2. Branch hospitals will be attached to their respective Chief hospitals for administrative purposes.

3. Horses belonging to Batteries of Royal Horse and Field Artillery, European and Madras Cavalry regiments, and the Body Guard of His Excellency the Governor of Madras will be treated in these hospitals.

4. The hospitals will be under the supreme control of the Officers Commanding the stations, and subject to this control the administration will rest with the Inspecting Veterinary Surgeon of the Circle, acting under the direction of the Principal Veterinary Surgeon in India.

5. Senior Veterinary Surgeons in charge of Chief hospitals will supervise the treatment of sick animals within the stations in which the hospitals are situated, and, subject to the administration of the Inspecting Veterinary Surgeon of the Circle, will exercise a general control over the Veterinary Officers, or subordinates in charge of Branch hospitals.

6. When there are several Veterinary Surgeons in a station, the Inspecting Veterinary Surgeon of the Circle will, with the approval of the Officer Commanding the station, detail them individually for the duties of Veterinary supervision of the various branches of the service.

7. Veterinary Officers detailed as above will make periodical inspections at least twice a month, and oftener when necessary,

of the various branches of the service placed under their professional supervision. These inspections will be made in communication with Officers Commanding Corps, and will comprise inquiry into all matters connected with the health and efficiency of the horses; the sanitary state of horse lines and stables; the modes of watering and feeding; the quality of grain and fodder; and the system of shoeing, &c. The result of such inspections will be reported through the senior Veterinary Surgeon for the information of the Officer Commanding the station and the Inspecting Veterinary Surgeon of the Circle.

The reports will be furnished in triplicate on Bengal Form 638,* questions 9 to 13 being left unanswered in those furnished by junior Veterinary Surgeons.

8. The senior Veterinary Surgeon in charge of a Chief hospital will make a similar inspection every alternate month of all sections of the service under his professional supervision within the circle attached to the Chief hospital, and will report through the Inspecting Veterinary Surgeon of the circle for the information of the General Officer Commanding the Division and the Principal Veterinary Surgeon in India (Bengal) on the condition, health, and management of the horses, and the manner in which the veterinary duties are being carried out.

The reports in such cases will be prepared on the form referred to in the preceding paragraph, furnished in duplicate in Bombay, Madras, and the Upper Circle of Bengal, and in triplicate in Lower Circle of Bengal.

9. General and other Officers Commanding stations will visit horse hospitals at any time, and detail such officers as they may think fit to visit and report for their information any irregularity which may be found to exist. Officers Commanding Corps will also have free access to the hospitals for the purpose of enquiring into the condition and progress of sick animals belonging to their corps, or on matters connected with the attendants in charge of them. Orderly Officers will also visit hospitals daily, and Officers of the Public Works Department when necessary on duty.

With the exception of these officials and the Officers of the Veterinary Department, or persons belonging to the hospital establishment, none others will be permitted to enter a hospital in an official capacity.

10. Pending the occupation of central buildings as general hospitals, sick horses will continue to be treated in existing regimental hospitals. In each large station, however, where there is a Chief hospital, one building will be set apart as a

[JUNE 25, 1886.]

central dépôt for stores, &c., and at stations where there are several hospitals close together, one or two of the buildings will, if possible, be allotted for use as store dépôts for one or more corps.

11. As long as horses of a regiment remain in their present hospitals the existing system of attendance by Farriers, the mode of supplying syces, &c., will continue; but when central hospitals are opened the following establishment will be supplied by regiments and batteries under the direction of the Officer Commanding the station:—

13. A soldier clerk will be appointed by the Officer Commanding the station to each Chief hospital. While so employed he will be struck off all other duties.

Stationery urgently required in excess of the above will be supplied on emergent indents.

15. The supply of service postage labels to station hospitals will be made by the inspecting Veterinary Surgeon of the circle monthly, on Veterinary Surgeon's requisitions. Inspecting Veterinary Surgeons will enter in their postage account the total value of the stamps supplied by them to Veterinary Officers in charge, and the latter will be held responsible for the expenditure of the service postage labels supplied them. Cost of service telegrams, postage of bearing letters, &c., will be recovered on contingent bills by officers in charge of Chief and Branch hospitals respectively.

16. Registers and records pertaining to the treatment of horses, and Veterinary History Sheets, will be kept distinct, and will be handed over to the regiment or battery to which the horses belong when leaving a station. All other records will remain in the hospital.

17. A copy of Army Regulations, India, Volume II, Discipline, and Volume V, Commissariat, will be supplied to each Chief hospital, also copies of such Indian Army Circulars and General Orders affecting the Veterinary Department as may from time to time be issued.

18. The Veterinary Surgeon of a Chief hospital, or the Veterinary Surgeon of a Branch hospital, as the case may be, will communicate in writing direct with Officers Commanding regiments on all points connected with the health and efficiency of the horses of corps.

[JUNE 25, 1886.]

19. Senior Veterinary Surgeons in charge of Chief hospitals will communicate with Officers Commanding stations through the usual channel, and will furnish copies of their reports when of sufficient interest to the Inspecting Veterinary Surgeon of the circle.

20. Veterinary Surgeons in charge of Branch hospitals will submit all correspondence intended for the information of divisional authorities, or the Inspecting Veterinary Surgeon of the circle, through the senior Veterinary Surgeon of the Chief hospital to which they are attached, and subordinates in charge of Branch hospitals will follow the same course, but through their Commanding Officers.

21. When Inspecting Veterinary Surgeons or Veterinary Surgeons in charge of hospitals deem it necessary to report on or offer suggestions concerning the health of the horses, or the sanitary condition of the locality in which they are placed, or to make any remark regarding departmental discipline to the head of the Veterinary Department, they will invariably forward copies of their reports to the Officer Commanding the station.

