TRANSPORT—PASSAGE.

No. 144.—With the sanction of Government the following General Orders by His Excellency the Commander-in-Chief in India are re-published :—

Simla, 16th October, 1875, No. 292.—In order to secure the State against exorbitant charges for passages of officers proceeding on journeys at the public expense, the Government of India has been pleased to rule, that at all stations where there are Government daks, they shall be employed as far as practicable; when however the exigencies of the service necessitate the use of the conveyances belonging to private dak companies, recourse may be had to them, provided the charges for whole carriages for Field Officers, and for one inside and one outside seat for officers below that rank, do not exceed the advertised rates for private passengers: the same being noted in red ink across the face of the warrant.

In cases where the proprietors of private companies will not agree to these terms, officers must make the best possible arrangements themselves as private passengers, and submit contingent bills for adjustment, either to circle or regimental paymasters, as the case may be.

Each bill must be supported by a copy of the order directing the journey and mode of travelling, and by the receipted bill of the dak company employed.

When an officer may not have personal funds to meet the cost of the journey by horse dak, an advance for that purpose may be made by the regimental paymaster on the authority of the officer commanding the regiment or battery. Should this course not be practicable, or the officer not be performing regimental duty, the officer commanding the station may issue an order directing the necessary advance to be made from the treasury; a note of the advance so obtained being entered on the warrant to facilitate adjustment. Such advances are, however, to be very sparingly used.

Officers availing themselves of these advances are required to send in their bills immediately on completion of the journey.

G. O.,† in the Military Department, No. 932, dated 14th September, 1855, and Notification Foreign Department, No. 617, dated 5th October, 1855, and No. 505, dated 27th March, 1855, forbidding all officers in the service of Government from entering the Burmese territory without first obtaining the sanction of the Commissioner of Pegu, and Nipalese territory without obtaining the permission, through the Resident, of the Nipalese Durbar. Also memorandum of this Department, No. 2086, dated 21st October, 1865, directing that no officer should be allowed to go beyond British territory without the specific sanction of the Government of India obtained through this Department.

Observations.—His Excellency the Viceroy and Governor-General in Council observes, that there is a political necessity for placing restrictions upon British officers visiting countries on the frontier of India, such as Afghanistan, Nipal, Kashgar and Tibet, there is no such necessity for placing restrictions on visits to native territory within the limits of India.

His Excellency in Council considers it unnecessary to place any greater restrictions upon officers in such States than upon travelling in British territory, except to direct that when Government travelling in Native States move off the main lines of road, they shall in all cases obtain the intimation to the Political Agent or other officer through whom correspondence with the Native States is usually conducted.

Resolution—His Excellency in Council is accordingly pleased to withdraw the restriction imposed upon officers of Government desirous of visiting Native States. Nothing in this resolution, however, will affect the special rules prescribed for travelling in Cashmere.

As regards visiting countries situated beyond the frontiers of India, the existing rules remain in force, and applications for permission to cross the Indian frontier must be submitted heretofore, for the consideration of the Government of India in this Department.

TRANSPORT—PASSAGE—RETIREMENTS—ROYAL ENGINEERS.

No. 345.—In accordance with a recent ruling by the Government of India, which declares that the regulations regarding the grant of passage to England, for officers of the Royal (late Indian) Artillery who have retired or may retire in India on the extra annuity or on full pay pension, are not applicable to officers of the Royal (late Indian) Engineers, the following addition is made to revised Clause XII† of paragraph 169, Transport Regulations, Part I:—

Military Department, No. 438S, dated 14th October, 1875, to the Secretary to Government, Bombay, and the Quartermaster-General, Bengal. "This regulation does not apply to officers of the Royal (late Indian) Engineers."

G. O. C. C., 24th December, 1875.—In bidding farewell to an Army with which he has been so long and intimately associated, the Commander-in-Chief finds it difficult to express to all its members, in a General Order, what he would from his heart say to each of them.

II. Upwards of 36 years ago His Excellency had the honor of commencing his service in the Madras Presidency and of making the acquaintance and, he believes, the friendship of many of the distinguished officers who since then have brought honor and renown to this Army, and who, he is happy to say, are still regarded by all officers now serving as their models of loyal and chivalrous soldiers.

III. Were His Excellency to thank, in detail, as he would like to do, all those who with much devotion and ability have aided him in the various duties he has had to perform during his tenure of the high command of this Army, he would, he is proud to say, have almost to enumerate the names in the Army List, so truly have his efforts to promote their welfare and that of those under them been met with a hearty disposition to do their best to maintain the efficiency, discipline, and long well-earned renown of this Army.

IV. He can, then, but hope that all the Staff, General, Divisional, and Personal, all Departments, and all Commanding Officers will accept his cordial and sincere thanks for the loyal assistance they have rendered him in his execution of the office of their Commander-in-Chief. He thanks the Non-Commissioned Officers and men for their good conduct and the excellent discipline manifest in their corps, and now in saying farewell to all, Sir Frederick Haines trusts that the Madras Army will believe that nothing has he more at heart, for nothing is he more solicitous than their prosperity, honor, and ever-increasing fame.

‡ Madras S. O., No. 173, dated 4th December, 1875, p. 262.

G. O. C. C., 20th December, 1875.—It affords the Commander-in-Chief the greatest gratification in having it in command to publish to the Army in this Presidency, that His Royal Highness the PRINCE OF WALES was exceedingly well pleased with the smart turn out and soldier-like appearance of the troops he reviewed on the Island last Friday evening.

