Established by the Honourable Court of Directors of the East-India Company, for the Benefit of all Persons in their Employ in England; Persons retired from the Home Service; Pensioners, Widows, and Children; and other Annuitants, being Relatives of Persons who have been in the Company's Employ at Home, and their Children.

The managers for the house department will receive deposits every Saturday, between the hours of ten o'clock in the morning and four o'clock in the afternoon.

A monthly interest to be allowed, at the rate of one halfpenny for every fifteen shillings (being nearly equal to 2½d. per cent. per die) on the amount of each depositor's balance on the 20th of every month, to be accounted due on the 20th of the following month. The interest due to the respective depositors to be adjusted half-yearly—namely, on the 20th May and on the 20th November in each year—when the sums found due on that account will be added to the balance of the account of each depositor. No sum to be carried to account for interest less than one halfpenny.

The sum or sums deposited by any one person shall not, in any one year, reckoning from the 20th day of November, exceed £30, exclusive of interest; but a depositor having withdrawn any sum or sums of money, may redeposit at any time within any one year, reckoning from the 20th November, any sum or sums, provided the sum or sums redeposited, and any previous deposit or deposits in the course of the year, taken together, shall not exceed at any time in such year the sum of £30 additional principal money bearing interest.

No deposit of less than threepence to be received.

Depositors wishing to withdraw the whole or any part of their deposits, to give one week's notice of their intention so to do.—Notices to be received on Saturdays only.

Any person making a deposit will be furnished with a book, which contains all the rules, orders, and regulations of the Bank for Savings.

The Court of Directors having been induced, from a desire to promote the interests of the various classes of their servants, to establish a Bank for Savings, have declared, by a minute of court, of 10th June 1818, "That it is not their intention in any way to interfere with the management, or to exercise any supervision of the accounts; the knowledge, therefore, of the payments made by the respective depositors will be exclusively confined to the trustees and managers of the institution."

CIVIL SERVANTS.

Regulations for the Grant of Absentee Allowance to Civil Servants when in Europe.

That after an actual residence in India in the civil service of ten years or upwards, a contracted civil servant of the Company, upon either of the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe, on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to servants producing medicinal certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health; and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness certified upon oath, to come to Europe previous to their completion of an actual residence in the civil service of ten years, such contracted servants shall each be presented with the sum of 2,000 sicca rupes as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250 per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid half-yearly in Europe; that, on no account or plea whatsoever, the allowances in question be extended beyond the period of three years; and

RETIRING REGULATIONS.

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

OFFICERS RETIRING FROM SERVICE.

Regulations respecting Military and other Officers retiring from the Company's Service.

Every officer after twenty-five years' service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained within twelve months of his arrival in Europe, but such pay is to be the same only as that allowed to officers of infantry.

Members of the Medical Board, who have been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, are permitted to retire from the service, and allowed £500 per annum, and £700 per annum if they have served five years in that station.

Superintending surgeons, who have been in that station not less than two years, and whose period of service have been not less than twenty years, including three years for one furlough, are permitted to retire from the service, and allowed £300 per annum, and £365 per annum if they have served five years in that station.

All other surgeons and assistant surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

A superintending surgeon on the Prince of Wales' Island establishment, who has been in that station not less than two years, and not less than twenty years in the service, including three years for one furlough, is allowed a pension of £300 per annum. In the case of his not having held that office for two years, his retiring allowance is limited to ten shillings a day.

The senior assistant surgeon, after the said period of service, is allowed a retiring allowance of ten shillings a day.

All other assistant surgeons, after the said period of service, are allowed to retire on five shillings a day.

A veterinary surgeon is allowed to retire on seven shillings a day after twenty years' service, including three years for one furlough; five shillings and sixpence a-day after thirteen years' service, including three years for one furlough; and three shillings a-day after six years' service, in the two last cases provided his health shall not permit him to continue to serve in India.

In the event of any of the Prince of Wales' Island medical servants being compelled by ill health (duly certified) to retire previous to their having served twenty years, they are granted, in the case of the superintending surgeon and senior assistant surgeon, a retiring allowance of five shillings a-day; and in all other cases, a retiring allowance of two shillings and sixpence a-day. If immediately between the completion of six and ten years, they are granted a retiring allowance of two shillings a-day.

A surgeon having served twenty years on the Company's establishment in China, including three years for one furlough, is allowed to retire on a pension of £200 per annum.

An assistant-surgeon, after the said period of service, who shall not have attained the station of head surgeon, is allowed to retire on a pension of £150 per annum.

A chaplain, after eighteen years' service in India, including three years for one furlough, is allowed to retire on the pay of lieutenant-colonel; after ten years (if compelled by ill-health to quit the service), on the half-pay of lieutenant-colonel; after seven years, on the half-pay of major.

A chaplain, after eighteen years' service on the Company's establishment in China, including three years' absence on furlough, is allowed to retire on a pension of £365 per annum; after ten years' actual service (if compelled by ill-health to quit the service), upon £200. 15s. per annum; after seven years' actual service, upon £173. 7s. 6d. per annum.

A commissary or deputy commissary of ordnance, not being a commissioned officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years' actual service in India.

Every lieutenant-colonel, major, or captain, is allowed to retire with the *half-pay* of the rank to which he has attained, in case his health shall not permit him to serve in India.

A lieutenant having served thirteen, or an ensign nine years in India, including three years for a furlough, may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India.

A subaltern officer, or military assistant surgeon, having served six years in India, is permitted to retire on the *half-pay* of ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two years* before he shall be called upon to signify his intention of retiring; but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service, will be considered to have retired from the date of their application for leave to retire; or from the expiration of two years from the date of their landing in England, whichever shall happen first.

Officers (of whatever rank) must be ten years in India before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to assistant military surgeons and veterinary surgeons. The furlough to be granted by the commander-in-chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain after seven years' residence in India is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service, he is allowed the pay of captain only.

A conductor of stores is allowed furlough pay only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining physician, Dr. W. F. Chambers, of Upper Brook-street, Grosvenor-square, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen, eminent in the medical profession, viz.:—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party), and I declare, upon my honour, that according to the best of my judgment and belief, _____ is at present unfit for military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least _____ longer in this country.

Also, previously to such extension of furlough being granted such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians, in the above form, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given

period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years' absence under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

No officer under the rank of captain who has not actually served ten years can be permitted to come home on furlough, unless in cases of ill health under the like certificates as required from military officers.

If the commodore is permitted to come home on furlough he is to be allowed the pay of a captain only. Half the remainder of his allowance to be drawn by the senior captain in the service, who is to act as commodore during his absence, in addition to the pay of his rank as senior captain.

POPLAR FUND.

Regulations for the Admission of Pensioners.

That any commander, officer, seaman, or other person, who has served on board either the Company's own or freighted ships, or on board any ships or vessels belonging to the Company, employed to or from India or China in the conveyance of dispatches, or on board the Company's pilot sloops or regular hoys in the river Thames (Hoy-masters excepted), and has served therein the full term of ten years, or has performed six complete voyages to and from India or China on board one of the Company's own or freighted ships, and has regularly contributed to the Fund, and shall in every respect appear to the Committee of Shipping to be a proper object for relief, shall be eligible to a pension, except as hereinafter-mentioned.

That no commander, officer, or petty officer, shall be allowed the amount of pension attached to his station, unless he shall have served one complete voyage to and from India or China in that capacity; nor shall the widows or children of those persons be allowed the pensions to which they would be entitled from their husband's or parent's rank, unless as before-mentioned.

That the time of service be ascertained from the periods each person shall appear to have been borne on the different ships' books, in any and every station whatsoever.

That any person who shall desert, or quit without leave, the ship on board which he had engaged to serve, shall forfeit all claim to a pension from the Fund; notwithstanding such person would, in other respects, have been eligible under these Regulations.

That no applicant for relief be allowed a pension, unless such person shall first appear before the Committee of Shipping; except in case of age or infirmity, certified upon oath by one or more persons, if required, of known character, in the neighbourhood of the petitioner.

That any person who shall have ceased to be employed in the Company's sea service, five years previous to presenting a petition for relief, shall not be allowed a pension, unless recommended by the unanimous report of the seven members of the Committee of Shipping, and confirmed by eighteen out of the twenty-four members of the Court of Directors.

That every person (commander excepted), on making application for relief, shall produce a certificate from the last commander with whom he sailed, or the next officer in rank who

may be living and in England (in the event of the decease of the commander), of his being incapable of doing any further duty at sea, accompanied by a joint certificate from the Company's examining physician and surgeon to the same effect; and shall also produce satisfactory testimonials of good conduct when last employed in the Company's service.

That any person in the Company's sea-service who shall be maimed or wounded in the defence or in doing the duty of the ship, so as to be thereby rendered incapable of further service at sea, may be allowed the pension of his rank, at the discretion of the Committee of Shipping, without reference to his time of service.

That the widow of a commander, officer, seaman, or other person, who shall have served on board the ships and vessels mentioned in the first clause of these regulations the full term of eight years, or five complete voyages to and from India or China, and regularly contributed to the Fund, shall (except as hereinafter-mentioned) be eligible to a pension.

That no widow shall be allowed a pension, unless she shall have been married before the husband ceased to be employed in the Company's service.

That no widow of a petty-officer or seaman shall be allowed a pension, who shall be under the age of forty years; unless, upon satisfactory certificates, it shall appear that she is incapable, from illness or infirmity, of getting a livelihood.

That no widow shall be allowed a pension, who shall not produce satisfactory certificates that she is in indigent circumstances, and appear to the Committee of Shipping to be in every respect a proper object of compassion.

That such persons who may receive parochial relief at the time of making application be required to state the amount thereof; and that the Committee of Shipping, in all such cases, exercise their discretion in respect to any deduction from the annual pension.

That if any widow admitted a pensioner shall marry again, her pension shall cease; but in the event of her becoming a widow a second time, she shall be re-admitted to the benefit of the fund, under the same provisions and limitations as upon her original admission.

That the children of a person entitled to a pension, or whose widow is entitled to a pension, be each allowed a pension, in addition to that granted to the parent; except as hereinafter-mentioned.

That the children of a person whose father and mother are both deceased, or whose mother may be living and not entitled to a pension, and whose father was employed in the Company's sea service, either at the period of or within three years of his decease, and had in the whole been in actual service on board ships employed by the Company for the space of five years, shall be allowed a pension; except as hereinafter-mentioned.

That no child shall be allowed a pension, unless the parents shall have been married before the father ceased to be employed in the Company's service; nor shall any child be allow-

ed a pension, who shall have been born after the father has been granted a pension from the fund.

That the pensions allowed to the children be continued to the males until they attain the age of eighteen years, and to the females until they attain the age of twenty-one years or are married, whichever may first happen. That in case of absolute imbecility or incapacity of body or mind, certified upon oath by some respectable person, the Committee of Shipping may in such case continue the pensions beyond the ages above-mentioned.

That the pensions allowed to children be paid, for their use and benefit, to such persons as the Committee of Shipping may appoint for that purpose.

That no master or mate of a pilot vessel be allowed the pension affixed to each of those stations, unless he shall have served five years in that capacity.

That the amount of any income or property, from whatsoever source arising, which the person applying for relief may possess, either in right of himself or his wife, shall be taken in abatement of, and be deducted from the regulated amount of the annuities which would otherwise be allowed them: that is, if the captain of a regular ship has, either in right of himself or his wife, £100 per annum, he shall only derive from the Fund the difference between that sum and the regulated pension, namely, £50 per annum. That this rate shall apply to all claimants upon the Fund, whether commanders, officers, petty officers, seamen, surgeons and pursers, their widows and children; and that it shall not be departed from in any case, or on any pretence whatsoever.

That every person who shall be allowed a pension do annually, in the month of June, transmit an affidavit to the Committee of Shipping of the amount of his or her income, or value of his or her property, for the year preceding, arising from sources other than this Fund.

That any person who shall apply for relief, and shall be discovered to have produced a certificate, or other document, forged, counterfeited, or altered, by erasure or otherwise, with a view to impose upon the Committee of Shipping, in order to entitle him or her to a pension, such person shall be incapable of ever receiving any benefit whatever from the Fund.

That if any pensioner upon the Fund shall reside out of the kingdom of Great-Britain and Ireland, without the express permission of the Committee of Shipping, the pension shall cease.

That such pensioners as reside in London, or within ten miles of London, do attend in person at the East-India House to receive their respective pensions; and that no such pension be paid on the authority of a letter of attorney, or order from those persons, except in case of illness or infirmity, certified by medical gentlemen of respectability.

That the pensions of such persons as reside in London, or within ten miles of London, and who shall not attend in person at the East-India House once in twelve months to receive the same, shall cease; unless the Committee of Shipping shall, for

reasons which may appear to them proper, permit the pensions to be afterwards continued, which reasons shall be recorded on the minutes of the Committee.

That the pensions of such persons as reside at a greater distance than ten miles from London, with the permission of the Committee of Shipping, be allowed to be paid under the authority of letters of attorney, or orders; provided that certificates be produced to the paymaster, at Midsummer and Christmas in each year, signed by the minister and churchwarden, or minister and elders or churchwardens of the parishes in which the pensioners respectively reside, declaring that the pensioners are then alive, and resident in those parishes.

That orders be allowed to be in force for one quarterly payment only; and that they be deposited in the Pay-office upon the pension being paid.

That in the event of any letter of attorney or order appearing to be intended to impose upon the Fund, the same be considered null and void, and the pension be not paid without the special order of the Committee of Shipping.

Abstract of Act 33 Geo. III. cap. 52, sec. 70, precluding the Return to their Duty of Civil and Military Servants after an Absence of Five Years.

