TERMS OF ADMISSION.

Conditions and Qualifications for a Candidate.

1. No candidate can be admitted under the age of fifteen, or above the age of eighteen, years.

2. No candidate will be admitted without a certificate, signed by two practising surgeons, that he has no mental or bodily defect whatever to disqualify him for military service, and a declaration that he has had the small-pox, or has been vaccinated.

3. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.

4. Every candidate must deliver the names and addresses of two persons residing in London, or its vicinity, who engage to receive him, on application to that effect by the Lieutenant-Governor.

5. It is an indispensable qualification that the candidate write a good legible hand; and that he write English well from dictation.

6. No candidate will be admitted who cannot construe and parse *Cæsar's Commentaries*.

7. No candidate will be admitted who shall not be found to possess a correct knowledge of all the rules of arithmetic usually taught in schools, viz., the rule of three, compound proportion, practice, interest, vulgar and decimal fractions, and the extraction of the square root.

8. The qualifications above mentioned are all that are absolutely requisite for the admission of a cadet into the Military College. Parents and guardians are however informed, that it will be of great advantage to a cadet in his future studies at this establishment if, before being admitted, he make himself well acquainted with the following portions of the fourth edition of *Cape's "Course of Mathematics," viz.*

1. Algebra. Part I.
2. Geometry. Chaps. I. II. III. and VII.
3. The use of Logarithms.
4. Trigonometry. Chaps. I. II. and III.
5. Statics. Chaps. I. III. and IV.
6. Dynamics. Chaps. I. II. III. IV. and V.
7. Hydrostatics and Hydrodynamics.

It is also very desirable that a cadet on joining the College be able to draw with facility in pencil, and shade with Indian ink.

9. No person who has been dismissed, or obliged to retire, from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or from any other public institution, will be appointed to the College.

10. Every cadet upon his admission is considered a *Probationary*

probationary pupil for the first six months; at the termination of which time the public examiner reports to the committee on the probability of his being able to pass for the artillery or infantry at the public examination of his fourth term of residence. Should this appear improbable, either from want of talent or diligence, the cadet is then returned to his friends.

11. Every candidate must produce a certificate of his birth taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had at the Cadet-office, East-India House. In the event of there being no register of his birth or baptism, the candidate will be furnished with the form of a declaration to be taken by him previously to his being appointed.

FINANCIAL, &c.—The parents or guardians of the gentleman cadet are required to pay £50 per term in advance towards defraying the expense of his board, lodging, and education; also an entrance subscription of £2. 2s. to the public library.

They are also required to pay the cost of his uniform clothing,* averaging £15. 5s. 6d. per annum, and of the books required for his use; also pocket-money, at the authorized rates, viz. 2s. 6d. a week, with 1s. additional to censors, and 2s. 6d. additional to sub-officers.

A cadet is chargeable with the full payment for a half-year, however short a portion of it he may be in actual residence.

A cadet resigning, or being dismissed during a term, cannot lay claim to a return of a portion of the payment.

Cadets are chargeable for loss, damage, and destruction of books and other property.

No portion of their pocket-money may be paid in advance to the cadets.

No person belonging to the college may take charge of money for the private use of the cadets.

The payment for clothes, pocket-money, and books for the preceding term, is to be made previous to the cadet's return to the College.

Previous to the cadet's admission, his parents or guardians shall furnish him with the following articles, viz.

Two combs and a brush, twelve shirts (including three night-shirts), twelve pair of stockings, six towels, eight pocket-handkerchiefs, one pair of white trousers, a flannel jacket and pair of flannel trousers (to be worn when playing at football or cricket), a tooth brush, a Bible and Prayer-book, a case of mathematical instruments of an approved pattern. Each article of dress must be marked with the owner's name in full.

No cadet will be allowed to bring to the College more than one portmanteau or trunk, and one carpet-bag.

* *Viz.* Jackets, waistcoats, stocks, foraging caps, trousers, half-boots, gloves, together with a proportionate share of the expense of any other periodical supplies, and the repairs of the same.

The portmanteau or trunk not to exceed 2 feet 4 inches in length, 1 foot 3 inches in width, and 12 inches in depth.

PROHIBITION.—The cadet must not join the seminary with a greater sum in his possession than one guinea, and a further supply from any of his relations during his term may subject him to dismission.

The following class-books will be provided at the public expense, the mutilation or destruction of which to be chargeable to the cadets, *viz.*

Shakespear's Hindustani, and Latin Dictionary.

The Cadets will, on their first joining Addiscombe, be supplied with the following books, the cost of which will be charged to their parents or guardians, *viz.*

Cape's Mathematics and Logarithms,	Prosateurs et Poètes Français,
Straith's Treatise on Fortification,	Scriptores Romani,
Shakespear's Hindustani Grammar and Hindu Selections,	Jackson's Military Surveying,
Contanseau's French Dictionary, French Grammar, Guide to French Translation, and	Austed's Elementary Course of Geology,
	Penley's Treatises on Water Courses and Perspective,
	Syllabus of Chemistry.

VACATIONS.—Midsummer commences about the middle of June, ends 31st July.

Christmas commences about the middle of December, ends 31st January.

Before the close of every vacation, the cadet must apply at the Cadet Office for an order for his re-admission, and all sums then due must be paid up. This order will express that he is only to be re-admitted upon his returning with the books and instruments which he took home with him, that his linen is put into proper repair, and that he is in a fit state of health to renew his studies.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot really want a supply of money to be placed at his disposal while at the seminary; and if they do, notwithstanding, think proper to furnish him with money, they put it in his power to commit irregularities, which must always retard his studies, and may eventually lead to his removal from the institution.

The parents and friends are further particularly desired not to attend to any application from the cadet for money, under the pretence of his having incurred any debts at Croydon, or elsewhere, or for the purpose of subscribing to the public charities, or any other pretence whatever.

