NOMINATION OF STUDENTS.

Regulations and Preliminary Instructions.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be admitted to the College.

The parents or guardian of every candidate for the college will be required to address the following letter to the nominating Director:—

Sir:—I beg to assure you, on my oath, that my _____ whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that _____ has been expelled from any place of education. I have the honour to be, &c.

Candidates for the college must produce the under mentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, or churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my _____, who is the bearer of this, and presented for a nomination as a student at the East-India College, by _____, Esq.; and I do further declare, that I received the said presentation for my _____ gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same, and that I will not pay or cause to be paid, either by myself, by my _____, or by the hands of any other person, any pecuniary or valuable consideration whatever, to any person or persons who have interested themselves in procuring the said presentation for my _____, from the director above-mentioned.
 Witness my hand, this _____ day of _____, in the year of our Lord _____

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a magistrate to the following effect, viz.

I, _____, presented as a student for the East-India College by _____, do make oath and swear, that I have caused search to be made for a parish register whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, farther, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am not at this time under the age of sixteen, or above twenty years.
 Sworn before me, this _____ day of _____ }
 Witness my hand, this _____ day of _____, in the year of our Lord _____

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition, and character, to comprise a period of not less than two years immediately preceding the time of presentation.

Candidates will be interrogated in an open Committee as to their character, connexions, and qualifications, conformably to the General Court's resolution of the 6th July 1809. The nature of this interrogation may be known on application to the Clerk of the College department.

A student publicly expelled the college will not be admitted into the Company's civil or military service in India, or into the Company's Military Seminary.

No person can be appointed a Writer in the Company's Service whose age is less than eighteen or more than twenty two years, nor until he shall have resided two terms at least, in the college, and shall have obtained a certificate signed by the Principal in

behalf of the College Council, of his having conformed himself to the statutes and regulations of the College.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3000, as liquidated damages, to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the college is determined by the certificate of the College Council, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the student's proceeding to India within six months after they are so ranked.

(By a Resolution of the Court of Directors of the 16th January 1828, all Cadets at the Military Seminary, and all subsequent nominations thereto, are deemed for general Service until brought forward for public examination.)

TERMS OF ADMISSION.

Conditions and Qualifications for a Candidate.

1. Every candidate must produce a certificate of his birth taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had at the Cadet-office. But in the event of there being no register of birth or baptism, the cadet will be furnished with a form of a declaration to be made by him pursuant to the act of the 5th and 6th Gulielmi IV. cap. 62, previously to his being admitted.
2. No candidate can be admitted under the age of fourteen years, or above the age of eighteen years.
3. No candidate will be admitted without a declaration that he has had the small-pox, or has been vaccinated.
4. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.
5. Every candidate must deliver the names and addresses of two persons residing in London, or its vicinity, who engage to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.
6. It is an indispensable qualification that the candidate write a good legible hand, as he will be required to write down a sentence from dictation by the head master, and if he should be found deficient in this respect, or in orthography, his reception into the institution will be deferred for such length of time as the head master shall report to be necessary.
7. No candidate will be admitted as a cadet who cannot read and construe *Cæsar's Commentaries*.
8. No candidate will be admitted who is not expert in vulgar and decimal fractions.
9. When a cadet is admitted, the lieutenant-governor or resident superintendant shall immediately send the head master's certificate to the clerk in the Military Seminary department.
10. No person who has been dismissed or obliged to retire from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or from any other public institution, will be appointed to the Company's Military Seminary.
11. No person who has been dismissed or obliged to retire from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or from any other public

institution, for immoral or ungentlemanly conduct, will be appointed a cadet direct for India.

12. No person will be in future appointed to the military seminary without producing a certificate signed by two practising surgeons that he is fit for military duty.

PROBATION.—*At Class.* Previous to the cadet's admission into this seminary, his parents or friends shall furnish him with the following articles, *viz.*

Twelve shirts, eight pairs of cotton stockings, six pair of worsted ditto, six towels, six night-caps, eight pocket-handkerchiefs, two combs and a brush, a tooth-brush, a Bible and prayer-book, a case of mathematical instruments of an approved pattern, to be seen at the shop of Mr. Gilbert, Optician, 148, Leadenhall-street; to be repaired, or, if necessary, to be renewed by the parents or friends at the week-end.

In future every cadet upon his admission will be considered a probationary pupil cadet for the first six months; at the end of which period the parent or guardian will be required to report to the military committee of the seminary, his being able to pass for the artillery, or infantry, at the end of four terms; but should this appear probable, either from want of talent or diligence, the cadet will be recommended to his friends, and the sum paid into the seminary's treasury upon his admission detained in liquidation of his expenses; and he will be called upon to pay any disbursements which may remain due by him.

PAYMENTS.—The cadet is required to pay £30 per term into the Company's chest; also a subscription of £2. 2s. for the use of the public library; and the payments must be made in advance, towards defraying the Company's expense for his board, lodging, and education, and for supplying him with the following articles, *viz.*

Class books, as hereafter mentioned, stationery, drawing materials, medical attendance, and washing.

Such a supply of the following articles as in the opinion of the military committee shall be judged necessary, *viz.*

Jackets, waistcoats, black kid stockings, foraging caps, trowsers, shoes, gloves, &c. &c. and a proportionate share of the expense of any other medical supplies as are not included in this list, and the repair of the same, are to be paid for by the cadet's friends, who will also be required to reimburse the Company the amount of pocket money paid to the cadet at established rates.

A cadet entering in a troop, at public expense, or of it, must pay the regulated sum for the first term in advance; he enters, which will count as one of the four terms of his residence; and no return of any portion of his expenses will be made in the event of a cadet's quitting the seminary.

By a Resolution of the Court of Directors of the 11th March 1834, the Cadet's will, or their first joining Addiscombe, be supplied with the following books, which will be considered their property after being for the same.

Hutton's Mathematics, [iron], MacColloch on Rocks,
 Straith's Treatise on Fortification, French Grammar,
 Hindustani Grammar, Do. Dictionary,
 First Vol. Hindu Selections, De la Voie's French Instruction,
 Fielding's Perspective, [iron], [iron], [iron].

The following class books will be provided at the public expense, the mutilation or destruction of which to be chargeable to the cadets, viz.

Hindustani Dictionary, [iron], [iron], [iron],
 Latin do. [iron], [iron], [iron],
 Woodhouse's Spherical Trigonometry.

And any books not included in this list, here enumerated, or which may be hereafter required at the Seminary, to be paid for by the cadets.

The payment to be made previous to the cadet's return to the seminary.

PROHIBITION.—The cadet must not communicate with a greater sum than one rupee, or take a supply from any of his relations during the term of his residence at the seminary.

EXAMINATIONS.—Midsummer examinations at the middle of June, and Christmas examinations at the middle of December.

At the close of every vacation, the cadet must apply at the Cadet Department, to obtain an order for his readmission, and all such orders must be paid up.

This order will be given to the cadet to be readmitted upon his returning. If a cadet has any books and instruments which he takes home with him, his fineness is put into proper repair, and that he is in a proper state of health to renew his studies.

No cadet can be allowed to remain at the seminary more than four terms without the special order of the Court, and then only upon certain prescribed conditions.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot really want a supply of money to be put at his disposal while at the seminary; and if they do otherwise think proper to furnish him with money, they put him in his power to commit irregularities, which must distract his studies, and may eventually lead to his removal.

The parents and friends are particularly desired not to attend to any application from the cadet for money, under the pretence of his having incurred any debts at Croydon, or elsewhere, or for the purpose of raising a general subscription for public charities, or for any other purpose whatsoever.

It having become known that some have been in the habit

of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance they had scarcely any left, the Committee have ascertained that these stoppages have arisen, not only from wilful and wanton destruction of public property, but in a considerable degree from the postage of letters; and the carriage of parcels addressed to the cadets; it is therefore hereby ordered, that no letter or parcel shall be admitted into the Seminary unless the postage or carriage of such letter or parcel shall have been previously fully paid for by the person sending the same; and the parcel shall first be opened in the presence of one of the orderly officers and the cadet to whom it is sent, and should it contain wine, or any thing prohibited by the regulations, the parcel, upon the first offence, will be returned to the person sending the same; and upon the second offence, the cadet will be ordered home, and will not be readmitted until a written apology has been sent to the Committee by the person who has committed a breach of this regulation.

Extract from the Standing Regulation of the Seminary, Sec. 1. Clause 1.

"No professor, master, or other person in the institution, shall receive from the cadet, or the parents or friends of any cadet, any pecuniary present or consideration, on any pretence whatever."

Extract Resolution of Court by 12th March 1823, and Military Letter to Bengal, dated 20th August 1826.

That all persons nominated in future as cadets, be required, as a condition to their appointment, to subscribe to the military funds of their respective presidencies.

AT A COURT OF DIRECTORS,

Held on Wednesday, the 9th August, 1809:

Resolved, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

_____ having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to duty or to reside a further time in England.

Officers who have failed to obtain an extension of furlough, will be considered eligible to return to the service after five years under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

BENGAL FUNDS.

BENGAL CIVIL SERVICE ANNUITY FUND.

*Regulations as sanctioned by the Honourable the Court of Directors.***Managers of the Fund for 1836.*

J. Pattle,	C. Trower,
T. Plowden,	J. A. Dorin,
C. Morley,	Richard Walker,
H. T. Prinsep,	William Bracken,
W. H. Oakes,	

*Secretary and accountant, J. W. Alexander
Agents in England, Messrs. Coutts and Co.*

1st. The subscribers shall, from the 1st of May 1825, contribute, for the purposes of the fund, four per cent. of their salaries, and all other public emoluments, however denominated; compensation for travelling expenses excepted.

2d. Should any subscriber be engaged in India on private business, and thereby voluntarily exclude himself from public employ, his subscriptions to the fund shall cease, and in the event of his hereafter relinquishing such private business, and resuming employ in the service, his subscriptions may be resumed, but the intervening period shall not be reckoned in the time necessary to qualify him to become an annuitant: and this rule shall be equally applicable to all persons now in the service who may have been, or may be engaged in private business.

3d. The annuities are fixed at 10,000 rupees each, payable in England at two shillings the rupee, being £1,000 sterling.

4th. The annuities shall be tendered to subscribers having served in the civil service twenty-five years, and actually resided twenty-two years of that period in India, according to their seniority on the gradation list of the service, as fixed by the Court of Directors, and the right of preference shall not be barred by refusal in a preceding year.

5th. The annuities shall commence with the 1st of May in each year, beginning with the year 1826; that is to say, shall fall due at the end of the said official year; and in like manner, the succeeding annuities shall commence on the first day of the following official years, and fall due at the close of each year respectively.

6th. At a convenient period before the close of each year, the managers of the fund shall require, according to seniority, a sufficient number of subscribers to signify their willingness, or otherwise, to retire on the annuity to be granted by the fund; and in case of the absence from India of members, such requisition shall be made to their constituted agents in Calcutta. It will, of course, be incumbent on members duly qualified to become annuitants, previous to leaving India, to empower one or more persons in Calcutta to act on their behalf, and to communicate to the managers the names of such agents.

