans.

"(b) Whenever, in the judgment of the Commission, the development of any water resources for public purposes should be undertaken by the United States itself, the Commission shall not approve any application for any project affecting such development, but shall cause to be made such examinations, surveys, reports, plans, and estimates of the cost of the proposed development as it may find necessary, and shall submit its findings to Congress with such recommendations as it may find appropriate concerning such development."

Sec. 206. Section 10 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 10. All licenses issued under this Part shall be on the following conditions:

"(a) That the project adopted, including the maps, plans, and specifications, shall be such as in the judgment of the Commission will be best adapted to a comprehensive plan for improving or developing a waterway or waterways for the use or benefit of interstate or foreign commerce, for the improvement and utilization of water-power development, and for other beneficial public uses, including recreational purposes; and if necessary in order to secure such plan the Commission shall have authority to require the modification of any project and of the plans and specifications of the project works before approval.

"(b) That except when emergency shall require for the protection of navigation, life, health, or property, no substantial alteration or addition not in conformity with the approved plans shall be made to any dam or other project works constructed hereunder of an installed capacity in excess of one hundred horsepower without the prior approval of the Commission; and any emergency alteration or addition so made shall thereafter be subject to such modification and change as the Commission may direct.

"(c) That the licensee shall maintain the project works in a condition of repair adequate for the purposes of navigation and for the efficient operation of said works in the development and transmission of power, shall make all necessary renewals and replacements, shall establish and maintain adequate depreciation reserves for such purposes, shall so maintain and operate said works as not to impair navigation, and shall conform to such rules and regulations as the Commission may from time to time prescribe for the protection of life, health, and property. Each licensee hereunder shall be liable for all damages occasioned to the property of others by the construction, maintenance, or operation of the project works or of the works appurtenant or accessory thereto, constructed under the license, and in no event shall the United States be liable therefor.

"(d) That after the first twenty years of operation, out of surplus earned thereafter, if any, accumulated in excess of a specified reasonable rate of return upon the net investment of a licensee in any project or projects under license, the licensee shall establish and maintain amortization reserves, which reserves shall, in the discretion of the Commission, be held until the termination of the license or be applied from time to time in reduction of the net investment. Such specified rate of return and the proportion of such surplus earnings to be paid into and held in such reserves shall be set forth in the license.

"(e) That the licensee shall pay to the United States reasonable annual charges in an amount to be fixed by the Commission for the purpose of reimbursing the United States for the costs of the administration of this part; for recompensing it for the use, occupancy, and enjoyment of its lands or other property; and for the expropriation to the Government of excessive profits until the respective States shall make provision for preventing excessive profits or for the expropriation thereof to themselves, or until the period of amortization as herein provided is reached, and in fixing such charges the Commission shall seek to avoid increasing the price to the consumers of power by such charges, and any such charges may be adjusted from time to time by the Commission as conditions may require: Provided, That when licenses are issued involving the use of Government dams or other structures owned by the United States or tribal lands embraced within Indian reservations the Commission shall, subject to the approval of the Secretary of the Interior in the case of such dams or structures in reclamation projects and, in the case of such tribal lands, subject to the approval of the Indian tribe having jurisdiction of such lands as provided in section 16 of the act of June 18, 1934 (48 Stat. 984), fix a reasonable annual charge for the use thereof, and such charges may with like approval be readjusted by the Commission at the end of twenty years after the project is available for service and at periods of not less than ten years thereafter upon notice and opportunity for hearing: Provided further, That licenses for the development, transmission, or distribution of power by States or municipalities shall be issued and enjoyed without charge to the extent such power is sold to the public without profit or is used by such State or municipality for State or municipal purposes, except that as to projects constructed or to be constructed by States or municipalities primarily designed to provide or improve navigation, licenses therefor shall be issued without charge; and that licenses for the development, transmission, or distribution of power for domestic, mining, or other beneficial use in projects of not more than one hundred horsepower installed capacity may be issued without charge, except on tribal lands within Indian reservations; but in no case shall a license be issued free of charge for the development and utilization of power created by any Government dam and that the amount charged therefor in any license shall be such as determined by the Commission. In the event an overpayment of any charge due under this section shall be made by a licensee, the Commission is authorized to allow a credit for such overpayment when charges are due for any subsequent period.

"(f) That whenever any licensee hereunder is directly benefited by the construction work of another licensee, a permittee, or of the United States of a storage reservoir or other headwater improvement, the Commission shall require as a condition of the license that the licensee so benefited shall reimburse the owner of such reservoir or other improvements for such part of the annual charges for interest, maintenance, and depreciation thereon as the Commission may deem equitable. The proportion of such charges to be paid by any licensee shall be determined by the Commission. The licensees or permittees affected shall pay to the United States the cost of making such determination as fixed by the Commission.

"Whenever such reservoir or other improvement is constructed by the United States the Commission shall assess similar charges against any licensee directly benefited thereby, and any amount so assessed shall be paid into the Treasury of the United States, to be reserved and appropriated as a part of the special fund for headwater improvements as provided in section 17 hereof.

"Whenever any power project not under license is benefited by the construction work of a licensee or permittee, the United States or any agency thereof, the Commission, after notice to the owner or owners of such unlicensed project, shall determine and fix a reasonable and equitable annual charge to be paid to the licensee or permittee on account of such benefits, or to the United States if it be the owner of such headwater improvement.

"(g) Such other conditions not inconsistent with the provisions of this act as the Commission may require.

"(h) That combinations, agreements, arrangements, or understandings, express or implied, to limit the output of electrical energy, to restrain trade, or to fix, maintain, or increase prices for electrical energy or service are hereby prohibited.

"(i) In issuing licenses for a minor part only of a complete project, or for a complete project of not more than one hundred horsepower installed capacity, the Commission may in its discretion waive such conditions, provisions, and requirements of this part, except the license period of fifty years, as it may deem to be to the public interest to waive under the circumstances: Provided, That the provisions hereof shall not apply to annual charges for use of lands within Indian reservations."

Sec. 207. Section 14 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 14. Upon not less than two years' notice in writing from the Commission the United States shall have the right upon or after the expiration of any license to take over and thereafter to maintain and operate any project or projects as defined in section 3 hereof, and covered in whole or in part by the license, or the right to take over upon mutual agreement with the licensee all property owned and held by the licensee then valuable and serviceable in the development, transmission, or distribution of power and which is then dependent for its usefulness upon the continuance of the license, together with any lock or locks or other aids to navigation constructed at the expense of the licensee, upon the condition that before taking possession it shall pay the net investment of the licensee in the project or projects taken, not to exceed the fair value of the property taken, plus such reasonable damages, if any, to property of the licensee valuable, serviceable, and dependent as above set forth but not taken, as may be caused by the severance therefrom of property taken, and shall assume all contracts entered into by the licensee with the approval of the Commission. The net investment of the licensee in the project or projects so taken and the amount of such severance damages, if any, shall be determined by the Commission after notice and opportunity for hearing. Such net investment shall not include or be affected by the value of any lands, rights-of-way, or other property of the United States licensed by the Commission under this act, by the license or by good will, going value, or prospective revenues; nor shall the values allowed for water rights, rights-of-way, lands, or interest in lands be in excess of the actual reasonable cost thereof at the time of acquisition by the licensee: Provided, That the right of the United States or any State or municipality to take over, maintain, and operate any project licensed under this act at any time by condemnation proceedings upon payment of just compensation is hereby expressly reserved."

Sec. 208. Section 17 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 17. (a) All proceeds from any Indian reservation shall be placed to the credit of the Indians of such reservation. All other charges arising from licenses hereunder, except charges fixed by the Commission for the purpose of reimbursing the United States for the costs of administration of this Part, shall be paid into the Treasury of the United States, subject to the following distribution: 12½ per centum thereof is hereby appropriated to be paid into the Treasury of the United States and credited to 'Miscellaneous receipts'; 50 per centum of the charges arising from licenses hereunder for the occupancy and use of public lands and national forests shall be paid into, reserved, and appropriated as a part of the reclamation fund created by the Act of Congress known as the Reclamation Act, approved June 17, 1902; and 37½ per centum of the charges arising from licenses hereunder for the occupancy and use of national forests and public lands from development within the boundaries of any State shall be paid by the Secretary of the Treasury to such State; and 50 per centum of the charges arising from all other licenses hereunder is hereby reserved and appropriated as a special fund in the Treasury to be expended under the direction of the Secretary of War in the maintenance and operation of dams and other navigation structures owned by the United States or in the construction, maintenance, or operation of headwater or other improvements of navigable waters of the United States. The proceeds of charges made by the Commission for the purpose of reimbursing the United States for the costs of the administration of this part shall be paid into the Treasury of the United States and credited to miscellaneous receipts.

"(b) In case of delinquency on the part of any licensee in the payment of annual charges a penalty of 5 per centum of the total amount so delinquent may be added to the total charges which shall apply for the first month or part of month so delinquent with an additional penalty of 3 per centum for each subsequent month until the total of the charges and penalties are paid or until the license is canceled and the charges and penalties satisfied in accordance with law."

Sec. 209. Section 18 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 18. The Commission shall require the construction, maintenance, and operation by a licensee at its own expense of such lights and signals as may be directed by the Secretary of War, and such fishways as may be prescribed by the Secretary of Commerce. The operation of any navigation facilities which may be constructed as a part of or in connection with any dam or diversion structure built under the provi-

sions of this act, whether at the expense of a licensee hereunder or of the United States, shall at all times be controlled by such reasonable rules and regulations in the interest of navigation, including the control of the level of the pool caused by such dam or diversion structure as may be made from time to time by the Secretary of War; and for willful failure to comply with any such rule or regulation such licensee shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished as provided in section 316 hereof."

Sec. 210. Section 23 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 23. (a) The provisions of this Part shall not be construed as affecting any permit or valid existing right-of-way heretofore granted or as confirming or otherwise affecting any claim, or as affecting any authority heretofore given pursuant to law, but any person, association, corporation, State, or municipality holding or possessing such permit, right-of-way, or authority may apply for a license hereunder, and upon such application the Commission may issue to any such applicant a license in accordance with the provisions of this Part and in such case the provisions of this act shall apply to such applicant as a licensee hereunder: Provided, That when application is made for a license under this section for a project or projects already constructed the fair value of said project or projects determined as provided in this section, shall for the purposes of this Part and of said license be deemed to be the amount to be allowed as the net investment of the applicant in such project or projects as of the date of such license, or as of the date of such determination, if license has not been issued. Such fair value shall be determined by the Commission after notice and opportunity for hearing.

"(b) It shall be unlawful for any person, State, or municipality, for the purpose of developing electric power, to construct, operate, or maintain any dam, water conduit, reservoir, power house, or other works incidental thereto across, along, or in any of the navigable waters of the United States, or upon any part of the public lands or reservations of the United States (including the Territories), or utilize the surplus water or water power from any Government dam, except under and in accordance with the terms of a permit or valid existing right-of-way granted prior to June 10, 1920, or a license granted pursuant to this act. Any person, association, corporation, State, or municipality intending to construct a dam or other project works across, along, over, or in any stream or part thereof, other than those defined herein as navigable waters, and over which Congress has jurisdiction under its authority to regulate commerce with foreign nations and among the several States shall before such construction file declaration of such intention with the Commission, whereupon the Commission shall cause immediate investigation of such proposed construction to be made, and if upon investigation it shall find that the interests of interstate or foreign commerce would be affected by such proposed construction, such person, association, corporation, State, or municipality shall not construct, maintain, or operate such dam or other project works until it shall have applied for and shall have received a license under the provisions of this act. If the Commission shall not so find, and if no public lands or reservations are affected, permission is hereby granted to construct such dam or other project works in such stream upon compliance with State laws."

