MOST HONORABLE MILITARY ORDER OF THE BATH.

INSTITUTED 1539; REVISED 1725; EXTENDED 1815.

Motto, *Tria Juncta in Uno*—Riband, *Red*.

By statute, Jan. 2, 1815, it is ordained, "for the purpose of commemorating the auspicious termination of the long and arduous contests in which this Empire has been engaged," that the order shall be composed of three classes, viz.

1st CLASS.—To consist of Knights Grand Crosses, number not to exceed seventy-two, exclusive of the Sovereign and Princes of the Blood Royal; twelve of the number may be appointed for Civil and Diplomatic Services. This dignity not to be conferred upon any Officer (except the above twelve) who shall not have attained the rank of Major General in the Army, or Rear Admiral in the Navy, and must have been previously appointed to the second class.

2d CLASS.—Knights Commanders, number not to exceed, upon the first Institution, one hundred and eighty exclusive of foreign Officers, holding British Commissions, of whom not exceeding ten may be admitted as honorary Knights Commanders; in the event of actions of signal distinction, or of successful wars, the number of this class may be increased. To be entitled to the distinctive appellation of Knighthood; to have the same rights and privileges as Knights Bachelors, but to take precedence of them; to wear the badge, &c. pendant by a red riband round the neck, the Star embroidered on the left side. No person is now eligible to this Class under the rank of Major General in the Army, or Rear Admiral in the Navy.

3d CLASS.—Companions of the Order; not limited in number; they are to take precedence of Esquires, but not entitled to the appellation, style, &c. of Knights Bachelors. To wear the badge assigned to the third Class, pendant by a narrow red riband to the button-hole. No Officer can be nominated unless he shall have received a medal, or other badge of honor, or shall have been especially mentioned in dispatches in the Gazette, as having distinguished himself in action.

The new badge for the military classes of the order, is a gold Maltese Cross, of eight points, enamelled argent in the four angles, a lion passant guardant, or, in the centre, the rose, thistle, and shamrock, issuant, thereon the motto of the order, surrounded by two branches of laurel, proper, issuing from an escrol azure, inscribed *Ich Dien* in letters of gold, worn by the Grand Crosses pendant from a red riband across the right shoulder. The collar is of gold, weighing thirty ounces of Troy weight, and is composed of nine imperial crowns, and eight roses, thistle and shamrock, issuing from a sceptre, enamelled in their proper colours, tied, or linked together with seventeen gold knots, enamelled white, having the badge of the order pendant thereto. The star of the Military Grand Crosses is formed of rays or flames of silver, thereon a gold Maltese Cross, and in the centre, within the motto, branches of laurel, issuant as above described, three imperial Crowns of gold, and is worn on the left side.

The Civil Knights Grand Crosses retain the old badge and star of the order. No Knight can wear the collar before his installation. The Star of the Commanders is in the form of a Cross patée, of silver, having the same centre as the Grand Crosses, but no gold Maltese Cross thereon.

Regulations respecting Furlough to Europe.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Government.

A Chaplain after seven years' residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

G. O. BY GOVERNMENT.

PORT ST. GEORGE, April 10, 1821.

We order fully to inform the Officers upon this Establishment of the existing regulations with respect to Furlough to Europe as well as to check the practice which, to a certain extent, has lately prevailed, of Military Officers postponing their return to their duty for a period longer than is compatible with the good of the Service, the following Extract from a Letter from the Honorable the Court of Directors, under date the 19th of September 1820, is published to the Army.

"Officers coming to England on Furlough are required, as soon as they arrive, to report their arrival and address by Letter, to our Secretary; forwarding, at the same time, the Certificates which they received in India.

"In all cases of Furlough, whether it be granted for private affairs, or on sick certificate, Officers are required to join the Establishment to which they belong at the expiration of three years from the commencement of their furlough, unless they shall have obtained an extension of leave from us six months before the expiration of the said term of three years."

"Extensions of Furlough will not in future be granted except in cases of sickness, certified in the manner prescribed in our Despatch of the 3d January 1817 or in cases in which it shall be proved to us, that a further residence in Europe is indispensably necessary.

"When, under any such circumstances, an Officer shall have obtained an extension of furlough to a given period, he must at the expiration thereof, apply for and obtain permission, either to return to his duty or to reside a further term in Europe.

