ABSTRACT OF AN ACT

Passed in the Thirty-third Year of His present Majesty, Cap. 52. Sec. 70, precluding the Return to their Duty of the Civil and Military Servants, after an absence of Five Years.

And be it further enacted, that no person who shall have held any Civil or Military Station whatever, in India, in the Service of the said United Company, being under the rank or degree of a Member of Council, or Commander-in-chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India, within the space of five years next after such departure, shall be entitled to any rank or restoration of Office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil Line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the Affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

REGULATIONS

XXI

RESPECTING

Military Officers retiring from the Company's Service.

Every officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to officers of infantry.

A member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £500 per annum.

A surgeon of a general hospital, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum for life.

All other surgeons and assistant surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three for one furlough.

A chaplain after eighteen years service, including three years for one furlough, is allowed to retire with the pay of major.

A chaplain having served ten years in India, whose constitution will not admit of his continuing in the service, may retire on the half pay of major; after seven years on the half-pay of captain.

A commissary, or deputy commissary of ordnance, not being a commission officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every lieutenant-colonel, major, captain, or captain-lieutenant is allowed to retire with the half pay of the rank to which he has attained, in case his health shall not permit him to serve in India.

A lieutenant having served thirteen, or an ensign nine years in India, including three years for a furlough, may retire on the half pay of his rank, in case his health shall not permit him to serve in India.

A subaltern officer, or military assistant surgeon, having served six years in India, is permitted to retire on the half pay of ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to

India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two* years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Promotion in consequence of officers retiring in England, takes place from the time when the requests of such officers to retire are laid before the Court.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness) to their rotation to be absent on furlough, and the same rule is applicable to assistant military surgeons. The furlough to be granted by the commander in chief at each presidency, with the approbation of the respective governments.

A chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service he is allowed the pay of captain only.

A conductor of stores is allowed furlough pay, only in case of coming home from sickness.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India.

AT A COURT OF DIRECTORS,

HELD ON

Wednesday, the 23d January 1811.

Resolved, That, in future, whenever the absence of a military officer from India shall exceed the period of his regular furlough, no further leave of absence shall be given to him, upon the mere production of a medical certificate, or other unauthenticated statement of circumstances; but that, previous to such leave being granted, proof of the statement made by the party, in support of his application, shall be adduced to the Committee of Correspondence, by personal examination, or by such other evidence, as shall be deemed fully satisfactory to the Committee.

REGULATIONS RESPECTING MARINE OFFICERS. XXIII

AT A COURT OF DIRECTORS,

HELD ON

Friday, the 1st March 1811.

A report from the Committee of Correspondence, dated this day, being read, calling the court's attention to the evident misapprehension of the meaning of the 70th section of the act of the 83d of his present Majesty, cap. 52,* as to the time of absence after which civil and military officers may return to the Company's service in India.

Resolved,—That military officers wishing to avail themselves of the provision above referred to, must arrive in India within five years from their departure from thence, or otherwise they will not be entitled to any pay, rank, or military authority, unless they shall have a permission by the Court of Directors to return to India, having previously proved to the satisfaction of the Court, and to the Board of Commissioners for the affairs of India, that their absence was occasioned by sickness or infirmity, or some inevitable accident.

XXIV MARINE REGULATIONS, CONTINUED, &c.

No officer under the rank of captain who has not actually served ten years in the marine, can be permitted to come home on furlough, unless in cases of ill health under the like certificates as required from military officers.

REGULATIONS RESPECTING THE AGE OF WRITERS AND CADETS.

Extract of the Act of the Thirty-third of His present Majesty GEORGE THE THIRD, respecting Writers and Cadets.

