RESPECTING

Military Officers retiring from the Company's Service.

Every officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to officers of infantry.

A member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £300 per annum.

A surgeon of a general hospital, or superintending surgeon, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum for life.

All other surgeons and assistant surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three for one furlough.

A chaplain after eighteen years service, (ten of which at a military station,) including three years for one furlough, is allowed to retire with the pay of major.

A chaplain having served ten years in India, whose constitution will not admit of his continuing in the service, may retire on the half pay of major; after seven years on the half-pay of captain.

A commissary, or deputy commissary of ordnance, not being a commission officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every lieutenant-colonel, major, captain, or captain-lieutenant is allowed to retire with the half pay of the rank to which he has attained, in case his health shall not permit him to serve in India.

A lieutenant having served thirteen, or an ensign nine years in India, including three years for a furlough, may retire on the half pay of his rank, in case his health shall not permit him to serve in India.

A subaltern officer, or military assistant surgeon, having served six years in India, is permitted to retire on the half pay of ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so

to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of twenty-two years, without having a furlough; in that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service after two years furlough, will be considered to have retired at the expiration of two years from the date of their landing in England, unless they shall have previously obtained an extension of their furlough, and officers who shall retire after having obtained an extension of furlough, will be considered to have retired from the date of the expiration of such additional furlough, or from the time when the requests of such officers to retire or resign, are laid before the Court, which ever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness) to their rotation to be absent on furlough, and the same rule is applicable to assistant military surgeons. The furlough to be granted by the commander in chief at each presidency, with the approbation of the respective governments.

A chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service he is allowed the pay of captain only.

A conductor of stores is allowed furlough pay, only in case of coming home from sickness.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must transmit with their Letter of application for such leave, a Certificate signed by at least two Gentlemen, eminent in the Medical Profession, describing the nature of the applicant's complaint, and stating it to be their opinion that the circumstances of the case render a compliance with his request absolutely necessary. Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or, by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of Sickness, are to furnish a Certificate of two eminent Physicians, with the attestation of a Magistrate, that the Persons who signed the Certificate are Physicians.

AT A COURT OF DIRECTORS,

HELD ON

Friday, the 1st March 1811.

A report from the Committee of Correspondence, dated this day, being read, calling the court's attention to the evident misapprehension of the meaning of the 70th section of the act of the 33d of his present Majesty, cap. 52,* as to the time of absence after which civil and military officers may return to the Company's service in India.

Resolved,—That military officers wishing to avail themselves of the provision above referred to, must arrive in India within five years from their departure from thence, or otherwise they will not be entitled to any pay, rank, or military authority, unless they shall have a permission by the Court of Directors to return to India, having previously proved to the satisfaction of the Court, and to the Board of Commissioners for the affairs of India, that their absence was occasioned by sickness or infirmity, or some inevitable accident.

* See Abstract of this Act, page xvi.

REGULATIONS

RESPECTING THE

Retirement and Furlough of Officers in the Bombay Marine.

RETIRING.

Every officer of the marine who has served twenty-five years in India, including three years for a furlough is permitted to retire from the service with the following pay.

The commodore per annum 2261.

A captain of the first class of vessels, 1801.

A captain of the smaller vessels. 1351.

A first lieutenant. 801.

FURLOUGH.

A certain proportion of the marine officers (to be determined by the government with a due regard to the exigencies of the service) are allowed to come home on furlough for three years, with the pay only of their rank.

No officer under the rank of captain who has not actually served ten years in the marine, can be permitted to come home on furlough, unless in cases of ill health under the like certificates as required from military officers.

If the commodore is permitted to come home on furlough he is to be allowed the pay of a captain only, half the remainder of his allowance to be drawn by the senior captain in the service, who is to act as commodore during his absence, in addition to the pay of his rank as senior captain.

The regulations for drawing pay on furlough and retirement by the marine officers are, as far as circumstances will admit, the same as those for the military officers as established by the Honourable Court's orders dated the 22d April, 1796.

this regulation, so far as it regards the professions above-mentioned, is not to affect any one who, previously to the 14th July 1815, may have quitted either of them, with a view to the East-India service, and may have qualified himself by education for admission into the College.