Sec. 211. Section 24 of the Federal Water Power Act, as amended, is amended to read as follows:

"Sec. 24. Any lands of the United States included in any proposed project under the provisions of this Part shall from the date of filing of application therefor be reserved from entry, location, or other disposal under the laws of the United States until otherwise directed by the Commission or by Congress. Notice that such application has been made, together with the date of filing thereof and a description of the lands of the United States affected thereby, shall be filed in the local land office for the district in which such lands are located. Whenever the Commission shall determine that the value of any lands of the United States so applied for, or heretofore or hereafter reserved or classified as power sites, will not be injured or destroyed for the purposes of power development by location, entry, or selection under the public land laws, the Secretary of the Interior, upon notice of such determination, shall declare such lands open to location, entry, or selection, for such purpose or purposes and under such restrictions as the Commission may determine, subject to and with a reservation of the right of the United States or its permittees or licensees to enter upon, occupy, and use any part or all of said lands necessary, in the judgment of the Commission, for the purposes of this Part, which right shall be expressly reserved in every patent issued for such lands; and no claim or right to compensation shall accrue from the occupation or use of any of said lands for said purposes. The United States or any licensee for any such lands hereunder may enter thereupon for the purposes of this Part, upon payment of any damages to crops, buildings, or other improvements caused thereby to the owner thereof, or upon giving a good and sufficient bond to the United States for the use and benefit of the owner to secure the payment of such damages as may be determined and fixed in an action brought upon the bond in a court of competent jurisdiction, said bond to be in the form prescribed by the Commission: Provided, That locations, entries, selections, or filings heretofore made for lands reserved as water-power sites, or in connection with water-power development, or electrical transmission may proceed to approval or patent under and subject to the limitations and conditions in this section contained.

Sec. 212. Sections 1 to 29, inclusive, of the Federal Water Power Act, as amended, shall constitute Part I of that act, and sections 25 and 30 of such act, as amended, are repealed: Provided, That nothing in that act, as amended, shall be construed to repeal or amend the provisions of the amendment to the Federal Water Power Act approved March 3, 1921 (41 Stat. 1353), or the provisions of any other act relating to national parks and national monuments.

Sec. 213. The Federal Water Power Act, as amended, is further amended by adding thereto the following parts:

"PART II—REGULATION OF ELECTRIC UTILITY COMPANIES ENGAGED IN INTERSTATE COMMERCE

"Declaration of policy; application of part; definitions

"Section 201. (a) It is hereby declared that the business of transmitting and selling electric energy for ultimate distribution to the public is affected with a public interest, and that Federal regulation of matters relating to generation to the extent provided in this Part and the Part next following and of that part of such business which consists of the transmission of electric energy in interstate commerce and the sale of such energy at wholesale in interstate commerce is necessary in the public interest, such Federal regulation, however, to extend only to those matters which are not subject to regulation by the States.

"(b) The provisions of this Part shall apply to the transmission of electric energy in interstate commerce and to the sale of electric energy at wholesale in interstate commerce, but shall not apply to any other sale of electric energy or deprive a State or State commission of its lawful authority now exercised over the exportation of hydroelectric energy which is transmitted across a State line. The Commission shall have jurisdiction over all facilities for such transmission or sale of electric energy, but shall not have jurisdiction, except as specifically provided in this Part and the Part next following, over facilities used for the generation of electric energy or over facilities used in local distribution or only for the transmission of electric energy in intrastate commerce, or over facilities for the transmission of electric energy consumed wholly by the transmitter.

"(c) For the purpose of this Part, electric energy shall be held to be transmitted in interstate commerce if transmitted from a State and consumed at any point outside thereof; but only insofar as such transmission takes place within the United States.

"(d) The term 'sale of electric energy at wholesale' when used in this Part means a sale of electric energy to any person for resale.

"(e) The term 'public utility' when used in this Part or in the Part next following means any person who owns or operates facilities subject to the jurisdiction of the Commission under this Part.

"(f) No provision in this Part shall apply to, or be deemed to include, the United States, a State or any political subdivision of a State, or any agency, authority, or instrumentality of any one or more of the foregoing, or any corporation which is wholly owned, directly or indirectly, by any one or more of the foregoing, or any officer, agent, or employee of any of the foregoing acting as such in the course of his official duty, unless such provision makes specific reference thereto.

"Interconnection and coordination of facilities; emergencies; transmission to foreign countries

"Sec. 202. (a) For the purpose of assuring an abundant supply of electric energy throughout the United States with the greatest possible economy and with regard to the proper utilization and conservation of natural resources, the Commission is empowered and directed to divide the country into regional districts for the voluntary interconnection and coordination of facilities for the generation, transmission, and sale of electric energy, and it may at any time thereafter, upon its own motion or upon application, make such modifications thereof as in its judgment will promote the public interest. Each such district shall embrace an area which, in the judgment of the Commission, can economically be served by such interconnected and coordinated electric facilities. It shall be the duty of the Commisison to promote and encourage such interconnection and coordination within each such district and between such districts. Before establishing any such district and fixing or modifying the boundaries thereof the Commission shall give notice to the State commission of each State situated wholly or in part within such district, and shall afford each such State commission reasonable opportunity to present its views and recommendations, and shall receive and consider such views and recommendations.

"(b) Whenever the Commission, upon application of any State commission or of any person engaged in the transmission or sale of electric energy, and after notice to each State commission and public utility affected and after opportunity for hearing, finds such action necessary or appropriate in the public interest it may by order direct a public utility (if the Commission finds that no undue burden will be placed upon such public utility thereby) to establish physical connection of its transmission facilities with the facilities of one or more other persons engaged in the transmission or sale of electric energy, to sell energy to or exchange energy with such persons: Provided, That the Commission shall have no authority to compel the enlargement of generating facilities for such purposes, nor to compel such public utility to sell or exchange energy when to do so would impair its ability to render adequate service to its customers. The Commission may prescribe the terms and conditions of the arrangement to be made between the persons affected by any such order, including the apportionment of cost between them and the compensation or reimbursement reasonably due to any of them.

"(c) During the continuance of any war in which the United States is engaged, or whenever the Commission determines that an emergency exists by reason of a sudden increase in the demand for electric energy, or a shortage of electric energy or of facilities for the generation or transmission of electric energy, or of fuel or water for generating facilities, or other causes, the Commission shall have authority, either upon its own motion or upon complaint, with or without notice, hearing, or report, to require by order such temporary connections of facilities and such generation, delivery, interchange, or transmission of electric energy as in its judgment will best meet the emergency and serve the public interest. If the parties affected by such order fail to agree upon the terms of any arrangement between them in carrying out such order, the Commission after hearing held either before or after such order takes effect, may prescribe by supplemental order such terms as it finds to be just and reasonable, including the compensation or reimbursement which should be paid to or by any such party.

"(d) During the continuance of any emergency requiring immediate action, any person engaged in the transmission or sale of electric energy and not otherwise subject to the jurisdiction of the Commission may make such temporary connections with any public utility subject to the jurisdiction of the Commission or may construct such temporary facilities for the transmission of electric energy in interstate commerce as may be necessary or appropriate to meet such emergency, and shall not become subject to the jurisdiction of the Commission by reason of such temporary connection or temporary construction: Provided, That such temporary connection shall be discontinued or such temporary construction removed or otherwise disposed of upon the termination of such emergency: Provided further, That upon approval of the Commission permanent connections for emergency use only may be made hereunder.

"(e) After six months from the date on which this Part takes effect, no person shall transmit any electric energy from the United States to a foreign country without first having secured an order of the Commission authorizing it to do so. The Commission shall issue such order upon application unless, after opportunity for hearing, it finds that the proposed transmission would impair the sufficiency of electric supply within the United States or would impede or tend to impede the coordination in the public interest of facilities subject to the jurisdiction of the Commission. The Commission may by its order grant such application in whole or in part, with such modifications and upon such terms and conditions as the Commission may find necessary or appropriate, and may from time to time, after opportunity for hearing and for good cause shown, make such supplemental orders in the premises as it may find necessary or appropriate.

"Disposition of property; consolidations; purchase of securities

"Sec. 203. (a) No public utility shall sell, lease, or otherwise dispose of the whole of its facilities subject to the jurisdiction of the Commission, or any part thereof of a value in excess of $50,000, or by any means whatsoever, directly or indirectly, merge or consolidate such facilities or any part thereof with those of any other person, or purchase, acquire, or take any security of any other public utility, without first having secured an order of the Commission authorizing it to do so. Upon application for such approval the Commission shall give reasonable notice in writing to the Governor and State commission of each of the States in which the physical property affected, or any part thereof, is situated, and to such other persons as it may deem advisable. After notice and opportunity for hearing, if the Commission finds that the proposed disposition, consolidation, acquisition, or control will be consistent with the public interest, it shall approve the same.

"(b) The Commission may grant any application for an order under this section in whole or in part and upon such terms and conditions as it finds necessary or appropriate to secure the maintenance of adequate service and the coordination in the public interest of facilities subject to the jurisdiction of the Commission. The Commission may from time to time for good cause shown make such orders supplemental to any order made under this section as it may find necessary or appropriate.

"Issuance of securities; assumption of liabilities

"Sec. 204. (a) No public utility shall issue any security, or assume any obligation or liability as guarantor, indorser, surety, or otherwise in respect of any security of another person, unless and until, and then only to the extent that, upon application by the public utility, the Commission by order authorizes such issue or assumption of liability. The Commission shall make such order only if it finds that such issue or assumption (a) is for some lawful object, within the cor-

porate purposes of the applicant and compatible with the public interest, which is necessary or appropriate for or consistent with the proper performance by the applicant of service as a public utility and which will not impair its ability to perform that service, and (b) is reasonably necessary or appropriate for such purposes. The provisions of this section shall be effective six months after this Part takes effect.

"(b) The Commission, after opportunity for hearing, may grant any application under this section in whole or in part, and with such modifications and upon such terms and conditions as it may find necessary or appropriate, and may from time to time, after opportunity for hearing and for good cause shown, make such supplemental orders in the premises as it may find necessary or appropriate, and may by any such supplemental order modify the provisions of any previous order as to the particular purposes, uses, and extent to which, or the conditions under which, any security so theretofore authorized or the proceeds thereof may be applied, subject always to the requirements of subsection (a) of this section.

"(c) No public utility shall, without the consent of the Commission, apply any security or any proceeds thereof to any purpose not specified in the Commission's order, or supplemental order, or to any purpose in excess of the amount allowed for such purpose in such order, or otherwise in contravention of such order.

"(d) The Commission shall not authorize the capitalization of the right to be a corporation or of any franchise, permit, or contract for consolidation, merger, or lease in excess of the amount (exclusive of any tax or annual charge) actually paid as the consideration for such right, franchise, permit, or contract.

"(e) Subsection (a) shall not apply to the issue or renewal of, or assumption of liability on, a note or draft maturing not more than one year after the date of such issue, renewal, or assumption of liability, and aggregating (together with all other then outstanding notes and drafts of a maturity of one year or less on which such public utility is primarily or secondarily liable) not more than 5 per centum of the par value of the other securities of the public utility then outstanding. In the case of securities having no par value, the par value for the purpose of this subsection shall be the fair market value as of the date of issue. Within ten days after any such issue, renewal, or assumption of liability, the public utility shall file with the Commission a certificate of notification, in such form as may be prescribed by the Commission, setting forth such matters as the Commission shall by regulation require.

"(f) The provisions of this section shall not extend to a public utility organized and operating in a State under the laws of which its security issues are regulated by a State commission.

"(g) Nothing in this section shall be construed to imply any guaranty or obligation on the part of the United States in respect of any securities to which the provisions of this section relate.

