Corrected up to the 30th June 1866.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same season of which they are Civil Servants; and, being thus determined, all Civil Servants belong, during the first four years, to Class VI;—from the fifth to the end of the eighth year, to Class V;—from the ninth to the end of the twelfth year, to Class IV;—from the thirteenth to the end of the twentieth year, to Class III;—from the twenty-first to the end of the thirty-fifth year, to Class II;—and from and after the thirty-fifth year, to Class I.

The letters **A, B, C, D,** *prefixed to the names denote respectively that the parties have not passed either of the two Standards of Qualification; that the first or lower Standard has been passed; that the Servant is entitled to Furlough, and that he cannot take Special leave.*

M *prefixed to a name denotes that the Servant though not having passed by the 2nd Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate.*

Furlough, Private Affairs.—No. 102 of 1866.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 362, dated 8th December 1865, is published for general information :—

MILITARY.
No. 362.

INDIA OFFICE,
London, 8th December 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—In your Military letter dated 20th September last, No. 403, you refer for my decision a question which has arisen whether leave taken on private affairs without pay out of India, counts as part of the six years required before an Officer can obtain furlough after return to duty.

2. From the case which gives rise to the enquiry, I presume the question relates only to Clause 7 of the Furlough Rules, published in Orders by your Government on 17th November 1854, part of which is as follows:—

"Officers who have taken leave of absence on sick certificate to Europe or elsewhere beyond sea, will be ineligible to a furlough on private affairs until they shall have served six years from their last return to duty. This rule does not apply to short leaves to sea."

3. Clause 6 of the same rules states that every Officer will be allowed a furlough to Europe or elsewhere beyond sea for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

4. It was decided by the Court of Directors in the year 1856, that an Officer who had proceeded on leave to England for six months was not to be considered as having taken his authorized furlough after ten or twenty years, as the case might be; but that he might, with the permission of Government, take at any time the remainder of the two years' authorized furlough on private affairs.

5. The Court of Directors also ruled that absence for six months under Clause 9, did not preclude an Officer from taking his furlough to Europe after ten years' service.

6. It appears to me that the principle of these decisions may be applied to the present question; and absence to Europe on private affairs for six months, and all extensions of such leave granted in that country under special circumstances and without pay, may be permitted to reckon as part of the six years required to be served after return from leave on medical certificate to entitle an Officer to his furlough on privrte affairs.

Native Languages.—Second Standard.—No. 126 of 1866.—With reference to the tests prescribed in G. O. G. G., No. 734* of 9th September 1864, for the examination of Officers according to the Second Standard, the Right Honorable the Governor in Council is pleased to publish the following decision of the Government of India, regarding the substitution in this Presidency of an elementary knowledge of one of the Madras languages for Hindi, in addition to Hindoostani.

* Madras G. O. G., No. 383, dated 27th September 1864.

Extract from letter No. 443, dated 12th March 1866.

"The Government of India have already admitted that, for the present at least, passing in Hindi is not to be insisted upon in the Madras Presidency as a necessary qualification for Staff employment in that Presidency.

3. But the Right Honorable the Governor General in Council, considering that an elementary knowledge of one of the vernaculars is always of use to Officers employed on the Staff in the Southern Presidency, is of opinion that there will not be any hardship in requiring them to pass in Tamil or Telugu in addition to the test in Hindoostani prescribed for the 2nd Standard.

4. The knowledge will of course, I am to remark, be somewhat more difficult of attainment than a corresponding knowledge of Hindi, a cognate language of Hindoostani, but the difference is not, His Excellency in Council is of opinion, such as can be taken into account, while on the other hand, if the study of a second language be foregone in the case of Madras Officers, they are clearly placed at an advantage compared with other Officers serving in India.

5. It appears therefore to the Governor General in Council to be desirable that, in the examination for the 2nd Standard in the Madras Presidency, either Hindoostani or Hindi shall be the tests as originally prescribed, or, if the Madras Government prefer it, an elementary knowledge of one of the Madras languages be substituted for Hindi, it being understood that no Officer can be admitted to Staff employment out of the Madras Presidency, who has not passed the Hindi Test."

II. With reference to the preceding paragraph, the Right Honorable the Governor in Council is pleased to decide that the Madras language to be substituted for Hindi shall be either Tamil, Telugu or Canarese. Tests will be published hereafter.

No. 129 of 1866.—The followlug Extracts from General Orders, by the Government of India, is republished :—

Fort William, the 13th March 1866.

Good Service Pensions.—No. 255 of 1866.—His Excellency the Governor General in Council has much satisfaction in publishing the following Extracts from a Despatch from the Right Hon'ble the Secretary of State for India, No. 388, dated India Office, London, the 9th December 1864, sanctioning the establishment of good-service pensions in the Indian Army, as rewards for distinguished or meritorious services.

Para. 1. I have considered in Council your Military Letter, No. 286, dated 13th August 1864, in which you suggest the establishment of a system of good-service pensions for Officers of the Indian Army, based upon that which has been adopted in Her Majesty's British Service.

2. The proposal of your Government is, that fifty such pensions of £100 per annum be given to the Indian Army, under certain conditions.

* * * * *

7. Her Majesty's Government, therefore, sanction the introduction of a system of good-service pensions in the Indian Army, under the following regulations :—

I. Fifty good-service pensions of £100 per annum will be distributed among the Officers of the several Staff Corps and of Her Majesty's Indian Army at the three Presidencies.

II. Officers of all ranks will be considered eligible for the pensions on the recommendation of the Government of the Presidency to which they belong, supported by that of the Government of India; but, except under very special circumstances, the grant will be restricted to Officers above the rank of Lieutenant.

III. The good-service pension will be given up by an Officer on resignation of the service, or on coming into the receipt of the Colonel's allowance; but an Officer placed on half-pay, or retiring upon full or half-pay pension, will retain the good-service pension in addition to such half-pay or pension.

IV. Ordinarily the good-service pension will be conferred upon Officers of the effective list; but Officers who may have been placed on half-pay, or who may have retired from the service on full or half-pay pension, will also be considered eligible for them.

V. On the nomination of any Officer to a good-service pension being sanctioned by the Secretary of State for India in Council, a Notification to that effect will be published in the "Gazette of India," specifying the Military services of the Officer.

* * * *

2. Officers of the Royal (late Indian) Artillery and Engineers are eligible for these pensions, as well as Officers of the new Line Regiments, so far as service rendered before their transfer to the Line is concerned.

3. His Excellency in Council further notifies, with reference to instructions received in a Despatch from the Right Honorable the Secretary of State, No. 24, dated 25th January 1866, that Officers of the Indian Medical Service will, in future, be considered eligible for the good-service pension. In these cases, in accordance with the principle observed with respect to Officers succeeding to the Colonel's allowance, a Medical Officer in receipt of this pension will give it up on retirement from the service on the pension of £700 a year, or on coming into the receipt of the special additional pensions of £350 and £250 allotted respectively for the grades of Inspector General and Deputy Inspector General of Hospitals, on retirement.

British Officers on Staff Employ.—No. 247 of 1866.—With reference to Government General Order, No. 614* of the 20th June 1865, the following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 390, dated 30th December last, are published for general information :—

Para. 1.—I have considered in Council your Military Letter, dated 31st August, No. 366, in which you submit for my decision certain points which have arisen out of my Despatch, dated 16th May 1865, No. 152. Until this decision reaches you, you state you propose to consider the provisions of my Despatch as applying, not only to the Officers holding the appointments noted in the 15th paragraph, but also to the several Officers of the Departments of the Adjutant General and Quarter Master General, and to Brigadier Generals, under the authority which appears to be given under paragraph 9.

2. In reply to this reference, I have to inform you that Field Officers of Her Majesty's British Regiments who, on appointment to Brigade Commands or other Staff situations, will, under the rules of the Service, be now generally seconded, may be permitted to retain their Staff situations for the period of five years, whether the Regiments to which they nominally belong quit India or not, before the expiration of their tour, and that the same principle is to apply to substantive Field Officers in Staff employ, who may be placed on half-pay on the return home of their Regiments. It is to be understood, however, that although such Officers may retain appointments they are in possession of, they are not to be considered eligible to be selected for appointment to Staff situations other than those referred to in the 15th paragraph of my Despatch, No. 152 of 1865, viz., Divisional Commands, Adjutant General, Quarter Master General, and Personal Staff.

