4th. Property derived by any individual of the family, otherwise than from their Husband or Father, shall affect the claim of such individual alone.

ART. XIII. The Pensioned Sons of Subscribers, shall be entitled to receive from the Fund a portion of £. 360 each to assist their establishment in life; on the completion of their eighteenth year.

ART. XIV. The proportion of £. 360 may be advanced at an earlier period than the age of eighteen on the application of Guardians, if there be an immediate prospect of any eligible establishment in life; but in all cases the payment of the portion precludes any subsequent demand for Pension.

ART. XIV. The proportion of £. 300 may be advanced at an earlier period than the age of eighteen on the application of Guardians, if there be an immediate prospect of any eligible establishment in life; but in all cases the payment of the portion precludes any subsequent demand for Pension.

ART. XV. If a Widow, Pensioner on the Fund, marries, her Pension is to cease during her coverture; but in the event of her becoming again a Widow and not possessing property to the amount that would exclude her claim, she shall be re-admitted to all the benefits she may have enjoyed from the Fund, during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limitations and conditions prescribed by the Regulations in the first instance. If the second Husband shall also have been a Subscriber to the Fund, the Widow will receive however only one annuity; taking that which may be greatest; that is to say, according to the rank of the first or second Husband, whichever may have been the highest.

ART. XVI. The application for the benefit of the Fund, which may be made by a Widow on behalf of herself and Children, or by a Guardian on behalf of Children, shall be accompanied by an Affidavit

Vide Forms No. 5 and 6 of the Appendix. sworn before a Magistrate, specifying the full amount of the property of which the deceased Husband or Father died possessed, the proportion of such property which

has been left by Will or otherwise to the Widow or Children respectively, and the total amount of property possessed at the time by the Persons on whose behalf application is made, or by either of them, or by any other Person on their account.

ART. XVII. In calculating the income possessed by Persons applying for the benefit of the Fund, real or personal property yielding income is to be estimated at the rate of its actual produce; plate, jewels, or other movable property (which may exceed a reasonable allowance for personal use, according to the rank in life) is to be estimated as income, at the usual rate of interest in the country where it may be.*

ART. XVIII. Money, Houses, Lands, or other property capable of yielding annual interest or rent, shall be considered as permanently yielding such interest or rent, unless it shall be made to appear to the satisfaction of the Directors that the property has been actually unproductive, from unavoidable accident or other cause not within the control of the party claiming the benefit of the Fund. It being intended that no deduction shall be made from the Pensions to Widows or Children of Subscribers, on account of property, unless such property shall have been rendered unproductive by fraudulent design or evident mismanagement.

ART. XIX. In the event of the unavoidable failure of any income on

* NOTE.—This Clause is intended to protect the Fund from the effect which would be produced by a Subscriber vesting an unreasonable proportion of property in dead stock and thereby reducing the income and apparent property of his Widow and Children.

account of which an abatement may have been made from the annuities payable by the Military Fund, such failure being certified by the Affidavit of the Party or Guardian and arising from the loss or deterioration of property which could not have been insured in Public Security, then the amount of such abatement shall be made good from the date of the failure in certified. And in like manner if any Annuitant on the Fund shall at any period acquire property, a proportionate abatement of the annuity shall take place from the date at which such property was acquired. It being intended that the Widows and Children of deceased Subscribers shall always respectively enjoy not less than the annuity prescribed by the Regulations of the Fund, and not exceeding the amount of one and a half of such annuity.

ART. XX. Every half yearly application for the appointed annuity shall be accompanied by a fresh Declaration on *Vide Forms No. 7* oath, specifying the actual property and income for the and of the 3rd time being of the Parties respectively, in whose behalf the application is made; and in the event of a variation from the former income, the circumstances which occasioned such variation are to be fully stated.

ART. XXI. If the Widow or the Children of a Subscriber are left in such circumstances as may exclude all, or any of them from the benefits of the Fund; then the claim of such Widow or Children shall be admissible at any future period, on the unavoidable failure of the income which originally excluded them or any of them; it being intended that the Widows and Children of Subscribers to the Fund shall in all circumstances derive from the protection from distress.

ART. XXII. Every Widow benefitting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to the allowance allotted for the rank of her Husband. Unless the property left by her Husband shall exceed the amount which excludes a claimant from Lord Clive's Fund, in which case there shall be no claim on the Military Fund, on the part of the Widow for her passage.

