ASYLUM PRESS.

THE COMMITTEE OF MANAGEMENT OF THE ASYLUM PRESS, hitherto connected with the Military Male Orphan Asylum, desire to announce that consequent on the amalgamation of the Military Male Orphan Asylum with the Lawrence Asylum at Ootacamund, and under the orders of Government, the Asylum Press will, from this date, take the name of

THE LAWRENCE ASYLUM PRESS

and will be conducted for the benefit of the Lawrence Asylum. The business will continue as heretofore under the supervision of Mr. WM. THOMAS, and will be mainly worked by Orphans of the Asylum, of whom not less than twelve ordinarily are being taught the printing trade.

The COMMITTEE earnestly appeal to the PUBLIC for a continuance and increase of the support which has enabled the Press in recent years to be a most important and valuable auxiliary of the Asylum. Every effort will be made to sustain the high character of the Press, and provide for the efficient execution of all orders for *Printing, Ruling, Book-binding, Copper-plate and Lithographic Printing.*

All Accounts due by, or to, the Asylum Press, will be paid or collected by the Lawrence Asylum Press.

H. G. PYKE & COMPANY,

BOOT, SHOE, SADDLE AND HARNESS MANUFACTURERS

AND

DEALERS IN LEATHER GOODS

32, MOUNT ROAD, MADRAS.

The BOOT and SHOE DEPARTMENTS of their manufactory continue to maintain that high character for workmanship which it has been their privilege to enjoy ever since 1862 when their principal, the late Mr. H. G. PYKE started the manufactory by working on the English system only.

Their HARNESS and SADDLE DEPARTMENTS also continue to turn out work of a very superior description, always giving perfect satisfaction to those who favor them with orders. Several sets of single and double Harness are now on hand and several in course of manufacture. All the new improvements, as invented, are adopted by them, and the superior quality and finish of all Harness, Saddles and Leather Goods manufactured by them, will bear the most favorable comparison with goods of the same description turned out by any other manufactory of the kind throughout India. No Native Chuklers are employed in this department of their manufactory. Only English style of workmanship employed; it being H. G. PYKE and COMPANY's principal aim to supply the best approved articles at the lowest possible price consistent with excellence of quality and a fair trade profit. Repairs of all description of leather goods executed with neatness, and all orders carefully and promptly attended to.

Price Lists and Instructions for self-measurement sent free on application.

NOTE.—No contract workmen employed in this manufactory.

LIST OF HER MAJESTY'S COVENANTED CIVIL SERVANTS ON THE MADRAS ESTABLISHMENT,

Corrected up to the 30th June 1873.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same season of which they are Civil Servants; and, being thus determined, all Civil Servants belong, during the first four years, to Class VI;—from the fifth to the end of the eighth year, to Class V;—from the ninth to the end of the twelfth year, to Class IV;—from the thirteenth to the end of the twentieth year, to Class III;—from the twenty-first to the end of the twenty-eighth year, to Class II;—and from and after the twenty-ninth year, to Class I.

The letters A, B, C, prefixed to the names, denote respectively that the parties have not passed either of the two Standards of Qualification, that the first or lower Standard has been passed; that the Servant cannot take Special leave.

33

N prefixed to a name denotes that the Servant though not having passed by the 2nd Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate.

Column 2, Capitals distinguish high proficiency. Small Roman letters show that the languages were studied in England by Civilians under the new system. Italic Capitals denote that the Civilian has passed the Honors Test under the Rules of 1868.

Column 7, Italics show "Dies non" G. I. Resolutions, 5th Nov. and 21st Dec. 1868, Nos. 3,477 and 3,727, Financial. Roman Capitals show Special Leave. Antique letters indicate a year of Sick Leave taken under rules in force before 1st July 1868, with reference to Section 6, b 2, Civil Leave Code.

Column 8, The Active Service is calculated in accordance with Section 4, Civil Leave Code, and is the period of Residence qualifying for Pension under Section 4, Supplement A of the Civil Pension Code.

FURLOUGH PAY.

Fort William, 2nd April 1873, No. 385.—The following Military Letter from the Right Honorable the Secretary of State for India is published for general information:—

MILITARY.
No. 234.

INDIA OFFICE;
London, the 11th December 1872.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,

Para. 1.—I have had occasion to consider the present regulations respecting the cessation of furlough pay after an absence of two and a half years from India, as respects officers not under the Furlough Rules of 1868; and also with regard to the date of retirement of Officers retiring in this country, and the consequent cancellation, in some cases, of rank; and I have decided that henceforth the following Rules shall be applicable to all Officers of the Staff Corps, and of the Medical Service, and of the General List, of and the above rank of Captain:—

- 1.—Pay shall be regularly issued up to the full period of leave allowed, not exceeding three years.
- 2.—An Officer shall be allowed to retain any rank he may have attained previous to date of retirement.
- 3.—He shall receive any half pay pension allotted to him in virtue of that rank.
- 4.—The date of retirement shall be the date of the Officer's application to retire.
- 5.—The retired pay shall be issued from the date of retirement, or the date when pay on furlough ceased, whichever may first happen, except in the following case.
- 6.—An Officer who attains an advanced rank after the cessation of pay, and then retires on half pay pension in virtue of that rank, shall receive his retired pay from the date of his promotion only.

2. The above rules will not apply to the Officers of the local Army or to Subalterns on the General List, who will remain under former regulations.

3. My attention has also been drawn to the retiring (full pay) regulations as applicable to Officers of the General List.

4. As the promotion of these Officers, after attainment of the rank of Captain, is governed, like that of the Staff Corps Officers, by length of service, it appears to me that their pensions should be regulated in the same manner. I request therefore that it may be notified that the rule as to retirement on pension of rank after 22 years' service is not applicable to Officers of the General List.

I have, &c.,

2. Under the orders of His Excellency the Commander-in-Chief, every facility, consistent with the maintenance of the efficiency of regiments, will be given to such officers as wish to join the classes of Garrison Instruction.

3. All officers undergoing instruction will be returned "on duty," and arrangements will be made regimentally for the performance of their duties while absent. Such arrangements, when the officers are holding regimental staff appointments, will be the same as if they were proceeding on privilege leave, and they will be permitted to travel once to and from the centres of instruction at the public expense, either for the purpose of attending the course or going up for examination, but in the event of an officer failing to pass he will not be allowed to travel at the public expense on a subsequent occasion.

All Infantry officers of the Indian Armies who are subject to examination under the present order, and those who may hereafter enter the Staff Corps under the provisions of paras. 2 and 3, Section I, will be required as a general rule to go through a course of equitation under the riding-master of a regiment of British Cavalry or of a brigade of Artillery.

In order, however, to avoid the frequent absence of officers from their regiments, this rule will for the present only be enforced in the case of officers who are, or may be quartered at, stations where the services of a riding-master are available.

5. Officers who go through the course of equitation, will be furnished with a certificate to that effect from the officer commanding the regiment of Cavalry or Brigade of Artillery under whom they may have been instructed.

6. In the case of officers, who may not have had an opportunity of attending a riding school up to the period of their going up for Part II, of either of the above examinations, as set forth in para. 11, a certificate will be furnished to the above effect by the officer commanding their regiments.

9. The examination of officers, who become probationers for the Staff Corps after the 1st July 1874, in Part I of Examination A, will be carried out by Boards held at the head-quarters of divisions and districts, which will be presided over by the General Officer or Brigadier-General Commanding, with two Commandants of native regiments or one Commandant and one Second in Command as members. For the examination of officers for the Native Cavalry, there must, however, be always two Cavalry officers on the Board, of whom one at least should be the Commandant of a Native Cavalry regiment.

No officer of the candidate's regiment should be detailed to serve upon these Boards, when other qualified officers are available.

The examination will be conducted, and the reports drawn up and forwarded in strict conformity with the existing orders for conducting the probationary examination as laid down in G. G. O., No. 531 of 27th June 1864, merely omitting the subjects not comprised in Part I of Examination A.

10. In the case of Captains, the examination in the subjects included Part I, Examination B, may be carried out at any convenient time at the head-quarters of divisions or districts by the General Officer in Command, or by a duly qualified officer, not belonging to the candidate's regiment, selected by him to hold it.