The parents or guardian of every candidate for the college, with the exception of those above-mentioned, will be required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been in the Army or the Navy, and that he never was expelled from any place of education.

I have the honor to be, &c."

The parents or guardian of every candidate, so excepted, will be required to address the same letter to the nominating Director, expunging that part of it which relates to the Army and Navy.

By the Act of the 33d of Geo. III. no person can be appointed a Writer in the company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III. all students for the college must remain there four terms;—consequently, no person whose age exceeds twenty can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student sh. ll not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the under-mentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ———, in the county of ———, contains the date of the birth of my son ———, who is the bearer of this, and presented for a nomination as a student at the East-India College, by ——— Esq.; and I do further declare, that I received the said presentation for my son ——— gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above-mentioned."

"Witness my hand, this ——— day of ———, in the year of our Lord, ———."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a magistrate, to the following effect, viz.

" I, C. D., presented as a student for the East-India College, by _____, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am not at this time under the age of sixteen, or above twenty years.

" Sworn before me,	}	" Witness my hand, this _____ Day
" this _____		" of _____, in the year of our
" Day of _____		" Lord _____

" C. D."

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidates, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, disposition, and character.

Candidates will be interrogated in an open Committee of college, as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July, 1809.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person to be approved by the Court of Directors; binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Misconduct of students at college, will be attended with expulsion therefrom; and those who do not pass with credit the final examination will not be admitted into the civil service of the Company. No person expelled the college will be admitted into any line of the Company's service.

RESPECTING

THE AGE OF

WRITERS AND CADETS.

Extract of the Act of the Thirty-third of His present Majesty GEORGE THE THIRD, respecting Writers and Cadets.

And be it further enacted, That no person shall be capable of acting or being appointed, or sent to India in the capacity of writer or cadet, whose age shall be under fifteen years,* or shall exceed twenty two years, nor until the person proposed or intended to be so appointed shall have delivered to the said Court of Directors a certificate of his age, under the hand of the minister of the parish in which he was baptized, or keeper of the registry of baptism of such parish: and if no such registry can be found, an affidavit of that circumstance shall be made by the party himself, with his information and belief that his age is not under fifteen years, and doth not exceed twenty-two years. Provided nevertheless, That the said restriction shall not extend to prevent the said Court of Directors from appointing any person to be a cadet, who shall have been for the space of one year at least a commissioned officer in His Majesty's service, or in the militia or fencible men, when embodied, and have been called into actual service, or from the company of cadets in the Royal Regiment of Artillery, and whose age shall not exceed twenty-five years.

* 7th December, 1808. The Court of Directors resolved, that in future no Cadet be appointed for the Cavalry or Infantry under the Age of 16 Years.

This fund, which has been instituted by the Honorable Company's Army of this Presidency, has for its objects :

1st.—To provide for the widows and children of Officers, left destitute of an adequate maintenance.

2dly.—To enable sick Officers, when destitute of other resources to proceed home for the recovery of their health.

3dly.—To afford to Subalterns and Captain Lieutenants, destitute of other resources, an allowance during their residence at home, which, being added to their pay from the Honorable Company may conduce to their comfort, and to the recovery of their health.

And 4thly.—To enable officers, at home on Sick Certificate, to return to their duty in India, by granting them when destitute of other resources, an allowance in aid of their passage-money.

The Widows of Officers, subscribers to the fund, whose annual income does not exceed a moiety of the under-mentioned pensions, are entitled to receive from the fund the following annuities during their widowhood; unless their income may exceed the Moiety of the Annuity to which a Widow may become entitled; in which

case, she will only receive the amount that may remain after such excess has been deducted. They are, however, permitted to marry again without forfeiting their rights to resume their annuities, if left destitute a second time, whether their second husband may have been a Subscriber, or not, if he has, the widow is entitled to one annuity only, but may take that which will give her the largest income.

This Fund, which has been recently instituted by the Honourable Company's army under this Presidency, on similar principles to that which has been so many years in successful operation in the army of Madras, has for its objects:—

To provide for the families of officers left by their death, destitute of an adequate maintenance, and to assist officers unprovided with aid by the regulations of the service, or from their own resources under such circumstances of urgent sickness, as renders a voyage to England necessary for the preservation of their lives, and to afford such further aid as the funds shall admit in cases of less urgent necessity.