* Memo. These regulations are under revision, June 1836.

CIVIL ANNUITY FUND.

7th. The following members shall be regarded as having intimated, for the time being, their unwillingness to receive the annuity; viz. those to whom a requisition may be made as above provided, and on whose part no reply may be received, on or before the first day of the year, with which the annuities intended to be granted may commence; and those who may have quitted India, and failed to empower any resident in Calcutta to act for them during their absence.

8th. The number of annuities offered shall not be more than may complete nine per annum from the 1st of May 1826.

9th. The actual value of annuities tendered and accepted as above, shall be passed to a separate account on the books of the institution, under the head of Appropriated Funds; and to the debit of this account shall be entered all payments in satisfaction of annuities.

10th. Should any subscriber, having resided in India in the civil service not less than twenty-two years, and been a member of it the full period of twenty-five years, retire from the service before the option of an annuity may devolve on him, he shall be entitled to the same in his return, without any payment to the fund, save what may be due under the following rule.

11th. Any subscriber who may accept the tender of an annuity shall be required to settle him to such annuity, to pay to the institution, previous to the date to which the annuity is to commence, the difference between one-half of the actual value of the annuity on his death and the accumulated value of his previous contributions; and the latter quantity shall be less than the former; and shall be determined as below provided.

12th. A subscriber so choosing may decline paying the difference defined in the foregoing rule; and in such case, he shall be entitled to an annuity diminished in proportion to the sum by which the accumulated value of his contributions is less than one-half of the actual value of an annuity on his life.

13th. Any subscriber who may be dismissed from the Honourable Company's service, shall forfeit all right to benefit by the institution, and be entitled to no re-fund of payments which he may have made.

14th. The interest of any subscriber who may be suspended from the Honourable Company's service shall be in abeyance, but shall revive on his restoration. If he be permitted (whether the permission be granted at the time of, or during his suspension, or at the time of his restoration) to draw salary for the period of his suspension, then his contributions to the fund for that period shall be claimable; and the time shall be reckoned as actual service; and the salary allowed for the period of his suspension, if he is not entitled to draw salary from him for that period, shall be computed in that case as no salary, and shall be computed in the term of service necessary to qualify him for the acceptance of an annuity.

15th. The resignation of the Honourable Company's services is

an essential condition to entitle an individual to an annuity from the institution, and annuitants will not be permitted by the court to return to the service: it is therefore provided, that should any member fail, on or before the first of July of the year with which annuity accepted by him may commence, to comply with the said condition, he shall be considered to have forfeited his right to an annuity from the institution for that year. It is likewise provided, that when a member, accepting an annuity, shall resign the service before the first day of July, but after the first day of the year with which the said annuity is made to commence, he shall, in such case, at the close of that year, only draw the annuity from the date of his resignation, a sum proportionate to the time intervening between the first day of the year and that date, being deducted for the benefit of the institution.

16th. The fund is open for the subscriptions of all covenanted civil servants upon the Bengal establishment, including such as may be in England, and who have not either finally resigned the service, or protracted their absence from India beyond the prescribed term of five years; each civil servant now residing in India shall be specially invited to join the institution, as shall those subsequently arriving, whether they be returning to the service, or newly appointed to the same; and the former shall be excluded from ever becoming members of the institution, viz. those residing in India, who may fail to signify their consent to join the institution on or before the first of May 1828, next; and those returning to, or for the first time arriving in the country, subsequent to the present date, who may come in default within six months from the date of their return to the country, respectively; provided, however, that a person, not in India, nor on his passage thither upon the first of May 1825, shall be entitled, on subsequently returning to the country from England, to receive an annuity under the rules of this institution, except after residence in the country for a period of five years from the date of such subsequent arrival.

17th. The affairs of the institution shall be managed by a committee of nine, of whom four shall be ex-officio, the chief secretary to government, the accountant general, the sub-treasurer, and the civil auditor. The other five shall be subscribers, and elected at a general meeting. The members of the committee shall be also the trustees for the funds of the institution.

18th. The sub-treasurer of the government shall, with the permission of the Governor General in Council, be requested to act as treasurer to the institution, and the funds, as well those set apart for the payment of annuities as those arising from the accumulation of capital, shall be deposited in the public treasury, subject to the direction and control of the trustees and managers of the fund.

19th. For the management in England of such affairs as the members cannot personally conduct, an agent or agents shall be

appointed by the managers and trustees in India, if such shall still be the wish of the service.

20th. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee, who may concur in opinion, shall be competent to decide in the first instance upon all matters relative to the receipts and disbursements of the fund, as well as generally upon all subjects connected with the management of the fund, and the due execution of the rules established for it, which, by such rules, may not have been expressly reserved for determination by the general meeting of the subscribers to the fund.

21st. But the decision of the committee in cases, shall be liable to revision by the subscribers, and shall be duly promulgated.

22d. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee, who may concur in opinion, shall be competent to decide in the first instance upon all matters relative to the receipts and disbursements of the fund, as well as generally upon all subjects connected with the management of the fund, and the due execution of the rules established for it, which, by such rules, may not have been expressly reserved for determination by the general meeting of the subscribers to the fund.

23d. All future appointments to the office of secretary and accountant to the fund, as well as the appointment of any other person who the managers may find it necessary to employ for the duration of the trust committed to them, shall, in like manner, be made, and their allowances fixed by the committee of managers, subject, as in all other cases, to the control of the general meetings of the subscribers.

24th. In the event of any of the five managers who may be elected annually being subsequently removed from the presidency, without any intention of returning to it during the year of their election, it shall be communicated to the subscribers at the next general meeting; and in such instances, as well as in all instances of vacancy in the situation of manager, by death or otherwise, a new election, if it appears necessary, shall take place at the unexpired part of the year.

25th. A general meeting of the subscribers shall be held at the Town Hall in Calcutta, on the first Monday of the month of every year (or as soon afterwards as the accounts can be made up and prepared for inspection), to receive and audit the accounts of the preceding year, and to decide on any questions which may arise or be referred. The committee of managers, or any nine members of the institution, may also convene a special general meeting.

the presidency, by public notice in the Government Gazette, if at any time there shall be found occasion for it, provided that the days fixed for holding such special meetings, and the object of them, be advertised at least six weeks before the same are held, for the general information of subscribers.

26th. All questions proposed at the general meeting, whether annual or special, shall be determined by a majority of three-fourths of the members who may either be present at such general meetings, or vote thereat by proxy; but the concurrent voices of nine members, at least, shall be requisite to determine upon any question whatever; and upon all general questions involving any increase or diminution of the rate of contributions now fixed, or any essential addition to, or alteration in, the original rules and regulations of the institution, which are now established. All subscribers shall be entitled to attend the meeting in person, shall be entitled to vote by a written communication, and addressed to the chairman of the meeting; always, that no decision upon such question shall be valid, or have any effect until sanctioned and approved by the Court of Directors of the East-India Company, to whom all parties, considering themselves aggrieved by such decision, shall have a right of appeal, and the decision of the Court of Directors shall, in all cases, be final.

27th. In discharge of each annuity of 10,000 rupees granted by the fund, the sum of £1,000 sterling shall be paid to the annuitant through the Company's treasury in London, at the close of the year in which the annuity may commence. The managers of the fund undertaking, at that period, to pay over to the Government of Bengal the sum of 10,000 rupees for each annuity so payable, under the principles upon which the Company's contribution to the fund is to be regulated.

28th. The right of an annuitant to receive the annuity for any particular year shall depend on his having survived that year.

29th. The actual value of an annuity on the life of any subscriber shall be determined by the table annexed hereto. The rates exhibited by this table shall be revised and altered by a decision of a general meeting, should experience and the fluctuation of interest suggest the necessity of such an arrangement: provided always, that any alteration therein shall not take effect until it has been sanctioned and confirmed by the Court of Directors of the East-India Company, whose decision shall be final.

30th. To determine the accumulated value of the contributions of any subscriber the accountant shall keep separate accounts for each member, and shall be authorised to make up with the rate of interest provided by the Company.

31st. At the end of every third year the managers shall, according to the next table, calculate the actual values of the pending annuities, and shall then compare the total of their values with the assets belonging to the appropriated funds of the institution; should those assets exceed in value the said total, the difference shall be carried to the credit of the unappropriated funds of the society, and be available for the purposes of the institution; on the other hand, should the value of the said assets be less than the total aforesaid, the deficiency shall be supplied by a transfer from the latter fund to the former.

32d. An annuitant, upon becoming such, shall be furnished with a formal certificate declaratory of his admission to the annuity, under the hands of not less than three of the managers of the fund. A duplicate of the certificates must be furnished to the Bengal Government and forwarded to the Court of Directors in London.

THE object of this fund is to provide for the maintenance of the widows and children of such of the subscribers as may not, at their demise, leave property sufficient for the subsistence and education of their families; also to assist in maintaining such of the subscribers themselves as may be compelled by sickness or infirmity to return to Europe, without an adequate provision for their support.

The following are the rates of contribution :

If the salary or other public allowances of the subscriber be not more than 1000 sa. rs. per mensem, his monthly subscription to be	<i>Sicca rupees</i> 10
If more than 1000 and not above 2000	20
If more than 2000 and not above 3000	30
If more than 3000 and not above 4000	40
If more than 4000	50

The contribution payable by each subscriber is deducted from his monthly allowances by the sub-treasurer, collector, or other officer, paying the same, and transferred to the treasurer of the fund. The committee or managers may, in particular cases, admit a deviation from it, if a different mode of payment shall be desired by any subscriber.

All applications for admission to the benefits of the fund are to be made to the committee of managers; and to be accompanied with the necessary information, documents, and proofs, to enable the committee to ascertain the circumstances and situation of the party applying. The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the whole case for the determination of the subscribers, at the next general meeting. In cases of emergency and distress, however, when the managers may consider the claim valid, they are authorized to advance such proportion of the fixed allowances hereafter specified as may appear to them indispensably requisite, until a determination can be passed by the subscribers.

Any subscriber to the fund who may be compelled by sickness or infirmity to proceed to Europe for the recovery of his

health, and shall not be possessed of sufficient means to pay for his passage to Europe, and support himself and family during his necessary absence from India, on his making a declaration upon oath to this effect, or otherwise establishing the fact, and producing a certificate of the necessity of his return to Europe, solemnly attested by the surgeon who has attended him, and countersigned by a member of the medical board, with the consequent permission of government for his proceeding to Europe, will receive from the fund a donation, equivalent to the Company's allowance for a twelvemonth to a servant, of his rank when out of employ; viz. if he be a senior merchant, 4000 sicca rupees; if a junior merchant, 3000 sicca rupees; if a factor or writer, 2000 sicca rupees. At the expiration of one year, if the party be in Europe, a further donation shall be made to him, on his application to the agents for the fund in England, equal to that advanced to him upon his embarkation from India; at the exchange rate of two shillings and sixpence for the sicca rupee, viz. £300, £375, or £250, according to his rank in the service at the time of his leaving India. Should the imperfect recovery of his health render it necessary to protract his stay in Europe beyond the second year; and, besides his own declaration upon oath to this effect, he shall produce to the agents for the funds in England, a certificate solemnly attested by a respectable physician, or other professional gentleman of established practice, that the state of his health has not admitted of his previous return to India, he will, at the commencement of the third year after his embarkation from India, receive, from the agents in England, a donation equal to a moiety of the amount paid to him in the preceding year, and another moiety on a similar declaration and certificate at the end of six months, viz. two years and a half after his embarkation from India, if he be still in Europe, which is to be considered to include all claims whatever upon the fund to the period of his return to India: passage money is granted, in cases appearing to require it, in addition to the sums above specified, and in such cases the amount is to be determined by a general meeting of the subscribers.

