- (c) When a family is provided with a cart between Mettapolliem and Wellington, and *vice versa*, the full allowance of baggage (80 lbs.) of the husband should be conveyed in the same cart with the family, the husband himself being also accommodated in it between Kullar and Mettapolliem on the downward journey, provided the family does not consist of more than three children. Should, however, this number be exceeded, 20 lbs. of the husband's baggage should go in the cart with him and his family, the remaining 60 lbs. being provided for separately (*vide* clause IX). These men and families will leave Mettapolliem at 4 P.M., taking supper with them, breakfast the following morning being supplied to them at the toll bar on the ghât.

VI.—Details and convalescents considered able to march up the ghât will be provided with carts at the rate of three men to a cart from Mettapolliem to Kullar, whence they will march up.

These men will leave Mettapolliem at 1 A.M. At Kullar they will be provided with coffee, and at the toll bar on the ghât breakfast will be issued,

* In the case of fractions, half or more to be considered a whole; under half not to be reckoned. On this principle five men should be the lowest number to receive a dandy.

VII.—In the case of convalescents, dandies (with ten hired bearers each) at the rate of one to every ten* men will be provided for any of the men who may require carriage *en route* between Kullar and Wellington.

An extra cooly will be attached to each dandy to carry the rifles, &c., of the man in the dandy.

VIII.—Carriage as specified in paras. 5 and 6 will similarly be provided for the journey from Wellington to Mettapolliem, the time of starting and the provision of rations *en route* being arranged for with the Commissariat Department under the orders of the General Officer Commanding Southern District.

IX.—Carriage at the expense of Government will be provided between Mettapolliem and Wellington, and *vice versa*, for the baggage of all men (convalescents and details, moving up or down the ghât at the rate of 80 lbs. per man; but when less than three men travel at one time, the full allowance of baggage (80 lbs. per man) will accompany them in the cart.

G. O. 27—*contd.*

X.—Wards and guardians proceeding from the Lawrence Asylum to Mettapolliem, and *vice versa*, will be provided with carts

† Two children between 2 and 10 years of age reckoned as one adult. *at the rate of one for three or less adults,† and such baggage as can be conveyed in the cart.*

XI.—Departmental and Regimental Staff Sergeants proceeding on duty from Mettapolliem to Wellington, and *vice versa*, will be provided with a country cart for their conveyance.

XII.—Requisitions for conveyance should be made as follows:

- (a) For tongas or ponies on Messrs. Brown & Co. or any other carrying agency who will comply with requisitions made on them by despatching officers, &c., sending them bills subsequently for payment.
- (b) For dandies (with bearers) and coolies on the Commissariat Department.
- (c) For country carts, despatching officers should intimate to the Commissariat Agent at Mettapolliem the number of men sick and those able to march (officers medical subordinates, and families) for whom conveyance is required. He will provide the correct quantity of carriage, both for men and baggage, according to the above rules, and obtain a receipt for the same from the officer in charge, or other person to whom it is made over. This receipt the Commissariat Agent will send to the despatching officer concerned, who will then prepare and forward an indent duly receipted for the supply.

XIII.—The full complement of ten bearers per dandy is only to be employed for the journey with troops from Kullar to Wellington, or *vice versa*, four bearers only being allowed for the conveyance of empty dandies returning either way.

XIV.—It is to be distinctly understood that the above rules are applicable only to details and convalescents, moving up or down the ghât. When large parties move: *e.g.*, when detachments on the Western coast are relieved, or the regiment at Wellington is relieved, the ordinary rules regarding transport of baggage, &c., of troops on the march must be held to be in force, and the troops themselves required to march the whole distance between Mettapolliem and Wellington. Under this arrangement the allowance of baggage to be carried by road at the expense of the State would be regulated according to para. 109, Army Regulations, India, Vol. 10, Part II, and Appendix IV, of the same Regulations.

Para. 473.—After "Government" in second line add "or contract."

Page 129.—To note 1 at the foot of the page add "is treated as a regimental transfer."

