OPINIONS OF THE PRESS.

Every year bears testimony to the energy of Mr. Moore, the Superintendent of the Asylum Press, in the getting up of this Almanac, of which Madras ought to be proud. Last year we noticed some improvements, or rather additions to the usual store of information which the Asylum Press publication is so well known to contain. This year there are others. The summary, we observe, is brought down to the latest date, so that we have in it an account of the Investiture ceremony at the Durbar on the Island on New Year's day, a list of the new Companions of the Indian Empire, and a brief description of the Madras Fair. On page 11 the times of the beginning and ending of one of the solar eclipses this year (July 19th) are given for a few places in India, with the length of the sun's shadow of a three-foot rod corresponding to those times, the position of contact on the sun's limbs, and magnitude of the eclipse, while the appearance of the sun at the middle of the eclipse at those places is illustrated by figures. An excellent map, one of the best we have seen, illustrating the territorial changes resulting from the Berlin treaty, and a Map of Afghanistan with well-defined boundaries (both specially got up for the Almanac in London, and which only arrived by the *Zambesi* on New Year morning) accompany the Almanac, and form most valuable additions to it. As regards the other portions of the publication we need say no more than that they are quite up to the mark, and do credit to the energy which endeavours to make the Asylum Press Almanac as useful and interesting as it is possible to make it.—*Madras Times*, January 4, 1879.

Of the local publications which the season has brought, the *Asylum Press Almanac* is *forte princeps*, both in size and merit. This year's number is an exceptionally good one, and the "*Compendium of Intelligence*" (the second title) is very full and well done. The "*Retrospect*," which has become a feature of the publication, is contained in twenty pages of closely printed and very readable matter. Then as a specialty we find an excellent map of Afghanistan, and an interesting sketch of the dealings of England with that country from 1840, including of course the events of the past few months. There are a couple of pages devoted to the eclipses due this year, illustrated by special diagrams, showing the appearance of the sun at the middle of the eclipse from thirty-five different stations. In other respects this Almanac keeps up its high reputation.

The Asylum Press has also issued as usual a good Pocket-book and a well printed Sheet Almanac.—*Athenaeum and Daily News*, January 4, 1879.

THE ASYLUM PRESS ALMANAC.—The Asylum Press Almanac for 1879 contains many new features. The Berlin treaty map of Eastern Europe published by Messrs. Smith and Son, London, is not only of itself very acceptable, but the whole treaty is published, together with a description of the newly-acquired island of Cyprus which is also included in the map. The provinces of Turkey ceded to Austria, to Russia, the portion recommended to be made over to Greece are all given, together with the Railways, fortresses and fortified towns. The dismemberment of Turkey is vividly set forth in the map. The map of Afghanistan, printed especially for the Asylum Press, is a good one, and to it is attached a long account of the country now the seat of war. The Almanac contains 950 pages irrespective of an appendix of about 200 pages. The legislative enactments passed in the year and applicable to the Madras Presidency are given together with a good directory. The maps giving the routes taken by the steamers of the British India Company and the old established P. and O. will be useful to both traders and private people, while the rules and regulations of the different public departments, private companies and such large organisations as the Railway are given as full as possible. The get up of the Almanac is capital and reflects great credit on the Press from which it emanates.—*Madras Standard*, January 6, 1879.

The Asylum Press Almanac for this year well maintains its character for completeness and neatness. It contains nearly 1,000 pages of letter press, without counting the appendix. Among the interesting novelties must be included two well-executed maps, one of Afghanistan and the other of Eastern Europe and part of Asia. The latter shows the changes introduced by the Berlin Treaty, the text of which is published at the back of the map. The new Municipal Act for Madras will also be useful for purposes of reference.—*Madras Mail*, January 6, 1879.

Our best thanks are due to Mr. Moore the Superintendent of the Lawrence Asylum Press, for the handsome and very acceptable New Year's present which he has sent us, in the shape of a copy of the Asylum Press Almanac, a publication which reflects the greatest credit on the Press from which it has been issued, and which is certainly second to no other similar work executed in India. We believe we are justified in saying that this is *forte princeps* among the Annuals issued in this Presidency. When we say that it is an exquisitely bound and exquisitely printed volume of 1171 pages, 8vo. royal, containing information regarding every Department, and on almost every imaginable topic, our readers can form some idea of the nature and usefulness of this excellent publication. The Retrospect—European and Indian—for 1878 is very well-written, and we have also a well-digested account of the imbroglio with Afghanistan, and in addition to a map of that country, we are presented with a large map of Eastern Europe and Asia Minor or as it is briefly called "The Berlin Treaty Map," both printed in London for the Lawrence Asylum Press. It would be impossible to give a detailed account of the contents of this volume. Suffice it to say that they are of a varied nature, and that it would be more difficult to say what it does not contain, than what it does. In addition to the usual useful matter, there is an Appendix containing all the Imperial and Local Acts passed since the issue of the last Almanac, from the Salt Act 1877 to Act VIII of 1878 which is itself worth the price of the whole volume. We think we can notice an improvement in the Table of Contents, and the list of Domestic Occurrences during the year is, we believe, a feature peculiar to this Almanac. The volume ends with an exhaustive list of the Residents in which the name of everybody who is anybody in Madras, finds a place. On the whole, we can only say, to those who have not seen this valuable compilation, what the *Madras Times* said the other day when noticing Maclean's Guide to Bombay:—"Buy, Leg, borrow or steal the Lawrence Asylum Press Almanac!"—*Cochin Argus*, January 11, 1879.