"(h) Any public utility whose security issues are approved by the Commission under this section may file with the Securities and Exchange Commission duplicate copies of reports filed with the Federal Power Commission in lieu of the reports, information, and documents required under section 7 of the Securities Act of 1933 and sections 12 and 13 of the Securities and Exchange Act of 1934.

"*Rates and charges; Schedules; Suspension of new rates*

"Sec. 205. (a) All rates and charges made, demanded, or received by any public utility for or in connection with the transmission or sale of electric energy subject to the jurisdiction of the Commission, and all rules and regulations affecting or pertaining to such rates or charges shall be just and reasonable, and any such rate or charge that is not just and reasonable is hereby declared to be unlawful.

"(b) No public utility shall, with respect to any transmission or sale subject to the jurisdiction of the Commission, (1) make or grant any undue preference or advantage to any person or subject any person to any undue prejudice or disadvantage, or (2) maintain any unreasonable difference in rates, charges, service, facilities, or in any other respect, either as between localities or as between classes of service.

"(c) Under such rules and regulations as the Commission may prescribe, every public utility shall file with the Commission, within such time and in such form as the Commission may designate, and shall keep open in convenient form and place for public inspection schedules showing all rates and charges for any transmission or sale subject to the jurisdiction of the Commission, and the classifications, practices, and regulations affecting such rates and charges, together with all contracts which in any manner affect or relate to such rates, charges, classifications, and services.

"(d) Unless the Commission otherwise orders, no change shall be made by any public utility in any such rate, charge, classification, or service, or in any rule, regulation, or contract relating thereto, except after thirty days' notice to the Commission and to the public. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules stating plainly the change or changes to be made in the schedule or schedules then in force and the time when the change or changes will go into effect. The Commission, for good cause shown, may allow changes to take effect without requiring the thirty days' notice herein provided for by an order specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

"(e) Whenever any such new schedule is filed the Commission shall have authority, either upon complaint or upon its own initiative without complaint, at once, and, if it so orders, without answer or formal pleading by the public utility, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, charge, classification, or service; and, pending such hearing and the decisions thereon, the Commission, upon filing with such schedules and delivering to the public utility affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, charge, classification, or service, but not for a longer period than five months beyond the time when it would otherwise go into effect; and after full hearings, either completed before or after the rate, charge, classification, or service goes into effect, the Commission may make such orders with reference thereto as would be proper in a proceeding initiated after it had become effective. If the proceeding has not been concluded and an order made at the expiration of such five months, the proposed change of rate, charge, classification, or service shall go into effect at the end of such period, but in case of a proposed increased rate or charge, the Commission may by order require the interested public utility or public utilities to keep accurate account in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require such public utility or public utilities to refund, with interest, to the persons in whose behalf such amounts were paid, such portion of such increased rates or charges as by its decision shall be found not justified. At any hearing involving a rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the public utility, and the Commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible.

"*Fixing rates and charges; determination of cost of production or transmission*

"Sec. 206. (a) Whenever the Commission, after a hearing had upon its own motion or upon complaint, shall find that any rate, charge, or classification, demanded, observed, charged, or collected by any public utility for any transmission or sale subject to the jurisdiction of the Commission, or that any rule, regulation, practice, or contract affecting such rate, charge, or classification is unjust, unreasonable, unduly discriminatory or preferential, the Commission shall determine the just and reasonable rate, charge, classification, rule, regulation, practice, or contract to be thereafter observed and in force, and shall fix the same by order.

"(b) The Commission upon its own motion, or upon the request of any State commission whenever it can do so without prejudice to the efficient and proper conduct of its affairs, may investigate and determine the cost of the production or transmission of electric energy by means of facilities under the jurisdiction of the Commission in cases where the Commission has no authority to establish a rate governing the sale of such energy.

"*Furnishing of adequate service*

"Sec. 207. Whenever the Commission, upon complaint of a State commission, after notice to each State commission and public utility affected and after opportunity for hearing, shall find that any interstate service of any public utility is inadequate or insufficient, the Commission shall determine the proper, adequate, or sufficient service to be furnished, and shall fix the same by its order, rule, or regulation: Provided, That the Commission shall have no authority to compel the enlargement of generating facilities for such purposes, nor to compel the public utility to sell or exchange energy when to do so would impair its ability to render adequate service to its customers.

"*Ascertainment of cost of property*

"Sec. 208. (a) The Commission may investigate and ascertain the actual legitimate cost of the property of every public utility, the depreciation therein, and, when found necessary for rate-making purposes, other facts which bear on the determination of such cost or depreciation, and the fair value of such property.

"(b) Every public utility upon request shall file with the Commission an inventory of all or any part of its property and a statement of the original cost thereof, and shall keep the Commission informed regarding the cost of all additions, betterments, extensions, and new construction.

"*Use of joint boards; cooperation with State commissions*

"Sec. 209. (a) The Commission may refer any matter arising in the administration of this Part to a board to be composed of a member or members, as determined by the Commission, from the State or each of the States affected or to be affected by such matter. Any such board shall be vested with the same power and be subject to the same duties and liabilities as in the case of a member of the Commission when designated by the Commission to hold any hearings. The action of such board shall have such force and effect and its proceedings shall be conducted in such manner as the Commission shall by regulations prescribe. The board shall be appropriated by the Commission from persons nominated by the State commission of each State affected, or by the Governor of such State if there is no State commission. Each State affected shall be entitled to the same number of representatives on the board unless the nominating power of such States waives such right. The Commission shall have discretion to reject the nominee from any State, but shall thereupon invite a new nomination from that State. The members of a board shall receive such allowances for expenses as the Commission shall provide. The Commission may, when in its discretion sufficient reason exists therefor, revoke any reference to such a board.

"(b) The Commission may confer with any State commission regarding the relationship between rate structures, costs, accounts, charges, practices, classifications, and regulations of public utilities subject to the jurisdiction of such State commission and of the Commission; and the Commission is authorized, under such rules and regulations as it shall prescribe, to hold joint hearings with any State commission in connection with any matter with respect to which the Commission is authorized to act. The Commission is authorized in the administration of this act to avail itself of such cooperation, services, records, and facilities as may be afforded by any State commission.

"(c) The Commission shall make available to the several State commissions such information and reports as may be of assistance in State regulation of public utilities. Whenever the Commission can do so without prejudice to the efficient and proper conduct of its affairs, it may upon request from a State make available to such State as witnesses any of its trained rate, valuation, or other experts, subject to reimbursement to the Commission by such State of the compensation and traveling expenses of such witnesses. All sums collected hereunder shall be credited to the appropriation from which the amounts were expended in carrying out the provisions of this subsection.

"*PART III—LICENSEES AND PUBLIC UTILITIES; PROCEDURAL AND ADMINISTRATIVE PROVISIONS*

"*Accounts, Records, and Memoranda*

"Section 301. (a) Every licensee and public utility shall make, keep, and preserve for such periods, such accounts, records of cost-accounting procedures, correspondence, memoranda, papers, books, and other records as the Commission may by rules and regulations prescribe as necessary or appropriate for purposes of the administration of this act, including accounts, records, and memoranda of the generation, transmission, distribution, delivery, or sale of electric energy, the furnishing of services or facilities in connection therewith, and receipts and expenditures with respect to any of the foregoing: Provided, however, That nothing in this act shall relieve any public utility from keeping any accounts, memoranda, or records which such public utility may be required to keep by or under authority of the laws of any State. The Commission may prescribe a system of accounts to be kept by licensees and public utilities and may classify such licensees and public utilities and prescribe a system of accounts for each class. The Commission, after notice and opportunity for hearing, may determine by order the accounts in which particular outlays and receipts shall be entered, charged, or credited. The burden of proof to justify every accounting entry questioned by the Commission shall be on the person making, authorizing, or requiring such entry, and the Commission may suspend a charge or credit pending submission of satisfactory proof in support thereof.

"(b) The Commission shall at all times have access to and the right to inspect and examine all accounts, records, and memoranda of licensees and public utilities, and it shall be the duty of such licensees and public utilities to furnish to the Commission, within such reasonable time as the Commission may order, any information with respect thereto which the Commission may by order require, including copies of maps, contracts, reports of engineers, and other data, records, and papers, and to grant to all agents of the Commission free access to its property and its accounts, records, and memoranda when requested so to do. No member, officer, or employee of the Commission shall divulge any fact or information which may come to his knowledge during the course of examination of books or other accounts, as hereinbefore provided, except insofar as he may be directed by the Commission or by a court.

"(c) The books, accounts, memoranda, and records of any person who controls, directly or indirectly, a licensee or public utility subject to the jurisdiction of the Commission, and of any other company controlled by such person, insofar as they relate to transactions with or the business of such licensee or public utility, shall be subject to examination on the order of the Commission.

"*Rates of depreciation*

"Sec. 302. (a) The Commission may, after hearing, require licensees and public utilities to carry a proper and adequate depreciation account in accordance with such rules, regulations, and forms of account as the Commission may prescribe. The Commission may, from time to time, ascertain and determine, and by order fix, the proper and adequate rates of depreciation of the several classes of property of each licensee and public utility. Each licensee and public utility shall conform its depreciation accounts to the rates so ascertained, determined, and fixed. The licensees and public utilities subject to the jurisdiction of the Commission shall not charge to operating expenses any depreciation charges

on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a percentage of depreciation other than that prescribed therefor by the Commission. No such licensee or public utility shall in any case include in any form under its operating or other expenses any depreciation or other charge or expenditure included elsewhere as a depreciation charge or otherwise under its operating or other expenses. Nothing in this section shall limit the power of a State commission to determine in the exercise of its jurisdiction, with respect to any public utility, the percentage rate of depreciation to be allowed, as to any class of property of such public utility, or the composite depreciation rate, for the purpose of determining rates or changes.

"(b) The Commission, before prescribing any rules or requirements as to accounts, records, or memoranda, or as to depreciation rates, shall notify each State commission having jurisdiction with respect to any public utility involved, and shall give reasonable opportunity to each such commission to present its views, and shall receive and consider such views and recommendations.

"Requirements applicable to agencies of the United States

"Sec. 303. All agencies of the United States engaged in the generation and sale of electric energy for ultimate distribution to the public shall be subject, as to all facilities used for such generation and sale, and as to the electric energy sold by such agency, to the provisions of sections 301 and 302 hereof, so far as may be practicable, and shall comply with the provisions of such sections and with the rules and regulations of the Commission thereunder to the same extent as may be required in the case of a public utility.

"Periodic and special reports

"Sec. 304. (a) Every licensee and every public utility shall file with the Commission such annual and other periodic or special reports as the Commission may by rules and regulations or order prescribe as necessary or appropriate to assist the Commission in the proper administration of this act. The Commission may prescribe the manner and form in which such reports shall be made, and require from such persons specific answers to all questions upon which the Commission may need information. The Commission may require that such reports shall include, among other things, full information as to assets and liabilities, capitalization, net investment, and reduction thereof, gross receipts, interest due and paid, depreciation, and other reserves, cost of project and other facilities, cost of maintenance and operation of the project and other facilities, cost of renewals and replacement of the project works and other facilities, depreciation, generation, transmission, distribution, delivery, use, and sale of electric energy. The Commission may require any such person to make adequate provision for currently determining such costs and other facts. Such reports shall be made under oath unless the Commission otherwise specifies.

"(b) It shall be unlawful for any person willfully to hinder, delay, or obstruct the making, filing, or keeping of any information, document, report, memorandum, record, or account required to be made, filed, or kept under this act or any rule, regulation, or order thereunder.

"Officials dealing in securities; interlocking directorates

"Sec. 305. (a) It shall be unlawful for any officer or director of any public utility to receive for his own benefit, directly or indirectly, any money or thing of value in respect of the negotiation, hypothecation, or sale by such public utility of any security issued or to be issued by such public utility, or to share in any of the proceeds thereof, or to participate in the making or paying of any dividends of such public utility from any funds properly included in capital account.