And be it further enacted, That no person shall be capable of acting or being appointed, or sent to India in the capacity of writer or cadet, whose age shall be under fifteen years,* or shall exceed twenty-two years, nor until the person proposed or intended to be so appointed shall have delivered to the said Court of Directors a certificate of his age, under the hand of the minister of the parish in which he was baptized, or keeper of the registry of baptism of such parish: and if no such registry can be found, an affidavit of that circumstance shall be made by the party himself, with his information and belief that his age is not under fifteen years, and doth not exceed twenty-two years. Provided nevertheless, That the said restriction shall not extend to prevent the said Court of Directors from appointing any person, to be a cadet, who shall have been for the space of one year at least a commissioned officer in His Majesty's service, or in the militia or fencible men, when embodied, and have been called into actual service, or from the company of cadets in the Royal Regiment of Artillery, and whose age shall not exceed twenty-five years.

* 7th December, 1868. The Court of Directors resolved, that in future no Cadet be appointed for the Cavalry or Infantry under the Age of 16 Years.

REGULATIONS

as to the Nomination of

STUDENTS AT THE EAST-INDIA COLLEGE,

With a View to their future Appointment as WRITERS in the Service of the UNITED EAST-INDIA COMPANY; and Preparatory Instructions to Persons who may be so nominated.

Candidates for the nomination of students are to obtain the extract from the parish register of their birth or baptism, certified agreeably to the Forms herein prescribed, previous to their attending at the East-India House, to be called before the Court.

By an Act of Parliament of the thirty-third of His present Majesty George the Third, it is enacted, "That no person shall be capable of acting, or being appointed, or sent to India in the capacity of writer, whose age shall be under fifteen, or shall exceed twenty-two years; nor until the person proposed, or in-

"tended to be so appointed, shall have delivered to the Court of Directors a certificate of his age, under the hand of the minister of the parish in which he was baptized, or keeper of the register of such parish;" which certificate, or extract from the register, will not be admitted unless countersigned by the churchwardens or elders, with a declaration at the foot thereof from the father, mother, or nearest kin to the student, testifying, that the bearer of such certified register is the person described therein.

In addition to the above, the following form of a certificate is required to be written and signed by the parent, guardian, or near relation of the student, at the bottom of the parish register, agreeably to the above regulation, viz.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my son _____, who is the bearer of this, and nominated a student at the East-India College, by _____ Esq.; and I do further declare, that I received the said appointment for my son _____ gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said nomination for my son from the Director above mentioned."

"Witness my hand, this _____ day of _____, in the year of our Lord, _____."

In the event of no parish register existing or to be found, the beforementioned Act of Parliament provides as follows, viz.

"That if no such registry can be found, an affidavit of that circumstance shall be made by the party himself, with his information and belief, that his age is not under fifteen years, and doth not exceed twenty-two years."

The following is the form of the affidavit to be made by the student and sworn to before a magistrate, viz.

"I, C. D., nominated as a student at the East India College, by _____, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am not at this time under the age of fifteen, or above twenty-two years.

"Sworn before me, } "Witness my hand, this _____ Day
"this _____ of _____, in the year of our
"Day of _____ Lord _____

"C. D."

The parent, guardian, or near relation, must then add their certificate as to the truth of the affidavit, nearly similar to the one ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the student, who is to sign a declaration thereon, that he has read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the student. The form of the petition is to be obtained at the Secretary's office.

The candidate will be expected to produce certificates from the persons under whom he has received his education, stating the nature of that education, and the proficiency he has made therein; and also certifying as to his mental ability, and his disposition and character.

The candidate will be examined in an open Court of Directors, as to his character, connections, and qualifications, conformably to the General Court's Resolution of the 6th of July, 1809.

On or before a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into pecuniary benefit.

AT A COURT OF DIRECTORS,

HELD ON

Wednesday, the 9th August, 1809.

Resolved, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of this Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt practice whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature, before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

(Signed)

WILLIAM RAMSAY, Secretary.

AT A COURT OF DIRECTORS,

HELD ON

Wednesday, the 30th November, 1808.

Notice for the Information of the Parents and Guardians of Young Men intended to be sent to the East-India Company's College at Hertford, and also of the Young Men themselves,

1. The design of the Institution, the branches of study to be pursued in it, and the regulations established for the government of it, should be known, both to the parents of young men, and to the young men themselves, before their entrance into the College.

