CRAVEN STREET, STRAND.

PRONOUNCED TO BE THE FINEST IN EUROPE.

Light Baths, Electric Baths, Douches, Vibro-massage.

These Baths stand on what was formerly part of the grounds of the celebrated
Northumberland House. They occupied nearly three years in building, and involved an
expenditure of £30,000. They comprise a large suite of Bath Rooms, having a floor space
of about twelve thousand feet, with a smaller suite in a separate but adjacent building for the
exclusive use of ladies; the Cooling Rooms, which are fitted in a most luxurious manner,
are surmounted by a lofty dome specially designed to permit free circulation of air, and to
ensure perfect ventilation; while the heating and ventilation of the hot chambers have been
brought to a state of perfection by a system first introduced by the Proprietors of these
Baths, and the whole of the decorations of both Hot and Cooling Rooms have been designed
by the most eminent authorities.

THE STANDARD LIFE ASSURANCE CO.

ESTABLISHED 1825.

INCORPORATED 1910.

Governor.

HIS GRACE THE DUKE OF BUCCLEUCH AND QUEENSBERRY, K.G., K.T.

Deputy-Governor.

THE RIGHT HON. THE LORD DUNEDIN, K.C.V.O., LORD JUSTICE-GENERAL.

Revenue	-	-	-	-	£1,575,000
Bonuses Declared	-	-	-	-	£8,170,000
Accumulated Funds	-	-	-	-	£13,300,000
Claims Paid	-	-	-	-	£30,300,000

The STANDARD is COSMOPOLITAN in character. It has Branches and Offices throughout the East, where proposals may be accepted, loans granted and claims settled without the vexatious delays inevitable in the case of a Company which has to refer such matters Home for consideration.

The STANDARD charges MODERATE INCLUSIVE PREMIUMS (based on its own experience as the oldest British Life Office in the East) during residence in India—with immediate reduction on return to Europe or other temperate climate.

The STANDARD is prepared to grant LOANS to Military Officers and Government Servants, on personal security coupled with Life Assurance, at a low rate of interest. These are repayable on easy terms.

PREFACE.

50062.

In the lists of Officers serving in India, which are contained in pages 5 to 119 of this volume, only substantive appointments are shown, and, except in the case of members of the Indian Civil Service, the names of Officers drawing substantive pay of less than Rs. 500 a month are not included. The names shown in italics are those of Officers who are in foreign service, supernumerary, seconded, or employed outside their own departments.

The returns of the Census of 1911 are not yet complete, and, although the important changes are noted, the figures for 1901 are generally retained in the gazetteer portion and in the statistical tables.

A table showing the population in 1911 by Provinces, States and Agencies has been inserted at page 402, with the variations shown since 1881, and on page 403 will be found details of the population of the large towns in 1901 and in 1911. The numbers belonging to the different religions in 1911 are stated on page 405, and on page 406 is shown the distribution of the population in 1911 according to religion and education.

The principle of selection followed in the Record of Services (pages 425 to 709) is explained on page 423.

To meet the difficulty that arises from the lack of uniformity in India in the use of surnames, Indian names are, in all doubtful cases, twice indexed, and cross references are made in the Record of Services. Rulers of States are shown under the names of their States.

The names of the Members of the new Legislative Councils are given as fully as possible, and in the case of the Governor-General's Council further particulars have been added.

The "Index of Subjects and Appointments" is on pages iii to xv, and the "Index of Names" on pages 719 to 757. Names in the Honours Lists and Record of Services are shown in the Index of Names by "H" and "R," with a note prefixed referring to the Alphabetical Lists on pages 171 to 188 and pages 425 to 709. Additions to the List of Honours as notified in the Honours List for June, 1913, will be found facing page 171.

A Casualty List (Retirements and Deaths) is given on pages 710 to 718.

It is requested that intimations of errors in the lists, or of omissions, may be addressed to the Editor of the India Office List, India Office, Whitehall, London, S.W.

Extract from the Rules for the use of the Library :—

- The use of the Library (including the Reading Room) is restricted to members of the establishment of the India Office and to such other persons as have previously obtained tickets for that purpose.
- Books can be borrowed only with the sanction of the Librarian, who shall require from each person an acknowledgment for whatever work he may be permitted to consult or take away on loan. In the case of an Oriental manuscript, the approval of the authorities must first be obtained : and, except in special cases, a bond for the safe return of the manuscript will be required.
- No book thus borrowed shall be kept more than three months ; but when returned, it may be borrowed again by the same reader, unless wanted by another reader, or required in the Library for any purpose. In the case, however, of scholars engaged in special investigations, it shall be in the power of the Librarian to extend the loan of any book without insisting on its being previously returned, provided that the borrower has certified in writing that the book is in good condition. No periodical shall be kept longer than one week. A work may be recalled at any time, at the discretion of the Librarian.
- The Library is generally open on ordinary weekdays from 10 a.m. to 5 p.m., and on Saturdays till 1 p.m.

Lord Macartney, K.B.		

(a) Madras, which had previously been an Agency under the jurisdiction of the Presidency of Bantam in Java, was created a Presidency in 1652, Bantam being in turn placed under Madras, and the President, Mr. Baker, transferred to the latter station. This arrangement, however, continued only to 1655, when the settlement again became an Agency, and so remained till 1684, when the Agent, Mr. Gyfford, was made "President and Governor of all the English East India Company's affairs upon the coast of Choromandel and in the Bay of Bengala."

(b) Mr. Yale also acted during Mr. Gyfford's absence in Bengal from 8th Aug., 1684, to 26th Jan., 1685.

(c) Madras having been captured by the French on the 10th September, 1746, the government of the Settlement devolved on Mr. John Hinde, the Deputy Governor of Fort St. David.

(d) Mr. Hinde died at Fort St. David on the 14th April, 1747, previous to the receipt of the Court of Directors despatch of 24th Jan., 1747, creating Fort St. David the Head Settlement, and appointing Mr. Hinde president and governor.

(e) The Court's despatch ordering Mr. Floyer's dismissal from the service was received at Fort St. David on the 6th July, 1750.

(f) The seat of government was re-established at Madras on the 5th April, 1752, four years after its restoration to the English by the Treaty of Aix-la-Chapelle.

(g) Governor for the second time. By order of Mr. George Stratton and the majority of the Council he was placed under arrest and detained at St. Thomas's Mount on the 24th Aug., 1776. He was allowed to return to the Madras Garden House on the 28th April for change of air, and died there on the 10th May, 1777.

(h) Acting governor second time. Suspended by the Governor-General and Council under Section IX of the Regulating Act.

Stephen Strutt	11 Oct., 1715	Officiating.

(a) The first four governors held Bombay for the Crown. The Island was handed over to the Company on the 23rd Sept., 1668. For the next nineteen years (1668–1687), except for occasional visits, and during three years (1672–1675) of Governor Aungier's rule, the Governors of Bombay spent almost the whole of their time in Surat, of which factory they were presidents. During this time, Bombay was administered by an officer styled Deputy-Governor. The transfer, in 1687, of the headquarters of the Company's power to Bombay to a great extent did away with the need of a Deputy-Governor. But in spite of the change the title continued for many years to be borne by the second member of the Council. It would seem to have fallen into disuse some time between 1720 and 1738.

(b) Child was Governor and General, with his headquarters in Bombay, whither he moved from Surat on the 2nd May, 1687, and where he died on the 4th Feb., 1690. In the year 1683, Bombay was the scene of a revolt against the Company's authority. The head of the rebellion was Captain Richard Keigwin, the third member of the Council. Placing the Deputy-Governor under arrest, Keigwin ruled Bombay in the King's name from the 27th Dec., 1683, to the 10th Nov., 1684, when on promise of pardon he handed over the Island to Admiral Sir Thomas Grantham.

(c) Under Gayer, Waite, and Aislabie—that is, from 1694 to 1715—Bombay Governors held the title of General. During the last three years (1701–1704) of his nominal command, Gayer was in confinement in Surat.

The entries in the above table apply exclusively to the persons entered therein, and, while regulating their relative precedence with each other, do not apply to the non-official community resident in India, the members of which shall take their place according to usage.

Officers in the above table will take precedence in order of the numbers of the entries. Those included in one number will take precedence *inter se* according to the date of entry into that number.

When an officer holds more than one position in the table, he will be entitled to the highest position accorded to him.

Officers who are temporarily officiating in any number in the table will rank in that number below permanent incumbents.

All officers not mentioned in the above table, whose rank is regulated by comparison with rank in the army, to have the same rank with reference to civil servants as is enjoyed by Military Officers of equal grades.

All other persons who may not be mentioned in this table, to take rank according to general usage, which is to be explained and determined by the Governor-General in Council in case any question shall arise.

Nothing in the foregoing Rules to disturb the existing practice relating to precedence at Native Courts, or on occasions of intercourse with Natives, and the Governor-General in Council to be empowered to make rules for such occasions in case any dispute shall arise.

All ladies to take place according to the rank herein assigned to their respective husbands, with the exception of wives of Peers, and of ladies having precedence in England independently of their husbands, and who are not in rank below the daughters of Barons, such ladies to take place according to their several ranks, with reference to such precedence in England, immediately after the wives of Members of the Council of the Governor-General.

Given at Our Court at Windsor this tenth day of December, in the year of Our Lord One thousand eight hundred and ninety-eight, and in the sixty-second year of Our Reign.

By Her Majesty's Command.

(Signed) GEORGE HAMILTON.

INDIAN AGRICULTURAL SERVICE.

1. The appointments in the Indian Agricultural Service include those of Deputy Director of Agriculture, Agricultural Chemist, Economic Botanist, Mycologist, Entomologist, Professors of Agriculture, Chemistry and Botany at Agricultural Colleges, and the like. Some of these are included in the Imperial Department of Agriculture under the direct control of the Government of India, but the majority are included in the Departments of Agriculture of the several provinces of India. In some cases candidates will be appointed direct to these posts, but in most cases they will be appointed as supernumeraries, will undergo a further course of training in India in Indian agriculture, and will be appointed to posts, for which in the opinion of the Government they are considered suitable, on the regular establishment as vacancies occur.

2. Appointments are made by the Secretary of State for India as occasion may require, and applications regarding them should be addressed to the Revenue Secretary, India Office, London, S.W.

3. Candidates must, as a rule, be not less than 23, nor more than 30 years of age. Exceptions will be made as regards the maximum limit only in the case of appointments requiring special qualifications. Candidates must furnish evidence of having received a good general education, and of possessing a thorough knowledge of the science of agriculture or of the particular science required for the appointment applied for. Preference is given to British-born subjects and to distinguished graduates of some University in the British Empire.

4. Applications should be submitted upon the form provided for the purpose, and should be accompanied by testimonials setting forth fully the Candidate's personal and professional qualifications and practical experience.

5. Candidates whose applications are selected for consideration will be required to present themselves for an interview with an official at the India Office. In selecting Candidates for appointment, weight will be given to the possession of (a) a University degree in honours in science or the diploma of a recognised school of agriculture or other like distinction; (b) qualifications in a special science according to the nature of the vacancy to be filled; (c) practical experience. Importance is also attached to bodily activity and ability to ride, and

selected Candidates have to undergo an examination by the Medical Board of the India Office as to their physical fitness for service in India.

6. Newly appointed officers are required, before leaving this country, to enter into an agreement with the Secretary of State embodying the conditions of their appointment. They are also required to leave for India within three months of their appointment by the Secretary of State, and are provided at the expense of Government with a first-class passage to India, the cost of which they will be required to refund if they voluntarily relinquish the service of Government before the close of three years from the date of the appointment. If an officer's service be determined at the expiration of the term of three years, or if prior to the expiration of that term he shall be compelled by ill-health (certified to the satisfaction of Government) to give up the service, a first-class passage to England will be provided at the expense of Government. Pay commences from the date of arrival in India.

7. An officer appointed to the Agricultural Service, whether as a supernumerary or otherwise, and whatever his initial salary may be, will be on probation in India for three years. He will be required to pass an examination in a vernacular language within two years of his arrival in India or of his first appointment to the service, whichever is later. His appointment may be cancelled for failure to pass this examination, or at any time for unfitness or misconduct. At the end of his three years' term of probation the Government of India will decide whether to retain or dispense with his services.

8. Officers of the Agricultural Service are expected to give their whole time to the duties of the service, and are liable to transfer from one appointment or province to another.

9. The salary attached to posts in the Indian Agricultural Service will ordinarily be:—

	Rs.
For the first year	... 400 per mensem.
" second year	... 430 "
" third year	... 460 "
" fourth and subsequent years	... 500 rising by annual increments of Rs. 50 a month to Rs. 1,000 a month.

INDIAN AGRICULTURAL SERVICE—continued.

Candidates who are required to undergo a further course of training in India under paragraph 1 above will be appointed on this scale of salary, commencing on a pay of Rs. 400. Where, for special reasons, a Candidate is recruited for direct appointment to one of the regular posts under paragraph 1, his initial pay will be determined with reference to the special qualifications and the length of European experience required for the appointment for which he is specially selected, but his subsequent increments of salary will be regulated by the foregoing scale.

In addition to this scale of pay, officers filling appointments directly under the Government of India, as distinguished from appointments under Local Governments (but not including officers holding supernumerary posts, the post of Inspector-General, or the post of Director of the Pusa Institute) will be eligible for local allowances* on the following scale:—

	Rs.
From the 4th to the 10th year of service†	... 100 per mensem.
From the 11th to the 15th year of service	... 150 "
Over 15 years' service	... 200 "

An officer appointed on an initial pay exceeding Rs. 400 will be allowed to count service for the local allowance (but not for leave or pension), as if he had served for the period entitling him to that rate of salary on the ordinary scale. For instance if he commences service on an initial salary of Rs. 500 he will be eligible for a local allowance of Rs. 100 in the first year of his service.†

The grant of the local allowance is, in each case, conditional on approved good work, and the Government reserves to itself the fullest discretion as to granting, withholding, or withdrawing them.

An officer appointed to be Principal of an Agricultural College under a Local Government will be entitled to a local allowance of Rs. 100 a month in addition to the emoluments otherwise admissible to him. But if personal allowances are hereafter sanctioned, and he is admitted to one of them, he will cease to draw this allowance. An officer serving in Burma will be entitled to a local allowance of Rs. 100 a month in addition to the other emoluments admissible to him, provided that his pay and allowances (exclusive of travelling and conveyance allowances) do not exceed Rs. 1,000 a month.

No exchange compensation allowance will be given, and free quarters will not usually be provided; but officers receive either free quarters, or a house-rent allowance during the period for which they draw the supernumerary rate of pay, i.e., until their pay rises above Rs. 460 a month.

10. Members of the Indian Agricultural Service draw travelling allowances for journeys on duty as officers of the first class under the Civil Service Regulations.

11. On being confirmed in his appointment, a probationer will become eligible, as from the date of his arrival in India, for leave allowances and pension, under the provisions of the Civil Service Regulations applicable to the Department. These regulations are liable to be modified by the Government of India from time to time. Copy of an abstract of them will be supplied on application to the Revenue Secretary, India Office, London, S.W.

12. Retirement is ordinarily required at 55 years of age, but an officer may, for special reasons, be retained after attaining that age.

INDIA OFFICE,

October, 1912.

INDIAN CIVIL VETERINARY DEPARTMENT

1. The Officers of the Indian Civil Veterinary Department perform or supervise all official veterinary work in India, other than that of the Army, and are debarred from private professional practice in India. Their duties may be divided into three classes, under the following heads:—
(a) Educational work in veterinary colleges;
(b) Horse and mule breeding;
(c) Cattle disease and cattle breeding.

2. Appointments to this Department are made, as vacancies occur, by the Secretary of State for

India, and applications regarding them should be addressed to the Revenue Secretary, India Office, London, S.W.

3. Candidates must not (except on special grounds to be approved by the Secretary of State) be over 26 years of age, and must possess a diploma from the Royal College of Veterinary Surgeons. Evidence of a knowledge of bacteriology, and of capacity for carrying out original research, will be specially taken into account in estimating the claims of candidates. Good

* NOTE.—A local allowance does not enter into the calculation of pension or leave allowances and is drawn in full by the person actually doing the work of the appointment to which it is attached.

† Including service on a Provincial Staff.
‡ Officers already filling these appointments may be admitted to the local allowances on the scale prescribed in this rule at the discretion of the Government of India in each case and for special reasons, when the term of their existing agreements, if they are at present under special agreements, expires. The Government of India reserve the right of applying the same rule to officers recruited directly from England under special probationary agreements for Imperial appointment.

INDIAN CIVIL VETERINARY DEPARTMENT—continued.

health, a sound constitution, and active habits are essential, and candidates must be certified by the Medical Board of the India Office to be physically fit for service in India.

4. Pay will be as follows* :—On arrival in India Rs. 500 a month, rising by Rs. 40 each year to Rs. 1,100, which rate will continue from the beginning of the 16th to the end of the 20th year of service; after the beginning of the 21st year Rs. 1,200 a month.

Extra allowances of Rs. 100 to 200 a month are attached to certain appointments, and house rent is allowed in certain cases.

5. Appointments will be made on probation for five years. Officers may be required from time to time to qualify in the vernacular language of the province within two years from date of arrival in India, or in the event of transfer from one province to another, within two years from date of transfer.

6. On appointment a free first-class passage to India will be granted, subject to the condition that its cost shall be refunded in the event of an officer resigning the service, on grounds other than certified ill-health, within five years from the date of his arrival in India. If on the

expiry of the five years of probation the officer's service is determined, or if he is compelled by certified ill-health to resign the service before such expiry, he will be provided with a free first-class passage back to England.

7. Officers who, after satisfactory completion of the period of probation, remain in the service of the Government of India, will become entitled to the benefit of the Leave and Pension Rules for European Officers contained in the Indian Civil Service Regulations (see p. 259), and will reckon service for leave and pension from the date of arrival in India on first appointment. Retirement is obligatory at 55 years of age.

8. Officers will be required to make provision for their families by subscribing to a Provident Fund under such regulations as Government may from time to time lay down.

9. Each officer will be required, before leaving this country, to enter into an agreement with the Secretary of State for India embodying the conditions of his appointment.

INDIA OFFICE,

June, 1912.

ECCLESIASTICAL ESTABLISHMENTS (CHURCH OF ENGLAND).

Appointments of Chaplains on Probation are made from time to time by the Secretary of State for India, as vacancies occur.

Candidates for these appointments must be Priests who are between the ages of twenty-seven and thirty-four years, and have been for three years altogether in Holy Orders.

Applications for nominations should be submitted to the Secretary of State. Candidates should fill in the form of application which may be obtained from the India Office; and should give the names of at least two clergymen and two laymen, who have recent and intimate knowledge of the candidate's character and qualifications, and to whom reference may be made. Applications should be addressed to "The Secretary of State, India Office," and not to the Secretary of State personally.

A free passage will be provided by the India Office; but if the Chaplain within three years, on grounds other than certified ill-health, relinquishes his appointment, or is removed from it for misconduct, he must refund the cost of such passage.

The payment of salary, and service counting for leave and pension, will not commence until the date on which the Chaplain reports his arrival, either at the headquarters of the Diocese to which he is attached, or at any other station to which he may be appointed and to which he may proceed direct.

A Chaplain will be on probation for three years (a); if confirmed in his appointment at the end of that period, he will be admitted as a Junior Chaplain.

He will be required from the date of his appointment on probation to provide a pension for his family under the Indian Service Family Pension Regulations, a copy of which can be obtained on application to the Government in India, or to the Director of Funds, India Office. This pension is in addition to any pension or compassionate allowance granted under the Royal Pay Warrant for the time being in force.

The marriage donation referred to in the Indian Service Family Pension Regulations may be paid in instalments extending over a period of 24 months.

(a) A clergyman resident in India at the time of his nomination as a probationer will be allowed to count in his probationary period any service rendered by him under the Additional Clergy Society or other service approved by the Government of India, with the exception that service rendered before the probationer had attained the age of twenty-seven years, and before he had been in Holy Orders for three years, will not be counted. He will not be entitled to any gratuity in respect of such service if compelled (from whatever cause) to relinquish his position during the probationary period, nor be allowed to count for furlough or gratuity his period of service in India prior to his nomination as a probationer. No extension of the limit of age for nomination as a probationer is allowed on account of such service.

ECCLESIASTICAL ESTABLISHMENTS (CHURCH OF ENGLAND)—continued.

The salaries * of Chaplains are :—

Senior Chaplains, Rs. 10,200 per annum for five years, and then Rs. 12,000 per annum.

Junior Chaplains, Rs. 6,360 per annum for five years, and thereafter Rs. 8,160 per annum until promoted to be Senior Chaplains.

Chaplains on Probation, Rs. 5,760 per annum.

A Junior Chaplain becomes a Senior Chaplain after ten years' service, excluding the period of probation.

The retiring pay of Chaplains is regulated by the following scale :—

	Per annum.
	£ s. d.
After 23 years' service, with an actual residence in India of 20 years, including the period of probation	365 0 0
On Medical Certificate.	
After 18 years' actual residence in India, including the period of probation	292 0 0
After 13 years ditto	173 7 6
After 10 years ditto	127 15 0

INSTRUCTIONS TO CANDIDATES AFTER THEIR PROVISIONAL NOMINATION BY THE SECRETARY OF STATE.

When a Candidate has received a Notification from the India Office that the Secretary of State has provisionally nominated him to a Chaplaincy on probation, he should, as soon as possible, forward his Letters of Orders—Deacon and Priest—to the Secretary in the Public Department, India Office, together with the following documents† :—

1. Testimonial, in the form given below.
2. Statement of the cure or cures in which the Candidate has been engaged.
3. The names of two or three private referees (clerical).

These documents will be forwarded to the Bishop of London (to whom all nominations are referred) by this office.

4. The printed form of Chaplain's certificates which he receives from this Office on his nomination.

He should also, unless he has already appeared before the Medical Board, state on what Tuesday, at an early date, he can attend at the India Office for examination by the Medical Board.

When the Candidate has satisfied the Bishop of London regarding his qualifications, and when arrangements have been made for his passage, he will receive a certificate of appointment.

Chaplains must intimate to the India Office the proposed date of their departure, in order that their passage may be secured. They must, except as stated below, proceed to their destination at some date within four months from the date of their first nomination for appointment by the Secretary of State; and if they fail to do so, without leave obtained from the Secretary of State, their appointments will lapse. Chaplains will not, as a general rule, be allowed to time their departure so as to arrive in India, for the first time, during the hot weather, i.e., between the 1st April and the 1st October.

FORM OF TESTIMONIAL.

TO THE RIGHT REVEREND ARTHUR FOLEY,
LORD BISHOP OF LONDON.

We, whose names are underwritten, testify and make known that C.D., clerk, M.A. (or other degree), appointed a Chaplain on probation on the Indian Establishment, hath been personally known to us for the space of three years last past; that we have had opportunities of observing his conduct; that during the whole of that time we verily believe that he lived piously, soberly, and honestly, nor have we at any time heard anything to the contrary thereof; nor hath he at any time (as far as we know or believe) held, written, or taught anything contrary to the doctrine or discipline of the Church of England; and moreover, we believe him, in our consciences, to be, as to his moral conduct, a person worthy of the said appointment.

In witness whereof we have hereunto set our hands, this day of in the year of our Lord 190 .

To be signed by three beneficed Clergymen, and to be countersigned by the Bishop of the diocese in which such benefices are situate.

ECCLESIASTICAL ESTABLISHMENTS (CHURCH OF SCOTLAND).

The appointments of Chaplains of the Church of Scotland on probation are made from time to time by the Secretary of State for India, according as vacancies occur.

Candidates for these appointments must have been licensed for three years and be under thirty-four years of age.

Applications for nominations should be submitted to the General Assembly's Committee on Indian Churches along with testimonials based on a personal knowledge of the candidate's qualifications. Full particulars should be given as to the candidate's family, age, places of education (both school and college), and occupation since leaving college. The Committee on Indian Churches will recommend to the Secretary of State for nomination the candidate whom they consider most suitable, and will forward with the recommendation all the particulars stated above.

Chaplains must proceed to their destination within four months from the date of their nomination by the Secretary of State; and if they fail to do so, without leave obtained from the Secretary of State, their appointments will lapse.

A free passage will be provided by the India Office, but if the Chaplain within three years, on grounds other than certified ill-health, relinquishes his appointment, or is removed from it for misconduct, he must refund the cost of such passage.

The salary will not commence until arrival in India.

Chaplains will be on probation for three years (a); if confirmed in their appointment at the end of that period, they will be admitted as Junior Chaplains.

(a) A clergyman resident in India at the time of his nomination as a probationer will be allowed to count in his probationary period any service rendered by him under the Additional Clergy Society or other service approved by the Government in India, but he will not be entitled to any gratuity in respect of such service if

They will be required from the date of their appointment on probation to provide pensions for their families under the Indian Service Family Pension Regulations, a copy of which can be obtained on application to the Government in India, or to the Director of Funds, India Office. These pensions are in addition to any pensions or compassionate allowances granted under the Royal Pay Warrant for the time being in force.

The salaries* of Chaplains are :—

Senior Chaplains, Rs. 10,200 per annum, and then Rs. 12,000 per annum.
Junior Chaplains, Rs. 6,360 per annum for five years, and thereafter Rs. 8,160 until promoted to be Senior Chaplains.

Chaplains on probation, Rs. 5,760 per annum. A Junior Chaplain becomes a Senior Chaplain after ten years' service, excluding the period of probation.

The retiring pay of Chaplains is regulated by the following scale :—

	Per annum.
After 23 years' service, with an actual residence in India of 20 years, including the period of probation	£ s. d. 365 0 0
On Medical Certificate.	
After 18 years' actual residence in India, including the period of probation	292 0 0
After 13 years' ditto	173 7 6
After 10 years' ditto	127 15 0

compelled (from whatever cause) to relinquish his position during the probationary period, nor be allowed to count for furlough or gratuity his period of service in India prior to his nomination as a probationer. The rule as to the limit of age is not affected by such service.

INSTRUCTIONS TO CANDIDATES AFTER THEIR NOMINATION BY THE SECRETARY OF STATE.

When a Candidate has received a Notification from the India Office that the Secretary of State is prepared to nominate him for appointment to a Chaplaincy on Probation, he should at once inform the Secretary in the Public Department, India Office, on what Tuesday, at an early date, he can appear before the Medical Board of that Office. Should the Board report him to be physically fit for service in India, a certificate of Nomination by the Secretary of State will be sent to the Presbytery of Edinburgh for endorsement of the nominee's induction by that body.

Chaplains must intimate to the India Office the proposed date of their departure, in order that their passage may be secured and a Certificate of their appointment be furnished to them.

Candidates are required to forward the following documents to the Clerk of the Presbytery of Edinburgh, which inducts to their office Chaplains nominated by the Secretary of State for India :—

1. Letter of acceptance of nomination.
2. Certificate of license if a licentiate; of ordination if ordained.
3. Certificate of character from the Presbytery in which he has been residing; and in the case of the candidate residing out of Scotland, sufficient proof that he is of good moral character, and still retains his status as a Minister or licentiate of the Church of Scotland.

EDUCATIONAL APPOINTMENTS.

1. The Indian Educational Service comprises those posts in the Educational Department to which appointments are made in England by the Secretary of State, and is thus distinguished from the Provincial Educational Services, which are recruited exclusively in India.

2. It consists of two branches, the teaching, including Principalships and Professorships in the various Government Colleges and Head Masterships in certain High Schools; and the inspecting, including Inspectorships of Schools; but officers may be transferred at the discretion of Government from one branch to the other, and the conditions of pay and service are the same for both. It also includes certain special appointments, such as those of Superintendents of Schools of Art, for which special qualifications are required and special terms of engagement are prescribed. Officers of the teaching branch may be required to undertake duties in connection with the supervision of students in hostels or boarding houses, and with the direction of their studies and recreations.

3. Appointments are made by the Secretary of State as occasion may require. Only laymen are eligible, and applications should be addressed in covers marked "C.A." to the Secretary, Board of Education, Whitehall, London, S.W. Scottish candidates should apply to the Secretary, Scotch Education Department, Whitehall, London, S.W.

4. Candidates must as a rule be not less than 23, nor more than 30 years of age, but exceptions are sometimes made as regards the maximum limit only. Candidates must be British subjects, and must furnish evidence of having received a liberal education.

5. The application should be submitted upon the form provided for the purpose, and should be accompanied by copies of not more than six testimonials, which will be retained.

6. When a vacancy occurs, the normal procedure now is that it is referred in the first instance to the Board of Education, who communicate it to the Scotch Education Department. Both Departments take steps to make the initial appointment known, not only to persons likely to know of suitable candidates but also to such applicants already on their lists as appear to possess the necessary qualifications. All the applications which are received are examined by the Board of Education, or in the case of Scottish candidates by the Scotch Education Department, and the candidates who seem to be the most suitable are asked to appear before the Selection Committee which has been constituted by the Secretary of State for India in Council. After all the selected candidates have been interviewed by this Selection Committee, a recommendation is submitted by the Committee to the Secretary of State for India.

7. In selecting candidates for appointment, weight will be given to the possession of (a) a University degree in Honours, or equivalent distinction; (b) experience as a teacher; (c) qualifications in special subjects, depending on the nature of the vacancy to be filled. In selecting candidates for inspecting appointments, weight is given to linguistic talent, capacity for organisation and knowledge, practical or theoretical, of educational methods.

GENERAL CONDITIONS OF ENGAGEMENT.

8. A candidate selected for an appointment will have to be examined by the Medical Board of the India Office. If the result of this examination is satisfactory, he will be required to sign an agreement to serve the Government of India for two years. In the course of that period, during which he will be regarded as on probation, he will be required to pass such examination or examinations as for the time being may be prescribed in the recognized vernaculars of the Presidency or Province in which he is stationed. If during his probation he is transferred to another Province and is required to take up the study of a different vernacular, the two years allowed for passing will reckon from the date of transfer. If he has given satisfaction during the probationary period his services will in all probability be retained. His appointment may be cancelled at the end of the period for failure to pass the examinations above mentioned, or at any time during his service for unfitness or misconduct.

A free first-class passage to India will be provided. If for any cause other than physical or mental infirmity the officer resigns his appointment, either during his two years of probation or during the three years immediately subsequent thereto, he will be liable to be called upon to refund the cost of his passage to India. If, on the other hand, he should during the first two years of his service be compelled by ill-health to quit the service while in India, he will be provided with a free first-class passage from India to England, and if on the termination of the period of probation he decides not to remain in India, or if on the termination of that period Government decides not to retain his services, a first-class return passage to England will be granted. In the last event three months' notice will be given, and the resignation of an officer on the expiry of the term covered by his agreement is regulated by a similar condition.

9. Officers of the Indian Educational Service are expected to give their whole time to the duties of the Service. The salaries paid are as follows :—A newly appointed Inspector or Professor receives Rs. 500 a month, rising by annual increments of Rs. 50 a month to

* For the present sterling equivalents of these salaries, see page 258.

EDUCATIONAL APPOINTMENTS—continued.

Rs. 1,000 a month. When this point has been reached, the increase of his emoluments depends upon his promotion, and takes the form of allowances ranging from Rs. 200 to Rs. 500, in addition to the salary of Rs. 1,000. There are at present 30 such allowances. There is in every Province a Director of Public Instruction. The posts of Director of Public Instruction are reserved for the Indian Educational Service so long as members of that Service can be found well qualified to fill them. Their pay differs in different Provinces:—

Three receive a salary of Rs. 2,000—100—2,500 a month.

Two receive a salary of Rs. 2,000 a month.

One receives a salary of Rs. 1,750—50—2,000 a month.

Two receive a salary of Rs. 1,500—100—2,000 a month.

One receives a salary of Rs. 1,250 rising to Rs. 1,500 a month.

Head Masters are appointed on an initial pay of Rs. 500, rising by annual increments of Rs. 50 a month to Rs. 1,000 a month, except in cases in which Local Governments may prefer to recruit on the scale of Rs. 500 a month, rising by annual increments of Rs. 50 a month to Rs. 750 a month. Head Masters are eligible for subsequent transfer to inspectorships or, if qualified, professorships. In all cases, increments of salary are given for approved service only.

For some years the exchange value of the rupee has been about sixteen pence.

In addition to the salaries and allowances mentioned above, exchange compensation allowance is at present granted to officers of the Indian Educational Service appointed from England. This allowance, under present conditions, is equivalent to an addition of 6½ per cent. to the officer's pay, subject to certain limitations.

Quarters are provided for a few of the Head Masters, Professors, and Principals, but usually an officer has to arrange for his own board and lodging. Members of the Indian Educational Service draw travelling allowances for journeys on duty as officers of the first class under the Civil Service Regulations.

10. Officers of the Indian Educational Service are eligible for leave and pension under the rules in the Civil Service Regulations ordinarily applicable to the European civil officers of Government (see page 259, *et. seq.*). In the case of an officer who is engaged in the first instance on probation, but whose services are permanently retained, the period for which he was on probation counts as service for pension. An officer does not contribute towards pension,

but he is required to contribute to the Provident Fund (see pages 229 and 319–320). An officer appointed at an age exceeding 25 is entitled to reckon as service for superannuation pension (but not for any other class of pension) the number of completed years by which his age may at the time of appointment have exceeded 25 years, subject to the proviso that five years shall be the maximum period which can be so added. A superannuation pension is a pension granted to an officer entitled or compelled by rules to retire at a particular age.

APPOINTMENTS OPEN TO WOMEN.

11. For the appointments dealt with above men only are eligible. There are, however, some posts in the Indian Educational Service which are open to women and these comprise appointments as Inspectresses of Girls' Schools, Principals of Training Colleges, and occasionally Headmistresses of Schools. The salary attached to these appointments is ordinarily Rs. 400 a month, rising by annual increments of Rs. 20 a month to Rs. 500 a month. The procedure in connection with application and selection for these posts is the same as that prescribed in paragraphs 5, 6, and 8 above, and the conditions as regards leave and pension are the same as those stated in paragraph 10 above. Candidates must, as a rule, be not less than 23 nor more than 30 years of age, but exceptions may sometimes be made as regards the maximum limit only. Candidates must be British subjects and must furnish evidence of having received a liberal education. In selecting for appointment, weight will be given to (a) teaching experience, and (b) linguistic talent and capacity for organization.

TEMPORARY APPOINTMENTS.

12. The Secretary of State is sometimes requested by the Government of India to supply persons to fill temporary vacancies in the Indian Educational Service, generally professorships in Colleges.

Such appointments are made for not less than a university year (about nine months), with a prospect, in the case of thoroughly approved service, of future selection to fill either a temporary or a permanent appointment.

The salary is Rs. 500 a month, rising by annual increments of Rs. 50 a month.

A free passage (first-class) to India is given, and a free return passage on the termination of the engagement, provided it is claimed within six months from that date.

INDIAN FOREST SERVICE.

REGULATIONS AS TO THE APPOINTMENT OF PROBATIONERS, 1913.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1913, make not less than five appointments of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form, to be obtained from the Secretary, Revenue Department, India Office,

INDIAN FOREST SERVICE—continued.

Whitehall, London, S.W., and to be returned to him not later than Tuesday, the 1st July, 1913. Candidates must be prepared if called upon to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limits.*—Candidates must be not less than 19 but under the age of 23 years on the 1st July, 1913.

NOTE.—The Secretary of State, in modification of the notice given in the 1912 Regulations, has decided to retain for 1913 the age limits which have hitherto been in force. For the recruitment of 1914 and following years the age limits will in accordance with the aforesaid notice, be 19 and 22 years on the 1st January of the year in which the selection is made.

4. *Nationality, &c.*—Every candidate must be a natural-born British subject. He must be prepared to give an undertaking, if selected, that he will not marry before he reaches India. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must have obtained a degree with Honours in some branch of Natural Science* in a University of England, Wales or Ireland, or have passed the Final Bachelor of Science Examination in Pure Science in one of the Universities of Scotland. A degree in Applied Science will not be considered as fulfilling these conditions. Candidates will be required to produce evidence that they have a fair knowledge of either German or French.

NOTE.—Applications for appointments will be accepted from candidates who on the 1st July, 1913, have already sat at an examination for a degree as mentioned above, but have not learned the result of the examination.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department.†

Candidates who do not satisfy the Secretary of India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—The ordinary period of probation will be two years. During that time probationers will be required to pass

through the Forestry course at one of the following Universities—Oxford, Cambridge or Edinburgh (subject to the arrangement of a suitable course)—becoming members of that University, if not so already; to obtain the Degree or Diploma in Forestry which it grants; and to satisfy such other tests of proficiency as may be deemed necessary. The case of students who have already obtained such degree or diploma at any of the above-named Universities will be specially considered in each case.

During the vacations, the Probationers will, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, receive practical instruction in such British and Continental forests as may be selected for the purpose.

9. *Charges.*—The Probationers will be required to defray all expenses of lodging, board, tuition and excursions while at the University, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each Probationer at the rate of £120 annually, not exceeding a total of £240 (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

On the 1st December	£	30
On the 1st March	£	30
On the 1st June	£	60

The cases of Probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

- that the progress of the Probationer in his studies is satisfactory;
- that the Probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every Probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority.*—Probationers who obtain a Degree or Diploma in Forestry, and also satisfy such other tests of proficiency as may be prescribed, will be appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their position in the provincial Forest

INDIAN FOREST SERVICE—continued.

Lists will be determined by the Secretary of State for India in Council on the Report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding*.—Every Probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement, &c.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Passage Allowance*.—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest

Service to the amount of £37 10s. for passage to Calcutta, Madras, or Bombay, and £43 for passage to Rangoon.

NOTE.—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent. at present charged by shipping companies in respect of passages to India the above rates of passage allowance have been raised to £41 5s. and £46 5s. respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 15.

16. *Salary*.—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to £304 a year when the rupee is at 1s. 4d.) from the date of his reporting his arrival in India.

17. *Promotion, Leave, Pension, and Provident Fund*.—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II.; and regarding Pensions in Appendix III. The regulations relating to Provident Fund and Leave are similar to those for the Indian Police Force (see pages 228 and 229).

INDIA OFFICE,
September, 1912.

APPENDIX I.

COMPETITIVE EXAMINATION.

In the event of the Civil Service Commissioners being requested by the Secretary of State for India in Council to hold an examination in any year of candidates nominated by him to compete for appointment as Probationers for the above Service, the following will be the subjects in which such candidates will be examined:—

	Maximum marks.
1. English Composition	100
2. German or French	100
3. Chemistry	100
4. Physics	100
5. Geology	100
6. Botany	100
7. Zoology	100

Not more than two of the subjects numbered 4 to 7 may be offered.

Candidates must pass to the satisfaction of the Civil Service Commissioners in the first three subjects.

In the subjects numbered 3 to 7, only marks showing real attainment will be counted towards the order of merit, so that a candidate who has a thorough knowledge of one of the optional subjects may obtain on that subject alone as many marks as a candidate who offers two of the optional subjects on a lower standard.

SYLLABUS.

Languages.—The examination in German and French will include translation, composition, and conversation.

Sciences.—The standard of the examination in Chemistry, Physics, Geology, Botany, and Zoology will be that of the Honours Schools of the Universities.

212†	5 Foreign Service appointments ...	
	†10 Officers employed at the Forest Research Institute and College, Dehra Dun.	

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

APPENDIX III.

PENSIONS.

1. The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing twenty years' qualifying service or attaining the age of fifty-five years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity, according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than ten years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than ten years, an invalid pension not exceeding the following amounts:—

Years of Completed Service.	Maximum Limit of Pension.
	A Year. Rs.
10	1,000
11	1,400
12	1,800
13	2,200
14	2,600
15 } 16 } 17 } 18 } 19 }	3,000

* For the present sterling equivalents of the salaries specified see page 258.

† These appointments are allotted to the various provinces as follows:—Burma, 66; Madras, 31; Bombay, 27; Central Provinces, 24; United Provinces, 19; Bengal, Assam, and Bihar and Orissa, 29; Punjab, 12; and four Imperial Instructors at Dehra Dun.

‡ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the President, Forest Research Institute and College, in whose case the allowance is at the rate of Rs. 200 a month. Of these ten appointments the four posts of Imperial Instructors have been sanctioned for five years from 1912, for the present.

§ The officer holding this appointment draws, in addition to the pay of his grade, a minimum local allowance of Rs. 200 a month.

|| Until he has passed the prescribed Departmental examinations, an Assistant Conservator is liable to stoppage of increments of pay. On passing the examinations he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

INDIAN FOREST SERVICE—continued.

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

Years of Completed Service.	Scale of Pension. Sixtieths of Average Emoluments.	Maximum Limit of Pension.
20 to 24	30	Rs. 4,000 a year.
25 and above		Rs. 5,000 a year.

Officers who have shown special energy and efficiency during an effective service of three

years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 9d. the rupee.

INDIAN GEOLOGICAL SURVEY.

The Geological Survey Department is at present constituted as follows:—
Monthly Salary.*

	Rs.		Rs.	Rs.
1 Director	2,000			
3 Superintendents	1,000 rising by 80 to 1,400			
15 Assistant Superintendents:—				
For the first five years	350	"	30	500
Thereafter	500	"	50	1,000
1 Chemist	500	"	50	1,000

1. A local allowance of Rs. 150 per mensem is granted to the officer doing the work of Palæontologist at headquarters. The officer holding the appointment of Museum Curator receives special Presidency house-rent allowance of Rs. 150 per mensem.

No allowance of the nature of exchange compensation will be given.

2. Appointments to the Department are made by the Secretary of State for India. They will usually be made about July of each year, and the probable number of appointments will, if possible, be announced about two years in advance. The age of candidates should not exceed 25. Every candidate must be in sound bodily health, and will be required to satisfy the Medical Board at the India Office of his physical fitness in all respects to perform the duties of the Geological Survey, which involve considerable fatigue and exposure.†

3. Besides a good general education, a sound education in geology is essential: a University degree and a knowledge of French or German will be regarded as important qualifications; and certificates of a high moral character will be required.

4. Candidates must also have had one or two years' practical training in mines, or in technical laboratories, as may be required by the Government of India.

5. First appointments are probationary for two years, at the end of which time the probationer, if found qualified and continued in the Department, will reckon his service for leave and pension from the date of arrival in India.

6. A first-class passage to India is given subject to the condition that its cost shall be refunded in the event of an officer re-igning the service, on grounds other than certified ill-health,

before the expiry of the period of probation. If, on the expiry of the period of probation, the officer's service is determined, or if he is compelled by certified ill-health to resign the service before such expiry, he will be provided with a free first-class passage back to England. Pay commences from date of arrival in India. Travelling allowances regulated by the rules applicable to the Department are allowed at a rate calculated to cover actual expenses of tentage and locomotion.

7. Under ordinary circumstances all Assistants, unless they have special claims from previous training and experience elsewhere, will enter the Department in the lowest class, on a salary of Rs. 350 per mensem. This will increase annually at the rate of Rs. 30 per mensem for the first five years; thereafter at the rate of Rs. 50 per mensem, until the limit of pay for the grade, namely, Rs. 1,000 per mensem, is reached; the first increase to be from the date on which the Assistant shall be declared to have passed the ordinary examination in the language of the country by the first or lower standard, according to the general rules provided for such examinations.

8. This annual increase will in all cases be granted only on the certificate of the Head of the Department, that the Assistants so recommended have proved fully deserving of the promotion by the intelligence and zeal with which their duties have been performed.

9. Promotion to the grade of Superintendent will depend on qualification and merit and on the existence of vacancies in that grade. In the case of an officer who joined the Department before the end of 1893, but not in the case of one who joined later, the following rule applies, viz., that he may, if specially qualified,

INDIAN GEOLOGICAL SURVEY—continued.

count all service on the maximum pay of a grade towards increment in the salary of the next higher grade.

10. While local experience and training must always hold a very prominent place in estimating the position or the promotion of Assistants, it must be distinctly understood that mere seniority of service, unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion into the higher grades of the staff of the Survey.

11. The leave, leave allowances and pensions of officers of the Department will be governed by the provisions of the Civil Service Regulations applicable thereto.* These regulations are liable to be modified by the Government of India from time to time.

INDIA OFFICE,

September, 1908.

INDIA OFFICE.

Vacancies in the clerical establishment of the Secretary of State for India are filled from among the successful candidates at the General Examinations (Class I. and Second Division), which are held from time to time by the Civil Service Commissioners for appointments in the Home Civil Service. The Examination for Class I. Clerkships is the same as the open Competitive Examination for the Civil Service of India, the nature of which is shown in the Syllabus given on pages 221-223. Further particulars may be obtained upon application to the Secretary, Civil Service Commission, Burlington Gardens, London, W.

INDIAN CIVIL SERVICE.

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 1st August, 1913.

The number of persons to be selected at this Examination will be announced hereafter. No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the 2nd June, 1913, an application on the prescribed form. No allegation that an Application Form or a letter respecting such form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last days will do so at their own risk.

Acknowledgments of such Application Forms are sent, and any Candidate who has filled up and returned the printed Application Form, but has not received an acknowledgment of it within four complete days, should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. Failure to comply with this provision will deprive the Candidate of any claim to consideration.

The Order for admission to the Examination will be posted early in July, 1913, to the address given on the Form of Application. It will contain instructions as to the time and place at which candidates will be required to attend, and as to the manner in which the fee (£6) is to be paid.

Civil Service Commission,
October, 1912.

REGULATIONS.

* * The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.

1. An Examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year, for such number of appointments to that service as the Secretary of State may on each occasion determine. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners:—

- That he is a natural-born subject of His Majesty.
- That he had attained the age of twenty-two, and had not attained the age of

twenty-four, on the first day of August of the year in which the Examination is held. [N.B.—In the case of Natives of India, it will be necessary for a Candidate to obtain a certificate of age and nationality issued under Notification of the Government of India, No. 2,252, dated 21st August, 1888, as amended by Notification No. 404, dated 19th May, 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.]

* For the present sterling equivalents of the salaries specified, see page 258.

† See Regulations as to Physical Examination, pages 254 to 257.

* An abstract of these Regulations is printed in this List (see pages 261 to 318).

INDIAN CIVIL SERVICE—continued.

(iii.) That he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Civil Service of India.*

(iv.) That he is of good moral character.

3. No person who, in a previous year, accepted the offer of a nomination as a selected candidate for the Civil Service of India, and subsequently resigned his position as a selected candidate, will be admitted to the examination.

4. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification herein-after referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer.

From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Consistently with the limitations specified above, Candidates are at liberty to name any of the foregoing subjects provided that the maximum number of marks that can be obtained from the subjects chosen is limited to 6,000. If this maximum is exceeded by a Candidate's selection, he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction.

Moreover, if a Candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him (b).

6. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Civil Service of India, provided that they appear to be duly qualified in other respects. Should any Selected Candidate become dis-

INDIAN CIVIL SERVICE—continued.

qualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

7. Selected Candidates, before proceeding to India, will be on probation for one year, at the end of which time they will be examined, with a view of testing their progress in the following subjects (a) :—

	Marks.
Compulsory—	
1. Indian Penal Code	400
2. Code of Criminal Procedure	200
3. The Indian Evidence Act	200
4. Indian History	400
*5. The Principal Vernacular Language of the Province to which the Candidate is assigned	400
Optional—[Not more than one of the following subjects.]—	
1. Hindu and Muhammadan Law	450
2. Sanskrit	400
3. Arabic	400
4. Persian	400
5. Hindustani (for Candidates assigned to the Province of Burma only)	400

* The principal Vernacular Language prescribed for each Province to which Candidates are assigned is as follows :—

For the United Provinces of Agra and Oudh, the Punjab, or the Central Provinces	Hindustani.
For Bengal or Assam	Bengali.
(Unless it is the Candidate's mother tongue.)	
For Bihar and Orissa	Hindustani.
(Unless it is the Candidate's mother tongue.)	
For Burma	Burmese.
For Bombay	Marathi.
(Unless it is the Candidate's mother tongue.)	
For Madras	Tamil or Telugu.
(At the option of the Candidate.)	

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character. A Candidate assigned to Bengal or Assam, whose mother tongue is Bengali, must offer for examination Hindustani; a Candidate assigned to Bombay, whose mother tongue is Marathi, must offer for examination Hindustani; and a Candidate assigned to Madras, whose mother tongue is either of the languages shown against his Province, must offer the other for examination.

† These subjects may not be offered by any Candidate who has offered them at the open competition.

In this Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *vivâ voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "Final Examination."

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India

in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

8. The Selected Candidates will also be tested during their probation as to their proficiency in riding.

The Examinations in riding will be held as follows :—

(1.) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2.) Again, at the time of the Final Examination. Candidates who may then fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback will be awarded from 100 to 200 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of Selected Candidates.

9. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 7, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

10. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, W.," at any time after the 1st December in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or, if that date should fall on a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

* The Civil Service Commissioners will regard no person as constitutionally fitted for appointment to the Civil Service of India who has not been satisfactorily vaccinated within the last seven years.

(a) A syllabus, defining the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission, London, W. It is reprinted on pages 221-223.

(b) The number of marks deducted for bad handwriting may be considerable.

(a) Instructions showing the extent of the examination will be issued to Selected Candidates as soon as possible after the result of the open competition is declared.

INDIAN CIVIL SERVICE—continued.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(1) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(2) *An allowance amounting to £150 will be given to any Candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, Aberdeen, London (University College or King's College), and Victoria University, Manchester.*

This allowance will be paid to the selected Candidate in four instalments on the following dates respectively:—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the Service.

With the final instalment an allowance on account of passage to India will be paid to each newly appointed civilian to the amount of £37 10s. od., for passage to Calcutta, Madras or Bombay, and £43 for passage to Rangoon, the Officer then making his own arrangements for his passage.

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a Certificate that the Candidate has fulfilled up to date the requirements of the Authorities, and shown satisfactory conduct at the Authorized University or College; the fourth and final instalment will be paid as soon as the selected Candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(3) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all monies he may have received from the Secretary of State for India in the event of—*

(i) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Civil Service of India, or*

(ii) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(4) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as, under*

the Rules and Regulations for the time being in force, they may be required to make towards their own pensions, or for the pensions of their families. The stamps payable on these covenants amount to £1.

(5) *The seniority in the Civil Service of India of the Candidates obtaining Certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*

(6) *Candidates obtaining Certificates will be required to report their arrival in India within such period after the grant of their Certificates of Qualification as the Secretary of State may in each case direct.*

(7) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the Candidate.*

A Manual of Rules and Regulations applicable to members of the covenanted Civil Service of India has been compiled by permission of the Government of India, and may now be procured from the under-mentioned Agents for the sale of Indian Official publications. Price 2s. 6d. London.—E. Arnold, 41 and 43, Maddox Street, Bond Street, W.; A. Constable & Co., 10, Orange Street, Leicester Square, W.C.; P. S. King & Son, 2 and 4, Great Smith Street, Westminster, S.W.; Kegan Paul, Trench, Trübner & Co., 43, Gerrard Street, Soho, W.; B. Quaritch, 11, Grafton Street, New Bond Street, W.; Henry S. King & Co., 65, Cornhill, E.C.; Grindlay & Co., 54, Parliament Street, S.W.; T. Fisher Unwin, 1, Adelphi Terrace, W.C.; W. Thacker & Co., 2, Creed Lane, Ludgate Hill, E.C.; Luzac & Co., 46, Great Russell Street, W.C. Oxford.—B. H. Blackwell, 50 and 51, Broad Street. Cambridge.—Deighton, Bell & Co., Trinity Street. Germany.—Friedländer & Sohn, 11, Carl-Strasse, Berlin, N.W., 6; Otto Harrassowitz, Leipzig; Karl W. Hiersemann, 29, Königstrasse, Leipzig; Rudolph Haupt, Leipzig. France.—Ernest Leroux, Rue Bonaparte, Paris. Holland.—Martinus Nijhoff, The Hague.

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this Manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

INDIAN CIVIL SERVICE—continued.

SYLLABUS

SHOWING THE EXTENT OF THE EXAMINATION IN CERTAIN SUBJECTS AT THE OPEN COMPETITION FOR THE CIVIL SERVICE OF INDIA, CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE, AND EASTERN CADETSHIPS.

English Composition.—An Essay to be written on one of several specified subjects.

English Language and Literature.—The Examination will be in two parts. In the one Candidates will be expected to show a general acquaintance with the course of English Literature, as represented in the chief writers in verse and prose, between the reign of Edward III. and the death of Queen Victoria.

A minute and detailed knowledge will not be looked for in this part of the Examination. But its aim will be to test how far the Candidates have studied at first hand the chief productions of the greatest English writers, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature.

The other part of the Examination will relate to one of the following periods, which will follow each other year by year in rotation:—

Period 1—1360 to 1600, Chaucer to Spenser.

Period 2—1600 to 1660, the later Elizabethans.

Period 3—1660 to 1744, the age of Dryden and Pope.

Period 4—1744 to 1800, from the death of Pope to Cowper.

Period 5—1800 to 1832, Nineteenth Century writers to the death of Scott.

Period 6—1832 to 1892, from the death of Scott to the death of Tennyson.

The Examination in this part will require from the Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners. The names and other indications placed beside the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare and Milton, for example, will be regarded as falling within the period 1600 to 1660; all the works of Wordsworth and Coleridge within the period 1800 to 1832; all the works of Carlyle, Landor and Macaulay within the period 1832 to 1892.

For the year 1913, Period 2 (1600-1660) is prescribed, and the following are the specified books:—

Shakespeare—Hamlet, Othello, King Lear, As you like it.

Jonson—Alchemist, Sad Shepherd.

Baumont and Fletcher—Philaster, Knight of the Burning Pestle.

Ford—Broken Heart.

Massinger—Duke of Milan, New Way to pay Old Debts.

Milton—Paradise Lost i-vi, Arcopagitica, Comus, Lycidas.

Herrick—Hesperides.

Herbert—The Temple.

Bacon—Essays.

Browne—Religio Medici.

Taylor—Liberty of Prophesying.

French, History of the Language and Literature.—Passages for translation may be set, and questions asked demanding a knowledge of the language in its early stages; but it will not be obligatory upon Candidates to master in detail the old forms in use before 1500.* Candidates will not be required to write their answers in French.

German Language and Literature.—As in French.

Italian Language and Literature.—As in French.

Latin Literature.—Critical questions on the Latin Language (including questions on Philology) and Literature.

Greek Language and Literature.—As in Latin.

Sanskrit Language and Literature.—Translation from Sanskrit (Vedic and Classical) into English, and from English into Classical Sanskrit. History of Sanskrit Literature (Vedic and Classical), including a knowledge of such Indian history as bears upon the subject. Candidates are expected to make a special study of the Seventh Mandala of the Rig-veda, but other Vedic hymns may also be set in the examination.

Arabic Language and Literature.—Translation from Arabic into English, and from English into Arabic; original composition in Arabic; History of Arabic Literature (including a knowledge of such Arabian History as bears upon the subject); Arabic Grammar; Arabic Prosody.

English Law.—Law of Contract; Law of Evidence; Law of the Constitution; Criminal Law; Law of Torts.

English History.—The subject will include (a) The Political history of Great Britain, Ireland, and the Colonies; (b) the Constitutional History of the United Kingdom. Candidates should be acquainted with the following authorities:—

Period 1 (to 1485).

Stubbs—Select Charters.

Period 2 (1485 to 1848).

Prothero—Statutes and Constitutional Documents.

Gardiner—Documents of the Puritan Revolution.

All published by Clarendon Press, Oxford.

In each period the number of marks assigned to the question or questions dealing with the text of the prescribed books, will be about one-sixth of that assigned to the whole period. Candidates must be prepared to answer questions on historical geography, and to draw sketch maps.

* In Italian, before the time of Dante.

INDIAN CIVIL SERVICE—continued.

General Modern History.—Candidates may, at their choice, be examined in any one of the following periods:—

1. From the accession of Charlemagne to the Third Crusade. [800—1193.]
2. From the Third Crusade to the Diet of Worms. [1193—1521.]
3. From the Diet of Worms to the death of Louis XIV. [1521—1715.]
4. From the accession of Louis XV. to the French Revolution of 1848. [1715—1848.]
5. From the Peace of Paris to the Treaty of Berlin. [1763—1878.]

Periods 3, 4 and 5 will include Indian History. Candidates are warned that high marks will not be awarded in this subject unless the text of the prescribed books has been carefully studied by them. Candidates must be prepared to answer questions on historical geography, and to draw sketch maps.

Candidates should be acquainted with the following authorities:—

Period 1 (800—1193).

Einhard: Vita Caroli Magni, from 800 A.D.—Ed.: (1) Pertz; (2) Scriptores Rerum Germanicarum.

Lambert of Hersfeld: Annales.—Ed.: (1) Pertz; (2) Scriptores Rerum Germanicarum.
Suger: Vita Ludovici VI.—Ed.: (1) Migne; (2) Société de l'Histoire de France, 1868.
Otto of Freising: De gestis Frederici I.—Ed.: Pertz. The continuators are included.

Period 2 (1193—1521).

Joinville, St. Louis.—Ed.: (1) Petitot; (2) Michaud et Poujoulat; (3) Buchon; (4) Société de l'Histoire de France, 1868.

Philippe de Comines: Mémoires.—Ed.: (1) Petitot; (2) Michaud et Poujoulat; (3) Buchon; (4) de Mandrot [Picard, Paris, 1901—3].

Machiavelli: The Prince.
English translation by Thomson: Clarendon Press.

Period 3 (1521—1715).

Sully, Mémoires, up to the Treaty of Vervins.—Ed.: (1) Petitot; (2) Michaud et Poujoulat.
Torcy: Mémoires.—Ed.: (1) Petitot; (2) Michaud et Poujoulat.

Period 4 (1715—1848).

Frederick II.—Histoire de mon Temps, and Guerre de Sept Ans. Ed.: (1) Boutaric; (2) Euvres de Frédéric II. Decker, Berlin, 1846.

Malmesbury (First Earl of).—Diaries and Correspondence; London, Bentley, 1844;
Vol. II. Mission to the Hague, pp. 66—443.
Vol. III. Mission to Lisle, pp. 369—599.

Metternich.—Aus Metternich's nachgelassenen Papieren. Autorisirte Original-Ausgabe. Vienna, 1880. Or in English translation—Memoirs of Prince Metternich. London, Richard Bentley and Son, 1880—1882 (to be studied up to the year 1815).

Period 5 (1763—1878).

Malmesbury.—As for Period 4.
Metternich.—As for Period 4.
Bianchi.—La politique du Comte Camille de Cavour, 1852—1861 (Turin, 1885).

Bismarck.—Gedanken und Erinnerungen von Bismarck (Ed.: H. Kohl, Stuttgart, 1898). Or in English Translation—Bismarck, the Man and the Statesman: Reflections and Reminiscences, &c. Translated under supervision of A. J. Butler (London, Smith and Elder, 1898). To be studied up to the year 1878.

Greek History.—Questions (a) on the General and (b) on the Constitutional History of Greece to the death of Alexander.

Roman History.—Questions (a) on the General, and (b) on the Constitutional History of Rome to the death of Trajan.

In Greek and Roman History candidates will be expected to show a knowledge of the original authorities, and must also be prepared to answer questions on historical geography, and to draw sketch maps.

Lower Mathematics.—Plane Geometry including conic sections; Solid Geometry including the method of orthogonal projection; Algebra and Plane Trigonometry; Elementary Plane Coordinate Geometry; Elementary Mechanics of solids and fluids; Geometrical Optics; Elements of Differential and Integral Calculus with simple illustrations from other branches of the subject.

The questions may involve the use of drawing instruments. The use of the slide rule is allowed.

Higher Mathematics.—Higher Algebra (including Theory of Equations), Plane and Spherical Trigonometry, Differential Calculus, Integral Calculus, Differential Equations, Analytical Geometry (Plane and Solid), Statics including Attractions, Dynamics of a Particle, Rigid Dynamics, Hydrodynamics, the Mathematical Theory of Electricity and Magnetism.

The questions may involve the use of drawing instruments. The use of the slide rule is allowed.

Chemistry, Physics, Geology, Botany, Zoology, Animal Physiology.—Candidates are warned that the practical Examinations carry a large proportion of the marks.

Geography.—The history of geographical ideas and methods.

The construction and use of the more familiar map-projections. A general knowledge of the methods of exploratory surveying.

The characteristics and cartographical analysis of the physical regions of the world. The configuration of the continents and of the bed of the ocean. The characteristics and distribution of typical land-forms. The circulation of air and water. The climatic characteristics of different parts of the earth. The distribution of plant- and animal-associations.

The classification and distribution of the races of mankind. Past and present lines of communication. The influence of geographical environment (physical features and other natural conditions) upon the habits, arts, industries, social organisation and, generally, the political and economical development of the more important existing peoples.

Logic and Psychology. Moral and Metaphysical Philosophy.—In both cases the history of the subject will be included.

INDIAN CIVIL SERVICE—continued.

Political Economy and Economic History.—Candidates will be expected to possess a knowledge of economic theory; of the existing economic conditions; of statistical methods; and of the history of industry, land tenure and economic legislation in the United Kingdom.

Political Science.—The Examination will not be confined to Analytical Jurisprudence, Early Institutions, and Theory of Legislation, but may embrace Comparative Politics, the History of political Theories, &c.

Candidates will be expected to show a knowledge of original authorities.

INDIAN POLICE FORCE.

REGULATIONS FOR ADMISSION BY A COMPETITIVE EXAMINATION, COMMENCING ON TUESDAY, THE 24TH JUNE, 1913.

I. Place of Examination.—The Examination will be conducted by the Civil Service Commissioners. Candidates may undergo the written part of their Examination in London, Edinburgh, or Dublin, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal list of the probable centres may be obtained from the Civil Service Commissioners at any time after January, 1913. The oral and practical parts of the Examination will be held in London only.

Examination Fee.—A fee of £2 is required from candidates examined in London, but when the written Examination is conducted elsewhere than in London the fee is £3. Candidates examined at a college or school will probably be required to pay a local fee (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates about ten days before the Examination.

II. Number of Appointments.—The number of candidates to be selected will probably be 29, viz., for Madras 3, Bombay 3, Bengal 5, United Provinces 3, Punjab 4, Burma 5, Bihar and Orissa 3, Central Provinces 2, and Assam 1.

III. Conditions of Eligibility.—Every candidate must be a British subject of European descent, and at the time of his birth his father must have been a British subject, either natural-born or naturalized in the United Kingdom. The decision of the Secretary of State in Council as to whether a candidate satisfies this condition shall be final. Candidates must, without exception on any ground, be above nineteen and under twenty-one years of age on the 1st June, 1913. They must be unmarried, and if they marry before reaching India they will forfeit their appointments.

Note.—Parents and guardians of candidates are warned that European descent will be regarded as essential. In order to prevent disappointment, in cases of doubt where there has been some admixture of non-European blood, an application should be made to the Secretary of State for India in Council for a decision as to the candidate's eligibility to compete at the examination. In the absence of

such a decision, the fact that a candidate has been admitted to the examination will give him no claim to an appointment should it be discovered afterwards that he is not of European descent.

IV. Form of Application.—Application to compete at the Examination must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him, with the necessary documents, not later than Thursday, the 1st May, 1913.

No applications received after that date can be considered.

Candidates must be prepared to attend at the India Office, if required, at their own expense, to reply to any enquiries which may be considered necessary in connection with their application.

V. Subjects of Examination.—The subjects* and the marks assigned to each are given below:—

CLASS I.—Obligatory.

	Marks.	
English ...	2,000	These subjects must be taken up by all candidates.
Mathematics A (Elementary) ...	2,000	
French or German ...	2,000	

CLASS II.—Optional.

	Marks.	
Mathematics B (Intermediate) ...	2,000	Not more than two of these subjects may be taken up, and if one of the subjects selected is a modern language it must be different from the modern language selected in Class I.
Mathematics C (Higher) ...	2,000	
English History and Geography ...	2,000	
German or French ...	2,000	
Latin ...	2,000	
Greek ...	2,000	
Science (Physics and Chemistry) ...	2,000	

In addition to the above-mentioned subjects, candidates may take up Freehand Drawing, to which 400 marks will be allotted. Candidates must obtain such an aggregate of marks in the examination as a whole as may indicate, in the judgment of the Civil Service Commissioners, a competent amount of general proficiency.

VI. Medical Examination.—Those candidates who are successful in the Literary Examination will be required, shortly after the result of that examination is declared, to undergo a strict

* For Syllabus, see page 226. Reprints of the papers set at certain of the previous examinations, with tables of the marks assigned to the candidates, have been published by direction of the Civil Service Commissioners, and, if not out of print, copies may be purchased either directly, or through any bookseller, from the following agents: Wyman & Sons, Limited, Fetter Lane, London, E.C.; Oliver & Boyd, Tweeddale Court, Edinburgh; and E. Ponsonby, Ltd., 116, Grafton Street, Dublin. The price is one shilling.

INDIAN POLICE FORCE—continued.

examination by a Medical Board,* at the India Office, as to their physique and capacity for active out-door work in the plains of India. Instructions as to the date and time of this examination will be issued to successful candidates by the India Office.

VII. *Appointment of Probationers.*—The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided that they obtain the minimum aggregate referred to above, and that they pass the medical examination and satisfy the requisite conditions in other respects).

VIII. *Riding Test.*—Selected Candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to produce—

- (a) A certificate from the Civil Service Commissioners that they are able to ride well and to perform journeys on horseback; or
- (b) A certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government, and will not be appointed Assistant Superintendents of Police until they shall have passed such tests to the satisfaction of their Government.

IX. *Allotment to Provinces.*—Selected candidates who have successfully passed the above-mentioned tests will be allotted, as probationers, to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration. The allotment will also be subject to the right of the Government of India to make transfers, if necessary.

X. *Outfit.*—It is an ordinary condition of appointment to the Police Department that a successful candidate shall be supplied by his parents or guardians (a) either with a uniform, or with the cost of it, and (b) with not less than

£50 for the purchase of a horse and saddlery in India.

XI. *Departure for India.*—The probationers will be required to start for India not later than October, 1913, so as to arrive in the course of November. Failure to embark in time will, in the absence of satisfactory explanation, lead to forfeiture of appointment. Free passages to India will be provided by the India Office, but any probationer resigning his appointment within three years on any ground but that of health, supported by a medical certificate, will be required to refund the cost of his passage.

XII. *Salary during Probation.*—On arrival in India, probationers will receive an initial salary of Rs. 300 a month.

XIII. *Period of Probation.*—Probationers will be required to qualify by passing the necessary departmental examinations (as well as the riding test, if necessary, see Rule VIII) within two years of their arrival in India.

XIV. *Liability of Probationers to Removal.*—Any Probationer who may fail to pass the prescribed examinations within two years, or be found unfit for Police duties, will be liable to removal from the Service. Any probationer so removed from the Service will be furnished with a free passage to England, provided he utilizes such passage within three months from the date of such removal.

XV. *Promotion after Probation.*—No probationer will be eligible for promotion, either acting or substantive, until he has passed the prescribed departmental examinations, including the riding test.

XVI. *Leave, Pension, and Provident Fund.*—Officers joining the Indian Police under these conditions will find a summary of information regarding Leave, Pensions and Provident Fund on pages 228 and 229.

XVII. *Articles of Agreement.*—Probationers will be required to sign articles of agreement, describing the terms and conditions of their appointment, prior to embarkation for India.

INDIA OFFICE, November, 1912.

* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points indicated in the Regulations as to the Physical Examination of Candidates printed on pages 254 to 257.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board which meets at the India Office every Tuesday, not more than two years before they are qualified to compete, under the following conditions:—

(a.) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(b.) Candidates must pay their travelling expenses.

(c.) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, at their own risk, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, in the event of their being successful in the literary examination.

(d.) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

† Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping. It is therefore most important that riding lessons should not be postponed until after the result of the literary examination is declared.

The chief tests will be: Saddling and Bridling; Mounting and Dismounting; Trotting and Cantering; Riding without stirrups at a trot; Riding with stirrups but without reins at a trot; Jumping a moderate hedge hurdle. Special importance will be attached to the first test (Saddling and Bridling).

Although the examination will, in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

INDIAN POLICE FORCE—continued.

APPENDIX I.—SYLLABUS.

ENGLISH.—Dictation. Essay.—Three alternative subjects to be given for an essay or letter, of which candidates may choose one. Précis. Reproduction of a passage read out. General paper (to test general knowledge and intelligence).

In each other subject, as well as in English, deductions for handwriting which is at all difficult to read will be made up to 10 per cent. of the maximum mark. Deductions up to the same limit are made in each subject for bad English spelling.

Perfection of legibility is the criterion; no preference will be accorded on other grounds to any particular style of handwriting.

In English and in each other subject, deductions for bad English spelling are made up to 10 per cent. of the maximum marks. A spelling recognised by any standard English dictionary is accepted as correct; recognition by an American dictionary is no guarantee of acceptance.

HISTORY.—[The subject carries 1,400 marks.] —The History of England from 1558 to the end of the reign of Queen Victoria. Special attention should be paid to the growth of the British Empire. Questions will be set which will give the candidate an opportunity of showing his knowledge of European History as affecting English History during this period; such questions will deal only with the broad outlines of European History, and knowledge of detail will not be expected.

Questions may be set in the History Paper to test the candidate's knowledge of History and Geography (within the limits of the syllabus) in relation to each other.

The following headings indicate the European subjects on which questions may be set. Some choice of questions will be allowed:—

Decline of the power of Spain. Decline of the power of Holland. The ambitions of Louis XIV. The rivalry of England and France for colonial empire in India and America. Frederick the Great and the rise of Prussia. The influence of the French Revolution. The influence of Napoleon. Bismarck and the Union of Germany; the wars with Denmark, Austria, France. The movement of Russia in the Near East, Middle East, and Far East.

GEOGRAPHY.—[The subject carries 600 marks.] —The main physical features of the world, with special reference to the British Empire. General political geography of the world, with special reference to British possessions and Egypt, and the foreign frontier territories adjacent to them. Questions may be set in the Geography Paper to test the candidates' knowledge of History and Geography (within the limits of the syllabus) in relation to each other.

FRENCH.—Translation from French. Translation into French. The translation must be expressed in good English; merely to show that the French has been understood is not enough. An essay or letter on one of two or more alternative subjects. Colloquial—

(1) examiners to converse in French, candidate to interpret in English; (2) candidate to talk in French.

The colloquial test will carry 500 marks.

GERMAN.—As for French.

LATIN.—Translation and Prose Composition. The translation must be expressed in good English; merely to show that the Latin has been understood is not enough.

GREEK.—As for Latin.

ELEMENTARY MATHEMATICS.—*Arithmetic and Mensuration.*—The ordinary rules of arithmetic. The metric system. Use of decimals in approximate calculation (contracted methods of calculation are not expected). Measurement of length; scale, vernier, callipers. Measurement of area by dimensions (rectilinear figures and circle), by squared paper, by weighing; area of cross-section of a tube. Measurement of volume by dimensions, by displacement (overflow, graduated jar, burette), by use of the principle of Archimedes. Measurement of weight, use of balance. Measurement of density or specific gravity.

Algebraic formulæ and symbols may be used. Questions will not be set on present value or "true" discount. The extraction of the cube root and the use and theory of recurring decimals are not required.

Geometry.—The elements of geometrical drawing and practical geometry. Measurement of angles, use of protractor. The substance of Books I to III of Euclid's Geometry, including application to the measurement of area. A working knowledge of as much of the properties of similar figures and solid figures as is necessary for plan-making and simple problems in mensuration.

Algebra.—To easy quadratic equations. The elementary use of graphs.

The solutions of equations should be worked out to a few significant figures; the candidates should be accustomed to test the accuracy of solutions by substitution. Skill in elaborate analysis, such as the simplification of complicated fractions, will not be looked for.

The questions in Elementary Mathematics will test knowledge of fundamental principles and readiness in application to simple practical problems. Neatness and accuracy of working are expected; and the methods of solution employed must be clearly indicated. In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their own method from any branch of Mathematics.

The examination in Elementary Mathematics will include a laboratory test. The laboratory test will carry 400 marks.