His Royal Highness was pleased to commend in cordial terms the air of great efficiency presented by all on this occasion, the steadiness of all ranks under arms, and the good marching and accurate manœuvring of the regiments.

It was with much pride His Excellency received His Royal Highness' commands to promulgate to the Army these laudatory comments passed on the troops in this garrison, and in now doing so Sir Frederick Haines congratulates the Officers and men of the Madras Army on the favorable opinion His Royal Highness has formed, and doubtless will ever retain, of their high soldier-like qualities and efficiency.

FURLOUGH AND LEAVE RULES.

Fort William, 30th December, 1875, No. 1316.—Under instructions from Her Majesty's Government, the Right Honorable the Governor-General in Council is pleased to publish the following revised Furlough and Leave Rules applicable to the Staff Corps and Indian Local and Medical Services:—

FURLOUGH AND LEAVE RULES.

1. Officers included in Schedule A may receive, after five years' service in India or under the Government of India, one year's furlough, and an additional year for each subsequent five years' service. Furlough not taken at the time it becomes due is not lost, and can, subject to these rules, be taken later.

2. An Officer may receive at any time any portion of the furlough to which he is entitled. But, except under Rule 8, he may not be absent from duty on any ground for more than three years consecutively; nor, on return from furlough, may he receive, except under Rule 6, any further portion of the furlough to which he is entitled until after the interval of two years.

3. It must be distinctly understood that furlough is subject to the exigencies of the public service. Officers commanding regiments, and Heads of Departments, will forward no application for furlough unless able to satisfy the superior authorities that the Officer's services can be spared without any inconvenience to the public service.

4. Furlough does not involve forfeiture of appointment, may be spent anywhere, and counts as service for pension.

5. An Officer on furlough receives (up to, but not beyond, the sum of 1,000*l.* a year) half the emoluments of his office, computed according to a rate of exchange to be fixed in each year by the Secretary of State: but in any case he does not receive less than 250*l.* a year. The emoluments of his office include all pay, staff corps pay, staff salary, and Indian allowances he would receive in respect to it if he were on duty, and for the purpose of each payment his office is the office he fills on the day when that payment becomes due.

6. Upon certificate of a Medical Board, an Officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An Officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years.

7. An Officer who has exhausted the furlough obtainable under these rules, and who may be certified by a Medical Board to be still unfit for duty, will be placed temporarily or permanently on half-pay, according to the circumstances of the case.

8. Under very urgent circumstances special furlough may be granted for private affairs, which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension.

9. Advances for passage money, on need shown, will be granted to Officers on furlough, to be recovered in manner specified at the time of the grant: in India, at the discretion of the local Government; and in England, at the discretion of the Secretary of State.

10. Leave may be granted for any period not exceeding six months at a time, and may not, except for very urgent reasons, be specially reported to the Government of India, be renewed till after six months have elapsed from its expiration. It must be spent at some place east of the 40th degree of east longitude. Subject to these conditions, it may be granted or refused entirely at the discretion of the local authorities, who in granting it shall fix its duration, and may fix the limits within which it shall be spent, and whether during its continuance half pay and allowances are to be deducted for the payment of a substitute; and they may grant it as preparatory to furlough or for the purpose of a medical examination. Leave counts as service for pension and furlough. The local authorities shall be defined for the purpose of this rule by the Government of India.

11. Leave and furlough are reckoned from and to the close of the days named in the order granting them.

12. The position of Officers not included in Schedule A will be unchanged as respects leave or furlough.

13. Officers now in the service placing themselves, from a given date, under these rules shall count service for pension up to that date under the rules to which they were then subject.

SCHEDULE A.

Officers entering the Staff Corps or Indian Medical Service, and Warrant Officers attaining that rank, after the 31st December 1875; and
Any other Officers, Commissioned or Warrant, belonging to the Indian Army or Medical Service, or Officers of the Staff Corps, who, after the 31st of December 1875, shall before asking for leave or furlough, apply in writing to their local Governments to be placed definitively upon Schedule A.

but their service for furlough under Rule 1 shall commence from the date of such entry or such application respectively.

Any Officers in Civil employment declared by the Government of India to be under Civil Leave Rules shall not be under these Rules.

* * The last-pay certificate issued to an Officer to whom furlough or leave has been granted shall state the pay to which, under Rule 5, he is at that date entitled in respect to the office he is holding, noticing the date, if any fixed, at which he will vacate it.

With advertence to the forgoing rules, the Right Honorable the Governor-General in Council is pleased to notify—

I. That no "extra or special allowances" drawn by an Officer, which are now excluded from the account in calculating furlough pay under the Rules of 1868, can be reckoned in calculating furlough under these Rules (Rule 5).

II. That the Governments of the three Presidencies, or their Excellencies the Commanders-in-Chief in regard to Officers serving directly under them, shall be held to be the "local authorities" named in Rule 10.

III. That, pending further orders, a Staff Officer granted leave under Rule 10 shall receive, as heretofore, the pay or staff corps pay of his rank and half the staff salary of his appointment during such leave, but full staff salary may be allowed him for the first two months (as now during privilege leave) when he makes approved arrangements for the performance of his duties during that period. In such cases the G. O. granting the leave must state that the first two months are to be on full staff pay.

N.B.—It is distinctly to be understood that the rule regarding the pay to be drawn on leave under para. 10 is liable to be modified at any time in any way that the Government of India may deem expedient.