Add as paragraph 514-A—

514-A. When an officer of the Royal Artillery is placed on "general duty" as a temporary measure on completion of his five years' tenure of appointment on the Staff of the Army, he is not entitled to a free passage to the station at which he is ordered to do "general duty." He is, however, entitled to a free passage when subsequently appointed to the command of a battery, or other regimental appointment without increased emoluments, except in the case of his being posted to do "general duty" at the same station at which he was employed on the Staff.

The note 2 at foot of page 138 and footnotes on page 139 are cancelled: and paragraph 546 is reconstructed as follows:

546. Warrants should not be issued to the officials mentioned in paragraph 809, Army Regulations, India, Vol. I, Part I, when moving on tours of inspection and drawing mileage allowance. If, however, these officials travel on any other duty, they should be provided with warrants.

The offices of the Deputy Assistants Adjutant General for Musketry, who are employed as instructors, are removed annually from the 15th April to the 31st October from the head-quarters station to the school station (*vide* G. O. C. C., dated 2nd April 1886). The Deputy Assistants Adjutant General for Musketry travel on warrants when proceeding to the schools in the first instance, and back as far as the first out-station they have to visit *en route*, when they are granted out-station and mileage allowance. On proceeding to the schools for the second class, mileage and out-station allowance cease at the station in which they perform inspection duty, and they should then proceed onward on warrants.

Para. 548, page 140.—Expunge clauses (a), (b) and (c).

Para. 551.—Place an asterisk against "duty" in first line, and add as a note at foot of the page:

* A lady nurse travelling from one station to another to attend on a sick officer does not travel "on duty," and her travelling expenses must be defrayed by the officer for whose benefit she may be sent.

Para. 625.—For "by rail" in third line substitute "by road, rail," and at the end of the paragraph substitute a comma for the full stop, and add "or ordered to join them under proper authority."

Para. 627.—At the end of the paragraph substitute a comma for the full stop, and add "for their passage by road, rail, or river."

Para. 37.—In line 1, after "Governors" add "Lieutenant-governors within their own province."

New para. 37-A—

The following are the rules regulating the position of high civil functionaries at military parades or reviews:

Parades may be classed in two divisions—

(i) Reviews held in honor of Her Majesty.

(ii) Other Reviews.

11TH APRIL.]
27

49

G. O. 27—*contd.*

I.—The regulations for reviews held in honor of Her Majesty are contained in General Orders, No. 337, dated 26th December 1874, and No. 328, dated 20th December 1877, of the Commander-in-Chief in India. On these occasions no salute is given at the commencement of the review, nor are the troops inspected by the reviewing officer passing down the line. The Officer Commanding the troops falls in in front of the line, and himself takes part in the Royal salute. No person present (the Viceroy alone excepted) is entitled to stand at the flag staff during the parade, or to receive the Royal salute. The subsequent march past, if held, is not part of the parade in honor of her Majesty, and the acknowledgement of the salutes of officers should follow the rule prescribed for other reviews.

II.—In the case of other reviews, at which a civil functionary may be present, the following rules will be observed:

(a) A Governor, or a Lieutenant-Governor within his own Province is entitled to be received, on his arrival on parade, by a general salute; the General or other Officer Commanding heading the troops and taking part in the salute. On very special occasions a Commander-in-Chief would take command of the troops but usually he would meet the Governor, or Lieutenant-Governor, and accompany him to the Ground.

In passing down the line, the Governor or Lieutenant-Governor would be on the left of the General Officer; and during the march past he would be next the flag staff and receive the salutes of the officers, the General being on his right. In the advance in review order, the same order would be observed, and the Governor or Lieutenant-Governor would receive the salute of the troops.

Throughout the parade a distinct precedence will be given to the Governor or Lieutenant-Governor.

(b) When a civil or military officer administering the Government or acting as the representative of Government at any place, not being below the rank of a Chief Commissioner, is present at a review in his official capacity, he may, if not inferior in relative rank to the senior military officer present, be invited by the latter to receive the salute of the troops on his arrival on parade. In such case the military officer would meet the civil functionary and accompany him to the ground.

