IT IS A MATTER FOR CONSIDERATION whether it is not worth while to put aside some small sum monthly out of Indian Pay towards the above—as towards a Savings Fund—while the subscription is small and the health good.

It is an advantage to commence such provisions early in life.

The subjoined form, if sent to Secretary, STANDARD LIFE OFFICE, BOMBAY, to Messrs. Binny & Co., Chief Agents, Madras, to Messrs. Alstons Scott & Co., Chief Agents, Colombo, or to any of the Standard Company's Agents, will receive prompt attention.

Memo.—Please inform me what I would have to pay for £100 a year from age 50, *plus* £250 to be received at age 50, *plus* £250 to be paid to my Estate should I die before age 50.

MADRAS:

PRINTED AT THE LAWRENCE ASYLUM PRESS, MOUNT ROAD, BY W. H. MOORE.

AGENTS.—HENRY S. KING AND CO., 65 CORNHILL AND PALL MALL.

Note.—IT IS AN ADVANTAGE TO MILITARY MEN to effect Assurances in time of Peace, as the small Military Extra covers the Risk of War in any part of the Globe. Should Officers delay effecting Assurances until time of War, they are then liable to pay a heavy War Extra.

STANDARD LIFE OFFICE.

Invested Funds, upwards of Six Million Pounds Sterling.

The monthly payment to secure a sum of FIVE THOUSAND RUPEES at age 55 (the same sum to be paid at death if it occurs previous to that age) is about SEVENTEEN Rupees at age 20. If delayed until age 40, the monthly payment for exactly the same provision is more than doubled.

Payments may be made monthly, quarterly, half-yearly, or yearly, and the conditions are very liberal in regard to payments falling into arrear, &c.

This form of Provision (a sum payable at age 55 or at death if previous) is particularly suitable to Officers in India in many ways. Prospectuses and every information may be obtained on application.

THOMAS LANG,
Secretary, Bombay Branch.

May 1884. BINNY & CO.,
Chief Agents, Madras Presidency.

Pensions.—Rs. 500 per annum to commence from age 50 may be secured by a payment of about Eight rupees a month if commenced at age 20: if commenced at age 30 the rate is about Seventeen rupees; and if at 40 about Forty-nine Rupees. Prospectuses, &c., on application. *Applicants for information are particularly requested to state date of birth.*

SPENCER AND CO.

MADRAS, BANGALORE AND OOTACAMUND.

List of Wines.

Our Sherries.

Are not to be surpassed in this Presidency, and from the large orders we receive for them from various parts of the Bombay Presidency it is only natural to assume that better Sherries at our prices are not even obtainable there.

The first three Wines at Rs. 21-12 per dozen are certainly without their equal in Madras.

These are Medium Dry—Dry—and extra Dry.

We may here state that excepting Montilla and Manzanilla, our Xerez House confines itself exclusively to Wines of Genuine Xerez growth, which it ships pure and guarantees free from those admixtures of the low price products from outlying districts which, shipped as Sherry, have done so much to bring discredit upon Genuine Xerez Wine.

The Pale Standard Dinner Sherry.

SPENCER & Co. continue to make a *specialité* of this particular Sherry, which they have no hesitation in recommending as a Dinner Wine, hitherto unequalled in this market at the Price. It is a genuine, light, pale and delicate Wine, and is well worthy the attention of consumers who desire a good, wholesome, and inexpensive Wine.

In Section 5, insert the following as para. 15A :—

"Every General and Staff Officer serving in the field, whether of the general or departmental Staff, is to be reported upon confidentially to the Commander-in-Chief, by the officer in chief command, on the 1st January of each year, *and when the force is broken up.*

The reports on officers of the British Service are to be prepared on Army Form B 194, and those of Indian Service on M. M. Form 410, and forwarded to the Adjutant General, Army Head Quarters.

No. 81.—Duties.—With the sanction of Government, the Commander-in-Chief directs that the following procedure shall be adopted in future with a view to facilitate the employment of Military labour on public works.

2. Whenever a Military work of any sort is to be carried out, the Engineer preparing the estimate shall, at the time of submitting it for countersignature, attach to the estimate a memorandum shewing :—

I. What part of the work is suitable for Military labour; European, or Native

II. The number of troops that would be required, and for what time.

III. The amout available for their pay, as calculated in the estimate at the local rates.

3. The General or Commanding officer will then decide and endorse on the estimate :—

I. Whether the troops can be spared for employment with due consideration to drill and duties.

II. Whether the amount available in the estimate appears sufficient for the remuneration of the troops.

III. Whether he recommends their employment.

4. If satisfied on these points, the General or Commanding officer will order the employment of the troops, as soon as he is informed that funds are allotted and that the work is to be commenced.