If the candidate pass satisfactorily, the examining officer will grant him a certificate to that effect.

11. The remaining portion of the examination of Captains and Lieutenants, and of Field Officers, candidates for the higher staff appointments, as specified in Part II of Examinations A and B, will be carried out by means of sealed printed questions by the Boards assembled twice a year, at each of the centres of garrison instruction throughout India.

12. No officer, except by special permission, will be permitted to leave his regiment either to attend a course of garrison instruction or to present himself for Part II of the above examinations, until he shall have passed the portion held in the field as specified in paragraphs 9 and 10, Section III.

III. A revised distribution of the centres of garrison instruction in the three Presidencies will be hereafter notified.

INDIAN SERVICE—FAMILY PENSION FUND.

G. O. G., No. 148 of 30th May 1873.—The following General Orders by the Government of India are re-published:—

Simla, 23rd May 1873, No. 560.—With reference to G. G. O., No. 1,315* of the 28th December 1872, the Governor-General in Council is pleased to direct the re-publication of that Order as finally approved and modified by the Right Honorable the Secretary of State for India.

The Fund will be designated "The Indian Service Family Pension Fund," and the following Order is to be substituted for that previously issued, bearing the same number and date:—

FORT WILLIAM,

28th December 1872.

No. 1,315 of 1872.—Under the authority of Her Majesty's Secretary of State for India, the Right Honorable the Governor-General in Council has great satisfaction in publishing to the Indian Army the following regulations, which are designed to secure suitable provision for the widows and orphans of officers of the Indian Staff Corps, officers of the Indian Medical Department, and Chaplains on the Indian Establishment, not being subscribers to the late Military and Medical Funds.

Such pensions and compassionate allowances as are, by Royal Warrant, granted to the widows and families of British Military officers, are already granted, from Indian revenues, to the widows and families of Military officers in the service of the Government of India, who are excluded from the advantages of the late Military and Medical Funds: and it is to be clearly understood that the Government of India does not intend by these present supplementary regulations to sanction any further expenditure for this object from the Indian revenues. On the other hand, the Government of India does not, of course, wish that the Indian revenues should in any way profit by these regulations.

The Secretary of State for India in Council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers, in accordance with these principles, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable; provided always that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions to be levied from officers exactly, so that they shall neither be too large nor too small to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the Government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited and the pensions charged directly to the Indian revenues as military receipts and charges. But in order to adjust the rates of contribution from time to time to what is necessary to supply the pensions provided for by these regulations and no more, a separate *pro forma* account will be kept of all contributions levied and all payments made under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall be any charge to the Indian revenues, the rates of interest and of exchange with England, to be allowed in this *pro forma* account, will be the rates which may be fixed from time to time by the Secretary of State in Council upon a consideration of the market rates of the day. For the present the rates to be used are $4\frac{1}{2}$ per cent. interest, and 1s. 11d. per rupee exchange; and the contributions now prescribed have been calculated at these rates.

All needful statistics of ages, births, deaths and marriages will be carefully registered, and these statistics, with the *pro forma* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select, with instructions to investigate and ascertain whether the rates of contribution are such as will, at the rate of interest and exchange then to be re-considered and re-fixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial inquiries and reports shall be debited in the *pro forma* accounts reported upon.

Upon the report of the actuary or actuaries, the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and any alteration ordered in the rates of contribution will take effect from the beginning of the month following the date of such publication. No retrospective adjustments will be made.

The rates of contribution fixed for immediate adoption have been calculated by Major-General Hannington, and approved by Mr. Samuel Brown, F. R. S. A. The reports of these gentlemen and the tables compiled by General Hannington will be furnished to any officer who desires to see them. The regulations will come into operation from the 1st of January 1873.

The report of the birth of a posthumous child must be made in Form D, the last sentence being omitted.

COMMUTATION OF CONTRIBUTIONS.

17. An officer who desires to complete his payments during the term of his service in India, so as to be exempt from contributions after his retirement, will be permitted to do so at rates to be determined by the tables appended to General Haunington's report, dated London, 7th June 1870, or by any other tables that may be hereafter substituted by the Secretary of State for India in Council.

18. An officer may at any time commute his future payments into a single payment, the amount of such payment being regulated by the same tables.

In the event of their return to full pay, they shall, in addition to the subscription of their rank, be required to pay such donation as the circumstances of the case may demand. Unmarried officers may continue to subscribe at the Europe rate of subscription, and will not be entitled to any refund in the event of their withdrawal.

RETIRED OFFICERS.

28. Married officers who retire from the service on the pension of their rank may continue to subscribe in that rank at the Europe rate of subscription, or they may withdraw from the fund, receiving back such portion of their contributions as is in excess of the risk borne by the fund during the term of their membership; but the usual subscription will be deducted from the pension of all such officers until they shall have intimated in writing their intention of withdrawing. Unmarried officers may continue their subscription on the same terms as married officers, but will not be entitled on retirement to any refund in the event of their withdrawal.

DISMISSED OFFICERS.

29. An officer who is dismissed the service by sentence of a court martial, or by other competent authority, will cease, *ipso facto*, to be a contributor under these regulations, and will have no claim to any refund. His family will not be entitled to any pensions under these regulations.

Exceptions in favour of emergent telegrams signed by competent authority.

Rule V.—Senders of messages are advised to write their messages in an unmistakeable and distinct hand, and to use the shortest and the most familiar words they can select. The more intelligible the message the greater is the probability of its being correctly transmitted.

Messages should be legibly written and clearly expressed.

ACCEPTANCE OF MESSAGES FOR TRANSMISSION.

Rule VI.—No message or messages of more than 200 words can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the lines be free and not required by any one else.

Limit to length of messages.

Rule VII.—All messages must be legibly written in the Roman character or in Arabic figures. Subject to the above limitation, messages may be sent in the vernacular or any foreign language, or in cipher, if written in the Roman character, or in Arabic numerals.

Messages must be in the Roman character or Arabic figures.

Messages translated for natives.

At stations other than the Presidency towns, every assistance possible is afforded to natives in the translation of messages into English or *vice versa*.

Rule VIII.—*Cipher messages* are those which consist either wholly or in part of groups of figures or of letters not forming words. The whole of the cipher portion must be composed either *exclusively* of letters of the alphabet or *exclusively* of Arabic

Cipher messages.

figures. The body of the message may consist either wholly of cipher or partly of cipher, and partly of ordinary language. The parts in cipher must be placed between parenthesis, separating them from the rest of the message.

EXAMPLES OF CIPHER MESSAGES WHICH ARE ADMISSIBLE.

"(4597) (63289) (459) (181764)."

"Send sharp (839) (2146). Further shipments (154)."

"(A V K) (B) (C P G) (G K R S N)."

EXAMPLES OF CIPHER MESSAGES WHICH ARE NOT ADMISSIBLE.

"(45 A B C) (234 X Y Z)."

"(1234) (P Q R) (C B G) (789)."

Form to be followed.

Verification of signature to private messages may be insisted upon.

Rule X.—The address must contain all the information necessary to ensure the delivery of the message at its destination, and the sender in all cases supports the consequences of insufficiency of address. After the message is once despatched, it can neither be cancelled, completed, nor rectified except by the despatch of a fresh paid message.

Full address necessary.

Authentication of corrections necessary.

Rule XII.—Messages from places where there is no Telegraph station should be addressed to the nearest Government Telegraph Office by post registered, together with Telegraph or Postage Stamps sufficient for their payment. Such messages are charged at the day rate at whatever time they may reach the Telegraph station, and a receipt for the amount will be posted *free* to the sender.

Treatment of messages received by post for a Telegraph station with an insufficient number of stamps, the message and stamps will be returned "Service Bearing" to the sender, who should in all cases give his full address.

Messages addressed to non-Telegraph stations.

Rule XIII.—Messages can be addressed to places where there are no Telegraph stations. In such cases the sender must state (free) from what Telegraph Office delivery is to be effected.

