

Note.—It is an advantage to Military men to effect Assurances in time of Peace, as the small Military Extra covers the Risk of War in any part of the Globe. Should Officers delay effecting Assurances until time of War, they are then liable to pay a heavy War Extra.

NON-OFFICIAL SUPPLEMENT

TO THE

QUARTERLY MADRAS ARMY LIST.

APPENDIX.

Retiring and Furlough Regulations of 1796.

1. The rules under which the period of service required to entitle Officers to the retiring Regulations is calculated, are as follow:—

2. Officers appointed *direct*, count service from the date of arrival within the limits of the Madras Presidency, unless specially authorized by the Court of Directors to embark in a Ship bound for another Presidency.

3. Officers appointed from Addiscombe subsequently to the 22nd November 1837 to the Cavalry, Artillery, or Infantry, count service as above, with the addition of the period passed at Addiscombe after attaining the age of sixteen.

4. Officers of Engineers count service from the date of arrival of the first Artillery or Infantry Cadet of the same examination, with the addition of the Addiscombe period as above. In the event of there being no such Artillery or Infantry Cadet they count service from the expiration of 4½ months from date of examination.

G. O. G., 11th June 1850,
No. 120.

G. O. G., 10th June 1852,
No. 33.

5. Officers appointed in India, count service from the date on which they take the oath of allegiance.

6. Medical Officers and Veterinary Surgeons count service from the date of arrival within the limits of the Madras Presidency.

7. Absence on sick certificate within the limits of India for periods not exceeding two years, successively, as also leave on private affairs beyond the limits of this Presidency, if for periods not exceeding three successive months, are counted in the time of service requisite to entitle to retiring Pay. Officers however serving in other than their own Presidency may count as service towards pension leave taken within the limits of the former equally as taken within the latter.—Vide G. O. G., 10th December 1861, No. 437.

8. But all Officers quitting India on leave of absence on account of sickness or of private affairs, who shall proceed to Europe without having returned to India, shall be considered as on furlough to Europe from the dates on which they shall have respectively left India.

9. Every Officer who has completed twenty-two years' service in India is allowed to retire with the pay of the rank to which he has attained, except Lieutenant Colonels of Artillery and Engineers, who being in the receipt of Major's pay are restricted to pension of latter rank.—G. O. G., 11th October 1852, No. 95.

10. All effective Officers, without reference to their actual rank, are allowed to retire—

After twenty years' service in India, on the pay of Captains.

After twenty-four years' service in India, on the pay of Majors.

After twenty-eight years' service in India, on the pay of Lieutenant Colonels.

And after thirty-two years' service in India, on the pay of Colonels.

11. Officers on producing the prescribed Medical Certificates, countersigned by the Commanding Officer, that they are compelled to quit the service by wounds received in action, or by ill-health contracted on active service, or on detachment or out-post, or any Military duty in notoriously unhealthy localities, after three years' service in India, are permitted to retire on the half pay of their rank.

This indulgence, however, can be granted only in England.—G. O. G., 19th April 1859, No. 153.

12. Officers who may be compelled to quit India on sick certificate and who may not be entitled to retire on full pay are to try the effects of a temperate climate for the usual term of furlough before they can be allowed to establish their claim to retire from the service upon half pay. If Officers so circumstanced, proceed to New South Wales, or some other Colony, and apply thence, at a proper time, for permission to retire, satisfactory evidence from the Medical Staff Officer, or other undoubted Medical testimony on the spot, to prove that the applicant is incapable from ill health to the performance of Military duty in India is necessary.

19. Officers who have completed the prescribed period of service, are allowed to retire either in England or in India.

20. Officers retiring in England when on authorised furlough are allowed the benefit of the rank they may hold at the expiration of two and a half years from their quitting India.—G. O. G., 3rd May 1861, No. 153

21. Officers retiring in England from the service shall be considered to have retired from the date of their application for leave to retire, or from the expiration of two years and a half from the date of the commencement of their furlough, whichever shall first happen, from which dates respectively promotion caused thereby will be made.—G. O. G., 6th July 1859, No. 298.

Promotions in succession to casualties, by death in England, shall have effect from the date following that of decease, or from the expiration of three years' absence from India, whichever shall happen first.—G. O. G., 9th February 1864, No. 53.

It is to be distinctly understood that no additional expense is to be occasioned by this arrangement.

22. Applications from Officers to retire from the service in India, are to be addressed to the Right Honorable the Governor in Council under the signature of the parties, and to specify the date, which must be a prospective one, from which the applicant wishes his retirement to have effect; and from the date so specified they, in the event of the decision of Government on their case not having been previously received, will, pending such decision, be exempted from the performance of all Military duty. Each application to be transmitted through the ordered channel of correspondence accompanied by a certificate of service from the Adjutant General, and certificate of no demands from the Military Accountant.

23. The pay accounts of Officers serving in the Tenasserim Provinces, Straits Settlements, &c., applying for permission to retire are to be kept separate; and Officers so situated are not to sign the Abstract of their Troop or Company, but will not on that account be deprived of Command allowance.

24. In the cases contemplated in the preceding para., Officers Commanding Stations will send all Abstracts of previous charges to Madras for audit at the same time the individual's application to retire is forwarded.

25. The rates of full pension and half pay allowed to all Officers, whether of Cavalry, Artillery, Engineers, or Infantry, are as under:—

	Full.			Half.			Full Pay Yearly.

No. 127 of 29th January 1875.—Under the authority of the Right Honorable the Secretary of State for India, it is hereby notified that for the future the service for pension of such Officers of the Royal Artillery, Royal Engineers, and New Line Regiments, as formerly belonged to the Indian Service, who may at any time be ordered for duty out of India under the Imperial Government, will be regulated on the same terms as apply to other Officers of the British Army, that is to say, the periods of full pay service entitling them to pension will be held to include all leave granted to them subsequently to their having been ordered for duty out of India of such a nature as would be allowed to count towards full pay retirement under British rules.

No. 248, dated 4th March 1875.—The following despatch from the Right Honorable the Secretary of State for India, which is in reply to an enquiry relating to officers who held saleable commissions on the 1st November 1871, is published for general information:—
MILITARY.
INDIA OFFICE.
No. 21. London, 28th January 1875.

To His Excellency the Right Hon'ble the Governor General of India in Council.
My Lord.—In reply to your letter No. 225, dated 20th November 1874, I have, after communication with His Royal Highness the Field Marshal Commanding-in-Chief, to inform you that—

1. An officer exchanging to the Staff Corps after 1st November 1871, would, on retirement, otherwise than upon a pension, be entitled to the full value (Regulation and over Regulation) of the commission held by him on 1st November 1871.
2. An officer so exchanging and eventually retiring from the Staff Corps upon a pension, would be entitled to the over Regulation value of the commission held on 1st November 1871, in the same manner as if he retired to full or half pay from the regiment from which he was transferred.
3. An officer transferred from a non-purchase regiment would receive the compensation for loss of bonus belonging to the position which he occupied on 1st Nov. 1871.

RETIREMENTS—REVISED SCALES OF PENSIONS.

Officers of the Indian Staff Corps and the Indian Forces.

I. A. C., Clause 207, dated November 1881. G. O. G. No. 489 of 1881.

Under the authority of the Secretary of State for India, His Excellency the Governor-General in Council is pleased to direct the publication of the following revised scales of pensions for Officers of the Indian Staff Corps and the Indian Forces, to take effect from the 1st July 1881.

2. For the purposes of these pension rules, which will be known as those of 1881, Officers will be divided into four classes, viz.:—
 - I. Officers who entered the Staff Corps prior to or on the 12th September 1866.
 - II. Officers of the late Indian Cavalry and Infantry who have not joined the Staff Corps, commonly known as Officers of the Local Service.
 - III. Officers on the General List, who entered the service under "new conditions of appointment," and who have not subsequently joined the Staff Corps.
 - IV. Officers who have entered the Staff Corps since the 12th September 1866.
3. The pensions for Classes I and II will be—

	Pension.		
	£	s.	d.
After 20 years' service	...	...	288
" 24 " "	...	...	430
" 28 " "	...	...	571
" 32 " "	...	...	753

4. The existing regulation which gives to these classes certain rates of pension after 35 years' and 3 years' service will thus become inoperative.

5. The conditions of retirement offered in G. O. G., No. 1 of 1st January 1881, will not be renewed.

6. The pensions for Officers in Clauses III and IV will be—

	Pension.		
	£	s.	d.
After 20 years' service	...	...	250
" 24 " "	...	...	365
" 28 " "	...	...	509
" 32 " "	...	...	700
" 35 " " (as now)	...	...	750

7. Furlough service for pension will continue to be governed by the furlough regulations under which each officer may be serving.

8. The senior officers of Classes III and IV will succeed to Colonel's allowances as soon as they have completed 12 years as substantive Lieutenant-Colonel, until the number of officers in receipt of the allowances is equal to one-thirtieth of the whole of the officers in their respective lists in each Presidency, and thenceforward the number of Colonel's allowances then enjoyed by officers of that class shall be considered as the fixed establishment to which officers are to succeed by seniority as vacancies arise. For the purposes of this scheme, all the officers of Class III of all three Presidencies will be placed on one list. The establishment will be ascertained by the number of officers remaining on that amalgamated list on the day the senior officer completes 12 years' service as substantive Lieutenant-Colonel.

9. No Colonel's allowances will be granted to any officer joining the Staff Corps as a probationer after the 1st July 1881.

10. Pension regulations for officers entering the Staff Corps henceforward will be notified hereafter.

11. Officers will be allowed to commute a portion, not exceeding one-third, of their pensions, and this commutation may take place at any time and not merely on retirement.

12. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

13. Full power is reserved to the Secretary of State for India to temporarily suspend or limit retirement, whenever it may appear to him necessary in the interests of the public service to do so.

Classes of appointments, the holders of which are exempted or not exempted from the conditions attached to non-employment.

RETIREMENTS.

Under the authority of the Right Honorable the Secretary of State for India it is notified, with reference to Article 110 (b) of the Royal Warrant of the 11th March 1882, and the Royal Warrant of the 24th October 1881, that Officers of the Staff Corps and Indian Army holding the following classes of appointments, not considered as "ordinary military duty," shall be considered as employment exempting the holders thereof from the conditions attached to non-employment:—

- I. Military Member of the Council of the Secretary of State for India.

The Military Secretary to the Council of India.

The Assistant Military Secretary for Indian affairs to His Royal Highness the Field Marshal Commanding-in-Chief.

The Military Member of the Council of the Governor-General of India.

The Military Secretariats of the Governments of India, Madras, Bombay and the Punjab.

The Officers on the personal Staff of His Excellency the Viceroy and of Governors and Lieutenant-Governors.

Superintendents of Army Schools.

- II. The Departments of the Army:—

The Military Accounts Department, including the Superintendent of Family Payments, Bombay.

The Commissariat, the Army Remount, and Army Clothing Departments.

III. Appointments in the Public Works, Military Works, and Survey Departments.

2. The following classes of appointments shall not be considered as employment exempting officers from the conditions prescribed by the Warrants:—

II. Appointment which does not specially qualify for promotion, namely:—
The Superintendent of Cattle Farms.

VI. Appointments of a purely civil nature.

RETIREMENTS.

No. 30.—In G. G. O. No. 598 of 1882, paragraph 1, Clause II, insert the words *Madras and before "Bombay"* and after the words "Superintendent of Family Payments."

Officers joining the Indian Staff Corps on or after the 1st July 1881.

Under the authority of the Secretary of State for India and with reference to paragraph 10, G. G. O. No. 439 of 1881, His Excellency the Governor-General in Council is pleased to direct the publication of the following scale of pensions for officers joining the Indian Staff Corps on probation on or after the 1st July 1881 :—

Years' Indian Service.	Yearly Pension.
20	£ 250
24	365
28	500
32	700

No Colonel's allowances will be granted to any officer coming under the provisions of this General Order.

The furlough service for the above pensions will be governed by the furlough rules of 1875.

2. Officers will be allowed to commute a portion, not exceeding one-third of their pensions, and the commutation may take place at any time and not merely on retirement.

3. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

4. Officers joining the Indian Staff Corps on or after the 1st July 1881 will be subject to such further conditions of retirement in the rank of Colonel and General Officer as may be hereafter laid down.

5. An officer in receipt of a good service annuity will not retain it after retirement on pension.

6. Full power is reserved to the Secretary of State for India to temporarily suspend or limit retirement, whenever it may appear to him necessary to do so in the interests of the public service.

Note.—Officers who enter the Staff Corps from the British Service are allowed to count *all service in India* for pension under Indian Retiring Regulations, provided that not less than one-half the required period for each rate of pension shall have been passed in the Staff Corps. Subject to this rule, and to certain restrictions in respect to furlough, pensions are given after 20, 24, 28, 32 and 38 years' service, towards which may be reckoned *service out of India* before joining the Staff Corps, to an extent not exceeding two years in any case.

Officers of the Royal Artillery and Royal Engineers under Indian Retiring Regulations.

I. A. C., Clause 209, dated November 1881. G. G. O. No. 596 of 1881.

Para. 1. I have had under my consideration the question of extending to Officers of the Royal Artillery and Royal Engineers, under Indian Retiring Regulations, the recently revised scale of pensions for Officers who entered the Staff Corps subsequently to September 1866.

2. Under the very favorable terms of retirement given to Officers of the Ordnance Corps in Articles 92-111 of the Royal Warrant of 25th June 1881, it is probable that the revised Indian pensions would be rarely taken advantage of by them. As, however, the extra annuity granted under the Royal Warrant is given under certain restrictions, an Officer may find himself unable to retire, except under these Indian Pension Rules in force up to the 1st July 1881, which have recently been revised on the ground that they

had become unsuitable to present circumstances. I consider therefore that the benefits of the revised scale should not be withheld from the Officers of the old Indian Army, not of the local service or Staff Corps, who are still serving for Indian pensions.

3. I have accordingly intimated to the Secretary of State for War that these revised rates will be extended to Officers of the Indian cadres of Royal Artillery and Royal Engineers; but that the increased rates* will not be given to Officers availing themselves of the extra annuity specified in Article 978—XI of the Royal Warrant of the 25th June 1881. Officers retiring on those terms being restricted to the Indian retiring pensions hitherto in force.

4. I request that your Lordship will cause this to be notified in General Orders.

Review of the Revised Pension Regulations.

His Excellency the Viceroy and Governor-General in Council is pleased to direct the publication of the following despatch from the Right Honorable the Secretary of State for India, No. 497, dated 8th December 1881 for general information :—

Para. 1. In my Despatches, Nos. 112, 258, 260 and 299 of the present year, I have sanctioned revised pension regulations for the Officers of the various branches of the Indian Military Service, including the Medical and Veterinary Departments. Under the revised rules substantial benefits have been conferred upon Officers already serving, while a very sufficient pension has been allowed to those Officers who may hereafter enter the service.

2. It seems to me expedient now to review the general result of these measures, in order that misapprehensions may be removed, and at the same time to issue some further regulations which appear to me desirable, in view to placing the pension system of Her Majesty's Indian Forces on a perfectly satisfactory footing.

3. I will proceed first to show what alterations have been made in the pension regulations as they existed in the year 1860 and those sanctioned in the year 1881. I select the year 1860 as the best period with which to draw the comparison, as this was the year preceding those great changes in the Indian Service which resulted in the amalgamation of the Artillery and Engineers of the three Presidencies with the Royal Artillery and Royal Engineers, the transfer of European regiments to the British Line, and the formation of the Staff Corps. In making this comparison, I shall pass over any regulations made between 1860 and 1881 which have been superseded by the regulations of the present year, but I shall briefly specify the advantages in the matter of retirement which have been avowedly of a temporary nature, and of the benefits of which many Officers have availed themselves.

4. Under this head of temporary measures I include the following :—

I. The extra annuity of 50% given to Officers who retired from the Service on full-pay pension under the terms of Sir C. Wood's Despatch, No. 60, of the 4th February 1861, published in Government of India Order No. 262 of 1861.

II. The extra pensions to Officers of Cavalry and Infantry, varying from 150% to 550% per annum, given under Sir C. Wood's Despatch of the 10th August 1861, No. 320, published in your General Order No. 807 of 1861.

III. The special additional pensions of 200% a year each allowed to 14 Colonels of Artillery and to 7 Colonels of Engineers by Sir Wood's Despatch of the 16th May 1863, No. 175, published in your Order No. 89A of 1863. These annuities were granted in consideration of a reduction of the number of Colonels' allowances in those branches of the Service, but the number reduced was subsequently restored.

IV. The special annuities varying according to length of service from 150% to 350% per annum, granted in 1872 to 36 Field Officers and 28 Captains of Artillery, in addition to seconded Officers who might accept the retirement on similar terms.

V. The grant of an annuity or lump sum in commutation of the prospective value of Colonels' allowances, in addition to pension, to 90 substantive Lieutenant-Colonels of the Staff Corps or Local Cavalry or Infantry of 28 years' service and upwards, in each year from 1874 to the end of 1881 as annually sanctioned in those years.

5. Confining myself for the present to the combatant branches of the Service, I find that in the year 1860 the retiring pensions for Officers of Artillery, Engineers, Cavalry, and Infantry were as follows, with the proviso that the pensions of Officers appointed to the Cavalry or Infantry after the beginning of the year 1859 were subject to any modification that might be ordered :—

							Pension per Annum.
							£ s. d.

Twenty-two years' service entitled an Officer to the pension of his rank, that is, if a substantive Major, he could claim 292*l.* a year, and if a substantive Lieutenant-Colonel, 365*l.* There was no regimental rank of Colonel, except in the case of Officers eligible to the superior advantages stated in the next paragraph.

In the year 1866 two additional rates of pensions were created, namely, that of 600*l.* after 35 years, and 750*l.* after 38 years' service.

In 1860, as at present, 2 years' leave of absence in 20 years, 3 in 25 years, and 4 years in 30 years, were allowed to count as service for pension; and in 1872 sanction was given to 5 years' leave of absence counting in 35 years, and 6 years in 38 years' service.

6. In addition to this there were the regimental Colonels who received Colonel's allowances, which may be considered very much the same as retiring pensions. These Colonel's allowances were obtainable in regular succession by seniority; the number of these allowances in each branch and their proportion to the total authorised establishment of Officers was as follows:—

Artillery	...	...	...	...	...	24 to 696
Engineers	...	...	...	...	...	11 to 297
Cavalry	...	...	...	...	...	21 to 483
Infantry	...	...	...	...	...	167 to 4,492

7. The present rates of pension allowed to the Artillery and Engineers, the rules for which branches are of a special nature, are as follows, and to facilitate comparison the rates in force in 1860 are entered in juxta-position.

Pensions allowed to Officers of Indian Artillery and Engineers in 1860 and in 1881 respectively.

8. Nearly every Officer of these branches retiring henceforward will, no doubt, if health permits, arrange his retirement so as to obtain the benefit of the pensions given in Column III, and these, it will be perceived, are higher by from nearly 60 to 120 per cent. than the old rates, with the additional advantage that time passed out of India on duty and all leave of absence now counts as service for pension.

9. The number of Colonel's allowances is the same as in 1860, and privilege of retirement on the pay of rank after 22 years' service has not been interfered with, but has practically become inoperative since the introduction of more advantageous rates of pension.

10. It has to be observed that the scale of pensions contained in Column III, as laid down in 1878, was sanctioned in order to encourage retirement, and in some measure to hasten promotion,

an object secured in the old Royal Artillery and Engineers by compulsory retirement. It was therefore, not extended to those Officers who remained in the Service after promotion to the rank of General Officer, except as a temporary measure open to all General Officers in 1878.

11. The next class to which I shall refer is that of Officers who voluntarily joined the 19th, 20th, or 21st Hussars, or the regiments lately known as the 101st to 109th Foot. These Officers have been able to retire under the old pension rules, as detailed in paragraph 5, including the two higher rates given in 1866. They would also be entitled to the benefits of the pensions specified in Column 2 of paragraph 7, or they can retire under the following conditions after 20 years in the Service:—

	PER ANNUM.	
	Cavalry	Infantry.
	£	£
If Senior Lieutenant-Colonel in a regiment of Cavalry or battalion of Infantry	600	575
If 2nd Lieutenant-Colonel in Cavalry, or 2nd Lieutenant-Colonel or Senior Major in a battalion of Infantry	500	475
If of lower rank	350	350

12. All leave of absence taken by these Officers counts as service for pension, and if they succeed to the establishment of General Officers they are eligible for the higher rates of half pay and retired pay given under the Royal Warrant of 25th June 1881, that is:—

Half pay,—

Major-General, 500*l.*
Lieutenant-General, 650*l.*
General, 800*l.*

Retired pay,—From 600*l.* to 1,000*l.* per annum according to grade and age.

13. The next class of Officers are those who entered the Staff Corps on its formation, or at any period up to the 12th September 1860. These Officers entered subject to the pension rules specified in paragraph 5 of this Despatch, but Sir Charles Wood ruled that they could not claim retirement on the pension of their rank after 22 years' service under the Regulation of 1796. As some Officers represented that they entered the Staff Corps under the belief that they should have the benefit of this rule of 1796, permission was given to all Officers who alleged that they had entered the Staff Corps under a misapprehension on this point to withdraw from it, and to revert to the local service, the Officers of which still retained the privilege.

14. In addition to pensions, it was notified that eventually Colonel's allowances would be allotted to the Staff Corps in the proportion of one Colonel's allowance to every 30 Officers, but in 1866 the Marquis of Salisbury, in Despatch No. 129, published in your General Order No. 808 of that year, sanctioned the grant of Colonel's allowances to substantive Lieutenant-Colonels of the Staff Corps who entered it on or before the 12th September 1866, after 12 years' service in that grade, irrespective of numbers. Taking this latter valuable privilege into account, it seemed essential, if retirement prior to succession to Colonel's allowances was to be facilitated, to give to Officers of this class the estimated value of their absolute title to these allowances in addition to the pensions previously granted, and this was sanctioned in my Despatch No. 258 of 4th August last.

15. The result of these regulations is that the retiring allowances of Officers of this class now, as compared with what was claimable in 1860 are as follows, exactly the same periods of leave of absence being allowed to count as service for pension in 1881 as in 1860, with the additions made in 1872 as mentioned in paragraph 5 of this Despatch:—

		Rates in 1860.	Rates from 1st July 1881
		£ s. d.	£ s. d.

28 "	...	365 0 0	571 0 0
32 "	...	456 5 0	783 0 0
38 "	...	456 5 0	1,124 17 5

16. It is true that in 1860 an Officer who happened to be a Major or a Lieutenant-Colonel could at any time, after 22 years' service, retire on what is called the pension of his rank, or 292*l.* if he was a Major, and 365*l.* if he was a Lieutenant-Colonel, but, as promotion was usually slow, this rarely gave an Officer any advantage, and the retirements under the rule were few, while every Officer in the class referred to voluntarily relinquished the prospect of benefiting by it.

APPENDIX.

The general result is that up to 32 years' service inclusive there has been an increase of from 47 to 71 per cent. according to periods of service while 1,124% is insured after a service of 33 years, instead of 456% with a prospect of succeeding to 1,124% at an uncertain period as was the case in 1860.

The next class to refer to is that of Officers on the cadres of Cavalry and Infantry of the three Presidencies. They have been granted the same retiring pensions as Officers whose pensions were detailed in the foregoing paragraph, although their date of succession to Colonel's allowances is not fixed in exactly the manner prescribed for Officers who entered the Staff Corps up to 1866. Hence any Officer of these cadres who takes pension has exactly the same advantages as Staff Corps Officers, with the addition that he can retire on the pension of his rank after 22 years. With respect to Colonel's allowances, succession is secured after 12 years as Lieutenant-Colonel, but, as succession to the grade of Lieutenant-Colonel depends upon vacancies, the period of succession must vary. Indeed it was not intended to do more than arrange as far as possible that these Officers, who all had the option of joining the Staff Corps under the conditions of September 1866, should not be in a worse position than previously in this respect. In point of fact, while some of these Officers have suffered by slow promotion in years gone by in their cadres, their actual succession to Colonel's allowances has been greatly hastened by the measures adopted, and a large proportion of Officers since 1866 have succeeded to these allowances in less than 33 years, and some even in less than 30 years.

The next class is composed of Officers on what are called the General lists of Cavalry and Infantry of the three Presidencies, all of whom were appointed to the Service between the month of February 1859 and February 1862, and whose nominations were made subject to any alterations that might be subsequently ordered in the conditions of service. There was no pledge given to these Officers as to Colonel's allowances, but it was no doubt understood that they came under the general pension regulations of the day.

As explained in my Despatch of the 4th August 1881, No. 253, I have conceded to them the right of succession to Colonel's allowances in the proportion of one to every thirty Officers in the manner described in paragraph 17 of that Despatch, and I have fixed the rates of pension as follows:—

				Old Rate.			New Rate.		
				£.	s.	d.	£.	s.	d.
20 years	...	...	...	191	12	6	250	0	0
24 "	...	...	...	292	0	0	365	0	0
28 "	...	...	...	365	0	0	500	0	0
32 "	...	...	...	456	5	0	700	0	0
33 "	...	...	...	456	5	0	750	0	0

The last class of Officers already serving are those who have entered the Staff Corps at their own request since the 12th September 1866. These Officers presumably knew all the conditions as to pension and retirement when they entered, and the only change in the rates made since that period has been to admit them to the increased rates shown in the table given in the preceding paragraph.

As respects the Medical Department, the following statement shows the pension rates in force in 1860, the revised rates introduced in 1864, and the present rate of pensions.

RATES OF PENSION FOR THE MEDICAL SERVICE PER ANNUM.

				1860.	1864.	1881.

Besides this, since 1864 an additional 250% or 350% a year is given to every Officer who, on retirement, has rendered five years' service in the office of Deputy Surgeon-General or Surgeon-General respectively.

With the option of 700% to Officers who entered before 1864, and did not receive the higher additional pension by Surgeon-General or Surgeon-General. Medical Officers compulsorily retired at the age of 55 were the pension next above that to which their service entitled them.

21. From this table it will be seen that the pensions of Medical Officers who have not served in the higher appointments have been raised since 1860 by amounts varying from 37 to 91 per cent. in the case of Officers who have served under or up to 30 years; while the highest pension formerly allowed, namely, 700%, which was only obtainable after 35 years, can now be obtained after 30 years' service. Further those Medical Officers who serve as Deputy Surgeons-General and Surgeons-General can now on completion of 30 years' service and five years in the grade obtain pensions of 550% and 1,050% a year respectively, as against the 365% and 700% obtainable after 30 and 35 years under the old rules, and as against 500% and 900% obtainable by them under the rules of 1861.
22. Medical Officers, it must be recollected, have of late years been granted higher relative rank, a privilege which carries with it a higher rate of pension for widows, a higher rate of wound pension, and a higher rate of retirement if an Officer is compelled to leave the Service from ill health before completion of 17 years' service in India. By these rules Medical Officers on joining from probation at once rank as Captains, a rank only gained by a Staff Corps Officer after 12 years' service, while the relative rank of Major is obtained eight years earlier than in the Staff Corps, and that of Lieutenant-Colonel in six years' less service than in the Staff Corps.
23. The Veterinary Department of the Indian Army has long since ceased to be recruited, and the Junior Officer in that branch in the three Presidencies was appointed in 1859. It has been therefore unnecessary to discuss the propriety of a general revision of the pension rules of the Department, but in my Despatch, No. 260, of 4th August 1881, I authorized the pension of 250% a year hitherto granted to Veterinary Surgeons of 25 years' service to be increased to 350%, and that of 350% after 30 years' service to be increased to 450% a year.
24. An examination of the foregoing details shows how greatly all classes of Officers in the Indian Army have benefited by the alterations in the pension regulations, while very sufficient rates of pension have been fixed for those Officers who henceforward enter the Service. There are, however, some particular conditions which I think may advantageously be modified; but, before I refer to these points, I desire to advert to a complaint which has been made, that all leave of absence does not count as service for pension. The rules on this subject are not new rules, but rules that have been in existence for 27 years, which rules were again more liberal than those in force prior to 1854. These rules were not interfered with by the recent regulations, which simply augmented rates of pension all round, and they apply to no Officer who has entered the service since the year 1875. I cannot admit that the continuance of the long existing rule, which only admits leave to a certain extent to count as service for pension, constitutes any grievance whatever.
25. The position of Officers under the regulations referred to is as follows:—
The whole of the following descriptions of leave of absence count as service for pension without any deduction whatever:—
I. Recreation or regimental leave, to the extent of three days at a time within musters, and in the district, and to an aggregate of ten days in each six months.
II. Temporary or station leave, extending to ten days' absence within the Presidency in which the Officer is serving, and limited to 20 days in six months.
III. Privilege leave, irrespective of musters, to the extent of 60 days in each year, with liberty to proceed anywhere, provided the Officer taking it shall ensure return within the term of his leave. To Officers of certain local corps privilege leave is allowed for 90 days in each year, while to military Officers in civil employ it is limited to 30 days annually, but with the privilege of accumulating the leave for two or three years and then taking 60 or 90 days.
(Officers availing themselves of any of the foregoing descriptions of leave retain their full salary and emoluments.)
IV. Leave rendered necessary in consequence of wounds or from ill-health due to exposure on field service, to an extent not exceeding 18 months in each case.
V. Leave not exceeding 30 days preparatory to embarking on furlough, and again on return from furlough to enable an Officer to rejoin his corps or appointment.
VI. Leave granted to enable an Officer to study the Native languages at one of the Presidency towns, provided he passes the prescribed tests within the following periods:—
Higher standard in Hindustani, six months.
Examination in other languages than Hindustani, a further period of six months.
On obtaining a certificate of high proficiency, a period of 18 months in the aggregate.
On obtaining a degree of honour in Arabic, Sanscrit, or, Persian, a period of two years.
26. In addition to leave taken under any of the circumstances just stated, two years' leave in 20, three years in 25, four years in 30, five years in 35, and six years in 38 years' service are allowed to count as service for pension.
27. Not only are these regulations liberal, but Officers of the Indian Service have had the further advantage of drawing furlough pay when on leave, varying from 250% to 1,000% a year, and of retaining staff and other situations when on leave, while in nearly all cases where leave on medical certificate has been granted, it has been allowed for a fixed term of two years, instead of

being limited to the actual necessities of the case. It is impossible to consider these rules as anything but liberal in the extreme, and I believe that, in several of those cases where leave has been taken in excess of the time allowed to count as service for pension, a more strict attention on the part of superior authorities would have led to the removal from the active list of the Army of Officers who have passed a considerable portion of their service on leave on sick certificate. I must also observe that there is no analogy between the case of these Officers and that of Officers under the British service rules, who ordinarily only obtain leave for limited periods and on lower rates of pay, with the disadvantage of compulsory retirements and smaller pensions. Certain considerations have rendered it desirable to cease to deduct leave from the service for pension in the case of Officers of the late Indian Artillery and Engineers and new line Regiments who are under Indian pension rules, but these considerations do not apply to Officers of the Staff Corps or Indian Army.

23. I have, therefore, no intention of abrogating rules which I consider to be just, and the operation of which has always been well known to the Officers concerned; but as respects the actual periods to count as service, when the leave has been taken under regulations prior to those of 1875, I have determined to sanction some small modifications, as in some cases the periods in which a certain amount of leave is allowed to count as service for pension do not correspond with the periods at which higher rates of pension are claimable. Thus, after 24 years' service the second rate of pension for combatant Officers is claimable, but the second period of leave allowed to count requires 25 years' service before it can be reckoned. I am induced, therefore, to sanction an alteration in the periods of leave to be allowed to count, so as to make each period correspond with a period of service at which a pension can now be earned. Under this view, I will allow three years' leave to count in 24 years, four years in 28, five years in 32, and six in 36 years, instead of, as at present, three years in 25, four years in 30, five years in 35, and six in 38. As respects the Medical Department, the Officers of which can claim pensions at periods different from the foregoing, and who enter the Service at a later period of life than the combatant Officers, the periods allowed will be two years in 17 years' service, three years in 20 years' service, four years in 25 years, and five years in 30 years, at which last period the highest rate of pension is claimable. This latter scale can be applied also to the Veterinary Department.
29. In making this concession, however, I must desire that no furlough on medical certificate for Officers under any furlough regulations shall be given in future for more than one year in the first instance, and it will only be renewable on satisfactory evidence that more leave is necessary. Officers at home will have to appear before a Medical Board to obtain an extension.
30. I have further determined on the two following modifications of existing rules as to length of service for pension:—

- I. In my Despatch, No. 253, of the 11th August last, I informed your Excellency that I had sanctioned certain higher rates of pension for all Officers of the Staff Corps and Indian Service who were entitled to Colonel's allowances after 12 years as Lieutenant-Colonel. The estimated value of the right of succession to Colonel's allowances was added to the ordinary rates of pension then in force, up to and including the pension of 456l. 5s. claimable after 32 years' service, including four years' leave of absence. These increments, however, only accrued on the attainment of the several rates of pension dependent on specific periods of actual service. But, as the right of succession of these Officers to Colonel's allowances is not affected by leave of absence, I now sanction, in substitution of my previous order, the following addition to the old ordinary rate of pension to these Officers after each year of service from 20 to 32 inclusive; and, in fixing the pension of such Officers on retirement you will, therefore, add the following sums to the ordinary pensions to which they are entitled under regulations issued previously to August 1881, but with any benefit to which they may be entitled under the terms of paragraph 28 of this letter. For the extra pension no deduction will be made for leave of absence:—

- II. Officers who have entered the Staff Corps from the British Service are allowed to count all service in India for pension under Indian retiring regulations, provided half their service has been in the Staff Corps; but service out of India previous to joining the Staff Corps is not allowed to count for pension. As I recognize the value to India of the training of Officers in the British Army before joining the Staff Corps, I have determined to allow service out of India before joining the Staff Corps to count for Indian pension to an extent not exceeding two years in any case.

31. I have also had under consideration the circumstance that General Officers of the British Army may, by recent regulations, on relinquishing their claim to paid Colonelcies of regiments, receive higher half pay and special rates of pension. In the Staff Corps and Local Service nearly every General Officer has already succeeded to Colonel's allowances, and for these no alteration is requisite; but in any case where an Officer obtains early promotion to the rank of General in any branch of the Service, including Artillery and Engineers, I am prepared to allow him, on

relinquishment of any title to succeed to Colonel's allowances, to claim the benefit of the rates of half pay and retiring pay, as allowed in my Despatches, Nos. 372 and 392, of 10th and 24th November 1881,* for Officers who enter after the 1st July 1881, but subject to exactly similar conditions as to removal from the effective list. The name of any Officer of the general list, or conditions as to removal from the effective list. The name of any Officer of the general list, or who entered the Staff Corps after the 12th September 1866, and who may elect this privilege when he becomes a General Officer, will continue to be reckoned in calculating the number of Colonel's allowances due to Officers who have not taken this privilege.

32. Finally, I have decided to allow General Officers of Artillery and Engineers to retire at any time under the conditions temporarily allowed to those Officers by the Royal Warrant of 6th September 1878.

There seems to me to be now no good reason to limit this retirement to the rank of Colonel, while the limitation of the rule may operate hardly upon Colonels who, under exceptional circumstances, may obtain promotion to the rank of Major-General before they have served five years as Colonel. Under the rule I now sanction, a General Officer who has completed five years' service in the rank of Colonel and Major-General combined will be entitled to retire with the extra annuity.

23. Having now completed my review of the pension regulations of the various classes of Military and Medical Officers under Indian regulations, I must express my conviction that the rules as they now stand are not, with due regard to the public interest, susceptible of further extension. I have no doubt whatever that the benefits of these regulations, combined with the other advantages of service in India, will continue to attract candidates to the Indian Service, well qualified to maintain the deservedly high reputation already acquired by the Officers of that Service.
34. I request you will cause this Despatch to be published in your General Orders, and to intimate that any benefits conferred by it will take effect from the 1st July 1881.

I have, &c.,

(Sd.) HARTINGTON.

Retirement of a General Officer of the Royal (late Indian) Artillery and Engineers with the extra Annuity under the Royal Warrant of 6th September 1878.

With reference to para. 32 of the above despatch the Governor-General in Council, is pleased to notify that, under instructions from Her Majesty's Government a general officer of the Royal (late Indian) Artillery and Engineers will be eligible to retire with the extra Annuity available under the provisions of the Royal Warrant of 6th September, 1878, provided he has completed 5 years service in the ranks of regimental Lieutenant-Colonel, Colonel and Major-General combined. (G. O. G. 352 of 1882 and I. A. C. of 82 Clause 122.)

