Indian Army.—Despatches on the Royal Commission.—No. 808 of 1866.—His Excellency the Governor General of India in Council is pleased to direct the publication, for general information, of the following Despatches received from the Right Hon'ble the Secretary of State for India :—

MILITARY.

No. 159.

INDIA OFFICE ;

London, the 8th August 1866.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—Para. 1. With his Despatch No. 194 of the 17th June 1864, Sir C. Wood forwarded, for the information of your Excellency's Government, a copy of the report of a Royal Commission, of which Lord Cranworth was President, and which had been appointed for the purpose of inquiring into certain complaints which had been made by Officers of the Indian Army, to the effect that the measures recently adopted by Her Majesty's Government in relation to that Army had been in violation of the assurance of Parliament contained in certain clauses of the Acts 21 and 22 Vic., c. 106, and 23 and 24 Vic., c. 100.

2. Your Excellency was at the same time informed of the steps which Her Majesty's Government had taken in consequence of the opinion expressed by the Commissioners in their report.

3. The Commission necessarily turned, in the first instance, to a consideration of the nature and extent of the Parliamentary guarantee, and upon that subject expressed themselves in the following terms :—

"Para. 34. In considering this subject, we must begin by assuming that the word 'entitled' cannot be understood as referring to rights capable of being enforced in a Court of Justice. If any such rights exist, no opinion, we may express, can or ought to affect them. We propose, therefore, to assume that the Officers had not against the Company, and have not against the Crown, any such rights. And the question is, what, on that assumption, is the proper interpretation to be put on the language of the Act. It could not have been intended to prevent the Crown, if in the interests of India and of the Empire at large it should deem it necessary, from reducing the numbers of the Indian Army, or altering its organization. It would have been in the power of the Company to make such reductions and changes, and a similar power was transferred to the Crown. All we can understand Parliament to have guaranteed to the Officers is, that in making any such reductions, their interests should as little as possible be interfered with, and that in any change of organization, the Crown should, as no doubt the Company would have done, preserve all the rules as to pay, pension, allowances and privileges, and the like advantages as regards promotion and otherwise, which existed at the time the Act was passed; or if in any case that should be impossible, then that some counter-balancing benefit should be given to compensate any advantage which it might be impossible to retain. When once we have come to the con-

clusion that what Parliament meant to guarantee was not a strict legal right, capable of being enforced in a Court of Justice, we are unavoidably, from the nature of the subject matter, obliged to adopt less definite principles of construction than those by which Acts of Parliament are generally to be interpreted. We must consider the language of the Act in connexion with the subject with which it was dealing, and in that spirit we now proceed to consider the several memorials referred to us by Your Majesty."

4. The several complaints made by the Officers of the Indian Army were classed by the Commission under 13 heads, and they reported that—

In 8 cases there had been no infringement of the guarantee,

In 3 there had been, and in 2 there might hereafter prove to be an infringement of it.

5. The three measures which that Commission reported to have involved infringements of the guarantee, were—

1st.—The supersession of regimental Officers by the promotion of their brother Officers under the Staff Corps Rules;

2nd.—The retention on the cadres of Native regiments of the names of Officers transferred to the new regiments; and

3rd.—The arrangements laid down in the Royal Warrant of 1st January 1862 (as far as they affect Officers of Cavalry and Infantry of the Indian Army) for regulating the promotion of Colonels of the Indian Army of date subsequent to the 17th February 1861 to the rank of General Officer.

6. The two which they considered to be doubtful in their effect were—

1st.—The regulation by which 12 years is made the period of service in the grade of Lieutenant-Colonel; and

2nd.—The reduction of the number of regimental Lieutenant-Colonels by making promotion in succession to one-half only of the Officers of that rank who accepted the special annuities offered to them on retirement in 1861.

7. The measures which were adopted with a view of directly remedying the above declared infringements of the guarantee, were as follows:—

1st.—Placing the Officers of the several Staff Corps and of the Indian Army, upon a footing of equality in respect of promotion in Army rank by the introduction of a rule of promotion applicable alike to Officers of the Indian Army and of the Staff Corps, by which all Officers would obtain brevet rank in the several grades upon completion of certain fixed periods of service (from date of first Commission), such rule to take effect retrospectively from the 15th February 1861—the date of formation of the Staff Corps;

2nd.—The removal from the cadres of Native regiments of the names of those Officers who had joined the new line regiments, promotion being made in their places;

3rd.—Extensive modifications in the Warrant of 1st January 1862, for regulating the promotion of Colonels in the Indian Army.

8. The above measures afforded, in the opinion of Her Majesty's Government, a direct remedy for those complaints of a breach of the Parliamentary guarantee which had been reported by Lord Cranston to the Officers of the Army for any possible injury that they might sustain in their prospective promotion, a great and permanent impetus was given to regimental promotion in the three Armies (which had been already greatly accelerated by the grant of special annuities to about 300 Officers on retirement), by the adoption of a rule that the names of all Officers of the Staff Corps should, on attaining the position of Lieutenant-Colonel on the general (regimental) list of the several Presidencies, be struck off and promotion made in their places. At the same time, certain additions were made to the revised establishment of regimental Lieutenant-Colonels in Madras and Bombay.

9. The beneficial effect of the removal of Lieutenant-Colonels from the general list, has been already very sensibly felt in the impulse which it has given to promotion among the Officers of the Indian Army.

10. Upon the measures, which were duly carried out by your Excellency's Government, your Excellency observed in your Despatch of the 8th November 1864—

"It is scarcely possible that extensive changes in the Army should ever be made without unfavorably affecting the position of some individuals relatively, i. e., as compared with that of some others, and the instance in question is no exception to this rule. But we think there can be no doubt that, by the measures ordered in your Despatch, substantial hardship in the matter of promotion is avoided."

11. On the same occasion, His Excellency the Commander-in-Chief in India, Sir Hugh Rose, made the following observations:—
"Under the measures directed by the Right Honorable the Secretary of State, the chief cause of complaint, as frequently brought to the notice of Government by His Excellency, viz., 'the supersession of regimental Officers by their junior Officers of the Staff Corps, has been removed entirely. It may, however, be observed that whilst some Officers will continue to suffer supersession, the privilege is conferred on the Army generally are specially advantageous to the Officers who have not joined the Staff Corps, and to those who have been unfortunate in their promotion."

12. After showing how, under the new rule, certain Staff Corps Officers will be superseded by Officers who have remained with their regiments, Sir Hugh Rose remarked,—

"These calculations may not be absolutely exact, as they are taken from an Army List dated 1st April last; but they suffice to illustrate the favorable working of the new arrangements in regard to Officers who have remained with their regiments, and they show to the satisfaction of the Commander-in-Chief that the local Officers gain very important and solid advantages under the recently sanctioned regulations."

13. Your Excellency will have observed, however, that an address to Her Majesty was moved and carried in the House of Commons on the 2nd of May 1865, praying that Her Majesty would be pleased "to redress all such grievances complained of by the Officers of the late Indian Armies, as were admitted by the Commission on the Memorials of Indian Officers to have arisen by a departure from the assurances given by Parliament by 21 and 22 Vic., cap. 106, and 23 and 24 Vic., cap. 100."

14. Her Majesty was pleased in consequence to appoint a Commission, composed of the Officers named in the margin, who were instructed, with reference to the terms of the above address, to enquire into and examine whether the measures above referred to were effectual and sufficient for the purpose of removing such causes of complaint as have been reported in the terms herebefore stated by the said first mentioned Commissioners to have arisen by a departure from the assurances given by Parliament, or for the purpose of giving a counterbalancing benefit in any cases where any rules as to pay, pension, allowances and privileges, and the like advantages as regards promotion and otherwise, which existed when the Acts above referred to were passed have not been retained; and in what respects, and to what extent, if at all, such measures fall short of what may be required for removing the causes of such complaints, or for giving such counterbalancing benefit in lieu thereof."

15. I now forward, for your Excellency's information, a copy of the report of this Commission, dated the 14th September 1865.

16. In carrying out their instructions, the Commissioners state that they have arranged the points upon which they have to submit their opinion in the following order:—

1st.—The retention on the cadres of Native regiments of Cavalry and Infantry of the names of Officers transferred to the new line regiments of Her Majesty's Army.

2nd.—Arrangements for regulating the promotion of Colonels of the Indian Army, of date subsequent to the 17th February 1861 to the rank of General Officer.

3rd.—The filling up of only half the vacancies occasioned by the retirement of Lieutenant-Colonels upon increased pensions from 1st December 1862, and the retention of the names of the retired Lieutenant-Colonels upon the regimental graduation lists, in order to regulate subsequent promotions to Colonel with Colonel's allowances.

4th.—The rule under which Lieutenant-Colonels are to be promoted to Colonel, with Colonel's allowance, on the completion of 12 years' service in the rank of regimental Lieutenant-Colonel.

5th.—The supersession of regimental Officers by Officers of the Staff Corps.

17. Upon these several points they report as follows:—

1st Point. That the measures adopted upon the first point have been effectual and sufficient:

That they consider the measures adopted in relation to the second point effectual and sufficient, so far as the arrangements connected with the Ordnance Service come within the scope of their enquiry.

2nd Point. Upon the 3rd point the Commission state that, from the views which have been expressed by many of the memorialists, they are of opinion that there exists much misapprehension upon this point, which they therefore endeavour to remove.

3rd Point. With reference to the large reduction made in the Indian Army, they state that whatever the number of regiments to be reduced, there must of course have followed a corresponding reduction in the number of Colonelcies, and, consequently, of Colonel's allowances; and on the arrangement by which that reduction was effected at the same time that special inducements were held out to the Lieutenant-Colonels to retire, they justify remark,—

"This was intended as a means of making the retardation of succession to the rank of regimental Colonel with Colonel's allowance, a gradual process, and so of making it less immediately felt," and they sum up their remarks under this head in the following words:—

"Under this point, therefore we are of opinion that, if promotions be allowed in continuation of the promotions already made from the 1st January 1862, to complete the numbers above indicated, no loss will have been sustained, either by regiments or by Officers, of anything they could be entitled to claim under this head."

Para. 16. Cavalry. Infantry.

Para. 18. Madras, Lieutenant-Colonels... 1

* Viz., do ... 0

Para. 28 and 29. do ... 1

Bombay, do ... 0

20. The Commission appear to have overlooked the fact that promotions to an extent even beyond those now recommended by them were actually made under the authority of Sir C. Wood's Despatch, No. 194 of the 17th June 1864, in continuation of those made on the 1st January 1862.

21. A reference however to that Despatch, paras. 51, 52 and 80, and to General Order by your Government, No. 632 of the 4th August 1864, will show that with a view of rendering the effect of the reduction in the number of Lieutenant-Colonels equal in the three Presidencies, promotions were made in Madras and Bombay to the following extent:—

	Cavalry.	Infantry.
Madras, Lieutenant-Colonels	...	...
Bombay, " "	...	...

22. These promotions were made from the 16th July 1864—the date of the receipt in India of the Despatch authorizing them. I shall not object, however, to their being antedated to the 1st January 1862, in accordance with the views of Sir John Aitchison's Commission.

23. The Commission discuss the fourth point by endeavouring to ascertain the average period served heretofore in the grade of regimental Lieutenant-Colonel.

24. This, taking the mean of two periods of 15 and 20 years respectively, they show to have been 17.02 years.

25. This being the case, and having already stated in para. 23 of the report that, "supposing a reduced establishment or regiment to have been determined upon and published in December 1861, Her Majesty's Government would of course have been distinctly entitled to declare the difference of number, namely, 15 supernumerary, and, therefore, if thought good, liable to the ordinary process of absorption, more or less gradually, and shown that the course followed did actually make the inevitable retardation of promotion a gradual process, and so less immediately felt, the Commission have notwithstanding recorded their opinion upon this point in the following words:—

"Taking into consideration, then, that none of the Lieutenant-Colonels promoted prior to 1st January 1862 have benefited by any of the measures which have operated to accelerate promotion among their juniors; that, on the contrary, the changes which have occurred have been to their detriment, as having lessened their chances of employment in commands, and that their succession to Colonelcies in the ordinary course from the removal of their retired seniors must henceforth be slower than before, we come to the conclusion that the 12 years' term is about two years in excess of a fair period."

26. The Commission thus fully admit the propriety of reduction, and the inevitable consequence of that reduction, viz., some retardation of promotion; but they conclude not only that such retardation is inadmissible under the guarantee, but that, in this particular case, the advancement of Lieutenant-Colonels to the Colonel's allowance should be expedited by one year, that is, service in the grade of Lieutenant-Colonel reduced from 41 years to 40.

