## ACCOUNT BOOK MANUFACTURERS.

## ACCOUNT BOOKS,

Made of the best description of Paper, well Ruled and Printed, and the

MATERIALS USED FOR BINDING ARE OF SUPERIOR QUALITY,

ESPECIALLY THE RUSSIA, CALF, & VELLUM.

*All best Books are made with patent flexible backs, and warranted to open perfectly flat, without danger of the joints or sections giving way.*

## GENERAL DIRECTIONS FOR ORDERING ACCOUNT BOOKS.

*The Size of Paper* may be given in inches.

*Description of Paper*—Blue Laid Hand-made is always used, unless instructions are given to the contrary.

*Thickness of Book*—The number of Pages should be given; two pages constitute a leaf or folio, and two leaves or folios or four pages form a sheet.

*Pattern for Ruling*—Patterns of ordinary Rulings are on next page; if any other be required, a whole sheet should be sent.

*Description of Binding*—Russia, Calf, Vellum, with single or double Russia Bands, Basil, Forril, half Russia, half Calf, half Vellum, half Basil, with cloth or paper sides.

*Lettering*—If on Back or Side, or both.

*Indexes*—Ruled blue lines, unless a pattern for the Ruling be sent, are bound up with the Book, if not ordered in a separate binding. The number of leaves to each letter should be stated.

*Paging or Folioing*—Care should be taken to state distinctly whether the Book is to be paged or folioed; if paged, the numbers run consecutively, thus: 1) (2; if folioed, both pages in the opening have the same number, thus: 1) (1).

## PATENT DUPLEX PRESS.

SIMPLICITY, DURABILITY, CHEAPNESS, POWER.

For Stamping Notarial, Official, Corporate, and other Seals, &amp;c.

MESSRS. HARRISON & SONS beg to call attention to the Patent Duplex Press, so little force is needed to work it, that the Press requires no fixing, and a stand is not necessary; it may be placed on an ordinary table or desk.

It is constructed without screw or springs, the power being produced by a Cam. From the extreme simplicity of its mechanism, it can be supplied at one-half the price of an ordinary screwpress.

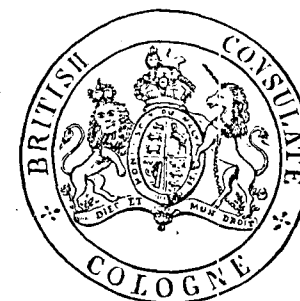

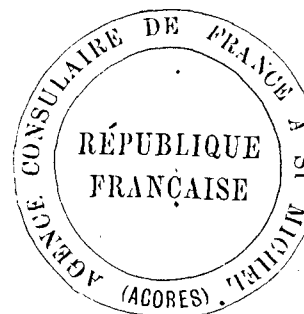

The Patent Duplex Press can be fitted with a lock, so as to prevent its being used by an unauthorized person.

## PORTABLE COPYING PRESSES.

"CLAMP" PRESS.

This Press occupies but little space beyond that of the usual Copying Book, and is, therefore, of great use for travellers.

*Directions for Use.*

Proceed as with an ordinary Copying Press; the pressure is obtained by closing the clasps.

## VAN ANDEN'S PATENT "ROLL" PRESS.

The extreme portability of this Press renders it highly useful to Architects, Surveyors, Solicitors, and Professional Men generally.

| and with Inkstand ...          | 9 0     | 12 6      |

*Directions for Use.*

To copy a letter or other writing, extend the book on a table or desk, with the case toward you; place your letter under a leaf of the book with the writing uppermost; wet the cloth, squeeze it as dry as possible with one hand, and spread it over the leaf. Lay the oiled paper over the cloth to prevent wetting the preceding leaf; roll the case on the table so as to furl the book tightly round it; and in five seconds you will have a perfect copy.

When the letter to be copied covers two or more sides of the sheet, a half sheet of plain paper placed between the written sides will prevent blotting.

Good copying ink should be used.

When one book is filled, it can be slipped out of the groove, and replaced by another.

*Directions for Opening and Shutting the Framed Inkstands.*

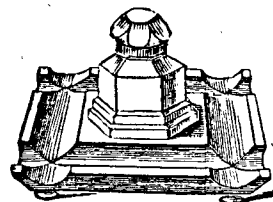

Push the ink case at the part marked "Push" and, when raised to a right angle with the frame, slide it to the centre. In sliding the ink case back into the frame, apply the pressure at the lowest part, and it will be found to move along the groove quite easily.

## Burke's Landed Gentry of Great

BRITAIN AND IRELAND, being a record of the Lineage, &c., of about 4,500 Families, with a description of their Arms, Crests, &c. EIGHTH EDITION. Thoroughly Revised throughout, 1894. This edition of the Landed Gentry has been compiled from communications made by the chiefs and heads of families from their private papers, traditions and genealogies. The great aim has been to arrive at accuracy, and, in order to attain this end, every available source of information has been exhausted, and a correspondence carried on which has secured many thousands of communications from those most competent to improve and correct the work. Apocryphal statements, which had crept into former editions, have been expunged, erroneous particulars and incorrect descents discovered and omitted, and some memoirs excluded as being no longer associated with the possession of landed property. In two volumes, uniform with "The Peerage," "General Armory," &c. 2,340 pages, super royal 8vo., cloth gilt. Price £3 3s.

## Burke's Peerage, Baronetage, Knight-

AGE, &c. for 1895. 57th EDITION. This Peerage and Baronetage is the only one extant which combines, in one volume, the full genealogical or past, as well as the present, account of all the Peers and Baronets of the realm. The Baronetage, incorporated with the Peerage, is complete in every detail as to the Lineage and present condition of each Baronet and his family. The Knightage has been much enlarged by the introduction of the family connections of the Knights of the several Orders of the Knights Bachelors and of the Members of Her Majesty's Most Honourable Privy Council. *Precedence*.—This important subject has been fully dealt with, and the Lists may be relied on as authoritative. The Peers, Baronets, and Knights, and the Companions of the several Orders of Knighthood are placed according to their relative rank; and there is given a Scale of General or Social Precedence, and a List of the Maids of Honour to the Queen, with their relative Precedence. Tables of Precedence of Diplomatic Agents; Relative Rank of the Officers of the Navy and Army; and Precedence in the Colonies, the Dominion of Canada, and the Indian Empire are also supplied. There will also be found official Lists of THE ORDER OF THE INDIAN EMPIRE, THE ROYAL ORDER OF VICTORIA AND ALBERT, THE IMPERIAL ORDER OF THE CROWN OF INDIA, THE VICTORIA CROSS, THE ALBERT MEDAL, and THE ROYAL RED CROSS. The heraldic department includes not only the engravings of the arms of both PEERS and BARONETS, but also the written blazon or descriptions. To this work is added a Key, or comprehensive Alphabetical List, by means of which every titled personage, and many others, can be easily traced. Nearly 2,000 pages, super royal 8vo., cloth gilt. Price £1 18s. (Published annually.)

"Has for more than half-a-century been regarded as containing a history of all the great titled families in the Empire. There is scarcely a page in the volume that is not full of interest. . . . There is an excellent index to the work. . . . Considerable space is devoted to the question of precedence."—*Times*.
