To be repaired, or, if necessary, renewed by the parents or friends in the vacation.

Each article of dress must be marked with the owner's name in full.

XIII. Engineer Cadets will go through a further course of training at Chatham for one year, as Commissioned Officers on full pay. Artillery Cadets will undergo a professional training at Woolwich for six months, as Commissioned Officers on full pay.

XIV. A Cadet of the Senior Department, who, after a year's residence at the College, shall be reported by the Public Examiners to be not qualified for a commission in the Engineers or Artillery, in Mathematics, Fortification, Civil and Military Drawing, Surveying, and Hindustani, will forfeit his appointment. Also, in case of misconduct, a Cadet will be liable to dismissal on the judgment of the Secretary of State for India in Council.

II. The age of admission is to be from 16 to 18 years.

III. *An Examination* will be held at *Addiscombe*, as *heretofore*, on the first and last Fridays of each term, for the admission of Cadets to the Junior Branch of the College.

IV. Every Cadet, before being admitted to the Entrance Examination, must present himself at the India Office, and submit the following papers:—

1. A *nomination* paper, filled up in the prescribed *form*.
2. An *extract from* the parish register of his *baptism*; or, in default of that, a certificate verified by affidavit.
3. A certificate of *good* moral character, signed by the clergyman of the parish to which he belongs and by the tutor or head of the school or college at which he has received his education for at least two years, or *such other proof of good* moral character as will be satisfactory to the Secretary of State for India.

V. Every Cadet will be required to present himself at the place hereafter to be determined, in order to be inspected by Military Surgeons, one of whom must be the Examining Physician, who will ascertain *whether* he is free from all bodily and *organic defects, and whether*, as regards physical constitution, he is in every point of view fit for military service in a tropical climate.

VI. No person who has been dismissed or obliged to retire from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or from any other public institution, *will be appointed to the College*.

4. That he can read and construe from a book in French prose.

VIII. Every Cadet, upon his admission, will be considered a *Probationary* pupil only, for the first six months; at the termination of which time the Public Examiner will report to the Committee on the probability of his being able to pass for the infantry at the public examination at the close of his third term of residence. Should this appear improbable, either from want of talent or diligence, the Cadet will forfeit his appointment.

IX. The course of instruction at Addiscombe will comprise—Mathematics, Fortification, Military Drawing and Surveying, Civil Drawing, Hindustani, French and Latin.

X. The test of qualification for a Commission in the Infantry will be—

XII. Cadets who are unable to pass a minimum examination at the end of the third term, will forfeit their claim to any appointment whatever. Those Cadets who do pass their examination and obtain appointments in the Infantry, will be required to leave England within three months from the date of their passing, and they will take rank amongst each other according as they are classified by the Public Examiner. The time also passed by them at the College will count for service in calculating their claims to Retiring Pension on full pay, if appointed from the College, or if they pass into the Upper Division by successful competition.

XIII. Cadets appointed to the Infantry from the Addiscombe College, will take rank in the army above all other Cadets who are appointed, from the commencement of three months previously to the date of the College Cadets being reported qualified.

FINANCIAL, &c.—The parents or guardians of the gentleman cadet are required to pay £50 per term in advance towards defraying the expense of his board, lodging, and education; also an entrance subscription of £2. 2*s.* to the public library.

Cadets are chargeable for loss, damage, and destruction of books and other property.

No portion of their pocket-money may be paid in advance to the cadets.

No person belonging to the college may take charge of money for the private use of the cadets.

The payment for clothes, pocket-money, and books for the preceding term, is to be made previous to the cadet's return to the College.

Previous to the cadet's admission, his parents or guardians shall furnish him with the following articles, *viz.*

Two combs and a brush, twelve shirts (including three night-shirts), twelve pair of stockings, six towels, eight pocket-handkerchiefs, one pair of white trowsers, a flannel jacket and pair of flannel trowsers (to be worn when playing at football or cricket), a tooth brush, a Bible and Prayer-book, a case of mathematical instruments of an approved pattern. 	Penley's Treatises on Water Colours and Perspective,
	Syllabus of Chemistry.

VACATIONS.—Midsummer commences about the middle of June, ends 31st July.
Christmas commences about the middle of December, ends 31st January.

Before the close of every vacation, the cadet must apply at the Cadet Office for an order for his re-admission, and all sums then due must be paid up. This order will express that he is only to be re-admitted upon his returning with the books and instruments which he took home with him, that his linen is put into proper repair, and that he is in a fit state of health to renew his studies.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot really want a supply of money to be placed at his disposal while at the seminary; and if they do, notwithstanding, think proper to furnish him with money, they put it in his power to commit irregularities, which must always retard his studies, and may eventually lead to his removal from the institution.

The parents and friends are further particularly desired not to attend to any application from the cadet for money, under the pretence of his having incurred any debts at Croydon, or elsewhere, or for the purpose of subscribing to the public charities, or any other pretence whatever.

It having become known that cadets have been in the habit of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance that they had scarcely any money left, the Committee have ascertained that these stoppages have arisen, not only from wilful and wanton destruction of public property, but in a considerable degree from the postage of letters, and the carriage of parcels addressed to the cadets. It has in consequence been ordered, that no letter or parcel shall be admitted into the College unless the postage or carriage of such letter or parcel shall have been previously paid. It has also been ordered that every parcel shall be opened in the presence of one of the orderly officers

and the cadet to whom it is sent; that should it contain wine, or any thing prohibited in the regulations, the parcel, upon the first offence, will be returned to the person sending the same; and that upon the second offence, the cadet will be ordered home, and will not be re-admitted until a written apology has been sent to the Committee by the person who has committed a breach of this regulation.