This institution holds out advantages of so superior a kind, that all the officers of the Bombay army, with a very few exceptions, are become members of it, it is also honoured by the support and patronage of the Right Honourable the Governor in Council, by whom it has been recommended to the liberal consideration of the Honourable Court of Directors.

BENGAL CIVIL FUND,

The object of this fund is to provide for the maintenance of the widows and children of such of the subscribers as may not, at their demise, leave property sufficient for the subsistence and education of their families; also to assist in maintaining such of the subscribers themselves as may be compelled by Sickness or infirmity to return to Europe, without an adequate provision for their support.

It is at the option of the civil servants of this establishment, either to subscribe thereto, or otherwise.

The following are the rates of contribution;

	<i>Sicca</i>	<i>Rupies.</i>

The contribution payable by each subscriber is deducted from his monthly allowances by the sub-treasurer, collector, or other officer, paying the same, and transferred to the treasurer of the fund. The committee of managers may, in particular cases, admit a deviation from it, if a different mode of payment shall be desired by any subscriber.

All applications for admission to the benefits of the fund are to be made to the committee of managers; and to be accompanied with the necessary information, documents, and proofs, to enable the committee to ascertain the circumstances and situation of the party applying. The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the whole case for the determination of the subscribers, at the next general meeting. In cases of emergency and distress, however, when the managers may consider the claim valid, they are authorised to advance such proportion of the fixed allow-

CIVIL FUND.

ances hereafter specified, as may appear to them indispensably requisite, until a determination can be passed by the subscribers.

Any subscriber to the fund, who may be compelled by sickness or infirmity to proceed to Europe for the recovery of his health, and shall not be possessed of sufficient means to pay for his passage to Europe, and support himself and family during his necessary absence from India, on his making a declaration upon oath to this effect, or otherwise establishing the fact, and producing a certificate of the necessity of his return to Europe, solemnly attested by the surgeon who has attended him, and countersigned by a member of the medical board, with the consequent permission of government for his proceeding to Europe, will receive from the fund a donation, equivalent to the company's allowance for a twelvemonth to a servant, of his rank when out of employ, viz. if he be a senior merchant, 4000 sicca rupees; if a junior merchant 3000 sicca rupees; if a factor or writer 2000 sicca rupees. At the expiration of one year if the party be in Europe, a further donation shall be made to him, on his application to the agents for the fund in England, equal to that advanced to him, upon his embarkation from India; at the exchange rate of two shillings and sixpence for the sicca rupee, viz. £500, £375, or £250, according to his rank in the service at the time of his leaving India. Should the imperfect recovery of his health render it necessary to protract his stay in Europe beyond the second year; and besides his own declaration upon oath to this effect, he shall produce to the agents for the funds in England, a certificate solemnly attested by a respectable physician, or other professional gentleman of established practice, that the state of his health has not admitted of his previous return to India, he will, at the commencement of the third year after his embarkation from India, receive, from the agents in England, a donation equal to a moiety of the amount paid to him in the preceding year, and another moiety on a similar declaration and certificate at the end of six months, viz. two years and a half after his embarkation from India, if he be still in Europe, which is to be considered to include all claims whatever upon the fund to the period of his return to India: passage money is granted, in cases appearing to require it, in addition to the sums above specified, and in such cases, the amount is to be determined by a general meeting of the subscribers.

On the death of any subscriber to the civil fund, who may not be possessed of property sufficient to provide for his family, and may, consequently, leave a wife, cohabiting with him, or maintained by him and living under his protection to the period

of his decease, without an adequate provision for her support, as hereafter specified; if, on the information, documents, and evidence which may be submitted by her, to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object, a pension is to be assigned to her, under the provisions and limitations stated in the following article. Provided that nothing contained therein, or in any other part of the rules for this institution, shall be considered to entitle to the benefits of it, any widow, who may have been legally divorced or separated from her husband for adultery; or who, at the period of her husband's demise may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law.

