3-rd house will be responsible to some extent. We cannot ignore the point that, the Jupiter is seeing the lagna. When we analyse things taking into consideration all the facts stated above, it may not be possible to expect any appreciable improvement in the present situation up to 31-st March 1952. The Mars who is Warmonger is the transitting in the 8-th house. as per Gochara. This will cause confused situation in the world affairs. The Prospects for mutual agreement will be delayed. The persistant attitude in the negotiations and the apprehension of war will not decline. Even according to the rasi of Russia, the year 1952 is neither favourable nor propitious. Much improvement in respect of finance, trade and agriculture etc, important affairs, cannot be foreseen. The present situation will continue without any change up to 31-st March. This is our opinion. Further details will be discussed later on.

## Business Markets And Fluctuations.

KHARA YEAR MARGHALI MONTH DHANUS M.E. 1127  
FROM 16-12-51 TO 13-1-52.

-:★★:-

DEAR READERS.

The trade situation and the fluctuations in the prices for the important commodities during the month of Marghali are given hereunder. This is purely intended for the research of science. There is no other aim. Those who are willing to avail the help of this forecast should do so only at their own risk and responsibility. I am not bound either legally or morally for the loss or gains incidental thereon.

The sun enters Dhanus at the time of rise of Kanni this month. On the said occasion the Moon also transits in Mithuna. Kanni is an earthly sign and also Ubhaya Rasi. Mithuna in which Moon is transitting is also Ubhaya rasi. Mercury, the Lord of these two signs, is the chief planet for trade. He transits in Vrishchik from 18th December to 7th January and subsequently moves to Dhanus. He set in retrograde position last month. He rises again on 22nd December. He is free from his retrograde position on 26th December and proceeds straight. Mars transits in Kanni upto 5th January and subsequently transits in Thula. By this, there is Shashtashtaka Dosha between the Jupiter and the Mars. Besides, the Mercury in Vrishchik upto 7th January, has the aspects of Saturn and Jupiter. Subsequent to 5th January the Sun gets free from the aspect of Mars. The positions of majority of the planets during this month, indicate that the situation of the market in general will show an upward tendency. When we consider the movements of other planets it is to be said that there will be heavy fluctuations this month. So the merchants should conduct their busi-

ness with utmost care and vigilance. The prices of important articles will not be stable. It is better to adopt short term business in stead of long term business. The situation of Gold, Silver, Cotton, Groundnuts, Oils, Castor seeds, Jute, Metals, Linseeds and iron etc, will be as follows. The following is my opinion. 16, 18 December rise, 19, 20 sudden fall in the prices of important commodities, 21, 22 and 23 the fluctuations will be in the alternate, 24-25 decrease, 26-30 rise on several occasions, 1 and 3rd January dullness, 4-5 rise, 6, 7, 8 fall, 9 sudden rise, 10, 11 heavy decline, 12-13 rise, will be the general condition of the market.

## FUTURE OF MR. STALIN.

It is high time for exploring the horoscope of Mr. Joseph Stalin, the Dictator of Russia. Due to the confused situation all over the World, the big powers are assembled together and have been discussing the ways and means to solve the World crisis. Yet, no improvement can be seen in the situation. Besides, the fear of War has been increasing. The ordeals of the general public in their daily life which are the direct results of the pre-war have not yet subsided. It is clear and evident that, perpetual peace cannot be achieved unless the mutual suspicions and selfish aims are given up. While so, what would be the position of Russia? What is to take place as per the Horoscope of Stalin? Whether his cooperation to the World peace will increase? These and other important facts will be explored according to the planetary positions.

Mr. Stalin was born in Thula Igna. The planetary positions as per his horoscope are:— Venus in the first house, Rahu, and Sun in the third, Mercury in the fourth, Jupiter in the fifth, Saturn and Moon in the sixth, Mars in the seventh and Kethu in the ninth. I have already dis-

closed that this is a Prabhala Yoga Jathakam (Highly Prosperous Chart). At present the sub-period of Mercury under the major period of Rahu is in operation. Mercury is both benefic and malefic. Besides, his separation from the Sun and situation in the fourth house is a significant fact. He has no conjunction or aspect of other planets. In this position, favourable results cannot be expected during the sub-period of Mercury. Even according to Gochara, the Jupiter transits in Janma upto March 1952. The Saturn also is transiting in the 7th house. The other important political planet Mars is transiting in the 8th house from 7th January. Rahu is continuing his transition in the 12th house. All these positions cannot be said as prosperous or beneficial. The situation of Moon in the 6th house in conjunction with Saturn, has brought him this great honour and dictatorship according to his Horoscope. It is being said that, the cooperation of Russia is essential for the World peace. For this, the Mars in the 7th house and the Sun in the