On the death of any subscriber to the civil fund, who may not be possessed of property sufficient to provide for his family, and may, consequently, leave a wife, cohabiting with him, or maintained by him and living under his protection to the period of his decease, without an adequate provision for her support, as hereafter specified; if, on the information, documents, and evidence, which may be submitted by her to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object, a pension is to be assigned to her, under the provisions and limitations stated in the following article. Provided that nothing contained therein, or in any other part of the rules for this institution, shall be considered to entitle to the benefits of it, any widow, who may have been legally divorced or separated from her husband for adultery; or who, at the period of her husband's demise, may have quitted his pro-

tection, and believing in a state of notorious adultery, though not divorced or separated from him by law.

First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred rupees per mensem, a pension to be assigned to her of three hundred rupees per mensem, during her residence in India. If the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income, from her husband's estate or otherwise, shall not exceed one hundred pounds per annum, the pension to be assigned to her to be three hundred pounds per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred sicca rupees per mensem, but exceed not four hundred rupees, or if the widow be not resident in India at the time of her husband's demise, or shall afterwards, quit India, and her income be more than one hundred pounds per annum, but shall not exceed four hundred pounds per annum, the pension to be assigned to her is to be such as will make up her income to four hundred rupees per mensem, during her residence in India, or four hundred pounds per annum in Europe, or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned, acquiring subsequently, by inheritance, bequest, or otherwise, any property or income which, with the property left to her at her husband's decease, and the pension received by her, may render her total income, including her pension from the fund, more than five hundred rupees per mensem, during her residence in India, or more than five hundred pounds per annum in Europe, or elsewhere, her pension from the fund is liable to abatement, proportioned to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of five hundred rupees per mensem in India, or five hundred pounds per annum in Europe, or elsewhere.

Fourthly. All pensions of widows are also liable to discontinuance on their remarriage. But in the event of their being again left in a state of widowhood, without an adequate provision for their support, they may be again admitted to the benefits of the fund, under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, are to be paid in advance half-yearly to themselves or to their authorized agents. But the acknowledgment of the widow herself shall be taken for all sums paid in her behalf; and shall contain a solemn declaration that her entire income, including the pension received by her, does not exceed the sum limited above.

Widows are, if they have no means of paying for their passage to Europe, supplied from the fund with such sum as may appear requisite for that purpose.

If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or

children, born in wedlock, without an adequate provision for their maintenance; and on the information, documents, or evidence which may be submitted in their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that they are proper objects, an allowance for their maintenance and education shall be assigned from the fund, under the provisions and limitations contained in the following article:

First. If the child or children of the deceased subscriber be left without any provision, the allowance for the education and maintenance of each child to be granted from the fund, in India or in Europe, is to be according to the age of the child, as follows, viz.

Till five years of age, thirty rupees per mensem in India; or thirty pounds per annum in Europe.

From the commencement of the sixth year, to the end of the eighth, forty rupees per mensem in India; or sixty pounds per annum in Europe.

From the commencement of the ninth year, to the end of the eleventh, fifty rupees per mensem in India; or eighty pounds per annum in Europe.

From the commencement of the twelfth year, sixty rupees per mensem, in India; or one hundred pounds per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children; or if after his death they shall at any time become possessed of property or income by inheritance, bequest, or otherwise, but not such as to afford the sums specified for their education and maintenance; the allowances to be granted from the fund are to be such as, in addition to the property or income possessed by them, will make up the several sums above specified, according to their respective ages; and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children of a subscriber, at his demise, or which may subsequently devolve, or be in any wise acquired by them, being such as to afford the full amount specified for their education and maintenance, they are not considered entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income are to be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, are to be paid in advance half-yearly, to their guardians or relatives, or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England; who from time to time are to adopt such measures as may appear necessary for the purpose of ascertaining any accession of property, which would render the allowances from the fund liable to abatements or discontinuance.

Fifthly. The provision so made from the fund, for the maintenance and education of female children, ceases on their marriage, or on their being settled in any profession or employment; and the provision for male children ceases on their being settled in any pro-

fession or employment, or on their attaining the age of twenty-one years. But any requisite sum, not exceeding five hundred pounds, may be appropriated to the benefit of male or female children by the managers of the fund in India; or by the agents of the fund in England, at the time of their marriage, or of their being settled in any profession.

For children who may be in India when admitted to the fund, and who may be sent to England for their education, with the concurrence of the managers, passage money, if requisite, is to be supplied from the fund, not exceeding one thousand sicca rupees for each child. An allowance for passage money, not exceeding one hundred pounds, also to be granted if it appear necessary, for the return to India of any children admitted to the fund, who, after completing their education in Europe, may return to India.

In all cases of application being made to the fund for assistance to the family of a deceased subscriber, an authenticated copy of the will of the deceased, or, if he shall have died intestate, a full authentic statement of any property left by him, and of the legal heirs thereto, must be submitted for the information of the managers and subscribers. A general meeting of subscribers has full power to reject the application for aid from the fund, where it may appear that a subscriber, leaving property, has made an improper devise of it, with a view to throw his family upon the fund, or has purposely neglected to make a disposition of his property for the benefit of his family.

Those who may arrive in India, and subscribe to the fund, are considered subscribers from the time of their arrival at Fort William, or from the commencement of any allowances receivable by them as civil servants of the Bengal establishment. But no civil servant of this presidency in India, who may not accept the invitation given to him by the preceding article, within six months after his arrival in India, shall be admitted to become a subscriber.

The contribution of every subscriber to the fund ceases upon his having India, to return to Europe; but in the event of his returning to India, and again receiving allowance from the Company, he is to renew his contribution from the commencement of such allowance.

If a subscriber to the fund, at the time of his retiring from the service to return to Europe, shall have contributed, by his previous monthly payments to the fund, the principal sum of five thousand sicca rupees; or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount; such contribution shall entitle the family of the subscriber, on his demise, to the benefits of the institution, under the several provisions herein-stated, or such as may be hereafter established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund, who may die during his temporary absence from India for the recovery of his health, are also considered entitled to the benefits of the fund, under the existing rules of it, whether such subscriber may have contributed more or less than five thousand sicca rupees. In all other cases, if the deceased

member of the institution shall not have been an actual subscriber to the fund at the time of his death, and shall not have contributed five thousand sicca rupees to the fund, it shall be at the option of the subscribers to admit his family to the benefits of the fund or otherwise.

If a subscriber to the fund shall be dismissed from the service, he shall cease to be entitled to the benefits of the institution, and, in the event of his death, his widow and children shall, in like manner, have no claim to the benefit of the institution. But on his dismissal, the amount of his actual contribution to the fund, with interest, shall be returned to him, unless his circumstances should be such, as would have wholly precluded him and his family from any benefit if he had remained a member, in which case he shall not be entitled to receive back any part of the amount contributed by him.

If a subscriber to the fund shall be suspended from the service he shall, during the period of his suspension, cease to be entitled in his own person to the benefits of the institution; but, in the event of his restoration to the service, he shall be restored to his former right; and if such subscriber shall die during the period of his suspension, his widow and children shall be entitled to the benefits of the institution in like manner as if he had not been suspended.

If a married subscriber to the fund shall proceed to Europe, otherwise than under medical certificate and as an incumbent upon the funds of the institution, it shall be optional with such subscriber in order to secure to his family the benefits of the institution, in the event of his death while absent from India, either to make up his subscription to the sum of Rs. Rs. 3,000, or to secure a continuance of the payment here, during his life, or monthly subscription to the fund at the average rate paid by the subscribers in the same year standing upon the civil list: Provided however that no subscriber shall be permitted to avail himself of the above for less a period exceeding five years, from the date of his departure; nor will any subscriber at the average rate be received after the expiration of that period: Provided further, that in case the average payments above described, had he discontinued, for a period of one year consecutively, the same shall be held and deemed to be a resignation and abandonment of the institution, and the family of the subscriber shall not have any claim upon the fund, upon payment of the arrears due, except upon good and sufficient cause for the omission being shown to the satisfaction of a general quarterly meeting of the subscribers.

That the allowance drawn from the fund by civil servants proceeding to Europe on sick certificate be recoverable from them on their return to the service, without interest, by monthly instalments, not less than three times the amount of their monthly subscriptions while out of employ, or receiving less than 1,000 per mensem; and not less than ten per cent. on their salary and other allowances, when drawing 1,000 rupees per mensem or upwards.

- 1st. That the application for admission be accompanied by the certificate of two surgeons, that the person desiring to subscribe is then, to the best of their knowledge, in good health. - 2d. 3. A subscriber withdrawing from the fund, *ipso facto*, all claims to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession. Should he afterwards be desirous of again becoming a subscriber, he will be admissible on the same terms as a new subscriber. as described in the second article.

4. Subscribers who may retire from the service on the prescribed pension of their ranks, or in ill health before entitled thereto, or who may return permanently or upon furlough to Europe, shall not forfeit their title to the benefits of the fund, provided they continue the regular payments of monthly subscription of their ranks, agreeably to the rates laid down for each rank in Table No. 2.

5. Subscribers not in ill health retiring from the service before they are entitled to the full pension of their rank, shall not forfeit all claims on the Institution, provided they continue to pay the Indian rates of subscription of their respective ranks.

8. Subscribers may redeem by a single payment the periodical subscription exigible under Art. 7, the equivalent sum being determined on this principle.

The amount of yearly subscription shall be multiplied by the value of an annuity of one on the subscriber's life according to his age; that value to be taken from a table, of which the following is a specimen. On promotion, the subscriber will be liable to pay difference of donation, and to pay or redeem difference of subscription.

50	8 0 8

9. Subscribers on promotion shall be required to pay the difference of donation between their former and increased rank, as married or unmarried, agreeable to the rates specified in Table No. I. whether in India or Europe.

10. The donation may be paid at once, or by monthly instalments, not exceeding twelve, at the option of the subscriber, in failure of which all claims shall be forfeited upon the fund, either for himself or widow, unless the amount be paid with interest at 12 per cent. per annum from the day of admission.

11. Monthly subscriptions of subscribers shall be paid within four months after they become due, on pain of exclusion from the society or forfeiture of double the arrears of subscription, except satisfactory reasons can be assigned for the delay of payment. Officers authorizing their paymasters to deduct their subscriptions from their monthly pay, shall not be subject to the above penalty; but shall nevertheless be responsible for the arrears, in case it shall appear that the paymaster has neglected to make the proper deductions; if payment be then refused, the name to be struck off, if the party entered the service before subscription was made compulsory. Arrears which may be due to the fund by a subscriber at the time of his death, will, if not discharged by the paymaster of the corps to which the deceased was attached, or by his executors or agents, be deducted from the pension of his widow.

