LIST OF HER MAJESTY'S COVENANTED CIVIL SERVANTS ON THE MADRAS ESTABLISHMENT,

Corrected up to the 30th June 1872.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same season of which they are Civil Servants ; and, being thus determined, all Civil Servants belong, during the first four years, to Class VI ;—from the fifth to the end of the eighth year, to Class V ;—from the ninth to the end of the twelfth year, to Class IV ;—from the thirteenth to the end of the twentieth year, to Class III ;—from the twenty-first to the end of the twenty-eighth year, to Class II ;—and from and after the twenty-ninth year, to Class I.

The letters **A, B, C**, prefixed to the names, denote respectively that the parties have not passed either of the two Standards of Qualification ; that the first or lower Standard has been passed ; that the Servant cannot take Special leave.

M prefixed to a name denotes that the Servant though not having passed by the 2nd Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate.

Column 2, Capitals distinguish high proficiency. Small Roman letters show that the languages were studied in England by Civilians under the new system. *Italic Capitals* denote that the Civilian has passed the Honors Test under the Rules of 1868.

Column 7, *Italics* show " Dies non " G. I. Resolutions, 5th Nov. and 21st Dec. 1868, Nos. 3,477 and 3,737, Financial. Roman Capitals show Special Leave. *Antique letters* indicate a year of Sick Leave taken under rules in force before 1st July 1868—Civil Leave Code.

Column 8, The Actual Service shown is calculated in accordance with Section 4, and is the period of Residence qualifying for Pension under Supplement A of the Civil Pension Code.

GENERAL ORDERS BY GOVERNMENT.

3. It will rest with your Government to keep the necessary lists, and to notify the promotions or removals of the names of Officers from rank to rank, as the case may be, in succession to vacancies caused by the deaths of General Officers, up to the rank of Lieutenant-Colonel. The promotions amongst the General Officers, and from the rank of Colonel to that of Major-General, will be made, as heretofore, in this country.

4. On occasions when no actual promotion in or to general rank takes place, but a name in italics is removed from one grade to another, no notification will be made in the *London Gazette*; but I consider it advisable that the fact should be published in your local Orders. For this purpose you will be kept duly informed of all vacancies and of the alterations in the list occasioned by them.

5. On the death of Lieutenant-General Sir G. I. Jameson on the 24th October 1871, Clauses 10, 11 and 12 of the Warrant of 15th June 1864 came into operation. The Senior Colonel of the British Army became a Major-General, the Staff Corps Officers were transferred to the Imperial List,* and, under the provisions of the Warrant now forwarded, the name of Colonel Salmon, of the Bombay Staff Corps, was placed in italics in the position of Junior Major-General on the India List.

* *London Gazette*, 22nd December 1871.

VICTORIA R.

Whereas it has been represented to Us that it is expedient to make further Regulations for governing the Promotion in the Army of the Officers of Our Indian Forces, Our will and pleasure is that the Regulations annexed to this Our Royal Warrant be established and be the sole Regulations under which the Promotion in the Army of such Officers shall be effected.

Given at Our Court at Windsor this 21st day of December 1871, in the Thirty-fifth Year of Our Reign.

By Her Majesty's Command,
ARGYLL.

REGULATIONS FOR THE PROMOTION OF INDIAN OFFICERS, SO FAR AS RELATES TO RANK IN THE ARMY.

1. Field Marshals shall be appointed at the will of the Sovereign, and the rank shall be conferred without reference to seniority.

2. The names of General Officers shall be borne upon three separate lists. The first shall contain the names of those on the fixed establishment; the second, those who having been promoted out of their regular turn are supernumerary to the fixed establishment; and the third, those who have retired from the service with the honorary rank of General Officers.

3. The fixed Establishment of General Officers shall be the following :—

Generals	...	...	...	...	33
Lieutenant-Generals	...	...	...	...	53
Major-Generals	...	...	...	...	87
Total...					173

4. Promotion on the establishment from the rank of Lieutenant-General to that of General, and from the rank of Major-General to that of Lieutenant-General, shall be made as vacancies occur, according to seniority, subject, however, to the provision laid down in the last paragraph of Clause 11.

5. Every vacancy on the establishment of General Officers shall be filled by the promotion of the Senior Colonel, subject to the provision in the last paragraph of Clause 11, or by the transfer of a General Officer from the supernumerary list as provided in Clause 8.