NOTE.—From paras. 24, 25, 26 and 27 of the Despatch of the 8th December 1881, only officers serving under the regulations of 1854 and 1868, who reckon as service for pension furlough and leave to the extent mentioned in G. G. O. No. 10 of 1882, G. G. O. No. 1150 of 1854, para. 36, G. G. O. No. 337 of 1872 are

- * (Despatch 372) " 3. Those Officers will come under the compulsory retirement clauses of the Royal Warrant on attaining the age of 55 years in the rank of Colonel, or 62 years in the rank of Major-General, and 67 years in the rank of Lieutenant-General or General. Up to the age of 55, there will be no compulsory retirement on account of age from the Staff Corps. Non-employment for five years in the rank of Lieutenant-Colonel or Colonel, and non-employment as a General Officer for five years continuously since his promotion to Major-General, or non-employment for seven years continuously from the time of his last employment as Colonel, will involve compulsory retirement on the pensions elsewhere laid down, or in the grade of—

" Major-General, at 62, on 800l. a year.
 " Lieutenant-General, at 67, on 900l. a year.
 " General, at 67, on 1,000l. a year."

With voluntary retirement in those grades of—

" Major-General, at 60, on 750l.
 " Lieutenant-General, at 65, on 850l.
 " General, at 65, on 950l."

- " 16. I have already informed you that Officers in receipt of good service pensions will not retain them after retirement on pension."

(Despatch No. 392):—

" Unemployed General Officers of the class referred to in paragraph 3 of the former Despatch, that is Officers who join the Staff Corps after the 1st July 1881, will receive the rates of half pay laid down for General Officers of Her Majesty's British Forces in Article 951 of the Royal Warrant of the 25th June 1881, viz:—

" Field Marshal £1,200 yearly.
 " General 800 do.
 " Lieutenant-General 650 do.,
 " Major-General 500 do."

NOTE.—Service both for the additional pension to officers of the Staff Corps and the Indian Army and extra Annuity to officers of the Royal (late Indian) Engineers and Artillery reckons from the date of first Commission, Service at Addiscombe, which is anterior to that date cannot be so taken into account. The additional pensions moreover are the estimated values of the right of succession to the Colonel's allowance, and Addiscombe Service is not included in the service qualifying for that allowance. P. M. G., No. 1,653, dated 10th April 1882.

affected by the modifications made in the periods in which a certain amount of leave is allowed to count as service for pension under para. 28 of the despatch. Officers under the Regulations of 1796 are not affected by the order and therefore any furlough to Europe under these Regulations (1796) the entire period would be deducted from an officer's service for pension vide, P. M. G. 28th April 1882, No. 1995.

2. A British Officer who has served one year out of India before his first arrival in India, and take one year's leave subsequently, but prior to admission to the Staff Corps has only one year's service to count for pension under G. G. O. No. 10 of 1882, P. M. G. No. 2115 dated 5th May 1882.

Rules for the transfer of Officers from the half-pay to the retired list

I. A. C. of 82, Clause 12. With reference to G. G. Orders Nos. 279 and 489 of 1881, the following despatch from the Secretary of State for India, No. 432, dated the 22nd December 1881, is published for general information:—

Para. 1. In your Military Letter, No. 210, of the 23rd June 1879, on the subject of the amelioration of the scale of pensions of the Indian Army, you make certain proposals with regard to the rates of half pay.

2. In my Military Despatch, No. 258, of the 4th August last, in which I sanctioned a revision of the then existing scale, I did not deal with the question of half pay.

3. As regards the rates, it appears to me to be sufficient to declare that combatant Officers placed on half pay shall receive the same rates as Officers of the same rank in the British Service. Medical Officers, you were informed in my Despatch, No. 112, of the 14th April last, are to receive the British rate of half pay of their relative ranks.

4. I have decided that Officers placed on temporary half pay at the recommendation of the Medical Board of the India Office shall be examined by the same Board as to their fitness to return to duty every two years, and if still reported unfit at the third examination, that is, after being six years on the temporary half pay list, that they shall be transferred to the retired list on permanent half pay. An Officer reported to be unfit at the commencement of the second period, i. e., after two years on half pay, may, however, be permitted voluntarily to retire on permanent half pay.

5. Officers unable to appear before the Medical Board at the stated times will be required to furnish a certificate, signed by two medical men, as to their inability. An Officer who is continuously unable to appear will be retired permanently after six years without further report.

6. Officers who, in view of being restored to the active list, may wish to appear before the Board at other times than those specified may be permitted to do so. Officers ordered periodically to appear before the Board will receive their travelling expenses and lodging allowance on the Home scale, but those appearing at other times, at their own wish, must do so at their own expense.

7. Officers who have now been more than six years on the half pay list of the Staff Corps will, unless prior to the 1st July 1882 they voluntarily appear before the Board, and are then reported for duty, and permitted by the Secretary of State to return to India, be permanently placed on the retired list on half pay.

8. It will be understood that these provisions do not in any way abrogate the existing power vested in the Secretary of State for India to recommend to Her Majesty the removal of an Officer from the effective list of the Staff Corps to permanent retired half pay for inefficiency or misconduct, or on the report of the Medical Board at this Office that he is permanently unfit for further service.

Rates of half-pay to be allowed to Officers who join the Staff Corps after the 1st July 1881.

Unemployed General Officers who join the Staff Corps after the 1st July 1881 will receive the rates of half pay laid down for General Officers of H. M.'s British Forces, in Article 951 of the Royal Warrant of the 25th June 1881, viz.:—Field Marshal £1,300, General £800, Lieutenant General £650, Major General £500 yearly. (I. A. C. of 1882, Clause 10).

Officers of the General Lists of Cavalry and Infantry are eligible for transfer to a temporary half pay list, under the same conditions as officers of the Staff Corps, (I. A. Circulars of 1882, clause 108.)

Rules for the Commutation of Pensions.

I. A. C. of 82, Clause 13. With reference to paragraph 11 of G. G. O. No. 189 of 1881, the following despatch from the Secretary of State for India, No. 431, dated the 22nd December 1881, and enclosure, are published for general information:—

Para. 1. In paragraph 22 of my Military Despatch, No. 253, of 4th August 1881, your Government were informed that I had directed the preparation of rules under which Officers retiring on and after 1st July 1881 will be allowed to commute a portion, not exceeding one-third, of their pensions at any time, either on retirement or subsequently.

2. I now forward the rules, and request that the necessary instructions may be given for carrying out the system into effect throughout India.

3. Under no circumstances will an Officer serving in India be permitted to commute his pension without the report of a Medical Board at the Presidency towns, which, in conformity with the principle followed at Home, should be either presided over or have as a member a Civil Medical Administrative Officer.

Regulations for the Commutation of Pensions of Officers of the Indian Service.

1. These Regulations shall be applicable only to Officers retired on or after the 1st July 1881.

2. An Officer may be allowed to commute a portion, not exceeding one-third, of his pension, which commutation may take place on retirement, or at any time subsequent thereto.

3. An Officer in Europe desirous of commuting must make application, in writing, to the Under Secretary of State for India, stating his desire so to commute, and furnishing information as to his age, rank, and the amount of his pension.

4. If the Secretary of State for India in Council shall approve the commutation, the Officer will be so informed, and his application will be forwarded to the Standing Medical Board at the India Office.

5. The Board will require the Officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he will be required to submit himself for personal examination by the Board at the India Office.

6. An Officer in India desirous of commuting must address the authorities of his Presidency. He will be required to go through similar forms, Boards, which will, when practicable, be presided over by the chief Civil Medical Administrative Officer of the Government, being formed in the Presidency towns of Calcutta, Madras, and Bombay, under orders of the respective Governments.

7. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the Officer being reckoned at the age he will attain on the birthday next succeeding the date of the receipt of his application for commutation:—

Age next Birthday.	Number of Years' Purchase.	Present Value of the Annuity of 100%.	Age next Birthday.	Number of Years' Purchase.	Present Value of the Annuity of 100%.

9. The amount having been fixed, the applicant will be informed thereof, and will have the option of withdrawing his application within 30 days after receiving that notice.
10. If the applicant shall not withdraw his application within that period, the decision will be considered final, and the commutation of pension will take place absolutely.
11. In any case in which a pensioner shall accept public employment, involving the withholding of pension, a deduction will be made from the salary payable to him equal to the amount which would have been abated from the pension if it had not been commuted, and, in the event of his becoming entitled to a pension in respect of such employment, the amount of such pension granted to him shall not exceed the amount which he might have received had his pension not been so commuted.

NOTE.—An Officer may with reference to G. G. O. No. 10 of 1882, para. 30, clause 1 and G. G. O. No. 35 of 1882 commute one-third of the total (ordinary and additional) pension to which he may be entitled, P. M. G. No. 3453, dated 8th July 1882.

Revised scale of Pensions for the Indian Medical Service.

I. A. C., Clause 121, dated June 1881. His Excellency the Viceroy and Governor-General in Council is pleased to direct the publication of the following despatch from the Right Honorable the Secretary of State for India No. 112, dated 14th April 1881.

PARA. 1. I have given very careful consideration to the proposals for a revised scale of pensions for the Indian Medical Service contained in your Financial letter of the 12th October 1880, No. 335, and, on a full review of all the circumstances, I have determined to sanction, with some slight exceptions, the proposals you have made.

*2. I am unable, however, to allow longer periods of leave of absence to count as service for pension than those at present admitted; and I do not consider it would be expedient to give higher rates of pensions to Medical Officers of 20 and 25 years' service who retire on account of wounds or ill health contracted in the service, than are granted to Officers who, after a similar period of service, retire in ordinary course.

3. It has not been usual in any branch of the service to give higher pensions to Officers entitled to pension merely because they retired on account of wounds or ill health, and I see objections to altering the system in the manner proposed. Officers who break down in the service before they are entitled to pension receive the half pay of their relative rank, and Officers so severely wounded as to entail the loss of a limb receive the wound pension of their relative rank in addition to pay or pension, and this appears to me to be sufficient.

4. I also consider that the third scale of pension may properly be given after 25 years' service instead of after 20 years.

*5. In accordance with these views, therefore, the following will be the scale of pensions for the Indian Medical Service, with effect from the 1st January 1881:—

After 17 years' service, including two years' leave and furlough, 292*l*.
 After 20 years' service, including three years' leave and furlough, 365*l*.
 After 25 years' service, including four years' leave and furlough, 500*l*.
 After 30 years' service, including five years' leave and furlough, 700*l*.

6. Those Officers who served five years as Surgeon-General or Deputy Surgeon-General will receive on retirement extra pensions of 350*l*. and 250*l*. a year respectively, six months' leave on medical certificate, or four months on private affairs, being allowed to count as part of this service of five years. A good service pension granted to a Medical Officer will lapse on his obtaining the additional pension allowed to a Deputy Surgeon-General or Surgeon-General.

7. Medical Officers not entitled to pension, but who, at the expiration of two years' leave of absence on medical certificate, are unfit to return to duty, will be placed on temporary or permanent half pay, after examination by the Medical Board at the India Office. The half pay granted in such a case will be the British rate of half pay of the relative rank held by the officer. The period passed on half pay will in no case be reckoned as service in calculating claims for promotion or to pension on retirement.

8. With the liberal rates of pension now introduced, I do not consider that it will be necessary to give any higher rate than that to which they may be entitled, to medical officers below the rank of Deputy Surgeon-General who may be retired on attaining the age of 55 years, under the provisions of Article 8 of the Royal Warrant of the 16th November 1880. But an officer who entered the Service before the 13th January 1869, and was still serving on the 14th April 1881, may, if so retired, elect to receive pension under the previous regulations. (I. A. Circulars of 82, clause 44.)

9. You will have the goodness to publish this despatch in the General Orders of your Government.

I have, &c.,

(Signed) KIMBERLEY.

* With reference to paras. 2 and 5 of G. G. O. No. 279 of 1881 Furlough Service for pension in the Indian Medical Service will continue to be governed by the furlough regulations under which each Officer may be serving (G. G. O. 512, dated 16th September 1881) but under the concluding part of paragraph 28 of G. G. O. No. 10, dated 6th January 1882 the actual periods allowed to count as service, when the leave has been taken under regulations prior to those of 1875, will be two years in 17 years' Service, three years in 20 years' service, four years in 25 years, and 5 years in 30 years, at which last period the highest rate of pension is claimable.

Revised scale of Pensions for Officers of the Indian Veterinary Department.

I. A. C., Clause 173, dated September 1881. Under the authority of the Secretary of State for India, His Excellency the Governor-General in Council is pleased to notify that the following will be the scale of pensions for the officers of the Indian Veterinary Department:—

* After 25 years' service, including 4 years' furlough or leave of absence ... £ 350
 After 30 years' service, including 5 years' furlough or leave of absence ... £ 450

2. The commutation of a portion of the pension not exceeding one-third, as sanctioned for combatant officers, will be allowed under the same conditions to officers of the Veterinary Department, such commutation being allowed to take place at any time and not merely on retirement.

3. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

4. The new scale of pensions will have effect from the 1st July 1881.

10. Pension, according to the present scale and conditions is admissible to the widow of a Warrant Officer who may die, either while in the service or on the Pension establishment, provided, in the latter case, that she married the deceased Warrant Officer previous to his retiring from the army or being invalided."

Furlough Regulations of 1854.

1. All Officers, Staff as well as Regimental, also Military Officers in Civil employ, must declare their choice of rules on the first occasion of taking leave, whether the leave be in India or elsewhere, and if the leave applied for be in India under the local rules. Staff Officers may make choice of the old Regulations, still retaining their Staff appointments, but, after having elected the Old Regulations, they vacate their appointments on embarking for Europe or the Cape or elsewhere beyond Sea, except for short periods not exceeding three months under Rule 39.

3. To those Officers who adopt them, the New Regulations will apply retrospectively in respect of furlough and leave of absence beyond Sea, and in computing their time of service for retirement, so that their furloughs or leaves of absence, whether under the old or the new rules, and whether on private affairs or sick certificate within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.

4. Officers who have availed themselves of the option of the old rules, are allowed to re-consider the question under the modifications now sanctioned.

5. Officers who have not taken leave subsequent to the publication of the new rules on the 1st February 1854, and who consequently may not have been called upon to declare whether they would abide by the old or the new Regulations, will, on retirement from the service, be entitled to take full advantage of the privileges given by the new Regulations.

Furlough on Private Affairs.

6. Every Officer will be allowed a furlough to Europe, or elsewhere, beyond Sea, for a period of two years, at the expiration of ten years' service, and for a second period of two years after twenty years' service in India. (Period passed at Addiscombe College not to count.) An Officer proceeding on leave to England for six months, retaining his appointment or otherwise, is not to be considered as having taken his authorized furlough after ten or twenty years, as the case may be, but may, with permission of Government be allowed at any time to take the remainder of the two years authorized furlough on private affairs.—G. O. G. 1st April 1856, No. 102.

7. The second furlough of two years will only be granted after ten years' service in India, from the date of the return to duty after the first furlough of two years. These furloughs are not to be cumulative, under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certificate to Europe or elsewhere beyond Sea, will be ineligible to a furlough on private affairs until they have served six years from their last return to duty. This rule does not apply to short leave to sea. Officers who take their first furlough after twenty years' service in India, may take their second furlough after an additional service of five years from the date of their last return to duty.—G. O. G. 1st July 1856, No. 211.

An Officer of upwards of 20 years' service, but who before completing that period has enjoyed a furlough on private affairs to Europe, for say four years, for three of which he drew pay, has a claim to a second furlough of one year with pay, on the completion of ten years from the date of his return to duty, but, if subsequently to his return from furlough, he has taken leave out

of India on S. C. his second furlough on private affairs will not be claimable till the expiration of six years from return to duty from such sick leave as well as ten years from the date of return to duty from furlough on private affairs.

N. B.—This rule is not applicable to an Officer who takes his first furlough out of India after completing twenty years' service.

Officers who have proceeded on sick leave to Europe after a period of twenty years' service, it being the first time of their quitting India, can, as in the case of Officers who take their furlough after the same period, take a furlough on private affairs after five years from the date of their return to duty.—G. O. C. C., 18th November 1856, No. 32.

Fort William, the 29th January 1866.

No. 102 of 1856.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 362, dated 8th December 1865, is published for general information:—

MILITARY, No. 362.

INDIA OFFICE, London, 8th December 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—In your Military letter dated 20th September last, No. 403, you refer for my decision a question what has arisen whether leave taken on private affairs without pay out of India, counts as part of the 6 years required before an Officer can obtain furlough after return to duty.

2 From the case which gives rise to the enquiry, I presume the question relates only to Clause 7 of the Furlough Rules, published in Orders by your Government on 17th November 1854, part of which is as follows:—

"Officers who have taken leave of absence on sick certificate to Europe or elsewhere beyond sea, will be ineligible to a furlough on private affairs until they shall have served six years from their last return to duty. This rule does not apply to short leaves to sea."

G. O. G.
20th Feb. 1866,
No. 65.

3. Clause 6 of the same rules states that every Officer will be allowed a furlough to Europe or elsewhere beyond sea for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

4. It was decided by the Court of Directors in the year 1856, that an Officer who had proceeded on leave to England for six months was not to be considered as having taken his authorized furlough after ten or twenty years, as the case might be; but that he might, with the permission of Government, take at any time the remainder of the two years' authorized furlough on private affairs.

5. The Court of Directors also ruled that the absence for six months under Clause 9 did not preclude an Officer from taking his furlough to Europe after ten years' service.

6. It appears to me that the principle of these decisions may be applied to the present question; and absence to Europe on private affairs for six months, and all extensions of such leave granted in the country under special circumstances and without pay, may be permitted to reckon as part of the six years required to be served after return from leave on medical certificate to entitle an Officer to his furlough on private affairs.

No. 1244 of 1869, Fort William, the 15th December 1869.—In continuation of G. G. O., No. 1131* of the 1st December 1868, and under the authority of the Right Honourable the Secretary of State for India, it is hereby notified that the rules laid down in the furlough regulations specified in the margin, which in the former require a period of ten or six years, and in the latter a period of three years, to be completed after return from last furlough before an Officer can be held eligible to a fresh furlough on private affairs, do not apply to the case of a General Officer of the Staff Corps or of the local service who may be unemployed.—* Madras G. O. G. 15th December 1868, No. 450.

8. All grants of furlough on private affairs are subject to the exigencies of the Public Service, and to the Regulations framed for the preservation of the efficiency of each Regiment by limiting the number of absentees.

9. Officers holding Staff or other detached appointments may be allowed furlough for a period of six months without losing their appointments; but during that period, they will not be entitled to any portion of their Staff salary, which will be drawn in full by the Officers officiating for them. Absence for six months under this rule does not preclude an Officer from taking his furlough to Europe after ten years' service.—G. O. G., 1st July 1856, No. 211.

9. Officers who have come to this country on duty with discharged Troops, and have been granted extensions (not exceeding six months) of their privilege leave on medical certificate, or on private affairs, shall not be considered to have vitiated their claim to Furlough at the end of ten years' service, though they may not have been six years in India since their return from this country.

Para. 4. I have to inform you that it has been decided that those Officers who have been allowed to count their leave on sick certificate, as service for pension, will be ineligible to a furlough on private affairs, until they have served six years in India from the date of their return to duty. Vide Rule 7.

G. O. G.
12th July 1861,
No. 232.

No. 565 of 1861.—His Excellency the Governor General in Council is pleased to resolve that absence from India, on authorized leave within the periods allowed by the new furlough Regulations, shall not debar an Officer whose efficiency has been proved and certified to the full satisfaction of the Governor in Council from Departmental promotion, temporary or permanent.

In such cases the absent Officer will not, till he resumes charge of his duties, have any claim to the salary of the higher office, which will be drawn by the acting Officer.

Your Military letter dated 20th February, No. 73, transmits, with your favorable recommendation, correspondence relative to an application from Lieutenant Colonel J. McK. Taylor, Commanding 2nd Regiment, Bombay Light Cavalry, praying, that the furlough Regulations may be so far modified as to allow Officers who have taken only one furlough during twenty-seven years' service to take a second furlough, after the expiration of that time, without being compelled to serve ten years from date of return to duty.

2. Under a decision of the Court of Directors, under date the 25th April 1856, No. 56, Officers who take their first furlough after twenty years' service in India, may take a second furlough after a service of five years, from date of last return to duty, or, on completion of twenty-seven years' service in India.

G. O. G.
21st June 1864,
No. 231.

3. In the present case, it appears that Lieutenant Colonel Taylor took his first furlough after a service of eighteen and a half years. Under present rules he cannot obtain a second furlough until the expiration of ten years, from date of return to duty, by which time he will have completed a service of upwards of thirty years.

4. I have no objections to the modification of the Furlough Regulations suggested by your Government in favour of Lieutenant Colonel Taylor and other Officers similarly circumstanced, on the understanding, however, that this is not to affect the Rule under which an Officer who takes his first furlough after twenty years' service, or upwards, must serve a period of five years, from date of last return to duty, before he is to be held entitled to a second furlough.

An Officer must have served ten years in India to entitle him to return to this country on private affairs for six months, retaining his appointment and drawing furlough pay.

* Madras G. O. G., 5th May 1865, No. 170.

An Officer who has taken the furlough to Europe for two years, after ten years' service, must show a service in India from date of return of ten years, to entitle him to return to Europe on private affairs for six months, retaining his appointment and drawing furlough pay.

G. O. G.
14th April 1863,
No. 127.

An Officer having taken shorter leaves of absence as a Staff Officer (six months on private affairs, fifteen or twenty months on sick certificate) with retention of appointment may take a second leave of absence, retaining his appointment on sick certificate after he has been three years, or on private affairs, after he has been six years in his discharge of the duties of his appointment, from the date of last return to it.

This decision should not be allowed to interfere with the practice which has been followed under the Regulations of 1854, and those in force previously, for permitting Officers in certain cases of emergency to return to this country on private affairs for short periods without pay, and that a Staff Corps Officer permitted to return to Europe under such circumstances should be allowed to hold his appointment for a period not exceeding six months. In fact, this has already been authorized in Question and Answer No. 121, which states that the Government may grant leave of absence for six months on urgent private affairs without pay and allowance to a Staff Corps Officer, with retention of appointment, on being satisfied of the urgency of the case.

I am of opinion also that Staff Officers not members of the Staff Corps should be allowed a similar indulgence under like circumstances.

G. O. G.
28th Aug. 1863,
No. 304.

Regarding the mode of reckoning the service of an Officer of the Staff Corps formerly under the old furlough Regulations, as regards future furloughs such Officers will be under the operations of Clause 7 of the furlough rules of 1854.

10. All Officers, whether Staff or Regimental, while on furlough on private affairs, will be entitled to "furlough pay" only.

Leave of absence on Sick Certificate.

11. Leave of absence on sick certificate will be granted for a term not exceeding twenty months whether it be to any place in Europe or elsewhere out of India.

12. Extensions of such leave may be granted, as at present, on production of medical certificates for further periods not exceeding sixteen months in the whole.

With reference to para. 13. No. 1884.—The grant of leave of absence to Staff Officers, on medical certificate, with half Staff allowances, for six months, and with the privilege of returning to their offices, if their absence from India be not prolonged beyond fifteen months, is bestowed by the Honorable Court, in order to enable such Officers to regain their health, and in the expectation, that they will be thereby qualified to render additional service to the Government.

But if leave of absence be taken merely to run out a prescribed period of service, and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Honorable Court is abused; wherefore the Right Honorable the Governor General in Council hereby notifies for general information, that, if there be an avowed intention on the part of an Officer not to return to duty, or if the Government have valid grounds for concluding that the Officer has no intention to return to duty, the indulgence of leave on sick certificate, retaining office, will not be granted in future.

The foregoing was declared in a Notification, No. 2,129, dated 16th April 1856, republished in G. O. G. 2d May 1856, No. 139, to be applicable to all Military Officers holding Political or Civil appointments, either under the Government of India or under any of the Subordinate Governments.

With reference to paras. 13 and 16. G. If an Officer, having proceeded on leave in India on medical certificate and enjoyed the indulgence to the full extent, proceeds on leave on medical certificate out of India without having returned to duty, the existing Regulation which precludes receipt of Indian allowances for a longer period than two years of continuous absence from duty, is a bar to his drawing Indian allowances for the first six months or for any part of his fresh leave.

3. The new furlough Regulations made no alteration in the old rules governing the resumption of Staff allowances on return to duty. Under those rules an Officer who had ceased, prior to his return, to be entitled to Staff allowances, could not draw any portion of them from an earlier date than that of his resumption of his Staff duties. We think it undesirable to make any change in this respect.

G. O. C. C.

No. 92.

G. O. G.
16th Sept. 1859,
No. 360.

14. An Officer's claim to half Staff salary for six months, as sanctioned in the preceding rule, will not be affected by his subsequently retiring from the service in Europe or elsewhere.

15. No portion of Command allowance, Medical Staff salary or other similar allowance, which under the old rules was inadmissible to Officers absent from their Corps or Stations at the Cape or elsewhere, will be allowed to absent Officers under these Regulations.

16. * All Officers, whether Staff or Regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian Pay and Allowances as was allowed under the old Regulations to Officers proceeding to the Cape on medical certificate, and for the remaining period of their leave they will receive furlough pay only.

17. If the leave on sick certificate be extended, furlough pay will be continued, but under no circumstances for a longer period than three years altogether from the commencement of the absence.

Staff Officers.

18. The term Staff Officer applies to all Officers holding Staff or Detached appointments, Military, (General or Regimental,) Political or Civil, also to General Officers Commanding Divisions, Inspectors or

* Vide margin of Rule 9.

Deputy Inspectors General of Hospitals and others who, under the old rules, were entitled to draw half Staff allowance when absent at the Cape.

19. Staff Officers, absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their * * allowances except on special grounds, to be sanctioned by the Government of the Presidency.

With reference to para. 19.

1. The new furlough Regulations are held, not to affect the rules heretofore in force with respect to leave in India, and consequently a Staff Officer obtaining leave of absence in India on private affairs for six months, or on medical certificate for two years, retains during such absence a moiety of his Staff salary as sanctioned by the Regulations for the grant of leave in India which are still in force.

G. O. C. C.
3d October 1856,
No. 73.

2. A Staff, as well as a Regimental Officer is required, when first applying for leave, whether in or out of India, to declare by which of the furlough Regulations he wishes to abide.

3. In the event of a Staff Officer electing the new furlough Regulations and taking leave in India, the whole of the leave he has previously enjoyed from the date of his entering the service, excepting the periods allowed by those rules to reckon as service, must be reckoned against his period of service for retirement.

The concession of leave to Europe in the case of a General Officer is to be considered the exception and not the rule; and, as ground for obtaining such leave, it must be shown that the Officer has contracted illness from the effects of climate, or of wounds received on service in India, or that the nature of the private affairs taking him from India is of a very urgent nature.

Leave on medical certificate will be restricted to six months, and on private affairs to four months, the penalty of exceeding such period being the vacation of the Command, and in no case will a General Officer be allowed more than one grant of leave out of India during his tour on the Staff.

The position of Brigadiers being considered analogous to that of General Officers on the Staff, the principle upon which the indulgence of leave is to be granted will hereafter be the same in both cases.

No. 1161 of 1863.—His Excellency the Governor General in Council is pleased to direct the publication, for general information and guidance, of the following Military letter from the Right Hon'ble the Secretary of State for India:—

G. O. G.
22d Dec. 1863,
No. 462.

INDIA OFFICE, London, 31st October 1863.
To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—As it appears from recent circumstances that an impression exists in India that Officers Commanding Divisions and Brigades whose leave of absence on sick certificate with retention of appointment is limited to six months, and who may come to this country for that period, are not required to produce evidence of physical fitness for duty before being allowed to return to India, I request that you will notify to the Army at large that all Officers, however employed, and whatever may be the amount of leave granted them, who leave India on sick certificate, are required to produce a certificate of fitness for duty before they can be allowed to return.

No. 170 of 24th February 1874.—The following paragraph of a Military Letter from the Right Honorable the Secretary of State for India, No. 5, dated the 11th of January 1874, is published for general information:—

3. I have resolved to grant Officers, whether of the British or Indian service, in Command of Divisions or Brigades, the English pay of their rank, when on leave on private affairs, under General Order No. 952* of 1861. This decision will apply to all other Officers affected by this General Order.

20. The privilege of retaining Staff appointments during leave of absence on sick certificate, or on furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an officer has been three years, or if on private affairs, until he has been six years in the discharge of the duties of his appointment, from the date of last return to it.

"An Officer who has once returned to Europe, retaining his appointment under the new rules, cannot be allowed that privilege a second time, no matter whether it be the same or another appointment, unless he has served the prescribed period since his last return to duty."

"An Officer who has returned from Europe or from Sea, but not as a Staff Officer, i.e., who did not proceed to Europe as a Staff Officer with the attendant privileges, and is subsequently nominated to a Staff situation, and in less than three years from the date of his last return to duty, proceeds on such leave to Europe or to Sea, would not be required to vacate his appointment, with advertence to para. 20 of the new furlough Regulations."

The following Military letter from the Right Hon'ble the Secretary of State for India, is published for general information:—

MILITARY, No. 140. INDIA OFFICE, London, 30th April 1868.

To His Excellency the Right Hon'ble the Governor General of India in Council.
SIR,—It has been brought to my notice that Officers of the Indian Service promoted to the rank of General Officers, and frequently thrown out of active employment for a season by such promotion, are, if residing unemployed in India, entitled to count such residence as service for pension, but if residing out of India, they come under the rules applicable in this respect to Officers on leave.

2. I do not consider, under the altered circumstances of the Indian Service, that this distinction should be maintained, and I have determined therefore, that Officers on attaining to the rank of Major General shall reckon the whole of their service on the effective list, whether employed or unemployed, as service for pension, wherever they may choose to reside.

3. This ruling will take retrospective effect in the case of Officers retiring from the service hereafter.

G. O. G.
19th June 1868,
No. 232.

* Madras G. O. G., 5th November 1861, 391.

21. This rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods not exceeding three months, to Ceylon, the Mauritius, or other places out of India.

22. Officers Commanding Troops of Horse Artillery and Light Field Batteries, and Officers generally in employment, will be allowed leave out of India under the same rules with respect to allowances and tenure of command or office as regulated the grant of leave to the Cape to such Officers under the old Regulations, except as to the duration of those advantages, the time for their continuance being subject to the provisions of the new Regulations.

Date of Furlough and Advances of Pay.

G. O. G. No. 895, Fort William, the 14th September 1874. — In modification of G. O. G. No. 852, dated 26th September 1871, it is notified for general information that, in future, the day on which an Officer reports himself as having disembarked on return from furlough out of India, will be reckoned as service, as formerly, and not be included in the period of his furlough.

24. Advances of pay and allowances, Staff and Regimental, to Officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made if desired in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for re-payment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by Officers obtaining furlough on private affairs.

1st.—It is the duty of an Officer before leaving India to obtain his last Pay Certificate; he should therefore at the time of applying for leave address the Deputy Paymaster in whose Circle of payment he may be, with a request that his accounts may be adjusted, and at the port of embarkation he should apply at the Pay Office for a last Pay Certificate. In the event of his not being able from any cause to obtain this certificate, he should address the Military Accountant on the subject, and that Officer will investigate the circumstances of the case and submit a report thereon to the Military Finance Department for transmission to Government.

2nd.—In cases in which Officers return Home "for Residue of furlough," the period remaining unexpired should be stated in their papers by the Pay Department.

3rd.—The Right Honorable the Secretary of State for India having observed, in his letter No. 497, dated the 31st December 1861, paragraph 10, that "the final settlement of all pay and allowances issued to an Officer prior to his quitting India, whether in advance or otherwise, is invariably left to the authorities in India, it will not be necessary for the Officers of the Pay Department in future to call upon Officers on furlough in England, who, on promotion, may apply to India for an adjustment of pay (for the period issued to them prior to their leaving this country) to furnish a certificate under the signature of the authorities at the India Office to the effect that no such adjustment has been made by them.

4th.—This order is applicable to the three Presidencies, and will have effect from this date.

No. 750 of 1862.—His Excellency the Governor General in Council is pleased to extend to Officers on leave the rule which permits Officers of one Presidency, when absent on duty, to draw their pay and allowances from the Pay authorities of any other Presidency at which they may be residing, and to lay down the following rules for future guidance:—

Officers of one Presidency may draw advances on account of their pay and allowances which have become due from Paymasters at any other Presidency at which they may be residing, whether on duty or on leave on medical certificate or private affairs.

Officers so situated must furnish, with their Bills, a last Pay Certificate from their own Presidencies, showing specifically the sum to be deducted and the amount to which entitled, and also indicate the General Order or other authority under which they are absent.

These rules are also applicable to cases of Officers embarking for Europe from any other than their own Presidencies, and who may be entitled, under the furlough Regulations, to advances of pay and allowances.

In cases of Staff Officers so situated their last Pay Certificates are to specify clearly the amount of half Staff salary to which they may be entitled during their leave.

In case of emergency, when last Pay Certificates cannot be produced, advances on account of unadjusted arrears of pay may be made on good security for the amount being furnished.

Bills for any admissible passage money are to be supported by a sufficient Guarantee from the Agents of the Ship or other parties, that half the passage money will be refunded in the event of the Officer dying after engagement of his passage, or before the vessel puts to sea.

Paymasters making advances under these rules are invariably to record the same on the back of the last Pay Certificate, and will make the necessary communication to the Paymaster of the other Presidency concerned with the least possible delay, and if Security be taken, it is also to be noted on the Pay Certificate.

If proof be forthcoming that an Officer has already furnished Security at his own Presidency for any demands on the part of Government which may arise, fresh Security is not to be required by Paymasters of any other Presidencies.

All over-drawings or short charges will always be adjusted by the Pay authorities of the Presidency to which the Drawing Officers may belong.

All other orders on this subject at the three Presidencies are hereby superseded.

† Madras G. O. G., No. 241, dated 6th October 1871.

25. The existing Regulations regarding Passage Money to Officers are not affected by these rules.

G. O. G. G., No. 1009 of 3rd December 1865. — With the view of encouraging the study of the Native languages, it is hereby notified, for general information, that extended periods of leave to visit the Presidency, without loss of service, will be granted under the following conditions to Officers of the Army who pass successful examinations in the tests prescribed in Government General Order, No. 734 of 1861:—

1st.—Officers who pass an examination according to the second standard will be allowed to reckon as duty the period of their absence to the extent of (6) six months.

2nd.—To Officers who pass a successful examination in the languages defined in Rule VIII of the Government General Order quoted, above, a further period of six months' leave will be granted without loss of service.

3rd.—Candidates who may obtain certificates of High Proficiency, under the operation of Rule XII, will be allowed leave of absence to the extent of 18 months in the aggregate.

4th.—And candidates who obtain Degrees of Honor, under the terms prescribed in Rule XV, shall be permitted to reckon as service the period of their absence to the extent of two years.

2. To insure, however, that the time of the candidates is not misapplied, it must be clearly understood that they shall pass successful examinations according to the different tests within the prescribed periods.

3.—The foregoing rules are to be in supersession of all previous regulations on this subject.

G. O. G. G., No. 90 of 23rd January 1867. — In modification of Government General Order, No. 341 of 1861, His Excellency the Governor General in Council is pleased to prescribe the following Rules, under which Officers may draw pay and allowances through their Agents in India when on leave beyond the limits of their own Presidencies:—

I. Officers proceeding on leave for any period under the old furlough rules, beyond the limits of their own Presidencies, will be permitted to draw their pay and allowances through their Agents, on the latter furnishing a satisfactory guarantee for the refund of over-payments.

II. The guarantee must be attached to the application of the Officer for permission to draw his pay in India, which must be submitted through the Pay Master, to be forwarded to the Controller of Military Accounts, who will grant the authority to the Agent to draw the pay monthly as it becomes due.

III. The guarantee is to be in the following form, and must bear a stamp according to the scale noted at the foot thereof, in order to cover any possible amount to be retrenched:—

Form of Guarantee to be furnished by Agents of Officers proceeding on leave beyond the limits of their own Presidency, to accompany applications of Officers to draw their pay and allowances in India during absence.

We _____

Agents of _____ do hereby engage, in the event of our being permitted to draw the pay and allowances of our constituent during his authorized absence from the Presidency, to repay such part of the amount as he may not be entitled to in case of death, as also such sums, with retrospective effect, as our constituent may become liable for, by his bringing himself upon furlough pay from the date of quitting his own Presidency by any of the following acts:—

1. By overstaying the leave to sea for two years on medical certificate, or for six months on private affairs, which he may have obtained under the old furlough rules.

2. By proceeding to England from the leave aforesaid under the old furlough rules, without having returned to his own Presidency.

3. By proceeding to England on sick certificate to specify the rate of Regimental pay and allowances and Staff salary to which they would have been entitled under the old Regulations if proceeding to Sea on medical certificate.