12. All subscribers marrying after their admission into the fund, and who may be desirous that their widows should possess claims to the eventual benefits of the fund, are required to inform the secretary of their marriage; and, unless this information be given, and payment of the additional donation made within six months after such marriage, the subscribers shall be required to pay double the amount, with interest.

13. Subscribers who may be prevented from drawing pay from a temporary cause over which they had no control, such as captivity, or furlough extended on medical certificate, shall, during such period, be exempted from the payment of monthly subscription, without forfeiture of the rights of the subscription; but on the removal of such incapacity, and upon the receipt of pay, the arrears are to be made good within six months. But if the incapacity to pay proceed from any other cause, dependant upon the choice or conduct of the individual, such as furlough extended on private affairs, or any penal suspension from rank and pay, not only shall the arrears so accumulated be paid within the above term, but compound interest charged on the amount.

Section III.—Benefits derivable from the Bengal Military Fund.

14. The benefits derivable from the Military Fund are twofold:

- 1st. Such as are granted by the regulations to subscriber, while living.
- 2d. Such as are granted to widows of deceased subscribers.

15. The benefit granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being, who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain

doubts with respect to any such claim; it will in such cases be their duty to call for further information from the claimant; and, if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim.

16. A subscriber of whatever rank, who may proceed to Europe on sick certificate, and who may not be allowed passage-money from Government, shall be authorized to apply to the Military Fund for the sum of sicca rupees 1,500 to defray the expence provided his application shall be accompanied by a sincere and solemn declaration that he does not possess the sum of rupees 5,000, or property of any description to that amount; and also shall be entitled on his return to India to receive from the agents in England the sum regulated for the outward passage* on the production of a similar declaration.

17. A subscriber so proceeding to England on sick certificate, shall be authorized to apply for the further sum of rupees 400 for his equipment, his application being accompanied by a solemn and sincere declaration of his not being possessed of the sum of rupees 2,000, or property of any description to that amount; but no allowance will in any case be made for equipment to a subscriber returning to India.

N.B. The benefits held out in the two preceding articles should be applied for when claimable; and no claim will be admitted, which is not preferred within twelve months from date of furlough.

18. Subaltern officers proceeding to England on sick certificate, who shall make a solemn and sincere declaration that they do not possess property which will produce an income of £50 per annum, shall be allowed that sum annually during the period of receiving English pay on furlough. The declaration to be renewed annually.

19. It having, however, been deemed necessary to set limits to the claims for gratuitous passage-money, equipment allowance, and income to subscribers proceeding to England on sick certificate, no subscriber shall consequently be entitled to this indulgence more than once in eight years, reckoning from the renewal of Indian subscription.

20. Subscribers proceeding to England from any place not under the presidency of Bengal, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

Colonels.....	20
Lieutenant-Colonels and Majors.....	176
Captains.....	125
Subalterns.....	110

21. The second class of benefits, namely, those granted to widows of deceased subscribers, are absolutely not dependent on the decision of the directors, but controlled solely by the regulations of the institution.

22. The widows of deceased subscribers shall be entitled to receive the annuities specified in the annexed table.

TABLE shewing the Amount of Pension to Widows (during their Widowhood) of each Rank.

Provided that nothing contained herein, or in any other part of these rules of the institution, shall be considered to entitle to the benefits of it any widow who may have been legally divorced or separated from her husband for adultery, or who, at the period of her husband's demise, may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law, or who subsequent to her husband's decease may be living in a notorious state of incontinence.

23. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her again becoming a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limitations and conditions prescribed by the regulations in the first instance. If the second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be the greatest; that is to say, according to the rank of the first or second husband, whichever may be the higher.

24. Every widow benefiting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to an allowance of 2,000 sicca rupees, provided the directors shall be satisfied, after due inquiry, that from the indigence of her circumstances she has a reasonable claim to such assistance from the Fund.

25. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors, after submission to the army, to make a proportionate deduction from the annuity of each annuitant, excepting always the present annuitants of the Bengal Widows' Fund, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of the surplus, but not otherwise.

Section IV.—General Regulations.

26. The Bengal Military Fund is to be administered by a president and twelve directors, to be chosen annually, on or about the 15th of January, by a general meeting of all subscribers who may be present at the presidency. Subscribers who may be absent from the presidency may vote for directors by proxy, on addressing to the secretary letters containing the names of the persons for whom they wish to vote, or by transmitting such names under their signature to the general meeting by the hand of any other subscriber. The directors who shall be found duly elected shall then choose their president from amongst themselves. The precise day and place of meeting shall be notified by the president, in the Calcutta Gazette, at least two calendar months beforehand.

27. At the annual meetings the accounts of the fund, and proceedings of the directors for the past year, shall be laid before the meeting, for inspection and approval by the subscribers present, who were not of the direction; after which the meeting at large will proceed to choose directors for the ensuing twelve months. The accounts to be published for general information.

28. The directors of the past year are eligible to be re-elected.

29. All subscribers who may have contributed to the fund by paying donations and subscriptions in their respective ranks, during six continued months before any meeting, are entitled to attend to examine the accounts and proceedings, and to vote for directors.

30. In the event of a vacancy in the office of directors occurring, in the intermediate period between two annual meetings, the directors may choose a successor from amongst the subscribers at the presidency, who may be eligible to the office.

31. On occasions of any particular and important business which may necessarily require the opinion of the society at large, special

meetings will be called of the subscribers at the presidency (others voting by proxy) as provided for in Article 26. Or if any alleged mismanagement, or other emergent cause, should occur to any twelve subscribers to require the notice of the society at large, a special meeting shall be summoned by the president on the written requisition of such twelve subscribers under the forms above prescribed.

32. The directors shall have a secretary chosen by themselves, who also shall be an accountant, with an establishment, upon such allowances as shall be deemed adequate to the respective duties.

33. The secretary will be expected to have an office at his own residence for the accommodation of the meetings of the directors, for the preservation of the records, and for the purpose of affording access to the officers of the army at large to the books of the institution.

34. The directors of the fund will hold regular monthly meetings; but no meeting of the directors consisting of a smaller number than five shall be competent transaction of business; and it will rest with any director, or with the secretary, to represent the occurrence of such necessity to the president, who will convene a special meeting within ten days from the date of his receiving the application: but no special meeting shall be called with the view of reconsidering resolutions which may have been already adopted by a former meeting of directors, unless at the requisition of a number of directors greater than that which attended such meeting.

35. The secretary will invariably lay before the directors, either at the regular or special meetings, all letters that may have been received by him since the last meeting. Minutes of the proceedings of all meetings will be recorded and authenticated by the signatures of the directors present. The secretary will also submit to the directors who attended, drafts of all the letters which in those meetings he may have been desired to write. Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the secretary, without waiting for a meeting of the directors; but every letter proposed to be dispatched by the secretary, must previously receive the special sanction of one director, signified by his initials to the drafts, which will be sent to him for consideration.

36. The secretary will keep the set of books in use in the Military Widow's Fund, under instructions which he may receive from time to time from the directors of the funds.

37. The books and correspondence of the fund shall be at all times open to the inspection of subscribers.

38. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration, and the affirmative or negative of the majority of individual votes (to be ascertained at the expiration of four months) shall decide its adoption or rejection.

39. If any subscriber or claimant on the fund shall be desirous

to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred by the directors and decided upon in the manner prescribed in the preceding article, and the decision upon such appeal, or that of the directors in cases not appealable, shall be final in all cases whatever; any further agitation of the question, by a process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

40. When a reference shall be made to the subscribers at large respecting either a proposed regulation, or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

41. Generally all payments due from the fund are to be made half-yearly in England, and monthly in India, but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

42. Any arrear which may be due to the fund, by a subscriber or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

43. All income derived from the Bengal Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

44. If a subscriber who may be dismissed from the service, by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund on payment of the arrears that may have been accumulated, with compound interest thereon, in the same manner as if he had suffered only temporary suspension.

45. All property belonging to the Military Fund at any period shall be invariably vested in the Honourable Company's securities with exception of a small balance to meet current expenses, and monthly pensions.

46. The business of the fund in Europe shall be conducted through the agency of Sir C. Cockerell, Bart., and Co., who will from time to time receive the necessary instructions for their guidance, and to whom such applications will be preferred as cannot with equal convenience be submitted to the directors of the fund in India.

Regulations for the Admission of Orphans, sanctioned by the Army, and ordered to have effect from the 1st February 1819, at a Meeting of the General Management, held the 23rd December 1818.

1. That no child be admitted who shall be possessed by inheritance, bequest, or otherwise, of the sum of sicca rupees 7,000 (seven thousand) or an annuity yielding sicca rupees 420 (four hundred and twenty).

2. That no child possessed of any property less than the above sum shall be admitted, unless the same shall be lodged for its use and benefit in the society's funds.

3. That no child of any subscriber, dying intestate, shall be admitted, if on enquiry there shall appear to have been (after payment of lawful debts, an adequate provision made for the mother) property remaining to the estate, equal in making a provision for, and which might have been bequeathed to such a child.

4. In any case when an officer may die, leaving a natural born child or children, and possessed of property not sufficient to preclude the children from the benefits of the institution, and such officer shall not by will make such reasonable provision for these children as his circumstances may enable him, such children shall not be entitled to the benefits of the institution.

5. That when, in the will of any subscriber, part only of his children are provided for, and others either excluded by name, or otherwise not noticed in its provisions, such omission arising manifestly out of the intention of the testator, such exclusion or omission shall be considered to invalidate the claims of all the children on the institution.

6. That all cases of capricious or unequal provision, which by favouring the mother preferably to the children, or one child in preference to another, shall appear calculated to throw all or any

211 BENGAL. MILITARY ORPHAN SOCIETY.

part of a subscriber's family unnecessarily on the fund, shall in like manner, as in the foregoing article, be considered to invalidate the claims of all.

7. That any provision by will for the widow of a subscriber greater than 3-5ths (three-fifths) of the property to be devised when there shall be only one child; $\frac{1}{2}$ (one-half) where there shall be two, and 1-3d (one-third) where there shall be any greater number of children than two; the remainder being in all cases considered the property of the child, or (in equal portions) of the children, shall be considered unequal, agreeably to the two foregoing articles, and invalidate the claims of the children accordingly. Provided always, that a provision for the widow, to the amount of 12,000 sicca rupees (sicca rupees twelve thousand), shall not be held to invalidate the claims of the child or children, although such sum may be more than three-fifths, one-half, or one-third of the property devised.

8. That in all cases of children born not in wedlock, any provision for the mother exceeding sicca rupees 30 (sicca rupees thirty), if a native; if European, sicca rupees 50 (sicca rupees fifty), per month, the principle of such sum in all cases to be secured to the child or children, shall be considered in the same light as the above, and invalidate all claims upon the institution.