And be it further enacted, that no person who shall have held any civil or military station whatever, in India, in the service of the said United Company, being under the rank or degree of a member of council or commander-in-chief of the forces, and who, having departed from India by leave of the Governor general in council, or Governor in council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or native corps of troops, or in the civil line of the Company's service; unless, in the case of any civil servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the proprietors assembled in general court, specially convened for that purpose, whereof eight days previous notice of the time and purpose of such meeting shall be given in the London Gazette, or unless, in the case of any military officer, it shall be proved, to the satisfaction of the said Court of Directors and the Board of Commissioners for the Affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

AT A COURT OF DIRECTORS,

Held on Wednesday, the 9th August, 1809;

Resolved, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

NOMINATION OF STUDENTS.

Regulations and Preparatory Instructions.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college will be required to address the following letter to the nominating Director:—

Sir:—I beg to assure you, on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education. I have the honour to be, &c.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ———, in the county of ———, contains the date of the birth of my ———, who is the bearer of this, and presented for a nomination as a student at the East-India College, by ———, Esq.; and I do further declare, that I received the said presentation for my ——— gratuitously, and that no money or other valuable

consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my —, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my —, from the director above-mentioned.

Witness my hand, this — day of —, in the year of our Lord —

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a magistrate to the following effect, viz.

I, —, presented as a student for the East-India College by —, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of —, in the county of —, on —, in the year —, and that I am not at this time under the age of sixteen, or above twenty years.

Sworn before me, this — } Witness my hand, this — day of —,
day of — } in the year of our Lord —.

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition, and character.

Candidates will be interrogated in an open Committee of College, as to their character, connexions, and qualifications, conformably to the General Court's resolution of the 6th July 1809. The nature of this interrogation may be known on application to the Clerk to the Committee of College.

A student publicly expelled the college will not be admitted into the Company's civil or military service in India, or into the Company's Military Seminary.

No person can be appointed a Writer in the Company's Service whose age is less than eighteen or more than twenty-two years, nor until he shall have resided one term, at least, in the college, and shall have obtained a certificate signed by the Principal in behalf of the College Council, of his having conformed himself to the statutes and regulations of the College.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3000, as liquidated damages, to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the college is determined by the certificate of the College Council, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the student's proceeding to India within six months after they are so ranked.

The Candidates will be examined in the classics and arithmetic, and if they be not found to possess a competent knowledge of at least two of the Latin classics, the easier parts of the Greek Testament, and the principles of grammar, as well as the common rules of arithmetic, together with vulgar and decimal fractions, they will be remanded until the commencement of the next term.

The parents or guardian of every candidate will be required to address the following letter to the nominating Director:

Sir: I beg to assure you, on my honour, that my _____, to whom you have been so good as to give a nomination to a writership, has not been dismissed the army or the navy, and that he never was expelled from any place of public education. I have the honour to be, &c.

Candidates must produce the under-mentioned documents, previous to their being nominated.

Testimonials, upon honour, of good moral conduct, under the hand of the principal or superior authority of the College or public Institution for instruction in which the nominee may have been educated; or, if the nominee has not been educated in a public institution, then under the hand of the person or persons by whom the nominee may have been educated, for a period of not less than two years immediately preceding the time of presentation. The said testimonials to be such as shall be deemed satisfactory by the Court of Directors.

A certificate, agreeably to the following form, must be written, signed, and produced by the parent, guardian, or near relation, as required by the act of 33d Geo. III.

I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my _____, who is the bearer of this, and presented for a nomination to a writership by _____, Esq.; and I do further declare, that I received the said presentation for my _____ gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for me _____ from the Director above-mentioned.

Witness my hand, this _____ day of _____, in the year of our Lord _____.

In the event of no parish register existing, or to be found, the before-mentioned act of Parliament prescribes that an affidavit be made of such circumstances before a magistrate, to the following effect, viz.

I, C.D., presented as a candidate for a writership of _____, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and further make oath and swear, that from the information of my parents and other relations (which information I certify believe to be true), I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am at this time under the age of eighteen, or above twenty-two years.

Sworn before me this _____ day of _____

Witness my hand, this _____ day of _____, in the year of our Lord _____ C.D.

The parent, guardian, or near relation, must then add their certificate as to the truth of the affidavit, made applicable thereto, and in conformity with that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidates, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates will be interrogated in an open committee of the Court of Directors as to their character, connexions, and qualifications, conformably to the General Court's Resolution of the 6th July 1809. The nature of this interrogation may be known on application to the Clerk to the Committee of College, at this house.

On the appointment of a writer taking place, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors), binding himself to pay the sum of £3,000 as liquidated damages to the Company for breach of a covenant to be entered into, that that nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Regulations framed in conformity with the Provisions of the Act of the 7th Geo. IV, Cap. 56, for the Admission to the Civil Service of the East-India Company of Persons who have not resided at the East-India College.

That persons nominated writers, although they may not have been admitted at the East-India College, shall be deemed eligible for examination upon the production of the following certificates:

First, That the age is not less than eighteen, nor more than twenty-two.

Second, Testimonials upon honour of good moral conduct, under the hand of the principal or superior authority of the college or public institution for instruction in which the nominee may have been educated; or if the nominee has not been educated in a public institution, then under the hand of the person or persons by whom the nominee may have been educated, for a period of not less than two years, immediately preceding the time of presentation; the said testimonials to be such as shall be deemed satisfactory by the Court of Directors.

Third, A certificate from the Board of Examiners, to be appointed in manner hereinafter directed, shewing that the nominee has been examined and found qualified, agreeably to the test described in the paper herewith annexed.

Fourth, That a board of four Examiners be appointed: two

from the University of Oxford, and two from that of Cambridge for the departments of

Classics, Mathematics, and History.

That the Examiners from each university be nominated by the Vice Chancellor and the Regius Professors.

That the annual allowance of each Examiner be £80, to cover all expenses.

That one Oxford and one Cambridge Examiner shall go out of office, and be replaced annually.

That the Examiners meet half-yearly in London, at Lady-day and at Michaelmas, for the purpose of examining nominees.

That all writers who shall be found qualified under the foregoing regulations, shall rank immediately after those who shall have proceeded from the East-India College at the preceding half-yearly examination, and that they shall be classed in such order as shall be determined by the Board of Examiners.

That the rank which may be assigned by the London Board of Examiners to persons appointed writers, without having resided at the college, shall take effect only in the event of the writers proceeding to India within six months after they are so ranked.

Plan for the Examination of Candidates.

The candidates will be examined in the Greek Testament, and in some of the works of the following Greek authors, viz. Homer, Herodotus, Demosthenes, or in the Greek plays; also in some of the works of the following Latin authors, viz. Livy, Cicero, Tacitus, Horace and Virgil, which part of the examination will include collateral reading in ancient history, geography, and philosophy.

They will also be examined in mathematics (including the four first and sixth books of Euclid), algebra, logarithms, plane trigonometry, and mechanics.

In modern history, principally taken from "Russell's Modern Europe;" and

In "Paley's Evidences of Christianity."

Test.

No candidate will be deemed qualified unless he be found to possess a competent knowledge of the Greek Testament, and of some portion of the works of at least two of the above-mentioned Latin authors (the particular works to be selected by the Candidates, subject however to the previous approval of the Examiner); and also of the principles of grammar, the common rules of arithmetic, vulgar and decimal fractions, the four first books of Euclid, or the elements of algebra, including simple equations: it being understood that superior attainments in either of the departments of literature or science comprized in the foregoing plan of examination shall, at the discretion of the Examiners,

be considered to compensate for some deficiency in other of those departments.

These are the minima of qualification. The candidates so qualified will be classed in the order in which they may reach higher degrees of attainment, and such classification will determine the relative rank in the service of the candidates when appointed writers.

Interpretation of the Test.

Every candidate is expected to be prepared for examination in "The Four Gospels in Greek," and two at least of the following portions of the Latin authors enumerated in the test. "Three Books of Livy."

In Virgil, the Eclogues and Georgics as one portion, and eight books, at least, of the *Æneid*, as the other portion.

In Horace the Odes, Epodes, and *Ars Poetica*, as one portion, and the Satires and Epistles as the other portion.

In Cicero an equivalent in quantity to the whole of the offices.

In Tacitus an equivalent in quantity to the two first books of the *Annals*.

The examiners expect that each candidate should be prepared to answer questions respecting the Sacred History, and the Geography and Chronology connected with the events of the New Testament.

Oriental Test.

First, That in addition to the Test already in force in the European branches of study, a knowledge of two Oriental languages be required of every candidate, according to a prescribed test, which test is to be considered as the very lowest degree of proficiency which can entitle him to the Examiner's certificate of his having passed the Oriental department.

Second, That the two languages required be the Persian and Hindustani.

Third, That the Oriental examiners do report to the Board of Examiners the result of their particular examination, in order that the degree of literary merit gained by each individual in the prescribed Oriental languages be considered and receive its due value, in determining the order of his rank in the service.

Fourth, That no candidate, whatever may be his attainments in the European studies, will be deemed qualified until he shall have obtained from the Oriental examiners a certificate of his having attained a degree of proficiency according to the following test.

I. Writing the character in which the Persian and Hindustani languages are commonly written, in a fair and legible hand.

II. A competent knowledge of the rudiments of the Persian and Hindustani languages, according to Jones's and Shakespear's Grammars.

III. Reading, translating, and parsing an easy passage in such languages.

liv APPOINTMENT OF CIVIL SERVANTS.

Fifth, That the candidates be examined in the following works,
viz.

Persian.—Jones's Grammar, and the Gulistan of Sady.

Hindustani.—Shakespear's Grammar and Selections.

Sixth, That the Oriental examinations be held four times in the year.

Mr. H. Angelo, Jun., *Superintendent of Sword Exercise.*
Mr. R. M. Leeds, *Purveyor and Steward.*

(By a Resolution of the Court of Directors of the 16th January 1828, all Cadets at the Military Seminary, and all subsequent nominations thereto, are deemed for general Service until brought forward for public examination.)

TERMS OF ADMISSION.

Conditions and Qualifications for a Candidate.

1. Every candidate must produce a certificate of his birth, taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had at the cadet-office. But in the event of there being no register of birth or baptism, the cadet will be furnished with the form of an affidavit to be taken by the cadet previously to his being appointed.

2. No candidate can be admitted under the age of fourteen years, or above the age of eighteen years.

3. No candidate will be admitted without a certificate, signed by a surgeon of respectability, that he has no mental or bodily defect that may disqualify him for military service, and a declaration that he has had the small-pox, or has been vaccinated.

4. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.

5. Every candidate must deliver the name and address of the person residing in London, or its vicinity, who engages to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.

6. It is an indispensable qualification that the candidate write a good legible hand, as he will be required to write down a sentence from dictation by the head master; and if he should be found deficient in this respect, or in his orthography, his reception into the institution will be suspended for such length of time as the head master shall report to be necessary.

7. No candidate will be admitted as a cadet who cannot read and construe *Cæsar's Commentaries*.

8. No cadet will be admitted who is not expert in vulgar and decimal fractions.

9. When a cadet is admitted, the lieutenant-governor or resident superintendent shall immediately send the head master's certificate to the clerk to the seminary committee.

PROBATIONARY CLASS. 1. Every cadet will be required to pay the sum of sixty five pounds into the Company's treasury, previous to his being admitted into the seminary, to reimburse the Company the expense of his probation, including clothing, stationery, books, drawing and mathematical instruments, pocket-money, at the rate of two shillings and sixpence per week, medical attendance, and washing.

2. That for the purpose of securing to the Company the repayment of such expenses, and the expense of any damage that a cadet shall wilfully do to any part of the buildings or furniture belonging to the seminary, or to the trees in the gardens or grounds of the seminary, two respectable persons, on the part of every cadet, shall give bond to the Company, previous to his admission into the seminary, in the sum of £200 jointly and severally.

3. Previous to the cadet's admission into this seminary, his parents or friends shall furnish him with the following articles, *viz.*

Twelve shirts, eight pairs of cotton stockings, six pairs of worsted ditto, six towels, one pair of white drill trowsers, four pairs of drawers, six night-caps, eight pocket-handkerchiefs, two combs and a brush, a tooth-brush, a Bible and prayer-book; to be repaired, or, if necessary, to be renewed by the parents or friends at the vacation. These articles to be marked with the cadet's name at full length.

4. That in future every cadet upon his admission be considered a probationary pupil only for the first six months, at

the end of which period the public examiner will be required to report to the seminary committee the probability of his being able to pass for the artillery at the first public examination after his two years' residence is expired; but should this appear improbable, either from want of talent or diligence, the cadet is then returned to his friends, and the sum paid into the Company's treasury upon his admission, sixty five pounds be detained in liquidation of his expenses: but if the cadet is reported fit and able to prosecute his studies, then the said sum to be considered as covering his expenses at the seminary for the first year.

PAYMENTS. After the first year, the cadet will be required to pay fifty pounds per annum into the Company's treasury, and the payments must be made in advance, towards defraying the Company's annual expense for his board, lodging, and education, and for supplying him with the following articles, *viz.*

Books, stationery, mathematical instruments, drawing materials, repairing his clothes, pocket money at the rate of 2s. 6d. per week, medical attendance, and washing; as also with such a supply of the following articles as, in the opinion of the Military Seminary Committee, shall be deemed necessary:

Jackets, waistcoats, black silk stocks, foraging caps, pantaloons, shoes.

When the cadet attends to be passed by the committee, he must give in the name and address of some friend residing in London or its vicinity, who will receive him if he shall be dismissed or removed from the seminary.

SECURITY. The cadet will likewise be required to give in the names of two persons (housekeepers) to be his security against damage to the Company's premises, or the head master's property, and also to reimburse the Company in the event of his not going to India in the Company's service. Expense for the execution of this Bond in the Secretary's Office, £3.

PROHIBITION. The cadet must not join the seminary with a greater sum than one guinea, and a farther supply from any of his relations during the term may subject him to dismission from the seminary.

VACATIONS. Midsummer commences 17th June, ends 31st July; Christmas .. commences 22d Dec., ends 31st Jan.

