Business Markets And Fluctuations.

HARA YEAR. PURATASI MONTH. KANYA. M. E. 1127.
FROM 17-9-'51 TO 17-10-'51.

-:★★:-

DEAR READERS,

The position of the market and the fluctuations of the important commodities during the month of Puratasi, are given hereunder as usual. This is being done purely in the course of research of the science. There is no other aim. Any one of you, who are willing to avail the help of this forecast should do so at their own risk and responsibility. I am not either legally or morally responsible for any loss or gain that may result as a sequel of this forecast.

At the time of Sun entering Kanni (Virgo) in this month, Vrishabha (Taurus) rises. Moon also transits in Labhasthan in conjunction with Jupiter. The aspects of the Sun transiting in Kanni and of the Saturn are in existence. The Mercury chief planet for trade is setting on 27th September. He transits in Kanni from 28th September to 15th October with Sun and Saturn. The Mars already in retrograde transits in Simha from 23rd September. The aspects of the Jupiter which the Mars had hitherto ceases to be in force, and Mars himself begins to look at the Jupiter. The fact that Jupiter who is the ruler of finance, religion, law, weaving, piece-goods, rubber, tobacco and lead, has the aspects of Sun and Saturn is to be noted. Vrishabha is a perpetual Rasi. Always this Rasi naturally will increase prices. But this rise will be gradual and piecemeal. The setting of Saturn for the entire month is also an important fact to be noted. But the Venus gets free from his retrograde position from the 24th September. Talking all these facts into consideration we have to arrive at conclusions regarding the position of the market of this month. The prices of the black coloured

articles will go down as a result of Saturn's setting. The prices of charcoal, iron, cement, immovable properties, lead, bell-metal, gingelly, and salt etc articles will decline. As a result of setting of Mercury the position of the market for shares; foreign trade, stationery, paper, cotton, yarn, silver, and groundnuts will be at state of fluctuations. When we consider all the above aspects, this month can be said a precious and fortunate period for the business men. It is not a great thing, if the situation of the market is in rising or lowering tendency, at the beginning of the month. Such kind of combination of the planets will come up on certain occasions rarely. We, generally, see through our experience that, the prices of the articles concerning the setting planets will, always decline. The buying of the commodities for which the prices have greatly fallen short will produce beneficial results. Generally, at the end of the month, we can expect increase in prices for the castor seeds, groundnut, linseed and the oils concerned, piece-goods, cotton, camphor, silk, glasses, jaggery etc. 19th September rise, 20th decrease, 21 rise, 22, 23, normal, 24—

28 market on both ways, will be the results. 29 and 30, moderate rise. Heavy fluctuations will exist for certain articles, 1st and 2nd October rise, 3rd and 4th sudden fall, 5—8 much rise, 9 decline, 10 rise, 11—15 decrease, will be the situation for the important articles. This month will give an opportunity to the business men to show their efficiency and ability. Better to conduct themselves with forethought.

How about Budha Dasa in your life?

(Continuation.)

★ ★ ★

Hitherto I have describing the effects of Mercury posited in each house. Besides keeping them in remembrance the readers are advised to note the following results. Kanya is exalted position for Mercury. The person in whose horoscope Mercury is in exaltation like this, can expect remarkable benefits during Budha dasa. Persons doing import and export business will gain much profit and wealth. He will be having crystal clear ideas concerning earning money and important affairs of the family. If engaged in politics, he will gain the leadership or a post more-or-less equal to it. He will also lead a happy life with the family. If the other planets are posited in the proper place he can expect sound health, good regard for his words and action, prosperity, Godliness and charitable nature. The students during this Dasa will get through the examination easily.

In same way, Meena is a Neechasthana (debilitated position) to Mercury. However strong the positions of other planets may be, the person cannot enjoy good effects during Budha Dasa. Lack of intelligence, enmity with relations or mean-minded people, change of place and social sphere may happen. He will be subjected to worries continuously. The persons to whom he offered his help, may turn up as his enemies. He may also lose all the hard-earned wealth or a portion of it. Hence during such Budha Dasa, much care should be observed. By perform-

ing the suitable remedies in the beginning of the Dasa, the troubles can be averted.