It is forbidden that any cadet, or the parents or friends of any cadet, shall give or offer to any person belonging to the College, any pecuniary present or consideration, on any pretence whatever.

PERSONS who may be NOMINATED DIRECT CADETS.

A candidate must have attained the age of sixteen years. He is not eligible to be appointed a cadet after having attained the age of twenty-two years, unless he shall have been, for the space of one year at least, a commissioned officer in Her Majesty's Service, or in the Militia or Fencible Corps when embodied, and hath been called into actual service, or shall have been in the Company of Cadets of the Royal Regiment of Artillery. Such persons are eligible for the appointment of cadet, provided their age does not exceed twenty-five years. [A commission in the Guernsey Militia, or in any other corps similarly circumstanced, is not a qualification.]

A candidate who has been so employed must produce his commission, together with a certificate from the War Office or Commanding Officer of his regiment, of his having actually joined and done duty with the regiment for the full term of one year and upwards; and that he was neither dismissed nor resigned his regiment in consequence of any misconduct.

No person who has been dismissed or obliged to retire from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy of Woolwich, or from any other Public Institution, on account of immoral or ungentlemanly conduct, can be appointed a cadet.

The following are the points upon which Candidates are to be examined before they are passed as cadets:—

1. Each candidate will be required to write English correctly from dictation.

2. He should possess a competent knowledge of the ordinary Rules of Arithmetic, including the Rule of Three, Compound Proportion, Simple and Compound Interest, Vulgar and Decimal Fractions, and the extraction of the Square Root. He should also have read the first three books of Euclid.

In languages he should be able to translate *into English*, passages from Cæsar's Commentaries, or from the first four Books of Virgil's Æneid, and he will be further expected to parse, and show his knowledge of Grammar and Syntax.

The candidate will be required to translate from French into English, an extract from one of the following works, viz., Telemachus, Voltaire's Charles the XII., and Peter the Great. But the candidate will have the option of being examined in the Hindustani, in lieu of the French language, and in that case he will be required to translate from Hindustani into English an extract from one of the following works, viz.: Bagh-o-Buhar, Tota Kuhanee.

4. In History he should be prepared to pass an examination in Keightley's Histories of Greece and Rome, in Gleig's History of England, and in the History of British India, contained in Vols. 1 and 2 of the Edinburgh Cabinet Library.

5. In Geography, he should possess a competent knowledge of the modern divisions of the world; the principal nations in Europe and Asia; the names of the capital of each nation in Europe, and of the chief cities of Hindostan; and the names and situations of the principal rivers and mountains in the world.

6. In Fortification, he should have read some elementary work on the subject (Straith's Introductory Essay to the Study of Fortification, or Macaulay's Field Fortification), and have received some instruction in drawing.

The examination of the candidates will take place before the Board of Examiners to be convened for that purpose at the Royal Indian Military College at Addiscombe, near Croydon.

If not found qualified on their first examination, they may be allowed a second trial within the next ensuing twelve months; and if not then found qualified, their nominations will revert to their patron.

If the candidate has been confirmed as a member of the Church of England, he will be required to make a declaration to that effect. If not so confirmed, or if not a member of the Church of England, he will be required to produce a certificate from a minister, stating that he has been well instructed in the principles of the religion in which he has been brought up.

The candidate will also be required to produce testimonials for good moral conduct, under the hand of the Principal or Superior authority of the College or Public institution in which he may have been educated, or under the hand of the private instructor to whose care he may have been confided,—and the said testimonials shall have reference to his conduct during the two years immediately preceding his presentation for admission.

All direct cadets, appointed or sworn in between the 10th March and 10th June, or between 10th Sept. and 10th Dec. (or the days which may be fixed on for the public examination of the College Cadets) do rank after the College Cadets who may pass their said examinations, provided the latter sail for their respective destinations within three months after passing said examination.

All cadets who may be appointed between the dates of public examination at Addiscombe and the 10th of March or 10th of September, will be allowed to rank from the date of their sailing, provided this takes place within three months after their being passed and sworn.

N B. The forms of certificate required to be produced are to be obtained on application at the Cadet Office.

Unless the whole of the said certificates are delivered in by the cadet, he will not be passed.

If no parish register can be found, it is provided as follows, viz.:—

"That if no register can be found, a declaration, pursuant to the Act passed in the 5th and 6th year of his late Majesty William the Fourth, of that circumstance, shall be made by the party himself, with his information and belief, that his age is not under sixteen years, and doth not exceed twenty-two years" (Act of the 33 Geo. III.). Forms of the Declaration may be had at Cadet Office.

All cadets are required to subscribe to the Military Funds at their respective presidencies.

Cadets who shall fail to apply for their orders within three months from the date of their being passed and sworn, or shall not actually proceed under such orders, will be considered as having forfeited their appointments, unless special circumstances shall justify the departure from this regulation.

When the Cadet is ready to proceed, he must apply for a certificate of his appointment.

The persons who shall be pronounced by the examiners to be the best qualified in all respects will be appointed to fill the requisite number of appointments as assistant surgeons in India, and so far as the requirements of the service will permit, they will have the choice of the Presidency in India to which they shall be appointed, according to the order of merit in which they stand on the list resulting from such examination.

All assistant surgeons are required to subscribe to the Military or Medical, and Medical Retiring Funds at the Presidencies to which they may be respectively appointed, and to the Military Orphan Society also, if appointed to Bengal.

All assistant surgeons who shall neglect or refuse to proceed to India within three months from the date of their appointment, will be considered as having forfeited it, unless special circumstances shall justify a departure from this regulation.

Firstly. The total period of absence, with the privileges hereinafter provided, shall not (save as specially excepted in clause 5 of this section, and in section VII. of these rules) exceed eighteen months in the whole, nor shall it exceed fifteen months on any one occasion.