5. Troops will be employed under their own officers and non-commissioned officers, and it will be the duty of the Local Engineer to convey the necessary instructions simply and clearly to the senior officer of the working party; and of this officer to see them properly carried out, and transmitted to his successor in command, on the relief of the party.

6. In case of dispute or dissatisfaction, the General or Commanding officer will decide with whom the fault lies, and in case of neglect or carelessness by the troops, it shall be competent to him to withhold payment of working pay until the work be satisfactorily completed or to stop it altogether, as provided for in Army Regulations, India, Volume I, Parts I and II.

7. In deciding questions under the last paragraph, the General or Commanding officer will invariably consult the Superintending engineer as his legitimate adviser.

8. Sappers are to be employed on the same principles as troops of the line. If capable of higher classes of work, they will be paid as specially provided in Army Regulations India, Volume I, Part II.

9. Task work is the best mode of stimulating troops to exertion. Particular work or section of work should be made over to particular regiments, and the distribution of working pay should be affected regimentally.

10. Tools will, in all cases, be supplied free of charge by the department employing the troops; the men using them being required to pay for any damage that may be caused by unfair usage or negligence on their part. The procedure in this case will be similar to that followed in assessing barrack damages.

11. When employed at a distance from barracks, troops should be encamped, using their own camp equipage, and regimental or depôt carriage. Their rations, water-supply and the sanitation of these camps, should be provided, and arranged for, exactly as at camps of exercise, no extra cost being debitable to the Military works under these heads.

12. In effecting ordinary repairs, &c.,* on account of "Barrack damages," the officer commanding the corps concerned should be given the opportunity, if he so wishes it, of carrying out such repairs, or portions of them, regimentally, the men being paid for the same at local rates, subject to the approval of the work by the Executive engineer or other officer deputed by him.

* (Referred to in paras. 2241, 2242, M. A. R.)

Should the Commanding officer be unable, or unwilling to undertake the repairs, they should be carried out in the manner hitherto provided for.

13. In every matter relating to the employment of Military labor, excepting only the power to sanction excess expenditure, the General officer is supreme.

No. 82.—The following general orders, by His Excellency the Commander-in-Chief in India, are republished:—

Adjutant General's Office, Simla, 20th September, 1884.

Add new para. 2586 A.

2586 A. Care is to be taken that British Troops travelling by railway during winter months, take their blankets with them in the railway carriages, instead of having them locked up with their kits in the baggage wagons, as it is necessary that they should be available for use when the weather is cold, especially at night.

Para. 2734 is reconstructed as follows:—

2734. Applications for discharge by indulgence or otherwise of soldiers on the Unattached List, are to be forwarded by the officer under whom they are immediately serving, to the corps on the rolls of which the men are borne with a memorandum of the applicant's conduct. These applications will then be transmitted to the Adjutant General, Ootacamund, in view to the issue of the necessary order for the remand of the men (para. 2736) to their corps for the purpose of discharge. In cases where it will not be convenient for the men to join their corps the proceedings of the regimental board assembled at the head quarters of the corps, to verify their service, &c., will be sent to their departmental officer for the soldier's signature which must be attested by that officer, who will finally return the documents to the corps for disposal in the usual manner.

Para. 2708 is reconstructed as follows:—

2708. When a soldier is placed on the Unattached List he becomes subject to his departmental superiors in all respects, and any service that may be required of him by military authority must ordinarily be obtained by application to the chief departmental officer on the spot.

(*a*). A soldier belonging to the Unattached List continues subject to the general provisions of the Army Act, 1881, and is therefore bound to obey the lawful commands of his superior officers; but on ordinary occasions any order of military authority should be conveyed to him through his departmental superior, civil or military, on the spot. In those situations where a soldier is entrusted with independent executive duties, any service required of him by military authority should ordinarily be communicated in writing, but on emergence an order from military authority may be conveyed to him verbally by an officer or soldier.