At the close of every vacation, the cadet must apply at the Cadet-office for an order for his re-admission, and all sums then due to the Company must be paid up. This order will express that he is only to be readmitted upon his returning with the same number of books and instruments which he took home with him, and that his linen is put into proper repair.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot

really want a supply of money to be placed at his disposal while at the seminary; and if they do notwithstanding think proper to furnish him with money, they put it in his power to commit irregularities, which must always retard his studies, and may eventually lead to his removal.

The parents and friends are further particularly desired not to attend to any application from the cadets for money, under the pretence of their having incurred any debts at Croydon, or elsewhere, or for the purpose of raising a general subscription amongst themselves for public charities, or for any pretence whatsoever.

It having come to the knowledge of the Seminary Committee, that cadets have been in the habit of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance that they had scarcely any left, the committee have ascertained that these stoppages have arisen, not only from wilful and wanton destruction of public property, but in a considerable degree from the postage of letters, and the carriage of parcels addressed to the cadets; it is therefore hereby ordained, that no letter or parcel shall be admitted into the seminary unless the postage or carriage of such letter or parcel shall have been previously fully paid for by the person sending the same, and the parcel shall first be opened in the presence of one of the orderly officers and the cadet to whom it is sent, and should it contain wine, or any thing prohibited by the regulations, the parcel, upon the first offence, will be returned to the person sending the same; and upon the second offence, the cadet will be ordered home, and not be readmitted until a written apology has been sent to the committee by the person who has committed a breach of this regulation.

MIDSHIPMEN of the COMPANY'S OWN SHIPS.

*At a Court of Directors, held on Wednesday, the 5th
December, 1821:*

That the commander shall, for this purpose, avail himself of the aid of all or any of the officers on board; and shall, on the conclusion of each voyage, report to the Committee of Shipping the names of such officers as shall by their endeavours have best promoted the objects of the Committee.

That all the midshipmen who are not particularly engaged in the duty of the ship do every morning after breakfast assemble in the cuddy, or some other convenient place which the commander may appoint, and there be instructed in navigation, &c. until noon.

That each midshipman do work his day's work and keep a journal, in which he is to enter the full work of each day; and that such journal be sent to the Shipping Office at the conclusion of each voyage, for the purpose of being laid before the Committee for their inspection.

POSTAGE, &c. OF LETTERS TO AND FROM INDIA

Regulations by the General Post Office, 14th July 1819.

The statute of 55 Geo. III, Cap. 153, so far as relates to the postage and conveyance of letters, newspapers, printed prices current, and printed papers, to and from the Cape of Good Hope, Ceylon, the Mauritius, and the East-Indies, is repealed; in consequence of which, no more packet mails will be forwarded between Great-Britain and those parts.

By an Act of this session, all letters brought into Great-Britain by ships and vessels from the above parts, are liable to a sea-postage of four-pence each, if not exceeding three ounces, and one shilling per ounce above that weight, in addition to the inland rates.

And all letters to the above places, which may be sent through the post office, are liable to a sea postage of two-pence each, under the weight of three ounces, and one shilling per ounce if above that weight, in addition to the inland rates.

Newspapers, printed prices current, and printed papers, duly stamped, may be conveyed to the above places for one penny each packet, not exceeding one ounce, and one penny per ounce above that weight.

The postage of all such letters, packets, and printed papers, must be paid at the time they are put in the post office.

The Act allows letters and newspapers to be sent to the East-Indies "otherwise than through the post-office."

By Command of the Postmaster-General,

FRANCIS FREELING, Secretary.

Further Regulations respecting the Postage of Letters to and from India and St. Helena.

In consequence of the act of 4 Geo. IV, cap. 81, sec. 73, the following information and directions respecting postage of letters, were transmitted to India by the Court of Directors in Oct. 1823.

By the act of the 4th Geo. IV, cap. 81, sec. 73, seamen and soldiers in his Majesty's service, whilst actually employed in his Majesty's service, in the East-Indies and at St. Helena, and soldiers in the Company's service, may send, under certain regulations and restrictions, single letters, provided that the party in Great Britain or Ireland, receiving the same, shall pay one penny for the inland postage; and may receive single letters free of postage, except one penny to be paid for each single letter upon its being put into any post-office, in Great Britain or Ireland.

The regulations and restrictions referred to, in the before-mentioned act, are contained in the act 46th Geo. III, cap. 92, and prescribe, that upon all single letters, sent from soldiers, the name of the soldier, his rank (whether serjeant, corporal, trumpeter, drummer, fifer, or private), and the regiment, corps, or detachment, to which he belongs, shall be superscribed.

That, upon all such single letters, shall be written, in the hand-writing of, and signed by the officer in the actual command of the regiment, corps, or detachment, his name, rank, and the regiment, corps, or detachment commanded by him.

From A. B., _____ of the _____ Regiment.
To _____
(Signed)—C. D. _____ Commanding _____ _____ Regiment or Detachment.

It is to be clearly understood, that this indulgence is limited to single letters.

The act (of 46 Geo. III, cap. 169, before-mentioned), also directs, that if any officer, having the command of a regiment, corps, or detachment, shall wilfully and knowingly write his name upon any letter, that is not from such soldier, and upon his private concerns only, such commanding officer shall forfeit and pay the sum of five pounds.

That a similar penalty shall attach to any person, who shall (with an intent to evade the full rate of postage) obtain the signature of the officer commanding to letters not on the private concerns of soldiers.

Further—That if any officer, not having at the time the command of the regiment, corps, or detachment, shall write his name upon a soldier's letter, he shall forfeit and pay the sum of five pounds.

As the indulgence in the present act (of 4th Geo. IV, cap. 81, sec. 73) extends to seamen in his Majesty's navy, whilst actually employed in his Majesty's service, subject to the same regulations and restrictions as before-mentioned, it is requisite that upon every letter to be sent, the name of the writer, and his class or description in the ship or vessel to which he shall belong, shall be superscribed, and that upon every such letter there shall be written, in the handwriting of, and signed by the officer, having at the time the command of the ship or vessel, his name, and the name of the ship or vessel commanded by him.

The act does not extend to seamen in the Company's service.

That all letters from seamen and soldiers in his Majesty's service, and soldiers in the Company's service, in India, and at St. Helena, be sent to England in the Company's regular or extra freighted ships, or in such other ships only in which Company's despatches are forwarded, and not in any ships without Company's despatches.

BENGAL CIVIL SERVICE ANNUITY FUND.

Regulations as sanctioned by the Honourable the Court of Directors.

Managers of the Fund for 1829.

H. T. Prinsep,	H. Mackenzie,
W. H. Macnaghten,	A. Ross.
<i>Secretary and accountant, J. A. Dorin</i>	
<i>Agents in England, Messrs. Coutts and Co.</i>	

1st. The subscribers shall, from the 1st of May 1825, contribute, for the purposes of the fund, four per cent. of their salaries, and all other public emoluments, however denominated; compensation for travelling expenses excepted.

2d. Should any subscriber be engaged in India on private business, and thereby voluntarily exclude himself from public employ, his subscriptions to the fund shall cease, and in the event of his hereafter relinquishing such private business, and resuming employ in the service, his subscriptions may be resumed, but the intervening period shall not be reckoned in the time necessary to qualify him to become an annuitant: and this rule shall be equally applicable to all persons now in the service who may have been, or may be engaged in private business.

3d. The annuities are fixed at 10,000 rupees each, payable in England at two shillings the rupee, being £1,000 sterling.

4th. The annuities shall be tendered to subscribers having served in the civil service twenty-five years, and actually resided twenty-two years of that period in India, according to their seniority on the gradation list of the service, as fixed by the Court of Directors, and the right of preference shall not be barred by refusal in a preceding year.

5th. The annuities shall commence with the 1st of May in each year, beginning with the year 1826; that is to say, shall fall due at the end of the said official year; and in like manner, the succeeding annuities shall commence on the first day of the following official years, and fall due at the close of each year respectively.

6th. At a convenient period before the close of each year, the managers of the fund shall require, according to seniority, a sufficient number of subscribers to signify their willingness, or otherwise, to retire on the annuity to be granted by the fund; and in case of the absence from India of members, such requisition shall be made to their constituted agents in Calcutta. It will, of course, be incumbent on members duly qualified to become annuitants, previous to leaving India, to empower one or more persons in Calcutta to act on their behalf, and to communicate to the managers the names of such agents.

7th. The following members shall be regarded as having virtually intimated, for the time being, their unwillingness to retire on the annuity; viz. those to whom a requisition may be made as above provided, and on whose part no reply may be received, on or before the first day of the year, with which the annuities intended to be granted may commence; and those who may have quitted India, and failed to empower any resident in Calcutta to act for them during their absence.

8th. The number of annuities offered shall not be more than may complete nine per annum from the 1st of May 1826.

9th. The actual value of annuities tendered and accepted as above, shall be passed to a separate account on the books of the institution, under the head of Appropriated Funds; and to the debit of this account shall be entered all payments in satisfaction of annuities.

10th. Should any subscriber, having resided in India in the civil service not less than twenty-two years, and been a member of it the full period of twenty-five years, retire from the service before the option of an annuity may devolve on him, he shall be entitled to the same in his proper turn, without any payment to the fund, save what may be claimable under the following rule.

11th. Any subscriber who may accept the tender of an annuity shall be required, to entitle him to such annuity, to pay to the institution, previous to the date to which the annuity is to commence, the difference between one-half of the actual value of the annuity on his life and the accumulated value of his previous contribution, in case the latter quantity shall be less than the former; these values shall be determined as below provided.

12th. Any member so choosing may decline paying the difference defined in the foregoing rule, and shall, in such case, be entitled to an annuity diminished in proportion to the sum by which the accumulated value of his contributions is less than one-half of the actual value of an annuity on his life.

13th. Any subscriber who may be dismissed from the Honourable Company's service, shall forfeit all right to benefit by the institution, and be entitled to no re-fund of payments which he may have made.

14th. The interest of any subscriber who may be suspended from the Honourable Company's service shall be in abeyance, but shall revive on his restoration. If he be permitted (whether the permission be granted at the time of, or during his suspension, or at the time of his restoration) to draw salary for the period of his suspension, then his contributions to the fund for that period shall be claimable, and the intervening time shall be reckoned as actual service; but if he be not allowed salary for the period of his suspension, then no contribution shall be claimable from him for that period, and which in that case is not to be computed in the term of service necessary to qualify him for the acceptance of an annuity.

15th. The resignation of the Honourable Company's service is

an essential condition to entitle an individual to an annuity from the institution, and annuitants will not be permitted by the court to return to the service: it is therefore provided, that should any member fail, on or before the first of July of the year with which annuity accepted by him may commence, to comply with the said condition, he shall be considered to have forfeited his right to an annuity from the institution for that year. It is likewise provided, that when a member, accepting an annuity, shall resign the service before the first day of July, but after the first day of the year with which the said annuity is made to commence, he shall, in such case, at the close of that year, only draw the annuity from the date of his resignation, a sum proportionate to the time intervening between the first day of the year and that date, being deducted for the benefit of the institution.

16th. The fund is open for the subscriptions of all covenanted civil servants upon the Bengal establishment, including such as may be in England, and who have not either finally resigned the service, or protracted their absence from India beyond the prescribed term of five years; each civil servant now residing in India shall be specially invited to join the institution, as shall those subsequently arriving, whether they be returning to the service, or newly appointed to the same; and the following shall be excluded from ever becoming members of the institution, viz. those residing in India, who may fail to signify in writing their consent to join the institution on or before the first of May 1826, next; and those returning to, or for the first time arriving in the country, subsequent to the present date, who may commit a similar default within six months from the date of their return, or arrival in the country, respectively; provided, however, that no person, not in India, nor on his passage thither upon the first of May 1825, shall be entitled, on subsequently returning to the country from England, to receive an annuity under the rules of this institution, except after residence in the country for a period of five years from the date of such subsequent arrival.

17th. The affairs of the institution shall be managed by a committee of nine, of whom four shall be ex-officio, the chief secretary to government, the accountant general, the sub-treasurer and the civil auditor. The other five shall be subscribers, and elected at a general meeting. The members of the committee shall be also the trustees for the funds of the institution.

18th. The sub-treasurer of the government shall, with the permission of the Governor General in Council, be requested to act as treasurer to the institution, and the funds, as well those set apart for the payment of annuities as those arising from the accumulation of capital, shall be deposited in the public treasury, subject to the direction and control of the trustees and managers of the fund.

19th. For the management in England of such affairs as the members cannot personally conduct, an agent or agents shall be

appointed by the managers and trustees in India, if such shall still be the wish of the service.

20th. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee, who may concur in opinion, shall be competent to decide in the first instance upon all matters relative to the receipts and disbursements of the fund, as well as generally upon all subjects connected with the management of the fund, and the due execution of the rules established for it, which, by such rules, may not have been expressly reserved for determination by the general meeting of the subscribers to the fund.

21st. But the decision of the committee of managers, in all cases, shall be liable to revision and control by the resolution of the subscribers duly passed at a regular general meeting.

22d. The committee of managers, who may be appointed in the first instance, shall be authorized to appoint a secretary and accountant to the fund, and to fix such allowance for him, payable from the fund, as they may consider adequate to his services. The officers so appointed shall act under the direction of the committee of managers, and shall also attend the general meetings of the subscribers, the proceedings of which, and of the committee of managers, and generally all papers appertaining to this institution, which may not be intrusted to the treasurer in India, or to the agents in England, shall be kept under the charge of the secretary and accountant to the fund, and shall, by application to him, or the committee of managers, be open to the inspection of any of the subscribers to the fund.

23d. All future appointments to the office of secretary and accountant to the fund, as well as the appointment of any other person whom the managers may find it necessary to employ for the due execution of the trust committed to them, shall, in like manner, be made, and their allowances fixed by the committee of managers, subject, as in all other cases, to the control of the general meetings of the subscribers.