27. With regard to the Lieutenant-Colonels promoted on and after the 1st January 1862, the Commission report as follows:—

"As regard Lieutenant-Colonels promoted on and after the 1st January 1862, the 12 years' rule has been made absolute from that date forward.

"As a general period, looking to the future of the Indian service, and probably not representing eventually more than 38 years' total service, it may not be in excess."

28. Having thus recorded their opinion upon the fourth point of their inquiry, being one of the two cases in which Lord Cranworth's Commission pronounced a doubtful opinion, the Commission proceed to consider the length of service to which some of the older Officers in the Army have attained, notwithstanding, as they observe, with reference to certain Lieutenant-Colonels of the 1st January 1862, "that some of these Officers have had their promotion to Lieutenant-Colonels accelerated by the retirement of Officers upon the increased pension," and believing that it might be for the advantage of the public service to provide a means of relieving the Indian Army from old and worn-out Officers, such as some may even now be, and as more will hereafter become, they suggest, the addition of two higher rates of retiring allowance for 35 and 38 years' service respectively, either in the form of pension or of part pension and part capital, these periods usually representing a total service of seldom less than 40 and 43 years.

29. In further support of this proposal, the Commission observe as follows:—

"Para. 54. And we may here observe that the periods of service of Officers in the grades of Major and Captain are, in numerous instances, much longer than is generally supposed; so that, with all the advantages of accelerated promotion, they will, for the greater part, reach to 40 or more years' service before promotion to regimental Colonel. There are, for example, many Officers, now regimental Captains, who have already completed more than 25 years' service."

And they give examples of some Officers who, under the ordinary chances of the service, have been promoted in their promotion.

30. The cases of these Officers, who, it is admitted, have had or will have their promotion accelerated by recent measures, did not properly fall within the limits of the enquiry entrusted to the Commission; but it must be observed in connexion with this subject, that so far as promotion, present and prospective, is concerned, a careful comparison between the Indian Army Lists of 1860 and 1866 will show that, by the several measures introduced during that period, viz., the introduction of new rules of promotion for the Officers joining the Staff Corps, the offer of special annuities, inducing above 300 of the senior Officers to retire, the removal of the names of all Staff Corps Officers when attaining to the position of Lieutenant-Colonel in the List of the Indian Army, and the brevet arrangement of 1864, the promotion of the Officers of the Indian Army has been greatly accelerated within that period, and this, too, while the Native Army itself was undergoing reduction to the extent of one-half of its strength in 1857.

31. Upon the 5th point the Commission have reported as follows:—

"We have given our most anxious and earnest consideration to this very difficult and complicated question, and we consider that we shall not fulfil the duty imposed on us if we fail to submit our opinion that the measure adopted by your Majesty's Government upon this point has not been effectual and sufficient to remove the grievance originally complained of. The main ground of that grievance we consider to be the regimental connexion between the local line and the Staff Corps, by the retention of the names of Staff Corps Officers on the cadres of regiments, and also by the retention on the old European regimental cadres of the names of those Officers who have been transferred to the new line regiments."

"The measure adopted by your Majesty's Government, therefore, falls short of what is required, inasmuch as it has not removed the cause of grievance, whilst the grievance itself has been aggravated by the disturbing effect of the general brevet."

"The removal of Staff Corps Officers from Regimental cadres might not prevent supersession either of the local line Officers by those of the Staff Corps, or of Staff Corps Officers by those of the local line, but—belonging as they would then do to entirely distinct cadres, each body having its own distinct terms of service—such individual supersession would constitute no invasion of principle."

32. And they sum up their observations upon this point in the following words:—

"On Point V, we consider that the measure adopted by your Majesty's Government has not been effectual and sufficient, because of—

1st.—The non-removal from the Cadres of Regiments of the Officers transferred to the Staff Corps and the new line Regiments, as indicated by the Committee assembled by the Secretary of State, 30th July 1860, of which Lord Hotham was President.

2nd.—The consequent withholding of promotion.

3rd.—The disturbing effect of the brevet."

"In the settlement of questions of a most complicated character, arising out of extensive and organic changes in a body of such magnitude as the old Indian Army, accompanied with large but unavoidable reductions, we cannot venture to suppose that all objections can be removed, or all conflicting interests reconciled; but it appears to us perfectly practicable to remove all just ground for complaining of the infraction of any real and established right in connexion with the particular points referred to us for report."

33. It will be seen that the Commission appointed by Her Majesty on this occasion have not confined themselves strictly to the questions submitted for their consideration.

34. They have suggested in one instance a measure, viz., the introduction of additional rates of retiring pension, which has no reference to the complaints brought under the consideration of Lord Cranworth's Commission; and they have, moreover, recorded their opinion against an important feature in the scheme for the re-organization of the Indian Army, which the former Commission had pronounced to be no breach of the Parliamentary guarantee, and which, therefore, did not come within the scope of their inquiry. I allude to the retention of the names of Officers of the Staff Corps on the cadres of their former regiments."

35. Her Majesty's Government consider this question to have been finally settled by the report of Lord Cranworth's Commission, and they decline to re-open it. They are, however, not only ready to apply in all cases a remedy to acknowledged grievances, but they are most desirous to remove every reasonable ground of complaint on the part of the Officers of the Army."

36. Although, therefore, Her Majesty's Government are convinced that the substantial interests of the Army at large have been, in many respects, materially advanced by the several measures that have been introduced since 1860, they have, nevertheless, determined to adopt, as far as practicable, those recommendations of Sir John Aitchison's Commission which are not inconsistent with the opinions expressed by the former Commission."

37. In accordance with this determination, I have to communicate to your Excellency the sanction of Her Majesty's Government to the following measures:—

1st.—The promotions in the Presidencies of Madras and Bombay, made under paragraphs 52 and 80 of Sir Charles Wood's Despatch of the 17th June 1864, with those made in succession thereto, are to have retrospective effect given to them from the 1st January 1862, viz.:—

	Cavalry.	Infantry.
Madras, Lieut.-Colonels...	...	...
Bombay, ditto...	...	...

2nd.—From and after the date of receipt of this Despatch, all Officers of Cavalry and Infantry of the Indian Army, who attained the rank of Regimental Lieutenant-Colonel prior to the 1st January 1862, and all Officers of the several Staff Corps who had attained to the rank of regimental Lieutenant-Colonel prior to the formation of those Corps, viz., 18th February 1861, shall, upon the completion of ten years in that grade, be placed in receipt of the Colonel's allowance. Lieutenant-Colonels now on the list, who may have been already more than ten years in that grade, will be granted the Colonel's allowance from the date of receipt of this Despatch.

3rd.—The Military retiring regulations of 1837 will be extended by the addition of the two following rates of pension:—

After 35 years' service	Per Annum. £ 600
After 38 years' service	„ 750

38. Her Majesty's Government have very carefully considered the conclusion at which the Commission has arrived upon the 5th and last point, viz., the sufficiency of the measures adopted with a view of remedying that supersession of Regimental Officers of the Indian Army by their brother Officers in the Staff Corps, respecting which Lord Cranworth's Commission reported that, in their opinion, the Parliamentary assurance had not been adhered to; but they regret that they cannot admit the soundness of that conclusion, which is, in one very important particular, at variance with the opinion expressed by Lord Cranworth's Commission, while the measures suggested by them, in connexion with this point, are open to most serious objections.

Para. 42.

39th. In alluding to the complaint of supersession, Lord Cranworth's Commission stated as follows:—

“What the Officers complain of on this head is, the immediate and prospective supersession in rank of regimental Officers by those in the Staff Corps, which was the inevitable consequence of the rules regulating promotion in the Staff Corps and especially of that which allows previous staff service to count towards the period of service qualifying for promotion in the Staff Corps.”

Para. 65.

“The main ground of that grievance we consider to be the regimental connexion between the local line and the Staff Corps by the retention of the names of Staff Corps Officers on the cadres of regiments, and also by the retention on the old European regimental cadres of the names of those Officers who have been transferred to the new Line regiments.”

41. Lord Cranworth's Commission recorded a deliberate opinion that, so far as promotion was concerned, the retention upon the cadres of their old regiments of the names of Officers transferred to the Staff Corps is not, practically, a departure from the assurance given by Parliament that Indian Officers should, on the transfer of the local Army to the Crown, retain all their previous advantages.

Para. 39.

42. The last Commission have expressed an opinion, on the other hand, that the recent measures introduced with a view of remedying the supersession complained of have not been effectual and sufficient, because of the non-removal of those names.

Para. 7th.

43. Her Majesty's Government feel satisfied that the plan adopted of retaining the names of Officers nominated to the Staff Corps on the cadres of their regiments with a view of regulating promotion, sanctioned as it was in the first instance by the opinion of the law Officers of the Crown, and subsequently confirmed by the judgment of the Commission over which Lord Cranworth presided, was well calculated to secure to the Officers under the contemplated changes that uniform system of regimental promotion, in all its integrity, which they had been accustomed to look forward to.

44. The removal from the general regimental list of the Army of the names of Staff Corps Officers, and of those who joined the new line regiments, upon their attaining to the position of Lieutenant-Colonel, is a boon to the Army unattended with any of the inconveniences that would attend the removal of the names from the regimental cadres—has been already sanctioned; but Her Majesty's Government do not consider it either just or expedient to attempt any further interference with a system which was adopted upon a careful consideration of the interests involved, and which has received the approval of high legal and other authority.

45. Moreover, any attempt to carry out at the present time the removal of those names, in the manner implied in the concluding paragraph of the Commission's report, would be attended with the greatest embarrassment, and could not possibly be effected without far greater disturbance in the relative position of the Officers of the several branches of the Army than has yet arisen from all the changes in its organization that have been effected during the last five years.

46. There remains, therefore, to be considered, as the only direct objection made by the Commission to the system of brevet rank established under Sir C. Wood's Despatch of the 17th June 1864, with a view to remedying the supersession complained of—the “disturbing effect” of that measure.

47. It is well known that the supersession complained of, in the first instance, as an interference with the usage of the service, was that of Officers of the Indian Army by their juniors in the same cadre, on the latter being admitted and promoted to a higher grade in the Staff Corps.

48. This supersession has been rectified by the brevet arrangement referred to, inasmuch as, under the peculiar constitution of the Indian Army, it is now impossible, save in rare and exceptional cases, that an Officer can be superseded in Army rank by another Officer of his own cadre; upon this subject the opinion of the late Commander-in-Chief in India, already quoted, is clear and decisive.

49. On the other hand, although the introduction of one general rule of Army promotion by length of service, generally fair and just to the whole service, could not fail to be followed, on its first introduction, by changes in the relative position on the general roll of the Army of Officers of different Corps, the rule has, upon the whole, been attended with benefit to the service at large, and the result of the several measures carried into effect since 1861 has been to give a general impulse to promotion, both army and regimental, throughout the Army.

50. Satisfied that, upon the whole, the Officers of the Army have derived, and will continue to derive, great benefit from the system of brevet promotion lately sanctioned by Her Majesty's Government, as laid down in General Order by your Government, No. 634 of the 4th August 1864, Her Majesty's Government do not propose to interfere with its future operation.

51. Your Excellency will, however, have observed that since the introduction of the rule for conferring brevet rank upon the Officers of the Indian Army, there has been a disposition on the part of the Officers to complain that the rank thus conferred upon them, with the view of remedying supersession, did not carry pay, and was therefore less favorable to them than that conferred upon Staff Corps Officers.

52. Whatever title the Parliamentary guarantee may have given to the Officers to exemption from supersession in rank by any process inconsistent with the established usage of the service, Her Majesty's Government cannot recognize the claim of the Officers, either under the rules and custom of the service or under that guarantee, to any rate of pay beyond that to which they are entitled by their regimental rank under the established principle of rise by regimental seniority.

53. No Officer can at any time claim an amount of pay beyond that due to his regimental rank so regulated, whatever might be the pecuniary advantages which the Government might think proper to give to another.

54. Being, however, desirous of removing all ground of complaint on this point, Her Majesty's Government have resolved upon the adoption of the following modification of the existing rules regarding admission to and promotion in the Staff Corps.

55. From and after the date of receipt of this Despatch, the qualifying period of service in the Staff Corps laid down in the 2nd paragraph of the Royal Warrant of the 14th January 1861, will be dispensed with, so far as concerns Officers now in the Staff Corps and those of the Indian Army who may join any one of those Corps under the terms of this Despatch.