2. Although, from these sources, a general knowledge may be obtained of the objects of the Institution, and the conduct to be

observed in it, yet experience has suggested the propriety of notifying a few things, by special communication, to the parties concerned.

3. Obedience and subordination are essential to the ends of the Institution. Although a Code of Discipline, and the means of enforcing it, are provided, yet without the voluntary submission of the students to the regulations of the College, their voluntary application to the learning which it is calculated to afford them, and their voluntary election of the service abroad, for which they are destined, it cannot be the wish of the Company that they should proceed thither; nor remain in the College; from which, therefore, insubordination, dissipation, or incorrigible idleness, will certainly exclude them, and they are not to expect that, if guilty of any irregularity or misconduct, they will be protected by those Members of the Direction through whose recommendation they shall have been admitted into the College; for all the Members of the Court, impressed with a sense of the importance of maintaining the discipline of this Establishment, will suffer no consideration of private connection to interfere with their public duty.

4. The College being intended to carry on, by the mode of lectures, students who are already somewhat advanced in classical learning, those who should repair thither, without possessing some proficiency in that way, could not profit by the lectures of the professors of classical and general literature, nor receive the individual tuition they might enjoy at a school. Young men, therefore, who have not acquired a tolerable acquaintance with the Latin language and the Greek Testament, should postpone their entrance into the College until they are thus furnished; and if they present themselves before, there will be an absolute necessity for sending them back to their school studies, until they are better qualified. Students, on admission into the College, must bring from the places at which they have been educated, certificates of their competency in the branches here mentioned.

5. It is prescribed by the College Regulations, that students shall not, during the first two terms of their attendance, have more than three guineas for pocket money in each term, nor afterwards more than four guineas in each term. There is reason to believe, that in many cases parents and relations, ignorant of this rule, or inattentive to it, have supplied young men with pocket allowances upon a much larger scale, to the detriment of the discipline of the College, and of the young men themselves. Parents and relations are therefore hereby earnestly exhorted to conform punctually to the regulations on this head, by which they will save young men from temptation to negligence, irregularity, and inexpedient indulgences, and from setting a bad example to others.

6. Two vacations, amounting to three months in each year, being allowed to the students, they will be expected, during term time, steadily to apply to their studies, and not permitted to accept

invitations to entertainments or parties of pleasure out of College, the hours of relaxation in which are sufficient for health and recreation.

(Signed, by order of the said Court),

W. RAMSAY, *Secretary.*

REPORT of the Committee of College, dated the 18th Dec. 1812, to the Court of Directors, of the Examination of the Students at the East-India College, at the conclusion of the Second Term, 1812.

Pursuant to the notice given in Court by the Chairman on the 2d instant, the Committee, accompanied by the proper Officers, yesterday attended the result of the Examination at the East India College, in order to present the Prizes, awarded by the College Council, to those Students who had acquired such honorable marks of distinction, by superior proficiency and attainments.

Upon the Committee assembling in the Hall, whither they were conducted by the Principal Professors and Masters, the business commenced with Mr. Gambier reading an English Essay of his own composition, most highly creditable to that gentleman's talents, and gratifying to the Committee.

Upon the conclusion of the Essay several of the Students read and construed various passages from different Works in the

Sanscrit,
Bengalese, and
Hindustanee Languages,

with an ease and fluency which justifies a well-founded hope, that upon their entering on their career of Indian Duty, the greatest benefits will result to the Service, from the proficiency which the Students alluded to have made in Oriental Learning.

Lists were then laid before the Committee, shewing the progress and proficiency of the Students in the following Departments, viz.

In Oriental Learning,
Classical ditto
Mathematics and
Natural Philosophy; also in the
French Language.

Specimens of proficiency in Oriental Writing and in Drawing were laid before the Committee, which obtained their unqualified approbation.