6. Temporary rank and command as General, Lieutenant-General, or Major-General, may, for the convenience of Our service, be conferred, without regard to seniority, on Lieutenant-Generals, Major-Generals, or Colonels respectively; and if the Officer during the continuance of such temporary rank and command shall have conducted himself to Our satisfaction, the rank so held may, upon the recommendation of Our Governor-General in Council, be converted into permanent rank after having been held for five years in time of peace or for any shorter period in the field during war. A Colonel who shall vacate an appointment as temporary Major-General, and whose temporary rank shall not have been made permanent, may, upon the recommendation of Our Governor-General in Council, be made an honorary Major-General, and shall retain that rank until he succeed to the establishment in virtue of his seniority on the list of Colonels.

7. Promotion may be conferred upon a Lieutenant-General, Major-General, or Colonel, without regard to seniority, for distinguished service in the field, and in such case the recommendation of Our Governor-General in Council, detailing the services for which the Officer is promoted, shall be published in the General Orders of Our Indian Military Forces, and in the *London Gazette*.

8. An Officer not below the rank of Colonel, promoted after temporary service in higher rank, or for distinguished service in the field, shall be borne as supernumerary, and shall not be placed on the establishment in his new rank until the time when he would have attained such rank by seniority, that is to say, when the surviving Officer who stood next senior on the list to the Officer promoted

under Clause 6 or 7, shall have attained the same rank on the establishment, the next vacancy shall be filled by the transfer of the supernumerary General Officer to the establishment.

9. A supernumerary Major-General, who has been promoted after temporary service and absorbed, under Clause 8, into the establishment, shall have seniority according to the date of his permanent rank as Major-General, and shall rise to be Lieutenant-General and General, whether before or after his absorption into the establishment, in accordance with that seniority. A supernumerary General Officer who has been promoted for distinguished service in the field, and absorbed under Clause 8, shall take his seniority from the date of his promotion as published in the *London Gazette*.

10. The Officers of the Staff Corps on the Indian list having been transferred to the General List of the British Army, according to the regulations contained in Clause 39 of Our Royal Warrant of the 27th of December 1870, their names shall be retained on the Indian List in italics, until their death or retirement, for the purpose of regulating the promotion of the Officers below them on that list.

11. On the occurrence of a vacancy in the fixed number of General Officers on the Indian List, specified in Clause 3 of this Warrant, whether among those who remain effective on that list, or among those whose names are merely retained in italics, and who shall be considered as forming part of the said fixed establishment, the name of the Senior Officer in each grade on the Indian list below that in which the vacancy may occur (with the exception of the grade of Lieutenant-Colonel), shall be moved up to the next higher grade; but in the case of the Officers whose names remain in italics, there shall be no actual promotion, the arrangement being limited to the transfer of the names for the purpose of regulating the promotion of those Officers who remain effective on the Indian List; and the promotion of an effective Colonel on the Indian List to the rank of Major-General shall in no case be affected by casualties among the General Officers of the Staff Corps, until the number of General Officers to be added to the British Establishment under Clause 24 of Our said Royal Warrant of the 27th of December 1870 shall be complete.

12. The rank of Brigadier-General shall be local or temporary only.

13. A Lieutenant-Colonel may attain the rank of Colonel—

(a)—By regimental seniority in the case of Officers on the Indian List of Cavalry and Infantry whose substantive commissions, as Lieutenant-Colonel, are dated prior to the 1st of January 1862;

(b)—By twelve years' service in the substantive grade of Lieutenant-Colonel;

(h)—By Brevet, after eight years' satisfactory service, as a Substantive Lieutenant-Colonel or Substantive Major, with the Brevet rank of Lieutenant-Colonel, in a Civil situation under Government, provided the appointment be of a nature considered by Our Governor-General in Council and Commander-in-Chief in India to be calculated to afford the Officer such practical experience as may afterwards prove advantageous to the corps or service to which he belongs;

(i)—By Brevet, after eight years' service, with the Brevet rank of Lieutenant-Colonel conferred for distinguished service in the field.

14. A Substantive Major with the Brevet rank of Lieutenant Colonel, who shall fall into temporary command of a Regiment for a continuous period exceeding one calendar month, shall reckon such continuous period as part of the five years required to qualify for the rank of Colonel.

15. GENERAL ORDERS BY GOVERNMENT.

CHAPTER V.—PUBLIC WORKS DEPARTMENT.