56. Officers of the Cadres of Cavalry and Infantry of the Indian Army will be allowed to enter the Staff Corps of their respective Presidencies from the date of receipt of this Despatch, provided their application to that effect be received at the Adjutant-General's Office of their respective Presidencies by the 1st January 1867 if the Officer be in India, by the 31st March if he be out of India.

57. Such Officers will not be subject to any test prior to admission.

58. Inasmuch, however, as many of these Officers have gained great promotion as a consequence of measures which conferred no such benefit upon Staff Corps Officers, and that such rise in promotion was even due in some cases to the removal of the names of Staff Corps Officers from the list of the local line service, and that it would be giving to such Officers, if admitted to the Staff Corps with rank so obtained, an undue advantage over those already in the Staff Corps, it has been determined that Officers of the Indian Army, availing themselves of the opportunity now offered to them of being transferred to the Staff Corps, can only be allowed to enter that Corps upon these terms, with the substantive rank to which they would have attained under the Staff Corps Rule, as modified in paragraph 55 of this Despatch, if they had joined the Staff Corps on its formation, viz., 18th February 1861.

59. Any higher regimental rank they may have attained meanwhile in their respective cadres must, on their electing to join the Staff Corps, be cancelled.

60. I have further to inform you that it has been determined so far to modify the rule regarding succession to Colonel's allowance, laid down in paragraphs 13 and 14 of Sir Charles Wood's Despatch, No. 467, dated 3rd December 1861, so as to make the rule of accession to that allowance after the stated period of service in the grade of Lieutenant-Colonel, applicable to all Officers now in the several Staff Corps (with the exception of those who fall under the rule laid down in paragraph 37, clause 2, of this Despatch), and to all who may join them from the Indian Army, under the terms of this Despatch without reference to any fixed establishment of Colonels with Colonel's allowance; and further, to allow the brevet rank of Lieutenant-Colonel, granted under the rules contained in Sir Charles Wood's Despatch, No. 194 of the 17th June 1864, to count towards the completion of the 42 years' period of service so laid down.

61. I request that your Excellency will, without delay, cause the above instructions to be carried into effect by notifying to the service at large, that—

1st.—The promotions in the Presidencies of Madras and Bombay made under paragraphs 52 and 80 of Sir Charles Wood's Despatch of the 17th June 1864, and those in succession to them are to have retrospective effect from the 1st January 1862.

	Cavalry.	Infantry.
Madras, to be Lieutenant-Colonel.....	1	4
Bombay, ditto	0	3

2nd.—All Officers of the Cavalry and Infantry of the Indian Army who attained the rank of regimental Lieutenant-Colonel prior to the 1st January 1862, and all Officers of the several Staff Corps who had attained to the rank of regimental Lieutenant-Colonel prior to the formation of those Corps, viz., 18th February 1861, shall hereafter, upon the completion of 10 years in that grade, be placed in receipt of the Colonel's allowance, in the event of their not having already attained to that allowance in ordinary succession, under the operation of the system laid down in Sir Charles Wood's Despatch, No. 340, dated 1st August 1861, paragraph 18.

3rd.—The Military Retiring Regulations of 1837 will be extended by the addition of the two following rates of pension :—

	Per Annum.
After 31 years' service...	£ 600
After 38 years' service...	750

4th.—From and after the date of receipt of this Despatch, the qualifying period of service in the Staff Corps, laid down in the 2nd paragraph of the Royal Warrant of the 16th January 1861, will be dispensed with, so far as concerns Officers now in the Staff Corps and those of the Indian Army who may join any one of those Corps under the terms of this Despatch. Officers of the Staff Corps who may be entitled to promotion to a higher substantive rank under the modification of the existing rule, will receive such promotion from the date of receipt of this Despatch.

All Officers of the Cavalry and Infantry of the Indian Army, with the exception of those who entered upon the new conditions of service and are borne upon a general list, will be allowed to enter the Staff Corps of their respective Presidencies upon the conditions above laid down, from the date of receipt of this Despatch, without being subjected to previous examination.

5th.—All Officers now in the several Staff Corps, and all who may join them under the terms of this Despatch, will be entitled to the Colonel's allowance after 12 years' service in the grade of substantive Lieutenant-Colonel, without reference to any fixed establishment of Colonels with Colonel's allowance, the brevet rank of Lieutenant-Colonel attained to under the regulations published in General Order by your Government, No. 632, dated 4th August 1864, being however considered a substantive rank for this purpose and allowed to count towards the above period.

6th.—All the regulations at present existing relating to admission to, and promotion in, the Staff Corps, will be still applicable to Officers hereafter entering the several Staff Corps, other than those of the Indian Army, who join under the terms laid down in this Despatch.

6th.—Having now disposed of the several complaints made by Officers of the Indian Army, and considered by either of the Royal Commissions with reference to the Parliamentary guarantee, I shall address your Excellency in a separate Despatch upon the subject of the claim made by many of the Officers to compensation for money contributed by them towards the regimental retiring funds. These claims cannot justly be supported by any reference to that guarantee, and therefore they were not entertained by Lord Cranworth's Commission; but Her Majesty's Government are unwilling to leave to the Officers generally any ground of complaint which they can, consistently with their duty, remove, and therefore they have determined that the representations made by the Officers in regard to this matter shall receive further consideration.

I have, &c.,

(Signed) CRANBORNE.

MILITARY.

No. 360.

INDIA OFFICE;

London, the 8th August 1865.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,—Para. 1. By my Despatch, No. 159, of this day's date, your Excellency was informed that it was my intention to address you in a separate Despatch on the subject of representations made by many Officers of the Indian Army respecting their claim to compensation for the loss of money contributed by them, prior to the re-organization of that Army, towards their regimental retiring funds.

2. I find that since the year 1837, when the Court of Directors suspended the operation of an order prohibiting such proceedings, many Officers of the Indian Army have been in the habit of contributing from time to time sums of money towards the purchase of the retirements of their regimental seniors, for which sums they hoped to receive an equivalent, either in the shape of actual promotion, immediate or prospective, or by the receipt of a similar contribution in the event of their own retirement from the service.

3. This practice though not in every branch of the service wholly discontinued, has, it is alleged, been virtually put a stop to by the measures connected with the formation of the several Staff Corps, and the reorganization of the Indian Army.

4. In a petition addressed to the House of Commons by Brevet Major Sweet, of the Madras Native Infantry, and ordered to be printed, it is stated as follows, alluding to a General Order by the Government of India, dated the 2nd May 1838 :—

"On the faith of this General Order, your petitioner has invested large sums of money at different times, borrowed often at a very high rate of interest, in assisting his seniors to retire, in the sure and certain hope that in his turn to retire from the service he would receive it back again."

And in the same petition, in allusion to the appointment of certain of his brother Officers to the Staff Corps :—

"The consequence of which is that your petitioner is not only deprived of that promotion to which he is entitled in accordance with the rules regulating promotions in the Indian Army, and guaranteed to him by Act 23 and 22 Vic., cap. 106, and 23 and 24 Vic., cap. 100, but he also loses all the money that he has expended at different times in assisting his seniors through his regimental bonus fund."

5. It appears from the report of the proceedings of Parliament that numerous petitions from Officers of the Indian Army, similar in substance to that from Major Sweet, have been presented to the House during the present Session.

6. That the late Court of Directors should have withdrawn a prohibition which formerly existed to the practice of purchasing the retirement of Officers cannot, in the opinion of Her Majesty's Government, be admitted to establish a claim to compensation under the Parliamentary guarantee, on the plea that changes in the organization of the Army have operated to interfere with the continuance of a practice of this purely private and permissive character.

7. Upon this point the decision of Lord Cranworth's Commission, formed after very careful consideration of the subject, must be considered as conclusive.

8. That Commission reported upon the subject in the following terms :—
"But it is impossible to understand the Parliamentary guarantee to extend to this case. The privileges and advantages which Parliament undertook should be preserved to the Army under the Crown as they had existed under the East India

Para. 58.

Company were privileges and advantages existing between the Company on the one hand, and the Army on the other. The Company was not otherwise a party to this system of giving a bonus on retirement than as they may be considered to have given an express assurance that they would not interfere to prevent it, unless under circumstances of financial pressure, and with due notice. All that could be asked of the Crown is to assume the same passive state which had existed on the part of the Company. But the system being illegal, it is impossible to understand Parliament as having meant to guarantee the continuance of a practice which is contrary to law."

10. It was stated, however, in my Despatch of this date, No. 159, that "Her Majesty's Government are unwilling to leave the Officers generally any ground of complaint which they can consistently with their duty remove." They have, therefore, resolved, upon authorizing your Government to investigate the claims of Officers on the above account.

11. With this view, the following course will be adopted :—

A Committee will be formed at each Presidency for the purpose of investigating and reporting upon claims of this nature on the part of Officers borne on the strength of the Indian Army on the 18th February 1861.

12. An Officer proposing to retire from the service, or having retired since 18th February 1861 and being below the rank noted in the margin at the time of retirement, will submit his claims to compensation for the loss of sums subscribed for the purpose of assisting his seniors to retire, through the usual channel, to the Government of his Presidency, by whom they will be referred to the above Committee. He will submit, at the same time, a declaration, upon honor, as to the sum of money, if any, that he has received or expects to receive, from the Officers of his cadre on retirement.

If in the Artillery or Engineers, below the rank of Colonel Commandant.
If in the Cavalry or Infantry, below the rank of Regimental Lieutenant-Colonel.

13. It will be the duty of the Committee to ascertain, with all possible accuracy, the following circumstances :—

1st.—The number of retirements among his brother Officers, to the purchase of which the Officer has contributed up to 18th February 1861. This will, of course, not include arrangements which may have been made with Officers transferred to the Indian Establishment.

2nd.—The amount ascertained to have been actually paid in each case by the Officer in question to the retiring Officer.

14. These facts may be gathered from the statement of the Officer himself, supported by such proof as the Committee may consider sufficient; but it will be competent for your Government, in communication with those of Madras and Bombay, to lay down any general rules that you may think fit for the guidance of these Committees.

15. The above sums will be placed to the credit of the Officer in each case.

16. On the other hand, the Committee will estimate the value in money of the advance in rank or position which accrued to the Officer from the above arrangements, and will debit him therewith.

17. The balance, reduced by the sum, if any, which he may receive from the Officers of his cadre on his retirement, and, in the cases of Officers who have already retired, by the value of any special annuity that may have been granted to them in addition to the regulated pension, will be paid to the Officer on his resignation of the service appearing in orders, provided, in the case of the Cavalry, Infantry and Staff Corps, such retirement or resignation takes place before he attains the rank of

Regimental Lieutenant-Colonel, and if in the Artillery or Engineers, before he attains the rank of Colonel Commandant.

18. Special periodical reports of the sums so paid will be made to Her Majesty's Government.

I have, &c.,

(Signed) CRANBORNE.

Officers desirous of entering the Staff Corps under the provisions of the Despatch from the Right Hon'ble the Secretary of State, No. 159, of the 8th August 1866, are required to communicate their wish to that effect to the Adjutant General's Office at their respective Residences by the 1st of January 1867 if in India, or if out of India by the 31st March 1867.

2. The admission of Officers to the Staff Corps, under the provisions of the Despatch now published, will have effect from the 12th September 1866—the date of the receipt of that Despatch by the Government of India.

3. Officers now belonging to the Staff Corps who are eligible for promotion to a higher substantive grade by length of Army service, but who have not as yet fulfilled the conditions of Staff service hitherto exacted, will be at once promoted; and Officers entering the Staff Corps under the conditions laid down in the Despatch of the 8th August 1866, No. 159, will receive the substantive promotion to which their length of Army service may entitle them under Staff Corps Rules, without reference to any qualifying period of Staff service.

4. Promotions made under the provisions of the foregoing paragraph, whether of Officers now belonging to the Staff Corps, or of those entering it under the new conditions, will date from the 12th September 1866. These Officers will retain the Army rank conferred upon them under the provisions of paragraph 69 of G. O. C., No. 632 of the 4th August 1864, and will, in due course, on completing the prescribed periods of Army service, receive such further substantive promotion as they may become entitled to under Staff Corps Rules, without the restriction of two years' interval before advancement to a higher grade which was exacted on the formation of the Corps, under Clause 3 of the Royal Warrant of 16th January 1861. In the case of Lieutenant-Colonels, the Brevet rank conferred under the order of the 4th August 1864 will be allowed to reckon towards the prescribed service in that grade qualifying for the Colonel's allowance.