ART. XXIII. The passage money for Children is fixed at £10 or Pagodas 25 for each Child proceeding with its Mother, provided the number does not exceed three, and for any collective number exceeding three, proceeding as above £35, or Pagodas 875. For each Child proceeding without its Mother £100 or Pagodas 250, provided the number does not exceed four, and for any collective number exceeding four, proceeding thus £450 or Pagodas 1125.

SECTION V.

EVENTUAL BENEFIT OF THE FUND.

ART. I. Independent of the benefits which have been recited, the Madras Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

ART. II. If at any future period it shall be found, that the Funds of the Institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding Articles, it shall then, and not otherwise, be competent for the Directors of the Institution, provided the permission of the Honorable Court of Directors be obtained, to afford the aid of the Fund in the following cases.

1st.—To Subscribers compelled by ill health to abandon the Country after ten years service and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

2d.—To Officers who may have served twenty two years in India and may be obliged by ill health to retire from the Service, without having obtained the rank of Major, the regulated passage money of their rank and such assistance from the Fund as will render their whole income from whatever source, equal to the pay of Major; and as in the case of Widows, the possession of an income not exceeding half from the pay of a Major of Infantry, shall not occasion an abatement from the provision to be made from the Fund.

3d.—In the event of a still further surplus, it shall be competent for

Subaltern, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

ART. VI.—Much inconvenience having arisen from the unrestricted grant of the personal benefits above enumerated, it has been found necessary to set limits to the claims for gratuities, passage money, equipment allowance, and income to Subscribers proceeding to England on sick certificate. No Subscriber, therefore, shall be eligible to such indulgence more than once in eight years, but in cases of urgent sickness which may occur within that period, the Directors will be competent to grant a 1st under the Regulations established in the 5th Section.

ART. VII.—Subscribers proceeding to England on sick certificate from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local Regulations, and shall make immediate communication of the circumstances to the Directors of the Fund.

ART. VIII.—The Second Class of benefits shall be granted to Widows and Children of deceased Subscribers who were not dependant on the decision of the Directors, but controlled by the Regulations of the Institution.

ART. IX.—The Widows and legitimate Children of deceased Subscribers, shall be entitled to receive the annuities specified in the annexed Table, provided their claims be not affected by the amount of property possessed by such Subscriber at his death; by the income they themselves derive from other sources; or by the disqualifications stated in the second Article of the 9th Section.

ART. X. The property possessed, from whatever source, by Widows and Children becoming claimants on the Fund, will be ascertained on Affidavit.

* NOTE.—The Pension payable to the Widows of Subscribers is, in all cases, to be subject to a deduction equal to the Amount of Lord Clive's Pension, accordingly an Amount equal to the Pension payable by Lord Clive's Fund, shall, in all cases, be deducted from the Income, which might otherwise be claimed from the Madras Military Fund by the Widow of a deceased Subscriber.

dividend and all income which may exceed the privilege of half the Pension to which they are entitled, shall form a deduction from their annuities, so that income equal to one Pension and an half, will wholly exclude them from all title to the benefits of the Fund.

ART. XI. Should a Subscriber at his death leave less than two thirds of his property to his Widow and Children, and they claim the benefits of the Fund, a deduction to that amount shall nevertheless be made in relative proportions from their annuities; it being intended that the Fund shall not be burthened with the families of Subscribers possessing property, two thirds of which would exclude them from the benefits of it; but a Subscriber shall be entitled to alienate from his Widow and Children, one third * of the property which he may possess at his death, without affecting the claim of his Widow and Children.

ART. XII. In case the annuities to be granted and privileged to be allowed to families consisting of several persons, the following further rules shall be observed.

- 1st. The privilege of the Widow and Children of a deceased Subscriber, when the property is under the protection of the widow, shall be half the annuity on the one hand, and the Widow may be entitled; the Children in this case being allowed no privilege; and deduction being made for the whole income the widow is actually in receipt of from any source, and for the income derived collectively by herself and Children from her deceased Husband's or for two thirds of the property possessed by such deceased at his death, should the Widow and Children have been jointly left less.
- 2d. A Widow not having charge of the Children, whilst they are of an age to require protection, whether she be their Step Mother or otherwise, shall be allowed no privilege, which in such case is transferred to the Children.
- 3d. Children bereft of their Mother, or placed, for reasons which shall be satisfactory to the Directors, under separate Guardianship, shall be allowed a privilege equal to half the amount of their respective