INTERMEDIATE MATHEMATICS.—Includes Elementary Mathematics, together with:—

Arithmetic.—Use of four-figure logarithms will be required, use of slide-rule permitted.

Geometry.—Geometrical drawing and practical geometry of plane figures. The substance of Books I to IV and VI of Euclid's Geometry. The elements of theoretical solid geometry with application to mensuration of solids.

INDIAN POLICE FORCE—continued.

Proportion may be treated algebraically, and the complications of Euclid's definitions and nomenclature avoided. The special treatment of incommensurables will not be required.

Algebra.—The meaning and the simplest properties of fractional and negative indices; graphs of the simpler algebraic functions; quadratic equations; use of graphs in solving equations, and in illustrating and solving practical problems; practical applications of gradients and of areas of graphs.

Grasp of elementary principles and readiness in practical application will be looked for, but great skill in analytical transformations will not be demanded.

Trigonometry.—Solution of plane triangles; graphs of trigonometrical functions; use of four-figure tables; formulæ for the trigonometrical ratios of the sum and difference of two angles and for the product forms of the sum and difference of sines and cosines of two angles.

Readiness in straightforward practical applications will be looked for, but no great analytical skill will be demanded. A knowledge of the general expression for all angles which have a given sine or other trigonometrical ratio will not be required.

Statics.—Graphical and analytical methods; simple machines; centre of gravity; friction.

Dynamics.—Accelerated motion in a straight line treated graphically; uniformly accelerated motion in a straight line; composition of velocities and accelerations; uniform circular motion; motion under gravity; elementary illustrations and applications of dynamical principles.

In Intermediate Mathematics, in the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of Mathematics.

The examination in Intermediate Mathematics will include a laboratory test. The laboratory test will carry 400 marks.

HIGHER MATHEMATICS.—Includes Elementary and Intermediate Mathematics, together with:—**Geometry.**—Elements of solid geometrical drawing.

Algebra.—Elementary knowledge of the use of indeterminate coefficients, especially with partial fractions.

Co-ordinate Geometry and Infinitesimal Calculus.—Equations to straight line, circle, ellipse, parabola, hyperbola, and other simple curves, in rectangular co-ordinates. The curves referred to will provide illustrations and applications of co-ordinate geometry and infinitesimal calculus, but acquaintance is expected only with the simplest theorems about the curves.

Differentiation and integration of simple standard forms and other forms depending on them; application to easy geometrical properties of plane curves, to easy mechanical and physical problems, to turning values, and to the expansion of simple algebraic and trigonometrical functions. A working knowledge (without rigorous fundamental demonstrations) of the elementary infinite series for $(1+x)^n$, e^x , $\log(1+x)$, and their use in approximative calculations.

Co-ordinate geometry of three dimensions up to the equations to the plane and the straight line.

Polar co-ordinates.—Deduction of the equation of a curve from simple data; drawing a curve from its equation.

Mechanics.—Elementary statics of liquids and gases. Further mechanics of solid bodies, e.g., pendulum and easy questions on moment of inertia.

In Higher Mathematics more analytical skill will be expected than in the earlier stages. In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of Mathematics.

The examination in Higher Mathematics will include a laboratory test. The laboratory test will carry 400 marks.

Physics.—The subject will carry about 1,200 marks. The questions set will be such as may be answered by candidates who have acquired their knowledge by an experimental treatment of the subject.

Heat.—Construction and use of thermometers. Expansion of solids, liquids, and gases. Specific heat. Phenomena of change of state; vapour pressure; latent heat. Simple phenomena of conduction, convection, and radiation of heat. Heat as a form of energy.

Light.—Rectilinear propagation. Reflection and refraction; formation of images by plane and spherical mirrors, and by concave and convex lenses. Telescope and microscope. The dispersion of light by a prism.

Magnetism.—Simple phenomena of magnetism; induction. Lines of force in a magnetic field; terrestrial magnetism. Elementary quantitative notions of strength of pole, magnetic force due to a pole, strength of field.

Static Electricity.—Electrification; induction. The electroscope; electrophorus. Elementary notions of potential and capacity. Distribution of charge on conductors.

Current Electricity.—Meaning of the units volt, ampere, and ohm. The simple voltaic cell; Daniell cell; Leclanché cell; accumulator. Ohm's law with simple applications; arrangement of cells in series and parallel. Magnetic field due to a current; astatic galvanometer, tangent galvanometer, moving coil galvanometer. Laws of electrolysis; electrochemical equivalent. Fundamental experiments of electro-magnetic induction.

Practical Work.—The laboratory test will carry about 400 marks. Simple experiments on the subject matter of the preceding syllabus, for example:—Verification of Boyle's law. Testing the standard points of thermometers. Determination of specific and latent heat by the method of mixtures. Determination of melting and boiling points. Verification of the laws of reflection and refraction. Determination of the positions of images formed by plane and spherical mirrors and by convex lenses. Mapping lines of force in magnetic fields. Comparison of intensities of magnetic fields by the method of oscillations. Comparison of electric currents by the tangent galvanometer and by ammeters. Comparison of potential differences by high

INDIAN POLICE FORCE—continued.

resistance galvanometers and by voltmeters. Comparison of resistances by substitution and by the sliding bridge.

CHEMISTRY.—The subject will carry about 800 marks. The questions set will be such as may be answered by candidates who have acquired their knowledge by an experimental treatment of the subject.

Classification of matter into single substances and mixtures, elements and compounds. Quantitative laws of chemical combination, outlines of the explanations of these laws by the atomic theory; Avogadro's law; general methods of determining chemical equivalents. The chemistry of water and its constituent elements; water as a solvent; natural waters. The atmosphere; combustion; oxidation, the various classes of oxides. Acids, bases, and salts. Chlorine and hydrogen chloride; nitrogen, ammonia, and nitric acid; sulphur, sulphur dioxide, and sulphuric acid. Carbon; the oxides of carbon; carbonates. The hydrocarbons, marsh gas and acetylene; flame. The metals; general methods of preparation of the metals and their commoner salts.

Questions will not be set on metallurgy or on technical processes of manufacture.

Practical Work.—The laboratory test will carry about 200 marks. Simple exercises, which may include weighing and the measurement of volume of liquids and gases, will be set on the subjects of the preceding syllabus, for example:—

Estimation of soluble matter in a mixture; determination of a change of weight in a simple reaction; measurement of the gas evolved during solution of a metal. Observation of the behaviour of substances under the influence of heat and in simple chemical reactions. Preparation of the gases enumerated above; preparation of salts from metals and oxides by general methods. Volumetric determination of acids and alkalis.

Importance will be attached to accurate observation and to clear description of the work done. Where necessary, sufficient instructions will be given to enable candidates to apply their general knowledge of practical chemistry to the problem set.

Freehand Drawing.—The examination will be exacting, in order to ensure that indifferent draughtsmanship receives no credit. From the marks originally allotted, 40 per cent. of the maximum (i.e., 160 marks) will be deducted. The remaining marks will be subsequently increased by two-thirds.

APPENDIX II.—LISTS OF APPOINTMENTS IN INDIA ORDINARILY RESERVED FOR THE POLICE DEPARTMENTS OF THE SEVERAL PROVINCES.*

N.B.—These Lists show only the existing sanctioned scale, which is liable to alteration at any time. Officers entering the service after the re-organization of 1905 will not receive exchange compensation allowance. Natives of India holding the rank of Deputy-Superintendent are eligible for promotion to District Charges, but in no province is any specific number of District-Superintendentships at present reserved to be filled in this manner. The Government of India expressly reserve to themselves the right to resort to other methods of recruitment whenever they think it necessary to do so, and to grade officers so recruited in the cadre of any province at their discretion, whether for the purpose of regulating promotion or otherwise.

APPENDIX III.

(Regulations as to Physical Examination. See pages 254 to 257.)

APPENDIX IV.—LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Police by the Secretary of State from the United Kingdom.

Short Leave.

2. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without

interruption; and it may be accumulated up to three months, earned by 33 months' service. During privilege leave, the officer retains a lien on his appointment, and receives an allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien. An interval of six months must elapse between two periods of absence on privilege leave.

INDIAN POLICE FORCE—continued.

Privilege Leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined Leave. Combined Leave cannot be granted for a shorter period than six months, nor, except on medical certificate, may it be extended beyond two years.

3. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

4. Subsidiary Leave, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end, and not at the beginning, of combined leave.

5. Short Leave is also granted to enable officers to appear at examinations, &c.

Long Leave.

6. Furlough and Special Leave with allowances (see paragraph 8) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount of furlough "due" is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (a) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years, and (b) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but

not exceeding two years), as the officer may have furlough "due" to him.

7. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due,"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

8. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

General Rules.

9. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

10. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

11. When leave allowances other than privilege leave pay, are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of rs. 6d. to the rupee. [Privilege Leave pay when issued from the Home Treasury (this is only admissible when Privilege Leave is combined with other leave), is converted at rs. 4d. to the rupee.]

APPENDIX V.—PENSIONS AND PROVIDENT FUND.

1. The following is a summary of the pension rules applicable to officers of the Indian Police appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Police becomes eligible for a pension on completing 30 years' qualifying service, or on attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health not occasioned by irregular or intemperate habits, or he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years.—A gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years.—A pension not exceeding the following amounts:—

Years of Completed Service.	Sixtieths of Average Emoluments.	Maximum Limit of Pension.
10	10	Rs. 2,000 a year.
11	11	2,200 "
12	12	2,400 "
13	13	2,600 "
14	14	2,800 "
15	15	3,000 "
16	16	3,200 "
17	17	3,400 "
18	18	3,600 "
19	19	3,800 "
20	20	4,000 "
21	21	4,200 "
22	22	4,400 "
23	23	4,600 "

Officers who have shown special energy and efficiency during an effective service of three

INDIAN POLICE FORCE—continued.

years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that an officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of rs. 9d. the rupee to pensioners residing in countries in which the Indian Government rupee is not legal tender.

2. A Provident Fund has also been established on the following basis:—

- (1) The contribution is compulsory up to 6½ per cent. on salaries, with voluntary contributions of not more than a further

6½ per cent. Subscriptions on leave of any kind will be optional.

- (2) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service; or in the event of his death before retirement, to his legal representatives.
- (4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions mentioned in (1).

INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.

REGULATIONS AS TO APPOINTMENTS OF ASSISTANT ENGINEERS, 1913.

1. The Secretary of State for India in Council will, in the summer of 1913, make not less than twenty-three* appointments of Assistant Engineers in the Public Works Department of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the engineering profession.

2. Applications for the appointments must be made on a printed form to be obtained from the Secretary, Public Works Department, India Office, Whitehall, London, S.W., and to be returned so as to reach him not earlier than 1st March, 1913, or later than Thursday, the 1st May, 1913.

No application received after the latter date will be considered.

3. Candidates must have attained the age of 21, and not attained the age of 24 years on the 1st July, 1913. To this rule no exception can be made.†

4. Every Candidate except as provided in Regulation 5, must be a British subject of European descent, and at the time of his birth his father must have been a British subject, either natural-born or naturalised in the United Kingdom. The decision of the Secretary of State in Council as to whether a Candidate satisfies this condition shall be final. He must also be of good moral character and sound physique.

5. Natives of India who are British subjects and are not qualified under Regulation 4, are eligible for appointment, and shall be selected to the extent of 10 per cent. of the total number of Assistant Engineers thus recruited, if otherwise duly qualified.

6. Candidates must produce evidence that they have (1) obtained one of the University degrees mentioned in Appendix I., or (2) passed the A.M.I.C.E. examination, or (3) obtained such diploma or other distinction in Engineering as may, in the opinion of the

Selection Committee, be accepted as approximately equivalent to the degrees mentioned.

It will, therefore, be for the Selection Committee to decide, in dealing with the applications, whether they will recommend any candidate under head (3).

7. It is advisable that Candidates who have been through a college course and obtained one of the degrees mentioned in Appendix I. should have had at least one full year's practical experience of Civil Engineering under a qualified Civil Engineer at the time when they appear before the Selection Committee. Those who have taken no college course should have had a full three years of such practical experience. In the event of any Candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, a year's probation in charge of works, and his final appointment may be made dependent upon the result of such probation.

8. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee, which will probably take place at the end of May or early in June, 1913.

9. They will further be required, before final appointment by the Secretary of State in Council, to appear before the Medical Board at the India Office for examination as to their physical fitness for service in India.

A copy of the "Regulations as to the Physical Examination" of Candidates for Indian appointments will be forwarded on application to the Under Secretary of State. (See pages 254 to 257.)

10. Selected candidates will also be required to satisfy the Secretary of State, in such manner as he may determine, of their ability to ride.

11. They will on appointment be provided with a free first class passage to India, and they will be expected to proceed thither about the end of September, 1913.

INDIAN PUBLIC WORKS DEPARTMENT—continued.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain in India an advance of two months' pay, recoverable by monthly instalments of one-third of salary.

12. They will enter the Service as Assistant Engineers, Third Grade, on a salary of Rs. 4,560

a year (equivalent to £304 a year, when the rupee is at rs. 4d.).

13. The instruments required by Assistant Engineers are supplied to them in India.

14. Particulars as to their prospects of pay, pension, &c., will be found on pages 232 and 233.

INDIA OFFICE,

NOTE FOR THE INFORMATION AND GUIDANCE OF CANDIDATES.

The Selection Committee of 1906 drew attention to the subjects which were held to be of most importance for the Public Works Service, viz. :—

Pure Mathematics, including a knowledge of the differential and integral calculus.
Applied Mathematics.
Geometrical and Engineering Drawing.
Surveying and Geodesy.
Strength of Materials and Theory of Structures.
Hydraulics.
Heat Engines.
Materials used in Construction.
Building Construction.—Wood and metal work, limes and cements and building with stone, brick, and concrete.
Knowledge of the principles of road-making, waterworks, sanitary and railway engineering. (Important.)

The Selection Committee were further of opinion that all candidates should have had some workshop training.

The following announcement regarding the recruitment of the Public Works Department in future years is published for the information of intending candidates:—

The foregoing Regulations apply only to the appointment of Assistant Engineers in the permanent establishment of the Public Works Department in 1913, but it is the intention of the Secretary of State for India in Council, as at present advised, to recruit the permanent establishment of the Department in succeeding years on the same general lines as those already laid down.

He is, however, unable to give any undertaking that the Regulations will remain unaltered in the future.

APPENDIX I.

APPENDIX II.

PARTICULARS REGARDING THE INDIAN PUBLIC WORKS DEPARTMENT (EXECUTIVE BRANCH).

[The arrangements and salaries hereinafter described are subject to revision according to the requirements of the service.]

1. The Engineer Establishment of the Indian Public Works Department consists of a staff of engineers, military and civil, engaged on the construction and maintenance of the various public works undertaken by the State in India.
2. The permanent establishment of the Department is recruited from the following sources :—
 - (1.) Officers of Royal Engineers.
 - (2.) Persons appointed to the Imperial Service by the Secretary of State by selection from the United Kingdom.
 - (3.) Persons educated at the Government Civil Engineering Colleges in India, and appointed to the Provincial Services by the Government of India.
 - (4.) Occasional admission of other qualified persons.
3. The various ranks of the department are as follows :—

	Salary per annum* (Imperial Service). Rs.
Chief Engineer, First Class	33,000
" " Second Class	30,000
Superintending Engineer, First Class	24,000
" " Second Class	21,000

4. The increments will be given for approved service only and in accordance with the rules of the Department.

Exchange compensation allowance will not be granted to future entrants.

5. Promotions above the grade of Executive Engineer are dependent on the occurrence of vacancies in the sanctioned establishment, and are made wholly by selection; mere seniority is considered to confer no claim to promotion.

* For the present sterling equivalents of these salaries, see page 258.

* Officers of the Assistant Class will ordinarily pass into the Executive Class in the 17th year of service, but no Imperial Engineer may draw more than Rs. 9,600 per annum unless he holds charge of a division or a charge of equal importance.

"Average emoluments" means the average calculated on the last three years' service.

PENSIONS AND PROVIDENT FUND.

6. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the *United Kingdom* :—

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the Service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Scale of Pension.

Years of Completed Service.	Sixtieths of Average Emoluments.‡	Maximum Limit of Pension.
10	20	Rs. 1,000 a year or Rs. 83½ a month.
11	21	Rs. 1,400 a year or Rs. 116½ a month.
12	22	Rs. 1,800 a year or Rs. 150 a month.
13	23	Rs. 2,200 a year or Rs. 183½ a month.
14	24	Rs. 2,600 a year or Rs. 216½ a month.
15	25	Rs. 3,000 a year or Rs. 250 a month.
16	26	
17	27	
18	28	
19	29	

After a service of not less than 20 years,
a retiring pension not exceeding the
following amounts:—

Scale of Pension.

Years of Completed Service.	Sixtieths of Average Emoluments.†	Maximum Limit of Pension.
20 to 24 } 25 and above }	30	{ Rs. 4,000 a year or { Rs. 333½ a month. { Rs. 5,000 a year or { Rs. 416½ a month.

Officers who have shown special energy and efficiency during an effective service of three years in certain appointments may, at the discretion of the Government of

India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of *rs. 9d.* the rupee to pensioners residing in countries in which the Indian Government rupee is not legal tender.

The regulations relating to Provident Fund and Leave are similar to those for the Indian Police Force. (See pages 228 and 229.)

STATE RAILWAYS.

REGULATIONS FOR APPOINTMENT TO THE TRAFFIC DEPARTMENT.*

[Note.—The arrangements and salaries hereinafter described are subject to revision according to the requirements of the Service.]

1. The Secretary of State for India in Council will, from time to time as may be required, make appointments of Assistant Traffic Superintendent on Indian State Railways.
 2. In making these appointments he will act with the advice of a Selection Committee, consisting of three persons nominated by him.
 3. Applications for the appointments must be made on a printed form to be obtained from the Secretary, Public Works Department, India Office, Whitehall, London, S.W. A list of applicants will be kept in that Department.
 4. Candidates must be British subjects of not more than 25 years of age, and should be unmarried. They must also be of good moral character and sound physique.
 5. Candidates must possess one or other of the following qualifications, viz. :—
 - (a) Not less than two years practical experience of work in the Traffic Department of a British or Colonial Railway, together with evidence of a sound general education.
 - (b) A degree or diploma of any teaching University in the United Kingdom granted after not less than three years' study in that University, or a technical diploma or certificate recognized by the Secretary of State.*
 6. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee.
 7. They will further be required, before final appointment by the Secretary of State in Council, to appear before the Medical Board at the India Office for examination as to their physical fitness for service in India.
- A copy of the "Regulations as to the Physical Examination" of Candidates for Indian appointments will be forwarded on application to the Under Secretary of State.
8. Selected Candidates with the qualification referred to in Clause 5, Sub-clause (a), will be appointed Assistant Traffic Superintendents on the non-pensionable establishment on Rs. 300 or Rs. 400 per mensem, according to their qualifications.
 9. Selected candidates appointed under the foregoing clause on Rs. 300 per mensem will be required to undergo the further training specified in Appendix I., and will be promoted to Rs. 400 per mensem on passing the professional examination referred to therein.
 10. Selected Candidates with the qualifications referred to in Clause 5, Sub-clause (b), will be appointed Assistant Traffic Superintendents on the non-pensionable establishment on Rs. 300 per mensem, and they will be promoted to Rs. 400 on passing the professional examination prescribed in Appendix I. on the completion of their period of training as Probationers. This period of training will ordinarily extend over one year.
 11. Officers will not be entitled to pension or bonus on quitting the Service, but will be eligible throughout their service to the benefits of the State Railway Provident Institution, to which they will be required to contribute. Particulars relating to this Institution will be found in Appendix III.
 12. Selected candidates will be required to enter into an agreement with the Secretary of State. Officers will be liable to discharge for incompetence or misbehaviour. Subject to such liability and to the termination of their agreement on account of ill-health, their service will be for not less than three years. At the end of that period, or at any subsequent date, the service of an officer may be terminated by notice given by either party six months previously.
- Service will be in any part of British India or its dependencies as directed by Government.

- * The following technical diplomas and certificates will be recognized by the Secretary of State :—
- (a) A diploma in Engineering or Commerce granted after not less than three years' study in a constituent College of a University ;
 - (b) A Higher Course Diploma in Engineering or Commerce, endorsed by the Board of Education and granted after not less than three years' study in an Advanced Course at a Technical College ;
 - (c) A diploma in Engineering or Commerce granted after not less than three years' study by a Central Technical or Commercial College in Scotland and endorsed by the Scotch Education Department ;
 - (d) A diploma or certificate issued or endorsed by the Department of Agriculture and Technical Instruction for Ireland and granted after not less than three years' study at a Technical or Commercial School, approved by the Department.

STATE RAILWAYS—continued.

A free first-class passage to India will be provided; and a return passage will also be provided if the officer leaves the service at the end of his first three years of service with the approbation of Government, or if he quits the service in India earlier owing to certified ill-health not caused by his own negligence, carelessness, or misconduct.

13. Pay will begin from the date of the officer's landing in India, and, if he so desires, he will be able to obtain an advance of two

months' pay, recoverable by monthly instalments of one-third of salary. Of this advance, a proportion not exceeding one-half may be received in England, and the balance can be drawn in India.

14. Particulars as to the pay and conditions of service of officers in the several grades of the Traffic Department and the leave regulations applicable to them, and also as to the State Railway Provident Institution, are contained in Appendices II., III., and IV.

APPENDIX I.

TRAINING AND EXAMINATIONS.

1. Assistant Traffic Superintendents mentioned in Clauses 9 and 10 of the Regulations will on first appointment be located at the headquarters of a District under the orders of a District Traffic Superintendent, who will superintend their training and will submit quarterly reports on their progress. The necessary instruction will be imparted by competent subordinates of each class deputed for the purpose.

2. On the completion of the period of training Probationers will be required to appear for the final examination to qualify for confirmation as Assistant Traffic Superintendents.

This examination will be divided into two parts, viz. :—

(i.) A written examination in the following subjects :—

(1) The general rules for Indian railways and the Revenue Code.

(2) The Traffic Manual, working orders, and station arrangements and working.

(3) The principle of rates.

(4) The general products of the country traversed by the railway and the direction in which these products are working; also the steps necessary for the further development of traffic, both passengers and goods.

(5) The general principles to be followed in dealing with claims cases.

(6) The preparation of time-tables.

(ii.) A *viva voce* examination lasting about an hour and embracing subjects connected with the general working of the Department, as well as those relating to any branch of work upon which the Candidate may have been particularly engaged. This part of the examination, which will be left entirely in the hands of the examining committee, will test the amount of insight gained by the Candidate into the practical working of the Traffic Department.

APPENDIX II.

PARTICULARS REGARDING THE SUPERIOR TRAFFIC DEPARTMENT OF STATE RAILWAYS.

1. The establishment of the Superior Traffic Department of Indian State Railways consists of a staff of officers, military and civil, engaged on the various railways administered by the State in India.

2. This establishment is recruited from the following sources :—

(i.) Officers of Royal Engineers ;

(ii.) Persons appointed by the Secretary of State by selection from the United Kingdom ;

(iii.) Persons appointed in India ;

(iv.) Occasional admission of other qualified persons.

3. The various ranks of the Department are as follows :—

	Salary per annum.
Traffic Managers	Rs. 24,000
Deputy Traffic Managers	18,000
District Superintendents :—	
Class II., Grade 1	13,200
" Grade 2	12,000
" Grade 3	10,800
" Grade 4	9,600
" Grade 5	8,400

	Salary per annum.
Assistant Superintendents :—	Rs.
Class III., Grade 1	6,600
" Grade 2	5,400
" Grade 3	4,800
" Grade 4	3,600
" Grade 5	2,400-3,000

4. Exchange Compensation Allowance will not be granted.

5. Officers with practical experience, who are selected from the United Kingdom for appointment to the Traffic Department, under Clause 5, Sub-clause (a), of the conditions of appointment, will be appointed to Class III., Grade 3, or as Probationers to Class III., Grade 4, according to their qualifications.

6. Officers selected as Probationers under the above clause or under Clause 5, Sub-clause (b), will be appointed to Class III., Grade 4, until they qualify. As soon as they qualify, they will be posted to Class III., Grade 3, on the usual scale of pay of that grade.

7. No officer appointed from the United Kingdom will receive promotion until reported competent for the work of an Assistant Superintendent, and until he has passed an examination in the vernacular.

STATE RAILWAYS—continued.

APPENDIX III.

PROVIDENT FUND.

The State Railway Provident Fund is established on the following basis :—

(i.) The contribution is compulsory up to one-twelfth of salary, to which will be added half-yearly the following bonus :—

(a) A first sum out of the gross revenue of the railway equal to one-half of such subscriptions ;

(b) A second sum not exceeding one-half of such subscriptions ; and also not exceeding one per cent. of net earnings, calculated before any contributions to the fund have been added to the working expenses.

(ii.) Voluntary deposits may also be made up to a limit of Rs. 500 a year, and to Rs. 3,000 in all, exclusive of interest.

(iii.) Interest at the rate of 3 per cent. per annum in the case of accounts kept in

sterling, and at 3½ per cent. in the case of accounts kept on a rupee basis is at present allowed on compulsory deposits and bonus, and at rates applicable to deposits in the Government Post Office Savings Bank on voluntary deposits. European and Eurasian subscribers will have the option, to be exercised within six months of joining the fund, of having their accounts kept in sterling or in rupees. The Government reserves the right to vary the rate of interest allowed on compulsory deposits and bonus.

(iv.) The sum which thus accumulates to the credit of an officer, is paid to him on quitting the Service ; or, in the event of his death before retirement, to his legal representatives.

APPENDIX IV.

LEAVE.

The regulations relating to leave are similar to those for the Indian Police Force (*see* page 228).

REGULATIONS FOR APPOINTMENT TO THE LOCOMOTIVE AND CARRIAGE AND WAGON DEPARTMENTS.

[*Note.*—The arrangements and salaries hereinafter described are subject to revision according to the requirements of the Service.]

1. The Secretary of State for India in Council will, from time to time as may be required, make appointments of Assistant Superintendents in the Locomotive and Carriage and Wagon Departments of Indian State Railways.

2. In making these appointments he will act with the advice of the Consulting Engineer to the India Office.

3. Applications for the appointments must be made on a printed form to be obtained from the Director-General of Stores, India Office, Whitehall, London, S.W., by whom a list of applicants will be kept.

4. Candidates must be British subjects of about 24 years of age, and should be unmarried. They must also be of good moral character and sound physique.

5. Appointments in the Locomotive Department will generally be made from men trained in locomotive workshops in Europe. Candidates must have had a good general and technical education, followed by at least three years' training in the shops of a railway company and six months' training in the running sheds and firing, as distinguished from training in a contractor's shop where engines are only built and where experience in firing, running, and general railway work cannot be obtained.

Candidates for appointment in the Carriage and Wagon Department must have served as pupils or apprentices in the carriage and wagon or locomotive shops of a railway company, or in the carriage shops of a large rolling stock builder, followed in either case by at least a year's experience as Outside Assistant in the Carriage and Wagon department of a British railway.

All candidates must have a thorough understanding of applied mechanics and the nature and composition of all materials used in shops, and should be able to design and to calculate the stresses on the parts of the machines. Some actual drawing office experience is also desirable.

6. Candidates must be prepared, if called upon, to attend, at their own expense, at the India Office, or for a personal interview with the Consulting Engineer, Sir A. M. Rendel, K.C.I.E., 13, Dartmouth Street, Westminster, S.W.

7. They will further be required, before final appointment by the Secretary of State in Council, to appear, also at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India. There is no fee for the medical examination.

STATE RAILWAYS—continued.

A copy of the "Regulations as to the Physical Examination" of candidates for Indian appointments will be forwarded on application to the Under Secretary of State.

8. Selected candidates will in the first instance be appointed Assistant Superintendents on Rs. 300, Rs. 400, Rs. 450, or Rs. 550 per mensem, according to their qualification.

9. Officers will not be entitled to pension or bonus on quitting the Service, but will be eligible throughout their service for the benefits of the State Railway Provident Institution, to which they will be required to contribute. Particulars relating to this Institution will be found on page 235.

10. Selected candidates will be required to enter into an agreement with the Secretary of State. Officers will be liable to discharge for incompetency or misbehaviour. Subject to such liability and to the termination of their agreement on account of ill-health, their service will be for not less than three years. At the end of that period, or at any subsequent date, the service of an officer may be terminated by

notice given by either party six months previously.

Service will be in any part of British India or its dependencies as directed by Government.

A free first-class passage to India will be provided; and a return passage will also be provided if the officer leaves the service at the end of his first three years of service with the approbation of Government, or if he quits the service in India earlier owing to certified ill-health not caused by his own negligence, carelessness, or misconduct.

11. Pay will begin from the date of the officer's landing in India, and, if he so desires, he will be able to obtain an advance of two months pay, recoverable by monthly instalments of one-third of salary. Of this advance, a proportion not exceeding one-half may be received in England, and the balance can be drawn in India.

12. Particulars as to the pay and conditions of service of officers in the several grades of the Locomotive and Carriage and Wagon Departments, and the leave regulations applicable to them, will be found below.

PARTICULARS REGARDING THE SUPERIOR LOCOMOTIVE AND CARRIAGE AND WAGON DEPARTMENTS OF INDIAN STATE RAILWAYS.

[The particulars given in this Appendix are compiled from the regulations in force for the time being, which are subject to revision according to the requirements of the service.]

1. The establishments of the Superior Locomotive and Carriage and Wagon Departments of Indian State Railways consist of officers engaged on the various railways administered by the State in India.

2. These establishments are recruited from the following sources:—

- (i.) Persons appointed by the Secretary of State by selection from the United Kingdom;
- (ii.) Persons appointed in India;
- (iii.) Occasional admission of other qualified persons.

3. The various ranks of the Departments are as follows:—

	Salary per annum.
	Rs.
Locomotive Superintendents	24,000
Deputy Locomotive Superintendents ...	18,000
Carriage and Wagon Superintendents	18,000 or 21,000
Deputy Carriage and Wagon Superintendents	15,000

The regulations relating to Provident Fund and Leave are similar to those for the Traffic Department (see page 235).

	Salary per annum.
	Rs.
District Superintendents:—	
Class II., Grade 1	13,200
" Grade 2	12,000
" Grade 3	10,800
" Grade 4	9,600
" Grade 5	8,400
Assistant Superintendents:—	
Class III., Grade 1	6,600
" Grade 2	5,400
" Grade 3	4,800
" Grade 4	3,600
" Grade 5	2,400-3,000

4. Exchange compensation allowance is not granted.

5. Officers while in India will be entitled to travelling allowances according to the rules from time to time in force.

6. No officer appointed from the United Kingdom will receive promotion until reported competent for the work of an Assistant Superintendent, and until he has passed an examination in the vernacular.

TELEGRAPH DEPARTMENT.

[The arrangements and salaries hereinafter described are subject to revision according to the requirements of the service.]

1. The Superior Establishment of the Indian Telegraph Department is engaged on the construction and maintenance of the various telegraph lines belonging to the Government of India, and in the supervision of the offices in connection therewith.

2. The Department is chiefly recruited from the United Kingdom.

3. The various ranks of the Superior Establishment are as follows:—

	Maximum Salary per mensem.*
	Rs.
Director-General... ..	3,000
Deputy Director-General	2,000
Directors	1,800
Deputy Directors	1,600
Chief Superintendents, 1st Class ...	1,400
" 2nd Class	1,250
Superintendents, 1st Grade	1,000
" 2nd Grade	850
Assistant Superintendents, 1st Grade	700
" 2nd Grade	550
" 3rd Grade	450
" 4th Grade	350

4. Officers who are selected from the United Kingdom for appointment to the Indian Telegraph Department will, in the absence of any special reasons to the contrary, be appointed to the rank of Assistant Superintendents, 4th Grade.

5. Promotions from one grade or class to another are dependent on the occurrence of vacancies in the sanctioned establishment.

6. Promotion is made by selection, with due regard to seniority, which, by itself, is not considered to confer a claim to it.

7. It is to be clearly understood that the Government reserves the right of appointing

any person not in the regular telegraph service to any post in the Department for which they may consider him specially qualified, and also of generally regulating promotions and retirements in the Department as appears to them most conducive to the interests of the public service.

THE PENSION RULES AND PROVIDENT FUND RULES embodied in Art. 6 of the Particulars regarding the Indian Public Works Department (see pages 232 and 233), are at present applicable to officers appointed to the Telegraph Department from the United Kingdom.

HIS MAJESTY'S INDIAN ARMY.

REGULATIONS FOR ADMISSION.

1. A certain number of appointments to the Indian Army are offered to Cadets of the Royal Military College, and a certain number to candidates from the Universities.†

2. All King's Cadets (British and Indian) and Honorary King's Cadets nominated by the Secretary of State for India in Council have the option, during their last term at the Royal Military College, of electing for appointment to the Unattached List for the Indian Army, or for appointment to commissions in British

Cavalry or Infantry. The appointments to the Unattached List for the Indian Army remaining after the claims of the King's Cadets and Honorary King's Cadets (Indian) have been satisfied are allotted in order of merit to Cadets who satisfy the requirements of the Regulations respecting admission to the Royal Military College, and who elect to compete for such appointments, at each final Examination at Sandhurst.

* For the present sterling equivalents of these salaries, see page 258.

† For information regarding the "Regulations respecting admission to the Royal Military College, and for first appointments therefrom to the Army," and the Regulations under which commissions in the Army may be obtained by University Candidates, application should be made to the War Office.

INDIAN ARMY—continued.

REGULATIONS FOR ADMISSION—continued.

3. Election is made during a Cadet's last term at the Royal Military College and is final; no candidate for the Indian Army is thereafter eligible for transfer to the Cavalry or Infantry of the Line except by exchange.

4. A successful candidate, whether from the Royal Military College or from the University, is gazetted as Second Lieutenant on the Unattached List of the British Army, is attached by the War Office to a British battalion (usually Infantry) serving in India, and is provided with passage to that country. He is required to embark within two months of being gazetted. From the date of first commission to the date of arrival in India he will receive the British pay of his rank.

5. On arrival in India he joins the British Regiment to which he has been attached, and receives Indian pay and allowances as an officer of the British Army,* and, after passing the higher standard examination in Hindustani, an additional allowance of Rs. 100 a month. While so attached, leave (excepting recreation, district or privilege leave) may only be granted to him on medical certificate or under the most pressing and exceptional circumstances, and during any leave out of India he will be restricted to the British pay of his rank.†

6. At the expiration of one year's actual duty with a British Regiment (exclusive of all leave excepting recreation, district or privilege leave, and of any period of absence in hospital), he will be admitted to the Indian Army in the rank of Second Lieutenant and appointed to a Native Regiment.

7. At the expiration of two years and three months' service from the date of first commission he will be promoted to the rank of Lieutenant.

8. He will not be permitted to remain in the Service unless during the first three years from date of first commission his retention therein is shown to be in every respect desirable.

9. Within three years of the date of his admission to the Indian Army he will be required to

pass the higher standard examination in Hindustani and the professional examination prescribed in Indian Regulations.

10. Until he shall have passed the above examinations he will not be eligible to hold any permanent or officiating appointment (regimental or other) except that of Squadron Officer or Double Company Officer.

11. Should he not pass the examinations within the period of three years, he will be allowed the option of resigning the Service, and if he declines to do so he will be removed from it, and in either case (if in India) he will be provided with passage to Europe or to a colony; he may also be allowed, at the discretion of the Government of India, or of the Secretary of State, a gratuity not exceeding one year's British pay of his rank. If rendered unfit for further service by medical unfitness caused by duty, he may be granted temporary or permanent half-pay at the British Infantry rate, but in this case he will not also receive a gratuity.

12. Extension of the period within which the examinations must be passed will not be allowed except on account of delay or illness resulting from employment on field service, or special causes beyond the officer's control, and then only with the special sanction of the Secretary of State for India in Council.

13. The number of Officers appointed to the Unattached List from Sandhurst and from Universities is expected in ordinary circumstances to be sufficient to fill all, or nearly all, the vacancies in the Indian Army as they occur, but if any officers are required from time to time to supplement this direct supply, such appointments will be open to officers of units of the Cavalry and Infantry of the Line, and the Royal Artillery serving in India who are qualified under the conditions stated below.

14. Under special circumstances or in special cases the Secretary of State for India in Council may deviate from any of the above conditions.

CONDITIONS OF TRANSFER TO THE INDIAN ARMY UNDER THE ABOVE PARAGRAPH 13.

I. To be qualified for appointment an officer must be serving in India, and comply with the following conditions:—

- (a) He must have completed one year's actual regimental duty in India at date of application.
- (b) He must be under 26 years of age at date of appointment.‡

(c) He must have passed the lower standard examination in Hindustani at date of application.

(d) His application must be supported by certificates of physical fitness, character, &c., in forms prescribed by Indian Army Regulations, and must be recommended by his Commanding Officer.

* Infantry, Rs. 202 12a. 5p. a month, Cavalry, Rs. 250 10a. 4p.

† 5s. 3d. a day.

‡ Officers entering the Indian Army from dismounted units are not eligible for appointments in Native Cavalry if over 23 years of age without the special sanction of the Commander-in-Chief in India.

INDIAN ARMY—continued.

CONDITIONS OF TRANSFER—continued.

II. An Officer selected by the Commander-in-Chief in India for appointment will be transferred permanently to the Indian Army, and will not be permitted to revert to a British regiment except by exchange.

III. A Second Lieutenant of under two-and-a-quarter years' service at the date of appointment to the Indian Army will be promoted to the rank of Lieutenant on completing that service. A Second Lieutenant of over two-and-a-quarter years' service from date of first commission will be promoted to the rank of Lieutenant on appointment, his promotion being antedated to the day following that on which he completed two-and-a-quarter years' service. A Lieutenant entering the Indian Army will have his rank antedated or postdated, as the case may be, to the day following the date of completing two-and-a-quarter years' service.

IV. An officer will not be permitted to remain in the service unless, during the first three years from date of first commission, his retention therein is shown to be in every respect desirable.

V. Within three years of the date of admission to the Indian Army, every officer will be required to pass the higher standard examination in Hindustani, and the professional examination prescribed by Indian regulations.

VI. Until he shall have passed the above examinations he will not be eligible to hold any permanent or officiating appointment (regimental or other) except that of Squadron Officer or Double Company Officer.

VII. Should he not pass the examinations within the period of three years, he will be allowed the option of resigning the Service, and if he declines to do so he will be removed from it, and in either case (if in India) he will be provided with passage to Europe, or to a colony; he may also be allowed, at the discretion of the Government of India, or of the Secretary of State, a gratuity not exceeding one year's British pay of his rank. If rendered unfit for further service by medical unfitness caused by duty he may be granted temporary or permanent half-pay at the British Infantry rate; but in this case he will not also receive a gratuity.

VIII. Extension of the period within which the examinations must be passed will not be allowed except on account of delay or illness resulting from employment on field service or special causes beyond the officer's control, and then only with the special sanction of the Secretary of State for India in Council.

IX. In addition to admission under the above conditions, any officer of the British Army who may show exceptional qualifications for service in India may, with the concurrence of the Army Council, be specially selected for the Indian Army. His transfer will be permanent, and he will not be permitted to revert to the British Army except by exchange.

X. Under special circumstances or in special cases the Secretary of State for India in Council may deviate from any of the above conditions.

EXCHANGES.

An exchange may be permitted between an officer of the British Service and an officer of the Indian Army, provided both officers are not above the rank of Captain and have under eighteen years' service, and that the officer exchanging into the Indian Army has served at least one year in India and has passed the lower standard in Hindustani, that immediate and suitable employment is available for him, and that he is physically fit for service in India. He will be required to pass the higher standard in Hindustani, and the professional examination prescribed by Indian

regulations within eighteen months from date of exchange, failing which he will be liable to be removed from the service.

Exchanges are subject to the condition that on transfer to the Indian Army the date of lieutenantancy in the case of a Lieutenant, and the dates of lieutenantancy and captaincy in the case of a Captain, are to be adjusted to the time scale of promotion obtaining in the Indian Army. A Lieutenant who has completed nine years' service will be promoted to Captain from the date following that on which he completed it.

APPOINTMENTS TO THE INDIAN ARMY THROUGH THE SUPPLY AND TRANSPORT CORPS.

Officers of the British Army with not less than three or more than ten years' Army service, provided they are serving in India and have done at least one year's actual duty in India, and have passed the lower standard examination in Hindustani, may apply for employment in the Supply and Transport Corps with a view to permanent transfer to the Indian Army, but no officer may be appointed to such employment till he has passed the higher standard in Hindustani. On appointment such officers

remain liable to reversion to their British corps during the first three years if found unsuitable. A limited number of officers of the Army Service Corps are also posted to the Supply and Transport Corps for a five years' tour of duty with a prospect of transfer to the Indian Army for permanent employment in the Supply and Transport Corps. These transfers to the Indian Army are subject to the same conditions as exchanges in regard to adjustment of dates of rank.

EXAMINATIONS IN THE NATIVE LANGUAGES.

The following are the tests laid down for the examinations (higher and lower standards) in Hindustani:

- (a.) Written translation from English.

(b.) A *viva voce* translation from a text-book into English.

(c.) Reading and *viva voce* translation of manuscript.

(d.) Conversation.

INDIAN ARMY—continued.

LANGUAGES OF REGIMENTS.

In addition to the foregoing tests, officers serving with Native regiments are required to pass

an examination in the language chiefly spoken by the men of their regiments. The tests are similar to those prescribed for the Hindustani examinations, but with certain variations.

PROFESSIONAL EXAMINATION FOR THE INDIAN ARMY.

The following are the tests of the professional examination required for the Indian Army:—

- (a.) Drilling a regiment of cavalry or infantry.
- (b.) Regimental duties, including matters relating to discipline, interior economy, pay and pensions, double company accounts and books, arms, ammunition, equipment, supply of clothing and necessaries, the classes of which the corps is composed

- and recruited, and, for cavalry officers, the supply of horses and saddlery.
- (c.) Indian military law, and musketry if the officer is not in possession of an officer's musketry certificate.
- (d.) (For cavalry officers) Veterinary treatment and shoeing, fitting of saddlery.

KING'S INDIA CADETSHIPS.

1. Ten King's India Cadets are nominated each half-year from among the sons of persons who have served in India in the Military or Civil Service of His Majesty or of the East India Company.

2. The claims of all Candidates who are eligible for nomination are brought forward half-yearly (in the spring and in the autumn) for consideration by the Secretary of State for India in Council, and the nominations are then conferred on the Candidates whose claims are found to be highest, under certain prescribed and established conditions.

3. A Candidate is not eligible for nomination as a King's India Cadet if he be under 17 or over 19½ (the half year being reckoned by calendar months) years of age on the first of June for nomination in the previous spring, and on the first of December for nomination in the previous autumn.

4. A Candidate is not eligible for nomination and his claims will in no circumstances be considered until he has obtained (a) a Leaving Certificate or a Qualifying Certificate, as required by the Regulations for Admission to the Royal Military College, Sandhurst, in force prior to 1912; or (b) has qualified at the Army Entrance Examination; or (c) is prepared to attend the next examination. The Regulations for admission to the Royal Military College are issued by the War Office, and may be obtained from Messrs. Wyman & Sons, Fetter Lane, E.C. Price 1d.

5. The fees of King's India Cadets at the Royal Military College are not payable by the State, except in cases where, after due inquiry, their pecuniary circumstances are ascertained to be such as to justify the payment.

Honorary King's India Cadetships.

6. Three Honorary King's India Cadets are nominated annually by the Secretary of State for India.

7. Such Cadets are appointed from—

- (a.) The sons of officers of the Indian Army, who were killed in action, or who have died of wounds received in action within six months of such wounds having been received, or from illness brought on by fatigue, privation, or exposure incident to active operations in the field before an enemy, within six months after their having been first certified to be ill.
- (b.) The sons of officers of the Indian Army, who have obtained the brevet or substantive

rank of Major or Lieutenant-Colonel, and have performed long or distinguished service.

Note.—The sons of Officers of the Indian Medical Service, of Royal Artillery Officers who have elected for continuous service in India, and of Royal Engineer Officers who have completed 20 years' service for Indian Pension, are eligible under the same conditions as the sons of officers of the Indian Army.

8. The age limits, times of nomination, and conditions of eligibility as regards Examinations, are the same as for King's India Cadetships.

9. An Honorary King's Cadetship carries with it no pecuniary advantage.

GENERAL RULES REGARDING BOTH CLASSES OF CADETSHIPS.

10. The prescribed form of application can be procured from the India Office. It should be filled up and submitted by the Candidate himself, and not by anyone acting on his behalf. Unless the Candidate is prepared to join the Royal Military College at the commencement of the next term, his application will be returned to

him for submission at the proper time. Applications must be received not later than 30th April or 31st October from candidates who wish to enter the Royal Military College in the following September or February respectively.

11. For all information regarding, and permission to attend, the examinations, application

KING'S INDIA CADETSHIPS—continued.

must be made to the Secretary, Civil Service Commission, Burlington Gardens, London, W.

12. After a Candidate for nomination has been recorded on the list at the India Office, no further application should be made by him or on his behalf. All the necessary communications will be addressed to him direct.

13. A Candidate for nomination should immediately report to the India Office any change of his address, and he should also report any material changes in his family, such as the death of his father or mother.

There are no India Cadetships at the Royal Military Academy, Woolwich.

NOTE REGARDING KING'S CADETSHIPS.

King's Cadets are appointed by the Secretary of State for War. The sons of officers of the Indian Army are not eligible for appointment.
INDIA OFFICE, January, 1912.

CONDITIONS OF SERVICE OF ROYAL ENGINEER OFFICERS IN INDIA.

Memorandum of 1st January, 1904, with subsequent alterations.

The Secretary of State for India in Council having decided, with the concurrence of the Secretary of State for War, that the system of election for continuous service in India by officers of Royal Engineers shall be abandoned, no officer shall be allowed to elect for continuous service after the 31st December, 1904.

Officers who have already elected for continuous service shall be permitted to cancel their election at any time.

Officers who have elected for continuous service, and do not cancel their election, and officers who may, before the 1st January, 1905, be allowed to elect, shall continue to enjoy all the rights and privileges of continuous service officers.

The following rules shall apply to officers upon the Indian establishment at this date, and to those who may in future proceed to India for a tour of service, except in the case of officers who, having elected for continuous Indian service, do not cancel their election, and of any who may be allowed to elect between this date and the 31st December, 1904.

SERVICE IN INDIA.

I. A tour of Indian service for an officer of Royal Engineers shall be five years, reckoning from the date on which he is posted to the Indian establishment.

An officer who, after a term of Indian service, has reverted to the Imperial establishment, as provided in Rule II, will, if again posted to the Indian establishment, be required to complete a five years' tour as before.

Leave out of India shall reckon as part of a tour.

II. At the expiration of a five years' tour an officer may be permitted to extend his Indian service indefinitely.

An officer may apply for permission to revert to the Imperial establishment on completion of a five years' tour of Indian service, or at any subsequent date, giving six months' notice of his wish to revert.

The Secretary of State for India, with the concurrence of the Secretary of State for War, may at any time terminate the Indian service of an officer.

LEAVE.

III. During his five years of Indian service, an officer shall be under the leave rules applicable to the British service in India.

After the expiration of his first five years of Indian service, an officer,—

(a) If in military employment,—

- (i) May be granted leave under the leave rules for the Indian Army, subject to the condition that his leave pay shall be regulated by his service for Indian pension as defined in Rule VIII.

Or,

- (2) May be granted leave under the rules applicable to the British service in India, should he prefer these rules to the Indian Army leave rules.

(b) If in civil employment,—

- (i) May be granted leave under civil leave rules as laid down in the Civil Service Regulations, subject to the following conditions:—

(i) For purposes of reckoning the amount of furlough earned by an officer, "active service" will include all "active service" in India, as defined in the Civil Service Regulations, whether passed in military or in civil employment. In no case will any service on the British establishment count for furlough under civil rules.

(ii) The furlough at the credit of an officer will be the amount earned (viz., one-fourth of his active service, as defined in the previous paragraph), less any leave with pay out of India actually taken. The furlough thus at the credit of an officer may be partly in respect of service passed in military employment, and partly in respect of service passed in civil employment.

CONDITIONS OF SERVICE OF ROYAL ENGINEER OFFICERS IN INDIA—continued.

(iii) During furlough credited to an officer as above, the furlough pay will be equal to one-half the officer's "average salary," as defined in the Civil Service Regulations, subject to the following minimum rates:—

During furlough earned by service in civil employment, £125 a quarter, or his last salary, whichever is less.

During furlough earned by service in military employment, the rate to which the officer would have been entitled under the Indian Army leave rules at the time of taking the furlough had he been in military instead of in civil employment.

(iv) That portion of the furlough at the credit of an officer which has been earned by service in civil employment may be taken before the portion earned by service in military employment.

(v) An officer who reverts from civil to military employment forfeits the claim to enjoy, during any leave granted to him while in military employment, the rate of furlough allowance ordinarily admissible during furlough earned in respect of service in civil employment.

Or,

(2) May be granted leave under the rules applicable to the British service in India, should he prefer these rules to civil leave rules.

Note.—The provisions of Rule III shall not apply to an officer who, under existing regulations, is entitled to leave under the Military Furlough Rules of 1868, and may desire to remain under these rules.

IV. *Cancelled.*

VACATION OF APPOINTMENT.

V. An officer in military employment, who has been placed upon the half-pay list under the Regulations of the Royal Warrant governing promotion and appointment, shall vacate his appointment, but may be re-employed in a Colonel's, or in a higher appointment.

An officer in civil employment will be removed from employment under the civil rules in force. If placed on the half-pay list under military regulations, he will not be removed from civil employment unless required to vacate under civil rules. If retired from the Army he will vacate his civil appointment, and can only be re-appointed with the special sanction of the Government of India.

UNEMPLOYED PAY.

VI. A Colonel or Lieutenant-Colonel on the Indian establishment removed from employment, either on account of age or of being placed upon the half-pay or unemployed list, shall receive until re-employment or retirement—

(a) When he has less than twenty years' service for Indian pension, reckoned as in Rule VIII, the rate of half-pay prescribed in the Royal Warrant regulating the pay of the Royal Engineers generally;

(b) When he has not less than twenty years' service for Indian pension, reckoned as in

Rule VIII, if residing in India, the Indian pay and allowances of a Lieutenant-Colonel of Royal Engineers, namely, Rs. 1,002.4.0 a month; and if residing out of India, the leave pay to which he may be entitled under the leave rules for the Indian Army, subject to a minimum of £600 a year.

PENSION.

VII. An officer, who has completed not less than twenty years' Indian service for pension, reckoned as in Rule VIII, shall, on retirement, receive a pension consisting of the retired pay to which he would be entitled under the Royal Warrant regulating the retired pay of the Royal Engineers generally, and in addition such a portion of the difference between the said retired pay and the Indian Army pension belonging to his total length of service as is represented by the proportion his Indian pension service bears to the minimum total service that would have qualified him for the before-mentioned Indian Army pension.

In calculating the Indian pension service, any broken period of fifteen days and upwards shall be reckoned as one month, and any broken period of less than fifteen days shall not be counted.

An officer of the Royal Engineers, who has not less than twenty years' service for Indian pension, reckoned as in Rule VIII, and who has served upon the Indian establishment as a general officer, shall be eligible on retirement to receive the Indian Army pension due to the rank he held while upon the Indian establishment.

An officer of the Royal Engineers who has the necessary service shall also be eligible for Indian invalid pension under the conditions applicable to the officers of the Indian Army.

VIII. The following will reckon as service for Indian pension:—

(a) Service on the British establishment not exceeding three years, provided that such service has been rendered before the completion of fifteen years' total service.

(b) All service in India—which need not be continuous—from the date of first arrival in India, except service in India on exchange with a continuous service officer under regulations in force previous to the date of these rules.

(c) Time spent on leave, provided the officer is still borne on the Indian establishment, except in the case of an officer under the furlough regulations of 1868, whose leave will reckon as service only to the extent provided for in those rules.

(d) Time spent under the regulations in England under instruction at a school of Military Engineering, provided the officer is borne on the Indian Establishment.

(e) Time spent on duty out of India, provided the officer is borne on the Indian establishment, and provided that, if in "foreign service," as defined in the Civil Service Regulations, contribution for pension is duly paid, as laid down in those Regulations.

(f) Time spent by a continuous service officer on exchange out of India under

CONDITIONS OF SERVICE OF ROYAL ENGINEER OFFICERS IN INDIA—continued.

regulations in force previous to the date of these rules.

(g) Time spent on unemployed service on the half-pay list after completion of five years' service in the rank of Regimental Lieutenant-Colonel, or on vacation of appointment in a higher rank, provided in either case that the officer at the date of being placed upon the half-pay or unemployed list was borne upon the Indian establishment, and had completed 20 years' service for Indian pension.

FAMILY PENSIONS.

IX. An officer, during his Indian service, will be allowed, on payment of the required donations, to subscribe for the benefits of the

Indian Military Service Family Pension Regulations, and to continue to subscribe so long as he remains upon the Indian establishment.* On reversion to the Imperial establishment such an officer cannot continue a subscriber; but he will be entitled to receive back such portion of his contributions as may be in excess of the risk borne during the term of his membership. In the event of an officer retiring while subscribing, he may continue to subscribe, provided that he has not less than twenty years' service for Indian pension, reckoned as in Rule VIII, at the date of his retirement, or provided that he retires on an Indian invalid pension; or he may withdraw, receiving back such portion of his contributions as may be in excess of the risk borne during the term of his membership.

EXPLANATIONS AND DECISIONS IN REGARD TO THE NEW CONDITIONS OF SERVICE OF ROYAL ENGINEER OFFICERS IN INDIA.

I. The period of the first voyage to India counts as part of a tour of Indian service (Rule I), but does not reckon as service for Indian pension (Rule VIII (b)) :—

The period of the voyage from India on completion of a first tour of Indian service, and those of voyages to and from India on any subsequent tours, reckon as service for Indian pension, provided that during the periods in question the officer is borne upon the Indian establishment, and is paid from Indian revenues.

II. Service in civil employment under the Government of India, subsequent to an officer's retirement from the Army, will not qualify the officer for an increased rate of military pension.

III. An officer to whom an Indian increment of pension has been assigned, will be treated as regards commutation of pension as an officer of the Indian Army, and may be permitted to commute, under Indian regulations, a portion of his total military pension.

IV. Officers of the Royal Engineers upon the Indian establishment, continue to be eligible for widows' and families' pensions, &c., as laid down in the Royal Warrant for Pay and Promotion.

V. An officer of the Royal Engineers, to whom on retirement an Indian increment of pension has been assigned, continues to be eligible for widows' and families' pension, &c., as laid down in the Royal Warrant for Pay and Promotion.

VI. The sons of officers who have completed 20 years' service for Indian pension, reckoned as in Rule VIII, will be eligible for King's India Cadetships, and Honorary King's India Cadetships, on the same footing as sons of officers of the Indian Army.

VII. Officers who have completed 20 years' service for Indian pension, reckoned as in Rule VIII, will be eligible for Indian good service pensions.

* Officers must make their election within three months of the date of their arrival in India, furnishing a satisfactory medical certificate of health. The donation payable on joining will be at the special rate applicable for continuous service officers; subscriptions commence from the date of electing to subscribe. For rules, see page 353.

From the date on which officers of Royal Engineers become eligible for Indian good service pensions they cease to be eligible for the British rewards; but on reversion to the Imperial Establishment they will again become eligible for the latter and cease to be eligible for the Indian pension. An officer to whom a good service pension has been awarded will not be required to vacate that pension by reason of transfer from the establishment he was upon when granted the pension.

VIII. A non-continuous Indian service officer of the Royal Engineers who was eligible before 1st January, 1904, to take leave under the leave rules of 1886 for the Indian Army, as laid down in the note to Article 739 (b), Army Regulations, India, Volume I, Part I, shall continue to be so eligible.

IX. With reference to Rule VIII (g), the Secretary of State for India has decided that time passed by Royal Engineer officers on half-pay when on the British Establishment will not reckon in their total service for calculation of Indian pension.

X. Majors of Royal Engineers who have elected for continuous Indian service, are not liable to compulsory retirement on account of age, unless they should revert to the Home Establishment, in which case they will come under the conditions of the R.W. for the time being in force.

XI. Where the following terms occur—

- (1) Indian pension,
- (2) Indian service for pension,
- (3) Indian Army pension,
- (4) Staff Corps pension,
- (5) Pension allowed by the Staff Corps rules,

the reference is to the scale of retiring pensions laid down in India Army Order No. 73, dated 7th February, 1910 (see page 335).

INDIAN MEDICAL SERVICE.

REGULATIONS FOR THE EXAMINATION OF CANDIDATES FOR ADMISSION TO HIS MAJESTY'S INDIAN MEDICAL SERVICE.

1. The regulations are those in force at the present time. They are subject to any alterations that may be determined on.

2. Candidates must be natural-born subjects of His Majesty, of European or East Indian descent, of sound bodily health, and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold commissions in the Indian Medical Service. They may be married or unmarried. They must possess, under the Medical Acts in force at the time of their appointment, a qualification registrable in Great Britain and Ireland. No candidate will be permitted to compete more than three times. Candidates for the January examination in each year must be between 21 and 28 years of age on the 1st February in that year, and candidates for the July examination must be between 21 and 28 years of age on the 1st August.

3. They must subscribe and send in to the Military Secretary, India Office, Westminster, so as to reach that address by the date fixed in the advertisement of the examination, a declaration in the prescribed form.

4. This declaration must be accompanied by the following documents:—

a. *Proof of age*, either by Registrar General's certificate, or, where such certificate is unattainable, by the candidate's own statutory declaration, forms for which can be obtained at the India Office, supported, if required by the Secretary of State, by such evidence as he may consider satisfactory. A certificate of baptism which does not afford proof of age will be useless.

[N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality issued under G.C.O. No. 477, dated 22nd May, 1903, Military (Medical) Department. (See page 245.) A Candidate of East Indian descent, not born in British India, will be required to produce a certificate of age and nationality from the Government of the country in which he was born, showing (as in the case of Native candidates not born in His Majesty's Dominions, see page 245), that he is the son or grandson of a person born in British India.]

b. A recommendation and certificate of moral character from two responsible persons—not members of the candidate's own family—to the effect that he is of regular and steady habits and likely in every respect to prove creditable to the service if admitted.

c. A certificate of having attended a course of instruction for not less than three months at an ophthalmic hospital, or the ophthalmic department of a general hospital, which course shall include instruction in the errors of refraction.

d. Some evidence of having obtained a registrable qualification.

e. Any European educated in India and any Native of that country, whether born in India or not, and whether he has received his medical education in India or not, will be required to produce a certificate signed by the Director-General, Indian Medical Service, that he is a suitable person to hold a commission in the Indian Medical Service. A candidate should apply to the Director-General, Indian Medical Service, for the necessary certificate at least three months before the date on which the declaration of candidature is to be submitted under Rule 3.

5. The Secretary of State for India reserves the right of deciding whether any candidate may be allowed to compete for a commission in His Majesty's Indian Medical Service.

PHYSICAL EXAMINATION.

6. The physical fitness of each candidate will be determined by a Board* of Medical Officers, who are required to certify that his vision is sufficiently good to enable him to pass the tests laid down by the regulations.

Every candidate must also be free from all organic disease, and from constitutional weakness, or other disability likely to unfit him for military service in India. More detailed regulations as to the physical requirements will be found on pages 254-256.

7. Candidates who pass the physical examination will be required to pay a fee of £1 before being permitted to compete.

SUBJECTS FOR EXAMINATION.

8. On proving possession of the foregoing qualifications, the candidate will be examined by the Examining Board in the following subjects, and the highest number of marks obtainable will be distributed as follows:—

(1) Medicine, including Therapeutics	1,200 Marks.
(2) Surgery, including diseases of the eye	1,200 "
(3) Applied Anatomy and Physiology	600 "
(4) Pathology and Bacteriology	900 "

INDIAN MEDICAL SERVICE—continued.

(5) Midwifery and Diseases of Women and Children ... 600 Marks.

(6) Materia Medica, Pharmacology and Toxicology ... 600 "

N.B.—The Examination in Medicine and Surgery will be in part practical, and will include operations on the dead body, the application of surgical apparatus, and the examination of medical and surgical patients at the bedside.

No syllabus is issued in the subjects of the examination, but it will be conducted so as to test the general knowledge of the candidate in all subjects.

No candidate shall be considered eligible who shall not have obtained at least *one-third* of the marks obtainable in each of the above subjects and *one-half* of the aggregate marks for all the subjects.

COURSE OF INSTRUCTION.

9. Having gained a place at the entrance examination, the successful candidates will be commissioned as Lieutenants on probation, and will be granted about a month's leave. They will then be required to attend two successive courses of two months each at the Royal Army Medical College, and at Aldershot respectively.

The course at the Royal Army Medical College will be in:—

- (1.) Hygiene.
- (2.) Military and Tropical Medicine.
- (3.) Military Surgery.
- (4.) Pathology of diseases and injuries incidental to Military and Tropical Service.

The course at Aldershot will include instruction in:—

- (1.) Internal Economy.
- (2.) Army Service Corps Subjects.
- (3.) Hospital Administration.
- (4.) Stretcher and Ambulance Drill.
- (5.) Equitation.
- (6.) Map reading.

At the end of each course they will be examined in the subjects taught, and in order to qualify each Lieutenant on probation must obtain 50 per cent. of the total maximum marks. A Lieutenant on probation who fails to qualify in either of these examinations will be liable to removal from the service, but may be allowed to undergo both courses again, if specially recommended, and should he then qualify in both he will be placed at the bottom of the list and his commission post-dated. Should he again fail in either examination his commission will not be confirmed. A Lieutenant on probation specially allowed a second trial will receive no pay in the interval between the first and second periods of instruction.

A Lieutenant on probation who is prevented by sickness from attending the examinations at the conclusion of the courses of instruction may be permitted to go through them again or be

granted a special examination. His pay when granted sick leave is governed by paragraph 12.

10. The rank of Lieutenant on probation will have effect from the date on which the result of the entrance examination is announced, and the rank of Lieutenant will not be confirmed until the final examination held at the conclusion of the period of instruction has been passed.

PAY AND UNIFORM WHILE IN THIS COUNTRY.

11. Lieutenants on probation will receive an allowance of 14s. per diem (except under the provisions of paragraphs 12 and 14); and during the period of instruction they will be provided with quarters, or, when quarters are not provided, with the usual allowances of a subaltern in lieu thereof, to cover all costs of maintenance. They will be required to provide themselves with uniform, and a detailed list of the articles of uniform required will be sent to each successful candidate.

SICK LEAVE PAY.

12. A Lieutenant on probation who is granted sick leave before the completion of his course of instruction and final admission to the service will receive pay at the rate of 10s. 6d. a day for the period of his sick leave. (See also paragraph 4 of the Regulations on page 339.)

13. Candidates will be required to conform to such rules of discipline as may from time to time be laid down.

HOSPITAL APPOINTMENTS, &c.

14. A Lieutenant who, within a reasonable period before the date at which he would otherwise sail for India, furnishes proof of his election to a Resident Appointment or to a preliminary appointment leading in due course to a Resident Appointment at a recognised civil hospital,* may be seconded for a period not exceeding one year from the date on which he takes up such appointment, provided that he joins it within three months of passing his final examination, and that he holds himself in readiness to sail for India within fourteen days of the termination of the appointment. While seconded, he will receive no pay from Indian funds, but his service towards promotion, increase of pay, and pension, will reckon from the date borne on his commission. No officer can be seconded until he has passed his final examination.

In special cases permission may be granted to Lieutenants to delay their departure for India, in order to sit for some further professional examination. Lieutenants remaining in England under such circumstances will receive no pay for any period beyond two months from the date of the termination of the course of instruction, unless the period elapsing before the day on which the majority of the Lieutenants of the same seniority sail to India exceeds two months, in which case Lieutenants allowed to remain in England will receive pay up to that day. In such cases pay

INDIAN MEDICAL SERVICE—continued.

will re-commence on the day of embarkation for India.

All the provisions of this clause are subject to the general exigencies of the Service.

15. Before the commission of a Lieutenant on probation is confirmed, he must be registered under the Medical Acts in force at the time of his appointment.

POSITION ON LIST.

16. Officers appointed to the Indian Medical Service will be placed on one list, their position on it being determined by the combined results of the preliminary and final examinations. They will be liable for military employment in any part of India, but with a view to future transfers to civil employment, they will stand posted to one of the following civil areas:—(1) Madras and Burma; (2) Bombay, with Aden; (3) Upper Provinces, *i.e.*, United Provinces, Punjab, and Central Provinces; (4) Lower Provinces, *i.e.*, Bengal, Bihar and Orissa and Assam.

The allocation of officers to these areas of employment will be determined upon a consideration of all the circumstances, including as far as possible the candidate's own wishes.

For information regarding pay, promotion, &c., see pages 339-342.

Officers transferred to civil employment, though ordinarily employed within the area to which they may have been assigned, will remain liable to employment elsewhere according to the exigencies of the Service.

17. A successful candidate, who has been specially employed in consequence of a national emergency, either as an officer, or in a position usually filled by an officer, will be allowed, under certain circumstances, to reckon such service towards pension.

INDIA OFFICE,
May, 1912.

Examinations for admission to the Service are held twice in the year, usually in January and July.

N.B.—The exact date of the next examination and the number of appointments will be notified in the newspapers in due course.

Candidates may be supplied, on application, with copies of the papers set at previous examinations.

CERTIFICATES OF AGE AND NATIONALITY REQUIRED BY NATIVES OF INDIA.

MEDICAL DEPARTMENT.

No. 477.—The Governor-General in Council is pleased to publish the following rules under which certificates of age and nationality will be issued to natives of India who are candidates for the examinations for the Indian Medical Service held in England:—

GENERAL RULES APPLICABLE TO ALL CANDIDATES.

I. A candidate for admission to compete in England for the Indian Medical Service is required before leaving India to obtain a certificate of age and nationality, signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division, within which his family resides; or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

NOTE.—In the case of a candidate who has proceeded to England without obtaining a certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and, when making the application, states when the candidate went to England, and where he has been residing during his stay in that country.

II. In order to obtain a certificate, a candidate is required, if resident in British India, to prove the date and place of his birth before the

Magistrate of the district in which his family resides, or, if resident in a Native State, before the Political Officer of the State in which his family resides.

III. A candidate must, if resident in British India, signify to the Secretary to Government of the Province or the Commissioner of the Division in which his family resides, his desire to compete not less than three months before the date on which he proposes to go to England. If resident within a Native State, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides.

The officer to whom the application is made shall forward it for the purpose of enquiry to the Magistrate of the district or Political Officer of the State in which the applicant's family resides.

IV. The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth, and of his nationality within one month. He will carefully examine into the value of the evidence given, and forward a summary of it with certified copies of all documents tendered, and his comments and opinion, to the officer who forwarded the application to him for enquiry.

INDIAN MEDICAL SERVICE—continued.

V. The documentary evidence which a candidate may be expected to produce comprises—

- a. The horoscope.
- b. Family books.
- c. Tradesmen's account books showing entries relating to the birth.
- d. The record of admission in the registers of the school in which the candidate was educated, and the record of the candidate's age at various periodical school examinations.
- e. If the candidate is matriculated, a certified copy of his application to the Registrar.

Oral testimony of persons acquainted with the candidate's family or otherwise able to give relevant evidence, will also be taken; and the candidate is required to comply to the best of his power with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI. Any declaration of age made after the application of these rules on the occasion of seeking admission to any university examination, educational institution, or Government office, or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

RULES TO APPLY TO CANDIDATES BORN IN HIS MAJESTY'S DOMINIONS.

VII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, he will issue a certificate declaring that the candidate has submitted the proofs of his birth to the Magistrate of the district or the Political Officer of the State, as the case may be, and has satisfied him that he was actually born on or about the dates stated by him, *viz.*, the _____ day of _____, at _____, a place within His Majesty's Dominions. The nature of the evidence produced by the candidate must be stated in the certificate, which shall be given in the following form:—

I hereby certify that _____, who is a candidate for the Indian Medical Service, has submitted the proofs of his birth detailed below, and has satisfactorily shown that he was actually born on or about the date stated, *viz.*, the _____ day of _____, at _____, a place within His Majesty's Dominions.
(Here enter Details.)

VIII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, finds reasons to disbelieve that the candidate was born on the day or at the place asserted by him, the certificate will be refused, and the candidate will be unable to obtain admission to the competitive examination for the Indian Medical Service.

IX. Where the date and place of the birth have been formally registered in a register kept by any public officer in British India, an extract from the register, duly certified by the proper official, shall be accepted as sufficient proof of the date and place of the birth.

RULES TO APPLY TO CANDIDATES NOT BORN IN HIS MAJESTY'S DOMINIONS.

X. In addition to the particulars required by Rule II., a candidate not born in his Majesty's Dominions must also prove that he is the son or grandson of a person born in those dominions.

XI. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, and has established the fact that, though born without the limits of His Majesty's Dominions, he is the son or grandson of a person born in those dominions, he will issue a certificate in the following form, stating the nature of the evidence produced regarding the candidate's birth:—

I hereby certify that _____, who is a candidate for the Indian Medical Service, has submitted the proofs of his birth detailed below and has satisfactorily shown that he was actually born on or about the date stated, *viz.*, the _____ day of _____, at _____, a place without His Majesty's Dominions, but that he is the _____ son _____ grandson of a person born in those Dominions.

(Here enter Details.)

XII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, finds reason to doubt that the candidate was born on the day asserted by him, or that he is the son or grandson of a person born in his Majesty's Dominions, the certificate will be refused, and the candidate will be unable to obtain admission to the competitive examination for the Indian Medical Service.

QUEEN ALEXANDRA'S MILITARY NURSING SERVICE FOR INDIA.

Conditions of Appointment, &c.

Applications for admission to the Service, if made in England, should be addressed to the Under Secretary of State, India Office, St. James's Park, London, S.W. ; if made in India, to the Director of Medical Services.

1. The Nursing Establishment is for duty with British officers and soldiers, and at present consists of :—

4 Lady Superintendents.

16 Senior Nursing Sisters.

71 Nursing Sisters.

The numbers in these grades are subject to alteration.

Note.—The term "lady nurse" as used in the following paragraphs includes all three grades.

2. Nursing Sisters at the time of appointment must be over 27 and under 32 years of age. Candidates for the Service must have had at least three years' preliminary training and service combined in the wards of a British general hospital or hospitals of not less than 100 beds in which adult male patients receive medical and surgical treatment, and in which a staff of Nursing Sisters is maintained. Three years' training in the wards of a Colonial hospital, followed by one year in the wards of a general hospital in the United Kingdom, will be accepted as an equivalent qualification, provided that both hospitals fulfil the foregoing requirements. Candidates must satisfy the Nursing Board at the India Office (or such persons in India as may be selected for the purpose), in a personal interview, as to their general suitability, and

when selected for appointment they must be certified by a Military Medical Board to be physically fit for service in India.

3. On production of evidence of qualification under the above conditions an application for admission to the register of candidates may be accepted. But no application is likely to be favourably considered until the candidate produces evidence of capacity for hospital management acquired by experience in some hospital appointment or appointments of responsibility. Employment in private nursing is not by itself considered sufficient test of such capacity.

4. The duration of a term of service, for all grades of lady nurses, is five years. A lady nurse who has been pronounced by a Medical Board to be physically fit for further service in India, may be permitted to re-engage for a second and third term at the option of the Government, and again for a fourth term, or until the age for compulsory retirement, if in all respects efficient and if specially recommended by the Commander-in-Chief in India. But a lady nurse will not under any circumstances be permitted to remain in the service in the grade of Lady Superintendent beyond the age of 55 years, or in either of the other grades beyond the age of 50 years.

QUEEN ALEXANDRA'S MILITARY NURSING SERVICE FOR INDIA—continued.

