TOBACCO BULLETIN

ISSUED MONTHLY

BY THE

INDIAN CENTRAL TOBACCO COMMITTEE

VOL. III

SEPTEMBER, 1953

No. 9

In addition to the statistics usually furnished in this Bulletin, this number gives the prices of different types and grades of tobacco sold in the important markets of Bihar, Bombay, Hyderabad, Madhya Pradesh, Madras, Punjab, Travancore-Cochin, Rajasthan, Uttar Pradesh & West Bengal. The All India supplementary (final) estimate of tobacco for the year 1952-53 has also been included. According to this estimate the estimated acreage and production of tobacco in 1952-53 have shown an increase of about 12.1% and 6.8% respectively over these in the previous year. The production of tobacco in 1952-53 was 591 million lbs. from an area of about 798 thousand acres compared to 459 million lbs. from 712 thousand acres in the previous year. Increase in acreage & production has been reported by Bombay, Hyderabad and Rajasthan.

About 4.7 million lbs. of tobacco valued at Rs. 34.66 lakhs were graded and marked for exports during August 1953 as compared with 8.4 million lbs., 13.2 million lbs. and 11.5 million lbs.

valued at Rs. 77.7 lakhs, Rs. 98.9 lakhs and Rs. 98 lakhs respectively during the same month of 1950, 1951 and 1952.

During September 1953, about 177 thousand lbs. of tobacco valued at Rs. 17 thousands and 459 thousand lbs. valued at Rs. 78 thousands were sold by auction and by private negotiation respectively at Guntur Marketyard. At Mangalagiri Marketyard, the corresponding sales were about 716 thousand lbs. valued at Rs. 61 thousands and 118 thousand lbs. valued at Rs. 7 thousands. At Tadikonda Marketyard about 48 thousand lbs. of tobacco valued at Rs. 5.4 thousands were disposed of by private negotiation. There were no sales by auction at Tadikonda marketyard during the month.

Tobacco exports from India to foreign countries totalled 5.7 million lbs. valued at Rs. 1 crore during August 1953, of which the U. K. accounted for 2.1 million lbs. valued at Rs. 0.5 crore. During the same period, the total imports of tobacco from abroad were only

85 thousand lbs. valued at Rs. 361 thousands of which U. S. A. shared about 61.5 thousand lbs. valued at Rs. 254 thousands.

According to London Report the U. K. imported in all about 25 million lbs. valued at Rs. 7.9 crores during August 1953 as against 23.1 million lbs. and 18.8 million lbs. valued at Rs. 7 crores and Rs. 5.9 crores respectively during the comparable period in 1951 and 1952 respectively. The U. K. imports from India amounted to about Rs. 2.8 million lbs. valued at Rs. 0.66 crore as compared to 12 million lbs.

valued at Rs. 4.2 crores from Southern Rhodesia and 5 million lbs. valued at Rs. 1.6 crore from the U. S. A.

Under "Announcement", Government of India notification regarding Export of Biri leaves and Biri tobacco to Portuguese Possessions in India and other notifications concerning cultivation of tobacco within Indian Union have been included for the benefit of our readers.

M. S. PATEL,
Secretary.

TOBACCO BULLETIN

Guntur Report

SEPTEMBER 1953.

Stock Position :

A quantity of about 1.1 million lbs. of F.C.V. low grades, 1.8 million lbs. of Sun-cured Virginia and about 3.3 million lbs. of Sun-cured Country is reported to have been marketed outside the three marketyards viz., Guntur, Mangalagiri and Tadikonda, during the month under review.

The tobacco lying with the growers unsold at the end of the month is

estimated at about 4.4 million lbs. of F.C.V. low grades, 39.5 million lbs. of Sun-cured Country and 11.5 million lbs. of Sun-cured Virginia tobacco.

Exports :

The following are the quantities of tobacco reported to have been exported outside the jurisdiction of the Market Committees.

		Quantity in lbs.		
		Flue-cured Virginia	Sun-cured Virginia & Sun-cured Country.	Gulla Chura etc.
Guntur	...	37,27,136	29,21,889	16,44,793
Chilakaluripet	...	3,71,215	2,59,425	—
Ongole	...	10,662	3,05,622	2,656
Mangalagiri	...	—	1,61,773	—
Paruchur	...	3,88,706	—	—
Total	...	44,97,719	36,48,709	16,44,793

Imports :

A quantity of 4,55,817 lbs. of tobacco is reported to have been imported into Guntur during the month under review.

There is no significant change in the trend of the market. A few buyers

have been coming forward to buy Sun-cured Virginia tobacco in small quantities. The prices offered were extremely low. In spite of it the growers were eager to dispose of their stocks at low rates.

From data furnished by the Guntur Market Committee.

SEPTEMBER 1953

Crop Condition
SEPTEMBER 1953.