*The following rules regulate the acting allowances of officers of the Engineer Establishment of the Public Works Department, and of the superior officers of the Accounts Branch of that Department :—

Not officiating in grades.

Section XIX(a).—No officer of a class divided into grades is allowed to officiate in that class in a grade higher than that which he holds permanently.

(b).—An officer officiating in a rank which is divided into classes, or in a class divided into grades, will officiate in the lowest class or grade. This rule does not apply to officers officiating in appointments the substantive holders of which must belong to a particular class.

Section XX(a).—An officer with a substantive appointment, officiating in a higher class or in another appointment is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the class or appointment in which he officiates.

(b).—A Civil officer without a substantive appointment is entitled to an acting allowance of half the civil pay of the class or appointment in which he officiates. A military officer, without an appointment, is entitled to his pay and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated in Section XV plus half the civil pay of the class or appointment in which he officiates.

(c).—In the case of a graded class, the average civil pay of the grades (calculated without reference to the number of appointments in each grade) is deemed to be the civil pay of the class, provided that the officiating officer's salary shall not exceed the pay of the lowest grade.

(d).—The net military pay of an officer of the Royal Engineers is not taken into account in calculating acting allowances. He is entitled to this pay independently of any other allowance.

Section XXI.—In the following cases special allowances are given, on sanction by the Local Government, or if the appointments are under a Chief Commissioner or an Agent to the Governor-General, or under the Resident of Hyderabad, or the Superintendent of Port Blair, by the Government of India :

Subordinates.

(a).—A subordinate officiating as an Executive Engineer is allowed Rupees 100 a month in addition to his pay, provided that the aggregate does not exceed the pay of an Executive Engineer of the 4th Grade.

(b).—A subordinate officiating as an assistant is allowed an addition of Rupees 50 a month to his pay. This allowance is not admissible on the mere circumstance of the subordinate holding a charge formerly held by an assistant, but only when the charge involves duties and responsibilities which, in character or extent, are such as are not usually imposed on subordinate officers.

(c).—An Accountant officiating for a Controller or Deputy Controller is entitled to draw an allowance of Rupees 100 per month in addition to his pay, provided that the aggregate does not exceed the pay of a Deputy Controller.

Section XXII.—No increased allowances are admissible to an officer of the Upper Subordinate Establishment, or to a Sub-Overseer, for performing duties previously entrusted to one of a higher grade in either of the Subordinate Establishments.

CHAPTER VI.—THE SURVEY DEPARTMENT.

The following special rules apply to officers not below the rank of Assistant Surveyor in the Survey Department under the Surveyor-General of India :—

Section XXIII.—An officer officiating in the grade immediately superior to his own, is entitled to the same allowances as if he were confirmed in that grade.

Section XXIV.—An officer officiating in a grade higher than that immediately superior to his own, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the grade in which he officiates.

NOTE.—The note to Section XII(a) applies to this section also.

Section XXV.—An officer without a substantive appointment is entitled to an acting allowance in addition to his pay (if any) of half the civil pay of the grade in which he officiates.

CHAPTER VII.—OTHER OFFICERS.

Section XXVI.—The following are the rules applicable to officers in civil employ who are not members of the Covenanted Civil Service, nor Commissioned Officers in the Army, nor in the Public Works and Survey (India) Departments, unless they are officiating in appointments below the rank of Assistant Engineer, or Assistant Controller, or Assistant Surveyor,

GENERAL ORDERS BY GOVERNMENT.

nor officers of the superior establishment of the Telegraph and Forest Departments, whose acting allowances are regulated by the special rules contained in the Appendix.

Section XXVII(a).—An officer with a substantive appointment officiating in an appointment which is open to, and may in practice be held by a Covenanted Civil Servant or an Officer of the Army, is entitled to the acting allowance prescribed in Section XII.

Examples of the appointments referred to.

Postmaster-Generals; Judge of a Small Cause Court; Gazetted appointments in the Police Department.

(b).—An officer with a substantive appointment officiating in an appointment of which the pay is not less than Rupees 100 per mensem, is entitled to an acting allowance of one-fifth of the pay of the appointment: Provided that no officer may, under this clause, be appointed to officiate in a higher grade of his own class.

Section XXVIII.—An officer without a substantive appointment, officiating in an appointment the pay of which is not less than Rupees 100 per mensem, is entitled to an acting allowance of half the pay of the appointment.