5. The engagement is terminable at any time by six months' notice on either side from the date of receipt (but see paras. 11 and 12). But the Government of India may dispense with the services of a lady nurse at once and grant her a gratuity not exceeding six months' pay.

6. Nursing Sisters are recommended, before proceeding to India, to be inoculated against enteric fever. The necessary treatment can be obtained either at the Royal Army Medical College, Millbank, or from a private practitioner, who should be instructed to obtain the inoculation fluid with directions for use (prepared at the St. Mary's Pathological Laboratories, Paddington, W.) from Messrs. Parke, Davis & Co., 50-54, Beak Street, Regent Street, London, W., price 10s. 6d. It is desirable to be inoculated at least four weeks before embarkation.

Rates of Pay.*

(In addition to free quarters, fuel, light, and punkah-pullers.)

	Rs.
7. Lady Superintendent ...	300 per mensem
Senior Nursing Sister over five years in grade ...	225 "
Senior Nursing Sister under five years in grade ...	200 "
Nursing Sister over five years in grade ...	200 "
Nursing Sister under five years in grade ...	175 "

Pay commences from the date of leaving England for India, and is continued up to the date of landing in England at the end of the first or a further term of service.

Allowances for Outfit, Uniform, &c.

8. An outfit allowance on appointment is made at the rate of £15 for each Nursing Sister.

A local allowance of Rs. 50 per mensem is authorised for the Senior Lady Superintendent (as defined at the end of para. 20).

An allowance of Rs. 60 for the provision of uniform is authorised for every Senior Nursing Sister and Nursing Sister at the end of each completed year of service; and a grant-in-aid for the provision and maintenance of mess property is made at the rate of Rs. 50 for each lady nurse on appointment and Rs. 12 annually afterwards.

Passage.

9. Lady nurses must be prepared to embark, if necessary, not later than 30 days from date of appointment.

10. Passage at the public expense is granted to a lady nurse when proceeding to India on appointment; and also when returning home (to England or to any British Colony in which she may be domiciled) on completion of a term of service, whether on leave (under paragraph 13) or on retirement, or if invalidated home before the completion of a term, provided that she avails herself of it within one year of the completion of her term, or of the orders permitting her retirement. She is entitled to take 12 cwt. of baggage. She is also entitled to travelling expenses on the above occasions from her place

of residence to port of embarkation, and from port of disembarkation in India to destination in that country and *vice versa*.

Claims for conveyance of baggage must be supported by vouchers. Agency and dock charges are inadmissible.

11. A lady nurse who resigns (except on account of ill-health), with less than five years' Indian service, will forthwith refund the sum of £20 in respect of her passage out (or £30 if she have failed to give the notice required by para. 5), and will not be entitled to a passage home.

12. A lady nurse who, having completed a term of service, has re-engaged and availed herself of leave out of India, will be subject to the same penalties if she resigns (except owing to ill-health) before completing the term of her engagement. If, however, she has not availed herself of leave out of India on re-engagement, she is subject to no penalty on resignation, except a fine of £10 if she fails to give six months' notice; and, whether she gives notice or not, she will receive free passage home.

Leave.

13. After engagement for a second, third, or fourth term of service, a lady nurse may be granted not more than one year's leave from duty, on two-thirds pay, with free passage by sea and land from her station to her home and back again. Such period will not reckon as service in any way.

Such leave may be extended on medical certificate for a period not exceeding one year, on two-thirds pay, provided that, in the opinion of the India Office Medical Board, there is a reasonable prospect of her return to duty. Such extensions of leave will not reckon as service.

14. Special leave out of India, without pay, may also be granted, subject to the exigencies of the service.

15. Leave on medical certificate, either in or out of India, may be granted within the period of each term of service to a lady nurse up to a maximum of twelve months in any one five years' term of service, and six months only in every other term. During such leave, which will reckon as service towards engagement and pension, she will receive two-thirds of the salary of her grade. These periods of six months leave may be extended on the recommendation of a Medical Board for a further period not exceeding six months, on the condition that the period of extension shall not be reckoned as part of the five years' term of engagement, but shall be reckoned as part of the one year's leave referred to in para. 13 on completion of a term of five years' service, should the lady nurse eventually become entitled to such leave.

16. If leave is taken in Europe, or in a British Colony in which the lady nurse is domiciled, free passage by sea and land is granted from her station to her home and back again.

17. Short leave and privilege leave may be granted at the discretion of the local authorities and as circumstances may admit.

* For the present sterling equivalents of the rates specified, see page 258.

APPOINTMENTS TO THE INDIAN SERVICES.

QUEEN ALEXANDRA'S MILITARY NURSING SERVICE FOR INDIA—continued.

Gratuities.

18. The following gratuities are payable to lady nurses on leaving the Service in the circumstances specified :—

	Nursing Sister.	Senior Nursing Sister.	Lady Superintendent.
For a completed term of five years	Rs. 500	As Nursing Sister, with Rs. 70 additional for each complete year's service as Senior Nursing Sister.	As Nursing Sister, with Rs. 70 additional for each complete year's service as Senior Nursing Sister, and Rs. 140 additional for each complete year's service as Lady Superintendent.
For a completed term of ten years	1,500	As Nursing Sister, with Rs. 125 additional for each complete year's service as Senior Nursing Sister.	As Nursing Sister, with Rs. 125 additional for each complete year's service as Senior Nursing Sister, and Rs. 250 additional for each complete year's service as Lady Superintendent.
If compelled by sickness to leave India before completion of a five years' term, for each complete year's service ...	75	Rs. 100	Rs. 200
If compelled by sickness to leave India after completion of a first term of five years' service, but before completion of a second, for each complete year of the second term, and in addition to the gratuity for the completed term of five years as shown above (but see para. 22 below) ...	100	120	240

19. No gratuity is given for service terminated by any other cause than sickness or the completion of a term of 5 or 10 years' service (but see para. 5).

Pensions.

20. The scale of pensions is as follows :—

	Nursing Sister, per annum.	Senior Nursing Sister, per annum.	Lady Superintendent, per annum.
After 15 years' service	£ 50	£ 80	£ 120
If invalided, or retired on account of age :—			
After 16 years' service ...	52	84	124
" 17 " " ...	54	88	128
" 18 " " ...	56	92	132
" 19 " " ...	58	96	136
After 20 years' service ...	60	100	140

An addition of £10 is made to the pension of the Senior Lady Superintendent, i.e., the lady who at the time of retirement is drawing the local allowance admissible to the Lady Superintendent who is the recognised adviser of the Director, Medical Services, in India in matters affecting the interior economy and welfare of the Nursing Service.

21. A lady nurse compelled by ill-health to retire after more than 10, but less than 15 years' service, will be granted such rate of pension, below that fixed for 15 years' service, as may be determined by the Secretary of State for India in Council on the recommendation of the Government of India.

22. A lady nurse compelled by ill-health to retire after more than 5 but less than 10 years' service, when her disability has been caused or aggravated by Indian conditions of service, and is of such a nature as to incapacitate her from resuming the practice of her profession in a temperate climate, will be granted, instead of a gratuity under para. 18, such rate of pension as may be determined by the Secretary of State for India in Council on the recommendation of the Government of India.

23. If paid in India, these pensions are payable in Indian currency at the rate of Rs. 15 to the £1 sterling.

INDIA OFFICE,

December, 1912.

ROYAL INDIAN MARINE.

Officers.

All first appointments of executive officers in the Royal Indian Marine are made by the Secretary of State for India.

The limits of age for appointment to the junior executive rank, that of Sub-Lieutenant, are 17 and 22 years, and no candidate will be appointed who does not possess the full ordinary Board of Trade certificate of a Second Mate; certificates for foreign-going steamships will not be accepted.

An application for appointment must be made on the prescribed form, which can be procured from the India Office, and must be accompanied by the candidate's Board of Trade certificate, and by certificates of his birth and character in original, which will be returned after being noted. It will be recorded, but will not be submitted for the orders of the Secretary of State until a vacancy occurs.

The names of candidates are removed from the list on their attaining the age of 22 years.

The selection of candidates is not affected by absence from England, but a candidate who has been selected will be required to report himself to the Military Secretary, India Office, London, S.W., or to the Director, Royal

Indian Marine, Bombay, before the expiry of six calendar months from the date of the letter notifying his selection.

A selected candidate will not be appointed to the service unless a Medical Board* certifies his fitness for service in India.

On appointment a first-class passage to Bombay will be provided, and, if required, an advance of pay not exceeding £25, recoverable in India, will be made in aid of outfit.

Pay commences from the date of embarkation for India.

An officer's service for pension reckons from the date of joining his ship or appointment, if he is 19 years of age or over; otherwise from the date of attaining that age.

As a condition of appointment officers are required, from the date of arrival in India, to subscribe for the benefits of family pensions under the Indian Military Service Family Pension Regulations.

Applications for appointment or for further information should be addressed to the Military Secretary, India Office, London, S.W.

For conditions of appointment of Engineers, see page 251.

PAY AND ALLOWANCES.

The present establishment of officers of the Royal Indian Marine and their allowances† are as follows :—

	Per mensem.
On pay ranging from Rs. 350 to Rs. 500, in addition to staff or command pay.	
32 Commanders ...	On Rs. 300.
Lieutenants on completing eight years' seniority ...	On Rs. 250.
Lieutenants on completing six years' seniority ...	On Rs. 200.
Lieutenants on completing three years' seniority ...	On Rs. 150.
Lieutenants under three years' seniority ...	On Rs. 125.
Sub-Lieutenants	On Rs. 100.

Total - 104.

In addition, 3 Commanders and 8 Lieutenants are at present employed in the Marine Survey of India.

Note.—A Sub-Lieutenant, after completing two years' service and obtaining certificates of good character, receives Rs. 125 per mensem, and on completing four years' service from date of entry, he is promoted to Lieutenant provided he has obtained the necessary certificates and conducted himself satisfactorily.

* In general, the selected candidate will be examined by the Medical Board of the India Office, but arrangements can be made, if desired, for the medical examination to be held in India if the candidate at the time of selection is in Indian waters, or if his homeward route would be via India.

† For the present sterling equivalents of the rates specified see page 258.

The above establishment is subject to such increase or decrease in any grades as may be required by any addition to, or reduction of, the vessels of the Royal Indian Marine.

Engineers.

A candidate must not be less than 21 nor more than 25 years of age.

His application, which should be made on a form which can be obtained from the India Office, must be accompanied by the following:—

- A Board of Trade certificate of competency as 1st or 2nd class Engineer, or its equivalent from a Colony or one of the Local Government Boards in India;*
- Satisfactory testimonials, from past and present employers, as to ability and character.
- A continuous statement of his service and experience up to the date of application.

The application will be recorded and will be considered along with those of the other candidates whenever a vacancy occurs. The applicant's name will be removed from the list of candidates when he attains the age of 25.

Selection for an appointment is provisional only in the first instance, and will not be confirmed unless the selected candidate satisfies a medical board as to his constitutional fitness for service in India.

If he is confirmed in his appointment he will be required to enter into articles of agreement, and to provide himself with the uniform of his rank in the Service. An advance of pay, of £20, recoverable from his pay in India, will be made to him in aid of outfit. Pay will begin from the date of signing Articles of Agreement in this country, and a second-class passage to Bombay will be provided.

He will be required to subscribe, from date of his arrival in India, for the benefit of family pension, under the Indian Military Service Family Pension Regulations.

The Director of the Royal Indian Marine is authorised to detail officers of the Engineer Establishment of the Indian Marine for temporary

service on other duties whenever he considers it necessary to do so.

Service may be terminated, either by the Government or the officer, on giving six calendar months' notice.

PAY AND ALLOWANCES.

When in charge of engines under 500 indicated h.p., or of ships in reserve or out of commission, or of the Yard Craft Establishment, Kidderpore Dockyard 1 0

When in charge of Yard Craft Establishment, Bombay Dockyard, or of Viceroy's Yacht Establishment ... 100 0

The above - mentioned allowances will be drawn by the Engineer permanently appointed to the charge of the engines, and it will be continued to him during privilege leave, or when detached by competent authority on any temporary duty not exceeding 28 days when no deputation or other allowances are drawn, and also during absence from duty in sick quarters for any period not exceeding 42 days. In such cases no allowance is admissible to the Engineer appointed to the temporary charge of the engines.

Under similar conditions Second Engineers receive the following allowances:—

	Per diem.
Second Engineers of the "Hardinge," "Northbrook" and "Dufferin" ...	Rs. 2
Second Engineers of vessels whose indicated horse-power is greater than 2,500 and less than 5,000 ...	1

Officers of the Engineer Establishment drawing charge allowance under the foregoing rules also draw rations, or compensation in lieu, under existing rules.

Shore Appointments.

The following shore appointments are usually reserved for Engineer Officers of the Royal Indian Marine:—

Appointment.	Pay.
Inspector of Machinery, Bombay Dockyard ...	Rs. 400 per mensem (in addition to pay of grade).
Inspector of Machinery, Kidderpore Dockyard...	Rs. 350 per mensem (ditto).
Superintending Engineer, Mandalay	*Rs. 100 per mensem, plus Rs. 4 per diem, shore allowance (ditto).
Engineer in charge of Factory, Bombay Dockyard.	Rs. 175 per mensem (ditto).
Engineer in charge of Factory, Kidderpore Dockyard.	Rs. 175 per mensem (ditto).
Engineer for Superintending work on Ships, Bombay Dockyard.	Rs. 175 per mensem (ditto).
First Engineer and Shipwright Surveyor, Bombay.	†Rs. 500—50—600 per mensem (consolidated allowance).
Second Engineer and Shipwright Surveyor, Bombay.	†Rs. 450—50—550 per mensem (ditto).
Engineer and Shipwright Surveyor and Superintending Engineer, Bengal.	Rs. 575 per mensem (ditto).
Second Engineer and Shipwright Surveyor, Bengal.	Rs. 650 per mensem (ditto).
Third Engineer and Shipwright Surveyor, Bengal.	Rs. 575 per mensem (ditto).
Engineer and Shipwright Surveyor and Superintending Engineer to Government of Burma.	*†Rs. 600 per mensem (ditto).
Assistant to Superintending Engineer to Government of Burma.	*Rs. 500 per mensem (ditto).
Engineer and Harbour Master, Port Blair ...	Rs. 425 per mensem, plus Rs. 100 a month local allowance (ditto).

* Plus Rs. 100 a month Burma allowance.

† Plus Rs. 100 a month for duties outside the Department.

ROYAL INDIAN MARINE—continued.

PROMOTION.

On completing the sea time required by the Board of Trade, Assistant Engineers of the Royal Indian Marine will obtain the permission of their commanding officers to present themselves for examination, and will report the result thereof to them for the information of the Director of the Royal Indian Marine. If an Assistant Engineer fails to present himself for examination within 12 months after completing the necessary sea service, and is unable to furnish a satisfactory explanation, or if he attains the age of 27 years without obtaining a Board of Trade certificate of competency as a 1st-class Engineer, a report on his case will be submitted to the Government of India, in order that it may be considered whether his further retention in the service is desirable. Failure on a second trial to obtain a certificate as 1st-class Engineer will involve a loss of three months' seniority; and should an Assistant Engineer fail a third time his case will be submitted for the orders of the Government of India.

BENGAL COVENANTED PILOT SERVICE.

APPOINTMENTS BY THE SECRETARY OF STATE FOR INDIA.

Conditions of Admission.—Appointments to the Bengal Pilot Service are made by the Secretary of State for India and by the Government of Bengal; the latter appointments are limited to Anglo-Indians and Eurasians, and are made under separate regulations. In the case of appointments made by the Secretary of State, preference will be given, *ceteris paribus*, to candidates who have passed through one of the training ships "Worcester" and "Conway."

Candidates for the Secretary of State's appointments must not be less than 18 and not more than 22 years of age. They must produce a Board of Trade or Colonial Certificate of Competency as a Second Mate, or any higher grade, for a foreign-going ship, and evidence of having served at sea not less than two years in a square-rigged sailing vessel of over 300 tons.

Every candidate must produce satisfactory evidence as to age and character, and selected candidates are required to appear before the Medical Board at the India Office for examination as to their physical fitness for the work of a Pilot in a tropical climate.

Regulations.—A selected candidate, if passed by the Medical Board, will receive a second-class passage to Calcutta, and an allowance of £20

from the Board of Trade or from a Colony, or from one of the Local Government Boards in India,* remain in the grade of Assistant Engineer for three years of approved service after obtaining certificates of competency as 1st-class Engineers before they become entitled to promotion to the grade of Engineer.

Assistant Engineers joining with a 1st-class certificate of competency, either from the Board of Trade or from a Colony, or from one of the Local Government Boards in India,* are entitled to promotion to the grade of Engineer after three years' approved service.

The Government of India reserve the right which they have always exercised of admitting officers from other services or departments to any class of the establishment, or of making promotions on public grounds irrespective of seniority.

Promotions to the grade of Chief Engineer will be made wholly by selection by the Government of India, on the recommendation of the Director of the Royal Indian Marine. Chief Engineers become eligible for promotion by selection to vacancies in the Rs. 400 grade only after 20 years' service in all, or 5 years service as Chief Engineer.

for outfit. If he resigns or leaves the service before he has served five years he will be required to refund the cost of his passage to India and the outfit allowance, unless his resignation is due to ill-health certified in the manner prescribed by the Government of India. He will have to give an undertaking with two sureties for such refund. A Leadsman Apprentice on arriving at Calcutta will report himself to the Port Officer, and will receive Rs. 107 a month from the date of his arrival, to enable him to support himself in Calcutta and to pay his mess money when on board the pilot brigs.

A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of Bengal may from time to time prescribe.

The rates of pay and allowances of Leadsman Apprentices while on duty are as follows, without exchange compensation allowance:—

When on the running list:—

		Rs.	
Junior Leads-	men ...	107 a month	† Plus 50 per cent. of the lead money collected from the ships on which they do duty.
Second Mate	Leadsman ...	135 a month	
First Mate	Leadsman ...	160 a month	

* The certificates referred to are those equivalent to the Board of Trade or Colonial certificates and do not include those known as "First-class Local Indian Home Trades Certificates."

† The percentage of the lead money collections payable to Leadsman Apprentices is liable to alteration at the discretion of the Government of Bengal.

BENGAL COVENANTED PILOT SERVICE—continued.

When employed as Chief and Second Officer:—

Chief Officers of pilot vessels ...	Rs. 160 a month	} Plus a mess allowance of Rs. 40 a month.
As Second Officers of pilot vessels ...	135 a month	

After five years' service as a Leadsman Apprentice he will be allowed to appear at an examination to qualify him for appointment as Mate Pilot, but if he shows exceptional ability, and has passed each previous examination on his first attempt, bears a very good character, and is otherwise well reported on, this period may, with the special sanction of Government, be reduced to 4½ years, when, if successful in the examination, he will be promoted to the grade of Mate Pilot on the occurrence of a vacancy. While remaining as a Leadsman Apprentice, after passing this examination, he will receive a salary of Rs. 175 a month.

After three years' service as Mate Pilot, he will be permitted to go up for an examination to qualify for appointment as Master Pilot, and, if successful, he will be promoted to that grade on the occurrence of a vacancy.

Vacancies which occur in the grade of Branch Pilot will be filled up by promotion, from the Master Pilots' grade, of men who have passed the Branch Pilots' examination.

Branch Pilots and Pilots who have passed the Branch Pilots' examination, on attaining the age of 40, will, while under 55 years of age, be examined at intervals of three years by the Marine Surgeon with respect to their eyesight and general physical fitness for the performance of their duties. All Pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

If the Local Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties

properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessel in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

Pilots are not entitled to any salary while on pilotage duty, but receive as their remuneration a share, at present 50 per cent., but liable to alteration at the discretion of the Government of Bengal, of the pilotage dues paid by ships piloted by them.

The Government of Bengal reserves to itself the right to require all Pilots to obtain a Home Trade Master Mariner's Certificate before they are promoted to be Senior Master Pilots.

Every member of the Pilot Service is subject to such rules as the Government of India, or as the Government of Bengal under the control of the Government of India, may from time to time respectively make in regard to discipline, leave, leave allowances, number of officers in the Service, distribution into grades, tonnage of ships to be allotted to the several grades, &c., and in all respects he is amenable to such orders as may be passed by the Government of Bengal, and is liable to degradation, suspension, and dismissal by the Government of Bengal for any breach of such rules or orders, or for misconduct.

The principal leave and pension rules at present in force are contained in Chapter XXXIII of the Civil Service Regulations, fifth edition, but it is to be understood that the rules are subject to alteration at the discretion of the Government of India. Pilots are required to contribute towards the cost of pensions for their widows and orphans. A summary of the rules can be obtained on application to the Under Secretary of State, India Office.

Regulations as to the PHYSICAL EXAMINATION of Candidates for Appointments under the Government of India.

NOTE.

These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

The Regulations for the Physical Examination of Candidates for the Indian Civil Service are made by the Civil Service Commissioners, to whom any inquiry should be addressed.

GENERAL PHYSICAL REQUIREMENTS.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

GENERAL PHYSICAL REQUIREMENTS—continued.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height with-out Shoes.	Chest.	
		Girth when Ex-panded.	Range of Ex-pansion.
18 to 19	Inches.	Inches.	Inches.

	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching

the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The regulations as to the standard of vision required are shown separately for each department.

REGULATIONS AS TO THE STANDARD OF VISION.

THE ECCLESIASTICAL, EDUCATION, GEOLOGICAL SURVEY, AGRICULTURAL, INDIAN FINANCE, CUSTOMS, CIVIL VETERINARY DEPARTMENTS, AND OTHER DEPARTMENTS NOT SPECIALLY PROVIDED FOR IN THE FOLLOWING PAGES:—

1. A candidate may be admitted into the Civil Services of the Government of India if ametropic in one or both eyes, provided that, with correcting lenses, the acuteness of vision be not less than $\frac{6}{6}$ in one eye and $\frac{6}{6}$ in the other; there being no morbid changes in the fundus of either eye.

2. Cases of myopia, however, with a posterior staphyloma, may be admitted into the service, provided the ametropia in either eye does not exceed 2½ D, and no active morbid changes of choroid or retina be present.

3. A candidate who has a defect of vision

arising from nebula of the cornea is disqualified if the sight of either eye be less than $\frac{6}{12}$; and in such a case the acuteness of vision in the better eye must equal $\frac{6}{6}$, with or without glasses.

4. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

THE DEPARTMENTS OF FOREST, SURVEY, TELEGRAPH, FACTORIES, AND FOR VARIOUS ARTIFICERS.*

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2½ D, and if with correcting glasses, not exceeding 2½ D, the acuteness of

vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed -2½ D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{6}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{6}$, with +4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{6}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case, the better eye must be emmetropic.

Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

PUBLIC WORKS DEPARTMENT AND SUPERIOR ESTABLISHMENTS, RAILWAY DEPARTMENT.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 3½ D, and if, with correcting glasses not exceeding 3½ D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3½ D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other $\frac{6}{6}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{6}$, with +4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not

exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$, and of the other $\frac{6}{6}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the Engineering Branch of the Railway Department, or as Assistant Superintendent in the Traffic Department. In all other cases a note as to any imperfection of colour sense will be made on the candidate's papers.

THE INDIAN MEDICAL SERVICE AND THE POLICE DEPARTMENT.

1. Squint, or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests, one for distant the other for near vision. The Army test types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet; and Snellen's Optotypi for the test for near vision, without glasses, at any distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to one of the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases, does not exceed the limits mentioned, viz.:—(a) in the case of myopia, that the error of refraction does not exceed 2½ D; (b) that any correction for astigmatism does not exceed 2½ D; and, in the case of myopic astigmatism, that the total error of refraction does not exceed 2½ D.

4. Subject to the foregoing conditions, the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows:—

Standard I.
Right Eye. Left Eye.
Distant vision.—V = 6/6. V = 6/6.
Near vision.—Reads 0, 6. Reads 0, 6.

Standard II.
Better Eye. Worse Eye.
Distant vision.—V = 6/6. V. without glasses, = not below 6/60; and after correction with glasses, = not below 6/24.
Near vision.—Reads 0, 6. Reads 1.

* Artificers engaged in map and plan drawing may be considered separately, and this standard relaxed if it appears to be desirable.

REGULATIONS AS TO STANDARD OF VISION—continued.

Standard III.

Better Eye. Distant vision.—V, without glasses, = not below 6/24; and after correction with glasses, = not below 6/6.

Worse Eye. V, without glasses, = not below 6/24; and after correction with glasses, = not below 6/12.

Near vision.—Reads 9, 8. Reads 1.

N.B.—In all other respects, candidates for these two branches of the service must come up to the standard of physical requirements laid down for candidates for commissions in the Army.

THE INDIAN PILOT SERVICE, AND CANDIDATES FOR APPOINTMENT AS GUARDS, ENGINE-DRIVERS, SIGNALMEN, AND POINTSMEN ON RAILWAYS.

1. A candidate is disqualified unless both eyes are emmetropic, his acuteness of vision and range of accommodation being perfect.
2. A candidate is disqualified by any imperfection of his colour sense.
3. Strabismus, or any defective action of the

exterior muscles of the eyeball, disqualifies a candidate for these branches of service.

THE INDIAN MARINE SERVICE, INCLUDING ENGINEERS AND FIREMEN.

1. A candidate is disqualified if he have an error of refraction in one or both eyes which is not neutralised by a concave or by a convex 1 D lens, or some lower power.
2. A candidate is disqualified by any imperfection of his colour sense.
3. Strabismus, or any defective action of the exterior muscles of the eyeball, disqualifies a candidate for this branch of service.

SPECIAL DUTY.

Candidates for special duty under Government must possess such an amount of acuteness of vision as will, without hindrance, enable them to perform the work of their office for the period their appointment may last. In all cases of imperfection of colour sense a note will be made on the candidate's paper.

Form of Medical Declaration to be filled up by Candidates.

FOR ALL APPOINTMENTS UNDER THE INDIAN GOVERNMENT A DECLARATION, AS FOLLOWS, IS REQUIRED FROM CANDIDATES:—

1. I, _____ declare upon honour that, to the best of my knowledge and belief, I am not at present suffering or affected with any form of disease or bodily infirmity, such as—

N.B.—A wilful mis-statement by a candidate will invalidate any subsequent appointment obtained.

Preliminary Examination of Candidates by the India Office Medical Board.*

Candidates for appointments referred to on pages 255-6 may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, at their own risk, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

* These rules do not apply to candidates for appointment to the Indian Civil Service (see note on page 254) and His Majesty's Indian Army (see the second footnote on page 236).

STERLING EQUIVALENTS.

N.B.—In calculating the sterling equivalents of rupee salaries drawn by Europeans appointed in England to permanent service in India, it is necessary to bear in mind that in some cases Exchange Compensation Allowance is drawn in addition to salary. This allowance is at present at the rate of 64 per cent. on the salary, subject to a maximum of Rs. 138.14.3 a month; but the rate is subject to alteration in the event of any material variation in the average rate of exchange between England and India.

The following table shows the approximate equivalent in sterling of the rupee salaries stated, (a) when Exchange Compensation Allowance is not granted, (b) when it is granted at the rate just mentioned:—

PART I.—PRELIMINARY.

CHAPTER I.—GENERAL SCOPE.

1. These Regulations are intended to define the conditions under which salaries, and leave, and pension, and other allowances are earned by service in the Civil Departments, and in what manner they are calculated. They do not deal otherwise than indirectly and incidentally with matters relating to recruitment, promotion, official duties, discipline, or the like.

Note.—[The pay and allowances (except travelling allowances), pension and leave of officers of the Royal Indian Marine holding shore appointments are governed by the Marine Regulations.]

4. The Government of India reserve to themselves the right of changing the rules in these Regulations regarding pay and acting allowance and leave and pension, from time to time at their discretion, and of interpreting their meaning in case of dispute.

An Officer's claim to pay and allowances is regulated by the rules in force at the time in respect of which the pay and allowances are earned; to leave by the rules in force at the time the leave is applied for and granted; and to pension by the rules in force at the time when the Officer resigns or is discharged from the service of Government.

Note 1.—[In all contracts for service in India to which the Secretary of State is a party provision is made for the exercise of these rights by the Government of India.]

Note 2.—[Extract from a Resolution (No. 4863, dated 4th Dec., 1891) by the Government of India relating to the rights reserved by Government in this Article:—

5. Unless there be something repugnant in the subject or context, the terms defined in this chapter are used in the Regulations in the sense here explained.

6. *Absentee* means an Officer absent from an appointment on which he has a lien, either on leave or on deputation to another appointment, whether permanent or temporary, or on special duty unconnected with his own appointment, or on joining time during transfer to another appointment, or under suspension.

7. *Accountant General* includes 'Comptroller General' and 'Comptroller.'

8. *Active Service* includes, besides time spent on duty in India—

- (i) Privilege Leave and Subsidiary Leave.
- (ii) Examination leave under Articles 279 and 280, provided that not more than twelve months of such leave can be so reckoned; and that leave under clauses (a) (ii) and (b) of Article 280 is not reckoned as active service, unless the Officer passes the examination for which the leave is granted. Leave under Article 281 also counts as active service, provided that the Officer successfully passes the examination for which the leave is granted.

(iii) Time spent on the voyage to India by an Officer who is recalled to duty before the

"The Government of India have always been careful to exercise the right of altering rules with due consideration for the rights of their servants. The ordinary course adopted to prevent hardship arising from any change of rule found necessary has been either to defer the introduction of the change for some time after its publication, or to give the Officers affected the right of choosing whether they shall come under the operation of the old or of the new rules. It has been decided that the right of altering rules must be maintained, that care should be taken, as in the past, to prevent the introduction of any new rules from operating harshly, but that the Local Governments, and the Government of India should not consider themselves precluded from recommending an exception in any case of individual hardship which may arise in spite of the precautions taken. If any case of apparent hardship arises, the local authorities should understand that, when the officer applies to retire, they are not precluded from examining into its merits and ascertaining whether, in their opinion, he has substantially suffered from the introduction of a rule not in force at the time he entered the service. If, after comparing the advantages secured to the officer by the altered rules with any disadvantages incidentally involved, they find that he has on the whole substantially suffered, the point may be taken into consideration in determining whether some compensation ought not to be granted in the particular instance."

CHAPTER II.—DEFINITIONS.

expiry of any recognised leave out of India, provided his return to duty is compulsory (see Article 199).

(iv) For purposes of pension, the period of absence from India of an Officer deputed or detained out of India on duty.

9. In the case of a Member of the Indian Civil Service, Active Service includes also—

- (i) The interval between the date of an Officer's first arrival in India, and the date on which he joins his first appointment.
- (ii) Time passed in India, out of employ, on Subsistence Allowance, but not on Furlough.

10. In the case of a Military Officer subject to the Civil Leave Rules, 'Active Service,' for the purpose of calculating the amount of leave admissible under Article 302, commences from the date of becoming subject to these rules; and additional leave in respect of previous service is credited under Article 303. An Officer of the Staff Corps, or of the Indian Medical Service, becomes subject to the Civil Leave Rules from the date of first substantive appointment in the Civil Department, or from the date of completion of three years' continuous officiating service in the Civil Department, whichever may be the earlier. A Continuous Service Royal Engineer

CHAPTER II.—DEFINITIONS—continued.

Officer becomes subject to the Civil Leave Rules from the date of entry into permanent civil employ if it is subsequent to the date of his election for continuous Indian Service, or from the date of such election if it is subsequent to the entry into permanent civil employ. A Non-continuous service Royal Engineer Officer becomes subject to the Civil Leave Rules, if he elects these rules, from the date of entry into permanent civil employ if it is subsequent to the date on which he completes five years' Indian Service, or from the date of completion of five years' Indian Service if it is subsequent to the entry into permanent civil employ.

Cantonment Magistrates do not become subject to the Civil Leave Rules until after the expiry of three years from the date of their substantive appointment to the Cantonment Magistrates' Department.

[*Note.*—Article 9, clause (ii) above, applies to Military Officers subject to the Civil Leave Rules.]

11. In the case of Engineers appointed from the Royal Indian Engineering College at Cooper's Hill, who passed out of the College from the years 1878 to 1889, both inclusive, Active Service includes also the whole period from date of appointment to the service to date of joining their appointments in India, provided they reached India on or before the 1st of December of the year in which they passed out of College.

12. In the case of officers of the Telegraph Department appointed from the Royal Indian Engineering College at Cooper's Hill from the years 1883 to 1891, both inclusive, Active Service includes also the whole period from date of appointment to the service to date of joining their appointments in India, provided they reached India within the period named in their letter of appointment: otherwise from date of arrival in India.

15. *Audit Officer* means the Account and Audit Officer, whatever his official designation, in whose circle of audit a public servant is serving or (in respect to verification of service) has served, i.e.—

For service in an ordinary civil establishment including the Public Works Branch—the Accountant-General.

For service in the Telegraph Offices—the Deputy Accountant-General, Telegraphs.

For service in the Post Offices—

Bengal, Eastern Bengal and Assam and Burma—the Deputy Accountant-General, Post Office, Calcutta.

Punjab and the United Provinces—the Deputy Accountant-General, Post Office, Delhi.

Central Provinces and Bombay—the Deputy Accountant-General, Post Office, Nagpur.

Madras.....—the Deputy Accountant-General, Post Office, Madras.

For service in the Military and Marine Departments—the Controller of Military Accounts.

For service in the Military Works Services—the Examiner, Military Works Services.

For service under the Railway Department—the Examiner of Accounts of the State Railway concerned.

16. *Average Salary* means the average of the salary which an Officer has earned during so much of the three years preceding the day on which he gives up office as he has passed on duty or on Privilege Leave.

17. *Barrister* means a practising Barrister of England or Ireland, and a practising Member of the Faculty of Advocates of the Court of Session of Scotland. It does not include a person who, though a Barrister, has never practised the profession of Barrister.

18. *Calendar Month.*—The following examples show how a period stated in Calendar Months should be calculated:—

Examples.

A period of six Calendar Months beginning on the— ends on the—
28th February ... 27th August.
31st March or 1st April ... 30th September.
29th August ... 28th February.
30th August to 1st Sept. last day of February.

A period of three Calendar Months beginning on the— ends on the—
29th November ... 28th February.
30th Nov. or 1st Dec. ... last day of February.

21. *Consolidated Pay* includes Military Pay and Allowances or Staff Corps Pay, which cannot be separately drawn.

22. *Continuous Service and Continuous Active Service* mean the Service, and Active Service, of an Officer since his last return from Furlough or Extraordinary Leave lasting more than three months; or, if he have not had such Leave, since the beginning of his Active Service. No leave may be included in Continuous Service, except Privilege Leave and Special Leave; and in the case of a Royal Engineer who has elected for Continuous Service in India, furlough on urgent private affairs under Rule XI. of the Rules of 1868.

1. Examination Leave, under Articles 279 and 280, may also be included, unless the Officer have already had twelve months such Leave, or in the case of Leave granted under Clauses (a, ii) and (b) of Article 280, unless the Officer have failed to pass the Examination for which the Leave was granted.

Leave admissible under Article 281, may also be included, unless the Officer fails to pass the Examination for which the Leave is granted.

24. *Extraordinary Leave* means Special Furlough granted under Rule 8 of the Military Furlough Rules of 1875, Leave without allowances, granted under Article 339 of these Regulations, and Leave of Absence from Duty granted (see Article 332) otherwise than under the Leave Rules.

Example.—Leave in extension of the three years admissible under Article 312.

26. *First Appointment* includes the appointment of a person not at the time holding any appointment under Government, even though he may have previously held such an appointment.

27. *Foreign Service* means service under a Native State, Municipality, Port Trust, Court of Wards, or other body financially independent of the Government of India.

28. *General Revenues* for the purposes of Pension includes Provincial Revenues and the

Revenues of Mysore, so far as regards service rendered in Mysore before the 1st October, 1882, by civil and military Officers who either had a status in the service of the British Government apart from their particular employment in Mysore, or having no such status were employed in Mysore when under British administration, and transferred to British service proper before that date.

29. *Grade and Class.*—Appointments are said to be in the same 'Class' when they are in the same Department, and bear the same designation, or have been declared by the Government of India to be in the same Class. Appointments in the same Class are sometimes divided into 'Grades,' according to pay.

29b. *Imperial Branch or Service.*—

The term applies—

- (i) To those services or branches of services which are composed of gazetted Officers recruited in England, e.g., Indian Civil Service, Military Officers filling gazetted Civil appointments, and 'the Imperial' as distinguished from the 'Provincial' gazetted ranks of the Public Works Department, Forest, Indian Educational Service, Police, Agricultural, Civil Veterinary Departments;
- (ii) To such appointments as are specially declared by the Government of India to be 'Imperial' appointments.

30. *Indian Civil Service* means the service formerly known as the Covenanted Civil Service.

31. *Lien on Appointment.*—When an Officer is said to have a lien on an appointment, it is meant that the right of such an Officer to resume on return to duty a substantive or an acting appointment on which he has a lien is subject to the same condition of conformity with the interest of the public service as the tenure of the appointment is. An Officer may have a lien on an appointment without having actually joined it.

32. (a) *Local Allowance* is an Allowance not specially declared to be 'Pay' or 'Salary,' given in addition to pay or salary, either for duties which do not properly belong to an Officer's office, or in consideration of exceptional local circumstances, such as the unhealthiness or expensiveness of the locality or duty, or the specially arduous nature of the work.

(b) Subject to the provisions of Articles 62 and 267 to 270, a Local Allowance is paid in full to the Officer actually present on duty, and is not taken into account in calculating Leave Allowances or Pension.

33. *Local Fund.*—The expression 'Local Fund' denotes:—

- (i) Revenue administered by bodies which by law or rule having force of law come under the control of Government, whether in regard to the proceedings generally, or to specific matters such as the sanctioning of their budgets, sanction to the creation or filling up of particular appointments, the enactment of leave, pension, or similar rules;

- (ii) The revenues of any body which may be specially notified by the Government of India as such.

34. *Local Government.*—The Governments and Administrations, Departments and Officers who, under these Regulations, exercise, in full and in part, the powers of a Local Government, are specified in Appendix I.

35. (a) *Military Officers.*—'A Military Officer subject to the Civil Leave Rules' means a Military Commissioned Officer in permanent Civil Employ who is not subject to the Military Furlough Rules of 1868, nor to the British Army Leave Rules.

(b) All Military Officers in permanent Civil Employ who entered the Staff Corps or the Indian Medical Service after the 31st December, 1875, or were subject, previous to their entering Civil employ, to the Leave Rules promulgated by Army Circular dated 30th April, 1886, and continuous service Royal Engineer Officers in permanent Civil Employ, or non-continuous service Royal Engineer Officers in permanent Civil Employ, who, after completing five years' Indian Service, do not elect the British Army Leave Rules, are 'subject to the Civil Leave Rules.'

(c) 'A Military Officer subject to the Military Leave Rules' means a Military Commissioned Officer in permanent Civil Employ who is subject to the Military Furlough Rules of 1868, or the British Army Leave Rules, a Departmental Commissioned Officer, a Commissioned Officer of the Indian Subordinate Medical Department, or a Warrant Officer. Such an Officer is not included in the term 'an Officer' used in the Leave Rules.

Note.—[The term 'Military Commissioned Officer,' when used in these Regulations, does not include a Departmental Commissioned Officer, or a Commissioned Officer of the Indian Subordinate Medical Department, or a Warrant Officer].

(d) All Military Officers who were in Civil Employ on the 30th December, 1875, and have been since continuously in such employ, are 'subject to the Military Leave Rules,' excepting any who may have elected the Rules of 1875 before the 7th December, 1877.

(e) The term 'all Military Officers' means both Military Officers subject to Civil Leave Rules, and Military Officers subject to the Military Leave Rules.

1. A Military Officer in the Military Secretariat of the Government of India, the Military Secretary to the Resident at Hyderabad, and a Military Officer appointed from military employment to be Private Secretary to a Lieutenant-Governor, are not in Civil Employ.

2. A Military Officer who has officiated in the Civil Department continuously for not less than three years is considered to be in permanent Civil Employ. For the purpose of reckoning the three years' officiating period the following may be included:—

- (a) Any period of employment of an officer in foreign service if he has been transferred to such foreign service direct from Civil employ;

- (b) Any period of privilege leave.

Furlough or leave other than privilege leave does not count towards the three years' period, but it does not operate as a break cancelling past officiating service for the purposes of this rule, unless the officer has to revert to military employ in order to obtain such furlough or leave.

3. A Military Officer does not come under the Civil Leave Rules by reason of his being transferred to an appointment in the Civil Department of which the tenure is limited to a definite period. Such Officers remain subject to the Military Leave Rules, except as regards privilege leave. (See Article 241.)

4. When a Military Officer subject to the Civil Leave Rules is temporarily deputed to the Military Department, but retains a lien on his appointment in the Civil Department, the period of his deputation qualifies for leave under the Civil Leave Rules.

5. An officer of the Indian Medical Service who is subject to the Civil Leave Rules becomes subject to the Military Leave Rules on promotion to the rank of Colonel or Surgeon-General.

36. *Ministerial Officer* means an Officer, whether gazetted or not, whose duties are not of an administrative or executive character, but who is employed as a member of an office establishment.

37. *Native of India* means any person born and domiciled within the dominions of His Majesty in India, or within the territories of Indian Princes tributary to, or in alliance with, His Majesty, of parents habitually resident in India, and not established there for temporary purposes only.

38. *Pay and Salary.*—

(a) 'Pay' means 'Monthly Substantive Pay.'

(b) For the purposes of the Leave Rules in Chapter XIII., 'Pay' includes also the Subsistence Allowance of a Member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules who has an officiating but not a substantive appointment. (But see Rule 2 under Article 35 (e).)

(c) 'Salary' means the sum of Pay and Acting Allowance or Charge Allowance under Article 94 of Chapter VIII.

1. Personal Allowance is treated, for the purposes of calculating Leave Allowances and Pensions, as part of an Officer's Substantive Pay, but not for purposes of travelling allowance, unless it has been granted to protect from loss an officer, the pay of whose appointment has been changed.

2. The allowances of an Officer holding conjointly with another office a Professorship or Lectureship in any Government Institution, are part of his salary.

3. 'Salary' does not include a Local Allowance, House-rent, Tentage, or Travelling Allowance, whether daily, monthly, or yearly.

4. The charge allowance admissible to Indian Spectors for line maintenance in the Persian Section, Indo-European Telegraph Department, are included in pay for the purpose of calculating the leave allowances of such Officers.

Note.—[These definitions do not necessarily apply to the Statutory Rules under Articles 543, 567, &c.]

39. The '*Pay of an Appointment*' means the pay which any particular Officer would receive monthly if he held the appointment substantively.

1. The allowances of an Officer acting in an appointment the pay of which is subject to increase upon the passing of an examination or upon the completion of a certain period of service, are calculated upon the pay which he would from time to time receive if he held the appointment substantively.

2. The allowances of an Officer acting in an appointment the pay of which has been reduced with effect from the next succession thereto, are calculated upon the reduced pay.

3. In the case of an appointment reserved for Officers of a graded service, the pay of which varies according to the grade of the incumbent for the time being, the pay of an office of the current duties of which an Officer is appointed to be in charge under the provisions of Articles 161 and 162, and the pay of any additional appointments which an Officer is appointed temporarily to hold or officiate in under the provisions of Article 168 is, for the purpose of calculating the incumbent's salary, the pay of the appointment left vacant in the lowest grade or class from which the office or additional appointment is usually filled.

40. (a) The '*Pay of an Officer*' is, in the case of an Officer with a substantive appointment, the amount which he would receive monthly, under any of the following designations, in his substantive appointment:—

Military Pay and Allowances and Staff Salary.

Staff Corps Pay and Staff Salary.

Substantive Pay.

Consolidated Pay.

(b) In the case of an Officer without a substantive appointment—his monthly Subsistence Allowance (if a Member of the Indian Civil Service, a Statutory Civil Servant, or a Military Officer subject to the Civil Leave Rules); and his Military Pay and Allowances or Staff Corps Pay (if a Military Officer subject to the Military Leave Rules).

41. *Pension.*—Except when the term 'Pension' is used in contradistinction to 'Gratuity,' 'Pension' includes 'Gratuity.'

43. *Progressive Appointment* means an appointment the pay of which is progressive, that is, pay which, subject to the good behaviour of an Officer, rises, by periodical increments, from a minimum to a maximum.

Note.—[For brevity's sake, a Progressive Pay is described by three groups of figures, namely: the minimum, the increment, and the maximum, thus:—A pay of Rs. 100-20-200 means a pay rising from Rs. 100 by a yearly increment of Rs. 20 to Rs. 200.]

46. *Staff Salary* is an allowance to a Military Officer in addition to the Military Pay and Allowances or the Staff Corps Pay of his rank.

47. *Statutory Civil Servant.*—A Statutory Civil Servant is a Native of India who was appointed under Notification No. 1,534 of the Government of India, Home Department, dated the 22nd of August, 1879, to an office, place or employment referred to in Section 6 of 33 Vict., cap. 3.

PART II.—RULES REGARDING PAY AND ALLOWANCES.

48. *Warrant Officer*.—A Departmental Officer with honorary rank or Warrant Officer, includes all Departmental Officers with honorary rank and Warrant Officers of all Indian Army Departments to whichever Military Furlough Rules they may be subject. These officers are :—

(a) Departmental Officer with honorary rank—

- (i) Deputy Commissary.
 - (ii) Assistant Commissary.
 - (iii) Deputy Assistant Commissary.
 - (iv) Senior Assistant Surgeon.
- (b) Warrant Officer—
- (i) Conductor.
 - (ii) Sub-Conductor.
 - (iii) Assistant Surgeon of the 1st, and 3rd or 4th class.

PART II.—RULES REGARDING PAY AND ALLOWANCES.

CHAPTER III.—GENERAL RULES.

51. A person whose age exceeds twenty-five years may not ordinarily be admitted into the service of the State in superior service without the sanction of the Head of the Department or a Commissioner of a Division.

52. Unless it be otherwise provided by special rule or contract, the salary of an Officer begins when he takes charge of the appointment in respect of which it is earned.

60. *Promotion during Leave*.—An Officer on long leave has no claim to substantive promotion. Such promotion may, however, be given, but, except in the case provided for in the Note under Article 585 (a), the promotion has effect only from the date on which the Officer returns to duty.

If an Officer, while absent on 'short leave,' during which the amount of his leave allowances depends upon the substantive or officiating appointment which he would hold if present on duty, obtains promotion, substantive or officiating, or an increase of pay or acting allowance which involves no change in, or addition to, his duties or responsibilities, the promotion or increase has effect at once.

64. (a) *Advances and their Recovery*.—An advance may be made to any public Officer in the Civil Department :—

- (i) On arrival in India on first appointment, of an amount not exceeding two months' pay, less the amount of any advance made in England.
- (ii) On return from long leave or special duty out of India, not exceeding two months' pay or Rs. 1,000, whichever is less, in addition to any advance made by the Secretary of State in England.

CHAPTER IV.—DEPUTATION TO EUROPE.

84A. Ordinarily the sanction of the Secretary of State is required to any deputation to, or detention on duty in a country outside India.

In the case, however, of a deputation to, or detention in, Ceylon, or other British Possessions in Asia, for a period not exceeding six months, the sanction of the Government of India is sufficient.

Note 1.—[This Article applies to officers of Government in Foreign service in India.]

Note 2.—[The period of the special duty runs from the date on which the officer makes over charge of his office in India to the date on which he resumes it, when the Officer is deputed outside India, and for the time occupied by the duty when the Officer is detained outside India.]

Note 3.—[Time spent on duty out of India is not an interruption of service for leave, but it does not, without the special sanction of the Secretary of State, count as service for leave.]

(b) The advance may be drawn under the orders of the Audit Officer from any treasury in India to be specified in such orders.

(c) Such advances, as well as similar advances issued by the Home Government, are to be recovered by monthly instalments of one-third of salary.

Note.—[Clause (c) does not apply in the case of a military officer in civil employ subject to the Military Leave Rules granted an advance under those Rules; nor does it apply to Covenanted Engine-drivers, Mechanics, Boiler-makers, &c., recoveries from whom are regulated by Article 667.]

65. An Officer returning from leave out of India may be granted an advance of his leave allowance for the unexpired portion of his leave subject to a maximum of thirty-five days from the date of embarkation for India.

66. An advance of pay made in England to enable an Officer to return to duty in India, or to one appointed in England proceeding to India to join his appointment, is recovered at the rate of exchange fixed for the adjustment of financial transactions between the Imperial and Indian Governments for the year in which the advance was made.

67. *Transfer on Duty*.—(a) No Officer (unless he has been newly appointed to the service of Government) can begin to draw any pay or allowances at any treasury in India, or at the Home Treasury of the Government of India, without producing a last-pay certificate from the Treasury where his pay or allowances were last disbursed, or from the Accountant-General within whose jurisdiction this treasury is.

85. An Officer of Government, whether paid from General Revenues, a Local Fund, or in Foreign service who is deputed to, or detained in, Europe on special duty is entitled to not more than two-thirds of the salary which he would draw were he on duty in India.

Note 1.—[When privilege leave is interrupted by a period of deputation in Europe, the allowance admissible under this Article will be issued by the Home Treasury of the Government of India for a period equal to that of the deputation, but commencing on the day following the termination of the original period of privilege leave; but in any case, in which this rule would prevent the Officer from drawing his deputation allowance before his return to India, it will be issued to him before his embarkation for India.]

Note 2.—[The salary admissible under this Article is payable at the rate of rs. 6d. per rupee.]

CHAPTER VI.—ACTING ALLOWANCES—RULES FOR CALCULATION.

107. An Officer without a substantive appointment is entitled to subsistence allowance with an acting allowance of half the pay of the appointment in which he officiates.

108.—(a) The subsistence allowance of a Member of the Indian Civil Service and of a Military Officer subject to the Civil Leave Rules, is as follows :—

	Rs.
For an Officer of not more than eight years' actual residence in India ...	250 a month.
For an Officer of more than eight, but less than	

twelve years' actual residence in India ...	320 a month.
For an Officer of twelve or more years' actual residence in India ...	400
(b) And of a Military Officer subject to the Military Leave Rules, as follows :—	
	Rs.
For an Officer of the rank of Captain or Subaltern ...	250 a month.
For an Officer of the rank of Major ...	320 "
For an Officer of higher rank than Major ...	400 "

CHAPTER IX.—JOINING TIME.

175. Joining Time is the time allowed to an Officer to proceed from one Station to another when his appointment is changed, or when, being unemployed, he is appointed to any office. An Officer is held to be on duty during Joining Time, if he is entitled to allowances.

176. Only one day is allowed for joining an appointment which does not necessarily involve a change of residence from one station to another.

Note.—[Sundays are included in the calculation of the joining time of one day admissible under this Article. An officer who gives over charge on Saturday forenoon must, therefore, take charge on Saturday afternoon, and an Officer who gives over charge on Saturday afternoon must take charge on Monday forenoon.]

177. In cases involving a change of Station, joining Time is calculated as follows, subject to a maximum of thirty days. Sundays not actually spent in travelling are not included in the calculation :—

- (i) Six days for preparation; and, in addition thereto,—
- for the portion of the journey which the Officer travels, or might travel,—
- a day for each
- by Railway ... 250 miles.
- by Ocean Steamer 200 "
- by River Steamer 80 "
- by Mail Cart or other public stage conveyance drawn by horses 80 "
- in any other way ... 15 "

An extra day is allowed for any fraction of distance over that prescribed.

- (ii) When part of the journey is by steamer, the days intervening between the Officer being set free from his office, or, if he has no office, receiving his orders, and the departure of the steamer, or his start duly

regulated to catch the steamer, shall be added.

178. By whatever route the Officer travels, his Joining Time shall, unless the Local Government specially permit otherwise, be calculated by the route which travellers habitually use.

185. *Allowances*.—Except in the case mentioned in Article 188, an Officer draws, during Joining Time, the pay or salary which he drew in his old appointment, or that which he will draw on joining his new appointment, whichever is less; provided that an Officer transferred from one officiating appointment to another shall not draw any acting allowance during Joining Time if he had not a superior lien on either of the officiating appointments to that of the Officer relieved by or relieving him. If the Officer is entitled to tentage in his old appointment, and tentage is also attached to his new appointment, he may draw tentage during Joining Time at the lower of the two rates. If the Officer in his old appointment drew a local allowance granted on account of special expensiveness of living or unhealthiness of climate, in any district, province, or locality, and the transfer is to another appointment within the same district, province or locality, he may draw the local allowance during joining time. Provided that, if the rates differ in the two appointments or parts of the local area, he may draw the lower rate only.

189. An Officer who does not join his new appointment within his Joining Time, is entitled to no allowances after the end of his joining Time, and, after a week, ceases to have a lien on any appointment. But if the "authority making the appointment" considers that his default was due to circumstances beyond his control, it may exempt him from the loss of his appointment.

Note.—[The expression 'allowances' in this Article does not include travelling allowance.]

PART III.—LEAVE RULES.

CHAPTER XI.—GENERAL CONDITIONS OF LEAVE.

196. The rules in this Chapter apply to all Officers in civil employ, except in as far as they are inconsistent with, or over-ridden by, the special conditions of leave which obtain in the case of the following classes of Officers :—

- (a) Lieutenant-Governors and Members of Council (see Chapter XXII.).

(b) Judges of the High Courts (see Chapter XXIII.).

(c) Barristers holding the appointments specified in Article 547 (see Chapter XXIV.).

(d) Statutory Civil Servants (see Chapter XXVI.).

(e) Ecclesiastical Officers (see Chap. XXVII.).

(f) Officers subject to the Military Leave Rules (see Chapter XXVIII.).

(g) Army Veterinary Officers of the Civil Veterinary Department (see Chapter XXIX.).

(h) Law Officers (see Chapter XXXI.).

(i) State Railway Establishments (see Chapter XXXII.).

(j) Bengal Covenanted Pilot Service (see Chapter XXXIII.).

(k) Port Blair Police (see Chapter XXXIV.).

(l) Assam and Dacca Military Police (see Chapter XXXV.).

(m) Calcutta and Suburban Police Forces (see Chapter XXXVI.).

(n) Burma Military Police (see Chapter XXXVII.).

(o) Officers serving under Special Contracts. (Their Contract.)

1. An Officer appointed under contract for any term of years without any prospect of permanent employment is not entitled to leave except in accordance with the terms of his contract.—(See Note under Article 352.)

Note.—[If the health of an Officer, who is serving under an agreement which does not give a title to leave until the expiry of a fixed period, fails during that period, his engagement should be terminated unless—

(i) he has exhibited such special ability that it is desirable on public grounds to retain him, even at the cost of the difference between a leave allowance and any passage money, &c., due under his agreement; and

(ii) it is certified that he will in all probability be able to return to duty at or before the end of six months.

In cases in which the engagement is not terminated, leave may be granted for a period not exceeding six months, and on allowances not exceeding half pay.]

197. *Discretion of Government.*—(a) Leave of absence cannot be claimed as of right. Nothing in these regulations must be understood to limit the free discretion of the Government to refuse or revoke leave of absence of any description, at any time, according to the exigencies of the Public Service.

(b) The Local Government may refuse to grant the full amount of leave applied for in any case, and should, by the exercise of this power, so regulate the date of an officer's return from leave as to cause as little change as possible in administrative arrangements.

198. *Maximum Leave Admissible.*—After five years' continuous absence, whether with or without leave, an Officer is considered to be out of Government employ, but this rule may, on public grounds and with the sanction of the Secretary of State in Council, be relaxed in the case of any civil officer other than a member of the Indian Civil Service.

Note.—[This article does not apply to Officers transferred to Foreign Service in India.]

199. *Recall from Leave.*—An Officer recalled to duty before the expiry of leave of any kind is entitled if the return to duty is optional to no concession save the exception in Article 233 (iv).

If the return to duty is compulsory he is entitled (a) to take the balance of his leave, together with any leave which was admissible at the time of recall, or for which he has subsequently become eligible, as soon as he can be spared from duty.

(b) If the leave from which he is recalled is out of India—

(i) to the concessions in Articles 8 (iii) and 1,127 subject to the conditions and limitations, specified therein; and

(ii) to leave allowances during the voyage to India; and for the period from the date of landing in India to the date of joining his appointment to the subsidiary leave allowance which he would have drawn had he not been recalled, but simply returned on the termination of his leave.

Note.—[All Orders recalling an Officer to India before the expiry of his leave should distinctly state whether the return to duty is optional or compulsory. Orders recalling an Officer from leave out of India should be communicated to him officially through the Secretary of State.]

200. *Private employment during leave.*—A gazetted officer, who is in receipt of furlough or leave allowances, must obtain, if he is resident out of India, the previous sanction of the Secretary of State, or if resident in India, that of the Local Government, or (if he is serving under the Government of India) of the Government of India, before taking service under an employer other than Government, or accepting any employment, not being under Government, which involves the receipt* of a fee or honorarium. In the case of a non-gazetted officer resident in India, the special permission of the officer empowered to appoint him may be accepted as sufficient authority.

SERVICE QUALIFYING FOR LEAVE.

202. (a) *Probationers.*—An Officer appointed as Probationer for a certain period before formal appointment, is entitled to the same leave as if he held a substantive appointment.

Note.—Officers appointed in England on probation in view to permanent service in India are entitled to leave as follows:—

(i) Officers appointed for three years or more (see Appendix No. 33), the same leave as if they held permanent appointments.

(ii) Officers appointed for less than three years (see Appendix No. 33), privilege leave and if necessary, leave on medical certificate, not more than six months of of such leave carrying allowances.

Note.—Leave on medical certificate under clause (i) or (ii) shall not be granted for a period extending beyond the term of an officer's contract unless or until it has been decided to retain him in permanent employment.

(b) Police Probationers and temporary and officiating Assistant Superintendents of Police in all Provinces count their service as follows:—

(1) If recruited in England, from the date on which they report their arrival in India.

(2) If recruited in India under the orders in Secretary of State's despatch No. 14, dated the 15th March, 1894, from the date of assuming charge of their appointments.

(3) If recruited in India before the date of the orders of 1894 mentioned in (2) above, from the date either of attaining the age of 20 years or of assuming charge of their appointments, whichever is later, provided that the service has been continuous.

204. *Service under other Rules.*—An Officer transferred to an office to which these rules apply is not entitled to Long Leave under them in respect of service rendered in an office to which they do not apply. But service in the Army which under Article 356 counts towards civil pension qualifies also for leave under civil rules. Any leave taken by an Officer during such service will in the calculation of future leave be treated as if it had been taken under these Regulations.

205. *Service before Discharge, Resignation, or Dismissal.*—(a) An Officer who is discharged on reduction of establishment from, or resigns the public service, and is re-employed after an interval, cannot, without the permission of the authority sanctioning the re-employment, count his former service towards leave.

(b) An Officer who is dismissed or removed from the public service and who is reinstated on appeal cannot count his former service towards leave unless the authority who, on revision or appeal, reverses the order of dismissal or removal, declares that his former qualifying service shall count.

206. *Service as Private Secretary* to the Governor-General, a Governor, or a Lieutenant-Governor, qualifies for leave, provided that the Officer (before his appointment as Private Secretary) belonged to the Civil Service (whether the Indian Civil Service or not) or to the Staff Corps, or to any of the Indian Establishments of the British Army.

207. After a continuous service of three years, a Private Secretary, whose case is not provided for by the preceding article, may be granted leave on medical certificate to the extent of one year, with a leave allowance equal to half his salary, and subject to a maximum of £1,000 a year.

RETENTION OF APPOINTMENT.

210. *Lien on Appointment.*—An Officer on Privilege Leave has a lien on his substantive appointment; he has also a lien on his officiating appointment, so long as it is not resumed by an Officer having a superior lien on it.

211. (a) An Officer under the European Service Leave Rules, on Ordinary Furlough, or on Special Leave, has a lien on his substantive appointment or on a substantive appointment of a like character and not less pay. He has no lien on an acting appointment.

(b) On other Furlough, a Member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules, has no lien; but a Civil Engineer or other Officer subject to the European Service Rules has a lien. (See also Article 313.)

212. An Officer on Long Leave under the Indian Service Leave Rules retains a lien on his substantive appointment, but has no lien on an acting appointment.

213. An Officer on Subsidiary Leave has or has not a lien on an appointment according as he has or has not such lien on the first or last

day, as the case may be, of the leave to which it is subsidiary.

Note.—[A Military Officer subject to the Military Leave Rules does not lose his lien during Subsidiary Leave preparatory to Furlough.]

214. An Officer on leave may not surrender his lien on his substantive appointment, and, except as provided in Articles 90 and 786, a Local Government may not fill up substantively, even for a time, the appointment on which an Officer has a lien, without transferring him to another substantive appointment which, save in cases of misbehaviour or inefficiency, must be one of not less pay than his standing in the regular line would justify.

215. An Officer cannot obtain Ordinary Furlough or Special Leave unless he has a substantive appointment.

Note.—[A Military Officer who has officiated continuously in the Civil Department for at least three years is an Officer with a substantive appointment for the purposes of this rule.]

217. *Compulsory Retirement.*—If when an Officer is going on leave out of India it is necessary to consider the propriety of removing him for incapacity, whether mental or physical, which is of such a nature that it is not possible to say, before his departure from India, whether it will be permanent or temporary, or if for any reason it is considered inexpedient that an Officer who is on leave should return to India, the Local Government should report the circumstances fully (in the case of the Government of Madras or Bombay, direct; otherwise through the Government of India) to the Secretary of State. A communication of this nature should not be made direct to the Officer concerned. The report should be made in time to enable the Secretary of State to take any necessary measures before the Officer would in ordinary course be permitted to return to duty, and in any case should reach the India Office at latest three months before the end of the officer's leave.

COMMENCEMENT AND END OF LEAVE.

220. Ordinarily leave in India, including subsidiary leave, and leave out of India when subsidiary leave is not taken, begins on the day on which transfer of charge is effected, or, if charge is transferred after noon, on the following day. Similarly such leave ordinarily ends on the day preceding that on which charge is resumed, or, if charge is resumed after noon on that day. But if a Sunday or one or more gazetted holidays fall on the day immediately preceding that on which the leave begins, or on the day on which the leave or the joining time between two appointments ends, an officer may leave his station at the close of the day before, or return to it at the end of, such holidays, provided his departure or return does not involve—

(i) the immediate transfer of an officer from or to another station or the loss of his appointment by an officer appointed temporarily to the service.

(ii) the taking over of money, unless, subject to the condition that the departing officer remains responsible for the money in his charge, the Local Government specially allows transfer of charge to take place before or after the holidays.

* This condition is not to be held to apply to the receipt of fees for literary work, or for service as an Examiner, or to similar employment.

If holidays are as above prefixed to leave, the leave and the consequent rearrangement of allowances, if any, take effect from the first day after the holidays on which the office is open for business, and if holidays are affixed to leave, the leave is treated as having terminated on, and the rearrangement of allowances, if any, takes effect from the day on which the officer would have resumed charge had holidays not followed the leave.

In cases in which the application of the above rules as to prefixing and affixing holidays to leave is doubtful or inequitable, the Local Government shall decide which officer shall be held to have been in charge, and to which the salary of the office for the Sunday or holiday shall be paid.

221. When subsidiary leave is taken, furlough and special leave out of India begin on, and include, the day of the departure from the port where the officer first meets it, of the vessel in which he sails. If an Officer remains in India after the end of subsidiary leave, his furlough or special leave dates from the beginning of his subsidiary leave, unless he is specially exempted from forfeiture of his subsidiary leave by his Local Government under the provisions of Article 323 (b). Furlough and special leave out of India end on, and include, the day before the arrival at the port where the Officer last quits it of the vessel in which he returns, and subsidiary leave begins the day after.

Note 1.—[The furlough or special leave of an officer sailing from Calcutta in a vessel which touches at Madras begins on the departure of the vessel from Calcutta, and not from Madras.]

Note 2.—[The day on which the vessel in which the officer sails quits her moorings or anchorage, whether she leaves the limits of the port or not on that day, is the day of the departure of the vessel. The day of arrival of the vessel in which the officer returns, is the day on which the vessel reaches her moorings or anchorage in port.]

221A. Special rules* have been laid down for reckoning leave in the case of officers of the Foreign Department stationed in certain remote districts outside India.

222. An Officer taking Furlough or Special Leave out of India, whether by itself or in combination with privilege leave, must report his embarkation, through the Audit Officer, to the Local Government (or other Authority) which granted his leave, and his arrival in England, to the Secretary of State.

RETURN TO DUTY.

Note.—[Articles 223 to 229 apply to Military officers in Civil Employ subject to the Military Leave Rules.]

223. (a) An officer may not without the permission of the authority which granted him leave, return to duty more than fourteen days before the end of Long Leave.

(b) Officers returning to India at times other than those fixed for them by their own Government, are liable to be kept on subsistence allowance until a suitable vacancy occurs to which to post them.

224. An Officer on Long Leave in Europe must, if the leave was granted or has been extended on account of ill-health, whether it be technically leave on medical certificate or not, satisfy the Medical Board at the India Office as to his fitness to return to duty. Ordinarily he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than sixty miles from London, a certificate in a form to be obtained from the India Office from two medical practitioners may be accepted. On the required evidence of fitness being furnished, the officer will receive from the India Office permission to return to India. An officer whose leave was not granted, and has not been extended, on medical grounds, does not require permission from the India Office to return to India. He must however take steps, either personally or through his agents, to obtain from the India Office a last pay certificate, and should also inform the authority in India who granted him the leave, of the date on which he expects to return to duty, at least a month before he is due to arrive in India.

225. An Officer on leave in India, or in any place out of Europe, taken on account of ill-health, whether the leave be technically leave on medical certificate or not, may be required by the authority who granted the leave to produce, before he is permitted to return to duty, a medical certificate of fitness signed by such medical officer as the authority may direct.

226. An Officer is not entitled, at the end of Long Leave or Subsidiary Leave affixed thereto, to resume, as a matter of course, without further orders the particular appointment which he vacated before his Leave. He should report his return to duty in the manner prescribed in Article 228, and await orders.

227. *Change of Appointment.*—If the appointment of an Officer is changed during Long Leave in India, he must join his new appointment within his leave. But if he have not had sufficient notice of the change, the Local Government may allow him joining time. During such joining time his allowances will be the same as for subsidiary leave on return from furlough.

228. *Report of Return.*—A gazetted Officer must report his return to duty to the Local Government under which he is employed. A Member of the Indian Civil Service on the Bengal Establishment employed directly under the Government of India, returning from Long Leave, must also report his return to the Government of India in the Home Department.

229. *Overstaying Leave.*—An Officer who remains absent after the end of his Leave is entitled to no allowance for the period of such absence, and ceases to have a lien on any appointment—

- (i) If his Leave was Furlough without Medical Certificate under the European Service Leave Rules; or Furlough under the Indian Service Leave Rules,—immediately; and

- (ii) If it was Furlough on Medical Certificate, or Special Leave, under the European Service Leave Rules; Leave on Medical Certificate or on Private Affairs under the Indian Service Leave Rules; or Privilege Leave,—after a week. In the case of officers to whom exception (ii) under Article 251 applies, the week commences from the end of the fifteen days mentioned therein.

Note 1.—[This Article does not affect the liability of an Officer overstaying leave to forfeit past service under the rule in Article 420 (b).]

Note 2.—[Short extensions of Leave may be granted retrospectively in India to Officers who under certain specified circumstances overstay their Leave. See Article 237 (c).]

COMBINATION, EXTENSION, AND COMMUTATION OF LEAVE.

232. No kind of leave, except Extraordinary Leave under Articles 332 and 339, leave under Articles 109 (a), 233 and 288, and in certain cases Examination Leave, can be granted in continuation of any other kind of leave; leave under Article 288 may also be followed by any other kind of leave. Any leave granted under these regulations may be retrospectively changed for any other kind or period of leave for which the Officer was qualified when the original leave was granted; the authority who has the power to sanction leave may also commute retrospectively periods of absence without leave into leave without allowances (see Article 421).

Note.—[Subsidiary leave is not, for the purposes of this rule, regarded as a continuation of leave.]

233. Privilege leave to the amount due may be prefixed as such to furlough, leave on medical certificate, special leave on urgent private affairs, leave on private affairs, and extraordinary leave without allowances, subject to the following conditions:—

- (i) When Privilege Leave is combined with Furlough, the amount of combined leave shall not exceed two years;
- (ii) When Privilege Leave is combined with Special Leave under the European Service Leave Rules or Leave on Private Affairs under the Indian Service Leave Rules, the combined leave shall not exceed six months;
- (iii) When, however, Furlough, Special Leave, or Leave on Private Affairs, granted in combination with Privilege Leave, is extended on medical certificate, the full period of Furlough, Special Leave, or Leave on Private Affairs may be ordinarily admissible under rule may be allowed irrespective of the limits prescribed in clauses (i) and (ii).
- (iv) When Privilege Leave is combined with leave of any kind, the combined leave must, except in cases falling under Article 199 (a), be for not less than six months;
- (v) The periods mentioned in (i), (ii) and (iv) count from the beginning of the Privilege Leave to the end (under the ordinary rules) of the leave with which it is combined.

Note.—[If the maximum limit prescribed in clause (i) or clause (ii) of this Article is exceeded, the excess (if not due to an extension of leave on medical certificate) shall be dealt with under Article 229. If on the other hand an Officer returns from leave before the end of the minimum period of six months fixed by clause (iv) of the Article, the requirements of the rule shall be held to have been practically met if the date of return is not more than 14 days before the end of the six months.]

234. The grant of Extension of Furlough, under Article 232 (otherwise than on medical certificate), is subject to Proviso (v) under Article 308 (b).

235. If an Officer subject to the Indian Service Leave Rules, who is absent on leave on private affairs or on Furlough, takes in continuation leave on medical certificate under Article 336, the whole of his absence is treated as leave under that Article.

236. Extraordinary leave without allowances cannot be converted retrospectively into leave on medical certificate; but leave on medical certificate may be given in continuation of Extraordinary Leave without allowances.

237. *Extension of leave out of India.*—(a) An Officer absent on Long Leave in Europe, North Africa, America, or the West Indies, who wishes to have his leave extended or commuted must apply to the Secretary of State about three months before the expiration of his leave and, unless the extension is desired on medical grounds or is for a period of not more than 14 days, he must produce with his application evidence that the Local Government has been referred to by him, and has no objection to the extension or commutation desired. If the Officer is on medical leave and desires an extension for more than 14 days, or if he is on other leave and desires an extension on medical grounds, he must satisfy the Medical Board at the India Office of the necessity for the extension.

(i) In the case of a Commissioned Medical Officer, the Local Government should make a reference to the Director-General, Indian Medical Service, before granting the permission.

(b) The Secretary of State reserves to himself the power of granting extension or commutation of leave to an Officer in any case in which it appears to him that sufficient ground has been shown for the previous approval of the Local Government not having been obtained before the application was made. In the event of the Secretary of State deciding to telegraph to India in regard to any such application, the cost of the telegrams to and from India will be charged to the applicant.

Note.—[The Secretary of State in granting extension of leave sometimes declines to guarantee retention of appointment, if there is no time to communicate with the Local Government in India.]

(c) The authority in India by whom leave was originally granted is empowered, in any case in which it is satisfied that the non-return of an Officer within the period of his leave was due to circumstances beyond his control, and of

PART III.—LEAVE RULES—continued.

such a nature that an application to the Secretary of State for an extension was impossible before embarkation, or that the non-return was for administrative convenience, to sanction retrospectively extension of furlough or leave, if furlough or leave be due, up to a maximum period of 14 days. It is also empowered in the case of an Officer returning from furlough on medical certificate or leave on medical certificate, to sanction an extension if the circumstances seem to require it up to a maximum of 14 days inclusive of any short extension that may have been granted by the Secretary of State.

(d) Furlough out of India on medical certificate may be commuted into leave without medical certificate if such leave was due at the time when the original furlough was granted, and if the Officer seeking commutation is certified, as prescribed in Article 224, to have recovered his health. When extension of the commuted furlough is applied for, the application must be supported by evidence that the Officer's Local Government consents to the extension of his leave.