Secondly. The office of the absentee will be considered to be vacated if he shall be absent beyond eighteen months altogether, or beyond fifteen months at any one time, unless he shall obtain leave under clause 5 of this section, such absence to be computed, if he shall proceed to a sanitarium within the presidency, from the date of his arrival thereat to the date of his quitting the sanitarium; if to any place beyond the presidency, but within the continent of India, from the date of his leaving the frontier of his own presidency to the date of his return thereto; and if he shall proceed to sea, from the date of the sailing of the vessel on which he may have embarked, from any port in India which is not more distant from his station than the ports of his own presidency, to the date of his arrival at any port within the presidency to which he belongs, or at any other port which is not more distant from his station than the ports of his own presidency.

Thirdly. The absentee will be entitled to draw a moiety of his salary, and the same will be paid to him during such period of absence, provided that he shall in no case draw a larger sum than Rs. 10,000 (£1,000) per annum, during that period. In cases in which the emolument of the absentee's office does not exceed Rs. 5,000 per annum, no deduction therefrom shall be made for the period of eighteen months, nor shall such a deduction be made in other cases as shall reduce the allowance below Rs. 5,000 (£500) per annum. In cases in which the salary of the absentee may not be of that amount, the full salary will be granted.

Fourthly. For the interval elapsing between departure from station to the commencement of reckoning absence, or between the end of reckoning absence and re-arrival at station, the absentee will be allowed a special leave for an additional period of one month, two months, or three months, according to the distance to be travelled, as prescribed in section XX. of these rules; and during this additional period the absentee will be entitled to draw the same salary as is allowed by clause 3 of this section.

Fifthly. If the absentee shall apply under medical certificate to remain absent for a longer period than eighteen months, or fifteen months at any one time, and it shall appear to be absolutely necessary, after examination by their medical officer in England, that he should do so, the leave which may have been granted in India will be extended to the limit of two years, with permission to retain office, and half salary within the limits enjoined, during such extension. If the absentee be in India, the leave may be extended to the limit aforesaid, under the orders of the Government of India or the subordinate Governments, upon the certificate of a board of medical officers, to be summoned to report on the state of the absentee's health.

Sixthly. If the absentee be compelled by the state of his health, under due medical certificate, to remain absent for a longer period than eighteen months, or fifteen months at any one time, or beyond two years in the case of an extension under clause 5, he will, as before stated, vacate his appointment, but he will be permitted to receive an allowance at the rate of £500 per annum, if above ten years' standing at the time when the leave was granted, or of £250, if not above ten years' standing at the time when the leave was granted, for such further period of absence as shall not exceed the entire term of three years in the whole. At the expiration of that term, all allowance must cease until he reports his return to his presidency.

Sec. VII. If a civil servant of more than fifteen years' service, after having been absent on sick leave for eighteen months in the whole, or for fifteen months at one time, at whatever period of his service such sick leave shall have been taken, shall be again compelled by the same cause to apply for leave of absence, the Government of India and the subordinate Governments may, on special grounds, grant leave of absence for one further period not exceeding six months, during which the absentee may retain his office and half his salary, under the limits above enjoined.

Sec. VIII. If a *civil servant, after fifteen years' service*, shall be compelled by ill-health to apply for further leave of absence, he may be permitted on special grounds to obtain it, but his absence will involve the loss of office and salary; the Government of India, and the subordinate Governments, will, however, respectively exercise a discretionary power to grant, in such last-mentioned cases, a sick absentee allowance, not exceeding Rs. 5,000, *or* £500, *per annum, for a further period* not exceeding twelve months.

Sec. IX. *A civil servant*, who has taken sick leave under the *rules of* 17th May, 1843, will not be debarred by that circumstance *from* taking such leave again under the above rules, with the privilege of retaining office, provided the leave be not granted till three years have expired after his return from his leave, under the *rules of the 17th May*, 1843.

Sec. X. None of the above-mentioned rules will be applicable *to members* of council. Each member may, *however, with the* special sanction of the Government, be permitted to be absent, under medical certificate, for a period not exceeding six months, retaining his office and receiving half his salary, which shall be paid to him during such absence, but if his absence shall exceed six months, his office will be vacated.

Sec. XI. Civil servants who may desire to draw their allowances, while absent on account of sickness, *under the above* rules, will be required to give security in such amount and form as may be fixed by the Government, for the refund of any excess that may be drawn, either by the agents at the presidency or by themselves, in case of their coming under retrenchment.

RULES FOR SHORT LEAVE ON PRIVATE AFFAIRS.

Sec. XII. The *Government* may grant to civil servants leave of absence to any place in India, Europe, or elsewhere, without *any restrictions whatever* as to the place to which they may resort, for one month in each calendar year, without deduction from the salaries and emoluments drawn by such servants; such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the officer seeking it. No second leave can be granted *under this rule until* the completion of eleven months from the expiration of the last *leave*; if taken at one time, or from the *date of return from any* sick leave, or until the completion of six months from the expiration of the last instalment of a leave, if it has been divided. Servants not availing themselves of the indulgence in any one year, may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former leave; and if two years elapse without enjoyment of the privilege, leave for three months may, in like manner, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this rule for any period exceeding three months. If an officer shall not return at the expiration of the period of leave granted him under this rule, he shall forfeit all pay and allowances during the time of his remaining so absent without leave, and if he shall so continue absent for more than one month beyond the term granted, his office shall become vacant.

Civil servants absent from their stations under medical certificate cannot be admitted to leave under this rule in continuation *of their sick leave; and if, while absent under this rule, they* be granted extended leave under medical certificate, they shall be *considered liable to the rules applicable to* leave of absence on medical certificate for the whole period of their absence.