5. Officers entering the Staff Corps from the 12th September 1866, and who may not be in the receipt of Consolidated salaries or of Staff salary in addition to pay and allowances, will continue to draw the latter on the scale hitherto received, until they obtain promotion to a higher substantive rank, or come into the receipt of Staff salary.

6. Officers entering the Staff Corps on the terms laid down in paragraphs 58 and 59 of the Despatch, will not be subjected, in consequence of any cancellation of rank, to any retrenchment of pay actually drawn in a higher rank prior to the 12th September 1866.

7. Orders will hereafter be issued in furtherance of the instructions conveyed in Lord Cranborne's Despatch, No. 160 of the 8th August 1866.

Indian Army.—Vacancies in British Regiments.—No. 824 of 1866.—The following extracts of a Military letter from the Right Hon'ble the Secretary of State for India, No. 157, dated 8th August 1866, having reference to the appointment of Officers of the Indian Army to fill vacancies in British Regiments caused by the transfer of Officers from such Regiments to the Staff Corps, are published for general information:—

"Having, in compliance with the recommendation in your letter No. 105, dated 21st April last, submitted to His Royal Highness the Field Marshal Commander-in-Chief the name of * * * of the General Infantry List of your Presidency, to fill the vacancy in * * * caused by the transfer of * * * to the Bengal Staff Corps, I received from His Royal Highness an expression of his opinion, that the time has now arrived when the system of filling such vacancies might reasonably be allowed to cease."

"I have informed His Royal Highness that I concur in this opinion: you will, therefore, from the date of receipt of this Despatch, cease to forward such applications."

* Received at Simla, 7th September 1866.

"3. It is at the same time understood, that any applications which may have been forwarded in the meantime, will meet with favorable consideration from His Royal Highness."

Fort St. George, 8th November 1866.

Native Army, D. P. W.—Unattached List.—No. 415 of 1866.—Under instructions from the Government of India, the following G. O. C., is re-published, and its provisions are declared applicable to the Presidency:—

Fort William, the 14th March 1865.

No. 260 of 1865.—His Excellency the Governor General in Council has had under his consideration the subject of the formation of an Unattached List for Non-Commissioned Officers and Soldiers of the Native Army, in connection with the Lower Subordinate Establishment of the Department of Public Works, similar to that on which the names of European Non-Commissioned Officers and Soldiers of the Upper Subordinate Establishment appear on their permanent appointment to that Department, and His Excellency in Council directs the formation of such a list.

2. Lists of the qualified candidates in each Regiment will be kept in the Office of the Adjutant General, and application for the services of such men as may be desirous of employment in the Public Works Department is to be made by Local Governments or Administrations to the Adjutant General, in order that their transfer to the Unattached List may be effected without delay.

3. His Excellency in Council is satisfied that the Lower Subordinate Establishment of the Department of Public Works may, in very many instances, be recruited from the Native Army (whose promotion would be expedited thereby) by such a transfer of Non-Commissioned Officers and Soldiers, and that a class of men would be obtained superior in many respects, especially in energy and habits of command and obedience, to the classes at present, for the most part filling that grade in the Public Works Department. Such men, whilst quite equal to the present nominees in point of intelligence, would, irrespective of being of tried character, even on entering the Public Works Department, have generally served for such periods as would render dismissal in itself a serious punishment, and their good conduct would thus be guaranteed.

4. Want of knowledge of English, and of general qualifications for the Upper Subordinate Establishment, would be the sole obstacles to such men rising to that establishment.

5. The scale of pay for such men will be the same as that for persons not in the Military service of Government, as laid down in para. 3, Section I, Chapter I, as modified by paragraph 10, Chapter II and in Chapter XV, Section III, paragraphs 3 and 4 of the Public Works Code. The qualifications required will be found detailed in the earlier paragraphs of Chapter II. (See scale of pay and extracts, paragraphs 4 to 11 of Chapter II, annexed.) On joining the Public Works Department, the men will receive consolidated pay on the scale above referred to, and be at once transferred to the Unattached List. No further issue of uniform after leaving their Regiments will be made to them, nor will they be required to wear it.

6. The rules regulating remand to Corps, &c., will be the same as those applicable to European Military Subordinates. (See extract from Chapter XVI, Section III, Articles 1, 3, 4, 9 and 11—13, annexed.) When remanded to their Corps, they will be placed at the bottom of the list of their rank in the Regiment as supernumeraries; and, if Non-Commissioned Officers, they are liable to be reduced to the ranks, or to a lower grade, as the Commander-in-Chief may direct.

7. As it is not considered desirable to confer higher Military rank for service in the Department of Public Works on Native Non-Commissioned Officers or Soldiers who may be transferred to it under the provisions of this Order, these classes (who will have no claim to pension under Civil Rules) will be allowed to count their service both in the Army and in the Public Works Department for pensions on the following scale, which has been framed so as to secure to them, as far as possible, the pensions they would probably have been entitled to had they remained in their Regiments:—

To men of 15 and under 20 years' service, as Sepoy.....	Rs. 4 a month.
To men of 20 and under 30 years' service, as Naick or Havildar	" 7 "
To men of 30 and under 36 years' service, as Jemadar.....	" 12 "
To men of 36 years' service, as Subadar	" 25 "
To men of 40 years' service and upwards with an embellished character, if specially recommended.....	" 40 "

No pension can be claimed until the applicant has both served 15 years and been pronounced by an Invaliding Committee unfit for further service; and it will be open to any one when invalided to take the pension of his actual Military rank, should it be higher than that to which he would be entitled by the above scale. After 40 years' service the pension of 25 Rupees a month can be claimed although the individual may not be unfit for further service."

Travelling Allowance.

Lower Subordinate Establishment.

Para. 3.-Sub-Overseers and Sub-Surveyors are entitled to travelling allowances as follows:—

When on duty at fixed Head Quarters but with occasion to travel frequently 10 miles or more in one day, or when marching on duty, unprovided with shelter, Rs. 7½ per mensem.

When on Field duties, that is, in the active inspection of a sub-division of roads, canals, or embankments, or when marching on duty, distances not exceeding 20 miles a day, and being unprovided with shelter, Rs. 15 per mensem.

For journeys of upwards of 20 miles a day, performed under sanction of the Executive Engineer or his Assistant they shall be allowed one anna per mile; except for such portions of those journeys as may be performed by rail, when the allowance will be half an anna per mile.

4. The travelling allowances granted in the last three paragraphs are to cover all expenses of travelling, including the cost of conveying and protecting personal baggage, as well as such public records, stationery, books, and instruments as an

Officer or subordinate usually carries with him, without requiring any separate means of conveyance, or extra protection. But whenever any extra conveyance is necessary for public property, the *bona fide* expenses may be passed as a contingent charge at the Superintending Engineer's direction.

EXTRACT CHAPTER II, SECTION I.

"Qualifications, Appointments, Promotions."

4. Sub-Overseers of the 3rd Class must be capable of supervising bricklaying, roofing, flooring, road-making, carpentry, and other work ordinarily done under departmental superintendence.

5. For the situation of a Head Artificer, or Sub-Overseer, 3rd Class, preference will be given to qualified men educated at a Government Institution, and to men already employed in the Department who may have been brought to the Chief Engineer's notice by Superintending Engineers as deserving of promotion. New appointments are to be considered probationary for one year, and no appointment will be permanently given unless to a fully qualified individual. It will be the duty of Superintending Engineers on their inspections to examine and report upon newly-appointed subordinates of these grades.

6. Sub-Overseers of the 2nd Class must, in addition to the acquirements expected of Sub-Overseers, 3rd Class, be able to lay down and construct an ordinary building from working drawings and specifications, to prepare simple drawings, and to frame corresponding estimates.

7. Sub-Overseers of the 1st Class must, in addition to all the above qualifications, be able to survey with the Chain and Compass, to take levels, and to plot their Surveys and Sections neatly.

8. Sub-Surveyors of the 2nd Class must be able to survey with the Chain and Compass, to take levels, and to plot their Surveys and Sections neatly. Sub-Surveyors of the 1st Class must be able to make simple Surveys with the Theodolite in addition to the above.

9. The qualifications of Sub-Overseers of the 1st and 2nd Classes, and Sub-Surveyors will generally be ascertained from certificates issued from a Government College of Civil Engineering, but Superintending Engineers are empowered to authorize Executive Engineers to examine and report on candidates in special cases. It is expected that local Governments and Administrations will fill up vacancies occurring in the grades of Sub-Overseers and Sub-Surveyors as far as possible, by appointing qualified students from the Government Civil Engineering Colleges. Vacancies occurring during the year in this grade should therefore remain open until the available supply of qualified candidates has been ascertained by the annual examination at a Government College. Any vacancies which cannot be supplied from that source may then be filled up by appointments made on the recommendation of the Chief Engineer. These men are not to serve first in the lower classes, and promotions among them will be made by the Local Administration, on the recommendation of the Chief Engineer. But they must enter each class in the lowest grade of that class, and must have served the specified time of five years in such grade before becoming eligible for promotion to a higher one.

Appointments to be on probation for first year. 10. Sub-Overseers and Sub-Surveyors will be on probation for the first year.

11. A knowledge of English, and particularly of English, figures and Arithmetic, is to be encouraged in the Lower Subordinates. The Table of salaries (Chapter I) is framed on the supposition that they are so far proficient in English as to be able to keep accounts in that language. When this is not the case, the salaries will be less than those laid down in the Table by (5) five rupees in the case of each Sub-Overseer or Sub-Surveyor, 1st Class, (3) three rupees in the case of each Sub-Overseer or Sub-Surveyor, 2nd Class, and (2) two rupees in the case of each Sub-Overseer, 3rd Class.

EXTRACT CHAPTER XVI, SECTION III.

Non-Commissioned Officers and Soldiers.

Non-Commissioned Officers and Soldiers transferred to the Public Works Department are amenable to the Articles of War, in all matters affecting their character as Soldiers, including respectful bearing towards their Military superiors in the Department.

3. Non-Commissioned Officers and Soldiers employed in the Public Works Department will be allowed their full pay and *khata* as Infantry Non-Commissioned Officers or Soldiers.

Pay, &c.

4. Non-Commissioned Officers and Soldiers appointed to the Department from Corps or from the Government Colleges should be furnished with Descriptive Rolls, Records of Service, and Last Pay Certificates, which they must deliver to the Executive Engineer of their Division on joining. Duplicates of these documents should be sent by post to the Executive Engineer, together with an Extract from the Regimental Defaulters Book for three years. Executive Engineers are required to call for these papers if not received in due time.

9. Any Non-Commissioned Officer or Soldier obtaining his discharge, or otherwise leaving the Military service, will not be allowed, as a matter of course, to remain in the Public Works Department. Permission to continue in the Department after discharge will only be given to men in whose favour positive and unexceptionable testimony to character is given, and their grade in the Department will have to be re-considered.

Discharges.

11. Whenever an Executive Engineer may think that a Non-Commissioned Officer or Soldier should be removed for misconduct or incompetence, he will apply to the Superintending Engineer. The latter, after the fullest investigation in his power, will submit the evidence, his own opinion, and (in cases of alleged misconduct) the defence of the accused, to the Chief Engineer. The latter, if he sees cause for proceeding with the case, will take the order of the Local Government, which will, according to its judgment, decide on the documents before it, or cause further investigation by a special agency, or apply to the Military Authorities for a Court Martial on the accused. For the special agency, the Local Government may either appoint a Departmental Court (consisting of three Officers of the Engineer Branch), or associate a Civil Officer with the Superintending Engineer.

Remand to Corps.

12. Every recommendation for the remand of a Non-Commissioned Officer or Soldier to his Corps shall be accompanied by a detailed Statement of evidence with the defence of the accused, or of such further investigation as is provided for in the preceding paragraph, including the opinions of the Officers appointed to conduct it.

Defence required.

13. When a Non-Commissioned Officer or Soldier is remanded to his Corps, copies of the reports and proceedings connected with his removal must be sent to the local Commanding Officer of the Corps by the Executive Engineer; as also documents similar to those which should be received from the Corps with the Soldier—(See paragraph 4.)

Native Army—Regimental Staff Appointments.—No. 897 of 1866.—The following Despatch from the Right Hon'ble the Secretary of State for India, is published for general information :—

MILITARY.

No. 170.