Applications for extensions of Commuted Furlough on medical certificate should be dealt with by Local Governments in such a way that officers who have preferential claims to furlough under Article 310 are not thereby debarred for a considerable time from availing themselves of the furlough at their credit.

Note.—[This Article applies to the placing of

Officers who are on leave out of India on special duty in extension of the leave.]

238. An Officer on Long Leave in any of the colonies or dependencies named in Appendix No. 15, except the colonies in America or the West Indies, who wishes to have his leave extended or commuted, must apply three months before the expiry of the leave to the authority in India which granted it.

239. When *Privilege Leave* is, on medical certificate, retrospectively changed for Furlough out of India, so much of the leave passed before the departure of the vessel in which the Officer sails may be treated as Subsidiary Leave under Clause (i) of Article 321 (a) as might have been granted as Subsidiary Leave if the Officer had originally obtained Furlough and not Privilege Leave, notwithstanding that a portion of such retrospective Furlough has been passed in India.

Note.—[This Article will not apply when the subsequent order grants leave in continuation of the Privilege Leave under Article 233.]

240. In the case of a *Military Officer subject to the Military Leave Rules*, leave may be retrospectively commuted by the Authority which granted it to any other kind of leave which the said Authority would have been competent to allow when the original leave was sanctioned.

Note.—[Articles 237 to 239 apply to Military Officers subject to the Military Leave Rules.

CHAPTER XII.—SHORT LEAVE.

241. *Extent of Application.*—The rules in this chapter regulate the Short Leave of all Officers in civil employ (whatever may be the rules to which they are subject in regard to other leave) except

- (a) The Governor-General, Governors, Lieutenant-Governors, and Members of Council (*see* Chapter XXII.).
- (b) Judges of High Courts (*see* Chapter XXIII.).
- (c) Barristers holding the appointments referred to in Chapter XXIV., except as stated in that chapter.
- (d) Ecclesiastical Officers appointed before July 29th, 1906. But Articles 264, 279 and 280 do apply (*see* Chapter XXVII.).
- (e) Law Officers, except as stated in Chapter XXXI.
- (f) State Railway Establishments, except as stated in Chapter XXXII.
- (g) Bengal Covenanted Pilots, except as stated in Chapter XXXIII.
- (h) Port Blair Police (*see* Chapter XXXIV.).
- (i) Calcutta and Suburban Police Forces (*see* Chapter XXXVI.).

4. Medical Storekeepers to Government and Subordinates of the Army employed in the Military Works Department are subject to these Regulations as regards Privilege Leave, but as regards other Leave the former remain subject to the Leave Rules, Military or Civil, under which they were serving at the time of their transfer to the Medical Store Department, and the latter are treated as in military employ.

PRIVILEGE LEAVE.

246. The *amount* of Privilege Leave earned by an Officer is one-eleventh part of the time during

which he has been on duty without interruption: Provided that no Privilege Leave can be earned by an Officer by duty performed, while three months' such leave is due to him, and that, whenever duty is interrupted, all claim to Privilege Leave earned theretofore is forfeited. Absence on Privilege Leave, though not counting as duty, is not an interruption of duty within the meaning of this Article.

247. The calculation must be made as follows:—One calendar month for every eleven complete calendar months of duty, and one day for every eleven days of the balance.

251. *Limit.*—The amount of Privilege Leave admissible at one time is limited to three calendar months.

Exception.—Officers stationed in the Andamans and Nicobars; officers stationed in Persia at places such as Ahwaz and Kermanshah, and in the Persian Gulf, or at Maskat and Baghdad, Gyantse or in Chumbi; and European officers in Burma who take Privilege Leave by itself and spend it out of Burma or India, are allowed, on each occasion when they may wish to take Privilege Leave, the option between the following two courses, namely:—

- (i) To accumulate Privilege Leave up to three months and fifteen days.
- (ii) To overstay any Privilege Leave due by fifteen days without forfeiting pay or appointment, provided that, in the case of such overstay, the Officer shall not begin to count service towards future Privilege Leave until he shall have served a period of time proportionate to the amount of overstay—that is, eleven times the period of overstay.

CHAPTER XII.—SHORT LEAVE—continued.

252. The *Privilege Leave* due to an Officer is the Privilege Leave which he has earned since the last interruption of duty, less the period during which he has been absent on Privilege Leave.

260. *Condition of Grant.*—To an Officer who has been on duty, without interruption, for eleven calendar months, and who has not, for six calendar months been absent on Privilege Leave, the whole or any part of the Privilege Leave due to him may be granted. But when Privilege Leave is combined with other leave under Article 233, the amount due may be granted irrespective of these conditions.

261. *Leave Allowances.*—Except as provided in Articles 266, 271 and 275, an Officer on Privilege Leave is entitled to a Leave Allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien, and he is entitled to this allowance even though another Officer be appointed to act for him.

263. An Officer who has no lien on an appointment is entitled, during Privilege Leave—

- (i) In the case of a Member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules—to Subsistence Allowance.
- (ii) In the case of any other Civil Officer—to no allowance.

264. Save when Privilege Leave or vacation is combined under the rules, with other leave, or when an Officer is permitted to retire at the end of the Privilege Leave granted to him under Articles 301, 345, or 677, the right to receive Privilege Leave Allowances is contingent (except in case of death) upon the return of an Officer to duty on the expiry of such leave or vacation.

PRIVILEGE LEAVE IN CASES OF REGULAR VACATIONS.

271. Privilege Leave is not admissible to Officers serving in Departments in which regular vacations are allowed, during which the Officers are permitted to be absent from duty, as Judicial Officers (other than District and Sessions Judges), Educational Officers, Officers in a High Court. But in case of urgent necessity, Privilege Leave may be granted to any such Officer under the ordinary Rules, subject to the conditions—

- (i) That the Officer shall, during his absence, receive only half the salary and allowances ordinarily admissible during Privilege Leave, and
- (ii) That the leave cannot in any case be combined with vacation.

NOTE.—[The rule in this Article does not apply to the Judicial Commissioners and Additional Judicial Commissioners of Oudh, Sindh, and the Central Provinces in cases where the conditions of the note to Article 278 are satisfied.]

272. The preceding Article does not apply to the case of an Officer who is, by general or special orders issued by competent authority, prevented in any year from availing himself of the vacation or vacations by reason of his having to remain at his post on duty. In such a case Privilege Leave may be granted under the Ordinary Rules; provided always that the leave shall not in any case be combined with vacation.

Note.—[In the case of every Officer to whom

Articles 271 and 272 apply, the presumption is that he will avail himself of the vacation. No certificate of title to Privilege Leave, except the leave in 'case of urgent necessity,' under Article 271, can be given for the period of service rendered between two vacations, until the second vacation expires. If, however, the conditions required by this Article or by Article 273 to render an Officer eligible for Privilege Leave under the ordinary rules are subsequently fulfilled in respect of the second vacation, any Privilege Leave which may have been granted on half salary under Article 271, in consequence of the presumption that the Officer would avail himself of the vacation, may be commuted into Privilege Leave on full salary. Privilege Leave on full salary may be combined with Privilege Leave on half salary, to the extent due, granted under Article 271.]

274. An Officer who is, by general or special orders issued by competent authority, prevented from availing himself of a part only of a periodical vacation may, during Privilege Leave subsequently taken, draw his full salary for a period bearing the same proportion, if the vacation be annual, to a month, or if it be half-yearly, to half a month, as the time spent on duty during the vacation bears to the whole vacation.

275. An Officer transferred from a department to which the ordinary Privilege Leave Rules apply, to one in which Articles 271 to 274 apply, loses all claim to take the Privilege Leave at his credit, provided that—

- (i) Any Privilege Leave granted to him during the first three years after his transfer, under Articles 271 and 274, may, to the extent of the Privilege Leave at his credit as aforesaid, be leave on full salary not exceeding the salary which would have been admissible if he had taken the leave immediately before being transferred.
- (ii) If he returns to a department in which Privilege Leave is regulated by the ordinary rules, he shall be reckoned on such return to have at his credit the amount of Leave which was at his credit at the time of the first transfer, less any amount enjoyed under proviso (i).

276. The reckoning under the preceding Article shall not, in any case, extend backwards over an interruption of duty.

277. Officers to whom Privilege Leave under the ordinary rules and conditions is not admissible (Article 271), may combine vacation with long leave (either at the beginning or end thereof) on the same conditions as those on which other Officers are allowed to combine Privilege Leave under Article 233.

278. The foregoing rules do not apply to District and Sessions Judges: to them Privilege Leave is granted under the ordinary rules, and they may combine:—

- (a) Privilege Leave with long leave under the conditions of Article 233.
- (b) Vacation with either Privilege Leave or long leave taken separately when such combination can be arranged without additional expenditure, and is admissible under the terms of Article 220, the days occupied by the vacation being treated for this purpose as gazetted holidays.

They may not, however, take vacation together with combined leave.

NOTE.—[The rule in this Article has been extended to the Judicial Commissioners, and Additional Judicial Commissioners of Oudh,

Sindh, and the Central Provinces, for such time as the Court of the Judicial Commissioners in each case consists of not less than three Judges and provided the Court's annual vacation does not exceed one month.]

(f) Officers specially admitted by the Government of India to the benefit of the rules in this chapter.

FURLOUGH.

299. *General Limitation.*—The amount of Furlough admissible to a Member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules, and the aggregate amount of Furlough and of Special Leave with Allowances, admissible to any other Officer to whom these rules apply (see Article 297) is six years. All the rules in this part of the regulations are subject to this limitation.

300. The following leave under other Rules is counted as Furlough under the preceding Article:—
(a) In the case of a Military Officer subject to the Civil Leave Rules:—

(i) All Leave and Furlough under the Military Furlough Regulations of 1868 which count as part of the maximum of eight years admissible under those Regulations;

(ii) Furlough under Rules 1 and 6 of the Military Furlough and Leave Rules of 1875; and

(iii) Leave out of India with pay under the Leave Rules for the Staff Corps (1886).

(b) In the case of any other Officer to whom these Rules apply:—Furlough and Leave with Allowances on Medical Certificate and Leave on private affairs under the Indian Service Leave Rules.

301. *Leave after completion of Term of Service.*
(a) The limitations affecting Members of the Indian Civil Service, whose term of service is complete, are prescribed in Article 555, and those affecting Military Officers, in Article 620.

(b) Any other Officer subject to the Rules of this Chapter, who is retained in the service after the age of fifty-five years, may, after attaining that age, be granted Privilege Leave, or any Special Leave to which he may be otherwise entitled, or Subsidiary Leave preparatory to retirement, or Extraordinary Leave without Allowances under Article 332. The total leave granted, under the heads of Special or Extraordinary, must not exceed six months in all. No other kind of leave may be granted,

and any leave, other than Privilege Leave or Special Leave, granted to such an Officer before the date on which he attains the age of fifty-five years, ceases to have effect on that date.

NOTE.—[Except in the case of an Officer, who, after the age of fifty-four years, has been refused Leave, owing to the exigencies of the Public Service, the grant of leave under Clause (b) to this Article is subject to the condition that the Officer returns to duty at the end of the Leave. In applying for Leave the Officer must record a declaration that he has no intention of retiring for three months after his return to duty.]

302. The Amount of Furlough 'earned' by an Officer is one-fourth of his Active Service. (See also Article 305.)

303. A Military Officer subject to civil rules may, if he desire it, add to Furlough earned by service under civil rules an amount of Furlough in respect of his previous service calculated as shown below. If, however, the result of such calculation is that the Officer had, at the time of coming under civil rules, taken Leave in excess of the proportion applicable to his previous service, such excess shall not be taken in reduction of the Furlough earned by him under civil rules. A Military Officer subject to civil rules may be granted at any time any Leave which he has earned under civil rules, and may defer or forego the Leave he has earned under Military Regulations.

(i) An Officer who, at the time of coming under Civil Leave Rules, was subject to the Military Furlough Regulations of 1868 or 1875, may be credited with the Furlough that may have accrued to him, less any Furlough already taken which, under those rules, would reduce the amount of Furlough due. The amount of Furlough accrued shall, in that case, be calculated proportionably on the whole service qualifying for Furlough, without reference (a) to the restriction imposed by those rules on the counting towards Furlough of any Military Service in India rendered by the Officer previous to his becoming subject to such rules, and (b) to the minimum periods of service which those rules require to be rendered before Furlough can be granted.

(ii) The service for Furlough of an Officer whose case does not fall under Clause (iii) of this Article, and who, when he came under the Civil Leave Rules, was subject to the Staff Corps Leave Rules (1886), shall be calculated in accordance with Article 302 retrospectively from the date of his arrival in India; i.e., he shall be credited with an amount of Furlough equivalent to one-fourth of his active service, as defined in Article 8, less any leave with pay out of India actually taken. The provisions of this clause apply to Officers of the Royal Engineers in Civil employ who, while serving under British Army Leave Rules, either (1) have elected for continuous service in India, whether the election was made before or after their entry into Civil

employment, or (2) have completed five years' Indian Service and elect to come under Civil Leave Rules.

Note.—[An Officer of the Royal Engineers who has not elected for continuous service in India, remains under British Army Leave Rules till he completes five years' Indian Service.]

(iii) In the case of an Officer who, before electing the Leave Rules for the Staff Corps (1886), was subject to the Military Furlough Regulations of 1868 or 1875, the amount of Furlough to be added to Furlough earned under the Civil Leave Rules shall be calculated in the following manner:—

(a) For the period the Officer was subject to the Military Furlough Regulations of 1868 or 1875, he shall be credited with Furlough calculated in accordance with Clause (i) of this Article;

(b) for the period the Officer was under the Leave Rules for the Staff Corps (1886), he shall be credited with Furlough calculated in the manner described in Clause (ii), except that the calculation shall be made from the date of coming under the Staff Corps Rules, instead of from the date of arrival in India.

Note.—[When a Military Officer becomes subject to the Civil Leave Rules, the Account Officer in charge of his record of pension service will, on application, and on being furnished with the date of commencement of Active Service, furnish to the Audit Officer to whose audit he becomes subject, a memorandum showing the Furlough earned, the different kinds of leave taken (distinguishing those which should be deducted from the maximum Furlough permissible), and the balance of Furlough due under Military Rules.]

304. The Amount of Furlough 'due' to an Officer is the amount which he has 'earned,' diminished:—

(a) In the case of a Member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules, by the Furlough which he has enjoyed under these Rules.

(b) In the case of an Officer other than an Officer of the Indian Civil Service or the Army, by the Furlough or Special Leave with allowances which he has enjoyed under these Rules, (See also Article 305.)

305. The following rules regulate the calculation of the Furlough due to an Officer who after being subject to the Indian Service Leave Rules becomes entitled to the Rules contained in this Chapter:—

(a) In the case of an Officer who becomes entitled to the Rules in this Chapter on or after 11th October, 1893, the date of receipt of the Secretary of State's Despatch, No. 188, of September 21st, 1893, by reason of his acquiring on or after that date the qualification specified in Article 257 (d) or (e):—

(i) The amount of Furlough due to him shall be taken at one-eighth of his active service while under the Indian Service Leave Rules, less the amount of furlough or of leave on private affairs enjoyed by him under Articles 337 and 338.

(ii) Leave on Medical Certificate shall in this calculation reckon neither as service

qualifying for Furlough nor as Furlough taken, but the amount of Furlough due shall not exceed the amount which would be due if the Officer had been under the European Service Leave Rules from the beginning of his service, and the leave taken by him on medical certificate had been Furlough on Medical Certificate under the Rules in this Chapter.

(b) In the case of an Officer who is brought under the Rules in this Chapter for the first time, by the operation of the orders in the despatch of the 21st September, 1893, but who would have come under them at an earlier date if they had been in force at the time, the calculation of Furlough and other leave due shall be made as follows:—

(i) If under those orders he would have been under the Rules in this Chapter from the commencement of his service, the calculation shall be made as if such Rules had applied to him from the commencement of his service, and all leave taken by him had been taken under those Rules.

(ii) If under those orders he would at some stage in his service have passed from the Indian Service Leave Rules to the Rules in this Chapter, then the calculation shall be made under the Rules in Clause (a) under this Article, as if he had come under the Rules in this Chapter at such earlier stage. He shall be held to have been under the Rules in this Chapter from the said earlier date, and all Furlough, leave on private affairs, or leave on medical certificate taken after such date, shall be treated as Furlough taken under the Rules in this Chapter:

Provided that in the case of the Officers mentioned in Article 297 (c) who came under the Rules in this Chapter before the 11th October, 1893 the calculation shall continue to be made under the following Rules:—

In calculating the Furlough 'earned,' only half the Active Service rendered by the Officer in offices other than those included in Article 330 of the Second Edition of these Regulations is taken into account. The whole of the Active Service rendered by the Officer whilst officiating in any of those offices is taken into account.

In calculating the Furlough 'due,' the Furlough 'earned' is diminished by the Furlough, Leave on private affairs, and Leave on medical certificate with allowances, which the Officer has enjoyed under the Indian Service Leave Rules.

306. The Rules in Articles 304 (b) and 305 are subject to the proviso that, if more than two years' furlough be due to an Officer when he first becomes subject to the Rules in this Chapter, the excess shall be cancelled.

307. An Officer who comes under the Rules in this Chapter while he is on leave under the Indian Service Leave Rules may, at his option:—

(a) Change his leave allowances to the amount admissible under the European Service Leave Rules, and come under them immediately; or

(b) Postpone his coming under them until his return from leave.

308. *Furlough Admissible.*—To an Officer who has rendered three years' Continuous Service, Furlough for not more than two years may be granted, as follows:—

(a) On medical certificate,—unconditionally (see Articles 828 to 832).

(b) Without medical certificate,—subject to these provisos:—

(i) That the Furlough be due to him;

(ii) That he has rendered eight years' Active Service in Civil employ;

(iii) That an interval of not less than eighteen months has elapsed between last return from Privilege Leave of over six weeks duration, and the Furlough, or Privilege Leave, if any, with which the Furlough is combined. In the case of Privilege Leave combined with other Leave which does not interrupt continuous service (Article 22), the period of eighteen months begins to run from the date subsequent to that of the end of the combined Leave.

(iv) If a Military Officer subject to the Civil Leave Rules, who has not rendered eight years' Active Service in Civil employ; and

(1) If the Furlough which he applies for is his first Furlough—that he has two years' Furlough due to him under the calculation in Article 303; or

(2) If the Furlough applied for be other than his first Furlough—that he has rendered three years' Continuous Service since his return from Furlough;

(v) That the whole number of Officers absent on Furlough and Special Leave does not exceed the limit (if any) appointed by the Government of India (see Articles 309 and 310).

309. Except on medical certificate, or on very urgent private affairs, Furlough or Special Leave may not be granted to any Member of the Indian Civil Service, or to any Military Officer whether subject to the Civil or the Military Leave Rules, or to any other Officer who is, if employed in Oudh, the Central Provinces, Burma, Assam, Ajmir, Coorg, or Berar, a Member of the Commission, or who is, if employed elsewhere, the holder of an office corresponding to that of a Member of a Commission, if one-fifth of all the Officers of a Commission, or of all Officers holding appointments similar to those of Members of a Commission, as the case may be, are already absent on Furlough or Special Leave.

310. (a) If under the operation of proviso (v), Article 308, the applications for Furlough (including those under Article 232) cannot all be complied with, Furlough will be granted in the following order:—

First.—To the applicant to whom the most Furlough is due;

Secondly.—Of two or more applicants to whom the same amount is due; to him who has rendered longest Continuous Active Service;

Thirdly.—Of two or more such applicants who have rendered the same Continuous Active Service;—to the Senior.

(b) This Article refers to applications registered for a Furlough not yet vacant. The order of date in which such applications are made has no significance. The Article cannot affect

applications made for a Furlough already vacant unless they happen to arrive by the same post.

311. To an Officer who has not rendered three years' Continuous Service, Furlough may be granted on medical certificate as follows:—

(a) If the Furlough due exceeds a year, to the extent due, not exceeding two years;

(b) If the Furlough due does not exceed a year, for not more than one year.

312. *Extension of Furlough.*—(a) Furlough granted under Article 308 may, on medical certificate, be extended to not more than three years.

(b) Furlough granted under Article 311 for less than two years under Clause (a), or less than one year under Clause (b), may, on medical certificate, be extended to the extent of the Furlough, due to the officer, not exceeding two years, or to one year, respectively.

313. *Ordinary Furlough* can, under no circumstances, extend beyond two years at one time; it includes:—

(i) The first two years of each separate period of Furlough under Article 308, including any extension under Article 312 (a);

(ii) So much of Furlough under Article 311, including any extension under Article 312 (b) as may be due.

314. *Leave Allowances.*—An Officer on ordinary Furlough is entitled to a Leave allowance equal to half his average salary, subject to the following limits:—

(a) In the case of a Member of the Indian Civil Service:—

(i) If paid at the Home Treasury of the Government of India, maximum £1,000 a year and minimum £500 a year, or the salary last drawn by him on duty, whichever is less;

(ii) If paid in India, maximum Rs. 833½ a month, and minimum Rs. 416½ a month, or the salary last drawn by him on duty, whichever is less.

(b) In the case of a Military Officer, subject to the Civil Leave Rules, the same maxima and minima as in the case of a Member of the Indian Civil Service: Provided that, during Furlough added under Article 303 to the Furlough earned under Civil Rules, the minimum shall (in the case of an Officer who became subject to the Civil Leave Rules on or after the 1st April, 1888) be that prescribed by the Military Rules to which an Officer was subject immediately before coming under the Civil Leave Rules; and that in the case of an Officer of the Royal Engineers, whose case is governed by Clause (ii) under Article 303, the minimum shall be the rate prescribed by the Leave Rules for the Indian Army, according to the length of his service for Indian pension. In the case, however, of an Officer of the Royal Engineers serving under British Army Leave Rules, the minimum for so much of the Furlough credited under Article 303 (ii) as has been earned by service in Civil employment shall be at the rate of:—

(i) £500 a year—if he elected for continuous service in India before the 1st February, 1898;

(ii) £500 a year, or the salary last drawn by him on duty, whichever is less—if he elects to come under the Civil Leave Rules after completing 5 years' Indian Service.

PART III.—LEAVE RULES—continued.

Note.—[A military officer in Civil employ, who is granted furlough on medical certificate in excess of the amount earned by him both under the Civil and Military Rules, may be allowed the Civil minimum rate of leave allowance for the period of leave enjoyed in excess of the amount so earned; but such officer must exhaust all leave that he has so earned before he can be eligible for this concession.]

(c) In the case of any other Officer subject to these Rules—

(i) If paid at the Home Treasury of the Government of India, maximum £800 a year; no minimum, except as provided in Article 320.

(ii) If paid in India, maximum Rs. 666½ a month; no minimum, except as provided in Article 320.

Provided always that the allowances of an Officer during Leave shall in no case exceed his actual salary when he takes Leave.

1. An Officer on Furlough does not forfeit his past Leave allowances by resigning the service without returning to India.

315. An Officer on Furlough other than ordinary is entitled—

(i) If a member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules, to subsistence allowance. [See Article 108 (a).]

(ii) If an Officer not in the Indian Civil Service or in the Army, to £480 a year paid at the Home Treasury, or Rs. 400 a month paid in India, or to one-quarter of his average salary, whichever is less. In the case provided for in Article 320, quarter average salary is subject to the minima prescribed in that Article.

Note.—[Absentee allowances in respect of Leave spent out of India, if paid in India, are subject to the Rupee limits prescribed in Articles 314 and 315.]

SPECIAL LEAVE.

316. Subject to the rule laid down in Article 232, special Leave on urgent private affairs may be granted at any time for not more than six months.

Provided that an Officer who has had Special Leave must render six years' Active Service before he can again have such Leave.

(1) Furlough under Rule XI. of the Military Furlough Rules of 1868, is 'Special Leave' within the meaning of this proviso.

317. An Officer promoted from an office subject to the Indian Service Leave Rules, is not debarred from obtaining Special Leave with allowances under the preceding Article by reason of his having had Leave on Private Affairs under the Indian Service Leave Rules, which is Furlough in another form.

318. *Leave Allowances.*—(a) For the first six months for which an Officer is on Special Leave, whether the six months be included in the same leave or not, he is entitled to the leave allowance admissible under Article 314. Thereafter he is entitled to no leave allowance.

(b) An Officer on Special Leave does not forfeit his past leave allowances by resigning the Service without returning to India.

319. A Military Officer in Civil employ, subject to the Furlough Rules of 1868, is entitled, during the first six months of Special Leave under Article 316, to an allowance of half average salary, subject to a maximum of £1,000, and a minimum of £250 a year. The title to this allowance is not affected by any leave previously taken under Rule XI. of the Rules of 1868.

MINIMUM LEAVE ALLOWANCE.

320. The Leave allowances of an Officer of the classes referred to in Article 314 (c) if on Leave out of India (except in Ceylon or the Straits Settlements) are subject to the following minima:—

(a) if the Leave is Furlough on Medical Certificate under Article 308 (a) or Article 311; or

(b) if the Leave, although not Furlough on Medical Certificate under Article 308 (a) or Article 311, has been granted on account of ill-health.

N.B.—[In order to claim the benefit of this Article, the Leave application must be supported by a medical certificate in the form prescribed in Chapter XLIV, recommending Leave out of India.]

On Ordinary Furlough or Special Leave—

When paid in England...£200 a year, or ⅔ths of the salary last drawn on duty, whichever is less.

When paid in India...Rs. 166½ a month, or ⅔ths of the salary last drawn on duty, whichever is less.

On Furlough other than Ordinary—

When paid in England...£100 a year, or 37½ per cent. of the salary last drawn on duty, whichever is less.

When paid in India...Rs. 83½ a month, or 37½ per cent. of the salary last drawn on duty, whichever is less.

Note.—[The minimum rate of Leave allowance prescribed in this Article is also admissible in the case of any Leave out of India (other than Extraordinary Leave without pay) which has been extended on medical certificate, or which has been commuted into Leave on Medical Certificate. The certificate should be in the same form as that required by the Civil Service Regulations to entitle an Officer to Leave on Medical Certificate, and should recommend Leave out of India.]

SUBSIDIARY LEAVE.

321. (a) Subsidiary Leave is the time allowed—

(i) To an Officer leaving India, on retiring from the Service, or on Furlough or Special Leave, to break up his domestic establishment and travel to the port of embarkation: and

(ii) To an Officer returning to India from Furlough, or Special Leave, to travel from the port of debarkation and reorganise his domestic establishment.

No Subsidiary Leave is admissible to an Officer who does not leave India by sea.

(b) Subsidiary Leave granted to an Officer preparatory to retirement ceases when he actually resigns the Service.

1. An Officer serving in Persia or Turkish Arabia reckons Subsidiary Leave to or from the port or frontier town by which he leaves or returns to the country. The date of departure or return must be certified by the British Consul or, if there be no British Consul, by the Officer himself.

2. An Officer either of the Persian or the Persian Gulf Section of the Indo-European Telegraph Department, who practically has to go on or return from leave by an Indian port, whether it be Karachi or Bombay, may reckon Subsidiary Leave to or from such port.

322. (a) The grant to an Officer leaving India—

(i) Of permission to retire from the Service; or

(ii) Of Furlough or Special Leave out of India,

carries with it the grant of Subsidiary Leave. But Subsidiary Leave is admissible only at the end, and not at the beginning of Leave out of India, when such Leave is combined with Privilege Leave under Article 233.

(b) An Officer returning to India without the permission of the authority which granted him leave, more than fourteen days before the end of his Furlough or Special Leave, is not entitled to Subsidiary Leave, save under the special orders of the Local Government.

323. *Leave in and out of India.*—(a) An Officer (including a Military Officer subject to the Military Leave Rules) may take Furlough or Special Leave partly in and partly out of India. But Subsidiary Leave is not admissible unless the Furlough or Special Leave begins or, as the case may be, ends, as Furlough or Special Leave out of India.

(b) If an Officer going on Furlough or Special Leave out of India is prevented by sickness or other reason not within his own control,—such, for example, as the postponement of the departure of the vessel in which his passage is engaged,—from embarking within his Subsidiary Leave, the Local Government may order that his Furlough or Special Leave shall begin in India at the end of the Subsidiary Leave otherwise admissible, without forfeiture of his Subsidiary Leave.

324. *Period admissible.*—The minimum Subsidiary Leave is ten days; otherwise Subsidiary Leave is calculated according to the rules and restrictions laid down in Chapter IX. for 'Joining Time.'

330. *Leave Allowances.*—An Officer on Subsidiary Leave is entitled to allowances as follows:—

(a) If the leave be subsidiary to Special Leave, and the Officer have had leave subsidiary to a former Special Leave:—no allowance.

(b) If the leave be subsidiary to Ordinary Furlough or Special Leave (otherwise than as provided in Clause (a)):—the allowance admissible under Article 314, but calculated, in the case of a Member of the Indian Civil Service,

or a Military Officer subject to the Civil Leave Rules, without the limitations of maximum or minimum prescribed by Clauses (a) and (b) of Article 314. The limitations prescribed by Clause (c) of Article 314 apply to the allowances of any other Officer subject to this Article on Subsidiary Leave.

(c) If the leave be subsidiary to Furlough other than Ordinary:—the allowance admissible under Article 315.

(d) If the Officer has been absent on Extraordinary Leave, the duration of which exceeds a fortnight, or has, under Article 229, ceased to have a lien on a substantive appointment:—

(i) In the case of a Member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules:—Subsistence Allowance; and

(ii) In the case of any other Officer subject to this Article:—no allowance.

(e) If the leave be preparatory to retirement:—the allowances which would be admissible if the Officer were proceeding on Leave of such description as may be admissible to him; and if no leave is admissible:—Subsistence Allowance only.

331. An Officer may draw allowances as if he were on Privilege Leave, for any part of his Subsidiary Leave under Clause (i) of Article 321 (a) for which, if he were not retiring from the Service, or going on Furlough or Special Leave, Privilege Leave would be admissible to him. It is to be observed that an Officer who has no lien on an appointment cannot benefit by this Rule. (See Article 263.)

Note.—[This Article will have no application in cases in which Privilege Leave is combined with other Leave under Article 233, as Subsidiary Leave is not then admissible. See Article 322 (a).]

EXTRAORDINARY LEAVE.

332. Subject always to the provisions of any Statute applicable to the case, the Local Government (or, if the Officer be on Furlough or Special Leave in Europe, the Secretary of State) may in special circumstances, and when no other kind of leave is by rule admissible, grant Leave of absence from duty otherwise than under these Regulations: Provided that—

(i) Such Leave may not be granted in combination with the grant of other Leave, except as provided in Article 233. But it may be granted in continuation of other Leave if circumstances arise which, in the opinion of the Local Government, are such as to justify the concession. No Officer is entitled to Extraordinary Leave.

(ii) An Officer absent from duty on Leave so granted shall receive no absentee allowance; and

(iii) If he is a Member of the Indian Civil Service, or a Military Officer subject to the Civil Leave Rules, he shall retain no lien upon any office, except when Extraordinary Leave, not exceeding a fortnight, is granted in continuation of other Leave. (See Clause (d) of Article 330.)

1. In cases in which the duration of the Extraordinary Leave to be granted does not

PART III.—LEAVE RULES—continued.

exceed two months, the Local Government may dispense with the condition in this Article that the Leave can be granted only when no other kind of Leave is by rule admissible.

Note.—[This Article does not refer to Casual Leave for short periods. Such Leave is not recognised, and is not subject to any rule. Technically, therefore, an Officer on Casual Leave is not treated as absent from duty, and his salary is not intermitted. Casual Leave, however, must not be given so as to cause evasion of the rules regarding—

- (i) Date of reckoning allowances } (see Articles 52 to 55),
- (ii) Charge of office } (see Articles 220 to 231),
- (iii) Commencement & end of Leave }
- (iv) Return to duty }

or so as to extend the term of Privilege or other Leave beyond the time admissible by rule.]

Explanation.—This note is not to be read as precluding the treatment as casual leave, of absence from duty following on leave granted under the rules, so long as such absence is due to reasons involving no evasion of the rules in regard to the matters above specified, as for instance when it is necessitated by detention in plague camps on the way to rejoin, or by orders not to attend office in consequence of the presence of infectious disease in the family or household of the person concerned.

When, however, absence from duty for reasons of the nature above indicated exceeds the period which may reasonably be treated as casual leave under the discretion vested in the head of the office, the case should be dealt with as follows :—

CHAPTER XIV.—LONG LEAVE—INDIAN SERVICES.

EXTENT OF APPLICATION.

334. The rules in this Chapter apply to all Officers who are not entitled to Leave under the other chapters of these Regulations. They apply fully only to those Officers whose pay is not less than 100 rupees a month, and who have substantive appointments on permanent establishments under the Government.

335. (a) Leave may, however, be granted under this chapter to an Officer (whether he be a Superior or an Inferior servant), whose pay is less than 100 rupees, so far as it can be done without imposing any cost upon the State. The Absentee Allowance of the substantive incumbent must not exceed what remains from the pay of the appointment after provision is made for the efficient discharge of his duties during his absence, except, when in the resultant acting arrangements, an officer who has no substantive appointment, is given more than half the pay of the appointment in which he acts, in which case the excess over half pay granted to him may at the discretion of the Local Government be disregarded altogether in calculating the sum available for the leave allowance of the absentee, and the acting allowances paid in consequence of his absence. The Local Government may delegate its power under this clause to Heads of Offices and Departments.

(b) No leave in excess of the Leave admissible under these rules may be granted to such an Officer, with allowances, or counting as service for pension.

(1) If the person concerned has further leave due to him carrying the same allowances as the leave already granted, he will be required to take an extension of leave to cover his further absence from duty.

(2) If the further absence from duty cannot be covered in this way, the period, or such part of it as remains uncovered, will be treated as leave without allowances, unless the person concerned prefers to substitute leave of another description for that which he has previously taken.

Example.—A, who has had two months' Privilege Leave, is detained for a further period of one month in a plague camp. If he has a month or less Privilege Leave still due, this must be reckoned against the further period of detention. If he has no Privilege Leave due but has Furlough to his credit, he has the option of converting the entire period of his absence from duty into Furlough, or of taking leave without allowances for the extra month.

333. A Military Officer subject to the Civil Leave Rules, who has exhausted the full period of Furlough admissible to him under these Regulations, and who is granted Extraordinary Leave on medical certificate, will continue to be treated as wholly in civil employ for all purposes, with the exception that, if the Medical Board at the India Office report that there is no prospect of the Officer returning to duty within a reasonable period, he will be placed on military half-pay. If an Officer thus placed on half-pay is afterwards permitted to revert to the effective list, and returns to duty in India, he will not be entitled to be reinstated in civil employment, but will be posted to civil or military duty as may be decided in India.

LONG LEAVE.

336. Leave on Medical Certificate may be granted for three years in all, but not for more than two years at one time; and no Officer can have Leave on medical certificate out of India more than twice.

337. Leave on Private Affairs for six months may be granted to an Officer who has not had Furlough, after six years' service, and repeated after intervals of six years.

1. Leave on Private Affairs does not accumulate, and cannot be taken in instalments.

2. Leave on Medical Certificate counts as service for Leave on Private Affairs.

338. Furlough may be granted as follows :—

(a) After ten years' service, one year or any less period, and thereafter at intervals of not less than eight years, one year, or such other period as together with all periods already spent on Furlough may not exceed two years; or

(b) After eighteen years' service, two years or any less period, and thereafter at intervals of not less than eight years, any such period as together with all periods already spent on Furlough may not exceed two years.

Provided :—

(i) That the service for Furlough of an Officer who has had Leave on Private Affairs counts only from the date of his last return from such leave.

CHAPTER XIV.—LONG LEAVE—INDIAN SERVICES—continued.

(ii) That the aggregate amount of Furlough or of Furlough and Leave on Private Affairs taken together shall not exceed two years.

(iii) That an interval of not less than eighteen months has elapsed between last return from Privilege Leave of over six weeks duration, whether taken by itself or in combination with Leave on Medical Certificate, and the Furlough, or Privilege Leave, if any, with which the Furlough is combined.

1. Leave on Medical Certificate counts as service for Furlough.

339. Extraordinary Leave without allowances may in case of necessity, and when no other Leave is by rule admissible, be granted for such time as may be necessary. Time spent on Leave under this Article does not count as service for other Leave. Subject to the provisions of Article 198, there is no limit to the length or frequency of Leave under this Article. It may not be granted in combination with the grant of other Leave, except as provided in Article 233. But it may be granted in continuation of other Leave if circumstances arise which prevent the return by the Officer to duty, and which in the opinion of the Local Government, or the authority empowered to grant the Leave, are such as to justify the concession. No Officer is entitled to Extraordinary Leave.

1. In cases in which the duration of the Extraordinary Leave to be granted does not exceed two months, the Local Government or the authority empowered to grant the leave may dispense with the condition in this Article that the leave can be granted only when no other kind of leave is by rule admissible.

2. An Officer who has a temporary or officiating appointment only may, at the discretion of the Local Government or the head of the Officer's office, be allowed leave under this Article for not more than three months.

Note.—[See the note to Article 332, which applies to this Article also.]

340. Leave Allowances.—(a) An Officer on Leave on Medical Certificate under Article 336 is entitled to half his average salary for the first fifteen months of each period of absence, but not for more than thirty months in all. For the rest of his Leave under Article 336 he is entitled to a quarter of his average salary.

(b) An Officer on Furlough or on Leave on Private Affairs is entitled to half his average salary.

341. (a) Half average salary is subject to the following maxima :—

(i) if paid in India, Rs. 666½ a month in the case of Officers of the Provincial Civil Service holding "listed" appointments, and Rs. 500 a month in the case of other Officers.

(ii) if paid at the Home Treasury, £600 a year.

(b) Quarter average salary is subject to a maximum of Rs. 400 a month if paid in India, and £480 a year if paid at the Home Treasury.

(c) For non-gazetted Officers whose salary is not less than Rs. 300, the minimum of half average salary is Rs. 150, and of quarter average salary Rs. 75 a month.

Note 1.—[Absentee allowances in respect of

Leave spent out of India, if paid in India, are subject to the rupee limits prescribed in this Article.]

Note 2.—[For the purposes of this Article, Ceylon and the Straits Settlements are not held to be "out of India."]]

342. The half average salary and quarter average salary of an Officer subject to the rules in this Chapter if on Leave out of India (except in Ceylon or the Straits Settlements) are subject to the following minima :—

(a) If the leave is Leave on Medical Certificate under Article 336; or

(b) if the leave, although not Leave on Medical Certificate under Article 336, has been granted on account of ill-health.

N.B.—[In order to claim the benefit of this Article, the leave application must be supported by a medical certificate in the form prescribed in Chapter XLIV recommending leave out of India.]

Half average salary— Minima.

If paid in England ... £200 a year or $\frac{1}{10}$ ths of the salary last drawn on duty, whichever is less.

If paid in India ... Rs. 166½ a month, or $\frac{1}{10}$ ths of the salary last drawn on duty, whichever is less.

Quarter average salary—

If paid in England ... £100 a year, or $\frac{1}{20}$ per cent. of the salary last drawn on duty, whichever is less.

If paid in India ... Rs. 83½ a month, or $\frac{1}{20}$ per cent. of the salary last drawn on duty, whichever is less.

Note.—[The minimum rate of Leave allowance prescribed in this Article is also admissible in the case of any Leave out of India (other than Extraordinary Leave without pay) which has been extended on Medical Certificate, or which has been commuted into Leave on Medical Certificate. The certificate should be in the same form as that required by the Civil Service Regulations to entitle an Officer to Leave on Medical Certificate, and should recommend Leave out of India.]

343. All the rules in Article 340 are subject to the proviso that the allowances of an Officer during Leave shall in no case exceed his actual salary when he takes Leave.

344. An Officer does not forfeit the allowances to which he is entitled under Articles 340 to 343 by resigning the service at the end of the Leave.

345. Leave after Fifty-five years of age.—An Officer in superior service who is subject to the Rules of this Chapter is eligible, after he attains the age of fifty-five years, for Privilege Leave, for any Leave on Private Affairs (Article 337) to which he may be otherwise entitled, for Subsidiary Leave preparatory to retirement, and also for Leave without allowances under Article 339, provided that the total Leave granted, whether on private affairs or without allowances, does not exceed six months in all, and for no other

PART III.—LEAVE RULES—continued.

kind of Leave. Any Leave, other than Privilege Leave, or Leave on Private Affairs, or Subsidiary Leave preparatory to retirement, granted to such an Officer before the date on which he attains the age of fifty-five years, ceases to have effect on this date.

Note.—[Except in the case of an Officer who after the age of 54 years has been refused leave owing to the exigencies of the Public Service, the grant of leave under this Article is subject to the condition that the Officer returns to duty at the end of the leave. In applying for leave the Officer must record a declaration that he has no intention of retiring for three months after his return to duty.]

SUBSIDIARY LEAVE.

346. An Officer going on or returning from Leave out of India on Medical Certificate, Leave on Private Affairs, or Furlough, is entitled to Subsidiary Leave under the Rules in Articles 321 and 323 to 331, and the grant of such Leave carries with it the grant of Subsidiary Leave including, as in the cases referred to in Article

321 (a), Clause (ii), Subsidiary Leave on return to duty.

Note.—[When Privilege Leave is combined with other leave under Article 233, Subsidiary Leave is not admissible to an Officer going on leave.]

347. Subsidiary Leave on half-pay for not more than fourteen days may be granted to an Officer leaving India by sea on retirement, provided that the grant causes no additional expense to the State.

348. (a) An Officer on Subsidiary Leave prefixed to other Leave is entitled to half average salary. But he may draw allowances as if he were on Privilege Leave, for any part of this Leave for which, if he were not going on leave out of India, Privilege Leave would be admissible.

Note.—[See *Note under Article 331.*]

(b) An Officer on Subsidiary Leave following other Leave is entitled to half or quarter average salary, according to the rate of allowance to which he is entitled at the end of the Leave to which it is subsidiary.

PART IV.—ORDINARY PENSIONS.

CHAPTER XV.—GENERAL RULES.

EXTENT OF APPLICATION.

348A. Every pension shall be held to have been granted subject to the conditions contained in Chapter XXI.

349. The conditions of service of Officers of the following classes include special rules for Pension which are laid down in the chapters noted against each, viz. :—

- (a) Judges of the High Courts (*see Chapter XXIII.*).
- (b) Barristers holding the appointments specified in Article 547 (*see Chapter XXIV.*).
- (c) Members of the Indian Civil Service (*see Chapter XXV.*).
- (d) Statutory Civil Servants (*see Chapter XXVI.*).
- (e) Ecclesiastical Officers (*see Chapter XXVII.*).
- (f) Civil Engineers and Telegraph Officers (*see Chapter XXX.*).
- (g) State Railway Establishments (*see Chapter XXXII.*).
- (h) Bengal Covenanted Pilots (*see Chapter XXXIII.*).
- (i) Police Officers drawing less than Rs. 20 a month (*see Chapter XX.*).
- (j) Port Blair Police (*see Chapter XXXIV.*).
- (k) Army Veterinary Officers of the Civil Veterinary Department (*see Chapter XXIX.*).
- (l) Burma Military Police (*see Chapter XXXVII.*).

350. The Pensions of all other Officers are regulated by the rules in this Part: Provided that it is open to a Local Government to rule that the service of any class of officers serving under it does not qualify for pension.

351. Future good conduct is an implied condition of every grant of a pension. The Local Government, the Government of India, and the Secretary of State in Council, reserve to themselves the right of withholding or withdrawing a pension, or any part of it, if the pensioner be convicted of serious crime or be guilty of grave misconduct.

The decision of the Secretary of State in Council on any question of withholding or withdrawing the whole or any part of a pension under this Regulation shall be final and conclusive.

Note.—[This rule is applicable to all the officers enumerated in Article 349 except Judges of the High Courts, Bishops, Army Veterinary Officers of the Civil Veterinary Department and members of the Indian Civil Service appointed before 16th January, 1904.]

CASES IN WHICH CLAIMS ARE INADMISSIBLE.

352. In the following cases, no claim to pension is admitted :—

- (a) When an Officer is appointed for a limited time only, or for a specified duty, on the completion of which he is to be discharged.
- (b) When a person is employed temporarily on monthly wages without specified limit of time or duty; but a month's notice of discharge should be given to such a person, and his wages must be paid for any period by which such notice falls short of a month.
- (c) When a person's whole time is not retained for the public service, but he is merely paid for work done for the State.
- 1. This clause applies, among others, to the following officers:—Advocate General, Solicitor to Government, Government Pleaders and Law Officers not debarred from private practice, Sheriffs in Presidency Towns, Coroners, Roman Catholic Priests.
- (d) When a public servant holds some other pensionable office, he earns no pension in respect of an office of the kind mentioned in Clause (c) or in respect of duties paid for by a Local Allowance.
- (e) When an Officer serves under a covenant which contains no stipulation regarding pension, unless the Government of India specially authorises an Officer to count such service towards pension.

353. Pension may not be granted to an Officer whom it is desired to remove for *misconduct, insolvency or inefficiency.*

CHAPTER XV.—GENERAL RULES—continued.

354. *Claims of Widow.*—(a) It being the duty of every Government Officer himself to provide for his family, the Government recognises no claim by a widow on account of the services of her husband, and is almost invariably under the painful necessity of rejecting recommendations made in contravention of this rule.

(b) The submission of such recommendations, save under very extraordinary circumstances, is disapproved, as calculated only to give rise to hopes which cannot be fulfilled.

CHAPTER XVI.—CONDITIONS OF QUALIFYING SERVICE.

BEGINNING OF SERVICE.

358. (a) Except for compensation gratuity, an Officer's service does not in the case of superior service qualify till he has completed twenty years of age.

(b) In other cases, unless it be otherwise provided by special Rule or Contract, the service of every Officer begins when he takes charge of the office to which he is first appointed.

Note.—[In every covenant with an Officer appointed in England by the Secretary of State, not being a Member of the Indian Civil Service or a Civil Engineer or Telegraph Officer educated at the Royal Engineering College, Cooper's Hill, or a Forest Officer, a clause is inserted to the effect that service for leave and pension begins only from the date on which the Officer joins his first appointment in India.]

359. The following exceptions are admitted to the Twenty Years' Rule :—

- (i) All Officers appointed in England by the Secretary of State; 'Indian College Engineers' (*see Article 627 (e)*); and Police probationers appointed in India under the orders contained in the despatch of the Secretary of State No. 14 (Judicial), dated 15th March, 1894.

CONDITIONS OF QUALIFICATION.

361. The service of an Officer does not qualify for pension unless it conforms to the following three conditions :—

- First.* The service must be under Government.
- Second.* The employment must be substantive and permanent.
- Third.* The service must be paid by Government.

These three conditions are fully explained in the following sections :—

362. *First Condition.*—The service of an Officer does not qualify unless he is appointed and his duties and pay are regulated by the Government, or under conditions determined by the Government.

368. *Second Condition.*—Service does not qualify unless the Officer holds a substantive office on a permanent establishment: but, upon office on a permanent establishment: but, upon such conditions as it may think fit in each case to impose, the Local Government may allow to impose, the Local Government may allow the temporary service to count for pension, if the pension does not exceed ten rupees a month.

369. An establishment, the duties of which are not continuous, but are limited to certain fixed periods in each year, is not a temporary establishment. Service in such an establishment, including the period during which the establishment is not employed, qualifies; but the concession of counting as service the period during which the establishment is not employed does

355. *Limitations.*—(a) An Officer cannot earn two pensions in the same office at the same time, or by the same continuous service.

(b) Two Officers may not simultaneously count service in respect of the same office.

356. *Military Service.*—Service which is pensionable under Military Rules does not count, and an Officer who is counting service for Military Pension, cannot simultaneously count service for Civil Pension.

not apply to an Officer who was not on actual duty when the establishment was discharged, after completion of its work, or to an Officer who was not on actual duty on the first day on which the establishment was again re-employed.

370. An Officer transferred from a temporary to a permanent appointment can count his service in the temporary office, if, though at first created experimentally, or temporarily, it eventually becomes permanent.

371. An Officer without a substantive appointment officiating in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay or count service, may, if he is confirmed without interruption in his service, count his officiating service.

373. The service of a probationer who holds a substantive office, and draws substantive pay, qualifies. So does that of an Officer who is on probation for a substantive office, if he is employed in a vacancy reserved for him, pending probation, and in which no other Officer simultaneously counts service.

374. Police probationers and temporary and officiating Assistant Superintendents of Police in all provinces count their service as follows :—

- (1) If recruited in England—from the date on which they report their arrival in India.
- (2) If recruited in India under the orders in Secretary of State's Despatch No. 14, dated the 15th March, 1894—from the date of assuming charge of their appointments.
- (3) If recruited in India before the date of the orders of 1894 mentioned in (2) above—from the date either of attaining the age of 20 years or of assuming charge of their appointments, whichever is later provided that the service has been continuous.

385. *Third Condition.*—Service which satisfies the conditions prescribed in Sections II. and III. qualifies, or does not qualify, according to the source from which it is paid; with reference to this Article service is classified as follows :—

- (a) Paid from the General Revenues.
- (b) Paid from Local Funds.
- (c) Paid from funds in respect to which the Government holds the position of trustee.
- (d) Paid by fees levied by law, or under the authority of the Government, or by Commission.
- (e) Paid by the grant, in accordance with law or custom, of a tenure in land, or of any source of income, or right to collect money.

386. Service paid from the General Revenues qualifies. The fact that arrangements are made for the recovery on the part of the Government

PART IV.—ORDINARY PENSIONS—continued.

of the whole or part of the cost of an establishment or Officer, does not affect the operation of this principle: Provided that the establishment or Officer is appointed, controlled, and paid by the Government.

390. Service paid from a Local Fund qualifies, or does not qualify, according to the rules laid down in Chapter XLII.

391. *Trust Funds*.—Service paid from funds

CHAPTER XVII.—RULES FOR RECKONING SERVICE.

SPECIAL ADDITIONS.

403. Subject to the restriction specified against the first three offices, an incumbent of one of the offices enumerated below, appointed on account of professional or other special qualifications, whose whole pensionable service has been passed in one or other of such offices, shall, if appointed at an age exceeding 25, be entitled to reckon as service qualifying for superannuation pension (but not for any other class of pension) the number of completed years by which his age may, at the time of appointment, have exceeded 25 years, subject to the proviso that five years shall be the maximum period which can be so added.

| (i) Deputy Legal Remembrancers, Bengal, and Eastern Bengal and Assam | When Barristers, Advocates, Solicitors or Vakil. |
| (ii) Assistant Secretary to the Bengal Legislative Council | |
| (iii) Presidency Magistrates. | |
| (iv) Judges of the Small Cause Court at a Presidency Town (other than the Chief Judges) and at Rangoon. | |
| (v) The Astronomer, Madras. | |
| (vi) The Director of the Colaba Observatory. | |
| (vii) Members of the Indian Educational Service who entered that service after 23rd July, 1896. | |
| (viii) Superintendent of the Government Museum and Principal Librarian of the Connemara Public Library, Madras. | |

Note.—[The extra years conceded under this Article count towards the limit of 28 years' qualifying service prescribed in Article 475 in the case of the Officers mentioned in the latter rule, or to whom its provisions may be specially extended.]

404. In the case of Officers who were in the Education Department on 23rd July, 1896, the following rule applies:—

For the purpose of calculating the amount of pension ordinarily admissible to an Officer, not being a Native of Asia, whose qualifying service began after 25 years of age, and whose service for which pension is claimed amounts to not less than ten years, and has been passed wholly in one or other of the following offices, three years shall be added to the qualifying service:—

- (i) Directors of Public Instruction.
- (ii) Inspectors of Schools.
- (iii) Principals and Professors of Colleges.
- (iv) Headmasters of Colleges and High Schools.

405. A period not exceeding one year is added to the service of any specially deserving Officer who, during employment on *Famine Duty in Madras* in 1877-78, received no extra allowance for such duty, and whose total salary during such duty did not exceed Rs. 600 a month.

which Government holds only as a trustee, such as under a Court of Wards or in an Attached Estate, does not qualify.

392. *Fees and Commission*.—Except when fees or commission are drawn in addition to pay from the General Revenues, service in an office paid only by fees, whether levied by law or under the authority of Government, or by a commission, does not qualify.

PERIODS OF LEAVE.

407. *Superior Service*.—Except as provided in Article 408, time passed on leave other than privilege leave or subsidiary leave does not count as superior service. Time passed on leave subsidiary to leave on medical certificate by an Officer subject to the Indian Service Leave Rules, who has twice before had leave on medical certificate out of India, does not count.

408. Time passed on leave with allowances counts as service as follows:—

30 "	4 "	2 years.
35 "	5 "	"

Note 1.—[The periods in columns 2 and 3 are not cumulative, that is, an Officer may not count two years' leave in 15 years' service, or more than four years' leave in 30 years' service. The maximum amount of leave both in and out of India which may be counted is that shown in column 2.]

Note 2.—[Total service in this Article means total service reckoning from the date of commencement of service qualifying for pension, and includes periods of leave.]

Note 3.—[For the purposes of this Article, Ceylon and the Straits Settlements are not held to be "out of India."]

412. *Deputation out of India*.—When an Officer is deputed out of India on duty, the whole period of his absence from India counts. When an Officer on leave out of India is employed, or is detained after the termination of his leave, on duty, the period of such employment or detention counts.

413. *Recall to duty*.—Time spent on the voyage to India by an Officer who is recalled to duty before the expiry of any recognised leave, and (if, within a year from the date on which he can be spared, the Officer takes the unexpired portion of the leave from which he was recalled) the time spent on the return voyage to Europe counts.

SUSPENSIONS, RESIGNATIONS, BREAKS AND DEFICIENCIES IN SERVICE.

416. (a) *Time passed under Suspension* pending inquiry into conduct counts, if the suspension is immediately followed by reinstatement, but, time passed under suspension adjudged as a specific penalty does not count.

418. *Resignations and Dismissals*.—(a) Resignation of the public service, or removal from it for misconduct, insolvency, inefficiency not due

CHAPTER XVII.—RULES FOR RECKONING SERVICE—continued.

to age, or failure to pass a prescribed examination, entails forfeiture of past service (see also Appendix No. 7).

(b) Resignation of an appointment to take up another appointment, service in which counts, is not a resignation of the public service.

419. Any authority who, on revision or appeal, reverses an order dismissing an Officer, may declare that the Officer's past service counts.

420. An *interruption* in the service of an Officer entails forfeiture of his past service, except in the following cases:—

(a) Authorised Leave of Absence.

(b) Unauthorised absence in continuation of authorised leave of absence, so long as the office of the absentee is not substantively filled; if his office is substantively filled, the past service of the absentee is forfeited:—

Provided that, if the absentee is subsequently reinstated, the authority whose duty it is to make the appointment, within three months, or, the Local Government, within one year, from the end of the authorised leave of absence, may declare, in an order to be communicated to the Audit Officer, that his previous service, or any part of it, shall not be forfeited.

(c) Suspension immediately followed by reinstatement, which need not be to the same office.

(d) Abolition of office or loss of appointment owing to reduction of establishment.

(e) Transfer to non-qualifying service in an establishment under Government control. The transfer must be made by competent authority; an Officer who voluntarily resigns qualifying service, cannot claim the benefit of this exception. Transfer to a grant-in-aid school entails forfeiture.

(f) Transfer to service on the household establishment of the Viceroy.

(g) Time occupied in transit from one appointment to another, provided that the Officer is transferred under the orders of competent authority, or, if he is a non-gazetted Officer, with the consent of the head of his old office.

421. The authority who sanctions the pension may commute retrospectively periods of absence without leave into leave without allowances.

422. *Condonation of Interruptions and Deficiencies*.—Upon such conditions as it may think fit, in each case, to impose:—

(i) The Government of India may condone all interruptions in service not exceeding twelve months in all; and the Local Government may condone all interruptions not exceeding three months in all.

(ii) If the proposed pension does not exceed fifty rupees a month, the Government of India may condone interruptions in service, whatever their duration; and

the Local Government may exercise the same power if the applicant for pension is serving on a Provincial Establishment; otherwise it may condone interruptions not exceeding twelve months in all.

Note 1.—The power conferred by this article may be exercised by all subordinate authorities in all cases in which they are empowered to sanction pensions under the rules, up to two months under clause (i) and six months under clause (ii).

Note 2.—[The Local Government may condone short interruption between Settlement "or Survey" and subsequent qualifying service, and declare the whole to be continuous for the purposes of Article 381 (b) when from the extreme shortness of the break, or from the ascertained circumstances of the case it is satisfied that the intention was to keep the officer continuously employed, and that the break was presumably due to faulty arrangements. This power should not be exercised when the circumstances clearly indicate that such a presumption would be incorrect, as for example, in a case when even a short period of temporary service had intervened.]

423. (1) Upon any conditions which it may think fit to impose, the Government of India or, if the applicant for pension be serving on a Provincial establishment, the Local Government may, in all cases, condone a deficiency of three months in qualifying service. If the applicant for pension be serving on an Imperial establishment, the Local Government may not condone a deficiency of more than one month.

(2) (a) If, besides his qualifying service, an Officer has rendered service (actual) paid from the General Revenues, but not counting for pension, or, if an Officer claiming a pension for Superior service has also rendered inferior service, the Government of India, or, if the officer be serving on a Provincial establishment, the Local Government may condone a deficiency in the Officer's qualifying service not exceeding half his non-qualifying, or, as the case may be, inferior service, and, also, not exceeding twelve months in all.

(b) The Local Government may, if the applicant for pension is serving on an Imperial establishment, condone in these cases a deficiency not exceeding one-fourth the Officer's non-qualifying, or, as the case may be, inferior service, and, also, not exceeding three months.

Note.—[The two clauses of this section are alternative and not cumulative.]

423A. When the applicant for pension is serving on a Provincial establishment, and the pension may be sanctioned under the rules by a subordinate authority, that authority may exercise the power conferred by Articles 422 and 423 (1) as follows:—

- Under 422 clause (i) up to two months.
- Under 422 clause (ii) up to six months.
- Under 423 clause (1) up to two months.

CHAPTER XVIII.—CONDITIONS OF GRANT OF PENSION.

CLASSIFICATION OF PENSIONS.

424. Pensions for 'Superior Service' are divided into four classes, the rules for which are prescribed in the following sections of this chapter:—

- (a) Compensation Pensions—see Section II.
- (b) Invalid Pensions—see Section III.
- (c) Superannuation Pensions—see Section IV.
- (d) Retiring Pensions—see Section V.

PART IV.—ORDINARY PENSIONS—continued.

COMPENSATION PENSION.

426. A Compensation Pension is awarded to an Officer discharged from the public service because, on a reduction of establishment, his appointment is abolished, and other suitable employment cannot be found for him. An appointment, the pay of which is reduced as part of a general scheme of revision, is abolished within the meaning of this Article.

427. To pension an Officer still capable of useful service is a waste of public money; before a pension is granted to such an Officer discharged on abolition of appointment, it must be carefully considered whether he cannot be otherwise provided for.

INVALID PENSION.

441. An Invalid pension is awarded, on his retirement from the public service, to an Officer who by bodily or mental infirmity is permanently incapacitated for the public service, or for the particular branch of it to which he belongs.

442. *Rules regarding Medical Certificates.*—If an Officer applying for an Invalid pension is sixty years old or upwards, no certificate by a Medical Officer is necessary; it suffices for the head of the office to certify to the incapacity of the applicant. Otherwise incapacity for service must be established by a Medical Certificate.

444. A simple certificate that inefficiency is due to old age or natural decay from advancing years is not sufficient in the case of an Officer whose recorded age is less than fifty-five years, but a medical officer is at liberty, when certifying that the Officer is incapacitated for further service by general debility, to state his reasons for believing the age to be understated. An Officer's pension should not be reduced under Article 478 (a) on the ground of such a belief having been expressed, unless it is clearly shown by the medical and other evidence that the age has been intentionally understated.

445. *Form of Medical Certificate in England.*—The form of the medical certificate given by the Medical Board attached to the India Office, respecting an Officer applying for pension in England, is as follows:—

We have carefully examined Mr. Taking into account all the facts of the case as well as his present condition, we consider that he is incapable of discharging the duties of his situation, and that such incapability is likely to be permanent. We therefore recommend that he be permitted to retire from the service of Government on the pension or gratuity for which he may be eligible.

452. *Restrictions.*—An Officer discharged on other grounds has no claim under Article 441, even although he can produce medical evidence of incapacity for service.

454. If the incapacity is the result of irregular or intemperate habits, no pension can be granted.

455. *Applicant to be Discharged.*—An Officer who has submitted under Article 442 a Medical Certificate of incapacity for further service, must not (except for special reasons to be reported to the Local Government) be retained in active service pending a decision on his application for pension; nor can he obtain leave of absence,

except subsidiary leave preparatory to retirement. Without the further special sanction of the Local Government, service after the date of a Medical Certificate does not count for pension.

456. The object of Article 455 is to discourage tentative applications.

457. Article 455 refers only to the retention in active service of an Officer who has furnished a medical certificate in support of an application for invalid pension or gratuity while in India. The retirement of an Officer who is absent on leave other than Privilege Leave, when such certificate is submitted, may have effect from the termination of his leave, and the Officer may continue to draw leave allowance to the end of his leave.

SUPERANNUATION PENSION.

458. A Superannuation Pension is granted to an Officer in Superior service entitled or compelled, by Rule, to retire at a particular age.

459. (a) An Officer who has attained the age of fifty-five may be required to retire by the Local Government under which he is employed. The Local Government may delegate this power, in respect of non-gazetted officers, to the head of the latter's office or department, not being under the rank of a Collector or District Judge.

(b) The rule should be worked with discretion in order to avoid depriving the State of the valuable experience of really efficient Officers, and adding unnecessarily to the non-effective charges. In the case of Officers holding superior appointments, the standard of efficiency by which retention is to be decided is above the standard required in lower appointments. In every case in which the rule is enforced, the reasons for enforcing it should be recorded. But no claim from an officer to compensation on account of the enforcement of the rule will be recognized.

(c) Each such Officer's case should be taken up when he is fifty-five years old and before the expiry of each extension of service. In every case the extension should be given for not more than one year at a time.

(d) An Officer who has attained the age of sixty cannot be retained in the service of Government save in very exceptional circumstances, and with the sanction of the Local Government.

461. Officers of the Imperial and Provincial Services of the Survey of India cease to be in employ on attaining the age of fifty-five years, unless specially permitted by the Secretary of State, in the interests of the public service, to remain in the Department for a further definite period.

1. The Government of India may, however, grant an extension of service, without previous reference to the Secretary of State, to an Officer in charge of a survey party who attains the age of fifty-five years in the middle of the survey year, provided the extension in no case exceeds six months, and is granted solely in the interests of the public service. Cases in which such extensions of service are sanctioned by the Government of India should be reported to the Secretary of State for information.

464. *Optional Retirement at Fifty-five.*—An

CHAPTER XVIII.—CONDITIONS OF GRANT OF PENSION—continued.

Officer in Superior Service, who has attained the age of fifty-five years, may, at his option, retire on a Superannuation pension.

RETIRING PENSION.

465. A Retiring Pension is granted to an Officer who voluntarily retires after completing qualifying superior service for thirty years, or such less time as may for any special class of officers be prescribed.

466. No Officer, civil or military, may retire with the view of being re-employed, (and drawing pension in addition to pay) whether in the General Service or in the service of any Local Fund (Art. 509A; Chapter XXI in 1910 Edition).

467. An Officer holding two or more separate appointments may not, save with the express sanction of the Government of India, in the Finance Department or, if pensions are a provincial charge, of the Local Government, resign one or more of such appointments on a pension, without retiring from the Public Service altogether. There is no objection to his being relieved from one or more of such appointments at any time, without being compelled to leave the service altogether, but in such case any pension admissible to him for service in the office or offices from which he is relieved will be deferred until he finally retires.

CHAPTER XIX.—AMOUNT OF PENSIONS.

GENERAL RULES.

468. The amount of pension that may be granted is determined by length of service, as set forth in Articles 474 to 485. Fractions of a year are not taken into account in the calculation of any pension admissible to an Officer under this part of these regulations.

469. *Currency.*—A pension is fixed in rupees, and not in sterling money, even though it is to be paid in England.

470. (a) The full pension admissible under the Rules is not to be given as a matter of course, or unless the service rendered has been really approved.

(b) If the service has not been thoroughly satisfactory, the authority sanctioning the pension should make such reduction in the amount as it thinks proper.

471. *Limitations.*—An Officer entitled to pension may not take a gratuity instead of pension.

473. An Officer, not being a Military Officer, or a Member of the Indian Civil Service, transferred to service under a Colonial Government, on final retirement from the Colonial service on pension or compensation allowance receives, from Indian Revenues, for each completed year of qualifying and uninterrupted service in India, a pension of one-sixtieth of his average emoluments at the time of his transfer, such average emoluments to be calculated for the last three years, or, if the whole service in India is less than three years, for the whole period of service. The pension is subject to a maximum limit of Rs. 2,000 a year for an Indian service not exceeding ten years, and Rs. 4,000 a year in any other case.

Note.—[The sanction of the Government of India is required to the transfer of an Officer to any service of the description mentioned in this article.]

AMOUNT OF SUPERIOR PENSION.

474. The amount of a pension is regulated as follows:—

(a) After a service of less than ten years, a gratuity not exceeding (except in special cases and under the orders of the Government of India) one month's emoluments for each completed year of service. If the emoluments of the Officer have been reduced during the last three years of his service otherwise than as a penalty, average emoluments may, at the discretion of the Local Government, be substituted for emoluments.

(b) After a service of not less than ten years, a pension not exceeding the following amounts:—

Years of completed service.	Scale of Pension.	Maximum limit of Pension.
		a year or a month
		Rs. 2,000 Rs. 166½
10	10-sixtieths of average emoluments.	
11	11 " " "	2,200 183½
12	12 " " "	2,400 200
13	13 " " "	2,600 216½
14	14 " " "	2,800 233½
15	15 " " "	3,000 250
16	16 " " "	3,200 266½
17	17 " " "	3,400 283½
18	18 " " "	3,600 300
19	19 " " "	3,800 316½
20	20 " " "	4,000 333½
21	21 " " "	4,200 350
22	22 " " "	4,400 366½
23	23 " " "	4,600 383½
24	24 " " "	4,800 400
25 & above	30 " " "	5,000 416½

Note.—[For the precise meaning of average emoluments, see Articles 486 and 487.]

475. Officers holding any of the appointments enumerated below, and belonging to what was formerly termed the Uncovenanted Service, may be allowed by the Local Government an additional pension of Rs. 1,000 a year, provided they have rendered not less than three years of effective service (that is, service of the same nature as that which, under the provisions of Article 644, counts for the special pensions admissible under Article 642), in such appointment, and provided also that in each case during such service the Officer has shown such special energy and efficiency as may be considered deserving of the concession. In the case of Officers entering Government service after the 31st December, 1909, the grant of the additional pension is subject to the further condition that they must, in the event of voluntary retirement, have completed twenty-eight years of qualifying service. The same rule applies to officers of the Forest Department who entered Government service on or before the 31st December, 1909 (including those who were appointed on probation on or before that date), with the exception of those who have, at the time of their retirement, rendered three years' active service in appointments not below the first grade of Conservators. Voluntary retirement for the purpose of this rule should be taken as retirement under Articles 464 and 465.

PART IV.—ORDINARY PENSIONS—continued.

REGISTRATION DEPARTMENT.—Inspectors-Genl. under Local Governments, but not under Chief Commissionerships.

POLICE DEPARTMENT.—Inspectors-General and Deputy Inspectors-General under Local Governments and Administrations, and the Commissioners of Police, Calcutta, Madras, Rangoon and Bombay.

JAIL DEPARTMENT.—Inspectors-General under Local Governments, but not under Chief Commissionerships.

EDUCATION DEPARTMENT.—Directors of Public Instruction under Local Governments and Administrations.

ACCOUNT DEPARTMENT (Civil).—(a) Comptroller and Auditor-General, Accountants-General. (b) In the case of officers of the Enrolled List who have elected the scale of pay sanctioned in the Secretary of State's despatch No. 51 Financial, dated 11th May, 1906—Appointments in Class I of the List. (c) In the case of officers of the Enrolled List who have not elected the scale above referred to—Deputy Comptroller-General, Deputy Auditors-General, Comptroller, India Treasuries, and Comptroller, Central Provinces.

POSTAL DEPARTMENT.—Director-General of the Post Office, Deputy Director-General of the Post Office, Postmaster-General.

AGRICULTURAL DEPARTMENT.—Inspector-General of Agriculture.

FOREST DEPARTMENT.—Inspector-General of Forests, and Conservators.

ARCHÆOLOGICAL DEPARTMENT.—Director-General.

GEOLOGICAL SURVEY DEPARTMENT.—Director.

SURVEY DEPARTMENT.—Surveyor-General, Deputy Surveyor-General, and Superintendents First Grade.

METEOROLOGICAL DEPARTMENT.—Director-General of Observatories.

POLITICAL DEPARTMENT.—Officers of the rank of Resident in the graded list of the Political Department.

GENERAL ADMINISTRATION.—Commissioners of Divisions.

JUDICIAL DEPARTMENT.—Divisional Judges of the First Grade in Burma.

CIVIL VETERINARY DEPARTMENT.—Inspector-General, if he is a Civil Officer of the Department.

CRIMINAL INTELLIGENCE DEPARTMENT.—Deputy-Director of Criminal Intelligence.

LAND REVENUE DEPARTMENT.—Settlement Commissioner and Director of Land Records in Burma.

PRINTING, STATIONERY AND STAMPS DEPARTMENT.—Controller.

IMPERIAL CUSTOMS DEPARTMENT.—Collectors.

476. The following special scale of pension is admissible to Officers appointed in England to the Forest and Geological Survey Departments:—

(a) After a service of less than ten years, an invalid gratuity on the scale laid down in Article 474(a).

(b) After a service of not less than ten years, an invalid pension not exceeding the following amounts:—

Years of completed service.	Scale of Pension.	Maximum limit of Pension.
		a year or a month
		Rs. Rs.
10	20-sixtieths of average emoluments.	1,000 83½
11	21 " " "	1,400 116½
12	22 " " "	1,800 150
13	23 " " "	2,200 183½
14	24 " " "	2,600 216½
15	25 " " "	3,000 250
16	26 " " "	
17	27 " " "	
18	28 " " "	
19	29 " " "	

(c) After a service of not less than twenty years, a retiring pension not exceeding the following amounts:—

		a year or month
		Rs. Rs.
20 to 24	30-sixtieths of average emoluments.	4,000 " 333½
25 and above		5,000 " 416½

478. Reduction in Certain Cases.—(a) A superannuation pension, or an invalid pension granted on account of incapacity for further service due to old age or natural decay from advancing years, shall, if the Officer's qualifying service began after the 20th January, 1871, and after he attained the age of thirty years, be reduced by one-fortieth for every year or part of a year by which his age at the commencement of his qualifying service exceeded thirty years.

Note 1.—[Article 478 (a) is not applied in the case of an Officer re-employed after discharge owing to abolition of appointment or ill-health. In the case of an Officer re-employed after resignation, or discharge for misconduct or inefficiency, the words 'exceeded thirty years' at the end of Article 478 (a) should read 'exceeded the sum of thirty years, and the term of the previous qualifying service.']

Note 2.—[The amount of pension under this Article is now $P\left(\frac{70-X}{40}\right)$, where P is the full pension, and X is the age at entry into service (and therefore greater than 30).]

Note 3.—[In the case of Jail Officers who, previous to joining the Jail Department, had served in the army, the limit of age for the purpose of this Article is 38 years.]

Note 4.—[This Article does not apply to Port Officers in Madras, to the Second Assistant Port Officer, Rangoon, to the officers subject to Articles 403 and 404, or to persons appointed to a judicial office in the Provincial service in Madras directly from the Bar.]

(b) Gratuities are not subject to any reduction, and in the case of pensions the fixed limits are to be applied before, and not after, making the reduction.