"(b) After six months from the date on which this Part takes effect, it shall be unlawful for any person to hold the position of officer or director of more than one public utility or to hold the position of officer or director of a public utility and the position of officer or director of any bank, trust company, banking association, or firm that is authorized by law to underwrite or participate in the marketing of securities of a public utility, or officer or director of any company supplying electrical equipment to such public utility, unless the holding of such positions shall have been authorized by order of the Commission, upon due showing in form and manner prescribed by the Commission, that neither public nor private interests will be adversely affected thereby. The Commission shall not grant any such authorization in respect of such positions held on the date on which this Part takes effect, unless application for such authorization is filed with the Commission within sixty days after that date.

"Complaints

"Sec. 306. Any person, State, municipality, or State commission complaining of anything done or omitted to be done by any licensee or public utility in contravention of the provisions of this act may apply to the Commission by petition which shall briefly state the facts, whereupon a statement of the complaint thus made shall be forwarded by the Commission to such licensee or public utility, who shall be called upon to satisfy the complaint or to answer the same in writing within a reasonable time to be specified by the Commission. If such licensee or public utility shall not satisfy the complaint within the time specified or there shall appear to be any reasonable ground for investigating such complaint, it shall be the duty of the Commission to investigate the matters complained of in such manner and by such means as it shall find proper.

"Investigations by Commission; attendance of witnesses; depositions

"Sec. 307. (a) The Commission may investigate any facts, conditions, practices, or matters which it may find necessary or proper in order to determine whether any person has violated or is about to violate any provision of this act or any rule, regulation, or order thereunder, or to aid in the enforcement of the provisions of this act or in prescribing rules or regulations thereunder, or in obtaining information to serve as a basis for recommending further legislation concerning the matters to which this act relates. The Commission may permit any person to file with it a statement in writing under oath or otherwise, as it shall determine, as to any or all facts and circumstances concerning a matter which may be the subject of investigation. The Commission, in its discretion, may publish or make available to State commissions information concerning any such subject.

"(b) For the purpose of any investigation or any other proceeding under this act, any member of the Commission, or any officer designated by it, is empowered to administer oaths and affirmations, subpena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, contracts, agreements, or other records which the Commission finds relevant or material to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States at any designated place of hearing. Witnesses summoned by the Commission to appear before it shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

"(c) In case of contumacy by, or refusal to obey a subpena issued to, any person, the Commission may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, correspondence, memoranda, contracts, agreements, and other records. Such court may issue an order requiring such person to appear before the Commission or member or officer designated by the Commission, there to produce records, if so ordered, or to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found or may be doing business. Any person who willfully shall fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, contracts, agreements, or other records, if in his or its power so to do, in obedience to the subpena of the Commission, shall be guilty of a misdemeanor and, upon conviction, shall be subject to a fine of not more than $1,000 or to imprisonment for a term of not more than one year, or both.

"(d) The testimony of any witness may be taken, at the instance of a party, in any proceeding or investigation pending before the Commission, by deposition, at any time after the proceeding is at issue. The Commission may also order testimony to be taken by deposition in any proceeding or investigation pending before it, at any stage of such proceeding or investigation. Such depositions may be taken before any person authorized to administer oaths not being of counsel or attorney to either of the parties, nor interested in the proceeding or investigation. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, as either may be nearest, which notice shall state the name of the witness and the time and place of the taking of his deposition. Any person may be compelled to appear and depose, and to produce documentary evidence, in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commission, as hereinbefore provided. Such testimony shall be reduced to writing by the person taking the deposition, or under his direction, and shall, after it has been reduced to writing, be subscribed by the deponent.

"(e) If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken before an officer or person designated by the Commission, or agreed upon by the parties by stipulation in writing to be filed with the Commission. All depositions must be promptly filed with the Commission.

"(f) Witnesses whose depositions are taken as authorized in this Act, and the person or officer taking the same, shall be entitled to the same fees as are paid for like services in the courts of the United States.

"(g) No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, contracts, agreements, or other records and documents before the Commission, or in obedience to the subpena of the Commission or any member thereof or any officer designated by it, or in any cause or proceeding instituted by the Commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled to testify or produce evidence, documentary or otherwise, after having claimed his privilege against self-incrimination, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

"Hearings; rules of procedure

"Sec. 308. (a) Hearings under this act may be held before the Commission, any member or members thereof, or any representative of the Commission designated by it, and appropriate records thereof shall be kept. In any proceeding before it the Commission, in accordance with such rules and regulations as it may prescribe, may admit as a party any interested State, State commission, municipality, or any representative of interested consumers or security holders, or any competitor of a party to such proceeding, or any other person whose participation in the proceeding may be in the public interest.

"(b) All hearings, investigations, and proceedings under this act shall be governed by rules of practice and procedure to be adopted by the Commission, and in the conduct thereof the technical rules of evidence need not be applied. No informality in any hearing, investigation, or proceeding or in the manner of taking testimony shall invalidate any order, decision, rule, or regulation issued under the authority of this act.

"Administrative powers of Commission; rules, regulations, and orders

"Sec. 309. The Commission shall have power to perform any and all acts, and to prescribe, issue, make, amend, and rescind such orders, rules, and regulations as it may find necessary or appropriate to carry out the provisions of this act. Among other things, such rules and regulations may define accounting, technical, and trade terms used in this act; and may prescribe the form or forms of all statements, declarations, applications, and reports to be filed with the Commission, the information which they shall contain, and the time within which they shall be filed. Unless a different date is specified therein, rules and regulations of the Commission shall be effective thirty days after publication in the manner which the Commission shall prescribe. Orders of the Commission shall be effective on the date and in the manner which the Commission shall prescribe. For the purposes of its rules and regulations, the Commission may classify persons and matters within its jurisdiction and prescribe different requirements for different classes of persons or matters. All rules and regulations of the Commission shall be filed with its secretary and shall be kept open in convenient form for public inspection and examination during reasonable business hours.

"Appointment of officers and employees

"Sec. 310. The Commission is authorized to appoint and fix the compensation of such officers, attorneys, examiners, and experts as may be necessary for carrying out its functions under this act, without regard to the provisions of other laws applicable to the employment and compensation of officers and employees of the United States; and the Commission may, subject to civil-service laws, appoint such other officers and employees as are necessary for carrying out such functions and fix their salaries in accordance with the Classification Act of 1923, as amended.

"Investigations relating to electric energy

"Sec. 311. In order to secure information necessary or appropriate as a basis for recommending legislation, the Commission is authorized and directed to conduct investigations regarding the generation, transmission, distribution, and sale of electric energy, however produced, throughout the United States and its possessions, whether or not otherwise subject to the jurisdiction of the Commission, including the generation, transmission, distribution, and sale of electric energy by any agency, authority, or instrumentality of the United States, or of any State or municipality or other political subdivision of a State. It shall, so far as practicable, secure and keep current information regarding the ownership, operation, management, and control of all facilities for such generation, transmission, distribution, and sale; the capacity and output thereof and the relationship between the two; the cost of generation, transmission, and distribution; the rates, charges, and contracts in respect of the sale of electric energy and its service to residential, rural, commercial, and industrial consumers and other purchasers by private and public agencies; and the relation of any or all such facts to the development of navigation, industry, commerce, and the national defense. The Commission shall report to Congress the results of investigations made under authority of this section.

"Publication and sale of reports

"Sec. 312. The Commission may provide for the publication of its reports and decisions in such form and manner as may be best adapted for public information and use, and is authorized to sell at reasonable prices copies of all maps, atlases, and reports as it may from time to time publish. Such reasonable prices may include the cost of compilation, composition, and reproduction. The Commission is also authorized to make such charges as it deems reasonable for special statistical services and other special or periodic services. The amounts collected under this section shall be deposited in the Treasury to the credit of miscellaneous receipts. All printing for the Federal Power Commission making use of engrav-

ing, lithography, and photolithography, together with the plates for the same, shall be contracted for and performed under the direction of the Commission, under such limitations and conditions as the Joint Committee on Printing may from time to time prescribe, and all other printing for the Commission shall be done by the Public Printer under such limitations and conditions as the Joint Committee on Printing may from time to time prescribe. The entire work may be done at, or ordered through, the Government Printing Office whenever, in the judgment of the Joint Committee on Printing, the same would be to the interest of the Government: Provided, That when the exigencies of the public service so require, the Joint Committee on Printing may authorize the Commission to make immediate contracts for engraving, lithographing, and photolithographing, without advertisement for proposals: Provided further, That nothing contained in this or any other act shall prevent the Federal Power Commission from placing orders with other departments or establishments for engraving, lithographing, and photolithographing, in accordance with the provisions of sections 601 and 602 of the act of June 30, 1932 (47 Stat. 417), providing for interdepartmental work.

" Rehearings; court review of orders

" Sec. 313. (a) Any person, State, municipality, or State commission aggrieved by an order issued by the Commission in a proceeding under this Act to which such person, State, municipality, or State commission is a party may apply for a rehearing within thirty days after the issuance of such order. The application for rehearing shall set forth specifically the ground or grounds upon which such application is based. Upon such application the Commission shall have power to grant or deny rehearing or to abrogate or modify its order without further hearing. Unless the Commission acts upon the application for rehearing within thirty days after it is filed, such application may be deemed to have been denied. No proceeding to review any order of the Commission shall be brought by any person unless such person shall have made application to the Commission for a rehearing thereon.

"(b) Any party to a proceeding under this Act aggrieved by an order issued by the Commission in such proceeding may obtain a review of such order in the Circuit Court of Appeals of the United States for any circuit wherein the licensee or public utility to which the order relates is located or has its principal place of business, or in the United States Court of Appeals for the District of Columbia, by filing in such court, within sixty days after the order of the Commission upon the application for rehearing, a written petition praying that the order of the Commission be modified or set aside in whole or in part. A copy of such petition shall forthwith be served upon any member of the Commission and thereupon the Commission shall certify and file with the court a transcript of the record upon which the order complained of was entered. Upon the filing of such transcript such court shall have exclusive jurisdiction to affirm, modify, or set aside such order in whole or in part. No objection to the order of the Commission shall be considered by the court unless such objection shall have been urged before the Commission in the application for rehearing unless there is reasonable ground for failure so to do. The finding of the Commission as to the facts, if supported by substantial evidence, shall be conclusive. If any party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence in the proceedings before the Commission, the court may order such additional evidence to be taken before the Commission and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The Commission may modify its findings as to the facts by reason of the additional evidence so taken, and it shall file with the court such modified or new findings which, if supported by substantial evidence, shall be conclusive, and its recommendations, if any, for the modification or setting aside of the original order. The judgment and decree of the court, affirming, modifying, or setting aside, in whole or in part, any such order of the Commission, shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in sections 239 and 240 of the Judicial Code, as amended (U. S. C., title 28, secs. 346 and 347).

"(c) The filing of an application for rehearing under subsection (a) shall not, unless specifically ordered by the Commission, operate as a stay of the Commission's order. The commencement of proceedings under subsection (b) of this section shall not, unless specifically ordered by the court, operate as a stay of the Commission's order.

" Enforcement of act, regulations, and orders

"Sec. 314. (a) Whenever it shall appear to the Commission that any person is engaged or about to engage in any acts or practices which constitute or will constitute a violation of the provisions of this act, or of any rule, regulation, or order thereunder, it may in its discretion bring an action in the proper District Court of the United States, the Supreme Court of the District of Columbia, or the United States courts of any Territory or other place subject to the jurisdiction of the United States, to enjoin such acts or practices and to enforce compliance with this act or any rule, regulation, or order thereunder, and upon a proper showing a permanent or temporary injunction or decree or restraining order shall be granted without bond. The Commission may transmit such evidence as may be available concerning such acts or practices to the Attorney General, who, in his discretion, may institute the necessary criminal proceedings under this act.

