FORT SAINT GEORGE,

OPINIONS OF THE PRESS.

EVERY year bears testimony to the energy of Mr. Moore, the Superintendent of the Asylum Press, in the getting up of this Almanac, of which Madras ought to be proud. Last year we noticed some improvements, or rather additions to the usual store of information which the Asylum Press publication is so well known to contain. This year there are others. The summary, we of serve, is brought down to the latest date, so that we have in it an account of the Investiture ceremony at the Durbar on the Island on New Year's day, a list of the new Companions of the Indian Empire, and a brief description of the Madras Fair. On page 11 the times of the beginning and ending of one of the solar eclipses this year (July 10th) are given for a few places in India, with the length of the sun's shadow of a three foot rod corresponding to these times, the position of contact on the sun's limbs, and magnitude of the eclipse, while the appearance of the sun at the middle of the eclipse at these places is illustrated by figures. An excellent map, one of the best we have seen, illustrating the territorial changes resulting from the Berlin treaty, and a Map of Afghanistan with well-defined boundaries (both specially got up for the Almanac in London, and which only arrived by the *Zambesi* on New Year morning) accompany the Almanac, and form most valuable additions to it. As regards the other portions of the publication we need say no more than that they are quite up to the mark, and do credit to the energy which endeavours to make the Asylum Press Almanac as useful and interesting as it is possible to make it.—*Madras Times*, January 4, 1879.

Of the local publications which the season has brought, the *Asylum Press Almanac* is *facile princeps* both in size and merit. This year's number is an exceptionally good one, and the "*Compendium of Intelligence*" (the second title) is very full and well done. The "*Retrospect*," which has become a feature of the publication, is contained in twenty pages of closely printed and very readable matter. Then as a specialty we find an excellent map of Afghanistan, and an interesting sketch of the dealings of England with that country from 1840, including of course the events of the past few months. There are a couple of pages devoted to the eclipses due this year, illustrated by special diagrams, showing the appearance of the sun at the middle of the eclipse from thirty-five different stations. In other respects this Almanac keeps up its high reputation.

The Asylum Press has also issued as usual a good Pocket-book and a well printed Sheet Almanac.—*Athenaeum and Daily News*, January 4, 1879.

THE ASYLUM PRESS ALMANAC:—The Asylum Press Almanac for 1879 contains many new features. The Berlin treaty map of Eastern Europe published by Messrs. Smith and Son, London, is not only of itself very acceptable, but the whole treaty is published, together with a description of the newly acquired island of Cyprus which is also included in the map. The provinces of Turkey ceded to Austria, to Russia, the portion recommended to be made over to Greece are all given, together with the Railways, fortresses and fortified towns. The dismemberment of Turkey is vividly set forth in the map. The map of Afghanistan, printed especially for the Asylum Press, is a good one, and to it is attached a long account of the country now the seat of war. The Almanac contains 950 pages respectively of an appendix of about 200 pages. The legislative enactments passed in the year and applicable to the Madras Presidency are given together with a good directory. The maps giving the routes taken by the steamers of the British India Company and the old established P. and O. will be useful to both tradesmen and private people, while the rules and regulations of the different public departments, private companies and such large organisations as the Railway are given as full as possible. The get up of the Almanac is capital and reflects great credit on the Press from which it emanates.—*Madras Standard*, January 6, 1879.

LIST OF HER MAJESTY'S COVENANTED CIVIL SERVANTS ON THE MADRAS ESTABLISHMENT

Corrected up to the 16th December, 1878.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same season of which they are Civil Servants; and, being thus determined, all Civil Servants belong, from the thirteenth to the end of the eighteenth year, to Class IV, —from the nineteenth to the end of the twenty-third year, to Class III, —from the twenty-fourth to the end of the thirty-first year, to Class II; and from and after the thirty-first year, to Class I.