IV. Pending further orders, these rules are not applicable to any Officer in Civil employ.

Applications to retire will be considered and disposed of successively according to the order of proposed dates of retirement until the number of retirements allotted to the service shall have been accomplished, when retirements under this order will cease for the year. In the event of becoming necessary to select one from among two or three applicants for retirement on the same date, preference will be given according to seniority from the date of first commission.

V. Officers wishing to retire under the terms of this order must, whether in or out of India, submit their applications to the Office of the Adjutant-General of their respective Presidencies, naming prospective dates for their retirements, such date not to be earlier than the 1st April 1876.

VI. Officers whose applications are accepted, will be gazetted out from the dates named by themselves, but will continue to perform their duties and receive the pay and allowances of their positions until officially informed of their removal from the effective list, either by direct communication, or by publication of the Gazette at the station at which they may be serving.

VII. Officers retiring under this arrangement will forego both the good service pension, and the gratuity, but will continue to receive the pay and allowances of their positions until officially informed of their removal from the effective list, either by direct communication, or by publication of the Gazette at the station at which they may be serving.

(a) G. G. O., No. 808 of 26th September, 1866.

VIII. Applicants to retire must state—

1st.—Their rank and service.

2nd.—Their age (supported by certificate of birth, or in its absence, by a formal declaration of age).

3rd.—Whether they wish to receive commutation for their prospective allowances in the form of an annuity, or to capitalize its value. Officers who desire to receive the capitalized value of their prospective allowances must attach to their applications a certificate in the form given in Appendix A. In the case of Officers retiring out of India, the health certificate required will be called for and furnished by the instructions from the India Office in London.

4th.—Whether they desire to receive payment, wholly, or in part, in India, or in England.

IX. The Table given in Appendix B shows the rates at which the expectation of the Colonel's allowance will be calculated in carrying this order into effect in the case of officers of various ranks and service.

X. For the purpose of arriving at the amount payable in each case, whether as an annuity or as a single payment, Officers' ages will be calculated from their birthday next succeeding the date from which they propose to retire, and the number of years they have to serve before becoming entitled to the Colonel's allowance will be calculated from the date of the proposed retirement. When the period to serve contains a fraction of a year, the fraction, if it be six months or under six months, will be excluded altogether; if it exceeds six months, it will be reckoned as a complete year.

XI. Payments of the capitalized value of the annuity made in India under this order will be at the rate of 1s. 10d. for the rupee.

XII. Officers who elect to receive an annuity in preference to the capital sum, will not, after their retirements have appeared in the Gazette, be allowed to capitalize such annuity under the provisions of this order; and it is to be understood that no separate applications of individual Officers to retire after the present retirements have been allotted will be entertained on the basis of this order.

XIII. Officers of the half-pay list of the Staff Corps will be permitted, if disposed to retire from the service, to avail themselves of this scheme of retirement, provided they are eligible thereto at the time of their transfer to the half-pay list, of all the conditions required. The time passed by an Officer on the half-pay list of the Staff Corps will not count towards the years in the grade of Lieutenant-Colonel required to qualify for promotion to the Colonel's allowance.

XIV. No application from Officers to cancel their retirement or to change the date of such retirement will be entertained after it has been announced in the official Gazette of the Presidency in which they belong.

LONDON, 6th January 1876.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—I have considered in Council your Military Letter, dated 12th November 1875, No. 278, in which you submit for my consideration the question whether it would be competent to an officer who has exchanged from a purchase Corps into the Staff Corps, and who may retire from the service by the sale of his commission before being entitled to Indian pension, to continue his subscription to the Indian Service Family Pension Fund for the benefit of his wife and family after such retirement.

2. In reply I have to inform you that an officer so situated would not be entitled to continue his subscription to the Fund.

3. Such cases are not, however, likely to be of frequent occurrence, and I see no objection to the return on retirement of contributions in excess of the risk borne by the Fund during membership.

I have, &c.,

No. 9.—The following Circular Memorandum by the Adjutant-General, Simla, dated 6th January, 1876, No. 27, is published for information:—

No. 27.

OFFICE OF THE ADJUTANT-GENERAL IN INDIA, SIMLA, 6TH JANUARY 1876.

To General Officers Commanding Divisions and Districts; and Officers Commanding British Regiments of Cavalry and Infantry, and Brigades and Batteries of Royal Artillery.

CIRCULAR MEMORANDUM.

Under authority from the Horse Guards, the following decisions with regard to the correct interpretation of certain portions of the Royal Warrant, G. O., 232 of 1875; Madras S. O., No. 106, dated 11th September 1875, page 192, ("Regulations relative to the Forfeiture of Soldiers' Service, and of Good Conduct Pay and Badges,") are communicated for information and guidance.

No Soldier loses his service if imprisoned by his Commanding Officer, or if absent without leave for five days or less, since the 25th April 1875.

A Soldier forfeits his pay for any day or days during which he is imprisoned by his Commanding Officer (173rd Article of War, as amended).

In cases of imprisonment by Commanding Officers, or forfeiture of pay through absence, a Soldier will, on and after the 25th April 1875, count service to obtain or regain a Good Conduct Badge from the date of his offence.

If a Soldier is tried and convicted by Court Martial of absence without leave, loss of pay and service does not necessarily follow the conviction when the period of absence does not exceed five days, but the pay should be withheld under para. 689, Royal Warrant, dated 27th December 1870, pending the result of an application to the Secretary of State for War, for power to deprive him of it under the 176th Article of War.