Upon a general review of the result of this examination, the Committee have great satisfaction in reporting to the Court that it has never been exceeded; and that in some instances perhaps not

equalled in the display of individual talent and attainments which have been produced in the present instance.

The Chairman of the Committee presented the following Prizes to the undermentioned Students to whom the same, with other marks of distinction, had been awarded by the College Council at the present Examination.

COLLEGE SCHOOL.

Besides the College above described, the Company patronize a School subordinate to it, and under the superintendence of the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. M. H. Luscombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

REGULATIONS for the Admission of Cadets into the East-India Company's Artillery and Engineer Seminary.

PRELIMINARY REGULATION.

It is necessary that the Cadet, as well as his parents or friends, should be fully aware, that he is admitted into the above Institution, during the first six months, as a probationary Student only; that after this period he will be examined by Colonel Mudge, the Company's Public Examiner, and Dr. Andrew, the Head Master at the Seminary, who are to report to the Seminary Committee whether he has made that progress in his studies, and evinced that application and talent, as to insure his being qualified, in two years from the date of his first admission. Upon his being so reported on by the above gentlemen, he will be considered as an established pupil for the remainder of the term: but should the above officers report to the contrary, the said Committee will order him to return to his

friends, and his appointment will be filled up by some other Candidate.

Upon the perfect understanding of the above condition by the Cadet, his parents or friends, he will be admitted into the Company's Seminary under the following regulations, viz.

1. No Cadet to be admitted until he has been examined by the Medical Attendant at the Institution, as to the state of his health.

2. No cadet to be admitted under fourteen, or above eighteen years of age, or who has any mental or bodily defect, which may disqualify him for military service.

3. Cadets, from the age of fourteen to sixteen years, not to be under four feet nine inches, and from seventeen to eighteen years, not to be under five feet two inches.

4. A certificate of every candidate's birth, taken from the parish register, and signed by the minister and churchwardens, with a declaration from the father, mother, or nearest of kin, agreeably to the forms in the Preparatory Instructions for the cadets in general, must be delivered in at the time of nomination.

5. Upon the cadet being nominated, he will be sent to the head master for examination: it is therefore necessary to apprise him, that he must be well grounded in arithmetic, including vulgar fractions, write a good hand, and must have acquired a competent knowledge of the English and Latin grammars. If he is found deficient in any of these preparatory parts of learning, he will not be admitted into this seminary.

6. The above-mentioned qualifications are indispensable at the time of examination; but the future studies of each candidate would be materially forwarded, with a view to his obtaining a commission, if he has also learnt to draw, and has acquired some knowledge of the French language, mathematics, and fortification, before he is appointed to this seminary.

7. Upon the cadet passing his examination for admission, his friends will be required to sign a bond in the secretary's office, engaging to indemnify the Company, for the expenses incurred on his education, in the event of his being removed at the end of the first six months, from want of talent and application, or of his resignation, or dismissal on account of misconduct or want of ability during any subsequent period of his continuance in the Seminary.

8. Previous to the cadet's admission into the seminary, his parents or friends will be required to furnish him with the following articles, viz.

- One military great coat,
- One uniform jacket, waistcoat, and pantaloons,
- One military cap and feather, with plate in front embossed with the Company's arms,
- Ten shirts,
- Six pair of cotton stockings,
- Six ditto worsted ditto,
- Two pair of gaiters,

Two pair of military gloves,
Two pair of strong shoes,
Six towels,
Six night-caps,
Six pocket handkerchiefs,
Two black silk handkerchiefs, or velvet stocks,
Two combs and a brush,
A tooth-brush,
One foraging cap.

9. The parents or friends of the cadet will likewise be required to pay into the Company's Treasury, the sum of £50 per annum, and the payments must be made in advance for the first year, upon receiving his order for admission; and the second payment after the first vacation which may occur previous to the expiration of that day twelve months; in consideration of which the Company will take the entire charge of him from his friends, and independent of his board, lodging, and education, to be provided for by the Company, they will further engage to keep up the above stock of clothing, during his continuance at this institution, to supply him with books, stationery, drawing and mathematical instruments, pocket-money at the rate of two shillings and sixpence per week, medical attendance, and washing.

