Business Markets And Fluctuations.

KHARA YEAR. AVANI MONTH. SIMHAM. M. E. 1127
FROM 17-8-'51 TO 16-9-'51.

★ ★ ★

DEAR READERS,

The position of the market and the fluctuations of the important commodities during the month of Avani are given hereunder as usual. This is being done purely in the course of research of the science. There is no other aim. Any one of you, who are willing to avail the help of this forecast should do so at their own risk and responsibility. I am not either legally or morally responsible for any loss or gain that may result as a sequel of this forecast.

At the time of Sun entering Simham, Mesha rises. Moon also transits in Makara. We do not find notable changes in the positions of planets this month. Particularly, the trade planet Mercury retrogrades on 17th August and is free from the same from 8th September onwards. Further Venus also sets on August 28th and rises on 5th September. The transition of Mars under the stars Pushya and Ashlesha is having the aspect of Jupiter. Sun, Mercury, Venus and Ketu are all transiting in Simham throughout this month. The rising Rasi Mesha is a male and movable sign. It will cause quick changes in the market. The price of the important commodities will be reduced. It may also cause much depression in the share market. Makara in which Moon is posited will also cause decrease in the price. Sugar, Steel, Iron, Machinery, and Railway etc relate to Mesha Rasi. Charcoal, Lead and other mineral articles removed from the earth do belong to Makara. So, in the Market the situation will be somewhat confused for these commodities. In addition the setting of Venus and the retrograde of Mercury will bring instability in the market for the essential commodities. Hence it is desirable

to buy articles at the low rates. They can be sold away when the prices rise. According to the planetary positions this month will not give room for long term business. From 17th to 24th August, the prices of Gold, Silver, Cotton, Piece-goods, Yarn, Jaggery, Oils, and Ground-nut etc important articles will decline. The situation should be closely followed. Subsequently from 25th to 28th the prices of essential articles may go up. But this will not be firm. Subsequently from 29 to 5th September the market will be on both sides. Yet the prices of important articles may decline at certain times to a great extent. This time will be better for buying. Subsequently, from 7th to 12th there will be sudden rise. The sales may be carried on. On 13th, 14th and 15th, the situation of the market will not be uniform. Fluctuations will be alternative. The merchants of any kind will run their business more carefully during this month. The combination of planets in Simha, cannot be overlooked easily by anyone.

GRAINS: The grain market will be steady. The prices also will rise to some extent.

196419

neral he will give favourable results in general, without causing much evils. If Mercury is posited in Vrishabha, Kanya and Thula the native will have good Yoga. If he is posited in Mesha, Vrischika, Kumbha the prosperity will be lessened. The conjunction of Mercury with Venus will cause great Raja Yoga. So also conjunctions of Mercury with Jupiter and Mercury with Sun will bring good luck. In addition if Mercury along with Mars is posited in Mesha, Kanya, Thula or Vrischika the Budha Dasa will produce good prospects to the native.

KUMBHAM

Mercury will cause mixed results of misery and happiness to the people born in Kumbha Lagna. Decisions should be arrived at by studying the positions of other planets. The native will be subjected to good luck and prosperity if Mercury is posited in Vrishabha, Mithuna, Kataka, Kanya, Vrischika or Dhanu. The conjunctions of Mercury with Moon will cause remarkable 'Bagyodhaya' during Budha Dasa.

MEENAM

Mercury will cause somewhat adverse results to the person born in Meena Lagna. If he is debilitated, the adversity will be more. In case he is posited in Mithuna, Kataka, Vrischika Makara. Budha Dasa will cause good luck and prosperity. Kanya is exalted position to Mercury. Mercury posited in that house will cause great prosperity in the beginning. But at the end of the Dasa he will produce evil effects. The conjunction of Mercury with Moon in any of the houses, excepting Thula is beneficial to the

native. It is how we should study Mercury.
