c.—IT IS AN ADVANTAGE TO MILITARY MEN to
 Assurance in time of Peace, as the small Military
 covers the Risk of War in any part of the Globe.
 Officers delay effecting Assurances until time of
 they are then liable to pay a heavy War Extra.

STANDARD LIFE OFFICE.

Invested Funds, upwards of Six Million
 Pounds Sterling.

The monthly payment to secure a sum of FIVE THOUSAND
 RUPEES at age 55 (the same sum to be paid at
 death if it occurs previous to that age) is
 about SEVENTEEN Rupees at age 20. If delay-
 ed until age 40, the monthly payment for
 exactly the same provision is more than
 doubled.

Payments may be made monthly, quarterly, half-yearly,
 or yearly, and the conditions are very liberal
 in regard to payments falling into arrear,
 &c.

This form of Provision (a sum payable at age 55 or
 at death if previous) is particularly suita-
 ble to Officers in India in many ways. Pros-
 pectuses and every information may
 be obtained on application.

SPENCER AND CO. MADRAS, BANGALORE AND OOTACAMUND. List of Wines.

Our Sherries.

Do Are not to be surpassed in this Presidency.
 AITE from the large orders we receive for them
 Do in various parts of the Bombay Presidency
 ARTE is only natural to assume that better Sherries
 Do our prices are not even obtainable there.

The first three Wines at Rs. 21-12 per dozen
 are certainly without their equal in Madras.

These are Medium Dry—Dry—and extra Dry.
 We may here state that excepting Montilla
 and Manzanilla, our Xerez House confines itself
 exclusively to Wines of Genuine Xerez growth,
 which it ships pure and guarantees free from
 those admixtures of the low price products from
 outlying districts which, shipped as Sherry, have
 done so much to bring discredit upon Genuine
 Xerez Wine.

The Pale Standard Dinner Sherry.

SPENCER & Co. continue to make a speciality
 of this particular Sherry, which they have no
 hesitation in recommending as a Dinner Wine,
 hitherto unequalled in this market at the Price.
 It is a genuine, light, pale and delicate Wine,
 and is well worthy the attention of consumers
 who desire a good, wholesome, and inexpensive
 Wine.

No. 2.—Madras Army Regulations.—The following alterations are made in the Madras Army Regulations :—

Para. 1519A.—The following rule has been framed by the High Court under the powers conferred in that behalf by Section 652 of the Code of Civil Procedure under date, the 18th December, 1883.

The Government of Madras having, in their order dated 23rd November, 1883, No. 3113, Judicial, communicated to the Honorable the Judges for any instructions they may think fit to issue, endorsement of the Government of India forwarding, with remarks, correspondence regarding the disadvantage under which native soldiers are placed in carrying on law suits and other business in Civil Courts, the High Court has made the following rule to apply not only to native officers or soldiers, but to all public servants, officers and soldiers :—

All suits in Civil Courts for the prosecution or defence of which persons in the service of Government, officers of the army or soldiers have obtained leave of absence, shall be disposed of by such Courts as soon as they are ripe for hearing irrespectively of the order in which they may stand in the register and as speedily as may be consistent with the due administration of justice.

Para. 1519B.—Whenever a native officer or soldier may obtain leave of absence for the purpose of instituting or defending a civil suit, he may be furnished by his commanding officer with an official letter addressed and to be delivered by him in person to the Civil Officer of the Court in which the suit is to be tried, stating the extent of the leave, the purpose for which it may have been granted, and requesting that if the case cannot be brought to a decision within the period of leave, that the Civil Officer will be good enough to intimate the same and the period of extension necessary to the commanding officer. The letter must not give cover to any petition or statement in explanation of the merits or circumstances of the case.

Para. 1523, *delete* the last sentence from "Individuals" in line 6, to "office" in line 8.