The Lawrence Asylum Press has issued its "Almanac and Compendium of Intelligence for 1879," which sustains the character acquired by former issues of the publication. Besides the usual "Retrospect" it contains a well-executed map of Afghanistan, with a brief historical sketch down to the occupation of Jellalabad and the flight of the Ameer. The other maps which it contains, the illustrations of the revised signals to mail steamers, &c., will prove of great service to persons interested in the Madras Presidency.—*Times of India*, January 11, 1879.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same grade, of which they are Civil Servants; and, being thus determined, all Civil Servants belong, from the thirteenth to the end of the eighteenth year, to Class IV, —from the nineteenth to the end of the twenty-third year, to Class III;—from the twenty-fourth to the end of the thirty-first year, to Class II; and from and after the thirty-first year, to Class I.

Column 1, A denotes that the parties have not passed either of the two Standards of Qualification, B that the first or lower Standard has been passed, C that the Servant cannot take Special leave, and M that the Servant though not having passed by the 2d Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate. F denotes servants recalled from Furlough for Famine duty.

Column 2, Capitals distinguish high proficiency. Small Roman letters show that the languages were studied in England under the new system; and Italics, languages passed under the old system. Italic Capitals denote that the Civilian has passed the honors Test under the Rules of 1868.

Column 3. The names printed in Italics denote that the Officers are on Furlough or special leave.

Column 6, Italics show Junior Furlough and sick leave without allowances under former Rules and extraordinary leave under the Civil Leave Code. Roman Capitals show Special Leave. Antique letters indicate a year of Sick Leave taken under rules in force before 1st July 1868, with reference to Section 11—(2) Civil Leave Code.

Para. 1. As it appears to me that it would be to the advantage of the service that officers of Royal Engineers, while on furlough in this country, should be offered opportunities of keeping themselves well up with the improvements and changes in the several branches of their profession, I have decided, with the concurrence of His Royal Highness the Field Marshal Commanding-in-Chief, to permit a limited number of officers of the corps to go through special courses of instruction at the School of Military Engineering at Chatham.

2. I forward herewith a copy of memorandum which will be issued to officers applying for permission to go through the various courses, and which shows the terms under which they will be allowed to do so.

Memorandum.

I.—A limited number of officers of Royal Engineers on the Indian Establishment, while on furlough in England, in addition to those studying for promotion, will be allowed to go through

- (a) Madras S. O. of 1878, page 206, No. 101.

special courses of instruction at the School of Military Engineering in the following subjects:—

- | | |
|------------------|-----------------------|
| 1. Field Works. | 3. Photography. |
| 2. Surveying. | 6. Chemistry. |
| 3. Construction. | 7. Sub-marine mining. |
| 4. Telegraphy. | |

II.—The number of officers to whom this privilege shall be granted shall not at any one time exceed four.

III.—The period spent at the school shall ordinarily be limited to six months, but it may be extended to nine months in special cases where officers may desire to go through complete courses of sub-marine mining and may exhibit special aptitude for that subject.

IV.—As far as possible, all applications should be made three months prior to the time at which the officers propose joining at the School of Military Engineering, and the officers should specify the subject or subjects which they wish to take up, in order that the commandant may make the necessary arrangements for their instruction.

V.—Officers on furlough on private affairs may reckon the time passed at Chatham either as part of their furlough or as in addition to their furlough.

VI.—In the former case they will receive furlough pay during the period, with lodging allowance, provided they do not occupy public quarters; and in the latter case they will receive English pay and extra pay as laid down in Article 225 of the Royal Warrant of 1st May 1878, together with servant's allowance at the rate of 1s. 6d. per diem, but not lodging allowance, which is included in the extra pay.

VII.—Officers on furlough on medical certificate while under instruction may choose at which rate pay shall be issued to them, but in no case will furlough pay be issued after an officer has completed two years' absence from India.

VIII.—Officers availing themselves of the above privileges are expected to reserve a sufficient amount of the leave granted to them in India to enable them to return to their duty before the expiration of such leave; in cases in which the balance of furlough remaining available at the expiration of the term of study is only sufficient to allow for the return voyage to India, they will be allowed one month's leave previous to embarkation on English furlough pay.

IX.—A certificate of proficiency will be required in all cases to authorise the period passed in study at Chatham to count as service in India. It will not reckon as service for furlough.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1876-80 is at the rate of 65 per cent. of premiums paid during 1871-75.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A. M.

CHURCH OF ENGLAND ASSURANCE INSTITUTION,

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Capital—One Million.

"Short Term" and "Whole Life" Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also "FREE" Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

"Clergy Rates" have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. Thomas, sees applicants for Assurance at his residence, Egmore, on any day of the week between 10 A. M. and 5 P. M.

Detailed Prospectuses, with the names of the Trustees and Directors, Full Tables of Life Premiums, and the necessary Forms of Proposal, may be obtained on application to the following Agents:—

By appointment to His Excellency the Viceroy and Governor General of India
AND TO**H. R. H. THE DUKE OF EDINBURGH.****BILLIARD TABLES.**

C. LAZARUS & Co., as Manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention, and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure *truth* with *speed*, that is to say, the maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co. have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite as durable, or even more durable, under the new principle of making up, than under the old.

Every requisite for the Billiard Room always in stock.

Priced Lists forwarded on application.