9. That subscriptions for the families of deceased subscribers are in all cases to be regarded as available sources of relief to the funds of the society, and in that view are to be considered of, and judged by the foregoing rules, in the same manner as any other disposable property; with this only exception, that, whereas such subscriptions are for a joint benefit, and lodged in the hands of trustees, it shall not be dispensable that the orphan's portions (estimated as above) be paid as capital sums into the society's funds; but it shall be sufficient that the interest upon them be from time to time duly paid by the said trustees into the society's treasury, so long as the orphans continue an expense to the institution, to be appropriated to their maintenance, whether in Europe or in India.

10. That should such children be allowed to remain with parent or friend, the interest on their said portions will be calculated in part payment of the regulated monthly allowance, the society regularly paying or receiving the balance; but should they be placed at Kidderpore, or under the management in England, the amount of interest on their several shares (calculated as above) must be paid into the funds of the society, on failure of which payment during a period exceeding 12 months, the said orphans shall be liable to be struck off the books of the institution.

11. That with a view to obtain the most correct information possible, as well on the foregoing as all other points affecting the interest of those children who may be offered to their guardianship, the general Management will and do expect (besides the customary affidavit) the fullest information from executors and others, and an unreserved communication of testamentary and all other

documents, of which the nature of the specific cases may admit, and do reserve to themselves the entire right, conveyed to them by their original constitution, of rejecting orphans tendered without such information and documents; or if, on reference to them, there shall appear any evidence of design unnecessarily and intentionally to burthen the fund, by throwing on it those who might and ought to have been otherwise provided for.

12. That the marriage portion to female orphans shall in no case exceed sicca rupees 2,000; and if the ward claiming the dowry has property to an amount exceeding sicca rupees 3,000, the society will advance a sum that shall increase the amount to sicca rupees 5,000.

In addition to the above, a monthly subscription of one rupee, or 2s. 3d., is to be paid for each unmarried daughter, and for each son under twenty-one years of age, without distinction of the rank of the subscriber.

Note.—Subscribers are consequently required to report to the Secretary dates of birth and decease of all children.

2. Subscribers promoted while temporarily absent in Europe on furlough or sick certificate, are exempted during the period of their absence, from payment of the difference of donation laid down in table A., but are to pay up the arrears due by them on coming into the receipt of Indian allowances, by the regulated instalments.

3. On a subscriber in either of the classes paying up by personal donation and subscription added together without interest, the maximum fixed in table C, he shall be exempted from further contribution while he may continue in that class, with the exception of donation for daughters, and subscription for children, which will continue as otherwise provided in these Rules.

4. Previous to the benefits issuing in full from the Fund either to Subscribers or to families, a certain amount calculated without

interest, (or the minimum fixed in table C,) shall be derived to the Fund from the subscriber, or in case of his death, from the amount payable to his family.—In calculating this minimum for any annuity, all payments made to the subscriber during his life from the fund, as far as the amount of his minimum shall be debited against his payments to it, as above, in order that the annuity may not be issuable in full until the regulated minimum on its account shall have been *bond fide* realized by the fund.*

* Thus in the event of a married Captain having received aid from the fund, the amount of such aid or part thereof, so as not to exceed the sum of 3,500 rupees, being the amount of his minimum, shall be debited against the amount of his contributions, the clear balance only, if any, being taken to make up the minimum to be derived by the fund ere his family be entitled to receive the annuity in full. Should there be a balance against the subscriber, however, it will not be charged against the annuity, for which a fresh minimum only will fall to be recovered by the regulated deductions. For example—Supposing a Captain to have received aid to the amount of 4,000 rupees, and his payments to the fund to amount to 3,500, he will be debited as far as the amount of his minimum, 3,500, which will be considered as balancing that account, and the 200 rupees remaining will be credited to the new minimum required for the annuity.

5. The deductions on account of minimum required by the preceding article 4th, to be made from all benefits to subscribers (equipment allowance excepted), and from annuities, are to be regulated by the following.

Table (D)

3d.....do.....two-sevenths.....	do

6. The donation may be paid at once or by instalments, agreeably to table A., at the option of the subscriber, however, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

7. Officers on their promotion will be required to pay up the amount of donation paid in table A., on entering each class.

8. Donation is in no case to be returned.

9. All subscribers as well widowers as bachelors, marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation as laid down in the fifth column, table A; and unless this information be given, and payment of the additional donation made within twelve months after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.*

10. In the event of a married subscriber dying before he has reported his marriage, his widow and children will have no claim upon the fund.

11. Any arrear, not sanctioned by the 6th article of this section, equal in amount to six months' subscription, shall subject the subscriber (owing it) to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding article within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the fund if admitted prior to the 30 April 1823, or if subsequent, to the exclusion of his family alone.

12. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall not, during such period, be exempted from the payment of monthly subscriptions.

* Subscribers are particularly requested to observe that they are required to report the date of their marriage to the secretary, who otherwise has no authority to enter them on the list of married subscribers.

13. Subscribers who may be prevented from drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, within six months.

14. Married subscribers continued to them until marriage their annuities should be paid ten days from the date of birth of or death, are required within one month to the Secretary, stating whether each daughter, to notify the Secretary an additional donation of rupees or not it is their intention that the amount will become due to the fund. The annuity shall be paid on the fifteenth day after birth, and must be paid within one year from the date thereof, failing in which the annuity will cease on the daughter's attaining the age of twenty-one. Subscribers in reporting payment of the donation are to state the Christian name and date of birth of the daughter for whom paid.—A posthumous daughter, or a daughter whose father may die before payment of the donation as above, will be entitled to the advantage of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D; and in the case of a daughter born in Europe or elsewhere, while the father is in India, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

15. The like option is extended to subscribers admitted under the provisions of Article 2d, Section 1st, having daughters born anterior to their admission, for whom the above sum of rupees 282 is to be paid with compound interest at 8 per cent., calculated from their date of birth, within one year from the date of such subscriber's admission.

16. To obviate the inconvenience which might be occasioned by the neglect of article 14th, subscribers may, if they prefer it, notify to the Secretary their wish to avail themselves of the rule for all daughters who may be born to them. In this case the daughters will be entitled to benefit, the donation for each becoming due and payable as before explained.

17. Officers retired on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to continue the same towards their respective maximum, or falling so to do, and preferring the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.—Cancelled on 17th October 1835.

Section IV.—Benefits derivable from the Fund.

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Eligible individuals who may have applied to the Secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber of the rank of captain, who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage-money from Government, shall be authorized to apply to the military fund for the passage-money regulated for his rank, viz. Capt. Rs. 1400; Subaltern Rs. 1,200, provided his application shall be accompanied by a solemn declaration upon honour, that he does not possess the sum of Madras Rs. 1,500, or property of any description equal in amount thereto. Passage-money is not allowed to field officers, except on loan.

5. A subscriber under the rank of field officer, who may have so proceeded to Europe, shall also be entitled on his return to India, to receive from the Secretary in England the sum regulated for the outward passage, viz. Capt. £110; Subaltern £95, on the production of a solemn declaration upon honour, that he does not possess the means of paying for the same.

6. A subscriber proceeding to Europe on sick certificate as above, shall be entitled for his equipment to a further sum not exceeding Madras Rs. 200, and if married to Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by a solemn declaration upon honour, that he does not possess, if a subaltern, the sum of Madras Rs. 1,000, a captain, Rs. 1,500, or a field officer, Rs. 2,000, or property of any description equal in amount thereto; but no allowance will in any case be made for equipment to a subscriber returning to India.

7. Subscribers being subalterns proceeding to England on sick certificate, who shall make a solemn declaration upon honour that they possess no other income beyond the regulated pay of their rank, exclusive of any wound pension, shall be allowed the sum of £21. 7s. 6d. per annum for a lieutenant, and £44. 3s. 9d. for

a cornet, second lieutenant, or ensign, commencing from the date of arrival in England, continuing so long as they shall be in receipt of pay there, and ceasing from the date of embarkation to return to India.—The declaration to be reviewed half-yearly.

Altered 1st December 1835, limiting the aggregate allowance to be drawn by a cornet, or ensign, to that of lieutenant.

8. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 20th article of this section; provided, however, that such additional allowance for the whole family never exceed £48. 15s. for a lieutenant, and £67 for a cornet, second lieutenant, or ensign. A captain of engineers, artillery or infantry, in like manner, being at home on sick certificate with a family, will be entitled to a similar allowance for his family, provided he make the declaration prescribed for subalterns; but such allowance is never to exceed that granted to the family of a lieutenant. Captains of cavalry are not entitled to income allowance.

9. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

10. The personal benefits above enumerated are issuable in one instance only, and if required a second time, they will be granted only on loan under the regulations established in the 6th section, that is to say, a subscriber having once proceeded to Europe on the fund, has no further claim to gratuitous aid.

11. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

12. The widows and legitimate children of deceased subscribers, shall be entitled to receive the annuities specified in the annexed Table E., provided they shall have paid up, previous to their decease, the minimum required by section 2d; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

14. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

15. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband

shall also have seen a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest.

16. Cancelled 17th October 1835.

17. Every widow benefitting by the Military Fund and no provision being made for her at the expence of Government, shall be entitled (for one passage only,) to the allowance allotted for the rank of her husband, viz. colonel and lieutenant-colonel, Rs. 2,400; major, 1,800; captain, 1,512; subaltern, 1,500; or her making a solemn declaration upon honour that she does not possess the means of defraying the expence of her passage.

18. The passage-money for children proceeding to Europe, is fixed as follows, viz. £60 (or Rs. 525) for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, viz. £3, £9, £18, £30, £45, as here may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

19. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th Oct. 1822, is to be accompanied by a solemn declaration upon honour.

20. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2-20th for the third child; 3-20th for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund for herself

But the aggregate of the children's annuities is in no case to exceed the amount of the widow's own annuity receivable from the fund.*

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding in trust for the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in

* The above limitation of the aggregate of children's annuities to the amount of the widow's has been suspended as far as regards annuitants admitted upon the Fund after the 1st January, 1834, in whose instance it will not have effect unless hereafter ordered.

the following case, viz. to subscribers compelled by ill health to abandon the country after ten years' service, and before they are enabled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income from whatever source derived, equal to the pay of a major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—*Loans.*

1. Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

2. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be entitled, should the state of the funds admit it, a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

3. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or

deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—*General Regulations (extracts).*

12. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

13. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically denuded by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall final in all cases whatever, any further agitation of the question by process of law or otherwise, being deemed in itself an absolute forfeiture of all claim on the fund.

14. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

15. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the directors, and of a majority of the members in cases which admit a reference to the general suffrage.

16. Generally, all payments due from the fund are to be made half-yearly, on the 31st January and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

17. Any arrear which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall be deducted from the first payments to be made from the fund, and the balance to the person owing such arrear.

18. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

19. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

20. If a subscriber who may be dismissed from the service by a court martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

21. All property belonging to the Military Fund at any period shall be invariably vested in the Hon. Company's securities.

22. When interest may be chargeable according to these regulations, on sums either receivable or payable by the Military Fund in account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Hon. Company's securities at this Presidency, at the time when such sum may be received or paid.

23. The Honorable Court of Directors having made it obligatory on Cadets and Chaplains to become members of the Military Fund, it will be the duty of the Secretary to communicate to each Cadet and Chaplain, entering the service, that his name has been enrolled in the List of Subscribers, in conformity with the condition of his appointment; at the same time requiring the parties whether they are married or not, when the Secretary will demand the amount of donation they will be required to pay, and that no communication be made on the promulgation of the order admitting any Cadet or Chaplain into the service.