No. 3.—Madras Army Regulations.—The following additions and alterations are made in the Madras Army Regulations :—

Add the following :—

259A. All surgeons will, as opportunity offers, be required to undergo a course of instruction in riding drill. Surgeons-major may go through the drill if they desire it. Officers commanding stations at which regiments of cavalry are located, will, in communication with the deputy surgeon-general, arrange so that no inconvenience to professional duties may arise from the temporary absence of medical officers under instruction. The riding master will grant a certificate to every medical officer, who has completed a course of instruction in riding-drill under these rules.

989A. Officers returning to England after the completion of their tour of Indian service, are generally required to perform three years duty at home, before they can be permitted to return to India for a second tour of service; applications, however, to return to India for a second tour of service will be dealt with on their merits, the rule being suspended when considered desirable.

Para. 1355A, inserted by S.G.O., No. 99 of 1883, and reconstructed by S.G.O., No. 8 of 1884, is amended as follows :—

Leave on private affairs, except under special circumstances, is not be granted to newly appointed staff (except general officers commanding divisions, districts and brigades,) and regimental officers, until they have completed ten months service in their appointments. Any time passed in the performance of cognate duties will reckon as part of the ten months, provided the service has been continuous. In cases where officers have been officiating in appointments in which they are subsequently confirmed, their service will be held to have commenced with their officiating appointments.

Para. 2870 (a).—A lost medal or decoration bestowed by a foreign power cannot be replaced under any circumstances.

All telegraphic messages should be worded as concisely as is consistent with clearness.

All Military Service telegrams will contain the date and place of despatch in the body of the message. If a telegram is repeated to other officials, this fact will also be stated in the message, and the person or persons, to whom it is sent, will be recorded.

Revised appendix No. 39 (S.G.O., No. 93 of 1884) insert in Column "Description of Forms" against No. 581 "Register of men who on discharge are specially recommended for employment as Peons, &c.," and affix the letter "P" in the 4th column headed "on payment."

Add new para. 2928 A.

Medical Committees should enter in the column "Remarks of the Medical Committee" against the name of each man, their opinion as to whether the man is physically fit to perform, after discharge or transfer to the pension establishment, the duties of a peon, gatekeeper, watchman, jail guard or warder, police reserve, telegraph or postal delivery peon, or any similar employment.

Para. 1316 as reconstructed by S.G.O., No. 95 of 1884, is cancelled and the following substituted :—

1316. Powder barrels are to be opened, for the purpose of being filled or emptied, by the process known as unheading, and the following hints on coopering are introduced as likely to be useful :—

Powder barrels consist of three parts, viz :—

1. Staves.
2. Heads.
3. Hoops.

The most protuberant part of the barrel is known as the "bilge," and the centre of the bilge is distinguished as the pitch.

Between the bilge and the end of the barrel is the "quarter."

The extreme end is known as the "chime."

To distinguish one end of the barrel from the other, that which is opened (when required) is known as the "top end," the other as the "back end." The top end may be known by having the staves bevelled off close to the chime to facilitate heading.

8. Military commanders will, as in the case of Transport, have supreme control of all ambulance which will be administered by the Transport branch of the Commissariat department.

9. Bearers required for cantonment hospitals, and any which it may be considered necessary to keep with regiments, will be provided from the bearer columns allotted to the Transport circles.

10. For ordinary parades, one or two field stretchers should accompany each regiment, two men from the regiment being told off to carry them as is done in Her Majesty's Army in England.

11. On Brigade Field days, doolies or dandies, equipped with bearers from the bearer column, to the required extent, will accompany the force under the orders of the general officers commanding and will be placed for the occasion under the orders of the senior medical officer on duty with the troops. Mounted corps will be allowed bearers for a dooly on all occasion of mounted parades as at present.

12. One extra bearer column has been allotted to this Presidency on the understanding that half of the men will be employed on punkah-pulling for six months, and that the saving thus effected will go towards defraying the total cost of the establishment. Punkah-pulling must therefore have the preference over all other duties on which bearers not engaged in hospitals, &c., are to be employed.

13. Sirdars, mates and bearers will receive uniform as transport followers do.

14. Bearers are to be employed on the following duties :

- For station hospitals ;
- „ native regimental hospitals ;
- „ conveying British sick from the regiment to the station hospital ;
- „ Commissariat store duties ;
- „ Commissariat working parties ;
- „ other suitable public duties.

