BILLIARD TABLES.
 C. LAZARUS & Co., as Manufacturers, would invite particular attention to their large stock of
 full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrange-
 ment as will admit of a Ball being struck so as to attain the highest speed without its jumping. This,
 it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in
 mentioning this fact, would state that the subject has largely occupied their attention, and after
 repeated experiments and close consideration, they have discovered a principle in the manufacture of
 cushions which answers admirably the end desired. Since the manufacture of their cushions on this
 new principle, C. L. & Co., have received testimonials from some of the first Clubs in India speaking
 to the merits of the same. To secure truth with speed, that is to say, the maximum of speed com-
 patible with preventing the Ball jumping, is the object which C. L. & Co., have had in view, and
 which at length they have successfully attained. At the same time, the cushions, it should be stated,
 are quite as durable, or even more durable, under the new principle of making up, than under the old.

No. 1, dated the 1st January, 1876.

ment, the Right Honorable the Governor-General in Council is pleased to notify that:—

- I. During the year 1877 ninety (90) Officers of the Staff Corps, and Cavalry and Infantry of the Indian Army, will be permitted to retire from the service, receiving, in addition to the pension to which they may be entitled by length of service under existing regulations, not exceeding the full-pay pension of a Colonel (£456-5-0 per annum), an allowance, or its capitalized value as they may prefer.
- II. This offer is restricted to substantive Lieutenant-Colonels who shall have completed 28 years' service, from the date of first commission, on or before the date from which they apply to retire, who may either, 1st, have been appointed to one of the Staff Corps on or before the 12th September, 1866, and can claim the Colonel's allowance under the provisions of G. G. O., No. 808 of the 26th September, 1866, or 2ndly, may be entitled, under G. G. O. of the 12th September, 1862, to the Colonel's allowance after 12 years' service in the rank of Lieutenant-Colonel.
- III. The number allowed to retire under these conditions will be distributed as follows:—

For Bengal	...	40
" Madras	...	30
" Bombay	...	20
Total	...	90

In the event of the whole of the retirements allotted to a particular Presidency not being taken up in that Presidency, those remaining will be distributed in such manner as may be determined by the Government of India.

- IV. Applications to retire will be considered and disposed of successively according to priority of proposed dates of retirement until the number of retirements allotted to the service year. In the event of its becoming necessary to select one from among two or three applicants for retirement on the same day, preference will be given according to seniority from the date of first commission.
- V. Officers wishing to retire under the terms of this order must, whether in or out of India, submit their applications to the office of the Adjutant-General of their respective Presidencies, naming such prospective dates for their retirements as will admit of the receipt not to be earlier than the 1st April, 1877.
- VI. Officers whose applications are accepted will be gazetted out from the dates named by themselves, but will continue to perform their duties and receive the pay and allowances of their positions until officially informed of their removal from the effective list, either by direct communication, or by publication of the *Gazette* at the station at which they may be serving.
- VII. Officers retiring under this arrangement will forego both the good service pension, if they are in receipt thereof, and all claim to bonus commutation under the terms of the despatch of the 8th of August, 1866,* No. 160.
- VIII. Applicants to retire must state—
 - 1st.—Their rank and service.
 - 2nd.—Their age (supported by certificate of birth, or, in its absence, by a formal declaration).
 - 3rd.—Whether they wish to receive commutation for their prospective allowances in the shape of an annuity, or to capitalize its value. Officers who desire to receive the capitalized value of the annuity must attach to their applications a certificate in the form given in Appendix A. In the case of officers retiring out of India, the health certificate required will be called for and furnished under instructions from the India Office in London.
 - 4th.—Whether they desire to receive payment, wholly, or in part, in India, or in England.
- IX. The Table given in Appendix B shows the rates at which the expectation of the Colonel's allowance will be calculated in carrying this order into effect in the case of Officers of various ages and service.
- X. For the purpose of arriving at the amount payable in each case, whether as an annuity or in a single payment, Officers' ages will be calculated from their birthday next succeeding the date from which they propose to retire, and the number of years they have to serve before becoming entitled to the Colonel's allowance will be calculated from the date of the proposed retirement. When the period to serve contains a fraction of a year, the fraction, if it be six months or under six months, will be excluded altogether; if it exceeds six months, it will be reckoned as a complete year.
- XI. Payments of the capitalized value of the annuity made in India under this order will be at the rate of 1s. 10d. for the Rupee.
- XII. Officers who elect to receive an annuity in preference to the capital sum, will not, after their retirements have appeared in the *Gazette*, be allowed to capitalize such annuity payments of individual Officers to retire after the present retirements have been allotted will be entertained on the basis of this order.