Civil servants who have been absent on medical certificate during any portion of a calendar year, are not entitled to leave under this rule during that year, nor can leave under this rule be taken in connection with or continuation of leave granted under sec. xiv. cl. i.

Sec. XIII. As a general rule, when leave is granted under sec. xii., such leave will be in one period only, whether for a whole month or less, and not in detached portions to complete one month; but as an exception to this rule, it shall be discretional with the several local governments, where good cause is shown for the indulgence, and it is attended with no public inconvenience, to sanction leave of absence under this rule to such parties as may not have occasion to apply for the whole at once, in two instalments only, which are not to exceed in the aggregate one month within the calendar year.

Sec. XIV., Clause I. The Government may, on sufficient cause being shown, grant to a civil servant special leave of absence on private affairs for six months, to any place in India, Europe, or elsewhere, without any restrictions whatever as to the places to which he may resort, provided, however, that the absentee shall draw no more than one-half of his salary and allowances. After *an absence of six months* any office held by the absentee shall become vacant.

Clause II. *The leave granted under this section*, if taken in India, will be computed from the date of the absentee's quitting his station to the date of his return thereto, and if taken in Europe, or beyond Indian limits, from the date of the sailing of the vessel on which he may have embarked, from the port nearest to his station, to the date of his arrival at the same on his return to duty. A second leave of the same description cannot be taken till the expiration of six years from the date of return to duty from a former leave. No portion of the half salary allowed to be drawn will be claimable till the absentee shall have returned to his duty. For the interval elapsing, in the case of leave taken to Europe, or beyond Indian limits, between departure from station to arrival at the port of embarkation, or between return to port and re-arrival at station, the Government may grant, on the same terms and conditions as the special leave, such an additional period of leave as may be considered to be absolutely equired to enable the absentee to reach the port of embarkation, or to return from the port of debarkation to his station.

Clause III. It will be understood that leave under this section is not to be granted as a matter of course to every applicant, but that it will be the duty of the Government to consider and deter-

mine whether the grounds of the application are sufficiently urgent to justify the concession of the leave.

FURLOUGHS ON PRIVATE AFFAIRS.

Sec. XV. In the place of the period of three years (in one term) for which furlough has hitherto been granted, civil servants will be allowed the option of taking a furlough of three years as at present, or of dividing the furlough into three periods of one year each, to be taken after successive periods of seven years' service, or into two periods, which may either be of one or two years respectively, or of eighteen months each, provided that, in every case, the civil servant shall declare, on taking his furlough, whether he intends it to be for twelve, eighteen, twenty-four, or thirty-six months, in order that the Government may make its arrangements accordingly. In case of a division into two periods, the first furlough must be taken after a residence of not less than ten years, and the second furlough after a further residence in India of ten years from the date of return from the first furlough; but civil servants returning on furlough to Europe will continue, as at present, to vacate their offices.

Sec. XVI. The furlough allowance granted during the periods mentioned in the last section will be at the rate of £500 per annum, and the receipt of it will not, on any grounds whatever, be permitted for any longer period than three years.

Sec. XVII. Civil servants who may have been compelled by sickness to quit their duty under medical certificate, before completing seven years' residence in India, will be entitled to receive during their furlough on private affairs, taken subsequently to their completion of that period of residence, the ordinary furlough allowance of £500 per annum, for three years.

Sec. XVIII., Clause I. In applying the foregoing rules in substitution of those before existing, periods of absence to the limit of three years will count as service in India, in the twenty-five years entitling to the annuity, the present qualification of twenty-two years' residence being retained.

Clause II. Absence on medical certificate to the extent of one year will reckon as service and residence in India, and be so computed in addition to the three years of absence which, under the clause next preceding, are allowed to be reckoned as Indian service. All periods of short leave of absence on private affairs taken under sections xii. and xiv. of these rules will also count as service and residence.

Sec. XIX. Military officers employed in the civil department will be subject to the rules laid down in General Orders, No. 1150, dated 17th November, 1854, for the grant of leave of absence and furlough to officers holding military staff appointments.

NOTE.—Civil servants who have taken leave of absence, on sick certificate to Europe, or elsewhere beyond sea, will be ineligible to furlough, on private affairs, until they have served six years from their last return to duty. This rule does not apply to short leaves to sea.

RULES FOR LIMITING THE PERIOD OF SERVICE.

Sec. XXIX. After thirty-five years' service no civil servant shall be appointed to any new office, nor be permitted to retain an office which he has held for a period of five years and upwards, except in special cases, which are to be referred for the decision of the Honourable the Court of Directors. This rule will be applicable to every civil servant appointed to office after its promulgation, and to the case of every other civil servant to whom it relates, at the close of five years from the 25th August, 1854.

RULES FOR THE GRANT OF LEAVE OF ABSENCE TO LAW OFFICERS.

Sec. XXX. The Law officers may obtain sick leave and short leave on private affairs under the conditions prescribed in the case of civil servants, both as respects the periods of absence and the limitation of allowances during such absence. Leave will, however, only be granted at the convenience of the Government, and no additional expense will on any consideration be incurred by the Government on account thereof.

If any law officer shall quit his duty, save on leave under medical certificate, or on short leave on private affairs, he will be considered to have vacated his appointment.

RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS.

Sec. XXXI. Chaplains and assistant chaplains may take furlough on private affairs and on medical certificate, also privilege leave, and leave for short periods on private affairs and on medical certificate in or out of India, on the same terms and conditions as military officers, with the following modifications:—

First. Chaplains being allowed to retire after twenty years' service, the period of furlough on private affairs is in their case limited to the present term of three years. The furlough may, however, either be taken in one period or be divided into two periods, whether of eighteen months each or of two years and one year respectively; and if divided, the first furlough may be taken, as at present, after seven years' residence, and the second furlough after a further residence of ten years in India. As respects chaplains and assistant chaplains appointed before the 11th January, 1854, when the period of service was only eighteen years, their second furlough, if they should exercise the option of taking furlough in two periods, will be available after a second residence in India for a term of eight years.