Section XXIX.—If the appointment belongs to a graded class, the average pay of the grades (calculated without reference to the number of appointments in each grade) is deemed to be the pay of the appointment: Provided that the officiating officer's salary shall not exceed the pay of the lowest grade. This section does not apply to an officer who belongs to another Department, and is specially appointed to officiate in a grade other than the lowest.

Section XXX.—If the pay of the appointment is less than Rupees 200, and the Local Government considers that the acting allowances admissible by rule are insufficient, it may grant to the officiating officer higher allowances not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

Section XXXI.—The salary of an officer officiating in an appointment of which the pay is less than Rupees 100 per mensem, should, as far as practicable, be regulated by Sections XXVII(b) and XXVIII, but the officer who appoints the substitute may allow him higher allowances not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

CHAPTER VIII.—PLURAL APPOINTMENTS.

Section XXXII.—The salary of an officer holding substantively, or officiating in two or more independent appointments at one time, shall be regulated as follows :—

(a).—He shall draw the highest salary to which he would be entitled, if he held, or officiated in any one of the appointments alone.

(b).—For the other appointment or appointments, he shall draw such allowances as the Local Government may fix, not exceeding, for each appointment, half the salary which he would draw if he held or officiated in it alone.

(c).—Provided that his aggregate salary shall not exceed the pay which he would draw in the most highly paid of the appointments, if he held it substantively and alone.

(d).—This proviso may be dispensed with, if the Local Government declares that, for special reasons (to be communicated to the Supreme Government), it is necessary, on public grounds, to entrust to the one officer the duties of the several offices at once, and that the salary to which he would be limited by the proviso is insufficient.

[Illustration.—A Covenanted Civil Servant holding a substantive appointment, A, of which the pay is Rupees 1,000, is appointed, without being relieved of his own duties, to officiate in two appointments, B, of which the pay is Rupees 1,600, and C, of which the pay is Rupees 2,200.

	Rs.
If he held A only, he would draw	1,000
If he officiated in B only, he would draw pay Rupees 1,000 and acting allowance Rupees 400	1,400
If he officiated in C only, he would draw pay Rupees 1,000 and acting allowance Rupees 800	1,800
He will therefore draw for C (which carries the highest salary)	1,800

And but for proviso (c) he would be entitled for B and A, to such allowances as the Local Government might fix, not exceeding Rupees $\frac{1,000}{2} = 700$ for B, and $\frac{1,000}{2} = 500$ for A.

But in consequence of that proviso, his aggregate salary must be limited to Rupees 2,200 (the pay of appointment C), unless the declaration prescribed in Clause (d) be made.]

GENERAL ORDERS BY GOVERNMENT.

(4.) The only alteration made in this Code, to which attention need be directed, is that Section VII is slightly different in its effect from the Order (No. 1682, dated 2nd July 1869, para. 4) on which it is based, Clause (c) being entirely new.

O., No. 1,192,† dated 21st December 1870, is cancelled, and that all allowances granted by that General Order will cease from the 31st instant, the rates of pay, &c., laid down in 1864 being intended by Her Majesty's Government as remuneration in full for all duties which may devolve on Medical Officers of the British Army serving in India.

3. The small arms of Batteries and Volunteers at all other Stations will be repaired and browned by the Armourer Sergeants of British Regiments on the spot, or will be sent for repair to the nearest Station where there is an Armourer Sergeant.

4. Armourer Sergeants in accordance with the provision of War Office Circular, Clause 38 of 1870, made applicable to India by G. G. O., No. 295 of 1871, will not, except under the circumstances hereafter stated, receive any extra remuneration for repairing or browning these arms.

5. When the number of arms of Artillery and Volunteers to be kept in repair by the Armourer Sergeant of a British Regiment, exceeds 24, being the equipment of one Field Battery, he will be remunerated for such extra work according to the scale laid down in Columns B and D of Statement published in General Order of Commander-in-Chief, dated 29th May 1865, provided it can be shown conclusively that the working hours of the Armourer concerned are already fully occupied with the repair of arms of his own Regiment.

6. The bill for extra labour must, in such cases, be supported by a statement showing the number of arms the Armourer Sergeant had in charge, and by a certificate of the Commanding Officer of the British Regiment that, consistently with the proper discharge of his regular duties, the arms of the Battery or Volunteer Corps could not have been repaired within working hours.

7.—The bill, in such cases, will be submitted in the first instance to the Chief Inspector of Musketry who, if he considers the claim equitable, will countersign it and send it on to the Ordnance Office for settlement.