24. The management of the affairs of the fund in England shall be conducted by a committee of twenty-four officers, subscribers resident in that country, of whom three to form a quorum.

27. It shall be part of the duty of the secretary to furnish every cadet, and chaplain, on his application, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

31. With the view of securing the fund against decay and ultimate failure, the original intention regarding donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be *"for the purpose of forming a capital,"* and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

32. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table D., from the annuities of the widows of the four senior classes, from the annuities to all children, and from the payments to other claimants above the rank of subalterns, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.*

* So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th Oct. 1822, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deduction have been reduced respectively to the standard of the new scale;

33. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principles of the preceding article.

The objects of the fund are:

To afford subsistence to the widows and legitimate children of medical officers (subscribers to the fund) dying in circumstances of indigence and distress.

To assist medical officers (subscribers) who are obliged to go to Europe in consequence of ill health.

And to afford to the senior officers of the Medical Establishment (subscribers) retiring from the service, annuities for life, under certain limitations, and depending on the state of the funds.

To the widows of all members, whether surgeons or assistant-surgeons, having subscribed prior to the 5th January 1815, who are in the circumstances entitling them to assistance, the fund grants such sums as will make their income three hundred pounds sterling annually.

To the widows of all surgeons, the same as above.

And to the widows of assistant-surgeons who became members subsequent to the 5th of January 1815 (unless the deceased shall have been fifteen years an assistant surgeon), the fund affords such assistance as will make their income two hundred pounds sterling per annum.

To the legitimate children of deceased subscribers, under circumstances entitling them to assistance from the fund, it is granted at the following rates:

To children under six years of age the income is made up to twenty pounds sterling per annum; but if a child have lost both its parents, the sum is made up to thirty pounds sterling per annum, and in the latter case the trustees act as guardians to the orphan.

From the age of six to twelve years the sum is made up to forty pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to seventy pounds sterling per annum.

from which period they shall all be included in the provisions of the article to which this note refers.

To subscribers who find it necessary from ill health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is afforded as shall enable a surgeon to expend the annual sum of three hundred pounds sterling, and an assistant surgeon the annual sum of two hundred pounds sterling, for a period not exceeding three years (vide Deed).

To the senior subscribers retiring from the service, if the funds admit, annuities are granted of four hundred pounds per annum for life.

Widows, pensioners on the fund, marrying a second time, and thereby forfeiting their pensions, are, on becoming widows a second time, entitled to assistance, on furnishing the required affidavits.

Printed copies of the Fund Deed are to be purchased at the office of the Madras Gazette, and information respecting the fund is to be obtained at the Secretary's Office (at the Medical Board Office), between the hours of eleven and three daily.

Form of Certificate.—*I, A. B., assistant surgeon on the Madras establishment, do hereby declare on oath, that my age at the time of admission on the establishment did not exceed thirty-two years.*

Sworn to this — day of — before me, — Magistrate.

We do hereby declare on oath, that we are of opinion, that Mr. — is free from any disease which endangers his life, or renders him ineligible to be a member of the Medical Fund.

Sworn to this — day of — before me, — Magistrate.

(To be attested by two medical men.)

REVISED REGULATIONS.—1st January 1836.

SECTION I.

Management of the Fund.

Art. 1. The management of the fund is vested in thirteen directors, twelve of whom shall be elected by the subscribers at large: the other—the Adjutant-general of the army, or officer acting in that capacity,—to be an ex-officio director. The senior director to be president.

2. The directors shall appoint a secretary under the sanction of the Commander-in-chief and the Governor in council; and such secretary shall receive a monthly salary of 200 rupees, and actual amount of expenses on account of establishment.

3. All applications relating to the Military Fund shall be addressed to the secretary, who shall lay them before the directors for their consideration, and shall communicate their decision to the applicants.

4. The directors shall meet once every three months, or oftener if necessary, for the transaction of business. But no business shall be transacted unless five directors attend the meeting.

5. It shall be competent for the directors, whenever they may deem it necessary, to institute an inquiry into the correctness of all claims founded on the regulations which are presented to them, and to reject such as may appear to them to have been preferred on insufficient grounds; but whenever a claim is rejected, the claimant may require the directors to submit his case for the decision of the subscribers at large.

6. If a subscriber wish any question, which is undefined by the regulations, to be submitted to the consideration of the subscribers at large, his request shall be complied with, provided that three directors deem such a reference expedient.

7. Except in the case just mentioned, all questions brought

before the directors shall be determined by the majority of votes of the directors present at the meeting.

8. A resolution, which has been passed at a meeting of the directors, shall not be brought again under discussion, unless a majority of the directors shall be of opinion that another meeting for the reconsideration of the subject is necessary.

9. All questions, submitted to the decision of the subscribers at large, shall be communicated by the directors, in letters forwarded by the secretary, and addressed to commanding officers of regiments, who shall collect and transmit to the secretary the votes of the officers under their command.

10. Officers on the staff, and officers and medical gentlemen unattached to corps, and clerical gentlemen, shall receive the circulars from and transmit their votes to the secretary.

11. Such votes shall, if possible, be transmitted to the secretary within three months after the receipt of the circular requiring them.

12. All questions submitted to the decision of the subscribers at large shall be determined by a majority of votes; but if two-thirds of the votes of subscribers in India be not received within the time specified, the decision of the question shall remain in suspense until that number be received.

13. The result of all references to the subscribers at large shall be communicated to them in the usual manner by the secretary.

14. The subscriptions and donations of subscribers will be received by the military paymasters at the different stations of the army, and all sums arising from these or other sources shall be lodged in the Company's treasury; but it is not to be considered any part of the secretary's duty to receive money on account of the fund.

15. The secretary shall keep the following books, which shall be open to the inspection of the subscribers.

An annual ledger, exhibiting the account of donations and subscriptions as rendered by paymasters.

A cash-book, to be balanced monthly.

A book containing an annual account-current of receipts and disbursements in Europe:

A book containing an annual account-current of receipts and disbursements both in India and Europe.

A book shewing in abstract the actual state of the funds.

A book containing the minutes of meetings of the directors.

A book containing copies of the several minutes by the directors on questions submitted to their consideration.

16. The payments due by the fund shall be made half-yearly, viz. on the 31st of October and the 30th of April, except such as are due to annuitants or claimants embarking for Europe, to whom all sums due are to be paid up to the latest date practicable.

17. When in interest is chargeable according to these regulations on sums receivable or payable by the Military Fund, in account with subscribers or their families, that interest shall be calculated at 8 per cent.

18. On all occasions when advances made to, or arrears due by subscribers in England, become payable in India, the exchange shall be considered at 2s. 3d. per rupee.

19. In all cases where a deduction has been made from the annuity payable by the fund, on account of property or income possessed by the annuitant, should such property or income be from any unavoidable causes diminished or lost, then on the circumstances being stated to the secretary in India, or the agents in Europe, accompanied by an affidavit, specifying whether any and how much property or income remains to the annuitant, the annuity shall be proportionally increased until it arrives at the maximum of annuity due to the rank of the late subscriber; the operation of this regulation equally applies to the following description of persons, viz.

First. Widows and children admitted before the 23d September 1824.

Second. Female orphans, as specified in the 4th article of the 3d section.

Third. Sick officers at home drawing income allowance.

20. In like manner, if any annuitant on the fund shall acquire property or income, a proportionate deduction shall be made from his or her annuity, from the date when such property or income was acquired.

21. The business of the fund in Europe shall be conducted by Messrs. Forbes, Forbes, and Co., to whom all applications by subscribers in Europe shall be addressed.

22. The directors shall, from time to time, furnish Messrs. Forbes, Forbes, and Co. with such instructions as may be necessary for enabling them to reply to such applications; and in all cases of doubt, or difference of opinion, a reference shall be made to the directors in India.

child was born. In failure of such intimation, and unless it shall have been proved to the satisfaction of the Directors that the delay arose from unavoidable circumstances, no child shall be admitted to the benefits above specified, although the donation may have been paid on its account.

The following table of rates has been established, at which additional donations for children can be received, whose parents have not made the necessary intimation to the secretary within the month following that of birth, or who have delayed payment beyond the appointed time.

16. Persons becoming subscribers to the Military Fund, on entering the service shall, if married or widowers and having legitimate offspring, be required to pay, in addition to the prescribed donation and subscription, an extra donation, equal to the amount of the subscription of their rank, calculated from the date of birth of the eldest surviving child, or from the date of birth of the eldest of the children, to whom, in case of the father's death, it is wished that the benefits of the fund should be extended.

17. But if such information be not given, the subscriber shall pay double the amount of the difference between his donation as a married and unmarried subscriber, with interest at 8 per cent. added half-yearly; and if he do not pay this amount, and his subscription as a married subscriber from the date of his marriage, his widow and children shall forfeit all claims to the benefits derivable from the fund; but such benefits as are personal shall continue to be available to him as an unmarried subscriber.

18. Subscribers who may be promoted or married during their residence in Europe, shall, on their return to this country, be required to pay the Indian rate of donation, or the difference between it and the Europe rate, as the case may be.

19. Subscribers who may retire from the service, or who may return permanently to Europe, and who shall continue to pay a monthly subscription equal to one day's pay of the rank which they had obtained at the period of retiring, if unmarried, or to one and a half if married, shall continue entitled to the benefits of the fund.

20. Subscribers who may have been dismissed and afterwards restored to the service, shall be readmitted to the benefits of the fund, on their recommencing their subscriptions from the date on which they shall again receive pay, and on paying back the amount of subscription which may have been refunded to them, in conformity to Section III, article 27.

21. All subscribers above the rank of subaltern who may proceed to England on sick certificate, shall pay their subscription in the same manner as those who proceed on furlough.

22. Subscribers who may be prevented by any temporary cause from drawing pay, shall be exempted during such period from the payment of monthly subscriptions; but upon the removal of such

incapacity the amount of arrears due to the fund shall be made good either at once, or by instalments not exceeding eighteen.

23. Cornets and ensigns shall not be required to commence payment of their donations until they have been twelve months in the country.

24. If a subscriber fall in arrears with his donation or subscription of instalments for six months, he shall pay double the amount of the arrears, unless he makes it appear to the satisfaction of the directors that such arrear was occasioned by unavoidable circumstances.

25. In all cases when a subscriber dies in arrears to the fund, in consequence of his paying the sums due by him by instalments, agreeably to the regulations, whether on account of loans or from any other cause, such arrears must be paid up, or otherwise his widow and children will be deprived of all claims to the benefits derivable from the fund. But in the adjustment of such arrears, it shall be optional with the parties either to pay up the sum at once, or by a deduction of ten per cent. from the pensions payable by the fund to the widow and children of such subscriber, until the same has been fully discharged.

2. The annuities to children shall cease on the completion of their eighteenth year, at which time the guardians of each of them shall receive from the fund the sum of £225, to assist in his or her establishment in life.