(1) Mysore :

The area planted upto the end of September 1953 in Mandya and Goribidnur areas is 1237 and 1820 acres respectively aggregating to 3057 acres. Curing, grading, stripping and redrying operations were in progress during the month under review.

Mildew is prevailing in several centres which might ultimately reduce the production.

Data furnished by the Mysore Tobacco Company Ltd., Bangalore.

(2) Nipani :

Transplantation was over during the month under report. Due to favourable season, the crops established well. Gapfilling and collection of insects were in progress as a preventive check from cut-worms and caterpillars. Interculturing, weeding, and removal of lower leaves etc. were also being done during September 1953.

From data furnished by Agronomist, Agricultural Research Station, Nipani (Belgaum).

Market Report
SEPTEMBER 1953.

(1) Tiruchirapalli : (Madras)

Preparations for sowing of tobacco such as tilling etc. were done during the early part of September '53 and sowings were commenced during the latter part of the month in many parts of Tiruchirapalli and Madhurai districts. Plantings, however, had not yet commenced.

A decline in the prices of chewing tobacco was noted although the prices of other varieties remained almost steady. The demand for chewing tobacco continued to be dull.

From data furnished by the Assistant Marketing Officer, Tiruchirapalli.

(2) Rajahmundry : (Madras)

A moderate rainfall of 8.02 inches was recorded during the month under review. The sowing of tobacco seed beds were completed during the early part of the month and they progressed well. The silt deposited in floods would be favourable for tobacco cultivation.

The following quantities of tobacco are reported to have been exported outside the East Godavari District.

Virginia tobacco ... 1,016,519 lbs.
Natu tobacco ... 3,950 lbs.

From data furnished by the Secretary East Godavari Market Committee, Rajahmundry.

TOBACCO BULLETIN

3. Vijayawada (Krishna District)

Tobacco nurseries have so far been raised by growers in sufficient area to cover the normal areas under Virginia and Natu. "Damping off" disease was noticed in severe form in the tobacco nurseries. Growers are adopting prompt remedial measures.

Small quantities of S. C. V. were purchased by dealers and exported to Guntur district.

The price per lb. for different types of tobacco during September 1953 ruled as under,

		Rs. A. P.		Rs. A. P.

News and Notes

MYSORE TOBACCO COMPANY.

At the Sixteenth Annual General Meeting of the Mysore Tobacco Company Ltd., held on 10th September, 1953, the Chairman of the Mysore Tobacco Co. Ltd. said that the area under Virginia Tobacco cultivation in 1952-53 was the largest so far, and the sales realisations of the processed tobacco of the company reached the record figure of nearly twenty three lakhs of rupees. He added that in Mysore State, the cultivation of tobacco was becoming increasingly popular and has come to stay mainly due to the continued efforts of the company. In view of the limited capacity of the company's redrying plant at Whitefield and of curing barns at the several centres, the company was compelled to limit the area under tobacco cultivation for its requirements to a maximum extent of about three thousand acres. The cultivation was concentrated in the two important areas of Goribidanur Taluk in Kolar district and Mandya and Maddur taluks in Mandya district. Since higher grades of tobacco command good prices, the company was anxious not only to secure good cultivation from the ryots, but also to improve its curing, grading and redrying operations in its own establishments to secure the optimum yield of quality tobacco and to reduce the lower grades and wastages to the minimum. The processed tobacco was sold largely to the Indian Leaf Tobacco Development Co., Ltd. He hoped that besides the Indian Leaf Tobacco Development Co. Ltd., other important purchasers from the U. K., Germany and other countries would be establishing direct transactions with the company. This year it has been proposed to make a shipment of 95,000 pounds of the lower grades of tobacco to foreign markets which will help in establishing a regular market for these grades. The possibility of utilising the scrap leaf, for the manufacture of Nicotine sulphate, which is largely used as insecticide, was under investigation. This would enable the company to get financial benefits from the disposal of such materials as have hitherto been going to waste.

@ U. K. IMPORTS.

Imports of tobacco by the U. K. during January-June 1953 were 117.8 million lbs. as against

100.2 million lbs. in the corresponding period of 1952. F.C.V. tobacco amounted to 106.7 million lbs. compared with the 1952 imports of 86.5 million lbs. Imports from the U.S.A. rose from 33.7 million lbs. to 72.9 million lbs. but imports from Canada fell from 30.5 million lbs. to 10.5 million lbs. in 1953. Imports from India also fell from 19.4 million lbs. to 13.4 million lbs.

U. S. A.

(a) The 1953 tobacco production in the U.S.A. is estimated at 2,085.8 million lbs. or 169.1 million lbs. less than in 1952. The figures for flue-cured types are as follows:

Type	Quantity in million lbs.
11	378.1
12	450.2
13	286.9
14	155.1
Total	1270.3

The Burley crop is estimated at 579.2 million lbs.