First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred rupees per mensem, a pension to be assigned to her of three hundred rupees per mensem, during her residence in India. If the widow be not resident in India at the death, or shall afterwards quit India, and time of her husband's her income, from her husband's estate or otherwise, shall not exceed one hundred pounds per annum, the pension to be assigned to her to be three hundred pounds per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred sicca rupees per mensem, but exceed not four hundred rupees, or if the widow be not resident in India at the time of her husband's demise, or shall afterwards quit India, and her income be more than one hundred pounds per annum, but shall not exceed four hundred pounds per annum, the pension to be assigned to her is to be such as will make up her income to four hundred rupees per mensem, during her residence in India, or four hundred pounds per annum in Europe, or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned acquiring subsequently by inheritance, bequest, or otherwise, any property or income which, with the property left to her at her husband's decease, and the pension received by her, may render her total income including her pension from the fund more than five hundred rupees per mensem, during her residence in India, or more than five hundred pounds per annum in Europe, or elsewhere, her pension from the fund is liable to abatement, proportioned to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of five hundred rupees per mensem in India, or five hundred pounds per annum in Europe, or elsewhere.

Fourthly. All pensions of widows are also liable to discontinuance on their remarriage. But in the event of their being again left in a state of widowhood, without an adequate provision for their support, they may be again admitted to the benefits of the fund, under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, are to be paid in advance half yearly to themselves or to their authorized agents. But the acknowledgment of the widow herself shall be taken for all sums paid in her behalf; and shall contain a solemn declaration that her entire income including the pension received by her, does not exceed the sum limited above.

Widows are, if they have no means of paying for their passage to Europe, supplied from the fund with such sum as may appear requisite for that purpose.

If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or children, born in wedlock, without an adequate provision for their maintenance; and on the information, documents, or evidence which may be submitted in their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers, that they are proper objects, an allowance for their maintenance and education shall be a signed from the fund, under the provisions and limitations contained in the following article:

First. If the child or children of the deceased subscriber be left without any provision, the allowance for the education and maintenance of each child, to be granted from the fund, in India or in Europe, is to be according to the age of the child, as follows, viz.

Till five years of age, thirty rupees per mensem in India; or thirty pounds per annum in Europe.

From the commencement of the sixth year, to the end of the eighth, forty rupees per mensem in India; or sixty pounds per annum in Europe.

From the commencement of the ninth year, to the end of the eleventh, fifty rupees per mensem in India; or eighty pounds per annum in Europe.

From the commencement of the twelfth year, sixty rupees per mensem, in India; or one hundred pounds per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children; or if after his death they shall at any time become possessed of property or income by inheritance, bequest, or otherwise; but not such as to afford the sums specified for their education and maintenance; the allowances to be granted from the fund are to be such as, in addition to the property or income possessed by them, will make up the several sums above specified, accord-

ing to their respective ages; and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children, of a subscriber, at his demise, or which may subsequently devolve, or be in any wise acquired by them, being such as to afford the full amount specified for their education and maintenance, they are not considered entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income are to be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, are to be paid in advance half yearly, to their guardians or relatives; or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England; who from time to time are to adopt such measures as may appear necessary for the purpose of ascertaining any accession of Property, which would render the allowance from the fund liable to abatements or discontinuance.

Fifthly. The provision so made from the fund, for the maintenance and education of female children, ceases on their marriage, or on their being settled in any profession or employment; and the provision for male children ceases on their being settled in any profession or employment or on their attaining the age of twenty-one years. But any requisite sum, not exceeding five hundred pounds, may be appropriated to the benefit of male or female children by the managers of the fund in India; or by the agents of the fund in England, at the time of their marriage, or of their being settled in any profession.

For children who may be in India when admitted to the fund, and who may be sent to England for their education, with the concurrence of the managers, passage money, if requisite, is to be supplied from the fund, not exceeding one thousand Sicca Rupees for each child. An allowance for passage money, not exceeding one hundred pounds, also to be granted if it appear necessary, for the return to India of any children admitted to the fund, who after completing their education in Europe, may return to India.