Similar communications by Commanding Officers will be furnished to the Principal Veterinary Surgeon in India (Bengal) and the Inspecting Veterinary Surgeons in the Presidencies of Bombay and Madras respectively.

22. Medicines, instruments, bazaar medicines and appliances will be drawn under existing regulations to meet actual requirements.

23. The indents will be made out by the officers in charge of Chief and Branch hospitals, the indent from a Branch hospital being furnished through its Chief hospital, and will in each case be approved of by the Inspecting Veterinary Surgeon of the circle.

24. The senior Veterinary Surgeon in charge of a Chief hospital will be responsible that corps marching out of a station within his circle are in possession of the requisite supply of medicines, &c., for the line of march, and the Inspecting Veterinary Surgeon of the circle will arrange for veterinary attendance.

25. Medicines, instruments and other stores will belong to the hospital for which they are drawn, and will be used only for the animals treated in the hospital. Such instrument necessities, &c., as may be issued to a battery or regiment for use on the line of march, will, on completion of the march, be returned to the hospital from which they were taken, and unexpended balance of medicines being handed into the hospital at the new station.

26. The ground adjacent to hospitals will be kept clean and in good order. The Quarter Master's establishment of regiments and batteries will be employed as often as possible to keep the ground level and free from weeds, and to attend to and clear surface drainage, so as to prevent water lodging therein. The senior Veterinary Officer will apply to the Officer Commanding the station for such aid whenever necessary.

27. The Veterinary Officer in charge of a station hospital will examine all horses reported unfit for duty, and will admit them into the hospital, or order their return to the lines for the purpose of being treated as out-patients under his direction, whichever course may be considered necessary.

28. Horses will be sent to hospital immediately on illness being evidenced, and a memorandum of the number and their description, promptly forwarded to the Veterinary Surgeon in charge.

29. Every horse sent to hospital will be accompanied by its head collar, watering bridle, head and heel ropes, clothing, brush and currycomb. Picketing pegs will be permanently fixed in the hospital. Saddlery and other equipments will be retained by the regiment or battery to which the horse belongs.

30. On application being made by Commissariat or Transport Officers through the Officer Commanding the station for veterinary aid in a case of a serious outbreak of disease amongst Government cattle, such aid will be promptly afforded.

31. The Veterinary Surgeon in charge of a station hospital will immediately report all breaches of discipline committed by members of the establishment to their respective Commanding Officers, who will dispose of the cases.

32. When horses are transferred from one regiment or battery to another, or otherwise disposed of, the fact will be reported to the Veterinary Surgeon in charge by the Officer Commanding the regiment or battery from which the horses are transferred.

The arrival of horses on joining a regiment or battery will be similarly reported to the Veterinary Surgeon in charge.

33. Officers' sick chargers will be admitted into the station hospital, or attended to in their own stables, as the Veterinary Surgeon may consider necessary.

34. All Veterinary Officers will invariably be in attendance when hospitals are inspected by General or other Officers Commanding stations, but they will not be required to attend other

[JUNE 25, 1886.]

parades, unless specially ordered to do so by Officers Commanding stations.

On muster parades they will be returned as on duty.

35. Veterinary Officers will submit their pay bills direct to the Paymaster of the Circle in which they may be located.

36. Rations for sick horses in hospital will be drawn from the regiments and batteries to which the horses belong.

37. European subordinates detailed for duty in hospitals will be struck off all other duty, and will only attend inspection and muster parades.

With reference to the above, it is notified that, under instructions from the Government of India, the Branch Veterinary Station Hospital at Belgaum will be attached to the Bellary Chief Hospital.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the Assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “Free” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in any case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical Examination.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security for loans, will not be rendered void in the event of death by suicide, duelling, or the commission of crime. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. E. F. Drake-Brockman, sees applicants for Assurance at the Eye Infirmary on Wednesdays at 11 A. M.

Mutual Assurance.

Policies for terms of years issued at largely reduced rates without participation in Surplus.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1886-90 is at the rate of 70 per cent. of original Annual premiums paid during 1881-85.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by the Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon, Regent Square, on Wednesdays and Saturdays between 11 and 12 A.M.

FIVE THOUSAND RUPEES

at the AGE OF FIFTY,

or at death if previous,

with the ALTERNATIVE of

A PENSION of nearly Rs. 500

for Life after Age Fifty.

An increasing proportion of the Insuring Public now elect to receive payment of their Life Policies themselves upon Attaining the age of Fifty, and it would appear that this arrangement is well suited to the circumstances of a large section of the Community at the present day. Provident people are growing desirous of reaping the Benefit in their own Lifetime, at the period when the necessity for Insurance as a Provision for a Young Family has usually passed away. The Premiums payable are somewhat higher than those charged for a Policy payable only when death may occur—possibly at an Advanced Age.

On the other hand, to whatever age the Assured may live, the Premiums cease at age Fifty, or at previous death, when the Sum Assured falls due. In the case of a European or Native, aged Fifty, the sum of Rs. 5,000 will, if he so desires, purchase a Pension for the rest of his life of nearly Rs. 500* a year. THE yearly cost to an individual, European or Native, to secure Rs. 5,000 (or a smaller or larger sum) may be ascertained if the annexed Form be filled up and forwarded to any of the Offices of

THE ORIENTAL GOVERNMENT SECURITY LIFE ASSURANCE COMPANY. ENQUIRY-FORM

* According to the present Rates of the Company, the exact amount of Pension would be Rs. 467-4-0