Example.—To Hazareebaugh, "Post Burhee." No charge will be made for ordinary inland postage, which is defrayed by the Telegraph Administration. But if the sender of a message that has to be delivered by inland post wishes it to be registered, he must prepay the postal registration fee of four annas, and intimate that this has been done by adding (free) the words "Post registered," instead of "Post," before the name of the Telegraph station at which the message is to be posted.

Postal registration is compulsory in the case of messages which have to be posted in India to places beyond Indian limits, and in such cases both the postage and registration fees must be prepaid by the sender.

"Bearing" messages.

Rule XIV.—With the following exception, all charges for messages must be prepaid in cash or in stamps:—

Messages are sent "bearing" from sea-ports when received for despatch by mail steamers or other vessels, but no such message whether "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. *Bearing messages will not be delivered to the addressees until after payment has been obtained.*

Use of stamps.

Rule XV.—All charges on telegrams are prepaid in Telegraph Stamps, which are procurable at every Treasury and every Government Telegraph station. Telegraph Stamps are double-headed, the object being that the *upper half* shall be returned on the receipt (whereby the sender receives a guarantee that his message has not been suppressed for the sake of the stamps), and the *lower half* shall be affixed to the message as a voucher to Government that it has been prepaid.

Forms obtainable *gratis* at all stations.

The senders of messages should be careful to affix their stamps on the spaces left blank for the purpose on the message forms, the *upper half* on the receipt, the *lower half* on the message, and to see that the stamps are defaced with the Office Stamp which bears the name of the station and the date.

Cut or defaced Stamps cannot be received.

Telegraph Stamps cut in two, before being sent into a Telegraph Office, or which are in any way defaced, cannot be accepted.

Rule XVI.—Service messages from all public functionaries must be paid for in cash or in stamps prior to despatch: the rates are the same for service messages as those charged to private individuals. *(This rule will be relaxed in the case of Secretaries to Government and the chief Civil and Military officers of a station, but to them only in cases of emergency, the sender of the message being also bound to take the necessary steps to ascertain the amount of the charges on it, and to pay them into the Telegraph Office without fail within 24 hours).*

Service messages take their turn for despatch with private messages. Rule XVII.—Service messages have no right of precedence, and take their turn for despatch with private messages, except in cases of pressing public emergency, when priority may be claimed on special grounds.

Rule XVIII.—No unpaid messages, except those specified in the departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of station, from which a message is improperly despatched, to dismissal from the public service.

Rule XIX.—Telegraph Masters are required to refuse to transmit a message which may be of a decidedly objectionable or alarming character. Objectionable messages to be refused acceptance. Should the character of message be disputed, the matter may be referred to a Secretary to Government, if the dispute occur at the seat of Government or to the chief Civil or Military Officer, if at a provisional station.

CHARGES.

Rule XX.—No charge is made for the transmission of the address.

The address includes names of stations from and to which the message is to be despatched, the *bond fide* names or designations of the sender and addressee, and the latter's address. No other words can be transmitted unless paid for as part of the body of the message; and the officers of the Telegraph Department are authorized to omit from the address any words which are not essential to the correct delivery of the message.

If the sender of a message desire *his own* address to be telegraphed, it must be included in the body of the message, and paid for.

Charge for a message.

Rule XXI.—The following are the rates of charges for a message in ordinary language:—

a. Between any two stations in India, or between any two stations in the Provinces under the Administration of the Chief Commissioner of British Burmah, *one rupee for every six words or less, exclusive of the address.*

b. Between any station in India and any station in British Burmah, or between any station in India and any station in Ceylon, *one rupee eight annas for every six words or less, exclusive of the address.*

c. Between any station in Ceylon and any station in British Burmah, *two rupees for every six words or less, exclusive of the address.*

Rule XXII.—A double charge will be levied on all messages tendered for transmission between the hours of 6 P.M. and 6 A.M. (local time), also on Sundays and the following holidays:—Christmas Day, New Year's Day, Good Friday and the Queen's Birthday.

Charge for a message in cipher.

Rule XXIII.—The charge for a message in cipher is double the charge for a message in ordinary English language.

Messages despatched to and from Railway stations without extra charge.

Rule XXIV.—A message can be sent from any station of the Government Telegraph Department to any Railway Telegraph station or *vice versa* without additional charge.

Rule XXV.—The local rates in Ceylon are *one rupee for 20 words inclusive of address* for any description of message between any two stations not exceeding 200 miles apart with eight annas for every additional ten or fraction of ten words.

For distances greater than 200 miles, these charges are doubled. Double charges are levied on messages sent after-hours or on holidays the same as in India.

APPLICATION OF CHARGES.

Rule XXVI.—The maximum length of a word is fixed at six syllables. The excess is counted as a word.

Rule XXVII.—Messages must not contain any unusual combinations, abbreviations, or constructions. Any word in common use, which, although requiring two words to express it, is generally recognized as one word, is charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. "Half penny," "Twopence," "Threepence," up to "Elevenpence," when written as a single word, count as one word only. "F. O. B." and "C. F. I." when written as separate letters, are each counted as three words, but when written "Fob," "Chi," as one word.

Words joined by a hyphen.

Rule XXVIII.—Words joined by a hyphen are counted as so many separate words.

Rule XXIX.—Words separated by an apostrophe are counted as so many separate words. (This rule does not apply to nouns in the possessive case, as "General's," "Charles's," "Brother's.")

Rule XXX.—Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes and qualifications are counted for the number of words employed by the sender to express them.

Proper names, titles, &c.

Every separate character, including an underline, charge as a word.

Rule XXXI.—Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

Rule XXXII.—Signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs are not counted in ordinary messages. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Rule XXXIII.—When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; the same rule applies to groups of letters; letters added to figures to form ordinal numbers, are each counted as a figure.

Charges for figures.

Rule XXXIV.—In cipher messages all the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

Rule XXXV.—All that the sender writes in his message to be transmitted is included in the cost, but the address of a message, as defined in Rule XX, will be transmitted without charge.

The day, hour, and minute (Madras time) of receipt of a message into a Telegraph Office for despatch are in every instance added by the department and telegraphed free of charge. Senders may, however, date their messages if they think fit, but the sender's date, if given, will be charged for.

Rule XXXVI.—A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

Rule XXXVII.—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without transmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

COLLATION (OR REPETITION) OF MESSAGES.

Rule XXXVIII.—The sender of any message can require that it be collated. In this case the different stations employed in its transmission collate it as it passes, repeating to each other integrally.

Rule XXXIX.—The charge for collating is equal to half the charge for the message. A collated message is indicated by the word "*collationée*," which, to ensure the greatest accuracy, is telegraphed (free) both in the official instructions and as the first word of the text of the message.

ADVICE OF DELIVERY.

Rule XL.—Any sender can require that a notice of the time at which his message is delivered be transmitted to him by telegraph. This advice of delivery may be addressed to him at any station he may name.

Rule XLI.—If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message to reach its destination.

The return message has priority in transmission over other messages of the same class.

Rule XLII.—The charge for an advice of delivery is equal to that for a single message at ordinary or day rate.

PREPAYMENT OF REPLY.

Rule XLIII.—The sender of a message can prepay a reply not exceeding 200 words. He must add to his message the words "reply paid" or "answer paid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum, the sender can add (free) to the words "reply paid" or "answer paid" the amount to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been prepaid. The terminal station pays to the receiver, in telegraph stamps, the amount prepaid, leaving it to him to send his answer how, when, and to what address he pleases, or not to send one at all. The reply, if sent, is considered in every respect as a fresh message. Should it be impossible to effect delivery of a reply-paid message, the terminal station sends a telegram to that effect to the sender, and this telegram takes the place of the return message for which a reply has been prepaid. The words "reply paid" or "answer paid" entitle the addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the addressee to send a reply. The duty of the Telegraph Department consists simply in paying to him in Telegraph Stamps the amount prepaid, leaving him at liberty to do what he pleases with it.

DELIVERY.

Rule XLIV.—Messages will be delivered free of charge at any place within five miles of a Telegraph station. Beyond this distance messages will be sent by Post or by such other means as the sender may arrange and pay for.