A Soldier will forfeit the whole period of his prior service towards Good Conduct Pay and Pension, if sentenced thereto by Court Martial, or if discharged with ignominy.

There is a typographical error in the 173rd Article of War of 1875, which should be construed as if the words "and service" in the 7th line had been omitted.

1st March—Cl. 36.—Ammunition Pouches—Valise Equipment.

The black leather pouches issued with the first valise equipment, and the buff pouches altered from ball bags, being found too small to hold 20 rounds of the Martini-Henry ammunition, officers

commanding regiments, which have these pouches in possession, will demand other pouches in lieu thereof, and upon receipt of them will return the old ones into store.

2. Some of the black and buff pouches in use, other than those above mentioned, are also in some instances too small, and in such cases officers commanding will have the centre partition removed, care being taken that the bodies of the pouches are not cut in making the alteration. No money allowance will be granted for carrying out this service.

3. The black pouches of the last pattern require no alteration.

1st June—Cl. 81,—Instructions relating to snap-caps for Martini-Henry Rifles.

Instructions for using the snap-cap for Martini-Henry Rifles were issued with the Army Circulars, dated May, 1875, for the information of the officers and others immediately concerned.

1st August—Cl. 115,—Classification of Arms.

The following rules for the classification of the several descriptions of small arms are promulgated to facilitate the recognition of the different patterns, and to ensure accuracy in the issue to regiments of the Regular Army, Auxiliary and Reserve Forces.

1. Small arms will be classified as follows:—

- Class I, which will consist of new arms, and used arms, which may have had slight repairs only, and are equal to new.
- Class II, which will consist of used arms that have been thoroughly repaired.
- The reserve, which will consist of arms that can be repaired and made fit for issue in cases of emergency.

2. All the "Martini-Henry" arms in the Regular Service will be considered as belonging to Class I.

3. All arms in the hands of Auxiliary and Reserve Forces, and for issue to those forces, viz., "Snider breech-loading rifles (long and short) Snider and Westley-Richards' breech-loading carbines," will be considered as belonging to Classes I and II and to the Reserve.

4. The above arrangements have reference to all rifled breech-loading arms of bores .450 and .577, as distinguished from those patterns which may be considered obsolete for existing services.

5. Circumstances may, however, render it necessary to provide for the contingency of an issue of muzzle-loading arms, .577 bore. These arms will be considered as distinct from those mentioned in paragraphs 2 and 3, and will be marked R.

6. Under the arrangements specified in the foregoing paragraphs, the following are the distinctive marks which will be used:—

a. All arms belonging to Class I. will be marked previously to being sent into store from Enfield, Birmingham, London or elsewhere, with the figure 1, about a quarter of an inch in length on the butt, below the manufacturing mark.

b. All arms belonging to Class II. will be marked as in Class I, but with the figure 2.

c. The letter R. will be added to distinguish all arms which are placed in the Reserve Class.

7. Control officers in charge of arms will carefully attend to these distinctions, and observe them in the preparation of their store accounts and periodical returns.

8. War Office Circular, No. 450, and all previous orders respecting the classification of arms, are hereby cancelled.

1st September—Cl. 127,—Arm-Chests for Martini-Henry Rifles.

1. Painted arm-chests with hinges and hasps suitable for the packing of Martini-Henry rifles will be issued, free of charge, out of the public stores.

2. The supply will be at the rate of one* for each company, and the chests will be kept in repair by captains of companies. They will be brought on charge upon the equipment ledgers, and will be written off on the opposite side of the account in order that there may be a record of the issue.

3. No extra allowance will be made for the conveyance of these chests, beyond that sanctioned for each company under the existing regimental baggage scale.

4. Arm-chests will not be supplied to brigade depôts, the spare arms of such depôts being kept in the armoury. Depôts will therefore, on joining their brigade depôt, return the arm-chests in their possession into store.

5. Clauses 21 and 60, Army Circulars, 1875, are hereby cancelled.

List of Changes in War Material, 1st August 1875.

* Three arm chests per company are sanctioned in India, for each company of British Infantry, by the Indian Equipment tables.

It is intended for the packing of spare arms of companies of regiments. The internal fitting is so arranged that each rifle is packed together with its bayonet, and can be removed without disturbing all the other rifles.

LEAVE, OFFICERS.

No. 403.—The following General Order, by the Government of India in the Military Department, is re-published.

No. 1316, dated 30th December 1875.—Under instructions from H. M.'s Government, the Right Honorable the Governor-General in Council is pleased to publish the following revised furlough and leave rules applicable to the Staff Corps and Indian Local and Medical Services:—

FURLOUGH AND LEAVE RULES.

1. Officers included in Schedule A may receive, after five years' service in India or under the Government of India, one year's furlough, and an additional year for each subsequent five years' service. Furlough not taken at the time it becomes due is not lost; and can, subject to these rules, be taken later.

2. An officer may receive at any time any portion of the furlough to which he is entitled. But, except under Rule 8, he may not be absent from duty on any ground for more than three years consecutively; nor, on return from furlough, may he receive, except under Rule 6, any further portion of the furlough to which he is entitled until after the interval of two years.

3. It must be distinctly understood that furlough is subject to the exigencies of the public service. Officers commanding regiments, and Heads of Departments, will forward no application for furlough unless able to satisfy the superior authorities that the officer's services can be spared without any inconvenience to the public service.