8. Officers Commanding Batteries of Artillery and Volunteer Corps (those excepted whose arms are to be repaired in Arsenals) will annually indent for the proportions of component parts and materials for repairing and browning their arms, which are allowed free of charge under the provisions of the General Orders quoted in the margin.

9. In the case of Batteries and Volunteer Corps at Stations where there is no Armourer Sergeant, and whose arms will therefore have to be sent to another Station to be repaired or browned, the materials for repairs, &c., indented for as above (Rangoon oil for cleaning excepted), will be sent, in compliance with the annual indent direct from the Arsenal to the Station where the repairs are to be executed, which should be stated in the indent, and kept in charge of the Quarter Master of one of the British Regiments at that Station.

10. The provisions of paragraphs 8 and 9 of General Order of Commander-in-Chief, dated 29th May 1865, relating to payment by the men for the repairs of arms injured either intentionally or by carelessness, are applicable to the arms of Royal Artillery and Volunteer Corps; and their arms will be browned as provided for in paragraph 11 of that Order.

11. The sum of 8 annas per rifle per annum will be deducted from the contingent allowance of every Battery of Royal Artillery, and from the annual capitation granted of every Volunteer Corps, as is already done from British Cavalry and Infantry, in aid of the expense incurred in keeping their arms in repair.

12. The transport charges of these arms to and from an Armourer's shop will be defrayed by Government.

13. Chief Civil Master Armourers will visit on their tours of inspection all Batteries of Royal Artillery and Volunteer Corps, and examine and report on the state of their arms.

14. They will furnish a separate report on the small arms of each Battery to the Officer Commanding the Royal Artillery on the spot. These reports, in original, will be attached to the Battery reports of small arms in the form laid down in General Order by the Commander-in-Chief of 29th May 1865, sent to Army Head Quarters annually before the 1st June, through Officers Commanding Artillery Districts.

15. The reports of Chief Civil Master Armourers on the condition of the arms of Volunteer Corps will be given to the Officers in command of these Corps to be handed over to Inspecting Officers who will attach them to their own reports, noting the steps that have been taken to remedy any defects brought to notice.

16. After his inspection of the arms of Volunteer Corps, the Chief Civil Master Armourer will, when necessary, draw up a return in duplicate, specifying any cases of neglect or unfair usage involving a charge against the Corps. The Commanding Officer may add his remarks at the foot of the return.

17. One copy of this return will be sent at once by the Commanding Officer to the Commissary of Ordnance of the nearest Arsenal; the other copy will be handed by the Commanding Officer to the Inspecting Officer, who will attach the document to his own report. In the event of any objection being raised to the report of the Chief Civil Master Armourer, the arm concerned will be sent without delay to the nearest Arsenal, and if the second examination confirms the Chief Civil Master Armourer's report, the expense of carriage will be charged against the Corps.

18. The Chief Civil Master Armourer will carefully note in his report on the state of the arms the general way in which the Serjeant Instructor has performed his duties as Armourer, together with the nature of all repairs, and how executed.

II. With reference to paras. 2 and 3 of the above G. O. G. G., the small arms of Batteries and Volunteer Corps at the stations marginally cited, will be repaired and browned in the Arsenals noted opposite to them. The small arms of Batteries and Volunteers at all other stations will be repaired by the Armourer Serjeants of British Regiments on the spot, or

PREVENTIVE JURISDICTION OF MAGISTRATES.

G. O. G., No. 139 of 1872.—The following General Orders by the Government of India are re-published:—

Fort William, 14th May 1872, No. 532.—His Excellency the Governor General in Council is pleased to publish for general information the following extract from Act No. X of 1872, regulating the Procedure of the Courts of Criminal Judicature, which it is enacted shall come into force on the 1st day of September 1872:—

PART XI.

PREVENTIVE JURISDICTION OF MAGISTRATES.

CHAPTER XXXVI.

OF THE DISPERSION OF UNLAWFUL ASSEMBLIES.

480. Any Magistrate or officer in charge of a Police station may command any unlawful assembly or any assembly of five or more persons likely to cause a disturbance of the public peace to disperse, and it shall thereupon be the duty of the members of such unlawful assembly to disperse accordingly.

481. If upon being so commanded any such assembly does not disperse, or if, without being so commanded, it conducts itself in such a manner as to show a determination not to disperse, any Magistrate or officer in charge of a Police station may proceed to disperse it by force, and may require the assistance of any person, other than any troops of Her Majesty acting as such, for the purpose of dispersing it, and apprehending the persons who form part of it.