15. The present allotment for station hospitals is to continue unchanged and is as follows :—

Madras	10	Secunderabad, North, including Female General Hospital	20
Mount	10		
Poonamallee	5		
Bangalore, North	15	Secunderabad, South	15

Bangalore, South, including Female General Hospital	25	Secunderabad, Bolarum. 10	
Wellington	5	Kamptee	10
Bellary	15	Seetabuldee	5
Cannanore	10	Rangoon	15
Calicut	5	Thayetmyo	10
Mallapuram	5	Tongoo... ..	10
		Port Blair	5

16. Each native regimental hospital will be allowed four bearers.

17. Whenever it is considered necessary, a set of bearers may be allowed to a British regiment to be at hand to convey any soldier to the station hospital. The allotment for this purpose will be that now in force at each station.

18. Hospital purveyors not being allowed any special establishment for procuring supplies for hospitals, the bearers now detailed for these purposes, should, when available, be allowed, as heretofore.

19. A large saving is now annually effected by the employment of bearers in lieu of hired coolies in Commissariat stores. After all duties connected with hospitals, and troops have been duly provided for, Commissariat store work should have the preference over all other work. Bearers should be detailed for this purpose with the same regularity as for all other authorised duties.

20. Bearers may also be employed for cutting forage on Government grazing lands, to be subsequently brought in, and stacked for issue to transport cattle, or mounted corps.

21. Finally any bearers still remaining unemployed may be detailed by the General officer commanding for any duty not inconsistent with their calling.

22. The use of bearers as personal orderlies is prohibited. Bearers are not to be employed in any private capacity, and their loan to officers, and others, on pay or batta, is to be discontinued. But whilst every endeavour should be made profitably to employ the men of bearer columns, so that the work performed by them may indirectly reduce the large expense now incurred for these establishments, it must always be remembered that the primary object of the Transport officer should be to ensure the thorough efficiency of the men, for this purpose, they should be regularly drilled, at least twice a week, for not less than an hour at a time ; in carrying doolies, no men should be excused from these parades, except those on duty in hospitals, &c. These duties should be conducted in the presence

After the word "daily" in line 8, add:—

The buckets allowed by regulations to a regiment of British Cavalry or Battery of Horse or Field Artillery, should be utilized, as far as possible, for the purpose, and in the event of a

There are thus also the "top" and "back bilge," the "top" and "back quarter," the "top" and "back chime."

The heads are known as the "top heads" and "back heads" respectively.

2. *Heads.* When a head is in three parts, the "dowels" having been broken or pulled asunder, the two outside pieces are known as the "cants" or "outsides;" the other part is known as the "middle" piece.

All powder barrels have four copper hoops, the remaining hoops are of ash.

3. *Hoops.* These hoops are situated about the chime and round the bilge of the barrel, and are known as the "copper chime" and "bilge hoops."

A barrel can be unheaded in two ways. The first and more common method is to place the barrel with the top end up-

To unhead a barrel. First permost, and then to remove the top chime hoops and loosen the top quarter hoops. The left hand is then pressed upon the middle piece of the head, which is struck gently with the adze or mallet close to the chime on the side nearest the cooper, until it is started out of the groove and falls into the barrel.

The second method is called "boxing out" the head, and is adopted when the groove is deeper than usual, or when from

Second method or "boxing." other causes, such as the barrel being incorrectly made and having too sharp a curve, the head cannot be readily removed by the first method. The hoops are loosened and removed as before, and the left hand placed upon the head, and a few smart blows are struck with the mallet round the pitch of the barrel, by which means the staves are, as it were, sprung back, and the head being thus released, falls through.

To head a barrel.—The head, if whole, is placed with its bevelled edge (on the side away from the cooper) in the groove,

Heading a barrel. Head whole. the left hand is then placed upon it, and the head slightly struck, as much as possible in the direction away from the workman, with the adze or mallet; in this manner it is driven into the groove all round. The chime hoops are then replaced. If on heading a barrel the head should accidentally be driven a little below the groove, it can generally be jarred back into its place by laying the barrel on its side and tapping the top end of the staves.*

When the head is in two pieces, the dowels (if still adhering) must be cut off.