"The Act of the 93d Geo. 3d, Cap. 52, Sec. 70, as it respects Military Officers, applies only to cases of sickness, infirmity or inevitable accident, and no Officers will be hereafter considered eligible to return to the Service after five years' absence, under that enactment, who has failed to obtain from us agreeable to the foregoing regulations an extension of Furlough under the circumstances referred to in the Act.

"The plea of ignorance of the Regulations will not hereafter be admitted as any justification of the breach of them, but Officers who shall come home on Furlough and who shall not, in due time, apply so as to effect their return to the Presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the Service, unless they shall be permitted by us to remain a further time in this Country."

By order of the Honorable the Governor in Council.

Extract from the Honorable Company's General Letter to Fort St. George, in the Military Department, dated the 3d January 1817—published in General Orders on the 8th July 1817.

Para. 10.—Adverting to the frequent applications made to us by Military Officers for an extension of Furlough, and being of opinion that all such applications preferred on the ground of sickness, should be accompanied by the most satisfactory testimonials to prove that the parties are unavoidably compelled to make the same, we have resolved that it be required of all Officers whenever they shall find it necessary on account of sickness to solicit a further leave of absence, to transmit with their letter of application, a certificate signed by at least two Gentlemen, eminent in the Medical Profession, describing the nature of the applicant's complaint, and stating it to be their opinion that the circumstances of the case, render a compliance with his request absolutely necessary; also, that, previously to an extension of Furlough being granted, such further proof of the statement made by the party in support of his application, shall be adduced by personal examination, or by such other evidence as we may deem satisfactory.

11.—We have further resolved, that all Officers abroad in any part of Europe applying for permission to remain a further time absent from their duty, on account of sickness, be required to furnish a certificate signed by at least two eminent Physicians, also the attestation of a Magistrate in support of the fact, that the persons who have signed the certificate are Physicians.

12.—Whenever any Officer on your Establishment shall receive permission to come to Europe, whether it be on account of ill health, or of private affairs, we desire you to furnish him with a copy of these orders.

(A true Extract.)

PORT ST. GEORGE, 2d January 1822.

G. O. BY GOVERNMENT.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated 16th June 1815 be republished in General Orders.

Para. 139.—In consequence of the numerous applications which have been preferred to us by our Servants on leave of absence in this country, for advances of money on loans, we think it proper to recal your attention to our Orders in the Military Department of the 26th February 1808 upon this subject.—Those orders declared our determination not to make any pecuniary advances to Officers at home, beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army, but as a resolution of this description, in order to be generally known to a body which is continually receiving an accession of new members, should be occasionally re-published, and being fully perused that a strict observance of this resolution, will prevent much trouble and inconvenience, besides loss to the Company, we direct that our orders above adverted to be in future circulated for the information of the Army in the month of January in every year, and we shall take the necessary steps for reminding officers who may arrive in England upon Furlough, of our determination upon the subject in question.

By order of the Honorable the Governor in Council.

Regulations respecting the Clearance of Baggage at the India House.

Extract of a General Letter from England in the Commercial Department, dated 7th September 1808.

Para. 229.—In our letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the Clearance of Baggage, Wines, and Presents, from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for re-imbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severe displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the export offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted, or stained or dyed, and also silk goods from being worn or used in this country, and such goods altho' made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that napkins,

&c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

Regulations respecting Military Officers, retiring from the Company's Service.

Every Officer after twenty five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to Officers of Infantry.

A Member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £50 per annum.

A Surgeon of a General Hospital, or Superintending Surgeon who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the Service, and allowed £300 per annum for life.

All other Surgeons and Assistant Surgeons, attached to the Military, are permitted to retire from the Service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

A Chaplain after eighteen years service, (ten of which at a Military Station,) including three years for one furlough, is allowed to retire with the pay of Major.

A Commissary, or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay, if he has served twenty seven years in India, of which twelve must have been in the Ordnance Department, twenty five years, fourteen of which in that Department; or twenty two years, seventeen years of which in the Ordnance Department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty five years actual Service in India.

Every Lieutenant Colonel, Major, Captain, or Captain Lieutenant is allowed to retire with the half pay of the rank to which he has attained, in case his health shall not permit him to serve in India.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the half pay of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the half pay of Ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on furlough, and wishing to retire from the Service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the Service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of twenty two years, without having a furlough, in that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the Service after two years furlough, will be considered to have retired at the expiration of two years from the date of their landing in England; unless they shall have previously obtained an extension of their furlough, and Officers who shall retire after having obtained an extension of furlough, will be considered to have retired from the date of the expiration of such additional furlough, or from the time when the requests of such Officers to retire or resign, are laid before the Court, which shall happen first.

