Regimental Institutions—Canteens.—The Commander-in-Chief directs the attention of commanding officers to General Order 42* of 1886, which requires credits on account of rum and malt liquor received from the Commissariat Department to be afforded in the month in which the supplies are made.

When from any cause this cannot be done, the value of the liquor should be credited in the General States for the month in which the Pay Department is informed it will be given.

The prompt adjustment of all claims for rum and malt liquor is specially asked for by the Controller of Military Accounts.

• G. O. 38—*contd.*

Para. 120 is cancelled:

Para. 126.—In line 3, for the words "publishing the extract from" substitute "notifying the receipt of."

Para. 166, line 2.—For "Adjutant General" read "Controller of Military Accounts."

Para. 343 is reconstructed as follows:

343. Probationers for the Indian Staff Corps appointed from the Royal Artillery and British or Native Infantry to Native Cavalry regiments will undergo a three months' course of instruction at equitation classes, which will be assembled quarterly or at such longer intervals as may be convenient at one or more of the stations where British Cavalry regiments are stationed. The stations at which the classes will be formed will be named by the Inspector General of Cavalry and duly notified in G.O.C.C.

I.—The classes will consist of not less than eight officers when available, and the course of instruction will be limited to three months.

II.—The instruction imparted will be confined to that laid down in the following pages of the regulations for the instruction and movements of Cavalry, 1887, viz.:

Pages 1 to 41.

" 60 to 74.

" 113 to 149.

" 165 to 217.

(a) The candidates will also be required to attend stables when practicable, and be instructed in stable management, shoeing, &c. But on no account are they to receive any instruction which will not prove of use to them in their future career, and the practice of making them perform the duties of orderly officer, or any station or regimental duties, such as employment on Boards, Courts-martial, &c., is to be strictly prohibited.

(b) The minimum number of mounted drills to be five a week, and officers will be mounted from the British regiments to which they may be attached unless they have been required to bring their own chargers for that purpose.

III.—The Commanding Officer of the British Cavalry regiment to which the candidates are attached will, on the termination of the three months' course, grant them certificates of proficiency of such a nature as he may consider them entitled to. This certificate will not only state that the officers themselves are qualified, but that they are also able to impart instruction to others.

(a). Officers who are considered qualified may also be granted certificates on India Army Form 107, but the obtaining of this certificate is not compulsory.

IV.—An Officer who fails to qualify without due cause will be transferred to Infantry or struck off the list of candidates for the Cavalry Branch, as the case may be.

V.—It will also be necessary on the completion of the course for the Commanding Officer to report (a) whether the candidate is a good rider, (b) whether he has been attentive to his duties, (c) whether he has made good progress in the various branches of Cavalry instruction, (d) whether he possesses a competent knowledge of the use of carbine, sword and lance, (e) of elementary veterinary instruction such as the ageing and shoeing of horses, &c., (f) of the art of fitting saddlery, and (g) of the general principles of all detached duties.

Should any difficulty be experienced in imparting instruction under (e), candidates should attend the weekly lectures prescribed by para. 224, India Army Regulations, Vol. VIII.

VI.—Officers who have not already passed the Higher Standard Examination in Hindustani, will be expected, while attending the classes of instruction, to utilize their spare time in studying the native languages, and on the termination of the class they will be granted three months' leave for the same purpose (subject to an extension when necessary), during which period they must make every endeavour to qualify.

VII.—The certificates required by paras. III and V will be submitted to the General Officer Commanding, by whom they will be sent to the Officer Commanding the Native regiment to which the probationer belongs for submission to the Adjutant General through the proper channel. If both the British and Native regiments are in the same district the certificates will be sent by the Officer Commanding the former, to the Officer Commanding the latter, who will forward it to Army Head Quarters through the usual channel.

VIII.—Officers proceeding to, and returning from, these classes of instruction will be allowed to travel at the public expense.

Conveyance for chargers will also be allowed in all cases where the Officer Commanding the British Cavalry regiment to which officers are attached certifies that a charger is absolutely necessary.

IX.—Full staff pay of their appointments will be passed to the officers for a period not exceeding three months on the condition that no extra expense thereby will be caused to the State.

X.—These rules are also applicable to officers serving with Native Infantry, who are candidates for appointment to Native Cavalry regiments, and to officers who have already been admitted to the Staff Corps and are holding permanent appointments in Native Cavalry regiments, whose instruction in a course of equitation may notwithstanding be considered desirable by their Commanding Officers.

XI.—Officers of British Infantry regiments who have risen from the ranks of Cavalry regiments are exempted from undergoing the course.

Paras. 740, 741, 742 and 743 are cancelled.

Add the following as para. 922-A :

"(British and Native.)"

Regimental bands, British and Native, are not to take part in native festivals and entertainments, except under the special sanction of General Officers Commanding obtained for each occasion. After para. 2423 add the following new paras.:

2423 (a). The regulations governing the grant of medals and rewards for meritorious service and good conduct to non-commissioned officers and soldiers of the Native Army are contained in Volume I, Part II, Army Regulations, India.

2423 (b). In addition to the above, a silver medal inscribed "For long service and good conduct," but *without* gratuity, may be granted annually in every corps to a soldier under transfer to the pension establishment, whose field services and irreproachable conduct throughout his service have been such as to mark him for reward, and whose position on the list of candidates has not procured him the medal and gratuity. Recommendations for this medal to be made by commanding officers, but the grant to be made solely at the discretion of the Commander-in-Chief.