- XIII. Officers of the half-pay list of the Staff Corps will be permitted, if disposed to retire from the service, to avail themselves of this scheme of retirement, provided they are eligible thereto by the fulfilment, previously to their transfer to the half-pay list, of all the conditions required. The time passed by an Officer on the half-pay list of the Staff Corps will not count towards the 12 years in the grade of Lieutenant-Colonel required to qualify for promotion to the Colonel's allowance.
- XIV. No application from Officers to cancel their retirement or to change the date of such retirement will be entertained after it has been announced in the official *Gazette* of the Presidency to which they belong.

DIRECTIONS FOR THE USE OF THE TABLE.

Find in the marginal column to the left of the Table the number of years the Officer has to serve before becoming entitled to the Colonel's allowance, and then in the same line of the Table the Officer's age—(in column 2).

The figure in the same line to the right of his age (in column No. 3, "Annuities") shows the annuity, and the figure to the left of his age (under column No. 1, "Values") shows the capitalized value of the annuity offered to him under this order.

EXAMPLE.—Lieutenant-Colonel A. applies to retire on the 1st April, 1877. He will be 49 years of age on the 4th May, 1877. He will become entitled to the Colonel's allowance on the 1st August, 1882. For the purpose of making the calculation his age is 49, and the time he has to serve for the Colonel's allowance being five years and four months, the time he has to serve, for the purpose of the calculation under para. X of the order, is five years. The annuity offered to him is £364-8-0, and its capitalized value is £4,260.

FURLOUGH.

G. O. G., No. 73 of 23rd January 1877.—The following General Order by the Government of India, dated 12th January, 1877, is republished, with reference to G. O. G., No. 360 of 1876:—

No. 24.—With reference to G. O. G., No. 510 of 1876, it is notified that furlough granted to Military Officers in Civil employ under the notification by the Financial Department, No. 2294, dated the 20th April, 1876, for a period not exceeding three months, is not to be considered as furlough requiring an interval of three years' service between two furloughs.

Such furlough will, however, be excluded from the three years' service required between two furloughs.

OFFICERS—PAY AND ALLOWANCES.

G. O. G., No. 99 of 30th January, 1877.—The following General Order by the Government of India, dated 18th January, 1877, is republished:—

No. 43.—The following Military letter from the Right Honorable the Secretary of State for India, is published for information and guidance:—

Military.
No. 341.

INDIA OFFICE.
London, 30th November, 1876.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD.—Two cases have recently come before me, in which I have been called upon to consider in Council the conditions under which Officers of the Indian Staff Corps and local Officers may be permitted, when demand is made from proper quarters, to give their services beyond Indian limits.

2. And I have thought it well to endeavour to lay down a rule of general application in such cases.
3. The circumstances under which such demands will come before Government are various. In some cases the services of Officers are desired beyond Indian limits by Her Majesty's Government, whether within or beyond the territories of Great Britain and her Dependencies, on account of special reasons affecting the interests of the British Empire.
4. In other cases the services of Indian Officers may be sought (as they have been several times of late years) on account of special qualifications for local assistance by Governments of British Colonies (or by Friendly Foreign States).
5. And your Officers may be applied for to serve on the personal staff of General Officers or in analogous positions out of India, when the grounds of the application are, from the nature of the case, of a private and personal, though legitimate nature.
6. No one will question that every practical facility should be given to compliance with the demand for Officers under the first of the preceding categories. But I think also that, as a general principle, and within reasonable limits, no needless obstacle should be allowed to stand in the way of such demands under whichever class they come. The more free the scope we can give to the employment of our officers consistently with what is due to the Indian administration, the more are we likely to elevate the credit and the tone of the service and to add to its prestige.
7. It will of course rest with you to consider and decide on every demand of this kind as it arises.
8. And I propose to lay down as a rule that every officer whom you shall so permit to serve beyond the limits of India shall, while so serving, receive at the charge of Indian revenues the English furlough pay of his rank in addition to the allowances may be assigned to him from other sources in each case, and that his service under such circumstances shall count for pension, subject to the following limitations:—
 - A. That where an officer is called for to serve on personal staff out of India, the privilege first named shall not be enjoyed beyond three years.
 - B. That when an officer's services are lent for other than imperial purposes either in England or in a British Colony or to a Foreign State, the officer shall contribute to the Indian Exchequer a proportion, to be fixed by you, not exceeding one-fifth of the emoluments which he may receive during such transfer of his services, in compensation for the retention of his claim to pension during his absence from Indian duty.