ART. V. But although a period of eighteen months is also granted as an indulgence for the payment of the donation and arrears of subscription due by a person who may not have applied to subscribe to the Fund within six months after his admission on the establishment; it is to be clearly understood that any arrears either of donation or subscription at the period of the death of such Subscriber, or at the date of the sick certificate on which he may have obtained leave to proceed to Europe, shall be deemed a forfeiture of all claims upon the Fund, either for himself or family.

ART. VI. ART. VIII. All Subscribers marrying after their admission into the Fund, and who may be desirous that their Widows or Children shall possess claims to the eventual benefits of the Fund, are required to inform the Secretary of their marriage and of the payment of the additional donation; and unless this information be given and payment of the additional donation made within six months after such marriage; the Subscriber shall be required to pay double the amount with interest added half yearly.

ART. IX. An arrear, not sanctioned by the 3d and 5th paragraphs of this Section, of six months instalments of donation, or of subscription, shall subject the Subscriber owing it, to the payment of double the amount of the arrear (unless it shall be made to appear to the satisfaction of the Directors that such arrear arose from unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding paragraph within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the Fund.

ART. X. Subscribers who may be in the actual receipt of any periodical aid from the Fund, shall during such period be exempted from the payment of monthly subscription.

ART. XI. Subscribers who may be precluded from drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of the rights of the subscription, but upon the removal of such incapacity, and upon the receipt of pay, the subscription is to be made good at the rate of one thirtieth part of any arrears of regimental Garrison pay and allowances so received, or of the amount of arrears due to the Fund.

SECTION III.

PERSONS ENTITLED TO THE BENEFITS OF THE FUND.

ART. I. The Persons entitled to claim the benefits of the Madras Military Fund are,
1st. All Subscribers to the Fund, for such benefits as are personal, under the restrictions prescribed by the Regulations.

NOTE.—This Article is applicable to the Marriage of Widowers, as well as to that of Bachelors.

2d. All Widows and legitimate Children of those who were Subscribers and were married on the 1st of April 1808, and the Children of such previous marriages are entitled, without distinction, to the full benefits of the Fund, either in quality of Orphans, or in future as Widows.

ART. II. With regard to marriages contracted subsequent to the 1st of April 1808, it shall be an indispensable qualification that both the Parents of any and every Claimant shall have been European or of unmixed European blood, though born in other quarters of the world; four removes from an Asiatic or African being considered as European blood.

ART. III. Legitimate Children of those who were married Subscribers on the 1st April 1808 (provided they be the offspring of such marriages), as also the legitimate descendants of those Children shall be entitled to the full benefits of the Fund either as Orphans or hereafter as Widows, notwithstanding the restriction contained in the preceding Article.

ART. IV. Marriages, subsequent to the 1st April 1808, with Persons of mixed blood (who may not be included in the third Article), exclude the Widow and Children from the benefits of the Fund; but Subscribers contracting such marriage will continue to enjoy all the personal advantages of the Fund, and will besides have the option of paying the additional donation on marriage; which payment, and the continuance of subscription will entitle the Widow and Children of such Subscriber to receive from the Fund the amount of net subscription paid by him with compound interest, accumulating half yearly, after deducting therefrom with similar interest, the amount of any advances which he may have previously received from the Fund on account of sickness or other cause.

SECTION IV.

BENEFITS DERIVABLE FROM THE MADRAS MILITARY FUND.

ART. I. The benefits derivable from the Military Fund are two-fold.
1st. Such as are granted by the Regulations to Subscribers while living.

2d. Such as are granted to the Widows and legitimate Children of deceased Subscribers.

ART. II. The benefit granted to Subscribers while alive are considered personal, and subject to the decision of the Directors for the time being; who will be guided in their decision on each claim, by the Regulations of the Fund, except when they have reason to entertain doubts with respect to any such claim. It will in such cases be their duty to call for further information from the Claimant; and if this information should not be satisfactory to the Directors, they are authorized to withhold the payment of the claim until the pleasure of the Army at large be known, to whom the case will be immediately referred.