480. In the case of an Officer whose qualifying service began after he attained the age of thirty years, the attention of the Examining Medical Officer should always be called to Article 478 (a), in order that he may adapt his certificate accordingly.

CHAPTER XIX.—AMOUNT OF PENSIONS—continued.

ALLOWANCES RECKONED FOR PENSION.

486. The term *emoluments* when used in this part of the regulations means the emoluments which the Officer was receiving immediately before his retirement, and includes—

- Pay;
- Personal allowance; continues to reckon as part of 'emoluments,' even when it is wholly or partly absorbed in acting allowance not so reckoning;
- Fees or commission, if they are the authorised emoluments of an appointment, and are in addition to pay. In this case 'emoluments' means the average earnings for the last six months of service;
- Charge Allowance to Signallers in the Indian and Indo-European Telegraph Departments;
- Commission in the case of a Thugyi in Lower Burma, 'emoluments' in this case being held to mean the average of his monthly receipts in commission during the three years' actual service previous to retirement; but see example (3) under Article 489;
- Bullock Train allowance in the Post Office Department;
- Allowances attached to a Minor Professorship in a Medical College under the Medical Warrant of 1867;
- Allowance attached to a Professorship or Lecturership in a Government Institution;

(i) Acting allowances of an Officer without a substantive appointment if the acting service counts under Article 371, and allowances drawn by an Officer appointed provisionally or substantively *pro tempore* to an office which is substantively vacant, and on which no Officer has a lien, or to an office temporarily vacant in consequence of the absence of the permanent incumbent on leave without allowances, or on transfer to foreign service.

487. The term *average emoluments* means the average calculated upon the last three years of service.

7. If, during the last three years of his service, an Officer has been absent from duty on leave with allowances, or, having been suspended, has been reinstated without forfeiture of service, his emoluments, for the purpose of ascertaining the average, should be taken at what they would have been had he not been absent from duty or suspended: Provided always that his pension must not be increased on account of increase in pay not actually drawn. But if his absence on departmental or recess leave is reckoned as service under Article 409, only the allowances, if any, actually received during such leave should be taken into account.

489. Any part of an Officer's pay or emoluments, which is specially intended to provide for expenses incidental to his duty, must be excluded.

CHAPTER XX. contains Special Rules for the POLICE, and CHAPTER XXI. relates to the RE-EMPLOYMENT OF PENSIONERS.

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS.

CHAPTER XXII.—THE GOVERNOR-GENERAL, GOVERNORS, LIEUTENANT-GOVERNORS, AND MEMBERS OF COUNCIL.

532. The following is the Statute Law applicable to the Governor-General, Governors, and Members of Council who hold or enjoy pensions:—

'Provided always and be it enacted, that if any Governor-General, Governor, or Ordinary Member of the Council of India, or any Member of the Council of any Presidency, shall hold or enjoy any pension, salary, or any place, office, or employment of profit under the Crown, or any public office, or the said Company (East India Company), or any annuity payable out of the Civil or Military Fund of the said Company, the Civil or Military Fund of the Governor-General of India, Governor, or Member of Council, shall be reduced by the amount of the pension, salary, annuity, or profits of office so respectively

held or enjoyed by him.'—(3 & 4 Will. 4, cap. 85, s. 77.)

Note.—[The audit officer concerned should, in each case, obtain from each of the officials mentioned in the above rule, when he assumes charge of his post, a statement as to whether he is in receipt of any pension, or other payment, on account of which his salary is required to be reduced under this article.]

533. If an Ordinary Member of Council hold or enjoy any pension or any annuity payable out of the Civil or Military Fund, the salary of his office of Member of Council is to be reduced under Acts 3 & 4 Will. 4, cap. 85, s. 77, by the amount of the pension or annuity held by him. A good service pension enjoyed by Military Officers comes within the meaning of pension under the Act cited above.

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

534. *Lieutenant-Governors.*—(a) Leave on medical certificate for not more than six months may be granted to a Lieutenant-Governor. On resuming his duties after such leave, a Lieutenant-Governor is entitled to half his salary for the period of his absence. If he is prevented from resuming his duties, he is entitled to no Absentee Allowances.

(b) A Lieutenant-Governor is not entitled to any other leave.

Note 1.—[Service as a Lieutenant-Governor does not qualify for any leave under the ordinary rules, but counts as continuous service for the purpose of Article 308, and does not interrupt any leave previously earned.]

Note 2.—[The provisions of Article 215 do not apply to a member of the Indian Civil Service who on resigning the office of Lieutenant-Governor takes furlough or special leave under the ordinary rules. If he resigns preparatory to retirement he is entitled to subsidiary leave on half average salary.]

Note 3.—[A Lieutenant-Governor who is granted leave during the term of his office is required to conform to the rule—Article 224 of these regulations—as regards obtaining a certificate of fitness to return to duty.]

535. *Members of Council.*—The tenure by a Member of Council of his office begins from the date on which he first takes upon himself the execution of his office, whether as a temporary member appointed in India, or after the issue of His Majesty's warrant of appointment; and the resignation of his office by a Member of Council, whose successor has not entered upon his office, takes effect from the day following that of his embarkation at any port in India, excluding Aden, or from the expiry of his five years' tenure of office, whichever date is earlier. Any time during which a Member of Council (not being himself granted leave) draws less than full pay shall not be computed as part of his five years' tenure of office.

537. The leave admissible to an ordinary Member of the Executive Council of the Governor-General, or of the Governor of Madras or Bombay or Bengal, or of the Lieutenant-Governor of any Province, is regulated by Statute 24 & 25 Vic., cap. 67, s. 26, as follows:—

CHAPTER XXIII.—JUDGES OF THE HIGH COURTS.

STATUTORY RULES.

543. The following Rules made under Statute 24 & 25 Vic., cap. 104, sec. 6, by the Secretary of State in Council of India, regulate the salaries, allowances, furloughs, retiring pensions, and (when necessary) expenses for equipment and voyage of the Chief Justices and Judges of the several High Courts established under the said Statute. They have effect from the 25th day of April, 1899.

1. In these Rules, unless there is something repugnant in the subject or context,—

'Acting Chief Justice' means a Judge appointed under sec. 7 of Statute 24 & 25 Vic., cap. 104, to perform the duties of Chief Justice of a High Court.

Section 26.—It shall be lawful for the Governor-General in Council, or Governor in Council of either of the Presidencies, as the case may be, to grant to an ordinary Member of Council Leave of Absence, under medical certificate, for a period not exceeding six months, and such Member, during his absence, shall retain his office, and shall, on his return and resumption of his duties, receive half his salary for the period of such absence; but, if his absence shall exceed six months, his office shall be vacated.

Note 1.—[Service as a Member of Council does not qualify for any leave under the ordinary rules, but counts as continuous service for the purpose of Article 308, and does not interrupt any leave previously earned.]

Note 2.—[The provisions of Article 215 do not apply to a Member of the Indian Civil Service who on resigning the office of Member of Council takes furlough or special leave under the ordinary rules. If he resigns preparatory to retirement he is entitled to subsidiary leave on half average salary.]

Note 3.—[A Member of Council who is granted leave during the term of his office is required to conform to the rule—Article 224 of these regulations—as regards obtaining a certificate of fitness to return to duty.]

538. Subject to any special orders by the Government of India to the contrary, Leave of Absence granted to an ordinary Member of the Council of the Governor-General (if taken out of India) commences on the day after such Member embarks at any port in India, excluding Aden, and ends on the day before he disembarks at any port in India, excluding Aden: Provided always that such Member has not been relieved of the charge of his office until he embarks, and that he resumes charge immediately upon his disembarkation.

542. A public officer nominated to be an Additional Member of the Imperial Legislative Council shall receive while on deputation with the Council the pay or salary which he would have drawn from time to time if he had not been so deputed. He is, in addition, entitled to draw the allowances admissible under Article 1148.

'Acting Judge' means a person appointed under the said sec. 7 to perform the duties of Judge of a High Court.

'Judge' includes a Chief Justice and Acting Chief Justice, and an Acting Judge, except where the contrary is expressed.

'Actual Service' includes,—

(a) Time spent by a Judge on duty as Judge, or in the performance of such other functions as he may be directed to discharge by the Governor-General of India in Council;

(b) Time spent by a Judge on privilege or subsidiary leave;

(c) Duly authorised vacations (provided that the Judge is not absent on furlough or on extraordinary leave under Rule 26).

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

SECTION I.—SALARIES.

2. The Chief Justice, or Acting Chief Justice, of the High Court at Calcutta, shall be paid a salary at the rate of Rs. 72,000 per annum.

3. The Chief Justice, or Acting Chief Justice, of the High Courts at Madras and at Bombay, and for the North-Western Provinces respectively, shall be paid a salary at the rate of Rs. 60,000 per annum.

4. A Judge, or Acting Judge, of the High Courts at Calcutta, Madras, and Bombay, and for the North-Western Provinces respectively, shall be paid a salary at the rate of Rs. 48,000 per annum: provided always that every Judge of the High Court at Calcutta appointed before the 18th day of January, 1881, shall be paid a salary at the rate of Rs. 50,000 per annum.

5. Every Chief Justice or Acting Chief Justice, and every Judge or Acting Judge, shall be allowed to draw, in addition to his salary, any exchange compensation allowance which may be sanctioned for public servants generally, subject always to the conditions and limitations prescribed in the rules relating to such allowance.

5a. If a Judge of a High Court shall be nominated under Section 10 of the Indian Councils Act, 1861, to be an additional Member of the Council of the Governor-General, for the purpose of making laws and regulations, he shall be entitled to receive, so long as he shall be engaged as a Member of the Council on any special legislative measure on behalf of the Government, a deputation allowance at the rate of Rs. 1664 a month, in addition to the salary of his appointment as Judge.

SECTION II.—LEAVE.

6. One year's furlough shall be placed to the credit of each Judge after the completion of the fourth, eighth, and twelfth years of actual service. Provided that the aggregate amount of all furlough which can during the whole period of his service be granted to a Judge shall not exceed three years; provided further, that the maximum amount of furlough which may be taken at any one time is fifteen months.

7. Except under Rules 9 and 10, no Furlough shall be granted until at credit under Rule 6. But any Judge already in the service of the Government at the time of being appointed to the High Court, who, when so appointed, had at his credit, under the rules applicable to the branch of the service to which he belonged, Furlough without Medical Certificate, may be granted Furlough for a term not exceeding the amount so at his credit: Provided that such Furlough shall not be taken until the completion of two years' actual service in the High Court, and shall not exceed one year.

8. Except under Rules 9 and 10, Furlough shall not be granted until after the completion of three years' actual service from the date of the last

return from Furlough or from Extraordinary Leave.

9. Under Medical Certificate Furlough may be granted before it is at credit under Rule 6, and although three years' actual service may not have been completed since the last return from Furlough or from Extraordinary Leave.

9a. A Judge on long leave in Europe must, if the leave was granted or has been extended on account of ill-health, whether it be technically leave on medical certificate or not, satisfy the Medical Board at the India Office as to his fitness to return to duty. Ordinarily he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than 60 miles from London, a certificate in a form to be obtained from the India Office from two medical practitioners may be accepted. On the required evidence of fitness being furnished, the Judge will receive from the India Office permission to return to India.

10. On urgent private affairs, Furlough may be granted to a Judge before it is at credit under Rule 6, and although three years of actual service have not been completed since the last return from Furlough or Extraordinary Leave: Provided that Furlough under this Rule shall not exceed six months, and shall be granted only once during the whole period of a Judge's service.

11. Furlough taken in India shall be reckoned from the date on which the Judge quits his office to the date of his resuming duty. Furlough taken out of India shall be reckoned from the date of embarkation at the port of departure from India to the date of debarkation on return to India, except in a case falling under Rule 24.

12. If Furlough be taken partly in India and partly out of India, the commencement and termination of the Furlough shall be respectively determined under the provisions of Rule 11, according as the Furlough begins or ends in or out of India.

13. For the interval between the date of quitting his office and the commencement of Furlough out of India, and between the termination of Furlough out of India and resuming his office, a Judge may be allowed Subsidiary Leave not ordinarily exceeding thirty days, which in special cases may be extended.

14. A Judge, when on Furlough, shall receive allowances at the rate of Rs. 833-5-4 a month, if the Furlough be taken in India, and at the rate of £1,000 a year if the Furlough be taken out of India and payment be made in England. A Judge, when on Subsidiary Leave, shall receive allowances at the rate of Rs. 833-5-4 a month.

15. Except under Medical Certificate, the number of Furloughs to be granted at any one time,

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

and the grant of Furlough to individual Judges, shall be subject to and limited by the exigencies of the service, which exigencies shall be determined exclusively by the authority with whom rests the question of granting the Furlough.

16. Applications for Furlough not supported by Medical Certificate shall be granted usually in the following order:—

The Judge who has the greatest amount of Furlough to his credit under Rule 6 shall have the preference. If two or more applicants are on an equality in this respect, preference shall be given to the applicant whose actual service in a High Court is longest, reckoning, in the case of a Judge who has not taken Furlough or Extraordinary Leave, from the date of the commencement of his service in the High Court, and in the case of a Judge who has taken Furlough, Subsidiary, or Extraordinary Leave, from the date of his last return from such Furlough or Extraordinary Leave. If two or more applicants are equal in both the above-mentioned respects, the preference shall be given to the senior in the Court.

17. Subject to the exigencies of the public service, a Judge who has completed eleven months' continuous duty, including the Vacation, may take Privilege Leave for one month in each year, but, except as provided in Clause (a), his salary will cease during such Leave. A Judge may not take Privilege Leave in instalments, or more than a month at a time; and, except as provided in Clause (b), Privilege Leave may not be combined with Vacation.

(a) A Judge who has been detained on duty as Vacation Judge may, provided that he has not in the meantime had any furlough or leave of any kind, during his next subsequent privilege leave draw his Salary for any period not exceeding one month in the whole by which his Vacation may, by reason of his being on duty, have fallen short of one month.

(b) Once in three years, and not oftener, Privilege Leave may be prefixed or affixed to the Vacation.

18. Rule 17 does not apply to the following Judge:—

Prinsep, Sir H. T., Knt..... Calcutta, to whom privilege leave may be granted under the following Rules:—

(Here follow the Rules.)

19. Every Judge applying for Privilege Leave must sign a Declaration that he intends to return to duty on the expiration of the Leave applied for, and that he has no intention of resigning his office or retiring from the Service, or taking leave of any kind, within three months after his return to duty. Such declaration shall not be held absolutely to debar the person making it from applying for permission to resign his office or to retire from the Service, or to take leave, within three months after his return to duty; but every such application must be accompanied by an explanation of the special circumstances under which it is made, and it shall be in the absolute discretion of the Government to grant or withhold its permission sought.

20. Privilege Leave may be prefixed but not affixed to Furlough. This rule is to have effect as from 25th January, 1901.

21. Applications for Leave shall in all cases be submitted in such manner as the Government shall, from time to time, prescribe.

22. Leave allowance shall be payable monthly if payment is made in India, and quarterly if in England.

Note.—[Leave allowance is now paid monthly in arrear, if payment is made in England.]

23. No substantive appointment shall be vacated merely by reason of Leave being granted under the Rules.

24. If a Judge overstays any Leave, he shall forfeit all salary during the time of his remaining so absent; and if he overstays his leave for more than one week, his office shall be liable to be declared vacant. But a Judge on Leave (other than Leave under Rule 17 or 18) is not obliged to return to duty on an authorised holiday, unless another Officer is officiating as Judge in consequence of his absence. A Judge may be allowed to combine vacation on full pay with leave, as shown in (A) and (B) below, provided that no acting allowance is sanctioned or additional expense is incurred by the State in consequence of his absence during the vacation:—

(A) Where the vacation of the High Court consists of one period, a Judge may be allowed to combine vacation on full pay with leave, either at the beginning or end thereof, but not both.

(B) Where the annual long vacation is not continuous, but is divided into two separate portions, a Judge may be allowed either:—

(a) to combine one part of a vacation on full pay with leave, either at the beginning or end thereof, but not both; or

(b) to combine both parts of one annual vacation on full pay with leave for the intervening period.

25. No Leave except Privilege Leave and Leave Subsidiary to Furlough shall count as service for Pension.

26. If the Government shall in its discretion deem it necessary, in any special instance, to grant to any Judge Leave of Absence which is not expressly provided for in the foregoing Rules, such Leave shall be without pay: Provided always that in no case shall such Leave exceed six months, or be granted more than once in the whole course of the Judge's service.

SECTION III.—PENSIONS.

27. A Chief Justice of the High Court at Calcutta after an actual service of eleven and a half years as Judge of a High Court, of which period at least five years and nine months shall have been as Chief Justice of the High Court at Calcutta, shall receive a pension not exceeding £1,800 per annum.

28. A Chief Justice of the High Courts at Madras and Bombay, and for the North-Western Provinces, respectively, after an actual service

of eleven and a half years as Judge of a High Court, of which period at least five years and nine months shall have been as Chief Justice, shall receive a pension not exceeding £1,500 per annum.

29. A Judge of a High Court, not being eligible for pension at a higher rate under Rules 27 or 28, shall, after an actual service of eleven and a half years as Judge, receive a pension not exceeding £1,200 per annum.

30. A Chief Justice or Judge who retires on medical certificate after six years and nine months' actual service, shall receive a pension not exceeding one half the amount of pension allowed for the full period of service.

31. In the event of a Judge receiving a pension under the preceding Rules, he will not be entitled to any other pension or retiring allowance.

32. When a Judge who, at the time of his appointment to a High Court, was a member of one of the Government Services in India, is permitted to retire without a pension under the preceding rules, he shall receive such a pension as he might receive under the rules applicable to the branch of the Service to which he belonged when so appointed, reckoning the period of his service as a Judge of a High Court towards service for that pension.

33. If a Judge who, at the time of his appointment to a High Court, was a member of one of the Government Services in India, shall be permitted to retire on medical certificate after six years and nine months of actual service as Judge, he shall have the option of taking his pension or retiring allowance either under these Rules or under the Rules applicable to the branch of the Service to which he belonged when appointed.

34. No Judge, selected from the Covenanted Civil Service, shall receive any pension under those Rules unless he shall have fully complied with all the rules and regulations in force for the time being as to payments to be made by him as a member of the Covenanted Civil Service on account of the provision for his own pension or retiring allowance, and for pensions to his wife and children.

35. If a Judge be transferred from one High Court to another, the period he shall have served in each Court shall count towards his qualification for pension.

36. If a Judge be appointed to be a Chief Justice in the Court in which he has theretofore served, or in another Court, the period of his service as Judge will count for pension according to the rate of a Judge's pension, and the period of his service as Chief Justice will count for pension according to the rate of pension of a Chief Justice of the Court to which he may have been appointed.

37. If a Chief Justice of the High Court at Madras, at Bombay, or for the North-Western Provinces be appointed Chief Justice of the High Court at Calcutta, his period of service in the Court from which he is transferred will count for pension according to the rate of pension of a Chief Justice of that Court, and his period of service as Chief Justice of the High Court at Calcutta will count for pension accord-

ing to the rate of pension of a Chief Justice of the High Court at Calcutta.

38. A Judge appointed under Statute 24 & 25 Vic., cap. 104, sec. 7, to perform the duties of Chief Justice, is not a Chief Justice within the meaning of these Rules as to pension: Provided that, if such Judge be afterwards appointed to be a Chief Justice, the period during which he performed the duties of Chief Justice as aforesaid shall count as service for pension, at the rate of £1,500 or of £1,800 per annum, as the case may be: Provided also, that the period during which a Judge performs (under section 7 of the Statute 24 & 25 Vic., cap. 104) the duties of Chief Justice of the High Court at Calcutta shall not count towards pension at a rate exceeding £1,500 a year, unless such Judge is subsequently appointed to the office of Chief Justice of the said High Court at Calcutta.

39. These Rules numbered respectively 1 to 26 inclusive and 33 to 38 inclusive shall apply to every Chief Justice and Judge now holding office, as well as to those who may be hereafter appointed. Rules 27 to 32 inclusive shall not apply to any Chief Justice or Judge now holding office, who shall before the 1st day of July, 1899, give notice to the Government of India that he elects to remain under the operation of the Rules under which he now may be serving.

SECTION IV.—EXPENSES FOR EQUIPMENT AND VOYAGE.

40. For the purpose of defraying the expenses of equipment and voyage from Europe on first appointment, there shall be allowed:—

To a Chief Justice or Judge of any High Court, £300. But no such allowance shall be made to any person who, being in India, is appointed to the office of Chief Justice or Judge, or who, having been in India, is in Europe at the time of his appointment with the intention of returning to India.

544. *Reversion to the General Service.*—(a) An Officer subject to the Rules of any of the other Chapters of these Regulations who has for a time been removed from the operation of such Rules by reason of officiating as Judge of the High Court, shall, on return to general service, have to his credit the same amount of service towards Privilege Leave as was at his credit when he began to officiate as High Court Judge.

(b) In addition to this, he is entitled to count towards Privilege Leave, under the Rules to which he is subject, any period that has elapsed since he last obtained Privilege Leave or enjoyed vacation as High Court Judge, which he could have counted for Privilege Leave as a High Court Judge if his officiating service had been prolonged until leave became admissible under the Rules applicable to Judges of the High Court.

545. If a Judge, who is a Member of the Indian Civil Service, or a Statutory Civil Servant, shall be permitted to resign his office and remain in the service, all leave which he may have taken as a Judge of the High Court shall be reckoned as if it had been taken under the Rules for the leave of absence of Members of the Indian Civil Service or Statutory Civil Servants, as the case may be.

546. No Civil Officer, whether a Member of the Indian Civil Service or otherwise, is

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

entitled to any special privileges by reason of his being a Barrister, unless, on his first admission to the service, he is appointed to some office in which the Local Government, with the sanction of the Government of India, has declared it to be necessary on public grounds to employ a Barrister.

547. The following Officers, not being Members of the Indian Civil Service, are entitled to the special privileges detailed in this Chapter:—

Barrister and Pleader Judges of the Chief Courts of the Punjab and Lower Burma.

First Judges of Small Cause Courts of Presidency towns.

Secretary to the Government of India in the Legislative Department.

Judicial Commissioner or Additional Judicial Commissioner of Oudh.

Administrator-General of Bengal.

Judge of the Court of Small Causes, Rangoon.

Additional Judicial Commissioner of Sindh.

Administrator - General and Official Trustee, Bombay.

If Barristers.

548. (a) Except in the case of the Legal Remembrancer and Secretary to the Legislative Council, Punjab, the Statutory Rules which regulate the Furlough and Leave of Absence of High Court Judges (Article 543, Rules 6 to 26) are also applicable to the Officers named in the preceding Article.

(b) The allowances of these Officers while on Furlough or Subsidiary Leave must not exceed half their salaries at the time of proceeding on leave, and are limited also to the rate prescribed in Statutory Rule No. 14, Article 543.

(c) The Privilege Leave of the Secretary to the Government of India in the Legislative Department, of the Judicial Commissioners or Additional Judicial Commissioners of Oudh, Sindh and the Central Provinces; of the Judge of the Court of Small Causes, Rangoon, of the Administrator-General of Bengal, and of the Administrator-General and Official Trustee, Bombay, is regulated by the Rules in Part III.

549. (a) Special pensions are admissible as follows, but the Officers named in Article 547 are otherwise subject to the 'Ordinary Pension' regulations in Part IV. :—

(1) After an active service of not less than 11½ years, a retiring pension of £1,000 a year in the case of Judges of the Chief Courts of the Punjab and of Lower Burma; and £750 a year in the case of persons holding any of the other Barrister appointments specified in Article 547.

(2) After an active service of not less than 6½ years, an invalid pension not exceeding one-half the amount of pension allowed for the full period of service.

(b) The Active Service of the Officers referred to in Article 547 includes, besides time spent on duty, whether in substantive or acting service, Privilege Leave, Subsidiary Leave, and periods of vacation during which the Officer is not on Furlough or Extraordinary Leave.

550. Compulsory Retirement. — Officers to whom the rules of this Chapter applied on the 25th June, 1901, are exempt from the rule in Article 459 regarding retirement at fifty-five years of age. Officers who after that date become subject to the rules in this Chapter are required to retire on attaining the age of sixty years.

CHAPTER XXV.—MEMBERS OF THE INDIAN CIVIL SERVICE.

551. From the 5th May, 1869, the date of an Officer's first arrival in India is held to be as follows:—

(a) In the case of an Officer who is posted in England to Upper India, and arrives *via* Bombay, and who has been instructed by the Secretary of State to inquire at the Secretariat of the Government of Bombay for any orders as to his ultimate destination—

(i) If he receives no orders at Bombay:—the date on which he reports himself at Allahabad to the Secretary to the Government of India in the Home Department, and to the Secretary to the Government of the United Provinces;

(ii) If he receives orders at Bombay:—the date on which he reports his arrival at any Station or Province to which he is attached by such orders.

(b) In the case of any other Officer:—the date on which he reports his arrival at the capital town of the Presidency or Province to which he is attached.

Note 1.—[Before the 31st January, 1868, the date to be taken is the date of his actual arrival in India.]

Note 2.—[From the 31st January, 1868, to the

4th May, 1869, inclusive, the date to be taken is the date on which he reported his arrival at the capital town of the Presidency to which he was attached, or, if he was attached to the United Provinces or the Punjab, and had permission to enter into India *via* Bombay, the date on which he reported his arrival at Bombay.]

552. Article 187 in Chapter IX. (joining time) provides for the case of an Officer being unable from illness to proceed to the seat of Government.

554. The leave rules applicable are the European Service Leave Rules in Part III.

1. The rules applicable to a Member of the Indian Civil Service occupying the position of a High Court Judge are laid down in Chapter XXIII.

2. The grant of privilege leave to a Member of the Indian Civil Service occupying the position of a Judge of the Chief Court of the Punjab or of Lower Burma is regulated by Rule 17, Article 543.

555. Except in the case of Judges of Chief Courts, no leave but Privilege Leave and Subsidiary Leave preparatory to retirement may be granted to an officer who has completed thirty-five years' service. Any leave other than Privilege Leave and Subsidiary Leave preparatory to retirement granted before such date

CHAPTER XXV.—MEMBERS OF THE INDIAN CIVIL SERVICE—continued.

ceases to have effect on the date the officer completes thirty-five years' service.

556. Annuity Deductions.—(a) Four per cent. shall be deducted at the time of payment from every Officer's pay, and from such of his other public emoluments as are mentioned below:—

If the Officer was in the Service in 1875 or was appointed to it after passing a competitive examination held before the end of the year 1875, and belongs to the—

Bengal Establishment.—Every Allowance, excepting:—

- (1) Minimum Furlough Allowance,
- (2) Subsistence Allowance while on Furlough,
- (3) Establishment Allowance,
- (4) Sumptuary Allowance, and
- (5) Travelling Allowance.

Madras or Bombay Establishment.—The following allowances, viz.:—

- (1) Acting Allowance,
- (2) Deputation Allowance,
- (3) Personal Allowance,
- (4) Fees,
- (5) Allowances while on Privilege or Subsidiary Leave,
- (6) Subsistence Allowance when not on leave other than Privilege and Subsidiary Leave, and
- (7) Local Allowances other than Travelling Allowance and Tentage.

Note 1.—[Fees or honoraria paid by Government to Examiners for conducting examinations, and rewards for passing examinations in languages are not liable to annuity deductions.]

Note 2.—[An Assistant or Head Assistant Collector in the Madras Presidency is not required to pay the contribution on account of annuity on that part of his consolidated pay, which, before the orders of the Government of India, in the Finance Department, No. 956, dated 1st June, 1880, was drawn as house-rent allowance.]

If the Officer is appointed to the Service after passing a competitive examination held in or after the year 1876—

Every allowance, excepting:—

- (1) Minimum Furlough Allowance,
- (2) Subsistence Allowance while on Furlough,
- (3) Establishment Allowance,
- (4) Sumptuary Allowance,
- (5) Travelling Allowance, and
- (6) Tentage.

Note.—[The deduction prescribed in this Article is not made from the salary of an ordinary member of the Council of the Governor-General, or of the Council of the Governor of Madras or Bombay or Bengal, or of the Lieutenant-Governor of any Province.]

(b) The deduction required by this Article is included in the contribution levied from an Officer on foreign service of the first and second kinds under the rules in Part VII.; and no ever, an Officer is on foreign service, and no contribution is made by him or on his behalf under Part VII., he is required to contribute four per cent. under Clause (a).

557. Civil Fund Deductions.—Deductions on account of subscriptions to civil funds shall be made at the time of payment from the emoluments of Officers according to the rules of the fund to which the Officer belongs. The Funds are—

- A.—Bengal Civil Fund.
- B.—Madras Civil Fund.
- C.—Bombay Civil Fund.
- D.—Indian Civil Service Family Pension Regulations.

561. Retirement and Annuity.—An Officer who has been twenty-five years in the Service, counting from the date of his covenant, or from the date of the despatch of the Secretary of State announcing his appointment (whichever may have been earlier), and who has rendered twenty-one years' active service, is entitled, on his resignation of the service being accepted, to an annuity of £1,000.

562. An Officer who resigns the Service will, by such resignation, vacate any Office under the Government which he may then be holding. But this Rule does not apply to the offices of Viceroy and Governor-General of India, Governor of Madras, and Governor of Bombay.

563. The resignation of the Civil Service by a Lieutenant-Governor, Member of the Council of the Governor-General, or of the Council of the Governor of Madras or Bombay, or of the Council of the Lieutenant-Governor of Bengal, or a Judge of a High Court, shall not be accepted unless his resignation of his office is at the same time tendered and accepted.

564. An Officer who, having proceeded to India and made or become liable to any payment on account of the provision for the annuity to which he might become entitled under Article 561, is declared by a medical certificate in due form to be incapacitated for further service, and is thereupon permitted to resign the service before he is entitled to such an Annuity, is entitled to a Gratuity or Annuity as follows:—

- (i) For less than five years' service—an Annuity of £500.
- (ii) For five years' completed service—an Annuity of £150, rising by £20 for each additional year up to twelve.
- (iii) For twelve years' service—an Annuity of £290, rising by £30 for each additional year up to twenty-three.
- (iv) For twenty-three years' service—an Annuity of £620.
- (v) For twenty-four years' service—an Annuity of £650.
- (vi) For twenty-five years' service (of which less than twenty-one have been active service)—an Annuity of £700.

564a. The power of withholding or withdrawing the whole or any part of an annuity under Article 351 shall be exercised only by the Secretary of State in Council.

565. Compulsory Retirement.—(a) After thirty-five years' service, counting from the date of his arrival in India, an Officer shall not, except for special reasons, and with the sanction of the Secretary of State, retain his office, or be appointed to any new office. Provided that if such an Officer has held his office for less than five years he may, for special reasons,

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

reasons, with the sanction of the Government of India, be permitted to retain his office until he has held it for five years. The term 'office' in this Article includes an officiating appointment.

Note.—[This rule does not apply to an officer holding the appointment of a Judge of a Chief Court. Such an officer is required to vacate his appointment on attaining the age of 60 years.]

(b) The period of five years begins to run from the date on which the Officer first takes up the office, whether substantively or temporarily,

provided that if temporary, he is confirmed without reverting to his substantive appointment; but the currency of the period is not interrupted by any subsequent temporary promotion to a higher appointment.

Note.—[The term 'office' as used in this Article does not include any office held under direct appointment by His Majesty the King-Emperor of India or by the Governor-General with the approval of the King-Emperor, but the retention of such an office should be subject to the condition prescribed in Article 563.]

CHAPTER XXVI. relates to STATUTORY CIVIL SERVANTS.

CHAPTER XXVII.—ECCLESIASTICAL OFFICERS.

BISHOPS.

567. The leave of absence of the Bishops of Calcutta, Madras, and Bombay is regulated by the following Statutory Rules, made under Royal Warrant, dated 4th November, 1884, under Statute 34 and 35 Vic., cap. 62, and amended by Royal Warrants, dated 28th July, 1888, and 11th February, 1901. [The italicised headings are introduced merely to facilitate reference, and are not in the Statutory Rules.]

Statutory Rules.

1. Bishops may be allowed leave of absence either on medical certificate or on furlough.

Leave on Medical Certificate.

2. The amount of leave of absence on medical certificate admissible to a Bishop is limited to two years.

3. Subject to the limitation in Rule 2, leave of absence may be granted to a Bishop upon medical certificate for a period not exceeding one year. Leave so granted may be extended upon medical certificate to any period not exceeding eighteen calendar months.

Furlough.

4. The amount of furlough admissible to a Bishop at one time is limited to six calendar months.

5. The amount of furlough earned by a Bishop is one-eleventh of the time during which he has been on duty, provided that no additional furlough can be earned by duty done while six months' furlough is due. The furlough due to a Bishop is the furlough which he has earned less the period during which he has been absent on furlough.

6. To a Bishop who has been on duty without interruption for thirty-three calendar months, and who has not for twelve calendar months been absent on furlough, the whole or any part of the furlough due to him may be granted.

NOTE.—[For the purposes of this rule, leave on medical certificate is, and furlough is not, an interruption of duty.]

Extraordinary Furlough.

6a. The Governor-General in Council may grant furlough when not otherwise admissible under the Rules for a period limited to three months, to the Metropolitan, or, on the recommendation of the Metropolitan and with the concurrence of the Government of Madras or Bombay as the case may be, to the Bishop of Madras or Bombay.

The grant of such extraordinary furlough will be subject to the limitation that no further expenditure of the revenues of India be thereby entailed, and to the following conditions:—

- That the purpose for which the leave is granted shall be specified in the Gazette Notification granting it;
- That it shall not be granted more than twice during a Bishop's tenure of his office;
- That a second period shall in no case be granted unless six years' active service has been rendered after the first period.

NOTE.—[The grant of furlough under this rule is limited to cases in which it is essentially required for the purpose of consulting the ecclesiastical authorities of England, or of furthering in other ways the general interests of the Church by a visit to that country. It is inadmissible for private or domestic reasons, however emergent they may be.]

6b. Extraordinary furlough under Rule 6a may be prefixed or affixed to ordinary furlough subject to a maximum limit for the combined leave of six months in all.

7. Furlough and leave on medical certificate cannot be taken in continuation of each other; but furlough granted under these rules may be retrospectively changed into leave on medical certificate.

7a. A Bishop on long leave in Europe must, if the leave was granted or has been extended on account of ill-health, whether it be technically leave on medical certificate or not, satisfy the Medical Board at the India Office as to his fitness for return to duty. Ordinarily he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than 60 miles from London, a certificate in a form to be obtained from the India Office from two medical practitioners may be accepted. On the required evidence of fitness being furnished the Bishop will receive from the India Office permission to return to India.

Acting allowance of locum tenens.

8. An Archdeacon or a Chaplain appointed to hold charge of a diocese during the absence of the Bishop is entitled to an allowance of Rs. 500 a month in addition to the pay of his substantive office.

Absentee Allowance.

9. A Bishop while absent upon furlough or

CHAPTER XXVII.—ECCLESIASTICAL OFFICERS—continued.

upon leave on medical certificate is entitled to full pay less Rs. 500 a month, but not to any other allowances.

Travelling and similar allowances of locum tenens.

10. An Archdeacon or a Chaplain appointed to hold charge of a diocese during the absence of the Bishop upon leave on medical certificate, is entitled to the travelling and other similar allowances admissible to the Bishop.

Acting allowances of locum tenens of Metropolitan.

11. The allowances of the Bishop of Madras or Bombay, when performing the functions of the Bishop of Calcutta during his absence on leave, are regulated by 5 & 6 Vic., cap. 119. In such case the Bishop of Madras or Bombay is entitled to an allowance at the rate of Rs. 833-5-4 per mensem in addition to his salary as Bishop of Madras or Bombay, and the Bishop of Calcutta will receive, during such absence, the salary of his office less Rs. 833-5-4 per mensem.

Grant of Leave.

12. Leave under these Rules may be granted to the Metropolitan by the Governor-General in Council, and to the Bishops of Madras and Bombay by the Governments of those Presidencies, on the recommendation of the Metropolitan.

568. A Bishop of Madras or Bombay exercising the episcopal jurisdiction and functions appertaining to the See of Calcutta during a vacancy of the See by the demise of the Bishop thereof for the time being, or otherwise, is entitled to the full pay fixed for the office, viz., Rs. 3,831-6-8.

569. An Archdeacon or a Chaplain appointed to hold charge of the Diocese of Calcutta, Madras, or Bombay, during a vacancy in the See is entitled to an allowance of Rs. 500 a month in addition to the pay of his substantive office, provided that the arrangement does not involve any extra expense to the State beyond what would be incurred if the Bishop were present on duty. He is also entitled to the travelling and other similar allowances admissible to the Bishop; but the grant of visitation allowance is subject to the restriction laid down in Articles 1112 and 1149.

570. The official status of the Bishops of Lahore, Rangoon, Lucknow and Nagpur is that of a Senior Chaplain, and they are subject to all the rules in Articles 573 to 599, except the proviso contained in Article 583 (a) (IV). Article 567 does not apply to them.

CHAPLAINS.

573. *Residence and Service.*—(a) Residence (or Active Service) is reckoned, in the case of a Chaplain appointed in England, from the date of his arrival in India; and, in the case of a Chaplain appointed while resident in India, from the date on which he takes charge of his office, but he must not assume charge before the despatch from the Secretary of State appointing him is received in India. Residence includes besides time spent on duty—

- Privilege and Subsidiary Leave.
- Time passed out of employ in India, otherwise than on leave.

(b) 'Service' includes 'Residence,' and, also, all time spent on Leave of any description, but no time before the beginning of 'Residence.'

574. *Date of arrival in India.*—A Chaplain is

held to have arrived in India on the date on which he reports his arrival either at the headquarters of the Diocese to which he is attached (in the case of the Church of Scotland, at the headquarters of the Presidency to which he is appointed), or at any other Station to which he may be appointed or directed to proceed.

575. (a) A Chaplain on the Bengal Establishment, who is posted in England to the Lahore Diocese or to any Station in the Central Provinces, or north of Allahabad, who comes to India *via* Bombay, or by direct steamer to Karachi, and who is instructed by the Secretary of State to inquire from the Secretary to the Government of Bombay, or at Karachi, from the Commissioner in Sind, for orders as to his ultimate destination, is held to have arrived in India on the date on which he reports his arrival at the Station to which he is directed to proceed in the orders he receives at Bombay, or at Karachi, if he travels by direct steamer to that port.

(b) A Chaplain who is *not* on the Bombay Establishment, and who is *not* posted to any Station in the Lahore Diocese, or to any Station in the Central Provinces or north of Allahabad, but who comes out to India *via* Bombay, is held to have arrived in India from the date on which he reports his arrival at the Presidency town of the Presidency to which he is attached, or, if he receives orders at Bombay to proceed to any particular Station, from the date of his arrival at that Station.

(c) The report of arrival in each instance is to be made to the Bishop of the Diocese to which the Chaplain is attached.

In the case of the Church of Scotland, report of arrival is made to the Presidency Senior Chaplain of the Presidency to which the Chaplain is appointed.

576. *Probationers.*—A Chaplain serves on probation for three years, at the end of which he is, if reported fit by a Medical Board in India and considered qualified by the Bishop of his Diocese (in the case of the Church of Scotland, by the Presidency Senior Chaplain of the Presidency), confirmed as a Junior Chaplain. Time spent in India on service under the Additional Clergy Society, or on other approved service, may be included in the period of probation. Probationary service, which is passed under the Government, counts in all cases towards leave and gratuity, and if the Chaplain was appointed after the 17th March, 1892, it also counts towards pension. Probationary service, which is not passed under the Government, does not count towards leave or gratuity, but if the Chaplain was appointed after the 17th March, 1892, it counts towards pension.

Note.—[A Chaplain on probation is entitled to the same leave as if he held a substantive appointment. This condition does not apply in the case of the Church of Scotland Establishment.]

580. The amount of Furlough 'admissible' to a Chaplain is limited to six years. All the Rules in this Section are subject to this limitation.

581. The amount of Furlough 'earned' by a Chaplain is one-fourth of his Active Service, and (in the case of Chaplains appointed before the 29th July, 1906), three months in addition thereto.

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

582. The amount of Furlough 'due' to a Chaplain is the amount which he has earned, diminished by the amount of Furlough which he has enjoyed.

583. (a) To a Chaplain who has rendered three years' Continuous Service, Furlough for not more than two years may be granted as follows:—

First. On medical certificate, unconditionally (see Articles 828 to 832 and 836 to 838, for the Procedure Rules).

Secondly. Without medical certificate, subject to the following provisos:—

- (i) That the Furlough be due to him;
- (ii) That he have rendered seven years' Active Service;
- (iii) That a period of not less than eighteen months has elapsed since his last return from privilege leave of over six weeks' duration;
- (iv) That the whole number of Chaplains absent on Furlough and Special Leave do not exceed the limit appointed by the Government of India. Except on medical certificate or on very urgent private affairs, Furlough or Special Leave may not be granted to a Church of England Chaplain if twenty per cent. of the whole number of Chaplains belonging to his Diocese (or to a Church of Scotland Chaplain, if twenty per cent. of the whole number of Chaplains belonging to his Presidency) are already absent on Furlough or Special Leave. The Bishop of Calcutta will report to the Government of India when the limit is reached, and the Bishops of Lucknow, Lahore, or Rangoon, as the case may be, to their respective Local Governments. In the case of the Church of Scotland, the Presidency Senior Chaplain, Bengal Presidency, will report to the Government of India, and the Presidency Senior Chaplains of Madras and Bombay to their respective Governments.

(b) Furlough taken under this Article may, on medical certificate, be extended to not more than three years.

(c) The Furlough of a Chaplain is strictly limited to a period of three years at one time, and cannot be extended even without allowances. But the Secretary of State reserves to himself the power of allowing a Chaplain to remain in Europe beyond three years, should special and exceptional circumstances require it.

584. (a) To a Chaplain who has not rendered three years' Continuous Service, Furlough may be granted on medical certificate as follows:—

- (i) If the Furlough due exceeds a year—to the extent due, not exceeding two years;
- (ii) If the Furlough due does not exceed a year—for not more than one year.

(b) Furlough granted for less than two years under clause (a) (i), or less than one year under clause (a) (ii), may, on medical certificate, be extended to the extent of the Furlough due not exceeding two years, or to one year, respectively.

585. *Furlough Allowances.*—(a) A Chaplain on Furlough is entitled to allowances as follows:—

	Ordinary Furlough.	Other Furlough.
--	--------------------	-----------------

Archdeacon of Calcutta, Madras, or Bombay, and the Presidency Senior Chaplain of the Church of Scotland at the same places	£600 a year	£480 a year.
Senior Chaplain	£500 "	£384 "
Junior Chaplain	£350 "	£300 "

An Archdeacon of Rangoon or Lahore draws no extra Furlough Allowance by reason of his office as Archdeacon.

Note.—[A Junior Chaplain appointed a Senior Chaplain while on furlough is entitled to the higher furlough allowance specified in this Article from the date of such appointment.]

(b) To a Chaplain proceeding on Furlough to England (not combined with Privilege Leave) an advance of the first quarter's allowances may be made, which advance is not recoverable in the event of his death.

(c) Ordinary Furlough includes—

- (i) The first two years of each separate period of Furlough under Article 583.
- (ii) So much of Furlough under Article 584 as may be due, provided that the Chaplain have rendered six months' Continuous Active Service.

A Chaplain on Furlough or Special Leave does not forfeit his past Leave Allowances by resigning the Service without returning to India.

586. A Chaplain returning from furlough out of India is not granted an advance of Allowances for more than thirty-five days beyond the date of embarkation for India.

587. *Special Leave* on urgent private affairs may be granted at any time for not more than six months:

Provided that a Chaplain, who has had Special Leave, must render six years' Active Service before he can again have such leave.

588. For the first period of a Chaplain's Special Leave, he is entitled to the Leave Allowance admissible during ordinary Furlough. In subsequent periods he is entitled to no Leave Allowance.

589. The *Subsidiary Leave* of a Chaplain and the beginning and ending of his Furlough and Special Leave are regulated by the Rules in Chapter XIII.

590. A Chaplain on Subsidiary Leave is entitled to the same Allowances as during the Leave to which it is Subsidiary.

591. A Chaplain may draw Allowances as if he were on Privilege Leave for any part of his Subsidiary Leave for which if he were not retiring from the Service or going on furlough or on Special Leave, Privilege Leave would be admissible to him.

592. *Privilege Leave* may be granted (a) To a Chaplain appointed on or after 29th July, 1906, under the Rules in Chapter XII.

(b) To a Chaplain appointed before 29th July, 1906, as follows:—

- (i) After five months' uninterrupted duty,—for not more than one month.
- (ii) After ten months' uninterrupted duty,—for not more than two months.

CHAPTER XXVII.—ECCLESIASTICAL OFFICERS—continued.

(iii) After fifteen months' uninterrupted duty,—for not more than three months.

Note.—[Time spent by a Chaplain in Kashmir under Foreign Department Order No. 84, dated 13th March, 1863, counts as time spent on duty, except for the purposes of this Article.]

593. Privilege leave to the amount due may be prefixed as such to furlough, special leave on urgent private affairs, and extraordinary leave without allowances, under the conditions prescribed in Article 233: Provided that when the privilege leave is so combined, the amount of the privilege leave due shall be calculated under the Rules in Chapter XII.

594. In applying for Privilege Leave, a Chaplain must, except when the leave is combined with other leave under Article 593, record the declaration prescribed in Article 826.

1. An Officer who has been granted privilege leave in combination with other leave is not permitted to resign the service until a period of at least six months has elapsed from the beginning of his combined leave.

595. A Chaplain may not take Privilege Leave in instalments.

596. A Chaplain on Privilege Leave is entitled to the same pay and house-rent as if he were on duty.

597. *Extraordinary leave* may be granted under Article 332.

598. *Benefices in the United Kingdom.*—(a) A Chaplain in receipt of Leave or Furlough allowances who desires to accept a Benefice in the United Kingdom, or to take up other employment, must obtain the previous permission of the Secretary of State in Council or of the Government of India, according as his leave is taken out of or in India.

(b) Should he, after duly obtaining such permission, accept a Benefice, his Indian appointment will be deemed vacant on the expiry of any leave which may have been granted to him. If he desires to retain his Indian appointment, he must, before the expiry of his leave, resign the Benefice, after having first obtained the consent of the Secretary of State and of the Bishop of the Diocese in which the Benefice is situated to his doing so. No extension of leave will under any circumstances be granted to a Chaplain drawing leave or furlough allowances who has accepted a Benefice in the United Kingdom, unless he has resigned the same before the expiry of such leave or furlough with the consent before mentioned.

Note.—[In applying these orders in the case of a Chaplain of the Church of Scotland the word "Presbytery" should be substituted for the words "Bishop of the Diocese" in the ninth line.]

599. *Pensions.*—Chaplains are entitled to pension according to the following scale:—

Gratuity and Pension on Medical Certificate.
Chaplains appointed before 17th March, 1892.

	Per annum.	£ s d.
Seven years' residence and over	127	15 0
Ten years' residence and over	173	7 6
Fifteen years' residence and over	292	0 0

Chaplains appointed after 17th March, 1892.

	£ s d.
Under ten years' residence, for each completed year, a gratuity of	80 0 0
Ten years' and over a pension of	127 15 0
Thirteen years' and over a pension of	173 7 6
Eighteen years' and over a pension of	292 0 0

Retiring Pension.

Chaplains appointed before 17th March, 1892.

	Per annum.	£ s d.
After 17 years' residence and 20 years' service	365	0 0

Chaplains appointed after 17th March, 1892.

	Per annum.	£ s d.
After 20 years' residence and 23 years' service	365	0 0

NOTES.—(a) Gratuities are subject to a maximum of £720 and a minimum of £200.

(b) The Invalid pensions of £127 15s. and £173 7s. 6d. a year are admissible only after a trial of a temperate climate and upon a certificate from the Medical Board attached to the India Office that the officer is permanently unfit to serve in India.

599A. *Right and title to pension.*—A non-statutory Bishop of Lahore, Rangoon, Lucknow or Nagpur, if not borne upon the ecclesiastical establishment previous to appointment, shall be entitled to reckon as residence and service qualifying for retiring pension (but not for invalid pension) the number of completed years by which his age may at the time of appointment have exceeded 30 years, subject to the proviso that five years shall be the maximum period which can be so added.

600. *Retirement.*—A Chaplain must retire after twenty-five years' service, unless specially exempted by the Secretary of State, on the recommendation of the Governor-General in Council, or, if he belong to the Madras or Bombay Establishment, of the Governor in Council of his Presidency.

601. No leave, other than Privilege Leave under Article 592, may be granted to a Chaplain who has completed twenty-five years' service. Leave other than Privilege Leave granted to a Chaplain before completion of twenty-five years, service ceases to have effect on such completion.

Note.—[Articles 600 and 601 do not apply to the Bishops of Lahore, Rangoon, Lucknow, and Nagpur, (see Article 570).]

MINISTERS OTHER THAN CHAPLAINS.

602. A Clergyman appointed under the orders of the Government to perform the duties of a Chaplain on the Regular Establishment, is entitled to an allowance of Rs. 100 a month.

603. The allowances of a Clergyman (whether of the Additional Clergy Society or any other recognised Society) are regulated by the Local Government within an annual grant for each Government.

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—*continued*.
CHAPTER XXVIII.—MILITARY OFFICERS.¹

PAY, ALLOWANCE AND LEAVE RULES.

604. The acting allowances of Military Officers in Civil employ are governed by the rules in Articles 104 to 116, and the Leave of Military Officers subject to the Civil Leave Rules is granted under the European Service Leave Rules in Chapter XIII.

605. The Local Government may grant Furlough or Leave under Military Rules, or Special Leave under Article 316, to a Military Officer subject to the Military Leave Rules.

[*Exception.*—A Local Government cannot grant furlough or leave under the Military Leave Rules to a Military Officer who has no substantive appointment in the Civil Department, but is holding only a temporary or officiating appointment in that Department, unless it is prepared to re-employ him immediately on the expiry of his furlough or leave.]

Note 1.—[The grant of furlough other than on medical certificate to a Military Officer in Civil employ is subject to the condition that a period of not less than eighteen months has elapsed since his last return from privilege leave of over six weeks' duration.]

Note 2.—[The grant of Furlough or Leave, other than Privilege Leave, out of India to a Military Officer subject to the Military Leave Rules carries with it the grant of Subsidiary Leave under the provisions of Article 322.]

606. A Local Government may also grant Short Leave (under Civil or Military rules as the case may be) to a Military Officer subject to the Military Leave Rules.

Note 1.—[This Article also applies to officers of the British service employed in a Civil Department in India.]

Note 2.—[Privilege leave in combination with other leave is admissible to a Military Officer in Civil employ under the conditions and limitations in Article 233 but not under the military rules promulgated with India Army Order No. 64, dated 1st February 1904.]

Note 3.—[A Military Officer employed in the Military Secretariat of the Government of India, or as Military Secretary to the Resident at Hyderabad, or as Private Secretary to a Lieutenant-Governor, or as an A.-D.-C., appointed from Military employment, is not entitled to Privilege Leave under Chapter XII of these Regulations.]

607. No other leave of absence may be granted under the Regulations in Part III. to a Military Officer subject to the Military Leave Rules.

1. An Officer proceeding on furlough or leave under Military Leave Rules forfeits, *ipso facto*, his lien on any acting appointment. Conse-

¹ The following is the Rule of the Military Department for regulating the treatment of regimental officers selected for temporary employment in certain Civil Departments:

CLAUSE 129. With the sanction of the Secretary of State for India, it is notified that a regimental Officer selected for temporary employment with a department of the State in an appointment other than those* whose seconding is regulated by the provisions of paragraph 4 of G. G. O. No. 811 of 1877 will, on the expiration of a year of such temporary duty, be seconded, provided that the department employing him certifies that

quently, a Military Officer in civil employ, with no substantive appointment in the Civil Department, loses, on proceeding on such furlough or leave, his lien on any temporary or officiating appointment in the Civil Department that he may have held, if he has to revert to Military employ in order to obtain the leave.

COMPULSORY RETIREMENT FROM CIVIL EMPLOY.

612. (a) A Military or Naval Officer in Civil employ, after attaining the age of 55 years, shall not, except for special reasons, with the sanction of the Secretary of State, retain his office or be appointed to any new office: Provided that, if such an Officer has held his office for less than five years, he may, for special reasons, with the sanction of the Government of India, be permitted to retain his office until he has held it for five years. The term 'office' in this Article includes an officiating appointment, and the currency of the period of five years is not interrupted by any subsequent temporary promotion to a higher appointment.

(b) The period of five years begins from the date on which the Officer first takes up the office, whether substantively or temporarily: Provided that, if temporary, he is confirmed without reverting to his substantive appointment; but the currency of the period is not interrupted by any subsequent temporary promotion to a higher appointment.

[*Exception.*—Medical Officers of the Administrative Grades—namely, Surgeon-Generals and Colonels, are not compelled to retire from the Service until they attain the age of sixty years.

613. The undermentioned Officers cease to be in Civil employ on attaining the age of fifty-five years:—

(a) Military Officers in the Survey of India, unless specially permitted by the Secretary of State, in the interests of the Public Service, to remain in the department for a further definite period;

(b) Officers of the Indian Medical Service below the rank of Colonel, except Lieut.-Colonels, who are granted extensions of service beyond the age of 55 years until they complete 30 years' service.

(c) Departmental Officers and Warrant Officers.

614. On succession to the Colonel's Allowance a Military Officer (not holding an appointment, the tenure of which is limited to five years) must vacate any Civil appointment which he then holds. But, with the sanction of the Secretary of State in Council, he is eligible for reappointment or for employment in the same or any other appointment, at the discretion of the Government of India in the Military Department. In such a case his civil pay will be

there is a fair likelihood of his being brought on the permanent establishment of that department; otherwise he must immediately be returned to his regiment.

An Officer so seconded must either return to his regiment at the end of five years, or be struck off its strength on retention in a department for any period beyond that term. [*Indian Army Circulars, Military Department, No. 1451, dated 20th October, 1880.*]

* Army or personal staff appointments tenable for fixed period.

CHAPTER XXVIII.—MILITARY OFFICERS—*continued*.

reduced by the amount of his Colonel's allowance, which will be included in, and not given in addition to, his consolidated salary.

615. *Public Works Department.*—A Military Officer in the Public Works Department, who, on reaching the age of 50 years, has not attained the rank of Superintending Engineer, will be liable to be called upon to vacate his appointment.

616. Military Officers in the Public Works and Telegraph Departments cease to be in Civil employ on attaining the age of 55 years.

617. A Military Officer serving in the Public Works Department must vacate absolutely any appointment he may hold in that Department on succession to the Colonel's allowance.

620. *Leave after completion of period of Civil Employ.*—(a) No leave but Privilege Leave may be granted to a Military Officer in Civil employ, whether subject to the Civil or Military Leave Rules, or to any Naval Officer who is more than fifty-five years old. Any leave, other than Privilege Leave, granted in the Civil

Department to a Military or Naval Officer in Civil employ before he is fifty-five years old ceases to have effect on his fifty-fifth birthday, on which date he reverts to Military employ. The absentee allowances of a Military Officer in Civil employ on leave other than Privilege Leave become a Military charge and he becomes subject to Military Rules on his fifty-fifth birthday, whether his leave was granted in the Military or the Civil Department.

Note.—[In the case of a Military or Naval Officer in Civil employ, who reverts to Military employ under the operation of the rules in this section, privilege leave cannot be granted at the end of his service in the Civil Department for any period which will expire within the three months previous to his reversion.]

(b) In applying Clause (a) to Medical Officers of the administrative grades—namely, Surgeon-Generals and Colonels—'sixty' or 'sixtieth' as the case may be, should be substituted for 'fifty-five' or 'fifty-fifth.'

CHAPTER XXIX.—CIVIL VETERINARY DEPARTMENT.

Note.—[The rules contained in this chapter apply only to those Officers of the Civil Veterinary Department who were transferred to it from the Army Veterinary Department.]

621. Officers officiating in the Department draw the pay of their military rank *plus* half the civil allowance attached to that rank.

622. The leave and leave allowances of Civil Veterinary Officers are regulated by the rules in Chapter XIII., applicable to military officers subject to the Civil Leave Rules, with the following special conditions:—

(a) Officers on ordinary furlough draw half the pay of their military rank *plus* half their civil allowances.

(b) Civil Veterinary Officers are treated, in applying the rules mentioned, as if they had, before entering the civil Department, been subject to the Leave Rules for the Staff Corps (1886) from the date of their arrival in India.

623. The pension rules of the Civil Veterinary Department are as follow:—

(a) No officer becomes qualified for pension under the scale fixed for the Department until he has rendered ten years' service in it.

(b) Pensions are granted at the rates prescribed for the Army Veterinary Department by the Army Regulations in force for the time being, plus an addition made on the following scale:—
After 10 years' service in the Civil Veterinary Department £72 a year;
after 15 years' service in the Civil Veterinary Department £96 a year;
after 20 years' service in the Civil Veterinary Department £120 a year.

(c) Leave, apart from privilege leave, counts as service qualifying towards pension to the extent of two months for every year of actual service.

(d) Retirement is optional after twenty years' service and allowed on medical certificate after fifteen years' service. An officer, other than the Inspector-General, who resigns the Civil Veterinary Department before retirement, forfeits all claims to pension under the scale fixed for the Department.

The pension of the Insp.-Genl., if he has qualified under clause (a), is at the rate of £700 a year after three years' tenure of office. Should an officer have completed five years' tenure of the post of Insp.-Genl. before having rendered ten years' service in the Department, he is eligible for a pension of £600 a year.

Officers retiring before having completed ten years' service in Civil employ are dealt with under military rules for pension or gratuity. In the case of an officer invalided before completing ten years' service in the Civil Veterinary Department, the gratuity or pension earned by him under Military rules is increased in the same proportion as the total Civil allowances bear to the total Military allowances earned by him during his period of service in India.

[*Note.*—Previous service in an appointment absorbed into the Civil Veterinary Department counts as service rendered in that Department for the purposes of this rule.]

624. The rules in Chapter XXVIII. relating to the retirement of Military Officers in Civil employ upon attaining the age of fifty-five years, apply to Army Veterinary Officers in the Civil Veterinary Department.

626. *Family Pensions.*—The family of a Civil Veterinary Officer recruited from the Veterinary Staff of the Army are eligible for pension under the provisions of the Royal Warrant, 'Pay and Non-effective Pay,' applicable to the families of Army Veterinary Officers.

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

CHAPTER XXX.—CIVIL ENGINEERS AND TELEGRAPH OFFICERS.

LEAVE ALLOWANCES.

627. The rules in this Chapter apply, to the extent stated in the several Articles, to the following Officers:—

- (a) Officers of the Public Works and Telegraph Departments appointed from the Royal Indian Engineering College at Cooper's Hill.
- (b) Stanley Engineers.
- (c) Other Civil Engineers and Telegraph Officers appointed by the Secretary of State.
- (d) Indian College Engineers appointed in India.
- (e) Other Civil Engineers not of purely Asiatic descent, appointed in India.

628. *Commencement of Service.*—If a Cooper's Hill Engineer lands in India on or before the 1st December of the year in which he passes out of College, his service counts from the preceding 1st October, unless another date should be specified in his letter of appointment.

629. If a Cooper's Hill Engineer is, after completing his three years' residence at College, required to go through a course of practical engineering in England under a Civil or Mechanical Engineer, his service, unless another date should be specified in his letter of appointment, will reckon from the commencement of the practical course, or from such later date as will be consistent with the regulation that he may count as service towards pension the time spent on such practical course to the extent of one year only.

630. The service of a Cooper's Hill Engineer, whose case is not provided for in Articles 628 or 629, and who does not land in India by the 1st December, and that of any other Civil Engineer appointed by the Secretary of State, counts from the date on which he lands in India.

631. The service of an Officer appointed to the Telegraph Department, after training or competitive examination by the Secretary of State, begins as follows:—

- (i) If appointed after competitive examination, from date of covenant.
- (ii) If appointed after training at Cooper's Hill, from date of sailing of vessel selected by the Secretary of State, or 1st October in the year of passing out of the College, whichever is named in his letter of appointment, provided that he reaches India within two months of that date or other approximate date named in his letter of appointment; otherwise from date of arrival in India.

632. The service of an Officer appointed in India begins ordinarily from the date on which he takes charge of the office to which he is first appointed.

634. The Civil Engineers and Telegraph Officers whose leave is regulated by the European Service Leave Rules (Chapter XIII.) are enumerated in Article 297, Clauses (c) and (e). The leave of all other Officers is regulated by the Indian Service Leave Rules (Chapter XIV.).

PENSION RULES.

635. The rules in this section apply to all Officers of the classes described in clauses (a) to (c) of Article 627, and also to those Engineers whose names are given in Appendix 12.

Note.—[The Rules in Article 643 apply to all classes of Officers of the Public Works and Telegraph Departments.]

636. The pensionary claims of Indian College Engineers, and of other Civil Engineers (whether of purely Asiatic descent or not) appointed in India, and of Telegraph Officers not included under Clauses (a) and (c) of Article 627, are governed by the ordinary rules in Part IV. But in the case of Officers of this class who may rise to the rank of Superintending Engineer, or in the Telegraph Department, of Superintendent 1st grade, or in the Indo-European Telegraph Department, of Director, the Government of India will be prepared to consider favourably their admission to the pension rules, including those contained in Article 642, applicable to the Officers specified in Article 635.

Provided that Civil Engineers and Telegraph Officers who are Members of the Provincial Services of the Public Works and Telegraph Departments are not eligible for the concession described in this Article.

1. The concessions made under this Article do not affect the operation of the rules which determine the age from which qualifying service begins.

637. The Government of India may, on special grounds, recommend for sanction of the Secretary of State the grant of an invalid pension, on the scale below to an Officer belonging to the classes referred to as appointed in India, in Article 627, provided that he be not of purely Asiatic descent. This Article does not apply to Officers of the Provincial Service.

Not less than Rs. 1,000 or more than Rs. 2,000 a year:—

638. Unless there is something repugnant in the subject or context, the rules of Part IV. apply to Officers defined in Article 635, but they are modified in the points noted in the following Articles.

639. The rule which excludes service under the age of twenty years does not apply to the officers defined in Article 635, or to Indian College Engineers.

640. Privilege leave and subsidiary leave count as service. Other leave counts to the extent stated in Article 408.

641. The following special scale of Pensions is admissible to the Officers defined in Article 635:—

(a) *After a service of less than ten years, an invalid gratuity on the scale laid down in Article 474 (a).*

(c) *After a service of not less than twenty years, a retiring pension not exceeding the following amounts:—*

20 to 24	30-sixtieths of Average Emoluments	Rs. 4,000 333½
25 & above	age Emoluments	5,000 416½

642. *Special Additional Pensions.*—One or other, but not both, of the following special additional pensions over and above those allowed in Article 641 may be granted by the Local Government to officers of the classes specified in Article 635, limited in the case of the Engineer Establishment to those appointed not later than 1898, and of the Telegraph Department to those appointed not later than 1897, as rewards of approved service in the responsible positions mentioned below:—

(a) *Additional Pensions of Rs. 2,000 per annum to those who have served three years as—*

- (i) Chief Engineers, or Officers who may have been graded as such.
- (ii) Director - General, or Deputy - Director-General, of Telegraphs.
- (iii) Managers, North-Western, Oudh and Rohilkhand and Eastern Bengal State Railways.

Note.—[If an officer to whom this clause applies is compelled to retire under the 55 years' rule, or on medical certificate, before he has served the full period of three years, he may, with the special sanction of the Local Government, receive a special pension, which bears the same ratio to the full pension of Rs. 2,000, as the number of complete months' service in the grades referred to in this clause bears to the full period of 3 years.]

(b) *Additional Pensions of Rs. 1,000 per annum to those who have served three years as—*

- (i) Superintending Engineers.
- (ii) Director of Construction; Director

of Traffic; Deputy Director of Construction; Deputy Director of Traffic; or chief Superintendent in the Indian Telegraph Department.

(iii) Directors of the Persian and Persian Gulf Telegraphs in the Indo-European Telegraph Department.

Note 1.—[For the purpose of awarding these special additional pensions, Civil Engineers, of the classes enumerated in Article 635, in Class I. of the State Railway Revenue establishments, or in Classes I., II., and III. of Examiners, Public Works Accounts, and the Under Secretary to the Government of India, Public Works Department, Irrigation, Roads and Buildings (Civil Works Branch), are treated as of equivalent rank to a Superintending Engineer.]

Note 2.—[The provisions of this Article apply to officers of the Indo-European Telegraph Department appointed up to the 28th July, 1896. Those appointed thereafter come wholly under Article 643.]

Note 3.—[It is important to bear in mind that these additional pensions cannot be claimed as a matter of right, but will be granted at the discretion of the Local Government as rewards of 'approved service.' See special addition to certificate in Form No. 26 (Pension).]

643. For Officers to whom special additional Pensions under Article 642 are not admissible, the following special additional pensions may be allowed by the Local Government:—

Additional Pensions of Rs. 1,000 per annum to those who have rendered not less than three years of effective service in the following appointments, provided that in each case during such service the Officer has shown such special energy and efficiency as may be considered deserving of the concession. In the case of Officers entering Government service after the 31st December, 1909, the grant of the additional pension is subject to the further condition that they must, in the event of voluntary retirement, have completed twenty-eight years of qualifying service. Voluntary retirement for the purpose of this rule should be taken as retirement under Articles 464 and 465:—

Secretary to the Government of India, Public Works Department.

sponding rank in the Public Works and Railway Departments.

Officers graded as Chief Engineer and seconded from the Department holding appointments of corresponding rank and responsibility in foreign service.

Director-General of Telegraphs in India.

Deputy Director-General of Telegraphs in India.

Director-in-Chief of the Indo-European Telegraph Department, when the office is held by a member of either the Indian or the Indo-European Telegraph Department.

Traffic Superintendents, Locomotive Superintendents and Deputy Managers in Class 1 of the State Railway Revenue Establishment on pay exceeding Rs. 1,500 a month.

Examiners, Class 1, Superior Accounts Branch, Public Works Department.

Director and Deputy-Director of Traffic, and Director and Deputy-Director of Construction, Indian Telegraph Department.

Superintending Engineers, Class 1, Public Works and Railway Departments.

Under Secretary to the Government of India, Public Works Department (Civil Works Branch).

644. (a) An officer who holds a qualifying appointment substantively counts all active service, whether in the appointment or on deputation on special duty, and also periods of privilege leave taken by him during his incumbency of the appointment. Periods of leave, other than privilege leave, do not count.

(b) All officiating and temporary service counts, except periods during which an officer officiates for another absent on privilege leave.

645. The following Officers of the Indo-European Telegraph Department, are subject to the pension rules in this Section for Officers of the Public Works Department:—Leach, E. A.; Kelly, J. H. C.

1. Officers of the Indian Telegraph Department, who may be transferred to the Indo-European Telegraph Department, retain the pensionary privileges of their own branch of the department.

COMPULSORY RETIREMENT.

646. The tenure of the appointment of Director-General of Telegraphs is limited to five years. Extensions of this term can be sanctioned by the Secretary of State alone.

647. No Chief Engineer of the Engineer Branch of the Public Works Department, nor any officer of corresponding rank in the Superior Revenue Establishment of State Railways, or in the Superior Accounts Establishment of the Public

Works Department, nor any officer holding the office of Secretary or Deputy Secretary to the Government of India in the Public Works Department, can, without re-appointment, hold the same post for more than five years.

648. The following rules apply to officers, whether Civil or Military holding the appointments enumerated below:—

Secretary to Government of India, Public Works Department, Railways.

Secretary to the Government of India, Public Works Department, Irrigation, Roads, and Buildings.

Director of Railway Construction.

Director of Railway Traffic.

Accountant-General, Public Works Department.

Chief Engineers, Class 1, who have held one appointment with that rank for five years continuously.

Director-General of Telegraphs.

(1) An officer who is granted a special extension of time in any high appointment in the Public Works or Telegraph Department, the tenure of which is limited by rule, shall not be allowed any leave during such extension except privilege leave; and, should longer leave be necessary on account of ill-health, urgent private affairs, or other cause, the extension shall, *ipso facto*, cease from the departure of the officer on such leave.

(2) An officer who has served his full time in any of the above appointments, who is not given an extension, and for whom no other suitable appointment is available, or who vacates his appointment under Rule 1, may be allowed any leave admissible under rule.

(3) Appointments vacated under the above rules will be treated as substantively vacant from the date of commencement of furlough, whether taken by itself or as combined leave.

649. Any Civil Engineer of the Public Works Department, who, on reaching the age of fifty years, has not attained the rank of Superintending Engineer, will be liable to be called upon to retire.

650. All Civil Engineers in the Public Works Department, Civilian Under, and Assistant, Secretaries in the Public Works Branch of the Secretariat of the Government of India, or of a Local Government or Administration, and Civilians in the Superior Accounts Branch of the Public Works Department, in the Superior Railway Revenue Establishment, and in the Superior Establishment of the Telegraph Department, are required to retire on attaining the age of fifty-five years.

Note.—[The above rule is applicable to all Civilians of the several establishments named, whatever the source of their appointment may be.]

CHAPTER XXXI.—LAW OFFICERS.

651. In this Chapter, unless there is something repugnant in the subject or context, the term 'Law Officer' includes—

An Advocate General; a Standing Counsel; the Administrator General at Madras; an Official Trustee; an Official Assignee.

A Receiver of a High Court; an Officer of a High Court who holds an appointment which, by law, can be held only by a Barrister.

A Secretary in the Legislative Department to a Local Government.

A Remembrancer or Deputy Remembrancer of Legal Affairs.

A Government Advocate, or Assistant to the Government Advocate in Burma, and the Junior Government Advocate in the Punjab.

A Clerk of the Crown; a Government Solicitor; a Government Pleader.

A Government Prosecutor; the Assistant Secretary to the Government of Bengal in the Legislative Department.

652. The Leave of Absence and Acting Allowances of a Law Officer who is a Member of the Indian Civil Service or a Statutory Civil Servant are regulated by the rules applicable to the service to which the Officer belongs.

653. A Government Pleader or Government Prosecutor is entitled to such Leave of Absence and Allowances when on Leave, and to such Acting Allowances, as the Authority who appoints him may think fit to grant, provided that no extra expense be caused to the Government.

654. *Officers on full-timed Salaries.*—The Leave of Absence and Acting Allowances of a Law Officer who is not a Member of the Indian Civil Service or a Statutory Civil Servant, or a Government Pleader or a Government Prosecutor, but whose pay is fixed, and whose whole time is retained for the service of Government, are regulated as if he were a Member of the Indian Civil Service.

655. *Officers retained on fixed Allowances.*—The Leave of Absence and Acting Allowances of a Law Officer who is not a Member of the Indian Civil Service or a Statutory Civil Servant, or a Government Pleader, or a Government Prosecutor, whose pay is fixed, but whose whole time is not retained for the public service, are regulated by the following Rules.

Active Service.

1. 'Active Service' includes, besides Time spent on Duty, Leave of Absence taken under Rule 3, and Subsidiary Leave of Absence taken under Rule 8.

Application.

2. An Application for Leave of Absence must be submitted, through the Officer who passes his pay, to the Authority to whom the Officer is directly subordinate.

Leave during Vacation.

3. Leave of Absence during the Vacation of the High or Chief Court within whose jurisdiction the Officer serves, may be granted without deduction of pay, provided that no expense be caused by the grant of such Leave.

Medical Certificate.

4. Leave may be granted on Medical Certificate for a period not exceeding one year; and Leave so granted may, on Medical Certificate, be extended to twenty months.

5. Leave of Absence on Medical Certificate may not be granted again until after three years' 'Active Service.'

Private Affairs.

6. Leave of Absence on Private Affairs for a period not exceeding six months may be granted once only to an Officer who has rendered six years' 'Active Service.'

Furlough.

7. After four years' 'Active Service,' Furlough without Pay, but with retention of appointment, may be granted for a period not exceeding one year.

Subsidiary Leave.