482. If an unlawful assembly cannot be otherwise dispersed, and if it is necessary for the public security that it should be dispersed, the Magistrate of the highest rank who is present may cause it to be dispersed by Military Force.

483. No Magistrate shall be held to commit any offence by ordering the dispersion by Military Force of any assembly, the dispersion of which he regards on reasonable grounds and in good faith as necessary to the public security.

484. When a Magistrate determines to disperse an assembly by Military Force, he may require any officer in command of any of Her Majesty's Troops to disperse such assembly by such force, and it shall be the duty of every such officer to obey every such requisition in such manner as in his discretion may appear proper; but in doing so he shall use as little force and do as little injury to person and property as is consistent with dispersing the assembly and arresting and detaining such persons as he may be directed by the Magistrate to arrest and detain.

485. No officer obeying any such requisition shall be held to have committed any offence by any act done by him in good faith in order to comply with it.

486. No inferior officer or private soldier shall be held to have committed any offence by any act done for the dispersion of any such assembly in obedience to any order which he was bound by the Mutiny Act or by the Indian Articles of War to obey.

487. When the public security is manifestly endangered by an unlawful assembly, and when no Magistrate can be communicated with, any Commissioned Officer of Her Majesty's Forces may disperse any such assembly by Military Force, and in doing so, he shall have the same protection as a Magistrate, but as soon as he can communicate with any Magistrate, it is his duty to do so.

488. No prosecution against any Magistrate, officer or soldier for any act done under the provisions contained in sections four hundred and eighty-one, four hundred and eighty-two, four hundred and eighty-four, and four hundred and eighty-seven shall be entertained in any Criminal Court except with the sanction of the Local Government.

ARMY REGULATIONS.

G. O. C. C., No. 30 of 4th April 1872.—The following additions and alterations are to be made to the Army Regulations—Books to be corrected accordingly:—

The note at the foot of page 43, is cancelled.

In the second note at the foot of page 45 second line, erase the figures "1867" and substitute 1866. Para. 833 is cancelled and the following substituted.

833. When furlough is taken out of India the days of embarkation and debarkation are included in the period of furlough, and furlough pay only is allowed for those days.

Para. 1850 erase the last three lines and substitute the following—

When the pay and allowances of Regimental Officers may be increased by transfer to any of the mounted branches of the service they are not entitled to travelling allowances.

The following items drawn for special purposes will in no case be taken into calculation in determining the title of an Officer to travel at the public expense:—

Horse allowance when drawn separately from Staff salary.

Office or Contingent Allowance.

Contract Allowance.

An Officer who on the expiration of his tour of service in an appointment may obtain another appointment, the emoluments of which are less than those of the appointment vacated, is not entitled to passage at the public expense.

Nor similarly will free passage be granted to an Officer who holding an acting appointment with superior allowances attached to it may be nominated to a permanent position, the allowances of which are inferior.

Para. 2058 is cancelled and the following is to be substituted—

2058. If insubordinate, threatening or improper language accompany an act of violence, offer of violence or direct disobedience of orders, it should not form the subject of a separate charge, but be stated as a circumstance in the charge alleging the violence, offer of violence, or direct disobedience of orders, it is essential that the precise language used should be specified in the charge; and if accompanied by gesture the same should be accurately described.

It is deemed objectionable to prefer a charge for such language when uttered by a drunken soldier as the mere idle ravings of one temporarily bereft of reason, but when it is clearly apparent he has sufficient sense to recognize, and intelligence to be aware, that he is addressing his superiors in terms of abuse or insubordination, he should be held responsible for his language, as well as for his acts.

ARMS—MUSKETRY.

No. 11.—The following Clause of Army Circulars, dated War Office, the 1st December 1871, is published for information and guidance:—

Army Circular, Clause 212, Instruction for using Trigger Testers.

1. The pull-off of military small-arms is regulated so as to require a mean weight of about 7 lbs. to be applied to the finger-piece of the trigger, in order to release the sear-nose from the top bent; this result is obtained only when the lock and trigger are perfectly clean and free from dried-up oil, other matter causing obstruction to a free working of the various parts. In order therefore to obtain trustworthy indications of the weight of the pull-off, the Armourer Serjeant must thoroughly examine the locks of the arms which are to be tested, and clean and oil such as he finds require to be so treated.

