38. The grant of Rs. 180 is made to an officer on passing the Lower Standard in Hindustani, and a further grant of Rs. 180 on passing the Higher Standard, but should he pass the Higher Standard at once, he receives Rs. 360. Warrant and non-commissioned officers and soldiers having the advantage of receiving instruction from regimental moonshes, and the use of Government books, who may pass the Lower Standard will be entitled to receive Rs. 90 and on passing Higher Standard, a further donation of Rs. 90, or on passing the Higher Standard at once Rs. 180. But those who have not had the above advantages in studying the native languages, in whatever department they may be employed, will be entitled to receive the donations payable on like occasions to commissioned officers.

39. The rewards for the Higher Standard (other than Hindustani) and for High Proficiency are only passed to successful candidates, whose actual residence in India (including) Burmah and the Straits and exclusive of periods passed on leave beyond Indian limits does not exceed 10 years; but the reward for passing in Pushtu is given to those whose actual residence in the Punjab does not exceed 10 years, without reference to the time they have passed in other parts of India. The term "residence" means residence whilst in Government employ.

40. The rewards for degree of honor in Urdu, Hindi and Bengali are given to officers whose period of actual residence in India, as above, does not exceed 15 years, and for Arabic, Persian and Sanskrit 20 years. The limits of residence in India, laid down by this rule, may be extended at the discretion of Local Governments, in special cases, where an officer may show proficiency in the acquisition of the language of any district which he has not had the facility of studying until he has been close upon the prescribed time in India.

41. Warrant officers and soldiers of all ranks are entitled, on passing the High Proficiency examination in any of the above-mentioned languages, to receive the donation prescribed: whenever the test is passed with extraordinary credit, the candidate will be presented with a gold medal.

42. The donations sanctioned for successful examinations in oriental languages are admissible to commissioned medical officers and subordinates of the apothecary class, who are natives of India, subject to the condition that no reward is admissible to any person of the above classes, for passing in the vernacular language of the district in which he was born.

The rewards for Arabic, Persian and Sanskrit are admissible to the above classes without restriction.

43. Successful candidates in examinations, other than Hindustani and Persian Higher Standards, will be granted travelling allowances to and from Calcutta, Madras, or Bombay, as the case may be, for officers double first class fare by rail and eight annas a mile by road. These allowances will also be given to successful candidates, when officers are compelled to proceed to the Presidency town for examination in the Persian Higher Standard, owing to its being impracticable to assemble a qualified committee up country.

44. It is to be understood that a period of leave sanctioned under para. 1420, Section 12, Madras Army Regulations, is obtainable for each language undertaken.

45. Candidates for degree in honor, in Arabic or Persian, are permitted to pass their leave in any country, where the language studied is usually spoken.

46. Candidates for examinations under paras 20, 26 and 29 need not have passed the Higher or Lower Standard in Hindustani. They can only present themselves for one standard at once, but may be examined by any of the tests without having passed a lower test.

47. A candidate cannot be permitted to present himself for examination in the same language and test more than three times, if the examination be a purely voluntary one; but in no case is this restriction to be held to apply to any examination, which is of a compulsory nature, or is a qualifying test for entrance to the staff corps, appointments on the general or personal staff, or for any employment whatever, Civil or Military, under Government.

CHURCH OF ENGLAND ASSURANCE INSTITUTION,

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “*Free*” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bond fide security* to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. E. F. Drake-Brockman, sees applicants for Assurance at the Eye Infirmary on Wednesdays at 11 A. M.

Detailed Prospectuses, with the names of the Directors, Full Tables of Life Premiums, and the necessary Forms of Proposal, may be obtained on application to the following Agents :—

A. H. PAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1881-85 is at the rate of 70 per cent. of original Annual premiums paid during 1876-80.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A.M.

FIVE THOUSAND RUPEES

at the AGE OF FIFTY,

or at death if previous,

with the ALTERNATIVE of
A PENSION of nearly Rs. 500

for Life after Age Fifty.

An increasing proportion of the Insuring Public now elect to receive payment of their Life Policies themselves upon Attaining the age of Fifty, and it would appear that this arrangement is well suited to the circumstances of a large section of the Community at the present day. Provident people are growing desirous of reaping the Benefit in their own Lifetime, at the period when the necessity for Insurance as a Provision for a Young Family has usually passed away. The Premiums payable are somewhat higher than those charged for a Policy payable only when death may occur—possibly at an Advanced Age.

On the other hand, to whatever age the Assured may live, the Premiums cease at age Fifty, or at previous death, when the Sum Assured falls due. In the case of a European or Native, aged Fifty, the sum of Rs. 5,000 will, if he so desires, purchase a Pension for the rest of his life of nearly Rs. 500* a year.

THE yearly cost to an individual, European or Native, to secure Rs. 5,000 (or a smaller or larger sum) may be ascertained if the annexed Form be filled up and forwarded to any of the Offices of

THE ORIENTAL GOVERNMENT SECURITY LIFE ASSURANCE COMPANY. ENQUIRY-FORM

AS TO THE COST OF A
Sum to be received at specified age

(or at Death if previous),
with the ALTERNATIVE of
A Pension for Life after that age.

