SUCCESS OF MR. WINSTON CHURCHILL

In the recent general elections of Britain, Mr. Churchill's party (Conservative) has come to power. Mr. Atlee, the Premier and leader of Labour Party, has rendered his resignation. Logically, Mr. Churchill took up the primiership and formed his own cabinet. The new cabinet with Mr. Churchill as Premier, has been functioning. The success of Churchill party has been only with a limited majority. Practically, there is no vast difference in strength between the Conservative party and the Labour party which was in power till recently. How long this situation will continue? Whether will there be any necessity for fresh elections soon? It is natural that the attention of public will be diverted to this direction. We need not wonder or surprise even if such a thing is to take place. At such a time let us explore, how Mr. Churchill had come to power according to his horoscope.

		HOROSCOPE OF MR. CHURCHILL.	
		3-11-1874	
Saturn.	in THULA LAGNA		Moon.
Venus.	Sun.	Lagna. KETHU JUPITER MERCURY	Mars.

As per the chart of Mr. Churchill, he is now under the Sub - period of

Rahu under the major - period of Jupiter. This will expire by one year. We have dealt with the horoscope on previous occasion and pointed out that the horoscope of Mr. Churchill is one of the glorious charts and that his masterly boldness will stand him in his stead to the very end and so on. The conjunction of Mercury and Jupiter in lagna and the situation of Mars in the 12-th sign in isolation, will have a special significance. Moon transiting in the Labha (benefic position) and he is the head of the authority or power. These factors go to prove that Mr. Churchill will be a man of exceptional abilities, undaunted courage and influence throughout. The concluding period of Seven and half year's Saturn and also the end of the Jupiter's major period are chiefly responsible for securing the present status. It cannot be said that there would be any immediate change in his position so obtained. We can expect beneficial situation, not only in the internal affairs but also in the foreign matters. His energy will not decline till the end of the Jupiter's period. What would happen subsequent to Jupiter's period namely during the Saturn's period, will be dealt with later on. Till the end of the present Jupiter's major period we can hope for certain improvement in the situation. The rasi of our nation is in Vrayastan from that of the Rasi of Mr. Churchill. Besides this, our nation is at present running through Seven and half year's Saturn period. So, there is no indication or hope for reaping any appreciable benefits through him for our country.

Business Markets And Fluctuations.

KHARA YEAR. KARTHIGAI MONTH. VRISCHIK M. E. 1127.
FROM 17-11-51 TO 15-12-51.

DEAR READERS,

The trade situation and the fluctuations in the prices for the important commodities during the month of Karthigai are given hereunder. This is purely intended for the research of science. There is no other aim. Those who are willing to avail the help of this forecast should do so only at their own risk and responsibility. I am not bound either legally or morally for the loss or gains incidental thereon.

At the time of Sun entering Vrischik during this month, the Makara rises. The Moon also transits in Vrishabha which is an exalted position to him. The important planet for trade, Mercury transits in Dhanu from 24th November. He becomes retrograde from 6th December. Further, the Mercury in retrograde has also sets in on 11th December. We have to explore things having this in mind. Besides, the Jupiter the next chief planet for trade, gets out of his retrograde position from 29th November and proceeds straight. The Venus who was debilitated in Kanya hitherto, begins to transit in Thula which is his own house. By this, the Shashtashtaka dosha between Jupiter and Venus comes into existence. But the situation of these two planets in their own houses, gives them equal position. In this connection we should not forget the fact that the Jupiter is aspected by Saturn. The rising Rasi (Udhaya Rasi) Makara, is an earthly sign. This will cause confusion in the market. This will have its effect on the articles such as coal, lead, Mica and other similar varieties

removed from the earth. Generally, frequent rising and lowering of prices of the important commodities will be, its natural consequence. During the time of setting of Mercury in his retrograde position the prices of certain articles will abnormally rise. The Sun having the aspects of Saturn and Jupiter will make such a rise, temporarily. As a result of the Venus's position, the prices of cotton, jute, wheat, sugar, art-silk, piece-goods, glass, agricultural implements, flowers, pearls, copper, foreign Chemicals and other important articles required by women, and oils etc., commodities will rise.

The prices of certain articles will be very high due to the positions of other planets. There is also possibility for the rise of prices of Silver, Gold, ground-nut, castor, vegetables, oils with multifarious colours and machinery concerning the iron. When we take into consideration the planetary movements and other aspects, it can be said that, the situation of the market will not be satisfactory during this month. The

persons involved in speculation and shares etc., should be very careful in their activities. As there is room for getting more profits by certain men and heavy loss by certain others, it is better to do short term business in stead of long term ones. How about Budha Dasa in your life?

(Continuation.)

—:★★:—

The transition of Mercury in 4th house in conjunction or with the aspects of benefic planets will bring Prabala Yoga and fortune to the natives. Clear wisdom, high education, support of the mother-side relations to the profession, much income and fame will come up. There will also be an opportunity to render help to others.