2. As a rule, the pull-off of the small-arms in use, will be found to be influenced mainly by the condition of cleanliness of the lock and trigger.

3. Should the lock, after having been thoroughly cleaned and oiled, be found to pull-off either light or heavy, i. e., below 6 lbs. or above 8 lbs., it may easily be regulated by squaring the sear-nose and top bent in the tumbler, care being taken to preserve the same angles. Great care should be used in performing this operation.

4. In weighing the pull-off, the trigger tester should be kept in line with the barrel, about two inches below the strap of the butt-plate, or nearly in the centre of, and clear of the stock.

C., No. 45 of 30th May 1872.—The Commander-in-Chief directs it to be notified that the Government has been pleased to sanction the issue of 15 condemned rifles, in excess of establishment to each Regiment armed with Enfields for the instruction of Recruits in the platoon exercise, so that the friction of the rod may not injure the Serviceable Arms.

ARMY REGULATIONS.

G. O. C. C., No. 46 of 31st May 1872.—The following alterations and corrections are ordered in the Army Regulations—Books to be corrected accordingly :—

Para. 825. The following is to be added to clause c—and all applications for leave for Veterinary Surgeons other than on medical certificate should show that the request has the sanction of the Inspecting Veterinary Surgeons.

Para. 443. The last clause of this para. commencing, “The preference is to be given, &c.” is cancelled.

Para. 361. Erase the first word “sky-blue” on page 68 and substitute the word “Crimson.”

Rule XV, on page 163, is cancelled and the following substituted :—

XV.—If the aggregate of two years' Furlough be exceeded whether on medical certificate or private affairs the Officer will vacate his appointment, such extension being in the case of private affairs without pay, and in that of medical certificate with English furlough pay, for a third year only.

Paras. 1319 and 1320 are cancelled and the following substituted :—

1319. All therefore that need be laid down as an invariable rule is that the particular body of men among whom cholera has appeared in an epidemic form must be removed from the Cantonments. If for example, this body consist only of the inmates of some one building, the measure need only be applied to them : if some particular Company or Troop be attacked it will be similarly dealt with. A whole Regiment or the whole of the Troops at the Station need only be sent into Camp, when it is found that the measures already adopted have not stopped the progress of the disease, or there is reason to fear that they will be insufficient.

1320.—With the sanction of Government, His Excellency the Commander-in-Chief begs General Officers and the Chief Administrative Medical Officers to adopt in practice the principle contained in the foregoing paragraph, and on no account during the hot and rainy seasons to vacate whole suits of Barracks, because one or two or even more have been infected with Cholera. It is necessary only to evacuate such buildings as have actually presented cases. During the hot and rainy seasons if other buildings are available, they should be used in preference to placing the men in Camp. In short, at such seasons of the year the Camp must be held to be the last resource. This is more especially necessary when the ground is either covered with water or when it is drying after the rainy season at the Station.

Para. 1884. Erase the words “and men who receive gratuities on discharge under paras. 1875 to 1877.”

7. These Committee reports, which are required in duplicate for each Library, are to be prepared in the form annexed, (Appendix A) and forwarded to the Station Staff Officer, who, after obtaining the approval of the Officer Commanding the station, will deposit one copy in his own office for record and forward the other to the Officer Commanding the Corps concerned, to be eventually attached to the indent for new books.

8. The Commanding Officer of the regiment or battery will then cause the repairs, &c., recommended by the Station Committee to be carried out without delay by the Regimental Committee, charging the cost against the annual contingent allowance.

9. He will be careful to see that the Regimental Committee, in preparing their indent for new books, select a reasonable proportion of works of instruction (History, Travels, Biography, Science, Religion,) as well as fiction. No works of an immoral tendency, or of a political or religious controversial character, are in any case to be selected.

10. The new works required are to be indented for on the 1st May on the form given in Appendix B. They will be brought out at the expense of Government, and will be stamped as the property of the State by the Military Storekeeper, before transmission to the stations for which they are intended.

11. In the event of a regiment or battery having been moved after the submission of their indent, the books are to be sent to the Commanding Officer of the relieving regiment or battery at the station from which the indent was submitted.