"(b) Upon application of the Commission the district courts of the United States, the Supreme Court of the District of Columbia, and the United States courts of any Territory or other place subject to the jurisdiction of the United States shall have jurisdiction to issue writs of mandamus commanding any person to comply with the provisions of this act or any rule, regulation, or order of the Commission thereunder.

"(c) The Commission may employ such attorneys as it finds necessary or proper legal aid and service of the Commission or its members in the conduct of their work, or for proper representation of the public interests in investigations made by it or cases or proceedings pending before it, whether at the Commission's own instance or upon complaint, or to appear for or represent the Commission in any case in court; and the expenses of such employment shall be paid out of the appropriation for the Commission.

"General forfeiture provision

"Sec. 315. (a) Any licensee or public utility which willfully fails, within the time prescribed by the Commission, to comply with any order of the Commission, to file any report required under this act or any rule or regulation of the Commission thereunder, to submit any information or document required by the Commission in the course of an investigation conducted under this act, or to appear by an officer or agent at any hearing or investigation in response to a subpena issued under this act, shall forfeit to the United States an amount not exceeding $1,000 to be fixed by the Commission after notice and opportunity for hearing. The imposition or payment of any such forfeiture shall not bar or affect any penalty prescribed in this act but such forfeiture shall be in addition to any such penalty.

"(b) The forfeitures provided for in this act shall be payable into the Treasury of the United States and shall be recoverable in a civil suit in the name of the United States, brought in the district where the person is an inhabitant or has his principal place of business, or if a licensee or public utility, in any district in which such licensee or public utility transacts business. It shall be the duty of the various district attorneys, under the direction of the Attorney General of the United States, to prosecute for the recovery of forfeitures under this act. The costs and expenses of such prosecution shall be paid from the appropriations for the expenses of the courts of the United States.

" General penalties; venue

" Sec. 316. (a) Any person who willfully and knowingly does or causes or suffers to be done any act, matter, or thing in this act prohibited or declared to be unlawful, or who willfully and knowingly omits or fails to do any act, matter, or thing in this act required to be done, or willfully and knowingly causes or suffers such omission or failure, shall, upon conviction thereof, be punished by a fine of not more than $5,000 or by imprisonment for not more than two years, or both.

"(b) Any person who willfully and knowingly violates any rule, regulation, restriction, condition, or order made or imposed by the Commission under authority of this act, or any rule or regulation imposed by the Secretary of War under authority of Part I of this act shall, in addition to any other penalties provided by law, be punished upon conviction thereof by a fine of not exceeding $500 for each and every day during which such offense occurs.

" Jurisdiction of offenses; enforcement of liabilities and duties

" Sec. 317. The District Court of the United States, the Supreme Court of the District of Columbia, and the United States courts of any Territory or other place subject to the jurisdiction of the United States shall have exclusive jurisdiction of violations of this act or the rules, regulations, and orders thereunder, and of all suits in equity and actions at law brought to enforce any liability or duty created by, or to enjoin any violation of, this act or any rule, regulation, or order thereunder. Any criminal proceeding shall be brought in the district wherein any act or transaction constituting the violation occurred. Any suit or action to enforce any liability or duty created by, or to enjoin any violation of, this act or any rule, regulation, or order thereunder may be brought in any such district or in the district wherein the defendant is an inhabitant, and process in such cases may be served wherever the defendant may be found. Judgments and decrees so rendered shall be subject to review as provided in sections 128 and 240 of the Judicial Code, as amended (U. S. C., title 28, secs. 225 and 347). No costs shall be assessed against the Commission in any judicial proceeding by or against the Commission under this act.

" Conflict of jurisdiction

" Sec. 318. If, with respect to the issue, sale, or guaranty of a security, or assumption of obligation or liability in respect of a security, the method of keeping accounts, the filing of reports, or the acquisition or disposition of any security, capital assets, facilities, or any other subject matter, any person is subject both to a requirement of the Public Utility Holding Company Act of 1935 or of a rule, regulation, or order thereunder and to a requirement of this act or of a rule, regulation, or order thereunder, the requirement of the Public Utility Holding Company Act of 1935 shall apply to such person, and such person shall not be subject to the requirement of this Act, or of any rule, regulation, or order thereunder, with respect to the same subject matter, unless the Securities and Exchange Commission has exempted such person from such requirement of the Public Utility Holding Company Act of 1935, in which case the requirements of this act shall apply to such person.

" Separability of provisions

" Sec. 319. If any provision of this act, or the application of such provision to any person or circumstance, shall be held invalid, the remainder of the act, and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

GRIER-LOWRANCE CONSTRUCTION CO.

The Presiding Officer (Mr. Connally in the chair) laid before the Senate the following message from the President of the United States, which was read:

To the Senate:

I return herewith, without my approval, Senate bill 2808, entitled "An act for the relief of Grier-Lowrance Construction Co., Inc."

The bill proposes to confer on the Court of Claims jurisdiction over the claim of the Grier-Lowrance Construction Co., Inc., for losses and damages alleged to have been sustained in connection with the performance of a contract made by the company with the United States for the construction of the foundation for the bridge and water-gate features of the Arlington Memorial Bridge project. The court is, however, empowered to take cognizance of such matters under the general jurisdiction reposed in it by section 145 of the Judicial Code, and consequently no special legislation is needed to that end.

The present measure seeks to enlarge the claimant's right to recover by providing that the claim should be adjudicated on the basis of all losses and damages attributable to any act of the Government. The general law limits the recovery to losses and damages due to wrongful acts of the Government. No reason appears why an exception should be made in favor of this claimant to the extent of granting to it rights not accorded to other claimants in similar circumstances. The bill further proposes to deprive the Government of certain defenses to the projected suit, namely, that the claimant failed to file timely protests as provided by the contract; that a finding made under the usual arbitration clause contained in the contract is final and binding; and "any other technical defense." While the claimant should perhaps be accorded its day in court, the Government should naturally be permitted, as it is in all cases, to interpose and present such proper defenses as its counsel deem wise and appropriate to advance. No reason appears why the Government should be denied such right in this instance.

For the foregoing reasons, I am constrained to withhold my approval from the bill.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, *August 24, 1935.*

Ordered, That the message, with the accompanying bill, be referred to the Committee on Claims and printed.

PRESIDENTIAL DISAPPROVALS

The President of the United States, subsequent to the final adjournment of the first session of the Seventy-fourth Congress, transmitted to the Secretary of the Senate lists of bills and joint resolutions disapproved by him, with his reasons for such action, as follows:

SEPTEMBER 2, 1935.

H. R. 616. An act for the relief of Homer J. Williamson.

"This bill authorizes and directs the Secretary of the Treasury to pay, out of any money in the Treasury not otherwise appropriated, to Homer J. Williamson the sum of $1,045.81 in full settlement of all claims against the United States for a refund of income tax paid by Homer J. Williamson for the year 1918, notwithstanding the fact that a claim for refund thereof was not filed within the statutory period prescribed for filing such claim.

"It is alleged that there was an overpayment of tax because of an error made by a deputy collector at Indianapolis, Ind., in preparing the taxpayer's income-tax return for 1918; that the error was discovered on July 5, 1924, by another Government agent who checked the return; but that the statutory period for the filing of a claim for refund had expired at that time. It is therefore asserted that the taxpayer should not be injured because of the negligence of the deputy collector who prepared his return.

"With respect to this matter, I have been informed that when the taxpayer filed a claim for refund immediately after the discovery of the error in computing the tax he asserted, under oath, that he had supplied the deputy collector with the items to be used in computing the tax. From that version of the transaction it would seem that the error was the fault of the taxpayer. It was later stated by the taxpayer that the error should be attributed to the deputy collector who prepared the tax return. Irrespective of where the fault lies, however, such ground for affording special relief is of no greater force than those presented in countless other instances of failure to file claims for refund on time, as for example, where the overpayment of tax is brought to the knowledge of the taxpayer as a result of rulings rendered by the Treasury Department, or as a result of court decisions which in effect reverse or modify rulings and regulations issued by that Department on the basis of which prior determinations and assessments have been made. In all such instances the fundamental issue involved is whether a refund of tax should be permitted where the claim for refund was filed after the expiration of the statutory period for filing such claim.

"Recently there have been submitted to me other bills which proposed to except certain taxpayers from the operation of the statutes of limitations pertaining to the revenue laws by extending the time for the refunding of certain taxes to such taxpayers. On those occasions I expressed my accord with the enacted policy of Congress that it is sound to include in all revenue acts, statutes of limitations, by the operation of which, after a fixed period of time, it becomes impossible for the Government to collect additional taxes or for the taxpayer to obtain a refund of an overpayment of taxes. I pointed out in each instance that legislation such as the proposed bill selects a small class of taxpayers for special treatment by excepting them from that policy. Such legislation thus discriminates against the whole body of Federal taxpayers and establishes a precedent which would open the door to relief in all cases in which the statute operates to the prejudice of a particular taxpayer, while leaving the door closed to the Government in those cases in which the statute operates to the disadvantage of the Government.

"In this regard the instant measure, H. R. 616, does not differ in principle from S. 279 and S. 694, which were under consideration on those prior occasions. I know of no circumstances which would justify the exception made by H. R. 616 to the long-continued policy of Congress. Again I must express my belief that the field of special legislation should not be opened to relieve special classes of taxpayers from the consequences of their failure to file claims for the refund of taxes within the period fixed by law."

H. R. 1714. An act for the relief of Russell H. Lindsay.

"Bills have been introduced in the Seventieth, Seventy-first, Seventy-second, and Seventy-third Congresses with a view of having Lindsay placed on the retired list of the Regular Navy with the pay provided by law for ensigns retired by reason of physical disability. The Navy Department has consistently opposed the enactment of such bills on the ground that Lindsay's disability was not incurred in the line of duty and that special legislation which contemplated placing him on the retired list of the Navy was not justified."

H. R. 2024. An act for the relief of officers and soldiers of the volunteer service of the United States mustered into service for the War with Spain and who were held in service

in the Philippine Islands after the ratification of the treaty of peace April 11, 1899.

"The effect of this bill is that the beneficiaries thereof 'shall be entitled to the travel pay and allowance for subsistence provided in sections 1289 and 1290, Revised Statutes, as then amended and in effect, as though discharged April 11, 1899, by reason of expiration of enlistment, and appointed or reenlisted April 12, 1899, without deduction of travel pay and subsistence paid such officers or soldiers on final muster out subsequent to April 11, 1899.'

"I am advised by the Secretary of War that there were approximately 15,000 officers and soldiers of the volunteer forces of the United States in the Philippine Islands at the conclusion of peace with the Kingdom of Spain who would become beneficiaries of this act.

"The Comptroller General in his report of February 23, 1935, advises that the enactment of this bill would authorize payment of travel pay at the rate of 1 day's pay and 1 ration for each 20 miles, inclusive of the distance by water from the Philippine Islands to San Francisco, approximately 8,000 miles, and that such payments for the water travel alone will exceed 1 year's pay plus 1 day's ration for each day of such period. It is estimated the cost of the legislation will approximate $7,000,000.

"Congress has heretofore recognized the service of these officers and men by the award of a special medal, and there was also an allowance by the act of Congress approved January 12, 1899, of 2 months' extra pay to all volunteers who served honestly and faithfully beyond the continental limits of the United States. I join most heartily in recognizing and appreciating the patriotic service of these men.