Mercury posited in Kendras and triangles, will cause great "YOGA", during his Dasa. But he should be free from debilitation. The conjunction of Mercury with a malefic planet, will not cause good results in Budha Dasa. Disrespect, misunderstandings with mean-minded people, loss of money against his desire and lands houses etc, may be the main happenings. The same will be the results, even if Mercury is aspected by malefic planet. Some may be compelled to leave the town. The advices of servants will cause loss. But Mercury having the conjunction with benefic planet or aspect of benefic planet, will cause great prosperity to the native, during his Dasa. He will have extraordinary intelligence, fame and income. For the business class of people, much benefits can be derived. Enjoying comforts in the domestic life, building beautiful houses, purchasing valuable ornament or dress and gaining leadership in social or public life will be the main features. Mercury will give results according to the nature of his conjunction with a planet. I give below the effects of Budha Dasa, to those born in each Lagna,

MESHA

To the person born in Mesha Lagna Mercury and Sun posited in different houses, will not cause prosperous results.

RESIGNATION OF RASHTRAPATI TANDON.

★ ★ ★

This is a searching period for the Congress and the Country. The general elections are to take place in January 1952. It is a known fact that this is an election under Independent India. There are about 4000 candidates to be elected by the masses. The selection of tried representatives to the legislatures falls upon the electorates. If they fail to elect true representatives, now the Country will have to undergo too many hardships later on. Thus the importance of the elections is well disclosed.

As a sequel of the difference of opinion among the top ranking leaders, there has been a crisis in the Congress for the past one year. Several members has resigned their posts and gone out of the Congress. The Rashtrapathi has also to resign lastly. The Congress has also elected Mr. Nehru as its President. This is a happening of to-day. In this connection, I invite the attention of the readers to the article under the caption "Rashtrapathi Tandon and the Congress" in the issue of "Maruthi" of 15-10-1950 "Rashtrapathi's Rasi, Kumbha happens to be the 6th house to Rasi of the Congress. This being in Shashtashtakam he might attempt to resign his post on certain occasions and the situation also might be critical. Mr. Tandon is an old Congressite, who sacrificed everything to the uplift of the Country. Scientifically the native in whose horoscope there is the conjunction of Jupiter with Moon or Moon is aspected by Jupiter, will always try to proceed on right lines without selfish motives. According to the Rasi of Tandon Jupiter aspects the Moon with all his force. The other planetary movements also go to prove that he will always be interested in the welfare of the masses. He is capable of exploring things in a logical way. The Presidentship which he attained as a sequel of the psychological changes or movements of the planets is

like a wedding without Porutham (Agreement.)"

The prediction of mine, some ten months back has proved accurate to-day. This is a disclosure of the greatness or eminence of science of Astrology and also a manifestation as to how it helps the public in ascertaining the future happenings.

Now let us explore about the Presidentship of Pandit Nehru. He is shouldering the responsibility of the Presidentship at a critical moment. But there is no want of agreement (Poruttam) between the Rasi of the Congress and that of Pandit Nehru. The Rasi of Nehru becomes the Labhastan to the Congress. When we take into consideration the aspects and movements of other planets, the following decisions are to be arrived at.

(1) The Congress can derive much benefit under the Presidentship of Pandit Nehru. This disensions already seen in the Congress will gradually disappear and it will secure the support of the public to a great extent. It will also be highly helpful to the Congress to achieve good success in the ensuing elections. The Congress will take a new life.

(2) Pandit Nehru will not get any benefit personally but he will have to share the hatred and insinuations of certain individuals. However the shouldering of this heavy responsibility by Mr. Nehru at such a time can be said a great boon to the Congress, and a great sacrifice by Nehru for the sake of the Country. The Congress is passing through Seven and half years Saturn period. Congress is under subperiod of Rahu under major period of Saturn. On the whole the decision of the All India Congress Committee in this respect is undoubtedly a wise one. But it can be compared to an old-marriage.

KHARA YEAR. PURATASI MONTH. KANYA. M. E. 1127.

FROM 17-9-'51 TO 16-10-'51.

—:★ ★:—

DEAR READERS,

The results as per your Rasis for the entire month of Puratasi are being given hereunder. Rasi denotes the house in which Moon transits according to your Birth Star. The results can be ascertained on this basis. Those not knowing their Rasi can send a reply-card furnishing the time of birth, date month and year, for which prompt reply will be given. The results mentioned below are those based on the planetary movements. They will be very helpful in the day-to-day life in general, though not to the very letter.

17-9-51 MONDAY

Generally favourable day. Important efforts can be undertaken. This is a good day for financial concerns, meeting friends and carrying on correspondence. According to Rasis, for Mesha, heavy expenses.