In all cases of application being made to the fund for assistance to the family of a deceased subscriber, an authenticated copy of the will of the deceased, or if he shall have died intestate, a full authentic statement of any property left by him, and of the legal heirs thereto, must be submitted for the information of the managers and subscribers. A general meeting of subscribers has full power to reject the application for aid from the fund, where it may appear, that a subscriber, leaving property, has made an improper devise of it, with a view to throw his family upon the

fund, or has purposely neglected to make a disposition of his property for the benefit of his family.

Those who may arrive in India, and subscribe to the fund, are considered subscribers from the time of their arrival at Fort William, or from the commencement of any allowances receivable by them as civil servants of the Bengal establishment. But no civil servant of this presidency in India, who may not accept the invitation given to him by the preceding article, within six months after his arrival in India, shall be admitted to become a subscriber.

The contribution of every subscriber to the fund, ceases upon his leaving India, to return to Europe, but in the event of his returning to India, and again receiving allowance from the company, he is to renew his contribution from the commencement of such allowance.

If a subscriber to the fund, at the time of his retiring from the service to return to Europe, shall have contributed, by his previous monthly payments to the fund, the principal sum of five thousand sicca rupees; or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount; such contribution shall entitle the family of the subscriber, on his demise, to the benefits of the institution, under the several provisions herein-stated, or such as may be hereafter established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund, who may die during his temporary absence from India for the recovery of his health, are also considered entitled to the benefits of the fund, under the existing rules of it, whether such subscriber may have contributed more or less than five thousand sicca rupees. In all other cases, if the deceased member of the institution shall not have been an actual subscriber to the fund at the time of his death and shall not have contributed five thousand sicca rupees to the fund, it shall be at the option of the subscribers to admit his family to the benefits of the fund or otherwise.

If a subscriber to the fund shall be dismissed from the service, he shall cease to be entitled to the benefits of the institution, and his widow and children, shall in like manner, have no claim to the benefit of the institution.—But in such case the amount of his actual contribution to the fund, shall be returned with interest, at the rate of ten per cent per annum.

If a subscriber shall be suspended from the service, he shall, during the period of his suspension, cease to be entitled in his own person to the benefits of the institution; but in the event of his restoration, he shall be restored to his former rights.

A subscriber suspended from the service, shall however, have the option of receiving back the amount of contributions, in

the same manner as in the case of persons finally dismissed from the service, but if he should take advantage of this clause, he shall cease to be entitled to the benefits of the institution, either for himself or family, as in the case of persons finally dismissed from the service.

If a subscriber, being suspended from the service, shall die during the period of suspension, his widow and children shall be entitled to the full benefits of the institution, excepting in the case of his receiving back the amount of his contribution.

And such Members, on returning to Europe a second time, may become a permanent Member in his new rank, by paying a sum

The Indian Cawney is in proportion to the English Acre as 1 is to 1,3223 or as 121 is to 160.

To reduce Indian Cawnies to English Acres; multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder by the Fractional part of an Acre—Or multiply the Cawnies by 1,3223, and the product (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the Decimal parts of an Acre.

The following Table is constructed according to this rule.

SILVER.

The old Bombay Rupee is the same as was coined at Surat under the Mogul Government.

It weighed 178.213 grains, and contained 1.24 per cent. of alloy. By an ancient agreement with the Nabob of Surat, the Rupee of both Governments was to circulate through both, at an equal value; while they mutually pledged themselves to keep up the coin to its exact standard of fineness and weight. The Nabob however did not keep to this agreement, for his Rupees were found soon afterwards to contain, instead of 1.24 per cent. of alloy, no less than 10.12, and even 15 per cent. The consequence of this was, that all the Bombay Rupees were carried to Surat to be re-coined, this mint was entirely stopped in its silver coinage for more than 30 years, and the whole of the circulation of silver was occupied by the Surat Rupee.

In this situation of things, the merchants could not afford to coin their bullion here, and Bombay was long without a silver coinage of its own; when Government, in 1800, ordered the Surat Rupee to be struck in this mint, and since that time the Rupees have been kept at an equal value in both mints. In both, the silver Rupee weighs 179 grains, and contains 7.97 per cent. of alloy.

GOLD.