24th. In the event of any of the five managers who may be elected annually being subsequently removed from the presidency, without any intention of returning to it during the year of their election, it shall be communicated to the subscribers at the next general meeting; and in such instances, as well as in all instances of vacancy in the situation of manager, by death or otherwise, a new election, if it appears necessary, shall take place for the unexpired part of the current year.

25th. A general meeting of the subscribers shall be held at the Town Hall in Calcutta, on the first Monday of the second month of every year (or as soon afterwards as the accounts can be made up and prepared for inspection), to receive and audit the accounts of the preceding year, and to decide on any questions which may arise or be referred. The committee of managers, or any nine members of the institution, may also convene a special general meeting at

the presidency, by public notice in the Government Gazette, if at any time there shall be found occasion for it, provided that the days fixed for holding such special meetings, and the object of them, be advertised at least six weeks before the same are held, for the general information of subscribers.

26th. All questions proposed at the general meeting, whether annual or special, shall be determined by a majority of three-fourths of the members who may either be present at such general meetings, or vote thereat by proxy; but the concurrent voices of nine members, at least, shall be requisite to determine upon any question whatever; and upon all general questions involving any increase or diminution of the rate of contributions now fixed, or any essential addition to, or alteration in, the original rules and principles of the institution, which are now established, all subscribers in India who may not be able to attend the meeting in person, shall be allowed to deliver their sentiments and votes by a written communication, to be signed by them, and addressed to the chairman of the meeting; provided always, that no decision upon such question shall be valid, or have any effect until sanctioned and approved by the Court of Directors of the East-India Company, to whom all parties, considering themselves aggrieved by such decision, shall have a right of appeal, and the decision of the Court of Directors shall, in all cases, be final.

27th. In discharge of each annuity of 10,000 rupees granted by the fund, the sum of £1,000 sterling shall be paid to the annuitant through the Company's treasury in London, at the close of the year in which the annuity may commence, the manages of the fund undertaking, at that period, to pay over to the Government of Bengal the sum of 10,000 rupees for each annuity so payable, under the principles upon which the Company's contribution to the fund is to be regulated.

28th. The right of an annuitant to receive the annuity for any particular year shall depend on his having survived that year.

29th. The actual value of an annuity on the life of any subscriber shall be determined by the table annexed hereto. The rates exhibited by this table shall be revised and altered by a decision of a general meeting, should experience and the fluctuation of interest suggest the necessity of such an arrangement: provided always, that any alteration therein shall not take effect until it has been sanctioned and confirmed by the Court of Directors of the East-India Company, whose decision shall be final.

30th. To determine the accumulated value of the contributions of any subscriber, the accountant shall keep separate accounts for each member, and these accounts shall be annually made up with the rate of interest allowed by the Company.

31st. At the close of every third year the managers shall, according to the next table, calculate the actual values of the pending annuities, and shall then compare the total of their values with the assets belonging to the appropriated funds of the institution; should those assets exceed in value the said total, the dif-

ference shall be carried to the credit of the unappropriated funds of the society, and be available for the purposes of the institution; on the other hand, should the value of the said assets be less than the total aforesaid, the deficiency shall be supplied by a transfer from the latter fund to the former.

32d. An annuitant, upon becoming such, shall be furnished with a formal certificate declaratory of his admission to the annuity, under the hands of not less than three of the managers of the fund. A duplicate of the certificates must be furnished to the Bengal Government and forwarded to the Court of Directors in London.

THE object of this fund is to provide for the maintenance of the widows and children of such of the subscribers as may not, at their demise, leave property sufficient for the subsistence and education of their families; also to assist in maintaining such of the subscribers themselves as may be compelled by sickness or infirmity to return to Europe, without an adequate provision for their support.

It is at the option of the civil servants of this establishment, either to subscribe thereto, or otherwise.

The following are the rates of contribution :

If the salary or other public allowances of the subscriber be not more than 1000 sa. rs. per mensem, his monthly subscription to be *Sicca rupees* 10
 If more than 1000 and not above 2000 20
 If more than 2000 and not above 3000 30
 If more than 3000 and not above 4000 40
 If more than 4000 50

The contribution payable by each subscriber is deducted from his monthly allowances by the sub-treasurer, collector, or other officer, paying the same, and transferred to the treasurer of the fund. The committee of managers may, in particular cases, admit a deviation from it, if a different mode of payment shall be desired by any subscriber.

All applications for admission to the benefits of the fund are to be made to the committee of managers; and to be accompanied with the necessary information, documents, and proofs, to enable the committee to ascertain the circumstances and situation of the party applying. The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the whole case for the determination of the subscribers, at the next general meeting. In cases of emergency and distress, however, when the managers may consider the claim valid, they are authorized to advance such proportion of the fixed allowances hereafter specified as may appear to them indispensably requisite, until a determination can be passed by the subscribers.

Any subscriber to the fund who may be compelled by sickness or infirmity to proceed to Europe for the recovery of his

health, and shall not be possessed of sufficient means to pay for his passage to Europe, and support himself and family during his necessary absence from India, on his making a declaration upon oath to this effect, or otherwise establishing the fact, and producing a certificate of the necessity of his return to Europe, solemnly attested by the surgeon who has attended him, and count countersigned by a member of the medical board, with the consequent permission of government for his proceeding to Europe, will receive from the fund a donation, equivalent to the Company's allowance for a twelvemonth to a servant, of his rank when out of employ; viz. if he be a senior merchant, 4000 sicca rupees; if a junior merchant, 3000 sicca rupees; if a factor or writer, 2000 sicca rupees. At the expiration of one year, if the party be in Europe, a further donation shall be made to him, on his application to the agents for the fund in England, equal to that advanced to him upon his embarkation from India; at the exchange rate of two shillings and sixpence for the sicca rupee, viz. £500, £375, or £250, according to his rank in the service at the time of his leaving India. Should the imperfect recovery of his health render it necessary to protract his stay in Europe beyond the second year; and, besides his own declaration upon oath to this effect, he shall produce to the agents for the funds in England, a certificate solemnly attested by a respectable physician, or other professional gentleman of established practice, that the state of his health has not admitted of his previous return to India, he will, at the commencement of the third year after his embarkation from India, receive, from the agents in England, a donation equal to a moiety of the amount paid to him in the preceding year, and another moiety on a similar declaration and certificate at the end of six months, viz. two years and a half after his embarkation from India, if he be still in Europe, which is to be considered to include all claims whatever upon the fund to the period of his return to India: passage money is granted, in cases appearing to require it, in addition to the sums above specified, and in such cases the amount is to be determined by a general meeting of the subscribers.

On the death of any subscriber to the civil fund, who may not be possessed of property sufficient to provide for his family, and may, consequently, leave a wife, cohabiting with him, or maintained by him and living under his protection to the period of his decease, without an adequate provision for her support, as hereafter specified; if, on the information, documents, and evidence, which may be submitted by her to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object, a pension is to be assigned to her, under the provisions and limitations stated in the following article. Provided that nothing contained therein, or in any other part of the rules for this institution, shall be considered to entitle to the benefits of it, any widow, who may have been legally divorced or separated from her husband for adultery; or who, at the period of her husband's demise, may have quitted his pro-

tection, and be living in a state of notorious adultery, though not divorced or separated from him by law.

First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred rupees per mensem, a pension to be assigned to her of three hundred rupees per mensem, during her residence in India. If the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income, from her husband's estate or otherwise, shall not exceed one hundred pounds per annum, the pension to be assigned to her to be three hundred pounds per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred sicca rupees per mensem, but exceed not four hundred rupees, or if the widow be not resident in India at the time of her husband's demise, or shall afterwards, quit India, and her income be more than one hundred pounds per annum, but shall not exceed four hundred pounds per annum, the pension to be assigned to her is to be such as will make up her income to four hundred rupees per mensem, during her residence in India, or four hundred pounds per annum in Europe, or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned, acquiring subsequently, by inheritance, bequest, or otherwise, any property or income which, with the property left to her at her husband's decease, and the pension received by her, may render her total income, including her pension from the fund, more than five hundred rupees per mensem, during her residence in India, or more than five hundred pounds per annum in Europe, or elsewhere, her pension from the fund is liable to abatement, proportioned to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of five hundred rupees per mensem in India, or five hundred pounds per annum in Europe, or elsewhere.

Fourthly. All pensions of widows are also liable to discontinuance on their remarriage. But in the event of their being again left in a state of widowhood, without an adequate provision for their support, they may be again admitted to the benefits of the fund, under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, are to be paid in advance half-yearly to themselves or to their authorized agents. But the acknowledgment of the widow herself shall be taken for all sums paid in her behalf; and shall contain a solemn declaration that her entire income, including the pension received by her, does not exceed the sum limited above.

Widows are, if they have no means of paying for their passage to Europe, supplied from the fund with such sum as may appear requisite for that purpose.

If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or

children, born in wedlock, without an adequate provision for their maintenance; and on the information, documents, or evidence which may be submitted in their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that they are proper objects, an allowance for their maintenance and education shall be signed from the fund, under the provisions and limitations contained in the following article:

First. If the child or children of the deceased subscriber be left without any provision, the allowance for the education and maintenance of each child to be granted from the fund, in India or in Europe, is to be according to the age of the child, as follows, *viz.*

Till five years of age, thirty rupees per mensem in India; or thirty pounds per annum in Europe.

From the commencement of the sixth year, to the end of the eighth, forty rupees per mensem in India; or sixty pounds per annum in Europe.

From the commencement of the ninth year, to the end of the eleventh, fifty rupees per mensem in India; or eighty pounds per annum in Europe.

From the commencement of the twelfth year, sixty rupees per mensem in India; or one hundred pounds per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children; or if after his death they shall at any time become possessed of property or income by inheritance, bequest, or otherwise, but not such as to afford the sums specified for their education and maintenance; the allowances to be granted from the fund are to be such as, in addition to the property or income possessed by them, will make up the several sums above specified, according to their respective ages; and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children of a subscriber, at his demise, or which may subsequently devolve, or be in any wise acquired by them, being such as to afford the full amount specified for their education and maintenance, they are not considered entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income are to be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, are to be paid in advance half-yearly, to their guardians or relatives, or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England; who from time to time are to adopt such measures as may appear necessary for the purpose of ascertaining any accession of property, which would render the allowances from the fund liable to abatements or discontinuance.

Fifthly. The provision so made from the fund, for the maintenance and education of female children, ceases on their marriage, or on their being settled in any profession or employment; and the provision for male children ceases on their being settled in any pro-

fession or employment, or on their attaining the age of twenty-one years. But any requisite sum, not exceeding five hundred pounds, may be appropriated to the benefit of male or female children by the managers of the fund in India; or by the agents of the fund in England, at the time of their marriage, or of their being settled in any profession.

For children who may be in India when admitted to the fund, and who may be sent to England for their education, with the concurrence of the managers, passage money, if requisite, is to be supplied from the fund, not exceeding one thousand sicca rupees for each child. An allowance for passage money, not exceeding one hundred pounds, also to be granted if it appear necessary, for the return to India of any children admitted to the fund, who, after completing their education in Europe, may return to India.

In all cases of application being made to the fund for assistance to the family of a deceased subscriber, an authenticated copy of the will of the deceased, or, if he shall have died intestate, a full authentic statement of any property left by him, and of the legal heirs thereto, must be submitted for the information of the managers and subscribers. A general meeting of subscribers has full power to reject the application for aid from the fund, where it may appear that a subscriber, leaving property, has made an improper devise of it, with a view to throw his family upon the fund, or has purposely neglected to make a disposition of his property for the benefit of his family.

Those who may arrive in India, and subscribe to the fund, are considered subscribers from the time of their arrival at Fort William, or from the commencement of any allowances receivable by them as civil servants of the Bengal establishment. But no civil servant of this presidency in India, who may not accept the invitation given to him by the preceding article, within six months after his arrival in India, shall be admitted to become a subscriber.

The contribution of every subscriber to the fund ceases upon his leaving India, to return to Europe; but in the event of his returning to India, and again receiving allowance from the Company, he is to renew his contribution from the commencement of such allowance.

If a subscriber to the fund, at the time of his retiring from the service to return to Europe, shall have contributed, by his previous monthly payments to the fund, the principal sum of five thousand sicca rupees; or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount; such contribution shall entitle the family of the subscriber, on his demise, to the benefits of the institution, under the several provisions herein-stated, or such as may be hereafter established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund, who may die during his temporary absence from India for the recovery of his health, are also considered entitled to the benefits of the fund, under the existing rules of it, whether such subscriber may have contributed more or less than five thousand sicca rupees. In all other cases, if the deceased

member of the institution shall not have been an actual subscriber to the fund at the time of his death, and shall not have contributed five thousand sicca rupees to the fund, it shall be at the option of the subscribers to admit his family to the benefits of the fund or otherwise.

If a subscriber to the fund shall be dismissed from the service, he shall cease to be entitled to the benefits of the institution, and, in the event of his death, his widow and children shall, in like manner, have no claim to the benefit of the institution.—But on his dismissal the amount of his actual contribution to the fund, without interest, shall be returned to him; unless his circumstances should be such, as would have wholly precluded him and his family from any benefit if he had remained a member, in which case he shall not be entitled to receive back any part of the amount contributed by him.

If a subscriber to the fund shall be suspended from the service he shall, during the period of his suspension, cease to be entitled in his own person to the benefits of the institution; but, in the event of his restoration to the service, he shall be restored to his former right; and if such subscriber shall die during the period of his suspension, his widow and children shall be entitled to the benefits of the institution in like manner as if he had not been suspended.