(*b*). Whenever a soldier on the Unattached List is charged with the commission of any offence against the Army Act, 1881, military authority should investigate the charge and otherwise deal with the case only after obtaining the sanction of the chief departmental officer on the spot. Where the soldier is himself discharging independent executive duties, and there is no departmental officer on the spot superior to him, and the ends of discipline compel the immediate arrest of such soldier, prompt information by telegraph and letter must be given to the departmental officer under whose orders such soldier is serving, in view to arrangements being made by him for the conduct of the duties of the department relinquished by such soldier placed in arrest.

(*c*). The pay, promotion, retirement, and pension of soldiers on the Unattached List are regulated by rules made from time to time by the Governor-General in Council.

Para. 963 (S. O. No. 20 of 1878) add:—

As a rule a soldier about to be invalided on account of insanity in any form should not be allowed to have arms in his possession pending his removal to England.

Paras. 2702 and 2703 are reconstructed as follows:—

2702. Under the regulations contained in paras. 2743 to 2770, commanding officers will notify, direct to heads of departments, the names and qualifications of eligible candidates serving under their command who are desirous of staff employment with the view of their being duly registered for vacancies as they may occur. When the services of a candidate are required, the department concerned will apply, direct to the officer commanding the station, (or in the case of artillery men, to the Assistant Adjutant General, Royal Artillery) where the individual is serving, who will permit him to proceed and take up his appointment.

2703. As soon as a candidate joins the appointment, the head of the department will apply to the Adjutant General on M. M. Form No. 390 for his transfer to the Unattached List, noting in the application the date of his joining the department, in view to the transfer taking place from that date. Previous to his transfer, the soldier must sign a certificate to the effect that he is cognisant of the orders contained in paras. 2700 to 2737 and that he is prepared to abide by them. A regimental warrant or non-commissioned officer, joining a department in which the sergeants are not eligible for promotion to the warrant grade, must sign a certificate to the effect that he voluntarily reverts to the rank of platoon sergeant. A regimental warrant or non-commissioned officer, joining a department in which the sergeants are eligible for promotion to the warrant grade, must, if of higher rank than color sergeant, sign a certificate to the effect that he voluntarily reverts to that rank.

Color sergeants appointed orderly room or paymaster sergeants to convalescent or other depôts, will not be required to revert to sergeant.

Para. 1179, as reconstructed by S. G. O. 44 of 1883:—

In line 10 *dele* "khaki gaiters" and insert "putties."

In lines 11 and 12 *dele* "khaki gaiters—or" and "when on the line of march."

In lines 16 and 17 *dele* "khaki gaiters, or" and "if ordered."

In lines 20 and 21 *dele* "khaki gaiters" and insert "putties."

Para. 2901. Dele the addition made by S. G. O. No. 14, dated 28th February 1884, and insert the following:—

"Applications for the discharge of men belonging to the army hospital, native corps, are to be forwarded through Deputy Surgeons-General and general officers commanding, to the Surgeon-General, Her Majesty's Forces, for the orders of the Commander-in-Chief."

Para. 1191—Expunge. See Clothing Regulations for British Troops serving in India.

Para. 1192—*dele* "at regimental Head Quarters" in the 1st and 2nd lines and substitute "by regiments of the native army."

Para. 1195 is reconstructed as follows:—

"Commanding officers of native regiments are strictly forbidden to introduce or sanction any deviation from the sealed patterns of clothing and necessaries. They will be held personally responsible for the payment of any expense which

may be entailed by having to replace or to restore to the approved pattern any articles which may be found by inspecting officers to be not in conformity thereto."

