Business Markets And Fluctuations.

KHARA YEAR. THAI MONTH. MAKARA M.E. 1127
FROM 14 1-1952 TO 12 2-1953.

★★★

DEAR READERS,

The trade situation and the fluctuations in the prices of the important commodities during the month of Thai are given in summary. This is purely intended for the research of science. There is no other aim. Those who are willing to avail the help of this forecast should do so only at their own risk and responsibility. I am not bound either legally or morally for the loss or gains incidental thereon.

At the time of Sun entering Makara during this month Meena rises. At the same time the Moon also transits in Karkatak. Further he has the aspects of the Jupiter. Meena is a 'abhaya rasi' (fearless). Naturally its effects will be to raise the prices of the important articles in the trade world. The transition of Jupiter in the same rasi having the aspects of the Saturn moving in Kanni is a significant fact. The situation of these two planets falling in Samasphika causes mutual exchange of aspects with each other. Besides, Saturn retrogrades from 24th January. From 21st January Venus also transits in Dhanu leaving Vrishika. The Mercury enters Makara on 29th January and continues his transition. He sets on 3rd February. Taking all these facts into consideration the condition of the market of this month is to be explored. At the beginning of the month all the planets from Karkatak to Meena are moving continuously. This is not a negligible one. Subsequently from 18th to 31st January all the planets are posited from Kanni to Meena. 1. LUNAR ECLIPSE.

A Lunar eclipse in the constellation of Ashlesha and in Karkatak occurs on 10...2...1952 corresponding to Tamil Kharu year 28th Thai month. Let us explore in some detail, the effects of this occurrence. Karkatak is a watery and also moveable sign. As a sequel thereto, good rains through-out the country are indicated. There may be heavy loss by the blood. The accidents in the sea voyage and air flights will crop-up. The humanity will have to suffer greatly through the infectious diseases. The death roll will be heavy. The country will have to lose some more important personages. The ordeals in the labour class will be high. The number of crimes will increase. Heavy loss in the food production, divergent views between the masses and the Government, stalemates in the politics and trade concerns, and confused situation will also be some of the events. The effects of the Lunar eclipse at a time when Moon is transitting in Karkatak will be some-what serious. Fortunately, there is the aspect of the Jupiter. By this, we can hope better results averting the above said ordeals to some extent. Let us also verify how long these effects would last long. The interval between the start and the end of the eclipse being only $1\frac{1}{2}$

How about Budha Dasa in your life?

(Continuation.)

KATAKA LAGNA.

Budha Dasa will cause somewhat messiness to the natives of this Lagna. Though the native enjoys prosperity at certain times, yet he will be subjected to family worries continuously. He cannot save money even though the income is great. This person should observe strict economy. If he curtails his desire for money he can find peace of mind to some extent.

Mercury posited in the second house will cause much boldness and great endeavours. At times too much of luck and unexpected profit will be showered on this person. In the beginning of the dasa he will acquire much wealth and will lose all of them at the end of the Dasa. If suitable remedy is done in the beginning itself, all his expenses will be in the justful ways.

Mercury in the third house, will cause great "Bhagyodaya," in his dasa. But it will not be stable. All the earned will be spent in some way or other. But he will find favourable atmosphere in regard to his family, relations, friends, politics and business.

Mercury in the fourth house will bring much comfort to the native, during his dasa. He will enjoy the benefits of lands, vehicles. He will gain much help through mother-side relations. Much profit will be got in the business. The native of such a horoscope is advised to make use of his time for improvement in several ways.

Mercury in the fifth house will cause mixed results of misery and happiness. Though there may be much progress in the profession, he will find worries concerning the family and children.

The Budha Dasa is a favourable period to the person in whose horoscope Mercury is posited in the sixth house. Great improvement in the profession, influence in the social atmosphere, acquisition of much landed property and improvement in all

walk of life will happen. But he will be having debts side by side. The debt will be insignificant when compared to the value of the property. Compromise will be the final result in litigations, and misunderstandings with the prominent people.

Mercury in the 7th house will not bring good results in his Dasa to the native. Ill-health to self and his wife and other difficulties will occur. In general his life will not be peaceful.

Budha in the 8th house, may cause auspicious events. But the later part of Budha Dasa will cause loss, fear of sickness, enmity with relations and friends etc. He will also spend the hard earned money. Hence such a native should act cautiously, during Budha Dasa.

Some Bukthis of Budha Dasa will be favourable to the person in whose horoscope Mercury is posited in the 9th house. During some Bukthis, unlucky events and great troubles and loss will happen. Here Mercury is debilitated. Amicable situation can be expected if Mercury has "Neecha Baagha."

Mercury in the 10th house may shower the greatest prosperity on the native. His income will be increased through reasonable ways. He will have much interest in charity, God etc. He will also gain fame.

Mercury in the 11th house will bring auspicious results, during his dasa. He will acquire wealth by the income earned in reasonable sources. He will have benefit in foreign trade.

Mercury in the 12th house will not cause prosperity to the native during his Dasa. Yet he will have steady income in his profession. The first half of Budha Dasa will be good. In the second half over-expenditure will occur. By acting with forethought he can enjoy favourable results.