Secondly. No furlough or leave of absence, whether on private affairs or on sick certificate, taken in Europe or elsewhere, in excess of three years, will be allowed to count as service in India, in the twenty years which qualifies chaplains for their retiring pensions. Periods of "privilege" leave, and of short leave of absence on private affairs, will, however, count as service and residence.

Note.—The term "residence," in Section XXXI. must be construed as "residence in actual service;" consequently, a chaplain will not be entitled to the higher rate of furlough

allowance till he has completed seven years of actual service, computed from the date of his arrival in India; nor will he be entitled to pension on retirement until he has completed an actual service either of fifteen years, if appointed before the 11th January, 1854, or of seventeen years if appointed subsequently to that date. The time of absence passed on the *ordinary privilege* leave is, however, permitted to rank as time spent on service.

Sec. XXXII. The furlough pay of chaplains will remain as at present. With regard to their allowance during sick leave to any place out of India, they shall receive salary (but at a rate not exceeding £600 per annum) for the first six months of absence, and for the remaining twelve months, an allowance equal to the *furlough* pay of their standing. If the leave be extended, an allowance equal to furlough pay may be drawn for a further period of eighteen months.

Note. — It has also been determined that Chaplains and Assistant Chaplains, when absent in India under medical certificate, shall receive, within the limit of one year, their full salaries, subject to a reduction of one-third for the whole term of regulated absence; save and except that, if the salary be not more than Rs. 500 per month, no deduction shall be made; and if it be only so much more than Rs. 500 that the prescribed deduction of one-third would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted.

OLD MILITARY FURLOUGH REGULATIONS.*

Officers (of whatever rank) must be ten years in India before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on *furlough*, and the same rule is applicable to assistant surgeons and veterinary surgeons. The furlough to be granted by the commander-in-chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year *without pay*.

Officers coming to England on furlough are required immediately to report their arrival by letter to the secretary, with their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter

* *These Regulations do not apply to officers who entered the service after the 1st of February, 1854.*— *Vide New Military Furlough Regulations, page* xxxvii.

mentioned; or in cases in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the examining physician, Mr. Martin, who will report his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen, eminent in the medical profession, *viz.*—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party), and I declare, upon my honour, that, according to the best of my judgment and belief, ———— *is at present unfit for military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least* ———— *longer in this country.*

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

In every case in which an officer has had his furlough extended beyond the prescribed period on the ground of his health not being sufficiently restored, and shall apply for permission to return to his duty, he shall produce a certificate from the examining physician that his health is completely re-established, and that there is every probability of his being able to perform the active duties of his profession in India.

No officer who has failed to obtain an extension of furlough will be considered eligible to return to the service after five years' absence, under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers, therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting colonels of regiments, and those of the rank of lieutenant-colonel regimentally, when promoted to that of major-general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

NEW MILITARY FURLOUGH REGULATIONS.

G. O 17 November, 1854.

RULES FOR REGULATING FURLOUGHS AND LEAVES OF ABSENCE.

With the view of adapting the regulations to the present increased facilities of communication, and to correct, as far as possible, any tendency in them to deter officers from resorting to the places which may be most conducive to the restoration of their health, when a change of climate is required for that purpose, the following rules *are established*, and are to have effect from the 1st February, 1854:—

1. All regimental officers in the service on the 1st February, 1854, who prefer retaining what may be considered the advantages of the old regulations, may do so, provided they signify their wish to that effect when they next apply for furlough or leave of absence, *without any limitation*, whether *such* leave be in India or elsewhere; and officers *who once make their* election will not be entitled to any other choice, but will be afterwards subject to the new or old regulations according to their decisions.

2. Staff officers, as such, have not the above option allowed them, but they may retain the advantages of the old regulations by *giving up their appointments*, which, *in such cases, will be considered* vacated from the date *of embarkation*.

3. To those officers who adopt them, the new regulations will apply retrospectively in respect of furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their furloughs or leaves of absence, whether under the old or the new rules, and whether *on* private affairs or sick certificate *within or beyond* India, *will count for service to the authorized* extent only, in computing the time for retirement on full pay.

4. Officers who have availed themselves of the option of the old rules are allowed to re-consider the question under the modifications now sanctioned.

5. *Officers who have not taken* leave subsequent to the *publication of the new* rules on the 1st of February, 1854, and who, consequently, may not have been called upon to declare whether they would abide by the old or the new regulations, will, on retirement from the service, be entitled to take full advantage of the privileges given by the new regulations.

FURLOUGHS ON PRIVATE AFFAIRS.

6. Every officer will be allowed a furlough to Europe, or elsewhere beyond sea, for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

7. *The second furlough of two years will only be granted after* ten years' service in India, from the date of the return to duty after the first furlough of two years. These furloughs are not to be cumulative, under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certi-

ficate to Europe, or elsewhere beyond sea, will be ineligible to a furlough on private affairs until they have served six years from their last return to duty. This rule does not apply to short leaves to sea.

Officers who take their first furlough after twenty years' service in India may take their second furlough after an additional service of five years from the date of their last return to duty. (*G.O.* 16 *June*, 1856.)

8. All grants of furlough on private affairs are subject to the exigencies of the public service, and to the regulations framed for the preservation of the efficiency of each regiment by limiting the number of absentees.