The Mercury in the 5th house will cause Prabala Yoga. If the other planets are in favourable places the native will become a rich business man, or occupy a high position of the ministerial level, in the Government. Even though the native may possess paternal property he will earn ten times more than the property. Undertaking big schemes, writing good books, expanding trade in the world, deep thought and devotional spirit will be essential features. However there is no doubt this period of Mercury will be favourable one.

The major period of Mercury in the 6th house will not bring much prosperity. The native will be subjected to the acute poverty and other ordeals. Unnecessary litigation, enmity with the relatives, anxiety over children, loss of property in several ways, losing the profession, and suffering from consumption due to the effects of the aspects of Moon and Mars etc., may come in. Giving medical aid and performing necessary remedy at the initial stage will cause good effects.

The Mercury in the 7th house will bring moderate results in his Dasa. Family happiness will not exist in spite of having handsome wife with sound health. For the business men there will be more gains but all will be lost before the end of the dasa (Period.) For certain individuals two wives will exist. It is also possible for the native to go to foreign countries and conduct business under this period.

The Mercury in the 8th house will deteriorate the fortune. Loss through certain unexpected sources, chronic sickness, failures in many efforts, anxiety over finance and family, conflicts with the wife, defeat in the litigation, incurring debts on properties, unnecessary blamings and several kind of anxieties will fall upon the native. If there be conjunction of the Sun or the aspects of benefic planets the difficulties will decline to some extent. Generally, it can be said that the Budha dasa will not be prosperous.

The Mercury in the 9th house will cause special prosperity. The native will be able to acquire enough property and occupy a good position. His activities will be beneficial. Charity, righteousness, Godliness, friendship with the Sadhus and much labour due to his ability will be the important features. More benefit will exist in the direction of trade. The conjunction of Sun and Saturn will increase the prosperity of Yoga. However the major period of Mercury in this house will be prosperous. (See page 12)

The transition of Mercury in the 10th house will give the native Prabala Raja Yoga. More income through foreign trade and good fame will come up. Special benefits through agriculture, medicine, magic and family etc. may happen.

The Mercury in the 11th house will also give favourable results. Yet all the property acquired will be spent away on auspicious functions. If the native blessed with Neecha Banga he will get Prabala Raja Yoga. Generally the Mercury in the 11th house will not grant good fortune to the native.

The Major period of Mercury in the 12th house will bring heavy debts, family anxiety, loss of property, enmity everywhere, unnecessary litigation, disregard with the relatives, conflicts with the brothers and travelling to foreign countries will come up. Yet Godliness and helping tendency will increase. Generally, this dasa cannot be said as beneficial.

MITHUNA

It is a remarkable one for the person born in Mithuna Lagna, if Mercury is posited in lagna. Budha Dasa will be a prosperous period, provided Mercury is free from conjunction or aspect of malefic planets. There will be unexpected income. He will earn well and amass immovable properties. His talks and enthusiastic activities will attract the masses. He will enjoy sound health and also possess divinely thoughts.

Mercury in the second house will increase the income. Good status in

social atmosphere, and honour will be gained. Building beautiful house, gaining the support of relations, sound health, profit in the foreign trade and progressive results will be the events. But all these will be lost at the end of the Dasa. The native of such a horoscope, can prevent such losses and troubles by acting with forethought. If there be the conjunction of Jupiter and Mercury, there will be heavy loss of wealth.

Mercury in the third house will not cause great Yoga, in his dasa. Hence all his property inclusive of his self earned, will be gradually lost. Some portion of Budha Dasa, may cause much worries. Misunderstandings with brothers, and maternal relations may also occur. If the native is a dealer in medicines, or politician he will meet with deceitful results. In general there will be less comforts but more discomforts. This is the gist of the results of Budha Dasa.

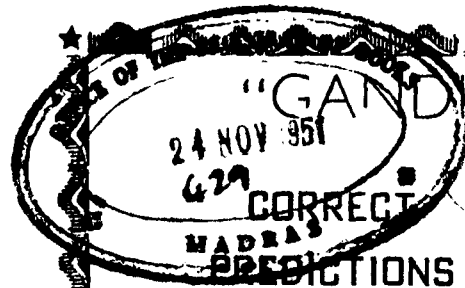

Mercury posited in the fourth house will cause great Yoga during his Dasa. If there be the conjunction of Sun with Mercury, the native can expect remarkable lucky events. Much profit in business, grandeur of vehicles, honour in religious discussions, and amassing houses, lands or other immovable properties will be the main features. The native will progress as desired or planned by him.

The Budha Dasa, if Mercury is posited in the 5th house, will produce beneficial results to the native. Auspicious events will take place in the family. He will also purchase properties. If there be the aspect of Jupiter to Mercury the native will have great Bagyodaya.