I have, &c.,

MUSKETRY DRILL.

G. O. C. C., No. 141 of 26th December, 1876.—The following General Order by His Excellency the Commander-in-Chief in India, is republished:—

Simla, 15th May, 1876, No. 121.—“Field Firing,” at all stations where suitable ground therefor may be reported by General Officers commanding divisions and districts to be available, will, with the approval of His Royal Highness the Field Marshal Commanding-in-Chief, and with the sanction of Government, in lieu of the ordinary “range skirmishing,” be practised by the drilled soldiers of both British and native regiments on the principles set forth in the following rules:—

II.—Selection of ground.

2. The ground selected is not to be on measured ranges, or known localities, where the men can have any clue to the distances, at which the objects they are to fire at will be put up.
3. The consent of the civil authorities to its use for “Field Firing,” under such arrangements and precautions as will ensure the safety of the public, is always to be obtained.

III.—Precautionary measures to be taken.

4. Whenever this practice is ordered, the officer commanding the station will intimate to the civil authorities, and to the cantonment magistrate, if there is one, the hours and dates selected therefor.
5. In order that the safety of the public may be further ensured, special arrangements are to be made, under the orders of the officer commanding on the spot, for keeping the ground by a cordon of videttes or sentries extended in rear, and on each flank to a distance of at least 1,500 yards, to the rear of the objects to be fired at.

IV.—Annual Period for this Practice.

6. Though it will be advantageous to carry out this practice after the troops have completed the annual course of firing, this is not to be considered indispensable.
7. The period of the year for the execution of field firing is therefore to be annually determined by commanding officers of stations, before any of the troops commence their annual course of firing for the season, and reported through Deputy Assistant Adjutants General for Musketry to the approval of General Officers commanding divisions and districts; consideration being given to the wishes of the several regimental commanding officers, the progress of the troops, the heat of the weather, the state of the corps and of the ground selected, its distance from the cantonments, and to its being possible to so exercise all or as many as possible of the companies of the different regiments at each station, without entailing a second general suspension of the annual target practice.

V.—Objects to be fired at.

8. At single corps stations a “post,” as it would be occupied by an enemy, and at large stations a “position” should be prepared by officers, who are never to be those commanding or belonging to the wings or regiments to be engaged.
9. The locality of such “posts” or “positions” should be changed for the practice of such wings or regiments as may have, during previous firing, gained any clue to the distances.
10. The officer commanding the station will either himself be present, superintend generally and act as umpire between wings or regiments, or should this be impossible, detail another superior officer for this duty.
11. The objects to represent the enemy will be “dummies” made of mud, cloth, mats, or “ghurrah” to represent extended skirmishers and supports; screens 2 feet or 6 feet high (the latter more or less inclined according to the cover the ground affords), made of mats or of cloth, &c., to represent closed supports and reserves.
12. Fascines on trestles will represent guns, and dummies the gunners working them in the pits, the open, or behind the crest of a hill, as considered by the artillery officers on the spot to be most suitable to the intention of the position taken up. Screens 9 feet by 9 feet will represent limbers, waggons or cavalry.
13. The dummies and screens, &c., are to be so painted as to be as visible to the firers as a real enemy would be.
14. At the end of this practice by all the troops at a station, such dummies or screens as are found to be in sufficiently good order, as to be suitable for a second year's practice, are to be stored, as the officer commanding the station may direct.

VI.—Material for preparation of objects to be fired at, carriage and labor therefor.—Sanctioned by Military Department letter No. 317, “Drill and Instruction,” of the 6th April, 1876.

15. Such unserviceable bamboo, tent poles, pegs, jilands, clothing or other articles, from which figures or screens of the various dimensions above given can be prepared, as the Commissariat and Ordnance Departments can supply, to the extent approved of by the heads of these departments, will be made available for the use of the troops.

16. The list of such condemned stores becoming annually available at each station, as may be so passed, will be sent by the Commissariat and Ordnance officers to the General Officers commanding divisions and districts, who will give instructions for their distribution to the different stations in their commands.