* As it cannot be supposed that in justice to the Fund it will be the wish, or that from interested motives it can be the object of any Subscriber, to alienate from his Wife and Children property yielding a permanent income, in order to render them dependent on temporary annuities, ceasing on their marriage, their attaining certain ages, or on their death, this Regulation is intended to provide for the case of a Subscriber, having perhaps no Children of his own, who has Step-Children or other near relations dependent upon him, whose claims are of such a nature, as to induce him to provide for them to the detriment of his more immediate family. It is also to be observed, that the present outline for the Regulations of the Fund appears to admit of a Subscriber alienating two-thirds of his property from his Wife.

the Directors of the Military Fund, at their discretion, to assist Officers retiring from the Service on full pay in limited circumstances, with a sum equal to the regulated passage money of their rank; provided always that the resignation of such Officer shall actually have been accepted previously to his embarkation.

ART. III. Should the Fund however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the Directors to make a proportionate deduction from the annuity of each Annuitant, and from the payments to other Claimants above the rank of Subaltern, until the state of the Fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

SECTION VI.

LOANS TO BE ADVANCED BY THE FUND IN CERTAIN CASES.

Subscribers who shall have subscribed to the Fund for a period not less than eight years, shall be entitled to Loans under the following circumstances.

- 1st. A Subscriber being desirous to send his Wife and Children, or either of them to Europe, shall be allowed, should the state of the Funds admit it, a Loan equal to the amount of 30 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 4 per cent, within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a personal Bond, in which he shall be joined by two Securities to be approved by the Directors, and assignment on any property he may possess.
- 2d. A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an order on the Agents of the Fund in England for any amount which he may have previously paid into the Fund here, either by instalment or otherwise, provided always that any loss by exchange or otherwise, shall be borne by such Subscriber.
- 3d. A Subscriber proceeding to England on sick certificate, with his Wife and Children, shall be authorized to apply for the regulated passage money for such Wife and Children, to be advanced by the Military Fund as a Loan—such Loan however can only be advanced upon the personal Bond of the Subscriber, including two Securities, to be approved by the Directors. The amount to be repaid with interest at eight per cent, within two years after the Subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank—and the Sureties to be bound to make good any balance or deficiency in the event of the Subscriber's ceasing to be a Member of the Fund before the Bond is discharged.
- 4th. In urgent cases of the certified sickness of a Subscriber who may have already received the benefits of the Fund, on sick certificate, within the term of eight years, the Directors shall, if they see just cause, be competent to advance to such Subscriber, the amount of the regulated passage money, as a Loan under the conditions recited in the preceding Article.

SECTION VII.

GENERAL REGULATIONS.

ART. I.—The management and appropriation of the receipts, and the admission of Persons to the benefits of the Fund, and in fact all matters whatsoever relating to the Fund, shall be vested in thirteen Directors as at present, the senior being President. ART. III. The Secretary must be an Officer of the Army and a Subscriber; to be nominated by the Directors, and liable to removal by the same authority.

ART. IV. A monthly aggregate Allowance of one hundred Star Pagodas is fixed as the amount of the Salary and Office establishment of the Secretary.

ART. V. — The Directors of the Fund will hold Regular Monthly Meetings, but no Meeting of the Directors consisting of a smaller number than five, shall be competent to the transaction of business. Special Meetings will be held whenever required by any urgent or particular business; and it will rest with any Director, or with the Secretary, to represent the occurrence of such necessity to the President, who will convene a Special Meeting within ten days from the date of his receiving the application; but no Special Meeting shall be called with the view of reconsidering Resolutions which may have been already adopted by a former Meeting of Directors, unless at the requisition of a number of Directors greater than that which attended such Meeting.

ART. VI. The Secretary will invariably lay before the Directors, either at the Regular or Special Meetings, all Letters that may have been received by him since the last Meeting. Minutes of the Proceedings of all Meetings will be recorded and authenticated, by the signatures of the Directors present. ART. X. If any Subscriber or Claimant on the Fund shall be desirous

to appeal from the decision of the Directors in that of the Subscribers at large, upon any subject which may not be specifically defined by the Regulations, such appeal, provided it be approved by three Directors, shall be referred and decided upon in the manner prescribed in the preceding Article, and the decision shall be final in all cases whatever, any further agitation of the question by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the Fund.

ART. XI. When a reference shall be made to the Subscribers at large respecting either a proposed Regulation, or an appeal, the result of such reference shall be communicated to Corps for the information of Subscribers.

ART. XII. In order to prevent litigation respecting the disposition of this Institution, it shall be required that every application for the benefit of the Fund, shall be accompanied by an obligation of the Party applying to conform and submit to the decision of the Directors, and of a majority of the Army in cases which admit a reference to the general suffrage.