3. I have further to inform you, in reply to your letter dated 20th September, No. 404, that a similar decision is to apply to Officers holding the appointment of District Inspectors of Musketry, who, under the instructions contained in my Despatch, dated 16th September 1862, No. 338, are to be seconded in their Regiments.

4. It will rest with the Officers affected by this decision to take means for ascertaining whether their remaining in India after the departure of the Regiments meets with the approval of the Field Marshal Commanding-in-Chief.

Vacancy Rolls.—No. 137 of 1866.—The Governor in Council is pleased to cancel G. O. G., No. 445 of 22nd November 1864, requiring heads of Military Departments to transmit Vacancy Rolls to the Military Secretary to Government, and to direct that the previously existing practice be reverted to.

O. G., No. 107, of the 18th March 1864.

2. The duties hitherto performed by the Sanitary Commission will, so far as the Military Department is concerned, be carried on from the 1st May 1866, by a Sanitary Commissioner, aided by a Medical Officer as Secretary.

3. There will, from that date, be no permanent Member of the Commission; but whenever it may seem desirable to assemble Committees, for the consideration of any particular subject, then Officers, Civil, Military or Medical, best acquainted with the subject, will be associated with the Sanitary Commissioner in any part of the Country where it may be desirable to assemble the Committee.

4. With regard to those duties of the Sanitary Commission which have been performed in connection with the Civil Departments of the Government, the measures which may be deemed necessary for exercising more complete supervision on the Sanitary requirements of the Civil population, and for ensuring constant attention to the Public health, will be considered in the Public Department.

IV. Examinations for Degrees of Honor and Certificates of High Proficiency, and Examinations in Arabic, Sanskrit, and Persian, under Rule VIII, will take place only at the Presidency Towns. Examinations by the Higher and Lower Standards [see Rule X] and in the other languages under Rule VIII, will, ordinarily, be held in the interior, as has hitherto been the practice in P. H. and Interpreter's examinations, except in cases where facilities for the purpose are not available. The examination in Bengali, Guzerathi, Mahrathi, Canarese, Tamil, Telugu, and Malayalum, will be conducted in the same manner as examinations by the Higher Standard are directed to be. Examinations in Assamese, Punjabee, Pushtu, Burmese, Ooriya, and Sindhi, will be conducted by Standing Committees appointed by the Governments of Madras and Bombay, and, with the sanction of the Government of India, by the local Governments and Administrations immediately subordinate to it. All proceedings of such Committees are to be submitted through the Board of Examiners of the respective Presidencies, who, to insure uniformity, will furnish the Committees with the necessary instructions and forms of reports, and will record the results, reporting all successful examinations to the proper department for publication in Government or Army General Orders and local Gazettes as the case may require.

V. An Officer may present himself for examination in any language under Rule VIII without passing in Hindustani, either by the Lower or Higher Standard.

VI. An Officer who has passed the Interpreter's examination in any language, may present himself for examination for a Certificate of High Proficiency in that language, without passing an examination by the Higher Standard, or under Rule VIII, but in no other.

For the purposes of this rule, Hindustani in the Bengal Presidency shall include Urdu and Hindee, but in the Madras and Bombay Presidencies only Urdu.

VII. Any Officer having passed only the colloquial examination, or any examination for which he has not received any Munshi allowance, will, on passing by the Lower Standard, be entitled to receive the prescribed allowance of Rupees 180, or, on passing by the Higher Standard, a further allowance of the same amount—both sums may, as heretofore, be passed at a single payment to an Officer passing the Higher Standard in the first instance.

VIII. Officers who have passed by the standards heretofore known as P. H., Staff, and Adjutant's examinations, or any examination of a lower grade than that of Interpreter, cannot present themselves for examination for a Certificate of High Proficiency in Hindustani, without having first passed by the Higher Standard; though in other respects all Officers having passed the P. H. examination in the Bengal Presidency, under the old rules, are considered in the same position as those who have passed by the Higher Standard under the new, with the exception that they cannot hold the Interpretership of a British Regiment on the full Staff salary of the appointment.

IX. The orders of the 9th September 1864, supersede all previously existing rules regarding the examination of Military Officers in the Oriental languages.

X. In future the 1st and 2nd Standard will be known as the Lower and Higher Standard, and will be indicated in the Army List and elsewhere by the letters L. S. and H. S. respectively.

Attached Officers.—Emergent Advances.—No. 416 of 1866.—In continuation of G. G. O. No. 330,* dated 5th April 1866, His Excellency the Governor General in Council is pleased to direct that Officers attached to Brigades and Batteries of Artillery, and Regiments of Cavalry and Infantry, European and Native, shall, in future, make their own arrangements with the Commanding Officers or Regimental Paymasters for the transmission, by means of Public Service Transfer Receipts, of such pay and allowances as they may be entitled to receive during their absence on leave or otherwise; and Officers in Command of Divisions, Districts or Stations, are prohibited from directing emergent advances on such account to be made by Treasury Officers, or by Divisional Paymasters.

Paymasters.—Issue of Cash.—No. 417 of 1866.—In furtherance of the course prescribed in G. G. O. No. 330,* dated 5th April 1866, His Excellency the Governor General in Council is pleased to lay down the following Rules regarding the issue of cash from Civil Treasuries to Pay Masters of Regiments of British Cavalry and Infantry, in the three Presidencies:—

1. Prior to the commencement of each future official year, the Controller of Military Accounts will request the Accountants General to direct Officers in charge of Civil Treasuries to make advances for the disbursements of Regiments of British Cavalry and Infantry, upon monthly Estimates signed by the Paymaster and countersigned by the Officer Commanding, so long as the head-quarters of the Regiment is serving within the limits of the Local Government.

2. The maximum amount of the monthly advance will be fixed by the Controller, who will communicate to the several Accountants General the amount of advance to which each Treasury is to be limited, in order that the necessary instructions may be issued to the Officers in charge; the separate issues of cash from the Treasury will be made on the 1st, 10th and 25th of each month.

3. At the end of each month the Paymaster will lay before his Commanding Officer, for his approval and signature, *duplicate* Estimates of the probable amount required for the expenditure of the Regiment during the ensuing month. The Officer Commanding is required to satisfy himself, before attaching his signature to these Estimates, that the probable receipts and disbursments on account of the Regiment are correct; and that the sums to be advanced from the Treasury, on the dates specified, are not in excess of actual requirements.

4. The monthly demand on the Treasury is in no case to exceed the advance fixed by the Controller; should this sum be insufficient, a Supplementary Estimate will be transmitted for the approval of the Controller, before any sum is drawn on account of it.

5. If, however, any case of necessity should occur, so urgent that the delay in waiting for such sanction would, in the opinion of the Officer Commanding, cause inconvenience to the service, the amount of the Supplementary Estimate will be advanced from the Civil Treasury on an emergent order to be issued by the Commanding Officer of the Station. At the same time a full report of all the circumstances which rendered necessary this advance, should be at once furnished to the Controller.

6. When Regiments proceed on active service and cash cannot be obtained from a Civil Treasury, the monthly advance will be made by the Officer in charge of the Treasury Chest or other Disbursing Officer attached to the force; in such cases the duplicate Estimate will bear the countersignature of the Officer in Command, who will forward one copy to the Officer by whom the advance was made, and return the other to the Regimental Paymaster for immediate transmission to the Pay Examiner.

7. The issues of cash from the Civil Treasuries will be made periodically, as provided in paragraph 2, on Drafts signed by the Paymaster and countersigned by the Officer Commanding, who will be responsible that the Drafts are only for such sums as are absolutely and immediately necessary for the requirements of the Regiment.

8. If a Regiment be moved before the last instalment of the advance is drawn to another Station, either within or beyond the limits of the Local Government, the Treasury Officer, on receipt from the Paymaster of a Cheque for the sum required to complete the payments for the month, will grant one or more Public Service Transfer Receipts in favor of the Officer Commanding and Paymaster, for such balance as may be required to be issued at any Station *en route* or at the destination of the Regiment.

9. The Officers in charge of Civil Treasuries will issue Public Service and Privilege Remittance Transfer Receipts, under existing Regulations, in part payment of the Regimental Paymaster's Cheque. Public Service Transfer Receipts will be furnished in payment of any one of the Cheques, but the issue of Transfer Receipts for Privilege Remittances, will be limited to the advance made on the 25th of the month.