17. All labor in preparing the dummies, screens, &c., will be performed by regimental establishments, and by fatigue parties proportionately furnished by the troops at the station, but the Commanding officer of the station will always himself detail the corps to furnish working parties which are to prepare the "post" or "position" to be attacked.

18. Any additional material required to be bought will be paid for out of the lead and cartridge case funds of corps, and where more than one regiment is located, charged for proportionately, according to the judgment of the officer commanding the station.

19. The Commissariat Department will, as in the case of practice having to be carried on at distant ranges, aid by the supply of any Government carriage available.

VII.—Distances, number of Companies to be simultaneously engaged and mode of executing the practice.

20. The distances at which fire will be opened and closed are left to the discretion of the officer commanding on the spot, according to the degree of skill the troops have gained and the nature of the ground.

21. In wooded and jungle countries, the distances will necessarily be very limited, but in open ground the several stages of an attack should be considered, and the fire broken as follows to suit the requirements of actual service:—

1st Stage.—From the extreme practical range to about 600 yards.

2nd Stage.—From about 600 yards to about 400 yards.

3rd Stage.—From about 400 yards to about 200 yards. Except in wooded and jungle localities, the troops should not advance firing much nearer than 200 yards to the "position" or "post."

22. The number (never less than one) of companies to be engaged at one time, will depend on the extent of the "position" or "post" to be attacked.

23. All the executive commands are to be given by the officer who would command on Field Service.

24. The attacking party will be divided into skirmishers, supports and reserves; the supports and reserves joining in the firing or relieving the skirmishers, as may be directed; the skirmishers, &c., are never to be picked, but will be composed of complete companies or sections as ordinarily told off. The attack to be, if necessary, repeated until all the men's ammunition is expended.

25. Twenty rounds per man will annually be so expended, 10 taken from that now allowed for the skirmishing, 5 from the volley and 5 from the independent practices. The expended cartridge cases are always to be kept by the firers, collected from them before dismissal, and returned into store.

VIII.—Record and report of results, &c.

26. The total number of the hits separately shown for the infantry, guns and squadrons represented; the rounds fired by the skirmishers, the supports and the reserves; the distances estimated during the several stages of firing, and as subsequently ascertained to be correct, will be recorded by the officers superintending, without reference to the number of hits on particular dummies or screens. The summaries ordered for range skirmishing may be used.

27. Men who are not available for this practice are not to be considered in the light of casualties, who have subsequently to make it good.

28. The value of the shooting will be estimated by the percentage of hits to rounds fired, it should be entered upon (first stage by trial shots) and continued in the most deliberate manner, the control the company officers exercise over the fire of their men should be constantly tested by the superintending officer. Too much pains to prevent waste of ammunition and a hurried objectless fire cannot be given.

29. Though no attempt should be made to compare the shooting at one station with that at another, as the conditions will seldom be equal, every encouragement should be given to create rivalry between companies, wings, or regiments at the same station, with the same umpire, distances and objects.

30. In all returns, company, regimental or circle, "field firing" will be shown in the columns for skirmishing, the heading being altered to show numbers of "men exercised," "rounds fired," "number of hits" and "percentage of hits" to rounds fired.

31. When more than one company fire together, they will all show the same percentage.

32. When only 5 rounds are expended in volley and 5 in independent firing, the figure "5" will be substituted for "10" in every return. The actual points obtained will be entered in in all company returns, but in calculating regimental figures of merit, the total points will be doubled before an average is struck.

33. Each regiment of Infantry will furnish a report (British regiments in duplicate), illustrated by a sketch, 8 inches to a mile, of the ground on which the "field firing" was carried out, in which

the "post" or "position" attacked, the mode of attack adopted, the result for each stage and for the whole firing, and all other points of interest, will be described, for submission to the Commander-in-Chief.

34. This report and sketch is invariably to be first submitted for the approval and further remarks of the officer commanding on the spot, as to the steadiness and accuracy of the fire, as well as the control exercised over it by company officers, and either at the inspection of the regiment or subsequently forwarded by him to the Deputy Assistant Adjutant-General for Musketry of the circle, for the consideration of the General Officer commanding the division or district, who will before transmission to Head Quarters pass thereon such further remarks on the skill and steadiness displayed by the several regiments as he may think fit.

Paras. 218, 219, 220, 221, and 222. Native Musketry Regulations will be numbered 210, 211, 212, 213, and 214; and the above will become in supersession of the existing orders contained in paras. 210 to 217, in Clauses 215 I, 216 II, 217 III, 218 IV, 219 V, 220 VI, 221 VII, and 222 VIII.