8. In very urgent cases Subsidiary Leave of absence may be granted under Chapter XIII, provided that no expense be caused by the grant of such Leave.

Commulation of Leave.

9. Excepting Subsidiary Leave, no kind of Leave may be granted in continuation of any other kind of Leave; but any Leave granted under these Rules may be retrospectively changed for any other kind or amount of Leave which might at first have been granted.

Commencement and termination of Leave.

10. If an Officer, who has obtained Leave of Absence, makes over charge of his office before noon, his Leave begins on, and includes, the day on which he makes over charge; otherwise it begins on, and includes, the following day.

11. If an Officer resumes charge of his Office after noon, his Leave of Absence ends on, and includes, the day on which he resumes charge; otherwise, it ends on, and includes, the day before he resumes charge.

Leave Allowances.

12. An Officer, while on Leave under Rule 4, 5, or 6, is entitled to half-pay: Provided that his maximum Leave Allowance shall be, if paid in India, 833½ rupees a month, and, if paid at the Home Treasury, £250 a quarter.

Note.—[An Officer compelled to take Leave out of India under Rule 4, 5, or 6 owing to ill-health is entitled to the benefits of Article 342. In applying that Article the word 'pay' should be substituted for the word 'salary'.]

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—continued.

Acting Officers.

13. (a) An Officer officiating for an Officer on Leave under these Rules is entitled to the pay of the appointment, less the fraction of it drawn by the Absentee, in addition to the same fraction of the pay of his own substantive office, if any. In calculating this fraction, the maximum Leave Allowance of £250 a quarter, payable from the Home Treasury, is held to be equal to 2,500 rupees.

(b) Provided that—

- (i) The minimum salary of a Standing Counsel at Calcutta is Rs. 1,000 a month.
- (ii) The minimum salary of a Government Advocate at Lahore, Allahabad, Rangoon, or Moulemein is three-quarters of the pay of the appointment.

Deputation Vacancy.

14. An Officer officiating for an Officer deputed to act in another appointment, or on special duty, is entitled to two-thirds of the pay of the appointment in which he officiates, plus one-third of the pay of his own substantive appointment, if any.

Note.—[The Government of India may in special cases increase the allowance under this

rule to an amount not exceeding the full pay of the appointment.]

Combination of Offices.

15. If an Officer holds more than one appointment, his salary is regulated by *Chapter VIII.*

656. *Officers paid by Fees.*—Leave may be granted under the Rules in the preceding Article to a Law Officer who is paid by Fees, whether his whole time be retained for the service of Government or not, on condition that he make such arrangements for the performance of his duties as are satisfactory to the Authority by which he is appointed, and on condition that, in case of his obtaining Leave on Private Affairs under Rule 6, the officiating Officer shall receive the whole of the Fees attached to the office.

657. *Other Officers.*—An officiating Law Officer, who is not subject to the foregoing rules, draws, as acting allowance, the difference between the allowance attached to the appointment and the portion of it drawn by the absentee for whom he officiates. Provided the maximum salary (*see Article 96*) is not exceeded.

658. *Extraordinary Leave* under Article 332 may be granted to the Officers in this chapter.

CHAPTER XXXII. relates to STATE RAILWAY ESTABLISHMENTS.

CHAPTER XXXIII. relates to the BENGAL COVENANTED PILOT SERVICE; CHAPTER XXXIV. to the PORT BLAIR POLICE; CHAPTER XXXV. to the ASSAM and DACCA MILITARY POLICE; CHAPTER XXXVI. to the CALCUTTA AND SUBURBAN POLICE FORCES; and CHAPTER XXXVII. to the BURMA MILITARY POLICE.

PART VI.—Chapter XXXVIII. contains the RULES FOR THE GRANT OF WOUND AND OTHER EXTRAORDINARY PENSIONS.

PART VII.—FOREIGN SERVICE AND SERVICE UNDER LOCAL FUNDS.

CHAPTER XXXIX.—GENERAL DEFINITIONS AND CONDITIONS.

750. Foreign Service is of three kinds, viz.:—*First.*—When an Officer of Government is allowed to take service under an employer who is not under the orders of Government, and is allowed while in such service to maintain his claim to pension and leave in the same way as if he were still in the service of Government.

Examples.—Officers lent to Egypt, or to the Colonies, or to a Native State, or a Port Trust, or a Municipality, or a Railway Company

Second.—When Government having obtained control over or having received in trust certain funds other than General Revenues, creates special appointments or special establishments at the cost of the said funds for the purpose of exercising such control or trust.

Examples.—Administrators of Native States, Managers of Courts of Wards' Estates.

Third.—When additions are made to an existing service or an existing establishment to provide for work which has to be done under the supervision and control of the supervising and controlling Officers of the Service or Establishment, the cost of the

additions being charged to, or recovered from, the persons or bodies in whose interest the work is done.

Examples.—Political Agents appointed at the cost of the States concerned; Assistant Opium Agents in Native States and their Establishments; Establishments employed in Government Offices for the control of local funds, the members of which are appointed and controlled by Government, but the cost of which is recovered from the foreign services or local funds.

751. (a) Foreign Service of the first and second kinds qualifies for leave and pension or for pension only in the case of Officers transferred by competent authority from qualifying service under Government with the privilege of retaining their title to leave or pension, which in all but special cases is made subject to payment of contributions to Government in respect of the cost of such leave or pension.

(b) Foreign Service of the third kind qualifies for leave and pension in the same way as service in the rest of the department or establishment, of which the appointment forms a part: but arrangements are made for the recovery of the cost, as laid down in Chapter XLI.

CHAPTER XL.—FOREIGN SERVICE OF THE FIRST AND SECOND KINDS.

753. An Officer may not be transferred to Foreign service of the first kind unless the following conditions are complied with:—

(1) The service required of the Officer transferred is such as should for public reasons (and not merely in the interest of the Officer concerned) be provided for by a servant of the Government of India.

(2) The transfer is made by competent authority—

(a) In the case of transfer to Foreign Service in India the sanction of the Local Government under which the Officer is serving is sufficient, provided his pay in Foreign Service does not exceed that specified in clause (iv) of this Article, and that if transferred to a Native State, he is not allowed any further emoluments other than those specified in Rule II of Appendix No. 31.

(b) The sanction of the Government of India is required to all transfers to Foreign Service out of India, and also in cases of transfer to Foreign Service in India, which do not fall within the terms of clause (ii) (a) above.

(3) The officer transferred either, (a) Has ten years' qualifying service (for pension) under Government:—

Note.—[This condition may be relaxed by the Local Government in any case in which the transfer is for not more than one year. It does not apply to the following Officers:—

(i) Assistant Surgeons and Hospital Assistants — employed under Local Bodies, Railway Companies, and other bodies to which their services may be lent by the Local Government.

(ii) Any Government Officer appointed to service under the Court of Wards.

(iii) Officers of the Agricultural and Civil Veterinary Departments — employed under Local Bodies, or under Agricultural Associations or Societies such as those for the prevention of cruelty to animals.

(iv) Agricultural Assistants — deputed to Foreign Service in connection with Agricultural experiment or demonstration.

(b) Or belongs to one of the following services:—The Indian Civil Service; the Army; the "Commission" of any Non-Regulation Province; the graded Political Departments; the Superior Service of the Public Works (including Railway Revenue, and Account Branches), Telegraph, Survey, or Forest Department; the graded Educational Service; the Indian Educational Service; the Royal Indian Marine.

(4) The pay admissible shall ordinarily be determined by the following rules:—

(a) If an Officer is transferred to a post the duties of which are similar to those of the appointment which he held at the time of his transfer, his pay (1) if he belongs to a graded service, shall not exceed that of the grade to which he would next

rise if he remained in British service; (2) if he does not belong to a graded service, shall not exceed by more than 25 per cent. his pay in British service.

Note.—If at the time of transfer an Officer is receiving acting allowance for officiating in an appointment from which it is unlikely that he will revert, his initial pay in Foreign service may be calculated with reference to his salary at the time of transfer.

(b) If an Officer is transferred to a post the duties of which entail unusual responsibility and require special capacity, or to a post belonging to a branch of the public service different from that in which he was previously serving, his pay, whether he belongs to a graded service or not, shall not exceed the pay ordinarily allowed for similar duties in British service.

(c) Increases of pay are regulated as follows:—(1) When an Officer, whose pay was originally fixed under Clause (a) (1), would have been promoted in the British service to a higher grade, he may be permitted to draw the pay of the grade next above that to which he would have been so promoted with effect from the date of such promotion; (2) in all other cases no increase of pay above the amount sanctioned at the time of transfer will be granted to any Officer until he has served for three years in Foreign service, after that period and subsequently at intervals of not less than three years increments not exceeding 20 per cent. of the original pay in Foreign service may be allowed on the intimation of the Foreign employer, if, in the opinion of the Local Government or the Government of India, as the case may be, the increase is justified both with reference to the qualifications of the Officer and the nature of his duties.

(d) The officiating allowance of an Officer appointed to officiate during the absence of the permanent incumbent of a sanctioned appointment in Foreign Service, shall be regulated in accordance with the rules in Part II.

(5) The Officer transferred shall remain, while on Foreign Service, subject to the general and disciplinary rules which apply to Officers on active Government service.

753A. A copy of the order sanctioning an Officer's transfer to Foreign Service must always be communicated to the Audit Officer (Article 772) by the authority by whom the transfer is sanctioned.

Note.—[Service under a landholder who retains the management of his own estate is not 'Foreign Service' for the purpose of these Regulations, unless, in an altogether exceptional case, the importance of the estate or its owner is, in the opinion of the Local Government, such as to justify the transfer of the services of a Government Officer to occupy an important position, such as manager, &c.]

PART VII.—FOREIGN SERVICE AND SERVICE UNDER LOCAL FUNDS—*continued.*

754. Whatever may be the actual pay and allowances drawn by an Officer in Foreign Service from his employers, his salary, for the purpose of calculating the pension and the share of the leave allowances payable to him by Government, and of requiring a contribution towards the cost of such pension and leave allowances, shall be assumed to be as follows:—

- (A) If the Officer is on a time scale of pay, the pay which he would have drawn from time to time had he remained in British Service.
(B) For Officers who are not on a time scale of pay:—

(a) *If he is a member of any of the special services mentioned in Article 753 (iii)—*

- (i) During the first two years of his service reckoning from the first day of April next following his arrival in India or date of appointment if he was appointed in India ...

Members of the Indian Civil Service. Other Special Services.

Rs. Rs.

400 350

- (ii) For each subsequent year of service ... Up to a maximum of 2,500

Rs. Rs.

100 50

Twice the maximum Furlough allowance admissible to the officer concerned.*

* *Example.*—If the official rate of exchange for the year is 16 pence per rupee, the maximum on which a contribution is required would, in a case in which the maximum furlough allowance is £250 a quarter, be Rs. 2,500 a month, and in one in which it is £120 a quarter, Rs. 1,200 a month.

Note.—[Percentage deductions (e.g., for Civil Fund in the case of a Member of the Indian Civil Service) will be calculated upon the 'assumed salary.']

(b) *If the Officer is not a member of any of the above services, then—*

- (i) If he belongs to a graded service, his name will be retained on it (as seconded), substantive promotion from grade to grade being given to him in due course, and his assumed pay will be that of the grade in which from time to time he is.

Note.—[If the Officer belongs to a graded service in which the pay of appointments is progressive, his assumed pay will be the pay he last drew in Government employ. If he is promoted to a higher grade while in foreign service, his assumed pay will be the minimum pay of the grade to which he is promoted.]

- (ii) If he does not belong to a graded service, the assumed pay will be that which he last drew in Government service. If, while he remains in Foreign service, he is substantively promoted by the Local Government under which he was last employed to another appointment on higher pay, the assumed pay shall be the pay of such appointment.

Exception.—In the case of an Officer promoted from a subordinate grade to any of the special services, who was lent to Foreign service after the 30th August, 1905, assumed pay shall be taken as the pay he would draw from time to time on the Government list of the special service.

Note.—[No such officer may, while on Foreign service, be substantively promoted to an appointment in Government service on higher pay than that which he drew when last in Government employ, unless the nature of his duties while in Foreign service and the manner in which he discharged them qualify him for the same: nor shall any such officer on reversion to Government employ be appointed to any post on higher pay than he drew when last in Government employ except on the same condition.]

755. (a) From every Officer transferred in the manner specified in Article 753, who does not wholly resign the service of the British Government, or who is not, for recorded special and public reasons, exempted from the operation of the rules in this chapter, a contribution is levied as follows:—

- (i) In the case of Officers of the special services mentioned in Article 753 (iii), on account of leave allowances (excepting privilege leave) and pension—one-fourth of the assumed pay: provided that in the case of an Officer whose pension is subject to the maximum of Rs. 5,000 a year the contribution shall not be calculated on a higher salary than Rs. 1,500 a month if he is subject to the European Services leave rules, and Rs. 1,250 a month if he is subject to the Indian Services leave rules.

Note 1.—[In the case of Officers transferred to foreign service before 1st September, 1896, the maximum salaries on which contribution is calculated are Rs. 1,250 and Rs. 1,000 respectively for officers subject to the European and the Indian Service leave rules.]

Note 2.—[In the case of Officers subject to the European Service leave rules a higher limit has been fixed because of the higher maximum furlough allowance drawn by them.]

Note 3.—[The pensions of Officers who, though not yet eligible, may in the future become eligible for the special additional pensions admissible under Article 642, are not considered to be subject to the maximum of Rs. 5,000 a year.]

- (ii) In the case of others, on account of pension only—one-eighth of the assumed pay: Provided that, in the case of an Officer whose pension is subject to the maximum of Rs. 5,000 a year the contribution shall not be calculated on a higher salary than Rs. 1,000 a month.

Note.—[In the case of an Officer transferred to Foreign Service before the 1st September, 1896, the contribution is not calculated on a higher salary than Rs. 833½ a month.]

(b) An Officer is not permitted to withhold the contribution upon condition that the time of his Foreign service shall not count for pension or leave: he must either wholly resign the British service or, unless he is specially exempted, make the contribution required by this Article.

(c) An Officer of a Local Fund transferred to Foreign Service of the first kind cannot make any contribution under the terms of this section even though the Local Fund by which he is employed may contribute for a pension for him under these Regulations. Transfers to Foreign Service of the first kind can only be made from qualifying (British) service.

CHAPTER XL.—FOREIGN SERVICE OF THE FIRST AND SECOND KINDS—*continued.*

756. (a) The rates of Contribution prescribed in Article 755 apply to all Officers transferred to Foreign service after 7th January, 1889. The rates previously in force continue to operate, in the case of officers transferred before that date, subject to the following conditions:—

(1) That in the case of Officers of the Public Works Department transferred to the service of a Railway Company on terms agreed upon between Government and the Company, their appointments under the Company remain unchanged. If their appointments are changed, or if they enter on fresh engagements even without returning to the service of Government, they become subject to the new rates of contribution. It will rest with the Government of India in the Public Works Department to decide whether the appointments have been changed or not;

(2) That in the case of all Officers transferred to Foreign Service, the former rates of contribution will operate only until the new rates are applied, in each case, under the orders of the Local Government by whom the Officer was transferred. In all cases in which the new rates have not been so applied, and in which the Officer's salary may not under existing rules be increased without the sanction of the British Government, such sanction will, in future, be subject to the condition that the increase shall not be liable to contribution and shall not be reckoned for any purpose of leave allowance or pension.

(b) Previous to the 7th January, 1889, the rates of contribution were determined by the following Rules:—

From every Officer transferred to Foreign service who does not wholly resign the service of the British Government, or who is not, for recorded special and public reasons, exempted from the operation of this rule, a contribution is levied as follows:—

(A) In the case of a Member of the Indian Civil Service:—at the rate of 16½ per cent. (one-sixth) on the gross salary which he receives from his Foreign employers.

(B) In the case of any other Officer:—at the rate of 14½ per cent. (one-seventh) on the gross salary which he receives from his Foreign employers; provided always that the contribution from a Civil Officer, other than a Member of the Indian Civil Service, or a Civil Engineer, shall in no case exceed Rs. 166½ a month, and from a Civil Engineer, Rs. 233½ a month.

757. (a) *Foreign Service out of India.*—Officers transferred for service to Foreign Service out of India contribute for pension only. Such contributions are regulated by the provisions of Articles 754 and 755. The rate leviable in the case of officers of the special services mentioned in Article 753 (iii) (b) is one-sixth of their assumed pay, which represents the proportionate share on account of pension only, of the one-fourth prescribed in Article 755 (a) (i) for both leave and pension.

(b) Foreign Service out of India does not count as service for leave under Indian rules; and the lent Officers will be subject to the rules as to leave and leave allowances laid down by their foreign employers; or to such arrange-

ments as may be made on their behalf by the Government of India or by the Secretary of State in Council. They should make themselves acquainted with such rules or arrangements in regard to leave before accepting foreign employment.

Note 1.—[Members of the Indian Civil Service on Foreign Service out of India must continue to pay annuity deductions on their assumed pay, as prescribed in Note 1, Article 779.]

Note 2.—[In the case of a Military Officer, the contribution covers the liability of Indian revenues for temporary half-pay, or half-pay pension in any case of an Officer losing his health during Foreign Service out of India, before becoming entitled to ordinary so-called full-pay pension.]

Note 3.—[See note under Article 772 (c).]

757A. An Officer on furlough is not permitted to accept employment in Foreign service, except with the previous sanction of the Secretary of State or the Government of India, according as his furlough is taken out of or in India.

758. (a) An Officer lent for other than Imperial purposes, either to His Majesty's Government in England, or to a British Colony, or to a foreign State or Municipality, makes a contribution to the Indian Exchequer in accordance with the rules in this chapter.

Note.—[An Officer holding any appointment out of India, Civil or Military, under His Majesty's Government, and paid from the Imperial, that is, the Home Revenues, as distinguished from local, municipal or Colonial funds, is considered as having been lent for Imperial purposes, and is therefore exempt from payment of contribution.]

(b) But if an Officer while absent on furlough is permitted to take employment of the above kind, or if an Officer is allowed to take furlough for the purpose of taking such employment, he may draw his furlough allowance from Indian revenues in addition to any allowance which may be assigned to him for the employment; in this case the contribution is not required for the period of the Officer's employment as above, but will be payable from the date of the expiry of the furlough should the Officer continue in it. Service under His Majesty's Government in England, or under any Colonial or Foreign Government outside of India, will, in this case, be held to begin from the date of the expiry of the furlough.

Note.—[The sanction of the Government of India is required to the transfer of an Officer to any service of the description mentioned in this Article.]

759. No Officer employed as above on any duty unconnected with India shall, except as provided in Articles 758 and 760, receive any allowances from Indian revenues while so employed.

760. If an Officer is, when transferred, entitled to Privilege Leave, and obtains it with the avowed intention of taking employment under the Egyptian Government, he may draw his Privilege Leave Allowances from Indian revenues, in addition to any allowance from the Egyptian Government, without being required during the period of leave to contribute for pension in respect of employment in Egypt. The right to receive Privilege Leave Allowance is, however, contingent on his return to duty under the Indian Government on the expiry of

PART VII.—FOREIGN SERVICE AND SERVICE UNDER LOCAL FUNDS—*continued.*

the leave; if, therefore, he continues in the service of the Egyptian Government after the end of seven days from the date of expiry of his leave, the leave will be considered as cancelled, and the Officer's foreign service will be held to have begun on the date from which he availed himself of his Privilege Leave.

Temporary Transfers.

761. (a) No contribution is levied from an Officer transferred to foreign service in India for a special temporary duty not lasting more than six months: Provided that exemption can only be claimed under this Article if it is specially provided for from the beginning as part of the terms of the arrangement under which the transfer is made.

Note.—[In determining whether contributions are payable or not, the point to be considered is the duration of the appointment or duty to which the Officer is transferred and not the duration of the particular Officer's employment in the appointment or on the special duty.]

(b) In these cases the rule in Article 753 (iii) as to ten years' qualifying service need not be applied, and the Officer cannot, for the purposes of leave allowance and pension, count for the time passed in such service higher salary than he had when he was transferred to it.

1. In arranging for the transfer of an Officer's services under this Article it should always be stipulated that in the event of the transfer exceeding the limit of six months, the prescribed contribution must be paid for the whole period of transfer.

762. The Local Government may remit the contribution for any period during which an Officer on foreign service is temporarily employed under the British Government on duties additional to, or distinct from, his duties on foreign service.

RULES FOR PAYMENT OF CONTRIBUTION.

770. If the salary of an Officer is paid under the orders of the Accountant-General at a British Government Treasury, the required contribution is deducted at the time of payment. In all other cases the Officer himself must pay the amount directly to the British Government in the manner prescribed in the following rules*; the Government will not ordinarily enter into any direct arrangements with the foreign employers of its Officers or make any direct demands upon them.

GENERAL CONDITIONS OF SERVICE.

779. *Leave and Pension.*—(a) In return for the contributions prescribed in Article 755 (a) (i) the Government accepts the charge for the Officer's pension, and also that for his absentee allowances (except on Privilege Leave, when it pays only its share, according to the Rule of Proportions, calculated on the assumed pay referred to in Article 754 (a), and during which contribution calculated on the share of the leave allowances payable by the foreign body, must be paid as if the Officer were on duty), in the same manner and to the same extent as if he were in the regular service of Government, saving only that the calculation of pension or

* Omitted from this Abstract.

absentee allowance is based upon the pay upon which he contributes (*see* Article 754) and not upon the amount which he receives from his foreign employer.

Note 1.—[In calculating the leave allowances of a Member of the Indian Civil Service one twenty-fourth must be added to the assumed or actual salary, in order to provide for the four per cent. annuity deduction. For example: if the average salary is Rs. 960 (net) the half average fixed for Leave Allowance will be Rs. 500, and not Rs. 480; because the Leave Allowance of Rs. 500, being subject to four per cent. deduction, the net amount payable will be only Rs. 480.]

Note 2.—[The allowance admissible under this article during subsidiary leave to an Officer who has privilege leave due to him is the amount which would be admissible during privilege leave if the salary of the Officer were actually payable at the "assumed" rate. The whole of the subsidiary leave allowance thus paid is chargeable to Government.]

(b) In return for the contribution prescribed in Article 755 (a) (ii), the Government accepts the charge for the Officer's pension, but not for his Absentee Allowances, of which it pays only its share according to the Rule of Proportions, calculated on assumed pay. [Article 754 (b).]

780. In return for the contribution prescribed in Clauses (a) and (b) of Article 768, the Government accepts the charge for the Officer's pension and absentee allowances (except during privilege leave, when it pays only its share according to the Rule of Proportions; and during which the contribution is paid as if the Officer were on duty), in the same way as if he were in its own service.

781. An Officer who contributes for pension only must, during Privilege Leave, pay his contribution as if he were on duty, and if, after return to his British appointment, he takes Privilege Leave, a portion of which is earned by foreign service, he will receive from the General Revenues the Government share of his Leave Allowance, according to the Rule of Proportions, and must pay to the General Revenues the contribution required by Article 755 (a) (ii) for that portion of his Privilege Leave which was earned by his foreign service.

782. The pension and leave of an Officer on foreign service, whether acting or permanent, are regulated by the rules which apply to Officers of the Government of India. And an Officer may not get leave, unless he actually quits duty and proceeds on leave.

783. Subject to the regular rules, any saving arising from the absence of a permanent Officer accrues to his employer, except when an Officer is exempted from the payment of the contribution prescribed in Article 755 [*see* Article 763, *Exception (b)*], when the saving should be paid to the British Government.

784. Except with the sanction of the Government of India, no Officer of Government, who is lent on foreign service conditions, may accept a pension or gratuity from his foreign employer in respect of such service.

787. *Lien on Government Appointment.*—An Officer so transferred (*i.e.*, transferred,

CHAPTER XL.—FOREIGN SERVICE OF THE FIRST AND SECOND KINDS—*continued.*

under the rules in this chapter, from qualifying service to foreign service), is, when he returns to British service, entitled to resume the position in which he left it; and he cannot return to acting service under the British Government without reverting also to his substantive British office, the *locum tenens* of this office thereupon falling back upon acting allowances. If he holds a progressive appointment his foreign service does not count towards the increment; but such service may, with the sanction of the Local Government, be allowed to count, if the Officer is doing the same kind of

work as that of his Government appointment, and is acquiring experience likely to make his services more valuable when he returns to it.

Note.—[The object of this Article is to secure to an Officer the right to resume, on his return to British Service, the position he held when he left it. A Local Government is not debarred from giving an Officer any promotion to which his standing in the British Service would have entitled him had he not been transferred to foreign service, but the Officer has no claim to such promotion.]

CHAPTER XLI. deals with FOREIGN SERVICE OF THE THIRD KIND, the general rule in the case of such service being that the relations between Government and the Officers employed in respect of their pensions and leave allowances are the same as if they were in ordinary Government service.

CHAPTER XLII.—SERVICE UNDER LOCAL FUNDS.

796. Apart from any special provisions, service paid for from a Local Fund does not qualify for pension.

PART VIII. (CHAPTER XLIII.) is concerned with RECORD OF SERVICE.

PART IX.—PROCEDURE RELATING TO LEAVE.

CHAPTER XLIV.—APPLICATIONS FOR AND GRANT OF LEAVE.

APPLICATIONS.

825. Except as provided in Articles 841 to 845 and 848, an application for leave should be submitted to the Local Government or other authority whose duty it would be to fill up the appointment of the applicant if it were vacant.

1. When a gazetted Officer applies for leave, he should quote the article or section of these Regulations under which he considers himself entitled to the leave.

826. An Officer applying for *Privilege Leave* must, except when the leave is combined with other leave under Article 233, record a declaration that he has no intention of retiring or of taking long leave of any kind for three months after his return to duty. Though not absolutely debarred by this declaration from applying for permission to retire or to take long leave within the three months, he should, if he does so, explain his change of mind.

Rule.—An Officer who has been granted privilege leave in combination with other leave is not permitted to resign the service until a period of at least six months has elapsed from the beginning of his combined leave.

836. *Medical Certificates.*—If the Officer is going on leave out of India, he should take with him one copy of the medical report upon his case.

837. A duplicate of the medical report of an Officer going on furlough on medical certificate or leave on medical certificate to Europe or to any leave on medical certificate to the West Indies of the colonies in America or the West Indies should be forwarded without delay direct to the Under-Secretary of State for India, by the Local Government under which the Officer is employed, for the information of the Medical Board attached to the India Office, so as to arrive as soon as the Officer reaches his destination.

838. An applicant for an extension or commutation of leave on medical certificate who is residing out of India must satisfy the Medical Board at the India Office as to the necessity for the extension or commutation. Ordinarily he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than sixty miles from London, a certificate in a form to be obtained from the India Office and signed by two medical practitioners may be accepted. A certificate obtained abroad and signed by foreigners must be attested by consular or other authority as bearing the signatures of qualified medical practitioners.

GRANT OF LEAVE.

839. Leave may be granted with retrospective effect from the date on which it is admissible.

840. Unless specially otherwise ordered, leave must begin within thirty-five days of the date on which it is granted.

RULES REGARDING CHAPLAINS.

846. Subject to the exigencies of the Public Service, Local Governments are empowered, with the concurrence of the Bishop of the Diocese, to grant any Furlough or Special Leave authorised by these Regulations to Chaplains serving within their respective jurisdictions. Priority of claim is determined in accordance with Article 370.

847. If a Chaplain who belongs to the Madras or Bombay Ecclesiastical Establishment, but is serving in the Bengal Presidency, applies for Furlough or Special leave, the Local Government under which he is serving will, if it grants the leave, inform the Government of Madras or Bombay, as the case may be.

848. The Bishop of the Diocese is empowered

PART IX.—PROCEDURE RELATING TO LEAVE—*continued*.

to grant Privilege Leave to Chaplains under Article 592, subject to the public exigencies, of which the Bishop shall be the judge. But the grant, cancellation, or extension of such leave should be reported to the Local Government concerned.

850. Except under orders of the Secretary of State, the term of Furlough or Special Leave cannot be altered without the permission of the Government by which it was granted.

851. Every Chaplain who obtains leave shall supply himself with a last-pay certificate, and with a statement showing the allowances which he is entitled to draw while absent. These documents will be furnished by the Accountant-General (*see* Chapter XLVI.), and no Leave

Allowances will be payable without their production.

Note.—[If a Chaplain's term of twenty-five years' service expires (*see* Article 60x) during his Leave, or during the period to which it is stated that it may be extended, the fact should be noted on the last-pay certificate.]

852. A Chaplain shall report his return to duty to the Bishop, and to the Local Government by which his Leave or Furlough was granted.

853. If any Local Government shall see fit to refuse Furlough to any Chaplain on the ground of the exigencies of the Public Service, it shall report such refusal for the confirmation of the Government of India. This Article applies only to Chaplains on the Bengal Establishment.

CHAPTER XLV.—PAYMENT OF LEAVE ALLOWANCES.

862. Leave allowances are payable in India after the end of each calendar month; but an Officer on leave out of India may, at his option, take payment at the Home Treasury, from the date of quitting India, or in the case of an Officer who has quitted India during the privilege leave portion of combined leave under Article 233, from the date of commencement of such privilege leave; or if he proceeds to a Colony named in Appendix 15, he can take payment in such Colony. Any balance of leave allowances undrawn at the time that an Officer returns to duty in India, should be drawn there in rupees.

An Officer having selected the country in which he desires to draw his leave allowances, is permitted to change only once during any one period of leave.

867. *Payment out of India.*—An Officer proceeding on Leave out of India, cannot draw his leave allowance at the Home or any Colonial Treasury unless he is provided with a Last-pay Certificate or Warrant in accordance with the Rules laid down in Chapter XLVI.

868. When payment is made at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed, for the time being, for the adjustment of financial transactions between the Imperial and the Indian treasuries, subject to the condition that, conversion into sterling shall, for the present, be effected at the minimum rate of rs. 4d. to the rupee for Privilege Leave, and at rs. 6d. to the rupee for Leave other than Privilege Leave. Any payments made at a different rate, or otherwise erroneously, should be adjusted in subsequent payments.

Exception.—The Officers whose names are mentioned in Appendix 16, have been specially authorised by the Secretary of State to receive leave allowances, while on leave out of India, at the rate of exchange of 2 shillings to the rupee.

1. If, in any covenant or contract dated before the 23rd day of November, 1871, with any Officer for service in India, it is provided that, in payments to be made under, or in pursuance of, the contract, a pound sterling shall be considered an equivalent or equal to, and calculated after the rate of, ten rupees, any leave allowance which the Officer is, under his covenant or contract, entitled to receive in England, shall be

converted into sterling at that rate. But if, in such contract, no provision is made for the payment of any allowances during leave, the aforesaid rate of exchange will not apply to any leave allowances.

Note.—[When leave allowances are converted into sterling at rs. 6d. to the rupee, each fraction of less than one-third of a rupee is treated as a complete third (= 6d.); each fraction of more than one-third and less than two-thirds as two-thirds; and each fraction of more than two-thirds as a whole rupee.]

869. The leave allowances of all Officers are issued at the Home Treasury monthly in arrear on the first day of each calendar month.

They are made up to the following quarterly dates, 31st March, 30th June, 30th September, and 31st December; and they are paid in monthly instalments, the first two instalments in each quarter being the net amount accrued, omitting shillings and pence, and the third instalment being the balance due for the quarter.

Payment is made—

- (i) To the Officer on his personal application; or
- (ii) To his banker or other agent, duly authorised under power of attorney, on production of a life certificate filled up and executed in the manner directed thereon (except in cases where proof of existence is not required owing to the banker having guaranteed the Secretary of State against loss consequent on his dispensing with the production of such proof); or
- (iii) On presentation of a draft, duly filled up and signed by the Officer, in a form which, with the requisite form of life certificate attached, may be obtained from the India Office, on the Officer's written application.

870. *Certificate of Leave.*—(a) Privilege Leave Allowances, when such leave is taken by itself, are not payable out of India; but in case an Officer leaving India should afterwards want his Leave to be commuted, he should take with him a Certificate in Form 9.

871. (a) An Officer proceeding on Long Leave to Europe who does not intend to draw allowances from the Home Treasury, should take with him a Certificate of Leave in Form 10, from the Audit Officer in whose circle of audit his

CHAPTER XLV.—PAYMENT OF LEAVE ALLOWANCES—*continued*.

appointment is held. If he visits England, this certificate is to be presented at the India Office.

1. A Military Officer subject to the Military Leave Rules proceeding on Furlough cannot obtain the certificate in this Article until he submits to the Audit Officer a certificate in Form 1, 2, 3, 4, 5, or 6, as the case may be, by the Account Officer in charge of his record of pension service.

(b) If the Officer afterwards desires to draw his leave allowances at the Home Treasury, or at some Colonial treasury, he must obtain a last-pay certificate from the Audit Officer in whose circle of audit he was employed when he proceeded on leave.

872. An Officer proceeding on Long Leave to North Africa, America, or the West Indies, must take with him a certificate in the form prescribed in the preceding Article. If he visits

England, or has occasion to apply for an extension of leave, the certificate should be presented at the India Office. If not previously presented, it must be forwarded to the India Office when permission to return to duty is applied for.

873. An Officer proceeding on Extraordinary Leave without allowances to Europe, North Africa, America, or the West Indies, must take with him a certificate of leave in Form 11 from the Audit Officer in whose circle of audit his appointment is held. If the Officer visits England, or has occasion to apply for an extension of leave, the certificate should be presented at the India Office. If not previously presented, it must be forwarded to the India Office when permission to return to duty is applied for. The Audit Officer should, when he issues this certificate, send a duplicate to the India Office.

CHAPTER XLVI.—LAST-PAY CERTIFICATES.

874. Except as provided in Article 879, no Officer can begin to draw his leave allowances at any treasury in India, or at the Home Treasury, without producing a Last-pay Certificate from the Accountant-General of the Province to which he belongs.

1. No-demand certificates are not required by an Officer going on leave.

886. An Officer proceeding to Europe should present his Last-pay Certificate at the India Office. When he returns to India, he should obtain a Last-pay Certificate from the India Office.

PART X.—PROCEDURE RELATING TO PENSIONS.

CHAPTER XLVII.—APPLICATIONS FOR AND GRANTS OF PENSIONS.

905. The Rules in this Chapter apply to all Officers applying for pension under these Regulations, except—

- (a) Members of the Indian Civil Service—(*Chapter XLIX*).
- (b) Chaplains—(*Chapter L*).
- (c) Judges of the High Courts, for whom no special procedure is laid down.

906. There is no limitation on the period after retirement within which an application for pension or gratuity must be submitted; but, apart from special orders, a pension applied for after the Officer has retired begins from the date of application. (*See also Article 930.*) An Officer may be admitted to pension while absent on leave, whether in or out of India.

912. In the case of an Officer in superior service, who retires before he is sixty years of age, it should be stated in the column for the 'Any other remarks,' on the third page of the application for pension, whether retirement is

compulsory or optional, and, when compulsory, the order sanctioning retirement should be quoted, and cause of inefficiency specified.

915. (a) The Government of India is ordinarily unwilling to pass orders on questions affecting the pension of an Officer until he actually retires, because their premature discussion occupies valuable time almost always to no purpose and uselessly.

918. A pension which is certified by the responsible Audit Officer to be clearly and strictly admissible under rule may be sanctioned—

- (a) in any case, by the Local Government;
- (b) in the case of non-gazetted Officers, by the Officer who has the authority to fill the appointment vacated by the retiring Officer.

922. Should the amount granted to an Officer be afterwards found to be in excess of that to which he is entitled under the regulations, he will be called upon to refund such excess.

GENERAL RULES.

933. When a pension is stated in rupees, it is payable at any treasury in India; or, at the pensioner's option, at the Home Treasury.

934. Pensions granted in rupees which are drawn at or through the Home Treasury, are converted into sterling at the rate of exchange from time to time fixed for the adjustment of transactions between the British and Indian Governments, subject to the condition that in the case of persons resident in any country in which the Indian Government rupee is not legal tender, *is. 9d.* the rupee is fixed as the minimum rate at which the conversion into sterling shall be effected. The same rate of exchange applies to the issue of gratuities to persons residing in any country in which the rupee is not legal tender; but when the service of an officer to whom a gratuity is granted terminates in India, the gratuity should be paid in India.

Note 1.—[Ordinarily, a pensioner who has been residing in India or other country in which the Indian Government rupee is legal tender, and who proceeds to a country in which the rupee is not legal tender is entitled to draw his pension from or through the Home Treasury at the minimum rate of *is. 9d.* the rupee from the date only when he quitted the former country. But a pensioner who leaves India within six months of his retirement and proceeds to a country in which the rupee is not legal tender is entitled to draw his pension from or through the Home Treasury at the minimum rate of *is. 9d.* the rupee from the date to which it has been paid in India, or if no payment has been made there, from the date of its commencement.]

Note 2.—[A pensioner who has been drawing his pension at the minimum rate of *is. 9d.* the rupee, if he proceeds to a country in which the rupee is legal tender and continues to draw his pension from the Home Treasury, is allowed the benefit of that minimum rate for six months from the date of his arrival in such country.]

Note 3.—[In the event of a case arising which appears not to be covered by the foregoing rules, reference must be made to the Secretary of State.]

935. The rule in Article 934 applies to an Officer under covenant who is entitled by his covenant to pension; the covenanted rate of exchange for his pay and allowances does not, unless it is expressly so stated, apply to his pension.

936. Transfer of a pension from an Indian Treasury to the Home Treasury and *vice versa* is permitted within reasonable limits whenever desired.

Note.—[Frequent transfers of a pension to and fro are not permissible.]

Procedure in Paying

940. A gratuity is paid in a single sum, and not by instalments.

943. A pension is payable in India monthly on and after the first day of the following month.

Payment in England.

964. The annuities and pensions of all officers are issued at the Home Treasury monthly in arrear on the 16th day of each calendar month.

They are made up to the following quarterly dates, *viz.*, to the 15th March, 15th June, 15th September and 15th December; and they are paid in monthly instalments, the first two instalments in each quarter being the net amount accrued, omitting shillings and pence, and the third instalment being the balance due for the quarter.

Payment in a Colony.

966. The Rules in this Section apply to pensions granted under the Rules in any Chapter of these Regulations. The pension of a pensioner residing in any Colony named in Appendix 15 may be paid there.

971. Pensions stated in Indian money shall, in a Colony in which the Indian Government rupee is not legal tender, except when it is otherwise arranged, be paid in sterling money at the rate of exchange annually fixed for the adjustment of transactions between the British and Indian Governments, subject to the condition that *is. 9d.* the rupee is fixed as the minimum rate at which the conversion into sterling shall be effected. Any payments made at a different rate or otherwise erroneously, should be adjusted in subsequent payments.

Note 1.—[The same rate of exchange applies to the issue of gratuities to persons residing in any country in which the rupee is not legal tender; but when the service of an officer to whom a gratuity is granted terminates in India, the gratuity should be paid in India.]

Note 2.—[Notes 1 to 3 under Article 934, apply, *mutatis mutandis*, to this Article.]

972. *Transfer of Payment.*—(a) Transfer of a pension from an Indian Treasury to a Colony, the payments in which are adjusted in the accounts of the Home Treasury, is permitted only once; but a pensioner can at any time have payment transferred from a Colony to an Indian Treasury, or from a Colony the payments in which are adjusted in the accounts of the Home Treasury, to England, for direct payment from the Home Treasury.

(b) In case a Pensioner desires transfer of payment of his pension from one Colony to another, the Government of India will recognise the proceedings of the Colonial Authorities sanctioning such transfer, which should, however, be reported separately by the pensioner to the Government of India and to the Under-Secretary of State for India.

973. Upon his return to India, an Officer should deliver up his copy of the Warrant, which will serve the purpose of a last-pay certificate.

APPLICATIONS.

977. *Retirement during leave to Europe.*—(a) An Officer who wishes to retire from the service while on leave in Europe, must submit his application to the Secretary of State.

(b) When an Officer makes his application under this Article, whether after completing his full period of service, or after having been declared by the Medical Board to be unfit for further service in India, his resignation is accepted, subject to the adjustment of any demands that may be standing against him in India; and he is directed to apply to the Government of India, the Government of Madras, or the Government of Bombay, as the case may be, for the annuity or gratuity to which his length of service may entitle him.

PAYMENT.

979. The annuity of an Officer who leaves India by sea, when retiring from the service at the end of subsidiary leave, begins, and his subsidiary leave ends, on the day of the departure of the vessel in which he sails.

980. The annuity of a Member of Council who has not previously resigned his seat in Council, or whose successor has not entered upon his office, commences from the day following that on which the vessel in which he leaves India sails, or from the expiry of his five years' tenure of office, whichever date is earlier.

982. Annuities are payable in arrear, monthly, and to date of decease.

983. (a) Payment of annuities and gratuities may be taken at the Home Treasury in sterling money, or in India in rupees, at the following rate:—

- (i) If the annuitant was on the Bengal establishment—104 rupees for each pound sterling.
- (ii) If the annuitant was on the Madras or Bombay establishment—1065 rupees for each pound sterling.

Note.—[The reasons for the difference in the rates of exchange are to be found in the history of the Annuity Funds. The rates of exchange differ considerably in the various Service Funds.]

(b) Provided that any annuitant who is a permanent resident in India, may, if he wishes to draw his annuity in that country, exercise the option of receiving it at the rate of exchange annually fixed for the adjustment of transactions between the British and Indian Exchequers.

Note.—[This rule applies to all Officers whose pensions are stated in sterling, and who, being resident in Asia, take payment in India.]

984. Transfer from the Home Treasury to an Indian treasury, and *vice versa*, is permitted twice only.

987. Payment of annuities may be made in any Colony named in Appendix 15, in accordance with the procedure laid down in Articles 966 to 973.

CHAPTER L.—CHAPLAINS.

988. Applications may be made to, and pensions are granted either by the Government of India, the Government of Bombay, or the Government of Madras (as the case may be), or by the Secretary of State.

1. At least six months before a Chaplain, whether of the Church of England or the Church of Scotland, completes his full period of service, a statement should be furnished by the Local Government concerned to the Government of India in the Home Department, for transmission to the Secretary of State, showing the date on which the Chaplain completes such service, whether he is in England or in India. It should also be stated whether he is on duty or on leave, and, if the latter, for what period. [A Chaplain who proceeds to Europe on leave should give the Secretary of State at least four months' notice if he decides to retire without returning to India.]

989. A Chaplain proceeding to England on retirement without applying for pension should procure a certificate in Form 30:—

- (i) If he is a Chaplain on the Bengal Establishment, or a Chaplain of the Church of Scotland serving in the Bengal Presi-

dency—from the Comptroller, India Treasuries;

- (ii) If he is a Chaplain on the Bombay or the Madras Establishment, or a Chaplain of the Church of Scotland serving in Madras or Bombay—from the Accountant-General at Bombay or Madras (as the case may be).

990. A Chaplain of the Church of England, who wishes to obtain pension from the authorities in India, must submit his application, through the Archdeacon or Bishop of his diocese, to the Government of India in the Home Department if he belongs to the Bengal Ecclesiastical Establishment, and to the Local Government if he belongs to the Madras or Bombay Ecclesiastical Establishment.

991. A Chaplain of the Church of Scotland, who wishes to obtain pension from the authorities in India, must submit his application through the Presidency Senior Chaplain, if he is not himself the Presidency Senior Chaplain, to the Government of India in the Home Department, if he is serving in the Bengal Presidency, and to the Local Government if he is serving in Madras or Bombay.

PART X.—PROCEDURE RELATING TO PENSIONS—*continued*.

992. The Home Department, or the Government of Madras or Bombay, before accepting the resignation of a Chaplain, should obtain a certificate from the Comptroller, India Treasuries, or the Accountant-General, Madras or Bombay, as the case may be, showing the Chaplain's service, residence, and the amount of pension to which he is entitled.

993.—(a) In the case of the Bengal Presidency, if the Chaplain's resignation is accepted, the case should be forwarded to the Finance Department of the Government of India, in

which department the pension to which the Chaplain is entitled will be sanctioned.

(b) In the case of the Madras or Bombay Presidency, the procedure is the same, but the pension is sanctioned by the Government of Madras or Bombay, as the case may be.

994. A Chaplain to whom pension has been granted in India, should be careful before proceeding to England to obtain the usual certificate of the last issue of pay or pension to him in India.

PART XI.—CHAPTERS LI. TO LVII. contain Regulations relating to TRAVELLING ALLOWANCES.

EXTRACT FROM CHAPTER LIV.—OFFICERS APPOINTED IN EUROPE.

1087. The rules regarding—
(a) Passage to India, and outfit allowances (in case of appointment in Europe),
(b) Return to Europe (on termination of appointment),
of certain high officers, which have been framed by the Secretary of State, are given in Appendix 28.

1088. Officers appointed in Europe to the public service in India are ordinarily allowed by the Secretary of State a free passage to India.

1090. A Chaplain who, during his period of probation, is declared by a Medical Board to be permanently incapacitated for further service in India, is entitled on retirement to a free passage to his country, provided that he has not before retirement taken leave on medical certificate.

A probationer removed from the service for misconduct of any kind, or who resigns his position for any cause other than certified ill-health, is not entitled to a return passage to his country, and is bound to refund the cost of his passage to India.

The Local Government may, however, waive the claim to a refund in cases not involving misconduct, when satisfied that the circumstances justify this concession.

1091. An Officer appointed to the Bengal Pilot Service is granted an Outfit Allowance of £20.

1092. An Officer who is appointed by the Secretary of State while resident in Europe, and who is not one of the High Officers referred to in Article 1087, is entitled to Travelling Allowance at the rates laid down in Chapter LII., from the capital town of the Presidency to which he is attached to the first station to which he is posted.

1093. (a) If such an Officer disembarks in India at any port other than the capital town of the Presidency to which he is attached, he is entitled to Travelling Allowance from such port to the first station to which he is posted, limited to the amount to which he would have been entitled under the preceding Article if he had disembarked at such capital town.

(b) But if an Officer is directed by the Secretary of State to proceed to a particular port, he is entitled to Travelling Allowance from that port.

Note.—[For the purposes of the preceding Articles, an Officer attached to any Province other than Bombay or Madras, is held to be attached to the Bengal Presidency.]

EXTRACT FROM CHAPTER LVI.—SPECIAL RULES FOR HIGH OFFICERS,

1144A. *Indian Members of the Council of India.*—A gentleman who is habitually resident in India at the time of receiving notice of

his intended appointment to the Council of India, shall receive Rs. 4,500 as allowance for equipment and voyage.

RULES REGARDING THE ALLOWANCES FOR EQUIPMENT AND VOYAGE OF CERTAIN OFFICERS.

RULES made under the Statute 43 Vic., cap. 3, by the Secretary of State in Council of India, fixing the Allowances for Equipment and Voyage of the Governor-General of India, Members of the Council of the Governor-General of India, Governors of Madras, Bombay, and Bengal, Commander-in-Chief of the Forces in India, and the Bishops of Calcutta, Madras, and Bombay. Dated 23rd December, 1912.

I.

1. The allowance for equipment and voyage of a Governor-General of India, resident in Europe at the time of his appointment, is fixed at £5,000. If a Governor-General at the time of his

PART XII.—APPENDICES—*continued*.

appointment is resident in India or Ceylon, he shall receive an allowance of £3,000 for equipment, but no allowance for voyage. If he is resident elsewhere than in Europe, India, or Ceylon, he shall receive an equipment allowance of £3,000, and such further allowance for voyage not exceeding £500, as shall be decided by the Secretary of State in Council according to the circumstances of the case.

2. Except as declared in these Rules, Government will make no arrangements for, and will defray none of the expenses connected with, the conveyance or passage of a Governor-General, his family, or suite, to or from India.

3. A newly appointed Governor-General proceeding to India from Europe to enter upon his office may be accompanied by three combatant military officers for his personal staff, the expenses of whose passage to India or to Aden, as the case may be, will be defrayed by Government according to the rules in force in the Military Department as to military officers proceeding to India on duty. For such newly appointed Governor-General proceeding to India a steamer belonging to the Royal Indian Marine will (if consistent with the requirements of the public service, and in accordance with the wishes of such Governor-General) be provided to convey him and his family and suite from Aden to Bombay. Should he make use of this steamer, he will bear the cost of entertainment and messing incurred while on board in respect of himself and his party, according to the rules in force relating to the conveyance of passengers in Royal Indian Marine troopships, and his allowance will be issued at the rate of £3,500 only.

4. For an ex-Governor-General returning to Europe on resignation, a steamer belonging to the Royal Indian Marine will (if consistent with the requirements of the public service) be gratuitously provided, to convey him and his family and suite to Suez; but the homeward voyage of the ship thus provided shall not be continued beyond Suez. The ex-Governor-General will bear the cost of entertainment and messing incurred while on board, in respect of himself and his party, according to the rules in force relating to the conveyance of passengers in Royal Indian Marine troopships.

5. No grant from Indian revenues will be made to any ex-Governor-General for his homeward journey from Suez.

6. An ex-Governor-General returning to Europe may be accompanied by two officers of his personal staff, for whom free passages to England will be allowed according to the rules in the Military Department, and also free return passages to India, if they start on their return voyage within two months from the date of quitting India.

7. In the event of a Governor-General dying, and leaving a widow in India, a steamer belonging to the Royal Indian Marine will (if consistent with the requirements of the public service) be provided to convey her to Suez in like manner as in the case of an ex-Governor-General. The widow of a deceased Governor-General so returning to Europe may be accompanied by one officer of the personal staff, on the conditions mentioned in the preceding rule, and shall bear all such expenses as would, in ordinary course, be borne by an ex-Governor-General returning to Europe.

II.

8. The allowance for equipment and voyage of a Governor of Madras, Bombay, or Bengal, is fixed at £1,000, and that of a Commander-in-Chief of the Forces in India at £500, if resident in Europe at the time of appointment. If resident in India or Ceylon at the time of his appointment, a Governor shall receive £750, and a Commander-in-Chief £400 for equipment, but no allowance for voyage. If at the time of his appointment a Governor or Commander-in-Chief is resident elsewhere than in Europe, India, or Ceylon, he shall receive the same equipment allowance of £750 or £400, as the case may be, and such further allowance for voyage, not exceeding in the one case £250, and in the other case £100, as shall be decided by the Secretary of State in Council, according to the circumstances of the case. A Governor, however, who having received on first appointment the allowance authorised by this rule, is subsequently transferred to another Presidency as Governor thereof, shall receive an allowance of £250 *plus* the amount of the actual expenses incurred on account of the journey of himself, his family, personal staff and servants, and on account of the carriage of his and their effects.

9. A Commander-in-Chief of the Forces in India proceeding from Europe to assume his command may be accompanied by three combatant military officers for his personal staff, and newly appointed Governors of Madras, Bombay, or Bengal, similarly proceeding from Europe to take up their duties, may respectively be accompanied by two combatant military officers for their personal staff, the passages of these officers being provided at the expense of Government, according to the rules in force in the Military Department as to military officers proceeding to India on duty; but, with these exceptions, Government will make no arrangements for, and will defray none of the expenses connected with, the passage or conveyance of any of the officers mentioned in Rule 8, or of their families, to or from India.

10. An ex-Governor of Madras, Bombay, or Bengal, or an ex-Commander-in-Chief of the Forces in India (or the widow of a Governor or of a Commander-in-Chief who may die in India leaving a widow there), returning to Europe, may be accompanied by one officer of his personal staff, for whom a free passage will be allowed by Government according to the rules in force in the Military Department, and also a free return passage if he starts on the return voyage within two months from the date of quitting India.

RULES REGARDING THE ALLOWANCES AND EQUIPMENT AND VOYAGE OF CERTAIN OFFICERS—*continued*.

III.

11. The allowance for equipment and voyage of Members of the Council of the Governor-General of India, and of Bishops of Calcutta, of Madras, and of Bombay, if resident in Europe at the time of appointment, respectively is fixed at £300. If resident in India or Ceylon at the time of his appointment, a Councillor or Bishop shall receive £225 for equipment, but no allowance for voyage. If at the time of his appointment a Councillor or Bishop is resident elsewhere than in Europe, India, or Ceylon, he shall receive the same equipment allowance of £225, and such further allowance for voyage, not exceeding £75, as shall be decided by the Secretary of State in Council according to the circumstances of the case. Provided that no such Councillor or Bishop who is, when appointed, a Member of the Government Services in India shall receive any allowance wherever he may be at the time of his appointment.

12. An officer serving or residing out of Europe, but appointed during a temporary visit to Europe, shall not be deemed to be residing in Europe for the purpose of these rules.

IV.

RULES made under Statute 24 & 25 Vic., cap. 104, sec. 6, by the Secretary of State in Council of India, fixing the Expenses for Equipment and Voyage of the Chief Justices and Judges of the several High Courts established under the said Statute. Dated 1st of January, 1888.

39. For the purposes of defraying the expenses of equipment and voyage from Europe on first appointment, there shall be allowed,—

To a Chief Justice or Judge of any High Court £300

But no such allowance shall be made to any person who, being in India, is appointed to the office of Chief Justice or Judge, or who, having been in India, is in Europe at the time of his appointment with the intention of returning to India.

APPENDIX No. 31.

Referred to in Article 753 (ii).

RULES REGULATING THE EMOLUMENTS OF GOVERNMENT OFFICERS WHOSE SERVICES ARE LENT FOR EMPLOYMENT IN NATIVE STATES.

I. When the loan of an officer's services for employment under a Native State is sanctioned, the salary which it is proposed that the officer shall receive shall be precisely specified; and, if it is desired that he shall receive any remuneration or emolument in addition to his salary proper, the exact nature and value thereof shall be detailed in the orders approving his transfer to foreign service. No officer will be permitted to receive any remuneration or emolument, whether in cash or otherwise, other than as may be expressly enumerated in the order of sanction. If the orders are silent as to any particular form of remuneration the intention is that it shall not be received.

II. The concessions which may be sanctioned by a Local Government, in those cases in which it has the power under the rules in the Civil Service Regulations of sanctioning the transfer of an officer to service under a Native State, are as follows:—

- (i) Contributions towards leave and pension under the ordinary rules of the Civil Service Regulations.
- (ii) Exchange compensation allowance, in the case of officers who were in receipt of it prior to the loan of their services to the Native State, and to whom the State desires to grant it.
- (iii) Travelling allowance under the ordinary rules of the Civil Service Regulations or under the local rules of the Darbar if these are not more favourable. This does not extend to the grant of a fixed monthly travelling allowance, which may not be granted in any case without the previous sanction of the Government of India, but conveyance and horse allowances may be granted in special cases where the circumstances so require.
- (iv) Tents, boats and transport on tour, under circumstances in which they would ordinarily be sanctioned in the case of an officer of corresponding position in British India, and on a similar scale, and subject to the Rules of the Civil Service Regulations as to travelling allowance, &c. As an exception to this rule, a more extensive scale may be sanctioned for Indian officers only, provided that a reasonably equivalent reduction of the travelling allowance admissible under the ordinary rule is at the same time directed.

PART XII.—APPENDICES—continued.

- (v) Free quarters to both European and Indian officers—
- when an officer of corresponding position in British India would be entitled to such a concession ;
 - when an officer is employed as a tutor, private secretary, or resident medical attendant, provided that such addition to his total emoluments is duly considered in fixing an appropriate rate of pay to be drawn by him ;
 - otherwise, and provided always that the concession is considered in determining an appropriate rate of pay—
 - to a European officer, only if no other houses but such as are the property of the Darbar are available and the State is unwilling to accept rent ;
 - to an Indian officer, if having regard to the nature of his appointment such a concession is in accordance with local custom and the wishes of the State.

When quarters are occupied which are the property of the Native State, whether free or on the payment of rent, reasonable repairs to them may be effected at the cost of the State, but all material additions or alterations should receive the special sanction of the Local Government in each case.

- Free furniture in quarters which are the property of the State to Indian officers, and in the case of European officers, only when employed as a tutor, private secretary or medical officer resident with a Chief, and only if in accordance with local custom and the wishes of the Darbar. The value of the concessions shall be considered in determining an appropriate rate of pay to be permitted to the officer concerned.
- The use of Darbar carriages and animals by an Indian officer, and in the case of European officers, only when employed as a tutor, private secretary or medical officer resident with a Chief, if the concession is in accordance with local custom and the wishes of the Darbar and subject to consideration in determining the rate of pay to be allowed.

III. The following concessions may not be sanctioned by a Local Government. If it is desired to recommend the grant of any of them, the orders of the Government of India should be taken :—

- Local and personal allowances.
- Free quarters to European and Indian officers under circumstances other than those provided for in paragraph II (v) above.
- The use of free furniture by European officers other than tutors, private secretaries or medical officers resident with a Chief.
- The use of Darbar carriages and animals by European officers other than tutors, private secretaries or medical officers resident with a Chief, at head-quarters.
- Fixed monthly travelling allowances.
- Any other concession not within the powers of sanction of the Local Government as stated in paragraph II above.

IV. The following concessions are explicitly prohibited and will not be allowed in any case :—

Free provisions in any circumstances, and free lighting, fuel, fodder and supplies of any description at head-quarters.

EXTRACTS FROM THE RULES REGULATING THE GENERAL PROVIDENT FUND.

SCOPE OF FUND.

1. The fund will be a general fund open to all civil officers in permanent pensionable posts in service which is superior within the meaning of Article 397 of the Civil Service Regulations ; but it shall not be open to European members of the Indian Civil Service, subscribers to the State Railway Provident Fund, or any class of officers for whom a compulsory family pension fund has already been established.

CONDITIONS OF MEMBERSHIP OF NEW FUND ; CLOSURE OF EXISTING PROVIDENT FUNDS.

2. As regards officers in the service of Government at the date of the institution of the new fund :—

- Officers in whose case subscription to an existing service fund is optional, or who are not entitled to subscribe to such a fund, will be permitted to join the new fund as optional subscribers at any time.
- Officers in whose case subscription to an existing fund is compulsory will be permitted to join the new fund as compulsory subscribers at any time within two years after its institution.
- When subscribers to an existing fund join the new fund, their accounts with the existing fund, including any liability for the refund of advances, will be transferred to the new fund.
- Officers who join the new fund, whether as compulsory or as optional subscribers, will cease to be eligible to subscribe to any existing Provident fund, with effect from the date of joining the fund.
- The rules applicable to subscribers to existing funds who do not exercise the option of joining the new fund will remain unchanged, but all existing funds will be closed to new subscribers, with effect from the date of the institution of the new fund.

3. As regards officers entering the service of Government after the institution of the new fund :—

- Subscription to the new fund will be compulsory in the case of all Europeans and Eurasians on attaining a substantive pay of Rs. 100 a month or more.
- All Europeans and Eurasians drawing less than Rs. 100 a month, and all Natives of India, will be permitted to join the new fund as optional subscribers.
- The existing service funds specified below will be absolutely closed to future entrants into Government service, namely, the Civil Engineers Provident Fund and the Provident Funds of the Finance, Police, Geological Survey, Opium, Northern India Salt Revenue, Forest and Civil Veterinary Departments.

4. If an officer, who is entitled to subscribe to the new fund, is on foreign service, he shall

be subject to these rules except where otherwise stated in the same manner as if he were not so transferred.

5. In the case of all officers the privilege of optional subscription will lapse if subscriptions are discontinued (otherwise than on leave) more than three times. In the event of such a lapse of subscription no right to withdrawal of the sum at credit of the subscriber will be recognised other than is provided for in Rule 10.

RATE OF INTEREST.

6. Compound interest at 4 per cent. will be allowed on subscriptions ; but Government reserve the right to reduce this rate at any time for officers who become subscribers to the fund after Government have announced their intention of reducing the rate.

RATE OF SUBSCRIPTION.

7. The monthly subscription must be not less than 6½ per cent. and not more than 12½ per cent. on the salary of each subscriber for the month. If the officer is on foreign service, the subscription will be calculated on his assumed pay.

Within these limits a subscriber may alter his rate of subscription, with effect from the beginning of any financial year, by giving notice before the end of the preceding year.

SUBSCRIPTION DURING LEAVE.

8. Subscriptions on leave of any kind will be optional. Subject to the limits of 6½ and 12½ per cent. they will be calculated on the allowances admissible during leave.

REALISATION OF SUBSCRIPTIONS.

9. Subscriptions will be recovered by deduction from pay-bills, but they may be made by remittance in cash to the Audit Office when an officer is in foreign service, or is on leave and draws his leave allowances from a Colonial Treasury.

When a subscriber draws his leave allowances from the Home Treasury of the Government of India, his subscriptions may be paid by deductions from leave allowances, the remittances to India being effected by means of the remittance account between England and India, and the credit to the officer's account in the Fund in respect of such remittances being given at the rate of 15 rupees to the £1.

An officer who desires to subscribe during leave must notify his intention beforehand in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

WITHDRAWAL ON RETIREMENT.

10. (1) Subject to the provisions of this rule, the sum which accumulates to the credit of the officer will be his absolute property to be handed over to him unconditionally on quitting

the service. In the event of his death before retirement (a) it will be divided between his widow or widows and children in accordance with any request that he may have submitted in the prescribed form, which request must state the person to whom sums intended for the benefit of minors are to be paid; (b) failing such a request it will be divided in equal shares between his widow or widows and children, to the exclusion of adult sons and of married daughters whose husbands are alive, any sum due to a minor being paid to the minor's legal guardian to be used for the minor's benefit, or, failing a legal guardian, to any person who, in the opinion of the officer whose duty it is to make payment, is entitled to receive it on the minor's behalf; (c) failing a widow and children entitled to participate under (b) it will be distributed among other persons in accordance with any request submitted by the subscriber in the prescribed form; and (d) if no such request has been submitted it will be paid to the legal representative of the estate, as determined by a civil court having competence to pass orders in this respect.

(2) Government will not be bound by, or recognise, any assignment or trust executed or attempted to be created by any officer during his service.

(3) The sum at credit of the officer is not liable to forfeiture on dismissal or on conviction by a Criminal Court except for an offence for which the penalty of forfeiture of the whole of the offender's property is prescribed by law.

ADVANCES FOR SPECIAL PURPOSES.

11. No final withdrawal will be allowed until the subscriber quits the service or dies. But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not ordinarily exceeding three months' pay may be allowed from the sum at his credit at the discretion of the sanctioning authority, who shall be—

(i) the Local Government, for gazetted officers;

- (ii) the head of the Department, for non-gazetted officers in receipt of Rs. 100 *per mensem* or over;
- (iii) the head of the office, for other officers.

The following may be recognised as legitimate occasions for advances:—

- (a) to pay expenses incurred in connection with the illness of a subscriber or a member of his family;
- (b) to pay for the passage of any member of a subscriber's family coming from beyond the sea to join him, or requiring to make a journey beyond the sea from some urgent cause;
- (c) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances will be recovered at the discretion of the sanctioning authority, in not less than twelve instalments or more than twenty-four. Recoveries will commence from the first payment of a full month's salary after the advance is granted or (in the case of advances to an officer going on leave) after the officer's return from leave. The instalments will be paid by compulsory deductions from salary, and will be in addition to the usual subscription.

12. The authority who sanctions advances may also, on a subscriber's application, direct the payment from the sum at his credit of—

- (a) the premia upon a policy of insurance on the subscriber's life, which has been assigned to the Accountant-General;
- (b) his subscriptions to a recognised pension fund.

RESERVATION OF POWER TO GOVERNMENT TO ALTER RULES.

13. The Government reserves to itself the power to amend or alter the rules as may be required.

THE INDIAN CIVIL SERVICE FAMILY PENSION REGULATIONS.

The following regulations are designed to secure suitable provisions for the widows and orphans of members of the Covenanted Indian Civil Service not being subscribers to the Bengal, Madras, or Bombay Civil Funds.

The Secretary of State for India in Council reserves to himself the absolute right to regulate from time to time the contributions to be required from Civil Servants under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable: provided always, that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions to be levied from officers exactly, so that they shall neither be too large nor too small to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the Government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited and the pensions charged directly to the Indian revenues as civil receipts and charges. But in order to adjust the rates of contribution from time to time to what is necessary to supply the pensions provided for by these regulations and no more, a separate *pro forma* account will be kept of all contributions levied and all payments made under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall bring any charge on the Indian

FAMILY PENSION REGULATIONS.

revenues in excess of the amount specially sanctioned for the purpose, the rates of interest and of exchange with England, to be allowed in this *pro forma* account, will be the rates which may be fixed from time to time by the Secretary of State in Council, upon a consideration of the market rates of the day.

All needful statistics of ages, births, deaths, and marriages, will be carefully registered, and these statistics, with the *pro forma* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select, with instructions to investigate and ascertain whether the rates of contribution are such as will, at the rate of interest and exchange then to be reconsidered and refixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial inquiries and reports shall be debited in the *pro forma* accounts reported upon.

Upon the report of the actuary or actuaries the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and no alteration ordered in the rates of contribution will take effect before the beginning of the month following the date of such publication. No retrospective adjustments will be made.

The benefits provided at the cost of the State are shown in the regulations; but should it at any time appear from a valuation that the aggregate liabilities on account of those benefits, when the pension list shall have reached a normal state, will exceed £35,000 per annum, they will be subject to such reduction as may be necessary to restrict the annual assistance to £35,000 per annum, but the reduction shall in no case affect the benefits payable to incumbent annuitants.

REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF COVENANTED CIVILIANS (EXCEPT NATIVES OF INDIA) IN THE SERVICE OF THE GOVERNMENT OF INDIA.

1. Every covenanted civil servant (except Natives of India), not being entitled to the benefits of any of the late Civil Funds, must, as a condition of his appointment, make the contributions and payments prescribed by these regulations according to his class, whether he is married or unmarried, and with or without children. Subscriptions will commence from the date of arrival in India.

2. For the purposes of these regulations civil servants are classed as follows:—

- Class I.—From 18 years' completed service.
 " II.—From 15 to 18 years' completed service.
 " III.—From 12 to 15 years' completed service.
 " IV.—From 7 to 12 years' completed service.
 " V.—Up to 7 years' completed service.

3. The pensions provided under these regulations are payable quarterly in advance, on or after 1st January, 1st April, 1st July, and 1st October.

4. The amounts of the pensions provided are as follows:—

TABLE I.—Annual Pension to a Widow during Widowhood, according to the Class of her Husband at the time of his death.

	Class of Husband at Death.				
	I.	II.	III.	IV.	V.
Provided by Subscriber	£ 300	£ 240	£ 180	£ 140	£ 100
" Government	—	60	120	110	150
Total	300	300	300	250	250

Widows retain half pension on re-marriage, and revert to full rate on second widowhood. Reduction to the half rate to have effect from the commencement of the quarter following that in which the re-marriage takes place, and the full pension to be restored from the day following the death of the second husband.

TABLE II.—Annual Pensions to the Orphan Children of all Classes alike.

	From Birth till Age of 6 years.	From Age of 6 till Age of 12 years.	From Age of 12 till Age of 21 years for Boys, and for Girls till Marriage.
Provided by Subscriber ...	£ s. d. 18 15 0	£ s. d. 37 10 0	£ s. d. 75 0 0
" Government ...	6 5 0	12 10 0	25 0 0
Total ...	25 0 0	50 0 0	100 0 0

The pensions of motherless orphans at all ages will be made up by the Government to £100 from the day following the death of the mother.

On marriage, daughters will be granted a donation of £250, to be provided by the Government. Annuitants residing in India may either receive their pensions in Indian currency at the official rate of exchange, or in England in sterling, but, having once exercised the option, any subsequent change can only be permitted at the commencement of the official year.

5. The pension of a minor orphan will be paid to his or her mother, or other duly-appointed or recognized guardian.

Contributions.

6. The contributions for pensions under these regulations, and the pensions of widows, will be regulated by the class of the contributing member. A subscriber cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

7. Contributions will be deducted from salaries at the time of issue.

8. The circumstance that an officer is not in receipt of pay does not relieve him from the necessity of paying his contributions.

9. Donations may be paid in one sum, or in twelve equal monthly instalments. If a donation be paid in instalments, interest on the unpaid portion will be levied at the rate of 4½ per cent. per annum. The balance of any contribution due at an officer's death will be recovered rateably, without interest, from the pensions of his widow and orphans in four quarterly instalments.

10. Contributions which become due from subscribers when in Europe must be paid in England in sterling. If a subscriber, previous to quitting India, has commenced the payment of any donation by instalments, he may either complete the payment of the donation in India before leaving or pay the remaining instalments in England at English rates.

11. The following are the rates of donations, disparity fines, and monthly contributions prescribed for the present :—

For a son ...	0 11 5	10 0
For a daughter ...	1 1 3	18 7

The monthly contribution continues in the case of sons until 21 years of age, and for daughters until marriage.

Arrears.

12. Interest at the rate of 4½ per cent. per annum will be charged on arrears. Donations become due from the date of marriage; but interest will not be charged on sums paid within one month from the date on which they become due.

Reports of Marriages, Births, and Deaths.

13. A Civil Servant who is married at the date of his admission into the service must report the fact of his marriage* at the time, and the names and dates of birth of his children, if any have been born to him. A member in the service must report his marriage,* or the birth of a child born in wedlock, or the death of a wife or child, within one month of the occurrence, to the Comptroller, India Treasuries, Calcutta, or the Director of Funds, India Office, when an officer is out of India.

14. The birth of every child born alive must be reported; but if a child die before it is 30 days old, no payment in respect to it will be required. If the report of birth be not made within one month of the occurrence a fine of 12s. will be imposed, and an additional 2s. will be charged for each succeeding month's delay.

15. If the report of a marriage be not made within one month of the occurrence, the donation payable will be increased 2½ per cent., and interest thereon charged from the date of marriage. After six months' delay the donation will be increased 5 per cent., and interest charged as above.

16. In the event of the report of a marriage or the birth of a child not being made by a subscriber during his lifetime, in accordance with the rules, the widow or child will not be entitled to any benefits.

Posthumous Child.

17. A pension will be granted to a posthumous child without any payment, provided the birth be reported within one month of the occurrence.

* Reports of marriage must be accompanied by a certified copy of the registry, together with the dates of birth of the member and his wife.

Duration of Pensions.

18. If a widow re-marry she will retain half her pension during coverture, but if she again become a widow she will be entitled to revert to full pension as widow of her first husband, or, if her last husband have been a contributor, to receive a pension at her option as his widow. A widow can only receive one pension.

19. The pension of a male orphan is payable until he attains the age of 21 years.

20. The mother or guardian of a male orphan who has completed the age of 15 may, at any time thereafter, have the residue of his pension commuted into a single payment, for the due application of which the mother or guardian will be held responsible.

21. The pension of a female orphan continues until her marriage, and then ceases absolutely. It does not revive on widowhood.

Good Conduct.

22. The pensions provided under these regulations shall in all cases be held during good behaviour only, and will be withheld if any pensioner is found to be leading an immoral life, or on proof of any gross misconduct. The order of the Secretary of State for India in Council in any such case shall be final and conclusive.

Alienation of Pension.

23. A pension paid under these regulations may not be transferred or assigned, or in any way alienated from the pensioner to whom or for whose benefit it is payable.

Retired Members.

24. All members who retire from the service on annuities may continue to subscribe at the monthly rates laid down in these regulations.

25. Married annuitants may commute their monthly contribution by a single payment representing the value thereof during the joint lives of husband and wife, and father and child.

26. In the event of the wife dying after the date of commutation, contribution at the unmarried rate must be resumed, or, as an alternative, it may be commuted.

27. An annuitant who has commuted will on re-marrying become liable for marriage donation and the difference between the married and unmarried rates of contribution, or the commuted value on the joint lives.

28. Widowers and bachelors may also commute their monthly contribution for life. On each subsequent marriage they will become liable for the donation and difference of contribution laid down in the previous article.

29. Contribution or its commuted value must be paid for all children born to a subscriber after his retirement from the service.

30. An annuitant withdrawing his name from the list of subscribers will forfeit all claim to pension in respect of his widow and children, and will not be entitled to any refund of his payments under these regulations.

Dismissed Members.