Head in two pieces. The larger piece is then placed with the whole of the left front in the groove to the left hand side, away from the workman. The small piece is then placed alongside the larger, its further edge also entering the groove; the left hand is then placed over the junction, and by means of a few gentle blows given with care and at the spots where they may seem to be most required, the head is driven into the groove.

If the head is in three pieces, the dowels must be cut off and the pieces matched according to the lettering on the head. One of the "cants" or "outsides"

Head in three pieces. is then placed as the larger piece in the last case, and supported by the left thumb, which is brought over the side. The middle piece is then placed against it, its further edge in the groove, and its straight edge pressing hard against the side of the "cant." The other cant is then placed in the groove. Proceed as when the head is in two pieces.

* It is forbidden to use nails in re-heading a barrel; sometimes copper nails have been used, but these are objectionable even when the barrel is empty, as in unheading they are apt to get into the barrel and so find their way to the powder when the barrel is refilled.

Sometimes when the barrel is headed, the head will be found to be a little

out of round or injured at the edge, thus leaving an opening between the head and staves. It then becomes necessary to use the "flagging tool." One of its teeth is pressed against the inside of the stave where the opening appears, and the other tooth outside the stave to the right. By pressing against the handle and using it as a lever, the opening is widened, and a little "Dutch rush" or "flag" (if not procurable, paper or rag will serve) is placed inside the gap; the flagging tool is then removed, and the stave being released springs back into its place, pinching in the rush against the head.

To avoid using a knife (which should never be allowed to enter a magazine) the rush should be placed as much as possible flush with the top of the head of the barrel.

Transport Regulations.—The following additions and alterations are made in the Transport Regulations, Part I:—

Add as para. 435 A.—

Mily. Dept. No. 516 C., dated 5th December 1884, to the Quarter Master General in India.

435 A. The actual cost of the sea passage from India to Aden of each "approved" recruit, enlisted at Aden for the Aden troop, will be recovered by the commandant of that corps, from the State.

Para. 438.—Expunge the last five lines and substitute the following:—

The responsibility of transferring married Hospital Assistants for duty to places on the Western coast, Sind and the Quetta district, and of permitting their families to accompany them, at the public expense, when the duty is of a permanent nature, is vested in the Surgeon-General, Her Majesty's Forces, Bombay, who is to accord specific sanction, in each case, as it arises.

who, while in a situation may be convicted of theft, or any other felonious or disgraceful act and who has thus become liable to forfeiture of pension in addition to such other punishment as the law may award.

XII. The ultimate success or failure of the whole scheme will depend on the character of the men who are supplied to employers. It is therefore most important that commanding officers should be careful not to send in the name of any man on whom they cannot thoroughly depend. On no account, should a willingness to accept employment, be considered sufficient ground for submitting a man's name. The fact that a man has but few entries in his Defaulter Sheet is not of itself sufficient to warrant his name being entered in the register; the commanding officer, before permitting a man's name to be placed thereon must, by careful and personal enquiry from the candidates wing commander, and the Native officers of his company, thoroughly satisfy himself that the man is steady, sober, trustworthy and intelligent.

A strict observance of these instructions is *essential* to the success and permanency of this scheme.

XIII. The Commander-in-Chief hopes that much benefit may accrue to the Madras Native Army from this project. Nothing is more calculated to encourage men to enter on a career, than the thought that they will not be forgotten as soon as they cease to be worth their pay and His Excellency therefore trusts that commanding officers will give their cordial support to the scheme.

In other cases a similar extract will be sent by post.

IX. X. The name of a man who has once found employment will not again be entered in the register unless he produces a certificate of good conduct while in his former situation.