Twenty reprints (pocket edition size) of this order will be supplied to every British, seven to all Native regiments and two to all Staff officers and departments.

2. His Excellency desires that before preparing the annual indents, commanding officers will require their quartermasters to draw up statements, showing the actual consumption of each article during the preceding three years, or for such shorter time as the corps may have been in India. From these statements averages should be obtained, and the requisitions should ordinarily only include such quantities as will bring up the stock in store to the average consumption.

C., No. 1 of 15th January, 1877.—Under instructions from Horse Guards, the Commander-in-Chief is pleased to notify that, when a soldier has been erroneously fined, for drunkenness, an amount less than that to which he is liable under the scale, it is not allowable to bring him again before his commanding officer, with the view to the regulated fine being inflicted, when once the fine has been awarded by the commanding officer, no additional sum can be imposed.

The scale so clearly laid down in the Queen's Regulations (Para. 15, Section 6) being now so well understood, His Excellency trusts that no mistakes in awarding fines will occur in future.

"Deferred pay."

"1662-c.—An addition of 2d. a day shall be made to the daily pay of soldiers serving in the army on, and subsequently to, the 1st April, 1876, during such portion of the first twelve years of their army service as may be rendered after that date, subject to the forfeitures specified in Articles 1662-g and 1662-h."

"1662-e.—Soldiers who are discharged before completing their army service, whether by purchase or on account of unfitness for further service, or in consequence of the reduction of the military establishment, shall receive, after discharge, the amount of deferred pay due to them."

"1662-f.—In the case of soldiers who die in the service, the amount of deferred pay which may have accrued to them to the date of death, shall be disposed of in accordance with the regulations for the collection and disposal of the effects of deceased soldiers, laid down in the Regimental Debts Act, 1863."

"1662-g.—Deferred pay shall be forfeited for the day or days for which a soldier has forfeited the privilege of reckoning his service towards good-conduct pay and pension."

"1662-h.—Deferred pay shall also be forfeited on conviction of desertion, or by sentence of a general, district, or garrison court martial, or by conviction of felony by a court of civil judicature, for all periods prior to such conviction or sentence; but if the soldier thus convicted shall, subsequently to such conviction, perform good, faithful or gallant service, he may, on the same being duly certified by the Commander-in-Chief, have the whole or any part of his deferred pay restored to him, upon Her Majesty's pleasure to that effect being signified by the Secretary of State."

"1662-i.—Soldiers who, on the recommendation of their commanding officers and with their own free assent, are permitted after three years' army service to pass to the army reserve, will receive the deferred pay due to them for their army service, when they shall have completed the number of years' reserve service which, with their army service, will amount to six years, the computation being made in accordance with the rules laid down in Article 1662-g."

"1662-j.—Soldiers enlisted for short service, with the exception of those who are permitted after three years' army service to pass to the army reserve before completing their army service, will receive, on the completion of their army service, the amount of deferred pay to which they are entitled."

The commanding officer will, in each case, certify in the pocket ledger the date on which the man completed his six years' army service."

"1662-l.—Soldiers who have re-engaged to complete a total service of 21 years will, on the completion of 12 years' army service, in like manner, be credited in their pocket ledgers with the amount of deferred pay to which they may be entitled, and they will receive it on final discharge, together with the amount of simple interest allowed by the Post Office Savings' Bank Regulations, which may have accrued thereon, in the manner directed in Article 1662-m. The commanding officer will, in each case, certify in the pocket ledger the date on which the man completed his twelve years' army service."

"1662-m.—The amount due to a soldier on his discharge from army service will not, except in the cases specified in Article 1662-e, be paid to him at the depot or place of discharge, but will be

remitted to his intended place of residence, and be paid to him together with the simple interest which may have been credited to him while serving, at such intervals and in such proportions as may be determined on."

In order that the schoolmaster may be in a position to form an opinion on the fitness of each candidate, no man is to be included in the return of candidates on War Office Form 81-A, whose name has not been on the school roll for at least one month prior to the preparation of the return.

A certificate to this effect, signed by the commanding officer, will in future be appended to the Form.

Should it be considered that sufficient grounds exist for exemption from the above rule, in any special case, reference will be made through the Sub-Inspector of the circle to the Superintendent of Army Schools.

LEAVE—OFFICERS.