GENERAL ORDER No. 867.

Prizes for Swordsmanship.
1—(1865)

HORSE GUARDS, S. W.,
The 28th June 1865.

1. The Secretary of State for War having approved, on the recommendation of the Field Marshal Commanding-in-Chief, of the sum hitherto allowed as Good Shooting Pay, being re-distributed so as to admit of the soldiers of Regiments of Cavalry in the ratio of six per cent., wearing badges, and receiving pecuniary rewards for proved skill in the use of the sword and lance, their peculiar weapon, the paid marksmen in regiments carrying carbines being, in future, limited to four per cent., the following regulations are to be observed in defining, classifying and tabulating the amount of skill in the use of the sword and lance, which, combined with horsemanship, is to entitle the possessor of it to the prescribed prizes as follows, *viz*:—

1st Prize.—A badge of *Crossed-swords and Crown worked in gold*, entitling the wearer to additional pay at the rate of 2*d*. per day, to the best swordsman of each regiment, in which all the troops have competed during the year.

2nd Prize.—A badge of *Crossed-swords worked in gold*, and entitling the wearer to additional pay at the rate of 1*d*. per day to the best swordsman of each troop in which, at least, thirty men shall be qualified to compete.

3rd Prize.—A badge of *Crossed-swords worked in worsted*, and entitling the wearer to additional pay at the rate of 1*d*. a day, to the next best swordsmen in each troop in the proportion of six per cent., or one man for every sixteen competing. The second best swordsman in the troop which furnishes the best swordsman in the regiment, will, in that case, become the best swordsman in that troop, and the next best (according to their marks) be the men entitled to prizes as swordsmen in the prescribed proportion. The badges are to be worn on the left arm, so as to admit of being seen above the gauntlet; and if the same man has badges both for swordsmanship and good shooting, they are to be placed side by side so as to be equally visible from the front.

2. The "best swordsman of the regiment," and the "best swordsman of the troop," are to be allowed the rewards as such, in addition to that attaching to the 3rd prize, making the extra pay accompanying each prize, respectively, 3*d*., 2*d*., and 1*d*. daily.

3. Fencing is the ground-work of all attack and defence: only those men, therefore, who are proficient therein after a complete course of instruction; who, in addition, are first class horsemen; who can perform the sword-exercise perfectly, both mounted and dismounted; who can go through the lessons for attack and defence, as laid down in the Cavalry Sword-Exercise Book, pages 25 and 26, and the Post Practice, with leaping bar, in the Riding School and open Manége, are to contend for these prizes.

4. The competition is to be conducted as follows:—

5. Previously to the spring inspection, a Board is to be assembled, consisting of the Major, the senior Captain present, and the Adjutant, who will see, in succession, the men of each troop eligible to compete—

1*st*.—Go through the fencing lesson under the Instructor.

2*nd*.—Perform the sword exercise with attack and defence on foot, under the Serjeant Major.

3*rd*.—Go through the double ride, with heads and posts and leaping bar in the school under the Riding Master, and the sword exercise and attack and defence, on horseback.

6. Those who do not pass these tests to the satisfaction of the Board, will be excluded from the competion for prizes for good swordmanship, and their names are to be at once entered in the proper column of the Troop Return, page 10, with the cause of rejection, such as "*failed in posts, failed in fencing*," *&c.* As this Return should account for every effective Non-Commissioned Officer and man belonging to the troop, the names of all not qualified to compete, and the reason why, such as "In Hospital," "Rough Rider," "Fencing Instructor," "Mess Waiter," "Batman," "2nd Class Horseman," "Recruit not dismissed," &c., are also to be shown in the adjoining column.

7. The names of those who pass satisfactorily the preliminary examination as above, are then to be entered at page 2 of the Troop Return, with their regimental and combatant numbers; and the men are to contend, mounted, with sticks and marks, in the following manner:—He who makes the most marks being recorded as the "best swordsman of the troop," and the proper number of those next in order of merit being noted as "swordsmen."

8. The competitors are to draw lots as to who are to contend together in the first instance, each couple forming up at opposite ends of the Riding School or Manége, and attacking at any pace they like. To prevent the unnecessary repetition of names, the combatant number of each man's opponent in the several assaults, is to be entered in the same line as his own, in the column assigned for that purpose in the Return.

9. Those who gain the most marks in the first assault will again draw lots, and compete in the next, and so on, until the proper porportion of best swordsmen in each troop, according to the number competing, are shown. If, when the marks come to be added together, any two men are found to have "*tied*" for a regimental or troop prize, they are to compete again, their performances in the preceding assault being marked through, *and a fresh entry made in the Return, initialed by the President of the Board*, in the manner shewn at page 6.

10. Decided points and cuts are to count equally. The point and side of the stick corresponding, with the edge of the sword, and point of the lance foil, are to be chalked, and any cut or thrust not delivered with the edge or point of the weapon, is not to count.

11. If the opponent's point or cut together, such points or cuts are not to count; and if this is repeated, it will be for the Board to judge which man made the first assault in each case, and score the marks in his favour accordingly.

12. *Any man wilfully striking his opponent's horse is to forfeit* one mark. If any man is thrown from his horse, his opponent is to score all or the remaining points. No cut or point is to be delivered below the waist belt or to count as mark.

13. There are to be five separate rounds or attacks in each assault, and the marks scored in each attack or round are to be entered in ink against each man's name, *at the time of competition, and in presence of the Board.*

14. After all the troops have competed, their performances are to be transcribed from the Troop Returns into a General Regimental Return, page 6; and a Board, consisting of the Commanding Officer and two next senior Officers, will see the best swordsman of each compete together in the same manner for the regimental prize, and have their performances also entered therein.

15. The following prizes for Lancer Regiments are to be competed for under the same restrictions as those for swordsmen, after the prescribed preliminary examinations *with the Lance Exercise on horseback in addition, viz.*:—

1st.—A badge of *Cross Lances and Crown worked in gold*, entitling the wearer to additional pay at the rate of 2*d.* per day, to the best lancer in the regiment, in which all the troops shall have competed during t year.

2*nd.*—A badge of *Cross Lances in Gold*, entitling the wearer to additional pay at the rate of 1*d.* per day, to the best lancer in each troop, in which at least thirty men shall be qualified to compete

3*rd.*—A badge of *Cross Lances in worsted*, and entitling the wearer to additional pay at the rate of 1*d.* per day, to the next best lancer in each troop, in the proportion of four per cent., or one to every twenty-five men of the numbers competing.

4*th.*—A badge of *Cross Swords in worsted*, and entitling the wearers to additional pay at the rate of 1*d.* per day, to the best swordsmen in each troop, in the proportion of two per cent., of the numbers competing. If a man has badges both for Sword Exercise and Lance Practice, they are to be worn side by side, as directed in para. 1.

16. The lance being only a weapon of offence, it should be opposed at practice to the lance and to the stick and basket; *for this purpose lots should be drawn*, and the men compete under the restrictions laid down for swordsmen.

17. The Returns of Swordsmanship and Lance Exercise are to be submitted, at the Spring Inspection, to the Inspector-General, or Cavalry Brigadier, who will see the men qualified to contend for prizes, go through the above drills, and compete together, but without disturbing the awards of the Boards. The Regimental Return is *then to be confirmed and forwarded by him, in duplicate, to the Adjutant General*, with a view to authority being given by the War Office for the men entitled to prizes receiving the additional pay, to be held for 12 months from the 1st May. The Troop Returns are to be preserved until the next year's competition shall have been gone through, when they may be destroyed under authority from the Inspector-General of Cavalry.

18. In the event of the best Swordsman or Lancer of a regiment or troop *becoming* non-effective, his badge and the accompanying pay will lapse; but vacancies among the paid "Swordsmen" are to be filled by the next best in succession, as shown by the number of marks credited at the annual competition.

19. *Commanding Officers are to be held responsible that* every recruit, before being dismissed, goes through the preliminary drill that entitles a man to compete, and that every man in the regiment again goes through these drills, including loose play in the school, mounted with sticks, during the winter months.