Rule XLV.—Should the addressee of a message have left the station to which it is addressed, and it be sent on by Telegraph to some other station, it will, on re-transmission, be considered in every respect as a fresh message, and all bearing charges must be paid by the addressee before the telegram is delivered to him.

CLEAR LINE MESSAGES.

Rule XLVI.—On emergent occasions of great importance, the public functionaries named below have the power to "clear the line," that is, to suspend the receipt and despatch of all messages until the one for which the line is "cleared" is passed on:—

- (1.) The Governor-General of India.
- (2.) The Governors of Madras, Bombay and Ceylon.
- (3.) Commanders-in-Chief, India, Madras and Bombay.
- (4.) Lieutenant-Governors of Bengal, North-Western Provinces and the Punjab.
- (5.) Secretaries to the Government of India.
- (6.) Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces and Punjab.
- (7.) Chief Commissioners of Oudh, the Central Provinces, British Burmah, and Mysore and Coorg.
- (8.) Agents to the Governor-General, Rajpootana and Central India.
- (9.) Commissioners of Sindh and Peshawur.
- (10.) Director-General of Telegraphs in India.
- (11.) The Resident at Hyderabad (Deccan)

The messages so sent are, however, to be paid for in cash or in stamps as other service messages.

REFUNDS.

Rule XLVII.—No refund will be made for a message delivered wholly or partially in an unintelligible state, unless the extra charge for collation has been paid by the sender. See Rule XXXIX.

Rule XLVIII.—If a message be not delivered or be subjected to serious delay through the fault of the Telegraph Department, the whole charge made for it will be returned to the sender.

Rule XLIX.—Applications for refunds, as also all complaints respecting messages, should be addressed to the *Telegraph Check Office, Calcutta*. Such claim for refund should be made, under penalty of rejection, within two months from the date of the message, but this period is extended to six months in the case of a collated message, or of a message for which a reply or an advice of delivery has been prepaid. (When an overcharge has been made on an inland message through the neglect of the Telegraph employés, and when there exists no doubt whatever as to the justice of the claim, the amount overcharged will be repaid at once by the Telegraph Master.)

Rule L.—If the sender of an inland message wishes to cancel it before transmission has commenced, he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

OBLIGATION OF SECRECY.

Rule LI.—To secure secrecy as much as possible, all persons including officers of the department not actually on duty, are strictly prohibited from entering the signal-room. Breach of this regulation renders an offender liable to a fine of Rs. 100 under Act VIII of 1860.

Rule LII.—Violation of secrecy on the part of any person in the department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the Official Gazette of the incapacity of the delinquent to serve the Government in any capacity. He will also be liable to the further punishment of fine, or to imprisonment (with or without labour) not exceeding two years, or to both.

It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

COPIES OF MESSAGES.

Rule LIII.—The sender and receiver have a right to be furnished with certified true copies of any message sent or received by them; a fixed charge of four annas is made for every copy furnished. As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within six months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

PRESS MESSAGES.

Rule LIV.—Under certain conditions, to be ascertained on application to the Director-General of Telegraph (Traffic Branch), *bond fide* Press messages, *i. e.*, messages in the ordinary English language addressed to, and intended for, publication in a newspaper can be despatched at reduced rates.

RECRUITING.

The attestation forms referred to in the Enlistment Act have been received, and may be obtained on indent, free of charge, from the Adjutant-General's Office.

An additional question has been added to each of these forms, with the object of making recruits enlisted in India, clearly to understand that, under the 75th Clause of the Mutiny Act, they are not entitled, if discharged out of India, to a free passage to the place of their Enlistment.

3. Under the revised arrangement, Captain J. McMullin and Captain C. C. Hewetson, Staff Corps, the present Adjutants of the Depôts are nominated Commandants of the same, with effect until the 30th September 1873, when they will vacate.

REGIMENTAL APPOINTMENTS.

No. 38.—The following letter from the Secretary to the Government of India, Military Department, to the Adjutant-General, is published for information and guidance :—

Letter, No. 2010, dated 31st January 1873.

"Having laid before the Government of India your letter, No. 133A, "Regimental Appointments," dated 8th January 1873, I am directed to point out, for the information of the Right Honorable the Commander-in-Chief, that Government General Order, No. (a) 847, dated 8th September 1865, sanctioned the appointment of a second Doing Duty Officer to each Regiment of Native Cavalry and Infantry, expressly to provide a reserve for the Staff Corps, and this was clearly stated in that Order; para. 6 of which laid down that no officer should be appointed to the post during the absence of the permanent second Doing Duty Officer on leave or temporary employment.

"2. In no case therefore, unless under very special circumstances, and with the previous sanction of the Government, should the absence of the permanent incumbent, from whatever cause, be held to create a vacancy to be filled by an officiating appointment."

SANITARY.

No. 40.—The mortality which takes place among the British troops, more especially during such a sickly season as that of the past year, renders it incumbent on all officers to whom the care of soldiers is entrusted, to consider every point that may affect their health, and to take every possible precaution to preserve it.

2. With this view, His Excellency the Commander-in-Chief desires to call the attention of every Officer commanding bodies of British troops to the necessity of ensuring, as far as possible, the purity of the drinking water for the soldiers under his command.

3. The Government of India has sanctioned Macnamara's filters being issued to all British corps, but as some time must elapse before these can be supplied at every station, the ordinary gurrah filter must still, in many cases, be depended upon.

4. To ensure this filter working properly, it is essential that the sand should be perfectly clean; but the Commander-in-Chief, during his inspection, has almost invariably found that this important point has been overlooked both in barracks and hospitals; and that the water, although drawn in some instances from pure sources, has been deteriorated by being passed through impure filters.

5. Commanding Officers are directed to cause the sand, supplied by the Commissariat Department, to be tested by careful washing, and to reject it if not clean, that is, if after being stirred up in water it does not, when settled, leave the water perfectly clear.

WARRANT OFFICERS.

No. 43.—The Government of India has been pleased to rule that, in extending to warrant officers holding honorary commissions the advantages of their social position as officers, it was not intended that they should be debarred from any pecuniary advantages enjoyed by them as warrant officers.

SADDLERY AND HARNESS.

No. 47.—His Excellency the Commander-in-Chief having had under his consideration the subject of the care and preservation of saddlery and harness, directs that the following rules shall be observed by all Regiments of Cavalry and Brigades of Horse and Field Artillery :—

1. Saddle trees are never to be washed or scoured, but wiped with an oil rag.
2. As much damage is done to the arch of the tree if the sword is slung too low, care should be taken that the sword is properly slung, viz., the hilt of the sword one hand's breadth below the elbow.
3. Pannels of saddles should only be taken off by an experienced collar-maker when necessary, for cleaning, &c.
4. In washing bits care should be taken to avoid wetting the reins, leather head pieces, &c. The leather to which they are attached should be cleaned in the ordinary way.

 (b) Do. G. O. C. C., 19th December 1872, p. 441.
 Do. G. O. G., 14th January 1873, p. 14.

5. Rope traces are not to be washed or scoured, but cleaned with the harness brush and a damp cloth. The leather part should be treated in the ordinary way.

6. Harness and saddlery should not be exposed unnecessarily to the sun.

7. When harness or saddlery has become saturated with water, an application of dubbing should be applied before the leather dries.

8. Dubbing is composed of equal quantities of neatsfoot oil and tallow, melted and well mixed together. It should be applied cold and well rubbed in. If this is done gradually, as the leather dries it will not become hard or brittle.

9. Harness should be treated with dubbing periodically as required. A double set of wheel harness would require 2 lbs., a double set of lead, 1 lb. 8 oz., and a set of saddlery, 12 oz.

10. To clean harness soiled with perspiration, the leather should be carefully cleaned with a damp rag or sponge, until the salts of perspiration are removed. Dubbing should then be applied and be well rubbed in.

11. For the seats and flaps of saddles, and the wall and side pieces of collars, the best composition is one composed of one part bees' wax and three parts tallow. This, if well rubbed in with the palm of the hand, or with a coarse cloth, will give a good polish, and will preserve the leather from damp and dry heat.

