INCORP.
1848

IN THIS SOCIETY are combined the ADVANTAGES OF
MUTUAL ASSURANCE with MODERATE PREMIUMS.

THE PREMIUMS are so moderate that an Assurance of £1,200 or thereby, may generally be secured from the first for the yearly payment which usually would assure (with profits) £1,000 only—equivalent to an immediate Bonus of 20 per cent.

THE WHOLE SURPLUS goes to the Policyholders on a system at once safe and equitable,—no share being given to those by whose early death there is a loss.

The Surplus at the last Investigation was £1,581,000.

Over 60 per cent. of the Members who died during the last Septennium were entitled to Bonuses which, notwithstanding that the Premiums do not as a rule exceed the non-profit rates of other Offices, were, on the average, equal to an addition of over 50 per cent. to the Original Assurances.

ACCUMULATED FUNDS EXCEED £13,000,000.

OFFICERS OF THE ARMY AND NAVY

may cover War or Climate Risk, or both, by an uniform annual extra premium of moderate amount, payable for any period *not exceeding ten years*, but ceasing on permanent retirement from the Service. This arrangement secures relief from the necessarily heavy extra charges which would otherwise be imposed as occasions might arise; but it can be taken advantage of only when there is no near prospect of Active Service or Foreign Residence.

ENDOWMENT ASSURANCE—WITH PROFITS—SPECIAL CLASS.

Prospectus, with full information, on application.

## GENERAL DIRECTIONS FOR ORDERING ACCOUNT BOOKS.

*The Size of Paper* may be given in inches.

*Description of Paper*—Blue Laid Hand-made is always used, unless instructions are given to the contrary.

*Thickness of Book*—The number of Pages should be given; two pages constitute a leaf or folio, and two leaves or folios or four pages form a sheet.

*Pattern for Ruling*—Patterns of ordinary Rulings are on next page; if any other be required, a whole sheet should be sent.

*Description of Binding*—Russia, Calf, Vellum, with single or double Russia Bands, Basil, Forril, half Russia, half Calf, half Vellum, half Basil, with cloth or paper sides.

*Lettering*—If on Back or Side, or both.

*Indexes*—Ruled blue lines, unless a pattern for the Ruling be sent, are bound up with the Book, if not ordered in a separate binding. The number of leaves to each letter should be stated.

*Paging or Folioing*—Care should be taken to state distinctly whether the Book is to be paged or folioed; if paged, the numbers run consecutively, thus: (1) (2); if folioed, both pages in the opening have the same number, thus: 1) (1).

## PATENT DUPLEX PRESS.

SIMPLICITY, DURABILITY, CHEAPNESS, POWER.

For Stamping Notarial, Official, Corporate, and other Seals, &amp;c

MESSRS. HARRISON & SONS beg to call attention to the Patent Duplex Press: so little force is needed to work it, that the Press requires no fixing, and a stand is not necessary; it may be placed on an ordinary table or desk.

It is constructed without screw or springs, the power being produced by a Cam. From the extreme simplicity of its mechanism, it can be supplied at one-half the price of an ordinary screw-press.

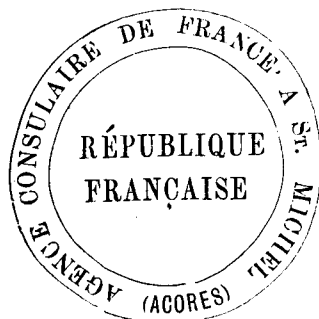

The Patent Duplex Press can be fitted with a lock, so as to prevent its being used by an unauthorized person.

These compact and convenient Inkstands will be found very suitable for the pocket or travelling bag. Their construction secures them from leakage and from the liability to upset when in use.

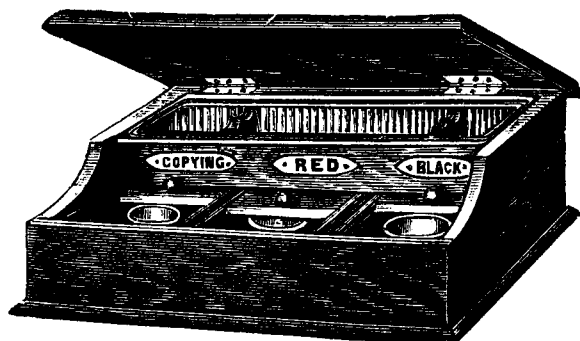

*Directions for Opening and Shutting the Framed Inkstands.*

Push the ink case at the part marked "Push" and, when raised to a right angle with the frame, slide it to the centre. In sliding the ink case back into the frame, apply the pressure at the lowest part, and it will be found to move along the groove quite easily.