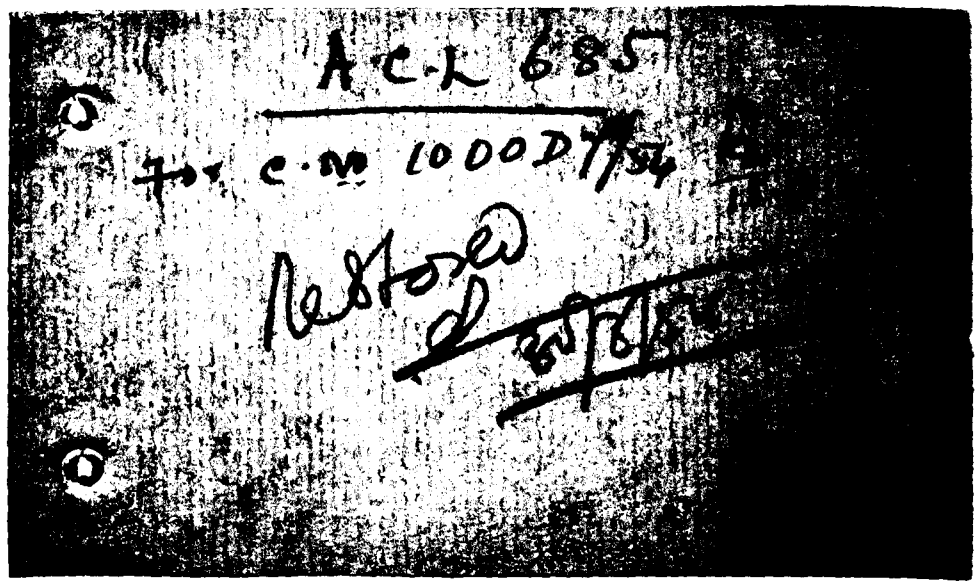

Para. 1196 is reconstructed as follows:—

"Every article of a native soldier's clothing and regimental necessaries which is capable of receiving a mark is to be marked with the owner's regimental number, the number of the corps to which he belongs, and the month and year of issue."

Paras. 1197 to 1215—Expunge. See Clothing Regulations for British Troops serving in India.

Paras. 2492 and 2494—Expunge. See Army Regulations, India, Volume I, Part II.

Paras. 2496 and 2497—Expunge. See Army Regulations, India, Volume I, Part II.

Paras. 595, 596 and 597 are reconstructed as follows:—

Para. 595.—The office of Native Adjutant requires honesty of purpose, tact and judgment on the part of the Native officer holding it. As a commissioned officer in a position of great trust, he should feel that confidence is placed in him by every officer of the regiment. He is to set an example of soldier-like conduct, and be a pattern of dress to the Native officers of the regiment. All orders received through him are to be obeyed by the Native officers and others, in like manner as given by the European Adjutant in person. He is on no account to

interfere, in any manner, with the interior economy of troops or companies, but assisted by the Havildar-Major, he will collect and make all reports to the Adjutant, who is the organ of all communications to the commanding officer, whether on parade or otherwise.

Para. 596.—The general duties of the Native Adjutant are as follows:—

I. To assist the Adjutant, under whose immediate authority he is placed, in instructing young and recently promoted troop or company officers and non-commissioned officers in their duties as instructors of their troops or companies and squads and in instructing recruits.

II. To see that the men, undergoing punishment drill, attend as directed until the expiration of the period awarded.

III. To superintend, under the Adjutant's orders, the general rosters of commissioned and non-commissioned officers for *all* duties, kept by the Regimental Havildar-Major, and in fact, to assist the Adjutant in all his duties on the responsibility of that officer.

IV. He will attend daily, at the Adjutant's quarters, for orders at such hour as may, from time to time, be directed, and it will be his duty, generally, to inform the Adjutant of every circumstance, in any manner connected with the welfare or discipline of the regiment which may come to his knowledge.

V. Unless otherwise directed, his post at drill, &c., will be in line, on the right of the supernumerary rank; and in column, on the reverse flank of the front company. He will place himself on the left of the officers of that company, and salute with them when marching past.

Para. 597.—Native Adjutants must have a thorough knowledge of all branches of drill, including the rifle or carbine, sword and lance exercises, as taught in their regiments, and of all the branches of musketry instruction, drill and practice.

597 A.—No Jemadar will be appointed Native Adjutant, or allowed to officiate in the appointment until he has received a certificate of competency from Army Head Quarters.

597 B.—Such certificates will be granted upon the proceedings of a board of officers, assembled under the orders of General officers commanding divisions or districts.

(3) Another selected officer detailed by the officer commanding the division (if possible resident at the station where the candidate is quartered); the senior to preside. The boards are to be convened during the ordinary visit of the Deputy Assistant Adjutant-General for musketry.

The examination will be entirely of a practical character, and will embrace a thorough knowledge of—

1st.—Troop, squadron, or company and battalion drill, outpost duty, judging distance instruction, skirmishing, the duties of troop or company and section leaders, markers, &c., both on parade and field service.

VIII Regimental Magazines.

Page 207, the following new paras. will be added :—

VIII Regimental Magazines.

Ammunition to be escorted.

1315. All ammunition drawn from, or returned into, a magazine is to be moved under charge of a competent escort. Wagons conveying powder in any form are always to move at a walk.

Barrels.

1316. Powder barrels are to be filled or emptied through the bung-holes: taking out the heads, or damaging the staves, is prohibited.

Entry of stores in half-yearly returns.