4. An Officer entering the service and obtaining leave to visit a station not the Headquarters of his Regiment and to join the Corps to which he is posted, and who actually does join within the period sanctioned by Regulation for the purpose of joining by the direct route, is allowed to reckon such leave as service for pension.

The principle of this rule is applicable to Officers who on return from leave out of India are allowed to visit a station out of the direct route to the station to which they belong.

5. With reference to paras. 26 & 31, M. C. No. 2702, 20th Oct. 1856. Officers in Civil employ under Section XI (amended) old Civil Service Absentee Regulations, is not to be deducted from service, it being considered in the leave granted to Military Officers.

6. With reference to paras. 26 & 31, M. C. No. 3114, 4th February 1856. The period during which Officers may have been or may hereafter be absent on leave for the purpose of accompanying Insane or Sick Officers is allowed to count as service for pension.

7. If an Officer is placed on duty while on leave of absence whether on medical certificate or private affairs he will be allowed to count as service for pension the whole period he may be so employed, i. e., from the date of the order nominating him to such duty to the date of the order relieving him, both inclusive.

8. In accordance with the principle laid down in the 65th paragraph of the General Order of the 10th April 1861, Officers of the new Brigades of Artillery and new Line Regiments ordered to do duty at the Regimental Depot, or with Drafts on the voyage to India, will reckon such duty as service in India for retiring pension. Those doing duty under any other circumstances in this country, will reckon such service in the proportion of one year for two.

26. The certificates issued to Officers who are granted furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each Officer has been absent on leave within Indian limits, as well as the time of his previous absence in Europe; but will not include the periods allowed for proceeding to the Presidency or port of embarkation, and to enable Officers to rejoin their Regiments or stations after their return to India, nor the leave of one month's absence in six months as authorized by the Regulations. The last Pay Certificate of all Officers proceeding to Sea on medical certificate.

This information is necessary in order that no difficulty may arise in the Pay Department of the India House in adjusting the several payments which may be due.

due. of the General Order of the 10th April 1861, Officers of the new Brigades of Artillery and new Line Regiments ordered to do duty at the Regimental Depot, or with Drafts on the voyage to India, will reckon such duty as service in India for retiring pension. Those doing duty under any other circumstances in this country, will reckon such service in the proportion of one year for two.

G. O. G. 2nd Feb. 1861, No. 15.

Officers of H. M.'s Services.

27. Officers of Her Majesty's Service in India, whether employed Regimentally or in Staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on furlough or leave of absence.

28. In the case of Officers of Her Majesty's Service on furlough on sick certificate in England or elsewhere, who may retire or exchange into Regiments not on the Indian establishment, the grant to these Officers of Indian allowances will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

15. Officers obtaining leave preparatory to final leave out of India, but who after arriving at the Presidency or other port of embarkation abandon their intention of leaving the country, cannot reckon as service the period they may have been absent from duty on such preparatory leave which then assumes the nature of ordinary leave in India.

16. An Officer who proceeds on furlough to the Presidency or other port, (not preparatory to applying for leave to proceed to Europe or elsewhere) and while there obtains a sick certificate to Europe or other place out of India, is not entitled to count as service the period allowed by Regulation for proceeding from the station of his Regiment or appointment to the port of embarkation; but he can reckon as service the period of 15 days allowed at the Presidency or port of embarkation preparatory to embarkation.

17. If instead of being at the port of embarkation, he is at another port, or at an inland station, when he obtains the sick certificate to quit India, he will be allowed the time authorized for travelling from the station at which he may be when he obtains his sick certificate, to the port of embarkation.

18. If an Officer while absent on ordinary sick certificate in India, quits India on sick certificate, or, who having proceeded on ordinary leave on private affairs in India obtains a furlough out of India, he is entitled to count as service the period allowed for proceeding from the place at which he may be when he obtains leave to quit India, to the port where he ultimately embarks.

Periods of absence allowed to be counted as Service for Retiring Pensions.

29. In order that all Officers quitting India on furlough, or sick certificate, may be placed on an exact equality as regards loss of time, the period allowed by Regulation for proceeding to the Presidency or to the nearest port of embarkation, as well as the time to enable Officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the retiring pension.

Simla, 22nd September 1861.

No. 774 of 1861.—Having taken into consideration the existing facilities for travelling, which are steadily increasing, His Excellency the Governor General in Council is of opinion, that the rules now in force for regulating the periods allowed to Officers and others proceeding, in ordinary course, from one station to another, are no longer suitable or adapted to meet the interests of the service or the general convenience of Officers.

2. G. G. O. No. 770 of 14th September 1853 is therefore cancelled, and the following rules will be observed from the 1st November next:—

3. Officers returning from furlough to Europe or leave beyond the sea, or Officers removed from a regiment, appointment, or station, at their own request, or on regimental or departmental promotion, or to join a new appointment, will be allowed fifteen days for preparation from the date of arrival, or being struck off duty. On special grounds, this period may be extended to thirty days by the Officer Commanding the Division, District, or Garrison.

4. Every Officer, at the expiration of the period allowed for preparation, is required to join his Corps, station, or appointment, by the most expeditious available mode of travelling, and without unnecessary delay on the road.

5. Officers who may be unavoidably delayed by sickness or other circumstances must report the cause and period of such delay, furnishing medical or other certificates of the Officer Commanding the Station, at or nearest to which such delay may have occurred.

6. In every special case, Officers Commanding Divisions may sanction a slower mode of travelling, either for a part or for the whole of the journey; but any such indulgence, and reasons for granting it, must be reported at once to His Excellency the Commander-in-Chief, or to the Government, according to the nature of the Officer's employment.

7. This ruling is to be made applicable to all three Presidencies.

Fort William, the 12th May 1862.

No. 520 of 1862.—The following rule which has received the sanction of the Right Hon'ble the Secretary of State for India for calculating the service of Officers who, formerly under the old furlough Regulations, have joined the Staff Corps, and whose service from date of joining that Corps is to be reckoned under the new furlough Regulations, is published for general information and guidance:—

1. Officers having elected (or who not having before elected might, on their entering the Staff Corps, desire to elect,) the old furlough Regulations will carry with them into the Staff Corps so much of their service (authorized leave included) as may have been passed within Indian limits. Before they can retire on the pension of any particular rank

19. An Officer who has served twenty or twenty-four years and *not more* is only entitled to reckon two years' absence as service. Rule 33 gives the minimum period of service which entitles an Officer so situated to retire on the pension of a Captain or Major; but an Officer who has served beyond those periods is entitled to the benefit of Rule 30 by which extended periods of absence are allowed to reckon, regulated by the length of the Officer's service. For instance, an Officer who has served twenty years, and no more, and had only three years' leave must still perform one year's duty before he can retire as a Captain; whereas an Officer whose aggregate service is thirty years, out of which he has enjoyed leave for fourteen years and no more, can retire as a Captain at once.

No. 337 of 28th March 1872.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 50, dated 23rd February 1872, is published for general information:—

MILITARY, No. 50. INDIA OFFICE, London, 23rd Feb. 1872.
To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD.—1. With a view to meeting the cases and facilitating the retirement of the senior officers of the Army subject to the Indian Retiring Regulations, Her Majesty's Government have resolved so to modify the present Regulations, as expressed in Clause 30 of the Furlough Rules of 1854, as to admit of a larger amount of furlough being reckoned as service by claimants to the higher rates of pension granted in 1856.

2. With this view, I request that it may be notified to the service that, from and after the date of this despatch, the following regulation will be substituted for Clause 30 of the rules above referred to, and will govern the rates of pension to be granted to officers retiring under the Indian Regulations:—

"No furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, four years in thirty years' service, five years in thirty-five years' service, and six years in thirty-eight years' service shall be allowed to count as service for the retiring pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs."

With reference to para. G. O. G. No. 1113 of 1857.—31. The following Extract, paras 18 and 19, of a Military letter from the Honorable the Court of Directors to the Government of India, No. 126, dated 22d July 1857, are published for general information:—

18. By the Regulations established for the promotion of Lieutenant Colonels to the rank of Colonel after three years' service, it is provided that no longer period than one month in each year, or a total of three months in three years, or six months in six years shall be allowed to reckon on, whether the leave shall have been spent in India or out of the country, except in cases of wounds or illness contracted by service in the Field, duly certified by a Medical Board, when each case will be separately considered with reference to the time to be allowed.

Request Court's decision on the question whether leave of absence in or beyond India taken in consequence of wounds received in action shall be allowed to reckon as service for pension both under the old and new Regulations.

19. In reply to the question now put to us, we have much satisfaction in stating that we are prepared to extend the benefits of the exception above specified to the time required for retirement on full pay. Every claim to the benefit of this exception must be duly certified by a Medical Board, and be forwarded to us for our decision, accompanied by the opinion thereon of the Government and Commander-in-Chief of the Presidency to which the Officer belongs.

No. 32.—With reference to G. O. G. 15th September 1857, No. 290, the Commander-in-Chief desires it to be notified that the privilege of reckoning the time of absence in the period of service required for retirement on full pay is authorized in cases of wounds or illness contracted by service in the Field, duly certified by a Medical Board, when each case will be separately considered with reference to the time to be "allowed."

In all such cases a specific description is to be given in a report by a Medical Board of the nature of the illness and of the grounds upon which it is considered that the illness has been contracted by service in the Field.

All such grants of leave should be made for periods not exceeding eighteen months to be extended if necessary.

30.* No Furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in 24 years, 4 years in 28, 5 years in 32 and 6 in 38 years' service, shall be allowed to count as service for the retiring pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31.† In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence except the period allowed in Rule 29, and the ordinary indulgence of one month's leave in six months, as authorized by the existing Regulations, and which are in all cases, whether of Regimental or Staff Officers, to be allowed to count as service for the pension. All leave to a greater extent granted by Political and other authorities, which may not hitherto have been published in General Orders must be so announced hereafter.

32. Officers to be entitled to retire on the full pay of their Regimental rank (under the Regulation of 1796,) must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate and not more, will be allowed to count as service for the retiring pension.

33. Officers to be entitled to retire on the full pay of Captains and Majors (under the Regulations of 1835—7,) must have served twenty and twenty-four years re-

July 1868, No. 275. "Applications for this boon should not be submitted in cases where the sickness has not been such as to render the absence of the Officer on sick certificate immediately necessary." The following Military letter from the Right Hon'ble the Secretary of State for India is published for general information:—
- MILITARY, No. 193. INDIA OFFICE, London, 4th June 1868.
To His Excellency the Right Hon'ble the Governor General of India in Council.
Sir,—In accordance with the recommendation contained in your letter, dated the 6th April 1868, No. 139, I authorize you to announce that, in future, all Officers who may do duty with troops on the voyage to or from India, will be allowed to count the whole of the period during which they may be employed on such duty as service for pension.
36. The scale for Medical Officers and Veterinary Surgeons, of privileged furlough, and leave of absence counting for the retiring pension, will be as follows:—
- | | |
|-------------------------------|-------------------------------|
| 2 years in 17 years' service. | 4 years in 25 years' service. |
| 3 " " 20 " " " | 5 " " 30 " " " |
37. It is to be distinctly understood, that under no circumstances whatever will an Officer be permitted to retire on full pay, until he has completed the full time of service above specified, whether he be in England at the close of his service or elsewhere.
38. The privileged time of absence may, with the permission of the local Government, be taken at any time subject to these Regulations. If therefore, at the end of twenty-years' service, of which eighteen had been passed on actual duty in India, an Officer should be on furlough, or sick certificate in Europe, or elsewhere, he will be entitled to retire on the full pay of a Captain without returning to India, and so in the other terms of service for the higher pensions. In like manner a Medical Officer on furlough, or sick certificate in Europe, or elsewhere, at the end of seventeen years' service, fifteen years of which had been passed on actual duty in India, will be entitled to retire on the lowest rate pension, without returning to India, and so in the other terms of service for the higher pension.
- G. O. G.,
2d Nov. 1863, No. 387. Under instructions from the Government of India, the Governor in Council is pleased to declare that the grant of leave to Officers on medical certificate in India, shall, for the future, be limited, under ordinary circumstances, to one year, subject to extension on fresh Medical Report.
39. These rules do not in any way affect the existing Regulations regarding the grant of leave in India, or for short periods to Sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

Furlough Rules of 1868 (with subsequent alterations.)

General Order No. 171, of 25th February 1871.

- The Rules previously in force will be designated, as heretofore, the Furlough Rules of 1796 and 1851.
- NOTE.—The advantages granted by the Furlough Rules of 1851 to Officers who obtain furlough on medical certificate are not applicable to any Officers of the British Service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1863, and neither those Rules nor the Furlough Rules of 1868 are, as respects furlough on private affairs, applicable to British Officers serving with their regiments.
- But Officers of the late Indian Army who hold permanent appointments under the Government of India, and who may have elected to abide by the Furlough Rules of 1851, in preference to those of 1863, retain their election.
- The following Government General Orders are cancelled prospectively from the 1st January 1871:—
Government General Order No. 630 of 1869 (1st clause).
Government General Order No. 627 of 1870.
Government General Order No. 613 of 1871.
2. These rules are applicable to all Officers who, on the 1st July 1868, belonged to the several Indian Staff Corps, or to the Indian Army, and who have elected, or may elect, to adopt them: Officers of the British Army who entered the Staff Corps after that date are, of course, subject to them.

- (2). In regard to the periods of leave of absence during which appointments may be held, and in regard to the increased allowances, they are also applicable to Officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent staff appointments not of a regimental nature, and to such Officers of the Engineers of the Imperial Establishment as may be permanently employed on the staff in India.
- (3). But should an Officer of the British Service, holding such permanent staff appointment, be allowed to proceed on leave under circumstances which, by these rules, would involve loss of appointment, he cannot take leave under them, but simply as a British Officer holding no appointment.
3. These rules are not applicable to Officers on the Invalid or Invalid Pension Establishment, even if previous to their transfer they should have elected them, being intended solely for Officers on the effective list.
4. They are not applicable to Regimental Officers generally of the British Service, whether formerly belonging to the Indian Army and now in the Royal Artillery, Royal Engineers, and new Line Regiments, or on the old Line Establishment:
- NOTE (1).—British Medical Staff Officers holding administrative appointments in India tenable for 5 years, who are compelled by ill health to return to England, will be allowed by the Government of India in the Military Department to proceed there to appear before a Medical Board, and if reported unfit for further service in India, will be removed from the Indian Establishment; if otherwise, they may be allowed by the Secretary of State for India 6 months' leave on medical certificate on their Indian allowances and half staff.
- Such Officers are also eligible for 4 months' leave on private affairs without pay, but only one grant of leave will be allowed out of India during their tenure of office.
- NOTE (2).—All British officers holding Staff appointments in India, except the command of Divisions and Brigades, will be allowed, during their five years' tenure of office, only one grant of leave out of India either on medical certificate for six months with absentee allowances regulated under the furlough rules of 1868, or on private affairs for four months, with British pay, from Indian revenues. Any leave obtained in excess of either of these periods will involve loss of appointment.
5. They are applicable to Officers of the Royal Engineers on the Imperial Establishment, who are employed in the Public Works Department, or who are receiving a staff salary as on the fixed establishment of the Sappers and Miners; these will count service towards furlough from the date of their arrival in India.
- (2). These Officers, therefore, and other Royal Engineer Officers of the Imperial List on permanent staff employ under the Government, will be entitled to a furlough of two years after eight years' service in India, or at the expiration of one year from the date of their return (for a second tour of service in India) on the completion of the prescribed home service after the first period of seven years' service in India.
- (3). Such Officers will be allowed an advance of passage money, or free passage in a troop-ship if proceeding in the troping season; the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England conditionally on its refund, if the order to return to India is not carried out.
- (4). Those Royal Engineer Officers who arrived in India before the 1st July 1872 are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for home service, but draw furlough pay during furlough, as others.
- NOTE.—Royal Engineers of the Imperial List may receive their pay while on furlough, either under the regulations in force before February 1873, or under the terms of General Order No. 123 of 1873, that is to say, an Officer of Engineers of the Imperial List may, at his option, on taking furlough to England, either receive furlough pay on the understanding that, should he not return to India, he will have to refund the difference between it and English pay, less the regulated amount of passage money, or a free passage and English pay only during the period of his furlough, the difference between English pay and furlough pay, less the cost of his passage, being issued to him upon his return to duty in India.
- 2.—The Officer's choice should be made at the time of applying for furlough, and should be noted on his last pay certificate.
- (5). An Officer of the British service, holding permanent staff employ under the Government, who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regimental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.
6. Officers of British Regiments who may join the Staff Corps, can count as service towards furlough all their military service in India, provided that half of it (in no case less than four years) shall have been passed in the Staff Corps. But any leave to England they may have taken during service so counted will be reckoned as furlough already taken. Officers of the British Service who formerly belonged to the Indian Armies are exempted from the above proviso.
7. These rules apply also to all Warrant Officers holding Veteran or Honorary Commissions, who may elect them; the period of service qualifying for furlough being calculated from the date of the attainment of a Commission. They will receive during furlough half their total receipts, calculated as laid down in Rule V, but without any reference to a minimum or maximum rate. Warrant Officers not holding Commissions can obtain furlough under these rules only on medical certificate.
- (2). Such furlough may be for two years with retention of appointment and half of the aggregate allowances; but any extension of such leave (which will not be granted for more than one year in excess of the two years), or any leave taken within less than three years from the date of last return to duty, will be on "English furlough pay." [See Note to para. 9.]
8. Every Warrant Officer who attained warrant rank before the 19th February 1869, and who has not made his election, will be required, on the first occasion of his applying for leave out of India, to state whether he desires to take the leave under these rules, or under those previously in force applicable to Warrant Officers, viz., G. G. O., Nos. 518 and 531 of 1854, G. G. O., No. 1559 of 1857, and subsequent orders. That election will be considered final.
- (2). Those who became Warrant Officers after the 19th February 1869, are subject to these rules, and cannot elect any of the previous rules.
- (3). Leave on Medical Certificate on Indian pay and allowances to places eastward of the Cape, as allowed to Commissioned Officers under the Furlough Rules of 1796, is not in any case admissible to a Warrant Officer.

(4) These rules respecting Warrant Officers apply to Honorary Assistant Surgeons and Warrant Officers in the Medical Department.

9. The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary within the prescribed limits specified in paragraph V of these Rules, converted at the rate of exchange fixed by the Secretary of State for the official year, whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the Rules of 1796 and 1854.

NOTE (1).—Where in these Rules English furlough pay is mentioned as that to which an officer is to be restricted, the rates laid down in paragraph 11 of Government General Order No. 69, dated 22nd January 1868, and (for Medical Warrant Officers) paragraph 22 of Government General Order No. 550 of 1868, are to be understood as intended in the cases of Warrant Officers.

NOTE (2).—Officers who elected these rules prior to 1st July 1871, or before G. G. O. No. 588 of 1871 reached their stations, will receive furlough pay at the exchange of 2 shillings the rupee.

RULES.

I.—The distinction, with respect to allowances, which has been hitherto drawn between furlough on private affairs and sick leave, is abolished, both kinds of leave being included under the general term *furlough*; provision, however, being made for the obtaining of furlough under medical certificate without all the restrictions applicable to furlough when taken without medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

2. Officers of the Staff Corps and local Indian Service, and Officers on the General List, can retain their appointments during all leave of absence granted by competent authority. But their pay during such absence will be the same as they would obtain under these rules had this exemption from forfeiture of appointment not been granted.

NOTE.—The above rule is applicable to all Military and Medical Officers taking furlough leave under these Regulations.

III.—The Rules now prescribed do not affect the provisions of Act XXXIII of George III., Chapter 52, Sec. 70*; but an absentee cannot retain his appointment and draw absentee allowances, except under the Rules now prescribed. Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

IV.—Leave of absence will in future be of three kinds, viz. :—

I.—Furlough in or out of India.

II.—General leave on private affairs, or sick certificate in India, or short leave to sea.

III.—Privilege leave.

CHAPTER I.

Furlough.

V.—An Officer drawing staff pay, in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office.

2. But an Officer in civil employ and drawing consolidated salary, will be allowed 50 per cent. of the average salary drawn by him during the three years prior to his proceeding on furlough, or during his actual service in India, should that be less than three years; and the time spent and the allowances drawn during any leave other than "Privilege leave," will be omitted in the calculation of average salary.

3. No absentee shall in either case draw more than £1,000, or less than £250 per annum.

4. The term salary will signify the total amount drawn by an Officer, whether as consolidated pay, or staff allowances in addition to pay, but will not include any extra or special allowances. But, in the case of a Military Officer in civil employ, his acting allowances shall be taken into account as a part of his salary in calculating his furlough pay.

5. An Officer absent on furlough, who may be transferred to another office during his absence shall be entitled, for the entire period of his furlough, to furlough pay at the rate sanctioned to him when leaving India, whatever the salary of the office to which he may be transferred may be. This furlough pay will be continued to an Officer in military employ after his return to India and until he joins his appointment, provided it is not less than the military pay, or pay and allowances, of his rank.

6. But an Officer whose term of office shall lapse, who shall vacate his appointment, or whose appointment shall be abolished during his furlough, will revert at once to the furlough pay which he would draw in virtue of his rank, as laid down below in Section 4. Any case of sudden abolition of appointment may, however, be specially considered in the department of the Government under which the officer may have been employed. An Officer will also be entitled to the benefit of his promotion to a higher Staff Corps or regimental rank whilst on furlough, subject to the maximum limit.

7. Officers holding regimental medical charges will be allowed to retain such charges during the authorized periods of furlough, as if they were medical staff appointments. And the difference between the unemployed grade pay of the Officer holding the substantive charge, and the consolidated salary of the charge, will be considered the staff salary divisible between the absentee and the Officer officiating for him.

* Government General Order No. 1060 of 23rd December 1864, para. 29.

Government General Order No. 370 of 4th April 1867, para. 9.

* The section referred to is quoted below :—

Section 70.—"And be it further enacted that no person who shall have held any civil or military station whatever in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor-General, Council shall not return to India within the space of five years next after such departure, shall be entitled to a rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps Troops, or in the Civil line of the Company's Service, unless, in the case of any Civil Servant of the Company, shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by sickness, infirmity, or unless such person be permitted to return with his rank to India by a vote or resolution passed by way of ballot by three parts in four of the proprietors assembled in General Court, specially convened for the purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*, or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the affairs of India that such absence was occasioned by sickness, infirmity, or some inevitable accident."

8. Officers not in staff employ will receive half the Indian pay of their rank, provided that an Officer entitled to furlough shall in no case receive less than the above minimum of £250 per annum.

NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe, will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

VI.—All grants of furlough on private affairs are subject to the exigencies of the public service,—of which exigency the Government is to be exclusively the judge,—and to any regulations that may be found necessary for limiting the number of absentees.

NOTE.—It is therefore within the competency of local Governments and of the Commander-in-Chief to decline to forward the application of any officer whose absence would, in their opinion, be detrimental to the interest of the public service, until such time as arrangements can be made for removing the difficulty; and it is the duty of the head of every department to decline to forward any application for furlough whenever the services of the officer cannot be spared without risking the efficiency of the department, any doubtful case being referred for the orders of Government.

VII.—The maximum amount of furlough on private affairs to be taken at any one time, carrying pay and retention of appointment, will be two years; any extension of such furlough will be without pay, unless it is on medical certificate, see Rule XIII. (But see Notes (3) and (4) Rule (IX).) And no extension on private affairs beyond two years will be granted, though without pay, except upon satisfactory evidence of very urgent necessity.

VIII.—A period of at least three years' service after return from last furlough, except furlough for a period not exceeding six months under Rule XI, (and excepting also, in the case of an officer in civil employ, ordinary furlough not exceeding three months) must be completed before furlough can again be taken, unless obtained under medical certificate.—(See Rules XIII and XIV, and Note (3) of Rule IX.)

NOTE (1).—An officer in civil employ cannot reckon in this interval of three years, any period of absence from actual duty excepting those spent on privilege leave.

NOTE (2).—Although furlough not exceeding 3 months taken by officers in Civil employ is not considered as furlough requiring an interval of 3 years' duty, such furlough will be excluded from the period of 3 years' service required between two furloughs.

2. But an Officer who may be ordered to return to duty before the completion of his furlough for the purpose of proceeding on Field Service, may be allowed to take the balance of such furlough at any time.

NOTE (1).—Officers ordered out for special duty, or on account of the exigencies of the service are allowed a free passage out, but not a return passage home, and furlough pay for the period of the voyage to India and the voyage home, in the event of their returning to England to avail themselves of the residue of their furlough, as also the privilege of counting both periods as service for pension, and as exclusive of the residue of furlough due. No limit to time is imposed within which an officer might take the balance of his furlough after the termination of the duty for which he was recalled.

IX.—An Officer will be eligible for two years' furlough on the completion of eight years' actual service in India (see paragraph 6 of this order); for a third year after a further period of six years' actual service and for a fourth and fifth year after similar intervals of six years, and so on up to the maximum prescribed in Rule XVI. The grant of furlough to an Officer eligible for it will be subject only to the conditions specified in Rules VI and VII. But see notes to this Rule.

1.—Leave granted under these rules, without furlough pay, will not reckon as furlough already taken in calculating the balance at an Officer's credit, or as part of the total of eight years allowed, as shown in Rule XVI; but all furlough, with furlough pay, whether on private affairs or on medical certificate, taken under these Rules, will so reckon.

2.—Furlough and leave previously taken under the Rules of 1796 or 1854 will count, as respects officers who have elected these Rules, as follows :—

'Furlough on private affairs, with pay, taken under the Rules of 1796 or 1854, counts in all respects as furlough.

'Leave on sick certificate, under the Rules of 1796, does not count in any respect as furlough.

'Leave on sick certificate, with pay, under the Rules of 1854, counts as part of the maximum of eight years allowed under these Rules; but until the maximum thus made up be reached, this leave will not count as furlough already taken in determining the amount of furlough to which an officer is entitled.

'Leave without pay under the Rules either of 1796 or 1854 does not count in any respect as furlough.'

N. B.—Furlough on medical certificate with "Furlough pay" obtained by officers, under Rule IX, Note (1) of these Regulations, between the publication of G. G. Orders No. 171 of the 25th February 1874 and No. 197 of the 1st March 1877, will not be reckoned as "Furlough already taken" in computing the amount of furlough at the credit of such officers; but it will form part of the aggregate of eight years' allowed to officers.

NOTE (1).—An officer of less than eight years' service in India may obtain furlough, not exceeding two years, on medical certificate, with furlough pay and retention of appointment, provided he has been three years in the Staff Corps, or, in the case of a Royal Engineer Officer holding a permanent staff appointment, or an officer not in the Staff Corps,—has served for three years in India.

NOTE (2).—If the Officer has not been three years in the Staff Corps, or served three years in India, as the case may be, he will receive "English furlough pay" only, and must vacate his appointment, unless entitled to retain it under Rule II.

NOTE (3).—This rule (in Note 2) and the proviso in Note 1, however, are not applicable to Officers of the Indian Army who entered the new Line Regiments or Royal Artillery, and subsequently the Staff Corps.

NOTE (4).—Unemployed General Officers of the Staff Corps or local service can be granted furlough without serving the intervals of three and six years, respectively, prescribed in Rules VII and IX; and they can remain in Europe after they have exhausted the full period of furlough allowed during an officer's service by Rule XVI (eight years on the whole) on the English furlough pay of their rank.

NOTE (5).—And a Major-General of the Staff Corps—if he has so much furlough at his credit, and proceeds to England within a year of his being promoted to that rank, or of his ceasing to be employed—can continue after the expiration of the two years' furlough, to receive half his Indian pay until he completes the period of three years during which he would be entitled to draw his Staff Corps pay if he were in India.

3.—If an officer appointed to any duty in England draws his Indian allowances, with or without any portion of his staff salary, he can count the period of such employment as service towards furlough; but if he is appointed to an office in England to which a fixed consolidated salary is attached, he cannot reckon the time of such employment as service towards furlough.

X.—An Officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough for which he may be eligible.

Illustrations.

1. An Officer who has served nine years in India is entitled to two years' furlough. He takes only one year, and after his return remains in India for five years. He is then eligible for two years' furlough as follows:—

Total Service in India...	...	...	14 years.
Furlough due on that service	...	...	3 "
Furlough already taken...	...	...	1 year.
Balance for which he is eligible	...	...	2 years.

2. An Officer who has served 20 years in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

NOTE.—An officer is said to have furlough at his credit, even though he may not be able to obtain it owing to the number of absentees or other causes, when the calculation of his service, as in Illustration 1 above, shows a "Balance for which he is eligible."

XI.—Furlough on urgent private affairs for six months, on pay equivalent to the British Regimental pay of his rank, may be granted when the Officer has no furlough at his credit, or when from other causes, e.g., the number of absentees, or his not having served three years since his last return to duty, he is not able to take it. The said period may form part of the periods of either eight or six years referred to in Rule IX., and also, except in the case of an Officer in civil employ, see Rule VIII. (Note 1)—of the three years which are required to intervene between two periods of furlough by Rule VIII.

2.—This leave cannot be given in extension of any furlough, neither can it be extended beyond the six months, except on medical certificate, in which case the whole of the leave will be considered as if taken under Rule XIV.

NOTE.—Ill-health is not considered as waiving furlough under this rule to any officer who, under the provisions of these rules, can obtain furlough on medical certificate without forfeiting his appointment.

XII.—Subject to State considerations, there will be no restriction as to the places to which an Officer may resort during furlough. But, if he desires to spend in England the rest of a "Furlough in India," or vice versa, he must obtain permission to do so from the Government of his Presidency, or from the Secretary of State for India, as the case may be; and on landing in either country, he must report his arrival accordingly to the Military Department of his own Presidency, or to the India Office, forwarding a copy of the permission granted him to change his destination. He must also communicate his address. An Officer who, on his return to India, reports his debarkation, without forwarding at once a copy of the permission granted him to change his destination, or submitting an application for such permission, will be considered to have returned to his duty.

XIII.—Furlough on medical certificate is obtainable as indicated in Notes (1) and (2) of Rule IX and in Rule XIV. Absence on such furlough for a longer period than two years at one time will involve forfeiture of appointment. [But see exceptions in Rule II.] Furlough may, however, be extended on medical certificate up to a third year on "English furlough pay;" and an Officer on furlough on private affairs, who may be obliged to obtain an extension on medical certificate, will be henceforward entitled to the same advantages, and subjected to the same disadvantages as to retention of appointment, pay, &c., as if he had originally obtained furlough on medical certificate.

2.—In the event of an Officer not being able to return to his duty after an absence of three years, it will rest with the Secretary of State for India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

3.—Should the circumstance of the case warrant a further extension of furlough, it can only be granted without pay.

NOTE.—All officers, however employed and whatever the amount of leave granted them may be, who leave India on sick certificate, are required to produce a certificate of fitness for duty before they can be allowed to return.

XIV.—An Officer whose health may necessitate his taking furlough within three years from the date of last return from any furlough except that taken for a period not exceeding six months under Rule XI, (and excepting also in the case of an Officer on civil employ, ordinary furlough not exceeding three months) may obtain, under the usual medical certificate such amount as may be duly certified to be necessary for the restoration of his health; but he will receive only "English furlough pay," and must vacate any appointment he may be holding, unless entitled to retain it under Rule II.

2.—If, however, he shall have served three years since the date of his last return to duty, although there may be no balance of furlough at his credit, he will be entitled, on obtaining furlough on medical certificate, to retain his appointment and to "receive furlough pay" as laid down in Rule V for the entire period not exceeding two years. Should the latter period be exceeded, he will come under the provisions of Rule XIII.

XV.—An Officer entitled to furlough, or having a balance of furlough at his credit, whose health may necessitate his absence from India, must take the leave as furlough under Rule IX, without forfeiting any passage money to which he may be entitled under Military Fund Rules,—or, if a Subaltern, by Regulation,—when proceeding on medical certificate.

2.—Should the Officer be declared fit for duty before the expiration of two years, he may be granted extension on private affairs up to that limit, provided that he has so much at his credit, and that if he remains he will not be in excess of the established proportion of absentees. Any extension on private affairs of such furlough beyond the said period of two years must be without pay.

3.—Any extension on medical certificate of furlough taken under this rule beyond two years must be on "English furlough pay" under Rule XIII.

XVI.—The aggregate amount of furlough with pay and retention of appointment on private affairs and on medical certificate, that may be granted to an Officer during his service, will be limited to eight years.

NOTE 1.—This aggregate is calculated agreeably to Clauses 1 and 2 of Rule IX.

NOTE 2.—Furlough allowed by proper authority to reckon as service for pension under the provisions of G. G. Orders Nos. 1113 of 1857, and 95 of 1866, or in consequence of an Officer's employment on any duty during his furlough, will not reckon as part of the aggregate period of eight years.

XVII.—If taken in India, furlough will be reckoned from the date of the absentee's quitting his station to the date of his return thereto; if taken out of India, from the date of the sailing of the vessel in which

he may have embarked to the date of his *bona fide* disembarkation in India for the purpose of rejoining his appointment or Regiment; the date of embarkation (or of the vessel's leaving the Sandheads if from Calcutta) and that of disembarkation also, are included in the furlough.

NOTE (1).—Prior to the 4th April 1870, and on or after the 11th September 1871, the day on which an Officer reports himself as having disembarked on return from furlough out of India, will be reckoned as service, and not as part of his furlough.

N. B.—As an illustration of this rule, it may be observed that a Madras Officer's landing and reporting himself at Madras en route to Calcutta to join his appointment in Bengal or the North-Western Provinces, &c., is not disembarkation in the sense intended by this rule.

NOTE (2).—To enable an officer who overstays his leave to obtain an extension, he should shew that he took all needful precautions to ensure his arrival in proper time, and if delayed by the departure of the vessel being deferred, he should obtain the certificate of the owner or agent that she had been *bona fide* advertised to sail from—on the—, but that her departure had been delayed till the—. See General Order No. 52, dated 21st February 1873.

XVIII.—Subsidiary leave to embark for Europe or elsewhere on furlough will be granted for any period deemed necessary, not ordinarily exceeding thirty days. Leave up to the same limit, to enable him to rejoin on his return from furlough, will be granted from the date of his disembarkation in India. This applies equally to furloughs taken under Rule XI. The authority which has power to grant subsidiary leave can, on due cause being shown, grant any necessary extension of it; but this can be done only on very sufficient reasons.

NOTE (1).—The words "with the necessary subsidiary leave" will be added to the Government General Order granting an officer furlough, and will be understood to mean both the leave granted before embarkation for Europe, and on return.

NOTE (2).—An officer obtaining a furlough on private affairs or medical certificate must embark within three months of the date of the General Order which notifies it, or take up the first portion of his furlough in India until he embarks; if not, the General Order will cease to have effect. The only exception to this rule that can be allowed is when the officer is prevented from embarking within the three months owing to his detention in India by proper authority on *bona fide* public grounds. If, however, the officer does not within a reasonable time avail himself of the furlough given him, his subsequently being placed on duty rendering his detention necessary will not exempt him from the rule; and in every case of such detention the officer must at once report it, and he is not to embark after the expiration of 3 months until he has applied for, and obtained from the Government of his Presidency an extension of the period.

NOTE (3).—Officers who may be serving in other Presidencies than their own, if they desire to embark *bona fide* for Europe from the latter, may obtain subsidiary leave accordingly, and their furlough will reckon from the date of their embarkation at their own Presidencies.

N. B.—For full information as to the submission of applications for furlough, see Government General Order No. 31, of 11th January 1869; Government General Order No. 103, dated 26th January 1869; General Order by the Commander-in-Chief, No. 135, dated 11th June 1870.

NOTE (4).—The allowances of Military Officers in Civil employ during subsidiary leave, and after return to India until they rejoin their appointments, will be adjusted according to Civil Rules.

NOTE (5).—Leave preparatory to retirement from the service does not reckon as service towards pension.

XIX.—Furlough allowances are payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX.—Advances of furlough pay will continue to be made in India to those officers who desire it, for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.

NOTE (1).—Officers returning from furlough will similarly be granted advances of pay at the following rates, on obtaining permission to return:—

For a Subaltern ..	..	..	..	..	£ 65
For a Captain ..	..	..	..	..	£100
For a Field Officer ..	..	..	..	..	£150

Recovery of the advances made in England will be effected in India by five equal monthly instalments at the rate of exchange fixed for the year in which the advance was made. The first recovery will be effected from the issue of the second full month's pay after arrival in India.

NOTE (2).—Warrant Officers returning to duty from furlough will be granted advances of pay at the following rates on obtaining permission to return:—

To First class Combatant Warrant Officers ..	..	..	..	..	£50
.. Senior Apothecaries ..	..	..	..	..	£50
.. other Warrant Officers with Honorary Commissions ..	..	..	..	..	£50
.. Second class Combatant Warrant Officers ..	..	..	..	..	£25
.. Apothecaries ..	..	..	..	..	£25
.. Assistant Apothecaries ..	..	..	..	..	£15

to be recovered in the same manner as the advances made to Commissioned Officers.