If this mixture is properly applied there will be no soiling of clothing.

MILITARY BUILDINGS.

G. O. C. C., No. 31 of 3rd April 1873.—With the sanction of Government the following Rules for the submission of estimates for Military Buildings are published in supersession of paragraphs 18 to 23 of G. O. C. C., 8th February 1866, page 44.

When any new building, or improvement of an old building is required, application is to be made, through the Commandant of the Division or District, to the District Engineer, for a rough or proximate estimate of the cost.

This proximate estimate, if it exceed Rupees 500, shall be submitted, accompanied by full information as to the necessity for the work and, if necessary, a sketch plan to the Commander-in-Chief (Quartermaster-General's Department) and if approved by him will be forwarded to Government through the Military Secretary. Government if approving, will direct the Inspecting Engineer to cause a detailed estimate to be prepared. The estimate shall be accompanied by a report.

If the new building is to be according to a Standard plan, no special plan need be prepared. If not on a Standard plan, a plan will be furnished with the detailed estimate and report. The above documents will be again submitted through Commandants or Divisions or Districts to the Commander-in-Chief for final approval. They will then be forwarded to the Inspecting Engineer for submission to Government.

If the proximate cost be within 500 Rupees, the detailed estimate and plan are to be prepared, without the previous sanction of Government, and after having been forwarded through Commandants of Divisions or Districts and received the approval of the Commander-in-Chief, will be forwarded to the Inspecting Engineer for disposal.

Plans and Estimates approved by Commandants of Divisions or Districts shall be countersigned by the Divisional Officer of the Quartermaster-General's Department.

On no account is a proposal for any new building, or for the alteration of an old one, to be submitted to Government before it has received the approval of the Military authorities at the Station and of His Excellency the Commander-in-Chief.

“With reference to your Docket, No. 121, dated the 11th January 1873, inquiring to what extent (a) G. G. O., No. 528 of 1872, affects Rule XV of the Furlough Regulations of 1868, I am directed to acquaint you, for the information of the Right Honorable the Governor in Council, that that part of (b) G. ADVANCES—PASSAGES—INSANES.

No. 57.—With the sanction of the Government of India, and in continuation of *G. O., No. 399 of 1872, the Commander-in-Chief directs that whenever the attendance upon sick or insane officers, of a medical officer or of an escort is considered necessary and funds are not immediately available for the cost of their passage, the requisite advance, under the authority of a Division or Brigade Order will be made by the Officer commanding the battery, or by the Paymaster of the regiment to which the sick officer belongs, or by the Circle Paymaster from whom his pay is drawn.

2. As a heavy expense is thus incurred by Officers so situated, His Excellency desires that medical officers will refrain from recommending their immediate removal, whenever they can with safety be retained under treatment or observation until an opportunity occurs for sending them with troops moving in ordinary relief, and under whose charge they may be placed.

RAILWAYS—PASSAGES—INSANES.

Lawrencepore, 31st December 1872, No. 399.—The following additional Rules are to be entered after the third clause of para. 124, Transport Regulations, Part II, namely—

“When the necessity for an escort for an insane or sick officer returning to England is clearly established by the report of a Medical Board, it may be provided, the officer, or, in the event of his subsequent death, his estate bearing all necessary expenses not provided for by the Regulations.

Military Department, No. 1,321, dated 28th November 1872.

“But if no funds are available on the spot to meet the expense, the Brigade or Division Order, with the Medical Board's Report, will be sufficient authority for the Audit Department passing the charge to the personal debit of the officer for whom the escort was provided. The charge will then be recovered from the pay and allowances or other funds belonging to the officer, either in India or in Europe, as the case may be.”

Controller of Military Accounts, No. 5,703, is a Government railway or other free pass to be granted to the escorts accompanying insane and sick officers under the above circumstances.”

SCHOOLS.

No. 59.—The Right Honorable the Governor-General in Council has been pleased to decide that in all cases the children of Army Schoolmistresses are entitled to treatment in military hospitals.

DRILL AND INSTRUCTION.

No. 60.—The Commander-in-Chief having ascertained that great difference of practice exists at the different stations under his command, with reference to the training of troops in their military duties, His Excellency has deemed it expedient to lay down the following instructions for the guidance of all concerned. The broad principles laid down apply equally to cavalry and artillery as to infantry.

2. The so-called drill period between 15th October and 15th April should be divided roughly into three parts.

3. The first portion should be given up entirely to the exercise of the battalion or regiment in the first three parts of the Field Exercise Book, and in the Firing Exercises.

4. At the end of this period, the Officer commanding the station should take one or more opportunities of satisfying himself that the instruction has been imparted to all ranks in a satisfactory manner.

5. The second portion of the period should be devoted to brigade drill twice a week, under the Officer commanding the station; and to out-post duty and manoeuvring of small bodies one against the other, under the immediate command of the Captains or Wing Officers, but superintended by the Field Officers and Commandant of the regiment.

6. Even at single regiment stations, brigade drill can very well be practised, by forming the regiment into two or more single rank battalions.

(a) Madras G. O. G., 14th January 1873.

(b) Madras G. O. C. C., 27th March 1873.

* Re-published below.

Too much time should not be devoted during these first two periods to the practice of marching past.

Officers can best be practised in saluting by being placed in squads by themselves; and companies, when at brigade, battalion, or company drill, should always move with the utmost steadiness and regularity, so that the training thus acquired should be quite sufficient to ensure a good march past whenever called for.

7. The third period should be devoted to manœuvring field days, as opposed to drill field days; when every movement of the brigade or battalion should be made as if on active service, or as in the presence of an enemy.

8. Every Officer, Non-commissioned Officer and Private should be instructed during this final period in all the duties which would devolve upon him were he in the field, and the individual intelligence of all should be thoroughly put to the test.

9. Whether squad, company, battalion or brigade is being exercised, the spirit of the above instructions must never be lost sight of.

10. General Officers commanding divisions and districts, when making their yearly inspection tour, will in future invariably inspect the working together in brigade of all the troops in each station they visit, and they will make a special report to the Adjutant-General, for the information of the Commander-in-Chief, as to their collective efficiency, first in steady drill, and secondly in manœuvring.

11. At this inspection, the capacity of the senior officers can be thoroughly tested.

12. From the commencement of the drill season, instruction in Military Reconnaissance should commence, and should be carried on quite irrespective of the regular parades.

13. Every officer should be required to make himself thoroughly acquainted with the instructions for Military Reconnaissance published in *G. O., No. 320 of 1872, and regimental officers should be periodically examined in the subject by their Commanding Officers.

14. It is not absolutely necessary that an officer sent out on reconnaissance duty should make a military sketch, although it is most desirable that he should be able to do so. He must, however, bring back such a written report as will give the information required from the reconnaissance.

15. The nature of the reconnaissance to be made should be regulated by the capacity or intelligence of the officer selected; but at the commencement, the simplest form of report should only be required.

16. Two officers should always be told off together for this duty, and except in cases where the instruction demands that the required information should be given by a certain time, a whole day at least should be allowed for making the reconnaissance and furnishing the report.

17. In the case of Cavalry, two or more intelligent Non-commissioned Officers and Privates should be associated with the officers making the reconnaissance.

18. All reconnaissance reports should be forwarded by the Officer Commanding the station to the Officer of the Quartermaster General's Department in the division or district, for the information of the General Officer Commanding, and any reports of very special merit should be forwarded by the latter to Head Quarters, for submission to the Commander-in-Chief.

19. It must be clearly understood that every Officer under the Orders of the Officer commanding a station is expected to study, and to be trained in this important subject.

EQUIPMENT.

No. 61.—The Commander-in-Chief is pleased to notify that His Excellency the Governor-General in Council has approved of the pattern suleetah havresack, kit bag, and water bottle issued to the British troops in Bengal, being adopted for the three presidencies.

A new pattern suleetah made of English canvas has been decided upon, and will be issued as at present one to each soldier.

It will be required to last seven years, the period of duration fixed for tent suleetahs; and the attention of commanding officers is directed to the necessity for great care in preserving it from damp, from which it suffers more than from fair wear and tear.