It having become known that cadets have been in the habit of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance that they had scarcely any money left, the Committee have ascertained that these stoppages have arisen, not only from wilful and

wanton destruction of public property, but in a considerable degree from the postage of letters, and the carriage of parcels addressed to the cadets. It has in consequence been ordered, that no letter or parcel shall be admitted into the College unless the postage or carriage of such letter or parcel shall have been previously paid. It has also been ordered that every parcel shall be opened in the presence of one of the orderly officers and the cadet to whom it is sent; that should it contain wine, or any thing prohibited in the regulations, the parcel, upon the first offence, will be returned to the person sending the same; and that upon the second offence, the cadet will be ordered home, and will not be re-admitted until a written apology has been sent to the Committee by the person who has committed a breach of this regulation.

It is forbidden that any cadet, or the parents or friends of any cadet, shall give or offer to any person belonging to the College, any pecuniary present or consideration, on any pretence whatever.

MEMORANDA.

The gentlemen cadets educated at the Military College are eligible for the corps of engineers, artillery, and infantry. Admission to the two first of these branches, *viz.* the engineers and artillery, is only to be obtained by these cadets, none others being eligible. Those who are most distinguished are selected for the engineers, according to the vacancies in that branch. Those immediately following in order of succession are promoted to the artillery.

Cadets who at public examinations are reported qualified for the engineers or artillery, but for whom there may be no vacancy in those branches of the service respectively, are presented by the Court of Directors with honorary certificates of their qualifications and meritorious conduct, are permitted to select the presidency to which they shall be posted as artillery or infantry officers, and their names are communicated by the Court for the observation of the Government of India, and for publication in General Orders to the army. Cadets who are not so reported, but who have attained proficiency in one or more branches of instruction, may be granted certificates to that effect, at the discretion of the public examiner.

In order that the gentlemen cadets may have the full advantage of any qualifications they may possess before they enter the College, it is not required of them to remain in it a longer time than one year, as they are eligible to be candidates for commissions in the engineers at the first public examination that takes place after a year's residence, and, if found qualified, are appointed accordingly.

The cadets educated at this institution take rank in the army above all other cadets who are appointed from the commencement of three months previously to the date of the College cadets being reported qualified; and all the time passed by them at the institution after they attain the age of sixteen counts as so much time passed in India, in calculating their period of service for retiring pensions on full pay, provided they pass within the prescribed period of four terms.

PERSONS who may be NOMINATED DIRECT
CADETS.

A candidate must have attained the age of sixteen years. He is not eligible to be appointed a cadet after having attained the age of twenty-two years, unless he shall have been, for the space of one year at least, a commissioned officer in Her Majesty's Service, or in the Militia or Fencible Corps when embodied, and hath been called into actual service, or shall have been in the Company of Cadets of the Royal Regiment of Artillery. Such persons are eligible for the appointment of cadet in the Company's service, provided their age does not exceed twenty-five years. [A commission in the Guernsey Militia, or in any other corps similarly circumstanced, is not a qualification (Resolution of Court, 3rd April, 1844).]

A candidate who has been so employed must produce his commission, together with a certificate from the War Office or Commanding Officer of his regiment, of his having actually joined and done duty with the regiment for the full term of one year and upwards; and that he was neither dismissed nor resigned his regiment in consequence of any misconduct.

No person who has been dismissed or obliged to retire from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy of Woolwich, or from any other Public Institution, on account of immoral or ungentlemanly conduct, can be appointed a cadet.

The following are the points upon which Candidates are to be examined before they are passed as cadets:—

1. Each candidate will be required to write English correctly from dictation.

2. He should possess a competent knowledge of the ordinary Rules of Arithmetic, including the Rule of Three, Compound Proportion, Simple and Compound Interest, Vulgar and Decimal Fractions, and the extraction of the Square Root. He should also have read the first three books of Euclid.

In languages he should be able to translate into English, passages from Cæsar's Commentaries, or from the first four Books of Virgil's *Æneid*, and he will be further expected to parse, and show his knowledge of Grammar and Syntax.

The candidate will be required to translate from French into English, an extract from one of the following works, viz., *Telemachus*, Voltaire's *Charles the XII.*, and *Peter the Great*. But the candidate will have the option of being examined in the Hindustani, in lieu of the French language, and in that case he will be required to translate from Hindustani into English an extract from one of the following works, viz.: *Bagh-o-Buhar*, 'Tota Kubanee.

4. In History he should be prepared to pass an examination in Keightley's *Histories of Greece and Rome*, in Gleig's *History of England*, and in the *History of British India*, contained in Vols. 1 and 2 of the *Edinburgh Cabinet Library*.

5. In Geography, he should possess a competent knowledge of the modern divisions of the world; the principal nations in Europe and Asia; the names of the capital of each nation in Europe, and of the chief cities of Hindustan; and the names and situations of the principal rivers and mountains in the world.

6. In Fortification, he should have read some elementary work on the subject (*Straith's Introductory Essay to the Study of Fortification*, or *Macaulay's Field Fortification*), and have received some instruction in drawing.

The examination of the candidates will take place before the Board of Examiners to be convened for that purpose at the Military College at Addiscombe, near Croydon.

If not found qualified on their first examination, they may be allowed a second trial within the next ensuing twelve months; and if not then found qualified, their nominations will revert to their patron.

If the candidate has been confirmed as a member of the Church of England, he will be required to make a declaration to that effect. If not so confirmed, or if not a member of the Church of England, he will be required to produce a certificate from a minister, stating that he has been well instructed in the principles of the religion in which he has been brought up.

The candidate will also be required to produce testimonials for good moral conduct, under the hand of the Principal or Superior authority of the College or Public institution in which he may have been educated, or under the hand of the private instructor to whose care he may have been confided,—and the said testimonials shall have reference to his conduct during the two years immediately preceding his presentation for admission.