"However, approval of this bill would result in the payment of a gratuity to each of the officers and men concerned, in an amount exceeding his pay for a full year, plus the value of rations for the period involved in sea travel from the Philippines to the United States, a benefit utterly without warrant, since each individual concerned has already received transportation and subsistence at Government expense for the journey performed in addition to full pay for the entire time.

"I have recently signed an act restoring pensioners of the War with Spain and the Philippine Insurrection to their full rate of pension. I feel that no breach of trust has been committed by the Government as regards the men who served their country in the War with Spain and Philippine Insurrection, and from the facts in this case general legislation upon this subject as provided in H. R. 2024 is not deemed advisable."

H. R. 2130. An act for the relief of John M. McNulty.

"This bill would authorize and direct the President to appoint John M. McNulty a lieutenant commander on the Naval Reserve officers' retired list of the United States Navy, with retired pay provided by law for regular officers of that rank retired by reason of physical disability incident to service.

"This bill involves an expenditure of $2,812.50 per annum.

"I am advised by the Veterans' Administration that Mr. McNulty was granted a pension of $60 per month, effective August 1, 1931, for total disability under the pension laws pertaining to service in the Spanish-American War, etc.; that under the provisions of the act of March 20, 1933 (Public, No. 2, 73d Cong.), such pension was reduced to $45 per month, effective July 1, 1933, and that under the act approved August 13, 1935, restoring Spanish-American War pensions to the rates in effect on March 19, 1933, this man's pension will automatically be increased to $60 per month, effective August 13, 1935.

"Therefore, there appears no sound reason for singling him out for preferential treatment to the exclusion of many other officers and men of the auxiliary services of the Army, Navy, and Marine Corps whose cases under similar circumstances have equal or greater merit."

H. R. 5122. An act for the relief of R. C. McCoy, J. L. Garner, C. G. Kauffman, W. G. Smiley, R. A. Burks, C. W. Brazzelton, R. F. Brazzelton, Dave Cash, Mrs. A. W. Dykes, Jim Thereldkeld, R. R. Crain, J. B. Tolson, J. C. Rogers, S. K. Broach, Albert Easterling, J. L. Rivers, F. C. Wilson, E. C. Finley, W. W. Mitchell, J. G. Carey, Carl Graves, Jerome Dupree, J. R. Mitchell, J. L. Mitchell, and J. C. Russell.

"This bill seeks to provide an appropriation of $3,078.40 as reimbursement to 25 cotton producers who stored cotton in a warehouse in advance of their negotiating for loans thereon from the Commodity Credit Corporation. The following morning the cotton, uninsured, was destroyed by a fire in the warehouse.

"The regulations concerning cotton loans from the Corporation require the advance presentation to the Corporation of a properly executed note and warehouse receipt, issued by an approved warehouseman, representing cotton in existence and undamaged at the time of the tender of the note for acceptance by the Corporation, but do not require the warehouseman in the interim to insure the cotton. The argument is advanced that because this particular warehouseman had been approved as one whose receipts would be accepted for loans from the Corporation, their cotton, in effect, was in the custody of an agent of the Corporation, and the Government, represented by the Corporation, is liable for their loss.

"This argument is unsound in that the Government acquires no interest in the cotton until the loan has been negotiated. Otherwise there would be fully as much justification for the Government reimbursing them for their loss if the cotton had been destroyed on their respective premises without insurance coverage. As pointed out in a letter of the treasurer of the Corporation, there have been numerous instances of losses of this identical character, and the approval of this bill would not only encourage the presentment of claims by these producers but would establish a precedent for subsequent legislative approval."

H. R. 5325. An act for the relief of Ira L. Reeves.

"This bill authorizes me to summon Ira L. Reeves, formerly major of Infantry, Regular Army, before a retiring board to inquire whether at the time of his resignation from the Army, March 7, 1920, he was incapacitated for active service and whether such incapacity was the result of an incident of service, and upon the result of such inquiry to take the necessary action to have him placed on the retired list of the Army.

"From the facts in this case of record in the War Department it appears that Ira L. Reeves served in the Regular Army for more than 10 years, including 3 years as an enlisted man and the remainder as a commissioned officer. He was retired with the rank of captain November 11, 1901, for disability in line of duty resulting from wounds received in action, having been wounded in the right foot July 11, 1899, in action against Filipino insurgents. He remained on the retired list until August 23, 1917, when, at his own request, he was restored to the active list as a major of Infantry. The board of officers which examined him at the time of his transfer to the active list found that he was not physically incapacitated for active service. He subsequently held temporary commissions during the World War as lieutenant colonel and colonel, and was gassed in action November 11, 1918, while serving overseas with the American Expeditionary Forces.

"Colonel Reeves voluntarily resigned from the service, effective March 7, 1920. In tendering his resignation he gave the following reasons for such request: '(a) The termination of the emergency for which I reentered active service, and (b) to return to civil life and enter business.' The medical officer who examined him at that time certified that he was physically and mentally sound and had no percent disability. Before resigning from the service he requested to be ordered before a retiring board with a view of returning to the retired list if found physically disqualified for active field duty. His request was approved and on December 2, 1919, he appeared before a retiring board, which found that he was not incapacitated for active service. In view of the foregoing, it appears that he voluntarily left the regular service when he could have remained on the active list had he so desired, and is therefore not now entitled to be placed on the retired list of the Army.

"There has been provided by law a special means whereby former members of our military forces may obtain relief for disability incident to their active service in the Army. Such relief has been granted in this case by the United States Veterans' Administration, which, I am advised, is now paying Colonel Reeves compensation of $100 per month."

H. R. 5838. An act to place David J. Fitzgerald on the retired list of the United States Army as a first lieutenant.

"From the facts in this case of record in the War Department, it appears that David J. Fitzgerald served as a second lieutenant, Field Artillery Section, Officers' Reserve Corps, from August 15, 1917, to November 13, 1917, and as a provisional second lieutenant of Field Artillery, and temporary first lieutenant, Regular Army, from the latter date to April 2, 1919, when he voluntarily resigned from the service. In tendering his resignation he stated that such action was prompted by his desire to continue his college education.

"I am further advised by the War Department that Lieutenant Fitzgerald received a gunshot wound, right great toe, on July 21, 1918, while serving overseas with the American Expeditionary Forces during the World War, and that he was under treatment in hospital or on sick leave during the remainder of his service. At the time of Lieutenant Fitzgerald's resignation, the ward surgeon in the Army hospital where he was then a patient stated that his wound had entirely healed and that he had reached the maximum of improvement. The medical officer who examined him at the time of his separation from the service certified that he was physically and mentally sound with the following exceptions: 'Wound, plantar surface of right great toe, scar resulting from gunshot wound. Ankylosis of metatarsal—phlangeal joint of great toe.' The medical examiner also expressed the opinion that in view of occupation this officer was 15 percent disabled. At no time prior to his resignation did he apply for retirement.

"With respect to the disability incurred by Lieutenant Fitzgerald in the military service, there has been provided by law a special means whereby former members of our military forces may obtain relief. I refer to the United States Veterans' Administration, and have been informed that he is now receiving compensation of $10 per month from that Administration. By his voluntary resignation for his own convenience, Lieutenant Fitzgerald forfeited all rights to retirement as a Regular Army officer, and I can see no justification for singling him out for preferential treatment at this time when others in the same category are not similarly treated.

"The retirement system of the Regular Army has been provided for the twofold purpose of attracting desirable permanent personnel to the service and of vitalizing the active list. Its maintenance for such purpose is vital to the national defense and should not be jeopardized by utilizing it as a means of relief or for placing upon the retired list persons other than the permanent personnel of the Military Establishment."

SEPTEMBER 3, 1935.

S. J. Res. 168. Joint resolution authorizing the President to invite the States of the Union and foreign countries to participate in the International Petroleum Exposition at Tulsa, Okla., to be held May 16 to May 23, 1936, inclusive.

"In all recent legislation of this character the Treasury Department has been successful in securing the incorporation of provisions for the reimbursement, to the appropriations from which paid, of the expenses necessarily incurred by the Customs Service in connection with the entry and custody of articles for which a special exemption from duty is authorized. On August 6, 1935, the Department wrote to the Chairman of the Senate Committee on Foreign Relations recommending the incorporation of a similar provision in Senate Joint Resolution 168, but none appears in the bill presented for my approval.

"The Treasury Department believes that the provision for reimbursement of expenses is an essential feature of legislation of the character of Senate Joint Resolution 168, and that its omission is inconsistent with the provision of section 3 of the bill providing that the Government of the United States is not by the resolution obligated to any expense in connection with the holding of the exposition in favor of which the bill is drawn."

H. R. 8421. An act granting pensions to certain widows of soldiers and sailors of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant pensions to 463 widows of Civil War veterans who—with one exception, which case is now being considered under the general pension law—have no title to pension under existing general legislation for these reasons: 388 are barred because they were not married to the veteran prior to June 27, 1905, as required by existing law; 53 because the husband was not mustered into the service of the United States but served with a State organization or in civilian capacity; 1 because the widow's marriage was illegal; 8 because the veteran did not serve the requisite period of 90 days or receive discharge for service-incurred disability, which is acceptable in lieu of 90 days' service; while 9 are barred because of desertion of the husband from military service or lack of an honorable discharge. Three of the beneficiaries have died since the passage of the bill.

"'From the foregoing it will be seen that H. R. 8421 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 463 widows of the Civil War referred to in H. R. 8421 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by this bill are entitled to sympathy and help. It is not felt, however, that aid should be given in this manner. The recently enacted security bill will undoubtedly cover many of the cases of the type referred to herein.

"'In view of the discrimination indicated, I do not feel I can recommend that the measure receive the approval of the President.

"'It is estimated that the annual cost of the proposed measure would be $157,890.'"

H. R. 8422. An act granting pensions to certain former widows of soldiers and sailors of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant pensions to 32 former widows of soldiers and sailors of the Civil War who have no title to pension under general legislation. Twenty-six are barred because they were not married to the veteran prior to June 27, 1905, as required by statute; 4 are barred because the husband was not mustered into the Service of the United States but served with a State organization; 1 because the veteran did not serve the requisite 90 days; and 1 because the veteran was not honorably discharged from all contracts of service.

"'From the foregoing it will be seen that H. R. 8422 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 32 widows of the Civil War referred to in H. R. 8422 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by this bill are entitled to sympathy and help. It is not felt, however, that aid should be given in this manner. The recently enacted security bill will undoubtedly cover many of the cases of the type referred to herein.

"'In view of the discrimination indicated, I do not feel I can recommend that the measure receive the approval of the President.

"'The annual cost of H. R. 8422 is estimated at $11,040. Three of the widows included in the bill are under 60 years of age and their rates would be increased by $120 per year when each attains that age, thereby increasing the annual cost by $2,520 and making the gross cost $11,440.'"

H. R. 8423. An act granting increase of pensions to certain former widows of soldiers and sailors of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant increased pensions to 33 remarried widows of veterans of the Civil War who are said to be so disabled as to be in need of the aid and attendance of another person. It is proposed to increase 4 awards from $30 to $40 a month and 29 from $40 to $50 a month. An increase in pension rate on account of helplessness such as to require aid and attendance of another person has heretofore been restricted to claims of veterans.

"'From the foregoing it will be seen that H. R. 8423 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 33 widows of the Civil War referred to in H. R. 8423 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by this bill are entitled to sympathy and help. It is not felt, however, that aid should be given in this manner. It would seem that others in similar circumstances should have equal consideration.

"'In view of the discrimination indicated, I do not feel I can recommend that the measure receive the approval of the President.

"'The total amount now being paid the widows included in the bill under existing pension laws is $15,360 annually. The bill would increase this cost by $3,960, making the total cost to the Government $19,320 annually, or an average of $585.45 each.'"