The distinction should also be granted in all cases under this rule where the senior military officer is below the rank of a General Officer. If the senior military officer is superior in relative rank to the civil officer, he will take precedence and receive all salutes.

No. 24.

Drill and Instruction.—The following rules for the competition for the prizes sanctioned in India Army Circulars, clause 151 of 1889, are promulgated:

Rules for competition for Sword and Lance Practice. Native Cavalry.

During the hot season of the year, from 15th April to the 15th October, Squadron Commanders should practise their men in the use of the sword and lance, at least on two occasions weekly. Classes also being formed for instruction in single stick of an afternoon.

Troop Registers should be kept of the amount of instruction each man receives (Form A).

Between the 1st and 31st December yearly, unless prevented by some unavoidable reason, Squadron Commanders will hold competitions in their squadrons to determine the best man in the squadron.

The 3rd Prize for the best man in a troop will only be awarded when at least two thirds of the strength, exclusive of recruits, have competed.

The four winners of the Squadron Prize will compete for the prize given to the best Swordsman or Lancer in the Regiment. This competition being judged by the Commanding Officer.

No man is to hold two prizes, so in the case of the Squadron winner gaining the Regimental prize, the next best man will be entitled to the Squadron Prize, and in the same way the next for the Troop Prize.

Any men who from age or other infirmity, the Squadron Commander may consider should be exempted from these practices, should be brought before the Commanding Officer, who alone has the power of granting exemption.

Rules for the Assaults.

1. The names of the competitors are to be entered in the Squadron Roll (Form B).

2. The men are to contend mounted, with masks.

3. The competitors are to draw lots as to who are to contend together, each couple entering a circular arena, circling their horses to the left till the order is given "about," when they will attack each other. Or an open manège is permitted at the

discretion of the Officer Commanding, when the pair will advance to the attack from opposite ends.

When a point or hit is made, they are to be stopped by the word "steady" from the officer superintending.

4. There are to be three separate rounds or "attacks," in each "assault," unless the same man wins the first two attacks, in which case a third attack is unnecessary.

5. The letter W is to be entered in ink at the time of the competition against the name of the man who wins each "attack," and a stroke is to be drawn opposite the name of the loser. On the completion of each "assault" a line in red ink is to be drawn through the name of the loser.

6. Those who win the first "assault" will again draw lots and compete as before. The competition being continued till the combatants are reduced to a single pair.

7. The winning man in each squadron will compete for the Regimental Prize in the same manner.

8. When the entire competition is concluded, a general Regimental return is to be made out according to Form C.

9. Decided cuts and points are to count equally. The point and the side of the stick corresponding to the edge of the sword, and the point of the Lance-foil, are to be chalked. Cut and thrusts delivered otherwise than with the edge or point of the weapon do not count.

Lances and sticks for this practice must be of the regulation length, and the lance held at the balance. Hits and points must be above the waist. Any horse leaving the enclosure, the rider to lose that "attack."

10. If the opponents point or cut together, the attack is to continue until it is decided in favor of one or the other: the supervising officer may at any time order the competitors to commence the "attack" afresh.

11. If a man be unhorsed, he will lose the attack. If his horse fall, the supervising officer is to decide whether the fall has occurred through bad riding, or unavoidable accident. In the former case the man will lose the "attack"; in the latter he will incur no penalty.

If a man drop his sword or lance, and is able to recover it without assistance and win the attack, he shall have a right to do so, but he is not allowed to fight on foot. If a man strike his opponent's horse, his opponent is to score the "attack."

12. The winners of Squadron Prizes at out-stations are to be sent into Head-Quarters to contend for the Regimental Prize.

Where there is only one candidate for examination at a headquarters station, arrangements should, if possible, be made to send him to some adjacent head-quarters station where an examination is to be held, the permission of the General Officer Commanding being first obtained.

Should any officer desire to be examined outside the limits of the district in which he is serving, the General Officer Commanding, when forwarding the return in which such officer's name appears, will inform the Director that the sanction of the General Officer Commanding the district in which the examination is to be held, has been obtained.