ART. III. A Subscriber who may proceed to Europe on sick certificate, in conformity to the Regulations of the Army, and who may not be allowed passage money by Government shall be authorized to apply to the Military Fund for the passage money regulated for his rank, provided his application shall be accompanied by a Declaration on oath that he does not possess the means of paying for his passage; and also shall be entitled on his return to India to receive from the Agents in England, the sum regulated for the outward passage on the production of a similar Affidavit.

ART. IV. A Subscriber, so proceeding to England on sick certificate, shall be authorized to apply for the further sum of Pagodas 200 for his equipment, his application being accompanied by an Affidavit of his not possessing funds for the purpose; but no allowance will in any case be made for equipment to a Subscriber returning to India.

ART. V. Subscribers proceeding to England on sick certificate who shall make oath that they do not possess property which will produce an annual income, including their pay, equal if a Subaltern to £140, or if a Captain Lieutenant to £160, shall be allowed such sum annually, as, with their pay and other income, will make up £160 to a Captain Lieutenant, or £140 to a

Subaltern, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

ART. VI.—Much inconvenience having arisen from the unrestricted grant of the personal benefits above enumerated—It has been found necessary to set limits to the claims for gratuitous passage money, equipment allowance, and income to Subscribers proceeding to England on sick certificate.—No Subscriber, therefore, shall be eligible to such indulgence more than once in eight years, but in cases of urgent sickness which may occur within that period, the Directors will be competent to grant a Loan under the Regulations established in the 6th Section.

ART. VII.—Subscribers proceeding to England on sick certificate from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local Regulations, and shall make immediate communication of the circumstances to the Directors of the Fund.

ART. VIII.—The Second Class of benefits, namely, those granted to Widows and Children of deceased Subscribers, are absolute, not dependant on the decision of the Directors, but controlled solely by the Regulations of the Institution.

ART. IX.—The Widows and legitimate Children of deceased Subscribers, shall be entitled to receive the annuities specified in the annexed Table, provided their claims be not affected by the amount of property possessed by such Subscriber at his death; by the income they themselves derive from other sources; or by the disqualifications stated in the second Article of the 3d Section.

ART. X. The property possessed, from whatever source, by Widows and Children becoming claimants on the Fund, will be ascertained on Affidavit.

* NOTE.—The Pension payable to the Widows of Subscribers is, in all cases, to be subject to a deduction equal to the Amount of Lord Clive's Pension, according to an Amount equal to the Pension payable by Lord Clive's Fund, shall, in all cases, be deducted from the Income, which might otherwise be claimed from the Madras Military Fund by the Widow of a deceased Subscriber.

darit, and all income which may exceed the privilege of half the Pension to which they are entitled, shall form a deduction from their annuities, so that income equal to one Pension and a half, will wholly exclude them from all title to the benefits of the Fund.

ART. XI.—Should a Subscriber at his death leave less than two-thirds of his property to his Widow and Children, and they claim the benefits of the Fund, a deduction to that amount shall nevertheless be made in relative proportions from their annuities; it being intended that the Funds shall not be burthened with the families of Subscribers possessing property, two-thirds of which would exclude them from the benefits of it; but a Subscriber shall be entitled to alienate from his Widow and Children, one-third * of the property which he may possess at his death, without affecting the claim of his Widow and Children.

ART. XII.—In calculating the annuities to be granted and privileges to be allowed to families consisting of several persons; the following further rules shall be observed.

1st. The privilege to the Widow and Children of a deceased Subscriber, when the Children are under the protection of the Widow, shall be half the amount of the annuity to which the Widow may be entitled; the Children in this case being allowed no privilege; and deduction being made for the whole income the Widow is actually in the receipt of from any source, and for the income derived collectively by herself and Children from her deceased Husband; or for two-thirds of the property possessed by such deceased at his death, should the Widow and Children have been jointly left less.

2d. A Widow not having charge of the Children whilst they are of an age to require protection, whether she be their Step Mother or otherwise, shall be allowed no privilege, which in such case is transferred to the Children.

3d. Children bereft of their Mother, or placed, for reasons which shall be satisfactory to the Directors, under separate Guardianship, shall be allowed a privilege equal to half the amount of their respective

* As it cannot be supposed that in justice to the Fund it will be the wish, or that from interested motives it can be the object of any subscriber, to alienate from his Wife and Children property yielding a permanent income, in order to render them dependant on temporary annuities, ceasing on their marriage, their attaining certain ages, or on their death, this Regulation is intended to provide for the case of a Subscriber, having perhaps no Children of his own, who has Step-Children or other near relations dependant upon him, whose claims are of such a nature, as to induce him to provide for them to the detriment of his more immediate family. It is also to be observed, that the present outline for the Regulations of the Fund appears to admit of a Subscriber alienating two-thirds of his property from his wife.