10. Should the cadet, at the expiration of the first six months, be reported by Colonel Mudge and Dr. Andrew as unlikely to be qualified for the Company's Artillery or Engineer service, within two years, either from his general inattention to his studies or want of capacity; or should he, during his probationary term of six months, or subsequent continuance at the Seminary, be appointed to any other line than that of the military in the Company's service, or should he resign or be dismissed, he will not be entitled to the return of any part of the said £50 paid in by his friends, but the balance will be retained for the general benefit of the institution.

11. The Court having resolved that public examinations of the pupils shall take place twice in the year, such pupils only as shall be reported (by Colonel Mudge and the professors at this institution) as prepared, will be publicly examined, without regard to age, or to priority of nomination or admission into the seminary; and the cadets are hereby informed, that the seminary will be occasionally visited by some members of the Court, and that the public examinations will take place in their presence.

12. As an encouragement to the cadets to observe due decorum and subordination, and to pursue their studies with assiduity and attention, honorary promotion as officers, will be assigned to the most deserving; and the Court have further determined, that the cadets shall take rank from the time they actually pass their public examination: so that if, from their previous advancement in learning, and a due exercise of their ability and industry, they shall be able to pass through the several classes of this seminary, and

shall be found qualified on their public examination within twelve months from the time of their admission, they shall take rank accordingly; subject, however, to their embarking on the first ships which may sail after that period, otherwise not to take rank until they actually embark, unless the Court shall be satisfied with their reasons for not proceeding sooner.

13. No cadet will be permitted to enter this seminary with a larger sum than half a guinea in his pocket, either upon his first admission, or upon his return after each vacation (which will take place at Christmas and Midsummer); and the parents or friends are requested not to transmit any money to him during the sitting of the academy, as the court have made an arrangement for his receiving a weekly allowance of two shillings and sixpence. Any deviation, therefore, from this regulation, will subject the cadet to removal from the seminary.

As the above regulation has been very little attended to by the parents or friends of the cadets, to the interruption of decorum and proper subordination at the Institution, they are hereby informed, the Committee will, most assuredly, put the penalty of removal in force, whenever a deviation therefrom can be established.

The friends of the cadet are hereby likewise informed, that the masters of this institution are prohibited from receiving any fee, gratuity, or reward, from any of the pupils, their parents, or friends; and should such a practice be discovered, it will not only subject the master to removal from his situation, but also the cadet to loss of rank, or some other mark of the court's displeasure.

It is, lastly, necessary to impress strongly upon the minds of the cadets admitted into this seminary, the absolute necessity for their observing a respectful demeanor towards the professors and tutors, who are authorized to maintain the strictest discipline and subordination among the pupils; and the cadets are hereby particularly cautioned to avoid all quarrelling, fighting, or loose and improper language towards each other. To this end it is recommended to them to bear continually in mind, that when once admitted into this institution, their future prospects in the Company's military service will depend solely on their own good conduct and ability, and the respectability of character they may establish while resident in this institution; as, in the event of any irregularity or insubordination being reported to the court, they will be expelled the seminary, and for ever rendered ineligible to hold any situation whatever in the East-India Company's service.

PREPARATORY INSTRUCTIONS

TO

Persons who may be nominated Cadets in the Service of the
Honorable United East-India Company.

AT A COURT OF DIRECTORS,

Held on Wednesday, the 9th August, 1809.

RESOLVED,

That any person who shall, in future, be nominated to a situation, either civil or military, in the service of this Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt practice whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made, by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

AT A COURT OF DIRECTORS,

Held on Wednesday, the 7th December, 1808.

RESOLVED,

That the age of fifteen, at which period young men have hitherto been eligible for appointments as cadets for the infantry and cavalry in the Company's service in India, is too early an age; and therefore, in future, the age of sixteen years be the earliest period at which cadets for those corps may be appointed.