Column 1, A denotes that the parties have not passed either of the two Standards of Qualification, B that the first or lower Standard has been passed, C that the Servant cannot take Special leave, and M that the Servant though not having passed by the 2d Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate.

Column 2, Capitals distinguish high proficiency. Small Roman letters show that the languages were studied in England under the new system; and italics, languages passed under the old system. Indic Capitals denote that the Civilian has passed the honours Test under the Rules of 1868.

Column 3. The names printed in Italics denote that the Officers are on Furlough or special leave.

Column 6, Italics show Junior Furlough and sick leave without allowances under former Rules and extraordinary leave under the Civil Leave Code. Roman Capitals show Special Leave. Antique letters indicate a year of Sick Leave taken under rules in force before 1st July 1868, with reference to Section 11—(2) Civil Leave Code.

Column 7, The Active Service is calculated in accordance with Section 7, Civil Leave Code, and is the period of Residence qualifying for Pension under Section 4, Supplement A of the Civil Pension Code.

INDIA OFFICE,
LONDON, 18th July 1878.

To His Excellency the Right Honorable the Governor-General of India in Council.

My Lord,

Para. 1. In the Marquis of Salisbury's Military Despatch, No. 148, of the 15th June 1876, you were informed that it had been decided to assimilate, with some exceptions, the rates of pay drawn by officers of the Indian cadres of Royal Artillery, while on leave in this country, from brigades serving in India, to the rates drawn by officers of the old Royal Artillery.

2. I have now decided to place the officers of the Indian cadres of Royal Engineers on the same footing in respect to their English pay. The rates will be assimilated, generally, to the rates drawn by officers of the old Royal Engineers, making exception, however, in favor of the grades of officers hitherto drawing higher pay under Indian Regulations.

3. This change will have effect from the 1st April 1878.

I have, &c.,

(Signed) CRANBROOK.

2. These rates of furlough pay will also be issued in India, in substitution of those promulgated in G. O. G. No. 538 of 1872.

KEROSENE LAMPS—BARRACKS, &c. LIGHTING.

G. O. G. No. 803 of 25th October 1878.—Kerosene lamps for barracks, &c., being shortly to be provided, the following rules are published on the scale of lamps, oil, &c. The rules are extracted from the Bengal Barrack Regulations, paragraphs 375 to 403, slightly modified:—

1. The use of naked lights in barracks, i. e., of lights not enclosed in lanterns, is strictly prohibited.

2. Oil for lamps, whether kerosene, common or castor, is authorized for barracks, hospitals, and accessary buildings on two scales, termed "entire night scale" and "till tattoo scale," in the following quantities:—

Description of lamps.	Entire night scale.	Till tattoo scale.
New pattern kerosene lamp for barracks and hospitals (a)	8 oz. ... 3½ oz.	...
Common and castor-oil lamps (b)	2 drams with ¾ oz. of lamp-thread for wicks per month.	Two-thirds of a dram, but no lamps or wicks.
Kerosene lamps for night schools on school nights.	...	3½ oz.

(a.) The allowance of oil for this lamp is experimental, and may subsequently be modified.

(b.) For lights for barracks and hospitals occupied by native troops in Burmah, and for guards generally, and oil for gates, &c., see paragraphs 912 to 945, Commissariat Code. For British troops one kerosene lamp to burn all night is authorized for each main guard and regimental quarter guard, instead of two common or castor-oil lamps.

3. Two descriptions of kerosene-oil lamps, hanging and wall, are provided for the single men's barracks in the lines of British troops on the following scale:—

For every man a barrack is calculated to accommodate (Serjeants' rooms excepted), forty-five superficial feet will be lighted till tattoo, five lamps, in the proportion of about two hanging to three wall according to circumstances, being allowed per 1,000 superficial feet.

4. To ascertain the number of lamps to which a regiment or battery is entitled, add together the number of single men (Serjeants excepted) the barracks in charge of the corps are calculated to accommodate, and multiply the total by 45; multiply the result obtained by 5, and divide this result by 1,000: the quotient will represent the number of lamps to which the corps is entitled. For fractions one extra lamp is sanctioned.