ART. XIII. Generally all payments due from the Fund are to be made half yearly, on the 30th June and on the 31st December, but in cases when Pensioners or Claimants on the Fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

ART. XIV. — Any arrear which may be due to the Fund by a Subscriber or by an Annuitant who may have received an overpayment, loan or advance, shall in all cases be deducted from the first payments to be made from the Fund to the person owing such arrear.

ART. XV. — All income derived from the Madras Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the Fund.

ART. XVI. — Dismission from the Service shall be in all cases, considered a forfeiture of all claims on the Fund, and of all Subscriptions already paid, but temporary suspension from Rank or Pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising and interest on the amount shall be paid up within a period equal to that of the suspension and immediately succeeding it.

ART. XVII. — If a Subscriber, who may be dismissed from the Service, by a Court Martial or otherwise, shall afterwards be restored to the Service — He shall be re-admissible to the Fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

ART. XVIII. — All property belonging to the Military Fund at any period, shall be invariably vested in the Honorable Company's Securities.

ART. XIX. — When interest may be chargeable according to these Regulations, on sums either receivable or payable by the Military Fund in account with Subscribers to that Fund, or their Families or Representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Honorable Company's Securities at this Presidency, at the time when such sums may be received or paid.

ART. XX. — The existence of the Military Fund must be known to all Persons entering the Madras Service; and in the course of six months they must necessarily have various opportunities of learning the tenor of the Regulations; it will nevertheless be the duty of the Secretary to communicate to each Cadet, Officer, Chaplain, or Assistant Surgeon, entering the Service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of his delaying it for more than six months, — this communication is to be made immediately on the promulgation of the Order admitting to the Service, any Individual of the class abovementioned, and is to be repeated at the expiration of three months; but the miscarriage or non-receipt of such communication will not be admitted in bar of any existing Regulation.

* Chaplains and Medical Officers not attached to Corps, to send their votes to the Secretary of the Fund.

Paymaster of Lord Clive's Pension, or some other Officers of the Home Establishment, to make all payments on account of the Military Fund, upon Certificates to be passed by an Officer acting as Auditor and Secretary, who will be appointed by the Directors of the Fund, and who will be guided by the Regulations to be framed for the purpose. It is also proposed, that the Honorable Court of Directors shall be further solicited to appoint an Officer to conduct the duties of Auditor and Secretary provisionally, in the event of the death or absence of the Person holding that Office, until the appointment of a Successor by the Directors of the Fund.

EXTRACTS FROM THE REGULATIONS OF THE MALE ASYLUM.**ADMISSION.**

1. The Sons of European Officers alive, whose circumstances may not enable them to provide otherwise for their Sons, shall be eligible to be admitted into the Asylum, as Boarders, but the number so to be admitted shall not exceed ten. These Boys are to be precisely on the same footing with respect to their diet, dress and treatment, as the Boys on the Foundation, and on arriving at a proper age they will be provided for in a similar manner, unless it shall be the wish of the Parent or Guardian, to remove them from the Guardianship of the Directors. Previous to their admission as Boarders, the sum of 10 Pagodas shall be paid by the Parent, or other acting for him, as entrance money, for each Boy, there must likewise be forwarded to the Secretary an accepted order of some House of Agency, or respectable individual at the Presidency, for the payment of three Pagodas per month, on account of the Boy's maintenance, clothing and education. A Government Bond may be placed in deposit, in lieu of the above mentioned accepted order, from the interest of which will be deducted, the stipulated sum for the Boy's board, &c. and the overplus of interest, if any, will be carried to the credit of the Boy, to be delivered to him, together with the Bond, or otherwise, as may be desired by the Parent, on his leaving the Institution.

2. The Children of Officers who may be Boarders, and by the death of their Parents be deprived of further support, shall be considered as having the first claim: The Sons of Officers and Soldiers killed or dying upon foreign service, the second claim; and the Orphan Sons of Officers who may be left destitute, the third claim, for admission into the Asylum. The next in order for admission, shall be the Orphan Sons of Non-Commissioned Officers, & Private Soldiers; and when these are provided for, the Children of Non-Commissioned Officers and Soldiers alive, may be received into the Asylum. Legitimate Children shall be considered as having a superior claim to illegitimate, and the Sons of European Parents, a superior claim to those whose Mothers may be of any other description.