No. 328.—The following General Order, by the Government of India in the Military Department, is republished:—

No. 1110, dated 27th October, 1876.—The Honorable the President in Council is pleased to notify the following rulings and decisions which have received the approval of the Right Honorable the Secretary of State for India on certain points in the furlough rules of 1875, published in G. G. O., No. 1316 of 30th December, 1875.

(a) Madras G. O. C. C., No. 97, dated 22nd October, 1874.

(b) Madras S. O., No. 109 of 19th October, 1876.

* G. O. 403 of 1875.

Rule 6.—“Upon certificate of a Medical Board, an officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years.”

Rule 8.—“Under very urgent circumstances special furlough may be granted for private affairs, which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension.”

Rule 13.—“Officers now in the service placing themselves from a given date, under these rules, shall count service for pension up to that date, under the rules to which they were then subject.”

Schedule A, Clause 1.—“Officers entering the Staff Corps or Indian Medical Service, and Warrant Officers attaining that rank, after the 31st December, 1875; and”

Schedule A, Clause 2.—“Any other officers, commissioned or warrant, belonging to the Indian Army or Medical Service, or officers of the Staff Corps, who, after the 31st of December, 1875, shall, before asking for leave or furlough, apply in writing to their local Governments to be placed definitively upon this schedule; but their service for furlough under Rule 1 shall commence from date of such entry or such application respectively.”

EQUIPMENT.

No. 331.—The following General Order by the Government of India in the Military Department, is republished:—

No. 1113, dated 27th October, 1876.—With reference to G. G. O. (a), No. 147 of 1873, the following alterations are directed to be made in the Equipment Table for British Cavalry regiments therein referred to:—

At page 3, under the general heading “Arms and Accoutrements,” and minor heading “Arms,” opposite “Trumpets,” substitute “1 per Trumpet-Major and Trumpeter” for “1 per Trumpeter.”

At page 5, under the general heading “General Stores” and minor heading “Iron, branding,” and “girth letters (A to F), 6 per regiment.”

G. G. O. No. 1316 of 1875.

Rule.—An officer of less than two years' service, from date of coming under the new rules, falling sick, will be sent to England on medical certificate, on English furlough pay, subject to the decision of Her Majesty's Government as to his ultimate disposal; a special report on each case being submitted to Her Majesty's Government by the Government of India, or in the case of officers of the Madras or Bombay Army by the Governments of those Presidencies.

Rule.—The amount of leave which may be granted under this rule will be restricted to such period as the Government granting it is satisfied is actually necessary with reference to the urgency of the case.

Rule.—An officer takes with him so much service for pension as he had become entitled to under former rules. Under the rules of 1854 and 1868, two years' leave in 20 years' service counts for pension, but in periods of less than 20 years, no leave counts. Therefore, if an officer, now under the rules of 1854, or 1868, of 20 years' service, with two years' leave, elects the present rules, his service for pension will be 20 years; if an officer of 19 years' service, with the same amount of leave, elects these rules, his service for pension will be 17 years only.

Rule.—The date of entry into the Staff Corps is that of entry for choice of furlough rules, viz., the date on which the officer was originally appointed on probation. An officer therefore whose date of admission to the Staff Corps is not after the 31st December, 1875, will have the choice of rules, but an officer whose date of admission is after that date will have no option.

Rule.—An officer coming on this schedule having furlough to his credit under previous rules, forfeits such furlough absolutely, he being required to serve five years from date of applying to be placed on the schedule before he can take one year's furlough, unless it be sick furlough under Rule 6. An officer similarly circumstanced, but having furlough to his debit, is equally with the others, entitled to take one year's furlough, five years after joining the new rules.

Medical Examiner.

W. H. HARRIS, Esq., M. D.

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses. Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1876-80 is at the rate of 65 per cent. of premiums paid during 1871-75.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A. M.

CHURCH OF ENGLAND ASSURANCE INSTITUTION.

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Capital—One Million.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “FREE” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

“Clergy Rates” have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a bona fide security to others, will not be rendered void in the event of death by suicide, duelling, or the proof of death.

The Medical Officer, Dr. Harris, sees applicants for Assurance at his residence, Pantheon Road, Egmore, from 11 to 12 A. M., on Wednesdays and Saturdays.

Detailed Prospectuses, with the names of the Trustees and Directors, Full Tables of Life Premiums, and the necessary Forms of Proposal, may be obtained on application to the following Agents:—

Messrs. PARRY & Co., Madras.

Messrs. COLVIN, COWIE & Co., Calcutta.