The certificates required to be produced by the Act of Parliament, and the Court's several resolutions are as follow, viz.

1st. An extract from the register of the parish wherein the cadet was born or christened, signed by the resident clergyman, and countersigned by the churchwardens.

CADETS' REGULATIONS.

2d. A certificate from the father, mother, or nearest of kin to the cadet, (or his guardian, in the event of their death) agreeably to the following form. This must be annexed to the above extract.

" I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my son _____, who is the bearer of this, and nominated a cadet on the _____ establishment, by _____ Esq.; and I do further declare, that I received the said appointment for my son _____ gratuitously, and that no money, or other valuable consideration, has been or is to be paid, either directly or indirectly for the same; and that I will not pay, or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said nomination for my son from the Director above-mentioned.

" Witness my hand, this _____ day of _____ in the _____ year of our Lord _____."

3. A letter from the cadet's friend, who actually interests himself in procuring the nomination from the Director, certifying to the following effect, viz :

" To the Honorable Court of Directors of the United East-India Company,

" GENTLEMEN,

" I do hereby declare, upon my honor, that I received the nomination of a cadet for the _____ (infantry or cavalry) _____ from _____ Esq. gratuitously, and that I have given it gratuitously to Mr. _____, with whose family and connections I am well acquainted.

" I am, Gentlemen,

" Your most obedient servant."

Unless the whole of the above papers are delivered in by the cadet he will not be passed.

In the event of no parish register existing or to be found, the before-mentioned act of parliament provides as follows, viz.

" That if no such register can be found, an affidavit of that circumstance shall be made by the party himself, with his information and belief, that his age is not under fifteen years, and doth not exceed twenty-two years."

The following is the form of the affidavit to be made by the cadet, and sworn to before a magistrate, viz.

" I, C.D., presented for the appointment of cadet by _____ Esq. do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but

" am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____ on _____, in the year _____, and that I am not at this time under the age of sixteen, or above twenty two years.

" Sworn before me, }
" this _____ }
" day of _____ }

" Witness my hand, this _____ day
" of _____, in the year of our
" Lord _____

" C. D."

The father, mother, or nearest of kin, must then add their certificate as to the truth of the affidavit, nearly similar to the one ordered to be annexed to the extract from the parish register; and the friend who obtains the nomination for the cadet must likewise furnish him with the declaration before-mentioned.

It is here necessary to remark, in consequence of several persons having been detected in attempting to pass under false certificates, when they have either been under or above the age prescribed by the act of parliament, that all persons who may in future be nominated as cadets, if there is any cause to suspect their certificate has been forged, or alteration made therein, or collusion made use of in obtaining the same, they will, on detection, be immediately dismissed the Company's service, and rendered forever ineligible to hold any situation or employment in the Company's civil, military, or marine service, either abroad or at home.

Where the person to be appointed a cadet has held a commission in His Majesty's service, for the term of one year at least, or in the militia, or fencible corps when embodied, and shall have joined his regiment, and been called into actual service, or shall have been in the company of cadets of the royal regiment of artillery, such person is eligible for the appointment of cadet in the Company's service, provided his age does not exceed twenty-five years: of which circumstance he must, nevertheless, produce the several certificates before mentioned, as also his commission, together with a certificate from the war-office, or commanding officer of his regiment, of his having actually joined, and done duty with the regiment for the full term of one year or upwards; and that he was neither dismissed or resigned his regiment in consequence of any misconduct.

Upon the cadet being approved of by the Court, he will be furnished with a card of necessities for his equipment, and the Court's regulations as to the sums to be paid for his accommodation on board ship. And the Court expect, that he will take his passage in one of the first ships bound to the presidency to which

is appointed. The cadet will also take notice, that the commanders are prohibited from demanding or receiving any greater sum than £95, for his accommodation at their table, and the third mates any greater sum than £55, to accommodate him in their mess, exclusive of the Charter-party passage-money to the owners, of £15, which the cadet will be required to pay, in both instances, into the pay-office.