+ Form of Account illustrating the principle detailed in the Twelfth Article, for calculating the privilege allowed to a Widow with Children, who may be under her care or Guardianship.

annuities, but income derived by any of the Children from their deceased Father, or by the Widow (not having charge of the Children) from her deceased Husband, which may be in excess of one and a half of their individual Pensions, while the income of others of the family, derived from the same source, is below one and a half of their Pensions, shall form a deduction in relative proportions from the annuities of the other members of the family, who may be Claimants on the Fund; a further deduction also being made on the principle of Article Eleventh, should the deceased Subscriber not have left two-thirds of his property amongst his family.

4th. Property derived by any individual of the family, otherwise than from their Husband or Father, shall affect the claim of such individual alone.

Art. XIII. The Pensioned Sons of Subscribers, shall be entitled to receive from the Fund a portion of £300 each to assist their establishment in life; on the completion of their eighteenth year.

Art. XIV. The proportion of £300 may be advanced at an earlier period than the age of eighteen on the application of Guardians, if there be an immediate prospect of any eligible establishment in life; but in all cases the payment of the portion precludes any subsequent demand for Pension.

Art. XV. If a Widow, Pensioner on the Fund, marries, her Pension is to cease during her coverture; but in the event of her becoming again a Widow and not possessing property to the amount that would exclude her claim, she shall be re-admitted to all the benefits she may have enjoyed from the Fund, during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limitations and conditions prescribed by the Regulations in the first instance. If the Second Husband shall also have been a Subscriber to the Fund, the Widow will receive however only one annuity; taking that which may be the greatest, that is to say, according to the rank of the first or second Husband, whichever may have been the highest.

Art. XVI. The application for the benefit of the Fund, which may be made by a Widow on behalf of herself and Children, or by a Guardian on behalf of Children, shall be accompanied by an Affidavit sworn before a Magistrate, specifying the full amount of the property of which the deceased Husband or Father died possessed, the proportion of such property which has been left by Will or otherwise to the Widow or Children respectively, and the total amount of property possessed at the time or by any other Person on their account.

Art. XVII. In calculating the income possessed by Persons applying for the benefit of the Fund, real or personal property yielding income is to be estimated at the rate of its actual produce; plate, jewels or other moveable property (which may exceed a reasonable allowance for personal use, according to the rank in life) is to be estimated as income, at the usual rate of interest in the country where it may be.

Art. XVIII. Money, Houses, Lands, or other property capable of yielding annual interest or rent, shall be considered as permanently yielding such interest or rent, unless it shall be made to appear to the satisfaction of the Directors that the property has been actually unproductive, from unavoidable accident or other cause not within the control of the party claiming the benefits of the Fund. It being intended that no deduction shall be made from the Pensions to Widows or Children of Subscribers, on account of property, unless such property shall have been rendered unproductive by fraudulent design or evident mismanagement.

Art. XIX. In the event of the unavoidable failure of any income on

* Note.—This Clause is intended to protect the Fund from the effect which would be produced by a Subscriber vesting an unreasonable proportion of property in dead stock and thereby reducing the income and apparent property of his Widow and Children.

account of which an abatement may have been made from the annuities payable by the Military Fund, such failure being certified by the Affidavit of the Party or Guardian, and arising from the loss or deterioration of property which could not have been invested in Public Securities; then the amount of such abatement shall be made good from the date of the failure so certified. And in like manner if any Annuitant on the Fund shall at any period acquire property, a proportionate abatement of the annuity shall take place from the date at which such property was acquired. It being intended that the Widows and Children of deceased Subscribers shall always respectively enjoy an income not less than the annuity prescribed by the Regulations of the Fund, and not exceeding the amount of one and a half of such annuity.

Art. XX. Therefore every half yearly application for the appointed annuity shall be accompanied by a fresh Declaration on oath, specifying the actual property and income for the time being of the Parties respectively, in whose behalf the application is made; and in the event of a variation from the former income, the circumstances which occasioned such variation are to be fully stated.