20. Rough Riders and Fencing Instructors are not to compete for prizes, as they receive extra pay for teaching.

21. In order that the sum now allowed as prize pay for good shooting may not be exceeded, the prizes are to be strictly limited to the following numbers, *viz.*:—

For Regiments at Home on an Establishment of
50 Serjeants, 9 Trumpeters,
496 Rank and File.

For Sword and Lance.	For Musketry.
1 Regimental Prize.	
8 Troop Prizes.	
27 Swordsmen.	19 Marksmen.

For Regiments in India on an Establishment of
54 Serjeants, 12 Trumpeters,
519 Rank and File.

For Sword and Lance	For Musketry.
1 Regimental Prize,	
9 Troop Prizes { 8 Serv. Troops, 1 Depôt.	
28 Swordsmen { 25 Serv. Troops, 3 Depôt.	19 Marksmen. { 16 Serv. Troops, 3 Depôt.

22. The competition for prizes for the present year is to take place during the summer, and the Returns to be sent in after the autumn Inspection, when the rewards will be recommended to be made payable for six months from the 1st October next.

Official Year 1867-68.—April.—No. 213 of 1866.—The following Extract from Notifications in the *Gazette of India*, is re-published :—

FINANCIAL DEPARTMENT.—No. 270.

Extract from the Proceedings of the Government of India in the Financial Department, dated Simla, the 1st May 1866.

Read again those portions of the Financial Proceedings of May 1865, Nos. 96 to 113, which contain the proposition of the English Commissioners of Enquiry into Indian Accounts, regarding a change in the official year, and the opinions of the Local Governments on that proposition.

Read again Despatch No. 49, dated 2nd March 1866, from the Right Honorable the Secretary of State.

RESOLUTION.—After carefully weighing the advantages and disadvantages of the adoption of the Calendar year, or of the Fusli year, the Governor General in Council has come to the conclusion that it would be best to antedate the present financial year by a month only, thereby making it terminate simultaneously with the official year in England, viz., 31st March.

The financial year 1867-68 will accordingly commence on 1st April 1867.

Payments in April 1867, for which provision has been made in the Budget for 1866-67, must be provided for afresh in the Budget for 1867-68, and the Budget grants for the year 1866-67 reduced by the estimated amount of those payments.

For salaries and establishments will suffice it to limit the retrenchment to one-twelfth of the Budget provision, but for fluctuating charges, a larger retrenchment will be necessary, the monthly rate of the payments for such charges being greater in all Departments, and more especially in the Public Works Department, in the months from October to April than in those from May to September.

The Governor General in Council accordingly requests that the several Local Governments and Administrations will revise the grants for fluctuating charges in the Civil Estimates, in order to the surrender of the full Budget provision for estimated payments in April, and that necessary instructions for a like object be issued by the Public Works and Military Departments of the Government of India.

The regular Estimate and the Actuals for 1866-67, will be confined to the revenues and charges for eleven months, and the annual adjustments will be made in the accounts of the eleventh month, *i. e.*, of March 1867.

As the accounts of audited receipts and payments for April 1866 and April 1867 will, under the new system, be available separately for those months, the Governor General in Council is of opinion that the comparison of the Regular Estimate of 1866-67, with the Actuals of 1865-66, and of the Actuals and Budget Estimates of 1866-67, will not be deranged by the alteration in the official year now ordered.

Regimental Debt's Act No.—226 of 1866.—The Right Honorable the Governor in Council has been pleased to sanction the gratuitous supply to Committees of Adjustment, through the Department of the Adjutant General, of blank forms prescribed by the Regimental Debts Act.

Chelsea Pensioner.—Rice Money.—No. 227 of 1866.—The Government of India having ruled that Chelsea Pensioners, who are not in public or private employ, should receive compensation for dearness of Rice, in common with European Pensioners from the Local Service, the Right Honorable the Governor in Council is pleased to direct that the allowance be drawn retrospectively, from 1st March 1866, for all such Chelsea Pensioners residing in the Madras Presidency.

2. Para. 202 at page 281 of the Pay Code, will accordingly be modified and stand as follows :—

202. When Chelsea Pensioners are admitted into Hospital, the regulated stoppages on account of diet are made from their stipends. All payments on account of Chelsea Pensioners from the date of their being pensioned are debited to Her Majesty's Imperial Government, London, and no cost or charge whatever on their account is borne by the India Government, with the exception of compensation for dearness of Rice, allowed to those who are not in public or private employ.

† „ „ „ 402 „

2. G. O. G. G., No. 317, applies only to *Foreign Service*, and under its provisions, passages in this Presidency can only be granted to Burmah and the Straits.

II. An Officer granted a free passage under G. O. G. G., No. 317, is entitled to take with him the regulated number of servants, unless where special restrictions have been laid down.

3. G. O. G. G., No. 773, has special reference to inland dâk and to passages in coasting Steamers, and the claims of Officers travelling at the public expense under its provisions, will be dealt with in accordance with the following rules :—

I. The authority who directs an Officer to travel on duty, at the public expense, must determine the mode of travelling necessary, (when any doubt exists) with due regard at once to the exigencies of the service and the avoidance of unnecessary expense to the State. When no special orders applicable to the case have been laid down by higher authority, Officers Commanding Divisions and Brigades are expected to use their own discretion.

II. When the whole or any part of the journey is performed by marching, no charge to the State is admissible on account of that portion.

III. In ordinary cases, *in which travelling by palanquin or dooly may be imperative*, the journey will be accomplished by night runs with one set of bearers.

IV. Individuals travelling on duty may be allowed a public dooly on loan, to be returned to the nearest depôt, at the public expense, and by the cheapest mode available.

V. Eight bearers to be allowed for a dooly, and twelve for a palanquin, with a torch bearer and cavady-cooly in each case.

VI. The route to be taken from Kamptee must depend upon the station to which the Officer is directed to proceed, and, in some instances, on the season of the year.

VII. Except in cases wherein the provisions of paragraphs 5, 6 and 7 of the G. O. G. G., can be brought into operation, advances of travelling charges may be made to Commissioned and Warrant Officers, ordered to proceed on long and expensive journeys, under the authority of the Officer under whose instructions the journey is undertaken, (if in his opinion, such assistance is necessary) to be adjusted on contingent bills, which shall accompany the first abstracts for pay on completion of the journey.

VIII. General Officers Commanding Divisions and their Staff are entitled, when proceeding on tours of inspection, to travelling allowance under the provisions of the General Order.

IX. Officers Commanding the Troops and the Artillery in the Straits are entitled to free passages for themselves, their necessary Staff, and a servant each, when proceeding on authorized tours of inspection, and no deduction will be made on account of "lodging money."

The provisions of G. O. G. G., No. 773 of 1864, are not intended to supersede the special grant of mileage allowance to Officers holding particular appointments who already receive it.

X. Officers proceeding to take up Staff appointments, General or Regimental, acting or permanent, or rejoining their Regiments or Stations on being relieved from the same, and Officers of the Royal Artillery transferred from the command of a Field Battery to that of a Battery of a Horse Brigade, come under the provisions of paragraph 16 of the G. O. G. G., and are not, therefore, entitled to travelling allowances.

XI. The quantity of baggage allowed to be taken by Officers proceeding by rail with Troops, is that laid down in General Order No. 45 of 13th February 1857, and those travelling by rail under the provisions of G. O. G. G., No. 773 of 22nd September 1864, are allowed the same quantity.

XII. Officers travelling at the public expense by horse dâk, or in river, or coasting or other Steamers, can only take such quantity of baggage with them as is authorized by the rules of the Companies providing the carriage, and Government does not recognize any separate charge on account of the baggage of Officers proceeding by such means.

When travelling by palkee or dooly dâk or by mail cart, Officers are allowed two common coolies, or one cavady-cooly, for the conveyance of their private baggage, under paragraph 8 of G. O. G. G., No. 773 of 22nd September 1864.

XIII. Young Officers proceeding to join their Corps for the first time, are entitled to have their heavy baggage to the extent of 5 maunds or 400 pounds each, conveyed to their destination at the public expense, in addition to the baggage allowed to passengers by the conveyance in which they proceed.

XIV. Officers travelling by rail with Troops, or on duty from one Station to another, are allowed to take with them servants, in accordance with the scale laid down in G. O. G., No. 417 of 1865, paragraph 52.

XV. It will be understood, that, when rapid travelling is not necessary, the journey to the nearest point at which carriage by Steamer, rail, or transit, may be available, is to be accomplished by ordinary *marches*.