In the year 1774 the gold Mohur was made of the same weight with the silver Rupee, it was ordered to be of the fineness of a Venetian, and to pass for 15 silver Rupees. In this coinage therefore 14.9 grains of silver represented one grain of gold; for such as the proportion between the quantity of gold in this gold Mohur and the silver in 15 old Bombay Rupees. When the Surat silver cur-

rency had occupied our circulation, this proportion, between gold and silver, was quite destroyed; so that gold coined according to the regulation of 1774, was now exchanged for no more than 13 times its weight of silver, and often for much less.

In order to remedy this, and to bring back the coins of gold and silver to nearly their ancient proportions, and their relative value in the market, it was ordered in 1800, that the gold Mohur should be of the same weight as the silver Rupee, that it should contain the same quantity of alloy, and that it should pass for 15 Rupees. At present, therefore, in our coins, 15 grains of silver represent one of gold.

Coins of gold have never circulated as a coin either at Surat or in the Mahratta states on this side of India. They are occasionally carried to those parts, but it is only as bullion.

The following Table was drawn from actual assays; the first column contains the alloy in one hundred parts of each of the different coins; the second column contains their weight in grains. From these two columns the value of the whole of the coins may easily and with perfect accuracy, be ascertained.

Table shewing the Centesimal parts of Alloy, in various Coins, and their Weight in Grains, &c.

Although the foregoing tables represent the commonly received standard of the gross weights at Bombay and Surat, it is not only impossible to lay down a rule whereby to judge what commodities in the market are separately governed by them; but there is a great variety of articles, too numerous to distinguish here, in the sale of which the foregoing relations do not obtain, particularly with respect to the *Surat Maund*, which, notwithstanding it is said to contain only 40 Seers, or 37 Pounds, 7 Ounces, and 6 Drams, is sometimes 41, 2, 3, through all the intermediate gradations up to 46 Seers: nor is the Candy uniformly confined to 20 Maunds: for example, Pepper and Sandalwood are sold by the *Bombay Candy* of 21 Maunds, and Cotton, the great staple commodity of their market, by the *Surat Candy* of 21 Maunds.

When gold is sold above or under touch, you must add to, or subtract from the touch. As if it touch 96, and is to be sold at 4 under touch, then from 96 take 4 the remainder is 92; then is 9, two-tenths of silver to be paid for one of that of gold. If gold is at 96 touch, and to be sold at 8 above touch, then add 8 to 96, the sum is 104; then are 10, four-tenths of silver to be paid for one of gold.

SYMBOLIC ILLUSTRATIONS OF THE HISTORY OF ENGLAND, with a Narrative of the Principal Events. By Mary Anne Rundall, of Bath, author of the Grammar of Sacred History.

"With a series of ingenious Symbols, this lady has succeeded in representing all the great transactions of our country, from the conquest, which threw a momentary shade over her glories, to the memorable deeds that filled up the measure of her renown on the fields of Waterloo.

"In the present work, Miss Rundall has rendered an essential service to the Rising Generation."—*Auriston Review*. June 1818

"Originality, utility, and elegance, are qualities not always found combined in modern publications, but they evidently belong to the present work. The History of England, from the earliest times, is here set forth in a series of nearly 500 Symbols, or Emblematical Representations; each descriptive of some epocha, or important transaction or event, which is the subject of a chapter in the adjoining letter-press.

"On the utility of such a work, particularly to that class of readers for whose benefit it is designed, there can scarcely be a doubt. We recommend this work to the patronage of the public, but in particular to those who, like our Fair Author, are concerned in the EDUCATION OF YOUTH."—*European Magazine*, February 1816.

THE CLOUD MESSENGER OF CALIDASA, translated by H. H. Wilson, Esq. of Calcutta.

"The excellence of Mr. Wilson's version, regarding it only as an English work, lifts him far above the humble, though useful rank of translator. His poetical organs seem to seize on the poetry of his author and make it his own. We feel, in a word, that his translation can only be written by a poet."—*Vide Lord Minto's Speech*, 20th September 1815.

In 8vo. price 12s. boards; the second Edition, considerably enlarged and improved, with additional Plates,

Extract from the Critical Review of June 1814.