Art. XXI. If the Widow or the Children of a Subscriber are left in such circumstances as may exclude all, or any of them from the benefits of the Fund; then the claim of such Widow or Children shall be admissible at any future period, on the unavoidable failure of the income which originally excluded them or any of them: it being intended that the Widows and Offspring of Subscribers to the Fund shall in all circumstances derive from it, protection from distress.

Art. XXII. Every Widow benefitting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to the allowance allotted for the rank of her Husband. Unless the property left by her Husband, shall exceed the amount which excludes a claimant from Lord Clive's Fund, in which case there shall be no claim on the Military Fund, on the part of the Widow for her passage.

Art. XXIII. The passage money for Children is fixed at £100 or Pagodas 250 for each Child proceeding with its Mother, provided the number does not exceed three; and for any collective number exceeding three, proceeding as above £350, or Pagodas 875. For each Child proceeding without its Mother £100 or Pagodas 250, provided the number does not exceed four, and for any collective number exceeding four proceeding thus £450 or Pagodas 1125.

SECTION V.

EVENTUAL BENEFITS OF THE FUND.

Art. I. Independent of the benefits which have been recited, the Madras Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

Art. II. If at any future period it shall be found, that the Funds of the Institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding Articles, it shall then, and not otherwise, be competent for the Directors of the Institution, provided the permission of the Honorable Court of Directors be obtained, to afford the aid of the Fund in the following cases.

1st.—To Subscribers compelled by ill health to abandon the Country after ten years Service and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

2d.—To Officers who may have served twenty two years in India and may be obliged by ill health to retire from the Service, without having obtained the rank of Major, the regulated passage money of their rank and such assistance from the Fund as will render their whole income from whatever source, equal to the pay of Major; and as in the case of Widows, the possession of an income not exceeding half the pay of a Major of Infantry, shall not occasion an abatement from the provision to be made from the Fund.

3d.—In the event of a still further surplus, it shall be competent for

the Directors of the Military Fund, at their discretion, to assist Officers retiring from the Service, or full pay in limited circumstances, with a sum equal to the regulated passage money of their rank; provided always that the resignation of such Officer shall actually have been accepted previously to his embarkation.

ART. III. Should the Fund however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the Directors to make a proportionate deduction from the annuity of each Annuitant, and from the payments to other Claimants above the rank of Subaltern, until the state of the Fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

SECTION VI.

LOANS TO BE ADVANCED BY THE FUND IN CERTAIN CASES.

Subscribers who shall have subscribed to the Fund for a period not less than eight years, shall be entitled to Loans under the following circumstances.

- 1st. A Subscriber being desirous to send his Wife and children, or either of them to Europe, shall be allowed, should the state of the Fund admit it, a Loan equal to the amount of 20 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order, engaging to repay the amount so borrowed, with interest at eight per cent. within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a personal Bond, in which he shall be joined by two Securities to be approved by the Directors, and assignment on any property he may possess.
- 2d. A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an order on the Agents of the Fund in England for any amount which he may have previously paid into the Fund here, either by instalment or otherwise, provided always that any loss by exchange or otherwise, shall be borne by such Subscriber.
- 3d. A Subscriber proceeding to England on sick certificate with his Wife and Children, shall be authorised to apply for the regulated passage money for such Wife and Children, to be advanced by the Military Fund as a Loan—such Loan however can only be advanced upon the personal Bond of the Subscriber, including two Securities to be approved by the Directors.—The amount to be repaid with interest at eight per cent. within two years after the Subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank—and the Securities to be bound to make good any balance or deficiency in the event of the Subscriber's ceasing to be a Member of the Fund before the Bond is discharged.
- 4th.—In urgent cases of the certified sickness of a Subscriber who may have already received the benefits of the Fund, on sick certificate, within the term of eight years; the Directors shall, if they see just cause, be competent to advance to such Subscriber, the amount of the regulated passage money, as a Loan under the conditions recited in the preceding Article.

SECTION VII.

GENERAL REGULATIONS.

ART. I.—The management and appropriation of the receipts, and the admission of Persons to the benefits of the Fund, and in fact all matters whatever relating to the Fund, shall be vested in thirteen Directors as at present, the senior being President. ART. IV. A monthly aggregate allowance of one hundred Star Pagodas is fixed as the amount of the Salary and Office establishment of the Secretary.