XXI.—The last pay certificate issued to each officer who may be granted furlough, whether on private affairs or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

N. B.—For rules regarding the obtaining of last pay certificates by officers quitting India, see Clause 46, India Army Circulars for May 1860. Published on page 50 of this supplement.

XXII.—An officer acting in India for an absentee on furlough will be restricted, for the entire period that he may so act, to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank, and the half staff salary of his own appointment, if he possess one. The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem, unless the full staff salary of the post in which he is officiating is less than that sum.

2.—A Warrant Officer acting for one of a higher grade on furlough, receives half of the aggregate allowances of the absentee, added to half of the aggregate of his own allowances.

NOTE.—The indulgence granted by the above rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

XXIII.—The privilege heretofore granted to Military and Medical officers who had elected the Rules of 1851 of counting the proportion of leave noted in the margin as service for pension is retained, and is applicable to those who elect these Rules, subject (in the case of officers under the Rules of 1796) to the condition laid down in Clause 4 of Rule XXXIV. The periods of service qualifying for pension remain unaltered.

NOTE.—Officers of the old Indian cadres of Royal Artillery and Engineers and of the 12 new line regiments of Cavalry and Infantry who are serving under the Indian Pension Rules, are allowed to count all full pay service, past or future, towards pension on retirement.

2.—Warrant Officers obtaining that rank after the 21st August 1872 can only reckon as service towards pension the following periods of leave, whether taken in or out of India:—

15 months in 12 years' departmental service.	
20 " 14 " "	
24 " 16 " "	

3.—Those who were promoted to warrant rank before that date are allowed to continue, if they prefer it, on the old rule, and reckon all leave in India as service, all out of India being deducted from their service for pension.

XXIV.—In computing the furlough on private affairs to which an officer who has already enjoyed some portion of such furlough will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which under Rule IX he can lay claim. The balance (within the limit of 8 years' total furlough on private affairs and medical certificate laid down in Rule XVI) will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.—(See Sections 1 and 2 of Rule IX.)

(2).—An officer of four years' service has proceeded on sick certificate to England for 20 months, extended afterwards to two years. He returns, serves six years in India, takes two years' furlough, and returns to India about the time of the promulgation of these rules, which he accepts. He must serve four years before he can take an additional year's furlough, thus:—

Total service up to return from furlough	14 years.
Total service in India	10 "

CHAPTER II.

General leave on private affairs and sick certificate in India.

XXV.—An officer will be eligible, as at present, to take leave on private affairs or sick certificate anywhere in India for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the officer will be entitled, as at present, to his full pay and a moiety of his staff salary. Leave taken under this rule will form one part of the eight years' aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the officer will lose his staff appointment, unless entitled to retain it under Rule II.

XXVI.—Leave on sick certificate for a period exceeding six months, capable of extension under renewed medical certificate to a limit of one year, may be granted to any officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it affect the intervals entitling to furlough laid down in Rule IX. During this leave the absentee will draw a moiety of his staff salary in addition to the pay of his rank. But if the 12 months be exceeded, the whole leave must be reckoned as furlough, and allowances be adjusted accordingly.

XXVII.—Short leave not exceeding three months on private affairs or sick certificate, may also be taken to sea on the above condition; but absence from India for any longer period will be treated as furlough.

XXVIII.—All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX.—Privilege leave may be granted, as at present, for sixty days in each year to all officers in military employ, without deduction from the salaries and emoluments drawn by them. General leave, in extension of privilege leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

NOTE (1).—Privilege leave for ninety days, after thirty-three months' duty, which may be spent anywhere, in or out of India, is admissible to Commissioned and Warrant Officers under these Rules; but to claim the privilege, it shall be necessary for an officer to show that he has had no privilege leave for thirty-three months previous to the date of his application, and that he has made satisfactory arrangements for the performance of his duties during his absence at no additional cost to the State. If leave for a shorter period than 90 days is taken the balance is forfeited.

NOTE (2).—Officers are not required to report themselves to the India Office should they go to England, but it will be incumbent on them to keep their departmental superiors in India acquainted with their address.

XXX.—In the case of the stations noted in the margin, privilege leave may, as at present, be granted

Assam.	Khairwara.	Dera Ghazi Khan.	for ninety days to officers of local
Shillong.	Khotra.	Rajapore.	corps, or of corps which are usually
Erinpoora.	Lunoo.	Jacobabad.	employed in one or other of the dis-
Deolee.	Dera Ismail Khan.		tricts named.

NOTE.—The above rule is not applicable to officers of regiments moved in course of relief to any of the stations, or who are only temporarily employed there.

XXXI.—An officer is at liberty to proceed wherever he may desire on privilege leave, provided he can ensure his return before the expiration of his leave.

XXXII.—Privilege leave cannot be taken in continuation of furlough, nor can furlough be obtained in continuation of privilege leave. If furlough be obtained by an officer while absent on privilege leave, the privilege leave will be converted into general leave, the officer for that period sacrificing a moiety of his staff salary.

Military Officers in Civil Employ.

XXXIII.—Those Military Officers (including Warrant Officers who hold Honorary, Veteran, or Unattached Commissions) in Civil or Political employ, who may elect these rules when they take leave in India, come, as respects periods of leave obtainable and amount of pay to be granted, under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules.

NOTE.—Furlough in India is allowed under Chapter I of these rules to a Military Officer in civil employ, under the same chapter, by the Government to which he is subordinate; as also subsidiary, privilege and examination leave under the rules in the Civil Leave Code; but under no circumstances will he be allowed any leave out of India under the Civil Leave Code, but under Military rules and by the Military Department.

When furlough in India is required by a Military Officer in civil employ, he must obtain from the Military Department, and submit to the Accountant General, a "Furlough certificate;" and when furlough is granted by the Government to which the officer is subordinate, a copy of the order granting the furlough should be sent to the Military Department.

2.—For subsidiary leave, see Note (5) of Rule XXVIII.

Subsidiary Rule.

XXXIV.—Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these rules, or to adhere to those now existing, on the first occasion of their taking furlough or general leave after the publication of this order. Such election must be considered final, and under no plea whatever will an officer be subsequently relieved from the choice thus made.

2.—Officers going home under these rules will pay English rates of subscription only to the Military Fund.

3.—Officers who may determine to abide by existing rules, will be allowed to proceed on furlough on the conditions laid down in Rules VII, VIII and XIII, to the extent to which they may be entitled under the Furlough Regulations of 1854, or of 1796, whichever of the two they may have elected, and on the rates of pay contemplated in those regulations, but retaining their appointments. The principle laid down in Rule XV must, however, be applied in those cases.

4.—If an officer, under the Furlough Rules of 1796, elects the present rules, his service for pension will be reckoned under the former rules up to 1st July 1868, and thenceforward under the rules of 1868; and the fact of the officer having been on furlough on 1st July 1868, and not then having elected the rules of 1868, will not affect the case. All periods of leave out of Indian limits taken previous to 1st July 1868, will be wholly excluded from his service for pension; but he may reckon towards pension periods of leave taken subsequent to that date, according to the length of his service counting for pension, as shown in Rule XXIII.

5.—His election of these Furlough Rules in no way affects his right to retire under the Pension Rules of 1796.

No. 204 of 1873. The following decision by the Government of India, is published:—

But in the event of the Government or other authority deciding that an officer, who may have overstayed his leave cannot be granted the extension needed to cover the period by which he has overstayed, paragraph 6 of Government General Order No. 797 of 1872, does not exempt him from forfeiture of appointment.

MILITARY. INDIA OFFICE,
No. 243. LONDON;
14th October,
1875.

To His Excellency the Right Honorable the Governor-General of India in Council.

My Lord, Major-General * * of the Royal (Welsh) Engineers, now on furlough for two years, has raised the question whether, in the event of his obtaining an extension of such furlough, he will be entitled to retain his appointment in the Public Works Department, and I have to inform you that, with reference to this application, I have decided that the rule under which Officers of the Staff Corps and Local Service retain their appointments during all authorized leave shall be made applicable to all Military and Medical Officers taking leave under the Rules of 1863.

"All leave of absence granted by competent authority will henceforward involve retention of appointment. No officer will be allowed, on the plea of private affairs, to extend his leave, upon whatever grounds such leave may have been originally granted, beyond two years, except upon satisfactory evidence of very urgent necessity.

* "In the event of an officer not being able to return to his duty after an absence of three years, it will rest with the Right Hon'ble the Secretary of State for India in Council to order him to appear before a Medical Board with a view to placing him on the retired list if entitled to pension, or on the half-pay list.

"Should the circumstances of the case warrant a further extension of leave, it can only be granted without pay."

"The rule contained in the 2nd clause* of paragraph 13 of the Furlough Rules of 1868 will be in all cases strictly observed."

Furlough Regulations of 1875 (with subsequent alterations.)

General Order No. 1316, dated the 30th December 1875.

Under instructions from Her Majesty's Government, the Right Hon'ble the Governor General in Council is pleased to publish the following revised Furlough and Leave Rules applicable to the Staff Corps and Indian Local and Medical Services:—
NOTE.—These rules are not applicable to officers of the Royal Artillery or Engineers, whether of the late Indian Army or not.

Furlough and Leave Rules.

1. Officers included in Schedule A may receive, after five years' service in India or under the Government of India, one year's furlough, and an additional year for each subsequent five years' service. Furlough not taken at the time it becomes due is not lost, and can, subject to these rules, be taken later.
NOTE.—Service for furlough under these rules, in the case of an officer electing them, is reckoned from the date of his election.—See also Notes 2 and 3 to Schedule A.

2. An Officer may receive at any time any portion of the furlough to which he is entitled, but, except under Rule VIII, he may not be absent from duty on any ground for more than three years consecutively; nor, on return from furlough, may he receive, except under Rule VI, any further portion of the furlough to which he is entitled until after the interval of two years.

3. It must be distinctly understood that furlough is subject to the exigencies of the public service. Officers commanding regiments, and Heads of Departments, will forward no application for furlough unless able to satisfy the superior authorities that the Officer's services can be spared without any inconvenience to the public service.

4. Furlough does not involve forfeiture of appointment, may be spent anywhere, and counts as service for pension. (See Rule VIII).

NOTE.—Furlough taken before it is earned by length of service, except under Rule VIII, reckons against service until it has been paid off.

5. A Commissioned Officer on furlough receives (up to, but not beyond, the sum of 1,000*l.* a year) half the emoluments of his office, computed according to a rate of exchange to be fixed in each year by the Secretary of State: but in any case he does not receive less than 250*l.* a year. The emoluments of his office include all pay, staff corps pay, staff salary, and Indian allowances he would receive in respect to it if he were on duty, and for the purpose of each payment, his office is the office he fills on the day when that payment becomes due.

2.—A Warrant Officer receives half the emoluments of his office, calculated in the same manner as those of Commissioned Officers; no Warrant Officer, however, receiving as furlough pay less than the English furlough pay of his rank.

NOTE 1.—Officers proceeding on furlough to Europe may, if they desire it, receive an advance equivalent to three months' furlough pay.

Officers returning from furlough will, similarly, be granted advances of pay at the following rates, on obtaining permission to return:—

For a Subaltern	£
For a Captain	65
For a Field Officer	100
	150

Recovery of the advances made in England to be effected in India by five equal monthly instalments at the rate of exchange fixed for the year in which the advance was made. The first recovery will be effected from the issue of the second full month's pay after arrival in India.

NOTE 2.—Warrant Officers returning to duty from furlough can, if they desire it, receive an advance of pay at the following rates on obtaining permission to return:—

First Class Combatant Warrant Officers	50
Senior Apothecaries	
Other Warrant Officers with Honorary Commissions	
Second Class Combatant Warrant Officers	25
Apothecaries	
Assistant Apothecaries	15

Recoveries of advances made in England to be effected as in the case of Commissioned Officers.

NOTE 3.—If an Officer is promoted while on furlough, he will be entitled to an increased pay from date of promotion.

NOTE 4.—Furlough pay can be drawn by an Officer for three years consecutively, if he is entitled, and is allowed so much furlough.

6. Upon certificate of a Medical Board, an Officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An Officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years.—(See note to Rule IV.)

NOTE.—An Officer of less than two years' service from date of coming under the new rules, falling sick, will be sent to England on medical certificate without the period of his furlough being fixed, "on English furlough pay," subject to the decision of Her Majesty's Government as to his ultimate disposal; a special report on each case being submitted to Her Majesty's Government by the Government of India, or in the case of Officers of the Madras or Bombay Army, by the Government of those Presidencies.—See Notes 2 and 3 to Schedule A.

7. An Officer who has exhausted the furlough obtainable under these rules, and who may be certified by a Medical Board to be still unfit for duty, will be placed temporarily or permanently on half-pay, according to the circumstances of the case.

NOTE.—An Officer anticipating furlough a second time will be placed on half-pay at once and allowed to proceed to England in the same manner as under the note to Rule VI.

8. Under very urgent circumstances, special furlough may be granted for private affairs, which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension.

NOTE.—The amount of leave which may be granted under this rule will be restricted to such periods as the Government granting it is satisfied to be actually necessary, with reference to the urgency of the case.

9. Advances for passage money, on need shown, will be granted to Officers on furlough, to be recovered in manner specified at the time of the grant: in India, at the discretion of the local Government; and in England, at the discretion of the Secretary of State.

10. Leave may be granted for any period not exceeding six months at a time, and may not, except for very urgent reasons to be specially reported to the Government of India, be renewed till after six months have elapsed from its expiration. It must be spent at some place east of the 40th degree of east longitude. Subject to these conditions, it may be granted or refused entirely at the discretion of the local authorities, who, in granting it, shall fix its duration, and may fix the limits within which it shall be spent, and whether during its continuance half pay and allowances are to be deducted for the payment of a substitute; and they may grant it as preparatory to furlough, or for the purpose of a medical examination. Leave counts as service for pension and furlough. The local authorities shall be defined for the purpose of this rule by the Government of India. (See Subsidiary Rules II and III.)

NOTE 1.—If an Officer exceeds the six months' leave admissible at one time under the above rule, the entire period will be converted to furlough, and his allowances adjusted accordingly.

NOTE 2.—If an Officer takes, say, three months' leave, and is obliged to go on leave before completing six months' service from date of return, such leave will be treated as furlough; but if he is obliged to take an extension of the three months [to a maximum of six months in all], it may be granted as general leave.

11. Leave and furlough are reckoned from and to the close of the days named in the order granting them.

12. The position of Officers not included in Schedule A will be unchanged as respects leave or furlough.

13. Officers now in the service placing themselves, from a given date, under these rules, shall count service for pension up to that date under the rules to which they were then subject.

NOTE.—An officer takes with him so much service for pension as he has become entitled to under former rules. Under the Rules of 1854 and 1868, two years' leave in 20 years' service counts for pension; but in periods of less than 20 years no leave counts. Therefore if an Officer, now under the Rules of 1854 or 1868, of 20 years' service, with two years' leave, elects the present rules, his service for pension will be 20 years; if an officer of 19 years' service with the same amount of leave, elects these rules, his service for pension will be 17 years only.

SCHEDULE A.

Officers entering the Staff Corps or Indian Medical Service, and Warrant Officers attaining that rank, after the 31st December 1875; and

2. Any other Officers, Commissioned or Warrant, belonging to the Indian Army or Medical Service, or Officers of the Staff Corps, who, after the 31st December 1875, shall before asking for leave or furlough, apply in writing to their local Governments to be placed definitively upon this Schedule: but their service for furlough under Rule I shall commence from the date of such entry or such application respectively.

- NOTE 1.**—The date of entry into the Staff Corps is that of entry for choice of Furlough Rules, viz., the date on which the Officer was originally appointed on probation. An Officer, therefore, whose date of admission to the Staff Corps is not after the 31st December 1875, will have the choice of rules; but an officer whose date of admission is after that date, will have no option.
- NOTE 2.**—Officers compulsorily placed under these regulations on entering the Staff Corps, will be allowed to count their previous military service in India towards furlough, provided they shall have served five years in India, of which not less than half shall have been in the Staff Corps; but any leave out of India on private affairs taken by them during service so counted will be reckoned as furlough taken under Rule I, and any leave taken on medical certificate will be reckoned as taken under Rule VI.
- III.**—Should, therefore, an Officer, who took sick leave out of India whilst in the British service, again require leave on medical certificate on his admission to the Staff Corps, and proceed under Rule VI, he will be granted, in the first instance, only so much furlough as will complete the period admissible under that rule. This furlough may be extended to two years on "English furlough pay," but it will rest with Her Majesty's Government to determine whether any, and if so, what, extension shall be granted.
- NOTE 3.**—Warrant Officers promoted to that grade after the 31st December 1875, and thus compulsorily brought under these rules, will be allowed to count their previous service for furlough under Rule VI; but furlough is not to be granted under this rule until a Warrant Officer has completed two years' service since his last return to duty from furlough as a Non-Commissioned Officer, otherwise he can only be granted leave under the note to Rule VI.
- NOTE 4.**—An officer electing these regulations, and having furlough to his credit under previous rules, forfeits such furlough absolutely, he being required to serve five years from date of such election to entitle him to one year's furlough, unless it be sick furlough. An officer similarly circumstanced, but having furlough to his debit, is, equally with the others, entitled to take one year's furlough five years after electing the new rules.
3. Any Officer in civil employment declared by the Government of India to be under Civil Leave Rules, shall not be under these rules.
- NOTE.**—These regulations are not applicable to Commissioned Officers employed in the Public Works Department, but they are applicable to Warrant Officers so employed.
4. The last pay certificate issued to an Officer to whom furlough or leave has been granted, shall state the pay to which, under Rule V, he is at that date entitled in respect to the office he is holding, noticing the date, if any, fixed at which he will vacate it.

SUBSIDIARY RULES.

With advertence to the foregoing rules, the Right Honorable the Governor-General in Council is pleased to notify—

- I. That no "extra or special allowances" drawn by an officer, which are now excluded from the account in calculating furlough pay under the Rules of 1868, can be reckoned in calculating furlough pay under these Rules (Rule V).
- II.—That the Governments of the three Presidencies, or their Excellencies the Commanders-in-Chief, in regard to Officers serving directly under them, shall be held to be the "Local authorities" named in Rule X.
- III.—That, pending further orders, a Staff Officer granted leave under Rule X shall receive, as heretofore, the pay or Staff Corps pay of his rank and half the Staff salary of his appointment during such leave; but full Staff salary may be allowed him for the first two months (as now during privilege leave) when he makes approved arrangements for the performance of his duties during that period. In such cases the G. O. granting the leave must state that the first two months are to be on full Staff pay.
- NOTE 1.**—Privilege leave for 90 days, after 33 months' duty, which may be spent anywhere in or out of India, is admissible to Commissioned or Warrant Officers under these rules; but to claim the privilege it shall be necessary for an officer to show that he has had no leave on full Indian pay and allowances for 33 months previous to the date of his application, and that he has made satisfactory arrangements for the performance of his duties during his absence, at no additional cost to the State. If leave for a shorter period than 90 days is taken, the balance is forfeited.
- NOTE 2.**—Officers are not required to report themselves to the India Office should they go to England; but it will be incumbent on them to keep their departmental superiors in India acquainted with their address.
- NOTE 3.**—No furlough or leave out of India, if exceeding six months, can be counted as part of the required 33 months duty; but an officer who may have 33 months' service at credit before proceeding on such furlough or leave (in excess of six months) may be allowed to take accumulated privilege leave on his return, if he can be spared.
- NOTE 4.**—Warrant Officers proceeding out of India on privilege leave under Note I must deposit the amount of their return passage money, or give security for the payment of the same.
- NOTE 5.**—General Officers Commanding Divisions, Districts and Brigades are not eligible for 90 days' privilege leave referred to in the above Note I.
- NOTE 6.**—The "Staff Officers" referred to in the above Rule III, apply to Regimental as well as Departmental Staff.
- N.B.**—It is distinctly to be understood that the rule regarding the pay to be drawn on leave under Rule X is liable to be modified at any time in any way that the Government of India may deem expedient.

Supplementary Regulations for Military Commissioned Officers in civil employ.

- I.—Any officer now in civil employ, who is subject to the Military Furlough Regulations of 1854 or 1868, shall remain so subject.
- II.—Any military officer who may hereafter enter civil employ, who is not already subject to the Military Furlough and Leave Rules of 1875, shall remain subject to the rules applicable to him when he enters civil employ.
- NOTE.**—An Officer referred to in Rules I and II cannot elect the Military Furlough and Leave Rules of 1875 so long as he continues in Civil employ.
- III.—Any officer who may enter Civil employ, who is already subject to the Military Furlough and Leave Rules of 1875, shall be subject to the rules in the Civil Leave Code applicable to covenanted civil servants, both as regards furlough and leave taken out of India and in India.
- IV.—If any officer, who is employed in the civil administration, has taken furlough in the Military Department under the said rules of 1875, his furlough shall be treated, in calculating the furlough or special leave admissible to him under the preceding rule, as if it had been furlough taken under the Civil Leave Code. Leave so taken under the 10th Military Rule shall be treated as if it had been privilege leave taken under the Civil Leave Code, and the claims of the officer under the Civil Leave Code adjusted accordingly.

V.—If an officer who has been subject to the rules in the Civil Leave Code under the third of these rules is again employed in the Military Department, and so again becomes subject to the Military Furlough and Leave Rules of 1875, any furlough or special leave taken by him under the Civil Leave Code will be treated, in calculating the furlough admissible to him under the said Military Rules, as if it had been furlough taken under the said Military Rules. Privilege leave taken under the Civil Leave Code Rules will be treated as if it had been leave taken under the 10th Military Rule. Subsidiary or examination leave taken under the Civil Leave Code will not affect the claims of such an officer under the Military Furlough and Leave Rules.

NOTE.—Title of an Officer recalled from furlough to the residue of such furlough, vide India Army Circulars of 1832, Clause 8.

Applications for Furlough.

All applications for furlough are to be on Madras Form 466, which is supplied gratis, on application to the Adjutant-General, Fort Saint George. No application in manuscript will be received. Applications for leave, including privilege leave, to be on Form 471. This Form is supplied on payment by the Law-rence Asylum Press, Madras.

All Officers applying for furlough, whether in civil or military employ, and whether proceeding on Medical Certificate or private affairs, are to attach to their applications the following certificate:—

"I am aware that it is my duty to report (personally if possible) my arrival at, and departure from, the port to the Deputy Assistant Adj. Genl. there, both on proceeding on furlough and on my return.

Further that I must take with me to England a copy of the order granting me furlough, and a last-pay certificate from the Presidency Paymaster."

The usual subsidiary leave will be added to the General Order granting an Officer furlough.

The subsidiary leave to the port of embarkation, whether the Officer is proceeding on furlough on private affairs or on medical certificate, is, in all ordinary cases, limited to thirty days.

Subsidiary leave of absence is intended only for the purpose of enabling an Officer to make the necessary arrangements for breaking up or reorganising his household, and for the journey to or from the seaport, as the case may be; and its duration should be limited to what is necessary for these purposes.

When an Officer in charge of cash or stores applies for furlough on private affairs out of India, he will be required to furnish a certificate from the Examiner of Accounts concerned, that there are no known irregularities in his accounts pending adjustment, or heavy accounts for payment remaining unsettled. He will also at the time of relief obtain from his successor, in addition to the usual receipts for cash and stores, a certificate that, as far as can be ascertained after careful examination, nothing irregular nor any known demands against him remain unadjusted in his office. This certificate will be sent on date of relief direct to the Controller of Military Accounts.

Applications for furlough in or out of India, on private affairs, from all Officers holding permanent appointments not under the Commander-in-Chief, should be submitted (through the Accountant-General) to Government; and on sanction being accorded, an intimation to that effect, or an extract General Order, will be sent by the Military Department to the head of his Department. Applications for furlough from Medical Officers will be forwarded for submission to Government through the office of the Adjutant General. Officers serving out of their own Presidencies will submit their applications for furlough on private affairs to the Government of their own Presidency, through the Government or Administration under which they may be serving.

Officers are recommended not to defer submitting their applications to the last moment, as they are on no account to be permitted to leave their stations until they have been officially informed that the furlough has been sanctioned.

An Officer desirous of proceeding to Europe on emergent private affairs, who may have already enjoyed the authorised furlough, or who is not entitled to such indulgence, will transmit with his application, confidentially if necessary, a succinct detail, on honour, of the circumstances which induce him to apply.

The following papers must be submitted with the application, viz.:—

1. Certificate of the Medical Board.

2. Certificate required of Officers in charge of cash or stores in accordance with the form below: "Certified that, as far as can be ascertained, after careful examination, nothing irregular nor any known demands against remain unadjusted in his office."

Place.

Date.

Signature of the Relieving Officer.

Officers in Civil employ will obtain this certificate from the Accountant General of the Province in which they may be serving, and not from the relieving officer.

N.B.—Officers employed in the Public Works Department will have to submit certificates from the Public Works Controller of the Province in which they may be serving that, "so far as is known," there is nothing objectionable in their "accounts."

A Military Officer in civil employ proceeding on furlough cannot obtain a last-pay certificate until he submits to the Accountant General a certificate from the Military Department of the Presidency to which he belongs, showing the leave to which he is entitled.

Medical Boards.

(G. O. C. C., p. 607 of 1880, and G. O. C. C., p. 230 of 1881.)

Officers of the Indian services proceeding on furlough out of India on medical certificate, who have appeared before local medical committees, are not required to appear before the standing Medical Board at the port of embarkation; but as furlough can be granted to the officers of the Indian services for longer period than to officers of the British service, the local board, in the case of an officer of the Indian services shall invariably be presided over by an administrative medical officer.

I. A standing medical committee, composed of a Deputy Surgeon General as president, or, in his absence, of the senior medical officer at the station, and two other medical officers as members, is formed

at the head-quarters of divisions and districts, and is to assemble as occasion may require. The medical officer who attends a sick officer should not, if it is avoidable, be a member, and can never be president of the medical committee before which he appears. He should, however, be required to attend the board whenever his presence is considered necessary, to furnish any information.

II. When a change of climate is deemed necessary by a medical officer for the restoration of the health of any officer under his charge, he is, with the cognizance of the commanding officer or head of the department, to report the circumstance to the president of the standing medical committee, who will direct the assembly of the committee either at his own or the sick officer's quarters, when they will determine the nature of the change of climate essential to recovery and the period of absence necessary to effect it. This period must always be stated in years and days, not in months.

The grant of leave on Medical Certificate, out of India, is limited in the first instance to one year. Any question of an extension of this period must be left to be decided on the report of the standing medical board at the India Office. The particular attention of presidents of medical boards is requested to this order.

III. In all cases where the change of climate contemplated necessitates furlough, the committee must be presided over by an administrative medical officer.

IV. Officers who have claims to count leave or furlough as service for pension, under section 12, Madras Army Regulations, para. 1494, owing to wounds or illness contracted by service in the field, will be careful to submit them to the local board before which they appear, and the board will record their opinion on such claims, in the manner prescribed in section 12, Madras Army Regulations, para. 1496.

V. A statement of the case and certificate, in triplicate, is to be prepared by the medical attendant, on pages 2 and 3 of the form appended, and laid before the board for completion by them on the first page with their recommendation.

VI. When an officer is recommended for furlough, or leave of absence, in or out of India on account of illness caused by intemperance, the medical board is not to fix the term of leave to be allowed; this must in all cases be left to the decision of Government or of the Commander-in-Chief; and the officer will be directed, if leave or furlough is taken in India, to appear before continuous boards, or his case may be treated as one of discipline, if this is deemed necessary.

VII. Two copies of the board's proceedings with statements of the case are to be delivered to the officer, one for his personal use, and the other for attachment to his application for leave or furlough. The third copy is to be forwarded by the administrative medical officer of the circle to the Surgeon General, Her Majesty's Forces, Madras.

VIII. The officer will at once apply for the leave or furlough recommended by the board, using Madras Form 471 for leave, and 466 for furlough. The period of furlough or leave must always be stated in years and days, not in months.

IX. The officer will submit his application through his commanding officer or the local head of his department to the general officer commanding the division or district in which he is serving, who, whether the application is for leave or furlough in or out of India, is empowered to permit him to proceed in anticipation of sanction by superior authority.

X. The following form of order is to be used by the general officer:—

On the recommendation of a medical board, presided over by an administrative medical officer—

Rank _____

Name _____

Corps or Cadre _____

Appointment _____

Regiment or Department _____

is permitted to proceed to

on { leave or
furlough }

In anticipation of the { leave or
furlough } which will hereafter be granted to him by the { Government of
Commander-in-Chief }

No period of absence is to be specified.

XI. One copy of this order is to be attached to the application which will then be at once transmitted by the general officer to the Adjutant-General.

XII. All furlough (out of India) is granted by the Government in the Military Department. When general officers permit officers under the Commander-in-Chief to proceed out of India in anticipation of the sanction of Government, they will forward a special report of the circumstance to the Adjutant General, stating that the formal application has been duly transmitted.

In the case of medical officers attached to Regiments, a copy of the report to the Adjutant General will be sent direct to the Surgeon General, Her Majesty's Forces, for his information.

XIII. A copy of the local order will also be delivered to the officer applying for leave as soon as it is issued, who will then be at liberty to proceed to his destination. If quitting India, he is to report the date and place of his embarkation with the name of the vessel in which he takes his departure, direct to the Adjutant General, in addition to making the ordinary report of departure to the staff officer at the port; and if he proceeds to Europe, he must notify his arrival there to the Under Secretary of State at the India Office, attaching to his letter a copy of the order permitting him to leave India, and giving his address while on furlough.

XIV. An officer quartered at a station where a medical board, presided over by an administrative medical officer, cannot conveniently be formed, may, on the certificate of a station committee, or, if no committee can be formed there, on the certificate of the senior medical officer on the spot, be permitted by the officer commanding the station to proceed to the most convenient place where a properly constituted committee can be convened. But medical boards are not to be assembled at stations other than those at which they can be properly constituted without involving the State in unnecessary expense, and causing inconvenience by the withdrawal of medical officers from their duties to form boards at out-stations.

XV. In these cases the officer will take with him triplicate copies of the medical papers, and, on arrival at the station to which he is ordered, will report himself to the staff officer in view to the necessary board being assembled. The decision of the committee is to be forwarded to the general officer commanding the division or district in which the last mentioned board is convened, who will call upon the officer

to submit to him direct his application for leave or furlough as laid down in para. VIII, and dispose of it as directed in paras. IX, X, XI and XIII, reporting the grant of leave to the officer commanding the station the officer originally left, who will inform the regiment or department concerned. In the case of officers dealt with under this clause subsidiary leave will be reckoned from date of leaving the station referred to in Clause XIV, if furlough is allowed.

XVI. The general officer referred to in the preceding paragraph, may require the officer to alter his route should the committee consider the destination originally assigned objectionable, or he may remand the officer to his corps or station if it appears that leave has been recommended on insufficient grounds. In either of the last mentioned circumstances, a report is to be made to the Adjutant General, accompanied by the proceedings of the committee.

XVII. Officers of the British service holding staff appointments tenable for five years as also officers of the Royal Artillery or Royal Engineers holding permanent staff appointments not of a regimental nature, and Royal Engineer officers on the fixed establishments of the Sappers and Miners, come under the above rules when proceeding to Europe on medical certificate. Staff Corps probationers are not under these rules, and when invalided are to be sent home under the procedure laid down for British Officers.

XVIII. These rules and instructions apply to all warrant officers in military employ when recommended for furlough, on medical certificate, out of India. The applications for conductors and sub-conductors will, however, be made on Madras Form 466A, and for warrant officers of the Subordinate Medical Department, on Madras Form 466B.

The rules contained in section 12, Madras Army Regulations, will guide the grant of leave in India to warrant officers of all grades.

XIX. The above rules apply also to military officers and warrant officers in civil employ, and the same form will be used in their case, but the following modifications in the procedure will be observed:—

a. (In modification of Clause II). The medical officer, with the cognizance of the district officer or head of the department, will apply for the assembly of the medical committee to the military authorities at the station where it will be most convenient for the sick officer to appear before it.

b. (In modification of Clause VII). The third copy of the case will be forwarded to the Surgeon-General or Deputy Surgeon-General of the province to which the officer belongs. Should the officer be serving directly under the Government of Madras, it will be forwarded to the Surgeon-General with the Government of Madras.

c. (As an addition to Clause VIII)—forwarding his application through the Head of his Department to the Adjutant-General, who will transmit it to the Accountant-General with the necessary certificate. The Accountant-General will submit the application to Government in the Civil Department concerned.

d. (In modification of Clause X). The order permitting the officer to proceed in anticipation will be issued by the Local Government, who will also fix the amount of subsidiary leave to be allowed in each case agreeably to Civil Leave Rules—and then transfer the application, if for furlough out of India, to the Military Department for disposal.

INSTRUCTIONS.

Medical boards on commissioned and warrant officers and hospital apprentices in military employ, will be composed of medical officers of either or both (British and Indian) departments.

In the case of officers of the Indian services, the board will invariably be presided over by an administrative medical officer.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The board after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record their opinion and recommendations in the proceedings:—

(a) As to whether the disability has been or has not been, or how far it has been, the result of climate, and caused in and by the service.

(b) As to change of climate in or out of India.

(c) As to period of absence in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations, is not recommended.

(d) In case of leave to Europe being recommended as to the particular route by which, in their opinion, the sick officer should travel, due regard being given to the seasons of the year, the interests of the service, and the health of an officer; also whether the officer is fit, or otherwise, to do duty with troops during the homeward journey and voyage.

(e) In recommending leave to Kashmir, some alternative place to which the officer should proceed if he fail to obtain a pass to visit Kashmir, should invariably be named.

(f) In the case of an officer requiring leave of absence owing to illness caused directly by intemperance, the board, whilst recording their opinion, will confine their recommendation either to the ap-

pearance of the officer periodically before fresh boards, or to the treatment of the case as one of discipline, as may be deemed necessary.

In urgent cases in which the grant of leave rests with the Commander-in-Chief, when a medical board considers it absolutely necessary that an officer recommended for change of air *either in or out of India*, should proceed in anticipation of sanction, the concurrence of the Deputy Surgeon General of the division should be obtained, and permission to proceed in anticipation may then be granted by the divisional or district authorities.

PRESIDENT.

Deputy Surgeon General.

MEMBERS.

Deputy Surgeon General.

Whenever a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the cognizance of the commanding officer or the head of the department, report the fact to the Deputy Surgeon General of the division, who will take the necessary steps to convene the standing or special medical board at such time and place as the circumstances of the case may warrant.

A medical officer, who may be called upon to grant a certificate to an officer when absent from his corps or appointment, will—*except in cases of emergency*—require the officer to obtain a statement of his previous medical history from the officer in medical charge of his corps. When, under similar circumstances, an extension of sick leave is required, the medical officer in attendance will request the sick officer to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at hill stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officer.

The case of an insane officer recommended to be sent to Europe, or to an asylum in India, will be especially considered by the medical officer drawing up the medical history and by the medical board, with a view to distinct recommendations being inserted by both as to the necessity for a soldier servant, or other escort, or any special accommodation being provided for him *en route*.

To each copy of this document will be attached a statement of case, Medical Department Form No. 41A; one set of these documents will be submitted to the Surgeon General, Her Majesty's Forces, who, on approval of the proceedings of the medical board, will furnish, in accordance with the Military Lunatics' Act of 1877, the requisite admission order for the Colaba or Madras Asylum, as may seem advisable. The second set is intended for the military authorities for transmission to the Adjutant General. The third will be made over to the officer commanding the station.

Rules for obtaining Last Pay Certificate by Officers quitting India.

The following rules are prescribed for the guidance of officers quitting India on furlough, promotion, exchange, completion of tour of duty, &c.:—

1. No officer is permitted to embark for England or other place out of India without the previous sanction of superior authority; and no officer's accounts can be adjusted by the Pay Department at the port of embarkation without the production of a general order sanctioning his embarkation, either by Government or by the Commander-in-Chief, as the case may be.

This order applies to officers who may have completed prescribed tours of command or staff employ in India in common with all other officers.

It is, however, not to be considered applicable to officers proceeding on accumulated privilege leave of three months to Europe.

2. An officer in charge of cash, stores, or public accounts, who may intend to proceed to England or elsewhere out of India on furlough or any other account, must, at the earliest possible date, intimate to the Controller of Military Accounts of the presidency in which he is serving, his intention to leave the country, to admit of arrangements being made for the prompt examination and adjustment of his personal and official accounts.