INDIA OFFICE ;

London, the 31st August 1866.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—Para. 1. I have received and considered in Council your letter No. 134, dated 16th June 1866, forwarding for the consideration of Her Majesty's Government, a proposal submitted by His Excellency the Commander-in-Chief in India, that, under the altered organization of the Indian Army, Subaltern Officers should not necessarily be required to vacate their appointments on the regimental staff as Adjutants on promotion to the rank of Captain, if their Commanding Officer and the Commander-in-Chief approve of their being retained in such appointments.

2. Sir W. Mansfield has remarked that inconvenience is often found to result from the removal of Officers from their appointments as Adjutant and from their Regiments, on completing the comparatively short service of twelve years, and that he is doing all in his power to restore the regimental esprit of the Army by encouraging Officers to remain in Regiments to which they have become affiliated.

3. Your Government consider that no Officer, already holding the rank of Captain, should be appointed to a situation in the regimental staff; but you incline to concur in the opinion of His Excellency, that Officers who possess special qualifications, and are recommended by their Commanding Officers, may be allowed to continue in such appointments after promotion to the rank of Captain—each case being specially considered.

* Madras G. O. G., 26th June 1866, No. 249.

4. It is very desirable that every encouragement should be held out to Officers to remain with the Regiments to which they have been once attached; and I concur with His Excellency the Commander-in-Chief in making it of special importance that the Adjutant should not be too frequently changed.

5. I have considered the present proposal also with reference to the number of subaltern Officers that, under present Regulations, would be required for each Regiment, and the aggregate number of Officers of that rank which will probably be found to constitute the establishment of the several Staff Corps when they shall have attained to a normal condition.

6. As a rule, the position of Doing-duty Officer must be considered as one of inferior importance to that of Adjutant or Quarter Master. You have, however, recently determined to admit Officers of the rank of Captain to the former appointment; and it seems to me, on estimating the probable proportion that will be found hereafter to exist between the number of subaltern Officers and those of the higher grades in the several Staff Corps, that the effect of a continuance of the present Regulation, by which an Officer vacates an appointment on the regimental staff on promotion to Captain, will be either to increase the number of Officers of the higher grade out of employment, or to render inevitable the employment of Captain as Doing-duty Officer.

7. I concur, therefore, in the opinion expressed by your Government upon Sir W. Mansfield's proposal, and consider that it will be to the advantage of the service that Officers who possess special qualifications, and are recommended by their Commanding Officers, should be allowed to continue in appointments on the regimental staff after promotion to the rank of Captain. The rule which precludes the appointment to such situations of Officers already holding that rank, continuing still in force.

I have, &c.

(Signed) CRANBORNE.

Military Funds, &c.—No. 899 of 1866.—Under instructions from the Right Hon'ble the Secretary of State for India, His Excellency the Governor General in Council is pleased to notify to the Army in India, that all Officers who may have left or who may leave the old Indian service and become Officers of new or old line Regiments, or of any other branch of Her Majesty's Military service; and all Officers of the Royal (late Indian) Artillery, or the Royal (late Indian) Engineers, have the option of ceasing or of continuing to subscribe to any of the funds at Indian rates if drawing Indian allowances, and at Europe rates if not drawing Indian allowances.

2. Those Officers who may elect to remain subscribers are hereby distinctly informed, that the existing rules for their respective funds will remain in force, except as altered by the directions contained in this General Order; and that the responsibility of paying their subscriptions will, for the future, rest entirely with themselves, and any neglect on their part to pay their subscriptions at the proper time will entail on them and on their families, the forfeiture of all advantages accruing to them, as well as all sums paid by them to the funds; those who may elect to leave the funds are informed that they will in no case again be allowed to become subscribers, and that by ceasing to subscribe, they and their families will forfeit all claims whatsoever on the Military or Orphan Funds.

3. Those Officers who elect to withdraw from the funds, will have their subscriptions returned to them from the 1st of October 1866—being the commencement of the month subsequent to that in which the instructions of Her Majesty's Government, now notified, were received by the Government of India: Provided they signify their wish to that effect to the Adjutant General's Office at their respective Presidencies by the 1st January 1867 if in India, and if out of India by the 31st March 1867, if not, from the date of application only, unless in the case of Officers who have already applied to withdraw, who will be allowed a refund of all subscriptions paid since the date of their application.

The 26th October 1866.

The Inspectors General of the British Medical Service in the three Presidencies will no longer be considered as attached to Army Head Quarters, but will be directly subordinate to the Government of India, or to the Government of the Presidency to which they belong; and their offices will henceforward, in like manner with those of the heads of the Indian Medical Department, be at the seat of Government.

5. Although in future these Officers will be directly subordinate to the Government, and no longer attached to Army Head Quarters, they will continue to furnish such information and returns on all points connected with the health of the British Troops as may be required of them by the Commanders-in-Chief of their respective Presidencies, and generally to obey such instructions as may be issued by those authorities, subject in each case, to the approval of the Government of India, or of the Government of Fort St. George or Bombay.

6. The full superintendence—professional and economic—of all British Hospitals, will devolve upon the administrative staff of the British Medical Service, and they will be guided by the rules and practice in force with the Indian Medical Administration, and will, in like manner, be directly responsible to the Government of the Presidency in which they may be serving.

7. When the necessary promotions and appointments have been made to complete the administrative staff of the British Medical Service now sanctioned for India, arrangements will be made for the re-distribution of the duties between the two Departments—British and Indian.

8. *Indian Medical Department.*—The administrative staff of the Indian Medical Department, will be composed as follows:

BENGAL:	MADRAS:	BOMBAY:
1 Inspector General.	1 Inspector General.	1 Inspector General.
* 11 Dept. Inspectors Genl.	* 1 Dept. Inspectors Genl.	* 4 Dept. Inspectors Genl.

9. The staff of the Inspectors General of the Indian Medical Department will consist in Bengal, as at present, of a Secretary and a Statistical Officer; and in the Madras and Bombay Presidencies, of a Medical Officer as Secretary and Statistical Officer in one.

10. The Inspectors General of both the British and Indian Medical Services in Bengal will receive a consolidated salary of Rupees 2,700 per mensem, and those in the Madras and Bombay Presidencies, the existing salary of that grade, viz., Rupees 2,500 per mensem. The Deputy Inspectors General in all the Presidencies will receive the consolidated salary of Rupees 1,800 per mensem, as at present fixed for that grade, and the four Staff Surgeons Major, a consolidated salary of Rupees 1,400 per mensem.

11. The Secretaries to the Inspectors General, and the Statistical Officers in Bengal will receive a staff salary of Rupees 700 and 600 per mensem, respectively; and the Secretaries and Statistical Officers in the Madras and Bombay Presidencies, a staff salary of Rupees 700 per mensem.

12. These staff salaries are now fixed, subject to the approval of the Right Hon'ble the Secretary of State, and will be granted in addition to the unemployed scale of pay laid down in paragraph 29 of Sir C. Wood's Despatch, No. 340 of the 7th November 1864, published in G. G. O., No. 1060 of 23rd December 1864.

13. The administrative staff of the Indian Medical Department will, so soon as that of the British Medical Service has been completed, be relieved of all control over the Hospitals of British Troops.

In other respects their duties are unchanged.

14. Although from the changes which have been recently introduced affecting the pay, pension, and promotion of the Indian Medical Service, it has, in all its grades, derived considerable benefit; yet, with a view of rendering the effect of the reduction now proposed in the number of the administrative staff as little as possible prejudicial to the interests of the Officers more immediately concerned, Her Majesty's Government has resolved that the Officers not holding the positions of Inspector-General and Deputy Inspector-General of the Indian Service, shall be permitted, to the extent of the proposed reduction, to retire, when they think proper, upon the rate of pension severally allotted to those grades in paragraphs 36 and 37 of Sir C. Wood's Despatch No. 340, dated 7th November 1864, published in G. G. O., No. 1060, dated 23rd December 1864, without reference to the time served in those grades.

15. Vacancies caused by such retirements or by ordinary casualties subsequent to the 1st October 1866, the date of the receipt of the instructions of Her Majesty's Government hereby notified, will be allowed to lapse until the establishment is brought to the strength now laid down.

16. The title of Principal Inspector General will be discontinued in all the Presidencies, when present permanent incumbents holding that designation vacate their offices.

Military Letter from Bombay, dated
8th December 1864, No. 79.

Sir,—Para. 1. The several letters specified in the margin, relative to the affairs of the Bengal, Madras and Bombay Military Funds, and Bengal Military Orphan Society, having been considered by me in Council, I have now to inform you of the measures which have been taken for giving effect to the desire of the subscribers, for the transfer of the assets and management of those institutions to the Government.

2. The guarantee given to the subscribers was defined in Sir Charles Wood's Financial Despatch to your Government, dated the 24th March 1864, as securing "to present incumbents on, and subscribers to the several funds, the pensions and allowances for themselves and their families to which they are entitled from those funds, according to the regulations now in force, and the present rates of subscription; but this guarantee must not be construed as conveying to any fund or to any member of it, benefits which are not actually provided for in the Regulations, as at present in force."

3. The Act 29 Vic., cap. 18, which authorizes the transfer of the several funds to Government, and copies of which are forwarded herewith, provides in Section 2, that,—"As soon as the said assets, liabilities, and management shall be made over as aforesaid, and the acceptance thereof by the Secretary of State for India in Council notified by the Government of India, every person who shall be an incumbent on or subscriber to any of the said institutions at the date of such notification, shall be entitled from time to time to receive from the revenues of India such allowance to himself, and his family shall be entitled to receive such pension or allowance after his decease, as he or they may be entitled to by the Regulations of the said institutions: Provided that nothing in this Act contained shall be held to preclude the Secretary of State for India in Council from assigning to the incumbents on and subscribers to any of the said institutions, or to their families after their decease, any benefits in addition to those secured to them by this Act; if, on considering the assets and liabilities of the several institutions, he shall deem it reasonable so to do."

4. The existing rules of the funds must, therefore, remain unaltered, and any claim that may be made in India, which is not provided for in those rules, must be forwarded for the decision of the Home Government.

5. It is necessary that a date should be fixed for taking over the assets and management of the several funds, and it would obviously be expedient that the transfer should be made on the same date both in India and in England. The pensions being payable after the 31st March, 30th June, 30th September, and 31st December in each year, the transfer could not be effected so as to admit of the pensions for the June quarter being paid under the new system; but arrangements might be made for the payment of the pensions for the following quarter. Monday, the 10th of September, has accordingly been named for the formal transfer, both in India and England, and a communication will be made to the agents in this country accordingly. I desire that you will adopt measures, in communication with the managers of the several funds, for the transfer in India on the same day, and for the publication of a notification according to the terms of the Act of Parliament. If any difficulty, not foreseen in this country, should arise in India, in regard to the date of transfer, you will inform me immediately.

Mr. Algernon E. West.

6. In order to provide for the future conduct of the business of the Military Funds in this country, a Fund Department has been created in this Office, consisting of a Director of Military Funds, a Deputy, and the necessary establishment of clerks, aided by a Consulting Committee, to whom any question on which its opinion may be desired can be referred. This Department is constituted as specified in the margin.

7. It will obviously be necessary that there should be a Government Fund Department at each Presidency, and it would probably be sufficient if it consisted of one officer, with the requisite establishment. I request, therefore, that you will take measures for establishing a Government Fund Department accordingly, and that, as far as may be practicable, the services of the persons at present employed in the Fund Offices, should be made available in the new Departments.

8. You will apprise me of the way in which you propose to deal, in your accounts, with the assets of the funds, before any final measures are adopted in reference thereto.

9. The importance of making adequate arrangements for the prompt collection of the subscriptions and donations of those subscribers who are in India, will not be overlooked by you. Every subscriber, on returning to this country, should be furnished with a certificate, showing the state of his account with the Fund; and statements will be forwarded from this country, to the several Governments periodically, of the receipts and payments hereon account of the several funds.

10. You will make the necessary communications to the Governments of Madras and Bombay.

I have, &c.,

CAP. XVIII.

An Act to make Provision for the transfer of the Assets, Liabilities and Management of the Bengal, Madras and Bombay Military Funds, the Bengal Military Orphan Society and other Funds, to the Secretary of State for India in Council.

[30th April 1866.]