The undersigned having been Born on the _____
Day of _____ 18____,

that would be the Annual Payment to secure Rs. _____
to be Paid when he is aged 50,† or at his death, if sooner?

Also, what Yearly Pension for the rest of Life may be obtained at the latter rate, if then desired, in exchange for the above sum?

Name _____
Address _____
Occupation _____
188 .

* According to the present Rates of the Company, the exact amount of Pension would be Rs. 467-4-0 payable yearly, or Rs. 233-10-0 if payable half yearly. † This may be altered to 40, 45, 55, or 60.

GENERAL FURNISHING CONTRACTORS—CALCUTTA

THE LATEST AMERICAN INVENTION.

THE VICTORY OF ELECTRICITY.

Since electricity has been applied for lighting purposes, all efforts of inventors have been directed to construct a lamp for general domestic use. The reason why this problem has till now not been solved, is that none of the inventors could rid themselves of the idea of gas lighting, and that all have adhered to the system of producing the electricity in some central place, or by large machinery, instead of first laying down the principle that a lamp which should ever become generally useful and popular, must be portable, like an Oil Lamp, and contain the generator of electricity in itself, i. e., in the foot of the Lamp.

The Norman Electric Light Company has at last succeeded in completely realizing this ideal of Electric Lighting, and there is no doubt that the most important invention will bring about a complete revolution in all branches of lighting.

Our Electric Lamp needs neither Machinery, Conductors, nor any expensive outlay, and is neither complicated, nor disagreeable in manipulation; all that is necessary is to refill it every four or five days with acid. The cost of lighting will be as cheap as gas (3 cents per hour), and it has before the latter the immense advantage of neither producing heat, smoke nor carbonic acid, owing to which the air is not impured, and remains at the same degree of temperature. It is further, absolutely inodorous, and does not need to be kindled by match, or otherwise, but simply by turning the key, thus avoiding all danger of fire, explosion or suffocation, as in the case of gas, if the key is left open; and it must be conceded, that this advantage alone is invaluable. It is further preferable to any known kind of lighting for the following reasons:

- (1). Its manipulation is so simple that any child can keep it in order.
- (2). That the Lamp is portable, and can be removed like any Oil Lamp, from one place to another.
- (3). That it neither requires the disagreeable fixing of the wick, or the cleaning of the cylinder, as in the case of Oil Lamps.
- (4). That the light produced is a soft and most steady one; that it never flickers, and the flame, though being equal in power of lighting to gas, can be regulated to any degree.
- (5). That every danger of fire is absolutely excluded, as the light will extinguish immediately, if by any accident the glass surrounding the burner should be broken.
- (6). That it will burn, even in the strongest wind, completely unaffected, thus being invaluable for illuminations, lighting of gardens, corridors, etc.

This Lamp is constructed for the present in three different sizes:—

A, small size. Height of complete Lamp, 14 inches; weight, about 3 pounds; for lighting rooms, cellars, storage houses, powder magazines (or similar places where explosives are kept) coaches, illuminations, gardens, mines, or any other industrial purpose. Price Rupees 15.

Per Lamp, delivered free to any part of the world.

B, medium size. Serves all domestic purposes for lighting rooms, houses, etc. This Lamp is elegantly decorated, and has removable white ground Glass Globe.

Price, per Lamp (inclusive of Bronze Foot and Globe, richly and elegantly constructed), Rupees 30, delivered free to any part of the world.

C, Grand size for Parlor, Hall, Saloon, Public Building, &c. The Lamp gives a most brilliant and steady light, has large removable white Globe, decorated most tastefully, and the workmanship is both first-class and elegant. Price Rupees 65.

Foot of Lamp in either Bronze, Japanese, Faience or Silver Oxide.

Any special size or design made to order. Estimates furnished.

All Lamps are ready for immediate use, and will be sent, securely packed in strong wooden box, with printed directions for use, a quantity of chemicals sufficient for several months lighting, and one extra burner for size A, and two for sizes B and C. The necessary chemicals can be purchased in any Drug Store, in even the smallest village.

Every Lamp is accompanied by a written guarantee for one year, and will be exchanged, or money refunded, if the same should not give complete satisfaction.

On all orders for six Lamps and above, a discount of six per cent. will be allowed. No orders from abroad filled, unless accompanied by a remittance to cover the amount, or first-class references on a New York or Philadelphia house.

The best method of sending money, is by draft on New York, which can be procured at any Banker, and everywhere, or enclose the amount in Bank notes, gold coins, or postage stamps of any country of the world.

All orders, the smallest, as well as the most important, will receive the same particular attention, and will be forwarded without delay.

Our Electric Lamps, are protected by law, and all imitations and infringements will be prosecuted.

Agents, Salesmen on Commission, and Consignees for our Lamps, wanted everywhere. No special knowledge or capital required.

A fortune to be made by active persons.