3. As no Boy whose Father is not European, can be admitted to the benefits of the Charity, the Recommendation Certificate must be signed either by the Commanding Officer of the Regiment to which the Father of the Boy belongs, or had been attached, or by an Officer acquainted with the Boy's parentage.

4. A Certificate from a Medical Officer stating that the candidate is free from mental and bodily disease, and that he is not lame, nor deformed, is required to accompany the Certificate of Recommendation.

5. No Boy under the age of 4 years or more than 17, shall be admitted into the Asylum, and none shall be kept on the Foundation after the age of 18, unless he be employed as a Teacher, or in some other department of the Institution.

6. The Select Committee shall determine what profession or trade the Boys shall be brought up to, when they arrive at an age proper for leaving the Institution.

7. In case the Parent or Guardian of any Boy on the Foundation shall wish to withdraw him from the Asylum, with the view of otherwise providing for him, the same shall be signified by a letter to the Secretary, who will communicate the circumstance to the Select Committee, and should they be satisfied with the provision proposed, the Child may then be transferred to the Parent, or other person making the application.

8. When the Superintendent shall at the recommendation of the Surgeon, allow any sickly Boys to be taken from the School by their Parents or Friends for change of air, it shall be intimated to them that if such Boys are not returned to the Asylum at the expiration of the time for which such permission was granted, they will not be re-admitted, unless an extension of that leave appears to the Surgeon and Superintendent, to be necessary; leave of absence, under any other circumstances, shall not be granted to any Boy, without the sanction of the Select Committee. When there are no Friends to receive and answer for the re-appearance of any Boy recommended by the Surgeon, to be sent out of the Asylum, the case shall be submitted to the Select Committee.

ADMISSION. &c.

34th. It is agreed that the Children of Officers who may be Boarders, but who, by the death of their Parents, Guardians, or Friends, may be deprived of further support, shall be considered as having the first and the Orphan Children of Officers, if left destitute, the next claim to admission on the Foundation of the Charity.

35th. That the Orphan Children of Europeans not in the Military Service, being left destitute, have the next claim.

36th. That after these the destitute or orphans of living Non-Commissioned Officers, &c. and Private Soldiers, to educate their Children, shall be considered as affording a title to the advantage of this Charity.

37th. That the Children of living Europeans not in the Military Service, who may be destitute of the means of providing for them, be the next claimants.

38th. That no Girl be eligible to this Charity whose Father is not an European; legitimate to have the preference of illegitimate Children; and that, in the selection of Girls for admission, a preference be shown to seniority of age, and prior date of application, in the candidates.

39th. That a Girl can be only admitted into this Asylum when recommended by the Commanding Officer of the Corps to which her Father belongs or has been attached, or other official person whom the Directresses shall deem competent to make such recommendation; who shall certify her parentage, age, &c. according to the prescribed form.

40th. That none under the age of four years, or more than ten, can be admitted into this Asylum, except in particular cases, when the Ladies Directresses may think it proper to deviate from the rule.

41st. In case the Parent, Guardian, or Friend of any Girl on the Foundation shall wish to withdraw her from the Asylum with the view of otherwise providing for her, the same shall be signified from the party by letter to the

Secretary, who will communicate the circumstance to the Directresses; and should they be satisfied that the provision proposed is better than the one designed by the Institution, the Child may accordingly be delivered to the Parent, &c. on making the application.

42d. That no Girl once admitted into the Asylum can be permitted to go out therefrom, but on extraordinary occasions, when application is to be made to the Governor of the Institution, who, if she has no objection, will be authorized to grant permission, provided the sanction of four Ladies Directresses be obtained. In all cases when permission to go out is granted as above, a Matron is to accompany the Girls, and to be responsible that they shall return to the School in proper time. But in cases of ill health, at the written recommendation of the Surgeon, and with the permission of four of the Directresses as above stated, a Girl may be permitted to pass some time with her friends, for the benefit of change of air.

43d. That an entertainment to the Children, at the expense of the Vice Patroness, the Ladies Directresses, and Governors, shall be given on the 24th of March in every year, being the birthday of Lady Campbell, the Patroness; in commemoration of her laudable exertions in the Institution of the Charity.

44th. That the foregoing shall be considered as standing Regulations, from which no deviation shall be made, until the proposed alterations have been suggested at a Meeting, recorded on the minutes, and approved by two-thirds of the Directresses and Governors.

"To obviate the painful duty of rejecting any Child on account of her being in a diseased state, it is resolved that the state of health of Children recommended for admission be henceforth mentioned in the Certificate."