3. Every officer before leaving India must apply to the Paymaster at the port of embarkation for a final last pay certificate in exchange for the last pay certificate issued to him by his circle or regimental Paymaster, as the case may be. Neglect to comply with this rule will prevent an officer receiving any pay in England, as the last pay certificate granted by a circle or regimental Paymaster is not recognized there.

4. On proceeding to the port of embarkation, an officer must take with him the documents specified in the accompanying schedule for presentation to the Presidency Paymaster on applying for a final last pay certificate. Should he, for any cause, be unable to obtain the certificate, he will at once make a

report on the subject to the Controller of Military Accounts of the presidency, and will give the address in England or elsewhere, to which the certificate, when issued, is to be forwarded.

5. An officer embarking at Kurrachee will obtain a final last pay certificate from the Paymaster, Bombay, to whom he should apply in time to receive it before sailing. The circle or regimental last pay certificate, with the other documents specified in the accompanying schedule, should be sent by post to the Presidency Pay Office, Bombay, if possible before the officer leaves his station.

6. The regimental last pay certificate of an officer of a native regiment, who intends to embark from a presidency other than his own, must bear the countersignature of the Pay Examiner of the presidency to which he belongs. This is not, however, necessary in the case of an officer who intends to embark from his own presidency.

7. In the case of a sick officer incapable of looking after his own affairs, the duty of making the intimation to the Controller should devolve on the commanding officer of the regiment, battery, department, or station wherein the officer is serving.

In such circumstances also care should be taken that the Paymaster at the port of embarkation is placed in possession of all information necessary for the settlement of the sick officer's claims.

Furlough and Leave.

Furlough out of India on medical certificate to reckon in the seven-years' tour of Indian Service of Royal (Imperial) Engineer officers.

Under the authority of the Secretary of State for India in Council it is notified, in supersession of previous orders on the subject, that furlough out of India on medical certificate, taken by officers of the Royal Engineers, Imperial Establishment, will reckon as part of their seven-years' tour of Indian service.

Clause 145, I. A. C., dated July 1881. Extension of the benefits of G. G. O. No. 1113 of 1857 to Warrant and Non-Commissioned officers on the Unattached List.

Under the authority of the Secretary of State for India, the provisions of G. G. O. No. 1113 of 1857, under which Commissioned officers are allowed to reckon furlough or leave necessitated by wounds or illness contracted on field service as service for pension, are extended to Warrant and Non-Commissioned officers on the Unattached List, but the maximum amount of furlough or leave to be allowed to reckon will be limited to twelve months.

This order will have retrospective effect from the commencement of the operations in Afghanistan in 1878-1880.

Clause 151, I. A. C., dated August 1881. Furlough or leave taken in consequence of wounds or illness contracted by service in the field to count as service.

Under instructions from the Right Hon'ble the Secretary of State for India, it is notified that furlough or leave in or beyond India necessitated by wounds received in action or by illness contracted by active service in the field, i. e. service recognised as such by the Government of India and the Secretary of State, or by illness, which was originally contracted by such service, being aggravated or reproduced by subsequent active service in the field, is allowed, under the provisions of G. G. O. No. 1113 of 1857, to count as service for pension to a maximum limit of eighteen months, provided—

1st.—That the immediate departure on furlough or leave of the officer concerned is necessitated.

2ndly.—That the Medical Committee, before which an officer appears in view to obtain furlough or leave, certifies that the disability originated on field service, and is solely caused by unusual exposure and hardship in the field, or by wounds received in action.

3. The indulgence is admissible to all Commissioned officers, whether in military or in political* employ, including British officers who entered the Indian Staff Corps on or soon after its first formation, though the leave may have been taken before their admission to the Staff Corps, but subsequent to the publication of G. G. O. No. 1113 of 1857. It is also admissible to all Warrant officers, and to Non-Commissioned officers on the Unattached List, but to a maximum limit of 1 year only, with effect from the operations in Afghanistan in 1878-80.

4. When an officer considers that he has a claim to this indulgence, he is to advance the same to his Medical attendant, who is required to duly note it in his statement of the case for the Medical Committee and to clearly specify the particulars of the field service in which the officer has been engaged, the precise nature of his disability, and, in cases of illness, what grounds there are for considering that it was originally contracted during the service in question, and has been solely caused by unusual exposure and hardship in the field.

5. If the Committee consider the claim has been established, they will add to their proceedings a special certificate in the following terms:—

"We are of opinion that the illness from which is suffering originated on field service with the with which he was employed from the to the and has been solely caused by the unusual exposure and hardship undergone by him on the said service (or by wounds received in action), and we accordingly recommend that he may be permitted to reckon as service for pension the leave or furlough which may now be granted to him up to eighteen months."

6. Should the Committee consider the officer's claim has not been established, they will record their opinion to that effect in their proceedings.

Clause 170 I. A. C., { Furlough under Rule VI of the Regulations of 1875, on
2nd September 1881. } account of illness due to field service, not to be repaid.

The following Military despatch from the Right Honorable the Secretary of State for India, No. 274, dated 18th August 1881, is published for information.

My attention has been drawn to the operation of Clause 6 of the Furlough Rules of 1875, in the case of officers invalided home for sickness due to wounds or other cause solely attributable to active service in the field.

2. Under the rule as it now stands, an officer of not less than two years' service in India, compelled to return to England on two years' leave from the above cause, would have to complete on his return sixteen years' service in all before he could take one year's leave on private affairs.

3. I do not believe such consequences were contemplated when the rules were drawn up, and I am of opinion that provision should be made to meet such case.

4. I have accordingly decided that leave on medical certificate, when due solely to active service in the field, shall not be subject to repayment, but that it shall not count as service for furlough. That is, at the officer obtaining it shall still be required to put in the full Indian service qualifying for furlough under the Rules of 1875, with the condition also that he shall complete two years' further service in India before availing himself of it.

5. In relaxing the Furlough Rules of 1875 to this extent, I consider it necessary to place a restriction on the period of all sick leave out of India granted by the Indian Governments. At present, in almost every case the period is fixed at two years. I request that, in future, you will not grant under any of the furlough rules now in force more than one year's leave on medical certificate, leaving any question of its extension to be decided on the report of the Standing Medical Board of this office.

Clause 41, I. A. C., dated February 1882. In continuation of clause 170 I. A. Circulars of 1881 furlough on Medical Certificate under rule 6 of the regulations of 1875, when due solely to active service in the field, is allowed to reckon as service for pension without being paid off as provided for under ordinary circumstances in the rule.

The privilege conceded to Warrant officers promoted to that rank since the 31st December 1875, of reckoning their previous service for furlough, is only admissible

P. M. G., dated 2nd Nov. 1881, No. 170. to those Warrant officers who are compelled to take furlough on medical certificate, and not to those proceeding on furlough on private affairs.

Rule VI.

Periods of Absence allowed, under Rules of 1854 and 1868, to be counted as Service for Retiring Pensions.

NOTE.—All leave taken under the Furlough Rules of 1875 counts as service for pension: see paras. 4 and 13 of the Rules.

The period allowed by Regulation for proceeding to the Presidency, or to the nearest port of embarkation, when proceeding on furlough or sick certificate, as well as the time to enable Officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the retiring pension.

No furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in 24, four years in 28, five years in 32, and six in 38 years shall be allowed to count as service for the retiring pension, and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

In the term "leave of absence as announced in General Orders" is to be included all leave of absence, except the period allowed as leave preparatory to furlough and subsidiary leave on return therefrom, and the ordinary indulgence of two months' leave per annum, as authorized by the existing Regulations, and which are, in all cases, to be allowed to count as service for pension. All leave to a greater extent, granted by Political and other authorities, which may not hitherto have been published in General Orders, must be so announced hereafter.

Officers to be entitled to retire on the full pay of their regimental rank (under the Regulations of 1796) must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the retiring pension.

NOTE.—This rule is not applicable to officers of the Staff Corps and of the General List.

Officers to be entitled to retire on the full pay of Captains and Majors (under the Regulations of 1835-37) must have served twenty and twenty-four years, respectively, out of which time leaves of absence for two years in the former and three in the latter, and not more, will be allowed to count as service.

Officers to be entitled to retire as Lieutenant-Colonels must have served twenty-eight years, out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

Officers to be entitled to retire as Colonels must have served thirty-two years, out of which leaves of absence for five years in the aggregate, and not more, will be allowed to count as service.

Officers of the old Indian Cadres of Royal Engineers, and Royal Artillery, and those Officers of the twelve new Line Regiments of Cavalry and Infantry who are serving under Indian Pension Rules, are allowed to count all leave or furlough taken by them towards pension on retirement.

In the case of these officers, all full pay service, past or future, will count towards pension. It is to be distinctly understood that under no circumstances whatever will an Officer be permitted to retire on full pay until he has completed the full time of service above specified, whether he be in England at the close of his service, or elsewhere.

The privileged time of absence may, with the permission of the local Government, be taken at any time subject to these Regulations. If, therefore, at the end of twenty years' service, of which eighteen had been passed on actual duty in India, an Officer should be on furlough or sick certificate in Europe or elsewhere, he will be entitled to retire on the full pay of a Captain, without returning to India; and so in the other terms of service for the higher pensions. In like manner, a Medical Officer on furlough or sick certificate in Europe or elsewhere, at the end of seventeen years' service, fifteen years of which had been passed on actual duty in India, will be entitled to retire on the lowest rate of pension without returning to India, and so in the other terms of service for the higher pension.

Instructions to be observed by an Officer of the British Service leaving India

I. Officers quitting India, whether on leave or on duty, except those accompanying their corps, are to provide themselves with three copies of the order authorizing their departure.

II. The order of the general officer commanding the division or district is sufficient in cases of leave on medical certificate, or privilege leave; in all other cases a general order is necessary.

III. These copies of orders are to be supplied by the Adjutant of the regiment concerned, or the local Staff officer, and are to be certified as true extracts by them. To one copy at least a transcript of these instructions is to be appended.

IV. An officer leaving India is required to report his arrival at and departure from the port of embarkation to the local military authorities, by signing his name in the book kept for that purpose in the office of the Deputy Assistant Adjutant General, and he is to deliver to that officer one copy of the order authorizing his departure.

V. Immediately on arrival in England, he is to report in writing to the Adjutant General at the Horse Guards, the date of his disembarkation, and his postal address, attaching a copy of the order under which he has proceeded home.

VI. He is at the same time to forward to his regimental or departmental agents, the third copy of the order in his possession, endorsing thereon his address.

VII. Departmental officers will forward the report mentioned in V, to the head of their department at the War Office and not to the Adjutant General, and they are to take the earliest opportunity of reporting themselves in person.

VIII. General Officers, Staff officers of the higher grades, and commanding officers of corps are also expected to report themselves personally to the Adjutant General, as early as convenient after they reach England, in addition to making the written report referred to in V, but no claim to travelling expenses can be allowed on this account.

IX. Leave out of India, except privilege leave, reckons from the date of embarkation to the date of disembarkation on return. The grant carries with it so much preparatory leave up to thirty days as the officer may actually require for the purpose of making arrangements for departure and reaching the port of embarkation when proceeding on leave, and the necessary period for rejoining his regiment from the port when he returns to India. Extensions of the thirty days preparatory leave can only be given under the most exceptional circumstances, and require the special sanction of the Commander-in-Chief.

X. An officer on leave on private affairs out of India must rejoin at or before the expiration of his leave. In the event of unforeseen circumstances rendering it necessary for him to apply for an extension, his application must be forwarded to his commanding officer for the sanction of the Commander-in-Chief in India. Only under the most pressing emergency can be allowed to submit his application to the Adjutant General at the Horse Guards.

Instructions to be observed by Officers proceeding home on leave on medical certificate.

XI. In addition to observance of the foregoing instructions, officers proceeding to England on sick leave are to notify direct from the port to the Adjutant General at Madras, the date they embark for England.

XII. They are not required to appear before a medical board on arrival in England, but they will be medically examined as to their fitness to resume duty before returning to India, and will report themselves for this purpose to the Adjutant General at the Horse Guards, or the head of their department, twenty days before the expiration of their leave.

XIII. When officers proceeding on sick leave quit India on the anticipatory sanction of the general officer commanding the division or district, duplicate copies of the general order granting their leave are to be subsequently forwarded to them by the Adjutant of their regiment, or if they are staff or departmental officers, not borne on the rolls of a regiment, by the local staff officer. These copies will be transmitted by the officers concerned to the authorities noted in V and VI.

UNATTACHED OFFICERS.

No. 226 of 1879.—The following General Order by the Government of India, dated 7th March 1879, is republished:—

No. 196.—UNATTACHED OFFICERS.—

Under the authority of the Right Honorable the Secretary of State, the regulations governing the promotion of Officers of the Unattached List, are revised as follows:—

I.—Unattached Commissions are conferred on Warrant and Non-Commissioned Officers employed on staff or detached duty who may distinguish themselves in action on the recommendation of the Commander-in-Chief and the Government of India.

II.—The rank of 2nd Lieutenant will be given in the first instance, promotion to the grade of Lieutenant being granted after one year's service; to Captain after twelve years' service, and to Major after twenty years' service, from date of first Commission, provided that for each step of rank the prescribed examination* is passed and the Officer is reported by the Commander-in-Chief as qualified in other respects for the higher grade.

* The prescribed examination is that laid down for officers of the British Service—P. M. G., No. 479, 30th January 1882.

III.—The qualifying period of service and examination may be relaxed on the recommendation of the Commander-in-Chief in the cases of those Officers who perform further distinguished service in the field, subsequent to the date of their last promotion.

IV.—Captains of the Indian Unattached List who obtain their promotion to that rank prior to the 30th October 1871, may be advanced to the next higher rank without examination, provided that they are reported to be in other respects qualified for promotion; but those whose commission as Captain bears a subsequent date, must pass the prescribed tests before becoming eligible for promotion.

V.—This order is applicable to the three Presidencies.

G. O. G. No. 322, dated 6th June 1851.

Reply to letter dated 20th September, 1850, No. 158, with reference to former correspondence, forward papers relative to an inquiry made by Ensign (unattached) J. Donovan, as to the rate of retiring pension to which he will be entitled, and request Court's early decision on the question.

Unattached Officers are entitled to the benefits of the general retiring regulations counting from the dates of their first promotion to Commissions. To provide for the claims of such of these Officers as may, in consequence of the length of their previous service, be compelled to retire at earlier dates than are specified, in those Regulations, we have resolved to adopt the following additional scale, viz:—

Unattached Ensigns and Lieutenants, compelled by ill health to retire from the service,
 If under 3 years' service as Commissioned Officers.....2s. 6d. per diem.
 If above and under 7 years' service in India as Commissioned Officers.....3s. per diem.
 If above and under 12 years' service in India, as ditto.....4s. per diem.
 If above 7, and under 12 years' service in India, as Commissioned Officers, after 20 years' total service in India.....5s. per diem.
 If above 12 years' service in India as Commissioned Officers, after 30 years' total service in India, with an unqualified right to retire.....6s. per diem.

Warrant Officers.

The Governor in Council sanctions the indulgence of privilege leave, as granted to Commissioned Officers,* being extended to all Warrant Officers, at this Presidency, excepting those below mentioned, provided their Departmental superiors be satisfied that proper arrangements are made for the performance of their duties during their absence, and that no additional expense to the State is incurred thereby.

* Thirty days in each half year from 1st January to 30th June and from 1st July to 31st December; or sixty days in the course of each calendar year.

2. Warrant Officers of the Public Works Department come under the following rules of that Department:—

G. O. G., 3d February, 1857, No. 29, para. 8. "All persons employed in the Public Works Department, may be allowed one month's leave of absence in the calendar year without loss of salary, provided it can be granted without inconvenience to the public service."

3. Medical Warrant Officers employed in the Civil Departments will be granted privilege leave according to the subjoined rule applicable to Uncovenanted Civil Servants.

4. A Surgeon shall be promoted to Surgeon-Major on completion of 12 years' service from date of first Commission.

9. Medical Officers shall be entitled to all the allowances granted to Our Indian Military Forces on account of wounds and injuries received in action, as combatant Officers holding the same relative ranks.

10. Their families shall in like manner be entitled to all the allowances granted, under existing regulations, to the families of combatant Officers holding the same relative ranks.

11. A Medical Officer, retiring on a pension after a service of 20 years and upwards, may, if recommended for the same by the Government of his Presidency, receive a step of honorary rank, but without any consequent increase of pay.

12. Six of the most meritorious Medical Officers of the service shall be named Our Honorary Physicians, and six Our Honorary Surgeons.

G. O. G., No. 209 of 19th January 1881.—The following directions, defining the relative authority of the Surgeon-General with the Government of Madras and the Surgeon-General of Her Majesty's Forces in Madras over the Indian Medical Officers on the Madras Establishment, will have effect from the 1st January 1881:—

1.—Surgeons of the Indian Medical Service appointed to Madras, on arrival at Bombay, shall, in accordance with the "Instructions" (copy of which will then be furnished to them), send their letters of appointment to the office of the Surgeon-General with the Government of Madras, by whom they will be at once forwarded to the Military Department. Thereon the officers will be gazetted as having come on a given date on the Madras Establishment, and will be formally placed at the disposal of His Excellency the Commander-in-Chief for military duty. Meanwhile, and in anticipation of this formal notification, the officers, in the absence of any order to the contrary, will proceed at once to Madras, and on arrival there will report themselves to the Deputy Surgeon-General of that circle for military duty.

Thenceforward, and until the officer may be withdrawn for other duty employment, he will be under the authority of the Surgeon-General, Her Majesty's Forces, from whom he will receive all orders of His Excellency the Commander-in-Chief for his employment, postings, transfers, &c. If ordered to do duty at Madras, the Surgeon-General, Her Majesty's Forces, or the Deputy Surgeon-General of the circle, will arrange with the Surgeon-General with the Government of Madras for the officer seeing for a time the practice of the various civil hospitals.

The withdrawal of an officer for civil employment will not be permitted until he has completed two years' actual military duty, and then only provided his services can be spared. Should the interests of the public service, however, very urgently demand his withdrawal before the completion of his two years' course of military duty, an exception may, under the orders of the Governor in Council, be made, as a very rare and special case, in the above general rule.

II.—All officers of the Indian Medical Service are, subject to the above restriction, eligible for civil duties; yet, however employed, they remain liable at any time to be recalled for military duty. Such recall can only be made by the Government in the Military Department. During the whole period of an officer's employment on any other than military duty under the Commander-in-Chief, and until he is formally replaced at His Excellency's disposal, he will be under the authority of the Surgeon-General with the Government of Madras, or of the local Government under which he may be serving.

III.—A minimum establishment for the requirements of the Army and for all other sanctioned appointments will always be maintained. This will include the prescribed margin for absentees on furlough or sick leave. Lists of the appointments controlled by the two Surgeons-General are annexed; but it will be understood that the Army has the first claim on the medical service, and that any officer whose services are required with the Army may be placed at the disposal of His Excellency the Commander-in-Chief.

IV.—All applications for medical officers required for civil employment should be addressed to the Government of Madras in the Public Department.

V.—As the Surgeon-General with the Government of Madras is the actual administrative head of the Indian Medical Service on the Madras Establishment, and as he should have the means of keeping an accurate record of the services of all officers belonging to it, all returns and reports, including confidential reports, furlough statements, &c., as are considered necessary for this purpose by the Military Department, will, as regards officers under the orders of the Commander-in-Chief, be furnished to the head of the department by the Surgeon-General, Her Majesty's Forces.

Applications for furlough of officers under His Excellency the Commander-in-Chief will be forwarded by the Surgeon-General, Her Majesty's Forces, through the Surgeon-General with the Government of Madras, so that all such applications may be dealt with for the service as a whole; and all such officers while on furlough or leave will remain on the list of the Surgeon-General, Her Majesty's Forces.

Ag. Secretary to Government.

Staff Corps.

66. The organization and regulations of the Staff Corps to be formed in the several Presidencies are given in full detail in the Royal Warrant and the Despatch No. 27, now published. The object of forming the Staff Corps is to supply a body of Officers for service in India, by whom various offices and appointments, hitherto held by Officers borne on the strength of the several Corps of Indian Forces, shall in future be held; it having been resolved that the practice of withdrawing Officers for such employment, while remaining on the strength of their Regiments, be discontinued, and that ultimately all Officers selected for such employment be transferred to Staff Corps.

67. These Corps will be denominated the Bengal, Madras and Bombay Staff Corps respectively, and will consist of such Officers as may be required for employment therein, and may be selected by the Governments of the several Presidencies, with the approbation of the Secretary of State for India in Council.

68. Officers of the British and Indian Armies now on Staff employ in India, not having the substantive rank of Colonel, are eligible for admission to the Staff Corps; and Officers of either Service under the rank of Field Officer, not now on the Staff, may, now or hereafter, become candidates.

69. Officers at present holding Civil and Political appointments of every description, and appointments in all Public Offices and Departments; Officers holding Military appointments on the General and Personal Staff, and the appointments of Commandant, second in Command, and Adjutant of Irregular and Local Corps; of Adjutant and Interpreter and Quarter Master of existing Local European and Native Regiments, will be held to be now on Staff employ, and will be eligible, under the conditions hereafter noted, to have their names placed on the list of the Staff Corps; but Officers doing duty with Irregular and Local Regiments will not be regarded as being now in Staff employ.

70. So soon as the proposed changes in the organization of the Regular Native Regiments shall have come into operation, the whole of the Officers who will be permanently attached to them will be held to be on Staff employ.

Despatch 27, para. 6.

1st. Purely Military, as in Regiments of the Native Army.

2nd. Various Civil appointments, as Political, Public Works, &c.

There will also be practically many sub-divisions of employment, for each of which there will be at present, separate Departmental Lists.

72. Officers of the Indian Army now holding Staff appointments of any description, will have the option of joining the Staff Corps if they do not possess the substantive rank of Colonel, or of continuing in the Staff employment, whatever their Regimental rank, without joining the Staff Corps; and in the latter case they will not, as heretofore, be required to vacate their appointments on the attainment of a certain Regimental rank. This paragraph does not affect the provisions of paragraph 45.

Royal Warrant, Clause 2, Despatch 27, paras. 13, 17.

73. Officers of the Indian Army not now on the Staff, nor having the substantive rank of Colonel, but who within the last three years, or who, at the commencement of their present unexpired Furlough, may have served permanently on the Staff, and who may make application within the next six months, will be considered eligible to join the Staff Corps on the same terms as those now on Staff employ; provided always that they have passed the prescribed examination in Hindoostanee, and that they did not lose their appointments through misconduct, and are not otherwise disqualified.

Royal Warrant, Clause 2, Despatch 27, para. 26.

74. Officers of the British Army, now in Staff employment, will have the option of declaring their desire to be transferred to the Staff Corps, with the consent of the Commanders-in-Chief in India, within six months from the date of the notification of the Royal Warrant in India; or of retaining their appointments on their present footing, if their services are required by Government, for the unexpired portion of a period of five years from the date of their appointment, unless the Regiments to which they belong shall be previously removed from the Indian Establishment.

Despatch 27, para. 16.

75. Those whose tenure of Staff appointments, at the time of transfer to the Staff Corps, shall have exceeded one year, will not be subjected to probation, or to any introductory test other than those already prescribed for any department in which they may be serving; but Officers who may have held their appointment for less than one year will not be transferred permanently to the Staff Corps unless they possess the requisite qualifications, to be hereafter laid down, and shall have completed the period of probation to be prescribed. The option of joining the Staff Corps will be open to those Officers only who may be considered by the Governments under which they are serving to be in all respects fit for the Staff Corps.

of the General and other Officers employed upon the Staff of the Army."

76. Appointments on the General Staff of the Army specified in the margin, can only be held for five years; they may be held by Officers of the Staff Corps, or by other Officers of either Army, but will be subject henceforward to the limitations as to rank, which are laid down in "the Queen's Regulations and Orders for the Army," in Clauses 30 to 33 of the Section entitled "Duties of the General and other Officers employed upon the Staff of the Army."

77. Officers now holding such appointments will not be required to vacate them for a period of two years from this date, or a period of seven years from the date of their appointment.

78. Officers not having the substantive rank of Colonel, now holding appointments on the Staff, as defined in paragraph 69, will at once be called upon to declare whether or not they desire to join the Staff Corps, to enable such Officers to avail themselves of the advantages in the way of promotion, notified in paragraphs 84 and 85, they must communicate their decision to the Adjutant General within six months of the date of publication of the Royal Warrant in India.

79. The selection of Officers hereafter, for the Staff Corps, will rest with the Governments in India but no Officer serving with any Regiment, will be admitted on probation without the consent of the Commander-in-Chief, or without a certificate from the Commanding Officer of his Regiment, that he has efficiently performed his Regimental duty for the period prescribed in paragraph 80.

80. For the future, Officers not on the Staff will not be eligible for the Staff Corps unless they be below the rank of Regimental Field Officer, and have served three years with a Regiment, of which two must have been in India, and have passed the prescribed examination in Hindoostanee. They will not be permanently appointed to the Staff Corps, unless, after due probation, they shall pass the prescribed tests for the branch of the Indian Service for which they may be selected. This rule applies equally to Officers of the British and Indian Armies.

Royal Warrant, Clause 2.
Despatch 27, paras. 19, 20.

81. A subsequent notification will prescribe the period of probation and the test of qualification in the several Departments.

Despatch 27, para. 29.

Despatch 27, para. 21.

Despatch 27, para. 21.

82. The promotion of officers while on probation will go on to their respective Regiments.

83. Officers of the British Army when permanently transferred to the Staff Corps will be removed from the strength of the Regiment to which they belonged.

84. The promotion of Officers to the Staff Corps will be regulated as follows:—

81. The promotion of Officers to the Staff Corps will be regulated as follows:—
Royal Warrant, Clause 3, paras. 1 and 2. Ensigns, when permanently transferred to the Staff Corps, will have the rank of Lieutenant. Other Officers will have the rank which they may hold in their Regiments.

Officers of twelve years' service, of which four must have been in the Staff Corps, will become Captains. After twenty years' service, of which six must have been in the Staff Corps, they will become Majors. After twenty-six years' service, of which eight must have been in the Staff Corps, they will become Lieutenant-Colonels.

Four years' service in the Staff Corps as Lieutenant-Colonel, will entitle the Officer so employed to the Brevet rank of Colonel.

85. Officers now in Staff employment will be allowed to count, to the extent laid down in the Royal Warrant, as noted in the preceding paragraph, their past service towards promotion, as if it had been performed in the Staff Corps. One step of rank will be given to every Officer whose period of service would qualify him for it according to the above rules, an interval of two years at least must intervene between each succeeding step. But these privileges will be restricted to those Officers who, whether now in India, or on leave out of India, may declare their desire to be transferred to the Staff Corps within six months of the date of the notification of the Warrant in India.

Royal Warrant, Clause 3, Despatch 27, para. 26.

86. The Officers referred to in paragraph 73, will also be allowed this privilege, should they be permitted to join the Staff Corps.

Royal Warrant, Clause 2.

Despatch 27, para. 26.

Royal Warrant, Clause 3, para. 3.

87. The past service on the Staff, counting for promotion in the Staff Corps, will include any service of a permanent nature which an Officer now on the Staff may, from the date of his first arrival in India, have passed on the Staff.

88. Officers of the Staff Corps under the substantive rank of Field Officer, will be allowed to exchange with Regimental Officers of the line of the same rank, on the recommendation of the Governments of the several Presidencies, with the concurrence of the Government of India and the Commander-in-Chief in India, and subject to the confirmation of Her Majesty. But it is to be understood that the Regimental Officer entering the Staff Corps by exchange will not necessarily assume the Staff appointment held by the Officer with whom he exchanges. He will merely enter the Staff Corps on being found qualified for the department of the Staff on which the Government may desire to employ him. Officers of the Staff Corps exchanging into a Regiment, will become the Juniors of their Regimental rank.

Despatch 27, para. 27.

Royal Warrant, Clause 3, para. 6.

89. An Officer of the Staff Corps whose name is borne in the Cadre of an Indian Regiment, exchanging from the Staff Corps with an Officer of a British Regiment other than the new Line Regiments about to be formed, will give an effective step in the Cadre of his former Regiment.

90. It will be discretionary with the Governments in India, as at present to employ the Officers of the Staff Corps, in such manner as they may think best, in the situations for which their respective qualifications may render them most fitted. The appointments and promotions in the several Departments will rest, as at present, with the Governments in India, and will be made irrespectively of the rank which the Officer may hold in the Staff Corps. Those appointments, promotions, and recommendations now in the gift of the Commander-in-Chief remain as heretofore.

Despatch 27, para. 22.

91. Officers of the Staff Corps of one Presidency may, with the sanction of the Government of India, be employed in any other Presidency.

92. Unattached Officers of the Indian Service are eligible for the Staff Corps on the same terms as other Indian Officers.

93. Officers of the Staff Corps while on furlough will draw the pay of their rank, as laid down in the Clause of the Royal Warrant for Officers out of India, and in case of sickness will have the privilege of drawing for six months the allowances of Officers on sick leave in India. They will be allowed to retain their appointments during short periods of leave, not exceeding twenty months, during which time they will only receive the unemployed pay of their rank. With the above exceptions the Officers of the Staff Corps will be under the New Furlough Regulations of the Indian Army.

Despatch 27, para. 28.

94. A certain proportion of the Senior Officers of the Staff Corps will receive Colonel's allowance. Eventually the number will be fixed in the proportion of one for every thirty Officers on the Staff Corps, but this number can only be filled up as the establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's allowance at one time shall never exceed the regulated number of Colonel's allowance for each Presidency.

Royal Warrant, Clause 8.

Despatch 27, para. 32.

95. All Officers of the Staff Corps in England who may not wish to retire, but are unable to return to India, and Officers removed from the effective list of the Staff Corps who may not be entitled to retire on the above scale of pension, may, provided they have served three years in India in the Staff Corps, be placed on a half-pay list, on the same rate of half-pay and on the same conditions as Officers of a similar rank in the British Army. Officers belonging to the Indian Forces who may avail themselves of this privilege will give an effective step in the Cadres of their Regiments. Officers placed on half-pay will be eligible to return to effective service, either in the Staff Corps or in the Regimental Line. In the former case their names will not be restored to their old Cadres.

Royal Warrant, Clause 3, para. 10.

Despatch 27, para. 31.

97. No unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, will be allowed to receive pay on the Indian scale for a longer period than three years. At the expiration of that period he will be restricted to the pay fixed for Officers of his rank "out of India." This rule in no way affects the Colonel's allowance.

98. Officers of the Staff Corps under the rank of Major-General, who may be considered unfit for employment, will be removed from the Staff Corps under the authority specified in the 7th paragraph of the Royal Warrant, and placed upon half-pay or pension under the provisions of the 10th paragraph of the same Warrant.

Officers who are perfectly fit for employment, but who, from any circumstances, as, for example from having exceeded the prescribed limit of leave of absence, with retention of appointment, may be out of employment, will, on their return to India, be placed on the rates of pay specified in the Royal Warrant for Officers respectively "while required to remain in India," and such rates of pay they will retain for one year, within which time it will be the duty of the Government of India to find suitable employment for them if possible, but failing in this, the allowances above noted will be continued until an opening for employing them can be found.

Royal Warrant, Clause 8.
Despatch 27, para. 28.

99. The pay of Officers of the Staff Corps whilst unemployed has been fixed at the following rates:—

	Whilst required to remain in India.	Out of India.
	Per Mensem.	Per Diem.
General Officers.....	Rs 1,295 5 0	£1 5 0
Brevet-Colonel and Lieutenant-Colonel.....	827 14 0	1 0 0
Major.....	640 14 0	0 16 0
Captain.....	374 1 6	0 10 6
Lieutenant.....	225 12 0	0 6 6

100. The pay and allowances to be established for the several Staff appointments, in all departments of Staff employ, will be announced in a subsequent notification, and meanwhile the Staff salary and other allowances of all appointments will remain unchanged.

101. Officers of the Staff Corps are eligible for Brevet Rank, and will take their places on the General Gradation List in common with the rest of the Army. Those holding Military appointments will take Military Command according to their Army rank, but Officers whilst holding only Civil appointments will not be entitled to assume such command. Civil appointments are those in any Civil branch of the Army, or under the Civil administration of Government.

102. Officers of the Staff Corps will succeed to Colonel's allowance according to their seniority as Lieutenant-Colonels in the Staff Corps. Lieutenant-Colonels entering the Staff Corps on its first establishment will take rank for Colonel's allowance according to the dates of their Commissions as substantive Lieutenant-Colonels. All Officers entering the Staff Corps will take with them the substantive rank they held at the same time of joining it. Should two Officers of the same rank enter the Staff Corps, and be promoted on the same day, they will stand in the Corps according to the dates of their previous substantive Commissions. But Officers of the Staff Corps will take precedence and exercise command among each other according to their Army Rank.

103. All promotions in the Staff Corps, in the case of Officers who may join the Staff Corps within six months of the publication of the Royal Warrant, will take effect from the 18th February, 1861, the date of the receipt of the warrant in India.

104. The power of removing Officers from the effective list of the Staff Corps will be exercised by Her Majesty through the Secretary of State for India.

105. The provisions of paragraph 90 are also applicable to appointments in the Ordnance, Survey, and Public Works Department.

(Signed) R. J. H. BIRCH, Major General, Secretary to the Govt. of India.

RANK AND PROMOTION.

STAFF CORPS.

I. A. C., Clause 229 of 1881. The Governor-General in Council is pleased to direct the publication of the following extracts of a Military letter from the Right Hon'ble the Secretary of State for India No. 372, dated the 10th November 1881:—

Para. 1. I forward, for the information and guidance of your Lordship's Government, the accompanying copy of Her Majesty's Royal Warrant of 25th June 1881, regulating the pay, promotion, and non-effective pay of the Army, with effect from the 1st July 1881, throughout the British dominions except, as regards full pay and allowances, India.

2. With regard to the operation of the Warrant in India, your Lordship will observe that power is reserved to me to submit for Her Majesty's approval such modifications in the Royal Warrant of the 6th September 1878 as are the necessary result of the changes instituted in the Warrant of the 25th June, and such changes of pay and emoluments as appear desirable in consequence of the recently sanctioned organization of Her Majesty's British Forces.

5. It is not necessary that a special Royal Warrant should be issued for regulating the promotion and retirement of Officers of the several Staff Corps, all that is needed is that the Secretary of State for India in Council shall lay down such rules within the limits prescribed as the Royal Warrant of 25th June 1881 empowered him to do.

6. I accordingly forward, for information and guidance, the rules which the new Warrant appears to me to call for. These are concurred in by the Secretary of State for War.

8. I have already addressed your Lordship on the subject of the pensions for those Officers who join the Staff Corps after the 1st July 1881, and I now desire to inform your Government what has been decided under Article 167-1 of the Royal Warrant with respect to their retirement in the several grades.

9. Those Officers will come under the compulsory retirement clauses of the Royal Warrant on attaining the age of 55 years in the rank of Colonel, of 62 years in the rank of Major-General, and 67 years in the rank of Lieutenant-General or General. Up to the age of 55, there will be no compulsory retirement on account of age from the Staff Corps. Non-employment for five years in the rank of Lieutenant-Colonel or Colonel, and non-employment as a General Officer for five years continuously since his promotion to Major-General, or non-employment for seven years continuously from the time of his last employment as Colonel, will involve compulsory retirement on the pensions elsewhere laid down, or in the grade of—

Major-General, at 62, at 800*l.* a year,
Lieutenant-General, at 67, at 900*l.* a year,
General, at 67, at 1,000*l.* a year,

with voluntary retirement in those grades of—

Major-General, at 60, on 750*l.*,
Lieutenant-General, at 65, on 850*l.*,
General, at 67, at 950*l.*

10. I have already informed you that Officers in receipt of good service pensions will not retain them after retirement on pension.

11. The regulations under which Officers of the Indian Service may be placed on half-pay will, of course, apply to those now joining the Staff Corps, with this further addition, that an Officer who, after six years' service on the half-pay list, whether continuous or otherwise, is not reported fully qualified for active service in India, will be then placed permanently on the half-pay retired list, and will not be eligible for further employment. An Officer so circumstanced, may, if entitled to pension, retire on that pension, for which, however, his service on half-pay will not count as qualifying service.

REGULATIONS FOR THE PROMOTION AND TRANSFER TO AN UNEMPLOYED SUPERNUMERARY LIST OF THE OFFICERS OF HER MAJESTY'S INDIAN STAFF CORPS.

I. Promotion in the Staff Corps shall continue as at present, with the following exceptions:—

Four years' service in the Staff Corps, with the substantive rank of Lieutenant-Colonel, shall qualify for the Brevet rank of Colonel, instead of five years, as heretofore.