9. Officers holding staff or other detached appointments may be allowed furlough for a period of six months without losing their appointments; but, during that period, they will not be entitled to any portion of their staff salary, which will be drawn in full by the officers officiating for them.

Absence for six months under this rule does not preclude an officer from taking his furlough to Europe after ten years' service. (*G.O.* 16 *June*, 1856.)

10. All officers, whether staff or regimental, while on furlough on private affairs, will be entitled to "Furlough Pay" only.

LEAVE OF ABSENCE ON SICK CERTIFICATE.

11. Leave of absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe, or elsewhere out of India.

12. Extensions of such leave may be granted, as at present, on production of medical certificates, for further periods not exceeding eighteen months in the whole.

13. An officer holding a staff or other detached appointment will be allowed to be absent on sick certificate in England, or elsewhere beyond sea, for a period of fifteen months, without losing his appointment; and, during the first six months only of such absence, he will be entitled to draw half the staff salary of his appointment, the officer officiating for him drawing the remaining half salary during the first six months, and the whole salary during the remainder of the time.

14. An officer's claim to half staff salary for six months, as sanctioned in the preceding rule, will not be affected by his subsequently retiring from the service in Europe or elsewhere.

15. No portion of command allowance, medical staff salary, or other similar allowance, which under the old rules was inadmissible to officers absent from their corps or stations, at the Cape or elsewhere, will be allowed to absent officers under these regulations.

16. All officers, whether staff or regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian pay and allowances as was allowed under the old regulations to officers proceeding to the Cape on medical certificate, and for the remaining period of their leave they will receive furlough pay only.

17. If the leave on sick certificate be extended, furlough pay will be continued; but under no circumstances for a longer period than three years altogether, from the commencement of the absence.

STAFF OFFICERS.

18. The term *staff officer* applies to all officers holding staff or detached appointments, military (general or regimental), political, or civil; also to general officers commanding divisions, members of the Medical Board, superintending surgeons, and others who, under the old rules, were entitled to draw half staff allowance when absent at the Cape.

19. Staff officers absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their appointments and allowances except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave is to be reported at once, with the reasons for it, and to be subject to approbation.

20. The privilege of retaining staff appointments during leave of absence on sick certificate, or on furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an officer has been three years, or if on private affairs, until he has been six years, in the discharge of the duties of his appointment, from the date of last return to it.

21. This rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

22. Officers commanding troops of Horse Artillery and Light Field Batteries, and officers generally in employment, will be allowed leave out of India under the same rules with respect to allowance and tenure of command or office as regulated the grant of leave to the Cape to such officers under the old regulations, except as to the duration of those advantages, the time for their continuance being subject to the provisions of the new regulations.

DATE OF FURLOUGH AND ADVANCES OF PAY.

23. The period of furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the officer proceeds.

24. Advances of pay and allowances, staff and regimental, to officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for repayment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by officers obtaining furlough on private affairs.

25. The existing regulations regarding passage-money to officers are not affected by these rules.

26. The certificates issued to officers who are granted furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each officer has been absent on leave within Indian limits, as well as the time of his previous absence in Europe; but will not include the periods allowed for proceeding to the Presidency or port of embarkation, and to enable officers to rejoin their regiments or stations after their return to India, nor the leave of one month's absence in six months as authorized by the regulations. The last pay certificate of all officers proceeding to England on sick certificate is to specify the rate of regimental pay and allowances and staff salary to which they would have been entitled under the old regulations if proceeding to sea on medical certificate. This information is necessary in order that no difficulty may arise in the Pay Department of the India House in adjusting the several payments which may be due.

OFFICERS OF H.M.'s SERVICE.

27. Officers of Her Majesty's service in India, whether employed regimentally or in staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on furlough or leave of absence.

28. In the case of officers of Her Majesty's service on furlough or sick certificate, in England or elsewhere, who may retire or exchange into regiments not on the Indian establishment, the grant to these officers of Indian allowances will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

PERIODS OF ABSENCE ALLOWED TO BE COUNTED AS SERVICE FOR RETIRING PENSIONS.

29. In order that all officers quitting India on furlough or sick certificate may be placed on an exact equality as regards loss of time, the period allowed by regulation for proceeding to the Presidency, or to the nearest port of embarkation, as well as the time to enable officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the retiring pension.

30. No furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, and four years in thirty years' service, shall be allowed to count as service for the retiring pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31. In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence, except the period allowed in Rule 29, and the ordinary indulgence of one month's leave in six months, as authorized by the existing regulations, and which are, in all cases, whether of regimental or staff officers, to be allowed to count as service for the pension. All leave to a greater extent, granted by political and other authorities, which

may not hitherto have been published in General Orders, must be so announced hereafter.

32. Officers to be entitled to retire on the full pay of their regimental rank (under the regulations of 1796), must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the retiring pension.

33. Officers to be entitled to retire on the full pay of captains and majors (under the regulations of 1835-7), must have served twenty and twenty-four years respectively; out of which time leaves of absence for two years in the aggregate, and not more, will be allowed to count as service.

34. Officers to be entitled to retire as lieutenant-colonels must have served twenty-eight years; out of which leaves of absence for three years in the aggregate, and not more, will be allowed to count as service.

35. Officers to be entitled to retire as colonels must have served thirty-two years; out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

36. The scale for medical officers and veterinary surgeons of privileged furlough and leave of absence as counting for the retiring pension will be as follows:—

Years.	Months.	
1	8	in 17 and under 20 years' service.
2	0	in 20 ,, ,, 25 ,, ,,
3	0	in 25 ,, ,, 30 ,, ,,
4	0	in 30 and upwards.