All direct cadets, appointed or sworn in between the 10th March and 10th June, or between 10th Sept. and 10th Dec. (or the days which may be fixed on for the public examination of the College Cadets) do rank after the College Cadets who may pass their said examinations, provided the latter sail for their respective destinations within three months after passing said examination.

All cadets who may be appointed between the dates of public examination at Addiscombe and the 10th of March or 10th of September, will be allowed to rank from the date of their sailing, provided this takes place within three months after their being passed and sworn.

N.B. The forms of certificate required to be produced are to be obtained on application at the Cadet Office.

Unless the whole of the said certificates are delivered in by the cadet, he will not be passed.

If no parish register can be found, it is provided as follows, viz.:—

“That if no register can be found, a declaration, pursuant to the Act passed in the 5th and 6th year of his late Majesty William the Fourth, of that circumstance, shall be made by the party himself, with his information and belief, that his age is not under sixteen years, and doth not exceed twenty-two years” (Act of the 33 Geo. III.). Forms of the Declaration may be had at Cadet Office.

All cadets are required to subscribe to the Military Funds at their respective presidencies.

Cadets who shall fail to apply for their orders within three months from the date of their being passed and sworn, or shall not actually proceed under such orders, will be considered as having forfeited their appointments, unless special circumstances shall justify the departure from this regulation.

When the Cadet is ready to proceed, he must apply for a certificate of his appointment.

All assistant surgeons are required to subscribe to the Military or Medical, and Medical Retiring Funds at the Presidencies to which they may be respectively appointed, and to the Military Orphan Society also, if appointed to Bengal.

CIVIL FURLOUGH REGULATIONS.

1855.

RULES FOR SICK LEAVE.

Sec. IV. Upon application duly made, the Government may grant leave of absence on medical certificate to any civil servant to any place in India, in Europe, or elsewhere, as he may consider most conducive to the restoration of his health, without any restrictions whatever as to the places to which he may resort.

Sec. VI. The following conditions will in future attach to leaves of absence granted to civil servants, who may be declared by a sufficient medical certificate to require such leave for the recovery of their health:—

Firstly. The total period of absence, with the privileges hereinafter provided, shall not (save as specially excepted in clause 5 of this section, and in section VII. of these rules) exceed eighteen months in the whole, nor shall it exceed fifteen months on any one occasion.

Secondly. The office of the absentee will be considered to be vacated if he shall be absent beyond eighteen months altogether, or beyond fifteen months at any one time, unless he shall obtain leave under clause 5 of this section, such absence to be computed, if he shall proceed to a sanitarium within the presidency, from the date of his arrival thereat to the date of his quitting the sanitarium; if to any place beyond the presidency, but within the continent of India, from the date of his leaving the frontier of his own presidency to the date of his return thereto; and if he shall proceed to sea, from the date of the sailing of the vessel on which he may have embarked, from any port in India which is not more distant from his station than the ports of his own presidency, to the date of his arrival at any port within the presidency to which he belongs, or at any other port which is not more distant from his station than the ports of his own presidency.

Thirdly. The absentee will be entitled to draw a moiety of his salary, and the same will be paid to him during such period of absence, provided that he shall in no case draw a larger sum than Rs. 10,000 (£1,000) per annum, during that period. In cases in which the emolument of the absentee's office does not exceed Rs. 5,000 per annum, no deduction therefrom shall be made for the period of eighteen months, nor shall such a deduction be made in other cases as shall reduce the allowance below Rs. 5,000 (£500) per annum. In cases in which the salary of the absentee may not be of that amount, the full salary will be granted.

Fourthly. For the interval elapsing between departure from station to the commencement of reckoning absence, or between the end of reckoning absence and re-arrival at station, the absentee will be allowed a special leave for an additional period of one month, two months, or three months, according to the distance to be travelled, as prescribed in section XX. of these rules; and during this additional period the absentee will be entitled to draw the same salary as is allowed by clause 3 of this section.

Fifthly. If the absentee shall apply under medical certificate to remain absent for a longer period than eighteen months, or fifteen months at any one time, and it shall appear to be absolutely necessary, after examination by their medical officer in England, that he should do so; the leave which may have been granted in India will, be extended to the limit of two years, with permission to retain office, and half salary within the limits enjoined, during such extension. If the absentee be in India, the leave may be extended to the limit aforesaid, under the orders of the Government of India or the subordinate Governments, upon the certificate of a board of medical officers, to be summoned to report on the state of the absentee's health.

Sixthly. If the absentee be compelled by the state of his health, under due medical certificate, to remain absent for a longer period than eighteen months, or fifteen months at any one time, or beyond two years in the case of an extension under clause 5, he will, as before stated, vacate his appointment, but he will be permitted to receive an allowance at the rate of £500 per annum, if above ten years' standing at the time when the leave was granted, or of £250, if not above ten years' standing at the time when the leave was granted, for such further period of absence as shall not exceed the entire term of three years in the whole. At the expiration of that term, all allowance must cease until he reports his return to his presidency.

Sec. VII. If a civil servant of more than fifteen years' service, after having been absent on sick leave for eighteen months in the whole, or for fifteen months at one time, at whatever period of his service such sick leave shall have been taken, shall be again compelled by the same cause to apply for leave of absence, the Government of India and the subordinate Governments may, on special grounds, grant leave of absence for one further period not exceeding six months, during which the absentee may retain his office and half his salary, under the limits above enjoined.

Sec. VIII. If a civil servant, after fifteen years' service, shall be compelled by ill-health to apply for further leave of absence, he may be permitted on special grounds to obtain it, but his absence will involve the loss of office and salary; the Government of India, and the subordinate Governments, will, however, respectively exercise a discretionary power to grant, in such last-mentioned cases, a sick absentee allowance, not exceeding Rs. 5,000, or £500, per annum, for a further period not exceeding twelve months.