4. Furlough does not involve forfeiture of appointment, may be spent anywhere, and counts as service for pension.

5. An officer on furlough receives (up to, but not beyond, the sum of 1,000*l.* a year) half the emoluments of his office, computed according to a rate of exchange to be fixed in each year by the Secretary of State; but in any case he does not receive less than 250*l.* a year. The emoluments of his office include all pay, staff corps pay, staff salary, and Indian allowances he would receive in respect to it if he were on duty, and for the purpose of each payment his office is the office he fills on the day when that payment becomes due.

6. Upon certificate of a medical board, an officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years.

7. An officer who has exhausted the furlough obtainable under these rules, and who may be certified by a medical board to be still unfit for duty, will be placed temporarily or permanently on half-pay, according to the circumstances of the case.

8. Under very urgent circumstances special furlough may be granted for private affairs, which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension.

9. Advances for passage money, on need shown, will be granted to officers on furlough, to be recovered in manner specified at the time of the grant: in India, at the discretion of the Local Government; and in England, at the discretion of the Secretary of State.

10. Leave may be granted for any period not exceeding six months at a time, and may not except for very urgent reasons, to be specially reported to the Government of India, be renewed till after six months have elapsed from its expiration. It must be spent at some place east of the 40th degree of east longitude. Subject to these conditions, it may be granted or refused entirely at the discretion of the local authorities, who in granting it shall fix its duration, and may fix the limits within which it shall be spent, and whether during its continuance half pay and allowances are to be deducted for the payment of a substitute; and they may grant it as preparatory to furlough or for the purpose of a medical examination. Leave counts as service for pension and furlough. The local authorities shall be defined for the purpose of this rule by the Government of India.

11. Leave and furlough are reckoned from and to the close of the days named in the order granting them.

12. The position of officers not included in Schedule A will be unchanged as respects leave or furlough.

13. Officers now in the service placing themselves, from a given date, under these rules, shall count service for pension up to that date under the rules to which they were then subject.

SCHEDULE A.

Officers entering the Staff Corps or Indian Medical Service, and Warrant Officers attaining that rank, after the 31st December 1875; and

Any other officers, Commissioned or Warrant, belonging to the Indian Army or Medical Service, or officers of the Staff Corps, who, after the 31st December 1875, shall, before asking for leave or furlough, apply in writing to their local Governments to be placed definitively upon this Schedule: but their service for furlough under Rule 1 shall commence from the date of such entry or such application respectively.

Any officers in civil employment declared by the Government of India to be under Civil Leave Rules shall not be under these Rules.

* * The last-pay certificate issued to an officer to whom furlough or leave has been granted shall state the pay to which, under Rule 5, he is at that date entitled in respect to the office he is holding, noticing the date, if any fixed, at which he will vacate it.

With advertence to the foregoing rules, the Right Honorable the Governor-General in Council is pleased to notify—

I. That no "extra or special allowances" drawn by an officer, which are now excluded from the account in calculating furlough pay under the Rules of 1868, can be reckoned in calculating furlough pay under these rules (Rule 5).

II. That the Governments of the three Presidencies, or their Excellencies the Commanders-in-Chief in regard to officers serving directly under them, shall be held to be the "local authorities" named in Rule 10.

III. That, pending further orders, a Staff Officer granted leave under Rule 10 shall receive, as heretofore, the pay or staff corps pay of his rank and half the staff salary of his appointment during such leave: but full staff salary may be allowed him for the first two months (as now during privilege leave) when he makes approved arrangement for the performance of his duties during that period. In such cases the G. O. granting the leave must state that the first two months are to be on full staff pay.

N. B.—It is distinctly to be understood that the rule regarding the pay to be drawn on leave under para. 10 is liable to be modified at any time in any way that the Government of India may deem expedient.

IV. Pending further orders, these rules are not applicable to any officer in civil employ.

No. 404.—In accordance with a recent decision by the Government of India, para. 164D, Transport Regulations, Part II, is reconstructed as follows:—

OFFICERS—RETIREMENTS.

G. O. C. C., No. 14 of 18th February, 1876.—Under instructions from Government, the Commander-in-Chief directs it to be notified that the capitalized value of the Colonel's allowance of an officer retiring under the provisions of G. G. O., No. 1 of 1876, is payable either in England or in India and not elsewhere.

Officers must make their own arrangements for remitting it to the Colonies, or wherever else they may desire.

INSANES.

No. 15.—It having been brought to the notice of the Commander-in-Chief that insane patients have been sent from regiments to the Lunatic Asylum, Madras, unaccompanied by all the required documents, His Excellency desires the attention of all Commanding Officers to the orders on the subject, which are to be carefully complied with.

after page 188, and one to all Staff officers and departments.

(3.) They have been embodied in the forthcoming Indian Appendix to the British Musketry Regulations.

508 On reaching each station the Chief Civil Master Armorer will report his arrival personally to the station staff officer, from whom he will receive the necessary instructions previously arranged for in communication with commanding officers, so as to be convenient to all, as to the time, place and order, in which the arms of the several regiments at the station are to be inspected. This is to be immediately communicated by the station staff officer to the several commanding officers concerned.

508 The Viewer will then immediately enter on his duty of assisting the regimental annual boards, and of examining the arms of each regiment under the orders of the officers composing the annual board on arms, who will be present, at the time and place fixed on as above.