5. The distribution of the lamps in each barrack will rest with Commanding Officers, who will be responsible that whenever a barrack is, under any circumstances, only partially occupied, the full number of lamps is not lighted.

6. Dormitories, used exclusively as such, will be allowed one common oil-lamp after tattoo, with an "all night" allowance of oil.

7. In barracks in hill stations, the area per man to be lighted till tattoo will be thirty superficial feet only.

8. Commanding Officers will state, on their requisitions for kerosene-oil, the number of single men, exclusive of Serjeants, actually present with the corps at the station, and Commissariat Officers will regulate the supply of oil for barracks accordingly.

9. The reservoirs for the oil in kerosene lamps are termed "burners," and they and the chimneys are supplied from England; the outer cases are termed "lanterns," and they and the reflectors are made up locally. When "lanterns with burners complete" are referred to in tenders, requisitions, &c., they are to be so entered.

10. The following scale of burners, wicks, and chimneys for the new pattern kerosene lamps for use in barracks is tentatively sanctioned:—

Burners.—One per lantern in use; renewals 2 per cent. per annum if metal, and 7 per cent. if glass.

Wick-holders.—One per lamp: renewals 7 per cent. per annum.

Wicks, 9 inches long.—Two for each lamp monthly.

Chimneys.—One per burner; 15 per cent. per mensem on numbers in use allowed to replace breakages.

11. Kerosene lamps on the "till tattoo scale," with a renewal of chimneys at the rate of 5 per cent. per mensem on the number in use, are sanctioned for night schools, at the rate of one lamp to every four men, when the average attendance is as follows:—

In a complete regiment of British Cavalry or Infantry	25
In wings of regiments	...
In combined Artillery schools	20
In hill depôts	...
In detached batteries of Royal Artillery	15

One wick, six inches long, is allowed monthly for each kerosene lamp in use in night schools.

12. One pair of scissors, for trimming the wicks of kerosene-oil lamps, is authorized for each building, both in barracks and hospitals, in which kerosene lamps are burned. These scissors will be of country manufacture, and will be renewed after four years, if unserviceable.

13. Kerosene lamps are not provided at the expense of the State for Serjeants' messes, but an allowance of kerosene-oil, at the rate of four ounces per six Serjeants in mess is sanctioned; and when the number of Serjeants in mess is less than six, an allowance of four ounces is still authorized to admit of the lamp burning the specified time.

14. Lamps, lanterns, &c., are supplied for Military signallers in the telegraph department, prison cells, rest-barracks, the use of officers in rest-barracks and rest camps and hospital apprentices studying in the Medical College, on the following scale:—

17. One yard of country cloth (doosootie) per every eight lamps and two-thirds of a dram of chalk per lamp are allowed monthly for cleaning every description of lamp provided by the State for British troops, whether in barracks or hospital.

DRILL AND INSTRUCTION—BOOKS.

No. 126.—The following General Orders by His Excellency the Commander-in-Chief in India, is republished :—

Simla, 19th August 1878, No. 292.—The following Horse Guards' General Order, dated 1st July 1878, is republished for information :—

Horse Guards' G. O. 65, Regulations for the Instruction and Movements of Cavalry.

The following alterations will be made in the "Regulations for the Instruction and Movements of Cavalry, 1876" :—

I. With reference to Part II., Section 11, "Formation of the Squadron," paragraphs 3 and pages 110 to 112, large edition; 159 to 161, pocket edition), the squadron guide will, in future, be a non-commissioned officer instead of an officer. The number of officers to be posted in a squadron will therefore be diminished, and that of non-commissioned officers will be increased one. The paragraphs in question, as well as the definition of "Guides" given in the "Terms of Formation and Manœuvre" (p. 100, large edition; p. 142, pocket edition), are to be amended accordingly.