Health on the March and in Cantonments.—No. 11.—The Commander-in-Chief, under the sanction of Government, is pleased to publish the following instructions compiled from Regulations in force in Madras and in Bengal, under the Heads of "Cholera on the March," "Cholera in Cantonments," "Conservancy of Camps," and "Families on the March."

Cholera on the March.

1. Prior to the march of troops, it should be ascertained whether Cholera prevails on the road,

2. Particular attention must, at all times, be given to the selection of encamping ground, for which, whenever practicable, elevated and dry situations should be chosen, sufficiently removed from the village or town, and from the influence of swamps or pools of stagnant water. The banks of rivers are to be avoided. Officers are strictly enjoined never, under any circumstances, to encamp upon ground, however inviting it may appear, where Cholera has shown itself in a preceding Corps or Detachment.

3. Officers Commanding Corps or Detachments in movement, are to consult with the Officer in medical charge, regarding the healthiness of the site upon which they propose encamping, and in such cases, Officers are to be guided by medical opinion, unless they shall see weighty reasons for setting it aside, which are at once to be reported to the Quarter Master General for the information of the Commander-in-Chief.

4. In the event of the Troops, or followers being attacked by sickness, it is directed that the greatest attention be paid to the selection of encamping ground; that it be high, dry and clean; and this, it is considered, may generally be found at some slight sacrifice of convenience, with respect to water and supplies, which, however, in the case supposed, must be looked upon as of minor importance.

5. Officers whose camps may be attacked by Cholera, are strictly enjoined to avoid encamping near towns or villages; and to allow no further communication with the inhabitants than may be absolutely necessary for the supply of provisions; and this under such restrictions, as may confine it to the healthiest part of the camp.

6. The same rules are to be followed when passing through a district, or through a town or village, in which the disease may exist.

7. In cases where the violence of the disease may render the measure necessary, Officers will halt altogether on any eligible spot within reach, or merely move their camp for change of air, and clean encamping ground, until it may appear advisable to move on. Whenever practicable, the corps or detachment should be broken up into as many divisions as can be properly provided with medical aid, and separate encampments formed one or two miles apart--measures being taken to prevent communication

8. So long as Cholera exists in camp, a daily report of cases and deaths is to be forwarded to the Quarter Master General; European and Native are to be separately shown, and the names of all European Officers attacked or deceased, are to be reported.

9. In cases of extraordinary sickness, Officers Commanding Corps and Detachments, are authorized to indent upon Collectors, or the Commissariat Department, for such number of country cots as may be absolutely necessary.

10. When sufficient medical aid is available, and there is no Military necessity for marching entire, Regiments will march by Wings, at an interval of ten days.

11. On every occasion of halt, orders should be issued and enforced for a thorough washing of all the clothes and for the complete purification of the carts, and the matting which forms the hood of the carts. Officers Commanding are especially enjoined to see that these instructions are rigidly carried out,

---

* *In this Presidency*, "*at Madras.*"

as it has been proved by experience that this is one of the most effectual modes of preventing Cholera or of mitigating its attacks. In the Progress Report, it should be noted that this has been done. Care should be taken that the water used for this purpose is not that used for drinking. A guard should be invariably placed over the latter to prevent its contamination.

12. Should Cholera attack the Regiment, it is desirable that a divergence from the road of 4 or 5 miles should be made at right angles to the prevalent wind or attack of the disease. But this will seldom be practicable on account of the want of supplies on a road on which notice has not been given.

Cholera in Cantonments.—13. Immediate information by telegraph if possible is to be given by Civil and Military Officers to the adjacent Military Stations, whenever Cholera occurs among them, in order that marching and travelling may be put a stop to, and that other stations may be put on their guard against it.

14. Whenever Cholera occurs in a cantonment, preparations should be made to move any part of the Troops into the selected Camps at the shortest notice, and if the disease threatens to manifest itself in any unsual degree or epidemic form, the body affected should be immediately moved into camp, and no unfavourable condition of the weather is to prevent this movement being carried out. The Chief Military and Medical Officers on the spot are to consult as to the course to be taken, and the result should be communicated by telegraph to Head Quarters. If necessary, two or three camps should be formed and additional medical aid called for.

15. The sick laboring under other diseases than Cholera, will move with the force and share the benefit of removal from the Choleraic atmosphere.

16. It must be insisted on, that all discharges from the stomach and bowels of Cholera patients be instantly removed and buried in pits.

17. Strong deodorants are to be thrown into the receiving vessels, as well as into the pits, latrines, and privies.

18. Should Cholera follow the Troops, they will be removed short distances at right angles if possible, to the prevalent wind and track of the disease, every second or third day, care being taken that the marches in no way fatigue the men.

19. The breaking out of Cholera in a Regiment or at a station is, on no account, to cause the suspension of the Soldier's daily amusements and occupations, care being taken that the latter in no way fatigue them; and Commanding Officers will use their utmost exertions to develop any recreation or employment of which the effect is to keep the men's minds in their moral state.

20. It often occurs that Soldiers on a visitation of Cholera, indulge in the use of spirituous liquors in the belief that they are a preventive against the disease. The medical authorities unanimously condemn this supposed remedy as a certain promoter of the disease; Commanding Officers are therefore enjoined to use their utmost endeavours to prevent so baneful a practice.

21. One of the several Cholera antidotes is the early treatment of premonitory symptoms, of which looseness of the bowels is a principal one, Commanding Officers are therefore requested to give the most precise orders on the subject, and to cause all men affected by premonitory symptoms to be placed at once in a premonitory ward.

22. The Troops are not to return to cantonments until all traces of the Cholera shall have disappeared from the neighbourhood, either amongst the European or Native population. The barracks and hospitals will be thoroughly fumigated, the walls whitewashed, and the doors and window-frames painted, before they are re-occupied.

23. The men will be supplied with hot tea and coffee before before going out in the morning; they will invariably wear flannel belts, and all precautions must be taken to prevent their remaining in wet or damp clothes.

24. So long as Cholera exists in cantonments or in the adjacent Cholera Camps among the Troops, a daily report of cases and deaths is to be forwarded to the Quarter Master General. Europeans and Natives are to be separately shown, and the names of all European Officers, attacked or deceased, are to be reported.

Conservancy of Camps.—25. With a view to preserving the conservancy of Camps and Encamping grounds, the Commander-in-Chief directs that the system should be adopted in Camp as is the practice in all Military Cantonments, the main principle of which is, the daily burial of all refuse matter.

26. It is therefore to be at once established as a Standing Order among all European Troops moving in course of relief, or otherwise, that two trenches, each 2 feet deep, 2 feet wide, and 50 fect long, are to be dug by coolies to be employed for the purpose at a distance of 120 yards from the flanks of each encamping ground, the inward flanks of such trenches to be 120 yards from the outward flanks of the Camp, that is, in *echellon*; but *should the nature of the ground prevent their location according to this rule, the same* principle for their location is to be observed, that is, they are not on any account to be directly in front or rear of the Camp, but in *echellon* on their flanks, being so placed that the prevailing wind is not to carry the effluvia to the Camp; these trenches are never to be in such proximity to wells as to make percolation to the water possible.

27. The Quarter-Master, or whoever is entrusted with the formation of the encampment, is to see that this arrangement is made daily at the advance ground before the arrival of the Troops, and a flag or other mark should be placed to show the position of the trenches, one of which is to be allotted for the European Soldiers, and the other for the Native Camp followers, &c., of a British Regiment: the same *principle* is also to be strictly enforced for Native Regiments, Cavalry or Infantry, on the march. Officers Commanding are to allot a certain cite or position in the vicinity (but not too close) of each encamping ground for the use of the Native Soldiery and Camp followers. The present practice of defiling the ground *on all sides* of the camp must be strictly prohibited.

28. These trenches are to be thoroughly filled in with earth by coolies before the Rear Guard quits the ground, and for those duties the coolies should be properly divided between the advance and main Camps, and the Officer on duty with the Rear Guard is to be required to report to the Commanding Officer that the trenches have been so filled in, and in the case of Native Troops, that the "sites" specially selected have been properly cleaned.