WHEREAS certain Institutions known as the Bengal Military Fund, the Bengal Military Orphan Society, the Madras Military Fund, and the Bombay Military Fund, were established in India at different Times, under the Authority of the Honorable East India Company, for the Grant of certain Benefits to the Commissioned Officers of the said Company's Army who were Subscribers to those Institutions, and for the Grant of Pension and other Allowances to the Widows and Orphans of such Officers, and those Institutions were supported by Donations and Subscriptions from the Officers of the said Company's Army and by certain Aids from the said Company:

And whereas, by the Act of the Twenty-first and Twenty-second Victoria, Chapter One hundred and six, for the better government of India, it was amongst other things provided that the Military and Naval Forces of the East India Company should be deemed to be the Indian Military and Naval Forces of Her Majesty, and should be entitled to the like Pay, Pensions, Allowances and Privileges, and the like Advantages as regards Promotion and otherwise, as if they had continued in the service of the said Company:

And whereas, in consequence of the Changes subsequently made in the Constitution of the Indian Army, Notice was given to the Government of India by the Secretary of State for India in Council that the said Secretary of State for India in Council was ready to assume the Liabilities of the said Institutions, so far as might be requisite to maintain existing Pensions, and to secure to the Subscribers and their Families the Benefits to which they were entitled therefrom, and also that, in the event of such assumption, present Incumbents on and Subscribers to the several Funds should be guaranteed the Pensions and Allowances for themselves and their Families to which they were entitled from those Funds, according to the Regulations then in force, and at the Rates of Subscription then existing:

And whereas, under instructions from the Secretary of State for India in Council, the Government of India closed the Question whether, under the Guarantee so given, the Assets and Liabilities of the said Institutions should be made over by the Directors and Managers thereof to the Secretary of State for India in Council, to be submitted for the Votes of the Subscribers to those Institutions, and the proposition, so to make over the Assets and Liabilities of the said Institutions was, in regard to each of the said Institutions, carried in the Affirmative by a large Majority of Votes:

And whereas, in order to avoid any Doubt that may hereafter arise in regard to the Legality of such Transfer, it is necessary to make Provision by Law for enabling the Directors and Managers of the said Institutions to transfer the Assets, Liabilities and Management thereof to the Secretary of State for India in Council, and for enabling the said Secretary of State for India in Council to accept the same:

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal and Commons, in this present Parliament assembled, and by the Authority of the same, as follows:

1. It shall be lawful for the Directors and Managers of the said Institutions to make over the Assets, Liabilities and Management thereof to the Secretary of State for India in Council, and for the Secretary of State for India in Council to take and assume the Assets, Liabilities and Management thereof.

The Secretary of State for India in Council may take and assume the Assets, &c., of certain Pension Funds in India.

2. As soon as the said Assets, Liabilities and Management shall be made over as aforesaid, and the Acceptance thereof by the Secretary of State for India in Council notified by the Government of India, every Person who shall be an Incumbent on or Sub-scriber to any of the said Institutions at the Date of such Notification shall be entitled from Time to Time to receive from the Revenue of India, such Allowance to himself, and his Family shall be entitled to receive such Pension or Allowance after his Decease, as he or they may be entitled to by the Regulations of the said Institutions: Provided that nothing in this Act contained shall be held to preclude the Secretary of State for India in Council from assigning to the Incumbents on and Subscribers to any of the said Institutions, or to their Families after their Decease any Benefits in addition to those secured to them by this Act, if, on considering the Assets and Liabilities of the several Institutions, he shall deem it reasonable so to do.

3. And whereas it may be expedient that the Secretary of State for India in Council should have Authority in like manner to accept the Transfer of Power to take and assume the Assets, &c., of certain other Pension Funds by consent of the Incumbents on and Subscribers thereto, the Bengal Medical Retiring Fund, the Madras Medical Fund, and the Bombay Medical Retiring Fund, with the Consent of the Subscribers to the said Institutions respectively, it shall be lawful for the Managers or Trustees to make over the Assets, Liabilities and Management of all or any of the said Funds, and for the Secretary of State for India in Council to take and assume the same, if at any Time hereafter it shall appear by a Vote, specially taken for the Purpose, that a Majority of not less than Three-fourths of the Subscribers to those Institutions who may vote upon the Question are desirous of transferring them to the said Secretary of State for India in Council.

Notification.—Whereas the Managers of the Bengal Military Orphan Society, and the Directors of the Bengal Military Fund, the Madras Military Fund and the Bombay Military Fund have in the terms of Act XXIX. Victoria, Cap. 18, made over the Assets, Liabilities and Management of the said Institutions, to the Secretary of State for India in Council with effect from the 10th September 1866; and whereas formal possession of all real and personal property, and of all Books, Papers, and Title Deeds relating thereto, was delivered on or before that date to the said Secretary of State for India in Council, the Governor General in Council hereby notifies the acceptance by the Secretary of State for India in Council, of the Assets, Liabilities and Management of the said Institutions so transferred.

No. 460 of 1866.—The following Extracts from General Orders by the Government of India, are re-published :—

Head Quarters, Simla, 11th October 1866.

Public Quarters—Rent.—No. 859 of 1866.—His Excellency the Governor-General in Council is pleased to lay down the following revised Rules regarding rent of Public Quarters, which will have effect from the 1st January 1867 :—

1. No deduction will be made from the pay and allowances of any Officers supplied with Public Quarters who have heretofore, under proper authority, been so provided free of charge.

2. When public quarters are provided for Commissioned Officers not entitled to free quarters, rent will be charged by the Public Works Department, and will be paid to the credit of that Department. No other deduction will be made from pay and allowances on this account.

3. The rent will be assessed on the principles laid down in paragraphs 11, 12 and 13, Chapter XI of the Code of Regulations for the Public Works Department of 1866, by the Executive Engineer on the Return which will be furnished to him by the Barrack Master, as regards Officers' quarters and other Regimental buildings under his charge. In all other cases, the Executive Engineer must arrange for the recovery of the proper amount of rents.

4. Having determined the amount of rent to be charged, the Executive Engineer will furnish to the Regimental or Circle Paymaster a monthly Statement countersigned by the Commanding Officer, or head of the Department concerned, showing the amount to be recovered from each Officer.

5. In the event of the rent fixed by the Executive Engineer being objected to by the occupant as too high, an appeal may be made through Commanding Officers or local heads of Departments, to the Executive Engineer, and, with the approval of the Officer Commanding the Station, a final reference may be made to a Station Committee, of which the Executive Engineer shall be a Member.

6. The rent fixed for Commissioned or Warrant Officers' quarters shall in no case exceed the amount laid down in the scale entered in this General Order, or such other scale as may be hereafter substituted for it.

7. The rent of quarters provided for the Officers of a British Regiment will be recovered by the Regimental Pay Master, and the amount transmitted by a Remittance Transfer Receipt to the Executive Engineer.

8. The rent of quarters occupied by Staff and other Officers who are not paid through Regimental Pay Masters, will, when it is not more convenient to the Executive Engineer to receive the amount immediately from the Officer concerned, be recorded by Circle Pay Masters, and transmitted in like manner by a Remittance Transfer Receipt direct to the Executive Engineer.

9. The authorized scale of quarters for Commissioned Officers is prescribed in the Public Works Department Code, Chapter IX., and the monthly rent chargeable for such quarters, when the full accommodation is provided, will, for the present, be as follows :—

	Rupees.
Colonel or Lieutenant-Colonel	100
Major	80
Captain	50
Lieutenant	30
Ensign	25

10. Medical Officers according to their relative rank.

11. If, owing to quarters suitable to his rank not being available, an Officer is provided with quarters inferior to those authorized for his grade, he will only be charged according to the scale of quarters he actually occupies. If, on the same grounds of suitable quarters not being available, he is provided with the quarters of a superior grade, he will only be charged rent according to the scale laid down for his rank. But if, at his own request, he is provided with quarters superior to those allotted to his rank, he will be charged the prescribed rent for such superior quarters.

12. When only one set of quarters can be allotted to two or more Officers, the rent to be charged to each only will be a due proportion of the amount fixed as the rent of such quarters.

13. When superior quarters to those laid down for a Colonel and Lieutenant-Colonel are provided for a General Officer not entitled to free quarters, he will be liable to be charged a proportionably increased rate to be determined in the manner prescribed in paragraphs 3 and 5.

14. When bungalows or quarters are on any emergency rented by the Public Works Department, the absolute amount of rent is to be charged to the Officers occupying these quarters, provided the charge to any Officer does not exceed the full amount of rent fixed for his rank (see paragraph 9).
G. G. O., No. 331 of 3rd August 1858.

15. In the event of quarters becoming available for any Officer who is bound to occupy public quarters, or who may have applied for them, but who has been obliged for a time to occupy private lodgings in consequence of no public quarters being available for him, due notice shall be given to him by the Barrack Master, and rent shall be claimable for the quarters after three months from the date of the receipt of the notice from the Barrack Master, whether the quarters be occupied or not, or from the date of actual occupation if that event occurs first.

16. When, in the absence of all other quarters, accommodation is provided for Officers entitled to public quarters in vacant Regimental Barracks, on which no public money has been spent to fit them for Officers, no charge will be made.

17. It will rest with the Executive Engineer to see that no Officer, if not entitled to free quarters, is allowed to occupy any public buildings without charge, when suitable quarters liable to rent can be supplied to him.

18. When Forts are garrisoned by detachments relieved at short periods, the Officers attached to them are exempted from the payment of rent for the public quarters they occupy during their tour of duty.

19. Warrant Officers provided with public quarters will, in like manner, be exempted from any deduction from their pay and allowances, except the prescribed scale of rent fixed for their several grades.

20. The charge to Warrant Officers for public quarters will be—

	Rs.	A.	P.
Deputy Commissary	50*	0	0
Assistant Commissary	30	0	0
Deputy Assistant Commissary	25	0	0
Senior Apothecaries	12	0	0
Conductors, Apothecaries	10	0	0
Stewards	7	8	0
Sub-Conductors	5	8	0

21. Trained School Masters and Non-Commissioned Officers and Soldiers attached to Native Corps and Departments are not allowed tentage or house-rent when provided with quarters by the Public Works Department, and no charge is made on their account; but if provided with quarters of a decidedly inferior description, they will be entitled, as compensation, to the difference between the amount of rent fixed for each class, and the value of the quarters assigned to them—the amount of compensation to be determined as in the case of Commissioned Officers.

22. This clause is also applicable to School Mistresses who have been placed in such respects on the footing of 3rd Class School Masters.

Staff Corps Questions.—No. 470 of 1866.—The following questions submitted to the Government of India, and replies thereto, in connection with G. O. G. G., 26th September 1866, No. 808,† are published for general information:—

Questions.

Answers.

1. A is a Lieutenant Colonel by Brevet of 15th September 1857: should he enter the Staff Corps from 12th September 1866, from what date will he be allowed to reckon towards the prescribed service, as Lieutenant Colonel, qualifying for the Colonel's allowance, i.e. from the date of his Brevet Lieutenant Colonelcy, or from what other?

1. He will reckon for Colonel's Allowance from 18th February 1861, having completed twenty-six years' service on that date.

Note.—A was a Regimental Major on the 18th February 1861, and eligible for admission to the Staff Corps on its formation, and entitled to promotion to substantive Lieutenant Colonel on entry:

2. In the above case, from what date would A become a substantive Lieutenant Colonel in the Staff Corps?

2. He ranks in Staff Corps from 12th September 1866, but this is immaterial, his actual rank and pay remaining unaffected.

3. In the above case, A being also a Colonel by Brevet of Infantry, of 1st January 1862, will he rise to the rank of Major General on the Indian List, in the same manner as if he had remained in the local service, or will that promotion be in any way affected by his now entering the Staff Corps?

3. Being a Lieutenant Colonel prior to 18th February 1861, he will rise on the Indian List.

4. Can a Brevet Colonel of the Local Service, at the head of a department of the General Staff, retain his appointment on promotion to Major General, until he becomes entitled to the Colonel's Allowance, in the same manner as a Major General of the Staff Corps, under G. O. G. G. No. 36, of 10th January 1862, published in Madras, G. O. G. of 1862, page 47?

4. Yes, if approved by Government.

5. A entered the service in 1862, and is a Regimental Major of 1857: had he been allowed to join the Staff Corps on its formation, he would have been promoted, as General Majors junior to him were, to substantive Lieutenant Colonel from 12th February 1861. He is also a Brevet Lieutenant Colonel of 15th September 1857, and a Regimental Lieutenant Colonel of 1st January 1862: should he now enter the Staff Corps, would his rank as Regimental Lieutenant Colonel be in any way affected, and from what date would he become a substantive Lieutenant Colonel in the Staff Corps, and reckon service for Colonel's allowance?