Exports of un-manufactured tobacco during January-May 1953 totalled 180.5 million lbs. which is 45.6 million lbs. more than the exports during the corresponding period of 1952. Consignments to the U.K. totalled 62.2 million lbs. of which 60.3 million lbs. were flue-cured. Exports to western Germany amounted to 25.2 million lbs. of which flue-cured consignments were about 50%.

(b) Tobacco taxes in the U.S.A., are estimated at \$ 2,150 million. Over three quarters of this goes to the Federal Government and the rest to 41 States which tax tobacco. More than 90% of the tobacco tax receipts comes from the Federal tax of 8 cents per packets of 20 cigarettes. As the law stands, the tax will revert to 7 cents on April 1, 1954. U. K., revenue from tobacco duty for the financial year 1952-53 amounted to £ 605 million equivalent to \$ 1,750 million. Taking into account the difference in population

tobacco taxation is nearly 2½ times as heavy in the U. K., as in the U.S.A.

@ SOUTHERN RHODESIA.

The following table gives the exports of Southern Rhodesia Flue-cured tobacco during 1951-52 and 1952-53.

Countries	1951-52 (000 lbs.)	1952-53 (000 lbs.)
U. K. { Leaf	33,927	45,843
{ Stripped	8,753	4,484
S. Africa	2,518	1,896
Australia	4,309	6,973
Denmark	3,846	3,313
Germany	469	3,721
Netherlands	4,754	7,522
Total including other countries	67,878	85,487

It will be seen from the above table that Rhodesian tobacco exports to the U. K., Australia, Germany and Netherlands were more in 1952-53 than in the previous year.

@ CANADA.

The Ontario Flue-cured Tobacco Marketing Association contemplate using air craft to take photographs of land under tobacco. These photographs would be used to assist in acreage computations. In this connection some officers of the Tobacco Marketing Board would visit the U.S.A., to study American methods.

! NYASALAND.

Exports of tobacco from Nyasaland during January-July 1953 amounted to 9.7 million lbs. as compared to 11.7 million lbs. during the

corresponding period of 1952. Shipments of dark-fired tobacco totalled 5 million lbs. of which 2.6 million lbs. were for the U. K. Exports of sun-cured and flue-cured accounted for a further 2.4 million lbs. and 1.4 million lbs. respectively with over three quarters of the total in each case shipped to the U. K.

@ SOUTH AFRICA.

It is reported that, in future, the cigarette blend in the Union is likely to be a mixture of Orinoco and White Burley. In 1952, only 10% of South African tobacco crop was Orinoco. But in 1953, the proportion was about 80%. Two large tobacco leaves of solid silver weighing 4 lbs. each will be presented by the United Tobacco Company to the exhibitor of the best Orinoco type leaf at the Rustenburg Agricultural Show in 1954.

* WEST GERMANY.

It is reported that the west German cigarette consumption has risen consistently during the past few years and further increases in cigarette sales are anticipated. In 1952, cigarettes accounted for nearly 4% of consumer spending and the cigarette industry's turnover represented about 2.1% of German industrial sales in 1952. The per capita consumption in 1952 was 600 cigarettes compared with 692 in the former German Reich in 1938. It is also reported that despite the large tax burden, cigarette consumption had recovered more quickly than that of cigars and pipe tobacco in the post war years. The west German cigarette industry currently consists of 47 factories employing about 8,500 persons.

SEPTEMBER 1953.

ANNOUNCEMENT

Consumption of cigarettes.

It is understood that the total value of cigarettes consumed in India during 1952-53 was Rs. 28.05 crores exclusive of duty and Rs. 35.5 crores inclusive of duty. This estimate is based on the quantity of cigarettes cleared from the factories and the quantities imported from abroad. The ex-duty value of cigarettes manufactured in India during the period under report was Rs. 30.24 crores and inclusive of duty the value of the same was Rs. 37.59 crores. The duty collected from cigarettes in 1949-50 was only Rs. 6 crores compared to Rs. 7.5 crores in 1952-53.

Export of Biri leaves and Biri tobacco to Portuguese Possessions in India from Bombay.

It is hereby notified for the information of the trade that export of biri leaves and biri tobacco to Portuguese Possessions in India viz. Goa, Daman, Diu for the half year, July-December 1953 will be subjected to the following conditions :—

(i) Export will be allowed upto the extent of 50% of the past exports of similar goods made to that destination by an individual exporter during any one of the calendar years from 1948-1952. Intending exporters should have submitted necessary applications in the prescribed form not later than 31—8—1953.

(ii) The exporters who have already established their past performances in respect of biri leaves and biri tobacco in terms of the procedure laid down in the above Notice need not submit fresh statements of past exports etc. along with their applications. Other exporters who have not done so should forward along with their applications statement of past exports made to that destination during any one of the calendar years from 1948 to 1952 duly supported by documentary evidence specified above.