During the parade movements the post of the squadron guide will be in the centre of the front rank when in line, quarter column, marching past by squadrons, trotting or cantering past by squadrons or wings.

The squadron leader will, in such cases, be one horse's length in front of the centre of the squadron (except in quarter column, when he will be posted as at present.)

The post of the squadron leader of the leading squadron, when marching past with reference to the standard, remains as at present.

All the other positions of the squadron leader and guide respectively during the parade movements will remain as at present laid down.

When the regiment commences field movements, the squadron leader and guide will take post in accordance with the present regulations.

The instructions for the parade movements in Part III, Section 10, "Inspection or Review of the Regiment," and also for the foot-parade of the regiment in Part I, Section 41, will be altered in this sense.

2. In regard to Part III, Section 6, "Rules for Markers and Bases" (pages 174 to 178, large edition; 249 to 255, pocket edition), officers and markers giving bases in formations will not turn about to face the troops except when cavalry are forming on the same alignment as infantry, in which case the alignment will be taken up as previously. In other cases the alignment of a line or the covering of a column, will be taken up at a distance of one horse's length from the horses' groups of the officers or markers giving the base.

On the word "Eyes Front" being given by the Commanding Officer, the officers or markers giving the regimental base will slope swords, and the markers will resume their usual places.

In deployments from quarter column the base will be placed at seven horses' lengths in advance of the squadron at the head of the column.

In performing field movements on foot the alignment will be taken up at three paces in rear of the officers and markers, instead of at six inches from the latter, as directed in Part I, Section 42, "Practice of Field Movements on Foot" (page 80, large edition; 114, pocket edition.)

All instructions regarding the placing of bases are to be modified in accordance with the above alterations.

OFFICERS—DISCIPLINE.

G. O. C. C., No. 137 of 15th October 1878.—With the sanction of Government the following General Order by His Excellency the Commander-in-Chief in India, is republished:—

Simla, 26th August 1878, No. 303.—Under instructions from Government,* the Commander-in-Chief draws the attention of officers travelling in foreign

* Mily. Dept. Letter, No. 4308, dated 13th August 1878.

states to the following decision in a case where officers, while in foreign territory, responded to a call from the officials of such state in aid of the local police, as if they were still under British legislation and therefore required to act under Section 91 of the Criminal Procedure Code:—

Extract paras. 3 and 4 of Foreign Department letter, No. 1595G, of 15th June 1878.

"His Excellency the Governor-General in Council observes, that—acted upon the belief that they were bound when called upon to assist the police of the state in taking these men, who were robbers and murderers, and in using any means necessary to overcome their armed resistance. This belief would be fully justified by the law of British India, and is indeed a reasonable principle of action anywhere. In—the administration of the state is under a British officer, so that there was the less need for hesitation about complying with the summons of the police who might have been supposed to work under more regular orders than in other native states. His Excellency the Viceroy therefore considers, upon a full review of the facts narrated, that the two officers could hardly have refused the assistance they gave, and that they deserve credit for their efforts to spare the lives of the dacoits.

"4. His Excellency the Governor-General in Council desires me, nevertheless, to point out that Englishmen who are travelling in native states, and who may have little or no experience of the country or of its condition, must exercise great caution and discretion before they take part in any kind of fray or collision among the people, involving the use of arms and the risk of life. Such affairs are, unfortunately, still not uncommon in the wilder parts of foreign territory; while it is not always so easy, as it was in the present case, to make sure that appeals for lawful aid are authentic and justifiable. It is obvious that serious responsibility might be incurred, especially by officers in the service of the Government, through any error of judgment or mistake of facts."

To His Excellency the Right Hon'ble the Governor-General of India in Council.

My Lord,—Para. 1. In the Marquis of Salisbury's Military Despatch No. 149 of the 15th June 1876, you were informed that it had been decided to assimilate, with some exceptions, the rates of pay drawn by officers of the Indian cadres of Royal Artillery, while on leave in this country, from brigades serving in India, to the rates drawn by officers of the old Royal Artillery.