If a married subscriber to the fund shall proceed to Europe, otherwise than under medical certificate and as an incumbent upon the funds of the institution, it shall be optional with such subscriber in order to secure to his family the benefits of the institution, in the event of his death while absent from India, either to make up his subscription to the sum of Sa. Rs. 5,000, or to secure a continuance of the payment here, during his life, or monthly subscription to the fund at the average rate paid by the subscribers of the same years standing upon the civil list: Provided however that no subscriber shall be permitted to avail himself of the above rule for a period exceeding five years, from the date of his departure; nor will any subscription at the average rate be received after the expiration of that period: Provided further, that in case the average payments above described shall be discontinued, for a period of one year consecutively, the same shall be held and deemed to be a resignation and abandonment of the institution, and the family of the subscriber shall not have any claim upon the fund, upon payment of the arrears due; except upon good and sufficient cause for the omission being shown to the satisfaction of a general quarterly meeting of the subscribers.

That the allowance drawn from the fund by civil servants proceeding to Europe on sick certificate be recoverable from them on their return to the service, without interest, by monthly instalments, not less than three times the amount of their monthly subscriptions while out of employ, or receiving less than 1,000 per mensem; and not less than ten per cent. on their salary and other allowances, when drawing 1,000 rupees per mensem or upwards.

3d. Officers of the Bengal medical establishment.

4th. Officers of the Bengal establishment on the retired list.

2. Cadets or ensigns, however (if unmarried), will, on their arrival, be called upon for subscription only, but will be required to pay the full donation of lieutenant on attaining that rank.

5. A subscriber withdrawing from the fund, forfeits, *ipso facto*, all claims to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession. Should he afterwards be desirous of again becoming a subscriber, he will be admissible on the same terms as a new subscriber, as described in the fourth article.

6. Subscribers who may retire from the service on the prescribed pension of their ranks, or who may return permanently to Europe, shall not forfeit their title as subscribers to the eventual benefits of the fund, provided they continue the regular payments of monthly subscription of the rank they had attained at the period of retiring, agreeably to the rates laid down for each rank in Table No. 2.

11. The donation may be paid at once, or by monthly instalments, not exceeding twelve, at the option of the subscriber, in failure of which all claims shall be forfeited upon the fund, either for himself or widow, unless the amount be paid with interest at 12 per cent. per annum from the day of admission.

12. Eligible individuals who may have applied to the secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

13. Monthly subscriptions of subscribers shall be paid within four months after they become due, on pain of exclusion from the society or forfeiture of double the arrears of subscription, except satisfactory reasons can be assigned for the delay of payment. Officers authorizing their paymasters to deduct their subscriptions from their monthly pay, shall not be subject to the above penalty; but shall nevertheless be responsible for the arrears, in case it shall appear that the paymaster has neglected to make the proper deductions; if payment be then refused, the name to be struck off. Arrears which may be due to the fund by a subscriber at the time of his death, will, if not discharged by the paymaster of the corps to which the deceased was attached, or by his executors or agents, be deducted from the pension of his widow.

14. All subscribers marrying after their admission into the fund, and who may be desirous that their widows should possess claims to the eventual benefits of the fund, are required to inform the secretary of their marriage; and, unless this information be given, and payment of the additional donation made within six months after such marriage, the subscribers shall be required to pay double the amount, with interest.

15. Subscribers who may have proceeded to Europe on sick certificate, or who may be in the receipt of any periodical aid from the fund, shall, during such period, be exempted from the payment of monthly subscription. The exemption never to exceed three years, and not to be repeated until after an uninterrupted subscription of eight years.

16. Subscribers who may be prevented from drawing pay from a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall, during such period, be exempted from the payment of monthly subscription, without forfeiture of the rights of the subscription; but on the removal of such incapacity, and upon the receipt of pay, the arrears are to be made good within six months.

Section III.—Benefits derivable from the Bengal Military Fund.

17. The benefits derivable from the Military Fund are twofold.

1st. Such as are granted by the regulations to subscribers while living.

2d. Such as are granted to widows of deceased subscribers.

18. The benefit granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time

being, who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim; it will in such cases be their duty to call for further information from the claimant; and, if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim.

19. A subscriber of whatever rank, who may proceed to Europe on sick certificate, and who may not be allowed passage-money from Government, shall be authorized to apply to the Military Fund for the passage-money regulated for his rank,* provided his application shall be accompanied by a sincere and solemn declaration that he does not possess the sum of rupees 10,000, or property of any description to that amount; and also shall be entitled on his return to India to receive from the agents in England the sum regulated for the outward passage on the production of a similar declaration.

20. A subscriber so proceeding to England on sick certificate, shall be authorized to apply for the further sum of rupees 700 for his equipment, his application being accompanied by a solemn and sincere declaration of his not being possessed of the sum of rupees 2,000, or property of any description to that amount; but no allowance will in any case be made for equipment to a subscriber returning to India.

21. Subaltern officers proceeding to England on sick certificate, who shall make a solemn and sincere declaration that they do not possess property which will produce an income of £50 per annum, shall be allowed that sum annually during the period of receiving English pay on furlough. The declaration to be renewed annually.

22. It having, however, been deemed necessary to set limits to the claims for gratuitous passage-money, equipment allowance, and income to subscribers proceeding to England on sick certificate, no subscriber shall consequently be entitled to this indulgence more than once in eight years; but in urgent cases of the certified sickness of a subscriber, who may have already received the benefits of the fund within that period, the application shall be submitted to the consideration of the subscribers at large, who will decide if any or what sum may be advanced as a loan, to be repaid within twelve months after the return of such member to Bengal, provided he may then have attained the rank of captain, otherwise within twelve months after he shall have attained that rank.

23. Subscribers proceeding to England from any place not under

Subalterns.....	1,500

the Presidency of Bengal, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

24. The second class of benefits, namely, those granted to widows of deceased subscribers, are absolutely not dependent on the decision of the directors, but controlled solely by the regulations of the institution.

25. The widows of deceased subscribers shall be entitled to receive the annuities specified in the annexed table.

Provided that nothing contained herein, or in any other part of these rules of the institution, shall be considered to entitle to the benefits of it any widow who may have been legally divorced or separated from her husband for adultery, or who, at the period of her husband's demise, may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law.

26. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her again becoming a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limitations and conditions prescribed by the regulations in the first instance. If the second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be the greatest; that is to say, according to

the rank of the first or second husband, whichever may be the higher.

27. Every widow benefiting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to an allowance of 2,000 sicca rupees, provided the directors shall be satisfied, after due inquiry, that from the indigence of her circumstances she has a reasonable claim to such assistance from the Fund.

Section V.—Eventual Benefits of the Fund.

28. Independent of the benefits which have been rectified, the Bengal Military Fund is considered as holding out the prospect of benefits under the following circumstances:

1st. To subscribers compelled by ill-health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank and an annuity which shall render their total income, from whatever source derived, with the exception of pensions for the loss of an eye, or limb, or permanent injury equivalent to such loss, equal to the full pay of their rank.

2d. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service without having obtained the rank of major, the regulated passage money of their rank, and such assistance from the fund as will render their whole income, from whatever source, with the exception of pensions for the loss of an eye, or limb, or permanent injury equivalent to such loss, equal to the pay of major.

3d. It shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

29. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors, after submission to the army, to make a proportionate deduction from the annuity of each annuitant, excepting always the present annuitants of the Bengal Widows' Fund and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

Section VI.—Loans to be advanced by the Fund in certain Cases.

Members who have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

30. A subscriber proceeding to England on sick certificate, with his wife and children, and subscribing to a solemn and sincere declaration that he is not possessed of property to the value of Rs. 10,000, shall be entitled to apply for passage money at the rate of Rs. 2,000 for his wife, and Rs. 1,000 for each child, to be advanced by the Military Fund as a loan, upon such security as shall be approved by the directors. The amount to be repaid with interest at the rate of four per cent. per annum, within two years after the subscriber's return to India,—provided he may have attained the rank of captain, otherwise within two years after he shall have attained that rank,—and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

31. In urgent cases of the certified sickness of a subscriber who may have already received the benefits of the fund on sick certificate within the term of eight years, the application for assistance shall be submitted for the consideration of the subscribers at large, who will decide if any, or what sum, may be advanced as a loan, under the restrictions recited in the preceding article.

Section VII.—General Regulations.

32. The Bengal Military Fund is to be administered by a president and twelve directors, to be chosen annually, on or about the 15th of January, by a general meeting of all subscribers who may be present at the presidency. Subscribers who may be absent from the presidency may vote for directors by proxy, on addressing to the secretary letters containing the names of the persons for whom they wish to vote, or by transmitting such names under their signature to the general meeting by the hand of any other subscriber. The directors who shall be found duly elected shall then choose their president from amongst themselves. The precise day and place of meeting shall be notified by the president, in the Government Gazette, at least two calendar months beforehand.

33. At the annual meetings the accounts of the fund, and proceedings of the directors for the past year, shall be laid before the meeting, for inspection and approval by the subscribers present, who were not of the direction; after which the meeting at large will proceed to choose directors for the ensuing twelve months. The accounts to be published for general information.

34. The directors of the past year are eligible to be re-elected.

35. All subscribers who may have contributed to the fund by paying donations and subscriptions in their respective ranks, during six continued months before any meeting, are entitled to attend to examine the accounts and proceedings, and to vote for directors.

36. In the event of a vacancy in the office of directors occurring, in the intermediate period between two annual meetings, the directors may choose a successor from amongst the subscribers at the presidency, who may be eligible to the office.

37. On occasions of any particular and important business which may necessarily require the opinion of the society at large, special meetings will be called of the subscribers at the presidency (others voting by proxy) as provided for in Article 32. Or if any alleged mismanagement, or other emergent cause, should occur to any twelve subscribers to require the notice of the society at large, a special meeting shall be summoned by the president on the written requisition of such twelve subscribers under the forms above prescribed.

38. The directors shall have a secretary chosen by themselves, who also shall be an accountant, with an establishment, upon such allowances as shall be deemed adequate to the respective duties.

39. The secretary will be expected to have an office at his own residence for the accommodation of the meetings of the directors, for the preservation of the records, and for the purpose of affording access to the officers of the army at large to the books of the institution.

40. The directors of the fund will hold regular monthly meetings; but no meeting of the directors consisting of a smaller number than five shall be competent to the transaction of business; and it will rest with any director, or with the secretary, to represent the occurrence of such necessity to the president, who will convene a special meeting within ten days from the date of his receiving the application; but no special meeting shall be called with the view of reconsidering resolutions which may have been already adopted by a former meeting of directors, unless at the requisition of a number of directors greater than that which attended such meeting.

41. The secretary will invariably lay before the directors, either at the regular or special meetings, all letters that may have been received by him since the last meeting. Minutes of the proceedings of all meetings will be recorded and authenticated by the signatures of the directors present. The secretary will also submit to the directors who attended, drafts of all the letters which in those meetings he may have been desired to write. Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the secretary, without waiting for a meeting of the directors; but every letter proposed to be dispatched by the secretary, must previously receive the special sanction of one director, signified by his initials to the drafts, which will be sent to him for consideration.

42. The secretary will keep the set of books in use in the Military Widow's Fund, under instructions which he may receive from time to time from the directors of the funds.

43. The books and correspondence of the fund shall be at all times open to the inspection of subscribers.

44. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration, and the affirmative or negative of the majority of individual votes shall decide its adoption or rejection.

45. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred by the directors and decided upon in the manner prescribed in the preceding article, and the decision upon such appeal, or that of the directors in cases not appealable, shall be final in all cases whatever; any further agitation of the question, by a process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

46. When a reference shall be made to the subscribers at large respecting either a proposed regulation, or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

47. Generally all payments due from the fund are to be made half-yearly in England, and monthly in India, but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

48. Any arrear which may be due to the fund, by a subscriber or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

49. All income derived from the Bengal Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

50. In the event of a member of the fund being dismissed the service, the directors are authorized to afford the unfortunate individual such assistance as they may deem advisable, limiting the extent of the sum advanced to the net amount contributed by such dismissed officer during the period of his subscription to the institution, and deducting such sums as he may have borrowed from the fund; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the arrears be paid up within a period equal to that of the suspension and immediately succeeding it.

51. If a subscriber who may be dismissed from the service, by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund on payment of the arrears that may have been accumulated, with compound interest thereon, in the same manner as if he had suffered only temporary suspension.

52. All property belonging to the Military Fund at any period shall be invariably vested in the Honourable Company's securities with exception of a small balance to meet current expenses, and monthly pensions.

53. When interest may be chargeable, according to these regulations, on sums either receivable or payable by the Military Fund, in account with subscribers to that fund, or their families or repre-

sentatives (with exception to the case provided for in Article 30), that interest shall be always calculated according to the rate allowed by the Honourable Company on the property of the fund vested in the public treasury at this presidency, at the time when such sums may be received or paid.

54. The existence of the Military Fund must be known to all persons entering the service, and in the course of six months they must necessarily have various opportunities of learning the tenor of the regulations; it will nevertheless be the duty of the secretary to communicate to each cadet, officer, chaplain, or assistant surgeon, entering the service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of his delaying it for more than six months. This communication is to be made immediately on the promulgation of the order admitting to the service any individual of the class above-mentioned, and is to be repeated at the expiration of three months, but the miscarriage or non-receipt of such communication will not be admitted in bar of any existing regulation.

55. The business of the fund in Europe shall be conducted through the agency of Sir G. A. Robinson, Bart., Lieut. Colonel J. Salmond, and Henry Trail, Esq., who will from time to time receive the necessary instructions for their guidance, and to whom such applications will be preferred as cannot with equal convenience be submitted to the directors of the fund in India.

N.B. General Officers, colonels, and lieutenant-colonels do not pay any stated monthly subscription, it being left to their own discretionary voluntary contribution.

Regulations for the Admission of Orphans, sanctioned by the Army, and ordered to have effect from the 1st February 1819, at a Meeting of the General Management, held the 24th December 1818.

I. That no child be admitted who shall be possessed by inheritance, bequest, or otherwise, of the sum of sicca rupees 7,000 (seven thousand), or an annuity yielding sicca rupees 420 (four hundred and twenty).