The necessary repairs will be effected in the manner prescribed for repairs of tent suleetahs, viz., under an estimate previously sanctioned, and a bill passed by the Ordnance Department, the canvas required for repairs being furnished from the nearest magazine in accordance with the estimate.

The suleetahs now in ordnance store will be strengthened by a backing of vitry before being issued to regiments.

The change now sanctioned will be introduced only as the present stock in hand is exhausted.

No. 69.—The following letter from the Secretary to the Government of India, Military Department, to the Adjutant General, No. 1566, dated Fort William, the 24th February 1873, is published for general information:—

"In reply to your letter No. 3,850D, *Arms and Accoutrements*," dated 24th December 1872, I am directed to acquaint you, for the information of the Commander-in-Chief, that the Government of India sanction the proposal of His Excellency to introduce gradually into this country the universal pattern union locket for British Infantry, in accordance with War Office List of Changes, S. 2021, dated the 1st January 1871."

ARMS.

G. O. C. C., No. 35 of 25th April 1873.—The following General Orders by His Excellency the Commander-in-Chief in India are re-published:—

Calcutta, 6th March 1873, No. 62.—With reference to †G. G. O., No. 1088 of 28th November 1861, making War Office Circular 696 of the 3rd July 1861, regarding the assessment of damages for arms received into store applicable to India, the Right Honorable the Commander-in-Chief, with the sanction of Government, is pleased to direct that all regiments, European and Native, shall in such cases consider the memo. of instructions published in ‡G. O., No. 283 of 15th September 1868, as their guide. The only difference being that in Native regiments, where the Armourer is not a public servant, the entire responsibility (partly in British Corps falling on Armourer Sergeants) devolves on Wing Officers.

2. On the receipt of the arms at an arsenal, a board consisting of a Field Officer, a Captain, and the Commissary of Ordnance, will be immediately assembled to report, with the assistance of the Civil Chief Master Armourer, on the condition of the arms returned. All assessments so made, not provided for in the regimental proceedings, which should accompany the arms, will then be referred by the Officer commanding the station, who convened the board, to the regiment concerned; and if not acceded to as correct, the Officer commanding the regiment will depute an officer (in British Corps the Regimental Instructor of Musketry, if he can be spared, and in Native corps the Quartermaster,) to the said arsenal, who, with a freshly detailed Field Officer and the Commissary of Ordnance, will give an opinion, which is to be final.

No. 941, dated 27th September 1870.—His Excellency the Governor-General of India in Council is pleased to declare the provisions of the following Horse Guards General Order, No. 52, dated 1st June 1870, to be applicable to India:—

* Equivalent to one rupee and four annas. 1,000 being paid for the cases of expended central fire ball cartridges, Officers Commanding

Regiments and Corps will hold Officers Commanding Companies responsible that the empty cases, after each day's target practice, are carefully collected and given in charge of the Quarter Master, for return into the nearest Military Store; the sum received for the same being expended in extra prizes, to be shot for amongst the Non-Commissioned Officers and men of the Regiment.

Officers Commanding will be held responsible that at least 90 per cent. of the cases of ball cartridges issued annually for practice are delivered into store.

PRISONS AND PRISONERS.

G. O. C. C., No. 37 of 12th May 1873.—The following General Order by His Excellency the Commander-in-Chief in India is re-published:—

Calcutta, 14th March 1873, No. 65.—With the approval of Government, His Excellency the Commander-in-Chief is pleased to direct that shot drill shall form part of the discipline of Military Prisons (but not of station, garrison, or regimental cells) in the *Bengal Presidency.

2. The following rules will be observed:—

(1) In the plains this drill will only be performed during the cold season, commencing and terminating under the orders of the officer commanding the station, after communication with the Principal Medical Officer, British Service.

(2) In the hills the drill may be carried on throughout the year, the Officer commanding the station being authorized to remit it at any time on the recommendation of the medical authorities.

3. The drill will not exceed one hour daily, and will be substituted for one of the drills in marching order laid down in Appendix XIV of the Regulations for Station and other Cells.

4. Soldiers undergoing imprisonment with hard labour are to be divided into three classes for shot drill as follows:—

1st class	to drill with	6 lbs. shot.
2nd	do.	12 do.
3rd	do.	18 do.

5. Every such prisoner on first joining the prison is to be placed in the 3rd class, in which he will remain for twenty-one days. After this period expires, if his conduct has been good in every respect, and he has been submissive to discipline, he may be advanced at the recommendation of the Provost Serjeant to the 2nd class, in which he will remain for seven days. After that period, if his conduct has continued good, he may be advanced at the Provost Serjeant's recommendation to the 1st class. For any infringement of the prison rules, inattention or negligence at drill, or misbehaviour of any kind, he may be put back at once to 2nd or 3rd class, by order of the officer commanding the station or of a visitor.

6. The accompanying diagrams, Nos. 1 and 4, or War Office Regulations for Military Prisons, dated 1st April 1863, with explanations, show the exercises to be adopted.

7. The disposition of the shot for exercise will depend on the shape of the ground, and the number of men to be exercised.

8. As a general rule there should be an interval of from 4 to 6 paces between each, in order to prevent prisoners, when at exercise, communication with each other. If, however, the space is too limited to allow of such an interval, a distance of one pace is sufficient.

9. If a prisoner falls out for any purpose during shot exercise, he is to be required to make up the time by remaining ten minutes after the class is dismissed, for every such occasion, unless it shall be certified by the medical officer that the state of the prisoner's health rendered it unavoidable.

10. In lifting shot the man should keep his heels pretty close together, the body being thrown well over the shot, and the weight brought up to the level of the hips, close to the person. So long as this is done the whole effort is made by the muscles of the loins, back, shoulders and arms, and none required from the muscles of the abdomen; but if the legs be allowed to be separated and the shot be lifted off from the body, the whole effort then comes from the muscles of the belly, and by their contraction, as well as that of the diaphragm, the disposition to rupture is excited.

11. It must be clearly understood, that all prisoners are to be carefully examined by a medical officer, and every possible precaution taken that no man having a tendency or predisposition to rupture, or other ailment which would cause shot drill to be injurious, shall on any account be subjected to that exercise.

* Madras Presidency.

Shot Exercise, No. 4.

Whenever a Military Prison may be furnished with means of employing the prisoners on hard labour of a profitable nature, such labour may supersede the shot drill.

Explanation of Diagram and Exercise No. 1.

A is a long narrow pile of shot, which are to be transferred to B where there is a frame to receive them. Besides the shot in the pile, a single shot is placed on the ground, or in a small frame,* at the points 2, 3, 4, 5, 6. The prisoners are arranged, as shown, facing outwards. On a given word, the two lines glance their eyes to A, to take the time; when No. 1 makes the signal by holding up his hand the whole stoop quickly, each man takes up the shot in front of him, moving briskly towards the pile B, till he comes to the spot quitted by the man who was next to him, he then halts; No. 6 of each line thus halts at B, and gives the signal, on which the whole place their shot in the boxes, or on the ground in front of them; after which they come to the position of Attention. Taking the time from No. 6 they then march back to their original positions, ready to lift another shot on a signal from No. 1 and so on. Thus No. 1 takes the shot to where No. 2 stood whilst No. 2 is taking one to No. 3, each returning empty-handed to his original position.

In this manner the whole pile at A is removed, and when the last shot of the pile is placed at No. 2, the exercise is reversed, and the pile is transferred back from B to A.

Explanation of Diagram and Exercise No. 4.

The shot may be placed in two lines, or in the form of a rectangle, at equal distances of from four to six or eight paces apart, and the men fall in each with a shot in front of him.† On a given word or signal each man lifts his shot, and facing as may be ordered, moves smartly to the spot which the man next to him quitted; there he halts, sets down the shot by signal, and comes up to the position of Attention after it.

On the word or signal being given, he again lifts the shot and moves to the next place, and so on.

Note.—It will be observed that this exercise is more laborious than the others, from the men always carrying a shot when they move.