In submitting these returns, General Officers Commanding will attach thereto, in the case of Lieutenants of the Royal Engineers who are in possession of certificates, copies thereof, showing that they have passed satisfactorily through both the first and second parts of the course of instruction in military engineering at Chatham. The certificate referred to will not be required in the case of any Lieutenants of Royal Engineers who entered the corps prior to the 1st June 1883, provided that they have been reported as qualified for promotion to the rank of Captain prior to the 1st August 1885.

In the event of there being no candidates for examination, a blank return will be submitted.

1322. Applications to be examined are to be forwarded so as to reach the Adjutant General's office not later than 1st April or 1st October. These applications are to be accompanied by a certificate showing date and place of passing the examination in (a) and (b); and, in the case of officers who passed out of India, a copy of the order notifying the examination is also to be attached. When there are no candidates a notification to that effect should be made.

1323. The proceedings of the Board will be drawn up on Army Form A 2, and in conducting the examination the following rules must be observed:

- (a) The papers will be taken in the order they are marked.
- (b) The officers while under examination are to be placed at least six feet apart, and no officer is to be examined in any subject except at the time ordered.

Examination in Range-finding.

1324. Every Captain and Lieutenant in the Royal Artillery will be required, within twelve months of joining a battery, to pass a practical examination in the branch of range-finding proper to that battery. An officer having once passed the practical examination in range-finding appertaining to the particular branch of the regiment to which he belongs, will not be required to do so again.

1325. Lieutenants will not be qualified for promotion till they have passed the examination, viz.:

For Horse, Field, or Mountain Batteries—with the Watkin field range-finder or field telemeter.

For Garrison Batteries—with the Watkin depression range-finder, with the following exceptions:

- (1) Officers who have already passed in the same branch of range-finding.
- (2) Officers on active service.
- (3) Officers going through courses of instruction, or doing any military duty other than regimental—except at their own request.
- (4) Officers of Garrison Batteries quartered where there are no depression range-finders.
- (5) Officers of Horse, Field, or Mountain Batteries in possession of a certificate of the School of Range-finding, Aldershot.
- (6) Officers who, on account of defective vision, are unable to take ranges. (These will have their cases separately considered.)

1326. Examinations in range-finding will be held under the orders of General Officers Commanding during the first week in April and the last week in October.

1327. They will be conducted by a Board consisting, when practicable, of a field officer of the Royal Artillery as President, and two other officers as members.

1328. The results will be recorded in the forms given in Appendix A or B, as the case may be, and forwarded to the Inspector General of Artillery in India accompanied by a roll of officers examined in a sealed cover, in the form given in Appendix C.*

* In Madras and Bombay to be sent through the Assistant Adjutant General, Royal Artillery.

1329. The following directions are for the guidance of the Boards of examination mentioned in para. 1327:

Instructions for examination Boards.

II.—The officers to be examined will be taken to a piece of open and fairly even ground, commanding as extensive a view as possible of the surrounding country; and the Board will select three well-defined objects which can afterwards be identified on the map of the district, and are estimated to be between

1,500 and 3,000 yards distant. Each officer will, in his turn, be required to find the ranges of the three objects respectively, doing the whole of the work himself (without the assistance of a No. 2), including the laying out of the sub-bases.

III.—Fifteen minutes will be allowed for the entire operation, but the time occupied in taking each range will be noted.

IV.—Officers waiting their turn will be placed at some distance from pickets, and not allowed to communicate with those who are at work or have finished.

Examination in the use of the Depression Range-finder.

V.—A reliable instrument will be made use of.

VI.—Each officer under examination will, in turn, be required to set and level the range-finder, and find the height above the water. A datum distance will be given to enable him to do this.

VII.—He will then take two series of observations of a boat moving in the water at a rate of about three knots an hour. Each series will consist of ten observations at half minute intervals. There will be at least five minutes allowed between the two series to allow of re-levelling, &c., if necessary.

VIII.—The ranges taken are not to exceed 150 times the vertical base.