(iii) Quotas will be granted to eligible exporters upto the extent of 50% of their past performance during any one of the calendar years 1948 to 1952. An allotment letter will be issued to the exporter which will be valid upto the end of December 1953. A confirmed licence with a validity upto 31—12—53 will be issued on production of (i) Treasury chalan of appropriate value (ii) An Import Declaration of the consignee to the effect that the goods sought to be imported are exclusively for consumption in the territory and will not be re-exported outside the territory either duly authorised by the Portuguese government and attested by the Consul General and sponsored by him. This quota will definitely expire by the end of December 1953 and further extension will not be granted under any circumstances.

(iv) Similar procedure as mentioned above will also apply in the case of export of other varieties of unmanufactured tobacco namely Tobacco flakes known as Patti, Farmas Bhuki, Tamak and Shuka and tobacco in the form of whole leaf known as Red and Black chopadia for the half year July—December 1953.

Export of Tobacco from Pakistan.

According to a notification in the Gazette of Pakistan Extraordinary dated 22—9—1953, it is understood that no licence is required for export of the following varieties of Tobacco of Pakistan origin,

(1) Tobacco raw other than Virginia type.

(2) Cigars and Cigar wrapper leaf from East Pakistan only (in the case of West Pakistan special licence will be required).

and (3) Snuff.

The following varieties of Tobacco of Pakistan origin will be allowed to be exported against export licences which will be granted freely to all exporters concerned as and when applied for.

(1) Tobacco raw, Virginia type.

(2) Manufactures of Tobacco other than Bidis, Cigarettes, cigars and snuff.

Import policy of Pakistan Government.

The import policy of Pakistan government for the period ending December 1953 reduces the number of importable items from 215 (in the last period) to 184. Import of Bidi leaves has been deleted and unmanufactured tobacco from dollar area included.

GOVERNMENT OF INDIA

MINISTRY OF FINANCE (REVENUE DIVISION)

New Delhi the 12th September, 1953.

NOTIFICATION

CENTRAL EXCISES

No. 20.—In exercise of the powers conferred by Sections 6 and 37 of the Central Excises and Salt Act, 1944 (1 of 1944), the Central Government hereby directs that the following further amendments shall be made in the Central Excise Rules, 1944, namely :—

In the said Rules—

1. After rule 16, the following rule shall be inserted namely :—

“ 16-A Special Procedure for Unmanufactured Tobacco

(1) Notwithstanding anything contained in rules 15 and 16, the Central Government may by notification in the official Gazette, direct that tobacco shall not be cultivated in any area specified in the notification unless the following conditions are satisfied, that is to say,

(a) the grower has previously presented to the village officer of the village in which the grower resides, or to such other officer as may be specified in the notification, an application in the proper form, for a licence to cultivate tobacco in any area specified in the notification, and, if the grower so desires, to cure, such tobacco ; and

(b) the licence fee prescribed in the notification, has been paid by the grower in cash, and a receipt for such application, and for such fee, has been obtained by him from the village officer, or such other officer.

(2) Where a notification is issued under sub-rule (1) it shall not be lawful for a grower to cultivate any tobacco in any area specified in the notification, or cure such tobacco, except after compliance with the provisions of that sub-rule.

(3) An application under sub-rule (1) shall be presented not later than a date notified by the Collector for each area, and each producing season, and any such application presented after the date so notified, shall be liable to be rejected.

(4) The possession of a receipt granted under sub-rule (1) by the village officer or such other officer, shall be sufficient authority for the grower to cultivate, tobacco thereafter on the area specified in the application in respect of which the receipt is granted, and to undertake curing of such tobacco, after it has been harvested.

(5) The village officer or such other officer shall immediately send the application to the proper officer, who shall then issue the licence in the proper form to the grower when he next visits the grower's village.

(6) The village officer, or such other officer, shall dispose of the licence fee in such manner as may be directed by the Government of the State in which the village is situated."

2. After rule 181, the following rule shall be inserted, namely :—

" 181-A. Certain provisions of this Chapter inapplicable to certain licences.

Nothing in the foregoing rules in this Chapter, except rules 178, 180 and 181, shall apply to licences granted to growers of tobacco under rule 16-A."

3. In Appendix I—

(a) in the table under the heading " Forms ", after the entries relating to Central Excise Series No. 2, and under " Applications for Licence ", the following shall be inserted, namely :—

Central Excise Series No.	Description of Form.	Rule No.	Short Title
2-A.	Application for licence to cultivate (and cure) tobacco.	16-A	T. G. 1.

(b) After Form D-2 (Central Excise Series No. 2), the following form shall be inserted namely :—