1317. Ammunition boxes, slings, wax pawlins, &c., received from magazines, are to be entered in the half-yearly returns (para. 3050, section 29).

Undue accumulation of ammunition forbidden.

1318. Officers in local command are to prevent the accumulation of ammunition and powder in excess of the requirements of the troops, at all stations under their command where there are no regular magazines.

Magazine regulations.

1319. The following are the rules for the preservation of ammunition in regimental magazines, a copy of which is to be hung in every magazine :—

To be on trestles.

(*a*) The ammunition boxes are always to be raised off the ground on trestles. Trestles will be supplied by the Public Works department, and must be at least one foot six inches in height; the feet are to be cased in copper, as a protection against white ants and damp. Eighteen running feet of trestle are sufficient for a cavalry regiment, and forty-eight feet for an infantry one, a trestle 6′ by 2′ should not carry more than 68 boxes in 8 tiers; cavalry require 3 such trestles, infantry 8.

Boxes kept separate.

(*b*) The boxes are to be ranged with interstices of a few inches between them in tiers of 8 headers and 9 stretchers alternately, and not too near the wall, to admit of free ventilation and to avoid the damp which might exude from the wall.

Use of pawlins.

(*c*) When the roof of the magazine is thoroughly water-proof, pawlins are not to be thrown over the boxes, as they stop ventilation.

Damp floors.

(*d*) When there are any symptoms of the floor showing the slightest damp, the pawlins should be placed on the floor to prevent the damp from rising to the boxes.

Free ventilation to be kept up.

(*e*) When the air is damp, every precaution should be taken to prevent its admission by the flues doors, or windows; but, when it is dry, these should be opened, and the magazine freely ventilated: it is better not to ventilate at all than with damp air, but no ammunition will keep free from deterioration unless ventilated. Ventilation cannot be complete unless there are holes in the roof of the building.

Oldest ammunition to be used first.

(*f*) Ammunition which has been longest in store is to be first expended in practice, whether it is called "*service*" or "*practice*" ammunition—both being alike—

No. 98.—Furlough—Documents.—Under instructions from the Secretary of State for India, it is notified, for information, that whenever warrant or non-commissioned officers of the British Service (who are not on the Unattached List) have been granted furlough to England, each man must be furnished with a final last pay certificate and furlough certificate showing the nature and period of his leave, together with a certificate of stoppages for rations while on voyage home.

Add new para. 1548 A.

1548 A. At stations where there are Presbyterian and Wesleyan ministers ministering to the troops, the Deputy Assistant, or Assistant, Adjutant-General or the Station Staff Officer, is required to furnish the clergyman, on application from him, with monthly certificates, showing the numbers of officers and men of that clergyman's denomination, who have been present in garrison, and for whom the capitation allowance sanctioned by Government is claimed. For this purpose a soldier's persuasion should be determined by the entry against his name in the regimental records.

No. 100.—Pensions—Native Army.—The Commander-in-Chief directs that the form noted below be taken into use by Regiments of the Madras Army :—

and the necessary alteration, caused by the transfer of service to practice, is to be made in the regimental books.

(*g*) No unserviceable ammunition is ever to be allowed to remain in store after the end of the current half-year. Whenever it is found to have become so, it should be dealt with as prescribed in Army Regulations, India, Volume III. But should the regiment be likely to proceed on active service, an emergent requisition to replace the unserviceable ammunition should be at once submitted.

Unserviceable ammunition to be condemned

1320. All regimental magazines, both of British and Native troops, are to be reported on half-yearly, viz., on 1st April and 1st October, by commanding officers on M. M. Form No. 401 General officers in command will collect and forward under one cover to the Adjutant General (through the Assistant Adjutant General for Musketry), all reports on rifle ammunition, or magazines in which rifle ammunition is stored.

Half-yearly magazine reports.

1321. Only the ammunition issued by Government for regimental or station purposes, whether made up into cartridges containing their own means of ignition, or in barrels, is, in future, to be stored in regimental magazines. Powder in barrels, or cases, shall, however, be in a place by itself, and as far as possible from the boxes of breech-loading cartridges, and be cased in felt covers and covered with a pawlin.

Separation of ammunition.

Pawlins, magazine shoes and felt covers for barrels will be issued as station stores.

All persons shall, before entering a magazine, change their boots for magazine slippers, which are to be kept in the magazine and not taken beyond the door sill.