II. That no child possessed of any property less than the above sum shall be admitted, unless the amount shall be lodged for its use and benefit in the society's funds.

III. That no child of any subscriber, dying intestate, shall be admitted, if on inquiry there shall appear to have been (after payment of lawful debts, and adequate provision made for the mother) property remaining to the estate, equal to making a provision for, and which might have been bequeathed to such a child.

IV. In any case when an officer may die, leaving a natural born child or children, and possessed of property not sufficient to preclude the children from the benefits of the institution, and such officer shall not by will make such reasonable provision for these children as his circumstances may enable him, such children shall not be entitled to the benefits of the institution.

V. That when, in the will of any subscriber, part only of his children are provided for, and others either excluded by name, or otherwise not noticed in its provisions, such omission arising manifestly out of the intention of the testator, such exclusion or omission shall be considered to invalidate the claims of all the children on the institution.

VI. That all cases of capricious or unequal provision, which by favouring the mother preferably to the children, or one child in preference to another, shall appear calculated to throw all or any

MILITARY ORPHAN SOCIETY. BENGAL. 208

part of a subscriber's family unnecessarily on the fund, shall in like manner, as in the foregoing article, be considered to invalidate the claims of all.

VII. That any provision by will for the widow of a subscriber greater than 3-5ths (three-fifths) of the property to be devised when there shall be only one child; $\frac{1}{2}$ (one-half) where there shall be two, and 1-3d (one-third) where there shall be any greater number of children than two; the remainder being in all cases considered the property of the child, or (in equal portions) of the children, shall be considered unequal, agreeably to the two foregoing articles, and invalidate the claims of the children accordingly. Provided always, that a provision for the widow, to the amount of 12,000 sicca rupees (sicca rupees twelve thousand), shall not be held to invalidate the claims of the child or children, although such sum may be more than three-fifths, one-half, or one-third of the property devised.

VIII. That in all cases of children born not in wedlock, any provision for the mother exceeding sicca rupees 30 (sicca rupees thirty), if a native; if European, sicca rupees 50 (sicca rupees fifty), per month, the principle of such sum in all cases to be secured to the child or children, shall be considered in the same light as the above, and invalidate all claims upon the institution.

IX. That subscriptions for the families of deceased subscribers are in all cases to be regarded as available sources of relief to the funds of the society, and in that view are to be considered of, and judged by the foregoing rules, in the same manner as any other disposable property; with this only exception, that, whereas such subscriptions are for a joint benefit, and lodged in the hands of trustees, it shall not be indispensable that the orphan's portions (estimated as above) be paid as capital sums into the society's funds; but it shall be sufficient that the interest upon them be from time to time duly paid by the said trustees into the society's treasury, so long as the orphans continue an expense to the institution, to be appropriated to their maintenance, whether in Europe or in India.

X. That should such children be allowed to remain with parent or friend, the interest on their said portions will be calculated in part payment of the regulated monthly allowance, the society regularly paying or receiving the balance; but should they be placed at Kidderpore, or under the management in England, the amount of interest on their several shares (calculated as above) must be paid into the funds of the society, on failure of which payment during a period exceeding 12 months, the said orphans shall be liable to be struck off the books of the institution.

XI. That with a view to obtain the most correct information possible, as well on the foregoing as all other points affecting the interest of those children who may be offered to their guardianship, the general Management will and do expect (besides the customary affidavit) the fullest information from executors and others, and an unreserved communication of testamentary and all other

documents, of which the nature of the specific cases may admit, and do reserve to themselves the entire right, conveyed to them by their original constitution, of rejecting orphans tendered without such information and documents; or if, on reference to them, there shall appear any evidence of design unnecessarily and intentionally to burthen the fund, by throwing on it those who might and ought to have been otherwise provided for.

XII. That the marriage portion to female orphans shall in no case exceed sicca rupees 2,000; and if the ward claiming the dowry has property to an amount exceeding sicca rupees 3,000, the society will advance a sum that shall increase the amount to sicca rupees 5,000.

2. The maximum and minimum laid down in Table A. Section 1. is fixed as the maximum and minimum of aggregate contribution for all classes of subscribers, so that each subscriber, on the one hand, having paid a certain amount added up without interest in either of the classes (or the *maximum*), shall be exempted from further contribution while he may continue in that class; and, on the other hand, that before the benefits issue in full from the fund, either to subscribers or to families, a certain amount calculated without interest also (or the *minimum*), shall be derived to the fund from the subscriber, or in the case of his death, from the amount payable to his family. In the latter instance, the rates of deductions for paying up the arrears of *minimum* due are to be regulated by the Table D.

3. The donation may be paid at once or by monthly instalments, agreeably to table B., at the option of the subscriber. If the subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

4. But although a period of eighteen months is also granted as an indulgence for the payment of the *maximum* by a person who may not have applied to subscribe to the fund within six months after his admission on the establishment, it is to be clearly understood, that any arrears of that maximum at the period of the death of such subscriber, or at the date of the sick certificate, on which he may have obtained leave to proceed to Europe, shall be deemed a forfeiture of all claims upon the fund, either for himself or family.

5. Nevertheless, on the death of any subscriber, whose family may be excluded from the benefit of the fund by the preceding paragraph, such family will be entitled to receive from the fund the full amount of subscription, with interest accumulated half-yearly, that may have been paid by the subscriber on whose behalf they claim, provided the subscription shall not have been previously forfeited under 9th article of this section.

6. Officers on their promotion or marriage will be required to pay up the difference between the amount of donation already paid by them, and the amount specified in the second and fourth columns of Table B., as the aggregate of each class and condition.

7. Donation is in no case to be returned.

8. All subscribers marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation; and unless this information be given, and payment of the additional donation made within six months after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.*

* This article is applicable to the marriage of widowers as well as to that of bachelors

9. Any arrear, not sanctioned by the 3d and 4th articles of this section, equal in amount to six months' subscription, shall subject the subscriber owing it to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding article within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the fund.

10. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall *not*, during such period, be exempted from the payment of monthly subscriptions.

11. subscribers who may be prevented from drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, or one-thirtieth part if unmarried, and one-twentieth if married, of any arrears of regimental garrison pay and allowances which they may so receive.

12. It is optional with married subscribers to pay a donation of 282 rupees or not, within one year after the birth of each daughter; the advantage resulting from such payment being, that the annuity which on the death of the subscriber becomes payable to such daughter, shall be continued to her until her marriage or death, in the manner prescribed; and in the event of its not being paid, the annuity to the daughter will cease on her attaining the age at which annuities to sons are discontinued. A posthumous daughter, or a daughter whose father may die before she be one year old, will be entitled to the advantages of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D.

13. Officers retired on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to pay up their arrears, without interest, towards their respective maximum, within one year after the adoption of the regulation may be made known in England; or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.—Persons entitled to the Benefits of the Fund.

1. The persons entitled to the benefits of the fund are:—1st. All subscribers to the fund, for such benefits as are personal, under the restrictions prescribed by the regulations. 2d. All widows and legitimate children of those who were subscribers, and were married on the 1st April 1808, and the children of such previous marriages are entitled, without distinction, to the full benefits of the fund, either in quality of orphans, or in future as widows.

2. With regard to marriages contracted subsequent to the 1st April 1808, it shall be an indispensable qualification that both the parents of any and every claimant shall have been European, or of unmixed European blood, though born in other quarters of the world; four removes from an Asiatic or African being considered as European blood.

3. Legitimate children of those who were married subscribers on the 1st April 1808 (provided they be the offspring of such marriages), as also the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans or hereafter as widows, notwithstanding the restriction contained in the preceding article.

4. Marriages, subsequent to the 1st April 1808, with persons of mixed blood (who may not be included in the third article), exclude the widow and children from the benefits of the fund; but subscribers contracting such marriage will continue to enjoy all the personal advantages of the fund, and will besides have the option of paying the additional donation on marriage; which payment, and the continuance of subscription, will entitle the widow and children of such subscriber to receive from the fund the amount of nett subscription paid by him with compound interest, accumulated half-yearly, after deducting therefrom, with similar interest, the amount of any advances which he may have previously received from the fund on account of sickness or other cause.

Section IV.—Benefits derivable from the Fund.

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Subscribers who may have applied to the secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber who may proceed to Europe on sick certificate in conformity to the regulations of the army, and who may not be allowed passage-money by Government, shall be entitled to the passage-money regulated for his rank, provided his application shall be accompanied by a declaration on oath, that he does not

possess the means of paying for his passage, and also shall be entitled on his return to India to receive from the secretary in England the sum regulated for the outward passage, on the production of a similar affidavit.

5. A subscriber so proceeding to England on sick certificate shall be entitled for his equipment to a further sum not exceeding Rs. 400, if unmarried; or if married, in addition to the above sum, he will be allowed Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by an affidavit of his not possessing funds for the purpose; but no allowance will, in any case, be made for equipment to a subscriber returning to India.

6. Subscribers, being subalterns proceeding to England on sick certificate, who shall make oath that they do not possess property which will produce an annual income, including their pay, equal to £140, shall be allowed such sum annually as, with their pay and other income, will make up £140, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

7. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 19th article of this section; provided, however, that such additional allowance for the whole family never exceed his own income allowance. A captain, in like manner, being at home on sick certificate with a family will be entitled to a similar allowance for his family, provided he take the oath prescribed for subalterns; but such allowance is never to exceed that of a lieutenant.

8. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

9. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

10. The widows and legitimate children of deceased subscribers, admitted subsequent to the 15th October 1822, shall be entitled to receive the annuities specified in the annexed Table E., without reference to the amount of property such subscribers may have died possessed of, provided they shall have paid up, previous to their decease, the minimum of their rank; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

annuities, on production of the powers investing them with authority to act as guardians.

13. The pension payable to the widows of subscribers is in all cases to be subject to a deduction equal to the amount of Lord Clive's pension; accordingly an amount, equal to the pension payable by Lord Clive's Fund, shall in all cases be deducted from the income which might otherwise be claimed from the Military Fund by the widow of a deceased subscriber.

14. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest; but the widow of a colonel, lieutenant-colonel, or major, marrying subsequent to the date of these regulations, and reverting again to the fund upon the decease of her husband, shall be entitled only to the annuity specified in Table E.

15. The applications of widows admitted subsequent to these regulations having effect, and who were not married on the 1st April 1808, are to be accompanied by an affidavit.

16. Widows who may be admitted to the benefits of the fund subsequent to the date of these regulations, shall not be entitled to passage-money, except in cases where it may be certified by two medical officers to be absolutely necessary for the recovery of their health, when they will be allowed the passage-money established for the rank of their deceased husbands for one passage only. Widows who may declare upon oath that they have not the means of defraying their passage, will receive as an advance the amount allowed for the passage regulated for the rank of their deceased husbands; such advance to be repaid, with interest at 5 per cent., by instalments, at the rate fixed in Table D.

17. The passage-money for children admitted subsequent to the date of these regulations is fixed as follows, viz. £60 (or Rs. 525) for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, viz. £3, £9, £18, £30, £45, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

18. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th Oct. 1822, is to be accompanied by an affidavit.

19. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2-20th for the third child; 3-20th for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children

(two in each class) she will have to receive from the fund for herself	£180 11 3
For her six children	£180 0 0
Less 15-20th of £360 or	22 10 0
	157 10 0

Total, besides Lord Clive's bounty £338 1 3

But the aggregate of the children's annuities is in no case to exceed the amount of the widow's own annuity receivable from the fund.

Section V.—*Eventual Benefits of the Fund.*

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, viz. to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—*Loans.*

Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

1. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' sub-

sistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

2. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

3. A subscriber who may be desirous to remit money to his wife or children in Europe, shall be allowed to receive an order on the secretary of the fund in England for any amount which he may have previously paid into the fund here, either by instalment or otherwise: provided always, that any loss by exchange or otherwise shall be borne by such subscriber.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—*General Regulations (extracts).*

9. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

10. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

11. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

12. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the

directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

13. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

14. Any arrear which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

15. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

16. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

17. If a subscriber who may be dismissed from the service by a court martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

18. All property belonging to the Military Fund at any period shall be invariably vested in the Hon. Company's securities.

19. When interest may be chargeable according to these regulations, on sums either receivable or payable by the Military Fund in account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Hon. Company's securities at this Presidency, at the time when such sum may be received or paid.

20. The existence of a military fund must be known to all persons entering the Madras service; and, in the course of six months, they must necessarily have various opportunities of learning the tenor of the regulations. It will nevertheless be the duty of the secretary to communicate to each cadet, officer, chaplain, or assistant surgeon, entering the service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of his delaying it for more than six months. This communication is to be made immediately on the promulgation of the order admitting to the service any individual of the class above mentioned, and is to be repeated at the expiration of three months; but the mis-carriage or non-receipt of such communication will not be admitted in bar of any existing regulation.

21. The management of the affairs of the fund in England shall be conducted, as at present, by a secretary to be nominated

by the directors of the fund, and such secretary shall be required to furnish security in proportion to the extent of cash he may have in hand at one time. It shall be part of the duty of the secretary to furnish every cadet, assistant-surgeon, and chaplain, on his appointment to this Presidency, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

22. With the view of securing the fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be "*for the purpose of forming a capital*," and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

23. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table D., from the annuities of the widows of the four senior classes, from the annuities of all children, and from the payments to other claimants above the rank of subalterns, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.*

24. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principles of the preceding article.

25. Certificates, according to a prescribed form, shall be issued for the amount of every deduction to be made on the above principle, be numbered, dated, and registered progressively; and when it may be deemed advisable to put them in train of payment, the same shall be discharged to the parties holding them or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate; but no interest whatever will be paid on those certificates at any time.

* So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th Oct. 1832, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deduction have been reduced respectively to the standard of the new scale; from which period they shall all be included in the provisions of the article to which this note refers.