Sec. IX. A civil servant, who has taken sick leave under the rules of 17th May, 1843, will not be debarred by that circumstance from taking such leave again under the above rules, with the privilege of retaining office, provided the leave be not granted till three years have expired after his return from his leave, under the rules of the 17th May, 1843.

Sec. X. None of the above-mentioned rules will be applicable to members of council. Each member may, however, with the special sanction of the Government, be permitted to be absent, under medical certificate, for a period not exceeding six months, retaining his office and receiving half his salary, which shall be paid to him during such absence, but if his absence shall exceed six months, his office will be vacated.

Sec. XI. Civil servants who may desire to draw their allowances, while absent on account of sickness, under the above rules, will be required to give security in such amount and form as may be fixed by the Government, for the refund of any excess that may be drawn, either by the agents at the presidency or by themselves, in case of their coming under retrenchment.

RULES FOR SHORT LEAVE ON PRIVATE AFFAIRS.

Sec. XII. The Government may grant to civil servants leave of absence to any place in India, Europe, or elsewhere, without any restrictions whatever as to the place to which they may resort, for one month in each calendar year, without deduction from the salaries and emoluments drawn by such servants; such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave; if taken at one time, or from the date of return from any sick leave, or until the completion of six months from the expiration of the last instalment of a leave, if it has been divided. Servants not availing themselves of the indulgence in any one year, may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former leave; and if two years elapse without enjoyment of the privilege, leave for three months may, in like manner, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this rule for any period exceeding three months. If an officer shall not return at the expiration of the period of leave granted him under this rule, he shall forfeit all pay and allowances during

the time of his remaining so absent without leave, and if he shall so continue absent for more than one month beyond the term granted, his office shall become vacant.

Civil servants absent from their stations under medical certificate cannot be admitted to leave under this rule in continuation of their sick leave; and if, while absent under this rule, they be granted extended leave under medical certificate, they shall be considered liable to the rules applicable to leave of absence on medical certificate for the whole period of their absence.

Civil servants who have been absent on medical certificate during any portion of a calendar year, are not entitled to leave under this rule during that year, nor can leave under this rule be taken in connection with or continuation of leave granted under sec. xiv. cl. i.

Sec. XIII. As a general rule, when leave is granted under sec. xii., such leave will be in one period only, whether for a whole month or less, and not in detached portions to complete one month; but as an exception to this rule, it shall be discretionary with the several local governments, where good cause is shown for the indulgence, and it is attended with no public inconvenience, to sanction leave of absence under this rule to such parties as may not have occasion to apply for the whole at once, in two instalments only, which are not to exceed in the aggregate one month within the calendar year.

Sec. XIV., Clause I. The Government may, on sufficient cause being shown, grant to a civil servant special leave of absence on private affairs for six months, to any place in India, Europe, or elsewhere, without any restrictions whatever as to the places to which he may resort, provided, however, that the absentee shall draw no more than one-half of his salary and allowances. After an absence of six months any office held by the absentee shall become vacant.

Clause II. The leave granted under this section, if taken in India, will be computed from the date of the absentee's quitting his station to the date of his return thereto, and if taken in Europe, or beyond Indian limits, from the date of the sailing of the vessel on which he may have embarked, from the port nearest to his station, to the date of his arrival at the same on his return to duty. A second leave of the same description cannot be taken till the expiration of six years from the date of return to duty from a former leave. No portion of the half salary allowed to be drawn will be claimable till the absentee shall have returned to his duty. For the interval elapsing, in the case of leave taken to Europe, or beyond Indian limits, between departure from station to arrival at the port of embarkation, or between return to port and re-arrival at station, the Government may grant, on the same terms and conditions as the special leave, such an additional period of leave as may be considered to be absolutely required to enable the absentee to reach the port of embarkation, or to return from the port of debarkation to his station.

Clause III. It will be understood that leave under this section is not to be granted as a matter of course to every applicant, but that it will be the duty of the Government to consider and deter-

mine whether the grounds of the application are sufficiently urgent to justify the concession of the leave.

FURLOUGHS ON PRIVATE AFFAIRS.

Sec. XV. In the place of the period of three years (in one term) for which furlough has hitherto been granted, civil servants will be allowed the option of taking a furlough of three years as at present, or of dividing the furlough into three periods of one year each, to be taken after successive periods of seven years' service, or into two periods, which may either be of one or two years respectively, or of eighteen months each, provided that, in every case, the civil servant shall declare, on taking his furlough, whether he intends it to be for twelve, eighteen, twenty-four, or thirty-six months, in order that the Government may make its arrangements accordingly. In case of a division into two periods, the first furlough must be taken after a residence of not less than ten years, and the second furlough after a further residence in India of ten years from the date of return from the first furlough; but civil servants returning on furlough to Europe will continue, as at present, to vacate their offices.

Sec. XVI. The furlough allowance granted during the periods mentioned in the last section will be at the rate of £500 per annum, and the receipt of it will not, on any grounds whatever, be permitted for any longer period than three years.

Sec. XVII. Civil servants who may have been compelled by sickness to quit their duty under medical certificate, before completing seven years' residence in India, will be entitled to receive during their furlough on private affairs, taken subsequently to their completion of that period of residence, the ordinary furlough allowance of £500 per annum, for three years.

Sec. XVIII., Clause 1. In applying the foregoing rules in substitution of those before existing, periods of absence to the limit of three years will count as service in India, in the twenty-five years entitling to the annuity, the present qualification of twenty-two years' residence being retained.

Clause II. Absence on medical certificate to the extent of one year will reckon as service and residence in India, and be so computed in addition to the three years of absence which, under the clause next preceding, are allowed to be reckoned as Indian service. All periods of short leave of absence on private affairs taken under sections xii. and xiv. of these rules will also count as service and residence.