IX.—The true distances will be ascertained by position-finder if available; otherwise, by the mean readings of two other depression range-finders worked independently by experienced observers.

Garrison Instruction, &c.

1329. (a) The establishment for garrison instruction belongs to the department of the Adjutant General in India. The Director of Military Education is responsible for the instruction throughout India, and is attached to the head-quarters of the army in India. He will report to the Commander-in-Chief in India, and to the Director General of Military Education, War Office, and will correspond direct with the garrison instructors in the three presidencies; he will also visit the centres of garrison instruction annually, or whenever necessary.

1329. (b) The garrison instructor belongs to the district staff, but when not stationed at the head-quarters of the district, he is under the orders of the officer commanding the station to which he may be posted. As regards the details of instruction, he receives his orders from the Director of Military Education. During the intervals between the course of instruction, he may

G. O. 30—contd.

reside where he likes in his presidency, provided no expense to the State is incurred, with the sanction of the General Officer Commanding. When availing himself of this privilege, he must report his address to the Director. Beyond the limits of the presidency to which he belongs, the sanction of the Commander-in-Chief is necessary, and permission to pass any portion of the time out of Indian limits, unless taken as leave under the regulations of the service, must be obtained from Government, and can only be granted on special grounds. He must return in ample time to make the preliminary arrangements for the assembly of his class on the fixed date. He is responsible for all the instruments, stores, &c., supplied for garrison classes, and will submit requisitions on the various departments for articles sanctioned.

He will submit monthly to the Director, through the General Officer Commanding the district, a report showing the progress and application to his studies of each Officer attending the course. In forwarding the report, the General Officer will state any local action he may have taken on any matter brought to his notice in the report.

1329. (c) The General Officer Commanding the district will make an annual inspection of the centres of garrison instruction and submit a report thereon in letter form by the 1st January.

Inspection of centres of garrison instruction and employment of instructors.

The garrison instructors should as far as possible be employed as staff officers at camps of instruction and not necessarily in their own districts.

1329. (d) To assist officers preparing for examination in (c) and (d), and in the equivalent examination required from officers of the Indian Army, there will be three courses of instruction in the year, lasting two months each.

The courses will commence—

In Bengal, on 8th March, 1st June and 15th August.

In Madras* and Bombay, on 15th January, 1st June and 15th August.

General Officers Commanding districts will send to the Director of Military Education,† on the dates specified below, a return (India Army Form No. 55) of officers recommended to attend the next garrison course:

In Bengal, on the 27th January, 22nd April and 6th July.

In Madras and Bombay, on the 4th December, 22nd April and 6th July.

In the event of no officer being recommended, a report to that effect is to be submitted.

* The Garrison Class in Madras beginning on 15th January may be assembled at Mandalay instead of Bangalore.

Para. 185 (c).—In the event of a Governor-General dying and leaving a widow in India, a steamer belonging to the Indian Marine Service will (if consistent with the requirements of the public service) be provided to convey her to Suez in like manner as in the case of an ex-Governor-General.

No. 31.—Native Lines—Hutting.—The following rules on the subject of "Native lines, the property of the State," are, with the sanction of Government, published for information and guidance, in substitution of those prescribed in S. G. O. No. 5 of the 17th January 1890:—

1. The sets of lines, which are the property of the State, are as follows, and will be occupied under the rules now promulgated. Regiments occupying them will not receive hutting allowance:—

Madras District	{ Perambúr, for a full regiment. Pallavaram, for two companies. St. Thomas' Mount, for one company. Sámalkót, for one company.	
Bangalore District	{ West Lines, a full regiment. South do. do.	
Secunderabad, Mureedpilly—	{ For a full regiment, Right flank, for a full regiment } (at Belgaum). Left do. do. } South Lines, do. } (at Bellary.)	
Belgaum District	{ At Trichinopoly. South Lines, for full regiment. At Quilon, for six companies. At Trichur, for two companies. At Cannanore, for full regiment.	
Southern District		