When the cadet is ready to embark, he must apply to Mr. Abington, for a certificate of his having passed, who will point out the ship in which he is expected to proceed, which certificate will direct him to the pay-office, where he is to pay in the amount of his passage money; also to the private-trade office, to receive the order for his baggage; and lastly, to the secretary's-office, where he will obtain the certificate of his appointment. He will then hold himself in readiness to embark, either previous to the ship's departure from Gravesend, or at the last port from whence the ship shall be ordered to take her departure from England.

N. B.—The cadet's baggage is limited to a chest and two trunks of necessaries, a liquor case, a hat box, and a cot and bedding.

REGULATIONS RESPECTING PASSAGE-MONEY.

AT A COURT OF DIRECTORS,

Held on Wednesday, the 6th June, 1804.

RESOLVED, —That upon the friends of each cadet paying the regular amount of his passage money to the Company's paymaster, such cadet be required to sign a declaration, upon honor, that he has not paid, or caused to be paid, nor will not pay, or cause to be paid, either directly or indirectly, by himself, or by any person on his behalf, any further sum for his accommodation, either to the commander or mate, than those prescribed by the Court's regulations:

That in the event of its appearing at any future time, that a further sum shall have been paid by, or for any cadet, such cadet will be placed at the bottom of the list of rank of the season in which he was appointed; and

That these last-mentioned regulations be printed and delivered to each cadet, upon his appearing before the Court to be approved.

AGENTS IN ENGLAND.

The Seven Senior Members of the Fund in England acting Agents for the time being.

This fund, which has been instituted by the Honorable Company's Army of this Presidency, has for its objects;

1st.—To provide for the families of Officers, left, by their death, destitute of an adequate maintenance; and assist Officers unprovided with aid by the Regulations of the service, or from their own resources under such circumstances of urgent sickness as render a voyage to England necessary for the preservation of their lives.

2d.—To afford such further aid as the fund shall admit in cases of less urgent necessity.

This Institution holds out advantages to Subscribers of so superior a kind, that all the Officers of the Madras army, with very few exceptions, are become Members of it—it is also honored with the patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, so soon as it shall be known, in this country, that the fund has commenced operation *here*, that such Officer belonging to the Madras Establishment, now in England, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing both by their Donations and Subscriptions, to the furtherance of so Philanthropic an Institution, of which, though all who contribute to its maintenance, may not *themselves* experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing, may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events, they will possess the gratification of affording their aid to a source from whence comfort and support will be derived to the families of many a valuable Friend and cotemporary in the Field.

TABLE of RATES of PAYMENT by Subscribers to the MADRAS MILITARY FUND, in India and in England: shewing also, the Amount of Sums payable to Claimants on the said Fund, separately and for Children, with the Deductions from the said Amounts, respectively, to which the said Claimants are liable: as also, a Table shewing what Rate of Income excludes Persons from the Benefits of the said Fund; with some other Particulars and Allowances to Sick Officers.

DONATIONS

To be paid in the first Instance by every Subscriber, towards forming a Capital.

Any OFFICER proceeding to Europe on Sick Certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed (always provided that the declaration of two Surgeons, upon oath, shall certify a voyage to England to be in their judgment absolutely necessary for the recovery of his health) such OFFICER not being provided with passage money, by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank, and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any OFFICER so proceeding to Europe on Sick Certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a farther sum not exceeding 200 pagodas; but not to any further sum on account of equipment on his return to India.

Officers who may proceed to England on Sick Certificate, after having served four years in India, and who shall make oath, that they do not possess property which will produce an income, including their pay, equal, if a Subaltern to £140, or if a Captain Lieutenant to £160, shall be allowed such sum annually, as with their pay and other income will make up £160 to a Captain Lieutenant, or £110 to a Subaltern during the period of furlough, as regulated by the Court of Directors.