Sec. XIX. Military officers employed in the civil department will be subject to the rules laid down in General Orders, No. 1150, dated 17th November, 1854, for the grant of leave of absence and furlough to officers holding military staff appointments.

NOTE.—Civil servants who have taken leave of absence, on sick certificate to Europe, or elsewhere beyond sea, will be ineligible to furlough, on private affairs, until they have served six years from their last return to duty. This rule does not apply to short leaves to sea.

RULES FOR LIMITING THE PERIOD OF SERVICE.

Sec. XXIX. After thirty-five years' service no civil servant shall be appointed to any new office, nor be permitted to retain an office which he has held for a period of five years and upwards, except in special cases, which are to be referred for the decision of the Honourable the Court of Directors. This rule will be applicable to every civil servant appointed to office after its promulgation, and to the case of every other civil servant to whom it relates, at the close of five years from the 25th August, 1854.

RULES FOR THE GRANT OF LEAVE OF ABSENCE TO LAW OFFICERS.

Sec. XXX. The Law officers may obtain sick leave and short leave on private affairs under the conditions prescribed in the case of civil servants, both as respects the periods of absence and the limitation of allowances during such absence. Leave will, however, only be granted at the convenience of the Government, and no additional expense will on any consideration be incurred by the Government on account thereof.

If any law officer shall quit his duty, save on leave under medical certificate, or on short leave on private affairs, he will be considered to have vacated his appointment.

RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS.

Sec. XXXI. Chaplains and assistant chaplains may take furlough on private affairs and on medical certificate, also privilege leave, and leave for short periods on private affairs and on medical certificate in or out of India, on the same terms and conditions as military officers, with the following modifications:—

First. Chaplains being allowed to retire after twenty years' service, the period of furlough on private affairs is in their case limited to the present term of three years. The furlough may, however, either be taken in one period or be divided into two periods, whether of eighteen months each or of two years and one year respectively; and if divided, the first furlough may be taken, as at present, after seven years' residence, and the second furlough after a further residence of ten years in India. As respects chaplains and assistant chaplains appointed before the 11th January, 1854, when the period of service was only eighteen years, their second furlough, if they should exercise the option of taking furlough in two periods, will be available after a second residence in India for a term of eight years.

Secondly. No furlough or leave of absence, whether on private affairs or on sick certificate, taken in Europe or elsewhere, in excess of three years, will be allowed to count as service in India, in the twenty years which qualifies chaplains for their retiring pensions. Periods of "privilege" leave, and of short leave of absence on private affairs, will, however, count as service and residence.

Sec. XXXII. The furlough pay of chaplains will remain as at

present. With regard to their allowance during sick leave to any place out of India, they shall receive salary (but at a rate not exceeding £600 per annum) for the first six months of absence, and for the remaining twelve months, an allowance equal to the furlough pay of their standing. If the leave be extended, an allowance equal to furlough pay may be drawn for a further period of eighteen months.

Note.—It has also been determined that Chaplains and Assistant Chaplains, when absent in India under medical certificate, shall receive, within the limit of one year, their full salaries, subject to a reduction of one-third for the whole term of regulated absence; save and except that, if the salary be not more than Rs. 500 per month, no deduction shall be made; and if it be only so much more than Rs. 500 that the prescribed deduction of one-third would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted.

OLD MILITARY FURLOUGH REGULATIONS.*

Officers (of whatever rank) must be ten years in India before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to assistant surgeons and veterinary surgeons. The furlough to be granted by the commander-in-chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

Officers coming to England on furlough are required immediately to report their arrival by letter to the secretary, with their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the examining physician, Dr. John Scott, 13, Stratton-street, who will report his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following

form, signed by at least two gentlemen, eminent in the medical profession, viz.—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party), and I declare, upon my honour, that, according to the best of my judgment and belief, _____ is at present unfit for military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least _____ longer in this country.

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians, in the above form, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

In every case in which an officer has had his furlough extended beyond the prescribed period on the ground of his health not being sufficiently restored, and shall apply for permission to return to his duty, he shall produce a certificate from the examining physician that his health is completely re-established, and that there is every probability of his being able to perform the active duties of his profession in India.

No officer who has failed to obtain an extension of furlough will be considered eligible to return to the service after five years' absence, under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers, therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting colonels of regiments, and those of the rank of lieutenant-colonel regimentally, when promoted to that of major-general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

* These Regulations do not apply to officers who entered the service after the February, 1854.—*See New Military Furlough Regulations, page xlv.*

NEW MILITARY FURLOUGH REGULATIONS.

G. O. 17 November, 1854.

RULES FOR REGULATING FURLOUNDS AND LEAVES OF ABSENCE.

With the view of adapting the regulations to the present increased facilities of communication, and to correct, as far as possible, any tendency in them to deter officers from resorting to the places which may be most conducive to the restoration of their health, when a change of climate is required for that purpose, the following rules are established, and are to have effect from the 1st February, 1854:—

1. All regimental officers in the service on the 1st February, 1854, who prefer retaining what may be considered the advantages of the old regulations, may do so, provided they signify their wish to that effect when they next apply for furlough or leave of absence, without any limitation, whether such leave be in India or elsewhere; and officers who once make their election will not be entitled to any other choice, but will be afterwards subject to the new or old regulations according to their decisions.

2. Staff officers, as such, have not the above option allowed them, but they may retain the advantages of the old regulations by giving up their appointments, which, in such cases, will be considered vacated from the date of embarkation.

3. To those officers who adopt them, the new regulations will apply retrospectively in respect of furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their furloughs or leaves of absence, whether under the old or the new rules, and whether on private affairs or sick certificate within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.

4. Officers who have availed themselves of the option of the old rules are allowed to re-consider the question under the modifications now sanctioned.

5. Officers who have not taken leave subsequent to the publication of the new rules on the 1st of February, 1854, and who, consequently, may not have been called upon to declare whether they would abide by the old or the new regulations, will, on retirement from the service, be entitled to take full advantage of the privileges given by the new regulations.