3. On application being made, and on sufficient reasons being assigned, the above sum of £225 may be paid previous to the child's completing its eighteenth year; but in all cases the payment of this sum shall extinguish all claim to a continuance of the annuity.

4. But the annuities of females bereft of both parents, granted under the 4th article of this section, shall continue until their marriage or death; subject, however, on their attaining the age of eighteen years, to the deduction of any yearly income beyond half the amount of pension which they may derive from any other source; and in case such other income shall amount to £90 per annum, the annuity granted by the fund shall cease and terminate.

5. The benefit of the preceding article shall be extended to such female children as at present receive annuities on the death of their mother, and to the unmarried daughters of deceased subscribers above eighteen years of age, provided that the increased donation be deducted from the amount payable by the fund.

6. On the same condition, a child born within ten months after the death of its father, shall be entitled to the increased annuity.

7. In the event of a female annuitant receiving her portion before the death of her mother, and it becoming necessary for her

to apply for the extended annuity, a deduction equal to one-fourth of her annuity shall be made until the portion be refunded.

8. Widows who are annuitants on the fund, and who may hereafter marry, are allowed to retain one-half of the annuity formerly granted to them, and if her second husband be a subscriber, it shall become optional with the widow to claim the annuity prescribed for the rank of either the first or second husband; but she is not to receive more than one full annuity.

9. Annuities shall be payable to widows or guardians of children at their place of residence, if in India or Great Britain and Ireland; and if resident in a foreign country, or at the Cape of Good Hope, to their constituted agents in London or Bombay; and if resident in any part of India not subordinate to this presidency, to their constituted agent at Bombay, at the rate of 2s. 6d. per rupee.

10. All widows upon furnishing an affidavit of the form marked I in the Appendix that they are destitute of the means of providing a passage to Europe, and are not furnished with one by Government, shall be entitled to receive the regulated allowance (for one passage only), but in the event of a widow possessing property not available at the period of her departure from India, the allowance may be granted as a loan, to be repaid within twelve months after her arrival in Europe.

11. All children admitted to the benefits of the fund shall be entitled to receive the sum of 400 rupees each, if proceeding to Europe with their mother, or 525 rupees if unaccompanied by their mother, to defray the expense of their passage, without reference to their age or the rank of their father at the period of his decease.

12. A married subscriber shall receive, in addition to the equipment allowance payable to an unmarried subscriber, the sum of 150 rupees for his wife, and 75 rupees for each child, on making a declaration, upon honour, that he does not possess sufficient funds for that purpose.

13. A married subaltern (or widower with offspring) at home on sick certificate, being married at the date of his departure from India, shall, on furnishing the declaration required from unmarried subscribers, receive £15 per annum for his wife, and £7.10s. for each of his children, if the number does not exceed two, in addition to his own income allowance from the fund, commencing from the date of arrival in England, and ceasing on embarkation for India; but the total sum payable on their account shall not exceed £30 per annum.

14. A married captain (or widower having offspring), at home on sick certificate, shall, on application, receive the same allowance for his wife and children as a subaltern, subject, however, to a deduction of any yearly income he may possess beyond his pay; such application to be accompanied by a declaration according to the form marked G in the Appendix.

15. A married subscriber shall be entitled to receive on his personal security, on furnishing a declaration marked H in the Appendix, a loan equal to twenty months' pay of his rank, for

the purpose of sending his wife to England, provided that the said loan be repaid by instalments within twenty months from the date of its advance, with interest at 6 per cent. per annum.

16. A similar loan on the same conditions shall be granted to a married subscriber in India or the purpose of bringing his family from England, provided that all loans formerly advanced to him shall have been duly discharged.

17. Articles 12, 13, 14, 16, latter part 17, and 18 of section four of the former regulations were rescinded by the decision on the 5th preposition of the 36th circular; * but as this resolution was not to have retrospective effect, all annuitants on the fund previous to the 23d September 1824 remain subject to the former regulations, and consequently such annuitants shall continue to furnish, every half year, affidavits, specifying whether they possess any property or not, and in the former case its actual amount, and drawn up in the form in the Appendix marked A.

18. In the same manner, the next of kin or guardian of children annuitants on the fund, prior to the 23d September 1824, shall furnish a half-yearly affidavit in the form in the Appendix marked B.

19. But female annuitants receiving the extended annuity, shall still furnish, after their eighteenth year, half-yearly affidavits, specifying whether they have any, and what income or property besides that derived from the fund, and these affidavits shall be drawn up in the form in the Appendix marked C.

Benefits to Unmarried Subscribers.

20. Subaltern officers who proceed to Europe on sick certificate shall, on making a declaration on honour, according to the form D in the Appendix, that they do not possess property which will, including their pay, produce an income of £140, be entitled to receive from the fund such amount annually, as, with their pay and other income, will make up that sum, commencing from the date of arrival in England, and ceasing on embarkation for India; † such subalterns, in case of acquiring any property or income during their residence in Europe, shall immediately furnish the agents with an affidavit specifying the same.

21. Subscribers, who proceed to Europe on sick certificate, and who are not furnished with a passage by government, shall, on making a declaration on honour, according to the form in the Appendix marked E, that they do not possess the means of paying for their passage, be entitled to receive for that purpose a sum according to the following Scale; viz.

* It has been therefore considered unnecessary to reprint them.

----- Subalterns 1,200

provided that if field officers, the amount, be refunded free of interest within twelve months after return to India, or after the expiration of three years from the date of receipt.

22. Subscribers who have proceeded to Europe on sick certificate shall, on making a similar declaration on honour, be entitled to receive from the agents in England the following sums as outward passage-money, viz.

If subscribing as Field Officers £113

----- Captains 94

----- Subalterns 83

provided that if above the rank of subaltern the amount be refunded free of interest within twelve months after return to India.

23. Subscribers proceeding to England on sick certificate shall further be entitled to receive the sum of 400 rupees for their equipment, on their application for the same being accompanied by a declaration on honour, according to the form in the Appendix marked F, that they do not possess sufficient funds for that purpose.

24. Subscribers proceeding to England from any other place than Bombay on sick certificate, duly obtained according to the regulations, shall be entitled to the same benefits on giving the secretary the necessary information, and furnishing him with the required declaration on honour.

25. If a subscriber, whether married or unmarried, be dismissed the service, the directors are authorized to refund to him the amount of subscription which he has contributed to the fund, deducting therefrom any sums which may have been previously advanced to him.

SECTION IV.

Causes of Exclusion from the Benefits of the Fund.

Art. 1. A subscriber, prior to the late order of the Hon. Court, withdrawing from the fund, forfeits, *ipso facto*, all claims to the benefits derivable from it, as also the amount of his donation and subscription, and all other sums which he may have paid in to the period of his secession.

2. The non-payment of donation, subscription, or any other sum demanded from them in conformity to the regulations, shall exclude subscribers from all benefits derivable from the fund.

3. The non-compliance with any regulation of the Military Fund, or the bringing under litigation any decision which has been passed in conformity to these regulations.

4. All income derived from the Bombay Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

5. The widow of a subscriber who shall have been legally divorced or separated from her husband, or who shall at the time of

his death have quitted his protection, or shall be living in a state of adultery, though not legally separated or divorced, shall not be entitled to any benefit from the fund under any circumstances whatever.

6. If, after the widow of a subscriber shall have been admitted to the benefits of the fund, it shall at any time appear to the satisfaction of the Directors that she is living in a state of incontinence, or in a manner discreditable to the memory of her husband, she shall forfeit all claims to the benefits derivable from the fund, and shall in future be deprived of her annuity.

SECTION V.

Eventual Benefits of the Fund.

Art. 1. Independent of the benefits which have been recited, the Bombay Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the Directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:

First. To subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

Second. To officers who may have served twenty-two years in India, and may be obliged by ill-health to retire from the service without having obtained the rank of major, the regulated passage money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major; and, as in the case of widows, the possession of an income not exceeding half the pay of a major of infantry, shall not occasion an abatement from the provision to be made from the fund.

Third. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank, provided always that the resignation of such officer shall actually have been accepted previously to embarkation.

Fourth. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction from the annuity of each annuitant, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

TO

THE CIVIL RESIDENTS

IN THE

SERVICE OF THE HON. EAST-INDIA COMPANY,

THE COMMANDING OFFICERS,

PRESIDENTS OF THE REGIMENTAL MESS,

OFFICERS OF THE ARMY AND MARINE IN INDIA,

TO THE EUROPEAN INHABITANTS, LADIES AND FAMILIES,

IN THE INDIAN TERRITORY.

The inconvenience and uncertainty which have been so long experienced by Officers in the Army and other Residents in India, in obtaining supplies from England, for their personal use, or for the Service of the Mess, and the very high prices at which they are received, have long been the source of just complaint and dissatisfaction.

This disadvantage arises principally from the numerous hands through which they pass, under the present system, and the very extended credit generally.

ROBERT MAYNARD and Co., at the suggestion and by the urgent advice of many Officers in the Service, and others, who from experience have become intimately acquainted with the extent of these evils, submit the following proposals, the objects of which are to afford the Residents in India all the advantages which will accrue from being supplied direct from the various Manufactories, without any charge of Agency or any advance on the prices in England, under an experienced and confidential Agent, and the great saving they will ensure by purchasing with Ready Money, as Credit Houses cannot, on account of average risk, make that difference in charge which cash payments are entitled to over extended credit.

It is suggested that Gentlemen, Families, or Regiments having occasion for supplies, should transmit their orders direct to London to the address appended, with as full and explicit instructions as the nature of the articles will admit; in some instances giving drawings and measurements, with particular directions for Shipment and the name of their Agent abroad, to prevent any unnecessary charges in India, the amount of which here will be, in all cases, considerably diminished in proportion to the extent of the order. The most diligent attention will be given to select all goods in conformity with the taste or wishes of their Correspondents, and articles desired from any particular Manufacturer who had established a preference in the India Market would be rendered at the same prices as in England

H h h

The average interval of their arrival would not exceed Five Months after the receipt of the Letters in England.

At the same time that Orders are thus forwarded, arrangements may be made to remit Money or Bills at short sight to Messrs. Glynn, Mills, and Co., Bankers, or other Confidential Persons in London, to answer the Draft for the amount on presenting the Bills of Lading on shipment. The same Parties may be also instructed to inspect the Cases previous to their being sealed; or the Order may be accompanied with an engagement from the Agent in India to accept the Draft on arrival of the Goods, which would be drawn at the current rate of Exchange in London. The system submitted by M. and Co. will not admit of extended Credit or Risk, their remuneration being such as not to allow of disappointment, thus affording a mutual guarantee for the proper execution of any Orders, and a corresponding certainty of Funds.

A very long experience in General Business devoted to the MILITARY CLOTHING and OUTFITTING to INDIA, embracing almost every variety of Manufactures, the larger proportion being finished under their own immediate superintendence, has given R. M. an extensive acquaintance with the Articles suited to that Climate; and will furnish those who entrust their Commissions to M. and Co. with an assurance that the best judgment will be exercised in fulfilling them.

They beg to represent that they have adopted such a principle of economy consistent with the superiority of the Articles, as will place the system on a permanent basis, and they are confident the great saving which will accrue and the satisfaction received would be commensurate with their exertions to establish entire confidence.