29. The Commanding Officer of every Regiment or Detachment on the march is required to place himself in direct communication with the Tahsildar, or other responsible Native functionary at each encamping ground, to arrange that effectual measures are adopted by the Native Local authorities for thoroughly sweeping and cleaning the whole area of each encamping ground immediately it is cleared of

the Camp, as well as the "sites" above referred to, and for burning or removing to a suitable distance all collections of stable litter or refuse of every kind, &c., so as to make the ground perfectly fit for re-occupation by any Troops marching by the same route.

30. In the event of Troops forming a standing Camp for exercise or other duties, or halting more than the ordinary time at any Camp ground, an additional deep trench should be dug at a distance of at least 200 yards from the Camp, and to leeward of it, on the same conditions as the first trenches, for the reception of filth twice every day, coolies removing it from the Camp trenches before mentioned, and depositing it in the deeper and distinct trench, as is done from the Latrines, in Cantonments, and covering over with earth each day's accumulation.

31. Enquiries are also to be made by the Quarter-Master, or other responsible Officer of the Regiment, at each advance ground, from the same Native functionaries, as to whether the well water has been recently drawn, and the well in a state fit for use for drinking and other purposes; if not, effectual arrangements *must* be made for rendering it so *before* the arrival of the Troops on the encamping ground.

32. In the Progress Reports furnished by Regiments to the Quarter-Master General of the Army, a note is in future to be entered that these orders have been strictly carried out.

33. The coolies to be employed are to be supplied by the Native local authorities on the requisition of the Commanding Officer *in such numbers as may be actually required.* Payment will be made on Contingent Bills vouched in the usual manner, and forwarded to the Quarter-Master General to be disposed of as are all other contingent expenses on a march.

34. The requisition for the coolies should be made by the Commanding Officer at the same time that he furnishes the civil authorities with the Indent for supplies.

35. In the event of difficulty being found in supplying coolies, a working party from the Regiment must be told off to dig the trenches and fill them with earth, but not to remove the excreta.

36. Regimental intrenching tools are to be used.

Families on the March.—37. The following arrangements are ordered with reference to the movement of the families of Troops, European and Native.

38. Officers Commanding Regiments, are allowed the discretion of sending the families in advance of the men in the afternoon, or of suffering them to follow the Regiment, but the former course is to be preferred when it can be adopted without inconvenience.

39. If the road is good and the obstruction of rivers, &c., does not occur, the families may generally arrive soon after the Regiment on the ground. When it is otherwise, it is better that the families should precede the men. But in either case, the Regimental Artificers and a strong working party from the Regiment, under a Non-Commissioned Officer, should accompany the carts to assist them in case of need.

40. The Quarter-Master of the Regiment will mark out on the new ground a site for the families to leeward of the ground chosen for the camp of the men, and at some distance from it. Crowding of the Bandies should be prohibited, and the Bullocks should be removed to the rear. No carts ought to be allowed to leave the camp during the night, as they create disturbance and obstruct the road for the Regiment *in the morning.*

41. The Officer Commanding will take particular care that unripe fruit and other sources of disease, are not sold in the camp nor brought to it. Frequent inspection of the Bazaars, should be ordered.

42. In order to maintain men and families in health, they should be encouraged to eat heartily, and to bring to speedy notice any attacks of diarrhœ or any premonitory symptoms of cholera however slight.

Head Quarters, Madras, 8th February 1866.

Native Army—Cart Funds.—No. 14.—The Commander-in-Chief having ascertained that the establishment of Cart Funds in the Native Army is considered desirable, for the purpose of assisting in defraying the expenses attending the hire of carts from one station to another, in course of relief, directs, with the sanction of Government, that the following Rules be adopted:—

1. That a Cart Fund be established in every Regiment of Native Troops.

2. That after a Regiment shall have been two years at its new station, stoppages shall be commenced to meet the probable expenditure of the next relief.

3. That the minimum rate of monthly stoppages shall be as follows:—

And ranks corresponding under G. O. G., No. 411, of 1861, paragraph 1.	Rupee	1	for a Subadar.
	Annas	12	„ Jemadar.
	„	8	„ Havildar.
	„	5	„ Naigue.
	„	3	„ Private, and all authorized Regimental followers.

4. That whenever a Regiment is ordered to move, this rate be regulated at the discretion of the Commanding Officer, with reference to the charge for cart hire to be incurred.

5. That the stoppages from Regiments on foreign service commence after they have been 1½ years abroad, to pay for the carriage of their families to Regimental Head Quarters.

6. That the money collected, be placed periodically in the Government Savings' Bank, a small sum being reserved in the Regimental Cash chest, to adjust the estates of casualties, &c. The deposit being made in the individual name of the Commanding Officer or the Adjutant, or both. Any loss of interest occurring on changing the depositor's name, being adjusted regimentally.

7. Under the Hutting Rules, paragraph 74, the value of the huts advanced by Government to a Regiment about to march, is available to assist the men in paying for their carriage, and can be added to the Cart Fund in whole or in part, at the discretion of the Officer Commanding the Regiment, which, it is assumed, will afford ample means to adjust the hire of the carts for the whole distance.

8. On occasion of a Regiment embarking for foreign service, the money will be available for the carriage of the families to their homes, and in the event of the Railway, or any other mode of conveyance being used, the money will be equally available.

9. The difference between the old rates of cart hire and those now prevailing, is for the present paid by Government.

10. The employment of the Cart Fund, for any purposes, even temporary, other than those specified in this Order, is forbidden.

11. All subsidiary rules and minor details connected with the Cart Fund, will be provided for under Regimental arrangements and orders.

12. The funds will invariably be closed and adjusted with the men on the arrival of the Corps, at its new station.

13. The above rules will not apply to the Native Artillery at Cuttack and Mangalore, nor to the Corps of Sappers and Miners.

BUILDINGS.

Military, in the Province.

Preliminary estimate for new building.

18. When any new building, or the improvement of an old building, is required, the divisional or local Officer of the Department to which the building belongs, shall apply under the authority of his own Superiors, viz., the Head of his Department, or the Commandant of the Division, or Station, as the case may be, to the Executive Engineer, for a rough or proximate estimate of the cost, without any plan or detail.

If over Rupees 500 must be submitted to Government.

19. This proximate estimate, if it exceed 500 Rupees, shall be submitted to Government by the Head of the Department to which the building belongs, through the Military Secretary; and Government, if approving of the proposition will direct the Superintending Engineer to cause a detailed estimate, to be prepared. The estimate shall be accompanied by a report.

20. If the new building is to be according to a standard plan, the estimate shall be made by the Executive Engineer, and submitted through the Superintending Engineer for sanction. If not, a plan shall be prepared by the Executive Engineer, in communication with the local or divisional departmental Officer, by whom it shall be countersigned; such countersignature representing the approval, as far as that may be necessary, of the local or divisional authority to whom the departmental Officer is subject, as well as his own. The plan and estimate shall then be forwarded to the Superintending Engineer, either by the Executive Engineer, or, at that Officer's request, by the Officer Commanding the Division; and the Superintending Engineer shall submit them for sanction, after obtaining the approval of the Head of the Department, when necessary, and of the Commander-in-Chief in all cases.

If proximate estimate is less than Rupees 500.

21. If the proximate estimate be within 500 Rupees, the detailed estimate shall be prepared, with a plan, if necessary, without the previous permission of Government; and shall then be submitted for sanction, with the countersignature of the same Officer as before.

Repairs to be made by Officers of Department Public Works.

22. Estimates for the repair of Military Buildings shall be made by the Executive Engineer or his Subordinates, either upon inspection, or at the requisition of the tenant of the building, or of the local or divisional Staff Officer.

If over Rupees 500, to be submitted to Superintending Engineer.

23. If above 500 Rupees, the estimate shall be countersigned by the divisional Officer of the Quarter Master General's Department, who shall be considered to act under the authority of his own Superiors; and the estimate, thus approved, shall be submitted to the Superintending Engineer for sanction.

Sanction of Expenditure.

24. The power of Officer Commanding a Division to sanction expenditure, is detailed in para. 41.

Military at the Presidency.

Barrack Master takes the place of Divisional Officer of the Quarter Master General's Department.

25. At the Presidency, Saint Thomas' Mount, Poonamallee and Palaveram, the Barrack Master takes the place of the Divisional Officer of the Quarter Master General's Department, the Executive Engineer at the Presidency exercising the same functions in regard to Military Buildings there, as other Executive Engineers with respect to buildings in the Provinces.