It will, therefore, only be enforced in the military prisons, as a punishment for a prison offence and under peculiar circumstances; the latter to be noticed in the Governor's Journal.

the Captain of the ship as early as practicable, consistent with a proper regard to military matters:—

Circular No. 62T, dated Admiralty, 7th December 1872.—Troop Ships—Detention in Port after embarkation of Troops.

It having been represented to the Lords Commissioners of the Admiralty that much inconvenience is caused to the Military Authorities if any of Her Majesty's Troop Ships, after embarking Troops for conveyance to distant ports, leave harbour too soon to admit of the due completion of the necessary documents, my Lords are pleased to direct as follows:—

1. No Troop Ship of Her Majesty, when under orders to proceed to or from any station beyond the United Kingdom, in the conveyance of Troops, shall leave harbour until the Military Embarking Officer shall have notified, in person, to the Captain of the ship, that all necessary returns, &c., are completed, provided that such notification be made within 24 hours from the time of the commencement of the embarkation of the men, or that any delay in port beyond that period would not lead to another night's detention in harbour.

2. Should the Captain not have received the notification mentioned within 24 hours as stated, he is to report the fact to the Senior Naval Officer present, who is thereupon to address himself to the officer in immediate command of Her Majesty's Land Forces at the station in order to ascertain the cause of the delay.

3. Instructions have been issued by His Royal Highness the Field Marshal Commanding-in-Chief to General and other officers to act in accordance with the arrangement decided on by my Lords to prevent inconvenience to the Military Authorities at Home and Abroad, and also to cause the necessary documents to be completed as quickly as possible after the embarkation of Troops, in order that the detention of ships hereby provided for may be diminished as much as practicable.

† Or the shot may be placed round the four sides of a square, or in a circle if more convenient.

DISCHARGES.

Calcutta, 28th March 1873, No. 88.—The Right Honorable the Commander-in-Chief in India directs the publication of the following Horse Guards' letter for information and guidance :—

"Horse Guards, War Office, 21st January 1873."

"Sir,—By desire of the Field Marshal Commanding-in-Chief, I have the honour to transmit the enclosed Memo. from the Officer commanding * * *, which accompanied the discharge documents of * * *, and to point out how unusual and undesirable it is to find a commanding officer at variance with a discharge board in reference to a soldier's character.

"Such a board is composed of the second in command and the two next senior officers, and they make a solemn declaration, in accordance with the 166th Article of War, that they will duly and impartially enquire into the matter. The officer commanding the regiment has the power of re-assembling such a board, and of pointing out to them where he thinks they may have erred, but it should only be under very exceptional and extraordinary circumstances, that the commanding officer should record his dissent from the opinion of the board, more especially when such dissent is to the injury of the soldier.

"His Royal Highness desires that * * * may be made acquainted with his views on this subject, and that he should be directed in the event of such a circumstance re-occurring while he is in command of the battalion, to refer the case for the decision of the General Officer commanding the station at which he may be serving, and not to decide it on his own responsibility.

I have, &c.,

The Commander-in-Chief in India,

(Signed) J. W. ARMSTRONG,

&c., &c., &c.

Deputy Adjutant General."

The foregoing cancels Circular, dated 11th October 1861, from Adjutant General, Her Majesty's British Forces in India.

Military Department Letters, No. 786, dated 28th September 1872, and No. 1272, dated 20th February 1873, only be granted as special cases, upon the recommendation of a medical committee, and on the understanding that in the

event of the wife or children wishing to return to India, they must do so at their own expense.

Moreover, as a further penalty is involved in a case a child returns to India, viz., deprivation of subsistence allowance and the privileges of a soldier's child, medical and commanding officers are warned to recommend change to England, only in extreme cases, and not when a change of climate in India would be sufficient.

The foregoing to be substituted for paragraph 228A, Transport Regulations, Part I.

POSTAL RULES.

G. O. C. C., No. 40 of 26th May 1873.—The following General Order by His Excellency the Commander-in-Chief in India is re-published :—

Calcutta, 7th April 1873.—The following notification by the Government of India in the Financial Department (Separate Revenue—Post Office) is published for information :—

No. 1446, dated 28th February 1873.—The Governor-General in Council is pleased to prescribe the following Rules for the treatment of official correspondence which may be posted on or after the 1st April 1873.

The principal change is the withdrawal of the privilege under which certain public offices have been allowed to send and receive official correspondence through the post without payment of postage, the rates of postage chargeable on letters and parcels being at the same time reduced, and the postage charges regulated by a scale, which, for all weights over half a tola, rises by limits of 10 tolas.

Note.—The following rule may facilitate the calculation of postage on letters exceeding 10 tolas: Find the weight in tolas, take the next lower multiple of 10, and divide it by 2; the result will be the number of annas chargeable. Thus, for a cover weighing (say) 38 or 40 tolas, the next lower multiple of 10 will be 30 which divided by 2, gives 15, being the number of annas chargeable.

PREPAYMENT BY MEANS OF SERVICE LABELS.

2. Official covers from Government offices should be prepaid by means of service postage stamps purchased at the Government treasury or other local stamp depot. These stamps, when used in payment of postage, must be supported by the superscription on the cover “On Her Majesty’s Service,” under the full signature and official designation of the Government officer who sends the cover, or of the head-clerk or superintendent of his office, or of other responsible officer, to whom the duty of despatching is confided. The particular officer who signs the cover must enter in full his own official designation, in order that his individual responsibility may be enforced in cases of doubt or fraud. The superscription and signature should be entered in the form marginally given. Service stamps affixed to a cover without the above superscription will not be recognized by the Post Office in payment of postage. Treasury officers are enjoined not to sell service stamps to any but Government officials.

3. Official Gazettes should be registered at the Postmaster-General’s Office, and when so registered are eligible for transmission at the lower rates above given under the same rules and conditions as apply to ordinary registered newspapers.

UNPAID OFFICIAL COVERS.

4. Official letters and parcels properly superscribed under Rule (2), but without stamps, are charged with postage on delivery at prepaid rates.

In cases where it is not thought advisable to entrust postage stamps to a subordinate official who has to correspond with, or send returns to, a superior, he may be allowed by his superior to address official covers to him under this rule, and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the receiving office.

ECONOMY TO BE OBSERVED IN THE USE OF THE POST.

5. Government officials should be careful not to incur needlessly the higher charge on account of the transmission of heavy covers by letter post. Similarly, the transmission of heavy covers as parcels (which are conveyed by post under a system of registration) is more expensive than their conveyance as packets, and the parcel post should not therefore be needlessly used by Government officials.

LIMITS OF WEIGHT AND SIZE.

6. No official cover exceeding 600 tolas in weight can be received by the Post Office, and no official cover exceeding the limit of size* prescribed for ordinary packets can be forwarded as a packet, though it may be forwarded as a parcel, if within the limit of weight abovementioned.

LETTERS AND PARCELS SUPERSCRIBED “SERVICE BEARING” BY GOVERNMENT OFFICERS.

7. Letters and parcels sent by Government officers in their official capacity, which relate, nevertheless, to the private interests and concerns of the individuals addressed, may be endorsed, according to the specimen form given on the margin, under the full signature and official designation of the person by whom they are sent. Letters and parcels so addressed are regarded by the Post Office as private covers, but are charged, on delivery, with bearing postage at “forward” (i.e., prepaid) rates, and not at double rates as in the case of ordinary letters. Under this head come replies sent to communications of a like kind which Government officers may make to individuals (whether private persons or Government officers) relating to the private interests of the addressees.

LETTERS AND PARCELS SUPERSCRIBED “SERVICE BEARING” ADDRESSED TO GOVERNMENT OFFICERS.

8. Letters and parcels sent by private persons to Government officials relating to the affairs of Government, and endorsed, according to the specimen form given on the margin, under the full signature of the sender (the address, including the full official designation of the public office to which the cover is sent), are charged, on delivery, at the rate to which they would have been liable if prepaid by stamps, and not at double rates as in the case of ordinary letters. This rule is intended to provide for cases of Zemindars reporting the occurrence of crime to a Police officer, of employers of labourers sending returns required by the Protector, and of any similar reports or returns authorized to be so sent.