XI. The officer referred to in clause V will not fail to report to the Superintendent of Pensions the case of any pensioner

132. Under special circumstances, or in special cases, the Secretary of State for India in Council may deviate from any of the above regulations, which refer only to admission to the Staff Corps and to probation, and not to the conditions of service therein.

132a. Probationers need not provide themselves with the uniform of the corps to which they are attached, but may wear that of the British regiment to which they belong, until they are permanently appointed to a native regiment, after being finally admitted to the Staff Corps.

132b. Probationers, when admitted to the Staff Corps, remain attached to the regiments with which they passed their period of probation, until the occurrence of a suitable vacancy admits of their permanent grading in a regiment.

133. The officer, under whom the probationer is serving, will be held responsible that boards for the examination of the probationer are applied for in proper time to admit of the required examinations (paras. 117, 118, 120) being completed within the prescribed periods; reporting to the Adjutant-General the dates on which the applications above referred to have been submitted.

The commanding officer will also be held responsible that the application, for the admission to the Staff Corps of a probationer, is submitted immediately on the expiration of the 18 months referred to in para. 119.

(e). The Native Articles of War, and the Military Regulations of the presidency, particularly all such as affect the conduct of native troops, their pay, pension, clothing, &c.

(d). The system of regimental interior economy pursued in the native cavalry and infantry, and especially in the regiment to which the officer has been attached, including the mode of investigating and dealing with complaints, offences and petitions from the men, method of keeping rosters for furlough and guard, deductions from the men's pay, and system of accounts, together with the knowledge of every article of equipment, used by the men, their cost, and the mode of carrying them.

[In the case of probationers for the native cavalry, the examination will include the additional subjects under head (c).]

(c). System of purchase of horses and the districts whence they are usually obtained, their prevailing defects and good qualities, stable management, general knowledge of horsemanship, and the diseases and injuries to which horses are liable, with their treatment.

117. Should he not have passed the examination in the native languages by the lower standard before joining a native corps, he will be required to do so within 18 months of so joining, otherwise he will cease to be a probationer. (See para. 133.)

118. After the expiration of one year from the date of appointment on probation, the probationer, provided he has passed the higher standard examination in the native languages and the professional examination required under para. 116, may be admitted to the Staff Corps.

119. On the expiration of 18 months from date of appointment on probation, he will be admitted (see para. 133) to the Staff Corps, whether he has passed the above examinations or not, (i.e., Higher Standard and the professional examinations) on production of certificates in the Forms B, C, and D—and subject to his passing the necessary examinations within the three years referred to in para. 120.

120. Should he not have passed the above examinations before admission to the Staff Corps, he will be allowed a further period of 18 months (or three years in all from date of appointment on probation) within which to pass (see para. 133). Should he not pass within this period, he will be removed from the service.

122. The names of probationers will be retained on the lists of their British regiments until admission to the Staff Corps.

123. During the period of probation, it will be open to the commanding officer of a native corps to represent to the Commander-in-Chief of the presidency, to which the probationer belongs, that he thinks the officer, either from temper or other cause, is unsuited for employment with native troops; in which

case the Commander-in-Chief in India, if satisfied with the reasons, will post the officer to his own regiment, should a battalion of it be serving in India, or, should such not be the case, to any battalion in India, pending orders from His Royal Highness the Field-Marshal Commanding-in-Chief.

124. The same course will be followed in the case of an officer, who may not, at the expiration of 18 months' duty, be able to obtain the necessary certificates for admission to the Staff Corps, and in the case also of an officer, who has been permitted, under paragraph 125, to resign his probationary appointment.

125. No officer will, however, be allowed to resign his probation, except on sufficient grounds to be approved by the Commander-in-Chief in India, the Government of India, the Secretary of State for India in Council, and His Royal Highness the Field-Marshal Commanding-in-Chief. An officer applying for permission to resign will be required to produce a declaration and a certificate in the Forms E and F, but he will continue to serve with his native regiment until his resignation is approved by the Secretary of State and His Royal Highness the Field-Marshal Commanding-in-Chief, his application being sent forward at once for the final orders of the Secretary of State for India.