5. His rank is no way affected by joining the Staff Corps. He reckons service for Colonel's Allowance from 18th February 1861. See Answer to Question 1.

2. These Officers will be required to make tours of inspection of the horses of every Troop and Battery of Artillery and Regiment of British Cavalry, at least once a year, within their separate circles of inspection; the limits of which will be indicated by His Excellency the Commander-in-Chief, for the purpose of enquiring into the general state of the horses, their dieting, shoeing, and the stable management.

3. It will also be their duty, specially to examine and report upon all remounts received during the year, and all horses proposed to be cast in the regular branches.

4. In the course of their tours of inspection, these Officers will submit reports to the Adjutant General, noting any irregularities they may notice, their observations on the state of the Veterinary Establishments, on the general appearance and condition of all the horses in the service, and on the discretion with which the duty of casting is conducted.

5. Under the orders of the Commander-in-Chief, the Inspecting Veterinary Surgeons will inspect the horses of the Bengal Cavalry Regiments whenever this can be effected without additional travelling. The Commanding Officers of Bengal Cavalry Regiments will afford assistance to the Inspecting Veterinary Surgeons in carrying out this duty, and will further invite their counsel with regard to the breeds of horses, improvement of management, shoeing, &c., &c., in short, in all particulars, by which the interests of the sowars may be forwarded for the better preservation of their horses, and therefore the efficiency of the Bengal Cavalry.

6. The Officers during their tours will also, when practicable, without additional travelling, examine all Government stations in their circles, which may be unconnected with the Stud Department, forwarding to the Local Governments a report of the state and condition of each, specifying any points which, according to their judgment, required notice.

7. Veterinary Surgeons in charge of Troops, Batteries, and Corps, are placed under the direction of the Inspecting Veterinary Surgeons. They are responsible for giving all such directions as the Principal Veterinary Surgeon may issue from time to time, most strictly carried out, such directions having first received the sanction of the Commander-in-Chief. It will be their particular duty to make such inspections of the horses under their charge, as will enable them to recommend the adoption of measures by which the maintenance of health and condition, and the prevention of disease will be secured.

8. The instructions contained in the Queen's Regulations, pages 294, 385, 395 and 396, regarding Veterinary Surgeons, and the Veterinary Department, are to be most strictly attended to as far as local circumstances will allow, and in accordance with any special directions connected therewith, which may be received from the Inspecting Veterinary Surgeons.

9. All Veterinary Surgeons are to bear in mind that, in connection with the prevention of disease, a careful inspection daily, of the forage, grooming and shoeing of the Horses, is essentially necessary.

10. Improper diet, bad grooming, and careless shoeing, are the most frequent causes of all diseases to which the horse is liable.

11. Whenever a Veterinary Surgeon deems it necessary to recommend any sudden change in the management of feeding of horses, a copy of his letter to the local military authorities on the subject, is to be at the same time forwarded to the Inspecting Veterinary Surgeon.

12. Veterinary Surgeons will be most particular in affording instruction to all barriers under their control, with a view to their becoming intelligent and practical men, and valuable veterinary assistants. The instruction to consist of lectures, demonstrations, dissections, &c., regarding which a record containing the heads of the subjects and dates when considered, is to be kept.

13. Veterinary medicines, instruments and surgical means are to be drawn by Indents upon the Medical Stores of the Circle, in accordance with the Bengal Medical Regulations; and the periodical Returns of these articles will be furnished by Veterinary Surgeons or Military Officers in charge of such Stores, to the Inspecting Veterinary Surgeons, at the periods and in the forms which will be laid down under the orders of the Commander-in-Chief.

14. The following books are to be kept by Veterinary Surgeons, and Government sanction their provision on Indent upon the Superintendent of the Military Orphan Press, to be furnished through the Inspecting Veterinary Surgeons and charged for in a contingent bill:—

Register of sick and lame horses.
Record of treatment.

Guard Book.
Letter Book.

15. It must be understood that all reports on the Veterinary Department for the information of the Commander-in-Chief, are to be submitted to the Adjutant General, Head Quarters, through the Principal Veterinary Surgeon.

Letter from the Adjutant General, Horse Guards, to His Excellency the Commander-in-Chief, dated 3th June 1866.

"By desire of the Field Marshal Commanding-in-Chief, I have the honor to transmit herewith, a revised memorandum to be laid before Presidents of all General and District Courts Martial, in which the duties of the Deputy Judge Advocates are laid down, and I have to request, that you will be so good enough to cause the same to be acted upon as far as practicable in your Command; but as the practice in the East Indies may require some deviation from, or alteration in these instructions, His Royal Highness desires that you will make such additions to them as you shall deem necessary, to meet cases which may arise in India, and which do not occur in this country; and at the same time that you will be so good as to report the same for His Royal Highness' information."

Memorandum to be laid before the Presidents of all General or District Courts Martial held in India.

"1. The Deputy Judge Advocate at a General Court Martial should maintain an entirely impartial position and act as Assessor to the Court.

"2. He should give his advice on all matters of Law, Evidence, or Procedure; and whether consulted or not, interfere to insure the due formality and legality of the proceedings. It is also his duty to put questions to the witnesses, whether for the prosecution or the defence, on such points as appear to him to be imperfectly elucidated.

"3. At the conclusion of the case he should sum up the evidence and give his opinion upon the Law, before the Court proceeds to deliberate upon its finding. The summing up must be in open Court.

"4. The opinion of the Deputy Judge Advocate ought to be conclusive upon any point of Law or Procedure which arises upon a trial at which he officially attends whether he has or has not an opportunity of consulting the Judge Advocate General of the Presidency before a decision is made.

"5. He should be responsible to the Judge Advocate General of the Presidency for a proper record of the Proceedings, but in important cases he should be assisted in the discharge of his duty by a sworn shorthand writer, if one is available on the spot or easily accessible.

"6. In all cases when a prisoner is undefended he should take care that such prisoner should not lose any privilege that the law allows him in the conduct of the trial, and he should suggest to the prisoner through the Court the advisability of supporting by evidence exculpatory or extenuatory statements.

"7. The seat and table of the Deputy Judge Advocate should be at the right-hand of the President of the Court.

"8. He should take no part in the conduct either of the prosecution or the defence, save to the extent recognized in paragraphs 2 and 6, but in other respects should fulfil the duties now cast upon Deputy Judge Advocates.

"9. With respect to District Courts Martial, the Presidents are to be instructed to forward the Proceedings under cover to the Deputy Judge Advocate General of the Division or District, who will dispose of them under the rules in force for his Department.

Band Masters—Classification.—Band Masters of British Regiments, appointed by the War Office, are 1st Class Staff Sergeants and rank with the School-master, next to the Regimental Sergeant Major, according to date of appointment.

Head Quarters, Ootacamund, 18th September 1866.

Native Army—Register of Heirs.—No. 98.—The new form of Register of Heirs for Native Corps, being in most Regiments nearly completed, it is desirable that its advantages should be fully realized, and with the sanction of Government the following Rules are established accordingly :—

2. Whenever a casualty occurs, Officers Commanding Corps, or Departments, will transmit to the Officer Commanding the Station where the Committee is to be held, a Descriptive Roll of the deceased Soldier or follower in the form required by G. O. C. C., No. 32 of 11th September 1848, stating the occasion or date of death, a Certificate from the Medical Officer under whose charge the deceased may have been prior to his return to the coast, showing the origin of his disease being attacked, together with an Extract containing all the entries recorded in the Register of Heirs.

3. In the case of men who have destroyed themselves, a Copy of the Coroner's verdict, or that of the Court of Inquest must be forwarded.

4. Any information available in the Corps or Department to assist the Committee in identifying claimants, should also be transmitted, such as the names of persons residing at or near the station where the claim is to be investigated, who may be capable of giving information on the subject.

5. In cases of casualty occurring after return to the coast, Medical Officers in charge will, in reporting the death, transmit a Certificate of the date, and cause of death, to the Regiment or Department, in duplicate, by separate posts, which Certificate will be forwarded either with the other documents or separately to the Committee investigating the claim—the documents are not to be delayed for the certificate, and in the event of its non-receipt the Commanding Officer will call upon the Medical Officer to send it direct to the Committee.

6. An application for the assembly of Committees to investigate claims, will be made to the Officer Commanding the Station nearest the residence of the heir, by Officers Commanding Corps or Departments, who will at the same time point out where the claimant and other Heirs are to be found.

7. To guard against delay in disposing of claims, from the possible miscarriage of documents, duplicates of the whole of the papers shall be forwarded by the next or separate mail, if possible within a week of the first despatched.

8. Officers Commanding Stations are to acknowledge the receipt of the documents in question, and report when he discovers the claimant, when he convenes the Committee, and the decision arrived at.

9. Proceedings of Committees on claims when closed will be transmitted to the Adjutant General of the Army as heretofore—the Proceedings however being sent by one day's post, and a letter describing them by another; cases having occurred or Proceedings lost in transit, remaining totally overlooked for indefinite periods, for want of precaution in this respect.

10. On the final disposal of a claim appearing in General Orders, an entry to that effect, will be made in the "Register" and the "Register of Heirs" under the record of the deceased.

11. It is anticipated that in most cases claims of Heirs may thus be investigated, and finally disposed of within 3 months of the casualty.

12. In exceptional cases that cannot be decided till the return of the Corps to the coast, the claimants will be furnished with the usual temporary Pension Certificate, pending the final investigation of their claims.

13. The Committee will record in their Proceedings the necessary entries from the documents as per margin, which are to be held as sufficient evidence of the facts they contain, the documents being appended to the Proceedings; but the identity of the claimant as the person registered as the nearest or nominated heir of the deceased must be proved by evidence duly recorded, and the description and personal appearance of the heir taken for entry in the Pension Certificate, and finally, the Committee will record its decision on the claim.

1. Extract from Register of Heirs, complete and verified from the Register.

2. Descriptive Roll of the deceased.

3. Certificate from the Medical Officer of the origin of deceased's disease.

4. When necessary a copy of the verdict of Court of Inquest or of Coroner's Jury.

14. Commanding Officers and Heads of Departments will be held strictly responsible that the instructions contained in this Order, and in the Adjutant General's Circular, No. 2032 of the 15th May 1865, have been carefully attended to—and Committees must not accept any extract from a Register which is incomplete, and not duly vouched with the initials of the Commanding Officer.

15. Should claims be admitted which may prove not valid, the payments made thereon will be recovered from those, to whose error or neglect is attributable the admission of the claim, and Commanding Officers of stations will be held responsible that no unnecessary delay occurs in assembling

Cholera.—Sanitary.—The following Notification from the Government of India, in the Home Department, is published for general information:—

REPORT BY THE BRITISH CHOLERA COMMISSIONERS,
To His Excellency the Right Hon'ble the Governor General of India in Council, No. 62, dated India Office, London, 16th July 1866.

SIR,—I forward herewith for your information, and for such publicity as you may consider necessary, six copies of conclusions arrived at by the British Cholera Commissioners upon the most important points relating to the propagation of the disease.

(Signed) CRANBORNE.

The British Cholera Commissioners, to the Earl of Clarendon, dated Constantinople, May 25th, 1866, (received June 6th.)

MY LORD,—In our Despatch No. 20, of the 22nd instant, we informed your Lordship that the "Commission Plénière" of the Cholera Conference, appointed to report upon the first and second groups of the programme, had finished their labours, and that their Report would be submitted to the Conference immediately after being printed.

We should have deferred any further notice of the abovementioned Report, until the Conference had decided upon it; but as we have observed in the public prints that England is threatened with an invasion of cholera from neighbouring Continental ports, and that some difference of opinion appears to exist as to the measures to be adopted, we think the emergency justifies us in departing from the ordinary course, and in forwarding at once to your Lordship the conclusions of the "Commission Plénière" bearing upon the most important points of the propagation of the disease.

We may observe that the "Commission," whose conclusions are embodied here, is composed of three of the diplomatic and of all the medical delegates, comprising altogether twenty-four out of the thirty-six members of the Conference, and that with the exception of one medical delegate, who was absent on duty during the latter half of the discussions, the sense of the conclusions numbered 1 to 6 was unanimously adopted. We have reason to believe that the absent delegate would have voted with the rest of his colleagues. On the 7th there was some difference of opinion.

The conclusions comprise the following points:—

1. That cholera is communicable from the diseased to the healthy.

2. That it may be communicated—

(a) By persons in the state of developed cholera;

(b) By persons suffering from choleraic diarrhoea, who can move about, and who are apparently in health for some days during the progress of the disease.