26. The rules relating to Military Buildings in the Provinces as respects both new works and repairs, are equally applicable to Military Buildings at the Presidency, Saint Thomas' Mount, Poonamallee and Palaveram.

Selection of site.

27. Careful consideration shall be given in the selection of a site for a building, especially when intended as a residence for a large number of men. The nature of the soil, and the facilities for drainage, should be thoroughly investigated; and the certainty of obtaining good water in sufficient quantity must be ascertained. Any defects in adjacent buildings should be observed; and the position of the neighbouring rivers, tanks, cultivation, hills, and jungles should be carefully examined. The direction of the prevailing winds, and the character of the country over which they blow, should be noted. The opinions of qualified Medical Officers should, if possible, be taken upon these points.

Assurance of suitable accommodation.

28. Every estimate for a new building must be accompanied by an assurance that it provides for all the necessary accommodation. The proposed allotment of the rooms must be given: and the opinion of the intended occupant and of the Head of the Department concerned, as to the sufficiency of the accommodation, must be obtained.

Necessity for new accommodation to be explained.

29. When a new building is required, and when the circumstances under which it is required have already existed for long, it must be explained how the want has hitherto been supplied, and why the existing arrangements cannot be continued.

Plan to accompany all proposals of additions.

30. Every proposal for additional rooms to any building must be accompanied by a plan, showing the whole of the existing accommodation and its allotment.

Definition of term repair.

31. The repair of a building shall consist of the restoration of its decayed parts, with such alterations of form, dimension, and material, as may be indispensably necessary. Trifling improvements shall be considered as repairs, when so connected with them that the separate execution of each would be impracticable, or highly inconvenient.

All trifling improvements to be included.

32. In every estimate for the repair of a building, all such repairs and trifling improvements as may seem necessary shall be included.

Estimates exceeding one-fourth of value, termed new work.

33. When the estimate for the repair of any building exceeds one-fourth of the value of the building, as entered in the dead stock account, it shall be regarded as coming under the term "new works," and shall be dealt with accordingly.

Full explanation to accompany all estimates.

34. In submitting an estimate for the repair of any building, full particulars shall be given of the character and condition of the building. The nature of the repair required, and the necessity for it, shall also be explained, especially when the estimated cost bears a large proportion to the value, or the original cost of the building.

Case of buildings not permanently occupied.

35. In the case of a building not permanently occupied, the Executive Engineer shall act at his own discretion.

Nature of roofs.

36. The roofs of all public buildings of a permanent character, shall be either terraced, tiled, or arched. Thatched roofs shall be permitted only in cases of unimportant buildings, quite of a temporary character, and removed from other buildings.

Ventilation to be provided.

37. In all buildings intended for dwellings, adequate provision must be made for ventilation, on scientific principles.

Barrack fixtures considered part of a building.

38. All barrack fixtures, of every description, shall be considered as part of the buildings, and shall be furnished by the Public Works Department; leaving only such movable appurtenances or drill apparatus as can be returned into store on buildings being vacated, to be supplied by the Barrack Department.

THE SUBMISSION OF ESTIMATES TO GOVERNMENT.

All Estimates submitted through Superintending Engineer.

39. All estimates for public works, originating in any Department, which are intended for submission to Government, shall be sent through the Superintending Engineer.

SANCTION OF EXPENDITURE.

Powers of the Superintending Engineer to sanction expenditure.

40. The following works may be sanctioned by Superintending Engineer:—

I. Repairs to Buildings without limit; provided that the Estimate be within one-fourth of the value of the Building, and that the sum allowed in the Budget for the purpose be not exceeded.

II. Minor alterations, additions, and improvements to Buildings estimated to cost not more than 100 Rupees, in communication with the Commander-in-Chief, in the case of Military Buildings, and with the Head of the Department concerned, in the case of other Buildings.

III. Necessary alterations in the constructive details of works during their execution, provided that the additional expenditure does not amount to more than 5 per cent. on the Estimate.

Military Buildings.

41. An Officer Commanding a Division may sanction the following works:—

I. Repairs to Military Buildings within five hundred Rupees, provided that the Estimate does not exceed one-fourth the value of the Building

II. Emergent work to Military Buildings when the health of the Troops is affected, and emergent work to Commissariat Buildings, within Rupees five hundred, and without Estimate, the Bill being accompanied by a Statement of the work performed, and will be passed by the Superintending Engineer.

Buildings at the Presidency.

42. The Barrack Master may sanction repairs to any Buildings at the Presidency within five hundred Rupees, provided that the Estimate does not exceed one-fourth of the value of the Building.

SUPPLY AND REPAIR OF BARRACK FURNITURE AND FIXTURES.

43. All repairs and supply of Barrack Fixtures and Buildings including Punkahs and Flinges are to be executed by the Public Works Department and provided for in the Budget Estimates, and repair and supply of Barrack Furniture are to be provided for by the Commissariat Department. The aid of the Public Works Department will be available for making and repairing Furniture, when it may be desirable to seek it, the Officers of that Department being placed in funds for the purpose by the Officers of the Indenting Department.

44. The Commissary General will issue instructions for the repair and supply of Barrack Furniture being attended to by his Department, in accordance with the above arrangement.

EXECUTION OF WORK.

GENERAL.

Verbal orders, which entail expenditure to be confirmed in writing.

45. Verbal orders alone, as being liable to misapprehension, will not be received as a sufficient warrant for commencing any work, or incurring any expense. This shall not interfere with the prompt obedience of every Officer in the Department to the lawful orders of his Superiors, or the emergent requisitions of Military or Civil Authorities, when given verbally: but the written confirmation of all verbal orders which entail expenditure must be solicited by the Officer who receives them; and he will be held personally responsible for any expense which may thus be incurred, unless he can show that he applied, within reasonable time, in writing to the Officer by whom the verbal order was given, stating in detail the work he was about to carry out, giving a rough estimate of the expense, and asking for a written confirmation of the original order.

Work not to be carried on Sunday.

46. Every public work, carried on under the orders of Government, shall be discontinued on Sunday. Exception will be made only in cases of very urgent necessity, in which delay would directly prejudice the interests of Government, or the people: but in every such case an immediate report must be made for the information of the Superintending Engineer.

Buildings completed, to be made over to Quarter Master General's Department.

47. All Military buildings, upon completion, shall be handed over to the Quarter Master General's Department; and the Public Works Department shall have no further concern with them, except in so far as they may require repair from time to time.

Embarkations.—No. 26.—With reference to G. O. G., No. 417, dated 1st December 1865, the Commander-in-Chief, with the sanction of Government, is pleased to notify that embarkations and disembarkations of Troops at the Presidency, will in future take place under the following rules :—

1. Unless otherwise directed at the time, orders for the embarkation or disembarkation of Corps proceeding to or arriving from England, or the Colonies, or of Corps going on or returning from Foreign service in India, with the exception noted in Rule 2, will be issued through the Quarter Master General.

2. The Officer Commanding the Centre Division will issue orders and make all the necessary arrangements for the embarkation and disembarkation of Details to and from Burmah and elsewhere, and for the disembarkation of Corps arriving from Foreign service for any Station in the Centre Division, and for their disposal after landing.

3. In reference to paragraph 128 of the G. O. G., the Senior Officer in charge will, immediately on arrival in the Madras Roads, transmit to the Deputy Assistant Quarter Master General, Centre Division, Fort Saint George, a disembarkation return (*vide* Form H or I) either for transmission to the Quarter Master General, or for disposal under the orders of the Officer Commanding the Division, as the case may demand. No other Reports or Returns are required. The use of the Return Form "G" is to be discontinued. When sick carriage is required, the quantity and description, and the number of men to be carried, should be noted at the foot of the Return.

4. In all cases where G. O. G. referred to applies to the duties of the Quarter Master General, it is to be considered applicable to the Officer Commanding the Centre Division, within the limitation of the instructions conveyed in the preceding paragraphs of this order.

Courts Martial.—No. 28.—The following Extract from General Orders by His Excellency the Commander-in-Chief in India, is re-published :—

Adjutant General's Office, Head Quarters, Calcutta, 27th April 1866.

No. 38.

COURTS MARTIAL.

PUNISHMENT.