None of these regulations shall affect the annuitant admitted on the fund prior to the 15th Oct. 1822, regarding whom the previous regulations shall continue in force, except in such cases as are herein specially and otherwise provided.

The objects of the fund are:

To afford subsistence to the widows and legitimate children of medical officers (subscribers to the fund) dying in circumstances of indigence and distress.

To assist medical officers (subscribers) who are obliged to go to Europe in consequence of ill health.

And to afford to the senior officers of the Medical Establishment (subscribers) retiring from the service, annuities for life, under certain limitations, and depending on the state of the funds.

To the widows of all members, whether surgeons or assistant-surgeons, having subscribed prior to the 5th January 1815, who are in the circumstances entitling them to assistance, the fund grants such sums as will make their income three hundred pounds sterling annually.

To the widows of all surgeons, the same as above.

And to the widows of assistant-surgeons who became members subsequent to the 5th of January 1815 (unless the deceased shall have been fifteen years an assistant surgeon), the fund affords such assistance as will make their income two hundred pounds sterling per annum.

To the legitimate children of deceased subscribers, under circumstances entitling them to assistance from the fund, it is granted at the following rates:

To children under six years of age the income is made up to twenty pounds sterling per annum; but if a child have lost both its parents, the sum is made up to thirty pounds sterling per annum, and in the latter case the trustees act as guardians to the orphan.

From the age of six to twelve years the sum is made up to forty pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to seventy pounds sterling per annum.

To subscribers who find it necessary from ill health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is afforded as shall enable a surgeon to expend the annual sum of three hundred pounds sterling, and an assistant surgeon the annual sum of two hundred pounds sterling, for a period not exceeding three years (vide Deed).

To the senior subscribers retiring from the service, if the funds admit, annuities are granted of four hundred pounds per annum for life.

Widows, pensioners on the fund, marrying a second time, and thereby forfeiting their pensions, are, on becoming widows a second time, entitled to assistance, on furnishing the required affidavits.

Printed copies of the Fund Deed are to be purchased at the office of the Madras Gazette, and information respecting the fund is to be obtained at the Secretary's Office (at the Medical Board Office), between the hours of eleven and three daily.

REVISED REGULATIONS.—1st January 1827.

SECTION I.

Management of the Fund.

Art. 1. The management of the fund is vested in thirteen directors, who shall be elected by the subscribers at large. The senior director to be president.

2. The directors shall appoint a secretary under the sanction of the Commander-in-chief and the Governor in council; and such secretary shall receive a monthly salary of 200 rupees, and actual amount of expenses on account of establishment.

3. All applications relating to the Military Fund shall be addressed to the secretary, who shall lay them before the directors for their consideration, and shall communicate their decision to the applicants.

4. The directors shall meet once every three months, or oftener if necessary, for the transaction of business. But no business shall be transacted unless five directors attend the meeting.

5. It shall be competent for the directors, whenever they may deem it necessary, to institute an inquiry into the correctness of all claims founded on the regulations which are presented to them, and to reject such as may appear to them to have been preferred on insufficient grounds; but whenever a claim is rejected, the claimant may require the directors to submit his case for the decision of the subscribers at large.

6. If a subscriber wish any question, which is undefined by the regulations, to be submitted to the consideration of the subscribers at large, his request shall be complied with, provided that three directors deem such a reference expedient.

7. Except in the case just mentioned, all questions brought

before the directors shall be determined by the majority of votes of the directors present at the meeting.

8. A resolution, which has been passed at a meeting of the directors, shall not be brought again under discussion, unless a majority of the directors shall be of opinion that another meeting for the reconsideration of the subject is necessary.

9. All questions, submitted to the decision of the subscribers at large, shall be communicated by the directors, in letters forwarded by the secretary, and addressed to commanding officers of regiments, who shall collect and transmit to the secretary the votes of the officers under their command.

10. Officers on the staff, and officers and medical gentlemen unattached to corps, and clerical gentlemen, shall receive the circulars from and transmit their votes to the secretary.

11. Such votes shall, if possible, be transmitted to the secretary within three months after the receipt of the circular requiring them.

12. All questions submitted to the decision of the subscribers at large shall be determined by a majority of votes; but if two-thirds of the votes of subscribers be not received within the time specified, the decision of the question shall remain in suspense until that number be received.

13. The result of all references to the subscribers at large shall be communicated to them in the usual manner by the secretary.

14. The subscriptions and donations of subscribers will be received by the military paymasters at the different stations of the army, and all sums arising from these or other sources shall be lodged in the Company's treasury; but it is not to be considered any part of the secretary's duty to receive money on account of the fund.

15. The secretary shall keep the following books, which shall be open to the inspection of the subscribers.

An annual ledger, exhibiting the account of donations and subscriptions as rendered by paymasters.

A cash-book, to be balanced monthly.

A book, containing an annual account-current of receipts and disbursements in Europe.

A book shewing in abstract the actual state of the funds.

A book containing the minutes of meetings of the directors.

A book containing copies of the several minutes by the directors on questions submitted to their consideration.

16. The payments due by the fund shall be made half-yearly, viz. on the 31st of October and the 30th of April, except such as are due to annuitants or claimants embarking for Europe, to whom all sums due are to be paid up to the latest date practicable.

17. When interest is chargeable according to these regulations on sums receivable or payable by the Military Fund, in account with subscribers or their families, that interest shall be calculated at the rate allowed to the funds by the Honourable Company for

the amount lodged in its treasury at the time when such sums are received or paid.

18. On all occasions when advances made to, or arrears due by subscribers in England, become payable in India, the exchange shall be considered at 2s. 3d. per rupee, that being the rate at which sums advanced by the Honourable Court to the agents of the fund in Europe are repaid in this country.

19. In all cases where a deduction has been made from the annuity payable by the fund, on account of property or income possessed by the annuitant, should such property or income be from any unavoidable causes diminished or lost, then on the circumstances being stated to the secretary in India, or the agents in Europe, accompanied by an affidavit, specifying whether any and how much property or income remains to the annuitant, the annuity shall be proportionally increased until it arrives at the maximum of annuity due to the rank of the late subscriber; the operation of this regulation equally applies to the following description of persons, viz.

First. Widows and children admitted before the 23d September 1824.

Second. Female orphans, as specified in the 8th article of the 3d section.

Third. Sick officers at home drawing income allowance.

20. In like manner, if any annuitant on the fund shall acquire property or income, a proportionate deduction shall be made from his or her annuity, from the date when such property or income was acquired.

21. The business of the fund in Europe shall be conducted by Messrs. Inglis, Forbes, and Co., to whom all applications by subscribers in Europe shall be addressed.

22. The directors shall, from time to time, furnish Messrs. Inglis, Forbes, and Co. with such instructions as may be necessary for enabling them to reply to such applications; and in all cases of doubt, or difference of opinion, a reference shall be made to the directors in India.

9. Subscribers, on being promoted, shall pay the difference of donation between their former and increased ranks, as married or unmarried subscribers, agreeably to the rates specified in the 4th article of this section.

10. The above donations may be paid either at once or by instalments, not exceeding thirty-six.

11. An unmarried subscriber shall, in case of contracting marriage, make the secretary acquainted with the circumstance within six months after such marriage, and shall pay the difference between the donation of a married and unmarried subscriber, and monthly subscription as a married subscriber from the date of his marriage.

12. But if such information be not given, the subscriber shall pay double the amount of the difference between his donation as a married and unmarried subscriber, with interest added half-yearly; and if he do not pay this amount, and his subscription as a married subscriber from the date of his marriage, his widow and children shall forfeit all claims to the benefits derivable from

the fund; but such benefits as are personal shall continue to be available to him as an unmarried subscriber.

15. Subscribers who may have been dismissed and afterwards restored to the service, shall be readmitted to the benefits of the fund, on their recommencing their subscriptions from the date on which they shall again receive pay, and on paying back the amount of subscription which may have been refunded to them, in conformity to Section III, article 32.

16. Subscribers who may have proceeded to Europe on sick certificate, or who may be in the receipt of any periodical aid from the fund, shall, during such period, be exempted from the payment of monthly subscriptions.

17. Subscribers who may be prevented by any temporary cause from drawing pay, shall be exempted during such period from the payment of monthly subscriptions; but upon the removal of such incapacity the amount of arrears due to the fund shall be made good either at once, or by instalments not exceeding thirty-six.

18. Cornets and ensigns shall not be required to commence payment of their donations until they have been twelve months in the country.

19. If a subscriber fall in arrears with his donation or subscription, or instalments for six months, he shall pay double the amount of the arrears, unless he makes it appear to the satisfaction of the directors that such arrear was occasioned by unavoidable circumstances.

20. In all cases when a subscriber dies in arrears to the fund, in consequence of his paying the sums due by him by instalments, agreeably to the regulations, whether on account of loans or from any other cause, such arrears must be paid up, or otherwise his widow and children will be deprived of all claims to the benefits derivable from the fund. But in the adjustment of such arrears, it shall be optional with the parties either to pay up the sum at once, or by a deduction of ten per cent. from the pensions payable by the fund to the widow and children of such subscriber, until the same has been fully discharged.

Section III.—Benefits derivable from the Fund.

The benefits derivable from the Military Fund are either personal or transmittable by subscribers on their decease to their widows and children.

Benefits to Married Subscribers and Widows with Offspring.

Art. 1. The widows, legitimate children, and descendants of subscribers who were married on or before the 1st of November 1816, and the widows and legitimate children of subscribers who were married subsequent to that date, provided they are of unmixed European blood, though born in other quarters of the world (four removes from Asiatic or African being considered as European blood), shall be entitled to receive the following annuities.

2. The annuity, however, payable to the widows of subscribers, is in all cases to be subject to a deduction equal to the amount of Lord Clive's Pension.

3. No widow married after the 1st of November 1816 shall be entitled to the benefits of the fund unless she accompanies her application for the same with an affidavit, drawn up according to the form in the Appendix marked A.

4. If a widow, who is an annuitant on the fund, should marry, her annuity shall cease during her coverture, but in case of her again becoming a widow, she shall then be entitled to receive her annuity formerly granted to her. If, also, her second husband be a subscriber, it shall remain at the option of the widow to claim the annuity due to the rank of her first or second husband; but she shall receive no more than one annuity.

5. The children of subscribers who have paid the additional donation specified in Section II, article 8, shall receive the following increased annuities:

If bereft of one parent only, and under 7 years of age..	£30
Do. from 7 to 10 years	40
Do. from 10 to 18 years....	50
If bereft of both parents, and under 7 years	40
Do. from 7 to 10 years	60
Do. from 10 to 18 years....	80

6. The annuities to children shall cease on the completion of their eighteenth year, at which time the guardians of each of them shall receive from the fund the sum of £300, to assist in his or her establishment in life.

7. On application being made, and on sufficient reasons being assigned, the above sum of £300 may be paid previous to the child's completing its eighteenth year; but in all cases the payment of this sum shall extinguish all claim to a continuance of the annuity.

8. But the annuities of females bereft of both parents, granted under the 5th article of this section, shall continue until their marriage or death; subject, however, on their attaining the age of eighteen years, to the deduction of any yearly income beyond half the amount of pension which they may derive from any other source; and in case such other income shall amount to £120 per annum, the annuity granted by the fund shall cease and terminate.

9. The benefit of the preceding article shall be extended to such female children as at present receive annuities on the death of their mother, and to the unmarried daughters of deceased subscribers above eighteen years of age, provided that the increased donation specified in the 5th article of this section be deducted from the amount payable by the fund.

10. On the same condition, a child born within ten months after the death of its father, shall be entitled to the increased annuity.

11. In the event of a female annuitant receiving her portion before the death of her mother, and it becoming necessary for her to apply for the extended annuity, a deduction equal to one-fourth of her annuity shall be made until the portion be refunded.

12. All applications for annuities to children, the offspring of marriage contracted since the 1st of November 1816, from their next of kin or guardians, shall be accompanied by an affidavit, drawn up in the form in the Appendix marked B.

13. Annuities shall be payable to widows or guardians of chil-

dren at their place of residence, if in Great Britain and Ireland; and if resident in a foreign country, or at the Cape of Good Hope, to their constituted agents in London or Bombay; and if resident in any part of India not subordinate to this presidency, to their constituted agent at Bombay, at the rate of 2s. 6d. per rupee.

14. All widows who do not possess such amount of property as excludes them from the benefit of Lord Clive's Fund, and who are not provided with a passage to England by government, shall be entitled to receive (for one passage only) the passage money granted by government to the rank which her husband held.

15. All children, without reference to their age, or the rank of their parents, shall be entitled to receive the sum of 800 rupees to defray the expense of their passage to England.

16. A married subscriber shall receive, in addition to the equipment allowance payable to an unmarried subscriber, the sum of 200 rupees for his wife, and 100 rupees for each child, on making a declaration, upon honour, that he does not possess sufficient funds for that purpose.

17. A married subaltern (or widower with offspring) at home on sick certificate, shall, on furnishing the declaration required from unmarried subscribers, receive £20 per annum for his wife, and £10 for each of his children, if the number does not exceed two, in addition to his own income allowance from the fund; but the total sum payable on their account shall not exceed £40 per annum.

18. A married captain (or widower having offspring), at home on sick certificate, shall, on application, receive the same allowance for his wife and children as a subaltern, subject, however, to a deduction of any yearly income he may possess beyond his pay; such application to be accompanied by a declaration according to the form marked I in the Appendix.

19. A married subscriber shall be entitled to receive on his personal security, and free of interest, a loan equal to twenty months' net pay of the rank he holds, for the purpose of sending his wife and children to England, provided that the said loan be repaid by instalments within twenty months from the date of its advance.