508 All cases of damage or neglect discovered by the Viewer will be immediately submitted, and his professional opinion as to the "nature and extent" and "the cause" of injury, offered to the board, who will, should this not already have been done, take and record evidence if necessary, to ascertain on whom the cost of repair or replacement is to fall.

508 No inspection of the men's arms, &c., by the Viewer is to be entered on unless one of the officers, composing the annual board, is present; this does not include professional inspection of the Armorer's shop, his tools, &c., or of the Armorer and his Assistant's knowledge of their duties.

508 The board should be careful that every facility for a complete inspection is given. The Viewer's time should not be unnecessarily occupied. Every point requiring his professional opinion should be previously prepared. The further inspections and proceedings of the board are to be completed after the Viewer's departure.

508 At the conclusion of the Viewer's inspection, which except in particular cases (to be noted in his report), should not occupy more than two* complete days, and after ascertaining that the board has no further occasion for his services, the Viewer will fill up the following printed form of report in duplicate and submit it personally to the commanding officer of the regiment, who is also the president of the board, either at the ordered place for the inspection of the arms, or at the regimental orderly-room.

508 Instructions for the guidance of Viewers appointed to attend the Annual Inspection of Arms in possession of the troops.

(1.) Examine the exterior of the arm for general appearance, as in the case of an upright view. Should the arm exhibit appearances of rust at the barrel edge, lock, or other parts, it must be stripped and carefully examined.

(2.) Examine the action of every arm most carefully, and ascertain that the moving parts work freely, and fit firmly and soundly. See that the face of the block has not been injured by the striking of the cock when open, and that it has not been smoothed or polished; any attempt on the part of the Armorer Serjeant to touch the face of the block with a file, or emery paper, should be at once checked.

The pistons to be carefully tested as to their working freely; and a few should be taken out to see that they, as well as the springs, are cleaned, slightly oiled, and free from dirt.

Although a flat gauge of .015 inch is given to every Viewer to examine the amount of play in the block with, yet it does not follow that an arm which admits of the gauge should be condemned, as the ammunition is much stronger than it was at the time when that gauge was established.

All arms, however, which are complained of for cutting the cartridges, or for difficulty in extraction, are to be put on one side for close examination and repair.

(3.) Examine the lock by pulling up the cock, to ascertain that it works freely. If found to be sluggish, the lock to be removed from the stock, cleaned, and carefully examined. The bedding in the stock also to be examined, to see whether it shows an appearance of being wood-bound.

At least 10 per cent. of all locks to be taken out of the stocks. The Viewer will exercise his judgment, from general appearance, as to the necessity for removing a larger proportion.

(4.) Examine the bores of the barrels to ascertain that they are not injured or neglected, but kept clean and in a proper state.

No notice need be taken of stains or slight scratches arising from fair wear.

The .577 plug is to be occasionally used and passed through the barrels in all cases of doubt or appearance of obstructions.

Only in cases of complaints of bad shooting or where barrels exhibit distinct appearances of excessive wear from improper cleaning or other causes, and where the shooting is also complained of, should the Viewer use the .580 plug, as it is always to be borne in mind that accurate shooting does not depend upon the exact adherence to the gauge of the bore .577.

* In the Madras Presidency three to four days.

1st of October, arrange, in communication with the divisional and district authorities, the route to be taken by him, and the probable date of his arrival at each station will be published in division or district orders for the guidance of officers commanding regiments.

the tightness of the barrel is of much more importance for correct shooting, than slight variations in the diameter of the bore.

The Viewer will, of course, pay more particular attention to those arms which are specifically complained of, and will endeavour in every way to arrive at a correct judgment upon the cause of the complaint, which may arise from a combination of several defects and injuries.

He will never condemn, or place on one side for exchange, any arm which merely takes the .580 plug either wholly, or in part, unless the arm is proved to have shot badly at a special trial, according to Parts X and XI of the Musketry Regulations, British and Native, respectively.

(5.) In the general examination of the arm, the trigger should be carefully tested, as to its working freely and pull-off.

In all cases where found to be stiff, the guard and trigger plate must be removed and carefully examined.

A percentage of the arms under view (to be settled by the Viewer after their general condition has been ascertained) should be completely stripped and carefully examined. This percentage should not be less than 10 per cent.

Lastly, the Viewer must carefully note the general way in which the Armorer Serjeants, their Assistants, &c., and Serjeant Instructors of Volunteers have performed their duties as Armourers, together with the nature of all repairs, and how executed. He will also carefully furnish all the other information required by the following form of report:—

RECRUITING—NATIVE CAVALRY.

G. O. C. C., No. 27 of 20th March 1876.—Under instructions of Government, the Commander-in-Chief is pleased to notify that recruiting in the regiments of Madras Native Cavalry is now authorized. 2. The four regiments are to be recruited to complete the old establishment of 300 Privates each, including the quota allowed for the Body Guard of His Excellency the Governor. 3. Enlistments are to be made, in communication with the Remount Agent, gradually, as horses are available, and none but thoroughly eligible recruits are to be enlisted. 4. It is to be a condition of enlistment with each recruit that he takes service subject to any changes that may be ordered by Her Majesty's Government in the system or organization of the Madras Cavalry.

CLOTHING—NATIVE ARMY.

No. 28.—The Commander-in-Chief directs it to be notified that Government have sanctioned the issue of serge trousers to the Native Infantry, in substitution of the cloth trousers now supplied, as government clothing.

2. The issue of serge trousers to commence with clothing for 1876-77.

MUSKETRY.