## THE POPULAR FILE.

A tough A B C Case, bound in green cloth, with green Manilla sides. It has a strong web strap and buckle, and a loop at the back for convenience in removing from shelf. The stiff cover projects above and below, and thus protects the gussets from wear. A dozen of these files will hold a year's invoices, letters, &c., in the most accessible manner possible, so that any document may be found *at once*.

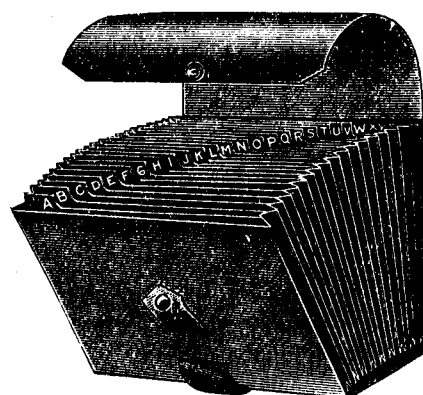

This is the most simple method of storing papers. Notwithstanding their low price, the Files are very strong, and will last for years. A complete set of labels is supplied with each File. They are made in four sizes, with 21 pockets, indexed A to Z.

## THE "MAGPIE" FILE.

A File that will always remain tightly closed whether full or empty.

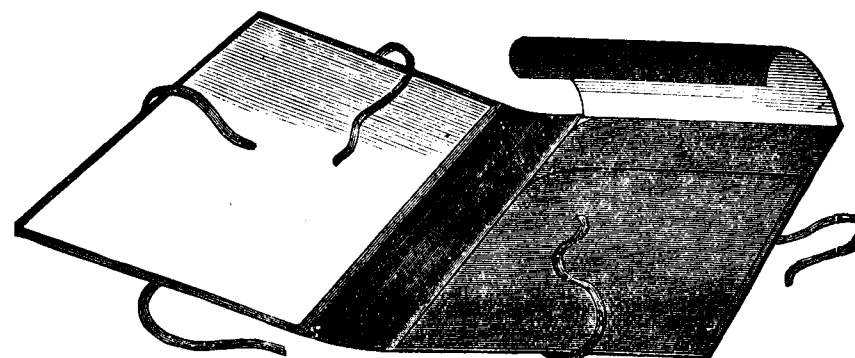

A strong, handsome A B C Expanding File, with flap and adjustable strap fastening, made in a pretty shade of dark grey art vellum cloth, with cloth gussets. The partitions are lettered in a *vivid white* on a black ground, and catch the eye at once. The adjustable strap is fastened and unfastened in a second; it is simple and strong, and cannot get out of order. This File is on the same principle as the well-known "Popular" File, but is of a more permanent nature. The flap, combined with the adjustable strap (which is practically automatic), effectually prevents dust reaching the papers. A complete set of labels is supplied with each file, width of back, 4 inches.

THE "CONKLIN" SELF-FILLING PEN, with Gold  
Nibs. Fine, Medium, and Broad.

The materials of its parts are of the best quality. The gold pens are warranted 14-carat solid gold with iridium point. The ink reservoir is of the best quality rubber, and will last several years. When necessary a new bulb can be supplied for sixpence.

Many pens are now sold, but they all have the same defect. They need taking to pieces for cleaning, and when empty, replenishing with a separate filler. The "CONKLIN" saves the mess and trouble of all this work.

N.B.—One special feature of this Pen is the impossibility of soiling the fingers when writing. The ink flowing direct from its reservoir to the nib without contact with the barrel of the pen, no leakage at the point is possible.

BLOCK SHOWING HALL'S PATENT  
SIMPLEX HEKTOGRAPH CLOSED.