1322. Powder produced by breaking up breech-loading small arm ammunition is not to be stored in magazines, or used for any purpose, on account of the danger which might arise from a mixture of the detonating composition with it. It should be kept separate, and destroyed at all stations where the means of extracting the saltpetre do not exist.

Powder of C. F. cartridges not to be used otherwise.

1323. Cylinders containing copper friction tubes are on no account to be placed inside magazines or near powder. Officers

having such stores in their charge are required to take precautions to ensure proper care being taken in unpacking and handling them, owing to their explosive nature.

1324. Pawlins which are issued to regiments and batteries for the protection of their ammunition are not to be kept folded up, but should be suspended by the corners, and free ventilation thus afforded. Two pieces of rope or two old ramrods passed through the eyelet holes at opposite corners, and then suspended to the ceiling, answer the purpose. Pawlins should not be stored in powder magazines.

Protection and storage of pawlins.

1325. Commanding officers of corps are required to inspect their magazines at least once a month, and ascertain that every precaution is taken for the proper preservation of the ammunition. Commanding officers of stations are also required to inspect regimental magazines from time to time.

Inspection of magazines.

Note.—Officers are referred to Army Regulations, India, Volume III, for full information regarding arms and appointments, the receipt and transfer of stores, and cognate subjects treated of in this section.

No. 101.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations:—

Section 5.—After Rule I.—Para. 16, insert:—

On all occasions when firing, experimental or otherwise, is about to take place from any of the heavy or medium rifled guns mounted in the permanent works in his division, timely notice will be given to the superintending engineer by the military authorities, to enable him to detail an officer of Royal Engineers to be present, to watch and report on the effect on the works.

The officer so attending should direct his attention to the following points:—

(1) The convenience of the arrangements for the service of ammunition, and the working of the lifts, including the state of the ramps or other means of communication.

(2) The effect of the blast of the gun on parapets, &c.

(3) The effect of concussion on doors of magazines, cartridge and shell stores, and on the glasses of lamp recesses.

(4) The efficiency of speaking tubes during the noise of firing.

Arrangements should be made for all officers to attend such practice and experiments in turn, in order that all may become familiar with the working of heavy or medium guns, and the requirements of the service.

Any suggestions for increasing the efficiency of the works and their accessories, by improving the means for the supply of ammunition, or for communication between the commanding officer and the various guns, or for lighting the magazines, or any such services, as well as for the safety of the guns and gun detachments, should be submitted by the engineer officer deputed to be present at the firing, through his departmental superiors to the Inspector General of Military Works, immediately on the conclusion of the practice, a copy of the report being communicated to the general officer commanding, for embodiment in his annual inspection report, or such other action as he may deem necessary.

THE MADRAS EQUITABLE ASSURANCE SOCIETY

(SUCCESSOR TO THE MADRAS LAUDABLE SOCIETY, ESTABLISHED IN 1829

Regulated by Act No. VI of 1869 of the Legislative Council of Fort Saint George.

HEAD OFFICE IN MADRAS.

Agents in London, Messrs. Arbuthnot, Latham & Co.

BOARD OF DIRECTORS.

THE HON'BLE A. MACKENZIE, CHAIRMAN.

R. C. WALKER, Esq. | G. LOXDALE MURRAY, Esq.—(MURRAY & Co.

Capt. J. H. TAYLOR, R.N.R. (Master Attendant.) | W. GORDON, Esq.—(CHAR. MER. BANK.)

Medical Examiner.

Surgeon A. M. BRANFOOT, M.D.—(Europe.)

Surgeon A. J. STURMER.—(Acting.)

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1881-85 is at the rate of 70 per cent. of original Annual premiums paid during 1876-80.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road Egmore, on Wednesdays and Saturdays between 11 and 12 A.M.

For further particulars, Reports, Prospectuses, Forms of proposal, &c., apply to

The anti-Stylographic (Hearson's Patent.)

A pen and Inkstand in one.

The anti-Stylograph is a self-feeding reservoir pen, and differs from all Stylographs in the fact of *its not* being a writing point, but a true pen, changeable at pleasure, and, being nibbed in the ordinary way, it maintains the characteristics of the hand writing, which depend on thick and thin strokes. This is an important point for the signature of cheques or other documents. It can also be used by Shorthand Writers. It is ready for instant use WITHOUT ADJUSTMENT, and only requires to be refilled after several days' use. It may be carried in any position without risk of breakage. Any ink may be used.

The anti-Stylographic (Hearson's Patent.)—*continued.*