No. 29.—The Commander-in-Chief directs it to be notified that, His Royal Highness the Field Marshal Commanding-in-Chief has been pleased to direct that whenever the musketry practice of a regiment for the year be not completed at the time of its annual inspection, the Inspecting Officer will insert in the confidential report from the full details of the practice of the previous year; taking care, however, to specify to which year the figures refer.

GOOD CONDUCT MEDALS—GRATUITIES.

No. 30.—Under directions from Horse Guards, the following instructions relative to Good Conduct Medals and Gratuities are published for the information of officers commanding British regiments in this Presidency.

1. The Royal Warrant dated 14th August, 1875, is so far retrospective that all non-commissioned officers and men who had fulfilled the prescribed conditions and who were serving on or subsequent to the 1st April last, are eligible to be recommended for the medal and gratuity of £5, without regard to the year in which they may have qualified.

2. Applications, with the prescribed documents appended thereto, for medals with gratuity, are to be sent quarterly, viz., on the 1st April, 1st July, 1st October, and 1st January, to the Adjutant-General of the Forces by Commanding Officers. The applications are to be enclosed in one covering letter, in the margin of which should appear the names of the soldiers recommended. Paragraphs 2 and 3, Section 21, of the Queen's Regulations and order for the Army are accordingly modified.

3. Sergeants and corporals who have been awarded medals, under the old regulations, with partial gratuity, or the medal without gratuity, will receive, or have the gratuity already awarded made up to, £15 and £10 as the case may be, provided that when recommended for the distinction they had qualified for a sergeant or corporal's full gratuity. Privates awarded medals without gratuity will be allowed £5 each.

4. The names of non-commissioned officers and men alluded to in the preceding paragraph need not be again submitted by Commanding Officers, as the records at Horse Guards will be sufficient to guide the issue of gratuities to them on discharge from the service.

COMMISSARIAT.

G. O. C. C., No. 31 of 23th March 1876.—With the sanction of Government, the following General Order, by His Excellency the Commander-in-Chief in India, is republished:—

Simla, 24th January 1876, No. 14.—With the sanction of the Government of India, the Commander-in-Chief directs that the issue of spirits to native troops shall be guided by the following rules, in supersession of all previous orders.

I. Indents for spirits will only be authorized by general officers commanding divisions and districts, when from climatic or other causes the issue is considered really necessary by the Deputy Surgeon-General. II. The indents will show clearly the grounds on which the issue is recommended. III. Even under such circumstances rum will not be claimable from the Commissariat Department as a right, and will not be granted for more than one month at a time, unless at the expiration of that period the medical authorities consider its further issue absolutely necessary.

IV. The amount of rum obtainable from the Commissariat Department will be restricted to one dram per man (for whom recommended), per diem, and will be paid for at the rate of Rs. 2-8 per gallon.

V. This order will not affect certain regiments peculiarly situated, which already receive rum under special Government sanction.

VI. The Commander-in-Chief is opposed to any extension of the issue of spirits to Native troops, and directs that the sanction now given be exercised as sparingly as possible.

VII. Tea may sometimes prove an efficient substitute for spirits, and in such instances the issue may be made on payment under the same medical restrictions as above.

FINANCIAL.
(*Military Fund*).
No. 10.

INDIA OFFICE,
LONDON, 6th January 1876.

To His Excellency the Right Honorable the Governor-General of India in Council.

My LORD,—I have considered in Council your Military Letter, dated 12th November, 1875, No. 278, in which you submit for my consideration the question whether it would be competent to an officer who has exchanged from a purchase corps into the Staff Corps, and who may retire from the service by the sale of his commission before being entitled to Indian pension, to continue his subscription to the Indian Service Family Pension Fund for the benefit of his wife and family after such retirement.

2. In reply I have to inform you that an officer so situated would not be entitled to continue his subscription to the Fund.

3. Such cases are not, however, likely to be of frequent occurrence, and I see no objection to the return on retirement of contributions in excess of the risk borne by the Fund during membership.

I have, &c.,

(Signed) SALISBURY.

G. O. C. C., 31st March 1876.—The following extract from General Orders, by His Excellency the Commander-in-Chief in India are republished:—

Simla, 24th March, 1876.—Attention is directed to G. O., (a) 315 of 1872, and paras. 1194 to 1199, Bengal Army Regulations, on the subject of leave to Cashmere.

The Resident at Srinaggur is to provide for all military officers (except those in civil employ) within their commands, who may require them, whether the applicants are serving directly under their orders or not."

Officers visiting Cashmere are expected to report themselves on arrival to the Resident, and to find it to their advantage, with regard to the delivery of their letters, &c., to keep that acquainted with their movements.

General Officers commanding divisions and districts are requested to report direct to the names of the officers to whom they issue passes.

G. O. C. C., 28th April 1876.—The following extract from General Orders, by His Excellency the Commander-in-Chief in India are republished:—

Simla, 1st April, 1876.—With reference to the foot-note added to page 30, Bengal Army Regulations, 34 of 1874, General Officers Commanding are reminded that officers appointed on probation to the Staff Corps subsequent to the 1st January, 1875, must be examined for final admission to the provisions of Section II, G. O., (b) 275 of 1873, instead of in the tests laid down in paragraph 146, Bengal Army Regulations.

In the cases of officers who, under para. 2 of the section, referred to, are exempted from Part II of the examination, it will be necessary for the Committee to record in their proceedings the grounds of exemption.