*Article 12, Clauses (c, sub-sections 1 and 2), of the Warrant of the 25th June shall be applied to the Officers of the Staff Corps, the Secretary of State for India in Council being substituted for the Secretary of State for War.

II. General Officers shall be placed on the unemployed supernumerary list on completing the ages and periods of non-employment fixed under Articles 106 and 107 of the Warrant of the 25th June, for the compulsory retirement of the General Officers of the British Service.

III. Colonels who entered the Staff Corps on or before the 12th September 1866 shall be placed on the unemployed supernumerary list, provided they are in receipt of Colonel's allowance, and not in military employ, and Colonels who entered the Staff Corps after that date, whether in receipt of the allowance and employed or not:—

If they attained the Rank of Lieutenant-Colonel before the 1st October 1877—at the age of 50 years until the 1st July 1885, and after that date at the age of 58 years.

If they attained the rank of Lieutenant-Colonel on or after the 1st October 1877—at the age of 55 years.

IV. In special cases, where it may appear desirable, the Secretary of State in Council may delay the transfer of an Officer to, or, in the case of those under the Parliamentary guarantee, bring an Officer back from the unemployed supernumerary list.

V. Of the above regulations, Clauses II. and III. shall not affect Officers whose admissions to the Staff Corps shall bear date on or after the 1st July 1881. On attaining to the rank of General Officer or Colonel in the Army, these Officers will come as regards the limits of age and periods of non-employment under the retirement Articles of the Royal Warrant of the 25th June 1881: the amounts of their pensions, non-effective pay, &c., being governed by Indian regulations.

Notd.—Officers of the Indian Staff Corps are eligible for brevet promotion agreeably to despatch from the Secretary of State for India, No. 191, dated 17th June 1861 (vide para. 69 of despatch, page 507 of G. O. G. of August 1861) and not under the Royal Warrant of the 10th November 1881, which deals only with the promotion of Officers of the Indian Forces, i. e. Officers of the Indian Service other than those belonging to the Staff Corps.

Staff Corps.

Direct Probationers.

It is hereby notified, for the guidance of officers who have been appointed probationers for the Madras Staff Corps, under Horse Guards' G. O. 117 of 1878 and G. O. G. of 1880, No. 11, p. 3, * that officers of the Royal Marines and those who, as Sub-Lieutenants, passed the examination for the rank of Lieutenant in the 3rd class, as well as officers who obtained their commissions from the Militia and

* A Lieutenant-Colonel may attain the rank of Colonel.

(e) After four years' satisfactory service with the rank of Lieutenant-Colonel.

(1) in any military appointment—except the Command of a Troop or Company by an Officer with the substantive rank of Captain, and except also any appointment which the Secretary of State for India in Council may exclude from qualifying.

(2) in any Civil situation approved by the Secretary of State for India in Council upon the recommendation of the Commander-in-Chief, provided it be of a nature to afford practical experience likely to be afterwards of advantage in Military Service.

G. O. G. No. 1212 of 1879.

those promoted from the ranks, will be required to pass a course of garrison instruction for final admission to the Staff Corps, unless they shall have already passed the examination before being appointed probationers.

2. The Government of India have accorded sanction to such officers being permitted to leave the native regiments to which they are attached, for the purpose of attending a course of garrison instruction. In no case, however, is an officer to be detached without the sanction of the Commander-in-Chief.

3. The Government of India have also approved, subject to the concurrence of Her Majesty's Government, that the passing of the examination prescribed for final admission to the Staff Corps should be compassed within the period of the three years now allowed for passing the higher standard in Hindustance, instead of, as at present, within 18 months, i. e., the probationary period of the officers in question, instead of being divided into two parts, as is the case at present (*vide* rules VIII and X of Horse Guards' G. O. 117 of 1878), is to be considered as one whole term of three years, reckoning from the date of first appointment to a native regiment, in which the candidates will be required to pass the different tests prescribed for admission to the Staff Corps, viz:—

1st, the higher standard in Hindustance; 2nd, a garrison course of instruction for the officers who come under the first para. of this order; and 3rd, the tests laid down in Part I of Examination A, as laid down in para. 116, Madras Army Regulations.

4. In all cases of candidates who come under the provisions of this order, it will be necessary for the committee of examination to record in their proceedings that the officers have passed a course of garrison instruction.

Clause 61. India Army Circulars, dated March 1882.

Rules for the admission of officers volunteering from regiments serving elsewhere than in India.

The Governor General in Council is pleased to notify that the Secretary of State for India, with the concurrence of His Royal Highness the Field Marshal Commanding-in-Chief, has sanctioned provisionally the appointment of officers from regiments serving elsewhere than in India as probationers for the Indian Staff Corps under conditions similar to those which were in force between December 1878 and September 1880, as modified by the orders quoted in the margin.

These conditions are as follows:—

I.—Officers under the rank of Captain, serving in regiments elsewhere than in India, may be permitted to volunteer for the Indian Staff Corps.

II.—Candidates cannot volunteer for any particular Staff Corps, but on arrival in India will be posted to any presidency as the exigencies of the service may demand.

III.—Candidates must have completed one year's and in the case of West India regiments two years' service, but must have less than four years' service, and must not exceed 25 years age at the time of volunteering. Their applications must be submitted through the Commanding Officer direct to the Military Secretary Horse Guards, and be accompanied by a certificate of qualification and conduct from the commanding officer of their regiments, and also by a medical certificate, in the forms annexed (A and B). The declaration (C) required by Horse Guards G. O. No. 80, dated 1st December 1873, must also be furnished by each applicant.

IV.—Officers will be required to embark for India within two months from the date of their acceptance by the Secretary of State for India as probationers for the Staff Corps.

V.—Officers will not, however, be gazetted as probationers until the date of their actual embarkation for India, and passage will be provided at the public expense.

VI.—On arrival at Bombay they will be posted to a Native Corps serving in the Presidency to which they may be nominated.

VII.—Passages will be granted at the public expense from the port of disembarkation to the Native Corps to which they have been attached, and afterwards whenever they may be moved under the orders of the Commander-in-Chief of the Presidency in which serving, until they are finally and permanently posted.

XIV.—Any officer failing to pass the examination specified in Rule VIII will be posted to a British regiment in India or elsewhere.

XV.—During the period of probation it will be open to the commanding officer of the native regiment to represent to the Commander-in-Chief of the Presidency to which the probationer belongs that he does not think that the officer, either from temper or other cause, is suited for employment with native troops, in which case the Commander-in-Chief in India, if satisfied with the reasons, will post him temporarily to a British Regiment in India, on the establishment of which he will be borne as a supernumerary, pending orders from His Royal Highness the Field Marshal Commanding-in-Chief.

XVI.—And the same course will be followed in the case of a probationer who may, during his period of probation, voluntarily resign Staff Corps service.

Clause 62. Rules for the admission of officers serving in India.

It having been decided by Her Majesty's Government to appoint probationers to the Indian Staff Corps from regiments serving out of India, the Right Honorable the Governor General in Council, with the sanction of the Secretary of State for India, is pleased to notify that the rules for the admission to the Staff Corps of officers serving in India shall be temporarily modified to the following extent.

2. A candidate serving in India will be eligible to become a probationer on complying with the following conditions:—

I.—He shall have completed one year's regimental duty, and have not more than seven years' service from date of first commission, and be under the rank of substantive field officer.

II.—He shall have passed the Lower Standard examination in Hindustani.

3. To obtain permanent admission to the Staff Corps, candidates must have served at least one year with a native regiment, but in no case will the term be extended beyond three years. During this period candidates must pass the higher standard in Hindustani and the examination laid down in section 4, paragraph 116 Madras Army Regulations.

4. Those probationers who while Sub-Lieutenants passed the examination for the rank of Lieutenant in the 3rd class, as well as officers who obtained their commissions from the militia, and those promoted from the ranks, will be required in addition to attend a course of garrison instruction and to pass in subjects C. and D. of the examination laid down in G. O. No. 1 of 1881. But Royal Artillery officers and those who passed out of Sandhurst as Sub-Lieutenants in the 1st and 2nd classes, as also all who under the more recent system passed out as 2nd Lieutenants or Lieutenants, will be exempted from passing this examination.

5. Officers will be permitted to leave the native regiments to which they are attached, for the purpose of attending a course of garrison instruction. In no case, however, is an officer to be detached without the sanction of the Commander-in-Chief.

6. It will be necessary for the committee of examination for final admission to the Staff Corps to record in their proceedings that the candidate has passed a course of garrison instruction, or to state specifically under which of the conditions in paragraph 4 he is exempted.

Officers appointed probationers for the Staff Corps under Horse Guards' G. O. No. 117 of 1873 and G. G. O. No. 1243 of 1879 are eligible for temporary regimental staff appointments on the same linguistic qualification—(viz., the Lower Standard Examination in Hindustani)—as probationers appointed under India Army Circulars, Clause 51, 1881.

G. G. O. No. 1243 of 1879, as modified by India Army Circulars, Clause 96, 1880, extending to officers from British Regiments serving in India the same terms for admission as probationers to the Staff Corps as those laid down for direct probationers, is cancelled with effect from 1st November 1880, and G. G. O. No. 903 of 1873 will be reverted to as guiding all future applications for admission to the Staff Corps.

Admission to the Staff Corps on probation on and after the 1st July, 1881, are subject to any regulations resulting from the issue of the Royal Warrant of the 25th June, 1881, Clause 156.—Indian Army Circulars of August 1881.

Officers of the British Service who are candidates for the Staff Corps permitted, under certain circumstances, to remain in India, in order to qualify for admission.

Under the authority of the Right Hon'ble the Secretary of State for India, an officer of the British Service, who, having passed the lower standard examination in Hindustani and a course of garrison instruction, and is so far eligible to become a probationer for the Staff Corps, may on departure of his battalion for England, be attached to a regiment or battalion two years' army service.

2. In like manner an officer transferred or promoted to a battalion out of India may remain attached to a battalion of his regiment in India to complete the qualifying service for probationary appointment to the Staff Corps, provided he is in all other respects eligible.

3. But no officer who could have joined the Staff Corps during the stay of his regiment in India shall be permitted to remain behind on its departure, or on his being ordered home on promotion or transfer.

4. An officer who, owing to absence on field service, has been prevented from qualifying in the native languages, will, on a certificate from his commanding officer that he had a bona fide wish to join the Staff Corps and had been studying with a view to pass the lower standard examination, be allowed six months' grace, he being attached for that period as a Supernumerary to a battalion remaining in India, when should he fail to pass the requisite examination, he will be required to rejoin his own regiment.

5. Clause 29, India Army Circulars of 1881, is cancelled.

LEAVE—PROBATIONERS, STAFF CORPS.—The Government of India have ruled that any kind of leave to Europe, including privilege leave, taken by a Probationer for the Staff Corps, involves resignation of probationary appointment.—S. G. O. No. 108 of 1882.

Indian Army—Promotion and Transfer of Officers to an Unemployed Supernumerary List.

The Governor-General in Council is pleased to direct the publication of the following additional extracts of the above quoted Military letter from the Right Hon'ble the Secretary of State for India, No. 372, dated the 10th November 1881, together with the Royal Warrants therein referred to:—

3. I now forward, for your Lordship's information, and guidance, two Warrants which have received Her Majesty's sanction, one providing for the transfer to an 'Unemployed Supernumerary List' of General Officers and Colonels of Her Majesty's Indian Forces who have attained certain limits of age, or who have been continuously unemployed for certain periods, the other providing for the promotion of the Officers of Her Majesty's Indian Forces on the effective list.

4. In the first Warrant the limits of age and non-employment have been taken generally from the Royal Warrant of the 25th June 1881, but some of the provisions of that Warrant have been somewhat relaxed in the case of those Officers who are under the previous conditions of service. In the second Warrant the existing regulations have been modified in accordance with the terms of the Warrant of 25th June, the necessary reductions being made in the establishment of General Officers.

Royal Warrant for the formation of the Unemployed Supernumerary List.

VICTORIA, by the grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, Empress of India.

Whereas it has been represented to Us that it is expedient to provide for the transfer to an unemployed supernumerary list of General Officers and Colonels of Our Indian Forces who have attained certain limits of age or who have been continuously unemployed for certain periods;

Our will and pleasure is that, with effect from and after the 1st day of July 1881, the following rules shall be established for that purpose:—

1. Transfer to the retired list under Our Warrant of the 31st December 1877 shall cease.

2. A Major-General shall be placed on the unemployed supernumerary list on attaining the age of 62 years, and a Lieutenant-General or General on attaining the age of 67 years.

4. A Colonel of the 'local service,' that is, an Officer whose appointment was not made subject to the conditions prescribed in the General Order of Our Governor-General of India in Council, dated the 9th December 1859, No. 1637, shall be placed on the unemployed supernumerary list, provided he is in receipt of Colonel's allowance and not in military employ,--

If he attained the rank of Lieutenant-Colonel before the 1st October 1877,—at the age of 59 years until the 1st July 1885, and after that date at the age of 58 years.

If he attained the rank of Lieutenant-Colonel on or after the 1st October 1877,—at the age of 55 years.

5. A Colonel of the 'general list,' that is, an Officer whose appointment was made subject to the above-mentioned General Order, shall be placed on the unemployed supernumerary list on attaining the age of 55 years.

6. In the event of an Officer being called to, or engaged on, active service in the field, at or about the time when, under any article of this Our Warrant, he would be liable to be transferred to the unemployed supernumerary list, Our Secretary of State for India in Council may, on the recommendation of Our Governor-General in Council, extend his term of service during the continuance of the emergency as a supernumerary to the Establishment.

7. If in any special case, not under the terms of the preceding article, it appears desirable to postpone the transfer of an Officer to the unemployed supernumerary list, Our Secretary of State for India in Council may, upon the recommendation of Our Governor-General in Council, so postpone it.

8. Our Secretary of State for India in Council, upon the recommendation of Our Governor-General in Council, may also bring back an Officer from the supernumerary unemployed list to the effective list, should it appear essential to the interests of Our Service to do so.

9. An Officer whose case has been specially treated under Articles 6, 7, or 8 shall, so long as he remains on the effective list, be supernumerary thereon.

Given at Our Court at Balmoral, this twenty-fourth day of October in the year of our Lord one thousand eight hundred and eighty-one, and in the forty-fifth year of Our reign.

By Her Majesty's command,

(Signed) HARTINGTON.

Tenure of Regimental Commands in the Native Armies of India.

G. O. G. 263, of 1882.—Under the orders of the Secretary of State for India, the following conditions regulating the tenure of regimental commands in the Native armies of India are published for general information and guidance:—

- (1) All officers who now hold substantive regimental commands will be granted an extension of command without any conditions (except promotion to the rank of General Officer, or the attainment of the Colonel's allowance) to the 1st April 1883.
- (2) Subject to the above conditions, present incumbents will be eligible to retain their commands until they attain the age of 55 years, or complete a tenure of 7 years' command, whichever may happen first.
- (3) Any present incumbent, who on or after the 1st of April 1883, may not have completed 5 years' tenure of command before reaching the age of 55 years, will be eligible to complete his 5 years' tenure of command.
- (4) The immediate successors of present incumbents will be eligible to hold the command of a regiment until the attainment of 55 years of age, or the completion of 7 years' tenure of command whichever may happen first.
- (5) Thereafter, the limits for regimental command will be the attainment of 52 years of age, or a tenure of 7 years, whichever may happen first.
- (6) In any case of the Commandant of a regiment, other than present incumbents (paragraph 4), who is required to vacate his command under these rules before he has served for the pension granted for 32 years' service, such officer, on the recommendation of the Commander-in-Chief in India, Madras or Bombay, and with the approval of the Government of India, Madras, or Bombay, as the case may be, may be permitted an extension of command, not exceeding 2 years, towards his 32 years' pension service, or such less period as may be required for its completion. But no portion of such special extension of regimental service, or tenure of command, will be permitted to be passed on any leave or furlough except privilege leave.
- (7) Officers of the Staff Corps or Indian Army who entered the service before 1st July 1881, who may elect, on vacating regimental commands, to remain in the service for the attainment of the highest retirement pension, or the Colonel's allowance, will be permitted the option of completing their service at home on the furlough pay of their rank, or of remaining in India on the Unemployed Indian Pay and allowances of their rank if unemployed.
- (8) All regimental commands will continue to be vacated as at present, on promotion to Major-General or succession to the Colonel's allowance.
- (9) These rules will take effect from this date, so far that any commandants of regiments hereafter appointed will be the next in succession to present incumbents referred to in paragraph 4.
- (10) These rules are applicable also to the Punjab Frontier Force and the Hyderabad Contingent, and so far as regards the limit of age prescribed by them, to other regiments under the direct orders of the Government of India.

Mode of reckoning the tenure of Regimental Commands in the Native Armies in India.

With reference to clause 63, India Army Circulars of 1882, it is notified that the tenure of regimental command shall be regulated by the appointment of an officer to substantive command, the term of seven or five years, as the case may be, being calculated from the date of the General Order notifying the appointment, unless a special date be assigned therein. A period of officiating command shall be taken into account, but when an officer is appointed to the

command of a regiment *on probation* and he is subsequently confirmed in the appointment, his tenure of command will be calculated from the date of his first appointment.

Conditions regulating the tenure of Regimental Commands extended to the Corps of Sappers and Miners in the three Presidencies.

With the sanction of the Secretary of State for India, it is notified that the provisions of G. G. O. No. 209* of 1882, with the exception of Clause 7, regulating the tenure of regimental commands in the Native Armies of India, are extended to the Corps of Sappers and Miners in the three Presidencies.

The following Extract from General Orders by the Government of India is republished:—

Fort William, the 10th March 1886, No. 253.

Good Service Pensions.

His Excellency the Governor-General in Council has much satisfaction in publishing the following extracts from a Despatch from the Right Hon'ble the Secretary of State for India, No. 388, dated India Office, London, the 9th December 1864, sanctioning the establishment of good-service pensions in the Indian Army, as rewards for distinguished or meritorious services.

PARA. 1. I have considered in Council your Military Letter, No. 286, dated 13th August 1864, in which you suggest the establishment of a system of good-service pensions for Officers of the Indian Army, based upon that which has been adopted in Her Majesty's British Service.

2. The proposal of your Government is, that fifty such pensions of £100 per annum be given to the Indian Army, under certain conditions.

7. Her Majesty's Government, therefore, sanction the introduction of a system of good-service pensions in the Indian Army, under the following regulations:—

I.—Fifty good-service pensions of £100 per annum will be distributed among the Officers of the several Staff Corps and of Her Majesty's Indian Army at the three Presidencies.

II.—Officers of all ranks will be considered eligible for the pensions on the recommendation of the Government of the Presidency to which they belong, supported by that of the Government of India; but, except under very special circumstances, the grant will be restricted to Officers above the rank of Lieutenant.

III.—The good-service pension will be given up by an Officer on resignation of the service, or on coming into the receipt of the Colonel's allowance; but an Officer placed on half-pay, or retiring upon full or half-pay pension, will retain the good-service pension in addition to such half-pay or pension.

IV.—Ordinarily the good-service pension will be conferred upon Officers of the effective list; but Officers who may have been placed on half-pay, or who may have retired from the service on full or half-pay pension, will also be considered eligible for them.

V.—On the nomination of any Officer to a good-service pension being sanctioned by the Secretary of State for India in Council, a Notification to the effect will be published in the "Gazette of India," specifying the Military services of the Officer.

11. Although not specifically referred to in my previous despatch, it is to be understood that Medical Officers are also to be considered eligible for the good service pension. In these cases, in accordance with the principle observed with respect to officers succeeding to the Colonel's allowance, a Medical Officer in receipt of this pension will give it up on retirement from the service on the pension of 700*l.* a year, or on coming into the receipt of the special additional pensions of 350*l.* and 250*l.* allotted respectively for the grades of Inspector General and Deputy Inspector General of Hospitals on retirement.

12. The number of the officers of the three presidencies recommended by your Government as recipients of these pensions is as follows:—

Bengal	...	27
Madras	...	13
Bombay	...	10

50

20. Although under the terms of my despatch, No. 388 of 1864, the good service pensions are to be open to retired officers, your Government express your opinion that they should only be granted to these officers in very rare and exceptional cases, and you consider, as the succession to Colonel's allowance disqualifies for the pension, that officers who have received an annuity on retirement, partly as a compensation for Colonel's allowance, are not entitled to the pension.

GENERAL ORDERS.

HEAD QUARTERS, OOTACAMUND,
5th July 1883.

No. 55.—Madras Army Regulations.—The following alteration is made in the Madras Army Regulations:—

In para. 1456, *dele* "Sub-Lieutenants" and insert "Lieutenants."

No. 56.—Leave—Forms.—It is notified for information that M.M. Form 446 (Furlough application) has, with the approval* of Government, been revised.

2. All applications for furlough are to be made on the revised form, of which copies can be obtained from the Adjutant-General's Office, Madras.

No. 57.—Horses—Veterinary.—The following addition is made to Section 9, Madras Army Regulations:—

Para. 1090A. No horse, whether on the sick list or not, should be disposed of after destruction or death before the Veterinary Surgeon in charge has had an opportunity of making a *post-mortem* examination, the result of which he will record in the Death Report and in the Veterinary History Sheet of the horse, or else give a satisfactory reason for not having made the autopsy.

No. 58.—Arms—Annual Boards.—Cases having lately arisen which seem to show that the duties of Chief Civil Master Armourers at their annual visits to native regiments are not clearly understood, the following instructions are published for the guidance of all concerned:—

I. The duty of assessing damages to arms, and of stating who is responsible for the same, rests with the Regimental Boards. *vide* paras. 533 (c) and 615, Musketry Instruction, Native Troops, 1882.

S

II. The special duties of the Chief Civil Master Armourers are to assist with their professional advice the Annual Boards on arms. *Vide* para. 614 *idem*.

III. As the Chief Civil Master Armourers are in India the highest technical authorities on Small Arms, all possible weight should be given to their opinions.

IV. In cases where the opinions of the Board and that of the Chief Civil Master Armourers differ, the opinions of the Chief Civil Master Armourers, together with all other evidence bearing on the point, should be taken and recorded so that the Board may ascertain on whom the cost of repair or replacement is to fall, and in view to enable His Excellency the Commander-in-Chief to form an opinion with regard to the decision of the Boards.

V. When damages are assessed, the regulations contained in para. 535 *idem* are to be observed.

No. 59.—The following general orders, by His Excellency the Commander-in-Chief in India, are republished:—

Adjutant-General's Office, Simla, 31st May 1883.

No. 83.

Discipline—Soldiers.—Under instructions from the Horse Guards, the attention of officers commanding is directed to section VI, para. 25 of the Queen's Regulations, as it has been brought to notice that it not unfrequently happens that soldiers are confined in the guard-room who might with propriety be permitted to remain in their barrack-room pending disposal of their cases.

2. The question of whether a soldier should be confined or not depends upon—

(1) Whether the interests of discipline demand his separation from his comrades, *i.e.*, when he is drunk, disorderly, insubordinate, or has committed a serious crime, such as an act of disgraceful conduct; and

(2) Whether, for safe custody, he requires to be placed under charge of a guard.

3. Generally speaking, if neither of these conditions applies the offender may safely be simply confined to barracks pending disposal.

No. 84.

Musketry.—The following additional rules to be observed on rifle ranges, rendered necessary by the occurrence last season of accidents, one of which proved fatal, and for the prevention of injuries from splashes of lead, are published for guidance:—

While volley firing is being executed at distances over 300 yards, all practice on neighbouring ranges must cease, and the danger flags be kept lowered; the Captain or senior officer present will remain at the firing point to superintend the practice, and instruct the section commanders in their duties of directing and controlling collective firing.

Men employed in the markers' butts must remain inside the butts while firing is going on, and each butt is to be provided with a chick sufficiently long to protect the faces of the men in the butts, and of such a texture as will allow a clear view of the targets through them. Deputy Assistants Adjutant-General for Musketry will, on their first visit to each regiment, mention in their monthly report if these orders have been effectively carried out.

GENERAL ORDERS.

HEAD QUARTERS, OOTACAMUND,
12th July 1883.

No. 60.—Drill and Instruction.—In continuation of G.O. 19 of 1883, the following instructions are published for guidance:—

I. As a general rule, the instruments will be supplied during the rainy season to regiments and battalions stationed at Bangalore, Bellary, and Secunderabad, and during the cold season to those quartered at other stations.

II. One class at least per regiment and battalion should be put through the course annually, and the class should be formed immediately the instruments are received.

III. Except under special circumstances the instruments should not be retained for a longer period than five weeks.

IV. At the end of the course the instruments, with all surplus drawing materials and stationery, are to be promptly returned to the Garrison Instructor to enable him to inspect them previous to re-issue to other corps.

V. In the case, however, of regiments and battalions belonging to the Hyderabad Subsidiary Force and to the British Burmah Division, the instruments, &c., will be sent by the Garrison Instructor to the Assistants Adjutant-General at Secunderabad and Rangoon, who, under the orders of General Officers Commanding, will issue them in turn to the regiments and battalions quartered in the two divisions.

These instruments, &c., will be returned by each regiment or battalion to the Assistants Adjutant-General of the Hyderabad Subsidiary Force and British Burmah Division respectively, by whom, on the completion of the instruction of all the regiments and battalions serving in the command, they will be returned to the Garrison Instructor.

On each occasion of the instruments being thus returned to an Assistant Adjutant-General, that officer will at once examine them and forward to the Garrison Instructor for repair any which have become unserviceable.

When instruments thus require repair, the re-issue of the set to which they belong need not on that account alone be withheld, unless the damaged instruments are so numerous as to render the set unserviceable.

VI. Commanding Officers will be held responsible for the safe custody of the instruments, and, if lost or damaged, they will have to be paid for regimentally.

VII. The sketches and reports of the non-commissioned officers will, at the end of each course, be sent to the Garrison Instructor, who will forward them to the General Officer Commanding the division or district with a general report as to the merits of each class.

Any sketches brought to notice by the Garrison Instructor as exhibiting special aptitude and proficiency will be forwarded to the Adjutant-General for the Commander-in-Chief's information.

GENERAL ORDERS.

HEAD QUARTERS, OOTACAMUND,
12th July 1883.

No. 61.—Madras Army Regulations.—Section 25, III (Recruiting for the Native Army) is reconstructed as follows:—

III.—Recruiting for the Native Army.

2795. The standard height and age of recruits for the various branches of the service are as follows:—

		Height.		Years of age.	
		F.	I.	Not under.	Not above.
Light Cavalry*	...	5	6	16	22
Infantry	...	5	5	16	25
Sappers and Miners	...	5	5	16	25
Store Lascars	...	5	4	16	22
Regimental Lascars	...	5	4	16	25
Puckallies	...	0	0	16	25
Native Artificers of Cavalry	...	0	0	16	25

2796. Lads between 14 and 16 years of age may be enlisted as drummers, buglers, private drummers, and musicians, and without reference to army head-quarters, provided they are certified by a medical officer to be fit and of proper size for their age; but they will not be allowed to count service while under age. Prior to the enlistment of candidates for the band, care is to be taken that they afford a fair promise of becoming efficient musicians.

*2797. Men of 5 feet 4 inches are permitted to be enlisted for the sappers and infantry, provided they are of active make, athletic, and not under 16 years of age. This permission, however, is not to be received as lowering

* As regards the cavalry, special exceptions may, however, be made in the case of men who have served before, or, who are in all respects likely to prove efficient cavalry soldiers. Veterinary Pupils will be enlisted between the ages of 15 and 17.

the standard, but as an exception in favor only of individuals in other respects particularly eligible; store and regimental lascars may be enlisted at 5 feet 3 inches, with the above proviso. It is to be clearly understood that the discharge of men thus enlisted and once finally approved will not be thereafter sanctioned on account of their being *under size*.

No enlistments are to be made under this para. without previous reference to Army Head-quarters.

2798. Recruit boys being growing lads and not under 16 years of age, may be transferred to the ranks one inch below the regulated standard, provided they are certified by the medical officer to be in other respects fit. They are not, however, to be drilled *with arms* until of a sufficiently matured strength for their use, nor are they to join the ranks until perfectly capable of supporting the fatigues of duty. Recruit boys of all branches of the service, who may attain the age of 18 years and be found fit, may be transferred to the ranks, without reference to their being supernumerary to the establishment.

*2799. It is desirable that a portion at least of recruits for the Sappers and Miners, should be acquainted with one or other of the ordinary handicrafts—such as bricklaying, carpentry, stone-cutting, sawing, pottery, &c.

2800. Men of pure European parentage, *i.e.*, whose fathers and mothers are pure Europeans, are not to be enlisted in *any grade whatever* of the Native Army.

2801. The sanction of the Commander-in-Chief must be obtained prior to the enlistment of any recruit who is not in all respects eligible according to the above regulations.

2802. A Native Soldier who is invalided or discharged with gratuity, or who obtains his discharge from the Army at his own request and re-enlists, may, after three years' exemplary conduct, be recommended by his commanding officer to reckon his former service towards good conduct pay and pension, provided that on *re-enlistment* he declared his former service and the cause of his discharge, and refunded in full any gratuity he received on discharge.

Half the period of service passed in local corps and irregular forces is allowed to count towards full time pension in the case of men who have served partly in such forces and partly in the Madras Army.

*2803. All candidates for enlistment are to be required to declare whether they have ever served before as soldiers, and when doubts may exist as to the truth of their assertion to the contrary, they are to be refused. Men who describe themselves as old soldiers, and who cannot produce their discharge certificates, are not to be enlisted, until on a reference to their former corps, it shall be ascertained that they have not been dismissed for misconduct, nor obtained their discharge to escape punishment.

*2804. Any individual who has been in the military service of a foreign State is not to be enlisted until it has been ascertained that he is not a deserter. This fact should be most carefully verified in the case of men offering themselves for enlistment as musicians.

2805. Officers commanding native corps may transfer lascars, puckallies, bheasties, bazaar chowdries, and peons to the ranks as privates without previous reference to army head-quarters, provided the parties wishing to be transferred are pronounced in all respects fit for the ranks and are not above twenty-eight years of age. Such of the above as are entitled by regulations to pension will be allowed to count three-fourths of their service at the time of transfer towards pension in their new grades, but not towards good conduct pay, the service for which counts from the date of transfer as privates. The monthly returns showing the transfers should also show under the head "Register of Enlistments" the amount of service each man so transferred is entitled to count. Artificers and others *not entitled to pension under Military rules* cannot count former service on such transfer.

2806. No recruits are to be enlisted but at the head-quarters of regiments, or by parties detached for the purpose, or by order of the Adjutant-General. Recruiting from outside the limits of the Presidency as defined in Adjutant-General's Circular Memorandum, dated 7th June 1878, is strictly prohibited.

2807. No recruiting party is ever to be detached from a regiment without the previous sanction of the Commander-in-Chief, which must be applied for whenever the weak state of the corps, or the difficulty of procuring recruits at head-quarters may, in the opinion of the commanding officer, render the measure necessary. The application must specify the number and strength of the parties proposed to be detached, and to what districts.

The departure from and return to regimental head-quarters or depôt of every recruiting party is to be reported to the Adjutant-General.

*2808. Commanding Officers will instruct Native Officers and Non-commissioned Officers in charge of recruiting parties that no recruit is to be detained with a party for more than a fortnight, but must be despatched within that period for examination to the nearest station where there is a regiment. Commanding Officers will so arrange the strength of their recruiting parties as to admit of this being done.

Officers commanding stations will be good enough to expedite the examination of all recruits in order that there may be the least possible delay in forwarding them on to their regiments.

2809. As the success of the recruiting must depend in a great measure on the exertions of the individuals employed, officers commanding regiments and depôts will be held responsible that no one is selected for the recruiting service who is not in every respect calculated for the performance of the duty required of him.

2810. Men presenting themselves for enlistment at regimental head-quarters are, if approved by the commanding officer, to be sent for examination to the medical officer, and, if pronounced by him as fit for the service, they are to be enlisted. A certificate of the form subjoined is to be engrossed at the foot of the register of enlistments in the monthly return and signed by the medical officer for every recruit passed by him:—

I do hereby certify that I have minutely examined every individual enlisted in the _____ regiment as entered in the above register,* *with the exception of those marked X*, and that with reference to the recruiting regulations all are, in my opinion, perfectly eligible for the service.

Surgeon ——— Regiment.

Note.—For men enlisted by the Adjutant-General an entry, to the following effect, is to be made opposite their names in the register of enlistments, under the head "remarks."

* The words in italics to be inserted only if necessary.

Enlisted by Adjutant-General, vide letter No. — of 18 — and passed by Surgeon (name and designation).

2811. Whenever the sanction of the Commander-in-Chief is obtained for sending out recruiting parties, officers commanding regiments are authorised to draw the usual allowance, as sanctioned in the Pay Code, Vol. II.

2812. Officers commanding regiments are required to transmit to the Adjutant-General monthly returns (M.M.F. 633) of all recruiting parties detached from their head-quarters, particularly remarking upon all recruits who may join the regiment during the past month. These returns to be dated on the 1st of each month and made out as soon as the requisite information has been received from the parties of their state on the last day of the preceding month. No return from the parties is required to be sent to the Adjutant-General, which is to be intimated to the officer or non-commissioned officer proceeding in charge. Whenever recruits have been kept with a recruiting party for a period in excess of that laid down in para. 2808 a full explanation is to accompany the return.

2813. It is to be understood that while commanding officers are called upon to use their most active endeavours in procuring recruits, it is in no manner intended that they should enlist any but perfectly eligible men. Should the recruiting parties of a regiment fail in obtaining such men in one district, they should be sent to another; or, they should be recalled and other parties detached. Commanding officers are required to spare no exertion to expedite their recruiting as much as possible, and if their parties are carefully formed and judiciously distributed, no difficulty will be experienced in doing so; but if otherwise, it is far better that regiments should remain incomplete than that they should be hastily filled up with inferior recruits.

*2814. Candidates for enlistment are to be carefully examined by the Officer or Non-Commissioned Officer in charge of a recruiting party, and if, according to the best of his judgment, they appear eligible, they are to be enlisted, subject to examination at the nearest military station.

*2815. Recruits thus provisionally enlisted are to be sent, within a fortnight of their enlistment, to the nearest military station in charge of one of the recruiting party, who should be furnished with a roll (M.M.F. 635). On their arrival at a military station the Officer commanding will immediately convene a

Committee, consisting of himself and two Medical Officers, for the examination of the recruits.

Note.—Under the sanction of Government the services of Medical Officers in civil employ will at all times be available to serve on these Committees when two Medical Officers in military employ are not available.

2816. If found by this Committee to be in all respects fit for the service, the recruits will be considered as finally enlisted from the date of their provisional enlistment, and will not be subject to any further examination. Those so finally enlisted will at once be sent, under the orders of the Officer commanding at the station, to join their regiments, to the Commanding Officer of which will be transmitted by post the roll (M.M.F. 635) and the proceedings of the Committee, which should distinctly show the cause of rejection of any recruit not passed by the Committee.

2817. Recruits rejected by the Committee are, on the same day, to be paid the subsistence and pay to which entitled, and are at once to be discharged by the Officer commanding the station, who will supply them with a discharge certificate in the form given below. Officers commanding stations are held strictly responsible that recruits not passed are paid up and discharged on the day on which they are rejected.

Certified that the bearer (name), native of (town or village), —feet— inches in height, enlisted for the —Regiment —, is rejected on account of (disease or other cause, as the case may be) and is hereby discharged. He has received all pay and allowances due up to this date, and also Rs. —, being the regulated travelling allowance to his native village.

Comd. — Regiment.

2818. With a view of preventing the substitution of rejected or unfit recruits between the time of successful examination at stations other than those at which the regiments for which they are enlisted are located and joining head-quarters, Committees will enter in the column of remarks (M.M.F. 635) any distinguished marks by which identification may be ensured.

2819. Commanding Officers will furnish themselves with standard measuring tape, and graduated tapes marked with the broad arrow and the letters R.T. for taking the measurement of recruits. Whenever recruiting parties are detached from regiments, the native officer or non-commissioned officer in charge will be provided with two or more regulation tapes, which will be used by the Committee before whom recruits are brought up for examination. In the same manner Medical Officers of regiments, when making the examination of recruits enlisted at regimental head-quarters, will use a regulation tape.

2820. All recruits shall, on enlistment or on joining regimental head-quarters if enlisted by detached parties, be vaccinated or revaccinated unless they have had small-pox.

*2821. The Articles of War enumerated in Article 1 of the Indian Articles of War are to be read and carefully explained to every recruit by the recruiting officer, for which purpose copies in Hindustani, Telugu, and Tamil are to be furnished to the Officer or Non-commissioned Officer commanding.