### HALL'S PATENT SIMPLEX HEKTOGRAPH.

Is the latest device introduced for the instantaneous fac-simile reproduction of any Circular, Writing, Drawing or Music in **Black Ink**. It is the most recently improved form of Copying Apparatus by means of Composition, and its perfected character is now such as to constitute it a genuine marvel of its kind.

Outwardly it looks like a book, and could be placed with bound volumes upon the library shelf. It consists of **two** plates, which are movable, and should be used alternately. After the necessary number of copies (which are as sharp and clear as lithography) have been taken, the Ink remaining on the plate is **not washed off**; but after the lapse of a few hours will have disappeared by evaporation, and the plate will again resume its clear appearance. The Directions for Use are placed under the Composition (which is transparent); they are therefore always readable and immediately under the Operator's eye.

BLOCK SHOWING HALL'S  
PATENT SIMPLEX HEKTOGRAPH OPEN.  
THE TWO PLATES ARE MOVABLE.

## Burke's Landed Gentry of Great

BRITAIN. A New Edition in Preparation. Thoroughly Revised. The Editor has been enabled, in diligent collaboration with the families themselves, to make this edition especially complete, accurate and interesting, not only to the landed classes but to all lovers of family history. All the well-known features of the work will be retained, and much additional information added which will, it is hoped, enhance the value of the book from every point of view. To illustrate the thousands of articles, a very large number of representations in fac-simile of the ARMORIAL BOOK PLATES in use by the heads of families are given. Their artistic merit and heraldic interest must, it is felt, extend the wide popularity of this standard work. The LANDED GENTRY is a vast compendium of genealogical knowledge, for it contains the records of nearly four thousand families in England and Scotland, with all their branches, and accurate descriptions of their heraldic insignia. It is published in one volume, uniform with "The Peerage," "General Armory," &c., &c. Edited by ASHWORTH P. BURKE. Super royal 8vo., cloth gilt. Price £2 2s. net.

## Burke's Peerage, Baronetage, Knight-

AGE, &c. This PEERAGE AND BARONETAGE is the only volume published annually, which gives a genealogical account of the families of the Peers and Baronets of the realm, with their collateral branches. Its plan is therefore not merely confined to lists of the surviving relations of Peers and Baronets, but contains an account of every member of their families living and dead, to each of whom a *separate paragraph* is devoted. In the Key will be found the name of everyone entitled to precedence, with a number prefixed to each, showing at a glance their exact relative precedence. The rules of PRECEDENCE are set forth in ample detail. To the Peerage and Baronetage proper is added the KNIGHTAGE, which gives in alphabetical order an account of every Knight, Commander, Companion and Member of the various orders of Knighthood, and of their widows. The complete list of these ORDERS is also given with their members in order of precedence. An account of FOREIGN TITLES used by British Subjects will be found at the end of the work. The ILLUSTRATIONS with BLAZONS of the Arms are a special feature of this work. Over 2,000 pages, super royal 8vo., cloth gilt. Edited by ASHWORTH P. BURKE. Uniform with the "Landed Gentry." Price £2 2s. (Published annually.)

## Hibernia Hippica. By M. O'CONNOR MORRIS.

Author of "Dublin Castle," "Hibernia Hodierna," &c., &c. Crown 8vo. With four maps of Irish Hunting Districts. Price 5s.

"Sportsmen on both sides of St. George's Channel owe Mr. M. O'Connor Morris no small debt of gratitude for the chattily comprehensive treatise on horses and hunting in Ireland, which he has published under the title 'Hibernia Hippica' (Harrison & Sons). A thorough master of his fascinating subject, as readers of the *Field* for many years have had good reason to know, Mr. O'Connor Morris here provides a sketch of what may be called the equine history of Ireland, and a descriptive account of the various Irish hunts, which will delight not only every hunting man, but all to whom the most important question of horse-breeding is in any way of interest. Writing of a country which has been at all times famous for its horses, the author of this valuable little work finds no lack of material for his survey of the Hibernian record in this regard; nor can it be doubted that his capital descriptions of the existing Irish hunts will have the desired result of inducing more English sportsmen to cross over and avail themselves of the advantages so attractively indicated. An account of the hunting experiences in Ireland of the late Empress of Austria forms not the least interesting chapter of a volume which is to be cordially commended to every lover of horses and every devotee of the chase."—*The World*.