2. These lines will, when occupied, be inspected annually in the first week of March by the officer of the Military Works Department of the District, or, in the event of there being no such officer, by the Executive Engineer or other officer of the Public Works Department, who, in conjunction with the Regimental Quarter Master and two selected Native officers, will make a thorough inspection of each hut. Any repairs found necessary will be entered in a roll of the huts to be furnished by the regiment concerned for the purpose, and the officer of the Military Works Department, or the Executive Engineer, will subsequently cause a rough estimate of the cost of making good all defects noticed to be prepared and forwarded to the Officer Commanding the corps. This estimate, after a copy for the regimental record has been taken, should be submitted to the Quarter Master General before the 31st March (if possible) with a view to funds being allotted by him from the annual grant for repairs to Native hutting lines for carrying out the same. For the purposes of these inspections, the huts should, under regimental arrangements, be temporarily vacated, tents being pitched as far as available for the accommodation of the men and their families, the huts being swept out and cleaned.

3. It will be the duty of the Officer Commanding the regiment to take immediate steps for effecting all repairs found necessary by the above committee, as soon as funds for the purpose have been allotted to him.

28th Mar.]

31

G. O. 31—contd.

86

4. A similar inspection by the Regimental authorities only should be made in the month of October, when minor defects observed should be remedied from any balance of the annual allotment, referred to in para. 2, remaining in hand.

5. In the event of these committees being of opinion that any hut has been allowed to fall into a state of disrepair from neglect or carelessness on the part of the occupant, a remark to this effect should be entered opposite the man's name on the roll of the huts, together with a memorandum of the probable cost to put the hut in repair, the charge for doing so, or such proportion of it, as the committee may consider fair, shall be debited against the regiment. The Regimental Commanding Officer will be held responsible whenever it shall appear to the authorities that the lines occupied by his regiment have fallen into disrepair by culpable neglect or injury, and he should at once be called upon to produce his accounts of the disbursement of the repair allowance. He should therefore arrange regimentally for periodical inspections being made to ensure every hut being kept in a proper state of repair.

6. The cost of materials required for repairs to existing buildings should alone be met from the annual allotment made for this purpose, no portion of which is to be expended in the erection of new buildings or in additions to existing ones. All labor, of whatever description, must be provided by the regiment concerned, the advice of an officer of the Military Works or of the Public Works Department being obtained by the Commandant of the corps, when such may be considered necessary, in order to determine the best and most economical way of carrying out the repairs.

7. When submitting the annual estimate for repairs, Officers Commanding will also furnish a statement of accounts showing the general expenditure of the sum allotted to them for repairs and the balance remaining in their hands.

8. On the completion of lines built by Government, a committee, of which one member should be an officer of Engineers, or an officer of the Public Works Department, is to be assembled for the inspection of the buildings and the scrutiny of the accounts, to the abstracts of which the Commanding Officer of the regiment carrying out the work will certify that the expenditure is such as therein set forth. The committee will report as to whether the lines are complete and equal to requirements, also on the description of timber and other materials used in building, and whether economy and skill has been displayed in the construction of the lines. It will examine the accounts, with a view of ascertaining that no unnecessary expenses have been incurred for the work. The proceedings of the committee are to be forwarded, through the usual channel, to the Quarter Master General.