37. It is to be distinctly understood, that under no circumstances whatever will an officer be permitted to retire on full pay until he has completed the *full time of service* above specified, whether he be in England at the close of his service or elsewhere.

38. The privileged time of absence may, with the permission of the local government, be taken at any time, subject to these regulations. If, therefore, at the end of twenty years' service, of which eighteen had been passed on actual duty in India, an officer should be on furlough or sick certificate in Europe or elsewhere, he will be entitled to retire on the full pay of a captain without returning to India, and so in the other terms of service for the higher pensions. In like manner, a medical officer on furlough or sick certificate, in Europe or elsewhere, at the end of seventeen years' service, fifteen years and four months of which have been passed on actual duty in India, will be entitled to retire on the lowest rate pension, without returning to India, and so in the other terms of service for the higher pension.

39. These rules do not in any way affect the existing regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

NEW REGULATIONS.

G. O.) *November*, 1855.

FURLOUGH ON PRIVATE AFFAIRS.

Every officer will be allowed a furlough to Europe, or elsewhere beyond sea, for a period of two years, at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

The second furlough of two years will only be granted after ten years' service in India, from the date of the return to duty after the first furlough of two years. These furloughs are not to be cumulative under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certificate to Europe, or elsewhere beyond sea, will be ineligible to a furlough on private affairs, until they have served six years from their last return to duty. This rule does not apply to short leaves to sea.

All grants of furloughs on private affairs are subject to the exigencies of the public service, and to the regulations framed for the preservation of the efficiency of the Indian navy, by limiting the number of absentees.

Officers holding detached or shore appointments may be allowed furlough for a period of six months without losing their appointment; but during that period they will not be entitled to any portion of their salary, which will be drawn in full by the officers officiating for them.

The Europe furlough pay to be granted in the above cases is as follows:—

	£.	s.	d.	
To Captain, the pay of Lieutenant Colonel in the army	1	0	0	per diem.
To Commanders, as Majors	0	16	0	ditto.
To Lieutenants and Pursers, as Captains	0	10	6	ditto.
To Mates above three years' service as such, as Lieutenants	0	6	6	ditto.
To Clerks, as Ensigns	0	5	3	ditto.

LEAVE OF ABSENCE ON SICK CERTIFICATE.

Leave of absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe or elsewhere out of India.

Extensions of such leave may be granted, as at present, on production of medical certificates, for further periods not exceeding eighteen months in the whole.

An officer holding a detached appointment will be allowed to be absent on sick certificate in England, or elsewhere beyond sea, for a period of fifteen months, without losing his appointment, and during the first six months only of such absence he will be entitled to draw the Indian unemployed shore pay of his rank, and half the difference between that and the salary of his appointment, the officer officiating for him drawing the unemployed shore pay of his rank, and the remaining half salary during the first six months, and the full salary of the appointment during the remainder of the time.

An officer's claim to half the salary for six months, as sanctioned in the preceding rule, will not be affected by his subsequently retiring from the service in Europe, or elsewhere.

No portion of command allowance, medical staff salary, or other similar allowances, which under the old rules was inadmissible to officers of the Indian navy, absent from their ships at the Cape or elsewhere, will be allowed to absent officers under these regulations.

All officers on detached or shore employ, while on leave of absence on sick certificate, will be entitled for a period of six months to pay as above stated, and for the remaining period of their leave they will receive furlough pay only.

If the leave on sick certificate be extended, furlough pay will be continued; but under no circumstances for a longer period than three years altogether from the commencement of the absence.

Officers on detached or shore employ, absent on leave beyond the periods stated in paragraphs 4 and 8, cannot retain their appointments and allowances, except on special grounds, to be sanctioned by the government of the presidency; any such special extension of leave is to be reported at once to the Honourable the Court of Directors, with the reason for it, and to be subject to their approbation.

The privilege of retaining appointments during leave of absence on sick certificate, or on furlough on private affairs, will not be available a second time if the fresh leave is on sick certificate, until an officer has been three years, or if on private affairs, until he has been six years, in the discharge of the duties of his appointment from the date of last return to it.

This rule, however, does not apply to leaves of absence, whether on sick certificate, or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

DATE OF FURLOUGH AND ADVANCE OF PAY.

The period of furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the officer proceeds.

Advances of pay and allowances to officers proceeding on leave of absence on sick certificates who may be entitled to them, will be made in India for three months from the date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for repayment of advances made on account of Her Majesty's government. Furlough pay will continue to be issued in advance for six months when required by officers obtaining furlough on private affairs.

The existing regulations regarding passage-money to officers are not affected by these rules.

The certificates issued to officers who are granted furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each officer has been absent on leave within

Indian limits, as well as the time of his previous absence in Europe.

The last pay certificate of all officers proceeding to England on sick certificate is to specify the rate of pay and allowances to which they may be entitled.

This information is necessary, in order that no difficulty may arise in the Pay Department of the India Office in adjusting the several payments which may be due.

PERIODS OF ABSENCE ALLOWED TO BE COUNTED AS SERVICE FOR RETIRING PENSIONS.

Officers to be entitled to retire on the full pay of their rank (under the regulations of 1796) must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the retiring pension.

All officers now in the service, who prefer retaining what may be considered the advantages of the old regulations, may do so, provided they signify their wish to that effect when they next apply for leave of absence, without any limitation whether such leave be in India or elsewhere, and officers who once make their election will not be entitled to any other choice, but will be afterwards subject to the new or old regulations according to their decisions.

Officers holding shore appointments have not the above option allowed them, but they may retain the advantages of the old regulations by giving up their appointments, which in such cases will be considered vacated from the date of embarkation.

To those officers who adopt them, the new regulations will apply retrospectively in respect of furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their furloughs or leaves of absence, whether under the old or new rules, and whether on private affairs or sick certificate, within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.