"To draw an animated picture of the gradual rise of a vast and extended empire, is an undertaking of no small importance. It requires an intimate personal knowledge of the features to be statistically, geographically, and commercially described—an intimacy with the native languages—a facility of access to documents of esteemed veracity, from antiquity, progressively to the present day—together with taste, experience, superior attainments, and a style flowing and perspicuous, to give interest to, and impress conviction on the mind of the reader. However arduous this labour, we venture to pronounce the volumes before us, to be worthy the public patronage.

"Our author tells us, and with truth, that the commercial concerns within the limits of the East-India Company's Charter, are so little known in Great Britain; that any attempt to elucidate them must always be acceptable, but more particularly so at the present time, when the public attention is much directed to the consideration of East-India affairs. His knowledge has arisen from a twenty-five years' active employ in the service of the Company, and in commercial pursuits in England, immediately connected with it. His geographical and historical materials have been selected from the best authorities: and personal unwearyed research has eventually enabled him so to compile and to digest the whole of this excellent work, that it is at once profound, curious, entertaining, and instructive.

"Upon the whole we have found infinite pleasure in the perusal of these volumes, which we heartily recommend to the public. If the language be not strictly elegant it is minutely descriptive, and the work is the most pleasing and correct on the same subject we recollect to have met with."

On the 1st June was published, to be continued monthly,

THE SPIRIT OF THE TIMES,

OR ORIENTAL MIRROR;

**MONTHLY COMPENDIUM OF INTELLIGENCE,
POLITICAL AND COMMERCIAL.**

Price to Subscribers £1. 10s. per annum.

The want of a periodical Publication, recording events as they are and free from extraneous and uninteresting matter, has been long felt and acknowledged by every person connected with extensive Empire in India; more particularly since the passing of the Ship Letter Act, by which the expence, difficulty, and uncertainty of transmitting packets of Newspapers have been so considerably increased, as almost to supersede the possibility of gratifying Gentlemen residing abroad with this source of information and amusement.

To obviate these inconveniences, and to compress within a small compass the important occurrences in the Western hemisphere, is the peculiar object of "THE SPIRIT OF THE TIMES." It will embrace the most interesting intelligence, political and commercial, foreign and domestic; the arrivals and departures of East-India shipping; the state of the Markets for the productions of India, &c. &c., regularly inserted according to the order of time; and on the Commerce and Resources of British India, some original communications will occasionally be found, which will throw light on those important and interesting subjects. If it shall be found to merit a continuation of the liberal patronage it has already experienced, and which justified the idea of its utility, neither expence nor diligence shall be spared to render it the most eligible work of the kind that has hitherto appeared, and an acceptable present to relations and friends abroad. Interesting official reports, and documents relative to India, which may be presented to the House of Commons, will occasionally be printed in a supplementary sheet.

"THE SPIRIT OF THE TIMES" will be closely printed on the best paper, and published monthly, by Subscription, payable in

Black, Kingsbury, Parbury, and Allen. 509

London. Gentlemen abroad desirous of receiving it regularly, are requested to give instructions to their friends in this country, to have their names and proper address inserted in the List of Subscribers; and the Editor undertakes to forward it by the first packet or other ship that sails after its publication.

Extract of the General Letter from the Honourable Court of Directors to the Bengal Government, dated July 3, 1817.

"Par. 2. The Proprietor of a new Monthly Newspaper, entitled "The Spirit of the Times," has preferred an application to us, requesting it may be allowed "to pass free of postage throughout the Company's dominions in India for a few months, to aid its circulation."

3. "It has been represented to us that this publication will embrace the most interesting intelligence, political and commercial, foreign and domestic, to the entire exclusion of all extraneous and uninteresting matter; and as in our opinion it is not improbable that a periodical work of this description may prove highly desirable to many persons in India, we are induced so far to countenance the said publication, as to authorize you to allow it to pass free of postage through the territories subject to your government, for a period not exceeding six months after the receipt of this dispatch."

Printed by Samuel McDowall, 95, Leadenhall Street, for the Proprietor, William Milburn, 134, Leadenhall Street, late of the H. C. Service, Author of "ORIENTAL COMMERCE," by whom Subscribers' Names will be received; and by Black, Kingsbury Parbury, and Allen, Booksellers, No. 7, Leadenhall Street.