Military Prisons not having yet been established in India on a footing of law, by which the power of summary punishments is vested in Visitors, the Commander-in-Chief thinks that the powers given by the Mutiny Act and Articles of War. to Officers Commanding Brigades and Regiments, should be more frequently exercised than is now the case.

2. It happens at present that, when a prisoner undergoing his sentence in a Station Prison in India, commits an act of violence, his case is referred to Army Head Quarters, with a view to a General Court Martial being ordered.

3. The Commander-in-Chief thinks that, in such cases it would be generally better to try the prisoner at once by District Court Martial, with a view to the infliction of a summary punishment such as that ordered by Visitors, viz., corporal punishment to the extent of the powers of a Court Martial.

4. As the men concerned are generally undergoing long terms of imprisonment, it would, considering the Indian climate, be usually inexpedient to prolong the term of imprisonment, on account of the misconduct above alluded to.

Head Quarters, Ootacamund, 12th April 1866.

Adjutant General's Office, Head Quarters, Calcutta, 8th February 1866.

No. 24B.

Confidential Reports—Inspection Returns.—It having been observed by the Commander-in-Chief in India that the method of preparing the Inspection Returns* of British Regiments is not uniform throughout the Army, and that in some cases the Return has not been intelligible, and in others actually incorrect, His Excellency calls the attention of Commanding Officers to the following Rules which are now laid down for their guidance.

* War Office Forms, 758 & 759.

2. In the first Return on page 1, the line "Present under Arms" must include all Officers and men on the Inspection Parade, whether in the ranks or not, Recruits at drill, Regimental Orderlies, &c.

3. The line "on duty" should include only—

1*st*.—Regimental and Garrison Guards.

2*nd*.—Orderly Non-Commissioned Officers and men, whose absence from Parade is actually necessary for drawing rations and for the protection of barrack rooms, and any others unavoidably absent *on duty*. The numbers returned under this head are to be fully and satisfactorily accounted for to the Inspecting Officer.

4. Officers and men absent on duty at out-quarters must be shown in a line (to be introduced under "Prisoners") "on Command," and not included in the second line of the Return, viz, "on duty," which applies only to those present with the Regiment, nor under "absent with leave," as is sometimes done. In this line "on Command" must be included all invalids, time-expired men, and men for discharge, as well as Recruits en-route to join, and all Officers doing duty with such detachments, whether composed of men of their own or other Regiments.

5. Under the circumflex "sick," a line "at Convalescent Depôts" to be added for *sick* men, at or proceeding to or from such Depôts, and for Officers doing duty with them.

6. In the account showing the increase and decrease "since last Inspection," lines must not be inserted to account for promotions and reductions, as those do not affect the total strength of a Regiment. But a line "joined from England" may be added in the "Increase," and "sent to England" in the "Decrease." Boys enlisted to be included in the head "Recruits."

7. Strict attention must be paid to the note at the head of the column of "Remarks" on the 3rd page of the Return. The cause of the absence of each Officer must be correctly and fully stated.

8. Inspecting Officers will cause any Inspection Return which may not be prepared in strict accordance with the above instructions to be corrected before transmitting it to Head Quarters.

No. 24*d*.

Inspections.—Royal Artillery.—As it appears from the Parade States which accompany the various Inspection Reports on the Batteries of Royal Artillery in the several Presidencies, that in some instances many Non-Commissioned Officers and men are returned as not present on Parade, and on very insufficient grounds, the Commander-in-Chief in India requests that all Inspecting Officers will insist on the attendance of every man at the Inspection Parades, excepting in instances in which absence may be unavoidable and urgently necessary.

No. 71.

Discharges.—Change of Residence.—As much inconvenience has been caused by Soldiers applying for permission to change their intended place of residence, after leaving their Regiments for discharge, which frequently involves the cancelment of arrangements in regard to their passage, the correction of discharge papers, and the re-preparation of parchment certificates, which had already been confirmed, Commanding Officers are to explain to Soldiers under their command, that when appearing before Regimental Boards, they must finally make up their minds as to their place of residence, and that no change of the election they may then make will be sanctioned, except under very special and unforeseen circumstances.

No. 75.

Discharge.—Under instructions from the Horse Guards the Commander-in-Chief in India is pleased to publish the following Rules for the preparation of the Statements of Service in Soldiers' Discharge Documents:—

* Application for Discharge. Proceedings of Discharge Board.

In all cases of discharge, whether on completion of limited engagement or otherwise, the service shown on the first page of the proceedings of the Board is to be that towards Good Conduct Pay and Pension, and to correspond with that shown in the first column of the second page.

A new Form of Parchment Certificate has been approved by His Royal Highness, in which both services are inserted, but until the receipt of the new Forms the Certificates will continue to be prepared as at present.

Invalids—Discharges.—Under instructions from the Horse Guards, the Commander-in-Chief in India, finds it necessary to call the attention of Regimental Officers to the necessity of giving the fullest possible information in the report on the third page of the Proceedings of the Board, in the case of men brought forward for discharge as Invalids.

Much inconvenience is frequently occasioned by the incompleteness of the information in this particular and the consequent inability of the Inspecting Medical Officers to decide finally upon each case, and to sign the Certificate appended to the questions and replies.

His Excellency will hold the transmitting Officers responsible that they ascertain by examination that the orders on this subject are carried out.

POSITION AND PROGRESS OF THE COMPANY.

During the year 1865, 690 New Policies were issued in India alone, assuring Rs. 38,59,966, and yielding in new Annual Premiums Rs. 1,80,599-9-6. The total new business of the Company is progressing at the rate of about £ 30,000, or Three Lacs of Rupees per annum in Premiums.

The total amount of claims and Bonuses paid to claimants exceeds One Million and a quarter Sterling.

SECURITY.—The Capital of the Albert Company is £ 500,000, subscribed by a numerous and influential body of Proprietors.

The Funds exceed £ 736,000 Sterling, the Annual Revenue from Premiums about £ 300,000, and is increasing at the rate of about £ 30,000 per annum.

THE PROFITS—Are divisible every three years, a proportion equal to four-fifths or Eighty per cent. of the whole profits being at the option of the Assured, payable in Cash, added to the Policy or applied in reduction of future premiums.

The last division of Profits as at 31st December 1861, resulted in a cash appropriation to participating Policy Holders of £ 50,000.

The next Division will apply to all "Participating" Policies in force on the 31st December 1864. The necessary calculations for 1864, are now being proceeded with as expeditiously as possible at the Head Office in London.

GENERAL ADVANTAGES.

A few of these not already noticed may be briefly enumerated as follows :—

There is no charge for Entry Money, Policies, or Stamps.

Premiums may be paid in one sum, or by yearly, half-yearly, quarterly, or monthly payments.

Civil rates charged on the lives of Military Officers holding Civil appointments (Police and Constabulary Corps excepted) for the term of such appointments.

Immediate reduction to English rates on the assured proceeding to Europe or any other part of the world which the Directors may consider equally healthy, *whether for a permanent or temporary residence.*

THE PREMIUMS

Will be found generally lower than the rates of any other Company.

On receiving the necessary instructions from Applicants for Assurance, the Company will, if desired, Telegraph the result of proposals to any part of India to which the lines may extend, within at least twelve hours after receipt in Madras of the papers completed, the cost of Message being borne by Applicants.

DELATRE AND CO. have much pleasure in presenting to their Friends and the public the annexed Price List of their Manufactures and Importations, and they are confident that the price of every article will be found much below those of any other dealer in India.

D. AND Co. having had many years' experience in the Tobacco trade in America and England, and having brought their practical experience to the manufacture of Indian Tobacco, have been enabled to produce a very superior cut Tobacco from the choicest of country growths, and which, in quality and cheapness, can compare favorably with any in the world.

D. AND Co. have also been enabled to take advantage of long previous experience in the Home manufacture of Cigars in their efforts to produce an entirely new and superior Cigar out of country Tobacco, and in shape, make, and flavour, their Cigars will be found to far surpass any in the market.

D. AND Co. further beg to state that, with the view of doing an exclusively Cash business, they have priced all their Goods at extremely low rates, and they trust, by unremitting care and attention to their business, to merit the patronage of the Public.

D. AND Co. are prepared to allow specially favorable terms to Messes, Canteens, and Wholesale Buyers, Shipping Agents, &c. Their wholesale terms for cut Tobacco, &c., can be ascertained by application, personally or by letter, at the above address.