9. On all occasions of movements in relief of troops occupying Government lines, the station standing barrack committee is to survey and report on the number and condition of the huts on the occasion. One copy of its report will be forwarded through the Officer Commanding the station to the District authorities, another copy will, if the outgoing corps is to occupy lines not the property of the State at its new station, be made over to the Commanding Officer for the purpose of being attached to his bill for hutting allowance, and a third copy will be retained for reference by the Officer Commanding the station. The Officer Commanding the outgoing regiment will make over to the Officer commanding the incoming corps any balance of the repair allotment which may remain in his hands at the time of the relief, forwarding transfer certificates to the Quarter Master General for information.
10. When a corps leaves a station without immediate relief, and after a considerable interval the lines are about to be reoccupied, a committee may be assembled, if necessary, to report on any damages caused by the weather since they were vacated. An estimate for the expense of repairing this additional damage is to be prepared and submitted to the Quarter Master General. In the case of a regiment leaving a station without immediate relief, the Officer Commanding will make over to the Officer Commanding the station or his Staff Officer any balance of the allotment for repairs which may remain in his hands, furnishing the Quarter Master General with transfer certificates as mentioned in the preceding paragraph. The balance thus surrendered will be employed by the Officer Commanding the station in the repair and upkeep of the lines until the arrival of the relieving corps, when any balance still remaining on hand will be made over to its Commanding Officer, the usual transfer certificates being furnished to the Quarter Master General.
11. On occasions of ordinary reliefs, when a wing only of a corps relieves a full regiment, it should occupy the lines of one wing only, those of the other wing being looked after and kept in repair by the Executive Engineer on the requisition of the Officer Commanding the station, an estimate of the cost of such repairs being submitted to the Quarter Master General for the allotment of the necessary funds.
12. When the lines of Native troops and of mustered followers become vacant, the Officer Commanding the station will be held responsible for their custody (see G.O.C. No. 54 of 1888) to the extent of protecting them from wilful damage, and for this purpose he should detail a small guard or, when the guard duties are heavy, entertain watchmen under the authority of a station order. Bills for the pay of these watchmen should be submitted to the Quarter Master General for approval. All vacant lines should be inspected quarterly by an officer of the Military Works or Public Works Department, and necessary repairs carried out by them on the requisition of the

Horses.—With reference to G. O. 54* of 1885, the Commander-in-Chief directs that for the future all horses of British Cavalry shall be left unshod on the hind feet, except in special cases of horses with low heeled flat soft feet (of which there may be some 4 or 5 per cent.). In these cases the shoes can be applied at the discretion of officers commanding under the advice of the Veterinary Surgeon in charge.

2. When the shoes are taken off, the inferior or lower edge of the crust should be carefully rounded with the rasp, in order to prevent splitting and chipping, and the feet should afterwards receive the constant daily supervision of the farrier with this view.

3. In addition to the store shoes a second pair of hind shoes, properly fitted, ready for immediate use, will be kept up for each horse left unshod.

4. Half the shoeing allowance will be drawn by the farriers for those horses shod on the fore feet only.

CHURCH OF ENGLAND ASSURANCE
ESTABLISHED 1781

HEAD OFFICE—KING STREET, CHEAPSIDE,

EMPOWERED BY SPECIAL ACT OF PARLIAMENT

Subscribed Capital £1,000,000.

"Short Term" and "Whole Life" Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also "Free" Policies are granted which can never altogether lapse in consequence of the non-payment of Premium.

Special allowances made from the Proprietors' fund in aid of premium on assurances effected by Clergymen and Schoolmasters.

Premium may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premium, and fifteen days for monthly premium. The validity of the Policy will, in every case, be maintained payment of the Premium within the stipulated period, notwithstanding the death of the Assured may have occurred before such premium shall have been received.

No extra rate is charged for sea-passages, and on arrival in port a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *fiduciary* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will be payable within three months after satisfactory proof of death. Policies issued in Sterling or Rupees.

The Medical Officer, Dr. E. F. Drake-Brockman, sees applicants for assurance at his residence Pycroft's Gardens, Nungumbankum Road, Madras, on Wednesdays at 11 A.M.

Detailed Prospectuses, with the names of the Directors, Full particulars of Life Premium, and the necessary Forms of Proposal, may be obtained on application to

PORT BLAIR ASSURANCE SOCIETY

LAUDABLE SOCIETY. ESTABLISHED IN 1881

Approved of the Legislative Council of Port Saint George.

HEAD OFFICE IN MADRAS

BOARD OF DIRECTORS.

R. J. H. ARBUTHNOT, Esq. (ARBUTHNOT & Co.) CHAIRMAN.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates, without participation in Surpluses.

Premiums payable half yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted, and premiums can be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities, or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1886-90 is at the rate of 70 per cent. of original Annual premiums paid during 1881-85.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A.M.