FURLOUNDS ON PRIVATE AFFAIRS.

6. Every officer will be allowed a furlough to Europe, or elsewhere beyond sea, for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

7. The second furlough of two years will only be granted after ten years' service in India, from the date of the return to duty after the first furlough of two years. These furloughs are not to be cumulative, under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certi-

ficato to Europe, or elsewhere beyond sea, will be ineligible to a furlough on private affairs until they have served six years from their last return to duty. This rule does not apply to short leaves to sea.

Officers who take their first furlough after twenty years' service in India may take their second furlough after an additional service of five years from the date of their last return to duty. (G.O. 16 June, 1856.)

8. All grants of furlough on private affairs are subject to the exigencies of the public service, and to the regulations framed for the preservation of the efficiency of each regiment by limiting the number of absentees.

9. Officers holding staff or other detached appointments may be allowed furlough for a period of six months without losing their appointments; but, during that period, they will not be entitled to any portion of their staff salary, which will be drawn in full by the officers officiating for them.

Absence for six months under this rule does not preclude an officer from taking his furlough to Europe after ten years' service. (G.O. 16 June, 1856.)

10. All officers, whether staff or regimental, while on furlough on private affairs, will be entitled to "Furlough Pay" only.

LEAVE OF ABSENCE ON SICK CERTIFICATE.

11. Leave of absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe, or elsewhere out of India.

12. Extensions of such leave may be granted, as at present, on production of medical certificates, for further periods not exceeding eighteen months in the whole.

13. An officer holding a staff or other detached appointment will be allowed to be absent on sick certificate in England, or elsewhere beyond sea, for a period of fifteen months, without losing his appointment; and, during the first six months only of such absence, he will be entitled to draw half the staff salary of his appointment, the officer officiating for him drawing the remaining half salary during the first six months, and the whole salary during the remainder of the time.

14. An officer's claim to half staff salary for six months, as sanctioned in the preceding rule, will not be affected by his subsequently retiring from the service in Europe or elsewhere.

15. No portion of command allowance, medical staff salary, or other similar allowance, which under the old rules was inadmissible to officers absent from their corps or stations, at the Cape or elsewhere, will be allowed to absent officers under these regulations.

16. All officers, whether staff or regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian pay and allowances as was allowed under the old regulations to officers proceeding to the Cape on medical certificate, and for the remaining period of their leave they will receive furlough pay only.

17. If the leave on sick certificate be extended, furlough pay will be continued; but under no circumstances for a longer period than three years altogether, from the commencement of the absence.

STAFF OFFICERS.

18. The term staff officer applies to all officers holding staff or detached appointments, military (general or regimental), political, or civil; also to general officers commanding divisions, members of the Medical Board, superintending surgeons, and others who, under the old rules, were entitled to draw half staff allowance when absent at the Cape.

19. Staff officers absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their appointments and allowances except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave is to be reported at once, with the reasons for it, and to be subject to approbation.

20. The privilege of retaining staff appointments during leave of absence on sick certificate, or on furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an officer has been three years, or if on private affairs, until he has been six years, in the discharge of the duties of his appointment, from the date of last return to it.

21. This rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

22. Officers commanding troops of Horse Artillery and Light Field Batteries, and officers generally in employment, will be allowed leave out of India under the same rules with respect to allowance and tenure of command or office as regulated the grant of leave to the Cape to such officers under the old regulations, except as to the duration of those advantages, the time for their continuance being subject to the provisions of the new regulations.

DATE OF FURLOUGH AND ADVANCES OF PAY.

23. The period of furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the officer proceeds.

24. Advances of pay and allowances, staff and regimental, to officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for repayment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by officers obtaining furlough on private affairs.

25. The existing regulations regarding passage-money to officers are not affected by these rules.

26. The certificates issued to officers who are granted furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each officer has been absent on leave within Indian limits, as well as the time of his previous absence in Europe; but will not include the periods allowed for proceeding to the Presidency or port of embarkation, and to enable officers to rejoin their regiments or stations after their return to India, nor the leave of one month's absence in six months as authorized by the regulations. The last pay certificate of all officers proceeding to England on sick certificate is to specify the rate of regimental pay and allowances and staff salary to which they would have been entitled under the old regulations if proceeding to sea on medical certificate. This information is necessary in order that no difficulty may arise in the Pay department of the India House in adjusting the several payments which may be due.

OFFICERS OF H.M.'S SERVICE.

27. Officers of her Majesty's service in India, whether employed regimentally or in staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on furlough or leave of absence.

28. In the case of officers of her Majesty's service on furlough or sick certificate, in England or elsewhere, who may retire or exchange into regiments not on the Indian establishment, the grant to these officers of Indian allowances will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

PERIODS OF ABSENCE ALLOWED TO BE COUNTED AS SERVICE FOR RETIRING PENSIONS.

29. In order that all officers quitting India on furlough or sick certificate may be placed on an exact equality as regards loss of time, the period allowed by regulation for proceeding to the Presidency, or to the nearest port of embarkation, as well as the time to enable officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the retiring pension.

30. No furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, and four years in thirty years' service, shall be allowed to count as service for the retiring pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31. In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence, except the period allowed in Rule 29, and the ordinary indulgence of one month's leave in six months, as authorized by the existing regulations, and which are, in all cases, whether of regimental or staff officers, to be allowed to count as service for the pension. All leave to a greater extent, granted by political and other authorities, which

may not hitherto have been published in General Orders, must be so announced hereafter.

32. Officers to be entitled to retire on the full pay of their regimental rank (under the regulations of 1796), must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the retiring pension.

33. Officers to be entitled to retire on the full pay of captains and majors (under the regulations of 1835-7), must have served twenty and twenty-four years respectively; out of which time leaves of absence for two years in the aggregate, and not more, will be allowed to count as service.