2822. (In addition to any other written instructions which Officers commanding regiments may think necessary to give to recruiting officers, the Officer or Non-commissioned Officer commanding each recruiting party is to be furnished with a copy in English of the portions of these instructions marked thus * and also (if a native) with a translation of the same in the language he best understands. He will present for perusal to the Commanding and Staff Officers of stations at which he may be employed, and also to the Committee before which he carries recruits for examination, the English copy of his instructions.)

2823. Native recruiting officers are to be supplied with blank forms (M.M.F. 635) in order that the Committee by whom they are submitted for examination may more readily make the requisite entries. The columns of these forms should be headed in the recruiting officer's own language, as well as in English, to enable him to make the necessary returns to his corps.

2824. Until finally approved by a Station Committee (paras. 2815, 2816) recruits enlisted by detached parties are *not* to be brought on the strength of regiments, nor entered in the regimental register or register of enlistments. Pending their approval by such Committee, they are to be noticed numerically in a N.B. at the foot of the body of the monthly return, thus:—

N.B.—50 recruits enlisted by detached parties not included among the privates, not having joined and been finally approved.

Should it be impracticable in any case to assign the proper regimental numbers to men entered in the register of enlistments, the numbers are to be left blank and as soon as allotted, transcript registers are to be prepared, for each month separately, with the numbers inserted therein, and forwarded to the Adjutant.

General's Office to be attached to the several returns. Those finally approved are to be brought on the strength, from their date of provisional enlistment, in the return for the month in which passed.

2825. Officers commanding divisions and stations are requested frequently to inspect not only the recruits that are enlisted but such as are proposed for discharge as ineligible for the service.

*2826. All natives (with the exception noted in paras. 2804 and 2806), are eligible for enlistment, without reference to caste, provided they are in all other respects perfectly fit for the service, but especial care must be taken to ascertain the real caste of each recruit, the precise designation of which must invariably be inserted in the regimental register and register of enlistments attached to the monthly return.

*2827. The following are the points on which an unprofessional person may form a tolerably accurate judgment and by attention to them in the examination of recruits any blemish discernable by a non-medical eye may easily be detected. Translations of these particulars in the language best understood by him, are to be given to every native commissioned or non-commissioned officer employed in recruiting.

* All recruits are stripped naked before inspection. They are to be carefully measured round the chest, and no man is to be taken who does not measure at least 32 inches above and 31 inches below the nipple.

** The more obvious causes for which recruits should be rejected.*

*I. Scald head or any permanent eruption; swellings about the throat and neck; marks of severe injuries of bones of the head; bad eye-sight; specks on the eyes; inflamed eyelids; deafness or discharge of matter from the ears; loss of many teeth; impediment of speech.

*II. Fractures of the collar-bone; narrowness in the chest; deformity or fractures of the arms or hands; marks of corporal punishment; crookedness of the body.

*III. Rupture or swellings in the groin or testicles, piles or abscesses about the anus.

*IV. Knots or swellings on the shin bones; unequal size or deformity of the legs; enlargement of the veins of the legs; overlying or supernumerary toes; flat feet.

*V. Weak or disordered intellect. This will be best ascertained by addressing a few questions to the recruit.

*VI. The recruit should be made to walk, run, leap, hop upon one leg alternately, and put through the "extension motions," in order to ascertain that he has the free use of all his limbs.

2828. On the approval of recruits by Commanding officers, or in the case of recruits enlisted by recruiting parties on their joining their regiments, the amount of pay, pension and other advantages to which they are or may become entitled will be carefully explained to them, and a copy of the pay table in the language with which each recruit may be best conversant, is to be handed over to him by the adjutant in the presence of the officer commanding the regiment or depot.

2829. *Officers commanding, and staff officers of stations, are enjoined to be particularly attentive to the operations of recruiting parties, and to observe that they are active in their duty, and that they use due care in the enlistment of none but perfectly eligible men. It is also their especial duty to draw the pay and subsistence of the parties and recruits, and generally to afford them every requisite assistance.*

2830. Medical officers, whose duty it may be to inspect recruits, will be careful not to reject men on insufficient grounds.

2831. Officers commanding divisions are required to give their attention to the recruiting service within their respective districts, and to observe that these instructions are attended to in every particular by the parties to whom they severally appertain.

2832. Recruits until dismissed drill, are to be under the immediate control of the adjutant in all matters of duty, discipline, and leave. By leave is intended present leave on particular occasions only. No recruit at drill will be granted furlough from the regiment, unless on very urgent occasions.

2833. When the adjutant may consider any of the recruits qualified to join their companies, he will report the same to the commanding officer: if approved of by him, they will then be exonerated from the drill, and a parade will be ordered for the purpose of administering the solemn affirmation of fidelity contained in the native Articles of War.

2834. This ceremony will be performed in the following manner. The regiment will be formed in three sides of a square, facing inwards, and at open order. The recruits, in review order but without arms, to be drawn up under the havildar major on the fourth side, fronting the regiment, Musalmans, Hindus, &c., arranged in succession. A havildar from each of the companies to which the recruits belong, to attend in rear of the centre of the regiment with the men's arms. The colours will be advanced sufficiently in front of the centre, and countermarched to face the regiment.

2835. The solemn affirmation as laid down in the Indian Articles of War will then be administered; the colours will then be wheeled back on the right and left, forming a street, through which the recruits will file to the rear of the regiment through the centre (saluting the colours as they pass). The recruits will then receive their arms from the havildars, who will march them to their respective companies, in which the necessary vacancies will have been preserved for the purpose. The colours will then resume their station under the compliment of presented arms from the whole regiment.

Para. 955 is reconstructed as follows :—

955. A soldier accused of desertion is taken on the strength of his regiment and entered on the returns and rolls of his corps as "rejoined from desertion" from the date he gives himself up or is apprehended, in view to his being tried by court-martial. If acquitted of the charge, he is granted all arrears of pay and allowances that may have accrued to him prior to the date on which he quitted his regiment.

No native soldier should, however, be readmitted unless he is considered physically fit; previous service gives no claim to demand re-enlistment.

No. 64.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations:—

Para. 235. Add—

(i.) General Officers are required at their annual inspections of regiments to see personally all native officers, non-commissioned officers, and men who have completed 32 years' service, and to report to the Commander-in-Chief the names of any who are unfit to bear the hardships of active service in the field.

It will sometimes be found that native officers and non-commissioned officers of over 32 years' service still retain their bodily vigour and are quite fit for the performance of all military duties. Such men it is very desirable to retain, as their experience and example are valuable in a regiment; but it is equally important to ensure that all worn-out men are sent to the pension establishment. The selection of men for retention in regiments is left to the discretion of general officers in consultation with commandants of corps.

Para. 3108 is reconstructed as follows:—

3108. On the departure of a British regiment from this Presidency, the books of local regulations are to be left behind, with the exception of one copy of the Madras Army Regulations and of the Transport Regulations, which may be taken to the port of embarkation and returned thence by post. They are to be surveyed by a committee (composed of a Field Officer as President and the local Staff Officer and the Adjutant of the regiment as members) as soon as the regiment is placed under orders to march. The committee will make a list of the books and will report whether each volume is bound and complete or not, and state the reasons for any deficiencies. The proceedings are to be prepared in duplicate, one copy to be despatched at once to the Adjutant-General's Office and the other deposited in

[JULY 26, 1883.]

the local Staff Office. Two days at least before the corps moves the books are to be taken over by the Staff Officer, who will see that they correspond with the list in his possession, certify to the same on the reverse of the list, and send it with the books to the destination assigned by the Adjutant-General. The list will be receipted by the officer commanding the corps receiving the books, and be forwarded by him to the Adjutant-General's Office, Madras.

Musketry.—With the sanction of the Government of India, the following Horse Guards' general orders, dated 1st April 1883, as amended by Horse Guards' Memoranda up to the 7th June 1883, are republished for information and guidance:—

Mily. Department Letter No.
393 S.C. Drill & Instruction,
Musketry
dated 21st June 1883.

Horse Guards' G.O. 50,—Military Training of Soldiers.

(Specially issued, 29th March 1883).

I. From the 1st April 1883 the recruits joining a battalion of Infantry at home, during each of the periods specified below, will, as a rule, all be posted to one company, to be selected by the Commanding Officer to receive recruits during such period.

From 1st January to 14th February.
„ 15th February to 31st March.
„ 1st April to 14th May.
„ 15th May to 30th June.
„ 1st July to 14th August.
„ 15th August to 30th September.
„ 1st October to 14th November.
„ 15th November to 31st December.

II. As a general rule the recruits will be kept three months at the Regimental Depôts before being transferred to the battalion serving at home. At the Depôt they will be drilled as recruits, so that upon joining the Home Battalion of their regiment they may be handed over to be fully trained as soldiers by the Officers of the Company to which they are posted.

August 16, 1883.]

153

III. From the 1st April 1883 the recruits who have been three, or at least two and a half months at the Depôt, will be sent in batches to the Home Battalion of their regiment on the following dates:—

1st January.	1st July.
14th February.	15th August.
1st April.	1st October.
15th May.	15th November.

Should any of these dates fall on a Sunday, the movement should take place the day following.

In the event of any batch being unusually large, it may not be advisable to post all the men in it to the same company, but this should be done as far as possible, even although its strength may be thereby temporarily raised above its establishment.

IV. From the 1st April 1883 there will always be in each battalion serving in Great Britain, Ireland, or the Channel Islands, one company struck off all duties for one and a half months at a time, for the purpose of instruction under its own Officers; it will attend all parades (early morning parade included) with all its Officers. All Officers' servants, standing orderlies, and men belonging to the company will attend all parades, lectures, &c. Until the 1st October 1883 the company should be selected by the Officer Commanding the battalion at his own discretion; but after that date he should, as a rule, select the company which has had its recruits the longest. Care must, however, be taken to arrange, as far as possible, that the same companies do not always have their training at the same period of the year. Those trained in the winter one year should be trained in the summer or autumn of the year following.

V. The musketry instruction of recruits who join a Depôt will be carried out there if possible; if not, at the Regimental Headquarters by the Officers of the Company to which they are posted previous to the period when that Company is to be struck off duty for military instruction.

VI. No leave or furlough whatever is to be granted, except in peculiar cases of emergency, to any one belonging to the company during the one and a half months it is so struck off duty; during that period the Officers and Non-commissioned Officers will be unremitting in their endeavours to instruct the men in all the duties of a soldier. Fine weather should be taken advantage of for out-of-door drill, &c., and in-door instruction and lectures should be given in bad weather.

VII. When corps take part in Autumn Manœuvres, this arrangement may require some modification, as, whilst they are so employed, no companies could be conveniently struck off duty

for purposes of instruction. The difficulty may be overcome by having two companies struck off duty for either the one and a half months before or after the Autumn Manœuvres.

VIII. In thus handing over to the Officers Commanding companies the responsible duty of instructing their own men in all they should know, the Field-Marshal Commanding-in-Chief feels the utmost confidence in the zeal, ability, and tact they will bring to bear in carrying out this order, and he will in future estimate the fitness of company officers for promotion by the manner in which their companies are able to drill, to shoot, and perform outpost and reconnaissance duties, &c., &c. It is most desirable that lectures should be given by the officers to their men during this course of instruction. At the end of the six weeks' course the Officer Commanding the regiment or battalion will put the company through the most searching examination, testing the recruits' knowledge of musketry, and the acquaintance of all ranks with their drill and duties, both in quarters and in the field. At the annual inspection he will furnish the Inspecting General Officer with his opinion in writing of each officer's zeal and ability, judging thereof very much from the manner and success with which they have imparted instruction to their men, and in the case of Captains and Majors, from the general efficiency of their companies.

IX. The Commander-in-Chief in India, and all General Officers commanding stations abroad will, as soon as convenient, report to the Adjutant-General, for the consideration of the Field-Marshal Commanding-in-Chief, the manner in which they think the spirit of these regulations can be best carried out in their command with due regard to peculiarity of climate and the health of the troops concerned.

Horse Guards' G.O. 51.—Musketry.

(Specially issued, 29th March 1883).

I. All regimental Instructors and Serjeant Instructors of Musketry will be abolished on the April 1883. 31st March 1883. The Serjeant

Instructors will be permitted to retain their rank and pay until otherwise provided for.

II. From the 1st April 1883 the musketry instruction of the recruit and of the trained soldier will in future be carried out by the Officers Commanding troops and companies, assisted by their Subaltern Officers, under the frequent supervision of the Officers Commanding regiments or battalions, and under the immediate control of General Officers commanding districts or stations.

It is hoped that the regulations laid down in G.O. 50 of this date, with reference to the posting of recruits by batches to one company at a time, may facilitate the musketry training of the young soldier in the recruits' course.

III. Officers Commanding regiments and battalions will frequently visit the ranges where their men are firing, and will see that the practice is being carried out in accordance with the Musketry Regulations, and that the troop or company registers are properly kept. The officer who is second in command will, under the orders of the Commanding Officer, exercise a constant supervision over the musketry instruction and shooting. When the practice takes place at a distance from head-quarters, the second in command will be detached to the place where it is being carried out, for the purpose of exercising this supervision.

The monthly Musketry Diary (*see para. 334, Musketry Regulations*), will in future be rendered by Officers Commanding regiments, battalions, Regimental Districts, Companies of Royal Engineers, or detachments of Cavalry and Infantry to General Officers commanding districts or stations, who will forward it, with their remarks written on it, to the Commandant of the School of Musketry.

The Annual Musketry Return (Revised), *i.e.*, 1st and 2nd Parts, will be prepared and forwarded by the Officer Commanding each regiment, battalion, Regimental District and Company of Royal Engineers to the General Officer Commanding the District or Station, not later than the 15th of April; to be transmitted with his remarks to the Commandant, School of Musketry, for the information of H.R.H. the Field-Marshal Commanding-in-Chief.

IV. The Officers in command, or in temporary command of troops or companies, will be held responsible that the drills, and the target and judging distance practices of their men are conducted in strict accordance with the Musketry Regulations, with which they are to be thoroughly conversant. They must be able to impart instruction in the position, aiming, and judging-distance drills, and cleaning arms instruction, in all the details of the annual course, including the duties of the register-keepers, markers, section commanders and signallers, and in the use of stadiometers and range-finders. They will in future prepare their Troop or Company Musketry Returns, and will be held responsible for their accuracy.

In future the duplicate total points of the registers of the practice will be initialled on the practice ground by the Officer Commanding the troop or company, who will, on his return to quarters, hand them to the Adjutant for the information of the Commanding Officer.

V. In accordance with the Special Army Circular of the 19th March 1883, the annual proportions of ball ammunition allowed for the practice and exercise of the Infantry and Cavalry will be as follows:—

		Rounds.	
		For each trained soldier.	For each recruit, Officer and man, in addition to the Annual Allowance.
Cavalry	{	100*	100
Infantry	{		

Every Cavalry and Infantry soldier will therefore fire, in the first year of his service, 100 rounds as a recruit, and 100 rounds as a trained soldier, or 200 rounds in all.

In order that General and other Officers may acquire a practical knowledge of the use and value of the various sorts of musketry fire, and of their application in the field, 1,200 rounds per battalion, and 800 rounds per regiment of Cavalry, may be annually drawn by order of any General Officer commanding a district or station to enable him to carry out any experimental fire tactics he may wish to practise.

VI. RECRUITS' COURSE.—The musketry instruction of the recruit will be conducted under the Musketry Regulations, by the Officers Commanding troops or companies, 100 rounds being fired per man, 10 rounds in individual firing at each of the following distances—5 rounds in independent firing at 300 yards; 10 rounds in volley firing in extended order, half at 400 and half at 600 yards; five rounds in volley firing in close order at 300 yards, and 10 rounds in skirmishing between 400 and 200 yards.

Individual Firing.

100 yards standing	} 3rd Class Target.
150 " "	
200 " kneeling	
300 " "	} 2nd Class Target.
400 " any military position	
500 " "	
600 " "	} 1st Class Target.

Volley Firing.

300 yards in close order	} Six Targets.
400 " in extended order	
600 " "	

* Including 10 rounds for shooting matches, or private practice.

Independent Firing.

300 yards, in close order ... Six Targets.

VII. THE ANNUAL COURSE of musketry instruction for the trained soldier will be divided into two parts.

THE 1ST PART OF ANNUAL COURSE.—The first Part will be carried out, as directed above, according to present regulations, except that the judging-distance practice will not necessarily be carried out concurrently with the target practice.

In the 1st part of the trained soldiers' course 110 rounds will be expended as follows:—

Individual Firing.

10 rounds at 150 yards, standing	} 3rd Class Target (with a Bull's eye 6 inches in diameter at 150 yards only).
10 " 250 " kneeling	
10 " 300 " "	
10 " 400 " any military position	} 2nd Class Targets.
10 " 500 " "	
10 " 600 " "	
10 " 700 " "	} 1st Class Targets.
10 " 800 " "	

Volley Firing.

5 rounds at 300 yards, close order	} Six Targets.
5 " 400 " extended order	
5 " 600 " "	
5 " 800 " "	} Eight Targets.

Independent Firing.

10 rounds at 400 yards, close order ... Six Targets.

With Cavalry the Volley and Independent firings should be carried out as laid down for Infantry except that Cavalry (as long as they are armed with the carbine) when firing volleys at 300 yards, and at Independent Firing at 400 yards, should be in single rank (kneeling).

Field firing and skirmishing will form a portion of the 2nd Part.

THE 2ND PART OF THE ANNUAL COURSE will be of a more practical nature than the 1st Part, such as firing at unknown distances and at extreme ranges, up and down hill, and also,

when practicable, at figure and vanishing targets and moving objects, in addition to the present skirmishing and field firing.

In the 2nd Part each man should fire 50 rounds, including 10 rounds for match shooting, or private practice.

It will be carried on throughout the year under the orders of the General Officer in local command, according as opportunities may present themselves, and as the ground, ranges, and description of targets at disposal will allow. The number of rounds need not necessarily be the same for each man, as the total number of rounds allowed to a troop or company for the 2nd Part may be distributed among the good and bad shots as thought most desirable.

The following practices are suggested:—

- (a.) Repetition by the worst shots of any portion of the first part of the course.
- (b.) Individual firing at a "head and shoulders" target.
- (c.) Individual firing at a "figure" target.
- *(d.) " " moving target at distances not under 150 yards.
- *(e.) Individual firing at a vanishing target at distances not under 150 yards.
- (f.) Volley firing at extreme ranges at targets representing bodies of Cavalry, Infantry, or Artillery.
- (g.) Skirmishing.
- (h.) Field firing.

At certain stations where all or most of these practices can readily take place, special sanction for the expenditure of additional ammunition in this part of the Annual Course will be given.

The regulation targets for *b* and *c* practices being already in possession of the troops, two at least of the above individual practices and field firing, wherever the nature of the ground and other circumstances permit, must invariably be executed; *b* and *c* practices must be executed to qualify as a marksman.

The space on a moving object or vanishing target on which hits are to be allowed to count, is not to exceed 432 square inches, and the value of a hit in practice *b*, *c*, *d*, and *e* will be three points.

The following diagram represents a regulation target (6 ft. by 2 ft.) on its side, partially blackened to represent approximately the heads and shoulders of two men.

* At those stations at which these targets have been provided.

When firing to qualify as a marksman in the individual practice *b*, the distance will be 200 yards in any military position.

The following diagram represents a regulation target (6 ft. by 2 ft.) with a figure 6 ft. high blackened upon it. Practice to be made without raising the backsight, or moving the sliding bar—i.e., with the 100 yards sight. Different portions of the figure to be struck from different distances between 285 and 140 yards.

The aim with half sight will always be taken (with the necessary allowance for wind) on a line passing through the centre of the head of the figure—i.e., about 6 inches from the top of the target.

Between 285 and 240 yards, the leg should be struck; between 240 and 180 yards, the body; and between 180 and 140 yards, the head.

The foregoing distances are detailed for the M. H. rifle; the distances for the Martini-Henry Carbine are the following:—

Between 260 and 220 yards, the legs should be struck; between 220 and 180 yards, the body; and between 180 and 140 yards, the head.

Only those hits that strike the part of the target that ought to be hit from the distance at which the firing has taken place will be allowed to count; all ricochet hits will count.

The number of rounds fired in the year by each soldier at each practice, and the nature of the practice will be invariably inserted in the Troop and Company return.

The future classification of soldiers in target practice will be as follows:—

Classification of Recruits.

115 points	...	...	...	First Class.
85 "	...	...	...	Second "
under 85 "	...	...	...	Third "

Classification of Trained Soldiers.

Infantry.

195 points	...	...	...	Marksmen.
150 "	...	...	...	First Class.
120 "	...	...	...	Second "
under 120 "	...	...	...	Third "

Cavalry.

175 points	...	...	...	Marksmen.
130 "	...	...	...	First Class.
100 "	...	...	...	Second "
under 100 "	...	...	...	Third "

VIII. *Figure of Merit.*—The comparative Figure of Merit to measure the efficiency of the individual soldier in his troop or company will be the total points obtained by him in all the individual practices of both the first and second parts that he may have gone through.

Until the provision of the necessary targets, these practices cannot be the same in all corps, but they will include at least two of the following practices; the moving target, the vanishing target, the "head and shoulders" target, and the "figure" target.

The comparative Figure of Merit of a squad, troop, or company in its regiment or battalion will be the average of the total points obtained by it in all the individual and squad practices, in both parts of the annual course with the exception of field firing. Officers commanding regiments and battalions will name in their Regimental Orders, as soon as possible after the 1st April of each year, the troop or company which has gained the largest Figure of Merit.

The Regimental and Battalion Figure of Merit is abolished, but at the end of each year the Commandant of the School of Musketry will forward to the Adjutant-General, for the information of His Royal Highness the Field Marshal Commanding-in-Chief, a report giving in general terms the results of all the various practices carried out in each regiment and battalion, together with such expression of opinion and suggestions as he may wish to bring to official notice.

IX. The Army Prize of 20*l*. will not be issued after the year 1882-83.

Prizes for good shooting will be distributed as follows:—

Cavalry and Infantry.

Best shot in regiment or battalion.

2nd best shot in regiment or battalion:

Best shot amongst corporals (including paid lance-corporals).

Best shot among the privates and unpaid lance-corporals in each troop or company, when 40 men and upwards have been exercised in both parts of the course.

Best shot among the privates and unpaid lance-corporals in each troop or company, when 30 men and upwards have been exercised in both parts of the course.

Marksmen.

The value of each prize will be published in an Army Circular.

The badges for the serjeants of the best troop or company and of all the prize winners, as above, will be awarded as under the present regulations.

No two of these prizes will be given to one man; the next in order of merit will in each case succeed to the prize vacated by the winner of a higher prize.

Prizes for judging distance will remain as at present.

In order to enable the issue of prizes for good shooting to be made as soon as possible after they are earned, Commanding Officers will in future make application for Marksmen's Prizes on the 1st of every month on Army Form O. 1717 (Revised) to General Officers Commanding Districts, by whom, after due examination, it will be approved and returned to Commanding Officers as the authority for the issue of marksmen's prizes and badges.

As the other prizes for good shooting, and all the prizes for judging distance, cannot be awarded before the termination of the Annual Course, Commanding Officers will make application, in a similar manner, for these prizes on 31st March annually.

A list of the names of the prize winners will be published in regimental or battalion orders.

The competition for the prizes given to the best and 2nd best shots among the privates and unpaid lance-corporals in each regiment or battalion, all the troops or companies of which have been exercised in both parts of the annual course, will take place between two men selected by the Officer Commanding each troop or company, each man firing 10 shots at ranges of 200 yards standing, 400 yards kneeling, 800 yards lying down, and at two of the individual practices of the 2nd part of the annual course, and, when the rifle range admits of it being done, at 1,000 and 1,200 yards in any of the recognized positions.

The prize given to the best shot amongst the corporals and paid lance-corporals will be competed for by one corporal from

each troop or company, the conditions being the same as those laid down in the preceding paragraph.

The best shot of the troop, company, or depot troop of Cavalry will be that unpaid lance-corporal or private who has obtained during the last annual course the greatest number of points in all the individual practices of both parts of the course that the troop or company has been exercised in.

After the year 1882-83 every marksman will receive a prize, but to qualify as a marksman the soldier must obtain 175* points in the Cavalry and 195 points in the Infantry in the individual firing of the 1st part of the course. He will also be required, both in the Cavalry, and Infantry, to fire 10 rounds at each individual *b* and *c* practice of the 2nd part of the course and to make 7 hits at each practice.

X. The troop or Company Musketry Return (the only troop or company musketry return required) will be prepared by officers commanding troops and companies, who will be responsible for its accuracy. It will contain the name of every man borne on the strength, and will show the different practices performed during both parts of the annual course, the number of rounds fired in each practice by each individual soldier, the number of points he has obtained, and the results of all practices executed by the troop or company. The record for each shot should be checked by the officer in command of the troop or company. As this return and the practice registers are to be the data upon which the proficiency of the men's shooting and judging distance is to be estimated and prizes awarded, the utmost care must be taken in their preparation. They will be submitted by the officer commanding the troop or company for the special examination of, and for comparison by, the Commanding Officer, immediately on the termination of each part of the annual course of each troop or company, and the Inspecting General Officer, at his annual inspection, will invariably examine each troop and Company Return of a regiment or battalion. If any irregularity should be detected whereby their integrity may be questioned, such as erasures, corrections not initialled by an Officer, absence of the signature of the Company Officer, or loss of documents, prizes will not be chargeable to the public.

Should any irregularity be discovered in the execution by any company of the several exercises in target and judging-distance practices, such as counting ricochets, except where specially allowed, placing marks to aim at to denote the allowance to be made for wind, &c., firing at distances shorter than those enjoined by the regulations, or at a greater number

* When Cavalry fire with the long rifle the same number of points as in the Infantry will be required.

of targets than are prescribed for the several distances, or at larger bulls-eyes or centres than prescribed for the several classes, departing in any way from the rules clearly defined for conducting the target and judging-distance practices, or otherwise deviating from the spirit of these regulations, by which alone a fair comparison can be arrived at, all prizes of that company will be forfeited.

All drill and practice registers may be destroyed as soon as the prizes have been awarded, but the troop or company practice return will be retained, for reference, by the Officer commanding each troop or company for a period of three years.

XI. Trained soldiers are to fire in all weathers, except in a very strong wind, or when rain renders marking almost impossible.

Volley and Independent Firing (*i.e.*, 30 rounds) may be fired in one day at the discretion of the Field Officer superintending the practice, and para. 40, Musketry Regulations, will be altered accordingly.

The training of casuals will be left to the discretion of Officers Commanding Regiments and Battalions according to the number of Company (or Troop) Officers he has available for the purpose.

The Band will be trained with one of the companies, the selection of which is left to the Commanding Officer.

It is optional with Officers to fire with their Companies, but the result of the Officers' practice is not to count towards the Company's Figure of Merit.

Officers are to judge distance with their Companies, recording their answers before taking the distances.

All the practices (Field Firing and (*a*) excepted) of the 2nd part Annual Course are to count towards the Figure of Merit of a Squad, Troop or Company. The Officer Commanding the Corps or Battalion to see that the competition is fairly conducted.

In reference to the further training of the worst shots of a Regiment or Battalion in practice "*a*" it rests with the General Officer Commanding to order the training of these worst shots to any extent he may think fit, as far as the ammunition for the "2nd Part" of the Annual Course will admit.

If the recruits of a company number less than six, they may be trained with those of another company, the registers being kept separate.

Infantry recruits 3rd Class shots are to be trained with their companies, and not separately as laid down in para. 195, Musketry Regulations, which will be altered.

In Regimental Depôts the recruits are to be trained by such Officer as may be directed by the Officer Commanding, the recruits being trained in batches irrespective of their Depot Company.

It is not necessary that the Prize Winners should be Marksmen. Para. 279, Musketry Regulations, will be amended accordingly.

The Cavalry Annual Course is, if practicable, to begin at the same time as that for the Infantry.

Skirmishing in the Cavalry, when detailed for 2nd part Annual Course, is to be carried out as dismounted practice with horses.

The trained Cavalry soldier should, when possible, in Preliminary Drill execute two position drills daily.

In the case of both Recruits or Trained Soldiers, who are transferred from one Regiment or Battalion to another Regiment or Battalion, or from one Troop or Company to another Troop or Company, and who, on the date of their transfer, have not concluded their Recruit's Course or their Annual Course, their performances in Target and Judging-Distance Practice will be transferred with them, and will be shown only on the Returns of their new Regiment, Battalion, Troop or Company.

Commanding Officers will exercise their own discretion on the following points:—

(a) As to the preliminary drill of the Cavalry Trained Soldier being extended to four days.

(b) As to the definition of "worst shots."

(c) As to the distance for Individual Firing at a Figure Target.

(d) As to the dimensions of the targets to be used at 1,000 and 1,200 yards in the competition for the best shots.

Until the present Army Form B 192 is revised, which is now being done, a Captain will have for this year only two of these Forms, one in which to enter the Recruits and one for Trained Soldiers. The Captain (or other Officer) who trains the recruits will furnish the results of the performances of each man to the Orderly Room, in accordance with the latter part of para. 321, Musketry Regulations.

The Regimental Recruits' Book referred to in para. 293, Musketry Regulations, is still to be kept up.

Officers Commanding Battalions will put forward requisitions for the necessary additional forms of diary.

A revised Troop and Company Annual Return will be issued in due course; in the meantime the present form can be easily utilised by additional columns being ruled for new distances in the individual firing.

Horse Guards' G. O. 52,—Musketry Ranges.

(Specially issued, 29th March 1883.)

1. At every station where rifle ranges are established, a two-section range should, when the range accommodation will admit of it, be allotted for the sole use of a battalion.

II. The daily work of a battalion on such a range should be divided into two daily periods. The first period from sunrise to noon, and the second period from 1 p. m. to sunset. In the interval between noon and 1 p. m., the range fatigue party will be employed in re-arranging and re-colouring targets, &c., &c.

III. Squads using the range before breakfast will invariably be supplied with a cup of coffee and a biscuit before leaving camp or barracks, under regimental arrangement.

IV. As a general rule the choice of morning or afternoon will be given to the company struck off duty for musketry, the recruits of another company using the range for the other period of the day.

V. Under these arrangements it is computed that making an allowance of eight days for Sundays and wet days, range accommodation for twenty-two mornings and twenty-two afternoons in each calendar month will be available.

The following table shows the number of days on which a two-section range can be made available for the use of each troop or company, of a regiment or battalion during every month in the year, to enable it to carry out the first and second part of the Annual Course of Musketry in accordance with G.O. 50 and 51 of this date.

REPORT OF THE COMMANDING OFFICER.

Who will report fully on each of the following subjects:—

1. The efficiency of the non-commissioned officers as Musketry Drills.
2. The manner in which the Drills and Practices were carried out.
3. Whether the registers and returns were correctly and neatly kept.
4. The condition of the arms, the ammunition, the ranges and the articles used in instruction. He will also add any special remarks on these or other Musketry subjects that he may wish to submit to the General Officer Commanding.

Transmitted to General Officers
 Commanding, who will forward it with their remarks
 entered below, to the Com-
 mandant, School of Musketry.

Remarks of and Memo. of action taken by General
 Officers Commanding.

Adjutant-General's Office, Simla, 25th July 1883.

No. 100.

Musketry.—With reference to Horse Guards' orders Nos. 50, 51, and 52 of 1883 previously published, the Commander-in-Chief directs General Officers to arrange at their discretion for

the training of companies under the new system; determining, according to the varying circumstances attending each regiment, the periods of instruction, number of companies to be struck off duty at one time, &c., but so that the training of all the companies shall be completed during the drill season. A brief report of the orders issued to each regiment is to be submitted to the Adjutant-General for the information of the Commander-in-Chief.

2. As the training of the soldier in all branches of instruction must be carried out more or less concurrently, and the strength of companies in India will require for the musketry portion of this training the unrestricted use of the range the whole day, and as the entire postponement of Part II until completion of Part I would inconveniently prolong the training and delay the preparation of the Army report, some of the practices of Part II, as also the judging distance drill and practice, must be executed in advance. Practices *a*, *b*, *c* must necessarily be done

For every 100 Men.

Marksmen 25 × 20 for <i>b</i> , <i>c</i> ,	500
Bad shots <i>a</i>	500
Match shooting, 10 rounds per man	1000
Field firing, 10 "	1000

after the individual firing; practice *h*, or field firing, at whatever time in the cold season the state of the crops will permit; and the opportunities for firing the free allowance of match ammunition must be decided regimentally. Reserving then at the rate of 30 rounds per man for these practices, the remaining 20 rounds allowed for Part II must be expended in the other practices mentioned in Part II, at the discretion of officers commanding, before Part I. The position laid down for the "head and shoulders" target will apply also to the "figure" target.

3. Recruits must be attached for instruction to selected companies, in such number as may be deemed most advisable by officers commanding; the early training of these men is very important.

4. The Contractor* for printing Government of India Stock Forms will supply to regiments direct forms of monthly musketry diary as soon as they are printed; three copies of these diaries will be submitted to the general officer, who will forward two copies completed, with his remarks, to the Adjutant-General of the Presidency; one of these will be transmitted to the Inspector-General of Musketry.

5. A compilation from these diaries in the circle offices is not required; the circle report, Form K, will show only the personal

report of the musketry officer, or the information required in para. 406, Musketry Regulations, omitting clause 10. Arrangements for the care of ranges, musketry appliances, lead and cartridge case fund, &c., must be made regimentally.

No. 69.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations:—

Para. 2279. After the word "butting" in first line add "to the classes mentioned in para. 2276 and to Hospital Assistants."

Insert as para. 2279a—

The allowance for butting under medical regulations of men in the Army Hospital Native Corps will be paid on bills countersigned by the Surgeon-General, Her Majesty's Forces, who will be responsible for their correctness. These bills will be forwarded to the Surgeon-General through Administrative Officers of the Medical Department.

No. 70.—Equipment—Returns.—Under instructions from P.M.G. No. 1257, dated 26th February 1883. Government, Officers Commanding Regiments of British Cavalry, Batteries of Royal Artillery, and Battalions of British Infantry will submit annually, on March 31st, a return of equipment on printed forms which will be supplied by the Adjutant-General.

2. These returns will be forwarded collectively by Divisions and Districts to the Adjutant-General.

3. The returns, dated 31st March 1883, are to be forwarded as soon as possible.

4. The instructions for filling in this return, noted on the forms, should be strictly observed.

5. S.G.O. No. 24 of 1882 is cancelled,

No. 71.—Ammunition—Small Arms.—The Commander-in-Chief directs it to be notified that Government have sanctioned the issue of small arms ammunition to Departmental Warrant and Non-commissioned Officers at troop rates.

No. 72.—Recruiting—Forms.—M. M. Form 633 (Return of Recruiting Parties) having been revised as under Officers Commanding Native Regiments are requested to adopt the revised form, which can be obtained from the Superintendent, Lawrence Asylum Press, as heretofore.

GENERAL ORDERS.

HEAD QUARTERS, OOTACAMUND,
23rd August 1883.

No. 73.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations :—

Section 7, paras. 704A, 704B, 704C, inserted by S.G.O. No. 12 of 1883 are cancelled, and the following substituted :—

704A. Passes for shooting purposes are only to be granted to steady well-conducted men who are known to be competent to handle a gun. Not less than three men should go out shooting together, and at least one of the party should have sufficient acquaintance with the language to be able to converse with the inhabitants. On no account is any member of a shooting party to address or enter into conversation with native women. Soldiers are prohibited from entering any village, house, temple, mosque, or enclosure, or from shooting in their vicinity, and they are forbidden to trespass upon or shoot over crops.

704B. Officers Commanding Stations will communicate with the Civil authorities in order to ascertain in what tracts of country shooting should be forbidden, either on account of the sacredness of the localities, or for other reasons. The Civil authorities should also be asked to give a list of such animals and birds which are looked upon as sacred by the inhabitants. A list should then be hung up in each barrack room giving the names of the localities where shooting is forbidden and of the birds and animals whose slaughter is prohibited.

704C. Para. 704A will be read to every man to whom a shooting pass is granted, and it will be ascertained that he is aware of the localities that he is prohibited from visiting and of the animals and birds whose killing is forbidden. Any breach of these rules should be severely punished, and, should the men of any one corps be guilty of repeated disregard of the orders on the subject, permission to shoot should be withdrawn from the corps for one year.

In line 8 of para. 2816, after the word "Committee" insert (M.M. Form 634).

No. 77.—The following general orders, by His Excellency the Commander-in-Chief in India, are republished :—

Adjutant-General's Office, Simla, 25th July 1883.

GENERAL ORDERS.

HEAD QUARTERS, OOTACAMUND.

No. 81.—Madras Army Regulations.—Section 5 (General Officers and Inspections) is reconstructed as follows:—

SECTION 5.—GENERAL OFFICERS AND INSPECTIONS.