126. A probationer obtaining leave out of India, either on private affairs, or for more than six months on medical certificate, will be held to have resigned his probationary appointment. A certificate in Form G is to be furnished by his commanding officer and appended to the application for leave.

126(a). A probationer requiring sick leave out of India should not be granted leave for any specified period, but merely leave to proceed to England for the purpose of appearing before a medical board. On arrival in England the officer will be examined by a board and granted leave, or replaced at the disposal of His Royal Highness the Field-Marshal Commanding-in-Chief, according to the board's report.

128. When an officer is ultimately admitted to the Staff Corps, the date assigned to his admission shall be that of his first appointment on probation.

129. An officer shall not be eligible to hold any permanent or officiating appointment, regimental or other (except that of squadron or wing officer), until he shall have passed the higher standard examination in the native languages and the professional examination required under para. 116.

130. No extension of the prescribed period within which these examinations must be passed will be allowed, except on

Lieutenant has passed an examination in the Native languages by the higher (or lower) standard, and has attained such a knowledge of his drill and duty as an officer of infantry (or cavalry) in all its branches as to qualify him for the command of a company (or troop) in all situations. He also possesses a fair knowledge of the Army Act of 1881, of the Army (Annual) Act, of the Native Articles of War, and of the Queen's Regulations, as well as of the Madras Army Regulations, besides having gained some general acquaintance with the organization and nature of all branches of the Army serving in Madras.

(Signature of commanding officer.)

[The declaration must also be subscribed by a second witness, who may be either an officer of standing in the service, or a civilian, being a householder.]

When an officer is on leave of absence or away from his regiment, the declaration may be made before any General or other officer not under the rank of Field officer in command of a district, garrison, or body of troops, or on the general staff of the army.

When an officer is travelling beyond Indian limits, the declaration may be made before any accessible Civil or Military officer, an explanation of the circumstances being furnished.

When an officer through illness is unable to travel to a Military station, the declaration may be made before a Justice of the Peace, but must be accompanied by a medical certificate of the officer's inability to travel.

It is incumbent on every officer to prepare his declaration in conformity with these Regulations, as delay will occur in giving effect to his application if these rules are not adhered to in each particular.

In cases where commanding officers are unable to furnish the above certificate, the circumstances shall be fully reported.

CHURCH OF ENGLAND ASSURANCE INSTITUTION,

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “*Free*” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bona fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. E. F. Drake-Brockman, sees applicants for Assurance at the Eye Infirmary on Wednesdays at 11 A. M.

Detailed Prospectuses, with the names of the Directors, Full Tables of Life Premiums, and the necessary Forms of Proposal, may be obtained on application to the following Agents:—

Messrs. PARRY & Co., Madras.

Messrs. REMINGTON & Co., Bombay.

Messrs. D. L. COWIE & Co., Calcutta.

THE MADRAS EQUITABLE ASSURANCE SOCIETY,

(SUCCESSOR TO THE MADRAS LAUDABLE SOCIETY, ESTABLISHED IN 1829.)

Regulated by Act No. VI of 1869 of the Legislative Council of Fort Saint George.

HEAD OFFICE IN MADRAS.

BOARD OF DIRECTORS.

Surgeon A. M. BRANFOOT, M.B.—(Europe.)

Surgeon A. J. STURMER.—(Acting.)

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1881-85 is at the rate of 70 per cent. of original Annual premiums paid during 1876-80.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road Egmore, on Wednesdays and Saturdays between 11 and 12 A.M.

For further particulars, Reports, Prospectuses, Forms of proposal, &c., apply to

The anti-Stylograph is a self-feeding reservoir pen, and differs from all Stylographs in the fact of its not being a writing point, but a true pen, changeable at pleasure, and, being nibbed in the ordinary way, it maintains the characteristics of the hand writing, which depend on thick and thin strokes. This is an important point for the signature of cheques or other documents. It can also be used by Shorthand Writers. It is ready for instant use WITHOUT ADJUSTMENT, and only requires to be refilled after several days' use. It may be carried in any position without risk of breakage. Any ink may be used.