34. Officers to be entitled to retire as lieutenant-colonels must have served twenty-eight years; out of which leaves of absence for three years in the aggregate, and not more, will be allowed to count as service.

35. Officers to be entitled to retire as colonels must have served thirty-two years; out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

36. The scale for medical officers and veterinary surgeons of privileged furlough and leave of absence as counting for the retiring pension will be as follows:—

Years.	Months.	
1	8	in 17 and under 20 years' service.
2	0	in 20 " " 25 " "
3	0	in 25 " " 30 " "
4	0	in 30 and upwards.

37. It is to be distinctly understood, that under no circumstances whatever will an officer be permitted to retire on full pay until he has completed the *full time of service* above specified, whether he be in England at the close of his service or elsewhere.

38. The privileged time of absence may, with the permission of the local government, be taken at any time, subject to these regulations. If, therefore, at the end of twenty years' service, of which eighteen had been passed on actual duty in India, an officer should be on furlough or sick certificate in Europe or elsewhere, he will be entitled to retire on the full pay of a captain without returning to India, and so in the other terms of service for the higher pensions. In like manner, a medical officer on furlough or sick certificate, in Europe or elsewhere, at the end of seventeen years' service, fifteen years and four months of which have been passed on actual duty in India, will be entitled to retire on the lowest rate pension, without returning to India, and so in the other terms of service for the higher pension.

39. These rules do not in any way affect the existing regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

OFFICERS RETURNING TO INDIA.

The marked success which has attended the operations of this Society justifies the directors in calling the attention of the public to the superior advantages held out to all anxious desirous of effecting Assurances on their lives.
An annual division is made of one-fifth of the ascertained profits of the five preceding years; the other four-fifths being set apart to enter into the average of succeeding years. Of the sum annually divisible, 75 per cent. is apportioned to policy-holders who have paid six annual premiums, either in a reduction of subsequent premiums or as a bonus added to the policy. The remainder is apportioned to the shareholders.
The subjoined scale of rates for the whole term of life for residents in Europe is framed with the greatest care, and will be found to be as moderate as is consistent with perfect equity.

The Society will purchase any Policy, for the whole term of Life, on which not fewer than five Annual Payments have been made; or, if required, nine-tenths of its calculated value will be advanced by way of Loan.
At the period of the last annual valuation, the Assets of the Society were ascertained to be upwards of 670,000l. The amount of Policies in force exceeds 2,191,000l., and the annual income, arising from Premiums thereon, and interest on the Invested Capital, were 120,000l.

Universal Life Assurance Society—continued.

INDIAN BRANCHES

ESTABLISHED AT

CALCUTTA, MADRAS, AND BOMBAY.

The UNIVERSAL LIFE ASSURANCE SOCIETY was established in the early part of the year 1834, for the purpose of imparting to residents in India, as well as to those in British Possessions elsewhere, the same advantages of Life Assurance which it furnishes to those residing in Great Britain.

Tables for Policies to be effected in India have been especially prepared from the records of the East India Company on the experience of mortality in that country.

* Particular attention is requested to the very moderate rates charged by this Office for Indian Risks, both Military and Civil, the correctness of which has just been fully confirmed by a recent and laborious investigation by two eminent London Actuaries, but the attention of parties proceeding to India is more especially called to the advantages offered by this Society, on their return to Europe, when their premiums are reduced to the English rates, corresponding with the age when the assurance was effected, without reference to their state of health on return.

The Parent Institution being in London, with Establishments at the three Presidencies of India for granting Policies, gives the opportunity of effecting Assurances in either country, as may best suit the convenience of the parties.

Thus, while the holder of a Policy has the advantage of the extensive knowledge of Indian affairs possessed by the local Boards in India, and the benefit of their vigilant superintendence of the concerns of the Society, he has also the advantage of participating in the profits of the European Branch, and of the stability of an English as well as an Indian proprietary, to guarantee the due payment of Claims.

Policies taken out in England may be continued in India, or those taken out in India may be continued in England, and Premiums and Claims may be paid in either country, in a definite and equitable terms.

All further Particulars may be obtained at the Office in London, or of the

AGENTS IN INDIA,—

Messrs. BRADDOCK and Co. Calcutta.
Messrs. BAINBRIDGE and Co. Madras.
Messrs. LECKER and Co. Bombay.

A Board of Directors, attended by their Medical Officer, is held every Thursday, at 10 o'clock, to effect Assurances; and attendance is given at the Office, daily, from 10 to 4 o'clock.

All Medical Fees and Policy Stamps are paid by the Office.

MICHAEL ELIJAH IMPEY, Secretary.

Mr. Thornton's Gazetteer of India.

A GAZETTEER OF THE TERRITORIES UNDER THE Government of the East-India Company, and of the Native States on the Continent of India. By EDWARD THORNTON, Esq., Author of the "History of the British Empire in India." In One large volume 8vo., with Map, price £1. 1s.

The work has been compiled by the authority of the Court of Directors, and though comprised within a single volume, it will be found to contain the great mass of information comprehended in the four volumes of the "Gazetteer of India," published by the same author in 1854. This result has been obtained by retrenching some few redundancies, and by adopting an enlarged page and distributing the matter into two separate columns. By these means space has been also acquired for the insertion of much new matter, rendered necessary by the political and territorial changes which have more recently taken place within our Eastern Possessions.

On the character of the work a few remarks will be sufficient. Its chief objects are,—

- 1st. To fix the relative position of the various cities, towns, and villages with as much precision as possible, and to exhibit with the greatest practicable brevity all that is known respecting them; and,
- 2ndly. To note the various countries, provinces, or territorial divisions, and to describe the physical characteristics of each, together with their statistical, social, and political circumstances.