H. R. 8424. An act granting increase of pensions to certain widows of soldiers and sailors of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant increases in the pensions now being paid to 516 widows of veterans of the Civil War who are said to be so disabled as to be in need of the aid and attendance of another person. In the great majority of cases it is proposed to authorize an increase from $40 to $50 a month. An increase in pension rate on account of helplessness such as to require aid and attendance of another person has heretofore been restricted to claims of veterans.

"'From the foregoing it will be seen that H. R. 8424 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 516 widows of the Civil War referred to in H. R. 8424 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by this bill are entitled to sympathy and help. It is not felt, however, that aid should be given in this manner. It would seem that others in similar circumstances should have equal consideration.

"'In view of the discrimination indicated I do not feel I can recommend that the measure receive the approval of the President.

"'It is estimated that the net annual cost of the proposed measure would be $68,340.'"

H. R. 8425. An act granting pensions and increase of pensions to certain helpless and dependent children of soldiers and sailors of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant pensions at the rate of $20 per month to 184 helpless children of Civil War veterans and increased pensions from $12 to $20 per month to six such children. One of the 184 persons has been granted a pension under general legislation since the introduction of the bill. The ages of the beneficiaries vary from 19 to 85 years. In the great majority of cases there is no title to pension under general laws because the children were over 16 years of age at the time of the veteran's death, there being 167 cases in this category. The reason why title does not exist is not shown in 15 cases; in 2 the child was over 16 years of age June 27, 1905; in 4 death of the veteran was not due to service; and in 1 the child was not helpless within the meaning of the law.

"'From the foregoing it will be seen that H. R. 8425 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 190 children of Civil War veterans referred to in H. R. 8425 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by H. R. 8425 are entitled to sympathy and help. It is not felt, however, that aid should be given in the manner proposed. The recently enacted security bill will undoubtedly cover many of the cases of the type referred to herein.

"'In view of the discrimination indicated I do not feel that I can recommend that the measure receive the approval of the President.

"'The cost of H. R. 8425 would be $44,736 per annum.'"

H. R. 8426. An act granting pensions to certain soldiers of the Civil War.

"In relation to this bill the following report was made to the President by the Veterans' Administration:

"'The purpose of this bill is to grant pensions to 20 Civil War veterans who have no title to pension under general legislation. Nineteen of the twenty were members of irregular State military organizations which were never mustered into the military service of the United States. There were many such companies operating in several States during the Civil War in a semiofficial capacity. Some of these rendered effective assistance to the Federal forces in their immediate localities, and their services have heretofore been recognized by Congress by special legislation, but not including any of the companies cited in H. R. 8426.

"'In the case of the other veteran, Leander Simonson, it is shown that he had previously been pensioned under the act of May 11, 1912, but a later report from the War Department disclosed that his first period of service was not honorably terminated, and his name was then dropped from the pension rolls.

"'From the foregoing it will be seen that H. R. 8426 in effect establishes special eligibility to pensions for those persons covered in the bill. Manifestly this creates an inequality and discriminates against those not included in this bill who would be entitled to the same special eligibility. If the special eligibility given to the 20 veterans of the Civil War referred to in H. R. 8426 is sound, it would appear that general legislation providing eligibility for all should be enacted. The Veterans' Administration was not called upon for any report on this bill.

"'Many of the cases covered by this bill are entitled to sympathy and help. It is not felt, however, that aid should be given in this manner. The recently enacted security bill will undoubtedly cover many of the cases of the type referred to herein.

"'In view of the discrimination indicated, I do not feel that I can recommend that the measure receive the approval of the President.

"'The cost of H. R. 8426 would be $12,000 per annum.'"

SEPTEMBER 5, 1935.

S. 1763. An act to amend the act entitled "An act to adjust the compensation of certain employees in the Customs Service", approved May 29, 1928, as amended by the act of December 12, 1930.

"The bill involves estimated annual expenditures of $400,000 to $425,000.

"It appears this bill seeks only to put customs inspectors and station inspectors on a plane of equality with immigration inspectors with respect to the single feature of automatic pay increases in the two lower grades. The bill does not attempt complete uniformity of pay as to comparable employments within the two services. More significantly, it ignores other groups of customs employees who will no doubt seek legislation in their own behalf at an early date. Thus the area of unscientific classification will be further extended."

S. 2621. An act to provide funds for cooperation with the public-school board at Devils Lake, N. Dak., in the construction, extension, and betterment of the high-school building at Devils Lake, N. Dak., to be available to Indian children.

"There are no nontaxable Indian lands within this school district; and out of a total number of 1,403 pupils attending the public schools of this district only 53 are Indian pupils, for whom tuition is paid to the district by the Federal Government. It is apparent, therefore, that the responsibility for providing adequate school facilities for this district is an obligation of the district and not of the Federal Government."

S. 3092. An act to provide funds for cooperation with White Bird School District, Sioux County, N. Dak., for extension of public-school buildings to be available for Indian children.

"With a total school population in this district of 53 children, of whom 13 are Indians, there were enrolled in the school during the last school year 24 white children and no Indian children. I am advised, moreover, by the Indian Service that the interests of the small number of Indian children in this district will be best served by their continuance as pupils of a Government Indian school. Under these circumstances I feel obliged to withhold approval of this bill."

S. J. Res. 65. Joint resolution to extend the period of suspension of the limitation governing the filing of suit under section 19, World War Veterans' Act, 1924, as amended.

"Apparently the main purpose of this resolution is to afford further opportunity for persons to sue on their war-risk insurance where such action was not taken because of the passage of Public, No. 2, or, because of failure to file claim at an earlier date, very little time remained for filing suit after final denial by the Administrator of Veterans' Affairs. Any meritorious claim can be filed and allowed by the Veterans' Administration without recourse to the courts.

"The Government's policy in permitting suits upon war-risk insurance has been one of great liberality. It appears to me, in the absence of clear and satisfactory evidence explaining or justifying the long delay before bringing suit, that the very delay would be an indication of the weakness of the claim. These situations only arise because of the failure of the claimant to file his claim more promptly, and is in no sense the fault of the Government.

"The Government's liability over and above all premiums received on war-risk insurance now exceeds a billion and three-quarters. This legislation potentially would add greatly to the final cost. I do not feel that a valid reason exists for this additional expenditure."

H. R. 3019. An act to amend "An act to stop injury to the public grazing lands by preventing overgrazing and soil deterioration, to provide for their orderly use, improvement, and development, to stabilize the livestock industry dependent upon the public range, and for other purposes", approved June 28, 1934 (48 Stat. 1269).

"Some of the changes effected by this legislation were proposed to the Congress by the Department of the Interior. These changes, however, were relatively simple in scope and did not involve radical alterations in the principles of the original law.

"Other changes effected by the provisions of this bill are not sound. They would nullify in large measure the benefits of the Taylor Grazing Act and would make the administration of that act along sound conservation lines virtually unattainable.

"I append hereto copy of memorandum furnished me by the Department of the Interior, and I note also the recommendation of the Department of Agriculture that the bill be not approved.

"I am confident that at another session of the Congress the matter can be reconsidered and more suitable legislation passed."

SEPTEMBER 6, 1935.

S. 2632. An act to provide for the construction of 10 vessels for the Coast Guard designed for ice breaking and assistance work.

"While it is true that the additional shallow-draft ice breakers could be used advantageously by the Coast Guard, it is my conclusion, and that of the Treasury Department, that the present needs are not such as to justify the expenditure required to provide them at this time."

H. R. 1286. An act for the relief of James H. Bell (or James Bell).

"Appended hereto letter of the Secretary of War to the Director of the Budget."

WAR DEPARTMENT,
Washington, August 24, 1935.

Hon. DANIEL W. BELL,
Acting Director Bureau of the Budget,
Washington, D. C.

DEAR MR. BELL: This is in response to your request of August 24, 1935, for my comments on H. R. 1286, Seventy-fourth Congress, first session, an enrolled bill entitled "An act for the relief of James H. Bell (or James Bell), formerly a member of Troop C, First Tennessee Volunteer Cavalry, Civil War."

The official records show that James Bell (name not found as James H. Bell), aged 18 years, born in Jefferson, Tenn., and by occupation a farmer, was enrolled and mustered in April 1, 1862, at Flatlick, Ky., for 3 years as a private of Company C, Fourth Tennessee Infantry, which organization subsequently became Company C, First Tennessee Cavalry. The place of his enrollment is also shown as Cumberland Gap, Tenn. The company muster-out roll, dated Nashville, Tenn., April 1, 1865, bears his name with remark: "Prisoner of war, captured September 20/62 on the march from Cumberland Gap and is not since heard of."

The prisoner of war records show that one J. Bell, private, Company E, First Tennessee Cavalry, who appears to be identical with the above-named James Bell, inasmuch as no record is found of a man named J. Bell in Company E of that regiment, was captured at Rome, Ga., May 3, 1863; was confined at Richmond, Va., May 9, 1863; was paroled at City Point, Va., May 15, 1863; reported at Camp Parole, Md., May 18, 1863; reported at Camp Chase, Ohio, May 22, 1863; and sent to his regiment June 9, 1863.

A careful search of the records fails to reveal any later record in this case, and nothing has been found of record to show that James Bell ever joined his company after September 20, 1862. Nor do the records furnish any information as to his whereabouts between September 20, 1862, and May 3, 1863.

No medical record has been found in the case of this soldier.

It has been ascertained from the General Accounting Office, Washington, D. C., that this soldier received no pay on account of his service; that under date of January 9, 1902, and March 12, 1902, at his request, claim blanks for pay were forwarded to him at Morristown, Tenn., but that said blanks were never received back in that office.

In support of Mr. Bell's application for a discharge and settlement of pay there was submitted to this Department

in January 1934 a sworn statement dated October 9, 1933, in which he testified that he enlisted in the Federal Army on April 1, 1862, and served until after the Battle of Crab Orchard, Ky., when he was captured; that he was paroled with the understanding that he could go back to Tennessee, but not the route taken by the Federal Army, and set at liberty; that he felt he could not get home, and being hungry decided to obtain employment, and that not knowing the location of his regiment he never reported. He further stated that he was not seeking a pension but only the pay for his services.

The Battle of Crab Orchard, Ky., took place September 10, 1862.

The bill under consideration, H. R. 1286, proposes by its terms that in the administration of any laws conferring rights, privileges, and benefits upon honorably discharged soldiers James H. Bell (or James Bell), who was a member of Troop C, First Regiment Tennessee Volunteer Cavalry, shall hereafter be held and considered to have been honorably discharged from the military service of the United States as a member of that organization on September 20, 1862; and notwithstanding any provisions to the contrary in the act relating to pensions approved April 26, 1898, as amended by the act approved May 11, 1908.

In view of the facts of record in this case and of the sworn statement of Mr. Bell that he never reported to his regiment, this Department holds that he became a deserter on or about June 9, 1863. As heretofore stated, his company was not mustered out of service until April 1, 1865.

The only law in force governing the subject of removal of charges of desertion against soldiers of the Civil War is the act of Congress approved March 2, 1889 (25 Stat. L. 869). This case is not covered by any of the provisions of that act, and the War Department does not look with favor upon special legislation for the purpose of granting relief in individual cases, such as the one now under discussion, not covered by the general laws.

The approval of this bill would in effect constitute a legislative pardon for a man whose status is now that of a deserter and would single out for preferential treatment one individual of a large but undetermined number of former soldiers whose status is identical with that of the man now under discussion. Moreover, the enactment would place a man with an unsavory military record on a par with those who, during a period of war, rendered service of a character which warranted an honorable discharge.

The bill seemingly has for its object the granting of certain benefits and privileges now denied the man by existing law; and the enactment of the bill into law would establish an undesirable precedent under which many other persons similarly situated could demand with equal justice that legislation be enacted in their behalf and would cause added expenditure to the Government. So far as this Department is able to ascertain, there is no justification for the legislation and no merit in the claim of this former soldier for special favors or consideration.