OFFICIAL COVERS NOT LIABLE TO RE-DIRECTION CHARGE.

9. Official communications addressed to Government officers “On Her Majesty’s Service” or “Service Bearing” under the prescribed superscription and signature, are not liable to additional postage on account of re-direction.

POSTAGE DUE ON OFFICIAL COVERS TO BE INITIALED IN POST OFFICE.

10. The amount of postage marked as due on covers delivered under the superscriptions of “Service Bearing” or “On Her Majesty’s Service,” will be initialed by the Postmaster or Deputy Postmaster of the office of delivery.

GOVERNMENT OFFICERS BOUND TO RECEIVE AND PAY FOR COVERS UNDER OFFICIAL SUPERSCRPTION.

11. Government Officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription “On Her Majesty’s Service.”

REGISTRATION.

12. The rules and conditions for the registration of ordinary covers sent by letter post govern the registration of similar official covers, the service labels affixed to them being supported by the prescribed superscription and signature.

POST TELEGRAMS.

13. Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented ready written in the form ordinarily used by the Telegraph Offices when delivering telegraph messages to the addressees. The Postmaster will compare the receipt so presented with the address of the cover accompanying it, and, if correct, will affix the Post Office stamp in acknowledgment of receipt. All covers for which receipts are claimed under this rule must be superscribed with the word “Telegram” (in addition to the usual official superscription), and must be fully prepaid.

GOVERNMENT OFFICERS ON LEAVE.

14. Government officers, when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

IRREGULARITIES OF ADDRESS, &c.

15. Any irregularity or incompleteness of the address, superscription, or signature on a cover renders it liable to be treated as an ordinary unpaid cover, and Service stamps which it may bear not being recognized.

OFFICIAL CORRESPONDENCE WITH PLACES ABROAD OR BETWEEN INDIAN POST OFFICES WHEN CONVEYED BY BRITISH OR FRENCH MAIL PACKETS.

16. The rules contained in the preceding paragraphs relate exclusively to official inland correspondence, i.e., correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

Official correspondence with places abroad, or between Indian Post Offices when conveyed by British or French Mail Packets (e.g., between Bombay and Aden), is governed by the same rules as ordinary private correspondence, and must either be prepaid by service stamps (under the superscription and signature prescribed by Rule 1), or, where prepayment is optional, be forwarded as unpaid, subject to the levy of postage on delivery.

The only exception to the above has reference to official letters (not newspapers or book or pattern packets) sent by British packet to or from the public functionaries or departments in London having special accounts for overland letter postage with the London Post Office. Official letters intended for such offices need not be prepaid if superscribed as "On Her Majesty's Service" under the full signature and official designation of the sender. The public functionaries or departments in London which have accounts with the London Post Office are—Adjutant-General's Office (Horse Guards), Admiralty (Somerset House and Whitehall), Audit and Exchequer Department (Somerset House), Board of Trade (Whitehall), Census Office (Craig's Court), Chancellor's Office (Downing Street), Charity Commission (York Street, St. James), Chelsea Hospital (Chelsea), Civil Service Commission (Cannon Row, Westminster), Colonial Office (Downing Street), Colonial Land and Emigration Office (Park Street, Westminster), Commander-in-Chief's Office (Horse Guards), Council of Military Education (Great George Street), Council Office (Downing Street), Court of Bankruptcy (Basinghall Street), Courts of Chancery (Lincoln's Inn Fields and Chancery Lane), Court of Probate (Doctors Commons), Crown Agents for the Colonies (Spring Gardens), Duchy of Cornwall (Buckingham Palace Gate), the Customs (Lower Thames Street), Ecclesiastical Department (Whitehall Place), Endowed Schools Commission (Victoria Street), Exhibition Commissioners, 1851 (Westminster), Foreign Office (Downing Street), Her Majesty's Home Office (Whitehall), House of Commons, India Office (Charles Street, Westminster), Irish Office (Great Queen Street, Westminster), Inland Revenue (Somerset House), Local Government Act Office (Richmond Terrace, Whitehall), Merchant Seamen's Office (Adelaide Place, London Bridge), Metropolitan Police Office (Whitehall Place), Paymaster-General (Whitehall), Local Government Board (Gwyder House, Whitehall), Post Office, Prisons Office (Parliament Street), His Royal Highness the Prince of Wales, Quartermaster-General's Office (Horse Guards), Registrar of Friendly Societies (Abingdon Street), Registrar-General's Office (Somerset House), Royal Artillery, Royal Marines (New Street), Science and Art Department, Warden of Standards, Stationery Office (Prince's Street, Storey's Gate), Tithe Copyhold and Enclosure Commissioners (St. James' Square), Treasury Office (Whitehall), Tower, Veterinary Department of the Privy Council (Prince's Street, Westminster), War Office (Pall Mall), Woods, Forests and Land Revenues Office (Whitehall Place), Works and Public Buildings Office (Whitehall Place).

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1871—75 is at the rate of 60 per cent. of premiums paid during 1866-70.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at the General Hospital, every day of the week, between the hours of 7 and 9 A. M.

 INCORPORATED WITH
SHEARWOOD & CO.,
 CABINET MAKERS, UPHOLSTERERS,
 BILLIARD TABLE MANUFACTURERS,

By appointment to His Excellency the Viceroy and Governor General of India,

AND TO
H. R. H. THE DUKE OF EDINBURGH.
 BILLIARD TABLES.

C. LAZARUS & CO., as manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention, and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure *truth with speed*, that is to say, the maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co. have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite as durable, or even more durable, under the new principle of making up than under the old. With a view to the maintenance of the high character of their workmanship, C. L. & Co. have secured for this branch of their business especially, the services of a gentleman who for many years was foreman to the eminent makers, Messrs. Burroughes and Watts, whose experience is a guarantee of the highest possible excellence in the manufacture of Billiard Tables, and of everything connected with that department of their business.

THE ALEXANDRA BILLIARD TABLE.

C. LAZARUS & CO. beg to state that, with a view to secure for India one of the latest Home Novelties, they have made up a number of the new “Alexandra” Billiard Tables, so commonly patronised in Fashionable Circles at this time in England.

The “Alexandra” Table, or that which has received the distinguishing epithet of the “Ladies’ Table,” and most in favor with the fair sex, is, in every respect, adapted to develop the fullest resources of the Game. The size of these Tables is six feet by three. The height is so regulated and the cues and other requisites are specially arranged, as to admit of easy and graceful manipulation by a Lady.

B. B. B.

In accordance with their established practice of introducing Novelties to the Indian Public, C. LAZARUS & Co. have pleasure in announcing that they have made arrangements to supply the latest novelty in social and family amusement by importing the popular B. B. B. Tables. The peculiarity of these is, that on the one table the three favorite Games of BILLIARD, BATTUE and BAGATELLE may be played, thus affording a pleasing variety of amusements, concentrated on a single board, at little more than the cost of one. Anticipating that the demand for these Tables will be large, C. L. & Co. are prepared to supply them on very favorable terms, it being a principle of their business to furnish the best and most approved articles of every kind at the lowest rates, consistent with excellence of quality and a fair trading profit.

IMPORTANT TO MESSES AND BILLIARD CLUBS,

Throughout India, China, Burmah, Ceylon and the Straits.

Consequent on the numerous applications that C. LAZARUS & Co. have lately had from parties residing at a distance from Calcutta to have their Billiard Tables re-cushioned on C. L. & Co.’s new principle, and as sending the old cushions to Calcutta for that purpose is attended with great delay, occasioning much inconvenience, C. L. & Co. have been induced to keep a stock of cushions on their new principle always on hand, which can be fitted to any Table, the accurate length and width of the Slate Bed only being required.

Up-country Messes and Clubs can, by thus securing a spare set of cushions, ensure the constant use of the Table, a desideratum C. L. & Co. are satisfied they will not be slow to appreciate, as the inconvenience hitherto felt by the Table being unavailable for play during such time as the old cushions are under repair, has been admittedly very great.

New Cushions fitted to old Tables on the new principle.

BILLIARD AND POOL BALLS.