To these are added minute descriptions of the principal rivers and chains of mountains; thus presenting to the Reader, within a brief compass, a mass of information which cannot otherwise be obtained, except from a multiplicity of volumes and manuscript records. The volume, in short, may be regarded as an epitome of all that has yet been written and published respecting the territories under the government or political superintendence of the British power in India. Its merits have been frequently discussed in the *General Courts of the East-India Company*, where successive Chairmen have borne ample testimony to the utility of the publication, and where it has been characterized by the best-informed among the Proprietors, as "a complete history of India, untainted in any degree by political bias."

Colonel Hodgson on the Indian Army.

OPINIONS ON THE INDIAN ARMY. Originally published at Meerut in 1850, under the title of "Musings on Military Matters." By Colonel JOHN STUBBOLME HODGSON, Bengal Army, Brigadier, late commanding the Punjab Irregular Force. Post 8vo. cloth, price 5s.

"We have no hesitation in recommending Col. Hodgson's 'Opinions' to the serious consideration of all who are interested in the stability and duration of the British empire in the East. From his lengthened and manifold experience he is enabled to offer the most valuable suggestions for the future, and to warn the ignorant or incautious of the treacherous rocks that lie close beneath the surface."—*Indian Mail*.

"Whoever will trace the terrible events which now chiefly occupy the attention of reflecting men in all countries, will find himself compelled to have recourse to the work of which the above is the title, and which is at once elegant in style and profound in matter."—*Morning Advertiser*.

"Had men of Brigadier Hodgson's stamp been listened to in high places, the Bengal mutiny (as will be admitted by all who peruse this volume) need never have occurred."—*Indian News*.

"His (Brigadier Hodgson's) proposals are well worth studying in reference to those changes which must now take place."—*Spectator*.

A JOURNAL OF TWO YEARS' TRAVEL IN PERSIA, Ceylon, &c. By ROBERT R. M. BINNING, Esq., Madras Civil Service. 2 vols. 8vo., cloth, price 28s.

Mr. Hutton on Thuggee.

A POPULAR ACCOUNT OF THE THUGS AND DACOITS, the Hereditary Garotters and Gang-Robbers of India. By JAMES HUTTON. Post 8vo. cloth, price 5s.

"Mr. Hutton's work contains many very interesting and curious particulars of the manners, superstitions, and predatory practices of these tribes (the Thugs) now happily extinct, or compelled by the strong hand of power to follow more humane pursuits."—*Morning Advertiser*.

"The information is ample, and it is conveyed in so pleasant and popular a manner, that the majority of readers will find no other fault with the volume than that it is too short."—*Overland Mail*.

"To those who have never read the extraordinary history of Thugghism, this will be an acceptable and deeply-interesting volume."—*Critic*.

"A curious insight into human character."—*Leeds Times*.

"A 'History of the Thugs and Dacoits,' by Mr. Hutton, a gentleman well known for his intimate acquaintance with India, and his observation of social customs, is an entertaining, lively, and curious volume, and we regret we have no space to offer our readers a specimen of its style, or of the singular information with which it abounds."—*Press*.

General Briggs on India.

INDIA AND EUROPE COMPARED; being a Popular View of the Present State and Future Prospects of our Eastern Continental Empire. By Lieut.-Gen. JOHN BRIGGS, F.R.S., of the Madras Army. With Map. Post 8vo. cloth, 7s.

"The work contains much useful information on the various subjects treated of; and during the coming discussion in Parliament on the Indian question generally, it will be found a most serviceable companion and reference."—*Morning Advertiser*.

"It is in fact a complete handbook of India. Race, religion, education, finance, civil service, army, roads, canals, agriculture, and all kinds of public works, and last of all, government, are all expounded in turn, and an immense quantity of useful information, accompanied by a map and statistics, offered to the public. * * * We do not hesitate to recommend it as a general household manual."—*Press*.

Comprehends every class of information valuable to the traveller, the student, and those whose business or inclination may carry them to India. It embraces a brief history of British India, its productions, manufactures, and commerce; its animal and vegetable kingdom; coins, weights, and measures; the usages of Anglo-Indian society; the sports, institutions, colleges, and religious societies; the mode of travelling by land, sea, and river; description of the armies, civil services, navy, and ecclesiastical establishments; the requisite outfits of writers, cadets, ladies, &c.; the various routes to India; an Itinerary of the principal places, such as Calcutta, Madras, Bombay, Agra, Delhi, Hyderabad, Dacca, Cawnpore, the Punjab, the Eastern Islands, Ceylon, Kashmir, and all the Hill Stations; the progress of improvement in railways, canals, and the electric telegraph; together with a vast variety of miscellaneous information, the result of much research and personal experience; nor are the important considerations of pay and allowances, furlough and retiring rates omitted; and great pains have been taken to convey an accurate notion of the relative qualities of the climates of different localities, by citing the thermometrical and barometrical register.

Mr. Stocqueler's Military Encyclopædia.

THE MILITARY ENCYCLOPÆDIA; a Technical, Biographical, and Historical Dictionary, referring exclusively to the Military Sciences, the Memoirs of distinguished Soldiers, and the Narratives of Remarkable Battles. By J. H. STOCQUELER, Esq. 8vo. cloth, price 12s.

"Mr. Stocqueler's former works, and his well-known proficiency in the Military Sciences, will insure a favourable reception for this very useful book, which possesses the advantage of compressing into one portable volume a vast mass of information on military subjects, arranged especially for reference. No one could be better qualified than Mr. Stocqueler for such a task, and certainly he has accomplished it in a very able manner. In a volume which occupies but little room, the officer and soldier may here command at a glance, the cream of many valuable works, and obtain information on almost any point of interest. This work, indeed, forms for the camp and barracks, what Maundrell's 'Treasury of Knowledge' represents in the counting-house; and we cannot doubt that it will obtain corresponding success."—*United Service Magazine*.