The SUPPLIES proposed would include,

Military Equipments of every description, precisely according to Regulation.

Regimental and Private Clothing in every particular, and following any change in Appointments.

Saddlery and Harness.

Silver Plate and Plated Goods.

Hardware and Cutlery for the Table and all other uses.

China and Glass for the Table or Ornament, and general Earthenware.

Household and Cabinet Furniture.

Carriages from the first Builders.

Musical Instruments by the best Makers.

New Publications and Books generally.

Assortments of Millinery and Haberdashery, and Ladies' Apparel of every description.

Wines and Beer of every character.

Preserved Provisions and Fruit, &c. &c.

* * All Goods would be charged at fixed prices, including the Commission, and without any discounts or deductions.

To afford every facility to Parties arriving from India, M. and Co. have provided large and dry Warehouses for the deposit of Baggage for any period of time, and immediately on landing request that the Keys, with a List of Packages, may be transmitted, and they will be cleared from the Docks without the necessity of proceeding to London. M. and Co. will also report Arrival; transact all Business with the East-India Company; receive and transmit Pay or Pensions, Letters, and Packages with the strictest regularity; Purchase or Sell Produce and Merchandise; and transact all Business in connexion with the East-Indies.

NOTE.—In adverting to the superiority of this system over private Commissions, it is important to explain that from the extent of the business transacted purchases would always be made at the Wholesale or Manufacturer's prices, and the remuneration being much less than a Retail profit, the Goods would be received considerably lower than single articles could be purchased by Individuals, and from making large Shipments at one time, the separate charges on Shipping would be greatly reduced.

The promptitude in executing Orders may also be noticed, and from the exclusive attention given to the Mercantile Branch, it is assumed that a decided advantage will be found in adopting this in preference to any system now in practice; the larger Houses from the nature of their Establishments and their multifarious Business, being unable to enter into the necessary details without having recourse to secondary Agents.

TO PARTIES PROCEEDING TO INDIA,

The advantages of the system will appear evident in being directed at once to the best Makers, where they may make their own Purchases on the very lowest Terms, or may select their Outfit from the Stock at the Warehouse.

A Register is kept of the latest India Intelligence, with a List of Departure and Arrival of Ships and Passengers, also the Indian and London Daily Papers.

Correspondence and information are respectfully invited to further the objects of this Establishment,

By MAYNARD and Co.

27, Poultry, next the Mansion House, London.

TO GENTLEMEN
IN THE
CIVIL, MILITARY, OR NAVAL DEPARTMENTS,
AND TO
LADIES AND FAMILIES, WRITERS, CADETS,
AND ASSISTANT-SURGEONS,
PROCEEDING TO INDIA.

MAYNARD AND COMPANY,
MILITARY OUTFITTERS AND GENERAL AGENTS,
Asiatic Office, No. 27, Poultry, London,
(REMOVED FROM LUDGATE STREET,)

Respectfully announce to LADIES and GENTLEMEN going abroad, that the arrangements at their Warehouse embrace every article necessary for an Outfit on the most extended, or on a limited and inexpensive scale, including the MILITARY EQUIPMENTS and CABIN FURNITURE, the whole of which may be supplied where expedition is requisite at twenty-four hours' notice; they invite a comparison of prices and quality with any similar Establishment, the utmost economy being carried into every part, so as to render each article on the very lowest terms.

The frequent disappointments experienced by officers in getting their Uniforms and Military Appointments made up precisely according to the new Regulations, have induced Maynard and Co. to give particular attention to this branch, by consulting the first authorities, and by correspondence from Head-quarters in India. They are employing the first Artists and Cutters in all the details, and by working up the best materials, produce articles of a very superior character. M. and Co. with confidence throw themselves upon the support of the Honourable Company's Service, which a large number of Staff and other Officers who have already honoured this Establishment with their patronage, will, they trust, fully justify; whilst by combining the Military with the general and personal Outfit, they are enabled to complete the whole in equal style with the West End Military Houses, at a saving of full 20 per cent.

Regimental Supplies of every description, Saddlery and Horse Furniture, General Clothing, Plate, China, Glass, Musical Instruments, &c. forwarded to India.

Cadets and Assistant Surgeons will find this Establishment of the utmost importance.

AGENTS FOR PASSAGES.

At this Establishment, Plans and Terms of every SHIP may be obtained, the Commanders met with, and PASSAGES advanced.

Maynard and Co.'s Outfitting List—continued.

tageously engaged, free of charge. INSURANCES are effected, Servants provided for the Voyage, Letters and Packets forwarded, BAGGAGE shipped on departure, and Cleared or Warehoused on arrival from India without trouble to the parties.

CAPTAIN GRINDLAY'S EAST-INDIA ARMY AGENCY,

AND

AGENCY FOR PASSENGERS TO AND FROM INDIA,
AND THE COLONIES,

16, CORNHILL,

AND

EAST-INDIA ROOMS,

8, ST. MARTIN'S PLACE, CHARING CROSS.

The encouragement which has been given by the Indian Community in England to Captain GRINDLAY'S SUBSCRIPTION AGENCY (£1. per Annum), has enabled him to establish, in addition to his Office in Cornhill, READING ROOMS for their general accommodation, in a central and convenient position, and to keep them regularly supplied with Indian and English Journals and Periodicals, Maps, and Books of Reference, and Publications connected with India and Asia generally, with Registers of various Information which has hitherto been widely scattered, and not accessible with that degree of convenience which is desirable.

It is obvious that the advantage of such an Establishment as a common point of re-union for the Members of the CIVIL as well as MILITARY SERVICE, and the INDIAN COMMUNITY AT LARGE, is not confined to Residents in England, but will be extended equally to those in India.

The following may be enumerated amongst its Advantages:

The constant and ample supply of Intelligence from India, including details of Civil and Military Promotions, Casualties, &c.; Shipping, News of Vessels Inward and Outward-bound, with Lists of Passengers; and every matter of Interest connected with India.

The Clearance and Shipment of Baggage belonging to Parties coming from, or proceeding to, India; the Receipt and Remittances of Pay and Pensions; and the Agreement for Accommodation in Passages out.

A REGISTER is kept for the prompt transmission and receipt of Parcels, Packages, and Letters, to and from India; as well as one for recording the Addresses of the Members of the Services actually in England.

For the guidance of Writers, Cadets, Assistant Surgeons, and others, proceeding to India, detailed Lists of various Scales of Outfit have been carefully arranged by Captain G.

Military and Miscellaneous Supplies procured on the most advantageous Terms, and forwarded by the first Ships.

CAPTAIN JAMES BARBER,
(LATE OF THE SHIP CAMBRIDGE,)
EAST-INDIA AGENT,
4, LEADENHALL STREET,

THAT there is a necessity for an AGENCY, based upon the principle of "general usefulness," is shown by the encouragement CAPTAIN BARBER has already received from the Civil and Military Services of India; and while he adopts this mode of returning his thanks to those Friends who have sanctioned his endeavours by their support, he at the same time solicits new and extended connexion, under the assurance that his best exertions shall continue to be given, that his Establishment may be rendered complete and serviceable in all its branches.

The generous feelings and liberal habits invariably created by a residence in India, unfit persons to combat with the Impositions that are usually levied upon "Passengers from the East," commencing as it generally does, while passing their baggage inwards through the King's Warehouse; to obviate which, Captain Barber invites Gentlemen or Families returning to England, to avail themselves of the assistance this branch of his Agency affords, for which purpose it is by no means necessary for Parties themselves to repair to London. If they will leave their keys on board, sealed up with a list of their baggage, and forward to Captain Barber an order for the delivery of the same to him, accompanied by instructions how to dispose of it, they shall be promptly and implicitly complied with; or, if a part should not be immediately required, it can be warehoused at a trifling expense until wanted.

Persons returning to India, as well as Writers, Cadets, and Assistant Surgeons, will find a corresponding advantage by negotiating their Passage through this Agency. Captain B. will hold himself responsible for the general and particular Equipment of the Vessel; they will also avoid the unpleasantness of bargaining with the Captain or Owner, and insure the advantage of Captain B.'s superintendence in the arrangement of their cabins and personal outfit, not only free of charge, but the Agent conceiving that his long experience in the command of a Ship, (whose character and comforts he feels will long be remembered by many in India), enables him to point out real and necessary wants,—instead of the useless outlay that persons of inexperience are too often led to when fitting themselves for the voyage, as well as to provide their equipment for service in India.

A Registry of Servants is kept, with their characters. Packets, Parcels, and Letters forwarded; the Arrival and Departure of Ships, with List of Passengers, and Passengers that are expected; Private and Public Business transacted at the India House or in any other Public Office. Pay or Pension received and remitted, and all other matters faithfully attended to that can be comprised in a General Agency.

1836.

MESSRS. ASHLEY AND SON,
ARMY AGENTS AND BANKERS,
135, REGENT STREET.

It having been intimated by several Officers in the Honourable East-India Company's Military Service in India, and other Friends connected with the East-Indies, that it was very desirable a regular House of ARMY AGENCY, in LONDON, of His Majesty's Service, would also undertake the Agency and Concerns of Officers in the Company's Service:

MESSRS. ASHLEY AND SON, ARMY AGENTS AND BANKERS, 135, REGENT STREET, beg leave to offer their services to transact such business for all Officers proceeding to India, now serving there, or returning home on furlough or retirement, who may rely on an active and assiduous attention to their interests.

It frequently happens that the Company's Military Officers, not possessing the advantage of having a regular Regimental Agent, like those in the King's Service, are put to much inconvenience on landing in England, by not knowing to whom to apply in London for information and assistance. To remove that difficulty and embarrassment, Messrs. ASHLEY will be happy to receive communications immediately on the arrival of such Officers, and expeditiously forward the requisite remittances, in the usual mode adopted in His Majesty's Service.

Officers on service, desirous to remit money to England, may forward their Bills to Messrs. ASHLEY, who will receive the proceeds and invest them in the public funds, or otherwise apply them as they may be directed.

All business in the Military Department is transacted by them at the India House and other Public Offices. Also Pay and Pensions may be received by them by Power of Attorney, and much trouble and delay thereby saved to Officers or their Widows who reside abroad or at a distance from London.

Particular attention will be paid to orders of supply from Regiments in India for Clothing and Military Equipments, of whatever description; also to orders for Outfits, and general arrangements for embarkation of Cadets and others, and great care taken that the articles are properly selected, packed, and shipped to their destination.

The experience Messrs. ASHLEY have had for many years in conducting the Agency of several regiments of the King's Service, and being Regimental Agents recognized by the War Office, will, it is hoped, be considered by Officers of the Honourable Company's Service a guarantee of their ability to execute the trust they solicit; and they beg to assure those gentlemen, that their establishment is conducted upon liberal principles, and will meet every demand on its services.

MESSRS. ASHLEY have great pleasure in mentioning that they had the honour to be Agents to the 27th or Enniskillen Regiment of Foot, to which they were appointed by its Colonel the MARQUIS of HASTINGS, a nobleman whose name will ever rank amongst the most illustrious of the British Army in India.