ARMS—MUSKETRY.

No. 393.—Under instructions from Government, the Commander-in-Chief is pleased to promulgate, for the guidance of all concerned, the following rules for the receipt of caps, percussion, by the Ordnance Department, from native corps, and all others who may receive supplies of the same.

1. As a rule, no corps or department should ever have in possession caps, percussion, in excess of the proportion laid down for service, or exercising ammunition; but whenever any unforeseen cause, such as reduction in the establishment of a corps, or other body of men, or in consequence of change of armament, should create a surplus, the Inspector-General of Ordnance should be immediately informed, and orders for disposal solicited.

2. The same action should be taken in the case of deteriorated caps.

3. All caps exploded during practice or exercise should be carefully collected, as at present and 90 per cent. at least accounted for; and commanding officers of regiments must make arrangements for their safe custody.

4. Once a year, when condemned, or other stores are under despatch to an arsenal, these exploded caps will be carefully weighed and securely packed for transmission by the same opportunity, being invoiced as "copper, old, exploded caps, percussion."

5. On receipt into an arsenal, they will be again weighed, and a separate acknowledgment granted for the same, less 7 per cent., as an allowance for loss in running them down into ingots.

6. Contingent bills on Bengal Form 449, for the weight of copper thus received by the Ordnance Department, supported by the receipt of the Commissary of Ordnance, should be forwarded to the Examiner of Ordnance Accounts, who will rate and pass the same for payment.

RECRUITING—NATIVE ARMY.

G. O. C. C., No. 157 of 25th November 1878.—The following Regulations for conducting the recruiting of the Native Army are published for the guidance of officers concerned:—

2. All medical officers of the Indian Medical Service, whether in Civil or Military employ are required to examine in accordance with instructions which will be issued by the Surgeon-General, Indian Medical Department, all recruits presented to them by properly appointed recruiting parties for that purpose, and they are required to carry out this duty with care and discretion, so that, while the recruiting service may not be impeded by undue rejections, the admission into the service of recruits not in all respects fit may, as far as possible, be avoided.

3. Recruits are to be taken as soon as possible after enlistment to the commanding officer of the nearest native regiment of that branch of the service for which they have enlisted, who will cause their names to be entered in a roll (M. M. F. 635) and send them to the medical officer in charge of the regiment for examination, in strict accordance with the instructions issued by the Surgeon-General. Those who are pronounced "fit for the service" will then be carefully inspected by the officer commanding the regiment who, should he approve of them, will sign the Roll and pass them into the service. With a view of preventing the substitution of rejected or unfit recruits, between the time of successful examination at stations other than those at which the regiments for which they are enlisted are located and joining headquarters, commanding officers will cause to be entered in the column of remarks (M. M. F. 635) any distinguishing marks by which identification may be ensured.

4. When a recruit thus passed into the service is considered unfit by the commanding officer and medical officer of the regiment for which he has enlisted, he is to be examined by a Board of medical officers, when the assembly of such a Board is possible, and the proceedings submitted for the orders of His Excellency the Commander-in-Chief, with a view to its being decided whether blame attaches to the commanding and medical officers who originally passed him. In cases when a Board cannot be assembled, a full report is to be made for the information and orders of the Commander-in-Chief.

5. Recruits thus rejected under authority of His Excellency will be granted subsistence allowance to their homes at the rate of 1 Anna 9 Pie for every 12 miles of distance to the place of enlistment, unless they had actually proceeded from their native villages to the place of enlistment, when, on a certificate to that effect from the drawing officer, batta will be allowed to their native villages. When any portion of their journey can be performed by rail or by steamer, a free passage will be granted for such portions and travelling allowance for the remainder of the journey; this travelling allowance is only to be granted to rejected recruits for that portion of the return journey for which free passage is not given.