31. A subscriber who is dismissed the service by competent authority will cease, *ipso facto*, to be a contributor. He will have no claim to any refund, and his family will not be entitled to any pensions under these regulations.

Certificates.

32. Declarations as to continued widowhood and the survival of children must be furnished quarterly to the Accountant-General, India Office, by whom pensions in Europe are paid under the authority of the Director of Funds, or to the proper officer in India.

NOTE.—In England all reports and applications for pensions must be made to the Director of Funds, India Office, Whitehall, London, S.W.

SELECTIONS FROM THE INDIAN MILITARY REGULATIONS.

The following regulations are published for information, but it should be understood that they are only selections. Complete copies of the Indian Army Regulations can be seen on personal application to the Military Department, India Office.

INDIAN ARMY.

Examinations for Promotion.

Officers of the Indian Army in regimental employ are required to pass an examination in the rank of Lieutenant for promotion to Captain, and again in the rank of Captain for promotion to Major. The tests are similar to those enjoined for Officers of the British Service, varied as may be necessary to suit the requirements of India.

The Staff College certificate exempts an officer from examination, and certain other certificates are accepted in lieu of examination in particular subjects.

Officers are not appointed to the command of regiments until they have passed an examination in "Tactical fitness for command."

Promotion.

Under Royal Warrant promotion in the Indian Army is governed by such regulations as the Secretary of State for India may make from time to time.

The existing regulations for promotion, up to the rank of Lieutenant-Colonel, are—

I. Except as otherwise provided, promotion is regulated by length of service from date of first permanent commission.

Officers after 2 years' and 3 months' service become Lieutenants;

After 9 years' service they become Captains;

After 18 years' service, they become Majors; and

After 26 years' service, they become Lieutenant-Colonels.

II. No officer is promoted unless he is pronounced fit and is recommended for promotion.

An officer whose promotion has been retarded under this rule is not entitled to further promotion until he has served nine years in the rank of Captain and eight years in the rank of Major.

III. A Lieutenant of not less than six years' service from date of first permanent commission may be promoted to the rank of Captain if he holds or is appointed to the command of a Squadron or Double Company.

The number of promotions under this rule is limited to five in each year.

IV. A Captain may be promoted to the rank of Major if he holds or is appointed to one of the following posts:—

- Second in command of a regiment or battalion;
- Deputy Assistant Adjutant-General or Deputy Assistant Quartermaster-General;
- Supply and Transport Officer, Second or Third class.

The number of promotions under this rule is limited to five in each year.

V. A Major may be promoted to the rank of Lieutenant-Colonel on appointment to one of the following posts:—

- Command of a regiment or battalion;
- Supply and Transport Officer, First class;

(c) Controller of Military Accounts; subject as regards (b) to the officer only being promoted if specially selected for promotion.

VI. An officer specially promoted under Rules III. and IV. is eligible, subject to Rule II., for further promotion after not more than nine years' service in the rank of Captain, and eight years' service in the rank of Major.

Time on half pay not exceeding one year is allowed to reckon as service for promotion in the case of an officer placed on half pay on account of medical unfitness caused by duty, military or civil, but no officer can be promoted while actually on the half-pay list.

Promotion to the rank of Colonel is made by selection to an establishment. The present establishment is 110.

An officer holding the rank of Lieutenant-Colonel is promoted to the brevet rank of Colonel on appointment as Aide-de-Camp to the Sovereign.

Officers above the rank of Lieutenant are eligible for promotion by brevet as a reward for distinguished service in the field or for distin-

guished service of an exceptional nature other than in the field.

The establishment of General Officers of the Indian Army is as follows:—

Major-Generals...	...	24
Lieutenant-Generals ...	...	6
Generals...	...	3

Promotion to the ranks of Major-General and Lieutenant-General is made by selection. Promotion to the rank of General is made by seniority, except that a Lieutenant-General appointed to be Commander-in-Chief in India and promoted to the rank of General on appointment succeeds to the next vacancy in the rank of General irrespective of seniority. Promotion to the ranks of Major-General, Lieutenant-General, and General may be made as a reward for distinguished service without regard to establishment.

Officers in civil employ, after ten years' absence from military duty, are removed from the effective list of the army, and placed on a supernumerary list, rising thereon, under the regulations in force, to the rank of Lieutenant-Colonel, but to no higher rank.

LEAVE RULES OF 1886 FOR THE INDIAN ARMY.*

(India Army Circulars, April, 1886, Clause 51, published 16th April, with subsequent alterations.)

- I. An officer may be granted,—
Privilege leave under such regulations as may from time to time be in force.
Leave out of India, for no longer period than one year at a time, capable of extension to two years' absence from duty, on the following pay:—
After appointment to the Indian Army ... 200 a year.
After the commencement of the 5th year's service for pension ... 250 "
Do., do., 15th, do., do., do. 300 "
Do., do., 20th, do., do., do. 450 "
Do., do., 25th, do., do., do. 600 "
Do., do., 30th, do., do., do. 700 "
Leave in India, for no longer period than one year at a time, capable of extension to two years' absence from duty, on full military pay and half the Staff salary of appointment.

Note.—The half staff pay of any appointment is included in an absentee's fixed sterling rate of pay; only the remaining staff pay is therefore available for an officer officiating for him.

II. No extension of leave involving absence from duty for more than two years, whether taken in or out of India, can be granted except on specially urgent grounds and without pay.

III. An officer unable on account of the state of his health to return to duty within the maximum period of two years' absence, will, unless he is under rule II. specially granted an extension of leave without pay, be placed on temporary half pay or the retired list, as the circumstances of the case may seem to require. An officer will also be liable to be placed on half pay or the retired list should his health require an undue amount of leave, whether in or out of India. This power will be exercised by the Government of India, at the instance of the authority empowered to sanction the leave, should the officer be in India, or, should he be at home, by the Secretary of State in Council.

IV. All leave, in or out of India, counts as service for pension.

V. Leave, whether it is leave in India or leave out of India, will not involve forfeiture of appointment, and may be granted at any time, but solely at the discretion of the sanctioning authority. In the case of officers temporarily serving under the Lieutenant-General of a command other than their own, application for leave should be forwarded for final sanction through the Lieutenant-General of the command in which they are serving to the Lieutenant-General of the command to which they belong, General of the command, when the authority to except in urgent cases, when the authority to grant leave will rest with the former, a report of the grant in every case being at once made to the Deputy Adjutant-General of the command to which the officer belongs.

VI. An officer on leave, whether in India or out of India, will be required to rejoin at once on

being recalled to duty, unless certified by a Medical Board as unfit to do so.

VII. The above rules shall apply to—

Officers whose admission to the Indian Army bears date subsequent to the 30th June, 1886.

Officers of the Indian Army, including probationers, in military employment, who may have elected them within twelve months of that date.

Officers in civil employ on that date, subsequently reverting to military duty, may elect them within six months from the date of being replaced at the disposal of the Military Department. Such officers who may be on leave when so replaced must make their election at once. Those taking leave within the six months must make their election before going on leave.

Continuous Indian Service officers of R.E. and R.A. in military employ.

They shall not apply to—

Officers in permanent civil employ.

Officers commanding divisions or brigades or holding other appointments under special regulations as to leave of absence, who continue subject to such regulations.

Note.—The above does not preclude general officers commanding divisions or brigades, who before their appointment were subject to the leave rules of 1886 for the Indian Army, from being granted short leave in India under these rules.

VIII. Officers who, have elected to come under these rules count all previous leave as service for pension. The position of those who have not elected them remains unchanged.

IX. The Secretary of State in Council reserves the right of making any change in the foregoing regulations which circumstances may require.

Officers who have not elected for the above rules in the manner and within the period laid down in Rule VII have no further opportunity of election, but remain under previous rules. It must also be clearly understood that no modifications of the existing codes will be sanctioned, and that there is no middle course between abiding by them and acceptance of these new rules.

Military officers in civil employ on 30th June, 1886, who may desire to retire direct from such employment, have, on such retirement, the option of electing the new rules.

When it may be necessary to convert sterling rates of pay under these rules into rupee currency, or vice versa, the conversion will be made at the rate of exchange in force for the period when the pay became due, as fixed from time to time for the adjustment of financial transactions between the Indian and Imperial Governments.

The rules which govern the allowances of officers acting for absentees remain unchanged. (See Note to Rule I.)

* For the present sterling equivalents of the salaries specified see page 258.

† Staff salaries of other appointments in the Corps of Guides are as in Cavalry and Infantry above.

‡ The Leave Rules of 1886 will be found on page 331; for the Furlough Rules of 1875 see the footnote on page 331.

* For the Furlough Rules of 1875 see India Office List for 1900 et ante.

LEAVE RULES OF 1886 FOR THE INDIAN ARMY—continued.

INDIAN MEDICAL SERVICE.

The rules laid down for the grant of leave to officers of the Indian Army apply equally to officers of the Indian Medical Service in military employ, with the following modification in regard to the rates of pay whilst on leave out of India:—

After appointment ...	£ 250 a year.
After the commencement of the 10th year's service for pension	300 "
Ditto, ditto, 15th ditto	... 450 "
Ditto, ditto, 20th ditto	... 600 "
Ditto, ditto, 25th ditto	... 700 "

The rules apply to all Medical Officers admitted to the service after the 30th June, 1886, and to officers who may elect them under the provisions of Rule VII.

SUBSIDIARY RULES.

1. Officers in permanent civil employment, while they continue in such employment, are not affected by these rules; but if desirous of retiring on pension direct from such employment, they will, whether on duty or on furlough, be given the benefit of the rule which allows all previous leave to count as service for pension.

It is, however, to be clearly understood that no officer in civil employment will be allowed to place himself out of employment for the purpose of taking leave under these rules, or for any purpose but immediate retirement.

2. Leave in or out of India commences on the date an officer is "struck off duty," which means the date following the day of relief, and terminates on, and includes, the day preceding the date on which he rejoins his regiment or appointment on return from leave. An officer granted leave from India on the recommendation of a Medical Board, reckons his leave from the date of embarkation, but his leave is subject to the condition laid down in Rule 4.

3. In the case of an officer obliged to leave his station to appear before a Medical Board at another station, the date of being "struck off duty" will mean the date he is permitted to quit the station where he is examined and invalided. An officer so circumstanced is entitled to full pay and Staff salary up to and for the date preceding that on which he is permitted to quit the station where he is examined and invalided. In the case of an officer on the sick list, while actually present with his corps, or at his station, the date of being "struck off duty" means the date on which he leaves his corps or station.

4. Under these rules, absence from duty with pay, which is restricted to two years, is reckoned from the date of being "struck off duty" to date of rejoining appointment or regiment.

5. Up to date of leaving India, and from date of return to India to date of rejoining regiment or appointment, an officer granted leave out of India under these rules will receive Indian pay and half staff salary, provided, in any case, the two years' absence from duty is not exceeded.

6. An officer subject to these rules who holds a permanent departmental or regimental staff appointment, promoted while on leave out of India, is only entitled, from date of debarkation in India to that of joining his appointment, to

the Indian pay and allowances of his rank, and the half staff salary of the appointment he held at the time he proceeded on leave.

7. An officer holding a permanent departmental or regimental staff appointment, promoted while on leave in India, will draw the Indian pay and allowances of his rank, and the half staff salary of the appointment he held at the time he proceeded on leave, until he assumes charge of the duties of the appointment to which he has been promoted.

8. The Indian Pension Regulations are unaffected by these leave rules, except that all leave from date of commencement of service for pension will, under them, be allowed to count as service for pension.

9. Time passed at Addiscombe after the attainment of the age of 16 years will reckon as service for pension in calculating the rates of pay under Rule 1.

10. The periods of service for pension in Rule I of the leave rules entitle an officer taking leave to the pay fixed for such periods of service, without any limitation based on the rule which prevents an officer from retiring on the pension fixed for a particular period of service, unless he has served half of that service in the Indian Army.

11. The provisions of the rules with regard to duration of leave do not apply to probationers for the Indian Army.

12. The limit of two years laid down for leave will not apply to time spent at the Staff College, Camberley, or that spent in Russia to qualify in the Russian language, which counts as duty.

13. Officers recalled from leave granted under these rules will be given free passage to India, or not, according to the Transport Regulations in force at the time.

14. Advances of pay to officers proceeding on and returning from leave out of India will be granted at the rates shown on page 343.

15. Extensions of leave, except on medical certificate or in special or urgent cases in which the Secretary of State decides according to circumstances, cannot be granted without the assent of the proper authority in India as defined in Clause V of the rules.

16. Extensions of leave beyond one year under these rules are not claimable in any way as a right, but are admissible only at the discretion of the proper authority, and then on special and urgent grounds.

17. An officer subject to these rules on promotion to Major-General, or on attainment of Colonel's allowance, cannot be granted leave under them, and, if permitted to reside in England or elsewhere out of India, is restricted to the English pay of his rank.

18. Officers subject to these rules, who are in the categories detailed on page 333, and who entered the Indian Army before the 1st July, 1881,* may elect to reside out of India on the allowances admissible under them until succession to the Colonel's allowance or promotion to Major-General, whichever may happen first; or to remain in India on the unemployed Indian pay and allowances of their rank if unemployed.

LEAVE RULES OF 1886 FOR THE INDIAN ARMY—continued.

19. Officers who may have entered civil employment after the 30th June, 1886, and before the 1st July, 1887, without having elected these rules, will be entitled, on reverting to military duty, to elect them under the conditions laid down in the third clause of Rule VII. (See note to next paragraph.)

20. Officers who may have entered civil employment after the 30th June, 1886, having previously elected these rules, and officers who may have entered the Indian Army under them and subsequently taken civil employment, are absolutely under the leave rules contained in the Civil Service Regulations so long as they remain in permanent civil employment, but on reverting to military duty within ten years of their entry into civil employment, as allowed under G. G. O. No. 135 of 1884, they again come under these rules.

Note.—An officer does not come under civil rules by reason of being transferred to a civil appointment the tenure of which is limited to a definite period, nor by officiating for less than three years in the civil department.

21. Officers struck off the effective list of the army under the provisions of G. G. O. No. 135 of 1884, after ten years' absence from military

duty, cannot elect or revert to these rules except for the purpose of immediate retirement, with the advantage of counting all leave as service for pension, as provided for in paragraph 1.

22. The service for furlough of an officer who, at the time of coming under the civil leave rules, was subject to the leave rules of 1886 for the Indian Army, is calculated in accordance with the civil leave rules retrospectively from the date of his arrival in India, *i.e.*, he is credited with an amount of furlough equivalent to one-fourth of his active service, less any leave out of India actually taken.

It is notified that all officers in military employ, irrespective of rank or the furlough or leave regulations to which they may be subject, who require an extension on private affairs of their furlough or leave out of India, must obtain the previous assent of the authorities in India under whom they may be serving, to apply for such extension.

This permission, when obtained, must be attached to their application to the India Office for the required extension.

Note.—This memorandum has been compiled for easy reference, but it is not intended for quotation as of official authority.

COMBINED LEAVE.

Officers under the 1886 Leave Rules or the 1875 Furlough Rules may be permitted to combine any privilege leave due to them with leave on private affairs or on medical certificate, provided that the period of such combined leave does not exceed eight months. Any extension beyond this period will involve the conversion of the whole period into ordinary leave. Combined leave, not granted on medical grounds, must be taken between 15th Feb. and 15th Nov., except in the case of officers of the Indian Medical Service, the Military Works Services, and the Military Accounts Department.

At the discretion of sanctioning authorities combined leave may be granted between 1st Feb. and 1st Dec. in exceptional cases. In the Quetta Divi-

sion (excluding stations in the late Sind District) the combined leave season is between 1st Dec. and 1st Sept.—1st Oct. in exceptional cases, at the discretion of the sanctioning authority.

No conversion of leave, nor retrenchment of allowances, is made when an officer is permitted to retire, to reside in or out of India on becoming unemployed, is transferred to Colonial employ, resigns the service at any stage of his combined leave, or on being permitted to reside out of India unemployed as a Colonel in receipt of Colonel's allowance or a Major-General, avails himself of further leave in continuation of his combined leave, or has his combined leave out of India extended beyond eight months for the purpose of entering the Staff College.

RESIDENCE IN OR OUT OF INDIA AND UNEMPLOYED PAY.

Unemployed General Officers who entered the Indian Army on or after 1st July, 1881, who are residing out of India receive pay at the following rates (in India the equivalent in Rupees):—

English Pay of Rank.				Yearly.			
				Yearly.			
				£			
Field Marshal	...	...	...	1,300	Lieutenant-General	...	800
General	...	...	...	900	Major-General	...	700

General Officer, Brevet Colonel or Lieut.-Colonel, after succeeding to Colonel's allowance, £1 5s. daily.

An officer in receipt of Colonel's allowance, also a Major-General who may not have succeeded to Colonel's allowance, is permitted to reside out of India without limit as to the period of his residence, and to draw the rates of pay shown above in addition to Colonel's allowance, if entitled thereto.

Officers coming under the following categories may elect to reside unemployed in or out of India on the pay laid down in the rules below, subject to their liability to return to duty in India if required:—

I. Officers who have completed the prescribed

period of tenure of a regimental command or of a staff or administrative appointment tenable by an officer having the substantive rank of Colonel. A regimental Commandant vacating his command on selection for a higher appointment will be held to have qualified for the concession on

RESIDENCE IN OR OUT OF INDIA AND UNEMPLOYED PAY—continued.

the completion of a period of service in the two appointments equal to the prescribed period of tenure of the higher one.

II. Officers of the S. and T. Corps, M. A. Dept., and J. A. G.'s Dept., who vacate their appointments on attaining 52 years of age. An executive officer promoted to an administrative appointment will be held to have qualified for the concession from the date of attaining the age of 52, or from the date of expiry of the period of tenure of his appointment, whichever may happen first.

III. Squadron or double-company commanders who vacate their appointments on attaining 52 years of age.

Note.—A squadron or double-company commander, selected for an appointment requiring his removal from the rolls of his regiment, will be held to have qualified for the concession from the date of attaining the age of 52 years, if he has not previously qualified under I.

An officer eligible for the privilege in point of qualifying service under any of these three heads will in no case be allowed to avail himself of it until he completes the tenure of the appointment he is holding at the time, unless he is permitted to resign it on account of prolonged ill-health or in the interests of the service.

IV. Officers over 55 years of age, who may be required under the rules to vacate staff, departmental or civil appointments, and for whom other suitable employment cannot be found.

Exception.—This clause is not applicable to officers who, although they entered the Indian Army before 1st July, 1881, only joined the civil department between the 1st April, 1884, and the 1st November, 1887, or who joined after the 1st November, 1887; the former, on being superannuated under civil rules, may elect to remain in the service for the attainment of the highest pension or the Colonel's allowance, drawing while residing in India the Indian pay

of their rank, or, if out of India, the English pay of rank; whilst the latter are required to retire from the service immediately on being superannuated.

Officers remaining in the service unemployed under the above rules receive pay as follows:—

I. *During residence in India.*—The Indian Army pay of their rank.

II. *During residence out of India.*—(a) If under the 1875 Leave Rules, unemployed pay at the rate of £500 a year.

(b) If under the 1886 Leave Rules:—

(i) Officers who entered the Indian Army before 1st July, 1881, the leave pay corresponding to their length of service.

(ii) Officers who entered the Indian Army on or after 1st July, 1881, may avail themselves of the leave admissible to them under the leave rules, subject to the limit of two years from date of being struck off duty, after deducting any period during which they resided in India since being last employed. After such two years they receive unemployed pay at the rate of £500 a year provided that they have completed 24 years' service for Indian pension.

Note.—An officer who becomes eligible to reside in or out of India shall, if selected to serve in an officiating command or staff appointment, be regarded as "employed" whilst so officiating, and with reference to clause II (b) (ii) above, such period of employment shall not count against the leave admissible to him under the leave rules of 1886.

Officers who entered the Indian Army before 1st July, 1881, may draw the above rates until they succeed to Colonel's allowance or are promoted to Major-General, or retire from the Army. Officers who entered the Indian Army on or after 1st July, 1881, draw unemployed pay up to the age for compulsory retirement from the Army. (See page 335.)

Conditions of Service on Temporary Half-Pay.

An officer of the Indian Army or Indian Medical Service placed on temporary half-pay on the recommendation of the Medical Board of the India Office will be examined every two years by the same Board as to his fitness to return to duty, and if still reported unfit at the third examination, that is, after six years on temporary half-pay, he will be transferred to the retired list on permanent half-pay, or on pension if entitled to it. If, after two years on temporary half-pay, he is reported unfit for duty, or if, at any time, he is reported to be permanently incapacitated for further service in India, he may be permitted to retire forthwith, if he wishes to do so, on permanent half-pay, or on pension if entitled to it.

Travelling expenses and lodging allowance on the War Office scale will be issued to an officer ordered to appear before the Medical Board for the periodical examinations mentioned in the first paragraph; but an officer who appears before the Board at other times with a view to restoration to the active list or to being trans-

ferred to the retired list, will do so at his own expense.

An officer who is unable to appear before the Board at the prescribed times will be required to furnish a certificate to that effect signed by two registered medical practitioners; if he is unable to appear for six years he will be placed on the retired list without further report.

If the removal to the temporary half-pay list is due to medical unfitness caused by duty, time spent on temporary half-pay up to a maximum of one year is reckoned as service for pension, and, after restoration to the active list, as service for promotion. An officer cannot be promoted while on half-pay.

Transfer to temporary half-pay involves the vacation of any regimental or other appointment.

An officer on temporary half-pay must not leave the United Kingdom without the permission of the India Office.

INDIA OFFICE,
September, 1909.

INDIAN ARMY—continued.

CONDITIONS OF SERVICE ON TEMPORARY HALF-PAY—continued.

Half-pay granted to combatant officers below the rank of Major-General on account of certified unfitness for duty is at the rates in force in the British Service, namely:—

	Daily. s. d.		Daily. s. d.
Lieutenant-Colonel	11 0	Lieutenant	3 0
Major	9 6	" (after six years' commissioned service)	4 0
Captain	7 0

The rates of half-pay for officers of the Indian Medical Service are given on page 342.

Retirement.

OFFICERS APPOINTED TO THE INDIAN ARMY AFTER 1ST JULY, 1881.

Officers who entered the Indian Army after 1st July, 1881, are subject to transfer to the retired list on attaining the following ages:—

	Years.
Lieutenant-Colonels	55
Colonels	57
Major-Generals	62
Lieutenant-Generals	67
Generals	67

A Colonel who on attaining the age for transfer to the retired list may hold the temporary rank of Major-General is retained on the effective list until he ceases to hold such rank or attains the age of 62 years, whichever may first happen.

General Officers are also subject to transfer to the retired list after being unemployed continuously for three years.

General Officers on retirement (whether voluntary or on superannuation) receive pensions at the following rates:—

	Yearly. £
General	1,000*
Lieutenant-General	900
Major-General	800
Other officers receive pensions at the following rates:—	Per annum. £

After 18 years' service for pension ...	200
" 19 " " " " "	225
" 20 " " " " "	250
" 21 " " " " "	275
" 22 " " " " "	300
" 23 " " " " "	330
" 24 " " " " "	365
" 25 " " " " "	400
" 26 " " " " "	432
" 27 " " " " "	465
" 28 " " " " "	500
" 29 " " " " "	550
" 30 " " " " "	600
" 31 " " " " "	650
" 32 " " " " "	700

An officer who has become permanently incapacitated for further service in India on account of unfitness caused by duty, military or civil, may be granted an invalid pension according to the following scale:—

	Per annum. £
After 15 years' service for pension ...	150
" 16 " " " " "	170
" 17 " " " " "	190

Service for pension reckons from date of arrival in India with the addition of service out of India before joining the Indian Army to an extent not exceeding five years.

The one year's seniority which may be granted to a university candidate for the Army who has graduated with first-class honours does not reckon as service for Indian pension.

Time on half pay not exceeding one year is allowed to reckon as service for pension in the case of an officer placed on half pay on account of medical unfitness caused by duty, military or civil.

After being six years on temporary half pay, officers unfit for restoration to the effective list are transferred to the retired list on permanent half pay unless entitled to pension. After two years on half pay, an officer unfit for duty may voluntarily retire on half pay.

Officers in civil employ struck off the effective list of the army after 10 years' absence from military duty retain their claims to pension under military rules.

A retired officer is permitted, under certain conditions, to commute a portion, not exceeding one-third, of his pension. The commutation may take place on retirement, or at any time subsequent thereto. (See page 343.)

Retired officers are liable to be recalled to service in time of emergency.

* The General's pension is not admissible till after three years from the date of promotion to Lieutenant-General.

INDIAN ARMY—continued.

Regulations for the Transfer to the Unemployed Supernumerary List.

OFFICERS APPOINTED TO THE INDIAN ARMY BEFORE 1ST JULY, 1881.

1. Officers who were appointed to the Indian Army or the Indian Staff Corps before the 1st July, 1881, are transferred to the Unemployed Supernumerary List, on attaining the following ages:—

Lieutenant-Colonels...	55 years.
Colonels	57 "
Major-Generals	62 "
Lieutenant-Generals...	67 "
Generals	

2. A Colonel, who on attaining the age for transfer may hold the temporary rank of Major-General, is retained on the effective list until he ceases to hold such rank or attains the age of 62 years, whichever may first happen.

3. General officers are also transferred to the

Unemployed Supernumerary List after the following periods of non-employment:—

A General or a Lieutenant-General who attained the latter rank before the 1st January, 1901, and a Major-General who was promoted to that rank before the same date, after being unemployed for five years continuously since promotion to Major-General, or after being unemployed for seven years continuously from date of last employment as Colonel.

Other General Officers after being unemployed continuously for three years.

4. In special cases the transfer of officers to the Unemployed Supernumerary List may be delayed, or they may be temporarily brought back from it. Under either of these circumstances an officer would be supernumerary on the effective list.

WOUNDS PENSIONS AND GRATUITIES.

Officers of the Indian Army are eligible for wounds pensions and gratuities under the same rules as those regulating the grant to officers of His Majesty's British Forces. The gratuities and

pensions vary according to the permanence and severity of the wound or injury, and whether received in action or on duty otherwise than in action.

FAMILY PENSIONS.

The claims to pension of the widows and families of officers of the Indian Army are treated under the provisions of such Royal Warrant regulating the grant of pension to the widows and families of officers of His Majesty's British Forces, as may be in force for the time being.

The following are the rates of ordinary pension:—

	Pension to Widow. Yearly. £	Compassionate allowance to each child. Yearly. £
General Officer, including Brigadier-General ...	120	20
Colonel	100	16
Lieutenant-Colonel ...	90	16
Major	70	14
Captain	50	12
Lieutenant	40	10

with increased pensions in the cases of the widows and children of officers who have been killed in action or have died of wounds or illness contracted on field service.

The compassionate allowance of a son ceases at 18 years of age, and that of a daughter at 21 years of age, or at the expiration of the year commencing on the 1st April in which the son is otherwise previously provided for or the daughter is married.

Widows and families are also entitled to pensions under the Indian Military Service Family Pension Regulations, for which all officers must subscribe as a condition of their appointment to the Indian Army.

The regulations will be found on pages 353-7.

MILITARY (LATE LORD CLIVE'S) FUND.

Widows' Pensions.

1. The widows of officers who were originally in the old Indian service are alone eligible for this pension.

2. They will be required to make a statutory declaration as to the amount of real and personal property possessed by their late husbands and by themselves; and no widow will be eligible for the full pension if the total of such property amounts to the following sums:—

In the case of the widow of a colonel ...	£4,000
" " " " a lieutenant-colonel ...	"
" " " " a major ...	3,000
" " " " a captain ...	2,500
" " " " a lieutenant ...	2,000
" " " " a lieutenant ...	1,600

Life interests and annuities are capitalised for the purpose of calculating these limits under rules laid down by the Secretary of State in Council.

MILITARY (LATE LORD CLIVE'S) FUND. WIDOWS' PENSIONS—continued.

3. The rates of pensions are as follows:—

Ranks.	Widows' Pensions.	
	Per diem. s. d.	Per annum. £ s. d.
Surgeon-General and Colonel...	6 3	114 1 3
Lieutenant-Colonel	5 0	91 5 0
Major and Chaplain of 15 years' service ...	3 9	68 8 9
Captain and Chaplain of 7 years' service ...	2 6	45 12 6
Chaplain under 7 years' service	1 9	31 18 9
Lieutenant	1 3	22 16 3

Pensions at diminished rates (the amount of which will be decided by the Secretary of State in Council) will, however, be granted in certain cases in which the property possessed exceeds the above limits. A diminished pension cannot be granted of a lower amount than £10. This modification of the old rule has effect from 18th February, 1890.

4. The pension of a widow may be withheld or discontinued should her conduct be such as to render her, in the opinion of the Secretary of State, unworthy of it.

5. The pension is liable to be discontinued or reduced if at any time after the officer's death his widow receives any accession of property or income.

6. Pensions lapse on re-marriage and are not restored on a second widowhood.

7. Pensioners neglecting to claim the pension for three half-years will be considered as dead; and no arrears for a longer period than two years back from the date of application for admission or re-admission, as the case may be, will be allowed either to claimants or to pensioners after admission.

8. The widows of officers formerly of the Indian service, who have joined the British

army, are permitted to make their choice between these pensions and Royal Warrant pensions.

9. The widows of officers who have retired from the service are not eligible for the benefit of these pensions.*

10. The widows of officers who at the time of their death were pensioners on the Military (late Lord Clive's) Fund, are entitled to the benefits of the Fund provided they were married to their husbands prior to the latter becoming pensioners on the Fund.

11. The pensions are payable quarterly, on the 1st January, 1st April, 1st July, and 1st October.

12. In the event of any question arising concerning the qualifications of widows claiming these pensions, the decision rests with the Secretary of State in Council.

13. These regulations are subject to any alterations which may be decided on by the Secretary of State in Council.

Note.—Applications for pensions should be addressed to—

The Military Secretary,
India Office,
London, S.W.

INDIAN MEDICAL SERVICE.

Various Regulations.

1. This memorandum is based on the regulations in force at the present time. They are subject to any alterations that may be determined on.

PASSAGE TO INDIA.

2. Officers on appointment are, when possible, provided with passage to India by troop transport; when such accommodation is not available, passage at the public expense is provided by private steamer, or a passage allowance granted, if preferred. The wives of married officers are also entitled to passage by troop transport, but if that is not available, they cannot be granted passage by private steamer, nor will passage allowance be granted on their behalf.

3. Any officer who may neglect or refuse to proceed to India if ordered to do so within two months from the date of terminating his course of instruction, or within 14 days of the termination of his hospital appointment if the Secretary of State for India has permitted him to hold one, will be considered as having forfeited his commission, unless special circumstances shall, in the opinion of the Secretary of State in Council, justify a departure from this regulation.

PAY PREVIOUS TO ARRIVAL IN INDIA.

4. The rate of pay drawn by Lieutenants of the Indian Medical Service previous to arrival in India is laid down in paras. 11, 12, and 14 of the regulations on page 244. A Lieutenant who is detained by illness in this country will be paid at the rate of £250 a year from the date on which he would otherwise have embarked until the date of embarkation, and at the rate of 14s. a day during the voyage to India.

(For rates subsequent to their landing in India, see paras. 16, 17, 18, and 19 below.)

Pay under the regulations referred to above is issued in this country up to the date of embarkation, and an advance of two months' pay at the same rate is also made before embarkation if required, and is adjusted in India in accordance with the rate laid down in para. 16 below.

GRADES AND PRECEDENCE.

5. The grades of Officers in the Indian Medical Service are six in number, viz. :—

1. Surgeon-General (ranking as Major-General*).

2. Colonel.
3. Lieutenant-Colonel.
4. Major.
5. Captain.
6. Lieutenant.

PROMOTION.

6. A Lieutenant's Commission dates from the day on which the result of the examination at which he is admitted is announced.

7. A Lieutenant is promoted to Captain on completion of three years' full-pay† service from date of first Commission, if he has previously qualified for promotion in such manner as may be prescribed.

8. A Captain is promoted to Major on completion of 12 years' full-pay† service, but this promotion may be accelerated by not more than six months in the case of Officers who fulfil certain specified conditions.

9. A Major is promoted to Lieutenant-Colonel on completion of 8 years' full-pay† service in the rank of Major, and a certain number of Lieutenant-Colonels may be specially selected for increased pay for ability and merit.

10. All promotions from the rank of Lieutenant-Colonel to that of Colonel, and from the rank of Colonel to that of Surgeon-General, are given by selection for ability and merit.

11. On appointment as Honorary Physician or Honorary Surgeon to His Majesty an Officer below the rank of Colonel is promoted to that rank, remaining supernumerary until absorbed.

12. For distinguished service an Officer of the Indian Medical Service may receive special promotion.

TENURE OF OFFICE IN ADMINISTRATIVE GRADES.

13. The tenure of office of Surgeon-Generals and Colonels is limited to five years.

14. Colonels, if not disqualified by age, are eligible either for employment for a second tour of duty in the same grade, or for employment in the higher grade of Surgeon-General by promotion thereto.

15. Absence on leave in excess of eight months, exclusive of privilege leave, during a five years' tour of duty involves forfeiture of appointment.

* The Director-General, Indian Medical Service will rank either as Major-General or Lieutenant-General as may be decided in each case by the Secretary of State for India in Council.
† See, however, para. 41.

NOTES.—a. Unemployed pay is drawn by Officers of less than 7 years' service who are not holding officiating or substantive charge of native regiments, provided they have passed the examination in Hindustani known as the "Lower Standard." (See para. 19.) Officers of more than 7 years' service draw grade pay alone when unemployed. Staff pay is the pay of a command and is drawn in addition to grade pay.

b. Horse allowance is granted to Officers in charge of cavalry regiments at the rate of Rs. 90 a month to Lieutenant-Colonels and Majors, and Rs. 60 a month to Captains and Lieutenants.

17. The principal administrative appointments are held by Colonels and Surgeon-Generals on the following consolidated salaries:—

Colonel, 16 (some in civil employ), from Rs. 1,800 to Rs. 2,500 per mensem.

Surgeon-General, 1 @ Rs. 2,200 per mensem.

„ 2 @ Rs. 2,500 per mensem.

„ (the Director-General I.M.S.), 1 @ Rs. 3,000 per mensem.

18. Specialist pay at the rate of Rs. 60 a month is granted to officers below the rank of Lieutenant-Colonel who may be appointed to certain posts.

19. No officer, however employed, can draw more than the grade pay of his rank (see para. 16) until he has passed the examination in Hindustani known as the "Lower Standard." But failure to pass disqualifies an officer, even when holding a substantive or officiating charge, from receiving any portion of the staff allowances of the appointment.

20. Surgeon-Generals and Colonels, on vacating office at the expiration of the five years'

tour of duty, are permitted to draw in India an unemployed salary of Rs. 1,350 per mensem in the former, and Rs. 1,000 in the latter case, for a period of six months from the date of their vacating office, after which they are placed while unemployed on the following scale of pay:—

	Surgeon-General.	Colonel.
	Per diem.	Per diem.
	£ s. d.	£ s. d.
After 30 years' service on full pay	2 5 0	1 14 0
After 25 years' service on full pay	2 5 0	1 10 0
After 20 years' service on full pay, or on promotion, should this period of service not be completed ..	2 0 0	1 8 0

PRIVATE PRACTICE.

21. Except in the administrative grades and in certain special appointments, medical officers are not debarred from taking private practice, so long as it does not interfere with their proper duties.

* Note to paras. 16 to 20.—Under present arrangements, officers of the Indian Medical Service who are not statutory natives of India receive exchange compensation allowance, to compensate them for the fall of the value of the rupee. The allowance consists of an addition to their salaries (subject to certain limitations) equal to half the difference between their salaries converted at (1) 1s. 6d. the rupee, and (2) the standard Government rate, which has been fixed at 1s. 4d. the rupee until further notice. (See note on page 258.)

For the present sterling equivalents of the salaries specified see page 258.

INDIAN MEDICAL SERVICE—continued.

CIVIL APPOINTMENTS.

22. A large number of civil appointments are ordinarily filled up from officers of the Indian Medical Service. Officers are required

to perform two years' regimental duty in India before they can be considered eligible for civil employment. The principal appointments, together with the salaries attached to each, are stated in the following table:—

Description of Appointment.	Approximate Number of Appointments in each Class.	Salary per Mensem.

Officers deputed to Plague Duty	—	1,450	1,000-1,100	750-900	700

An allowance of Rs. 100 per mensem is also at present granted, in addition to the above scale, to the Chief Plague Medical Officers in certain provinces.

There are also six Chemical Examiners with Rs. 800-1,650 per mensem, and a number of Port Health Officers with Rs. 750-1,950 per mensem. Other appointments of Resident Surgeons and Physicians at hospitals, &c., are on salaries ranging from Rs. 700 to 1,650 per mensem. There are also a certain number of appointments under the Political Department on salaries ranging from Rs. 450 to 1,450 per mensem, exclusive of local allowances.

23. Qualified officers of the Medical Service are also eligible for appointments in the Assay and Mint Departments. The salaries of these appointments are from Rs. 600-2,250 per mensem.

LEAVE RULES.

(Para. 24 applies only to officers in Military employ.)

24. Officers of the Indian Medical Service, below the rank of Colonel, may be granted leave under the general rules in force for officers of the Indian Army (see pages 331-333).

29. Officers of the Administrative Grades may be granted leave not exceeding eight months, besides privilege leave, during their tenure of appointment.

30. Extra leave (known as study leave) may be granted to officers desirous of pursuing

special courses of study at the rate of one month's leave for each year's service up to 12 months in all. (See page 346.)

HONOURS AND REWARDS.

31. Officers of the Indian Medical Service are eligible for the military distinction of the Order of the Bath, and for other orders, British and Indian, and for good service pensions.

Six of the most meritorious officers are named Honorary Physicians, and six are named Honorary Surgeons to His Majesty.

RETIRING PENSIONS AND HALF-PAY.

32. Officers of the Indian Medical Service are allowed to retire on the following scale of pension, on completion of the required periods of service:—

	Per annum.
After 17 years' service for pension...	£300
„ 18 „ „ „ ..	320
„ 19 „ „ „ ..	360

„ 29 „ „ „ ..	620
„ 30 „ „ „ ..	660
„ 30 „ „ „ ..	700

INDIAN MEDICAL SERVICE—continued.

33. Service for pension reckons from date of first commission, and includes all leave taken under the rules quoted in paras. 24, 29 and 30. (See also para. 41.)

34. A Surgeon-General, after three years' active employment in that appointment, is entitled to retire upon a pension of £350 per annum, in addition to that to which he may be entitled under the above scale.

35. A Colonel is entitled, after three years' active employment in that appointment, to retire upon a pension of £125 per annum, in addition to the pension to which he may be entitled under the above scale, and after five years of such employment on an additional pension of £250 in all.

36. In each of the above cases stated in paras. 34 and 35 eight months' absence on leave, as well as privilege leave, is allowed to count towards actual service in those grades. (See para. 29.)

37. A Surgeon-General or Colonel who has completed his term of service and has reverted

to British pay (see para. 20) may reside in Europe, at the same time qualifying for higher pension.

38. With a view to maintain the efficiency of the service, all officers of the rank of Lieutenant-Colonel and Major are placed on the Retired List when they have attained the age of 55 years, the Director-General, Indian Medical Service, when he has attained the age of 62 years, and all other Surgeon-Generals and Colonels when they have attained the age of 60 years. In any special case, where it would appear to be for the good of the service that an officer should continue in employment, he may be so continued, subject in each case to the sanction of the Secretary of State for India in Council.

39. Officers placed on temporary or permanent half-pay, under the rules referred to in para. 24 and on page 334, are granted half-pay at the following rates:—

	Rates of Half-Pay.	
	Per Diem.	Per Annum.
Under 5 years' service	£ s. d.	£ s. d.
After 5 " " " " " " " "	0 6 0	109 10 0

" " " " " " " " " "	1 0 0	365 0 0
" " " " " " " " " "	1 7 6	501 17 6

Surgeon-Generals and Colonels, when in circumstances in which other officers would draw half-pay, receive the unemployed pay of their rank. (See para. 20.)

Officers cannot retire in India on half-pay.

An officer of less than three years' service, although he may be transferred to the half-pay list under the general conditions of transfer, will not be granted any half-pay unless his unfitness has been caused by duty.

INVALID PENSIONS.

40. An officer who has become permanently incapacitated for further service in India on account of unfitness caused by duty may be granted an invalid pension on the following scale:—

	Per Annum.
After 16 years' pension service ...	£272
" 15 " " " " " " " "	252
" 14 " " " " " " " "	232
" 13 " " " " " " " "	212
" 12 " " " " " " " "	192

41. Time (not exceeding one year) passed on temporary half-pay reckons as service for promotion and pension, in the case of an officer placed on half-pay on account of medical unfitness caused by duty, civil or military.

42. Officers of the Indian Medical Service are liable, after retirement on pension before

completing 30 years' service, to recall to military duty in case of any great emergency arising, up to 55 years of age.

WOUND PENSIONS.

43. Officers are entitled to the same allowances on account of wounds received in action and injuries sustained through the performance of military duty, otherwise than in action, as are granted to combatant officers of His Majesty's Indian Military Forces holding the corresponding military rank.

FAMILY PENSIONS.

44. The claims to pension of widows and families of officers are treated under the provisions of such Royal Warrant regulating the grant of pensions to the widows and families of British officers as may be in force at the time being. (See page 336.)

45. The widows and families of officers are also entitled to pensions under the Indian Service Family Pension Regulations,* and subscription under those Regulations, from the date of arrival in India, is a condition of appointment, except in the case of Natives of India, for whom it is optional.

INDIA OFFICE,
May, 1912.

* See page 353.

INDIAN MEDICAL SERVICE—continued.

Issue of Furlough and Retired Pay.

Military and Marine Furlough Pay is made up to the 31st March, 30th June, 30th September and 31st December, and is payable on the first day of each calendar month. Retired Pay is made up at the India Office to the 15th February, 15th May, 15th August, and 15th

November, and is payable on the 16th of each calendar month. The sum payable each month is approximately one-third of the quarterly sum, but only complete pounds are issued, the balance being made up at the end of each quarter.

Advances of Pay.

Rules regarding advances of pay to Officers under the Furlough Rules of 1868 and 1875, and the Leave Rules of 1886 for the Indian Army:—

Officers proceeding on furlough to Europe may, if they desire it, receive an advance on the following scale:—

General Officers	Rs. 3,000
Field Officers... ..	1,500
Officers below the rank of Field Officer	1,000

Officers returning from furlough or from temporary half-pay will similarly be granted advances of pay at the following rates, on obtaining permission to return:—

For a Subaltern	£65
For all higher ranks	100

No advance, however, will be issued to an officer who obtains from the fund to which he is a subscriber a loan equal to or greater than the advance authorized for his rank, and an officer who obtains from

his fund a loan less in amount than such advance will be granted only the difference between the two.

Recovery of the advances made in England will be effected in India in monthly instalments of one-third of emoluments at the rate of exchange fixed for the year in which the advance was made.

The following advances on return to duty will be issued to Departmental Officers with honorary rank, Warrant Officers, Senior Assistant Surgeons and Assistant Surgeons, Indian Subordinate Medical Department, on the same conditions:—

Departmental Officers with honorary rank, and Senior Assistant Surgeons ...	£35
Conductors and 1st and 2nd Class Asst. Surgeons ...	20
Sub-Conductors and 3rd and 4th Class Asst. Surgeons...	15

REGULATIONS FOR THE COMMUTATION OF PENSIONS OF OFFICERS OF THE INDIAN SERVICE.

1. These Regulations are applicable only to officers retired on or after the 1st July, 1881.

2. An officer may be allowed to commute a portion, not exceeding one-third, of his pension, which commutation may take place on retirement, or at any time subsequent thereto.

3. An officer in Europe desirous of commuting must make application, in writing, to the Under Secretary of State for India, stating his desire so to commute, and furnishing information as to his age, rank, and the amount of his pension.

4. If the Secretary of State for India in Council shall approve the commutation, the officer will be so informed, and his application will be referred to the Medical Board at the India Office.

5. The Board will require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he will be required to submit himself for personal examination by the Board at the India Office.

COMMUTATION OF PENSIONS—continued.

6. An officer in India desirous of commuting must address the authorities in that country. He will be required to go through similar forms. He may appear before a Medical Board at any station in India that may be convenient, such Board being assembled under the orders of the Local Government and presided over by the Chief Civil Medical Administrative Officer of the Province where practicable.

An Officer residing in a Colony and desirous of commuting will be required to go through forms similar to those in the case of an officer residing in Europe except that he will apply to the Under Secretary of State for India through the official from whom he draws his pension. If the application is approved the officer will be informed accordingly, and a special civil medical board will be assembled under the orders of the Local Colonial Government.

The Medical Board will report in the following form:—

8. The commutation having been sanctioned, by the Government of India in cases in which the applicant is residing there, and by the Secretary of State in all other cases, the applicant will be informed accordingly and will have the option of withdrawing his application within one month after receiving notice.

9. If the applicant shall not withdraw his application within that period, the decision will be considered final, and the commutation of pension will take place absolutely.

"We have carefully examined and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added:—"but as he is suffering his age for purposes of commutation should be taken to be years."

7. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable—

10. The capitalised sum will be payable in India if the commutation is effected there, the sterling amount being converted at £1=Rs. 15; in all other cases it will be payable in England. Payment will be made at the expiration of one week from the date of the commutation being sanctioned. In each case the officer's pension will be issued in full up to the date of payment unless any delay has been caused by the officer's own fault or that of his agents. When the capitalised value of a commuted pension

COMMUTATION OF PENSIONS—continued.

becomes payable under regulation on a Sunday or on an authorised holiday payment shall be made on the last business day preceding the Sunday or holiday and the payment of the commuted portion of the pension will cease from the same date.

11. In any case in which a pensioner shall accept public employment, involving the withholding of pension, a deduction will be made

from the salary payable to him equal to the amount which would have been abated from the pension if it had not been commuted, and, in the event of his becoming entitled to a pension in respect of such employment, the amount of such pension granted to him shall not exceed the amount which he might have received had his pension not been so commuted.

March, 1913.

Training and Instruction of Officers of the Indian Army in England.

1. No extension of leave will be granted to enable an officer to undergo or complete a period of training or instruction.

2. On joining for training or instruction an officer must take his uniform with him.

ATTACHMENT OF OFFICERS TO UNITS OF THEIR OWN BRANCH OF THE SERVICE.

3. Not more than 24 officers of the Indian Army, below the rank of Major, are attached each year, while on leave in England, to units of their own branch of the service, for periods of one month each during the drill season at suitable training centres. They receive, in lieu of furlough pay, full Indian pay of rank and the staff pay of their permanent appointment (but no additional allowances) for the period of attachment, and travelling warrants in respect of the journeys between their place of residence and place of training, or if residing out of the United Kingdom, between the port of disembarkation and the place of training. No other expenses are refunded.

4. An officer desiring to be so attached should apply in the first instance through his Commanding Officer for the recommendation of the Government of India. Such an application will be provisional only, and a further application must be made to the India Office before an officer is definitely considered as an applicant for attachment. When this second application has been made, the officer will not, except under very special circumstances, be permitted to withdraw it.

5. Where quarters are available, they are allotted to the attached officers on the understanding that they pay the usual sum for the hire of furniture (2d. a day for a field officer, 1d. a day for a captain or subaltern), and that, if using a mess in barracks, they pay the usual stoppage of 1d. a day for mess furniture.

ATTENDANCE AT SCHOOLS OF INSTRUCTION.

6. Officers on leave in England may be permitted to attend any course of instruction for military officers announced in Army Orders. Applications should be submitted through the commanding officers for the recommendation of the Divisional Commander. Applications addressed to the India Office direct cannot be accepted. An application once made cannot be withdrawn, except under special circumstances.

7. Officers attending courses of instruction are granted lodging allowance when quarters are not provided, servants' allowance when a servant is not provided, and mess allowance when required to contribute to a mess. Neither servants' allowance nor mess allowance, however, can be drawn in combination with lodging allowance, except in the case of officers under instruction at the School of Mounted Infantry, Aldershot.

8. These allowances are granted at the following rates:—

Lodging allowance for a Field Officer	8s. a day.
Lodging allowance for a Captain	6s. "
" " " Subaltern	4s. "
Servants' allowance	3s. "
Mess allowance	10s. a month.

To enable an officer to receive any of these allowances, he must send to the India Office, on completing the course, his certificate of qualification* (which will be returned), and also a certificate signed by competent authority, stating the dates from and to which he was under instruction, and showing that he was not provided with quarters or with a servant, or that he was required to contribute to a mess, as the case may be.

No travelling or other allowances, beyond the above, are granted.

INDIA OFFICE,
July, 1912.

* No certificates of qualification are issued in respect of courses at the School of Musketry, Hythe, or of training in Mounted Infantry duties at Longmoor. In these cases, the issue of allowances depends on the receipt of a satisfactory report from the Commandant.

INDIAN STAFF COLLEGE.**Regulations for Admission.**

The Indian Staff College is maintained for the purpose of training officers of both the British and Indian Services for employment on the Staff in war and in peace.

The College is open to officers of all arms on the Indian establishment, except officers of the Army Service Corps attached to the Supply and Transport Corps for fixed periods. The course commences in February of each year, and lasts for two years. The examination for admission, which is held in December, will take place in India only. Twenty-four vacancies are filled by competition and by nomination, annually, of which approximately one-third will be allotted to the British and two-thirds to the Indian Service. Not more than two officers of the Royal Artillery and one officer of the Royal Engineers will be included in this number. There will be no limit to the number of officers permitted to compete, but so far as admission by competition is concerned, only one officer of any regiment of British Cavalry or battalion of British Infantry will belong to the College at one time; an exception to this rule may, however, be made when an officer has been unable to complete the course within the prescribed period. The right of nominating officers to the Staff College is vested in His Excellency the Commander-in-Chief, and is unrestricted.

The qualifications required from candidates will be those laid down in King's Regulations, for officers entering the Staff College, Camberley. Attachment to the Staff for one month as required by these Regulations, will be requisite.

Applications to compete for admission will be submitted on Army Form C. 2112 (modified for India), a note being made thereon whether the applicant is married or single, and if the former, whether accommodation for the wife is required at Quetta. Applications will be forwarded through General Officers Commanding, Brigades and Divisions, to the Chief of the General Staff, Army Head Quarters. No application will be attended to which does not reach the office of the Chief of the Staff, complete and correct, by the 1st September.

The syllabus of examination is notified from time to time in India Army Orders. The examination consists of two parts, one obligatory, the other voluntary.

Regulations regarding the Grant of Study Leave to Officers of the Indian Medical Service.

1. Extra furlough for the purpose of study may be granted to officers of the Indian Medical Service on the recommendation of the Director-General, Indian Medical Service.

2. The period of such Study Leave will be calculated, in the case of an officer taking Study Leave while under Military Leave Rules, at the rate of one twelfth of pension service, and in the case of an officer taking Study Leave while under Civil Leave Rules, at the rate of one twelfth of the same service as qualifies for his furlough under Articles 302 and 303 of the Civil Service Regulations, up to a total in any case of 12 months in all during an officer's service.

Every candidate will be required to qualify, i.e., to obtain 5 in each of the obligatory subjects. The voluntary subjects may be taken at the option of the candidate. The marks gained therein, added to the marks gained in obligatory subjects, will be reckoned in determining his position in the list of competitors; but an aggregate of 2,500 marks will be required for qualification. Handwriting not easily legible will disqualify.

Students at the Indian Staff College belonging to the Indian Army, and to British corps which may have quitted India, will be seconded in their regiments, but students belonging to the British Service whose corps are on the Indian establishment will not be seconded. Officers of the British Service will receive Indian pay of rank; and officers of the Indian Army, regimental or departmental pay of rank and full staff pay of their substantive appointments. Officers of Royal Engineers serving with corps of Sappers and Miners, will receive Indian pay of rank and full Staff pay of their permanent appointments; other officers of Royal Engineers will draw Indian pay of rank and Engineer and charge pay.

Adjutants and Quartermasters must vacate those appointments, with effect from the date of joining the College.

All officers will be required to be in possession of two horses or ponies while at the College, and if not already in receipt of horse allowance for the same will draw it at the rate of Rs. 30 per mensem for each horse or pony not exceeding two. Officers of British Cavalry will receive horse allowance for only two horses or ponies while at the College.

No donation or subscription will be required, except that officers will pay to the College Mess the subscription which they would pay to their regiments if present with them. While at the College they will not be required to pay any subscriptions to their regiments.

Any officer recommended by the Commandant and the Military Board for removal in consequence of marked deficiency or neglect, or as unlikely to make an efficient Staff Officer, may be required to withdraw.

3. Study Leave may be taken at any time, but will not be granted more than twice in the course of an officer's service. Conversion under Rule 8 of part of an officer's furlough into Study Leave does not count as a grant of Study Leave within the meaning of this rule.

4. The minimum period of study which will render an officer eligible for Study Leave shall be two months.

5. The minimum period of leave granted solely as Study Leave shall be six months. Time spent on the journey to and from India by an officer whose Study Leave is not combined with any other kind of leave, will reckon as Study Leave, but the allowance specified in Rule 10

STUDY LEAVE TO OFFICERS—continued.

will be granted during the period of study only. An officer whose Study Leave is combined with any other kind of leave will, however, be required to take his period of Study Leave at such a time as to retain, at its conclusion, a balance of other previously sanctioned leave sufficient to cover his return journey to India.

When an officer has been granted a definite period of Study Leave, and finds after arrival in England that his course of study will fall short of the sanctioned period to any considerable extent, his absence from India will be reduced by the excess period of Study Leave unless he produces the assent of the authorities in India to his taking it as ordinary furlough.

6. Study Leave can be combined with any other kind of leave, provided the period occupied in study is not less than two months, and, in the case of leave on medical certificate, provided that the medical board at the India Office certifies that the officer is fit for study. In the case, however, of officers in military employment, Study Leave cannot be taken in continuation of the combined privilege leave and furlough admissible under the terms of India Army Order No. 64 of 1904, if the total period would thereby exceed eight months, but Study Leave may be so taken provided such leave is for not less than two months and the total period of combined privilege, leave, furlough and Study Leave does not exceed eight months; this limitation to eight months does not, however, apply in the case of Study Leave combined with privilege leave alone. The total period of absence from duty in India, in the case of officers under the Leave Rules of 1886 for the Indian Army, will be strictly limited to two years.

7. Except as provided in Rule 8 all applications for Study Leave shall be submitted, with the audit officer's certificate, to the Director of Medical Services, through the prescribed channel, and the course or courses of study contemplated and any examination the candidate proposes to undergo shall be clearly specified therein.

8. Officers on furlough who wish to have part of their furlough converted into Study Leave should address the Under Secretary of State, India Office, and should furnish a statement showing how it is proposed to spend the Study Leave. Similarly officers on furlough or other leave who desire to have it extended for purposes of study should address the Under Secretary of State, but in addition to the statement of the proposed study they must support their applications with documentary evidence of their having obtained the approval of the authorities concerned in India to their applying for an extension of leave.

9. An officer who is at home on combined leave may be permitted to commence a course of

study before the end of his privilege leave, and to draw for such period the lodging allowance admissible under Rule 10, without forfeiting his privilege leave allowances during such period. For all purposes of record and subsequent calculation of leave, the full amount of Study Leave taken shall in such cases be post dated as if it commenced at the end of the privilege leave.

10. For the course of study lodging allowance at the rate of 8s. a day for a field officer, 6s. for a Captain, and 4s. for a Lieutenant will be granted on the production of the certificate required by Rule 12. It is to be understood that in order to qualify for the grant of Study Leave or for the receipt of Lodging Allowance, a definite course of study at a recognised institution, which will occupy the time of the officer for five or six days a week, must be pursued. This allowance will not be admissible to an officer who retires from the Service without returning to duty in India after a period of Study Leave.

Lodging allowance will be admissible up to 14 days for any period of vacation.

11. The rate of pay admissible during Study Leave is as follows:—

A. To an officer taking Study Leave while under Military Leave Rules: the rate of furlough pay admissible to him under those rules.

B. To an officer taking Study Leave while under Civil Leave Rules: the rate prescribed in Article 314 of the Civil Service Regulations for an officer on ordinary furlough, subject to the limits laid down in Article 314 (a).

12. On completion of a course of study a certificate on the proper form, which may be obtained from the India Office, together with any certificates of special study, should be forwarded to the Under Secretary of State, India Office, who will arrange for the transmission of copies of the documents to the Director of Medical Services. Officers may also be called upon to report themselves in person to the President of the Medical Board, India Office, on the conclusion of their course of study.

13. Study Leave will count as service for promotion and pension, but, except so far as it may be taken during privilege leave (see Rule 9), it will not count for furlough or any other leave. It will not affect any leave which may already be due to an officer; and will not be taken into account in reckoning the aggregate amount of furlough taken by an officer towards the maximum period of six years admissible under Article 299 of the Civil Service Regulations.

INDIA OFFICE,
May, 1912.

ROYAL ENGINEERS.**Instruction at Chatham.**

REGULATIONS UNDER WHICH OFFICERS OF ROYAL ENGINEERS ON LEAVE FROM INDIA MAY ATTEND VOLUNTARY COURSES OF INSTRUCTION AT THE SCHOOL OF MILITARY ENGINEERING.

1. A limited number of officers not above the rank of Major may be allowed, while on leave from India, to go through special courses of instruction in the following subjects:—

- (a) Steam and mechanical engineering.
- (b) Electrical engineering and demonstrations.
- (c) Reconnaissance.
- (d) Astronomy.
- (e) Military engineering.
- (f) Photography.
- (g) Construction.

Part I.—Applied mechanics, details of building and building materials.

Part II.—Sanitary engineering and routine.

2. No officer will ordinarily be allowed to undertake a course of instruction which cannot be completed without an extension of his leave; and the period spent under instruction will not be counted as duty.

3. Application for permission to attend any

REGULATIONS UNDER WHICH ENGINEER OFFICERS SERVING IN INDIA ARE APPOINTED TO THE INDIAN CLASS AT THE SCHOOL OF MILITARY ENGINEERING, CHATHAM.

1. Every officer of Royal Engineers below the rank of Lieutenant-Colonel, who has not given notice of his intention to revert to Imperial service (see next paragraph), will be required, as soon as may be convenient after he has completed to years' Indian Service, to join the School of Military Engineering at Chatham, so that he may become acquainted with the progress made in military science and engineering.

2. The number of such officers who will be appointed to the School of Military Engineering in any one year will not exceed 15. They will be selected by the Government of India. Every officer who has attended this course will be expected to complete a further period of three years' Indian service before reverting to the Imperial establishment.

3. The course of instruction will last about six months commencing on or about the 30th of March, divided into two periods which will be devoted to obligatory and optional subjects, and will be arranged in accordance with the syllabus shown in paragraph 4. Officers belonging to the Survey of India Department will not be required to join at Chatham before the 1st May.

4. The courses of instruction will be as follows:—

Obligatory—	Days.
Survey and Lithography	21
Electricity	21
Field fortification	14
Construction	21
Military Training	14
Workshops	14*
Total	105

*The workshops course will, when possible, be carried out in His Majesty's Dockyard, Chatham, under the instructions of the Admiral Superintendent, with whom the necessary arrangements will be made by the Commandant of the School of Military Engineering.

course of instruction should be addressed to the Under Secretary of State for India at least five weeks before the course begins.

4. An officer will be required to obtain from the Commandant a certificate that he has made good use of his time while under instruction.

5. An officer who produces a certificate stating that he has gone through any of the courses mentioned in para. 1, that he was not provided with quarters, and that his work was satisfactory, will receive lodging allowance at the following rates:—

For a Major	8s. a day.
" Captain	6s. "
" Lieutenant	4s. "

6. Travelling expenses on the War Office scale will be allowed for any journey ordered to be undertaken in connection with a course, but no travelling expenses incurred in joining or quitting the School of Military Engineering will be recoverable.

Special—

Study of special subjects	Days.
selected by the Government of India, or by the Heads of Departments or Services to which the officers concerned belong	30
2. Study of any special subject selected by the Government of India, and (if required) report thereon	45
Total	75

Optional—

If the 75 days allotted by the special subjects are more than necessary in any individual case, the officer concerned may take up an additional optional subject, selected by himself, for the balance of the 75 days.

5. Survey officers who do not attend the survey and lithography and electricity courses will be instructed in these or other optional subjects for an equal period at the close of the special courses. In the case of officers serving in the Public Works Department the construction course may be omitted, a course selected by the officer being substituted. The short course of military training is intended to be a refreshing course only; it is not intended for preparation for passing promotion examinations. The Commandant may vary the length of the course in each subject of the obligatory course to suit the requirements of each class, and may vary the length of the special courses to meet the requirements of each officer.

ROYAL ENGINEERS—continued.

6. The periods allotted for the various courses are inclusive of Sundays, but exclusive of Easter leave (five days). The Commandant may also give casual leave up to a limit of fourteen days. During the obligatory courses not more than two days at a time should be granted.

7. (a) Selected officers of each class will be called upon to furnish reports during the period of the special courses, regarding the latest advances in European engineering practice in the particular subjects with which they are best acquainted, and special facilities will accordingly be afforded them for visiting works, manufactories, &c. The subjects of these reports will be selected by the Government of India. The allotment of subjects to officers will be made by the Commandant of the School of Military Engineering.

(b) During the period allowed for the preparation of the reports, officers may reside elsewhere than at Chatham, provided the distances to be covered by railway warrants are not thereby increased. They may draw allowances as in paragraph 13 (iii.), and will be given railway warrants enabling them to visit works, &c., from their places of residence.

(c) If the subject selected for a special course or for report is outside the scope of the School of Military Engineering, the officer concerned may, under arrangements to be made by the India Office, be detached to the School or Institution which deals with that subject, or to the station presenting the best facilities for the purpose of instruction or investigation. While so detached he may draw allowances as in paragraph 13 (iii.), and will be given railway warrants enabling him to visit works, &c., from his station. He will also be entitled to field allowances under War Office regulations when authorized to attend manoeuvres in connection with his special course.

(d) In order that the reports on special subjects may reach India as expeditiously as possible, they should be handed in to the Commandant, School of Military Engineering, within the period of 45 days allotted for the study of the subjects and preparation of the reports.

(e) No reports will be required on the special subject for which the period of 30 days is allotted, but they will be so chosen that the experience gained will, upon the return of the officers to India, be of use to the services to which they belong.

8. At the end of the course each officer will be specially reported on by the Commandant.

9. An officer serving in India who is appointed to the course will, unless leave is specially granted to him, be regarded as being on military duty from the date of quitting his station to the date of his return to his permanent appointment in India.

The whole period passed on duty will reckon as service for Indian pension and furlough; but not for privilege leave, though it will not interrupt privilege leave already earned.

In the case of an officer, who is appointed to the school while on leave, the period of duty will commence from the date on which he joins at Chatham.

10. An officer who is not in civil employ may, on obtaining the assent of the proper authority in India, be granted leave on the termination of the course of instruction, or, if on leave when appointed, be allowed to avail himself of any unexpired portion of that leave.

Privilege leave may be taken either—

- (a) between the date of giving over charge in India and joining at Chatham, or
- (b) between the date of leaving Chatham and embarking in England for India.

An officer in civil employ will not be allowed leave at the completion of the course; except casual leave pending arrangements being made for his passage to India.

11. On return to India, all officers in civil employ will be posted for four months for practical military training to either the Military Works Services, or the Sappers and Miners, or the Indian Submarine Mining Corps, as may be decided by the Commander-in-Chief, during which time they will receive the pay and allowances of Royal Engineer officers of corresponding rank in similar military employ. The return of an officer to his civil employment at the conclusion of this period will be contingent on his satisfying the Commander-in-Chief with regard to his military efficiency.

12. An officer who is appointed to attend the course will receive free passage, or travelling allowance in lieu, under the Indian and War Office Regulations, from his station to Chatham and back as follows:—

If in India and on duty when appointed, and if returning to India immediately after the completion of the course, without an intervening period of leave other than casual leave	Free passage by land and by sea.
If on leave when appointed, and if returning to India immediately after the completion of the course without an intervening period of leave other than casual leave	Free passage back by land and sea.
If on leave when appointed, and if he proceeds on leave on the completion of the course	Nil.

Officers receiving a free passage by sea will be entitled to passage for their wives and families by transport.

ROYAL ENGINEERS—continued.

13. Officers appointed to the course will receive pay as follows:—

- | | |
|--|---|
| (i) From date of relief to embarkation and from disembarkation, on return, to date of joining appointment. | Indian regimental pay and allowances of rank. |
| (ii) For the periods of the voyages, when travelling on duty. | English pay and Engineer pay of rank. |

- (iii) After arrival in England; and at the School of Military Engineering, while under instruction, and pending embarkation for India.

As for (ii), with allowances for quarters,* servants, fuel and light, and travelling allowances for the inspection of works, &c., when admissible under the War Office Regulations.

FOREIGN LANGUAGES.

N.B.—These Regulations are undergoing revision.

Regulations for the Study of Languages by Officers of the Indian Army† (including Officers of Royal Engineers and Indian Medical Service).

European Languages.

The Civil Service Commissioners hold examinations in London four times a year for the purpose of examining officers for the interpretership in European languages. The examinations commence on the third Tuesday in January and October, on the second Tuesday in June, and on that Tuesday in April which first follows after the date on which Easter Sunday falls. Officers of the Indian Army can be examined in any of the languages specified in these regulations at the examinations in January and June, but in French, German and Russian only at those in April and October. They may also apply for examination in other languages, for which no rewards are granted, and their names will be recorded if they qualify as "Interpreters."

The syllabus for European languages (including Russian) is as follows:—

PART I.—ORAL.

	Marks.
(i) Conversation... ..	60
(ii) Reading Manuscript.—Reading short MS. reports, notes, telegrams, &c., and dictating answers thereto ...	20
(iii) Technical Terms.—Knowledge of technical, military, and local terms,† to be tested by direct questions, and by oral translation from a British or foreign training manual ...	20
	100
	—

PART II.—WRITTEN.

	Marks.
(iv) Translation.—Translation into English, from the language, of unseen passages	20
(v) Composition.—Translation from English, into the language, of unseen passages	30
(vi) Dictation	10
(vii) Translation from Manuscript.—Translation into English, of official and private correspondence (manuscript) ...	10
(viii) Letter.—Writing a private or official letter in the language, a <i>précis</i> being given	20
(ix)§ Extempore Translation.—Extempore translation from the language ...	10
(x)§ Extempore Composition.—Extempore translation into the language...	20
	120
	—

The syllabus for the examinations in other than European languages will be forwarded on application to the India Office.

Officers who obtain '8 of the aggregate marks will be noted in their record of service as "1st Class Interpreters" in the language in question, and those who obtain '6 will be noted as "2nd Class Interpreters."

* Married officers, whose families reside with them at Chatham, may draw lodging allowance instead of occupying Government quarters, even when such quarters are available.

† These rules do not apply to officers in civil or political employ (whether temporarily or permanently) who are subject to other rules, which can be obtained on application at the India Office.

‡ Including titles of local officials and terms of etiquette in dealing with them, terms used in travel, reconnaissance, transport duties, collection of supplies, &c.

§ To be taken from an ordinary newspaper, and read out by the examiner.

FOREIGN LANGUAGES—continued.

Examinations in French and German will also be held at Calcutta and Bombay on the third Tuesday in January. The names of officers who wish to attend must reach Army headquarters three months before the date of the examination. The papers will be prepared and the work valued by the Civil Service Commissioners. The examination will be conducted by a board of two British officers who are 1st Class Interpreters in the language, assisted by an educated Frenchman or German, as the case may require. The board will allot marks for the oral examination.

A fee of Rs. 100 will be granted to each of the two British officers of the board in addition to the usual travelling and detention allowances, and a similar fee of Rs. 100 will be paid to the civilian member of the board.

Officers on leave from India wishing to attend these examinations should apply in writing to the Under Secretary of State for India, India Office, on or before the following dates, after which no application will be entertained:—

For the January examination, on 1st Dec.	
" April " on 23rd Feb.	
" June " on 1st May.	
" October " on 10th Sept.	

As late withdrawals from these examinations entail considerable inconvenience, and involve some expense, officers who withdraw their names after the above dates will in each case be required to give their reasons for doing so.

Any officer may enter for the interpretership examination, and if he passes or qualifies as an interpreter, his qualification will be recorded in the Indian Army List; but rewards will only be given to officers who have qualified for them by periods of residence abroad under the conditions laid down in the following paragraphs.

Preliminary Examinations.

Preliminary examinations of an elementary nature will be held by the Civil Service Commissioners at the same times and places as the interpretership examinations. The rules regarding the dates for submitting applications and the method of conducting the examinations will be the same as for the interpretership examinations.

The syllabus of the preliminary examination can be obtained from the India Office. '6 of the total marks will be required to pass. A note of an officer having passed will be made in his record of service.

It is not compulsory for officers to qualify at the preliminary examination before proceeding to France or Germany. A grant of £5 will be made to officers who pass the preliminary examination in French or German.

Rewards for qualifying as Interpreter in European Languages.

An officer wishing for leave to proceed to any European country other than Russia for the purpose of studying the language and obtaining a reward, should apply for it through the proper regimental or other channel. The application

should contain an outline of the officer's plans, and a statement of the facilities that he expects to obtain for studying in the country to which he desires to proceed. Such leave will be granted by the India Office on the recommendation of the Government of India. It will in no case be granted in addition to the ordinary maximum period of combined leave, and it will count towards the two years' maximum absence from duty allowable under the leave rules for the Indian Army. During such leave an officer will receive his English leave pay.

An officer who has spent at least two months (which need not be in one continuous period) in a foreign country for the purpose of learning its language, under the conditions in the foregoing paragraph, and who subsequently passes the interpreter's test, will receive a fixed grant of money to assist him in defraying the expenses he has incurred by going abroad. Rewards will be given out to officers who have qualified for them by periods of residence abroad under the above conditions.

The scale of grants which may be earned by officers who qualify as 1st Class Interpreters under the preceding rules or in Russian under the rules which follow, will be as follows:—

French	£
German	25
Russian	50
	80

Officers who qualify as 2nd Class Interpreters under the same conditions will receive one-half of the above-mentioned sums.

An officer who has been informed that he has qualified as an interpreter, and who is entitled to a reward, will submit a claim to the India Office, certifying the amount of leave he has spent in the country concerned.

An officer may requalify after five years by obtaining 80 per cent. of the marks at the oral part of the examination, together with the extempore translation from and into the language. Although such requalification is not compulsory, except in the case of officers appointed official interpreters in Russian, it must be remembered that the value of an officer's certificate depends to a great extent on its date. The grant for re-qualification as a 1st Class Interpreter after an interval of five years will be one-quarter of the grant for the original qualification.*

The total amount of expenditure to be incurred under the above rules (except as regards Russian) is limited to 300*l.* a year, and the number of officers who will be granted language leave will be restricted accordingly.

These regulations are not retrospective as regards leave taken before the date of their issue. An officer who has qualified as an interpreter before the date of their issue will not be permitted to qualify again in the same language in order to earn a money grant, nor will his previous qualification entitle him to any grant.

The names of officers who have qualified or re-qualified as Interpreters will be recorded in the Home and Indian Army Lists.

* This does not apply to officers who qualify as interpreters in Russian under the regulations published with India Army Order No. 538 of 1899, or previous regulations.

Study of Russian.

An officer of not less than five and not more than eleven years' service, who passes the preliminary examination in Russian,* and who has in addition been the subject of a special recommendation (mentioned below) by the Government of India, may be permitted to proceed to Russia for a further course of study of the Russian language.

In order to procure the necessary special recommendation to be permitted to proceed to Russia, he should apply as early as possible beforehand through the proper regimental or other channel. Commanding officers will be held responsible that only such officers are recommended as are likely to do credit to the Service when abroad, and to justify the expenditure incurred by the State on their special education. Any special qualifications, such as an aptitude for learning languages or for General Staff duties, should be stated in the recommendation. The soldierly qualities and general efficiency of applicants will be taken into consideration in making recommendations. Preference will be given to those officers who have graduated at the Staff College, or who are on the selected list for the Staff College, mentioned in para. 721, King's Regulations. In forwarding applications, it should be definitely stated whether an officer's name is on this list or not. The recommendation, if granted, will be forwarded to the India Office by the Government of India, and its receipt will be notified by the India Office to the officer concerned.