These rules do not in any way affect the existing regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

ALLOWANCES.

The marked success which has attended the operations of this Society justifies the Directors in calling the attention of the public to the superior advantages held out to all classes desirous of effecting Assurances on their lives.

An annual division is made of one-fifth of the ascertained profits of the five preceding years; the other four-fifths being set apart to enter into the average of succeeding years.

Of the sum annually divisable, 75 per cent. is apportioned to policy-holders who have paid six annual premiums, either in a reduction of subsequent premiums or as a bonus added to the policy. The remainder is apportioned to the shareholders.

The subjoined scale of rates for the whole term of life for residents in Europe is framed with the greatest care, and will be found to be as moderate as is consistent with perfect security.

Universal Life Assurance Society—*continued.*

INDIAN BRANCHES

ESTABLISHED AT

CALCUTTA, MADRAS, AND BOMBAY.

The UNIVERSAL LIFE ASSURANCE SOCIETY was established in the early part of the year 1834, for the purpose of imparting to residents in India, as well as to those in British Possessions elsewhere, the same advantages of Life Assurance which it furnishes to those residing in Great Britain.

Tables for Policies to be effected in India have been especially prepared from the records of the East India Company on the experience of mortality in that country.

*** Particular attention is requested to the very moderate rates charged by this Office for Indian Risks, both Military and Civil, the correctness of which has just been fully confirmed by a recent and laborious investigation by two eminent London Actuaries, but the attention of parties proceeding to India is more especially called to the advantages offered by this Society, on their return to Europe, when their premiums are reduced to the English rates, corresponding with the age when the assurance was effected, without reference to their state of health on return.

The Parent Institution being in London, with Establishments at the three Presidencies of India for granting Policies, gives the opportunity of effecting Assurances in either Country, as may best suit the convenience of the parties.

Thus, while the holder of a Policy has the advantage of the extensive knowledge of Indian affairs possessed by the local Boards in India, and the benefit of their vigilant superintendence of the concerns of the Society, he has also the advantage of participating in the profits of the European Branch, and of the stability of an English as well as an Indian proprietary, to guarantee the due payment of Claims.

Policies taken out in England may be continued in India, or those taken out in India may be continued in England, and Premiums and Claims may be paid in either country, on definite and equitable terms.

All further Particulars may be obtained at the Office in London, or of the

A COURSE OF MATHEMATICS,

PURE AND MIXED,

More especially designed for the use of Candidates for the

MILITARY AND CIVIL SERVICE EXAMINATIONS;

WITH A VARIETY OF PROBLEMS IN, AND PRACTICAL APPLICATIONS OF, THE FOLLOWING SUBJECTS:—

1.—ALGEBRA, TRIGONOMETRY, AND MENSURATION.

2.—ANALYTICAL GEOMETRY, (CONIC SECTIONS), STATICS, DYNAMICS, AND HYDROSTATICS.

3.—THE DIFFERENTIAL AND INTEGRAL CALCULUS, with their applications to the Higher Geometry, Mechanics, &c. &c.

BY J. R. YOUNG,

LATE PROFESSOR OF MATHEMATICS, BELFAST COLLEGE.

The object of this work is, to furnish Candidates for the Military and Civil Service Examinations with such a practical knowledge of Pure and Mixed Mathematics, as may prove most serviceable to them in the course of the ordeal to which they are about to be subjected. On such occasions a mere theoretical acquaintance with principles is by no means sufficient. It is also necessary that the young aspirant should have been trained by actual experiments, as it were, to the application of the abstract rules, the enunciation of which he has, otherwise, mastered only by an effort of memory. To assist him in thus gathering the fruits of his intellectual industry, Mr. J. R. YOUNG has devised a multitude of problems, of greater or less difficulty, in Algebra, Trigonometry, Mensuration, Analytical Geometry (Conic Sections), Statics, Dynamics, Hydrostatics, the Differential and Integral Calculus, with their applications to the Higher Geometry, Mechanics, &c. The chief peculiarity of this work, however, is one that will recommend it to a very large class of students. The most difficult questions are rendered comparatively easy, by the practical simplifications that are introduced in their mode of solution. Instead of a pompous and puzzling display of technical phraseology, the utmost care has been taken to explain the most knotty points in a plain, unaffected manner, intelligible to every ordinary capacity. In this respect, Mr. YOUNG's "Course of Mathematics" will be found to possess a decided superiority over all preceding works on the same subject.

*** The object of this work is to furnish a correct and detailed account of the *amount and nature* of the forces belonging to the Great Powers. At a glance may be perceived the strength of the respective armies, and characteristics of their troops, their drill, discipline, and uniform. Although Mr. Wraxall treats more especially of the Armies of France, Austria, England, Russia, and Prussia, he has not omitted those of Sardinia, Turkey, and Anglo-India. The value of such a Manual can hardly be over-estimated at the present moment.

A Gazetteer of India.

By EDWARD THORNTON, Esq. One large 8vo. volume, with map, cloth 21s.

*** The chief objects in view in compiling this Gazetteer are,—

1st. To fix the relative position of the various cities, towns, and villages with as much precision as possible, and to exhibit with the greatest practicable brevity all that is known respecting them; and,

2ndly. To note the various countries, provinces, or territorial divisions, and to describe the physical characteristics of each, together with their statistical, social, and political circumstances.

To these are added minute descriptions of the principal rivers and chains of mountains; thus presenting to the Reader, within a brief compass, a mass of information which cannot otherwise be obtained, except from a multiplicity of volumes and manuscript records. The volume, in short, may be regarded as an epitome of all that has yet been written and published respecting the territories under the government or political superintendence of the British power in India.