12. The cost of these books will be debited in his General State of Accounts by the Paymaster of the Cavalry or Infantry Regiment, or by the Officer Commanding a battery of Artillery; but in the case of a Convalescent Depôt, the amount will be paid to the Circle Paymaster for the credit of Government. It will be necessary for the Military Storekeeper, on receipt of the books from England, to furnish the Pay Examiner with copies of, or extracts from, the priced invoices, to allow of the sums credited to the State in the regimental accounts being checked and audited, and any short credits on this account being recovered and adjusted in the next monthly pay lists of the regiments and batteries concerned, or, as regards Convalescent Depôts, in the Accounts of Circle Paymasters.

16. Government books are to be kept separate from those the property of the regiment, and are not to be impressed with the regimental stamp.

17. The following books of record will be kept in each Library:—

These records are to be distinct from those alluded to in Adjutant-General's Circular, No. 163 of the 22nd November 1864, p. 302 of Standing Orders.

18. On the march of regiments and batteries in course of relief, the books the property of Government (with the records referred to in paragraph 17) are to be left behind at the station for the relieving corps or battery, the Library Fund Book being first duly balanced.

19. The Station Staff Officer will furnish the Commanding Officer with a receipt for the books left behind on these occasions, in the form given in Appendix D; a copy of which is to be transmitted by the latter to the Adjutant-General's Office, Simla.*

20. The Officer Commanding the relieving regiment will furnish the Station Staff Officer with a receipt for the books taken over, and the latter will send a copy to the Adjutant-General's Office, Simla.

22. These rules will have effect from the 1st April 1872.

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Life Policies having a duration of three years are purchased by the Society.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction for the Quinquennium 1871—75 is at the rate of 60 per cent. of premiums paid during 1866-70.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at the General Hospital, every day of the week, between the hours of 7 and 9 A. M.

BILLIARD TABLES.

C. LAZARUS & CO., as manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention, and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure *truth with speed*, that is to say, the maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co. have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite a durable, or even more durable, under the new principle of making up than under the old. With a view to the maintenance of the high character of their workmanship, C. L. & Co. have secured for this branch of their business especially, the services of a gentleman who for many years was foreman to the eminent makers, Messrs, Burroughes and Watts, whose experience is a guarantee of the highest possible excellence in the manufacture of Billiard Tables, and of everything connected with that department of their business.

THE ALEXANDRA BILLIARD TABLE.

C. LAZARUS & CO. beg to state that, with a view to secure for India one of the latest Home Novelties, they have made up a number of the new "Alexandra" Billiard Tables, so common patronised in Fashionable Circles at this time in England.

The "Alexandra" Table, or that which has received the distinguishing epithet of the "Ladies Table," and most in favor with the fair sex, is, in every respect, adapted to develop the fullest resources of the Game. The size of these Tables is six feet by three. The height is so regulated as the cues and other requisites are specially arranged, as to admit of easy and graceful manipulation by a Lady.

B. B. B.

In accordance with their established practice of introducing Novelties to the Indian Public, C. LAZARUS & Co. have pleasure in announcing that they have made arrangements to supply the latest novelty in social and family amusement by importing the popular B. B. B. Tables. The peculiarity of these is, that on the one table the three favorite Games of BILLIARD, BATTUE and BAGATELLE may be played, thus affording a pleasing variety of amusements, concentrated on a single board, at little more than the cost of one. Anticipating that the demand for these Tables will be large, C. L. & Co. are prepared to supply them on very favorable terms, it being a principle of their business to furnish the best and most approved articles of every kind at the lowest rates, consistent with excellence of quality and a fair trading profit.

**IMPORTANT TO MESSES AND BILLIARD CLUBS,
Throughout India, China, Burmah, Ceylon and the Straits.**

Consequent on the numerous applications that C. LAZARUS & Co. have lately had from parties residing at a distance from Calcutta to have their Billiard Tables re-cushioned on C. L. & Co.'s new principle, and as sending the old cushions to Calcutta for that purpose is attended with great delay, occasioning much inconvenience, C. L. & Co. have been induced to keep a stock of cushions on their new principle always on hand, which can be fitted to any Table, the accurate length and width of the Slate Bed only being required.

Up-country Messes and Clubs can, by thus securing a spare set of cushions, ensure the constant use of the Table, a desideratum C. L. & Co. are satisfied they will not be slow to appreciate, as the inconvenience hitherto felt by the Table being unavailable for play during such time as the old cushions are under repair, has been admittedly very great.

New Cushions fitted to old Tables on the new principle.

BILLIARD AND POOL BALLS.

Billiard Cloth, Cues, Billiard and Pool-marking Boards, Tips, Chalks, and every requisite for the Billiard Table.