6. All recruits on being passed by the Examining Medical Officer shall, if possible, be vaccinated or revaccinated, as the case may be, under his superintendence, unless they have had small-pox. When vaccination is impracticable a report is to be made by the Examining Officer to the Medical Officer of the regiment.

7. Until further orders the minimum height, chest measurement, and age of recruits for all arms of the service will be as follows:—

Minimum height 5 feet 6 inches.

„ chest measurement.

Above the nipple 32 inches.

Below the „ 31 „

Age not under 16 years and not over 22 years.

MUSKETRY.

6. Siege trains located at inland arsenals or depôts, such as Allahabad, Ferozepore, &c., will be supplied with projectiles at 800 rounds per gun, of which 500 shall be considered the maximum amount to accompany the guns in the field, and as open to reduction when circumstances may permit of a smaller quantity being taken. For siege trains on the sea-board, 600 rounds per gun shall be supplied.

7. It being undesirable to maintain large reserves of such perishable stores as fuzes, the proportion to be maintained is fixed at 400 per siege gun at inland stations, and 200 for those on the sea-board.

‡ Madras G. O. C., No. 333 of 1866, No. 407 of 1868, and No. 663 of 1876.

(c) Madras S. O., No. 18 of 1877, p. 21.

Their honorary rank is that of Major and Captain respectively, and carries with it all precedence and advantages attaching to the military rank with which it corresponds.

4. Leave of absence may, when the public service permits, be granted to officers of the Army Pay Department attached to regiments, under the general regulations for privilege, and temporary leave, as laid down for officers of British regiments serving in India, on the conditions :—

- That no military inconvenience be caused thereby.
- That the officer shall have rendered all the accounts due from him.
- That the officer before proceeding on leave shall produce the concurrence of the Controller of Military Accounts, and have handed over his accounts and cash balance in an accurate and satisfactory condition in every respect to the officer who is to perform his duties during his absence.
- That he shall have made arrangements satisfactory to the commanding officer for the performance of his duties during his absence.

5. In the event of an officer of the Army Pay Department attached to a regiment being absent on sick leave, either in India or to Europe, or proceeding on the same, or being suspended from duty, or placed under arrest, or in the event of his post becoming vacant by death or otherwise, it shall be competent for the officer commanding the regiment, with the approval of the Commander-in-Chief and under instructions from the Adjutant-General, to appoint a committee of paymastership to carry on the duties of the Pay Office. Such committee shall consist of three officers of the regiment, other than the Adjutant or Quartermaster, and the pay of the committee shall be Rs. 5 a day. The circumstances necessitating the appointment of a committee shall be immediately reported for the information of Government.

6. It will be competent to a committee of paymastership to delegate to one of their number the duty of signing documents on their behalf, but it is to be clearly understood that the members of a committee are jointly and severally responsible for all its acts.

7. Regimental Paymasters appointed to the Army Pay Department retain all advantages as regards increase of pay for length of service, and the grant of honorary rank while serving and on retirement, to which they may have been entitled under previous orders.

8. All service as Regimental Paymaster at the rate of 22s. 6d. a day will, on promotion to the rank of Staff Paymaster, count towards increase of pay in that rank.

9. This order is applicable to the three presidencies, and will have effect from the 1st April 1878.

With reference to para. 5 of the foregoing order, it is hereby directed, that in future the circumstances under which it has become necessary to appoint a committee of paymastership are to be reported to the Adjutant-General's Office, Sirala,* for the information of the Government of India. Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are :—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1876-80 is at the rate of 65 per cent. of premiums paid during 1871-75.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A. M.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Capital—One Million.

"Short Term" and "Whole Life" Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also "FREE" Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

"Clergy Rates" have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. Thomas, sees applicants for Assurance at his residence, Egmore, on any day of the week between 10 A. M. and 5 P. M.

BILLIARD TABLES.

C. LAZARUS & Co., as Manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention, and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure truth with speed, that is to say, the maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co. have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite as durable, or even more durable, under the new principle of making up, than under the old.