2423 (c). Commanding officers should address their recommendations for the medals to the Adjutant General, except in the case of local corps, who will submit their recommendations to the Government of India in the Military Department. The recommendations are to be made on India Army Form No. 21-A. (a separate roll being required in each case), and are to be despatched to the Adjutant General, or to the Military Department, as the case may require, on the 1st of January, with certified copies of the troop, battery, or company defaulters sheets during the whole service of the soldiers who may be recommended. A certified extract showing the charge, finding and sentence of any court-martial by which any one of them may have been tried, and a copy of any civil conviction, are also required.

2423 (d). It is to be understood that the medal with annuity or that with gratuity, is to be given by selection to the soldier who is considered by his commanding officer and squadron or wing commander to be the most deserving of those men who have qualified for the honor and are eligible for it. The mere fact of a man having fulfilled these conditions does not give any claim to either medal with annuity, or medal with or without gratuity.

2423 (e). As it is desirable that the annuity should be held chiefly by men on the effective list, commanding officers should not, except in very special cases, recommend non-commissioned officers who are about to be transferred to the pension establishment and before any annuitant on transfer to the pension establishment is recommended for a continuance of the annuity,

commanding officers must certify that the conduct of the non-commissioned officer recommended has been such as to warrant the continuance of the annuity.

2423 (f). Soldiers who may have distinguished themselves by gallantry and zeal in the field, after the commission of any offence by which they were rendered ineligible for the medal with annuity or gratuity, as the case may be, may be recommended for the same, but their services must be exceptional and fully explained.

2423 (g). A soldier who has been tried as a non-commissioned officer and reduced to the ranks for an offence for which he would not necessarily have been tried had he been a private soldier, may be recommended for the medal with gratuity if he has qualified for it in other respects, and provided that his company defaulter sheet shows a period of five years' continuous good conduct since the date of his reduction.

2423 (h). It cannot be too strongly impressed on commanding officers that, in making selections for this honorable recognition, their recommendations should be strictly limited to those soldiers who are known to be in every way worthy of the medal, which is only intended as a reward for a long course of meritorious conduct. Commanding officers should bear in mind that although a soldier may have completed the requisite service and be in possession of three good-conduct badges, it does not follow that his previous conduct has always been sufficiently good to render him eligible for such a distinguished reward as a good-conduct medal, which will only be conferred upon those whose characters are of the highest order, each recommendation being judged by the number and nature of the offences in the man's regimental and company defaulter sheet, irrespective of the punishments which may have been awarded.

2423 (i). In order that every man who obtains a good-conduct medal may be held up as an object of respect and emulation to the non-commissioned officers and soldiers of the corps, the grant will be announced in General Orders of the Government of India, and the announcement will be repeated in Army General Orders (except in the case of local Corps) and in regimental orders. The medal will be transmitted to the General Officer Commanding the District in which the corps is serving, who will cause it to be delivered to the soldier at a full-dress parade (as ordered in Queen's Regulations, para. 9, section XX) to be worn by him as an honorable testimonial of the approbation in which his conduct is held.

Para. 2437 is reconstructed as follows:

Medals granted for service in the field are to be withdrawn from native soldiers who on trial by court-martial may be sentenced to transportation, such sentence being confirmed, or who may be dismissed with ignominy, or upon conviction of desertion, or who, on trial by a Criminal Court, may be sentenced to imprisonment for an offence which, if tried by court-martial, would be analogous to disgraceful conduct and thereby involve dismissal with ignominy.

Alterations and additions referred to in Army Order 129:

Para. 168 (k) to read: The rounds will be fired as follows:

Eight rounds will be fired in volleys in the 1st phase between 600 yards and 180 yards, and two rounds in Independent firing in the 2nd phase of the 3rd zone (Infantry Drill, 1889) at 150 yards.

The section will advance from 600 yards, and the first volley will be fired by the section at 540 yards; after which, the line having made a momentary halt at about 460 yards, the left half section will be directed to fire a volley, the right half section will then rush 40 yards to the front, and halt on the words "Fire a volley" from its commander; the men will then prepare to deliver a volley: and the command "Fire" from their half section commander will be the signal for the left half section to align themselves with those in front.

In this manner the attack will progress, the right half section always leading, until about 180 yards is reached; the *half sections* will then under cover of the last volley, rush to about 150 yards, when the commander will at once give the order to the section—“Two rounds Independent* Firing, commence.” The officer superintending will then blow his whistle as a signal to fix bayonets or swords, in readiness to join the second line, presumed to be now passing through the firing line for the assault on the enemy's position.

THE "HAWK" BIRD KILLER.

(By Royal Letters Patent.)

ALL sportsmen using the gun are aware that a large proportion of birds when shot at are merely winged or wounded. The methods usually adopted for despatching them, such as crushing the skull with the teeth, piercing the brain with a knife, or bruising the head, are not only repulsive, cruel, and inhuman, but also damaging to the appearance of the plumage, and the perfect condition of the bird for the table. To meet this deficiency, the "Hawk" Bird Killer has been invented to cause instantaneous death, without damaging the plumage or condition of the bird. It has been thoroughly and practically tested by experienced sportsmen without a single failure, and meets a difficulty long and keenly felt. The instrument is small, and easily carried in the pocket or attached by a short chain to the coat or game bag.

This little instrument was invented at the suggestion of a true sportsman, who found the killing of his wounded birds so repulsive that it often marred the pleasure of a whole day's sport. Its object is to instantly kill the wounded birds, and after repeated trials on the fields and moors, has been proved to be a most useful and merciful invention.

Price Rs. 4 0 each.