G. O. C. C. of 8th May, 1876.—The following General Orders, by His Excellency the Commander-in-Chief in India are republished:—

Simla, 10th April, 1876.—In laying down the Chief Command of Her Majesty's Forces in India the Special Command-in-Chief of this Presidency, it is expedient to advert to the circumstances and importance which have affected the Army during the period of my command.

The improvements in artillery, and more especially in small arms, and the extension of the range of fire, rendered necessary a change in the form of attack.

The Government of India liberally allowed the assemblage of troops on a large scale for exercises, during the years 1871 and 1872; also, on a smaller scale, at Roorkee in 1873; and at Pindi, Umballa and Peshawar in 1874; and, finally, at Delhi for the inspection of His Royal Highness the Prince of Wales.

- (a) Madras G. O. C. C., No. 107, dated 16th December, 1872, p. 436.
 (b) Madras G. O. C., No. 223, dated 29th August 1873, p. 176.

These camps have afforded opportunities of practising on an extended field the new forms of attack, the principles of which were ordered by His Royal Highness Field Marshal the Duke of Cambridge. The army has adopted the change of tactics, with intelligence, and alacrity, and will be found very handy for attack or defence in whatever form the nature of the enemy, the country, or circumstances, may demand.

The labour and exposure, entailed by the camps of exercise, have been met by the officers and men of all arms with the best and most soldierlike spirit.

It is highly satisfactory to note that the discipline of the Army has improved.

One hundred and sixty cases of insubordination, which occurred in 1869-70, have been reduced to 49 cases in 1875. This reduction may be attributed in a considerable degree to attention paid to the rational employment and amusement of the soldiers, to the occupation given by the camps of exercise, to the greater comfort in barracks, and to the action of temperance societies. An extension of all these points, for which there is ample room, will produce still better results.

A complete record of the offences committed by about 18,000 men in the last five years, shows that the number of Courts Martial annually has been reduced from 1,077 to 541. The offences of the temperance men compared with those of non-abstainers are as 1 to 40 nearly.

The progress of musketry instruction has been excellent, the figures of merit show great progress.

The native army has also been affected by many important changes.

The new forms of attack, the course of musketry, particularly when the native officers have been taught to aid in the training of the men; the system of schools, in which every man will learn to read and write his vernacular, and enough of English to enable him to communicate with his European comrades on outpost duties; these, together with the high standard of instruction of the young officers, are exercising a great and valuable influence in developing the intelligence and character of the native officers and men.

In musketry training the figures of merit give great promise.

The period of my command has been rendered memorable by the review of the troops at Delhi by Field Marshal His Royal Highness the Prince of Wales, and His Royal Highness's favourable opinion regarding their high state of discipline and efficiency.

The facts herein mentioned show that the army during the past six years has made a steady advance in all essential points. But, in congratulating it on this result, I would earnestly counsel all concerned to press on in the endeavour to improve, so that when the day of trial comes, that day for which the army has alone existed, its success may be complete, and be won with the least possible loss.

I would strongly advise the captains of companies more generally to identify themselves with the men of their own companies; to devote much of their time to their training, instruction, and amusement, so that a bond of union and confidence may always exist between them.

To the officers of the native army where they do not already follow the course advised, I would urge that they should lose no opportunity of studying the characters of their men, that they should carefully instruct their native officers, and, by associating them in all general plans of regimental administration, and by treating them with kindness and confidence, they should make them feel that their place is on the side of authority. The native officers and soldiers will never shrink from the strictest discipline provided their "amour propre" is respected.

I have to express my great obligations to the General Officers Commanding Divisions and Brigades for their endeavours to carry out my wishes in regard to the instruction and care of the portions of the army under their command.

Also to the Medical and Commissariat Departments for the efficient performance of their respective duties.

I cannot sufficiently express my obligations to the Adjutant-General, Major-General Lumden, the Quartermaster-General, Major-General Roberts, and their departments, and to my Military Secretary, Colonel Dillon. It would be impossible to enumerate the many occasions on which I have been indebted to them for their opinions or suggestions for the benefit of the army.

I am greatly indebted to the Judge-Advocate-General, and his department. I have found Colonel Hatch a thoroughly sound and reliable legal adviser.

I am much indebted to Brigadier-General Gaye, Inspector-General, R. A., and to Colonel Arbuthnot, Deputy Adjutant-General, R. A., for their great assistance in all matters connected with their arm of the service.

The devotion of Colonel Gordon to musketry instruction, and the able manner in which he has conducted his office, has raised the shooting of the army to an unprecedented standard.

I am under deep obligations for their constant attention, to all my Personal Staff; the cordial upport of these officers has rendered my duty easy.

I part from the army, with which I have been intimately associated during my military career, with the deepest regret. Its general conduct has been admirable. Its honour, its well being and its success will ever be most dear to me.

Premiums payable half yearly, on 1st January and 1st July.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Church of England Assurance Institution.

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Capital—One Million.

"Short Term" and "Whole Life" Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also "FREE" Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

"Clergy Rates" have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a bona fide security to others, will not be rendered void in the event of death by suicide, duelling, or the proof of death.

The Medical Officer, Dr. Harris, sees applicants for Assurance at his residence, Pantheon Road, Egmore, from 11 to 12 A. M., on Wednesdays and Saturdays.

BILLIARD TABLES.

C. LAZARUS & Co., as Manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention, and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co., have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure *truth with speed*, that is to say, the maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co., have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite as durable, or even more durable, under the new principle of making up, than under the old.