ART. V. The Directors of the Fund will hold regular Monthly Meetings but no Meeting of the Directors consisting of a smaller number than five, shall be competent to the transaction of business. Special Meetings will be held whenever required by any urgent or particular business; and it will rest with any Director, or with the Secretary, to represent the occurrence of such necessity to the President, who will convene a Special Meeting within ten days from the date of his receiving the application; but no Special Meeting shall be called with the view of reconsidering Resolutions which may have been already adopted by a former Meeting of Directors, unless at the requisition of a number of Directors greater than that which attended such Meeting.

ART. VI. The Secretary will invariably lay before the Directors, either at the Regular or Special Meetings, all letters that may have been received by him since the last Meeting. Minutes of the Proceedings of all Meetings will be recorded and authenticated by the signatures of the Directors present. The Secretary will also submit to the Directors who attend, Drafts of all the Letters which in those Meetings he may have been desired to write.—Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the Secretary without waiting for a meeting of the Directors; but every Letter proposed to be dispatched by the Secretary, must previously receive the special sanction of three Directors signified by their initials to the Drafts, which will be sent to them for consideration.

ART. X. If any Subscriber or Claimant on the Fund shall be desirous

* Chaplains and Medical Officers not attached to Corps to send their votes to the Secretary of the Fund.

to appeal from the decision of the Directors to that of the Subscribers at large, upon any subject which may not be specifically defined by the Regulations, such appeal, provided it be approved by three Directors, shall be referred and decided upon in the manner prescribed in the preceding Article, and the decisions shall be final in all cases whatever, any further agitation of the question by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claims on the Fund.

Art. XI. When a reference shall be made to the Subscribers at large respecting either a proposed Regulation, or an appeal, the result of such reference shall be communicated to Corps for the information of Subscribers.

Art. XII. In order to prevent litigation respecting the disposition of this Institution, it shall be required that every application for the benefit of the Fund, shall be accompanied by an obligation of the Party applying to conform and submit to the decision of the Directors, and of a majority of the Army in cases which admit a reference to the general suffrage.

Art. XIII. Generally all payments due from the Fund are to be made half yearly, on the 30th June and on the 31st December, but in cases when Pensioners or Claimants on the Fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

Art. XIV. Any arrear which may be due to the Fund by a Subscriber or by an Annuitant who may have received an overpayment, loan or advance, shall in all cases be deducted from the first payments to be made from the Fund to the person owing such arrear.

Art. XV. All income derived from the Madras Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the Fund.

Art. XVI. Dismission from the Service shall be in all cases, considered a forfeiture of all claims on the Fund, and of all Subscriptions already paid, but temporary suspension from Rank or Pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears arising and interest on the amount shall be paid up within a period equal to that of the suspension immediately succeeding it.

Art. XVII. If a Subscriber, who may be dismissed from the Service, by a Court Martial, or otherwise shall afterwards be restored to the Service, he shall be re-admissible to the Fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

Art. XVIII. All property belonging to the Military Fund at any period, shall be invariably vested in the Honorable Company's Securities.

Art. XIX. When interest may be chargeable according to these Regulations, on sums either receivable or payable by the Military Fund in account with Subscribers to that Fund, or their Families or Representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Honorable Company's Securities at this Presidency, at the time when such sums may be received or paid.

Art. XX. The existence of the Military Fund must be known to all Persons entering the Madras Service; and in the course of six months they must necessarily have various opportunities of learning the tenor of the Regulation; it will nevertheless be the duty of the Secretary to communicate to each Cadet, Officer, Chaplain, or Assistant Surgeon, entering the Service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of his delaying it for more than six months, this communication is to be made immediately on the promulgation of the Order admitting to the Service, any individual of the class above mentioned, and is to be repeated at the expiration of three months; but the miscarriage or non-receipt of such communication will not be admitted in bar of any existing Regulation.

Art. XXI. For the management of the affairs of the Fund in England, it is proposed, that the Court of Directors shall be solicited to allow the Paymaster of Lord Clive's Pension, or some other Officers of the Home Establishment, to make all payments on account of the Military Fund, upon Cer-

ificates to be passed by an Officer acting as Auditor and Secretary, who will be appointed by the Directors of the Fund, and who will be guided by Regulations to be framed for the purpose.—It is also proposed, that the Honorable Court of Directors shall be further solicited to appoint an Officer to conduct the duties of Auditor and Secretary provisionally, in the event of the death or absence of the Person holding that Office, until the appointment of a successor by the Directors of the Fund.