20. It is however to be understood, that a married subscriber above the rank of subaltern, availing himself of the benefits under the preceding article, cannot be allowed to draw more than 1,000 rupees for each child; and in no case shall the sum advanced exceed twenty months' net pay of his rank. But married subscribers holding the rank of ensign or lieutenant are permitted, if they think it necessary, to draw the full amount allowed, though sending home only one child.

21. A similar arrangement of the same conditions shall be granted to a married subscriber in India for the purpose of bringing his family from England, provided that all loans formerly advanced to him shall have been duly discharged.

22. In all cases, when the widow and children of a subscriber

have become excluded, according to the regulations, from the benefits of the fund, it shall be competent for the directors to pay to such widow and children, if in distressed circumstances, a sum not exceeding 2,000 rupees.

23. Articles 12, 13, 14, 16, latter part 17, and 18 of section four of the former regulations were rescinded by the decision on the 5th proposition of the 36th circular; * but as this resolution was not to have a retrospective effect, all annuitants on the fund previous to the 23d September 1824 remain subject to the former regulations, and consequently such annuitants shall continue to furnish, every half-year, affidavits, specifying whether they possess any property or not, and in the former case its actual amount, and drawn up in the form in the Appendix marked C.

24. In the same manner, the next of kin or guardian of children annuitants on the fund, prior to the 23d September 1824, shall furnish a half-yearly affidavit in the form in the Appendix marked D.

25. But female annuitants receiving the extended annuity, shall still furnish, after their eighteenth year, half-yearly affidavits, specifying whether they have any, and what income or property besides that derived from the fund, and these affidavits shall be drawn up in the form in the Appendix marked E.

Benefits to Unmarried Subscribers.

26. Subaltern officers who proceed to Europe on sick certificate shall, on making a declaration on honour, according to the form F in the Appendix, that they do not possess property which will, including their pay, produce an income of £140, be entitled to receive from the fund such amount annually as, with their pay and other income, will make up that sum during the period of their receiving pay in England; and such subalterns, in case of acquiring any property or income during their residence in Europe, shall immediately furnish the agents with an affidavit specifying the same.

27. Subscribers, of whatever rank, who proceed to Europe on sick certificate, and who are not furnished with a passage by government, shall, on making a declaration on honour, according to the form in the Appendix marked G, that they do not possess the means of paying for their passage, be entitled to receive for that purpose a sum equal to the passage money granted by government to the rank which they hold.

28. Subscribers, of whatever rank, who have proceeded to Europe on sick certificate, shall, on making a similar declaration on honour, be entitled to receive, from the agents in England, a sum equal to the outward passage money granted by the Court of Directors.

29. Subscribers proceeding to England on sick certificate shall further be entitled to receive the sum of 700 rupees for their

equipment, on their application for the same being accompanied by a declaration on honour, according to the form in the Appendix marked H, that they do not possess sufficient funds for that purpose.

30. Subscribers proceeding to England from any other place than Bombay on sick certificate, duly obtained according to the regulations, shall be entitled to the same benefits on giving the secretary the necessary information, and furnishing him with the required declaration on honour.

31. Unmarried subscribers contracting marriage with persons excluded from the benefits of the fund by Section 3d, article 1st, shall continue to enjoy all the personal advantages derivable from the fund. Such subscribers may also pay the additional donation and subscription on their marriage as married subscribers; in which case their widows and children shall, on their death, be entitled to receive from the fund the amount of subscription paid by them, with compound interest accumulating half-yearly, deducting therefrom, with similar interest, the amount of any advances which they may have previously received from the fund, or to receive, in lieu of all demands, a sum not exceeding 2,000 rupees.

32. If a subscriber, whether married or unmarried, be dismissed the service, the directors are authorized to refund to him the amount of subscription which he has contributed to the fund, deducting therefrom any sums which may have been previously advanced to him.

SECTION IV.

Causes of Exclusion from the Benefits of the Fund.

Art. 1. A subscriber, prior to the late order of the Hon. Court, withdrawing from the fund, forfeits, *ipso facto*, all claims to the benefits derivable from it, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession.

2. The non-payment of donation, subscription, or any other sum demanded from them in conformity to the regulations, shall exclude subscribers from all benefits derivable from the fund.

3. The non-compliance with any regulation of the Military Fund, or the bringing under litigation any decision which has been passed in conformity to these regulations.

4. All income derived from the Bombay Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

5. The widow of a subscriber who shall have been legally divorced or separated from her husband, or who shall at the time of his death have quitted his protection, or shall be living in a state of adultery, though not legally separated or divorced, shall not

be entitled to any benefit from the fund under any circumstances whatever.

6. If, after the widow of a subscriber shall have been admitted to the benefits of the fund, it shall at any time appear to the satisfaction of the Directors that she is living in a state of incontinence, or in a manner discreditable to the memory of her husband, she shall forfeit all claims to the benefits derivable from the fund, and shall in future be deprived of her annuity.

SECTION V.

Eventual Benefits of the Fund.

Art. 1. Independent of the benefits which have been recited, the Bombay Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:

First. To subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank,

Second. To officers who may have served twenty-two years in India, and may be obliged by ill-health to retire from the service without having obtained the rank of major, the regulated passage money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major; and, as in the case of widows, the possession of an income not exceeding half the pay of a major of infantry, shall not occasion an abatement from the provision to be made from the fund.

Third. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank, provided always that the resignation of such officer shall actually have been accepted previously to embarkation.

3d. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction from the annuity of each annuitant, and from the payments to other claimants above the rank of subaltern, until the state of the fund

shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

FURLOUGH AND RETIREMENT,

Regulations respecting.

Officers must have served ten years on the island (except in case of sickness, of which satisfactory proof will be required), before they can be allowed a furlough, the period of which is two years and a half, reckoning from the time of their leaving the island until their return to it. During this time they are allowed the pay of their rank.

Officers having served twenty-six years, including two years for one furlough, or twenty-four years without any furlough, are allowed to retire on the full pay of their rank.

The superintending surgeon, when on furlough, is to draw pay as lieutenant-colonel; the head surgeon (having served twenty years) as major; surgeon as captain; and assistant surgeons as lieutenant. The pay of these officers on retirement also is regulated in the same manner. The period of servitude to entitle them to which is twenty-two years, including one furlough.

A chaplain, after seven years' service, is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service he is allowed the pay of captain only.

A chaplain, after fifteen years' service, is allowed to retire on the pay of lieutenant-colonel. After ten years, if his health will not allow him to continue in the service, on the half-pay of lieutenant-colonel; and after seven years, if prevented by the same cause from continuing in the service, on the half-pay of major.

MONIES, WEIGHTS AND MEASURES, OF INDIA.

The Article formerly published in this Register on the Monies, Weights and Measures of the East-Indies, has been discontinued on account of its insufficiency, as the article, if duly executed, must be far too extensive for the limits of this work.

Reference must therefore be had to a work expressly on those subjects recently published by Dr. Kelly, under the sanction of the Court of Directors, entitled *The Universal Cambist*, for a prospectus of which see the Advertisement annexed to this Register.

OATH to be taken by the Proprietors before Balloting.

I, A. B., do swear, That the sum of one thousand pounds, or more, of the
capital Stock of the United Company of Merchants of England trading to the
East-Indies, standing in my name, doth at this time belong, and hath, for the space
of twelve calendar months, actually belonged to me, in my own right, and not in
trust for any person or persons whatsoever; and that I have been in the actual
receipt of the dividends and profits thereof for my own use, freed and discharged of
all incumbrances which can or may affect the same, for the said space of twelve
calendar months; or that the same came to me, within the time aforesaid, by
bequest, or by marriage, or by succession to an intestate's estate, or by the custom
of the City of London, or by settlement; and that such Stock has not been trans-
ferred or made over to me fraudulently or collusively, on purpose to qualify me to
give my vote; and that I have not before given my vote on this ballot.

So help me God.

AGENCY

FOR

NEGOCIATING PASSAGES TO INDIA,

AND

EFFECTING INSURANCES

ON

PASSAGE MONEY AND BAGGAGE.

CAPTAIN THACKER,

With the view of affording facilities to Ladies, Gentlemen, and Families proceeding to India, has established an Agency for that purpose at

No. 4, Leadenhall Street,

where plans of the accommodations of different Ships may be seen, full particulars obtained, passages engaged, baggage shipped, and the requisite forms gone through at the India House. Captain Thacker possessing the peculiar advantage of having for many years commanded a Passenger Ship to and from India, can from long experience, afford such assistance and advice as will be found materially to conduce to the comfort of parties proceeding on so long a voyage, and at the same time greatly reduce the expence of outfit.

Applications from the Country punctually attended to and the required information forwarded.

No charges made to applicants, commission being payable by the Owners or Commanders of Ships in which passages may be taken.

ORIENTAL LANGUAGES

AND

GENERAL EDUCATION FOR INDIA

(Hindustani, Bengali, Persian, Arabic, Classics, Mathematics,
Military Drawing, Fortification, &c. &c.)

AT THE

LONDON ORIENTAL INSTITUTION,

No. 2, SOUTH CRESCENT, BEDFORD SQUARE,

Originally established in 1819 under the Auspices of the Hon. East-India Company, by J. B. Gilchrist, LL.D., and now under the direction of his Colleagues and Successors, S. ARNOT and D. FORBES, A.M., Authors of the New Hindustani and Persian Grammars, &c.

This Seminary combines the Oriental Classical and Mathematical instruction requisite for the India Civil and Military Service, for the London Board Examinations for Haileybury or Addiscombe. The same system is followed as at those Seminaries in the Oriental languages which (including Hindustani, Bengali, Persian, Arabic, &c.) are taught with their true pronunciation by professors who have studied them among the learned natives of the East, and who have already prepared nearly 300 gentlemen for the same service with distinguished success, of which proofs will be given.

N.B. A select number receive Board and Education under the immediate charge of its Conductors. Instruction is also given privately and in classes on moderate terms.

INSANITY.

PEMBROKE HOUSE, HACKNEY,

For the Reception and Medical Treatment of Insane Persons; by

MR. WILLIAM WILLIAMS.

Under the especial Patronage of the

HON. EAST-INDIA COMPANY.

The high encomium which has been paid to the management of this Establishment, in the late investigation into the state of Mad-Houses, by the House of Commons,* and the distinguished patronage of the HON. EAST-INDIA COMPANY, render it unnecessary to say any thing more in its favour. It will be sufficient, therefore, to add, that the number is limited, the Patients are select, the advantages are considerable, and the terms reasonable, and that three-fourths of those already admitted have been restored to health and reason.

Male and Female Attendants, of approved experience, sent to any part of the Kingdom.

* Vide First Annual Report of the Committee of the House of Commons.

Dedicated (by Permission) to the Honourable Committee of Shipping of the East-India Company,

ASYLUM FOREIGN AND DOMESTIC LIFE OFFICE,

Naval and Military Service, Foreign Climates, Pregnancy,
Disease, and Advanced Age,

70, CORNHILL, LONDON.

Directors,

The Hon. Wm. Fraser, Chairman. Col. Lushington, M.P., Deputy Chairman.
 Foster Heyshida, esq. C. W. Hallett, esq.
 William Pratt, jun., esq. Sir James Gambler,
 John Kymer, esq. William Edmund Ferrers, esq.
 Francis Kemble, esq. Thomas Fenn, esq.
 Capt. Geo. Harris, M.P. G. Parren, esq., Resident Director.
 Physicians.—Dr. Fergusson, Surgeon.—H. Mayo, esq., F.R.S., and T. Callaway, esq.
Lower Rates than in any other Office in England, both for Foreign and Domestic Insurances.

VOYAGES AND FOREIGN RESIDENCE.

Insurances are granted either for the whole of life, or for any specific voyage, the insurance to take effect either from the day the premium is paid, or from the latest advices. Testimonials of health from a respectable surgeon may be transmitted from abroad in the first instance.

NAVAL AND MILITARY SERVICE.

Officers may be insured against all contingencies or enroll themselves for insurance when active service shall commence.

The following are selected from the even rates in England.

Age.	Whole Life.	7 Years.	Age.	Whole Life.	7 Years.
20	1 11 9	0 17 1	40	2 17 1	1 10 8
30	2 2 0	1 2 10	50	4 2 0	2 1 7

ALTERNATIVE.

One-third of the premium may be left unpaid, to be deducted from the sum assured, on a scale equal to interest at 4 per cent.

Thus, at the age of 30, 20 guineas a year, will insure £1,500 in the first instance, to be reduced by £10. 18s. 5d., if the Assured die within the first year; by £59. 2s. 11d. if he die within the fifth year; and so on, according to a scale endorsed on the policy.

ASCENDING SCALE OF PREMIUM.

Age.	First 7 Years.	Succeeding 7 Years.	Every Year of Life after.
20	1 1 4	1 6 3	2 4 7
30	1 6 7	1 15 1	3 0 11
40	1 10 3	2 7 0	4 9 9
50	2 11 11	4 0 11	7 0 3

A man at 30 instead of £2. 3s. for every year of life—by adopting the ascending Scale—will pay £1. 8s. 7d. per ann. for the first 7 years, £1s. 1d. per ann. for a further 7 years, and £3. 0s. 11d. for every year of life after.

This scale ought to supersede all others in cases of Annuity, at Lease for lives, in which very low rates for so long a period as 14 years, will be found highly advantageous.

PREGNANCY, DELICATE HEALTH, AND OLD AGE.

Females need not appear; the rates for diseases are moderate, and policies are granted to persons of advanced age.

Insurances may be effected without delay, and full particulars obtained from the Resident Director, at 70 Cornhill.

East-Indian and Maritime Assurances may be made for any period, or for the whole term of life; for any particular Voyage, Country, or Service, or generally to include all the common dangers of sea and climate. The Assured, whether abroad or at home, are alike entitled to their proportion of the periodical Bonus.

Rates of Premium, Forms of Proposal, Prospectus, &c. may be immediately obtained by personal application, at either of the Offices of the Company, or by letter, addressed to the Actuary, in Cornhill.