**DR. J. COLLIS BROWNE'S**  
**CHLORODYNE.**—  
DR. J. C. BROWNE (late  
Army Medical Staff) DIS-  
COVERED a REMEDY,  
to denote which he coined  
the word CHLORODYNE.  
Dr. Browne is the, **SOLE**  
**INVENTOR**, and as the  
composition of Chlorodyne  
cannot possibly be discovered  
by Analysis (organic sub-  
stances defying elimination),  
and since the formula has  
never been published, it is  
evident that any statement  
to the effect that a com-  
pound is identical with Dr.  
Browne's Chlorodyne *must*  
*be false.*

**DR. J. COLLIS BROWNE'S**  
**CHLORODYNE** is a  
liquid medicine which as-  
suages PAIN of Every Kind,  
affords a calm, refreshing

**ATES** the nervous system  
when exhausted.

The GENERAL BOARD  
OF HEALTH, London,  
REPORT that it ACTS  
like a CHARM, one dose  
generally sufficient. Dr.  
GIBBON, Army Medical  
Staff, Calcutta, states:—  
"TWO DOSES COM-  
PLETELY CURED ME  
OF DIARRHŒA."

Royal Irish Fusiliers, Cork.  
Feb. 6th, 1896.

Dear Sir,

I wish to give public testi-  
mony to the infinite value  
which your remedy, for Dys-  
entery and Diarrhœa (Dr.  
Browne's Chlorodyne) proved  
to several members of the  
Special Service Corps, in the  
recent Ashanti Expedition.  
I bought a small bottle just  
before leaving London for  
West Africa, and having used  
it myself with beneficial  
result, treated some of my  
comrades with equal success  
(though some of them were  
very bad). I should be very  
glad to recommend it to any-  
one about to travel in a  
treacherous climate, where  
they are so much exposed to  
this dangerous malady.

Gratefully yours,  
C. SMITH,  
Band, R.I.F.

**CHLORODYNE** rapidly  
cuts short all attacks of  
**EPILEPSY, SPASMS, COLIC,**  
**PALPITATION**  
**HYSTERIA.**

The Illustrated London News  
of Sept. 28th, 1895, says:—  
"If I were asked which  
single medicine I should pre-  
fer to take abroad with me,  
as likely to be most generally  
useful, to the exclusion of  
all others, I should say  
**CHLORODYNE.** I never  
travel without it, and its  
general applicability to the  
relief of a large number of  
simple ailments forms its  
best recommendation."

**IMPORTANT CAUTION!**  
The IMMENSE SALE of  
this REMEDY has given rise  
to many UNSCRUPULOUS

V2, 8 2105  
N05 PREFACE.

IN the lists of Officers serving in India, which are contained in pages 7 to 104 of this volume, only substantive appointments are shown; and, except in the case of members of the Indian Civil Service, the names of Officers drawing substantive pay of less than Rs. 500 a month are not included. The names shown in italics are those of Officers who are in foreign service, supernumerary, seconded, or employed outside their own departments.

The principle of selection followed in the Record of Services (pages 423 to 653) is explained on page 421.

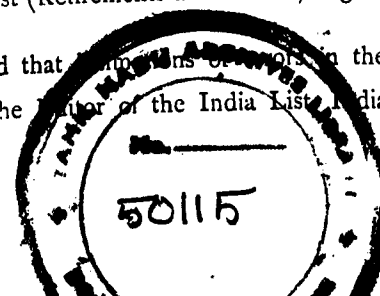

To meet the difficulty that arises from the lack of uniformity in India in the use of surnames, Indian names are twice indexed, and cross references are made in the Record of Services. Rulers of States are also shown under the names of their States.

A list of recipients of the Kaisar-i-Hind Gold Medal will be found on page 172.

The “Index of Subjects and Appointments” is on pages iii to xiii, and the “Index of Names” on pages 661 to 701. Names in the Honours Lists and Record of Services are shown in the Index of Names by “H” and “R,” with a foot-note referring to the Alphabetical Lists on pages 154 to 171 and pages 423 to 653.

A Casualty List (Retirements and Deaths) is given on pages 654 to 660.

It is requested that communications on the lists, or of omissions, may be addressed to the Editor of the India List, India Office, London, S.W.