The War Department strongly recommends that this act be not approved.

Sincerely yours,

GEORGE H. DERN,
Secretary of War.

H. R. 4226. An act for the relief of Floyd Hull.

"From the facts in this case of record in the War Department it appears that Floyd Hull was a private in Battery C, One Hundred and Thirteenth Field Artillery, North Carolina National Guard. He participated in the field training encampment with his organization from August 5 to 19, 1934, inclusive, pursuant to the provisions of section 94, National Defense Act. While cleaning a field gun on August 6, 1934, the trail spade fell, catching his right thumb, which was badly mangled. He was treated at the regimental infirmary, and subsequently his thumb was amputated. The injury was incurred in line of duty, and under the act of June 3, 1924, as amended by the act of April 26, 1928 (45 Stat. 461; U. S. C., Supp. VII, 32, 161), the expenses of the amputation were paid from Federal funds. There is no provision of existing law under which any further compensation may be paid in this case or in similar cases of injury to members of the National Guard. At the time of the injury the organization of which Private Hull was a member was not in the Federal service but was in the service of its State, participating in field training as provided by law.

"In view of the foregoing, I do not consider that this individual is entitled to the benefits carried in this bill; further, it singles out an individual of a class for preferential treatment not accorded to others of that class."

H. R. 4324. An act to carry out certain obligations under certain tribal agreements.

"This bill provides in substance for the refunding of Federal inheritance and income taxes illegally or erroneously collected from any person duly enrolled as a member of an Indian tribe who received, in pursuance of a tribal treaty, agreement with the United States, or act of Congress, an allotment of land, which by the terms of such treaty or agreement was exempt from taxation if refund claim therefor is filed within 2 years after the enactment of this act. The bill also provides for the payment of interest on refunds which were previously paid but upon which no interest was received. The bill further provides that any such person who has been erroneously or illegally taxed by reason of not having claimed or received the benefit of any deduction or exemption permitted by law may likewise obtain a refund if a claim therefor is filed within 2 years after the enactment of this act. In substance, therefore, the purpose of this bill is to extend the period of limitations in which claims for refund may be filed by certain specially designated persons.

"On two prior occasions liberal statutory extensions of the period of limitations for filing refund claims by the very persons sought to be benefited by the present bill were granted. See House Joint Resolution 163, Seventy-first Congress, second session (46 Stat. 370), and Senate Joint Resolution 167, Seventy-second Congress, second session (47 Stat. 807). However, those extensions were limited to claims for refunds of Federal taxes paid on gains derived from lands which were received pursuant to, and exempted from taxes by virtue of, a tribal treaty or agreement with the United States. Under this bill tribal Indians would be granted the privilege of filing claims for refunds as to exemptions and deductions in no way associated with the tax-exempt lands, and not at all contemplated or covered in the prior statutory extensions.

"In this latter regard the present measure, H. R. 4324, does not differ in principle from the numerous bills presented to me for consideration, which proposed to except certain taxpayers from the operation of the statutes of limitations pertaining to the revenue laws by extending the time for refunding of certain taxes to such taxpayers. On those occasions I expressed my accord with the established policy of Congress that it is sound to include in all revenue acts statutes of limitations by the operation of which, after a fixed time, it becomes impossible for the Government to collect additional taxes or for the taxpayer to obtain a refund of an overpayment of taxes. I pointed out in each instance that legislation such as the proposed bill selects a small class of taxpayers for special treatment by excepting them from that policy. Such legislation thus discriminates against the whole body of Federal taxpayers and establishes a precedent which would open the door to relief in all cases in which the statute operates to the prejudice of a particular taxpayer, while leaving the door closed to the Government in those cases in which the statute operates to the disadvantage of the Government.

"I am not aware of any circumstances in this case, with regard to claims for refunds not arising out of taxes paid on gains from tax-exempt lands, which would justify an exception to be made to this long-established policy of Congress. I must reiterate my belief that the field of special legislation of this character should not now be opened to relieve special classes of taxpayers from the consequences of their failure to file refund claims within the period fixed by law.

"In addition to the foregoing, I note that the bill does not provide for any limitation upon the fees to be paid to any person acting as agent or attorney for any claimant to whom this bill is applicable."

H. R. 6776. An act to amend the Emergency Farm Mortgage Act of 1933, as amended, and for other purposes.

"The second provision of this bill extends Government lending into a new field which might be construed to commit the Federal Government to a policy entirely too far-reaching—that of lending to counties, districts, or municipalities to enable them to take care of already existing bonded indebtedness."

SEPTEMBER 7, 1935.

S. 1878. An act conferring jurisdiction upon the Court of Claims to hear and determine the claim of the Mack Copper Co.

"Appended hereto letter of the Acting Attorney General."

OFFICE OF THE SOLICITOR GENERAL,
Washington, D. C., August 30, 1935.

The PRESIDENT,
The White House.

SIR: Reference is made to S. 1878, introduced by Senator Johnson, of California, an act conferring jurisdiction upon the Court of Claims to hear and determine the claim of the Mack Copper Co. The attached file includes a letter of August 29, 1935, from General MacArthur. The Acting Secretary of War objects to the approval of the bill on the basis of two approved opinions of the Judge Advocate General rendered in reports on similar bills in the Seventieth and Seventy-second Congresses, respectively.

The beneficiary of this legislation did file a claim in the Court of Claims for the taking, use, and damages to this property and was awarded $229,500, with interest on $150,000 thereof from June 1, 1922, to date of payment.

This award was entered on June 6, 1927, and thereafter, I am advised by the letter of the War Department and by the Claims Division of the Department of Justice, which handled the suit in the Court of Claims, a stipulation was entered into that no petition for certiorari would be filed to review the award. Upon the execution of this stipulation the award was paid.

It is true that the Court of Claims refused to consider the claim for waste upon the ground that as the Government was not a lessee no covenant for waste could be implied.

The bill as drawn confers upon the Court of Claims jurisdiction to hear "the claim of the Mack Copper Company against the United States for just compensation for the taking and use, and the damages and waste inflicted by the taking and use, of certain real property owned by the Mack Copper Company * * * ." The right to litigate is limited by the phrase "not heretofore paid by the United States to the Mack Copper Company." It would appear from this language that all claims of the type authorized in the act may be relitigated subject to a credit for the amount heretofore paid.

If this bill is approved, it will authorize the relitigation of issues already settled and, in addition to that, inject the question of waste into the proceedings.

It would furthermore appear from the file that the Mack Copper Co. has been adequately compensated for the use and damage to the property, since it acquired the property by a contract of purchase originating in 1912 and concluding in 1917 for $338,684.82.

The letter of Congressman Burnham to you of August 29, 1935, states that—

"All other landowners whose lands were taken for this camp, Camp Kearny, have already been compensated by acts of Congress for use and similar damages to their lands."

I have not been able to determine whether the phrase "similar damages" applies to waste alone or to damages for which this beneficiary was compensated. Whatever may be the facts as to that, other claimants apparently received certain sums appropriated by Congress while this claimant has been granted the special advantage of a private act.

Under all the circumstances, I recommended the veto of the act.

Respectfully,

STANLEY REED,
Acting Attorney General.

S. 2324. An act to incorporate The Military Order of the Purple Heart.

"The reasons set forth in letter of Acting Secretary of War appended hereto."

WAR DEPARTMENT,
Washington, August 29, 1935.

The PRESIDENT,
The White House.

DEAR MR. PRESIDENT: I am returning herewith S. 2324, "An act to incorporate The Military Order of the Purple Heart", transmitted to me by your direction for a statement as to whether or not there is any objection on the part of the War Department to its approval.

In reply, I desire to state that the War Department objects to the approval of this act for the following reasons:

The Purple Heart was created by Gen. George Washington in daily orders to the troops on August 7, 1782. The orders directed:

"The general, ever desirous to cherish a virtuous ambition in his soldiers, as well as to foster and encourage every species of military merit, direct that whenever any singularly meritorious action is performed, the author of it shall be permitted to wear on his facings, over the left breast, the figure of a heart in purple cloth, or silk, edged with narrow lace or binding."

The orders further provided that acts of extraordinary fidelity and essential service, as well as acts of unusual gallantry, should be rewarded.

The award of the Purple Heart lapsed, but by order of the President it was revived in General Orders of the War Department, No. 3, dated February 22, 1932. The Army Regulations now contain in detail the provisions for the award of the medal, and the design of the medal has been carefully defined.

While the War Department can have no objection to the formation of associations among the recipients of this medal, it believes that caution must be observed in placing in the hands of a minority of the holders of the medal the authority of Federal laws to make rules and regulations which might jeopardize the honor intended to be bestowed upon each of the thousands of persons to whom the Government has awarded the medal, or which might interfere with the rights of the War Department in the bestowal of the medal and the design of the insignia symbolic of the award.

Section 1 of the bill designates certain persons by name and such other persons as may be chosen, who are holders of the Purple Heart, duly chosen, to constitute the body corporate to be known as "the Military Order of the Purple Heart." Into whose hands the control of this body may at some time fall cannot now be known. Whether or not the charter always will be conscientiously adhered to in the interests of all holders of the medal cannot be known. All holders of the medal may not be admitted to membership; or they may in effect be denied membership because of dues, assessments, or for other reasons. Clearly there is an opportunity for a selected few to draw to themselves honor and benefits which should be bestowed equally upon all holders of the medal.

Section 4 defines the powers of the corporation. It may adopt a constitution, bylaws, and regulations to carry out its purpose. Many holders of the medal may not be members of, or may not even be aware of the existence of, the corporation. Yet the corporation, with the sanction of an act of Congress, might take actions which, before the public, would affect adversely the nonmember holders of the medal.

The corporation may adopt for the purposes of the corporation emblems and badges. In the case of the Purple Heart, as with the Distinguished Service Cross and other medals, the War Department has adopted a definite design for the medal, in order that it may become generally known

and recognized by all persons. Such a medal has a definite significance. The above provision would permit the supplying to members of the corporation additional emblems and badges to supplement the medal, thus multiplying the number of badges or medals for a single act or service, and thereby tend to destroy the significance of the War Department award. The provision, as a part of an approved act of Congress, might even be construed as taking out of the hands of the War Department the right to prescribe the Purple Heart Medal.

Section 6 provides that the corporation, and its local chapters, shall have the sole and exclusive right to have and to use, for its purposes, the name of The Military Order of the Purple Heart. This emphasizes the fact that an order is being created within an order, which would discriminate against the holders of the medal who are not members of the corporation.

The incorporation of this body would also be a precedent for the incorporation of groups holding other military decorations, which might seriously alter the whole scheme of military decorations.

To sum up, the award of the Purple Heart is an act, complete in itself, to indicate the recognition by the Government of a meritorious act or service for one's country. No obligation should attach to the holder of the award to join any organization to secure for himself the full honor of the award, and no organization should be set up under the authority of the Government which in any way may interfere with or reduce the prestige of any holder of the award, or give any group of holders special rights and privileges not held by all holders of the award. Ample laws are already in existence enabling the War Department to administer the award of military decorations, and it is strongly felt that no corporation should be authorized by law to have a voice in or influence in the administering and award of any of the various authorized medals, badges, and decorations.

It is accordingly recommended that the act referred to be not approved.

Respectfully yours,

DOUGLAS MACARTHUR,
Acting Secretary of War.

"On the recommendation of the Secretary of the Interior and the Director of the Budget, who state that the nontaxable land in the school district amounts to only 1 percent of the total taxable area of the district; that the school district is in good financial condition; and that the Federal Government makes adequate payment for the Indian school children on a tuition basis."