- | | |
|--|--|
| I.—General Duties in Command. | III.—Duties of Inspector-General, R.A. |
| II.—Inspections and Confidential Report. | IV.—Parades and Reviews. |

I.—General Duties in Command.

1. It is by the zealous exertions and constant superintendence of the General Officers that the Maintenance of discipline. system of discipline essential to the reputation and success to Her Majesty's arms is to be maintained.

2. General Officers intrusted with command are responsible, not only for the discipline of the Disposal of Troops and knowledge of country. Troops and their constant preparation for active service, but likewise, in case of attack, for the immediate and advantageous disposal of every description of force placed under their control. They are to inform themselves of the resources of their stations in regard to provisions, laborers, horses, and the means of transporting troops and stores, and to obtain an accurate knowledge of the strong features of the country, and of all military depôts within their respective commands, of all fortified places and their means of defence, and of every particular which may increase their power of acting with advantage against an invading enemy; it is also necessary that they should possess an intimate acquaintance with the assailable points of the country. Without information on these heads, no plan of attack or of defence can be formed.

SEPTEMBER 6, 1883.]

185

3. They are likewise to keep up an intercourse with the Magistrates and other civil authorities, in order to ensure confidence and facility of communication when circumstances may require the co-operation of the civil and military power.

4. General Officers in command are expected to give their personal and unremitting attention to the interior economy and discipline of the corps under their command, and to be prepared, at all times and on the shortest notice, to report, for the Commander-in-Chief's information, on all the subjects referred to in the annual confidential reports, as well as on the efficiency of any particular corps with regard to its equipment and preparation for immediate service. They should also watch, with the view to uniformity, the system pursued by Commanding Officers in granting indulgences to soldiers, in awarding minor punishments, and especially in the adoption of measures for the prevention of crime, as discipline cannot be generally or effectually maintained if Commanding Officers are permitted to practise different systems to arrive at the same object. When it is supposed that a fine for drunkenness has been improperly levied, they will decide the question on the spot, on receipt of a report of the circumstances of the case from the Commanding Officer, their decision being final.

5. It is equally incumbent on Generals commanding to ascertain that the General and Staff Officers under their command are well versed in their several duties, and that they are competent, both from general intelligence and acquired local information, to render that assistance which, from the nature of their appointments, they are expected to afford.

6. General Officers Commanding cannot reside at other than their head-quarter stations, nor are they to quit their head-quarters, except on their tours of inspection, without the previous sanction of the Commander-in-Chief, which, in any special case, may be applied for by telegraph. (See also para. 23 of this section.)

7. When vacancies occur in the commissioned or non-commissioned staff of the army, which require to be filled up on emergency, appointments are to be made temporarily by the General or other officer in command of the Division, District or Force, to

which such staff may be attached, subject to the confirmation of the Commander-in-Chief.

8. Whenever General Officers purpose leaving their head-quarter station, whether on leave or duty, they will report the dates of their contemplated departure and return to the Adjutant-General. This report should be made in time to admit of its receipt at Army Head-quarters before the departure of the General Officer from the station.

9. The duties devolving upon General Officers and others in command during an epidemic are fully detailed in Section 18, which should be most carefully attended to in all its particulars.

10. During an outbreak of cholera, General Officers are to remain at their proper head-quarters for the purpose of meeting emergencies that may arise; except in cases where they consider their presence urgently required at any other station within their command, when a reference may be made as ordered in para. 6 of this section.

11. General Officers are to arrange, in consultation with Artillery Commanding Officers, for instructing the officers and soldiers of British Infantry, and the British officers of Native Cavalry and Infantry, in heavy gun drill, whenever practicable.

12. They will also cause all Infantry Regiments (British and Native) under their command to be instructed and practised in escalading fortified places and field-works, wherever an opportunity may offer for their doing so, according to the instructions laid down in the "*Rules for escalading practice*." Scaling ladders will be supplied on indent by the Ordnance Department.

13. General Officers Commanding stations at which there may be Arsenals or Magazines are required to visit them periodically. In these inspections they are to be accompanied by the Officer Commanding the Artillery at the station, whose duty it will be to bring to their notice any points which may occur to him to require attention.

14. General Officers should carefully examine all points connected with the sanitation of the different stations under their command; reporting to the Commander-in-Chief any shortcoming

which may be verified by themselves or their staff officers, and naming without reserve the military or medical officer on whom the responsibility of the neglect rests.

15. On the 1st of January of each year, General Officers Commanding will submit to the Adjutant-General a confidential report on M.M. Form 410 on each officer of the Indian Service serving on the staff (see para. 28 of this section).

16. The General Officer Commanding a Division, a District or a Brigade, and under him the Officer Commanding the Station or Garrison or Fort as the General Officer may direct, is held responsible for the condition of the forts situated within his command. Annual inspections of fortified places will be held under the following Regulations:—

Rule I.—The Senior Officer of Royal Artillery of the station (not being the Officer Commanding the Royal Artillery of Division or District) and the Executive Engineer of the Division (if a Royal Engineer, and if not, a Royal Engineer deputed by the Superintending Engineer) in which the fort lies; will each make an annual inspection as soon after 1st January as may suit his convenience.

The reports of the Royal Artillery Officers (on the armament) will be submitted to the Officer Commanding the Royal Artillery of the Division or District, and that of the Executive Engineer (on the defences) will be submitted to the Superintending Engineer, if a Royal Engineer, both reports for transmission to the General Officer Commanding the Division or District, with such remarks as may be considered necessary.

Rule II.—The report of the Royal Artillery Officer will relate only to the armament, and will describe the condition of the guns, ammunition, platforms, embrasures, &c.

The annual report of the Royal Engineer Officer will treat only of the defensive works and buildings, and will be in two parts:—

Part I will consist of a plan and sections through the most important parts of the work on suitable scales. Upon the plan will be given in a tabular form the following information:—

Details of armament, capacity and identification of the magazines, cubical contents of stores and tanks.

Accommodation of barracks and casemates with the cubical and superficial space per man.

All underground drains are to be indicated, and every detail, the knowledge of which is likely to be useful, should be shown.

Part 2 will contain a detailed description of every part of the defences in consecutive order, a statement of work in progress on the defences, and of work considered necessary, and an approximate estimate of the money required for their completion.

To avoid the cost and labor of preparing the plan and detailed description of the defences every year, the plan should be lithographed or photozincographed, and the description of the defences printed. The local Executive Engineer will be responsible that the copy of the plan accompanying the annual report is corrected up to date, and includes all additions to, or alterations of, the defences made up to within one month of the annual inspection.

Rule III.—The above described reports should be submitted to the General Commanding the Division or District not later than 15th February. He will examine them, and then not later than 15th March, arrange to inspect the fort or forts, accompanied by the Officer Commanding Royal Artillery of the Division or District, by the Superintending Engineer of the Command (if a Royal Engineer, if not, by a senior officer of Royal Engineers deputed by the Superintending Engineer), and by the officer of the Quartermaster-General of the Division or District, and the reports and proposals contained therein will be thoroughly considered on the spot.

Rule IV.—A report embodying those described in Rule II, and also the results of the General Officer's inspection, will then be drawn up in the office of the Division or District Quartermaster-General, and submitted not later than 1st April to the Quartermaster-General, for the consideration and orders of the Commander-in-Chief, and ultimate submission to Government. This report will be signed by the General Commanding, and also by the Artillery and Engineer Officers who accompanied him on his inspection.

These two officers may, if they think it necessary, append to the report their opinions when they differ from those contained in the report.

Rule V.—After the report of the General Officer has been despatched to Army Head Quarters, the original reports submitted under Rule I will be returned to the officers who sent them in, that of the Royal Engineer Officer will be transmitted to the Executive Engineer of the Division in which the fort lies, and will be in his office for reference.

Rule VI.—The officers in whose charge the plans of fortifications remain are held responsible for their safe custody and due preservation. They will also be responsible that no unauthorized person has access to, or means of, knowledge concerning them.

Rule VII.—That in the case of forts in charge of the civil authorities, they shall be subject to supervision by the Inspector-General of Military Works, or by the Superintending Engineers of the Commands in which they are situated, the reports being submitted for the information of the Commander-in-Chief and of Government.

Rule VIII.—The forts of which annual inspections will be made are Fort St. George, Secatabuldee, Secunderabad (Trimulgherry entrenchment), Rangoon defences, Thayetmyo and Tonghoo, all other fortified places being reported on by the Public Works Department.

II.—Inspections and Confidential Reports.

17. Instructions regarding the inspections of and the preparation of confidential reports relating to British Regiments are contained in Section V, paras. 20—40, 1881 inclusive, of the Queen's Regulations, the general principles laid down in which are equally applicable to Native Troops. The following paras. regarding inspections refer therefore only to *matters which affect British Troops locally or Native Troops exclusively*.

18. All Batteries of Artillery, Regiments of Cavalry and Battalions of Infantry will be inspected once a year by General Officers Commanding Divisions and Districts, the inspections commencing in January.

Batteries, Regiments and Battalions moving in course of relief will be inspected at their new or old stations, according as they march in relief before or after the 1st January.

19. Native Regiments will be inspected annually between December and March.
Of Native Troops.
20. Whenever it may be found impracticable to arrange for the annual inspection of a Regiment, an explanatory report, in duplicate, is to be made for the information of the Commander-in-Chief and Government.
21. Officers Commanding Divisions and Districts are to make an annual inspection of the hill depôts in their command, at such periods as may be most convenient.
Inspection of Convalescent Depôts.
22. General Officers Commanding Divisions proceeding on a tour of inspection will be accompanied either by their Assistant Adjutant-General, or Assistant Quartermaster-General, or both of them, as the General Officer may consider necessary: when only one of these officers is taken, that officer will perform all the staff duties required by the General Officer Commanding. Brigadiers-General Commanding Districts will be accompanied by the Deputy Assistant Adjutant-General of the district, or officer of the Quartermaster-General's department attached to the command, and the officer in attendance will perform all the staff duties required by the Brigadier-General.
23. General Officers Commanding Divisions and Districts when proceeding on tours of inspection are not to proceed by rail or dâk at the public expense, without the special sanction of the Commander-in-Chief.
24. They will also, when practicable, require the Deputy Assistant Adjutant-General for Musketry of the command to accompany them, and to furnish information regarding the instruction of officers and men and the exercise of arms.
25. It is the duty of inspecting officers fully and faithfully to report without reserve, and to make such observations as they may consider necessary, on the several heads to which attention is directed. Inspection reports are, as far as practicable, to be the result of continued intercourse and observation, and not to be confined to an inspection at any particular time. Every officer intrusted with a command is, therefore, to make himself so conversant with the interior economy and actual state of every corps of which it is composed,

and so acquainted with the talents and exertions of every officer under his command, that he may be enabled at any time to furnish, from his own personal knowledge and observation, any information which may be required on subjects connected with the corps. Should an inspecting officer have occasion to point out defects, he is not only to mention them in his report, but also the directions he has given with a view to their rectification.

26. Unemployed officers are to be personally examined at the period of the annual inspection as regards their capacity for performing the Military duties of their rank. All such officers should be afforded opportunities of acquiring a knowledge of regimental duties, and should be warned when they first join a command that they will be required to undergo the abovementioned examination. General Officers Commanding will, on the 1st April and 1st October of each year, submit confidential reports in triplicate, on M.M. Form 410, on all unemployed officers doing duty in their commands.

27. The inspection reports on regiments of British Cavalry and Infantry are divided into two parts: Part No. I (Army Form B-107) for Cavalry, and (Army Form B-169) for Infantry will relate to the general efficiency of the regiment in all its details, and will be sent to the Adjutant-General in triplicate. Part No. II will comprise a full and exhaustive report upon the personal efficiency, conduct, character, acquirements and service of every officer of the service companies, whether present in India or not; the various columns being filled as far as possible for those officers absent from head-quarters. This report will be prepared in triplicate on Army Form B-194 separately for each officer, and will be rendered to the Military Secretary to the Commander-in-Chief, to whom also any subsequent correspondence arising out of the report will be addressed.

Officers of the Royal Engineers on the Imperial list who are employed on purely Military duty are likewise to be reported on Army form B-194 by General Officers Commanding, through the Military Secretary.

28. Reports on officers of the British service serving on the Staff in India, or as probationers (see also para. 32 of this section) with Native Regiments, are to be sent to the Military Secretary, through the Adjutant-General.

29. The reports upon the Artillery, which are to be forwarded to the Assistant Adjutant-General, Royal Artillery, at head-quarters,

in triplicate, will be made on Army Form B-89 which embodies both Part I and Part II of the Reports on Cavalry and Infantry.

30. Officers of the Royal Artillery are also to be reported upon on Army Form B-194 by Officers Commanding Royal Artillery in divisions and districts, and the report submitted to the General Officer, who, after ascertaining that all officers of Royal Artillery under their command have been reported on, will complete and forward them with the annual confidential report (Army Form B-89) to the Assistant Adjutant-General, Royal Artillery. The page of the report showing particulars of service, &c., not being required, is to be ruled across, and the other page only filled in.

31. I.—Confidential reports on Paymasters who belong to the Army Pay Department will be prepared by Commanding Officers in duplicate on Army Form C-306, and forwarded to the Military Secretary to the Commander-in-Chief on the 1st February annually for transmission to England.

II.—Officers undergoing probation for appointment to the Army Pay Department and Paymasters who do not belong to that department but are serving under the old rules will be reported on in the usual manner on Army Form B-194.

III.—Paymaster's books should be produced at the inspection
S.G.O. 116
251 of 1879.

IV.—Reports on officers of the Army Medical Department will be made on Army Form C-337 (administrative) and C-339 (executive), and those on officers of the Army Veterinary Department on Army Form C-397. Where station hospitals have been established, reports on medical officers are not required to accompany the inspection reports.

V.—Officers Commanding Regiments and Batteries will be required to report on officers of the Army Veterinary Department attached to their commands, and these reports will be forwarded collectively by General Officers to the Adjutant-General with their remarks.

32. The inspection reports on regiments of Madras Cavalry and Infantry are divided into two Parts, Part No. 1 (M.M. Form 407 for Cavalry and M.M. Form 409 for Infantry) will relate to the general efficiency of the regiment in all its details, and will be prepared in duplicate. Part No. 2 will contain a full and exhaustive report upon the personal efficiency, conduct, character, acquirements and services of every officer borne on the rolls of the corps, the various columns being filled in as far as possible for all absent officers. This report

will be prepared in original on M.M. Form 410 for regimental officers and on M.M. Form 410A for medical officers; and for each officer separately, and will accompany the inspection reports, a single copy only being required. Officers serving as probationers for the Staff Corps will, in addition to the report required by para. 28 of this section, also be reported on in M.M. Form 410.

33. A confidential report on M.M. Form 411 on Native Officers is to be submitted by Officers Commanding Native Regiments with the annual inspection reports of their corps. Whenever a Native Officer is unfavorably reported upon therein, the purport of such entry is to be communicated to him by the Commanding Officer at orderly room in the presence of the Wing or Squadron Commander and of the Adjutant of the Regiment. A copy of the report is to be retained for regimental record.

34. The queries in the inspection reports are of so precise a nature as to require few detailed directions for filling them up. The following general instructions are sufficient for the purpose, and inspecting officers are enjoined to be guided by and to act up to them:—

- (a) They should not be satisfied with brief replies in the negative or affirmative: reports so drawn up do not furnish the Commander-in-Chief with those particulars relating to the officers of a regiment, which would enable him with due discrimination to benefit the meritorious, or to note the undeserving.
- (b) It is not sufficient to state that a Commanding Officer has zeal, or that he maintains a well-regulated discipline: zeal may be unaccompanied by talent for command, and the system of discipline may have been established by others.
- (c) Amongst the Field Officers and Captains, there must be some superior to others, and they should be specially brought to notice, and not all be classed in the same category.
- (d) All questions of importance should be specially and decidedly reported upon in a manner that will place the Commander-in-Chief in full possession of the actual state of a regiment as regards all ranks.
- (e) In Native regiments every British officer including probationers and the medical officer, whether present or absent, must be reported on in M.M. Form 410 and 410 A., respectively.

Probationers will, in addition, be reported on in Army Form B194. See para. 28 of this Section.

In the case of probationers whose regiments are not in India, the details on the first page of the report are to be filled in by the officer himself.

(f.) Officers of British regiments will be reported upon individually on Army Form B194.

(g.) As the advancement in the service of officers will, in a good measure, depend on the reports made on them on Army Form B194 or M.M. Form 410, as the case may be, it will be incumbent upon every Commanding Officer to devote the most earnest care and consideration to the correct and impartial compilation of a document upon which the professional prospects of his officers will so mainly depend.

(h.) It will be a most responsible duty of the inspecting General Officer to investigate every entry, and to ascertain the correctness of those columns which apply to matters of fact, and the justice of the conclusions come to in those referring to matters of opinion. He will state fully his own opinion in each case, and will himself report upon the Commanding Officer and Field Officers of the regiment. These reports will be strictly confidential and privileged documents, in no case to be made public. Whenever an officer is disadvantageously reported upon, he will be officially informed of the particulars of such report by the officer making it, and in the presence, if possible, of the inspecting officer. A note will be made in the report that these instructions have been duly attended to, or explanation furnished why they have not been carried out. If the result of the report is considered by the Commander-in-Chief to disqualify the officer for further promotion, he will be so informed, but if reported for reasons which may be removed by amendment or study, he will be cautioned, and when more favorably reported upon, his claims may be reconsidered.

35. Inspecting General Officers must insist on the attendance of every available officer, non-commissioned officer and soldier at their inspection parades and drills; and the list of absentees must be closely examined by them on each occasion, so as to ensure no individual being absent on insufficient grounds. Soldiers employed in the officers' or serjeants' messes, orderly-room assistants, school assistants, post-men, and canteen serjeants are required to attend. The barrack

and sick orderlies and men employed in drawing rations are to be reduced to the lowest number possible.

36. Regiments during the period of their inspection should, whenever practicable, be relieved from furnishing station guards or other duties.

37. With a view of effectually insuring uniformity and of protecting officers and others from unnecessary expense, General Officers are specially to direct their attention to the dress and appointments of all ranks of the regiment; and should they ascertain, on comparing them with the sealed patterns, that any alterations or additions not sanctioned by authority have been introduced, they are to specify them in their report, and to name the officer or officers by whom they were made or ordered.

38. Officers of the army are required to furnish themselves with the latest editions of the books to be kept by officers of undermentioned books:—

(a.) *Officers of the Royal Artillery.*

The Queen's Regulations and Orders for the Army.
Royal Warrant for Pay and Promotion.
Field Exercise and Evolutions of Infantry.
The two Manuals of Artillery Exercises (field and garrison).
The Manual and firing Exercises for the Martini-Henry Carbine (Artillery).
Madras Army Regulations.

Horse and Field Artillery officers in addition

Regulations for Instruction and movements of Cavalry.

(b.) *Officers of British Cavalry.*

The Queen's Regulations.
Royal Warrant for Pay and Promotion.
Regulations for Instruction and Movements of Cavalry.
Instructions for Sword, Carbine, Pistol, and Lance Exercise.
Rifle Exercises and Musketry Instruction.
Madras Army Regulations.

(c.) *Officers of Native Cavalry.*

The same as for officers of British Cavalry, with the addition of the Army Act, the Indian Articles of War, and the Carbine and Rifle Exercises and Musketry Instruction for Native Troops.

and omitting the Royal Warrant for Pay and Promotion, and Rifle Exercises and Musketry Instruction.

(d.) *Officers of British Infantry.*

The Queen's Regulations and Orders for the Army.
Royal Warrant for Pay and Promotion.
Field Exercise and Evolutions of Infantry.
Infantry Sword Exercise.
Rifle Exercises and Musketry Instruction.
Madras Army Regulations.

(e.) *Officers of Native Infantry.*

The same as for officers of British Infantry, with the addition of the Army Act, the Indian Articles of War, and the Carbine and Rifle Exercises and Musketry Instruction for Native Troops, and omitting the Royal Warrant for Pay and Promotion, and Rifle Exercises and Musketry Instruction.

39. The manner in which officers or soldiers should proceed to obtain redress for any grievance under which they may conceive themselves to be suffering is prescribed in the Army Act, but if they should desire to bring their grievances to the notice of an inspecting General Officer, they are to be afforded an opportunity of doing so.

40. When claims are advanced by soldiers, they are to be fully and distinctly stated, with such explanations annexed as may be necessary, with a view to their being duly investigated and adjusted. Commanding Officers should, however, understand that the investigation of ordinary claims should not be deferred till the period of the annual inspection. Every effort should be made to settle them as they arise, and it is only when all such efforts have failed, that officers are justified in submitting such claims to the inspecting officer for, if necessary, the decision of the Commander-in-Chief.

41. When unanimity and good understanding do not prevail in a regiment, the inspecting officer is to report on the subject, stating with whom the blame appears to rest, and what steps have been taken by the Commanding Officer and superior local military authority to restore harmony and to bring about that state of good feeling among the officers which is so obviously essential to the reputation and well-being of every regiment.

42. In reporting upon the mess of a regiment, the inspecting officer should state whether the institution is, or is not, in debt; if so, from what cause and to what extent, and what arrangements have been made for liquidating the same; and, further, whether any arrears are due by the officers; and, if so, by whom: and in the case of native regiments, he will give the average monthly amount of the officers' mess bills, including every charge except those for wine, beer, spirits and cigars. The inspecting officer will also report fully upon the ordinary, as well as the special, expenses of messes caused by entertainments, and upon the general conduct of regiments in these particulars.

43. Inspecting officers will call upon Commanding Officers to show them in original the latest remarks made on previous inspections by the Field-Marshal Commanding-in-Chief or the Commander-in-Chief in India, or by both, as the case may be. They will state in their report in what manner and with what effect the orders issued at the previous inspection have been obeyed. In cases where it may be necessary to report or call attention to such previous orders, they should not be referred to in general terms, but the particulars on which they were founded should be fully given.

44. They are to pay particular attention to the state of the arms, and to satisfy themselves that they are clean and free from rust both internally and externally.

45. Whenever any articles of ammunition or equipment are returned as "wanting" or "unserviceable," or whenever any deficiencies are observed in the clothing or other equipments, inspecting officers are to require an explanation of the cause and of the steps which have been taken to obtain a supply of the deficient articles, and to adopt such measures as will ensure their being speedily supplied, mentioning in their confidential reports the orders they have given, and directing them to be inserted in the order book of the regiment.

46. They are to report on the proficiency or otherwise of the British officers in the sword exercises; and to bestow particular attention on the state of equipment and chargers of officers of mounted corps. They are also to report on the bayonet exercise and on the escalading practice (para. 12, of this Section), which, in all practicable cases, they are to see performed; and when, from any cause, either practice has been omitted, the reasons are to be explained. And they

will note fully in their reports the manner in which the shelter-trench exercise is performed in their presence by men indiscriminately selected from different companies.

47. The particular attention of inspecting officers must be directed to the march in quick time of all corps, which should be in exact accordance with the cadence laid down by regulations. In skirmishing and outpost and piquet duties, they should ascertain whether the officers and men have been instructed to take advantage of cover, to appreciate the advantages of a military position, and to act independently by companies under their own commanders.

48. The following general instructions are to be specially attended to on the inspection of British corps. British corps of all arms :—

(b.) They are to state whether the rations are ample, of good quality and cleanly served, and whether any system of extra messing has been established; if so, the amount of contribution, and under what arrangement it is laid out; if not, the reasons are to be given. The cost of the ration supplied by the Commissariat to the British soldier is not to be included in the daily amount of messing.

One of the captains or subalterns (provided the latter shall have been doing duty for a reasonable period with the corps) is to be called upon to put the regiment through the exercise, field movements, and evolutions; such captain or subaltern to be selected indiscriminately and without any previous notice, in order that it may be ascertained whether due attention has been shown to the instruction of every officer, whether opportunities have been afforded to them of becoming acquainted with every part of their duty, and whether they have availed themselves of such opportunities.

(i.) They will also question Officers Commanding troops and companies regarding the names, services, and characters of their men; and they will also ascertain by a theoretical examination whether the officers have been instructed in their court-martial and other duties.

- When a period of three months has elapsed, the Commanding Officer will make a further special report on these men to the General Officer, showing whether they have improved or not: in the latter case annex-

- ing copies of the non-commissioned officer's records of services and company defaulter sheets, and stating whether they recommend a further period of probation or immediate reduction to the ranks. - (a) Inspecting officers will report the attention that has been paid by the Commanding Officer to the periodical revision and correct preservation of the regimental registers, and register of heirs; and whether the acquittance rolls are signed by all men who can write or that the marks made by those who cannot write have been initialled by an officer.

It will sometimes be found that native officers and non-commissioned officers of over 32 years' service still retain their bodily vigour and are quite fit for the performance of all military duties. Such men it is very desirable to retain, as their experience and

example are valuable in a regiment; but it is equally important to ensure that all worn-out men are sent to the pension establishment. The selection of men for retention in regiments is left to the discretion of General Officers in consultation with commandants of corps.

- (j) They will report if the regimental accounts are regularly checked and the amount in the cash chest counted monthly.

50. All inspection reports should bear the actual date of the inspection, and must be despatched to head-quarters not later than three weeks after such date.

52. The inspecting reports are to be accompanied by the special reports required in paras. 40 and 48 of this section when necessary; and in native regiments, a register of the courts-martial held in the regiment since the last inspection, and a statement of the mess accounts.

All documents forwarded with the report should be in triplicate (in the case of Native Troops in duplicate), prepared on foolscap paper, with printed headings, and countersigned by the inspecting officer.

53. The officers holding the artillery divisional or district commands are responsible for the efficient condition of all the artillery within their commands, and will be required to inspect every battery annually. They will be accompanied by their divisional or district Adjutants. This inspection will be carried out immediately before the annual inspection by the General Officer (para. 18 of this section, the

report being made on Army Form B-89, a part of which is reserved for the regimental Commanding Officer and a part for the General Officer.

54. The Officer Commanding the artillery in divisions and districts will also, ordinarily, twice in each year, inspect the arsenals, magazines, and ordnance depôts, and also the ordnance mounted in any forts situated within their commands (para. 13 of this section).

55. They will, however, have no authority over officers of the Ordnance Department; and their duty will be confined to reporting any deficiencies for the information of the Commander-in-Chief, who will, if he considers it necessary, bring the points reported on under the notice of Government.

III.—Inspector-General of Artillery.

56. The Inspector-General of Artillery will reside ordinarily at the head-quarters of the Bengal army, and will make periodical inspections of the artillery in all three presidencies, under such instructions as he may, from time to time, receive from the Commander-in-Chief in India. This inspection will be conducted in the most searching manner, and will embrace both the personnel and material. An adherence to the strictest uniformity in drill, equipment and dress is to be enforced throughout the corps. The ability of officers to perform the various duties, &c., required of them is to be tested and reported on.

57. In the inspection of the artillery of a fortress or battery, especially for sea defence, the greatest attention will be paid to the efficiency of the armament, and the due provision and proper distribution of ammunition, and artillery stores in charge of the commanding officer of artillery. The Inspector-General will satisfy himself, and report on the state of efficiency and readiness of officers, non-commissioned officers and men, with regard to their various duties as artillerymen, and that their familiarity with all details, and circumstances of the works entrusted to them, for defence, is such as to ensure, at all times, prompt and effective action when called for.

58. In the inspection of field artillery, the Inspector-General will ascertain that the drills and movements are performed with regularity and smartness; that each officer (of sufficiently long standing) is able to drill a battery correctly; that the non-com-

missioned officers, gunners, artificers, and trumpeters understand, and properly perform their respective duties; that the horses are in good condition, and that the guns, carriages, ammunition, harness and stores of all kinds, are complete and in good order.

IV.—Parades and Reviews.

59. During the review of a regiment, no other corps is to be out at drill, nor to fire near the same ground.

60. When the troops are passing the General, no person is to be allowed to come between the reviewing officer and the columns; officers not in the ranks are to place themselves in rear of the saluting point.

61. When officers attend as spectators at the inspection or review of troops by a general officer, they are to appear in uniform of the same description, full or undress, as ordered for the troops reviewed or inspected.

62. At reviews and inspections, blesties and syces, accompany corps are to be kept on the reverse flank of the column or in rear of the line, and at a little distance, and a hospital doolie from each corps is invariably to be in attendance. The encroachment and crowding of natives on parade grounds for the purpose of collecting caps, tubes or cartridge cases, should be prevented by cantonment magistrates and other station authorities.

63. At all parades of corps for inspection, parade states will be presented to the staff officer of the Adjutant-General's department accompanying the inspecting officer. They will be made out on a card the size of a quarter of a sheet of foolscap, according to form given in Appendix No. 2.* At all garrison, brigade, or divisional parades, for inspection by a superior officer or for purposes of drill, regimental parade states will generally be submitted on the previous day, and a field state of the force prepared on the form given in appendix, for delivery to the inspecting or commanding officer as directed in "Field Exercises," Part VII, 1877.

No. 88.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations:—

Revised Section 5 (S.G.O. No. 81 of 1883), para. 31, I, line 4, for "duplicate," read "triplicate."

Para. 43, line 2, *dele* "in original;" line 5, for "Commander-in-Chief in India," read "Commander-in-Chief of the Presidency or foreign station in which the corps was last inspected."

Dele para. 48 (n) and substitute—

(n). It is also their duty to satisfy themselves that the records of native followers attached to British regiments (para. 3101, Madras Army Regulations, and S.G.O. No. 77 of 1881) are duly maintained and corrected up to the date of inspection.

Para. 780, 782, 783, and 799 to 802 are reconstructed as follows:—

780. The donations and monthly subscriptions to be paid to the band fund by the British officers will be regulated by Commanding Officers in consultation with the officers of the regiment, care being taken that these payments are reduced to the lowest possible limit.

780A. Every officer borne on the rolls of the regiment, whether on detached or staff employ, leave or furlough, is to contribute to the maintenance of the band as follows:—

Officers holding officiating appointments in regiments, other than their own will pay subscriptions to the band of the regiment with which they are serving.

While in India by a monthly subscription calculated by such percentage rate on pay and allowances, exclusive of office or contingent allowance, as may be laid down regimentally, but not exceeding 2½ per cent. While on furlough, on private affairs, or medical certificate, by a monthly subscription of one day's English pay of rank. Half of the amount due for the period of absence will be paid in advance by the officer, and the remainder recovered on rejoining. In the event of an officer being removed to another regiment while on furlough, the subscriptions overpaid in his former regiment should be transferred to his new regiment. Officers seconded from their regiments or officiating

in staff employ will pay the regimental rate of percentage on the pay of their substantive rank only, and not on their staff salary.

780B. Such donations, as may be laid down regimentally, but not exceeding 15 per cent. on pay and allowances, will be paid by all officers, including medical officers, on appointment to the regiment; and in all cases of promotion from one appointment to a higher, or to a higher rank in the army, a further donation will be paid on the increased pay.

782. *Subscriptions* are due from date of appointment to, and donations from date of joining, the regiment. Donations may be paid by instalments as may be arranged regimentally; any balance due by an officer quitting a regiment on leave either in, or out of India is to be paid up at once, unless the Commanding Officer is satisfied with the officer's arrangements for the payment of the same by instalments. Donations becoming due during an officer's absence from his regiment are to be paid up by instalments immediately after his return.

783. Officers transferred from one regiment to another are not to pay a second donation in the same appointment or grade; and their monthly subscription to the band of their new corps is to commence from the first of the month following their transfer.

In the event of an officer relinquishing his appointment in any regiment for a permanent employ in a civil branch or department of the service, and afterwards returning to regimental duty, he must pay a fresh donation.

Donations.

799. Donations and difference of the same on promotion on the principle laid down in para. 780B will be levied from all officers, including medical officers, borne on the regular establishment of the regiment, at the rate of 25 per cent. upon their pay and allowances, exclusive of office or contingent allowance.

800. First donations are due from date of joining. If an officer appointed to a regiment does not join he will pay no donation, but is liable for subscription for the whole time he is borne on the rolls. Donations may be paid by instalments as may be arranged regimentally; any balance due by an officer quitting a regiment on leave, either in or out of India, is to be paid up at once, unless the Commanding Officer is satisfied with the officer's arrangements for the payment of the same by instalments. Donations becoming due during an officer's absence from his regiment are to be paid up by instalments immediately after his return.

(a.) Officers attached in excess of the establishment are to pay no donation for one year, and probationers for the Staff Corps are to pay no donation during their period of probation.

At the expiration of these periods they must pay donations on the scale laid down in para. 799, the former to the corps to which they are attached, and the latter to the regiment to which they are finally posted.

(b.) A donation in each grade or appointment is all that is required; transfer from one regiment to another in the same appointment or grade not involving fresh donation; or in other words, no officer shall be required to pay a second donation in any one grade under any circumstances.

(c.) In the event of an officer relinquishing his appointment in any regiment for permanent employ in a civil branch or department of the service, and afterwards returning to regimental duty, he must pay a fresh donation.

Subscriptions.

801. The monthly rate of subscription from all members of the regular establishment of regiments, married or single, is to be Rupees (8) eight. That of attached officers and probationers for the Staff Corps, Rupees (5) five.

802. Officers borne on the strength of regiments are, when absent from them on leave, to pay full rates of subscription if in receipt of Indian pay and allowances; when drawing English or furlough pay, they are to pay half rates of subscription. The subscriptions that will become due from an officer, while on furlough, are to be calculated at half rates on his furlough being notified in general orders. Half the aggregate sum is to be recovered on his leaving the regiment, and the other half on his return. In the event of an officer being removed to another regiment, while on furlough, the subscriptions overpaid in his former regiment should be transferred to his new regiment.

802A. Officers holding officiating appointments in regiments, other than their own, will pay subscriptions to the mess of the regiment with which they are serving. Officers seconded from their regiments or officiating in staff employ, will pay half rates of subscription.

Para. 236 is reconstructed as follows:—

236. Should the number of officers ordered to be embarked on board a vessel belonging to, or wholly freighted, or chartered by the Government, be insufficient to fill the cabins, the spare accommodation may, at the discretion of the local naval and military authorities, be appropriated to ladies for whom there is no room in the ladies' cabin, and who have been authorised passage.

The same rule will also apply to Her Majesty's Indian troop ships, in which, however, one spare cabin, No. 9, is always to be retained for the use of invalid officers.

Mily. Dept. No. 661 S.C., Para. 297. After the words, dated 20th August 1883, to the "messing contribution," add—"except as stated in para. 540."

Mily. Dept. No. 662 S.C., dated 18th August 1883, to the Para. 324 Expunge the word, "or" from the fifth line, and add—"or 1875" after "1868."

Add as para. 343a—

343a. The provisions of para. 333 are applicable to non-commissioned officers of the Public Works Department, and to non-commissioned officers employed as clerks on consolidated salaries in Army Head Quarter's offices, when proceeding to England on privilege leave; but passages for their families, when not accompanied by the non-commissioned officers themselves, will only be granted by the special sanction of the Commander-in-Chief—payment of the regulated messing charges will invariably be made on or before embarkation.

 Mily. Dept. No. 361, dated 16th June 1883, to the Quartermaster-General in India.
 Mily. Dept. No. 968, S.C., dated 5th October 1882, to the Quartermaster-General in India.

Add as para. 370a—

370a. Soldiers invalided solely in consequence of having suffered from an attack of insanity, but who have recovered, will be sent home as "Invalids under surveillance," and not as "Insanes." When on the voyage home, such men are not to be provided with special accommodation and attendants, and are not to be placed on sentry with arms, or on posts of exceptional importance, on board ship.

An informal inspection of them will be made daily by the medical officer in charge.

They will be sent with ordinary invalids to the port of embarkation under divisional arrangements, and under such surveillance as the Deputy Surgeon-General may consider requisite.

Add as para. 437a—

437a. The general officer commanding at Aden can, at his discretion, sanction passage by private vessels, in the absence of Government steamers, for commissariat clerks or other subordinate servants of Government, who may be discharged for misconduct or permitted to resign their appointments and return to India.

Add as para. 540a—

ceeding to India, the regulated messing rates for themselves and families will be charged.

Add to footnote as para. 4—

CHURCH OF ENGLAND ASSURANCE INSTITUTION,

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “FREE” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

Premiums may be paid annually, half-yearly quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. Cockerill, sees applicants for Assurance at the General Hospital, on any day of the week at 9 A.M., and noon at his House, Nungumbaukum.

Detailed Prospectuses, with the names of the Directors, Full Tables of Life Premiums, and the necessary Forms of Proposal, may be obtained on application to the following Agents:—

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1881-85 is at the rate of 70 per cent. of original Annual premiums paid during 1876-80.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Madras, on Wednesdays and Saturdays between 11 and 12 A.M.

For further particulars, Reports, Prospectuses, Forms of proposal, &c., apply to