These last, from their passing unquestioned and unsuspected, are the most dangerous to the communities amongst whom they may move.

3. That the discharges of those in a state of developed cholera, or in a state of choleraic diarrhoea, become the chief means by which the cholera poison escapes from the system, and by mingling with air or water diffuses the disease.

4. That cholera may be transmitted by exposures of persons to the atmosphere of buildings, places, or vessels which have been occupied by cholera patients, and to the emanations from clothes, bedding, or other articles which have been in contact with diseased individuals, or which may have become soiled by their discharges.

5. That when infected articles or places are shut up and excluded from free air, they preserve their dangerous qualities for an indefinite length of time, and, on the other hand, the freer the exposure to ventilation the more rapidly they become innocuous.

2. An establishment for the reception of the sick, with an isolated convalescent establishment.

We have, &c.,

"His Excellency the Governor-General in Council is also pleased to direct that the rule laid down in the letter from this Department No. 683, dated 26th August 1863, under which an acting School Mistress is authorized for a detached Battery of Artillery shall be made applicable to Detachments of less than a Wing."

No. 236.

Courts Martial.—The following instructions are promulgated with reference to Rules 2 and 3 of the memorandum for General Courts Martial published to the Army by G. O. C. C., No. 169, dated 15th August 1866.

2. The proper stage of a trial for the examination of witnesses by the Judge Advocate, is at the conclusion of their examination by the Prosecutor and Prisoner; and before examination by the Court.

Were the Judge Advocate to put questions after the Courts' examination, there might be an appearance of a reflection on the Courts' shortcomings, which is to be deprecated: at the same time when the Courts' examination produce any fresh uncertainty as to either old or new matter, it will be the Judge Advocate's duty to see that measures are taken to remedy the defect; but in such case the best mode of procedure will be to suggest further questions for adoption by the Court itself.

3. The Judge Advocate's summing up, which should be as concise as is consistent with clearness, is to form part of the Proceedings, and is not to be merely attached thereto in Appendix.

At this stage, the Judge Advocate should recapitulate, and state the force of, the evidence for or against the several issues, and the presumptions of law arising therefrom: without, however, conveying directly or indirectly any opinion as to the prisoner's guilt or innocence. He should also state and explain any legal or technical points which bear upon the case, whether previously discussed or not.

The summing up should not contain any statement of the penalties awardable in case of conviction: this statement by the Judge Advocate should be reserved until after the finding, and may or may not be recorded at the discretion of the Court. In Civil cases, however, its record may often obviate subsequent correspondence.

4. These instructions are in no way to interfere with the recognized duty of the Judge Advocate to explain and advise upon matters of Law, Evidence, or Procedure, at any stage of the Proceedings, as pointed out in paragraph 2 of the rules in the General Order above cited.

No. 237.

Discharges.—In continuation of G. O., No. 11 of the 25th January last, in addition to the No. 1 report sent home with Invalids, time-expired men, &c., a duplicate copy of that report will be despatched overland, either to the Depot or netley Hospital, to whichever the Soldier may be proceeding—by the Officer Commanding the Depot at the port of embarkation.

These reports are to be sent by the first Mail after the men embark.

Returns.—No. 113.—G. O. C. C., No. 6, dated 12th February 1863, is cancelled, the Quarterly Returns therein called for, being no longer required by the Accountant General.

Head Quarters, Ootacamund, 17th November 1866.

Travelling.—No. 114.—The Commander-in-Chief is pleased to notify that Government has sanctioned the adoption in this Presidency, of the following Bengal Rule, on the understanding that the provisions thereof apply only to the cases of Officers directed to rejoin before the expiration of their leave.

"Officers absent on leave directed by competent authority to rejoin on public grounds, if required to proceed by a quicker mode than by ordinary marches, are entitled to a free passage by rail and dawk, under G. G. O., No. 773 of 1864."

Banda and Kirwee Prize Rolls.—No. 115.—There being reason to believe that some Regiments and Departments which served under the command of General Sir George Whitlock, K. C. B., at the period of the capture of the Prize Booty at Kirwee and Banda, have omitted to include Detachments of their Corps absent from Head Quarters, but serving within limits of the Division at the time; the Commander-in-Chief directs that Officers Commanding Divisions, Corps Stations and Departments, &c., will submit with the least practicable delay to the Deputy Secretary to Government, in the Military Prize Department, Fort Saint George, Supplemental Prize Rolls exhibiting the names of those who were so absent.

"2. As the introduction of Nunnahs will tend to diminish the wear and tear of the Saddles, Officers Commanding Batteries will be required to repair them out of the contract allowance, and they may retain for that purpose any Nunnahs that may be condemned."

"3. Troop contract allowance not being granted in Regiments of Cavalry for the repairs of Saddlery, &c., the cost of the repairs of Nunnahs in that branch of the service must be borne by the State."

War Office Forms 1100 and 135 for Infantry should accompany this, and the equivalent War Office Forms for Artillery and Cavalry.

DIRECTIONS.

- I.—Each article of Arms, Accoutrements, or Clothing, should be stated separately, such as Lockets and Frogs apart from the Waistbelts, and not in sets, which occasions great difficulty in assessing the value, the condition and the dates of issue of the several parts of a set of accoutrements being frequently different.
- II.—The numbers of each article issued in different years should be stated on separate lines.
- III.—The column for Condition needs some attention; an article is not necessarily unserviceable because the duration has expired. Nor is the whole to be condemned when some component part which can be made good is unserviceable. If by stitching or otherwise repairing, the article can be made good, it should be returned as Repairable.
- IV.—The proportion changeable is to be based upon the War Office Warrant fixing the duration of each article, and by deducting the period in wear, one-tenth is the proportion fixed for unserviceable or time-expired Arms and Accoutrements.
- V.—The rate or original value of each article should be that given in the War Office Rate Book. When the articles are of Indian Manufacture and issue the Indian rate should be given.
- VI.—The column for Present Value need not be filled up in India.
- VII.—The nature of the repairs should be inserted in the column for Remarks.

Discipline—Interior Economy.—It has come to the notice of the Commander-in-Chief that in some Regiments, a practice prevails of having printed Orderly Reports, the hours of visiting in the course of the various duties, and the signature being alone entered in manuscript.

2. The consequence, as may naturally be expected, is observed in some young Officers, of laxity of official conduct, with the further fatal result of hasty signature to the performance of duties which have either not been done at all, or have been very hastily hurried over.

3. In such circumstances inaccuracy soon degenerates to untruth, and occasional haste to habitual disregard of obligations.

4. The practice of actually writing the Reports in question gives time for reflection to a young Officer, before he signs to having done a duty which he had forgotten or omitted to perform. In his alone there is a great safeguard of conduct.

5. But further, a Commanding Officer who watches his young Subalterns for their own advantage and that of the service, loses the best means of doing so when he fails to require duly written reports of the performance of duty.

6. The careful preparation of such Reports is in general a good index of the care and regularity with which a young Officer approaches the execution of his duty.

7. His Excellency therefore desires that in future the practice of printing Orderly Reports be discontinued.

8. The same reasoning and injunction apply to the reports required from Orderly Sergeants and Corporals.

Horse Guards, S. W., 8th November 1866.

Sir,—Considerable inconvenience having been experienced in consequence of Commanding Officers of Regiments neglecting to notify to Depôts the names of Invalids sent home, with a view to their Attestations and Records being forwarded to the Commandant of the Royal Victoria Hospital, Netley;—I have the honor, by direction of the Field Marshal Commanding in Chief, to request you will be pleased to issue such instructions as you may deem necessary in order that the instructions so clearly laid down in para. 19, page 185 of the Queen's Regulations and Order for the Army may, for the future, be more strictly adhered to.

His Royal Highness at the same time desires that you will impress upon Commanding Officers the necessity of the No. 1 Report, and all other documents necessary to settle with a Soldier, accompanying him when sent home, the neglect of which causes not only considerable embarrassment to this and other Departments, but puts the public to much unnecessary expense.

THE PROPRIETORS OF THE MADRAS TOBACCO, CIGAR AND SNUFF MANUFACTORY, 198, MOUNT ROAD, MADRAS, have much pleasure to present to their Friends and the Public the annexed Price List of their Manufactures, and which on trial will, they are confident, give satisfaction. In the manufacture of

CIGARS,

We only use the very best Leaf; every Cigar sold is made on the premises by 1st Class Native Cigar-Makers, who we have engaged from different parts of India and are superintended by an experienced European. All Cigars are subjected to a rigid examination as to make and shape, so that we can with every confidence recommend these goods to the notice of the Smoking Public. In the manufacture of

CUT-TOBACCOS,

Having had great experience in the Tobacco trade in England, and having brought our practical experience to the Manufacture of Indian Tobacco, we have been enabled to produce a very Superior Cut Tobacco from choice country growths, and which for quality and flavor can compare favorably with any ever brought into the Indian Market. We manufacture this by the most recent Patented Machinery. Of our

SNUFFS,

We beg to intimate that we manufactured four sorts of two qualities, viz., Prince's mixture, Paris, Welch and High-dried Scotch. Our Snuffs are also manufactured entirely by Machinery, and of such a quality that we can recommend to the Public.

As this is a business, the want of which has been much felt, and as we guarantee the quality of all goods to be the very best of their kind, the Proprietors of The Madras Tobacco, Cigar and Snuff Manufactory trust that by unremitting care and attention to their business, to get that share of Public Support which their endeavours to supply a long felt want, deserves.

We further beg to state, that with a view of doing an exclusively Cash business, all our goods are priced at the lowest remunerative prices, but are prepared to allow very favorable terms to Messes, Canteens and Wholesale buyers, Shipping Agents, &c. Our wholesale terms can be learned on application.

OPINIONS OF THE PRESS.

We have the pleasure to acknowledge with thanks the receipt of this Annual for 1867. It is no easy matter to say anything new of an Almanac which has for years been put forth in a style of such excellence, whether as regards its contents or its typography and general get up, as belong to that issued from the Asylum Press. The difficulty, however, becomes of little consequence when we are enabled to predicate of each successive volume, that the merits of the compilation do not retrograde; which is undoubtedly the case with that before us, and which forms the equivalent of the highest praise that could well be given. We heartily hope that it will command a sale as profitable to the Charity for whose benefit it is published, as its great and various utility entitles its worthy compiler to expect.—*Athenaeum*, and *Daily News*, 27th December 1866

As usual every year the ASYLUM PRESS ALMANAC for 1867 has been issued to the public, and in acknowledging the receipt of the same we are glad to be able to say a few words in praise of the interesting annual. We turn on a reference to its pages, that it contains invaluable information. Containing as it does upwards of 700 pages of clear and neat type, its information is varied and useful beyond measure. It contains, besides the usual amount of intelligence, the most important Acts of the Government of India, including the Limited Liability and Post Office and New Registration Acts. The list of Residents appears to have been carefully compiled, and one new feature in the annual is also apparent. It contains the Services of each Covenanted Civil Servant from the time of his entering the Service till his present appointment, and Interest Tables carefully worked. We cannot but highly commend the work to public notice, and especially to all business-men who constantly require such information as is contained in the Almanac. With an illuminated title page, such as we have never seen worked out in Madras, and very elegant cloth binding, equal in all respects to English, we are sure the Asylum Press Almanac will be liberally patronized and maintain its highest position in the list of our Madras Annuals.—*Standard*, 28th December 1866.

We acknowledge with thanks the receipt of a copy of the ASYLUM PRESS ALMANAC. The book is bound in a style that is creditable to Madras, and contains 600 pages of neatly printed information of various kinds, including a great number of Acts and Regulations passed by the Legislative Council. We are glad to hear that nearly three-fourths of the copies have been disposed of, and hope that such a valuable compendium of useful information may get all the circulation it deserves.—*Madras Times*, 29th December 1866.

We have to acknowledge with thanks the receipt of the MALE ASYLUM PRESS ALMANAC for this year. We have much pleasure to congratulate the Compiler and Publisher upon the very successful work they have now given to the public. The book shows a marked improvement both in the printing, paper and binding. It is upon those hitherto issued from the above Institution, and entering as it does into so many details, of almost every department connected with the Presidency, is the most valuable book of reference on nearly every subject of local interest to the community.

The MALE ASYLUM PRESS SHEET ALMANAC has also been sent us; it is a useful epitome of information as well as convenient Calendar for offices.—*Madras Observer*, January 3.