After passing the elementary test, if he receives permission to proceed to Russia, he must start from England within a fortnight from the date of the India Office letter conveying such permission, unless specially authorised to defer his departure. He must on no account start for Russia until he has received a letter of instructions on the subject from the India Office.

No officer on leave on medical certificate will be permitted to proceed to Russia on duty unless reported fit to do so by the India Office Medical Board.

On starting for Russia he may, if he requires it, be granted an advance of pay of the same amount as he would be entitled to receive if he were returning to India from leave, and

such advance will be recovered by eight equal monthly instalments after his arrival in Russia.

On arrival in Russia he shall report to the India Office his address and the date of his crossing the Russian frontier. Any subsequent change of his address shall likewise be reported.

Every officer permitted to go to Russia under these regulations is required to spend ten months in that country, and to present himself for final examination at the first examination held after the end of those ten months.

Two months before his final examination he shall notify to the India Office the address in England to which the instructions as to time and place of examination should be sent by the Civil Service Commissioners.

On his return to England he shall report to the India Office in writing his arrival and the date of his crossing the Russian frontier on his return. If he left India on medical certificate, he shall apply for permission to appear before the Medical Board at the India Office. He shall not leave Russia, either temporarily or permanently, earlier than fourteen days before the final examination, without obtaining leave of absence for a definite period from the Military Secretary, India Office.

If he succeeds at the final examination in qualifying to be an Interpreter in the Russian language, he will be paid by the India Office the reward due to him and travelling expenses† from London to and from St. Petersburg or Moscow. He will also be granted a free passage from England to India unless granted leave on private affairs before returning to India (see below); and will be treated with retrospective effect as an entitled passenger to England or to Russia when first proceeding there. No grant on account of travelling expenses will be made to an officer who fails to qualify to be an Interpreter; but he may earn the gratuity, travelling allowance and passages (or payments in lieu) by qualifying as an Interpreter at any subsequent examination, provided that he has not more than 12 years' service at the time of re-examination.

An officer who has been officially appointed as Russian Interpreter (see below) will be required to re-qualify after five years. He will be allowed two chances of re-qualifying. In

* An officer who obtains 6 in the preliminary examination will receive a grant of £10 in addition to the rewards mentioned above.

† *i.e.*, (1.) If he came to England from India at his own expense, he will receive passage allowance at the authorised rate in respect of his voyage to England, and will be provided with a passage to India by the India Office; or, if he took a return ticket on leaving India, he may claim the amount paid for it.

(2.) If he came to England from India as a not-entitled passenger on a transport, he will receive a refund of his messing charges and an entitled passage to India.

(3.) If he went from India direct to Russia, he will receive a single fare at the British India Steam Navigation Company's rate from the port of embarkation to Port Said, a sum of £32 or £30 in respect of his travelling expenses from that port to St. Petersburg or Moscow, as the case may be, travelling expenses‡ from St. Petersburg or Moscow to London, and an entitled passage from England to India.

In any of the three cases he will be entitled to receive, after returning to India, his travelling expenses from his station to the port of embarkation before starting for England.

‡ Free first class railway and steamer accommodation and a travelling allowance, while travelling by rail or by steamer when the messing is not included in the cost of the ticket, at the rate of 15s. per night and 3s. 6d. for the last day. When the messing is included in the cost of the sea passage, this allowance is not admissible, but 3s. 6d. is allowed for the journey to the port of embarkation if the distance exceeds 10 miles, and 6s. if the journey necessarily occupies over 10 hours.

event of failure at the second attempt, his name will be removed from the list of official Russian interpreters.

Whether successful or not at the final examination, all officers (unless expressly granted further leave under the usual conditions) should start for India within one month from the announcement of the result of the examination. If successful, an officer will be granted passage (see footnote) by the India Office either by troopship or otherwise as may be convenient. If unsuccessful, he should make his own arrangements and report to the Military Secretary on what date and in what vessel he is to return.

He will be entitled to count as Indian duty for promotion and pension the period spent in Russia, and to draw for such period the equivalent, at the privileged rate of exchange, of the Indian pay and allowances of his rank, and the half staff salary of his substantive appointment; provided that if the sterling amount be less than his leave pay under the Leave Rules for the Indian Army, then leave pay shall be allowed. He will be considered as on leave before arrival in Russia, and from the date of quitting Russia until he rejoins his appointment in India under the conditions of the preceding paragraph. The period spent in Russia will not be considered as part of the two years' maximum absence from duty allowable under the Leave Rules for the Indian Army.

In the case of any officer of the Indian Service at the Staff College wishing to proceed to Russia to study the language after the termination of the Staff College course, he should apply through his Commanding Officer in India for the special recommendation (referred to above) four months before leaving the Staff College.

On receipt of the special recommendation of the Government of India, the India Office will grant the officer leave (if admissible to him under the regulations to which he is subject) to remain in England until the result of the first preliminary examination in Russian held after the date of his leaving the Staff College is known. Should he fail to pass the elementary test, he will be required to rejoin his appointment in India within two months from the date on which the result is known; should he succeed, he will come under the same conditions as other officers on leave permitted to proceed to Russia.

Officers coming under the foregoing para. will be provided with passage to India as if they had returned to India at the conclusion of the Staff College course.

If an officer on combined leave attends the preliminary examination in Russian in October, and does not come on duty (in Russia or in India, as the case may be) until after the expiration of his combined leave, he is required to refund the difference between privilege leave pay and ordinary leave pay for the privilege leave portion of his combined leave.*

A certain number of officers under the rank of

substantive Major (including unseconded Staff officers, and any officiating in other staff appointments, the staff pay of which does not exceed Rs. 200 a month) will be officially appointed as Russian Interpreters, and granted, while serving in India, an extra allowance of Rs. 100 a month. This allowance does not carry exchange compensation and will cease during absence on any account except privilege leave or combined leave spent in India. In this latter case the authority to draw the allowance will be obtained from the Chief of the General Staff.

When an officer who has qualified as a Russian Interpreter under these or previous rules is on leave in England, he may, with the approval of the Commander-in-Chief, and the sanction of the Secretary of State, be permitted to proceed to Russia to keep up his knowledge of the language; and, provided that he remains in Russia at least two months, he will, on his return to London, receive travelling expenses to and from St. Petersburg or Moscow, and, if desired, he will have his leave extended by two months without prejudice to the advantages accruing under the rules relating to combined leave, if on combined leave. Not more than four officers will be allowed the benefit of this rule in any one year.

Not more than 15 officers altogether of the Indian Army and Indian Medical Service in Military employ will be allowed to proceed on duty to Russia in any official year, whether they have passed the test at the examinations in London or in India.

If more than 18 months have elapsed since an officer passed the test, he will be required to undergo a fresh examination before receiving permission to proceed to Russia.

Half-yearly examinations in India are held in January and July, and the names of the officers who are recommended by the Government of India for permission to proceed direct from India to Russia will be communicated to the India Office as soon as the result of the examination is known. The names of the officers who are finally selected will be communicated by the India Office to the Government of India, who will give authority to each officer to take up his residence in Russia, to which country he should proceed about May or November, so as to be on the same footing as the officers of his batch who proceed from England.

An officer proceeding direct from India to Russia should obtain a passport in the ordinary manner from the local government concerned, and should have the necessary *visa* affixed thereto by a Russian consular officer in India.

Chinese and Japanese.

Three officers who should not be above the age of 30 years at the time of their first application, may be selected annually for a two years' course of study and residence in China, under the conditions stated below. Similarly, two

officers may be selected annually for a two years' course of study in Japan. One of these latter may be of the Indian Medical Service.

Lists will be kept at Army Headquarters of officers selected as suitable for a course of study in China or Japan. Officers desirous of having their names considered for inclusion in these lists will apply through the ordinary channels. Commanding officers will be held responsible that only such officers are recommended as are likely to do credit to the Service when abroad, and to justify the expenditure incurred by the State on their special education.

Any special qualifications, such as an aptitude for learning languages or for General Staff duties, should be stated in the recommendation. In making his selection, His Excellency the Commander-in-Chief will take into consideration the soldierly qualities and general efficiency of the candidates. Preference will be given to those officers who have graduated at the Staff College, or who are on the selected list for the Staff College, mentioned in para. 721, King's Regulations. In forwarding applications, it should be definitely stated whether an officer's name is on this list or not.

When the names of officers have been recorded on the above lists, they will be expected to pass the preliminary examination as described below in order to render themselves eligible to be sent to China and Japan. They must also be fully qualified for promotion, except as stated in para. 145 (ii), King's Regulations, which will apply in this case.

Preference will be given to unmarried officers.

The preliminary examination will be held in January and June at the same time as the interpretership examination. Officers whose names have been recorded may, when on leave at home, apply to the India Office for examination in accordance with the instructions. Such officers will undergo an oral and a written test. Officers may also be examined in India, or in other stations abroad, in the written part only, the examination being conducted by one officer who must be senior to the candidates, but who need not have a knowledge of the language. Applications for permission to be examined in India should reach Army Headquarters at least three and a half calendar months before the date of the examination.

An officer who passes, *i.e.*, obtains 75 of the marks in the preliminary examination in Chinese or Japanese, will receive a grant of £10. (The rewards mentioned below will be in addition to this sum.)

When qualified, officers on the selected lists will be sent in January. Two complete years will be passed in China or Japan, exclusive of the time occupied by the passage from India and back.

An examination will be held at the end of 12 months' residence in the country. An officer failing to pass will be required to rejoin his unit at once.

5 of the marks allotted to each separate subject of the examination must be obtained to pass.

75 in the aggregate and 5 in each subject must be gained to obtain "Special Mention."

During their period of residence in China or Japan, officers will be under the orders of the Military Attachés at Peking and Tokio, respectively. They will keep a diary, showing how they have been employed and the places they have visited or resided in, &c., and they will send their diaries periodically to the Military Attaché. The Military Attaché will forward the diaries of officers attached to the Japanese Army to Army Headquarters, India. At the end of each year's study the Military Attaché will report confidentially on each officer, especially with regard to his progress and his capabilities as an intelligence officer.

During their second year in Japan arrangements may be made for officers to be attached for a time to the Japanese Army.

During the last month of their second year in the country, officers will present themselves for final examination.

The standard of qualification will be the same as that laid down above. An officer failing to pass will be entitled to any reward which he may have gained on account of previous examinations, but he will be required to pay for his own return passage. An officer who obtains "Special Mention" in the examination at the end of the second year will be noted in the Army List as a 2nd Class Interpreter.

Officers of the Indian Army permitted to proceed to China or Japan under these rules will be seconded, but officers of the Indian Medical Service will not be seconded. They will receive full regimental pay and allowances and full staff salary of their substantive appointments. They will receive a reward of £100 on passing and obtaining 75 of the total marks for the examination held at the end of 12 months' residence in the country, and a further reward of £75 on passing and obtaining 75 of the total marks of the final examination.

General Officers Commanding divisions or brigades, as the case may be, will notify in orders the grant of leave to selected candidates, the object for which the leave is granted being specially stated in the order.

Officers who are permitted to go to China or Japan will not be included in the authorized number permitted to be absent on leave in India at any time.

Selected officers will travel to and from China and Japan on duty at Government expense, except for the return journey in the case of failure.

Officers who are recalled owing to an unfavourable report by the Military Attaché may also be required to defray the cost of their return journey.

Officers if selected for attachment to the Japanese Army during their second year will receive £25 to meet extra expenses.

Officers who show a marked aptitude for learning Chinese and Japanese may, from time to time, be selected to continue their course for a third or fourth year in the country. At the end of the third and fourth years, respectively, they will be expected to pass the prescribed

FOREIGN LANGUAGES—continued.

examinations. An officer who obtains "Special Mention" at the end of the third year will receive £75. An officer who obtains "Special Mention" at the end of the fourth year will be noted in the Army List as a 1st Class Interpreter, and receive £100.

Officers who have not been through a four years' course may present themselves for examination in London. If they obtain 75 of the marks in each subject and 75 in the aggregate they will be noted in the Army List as 1st Class Interpreters, and receive £100. If, however, they fail to reach the first class standard they cannot be given the qualifications of 2nd Class Interpreter, which can be obtained only at the examination referred to above.

Officers undergoing the third and fourth years' courses will be included in the establishment laid down above, which cannot be exceeded.

An officer who re-qualifies as a 1st Class Interpreter in Chinese or Japanese, after an interval of five years, will receive £50, and as a 2nd Class Interpreter, £25. The examination may be held in London, Peking, or Tokio, as desired.

The examination in London will be carried out by the Civil Service Commissioners. The examination in Peking and Tokio will be carried out under arrangements made by the Chinese Secretary, H.M. Legation, and the Japanese Secretary, H.M. Embassy, respectively.

Cantonese or Hakka.

Officers who pass the prescribed colloquial test in Cantonese or Hakka at Hong Kong will receive £50. Not more than one reward will be issued in one financial year.

The names of officers who pass this test will be recorded in the Army List.

Officers who have passed the above colloquial test may, from time to time, be selected for a two years' course at Canton. They may also be selected to continue their course for a third or fourth year. They will be included in the establishment laid down in the rules applying in the case of Chinese and Japanese, and applications to be considered for selection will be forwarded in accordance with those rules.

During their course they will be under the orders of the G.O.C., South China Command, who will report confidentially on their progress each year.

General Instructions.

An officer who has already earned a reward for any language, either from the War Office, or from the Indian or Egyptian Governments, will, on earning a larger grant of money under these regulations for the same language, only receive the difference between the two amounts.

No officer will be entitled to a grant under these regulations, if he is over 40 years of age at the date of the examination for qualification, and over 45 years for re-qualification.

A syllabus of all the examinations can be obtained from the India Office or from the Adjutant-General in India.

Notes.—These regulations do not apply to Indian vernacular languages.

Rules for the study of Oriental and African languages can be obtained from the Military Secretary, India Office, and from the Adjutant-General in India.

THE INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS.

SELECTIONS FROM THE REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF MILITARY, MEDICAL, MARINE, AND ECCLESIASTICAL OFFICERS IN THE SERVICE OF THE GOVERNMENT OF INDIA.

Pensions will be provided under these regulations for the widows and orphans of the following officers on the Indian Establishment, not being entitled to the benefits of any of the late Military and Medical Funds:—

Officers of the Indian Army.*

Officers of the Indian Medical Service, including natives who avail themselves of the option given to them of becoming subscribers.

Chaplains, including probationary Chaplains.†

Any officer who has entered the service before the 1st January, 1873, may provide pensions for his family under these regulations or not, at his option.‡

Every officer who enters the service on and after the 1st January, 1873, must, as a condition of his appointment, provide pensions for his family under these regulations.

Any officer with whom it is optional to provide pensions for his family under these regulations, but who does not, before the 1st of July, 1873, intimate his intention to make such provision, will thereafter be allowed to do so only on production of a medical certificate of sound bodily health. An officer who does not, before the 1st of July, 1874, announce his intention to provide pensions for his family under these regulations, will not be allowed to do so save under the special order of the Governor-General in Council.

For the purposes of these regulations officers are classed as follows (for Marine officers see below):—

Class I.—Lieutenant-Colonels in receipt of Colonel's allowances and Surgeon-Generals. (See also below).

Class II.—Officers of the Indian Army, Royal Artillery and Royal Engineers of 26 years' service,§ Archdeacons, Officers of the Medical Service of 20 years' service.

Class III.—Officers of the Indian Army, Royal Artillery, and Royal Engineers of 18 years' service,§ Senior Chaplains and Officers of the Medical Service of 12 years' service.

Class IV.—Officers of the Indian Army, Royal Artillery and Royal Engineers of 9 years' service,§ Junior and probationary Chaplains and Officers of the Medical Service of more than six years' service.

* Officers of the Indian Army become subscribers from the date of the "Gazette of India" announcing their admission to that army; Medical Officers and Chaplains from the date of their arrival in India, or, in the case of a Chaplain resident in India, from the date of his appointment.

† A probationary Chaplain is required to subscribe, but in the event of his not being appointed a junior Chaplain on completion of probation, or of his resigning while on probation, he will be granted a refund, if married, under the provisions of the rule affecting officers who resign the service, and if unmarried of the amount of his contributions about interest.

‡ Officers who elect to become subscribers must pay their subscriptions and donations from the date of the establishment of the fund, with interest.

§ Pensions from date of first commission.

Class V.—Officers of the Indian Army, Royal Artillery and Royal Engineers under 9 years' service,§ and Officers of the Medical Service of less than six years' service.

NOTE.—No Officer of the Indian Army, Royal Artillery, or Royal Engineers, will be compelled to subscribe in Classes II, III, or IV who has not attained the rank of Lieutenant-Colonel, Major, or Captain, as the case may be. Such an Officer must elect, within three months of the date of completing the qualifying service, whether he will (i) subscribe in the Class in which his length of service places him, or (ii) continue to subscribe in the lower Class. If he elects (i) he will be charged the donation and increased subscription from the date of completing the prescribed service; if (ii) he will, in the event of subsequent promotion, be charged the donation and increased subscription from the date of such promotion.

An Officer cannot enter a higher Class unless he has previously subscribed in the Class immediately below it.

Royal Artillery and Royal Engineer officers who have been selected or who have elected for continuous service in India have the option of subscribing under these regulations, in accordance with the conditions laid down in Army Regulations, India, Vol. I (1905 edition).

Royal Engineer officers under the 1904 conditions of service must elect within three months of their arrival in India, whether they desire to subscribe for benefits under these Regulations, and they must submit a satisfactory medical certificate. On payment of the prescribed donations, according to their rank at the time of their application, they will be allowed to subscribe for so long as they remain on the Indian Establishment. On reversion to the Imperial Establishment, such officers cannot continue subscribers; but they will be entitled to receive back such portion of their contributions as may be in excess of the risk borne during the term of their membership. In the event of an officer retiring while subscribing, he may continue to subscribe, provided that he has not less than 20 years' service for Indian pension, reckoned as in paragraph 720, Army Regulations, India, Vol. I (1909 edition) (see Rule VIII, page 242), at the date of his retirement, or provided that he retires on an Indian invalid pension; or he may withdraw, receiving back such portion of his contributions as may be in excess of the risk borne during the term of his membership.

Officers and engineers who entered the Royal Indian Marine prior to the 1st January,

INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS—continued.

1893, were allowed the option of subscribing under these regulations from that date. Those who elected to do so will not be permitted to discontinue their subscription so long as they remain in the service, neither will those who declined to subscribe be allowed at any future time to become subscribers.

Officers and engineers admitted to the Royal Indian Marine subsequently to the 1st January, 1893, must subscribe under these regulations as a condition of their appointment to the service.

Classification.

Class III.—First Grade Commanders.

Class IV.—Second and Third Grade Commanders and Chief Engineers.

Class V.—Lieutenants, Engineers, Sub-Lieutenants, and Assistant Engineers.

Any officer holding a first class port appoint-

ment, or the appointment of Deputy Director of the Royal Indian Marine, may at his option subscribe in the next higher class to that in which he is placed according to his grade as Commander, provided that such option is exercised within three months from the date on which the officer could first avail himself of it, and that arrears of subscriptions from that date, with interest, if any, are paid by him.

An officer who has elected to subscribe in a superior class will not subsequently be allowed to revert to a lower class.

The pensions provided under these regulations are payable monthly in India, and quarterly in England, to date of death.

The amounts of the pensions provided are as follows, in addition to any pensions or compassionate allowances granted under Royal Warrant.

TABLE I.—Pension to a Widow during Widowhood according to the Class of Her Husband at the time of his death.

	Class of Husband at Death.				
	I.	II.	III.	IV.	V.
Amount of pension to widow per annum ...	£ 160	£ 130	£ 100	£ 70	£ 40

TABLE II.—Pensions to the Orphan Children of all Classes alike.

	From birth till age of 6 years.	From age of 6 till age of 12 years.	From age of 12 till age of 21 years.	To females only from age of 21 years for life, or till marriage.
Amount of pension to each orphan per ann.	£ 10	£ 20	£ 30	£ 45

Note.—Annuitants residing in India may either receive their pensions in Indian currency at the official rate of exchange, or in England in sterling, but having once exercised the option any subsequent change can only be permitted at the commencement of the official year.

Contributions.

The contributions for pensions under these Regulations, and the pensions of widows, will be regulated by the class of the contributing officer. An officer cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

As an exception to this rule, the option of subscribing in Class I is allowed as follows:—

- To an officer of the Indian Army, also to an officer of the Royal Artillery or Royal Engineers who is a subscriber under these Regulations, at the time of completing 31 years' service on full pay from date of first commission, provided he has previously subscribed in Class II.

- To a medical officer at the time of completing 25 years' full pay service, provided he has not previously been promoted to the rank of Surgeon-General, but has previously subscribed in Class II.

- To an Archdeacon at the time of completing 5 years' service as such (excluding any officiating period), provided he has attained the age of 49 years.

To secure these benefits without medical examination the decision of the officer must be notified within three months of the date of completing the qualifying service, but the option can be exercised at any subsequent period during active service on the production of a certificate of health signed by two qualified medical practitioners.

The following are the rates of donations and monthly contributions prescribed for the present:—

Duration of Pensions.

If a widow re-marry her pension will cease during coverture, but if she again become a widow she will be entitled to revert to her pension as widow of her first husband, or, if her last husband have been a contributor, to receive a pension at her option as the widow of her last husband. A widow can only receive one pension.

The pension of a male orphan is payable until he attains the age of 21 years.

Subscribers can make special provision for pension to sons under the age of 21 years who may become permanently incapacitated from earning a livelihood.

The pensions so provided for will commence at the age of 21, if the son be then fatherless, or, after that age, on his becoming fatherless, and as regards the amounts of such pensions, and the subscriptions to be paid to secure them, each case will be considered and determined on its merits.

The pension of a female orphan continues until her marriage, and then ceases absolutely. It does not revive on widowhood.

Passage Money.

An Officer may, by a special contribution, provide passage money from India for his widow and orphans. The amount so secured will be paid to the widow, or to any children of the deceased officer, for the provision of their passage money and contingent expenses. If, however, the surviving members of the deceased Officer's family are not in India, or do not wish to leave India for any other country, the money will be credited to the deceased Officer's estate, and payment can be made in India in rupees, or in England at the official rate of exchange, according to the election of the person or persons entitled to receive the money. The amount

secured must not exceed Rs. 3,000, and a health certificate must in every case be furnished by the subscriber.

This insurance may be effected by an immediate payment in one sum, or, if the subscriber so desires it, by instalments extending over four years, subject to interest on arrears at the rate of 3½ per cent. per annum, and in the event of a subscriber dying before completion of the payment, the balance due at the date of his death will be deducted from the sum assured.

On the permanent departure of a subscriber from India with his family, or at any time thereafter, he may take the surrender value of his insurance.

Officers transferred to the British Army and Officers who resign.

Officers who may be transferred from the Indian Army to the British Army, officers of the Royal Artillery and the Royal Engineers who revert to the Imperial Establishment, and officers who resign the service, will be entitled, if married and with or without children, or on account of their children, if widowers, to receive back such portion of their contributions as may be in excess of the risk borne during their membership, but no refund will be made in respect of unmarried subscriptions, nor for risks that have terminated by death or otherwise. None of the above officers can continue subscribers.

As an exception to this rule, an officer who is granted a compassionate allowance on resigning the service, may continue to subscribe at the half rate of subscription.

Half-pay.

Married officers on temporary half-pay must continue to subscribe for full benefits, but while in receipt of half-pay they will have the option of paying only half rates for their wives. In the latter case, however, they will on retirement, or reversion to full-pay, be required to pay arrears, with interest; and in the event of the death of a subscriber while on temporary half-pay or before the arrears have

* Subject to a temporary reduction of 20 per cent.

INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS—continued.

been paid the amount due will be recovered from the pension granted to the widow. Unmarried officers must continue to subscribe at the half rate of subscription.*

Retired Officers.

Married officers who retire from the service on a pension may continue to subscribe at the half rate of subscription, or they may withdraw, receiving back such portion of their contributions as is in excess of the risk borne during the term of their membership; but the usual subscription will be deducted from the pension of all such officers until they shall have intimated in writing their intention of withdrawing. The refund of the excess risk applies also to children, whether officers are married or widowers. Un-

* This regulation applies also to officers and engineers of the Royal Indian Marine, who are temporarily transferred to the Retired List.

married officers may continue their subscription on the same terms as married officers, but will not be entitled to any refund in the event of their withdrawal.

No refund is made in any case in respect of risks that have terminated by death or otherwise.

Dismissed Officers.

29. An officer who is dismissed the service by sentence of a court-martial, or by other competent authority, will cease, *ipso facto*, to be a contributor under these regulations, and will have no claim to any refund. His family will not be entitled to any pensions under these regulations.

A complete copy of the rules can be obtained by application to the Director of Funds, India Office.

INDIA OFFICE, May, 1911.

DEPARTMENTAL OFFICERS WITH HONORARY RANK, WARRANT OFFICERS OF DEPARTMENTS, AND ASSISTANT SURGEONS, INDIAN SUBORDINATE MEDICAL DEPARTMENT.

The grades and ranks of Commissioned Officers of Departments in India, as amended by Royal Warrant dated 2nd January, 1904, are as follows:—

<i>Grades.</i>			<i>Honorary Rank.</i>
Commissary	...	...	Captain on promotion, and Major after 15 years' commissioned service on full pay.
Deputy Commissary ...	...	...	Captain.
Assistant Commissary ...	...	...	Lieutenant.

FURLOUGH.—Leave Rules of 1889.

A departmental officer with honorary rank, warrant officer, senior assistant-surgeon, or assistant-surgeon, Indian Subordinate Medical Department, subject to these rules may be granted—

(a) Privilege leave under such regulations as may from time to time be in force.

(b) Leave in or out of India for one year, capable of extension to two years' absence from duty on the following pay:—

	Per annum.
Commissary	£220
Deputy Commissary ...	165
Assistant Commissary ...	140
Conductor	120
Sub-Conductor	110

During any time within one year spent on leave in India other than privilege leave a member of the Subordinate Medical Department will draw three-fourths of his grade pay and of his house rent. After one year, and up to the limit of two years, he will draw half of his grade pay and of his house rent.

During leave out of India the following rates of pay will be drawn by members of the Indian Subordinate Medical Department:—

	Per annum.
Senior Assistant-Surgeon, with the honorary rank of Captain ...	£170
Senior Assistant-Surgeon, with the honorary rank of Lieutenant ...	125
Assistant-Surgeon, 1st Class ...	120
Assistant-Surgeon, 2nd Class ...	90
Assistant-Surgeon, 3rd Class ...	70
Assistant-Surgeon, 4th Class ...	55

Leave may be granted at any time at the discretion of the sanctioning authority. Leave in or out of India in excess of one year cannot be claimed as a right, but extensions for any period up to two years' absence from duty in all may be granted on medical certificate or on special or urgent grounds, at the discretion of the sanctioning authority. The previous assent of the authority under whom the individual may be serving will be required for such extensions, except on medical certificate, and

DEPARTMENTAL OFFICERS WITH HONORARY RANK AND WARRANT OFFICERS—continued.

must be obtained by the applicant. Extensions beyond two years' absence from duty will only be admissible in very special cases, and without any pay whatever.

Leave in or out of India will reckon as service for pension, and will not involve forfeiture of appointment.

Those who have elected these rules will be entitled to count all past furlough as service for pension.

A departmental officer with honorary rank, warrant officer, senior assistant-surgeon, or an assistant-surgeon, Indian Subordinate Medical Department, unable on account of

ill-health to return to his duty within the maximum period of two years' absence will, unless specially granted leave without pay, be placed on temporary half-pay, or on the retired list, according to the circumstances of his case. An undue amount of leave on account of ill health will likewise render an officer liable to be transferred to half-pay or to the retired list, and the power of such transfer will be exercised by the Government of the Presidency or the Secretary of State for India, as the case may be.

Advances of pay on proceeding on, or returning from, leave will be granted in accordance with the regulations. (See page 343.)

Combined Leave.

Combined leave not exceeding eight months is admissible to departmental officers with honorary rank, and warrant officers including members of the Assistant Surgeon Branch of the Indian Subordinate Medical Department, under rules similar to those governing the grant of combined leave to commissioned officers (see page 333). During such leave they receive full emoluments for the period which is on privilege leave, and for the remaining period the ordinary leave pay as detailed above. Extension of leave beyond eight months involves the conversion of the whole of the combined leave into ordinary leave and refund of the excess pay drawn for the period of privilege leave.

Memorandum regarding Courses of Instruction.

1. Departmental officers with honorary rank, and warrant officers, of the Indian Ordnance Department, may be selected, with their own consent, to go through courses of instruction in any of the Government Departments during their leave. Attendance at such courses forms no ground for any extension of leave.

2. The following allowances are granted during the courses:—

				Allowance per Month in addition to Furlough Pay and Travelling Expenses.		
				£	s.	d.
Commissaries	...	...	...	15	0	0
Deputy Commissaries ...	...	...	...	12	0	0
Assistant Commissaries ...	...	...	...	6	0	0
Conductors	...	...	...	4	10	0
Sub-Conductors	...	...	...			

NOTE.—All claims for these allowances must be supported by a certificate from the head of the department to which these men may have been attached for instruction, stating that the applicant has attended regularly, has conducted himself well, and has availed himself fully of the opportunities afforded him for learning. Without such a certificate the allowances will not be passed. All allowances are granted provisionally on satisfactory certificates being obtained on completion of the courses of instruction.

Treatment of Warrant Officers of the Indian Service at Military Hospitals.

With the sanction of the Secretary of State for War, warrant officers of the Indian Service requiring medical attendance while on sick leave, or on leave on private affairs, may obtain treatment on the following conditions:—

(a) As in-patients, at any military hospital in the United Kingdom. Separate accommodation for warrant officers exists only at Netley, Woolwich, Aldershot, and the Curragh Camp; at all other stations warrant officers will be treated as ordinary sick, in the same manner as non-commissioned officers.

(b) As out-patients, provided they reside within a radius of one mile from a hospital, or, if there be no hospital, within a mile of a point to be fixed by the General Officer Commanding and the Principal Medical Officer of the district.

The wives and children of warrant officers on leave from India may also, if accommodation exists, be admitted into a hospital for soldiers' wives and children, or be provided with medical attendance and medicines as out-patients, on the same conditions as the warrant officers. Warrant officers and their families are not

DEPARTMENTAL OFFICERS WITH HONORARY RANK AND WARRANT OFFICERS—continued.

entitled to treatment by a Civil Medical Practitioner at the public expense.

A charge of 2s. per diem for the period of treatment of each in-patient will be recovered by the Local District Paymaster direct from the India Office, and the following amounts will be recovered from the warrant officer by the India Office—

	s. d.
For the warrant officer...	0 7 per diem.
For his wife and for each child	2 0 "
No charge will be made for treatment of out-patients at Military Hospitals.	

Applicants for treatment as in-patients must address themselves to the Under-Secretary of State for India, India Office, London, S.W., for instructions, forwarding their medical cases. They may be required to appear before the Medical Board at the India Office in order to obtain a recommendation for treatment at a hospital.

Applicants for treatment as out-patients should apply to the Army Medical Officer in charge at the station at which they desire to be treated.

INDIA OFFICE, April, 1911.

Temporary Half-pay.

A member of either of the above classes, when ineligible for further furlough, but not permanently disabled, may, on the recommendation of a Medical Board, be placed on half-pay, either in India or in England. He may be permitted to remain on half-pay till his total continuous absence from duty, on furlough and half-pay together, amounts to four years. If then still unfit to return to duty, he must be pensioned on the rate of pension for which he had qualified at the time of being placed on half-pay.

No period which he spends on half-pay will count as service for Indian pension, nor will he be eligible for promotion while he is on half-pay. When replaced on the effective list, on return

to duty from half-pay, he will be re-employed at once, being borne as a supernumerary in his grade until absorbed by the next vacancy.

He will be required to appear before a Medical Board at the expiration of one year on half-pay, and again, if retained on the half-pay list, at the end of the second year; and if, in view of being restored to the effective list, he should wish to appear before the Board at other times than those specified, he may be permitted to do so. When ordered periodically to appear before the Board he will be allowed, if in England, his *bona fide* travelling expenses, and lodging allowance at the rates stated below, but if appearing at other times, and at his own wish, he must do so at his own expense.

Pension Regulations.

(These rules have effect from 1st April, 1904.)

1. All Departmental Officers with honorary rank, or Warrant Officers, of combatant departments, on the Establishment on 16th Sept., 1881, are allowed the option of electing the old or the new scale of pensions at any time previous to retirement, and are permitted, on one occasion only after retirement, the privilege of reconsidering their past decision on this point. The distinction between the invalid pension, which

can be drawn only in India, and the retiring pension is abolished.

2. The periods of service entitling Departmental Officers with honorary rank, or Warrant Officers of Indian Army Departments, to retiring pensions are as follows:—

24 years' total service in Europe and India including 16 years in the department.

PENSION REGULATIONS—continued.

26 years' total service in Europe and India, including 14 years in the department.

28 years' total service in Europe and India, including 12 years in the department.

3. The retiring pensions for Departmental Officers with honorary rank and Warrant Officers of Indian Army Departments admitted to pension on or after 1 April, 1904, are—

5. A Departmental Officer with honorary rank or a Warrant Officer of any grade, wishing to retire after 21 years' total service, receives a pension of £65 per annum during residence in England or the Colonies, or Rs. 65 per mensem while residing in India. A Senior Assistant Surgeon or Assistant Surgeon receives, in similar circumstances, £54 per annum, or Rs. 50 per mensem.

6. A Departmental Officer with honorary rank or a Warrant Officer declared by a Medical Board to be unfit for further service in India, on account of sickness or other disability not due to irregular or intemperate habits, or compulsorily retired on superannuation after completion of half the periods of service, army and departmental, laid down in paragraph 2, receives—

8. If he has not served 14 years altogether, his case will be specially considered.

9. A Senior Assistant Surgeon or Assistant Surgeon, who has been invalided in circumstances detailed in paragraph 6, after 15 years' service, is entitled to the pension of his rank and grade. A Medical Warrant Officer of under 15 years' service will have his claim to pension specially considered if he is invalided in consequence of wounds or injuries received in, or of diseases contracted in and caused by, the service.

10. A Sub-Conductor invalided from the service at 50 years of age will receive a pension of £75 a year in Europe or a colony, or Rs. 75 in India.

11. Retirement is compulsory for all classes at the age of 55 years.

12. Pensions are admissible to the widow and children of a Departmental Officer with honorary rank, senior assistant surgeon and a Departmental Warrant Officer who may die, either while in the service or on the Pension establishment, provided, in the latter case, that she married the deceased previously to his retiring from the army or being invalided.

13. Portions of the pensions, not exceeding one-sixth of the whole, may be commuted under rules similar to those stated on page 345, and subject to the production of evidence that commutation will be a distinct and permanent advantage to the individual, and after the production of the written consent of the pensioner's wife if married.

NOTE.—The pensions laid down in Articles 6 and 7 are not claimable as a right, but represent the maximum rates that may be granted as an indulgence, if the circumstances are considered by the Government of India to justify the grant of pension.

REPORTS OF CASUALTIES AMONG OFFICERS SERVING IN INDIA.

A telegraphic report is immediately sent from India on the death of any officer serving in that country. In the case of officers of the British Service, the report is sent to the War Office; in the case of officers of the Indian Army, the report is made to the India Office. The next-of-kin in this country is communicated with by the Department which receives the report.

ENQUIRIES REGARDING OFFICERS AND MEN KILLED OR WOUNDED IN INDIA.

The following arrangements have been made with the Government of India with a view to securing early information for the relatives and friends of British officers and men killed or wounded in India:—

The Government of India will—

- (1) Telegraph, as promptly as possible, the names of officers and men killed or wounded in action, or in the performance of duty.
- (2) Specify as to wounds whether they are dangerous, severe, or slight.
- (3) Telegraph the names of any officers or men who may die of wounds.
- (4) During a campaign, telegraph weekly a brief report of the condition of the wounded generally, specifying the names of any who may not be progressing favourably.

The Government of India will also telegraph the names of any officers who may be severely wounded by fanatics or others.

In order, however, to assist those who may be anxious to obtain further information, and who appear to the Secretary of State to have a special claim on him, messages may be sent in either of the following forms, at the expense of the inquirer:—

(a) On prepayment of £1 2s., which will include the cost of the reply,—

"Telegram and reply prepaid. Telegraph progress of following person reported wounded. Reply not to exceed six words, including address."

(b) On prepayment of £1 10s., which will likewise include the cost of the reply,—

"Telegram and reply prepaid. Telegraph nature of wound(s) and progress of following person reported wounded. Reply not to exceed ten words, including address."

Owing to the system of telegraphic codes in use by the Secretary of State and the Government of India, these charges are much less than what would be the cost of similar messages to any person who is dependent on the ordinary means of communication.

The Secretary of State is obliged, however, to reserve to himself the full right to decline to send such messages whenever it appears to him to be for any reason inexpedient to do so.

Enquiries should be addressed: "The Under-Secretary of State, India Office."

"Indulgence" Passages to and from India.

Military officers, and officers of the Indian Marine not holding shore appointments of Rs. 1,000 per mensem, Chaplains of the Ecclesiastical Establishment and their families, are eligible for the grant of "Not-Entitled" passages in government hired transports, when proceeding on or returning from furlough, provided there is vacant accommodation.

Should such passages be granted, the actual cost of the messing* on board will be charged, and is payable before disembarkation.

Allotment takes place strictly in the order of juniority of rank of the officers who desire passages for themselves or for members of their families, but preference is given to officers who are proceeding on sick leave or returning therefrom. Passages are restricted to one passage in three years unless spare berths are available.

Passages cannot be allotted until within a few days of the date of the sailing of the vessel, nor can any definite information be given beforehand of the likelihood of passages being allotted.

Applications from officers of the Indian Service for "Not-Entitled" passages to India should be addressed to the Military Secretary, India Office. Officers of the British Service should address the War Office. Applications for passages from India should be made through the usual channels.

Leave Rules of 1892.

(WITH SUBSEQUENT ALTERATIONS.)

These rules apply to—

(a) All officers appointed to the Royal Indian Marine after 26 April, 1892.

(b) Officers who elected them within one year of the above date.*

NOTE.—The term "officers" includes the Graded and Supernumerary List of Executive Officers and the Graded List of Engineers.

Leave out of India, not exceeding eight months, is allowed to the Director and Deputy Director of the Royal Indian Marine once during their five years' tenure of office with absentee allowance as follows, and subject to the maximum of £1,000 per annum:—

Director, half-consolidated salary.

• Deputy Director, half grade pay with half staff allowance.

In the case of Royal Indian Marine Officers, this leave will count as service for pension.

Rules.

An officer subject to these rules may be granted—

(a) Privilege leave and temporary leave under such regulations as may from time to time be in force.

(b) Leave in or out of India for one year, capable of extension to two years' absence from duty under conditions stated below.

Leave in or out of India other than privilege temporary leave.

During leave in or out of India other than privilege or temporary leave, the following rates of pay will be drawn, whether an officer holds a shore appointment or not:—

	Rs. per mensem.
Commanders, 1st Grade...	550
" 2nd Grade	450
" 3rd Grade	350

" " on Rs. 225	215
" " on Rs. 200	200
" " on Rs. 175	190
Assistant Engineers	165

An officer promoted while on leave will be entitled to the higher rate of leave pay from date of promotion.

* Under certain conditions officers may be permitted to elect who did not do so within that period.

LEAVE RULES—continued.

Leave may be granted at any time at the discretion of the Government of India, on the recommendation of the Director of the Royal Indian Marine. Leave in or out of India, subject to the limit of one year, may be granted at any time by the Director of the Royal Indian Marine.

Extensions of leave in or out of India in excess of one year, but not exceeding two years' absence from duty in all, may be granted on medical certificate or on special or urgent grounds, at the discretion of the sanctioning authority. The previous assent of the Government of India will be required for extensions, except on medical certificate, and must be obtained by the applicant through the Director of the Royal Indian Marine. Extensions beyond two years' absence from duty will only be admissible in very special cases, and without any pay whatever.

Leave in or out of India will reckon as service for pension.

An officer unable on account of ill-health to return to his duty within the maximum period of two years' absence will, unless specially granted leave without pay, be placed on temporary or permanent retirement, according to the circumstances of his case. An undue amount of leave on account of ill-health will likewise render an officer liable to be transferred to temporary or permanent retirement.

An officer arriving in Europe on leave must report his arrival in writing to the Military Secretary at the India Office, and state his address; and for extension of leave or for permission to return to duty, if on sick leave, he must also apply to the Military Secretary. An officer applying for extension of leave on private affairs must, except in very special or urgent circumstances, attach an intimation of the assent of the Government of India.

An officer proceeding to the Colonies on leave should apply to India for extensions of leave and for permission to return to duty.

Leave pay under these rules, when issued out of India, will be converted into sterling at the official rate of exchange in force for the period when the pay becomes due, as fixed from time to time for the adjustment of financial transactions between the India and Imperial Governments, subject to the condition that rs. 6d. to the rupee is fixed as the minimum rate at which the conversion into sterling shall be effected.

Advances not exceeding three months' full pay of grade, subject to a limit of 100l. to Commanders, and 65l. to officers of junior rank, will be allowed on proceeding on or returning from leave, and on returning from temporary retirement. Advances made in England will be recovered in India by monthly instalments of one-fourth of the pay drawn by the officers, which will include all permanent or temporary allowances drawn by them. This recovery will be made at the official rate of exchange fixed for the year in which the advance is made.

Marine officers not holding shore appointments of 1,000 rupees per mensem will be eligible for the grant of non-regulation passages in troopships when such passages are available. (See page 361.)

An officer below the rank of Commander or Chief Engineer will, when proceeding on leave to England on medical certificate, be granted Rs. 750 in aid of passage both ways, or Rs. 400 if he receives a free passage from India; in the latter case the amount will be drawn in England if the officer makes his own arrangements for returning to India. An officer who has received Rs. 750, and who subsequently provides himself with passage one way only, will be required to refund Rs. 350.

No deduction will be made from the grant in aid of passage on account of messing. The choice of route and class of passage is left to the officer.

Privilege and Temporary Leave under these Rules.

Subject to the exigencies of the service Marine officers may be allowed 60 days' privilege leave during each year, and such leave may be taken in instalments.

Accumulated privilege leave for 90 days may be granted to an officer who has had no privilege leave during the preceding 33 months, but no "leave in or out of India," if exceeding six months, can be counted as part of the fixed 33 months.

An officer who has privilege leave (ordinary or accumulated) at his credit, when proceeding on "leave in or out of India," does not forfeit it, but privilege leave cannot be taken in continuation of "leave in or out of India," nor can "leave in or out of India" be taken in continuation of privilege leave.

Privilege leave may, however, be converted into "leave in or out of India" with the sanction of the Government of India.

An officer returning from accumulated privilege leave granted in one year and extending into the next is eligible for ordinary privilege leave during the period when such leave is available in the year in which he returns, provided he rejoins before proceeding on ordinary privilege leave.

Privilege leave will be granted by the Director of the Royal Indian Marine, but only on the understanding that no additional expense is thereby caused to the State either directly or indirectly, that the applicant's services can be spared, and that satisfactory arrangements for the performance of his duties during his absence can be made. This only applies to officers employed afloat or in Dockyards; in the case of officers serving under Local Governments or Port Departments, if it is necessary to specially appoint an officer serving afloat to act for anyone on privilege leave, acting allowances will be granted as sanctioned in para. 64, Marine Regulations, Volume I., Part II.

Privilege leave (ordinary or accumulated) reckons as service for pension.

Temporary leave not exceeding ten days and not in anticipation or in extension of any other kind of leave, may be granted by the Director and Deputy Director of the Royal Indian Marine.

Temporary leave not exceeding 72 hours may be granted by Commanders of vessels and heads of departments to officers under their command.

Temporary Retirement.

(Sanctioned by Despatch to Government of India, No. 369, dated 16th December, 1886.)

Officers of the Royal Indian Marine, who, after exhausting the furlough admissible to them are unfit for service, but not irremediably broken in health, may be temporarily transferred to the retired list. Temporary retirement is subject to the condition that the disease which necessitates it must have been contracted in and by the service.

An officer granted temporary retirement may be permitted to remain in that position till his total continuous absence from duty, on furlough and temporary retirement together, amounts to four years. If then still unfit to return to duty, he must be placed on the permanent retired list, receiving the pension (if any) or gratuity for which he had qualified at the time of being granted temporary retirement.

No period spent on temporary retirement will count as service for pension, nor will an officer be eligible for promotion while he is in that position. An officer replaced on the effective list, on becoming fit to return to duty, will be restored to the grade from which he retired, and his name will be placed in the same numerical position in that grade which it occupied at the time of temporary retirement.

Officers will be required to appear before a Medical Board at the expiration of one year on temporary retirement, and again, if retained in that position, before the end of the second year; and those who, in view to being restored to the effective list, may wish to appear before the Board at other times than those specified, may be permitted to do so. Officers ordered periodically to appear before the Board will be allowed, in the United Kingdom, their *bonâ fide* travelling expenses, and lodging allowance at the rates stated below, but those appearing at other times, and at their own wish, must do so at their own expense.

Pension Regulations.

1885 RULES.

1. The following is the scale of pensions and compassionate allowances admissible to officers and engineers of the Royal Indian Marine and to their families.

2. The service for pension of an officer of the Royal Indian Marine reckons from the date of his arrival in India if his appointment was confirmed in England, and from the date of joining for duty if it was made subject to a report of fitness by a Medical Board in India: provided that in either case he had attained the age of 19 on the date mentioned, otherwise his service reckons from the date on which he attained that age.

3. A superannuation pension, or an invalid pension, granted on account of incapacity for further service due to old age or natural decay from advancing years, shall, if the officer's qualifying service began after he attained the

age of 30 years be reduced by one-fortieth for every year or part of a year by which his age at the commencement of his qualifying service exceeded 30 years.

4. Retirement at the age of 55 years will be compulsory. Should an officer holding the appointment of Director or Deputy Director of the Indian Marine attain that age during his incumbency, he may, with the approval of the Government of India, complete five years in the appointment. The amount of superannuation pension is that which would be admissible as an invalid pension. The retirement of Royal Indian Marine Officers while on furlough or on leave in England will be carried out by the Secretary of State.

[This rule will not be applicable to those officers who have already received special extension of tenure.]

PENSION REGULATIONS—continued.

5. The following is the scale of pensions:—

Designation.	Officers invalided after 3 and under 15 years' service, owing to disease contracted in and by the service.			After 15 years' service, if invalided, and 20 years' without invaliding. An engineer of 14 years' service as such, if invalided owing to disease contracted in and by the Service, receives Rs. 165 per mensem.

The periods of service mentioned in the foregoing table are inclusive of the periods of furlough allowed to count towards pension.

6. The following extra pension will be granted to an officer of the Royal Indian Marine retiring after five years' service, including not more than eight months' absence on leave, as Deputy Director or Director:—

	Per annum.
For five years' continuous service as Director	Rs. 2,000
For five years' continuous service as Deputy Director	1,000
For five years' continuous service, partly as Deputy Director and partly as Director, of which not less than two years shall have been as Director... ..	1,500

7. Service in the survey, or in port or dockyard appointments, gives no claim to any higher pension than that fixed for an officer's rank in the Marine. Officers not on the Marine list now serving in such appointments will remain under their present rules.

8. The pensions of warrant officers, gunners, and clerks will be calculated under the rules for the Uncovenanted Service, as laid down in the Civil Pension Code, Rs. 60 per mensem (compensation in lieu of board and lodging) being added to their pay for the calculation of pension.

9. Pensions will be payable in rupees in India. If drawn at or through the Home Treasury they are converted at the rate of exchange from time to time fixed for the adjustment of financial transactions between the Imperial and Indian Governments, subject to the condition (with effect from the 1st April, 1890) that in the case of persons resident out of India in any country in which gold is the standard of currency and the Indian Government rupee is not legal tender, the rate of 1s. 6d. the rupee is fixed as the minimum rate at which the conversion into sterling shall be effected.

10. An officer may be allowed to commute a portion, not exceeding one-third, of his pension, the commuted value being payable in India, under rules which are identical with those for Military Officers (see page 343).

PENSION REGULATIONS—continued.

11. Compassionate allowance on the following scale will be granted to the families of officers who may be drowned or meet with a violent death in the execution of duty:—

	Widow.	Child.
Commander	£100 a year, or Rs. 100 a month.	£20 a year, or Rs. 20 a month.
Port Officer		
Chief Engineer		
Lieutenant... ..	£75 a year, or Rs. 75 a month.	£15 a year, or Rs. 15 a month.
Engineer		
Sub-Lieutenant	£50 a year, or Rs. 50 a month.	£10 a year, or Rs. 10 a month.
Assistant Engineer		

The cases of the families of the Director or Deputy Director will be specially considered.

12. The regulations and conditions under which all such compassionate allowances are to be awarded will be analogous to those prescribed for the military service.

Officers and others who have not elected the above rules or who are not eligible for them, and who are entitled to pension, will be granted pensions and gratuities under the rules contained in the Civil Service Regulations.

Pay and Allowances of Officers, Engineers, &c., of the Royal Indian Marine when undergoing Instruction, or on Special duty in England.

Officers, engineers, warrant officers and others of the Royal Indian Marine, on special duty or undergoing instruction in England, will receive the full pay of their grade, plus subsistence and travelling allowances, according to the following scales (provided, in the case of officers undergoing courses of instruction, that they qualify at the end of the course):—

Subsistence Allowance.	Per diem.
	s. d.
Commanders and Chief Engineers	7 6
Other Officers	5 0
Warrant Officers	3 6

Note.—When officers are provided with quarters a deduction of 9d. per diem will be made from the above rates.

Travelling Allowances.	
Commanders... ..	15 0
Lieutenants and Chief Engineers	10 0
Sub-Lieutenants, Engineers, and Assistant Engineers	7 6
Warrant Officers	5 0
Petty Officers and Seamen, when travelling singly	3 0

2. In calculating the travelling allowances the first and last days spent in travelling will only reckon as half-days, and this rule will also apply when the journey is completed in one day.

3. The allowance for provisions and lights, &c., viz., 1s. 6d. a day, which is included in the scale of subsistence, will be held in abeyance while the travelling allowance is being drawn, and the lodging money will only be admissible concurrently with the travelling allowance in the case of an officer producing a certificate showing that his lodgings were retained and paid for while he was travelling.

years of drought, but cannot fail absolutely to feed the system of canals drawn from them.

Himalayan Passes.—The main passes across the Himalayas may be divided into three groups. The Shipki group, marked by the passage of the Sutlej River, makes the line of connection with Tibet and probably determined the position of Simla. There is a well-engineered road for a considerable part of the length, but as a trade route it has never proved a success. The Almora group which determined the position of Naini Tal and Almora forms a line of communication through which traffic is maintained chiefly by the agency of sheep as transport animals. A little to the east of this group the River Gogra effects an opening. The third group crosses the northern barriers of Sikkim from Darjeeling to Southern Tibet and Lhasa. None of these passes at present contributes anything material to the commercial prosperity of India.

Brahmaputra and Indus.—On the north-west the Himalayas are enclosed by the Indus river; on the north-east by the Brahmaputra, which rises from nearly the same central point as does the Indus. The two rivers form deep troughs at the back of the Himalayan system during their earlier and glacier-fed stages of existence. They are the natural drains of this gigantic ice-bound district, pouring their glacial floods in opposite directions to either side of India. Their deeply eroded valleys are, however, but scratches on the vast surface of the elevated region of which the Himalayas form the abutment.

Assam.—Between the Eastern Himalayan system and Northern Burma lie the Assam Hills and plateaux, the Garo, Khasi, Jaintia and Naga Hills, probably a part of the ancient mainland of Jurassic times which extended to Africa. There are comparatively wide undulating uplands with cliff-bound edges and spurs radiating from them in irregular formation. River and mountain combine to form an unending panorama of scenic beauty similar to that of Burma. Terraced gardens for the growth of tea climb the hillsides or fill up the undulations of the river bank; there are enormous tracts of waste country and vast impenetrable jungles.

Burmese Hills.—The Burmese Hills, which flank the Brahmaputra bend, and the Chindwin river, are of newer formation. Folding and curving like waves of the sea, the hills reach down the western coast of Burma till they terminate southwards in the Arakan Yoma which parts the Irrawaddy basin from the narrow littoral of the Bay of Bengal. So stiff, so steep, and so forest-covered are these solid waves that they have so far proved an insurmountable stumbling block to railway engineering.

Upper and Lower Burma.—Beyond them to the east the Chindwin, Irrawaddy and Salween rivers form delightful valleys full of cultivation. Orchid-bedecked forests and undulating wheat-covered plateaux are the chief characteristics; the intersecting drainage lines are deep and steeply enclosed, making it difficult to cross, and railway construction is almost impossible. Lower Burma, with a more humid atmosphere, is inimical to European existence; the productive soil of the great deltas of the Irrawaddy and Salween ensures its wealth on easy terms of agricultural labour.

Indo-Gangetic Depression.—In some respects the Indo-Gangetic Depression is the most important physical feature of India. Within the Ganges basin have ever been founded the chief kingdoms, the most ancient cities, the earliest centres of civilization, of industry, and of wealth. From the delta of the Ganges to the delta of the Indus stretches a strange wide depression within which is not to be found a boulder, nor even a pebble, to break the monotony of its alluvial surface.

Basins of the Ganges and Mahanadi.—The total length of the Ganges is 1,550 miles. The heat-stricken plains of its basin have given India its colouring in history, and from them are derived the popular conception of the India of the last century. The thick humid atmosphere of the Gangetic basin makes all the land green with vegetation—rice-fields, mango groves, tamarinds, and palms—until the river widens out into the deadly swamps and flats of the Sunderbans. The basin of the Mahanadi is separated from the plains of Lower Bengal by a broad band of hill country, but it differs very little from them in most essential physical characteristics. The delta forms the chief feature of the fertile flats of Orissa.

Indus Basin.—The Indus plain presents an aspect of flat treeless landscape, a broad grey sea expanding to a level horizon, though not so very long ago forests grew on the Indus. The disappearance of the forests has greatly changed the meteorological conditions. Nowadays the rainfall is scanty, and the heat from April to July is occasionally terrific. The hot dry climate prevents the growth of the vegetation which is found in the reeking atmosphere of Bengal; tamarisk and other scrub fringe the river banks. Irrigation is gradually changing this, and there are green spots which are once again surely altering the character of the landscape if not of the climate also. The frontier stations below Kohat form oases in the desert, but their humidity, born of excessive irrigation, renders them unhealthy even in the midst of the dry desert air.

Rivers of the Punjab.—All the rivers of the Punjab have their sources in the Himalayas, but the Indus and its most important tributary, the Sutlej, alone rise beyond the northern range. Between these two rivers are three other great tributaries of the Indus, the Jhelum, Chenab, and Ravi. These three rivers, with the Sutlej and its tributary, the Beas, all flow from the Kashmir Mountains, and form the five rivers which give the name Punjab to this district. From the natural reservoir in Kashmir these rivers roll down their mud-coloured flood in the snow-melting time, or wind in snaky twists about the floor of their wide beds in the cold season in ever-changing channels which completely baffle the restraint of engineering science.

The Indian Desert.—Between the Indus and the Aravalli Mountains lies the Thar or Indian Desert, extending for 300 miles in width, arid, hot and desolate, yet said to be bracing and wholesome beyond any other part of India. Sand-dunes from 50 to 100 feet high are ranged in curves which move in obedience to the westerly winds; there is little vegetation and only a single river-bed of any importance, that of the

Luni, draining the northern slopes of the Aravallis. The desert terminates in the Rann of Cutch, a broad depression, once wholly covered by the sea, now chiefly dry land; a salt, barren, blinding waste of sand, where only the wild ass can thrive. These wastes are of recent formation and may again return to the sea. Kathiawar, which borders the Cutch is possibly of as ancient formation as the Aravallis, but south of it in the Gulf of Cambay, and northwards beyond the mouths of the Indus and on the coast of Makran, the process of silting is proceeding apace owing to the influence of the south-west monsoon currents and the action of the rivers. Parts of Kathiawar have yielded to the sea, especially in the neighbourhood of Dwarka, and there are traditions of islands, further south, fringing the coast, which have altogether disappeared.

Narbada and Tapti Rivers.—The Narbada and the Tapti further south, flowing into the Gulf of Cambay, form an exception to the general rule which governs the course of the rivers of the Peninsula, inasmuch as they flow from east to west in comparatively deep and narrow valleys. They only remain of the river-system of the submerged western continent. They divide the plains of the Vindhyan system from the Deccan traps and the central plateaux. The two rivers are separated from one another by the Satpura hills which are thickly clad with forest.

The Deccan.—South of the Tapti river commences the Deccan, a great three-cornered upheaval, sloping gently from the Western Ghats (3,000 feet) to the Eastern Ghats, overlooking the Bay of Bengal. It consists of wide rust-coloured plains streaked and dotted with hills with intervening bare patches or stunted forests. In the gneissic regions, granite tors and bosses, sometimes of immense size, frequently stud the plains. Black soil, locally known as 'cotton soil,' prevails near the rivers, and there is no more productive soil in India. The highlands are drained by the Godavari, Kistna, Cauvery and Pennar with their countless tributaries. Fringing this plateau on either side is a narrow strip of coast land comprising the lowlands of Bombay on the west and of Madras on the east, which form the India known to mediæval tradition, and it was on them that the sea-faring foreigner, pushing forward his commercial interests, first set his foot.

Western Coast.—The Western Ghats south of Bombay have their seaward slopes clothed with dense forests, and the intersecting valleys are filled with luxuriant vegetation nourished by sea-borne mists and vapours. The lowland coast strip is known as the Konkan, Kanara and Malabar. In the district of Malabar the Ghats merge into the Nilgiris (Blue Hills) 7,000 to 8,000 feet high, at the apex of the triangle of the Peninsula, then drop suddenly into the Palghat Gap. Beyond the Gap the Ghats continue southwards through the Anaimalai group to Cape Comorin. A warm climate and an abundant rainfall (80 to 100 inches annually in the neighbourhood of the Nilgiris) give an abundance of natural flower growth and an indigenous sub-tropical vegetation. Imported Australian trees, eucalyptus, wattle, &c., thrive here.

Eastern Coast.—From these hills to the eastern

coast, known as the Coromandel coast, stretches an expanse of lowland 100 miles wide, which forms the richest section of the Madras Presidency. The western boundary is formed by the Eastern Ghats which start from the apex near the Nilgiris and conform to the bend of the coast line until they reach the watershed of the Narbada and Mahanadi basins. All the rivers of Central and Southern India break through the range on their way to the Indian Ocean; the deltas of the Godavari and Kistna and of the Cauvery, with their systems of irrigation, form a remarkable feature in the economic geography of Madras. The rainfall is about 40 to 50 inches; rice and palms are cultivated and a highly developed system of irrigation is employed. Here are found busy centres of native culture and industry, where alone throughout the breadth and length of the continent are seen evidences of a really indigenous native art. The strip of maritime territory between Cape Comorin and the Mahanadi basin, known as the Carnatic, has a humid enervating atmosphere but faintly relieved by the freshness of the sea. The climate and easy abundance of food tell against physical development, and the swarming, indolent, rice-eating population contribute little to the strength of the Empire.

Southern Limits.—In the extreme south the Southern Ghats shut the districts of Tinnevely and Madura from the western maritime state of Travancore. Tinnevely and Madura consist mostly of open red, treeless plains, with isolated hills and masses of rocks, presenting a desolate appearance. Groves of palmyra and coco-nut flourish near the coast and along the river-banks. Travancore is very picturesque with undulating country and magnificent primæval forests on the Ghats, and one unbroken mass of coco-nut and areca palms in the maritime lowland strip. The rainfall is abundant, giving effects of climate and scenery like those of Ceylon.

Ceylon.—The Southern Island of Ceylon is a Crown Colony, politically separated from India. It is geographically connected with the continent by Adam's Bridge, in which are two narrow passages for ships passing between Palk Strait on the north and the Gulf of Manaar on the south. The Manaar passage is navigable for small boats, the Pamban admits vessels drawing 10 feet of water. The Indian coast line is broken by shoals, rocks and reefs, with many evidences of the submergence which separated the Island from the mainland.

Andaman and Nicobar Islands.—The Andaman and Nicobar Islands with the Prepara and Cocos groups are formed by the summits of a submarine range extending in a curve for 700 miles, connected with the Arakan Yoma of Burma and Sumatra. The convict settlement of Port Blair in the Andamans forms the chief interesting feature.

Maldivé and Laccadive Islands.—The Maldivé and Laccadive Islands, with Minicoy lying midway between them, are the visible remains of a great submerged Indo-African continent. Between the Maldivé Islands and the Seychelle Islands, which are connected with Madagascar and Africa by comparatively shallow waters, there exists a submarine bank which cuts off the deep ice-cold currents of the Antarctic from the Arabian Sea. The Laccadive Islands are part

of the Madras Presidency. The Maldiv Islands belong administratively to Ceylon.

Aden and its Dependencies.—The peninsula and isthmus of Aden on the south coast of the province of Yemen, Arabia, with the island of Sirah and the peninsula of Jebel Ihsan, or Little Aden, are British territory, being politically attached to the Government of Bombay. Aden consists of a high crater walled round by precipices, the highest peak being 1,775 feet above the sea. In spite of the high average temperature, Aden is not an unhealthy station for troops, and is exceptionally free from infectious diseases and epidemics; it is unfit for long residence. The rainfall varies from $\frac{1}{2}$ inch to $8\frac{1}{2}$ inches, with an irregular average of 3 inches. Water for drinking purposes is largely obtained by condensation. Attached to the settlement are the islands of Perim, a volcanic island in the Straits of Bab-el-Mandeb, Sokotra, a coaling station, in the Arabian Sea, and Kuria Muria, on which are large guano deposits.

Mergui Archipelago.—These Islands, which are of wild, fantastic and picturesque beauty, lie off the Mergui coast, Tenasserim. Mangroves grow extensively round the coasts of the northern islands; the pearl fisheries are important, and tin is believed to exist in some of the islands. Edible birds' nests are obtained on almost every rocky island.

Foreign Possessions.—The only possessions held in India by European powers, other than ourselves, are (1) Goa, Daman and Diu Island, on the west coast, belonging to Portugal, (2) Pondicherry, on the south-west coast, Chandernagore on the Hoogly, Karikal on the Cauvery, Yanam on the Godaverri and Mahe on the west coast, belonging to France.

Ethnography.—India is a mosaic of races, religions and languages, having nothing in common with each other, and this segregation is carried to an indefinite extent by the isolating institution of caste. The differences between the countries of India are not less than those between the countries of Europe, and the diversities of religion and race are not less wide in India than in Europe. The Madrassi differs widely from the Sikh, and the languages of Southern India are quite as unintelligible in Lahore as they would be in London.

Seven Main Types.—The Ethnographic Survey of the peoples of India is still in progress, but analysis of the data up to the year 1905 renders it possible to distinguish provisionally three main classes—Aryan, Dravidian and Mongoloid—in opposition to the older theory that divided the population into two classes—Aryan and aboriginal. Composing these three great classes are seven main physical types—the Dravidian, Turko-Iranian, Indo-Aryan, Scytho-Dravidian, Aryo-Dravidian, Mongolo-Dravidian and Mongoloid.

Dravidian.—The Dravidians may be regarded as the earliest inhabitants of India of whom we have any knowledge. It is the oldest and most primitive of all the types, and occupies the oldest geological formation in India, Madras, Hyderabad, the Central Provinces, most of Central India, and Chota Nagpur. Labour is the birthright of the Dravidian; he is recognizable by his black skin, squat figure, long head, and the negro-like proportions of his nose.

Turko-Iranian.—The Turko-Iranians are represented by the Baloch, Brahui, and Afghans of Baluchistan and the North-West Frontier Province, and are the result probably of a fusion of Turki and Persian elements in which the former predominate. The stature is above the mean, complexion fair, eyes mostly dark, hair on face plentiful, head broad, nose moderately narrow, prominent and very long.

Indo-Aryan.—The Indo-Aryan type is represented by the Jats, Rajputs and Khattris of the Punjab, Rajputana, and Kashmir. The stature is mostly tall, skin a very light transparent brown, complexion fair, eyes dark, hair on face plentiful, head long, nose prominent and narrow but not specially long. Very slight physical differences exist between the higher and lower groups of the social scale, and the bonds of caste are less rigid than elsewhere. The type shows practically no signs of having been modified by contact with the Dravidians. It is supposed that the race advanced by slow degrees from the north-west as climatic conditions made it necessary, through tracts, once fertile but now desert, lying towards the south-east of Persia and Central Asia.

Scytho-Dravidian.—The Scytho-Dravidian type comprises the Maratha Brahmans, the Kunbis and the Coorgs of Western India, and is probably formed by a mixture of Dravidian elements with Scythian invaders from Central Asia westwards into the Punjab, Sind, Gujarat, Rajputana and Central India. The type is clearly distinguished from the Turko-Iranian by a lower stature, a greater length of head, a higher nasal index, a shorter nose and a lower orbito-nasal index.

Aryo-Dravidian.—The Aryo-Dravidian or Hindustani type is found in the United Provinces, parts of Rajputana and in Bihar, and is probably the result of the intermixture, in varying proportions, of Indo-Aryans and Dravidians. The complexion varies from lightish-brown to black, the head-form is long, and the nose broader, and the stature less, than among the Indo-Aryans.

Mongolo-Dravidian or Bengali.—The Mongolo-Dravidians or Bengalis of Lower Bengal and Orissa, comprise the Bengal Brahmans and Kayasths, the Muhammadans of Eastern Bengal, and other groups peculiar to this part of India. The type is probably a blend of Dravidian and Mongoloid elements with a strain of Indo-Aryan blood in the higher groups. The head is broad, complexion dark, stature and nose medium, and hair on face plentiful. This is one of the most distinctive types in India; the physical degeneration that has taken place may be due to a relaxing climate, enfeebling diet and early marriage.

Mongoloid.—The Mongoloid type of the Himalayas, Nepal, Assam and Burma is represented by the Kanets, Lepchas, Limbus, Murmis, and Gurungs, the Bodo of Assam and the Burmese. The head is broad, complexion dark with a yellowish tinge, hair on face scanty, stature short or below the average, nose fine and broad, face flat and eyelids often oblique.

The Operation of Caste.—There is a remarkable correspondence, in all parts of India except the Punjab, between variations of physical type and differences of grouping and social position.

This is due to the operation of the caste system. Nowhere else in the world do we find the population of a large sub-continent broken up into an infinite number of mutually exclusive aggregates, the members of which are forbidden by an inexorable social law to marry outside the group to which they themselves belong. Whereas all the nations of Europe are the result of a fusion of a number of distinct tribal types into a more or less definable national type, in India the process of fusion was long ago arrested, and the degree of progress which it had made up to the point at which it ceased to operate is expressed in the physical characteristics of the groups which have been left behind. There is consequently no national type and no nation in the ordinary sense of the word.

Definition of Caste.—A caste may be defined as a collection of families or groups of families, bearing a common name, which usually denotes, or is associated with, a specific occupation; claiming common descent from a mythical ancestor, human or divine; and professing to follow the same calling. A member of the large circle denoted by the common name of the caste is invariably prohibited from marrying outside that circle, but within the circle there are usually a number of smaller circles to each of which the same prohibition applies. Thus a Brahman cannot marry any woman who is a Brahman; his wife must be chosen from the same endogamous division of the Brahman caste.

Evolution of Caste.—The census of 1901 showed that there were 2,378 main castes and tribes. There is throughout India a tradition that originally there were four castes, and everywhere the Brahman or priest heads the list. The boundary of a caste may be said to be fixed by the rule restricting intermarriage, but its social status depends on the nature of the occupation of its members and their habits in respect to diet. Caste restrictions impose many disabilities, a sign of which is the energy with which a number of Hindu communities endeavour to improve their position in the social scale accorded to them by their co-religionists by imitating Brahman ways as far as possible. To facilitate the process, the name of the caste is changed, degrading callings are given up, vegetarianism is adopted and Brahmans of the less scrupulous kind are invited to officiate at domestic ceremonies. The members of the new sub-caste hold themselves aloof from former equals and look among other sub-castes for brides for their sons and husbands for their daughters. In this way new sub-castes and even new castes are constantly originating, and the almost insensible transformation, by various agencies, of tribes into castes can to-day be traced all over India.

Influence of Environment.—To the racial differences before described must be added variations due to environment which have been developed during the course of many centuries. In the north-west the dry climate and incessant struggles with man and nature have combined to produce a brave, hardy race of good physique, while the easy life in the steamy and fertile rice plains of the Gangetic delta, though encouraging a rapid increase in numbers, has sapped energy and stunted growth.

Condition of the People.—The native of India is, with a few marked exceptions, of slighter build and weaker frame than the European; his diet, often from choice and often from necessity, is wholly or mainly vegetarian; he is deficient in energy and capacity for sustained labour; his earnings are much smaller, but his wants are simpler and more easily met—food grains are cheap, rents low, houses inexpensive, and clothing is often a matter of decency rather than of necessity. The normal rate of mortality is high, especially among young children, owing to ignorance and prejudice, and in years of drought it rises still higher, not so much on account of direct deaths from starvation, as through dysentery and diarrhoea, due to the eating of improper food, general debility, and the epidemics of cholera so frequent in famine years.

Population and Area.—According to the revised areas adopted in the census of 1901, the Indian empire contains 1,773,168 square miles of country. The Provinces under British administration comprise 1,097,901 square miles, or 61.9 per cent. of the whole, and the aggregate area of the Native States is 675,267 square miles, or 38.1 per cent. The population, as recorded on the night of March 1st, 1911, was 315,001,099 persons, or about one-fifth of that of the whole world, of whom 244,172,371 were enumerated in British territory and 70,828,728 in the Native States. If Afghanistan, Nepal and Bhutan be taken into account, the totals for Native States would be, according to the latest (1908) details, approximate area, 765,000 square miles, population 73,000,000.

Statistics relating to the population of India, including the Native States, are given at page 402.

Average Density.—As a whole, the average density (according to the census of 1901) is 167 persons to the square mile; 213 per square mile in British territory and 92 in the Native States. There are, however, great local variations, and while the fertile and well-watered alluvial tract forming the Gangetic plain supports upwards of 400 inhabitants per square mile, the great desert of Western Rajputana has barely five. Nearly two-thirds of the total population of India occupy one-quarter of the whole area; the remaining three-quarters of the area is very sparsely inhabited, and nowhere contains as many as 200 persons to the square mile.

Highest Density.—The greatest density of population is found in the great Gangetic plain, and the next greatest in the narrow maritime coast strips of the Peninsula. Rainfall and irrigation, tempered by the character of the land and the influence of climate, are the causes of the high density in certain areas, as will be seen from a reference to the table on page 404. Overcrowding is but a relative term, and one of the most prosperous and progressive tracts in the Empire is the densely inhabited portion of Eastern Bengal.

Urban Population.—One-tenth of the people were in 1901 found in municipalities and cantonments of over 5,000 inhabitants, and of these more than one-half were in places of over 20,000 inhabitants. Towns are undoubtedly growing in both number and population owing to the expansion of industries, such as cotton and jute mills and railway workshops and the develop-

ments due to improved means of communication. Only about 32 cities, however, have a population of not less than 100,000, as compared with about 49 such towns in England.

Increase of Population.—Since the first systematic attempt to ascertain the population of India, between 1867 and 1872, the numbers have grown steadily by 23 per cent. in 1872-1881, 13 per cent. in 1881-1891, 2·4 per cent. in 1891-1901, and 7·1 per cent. in 1901-1911, that is from 206,162,360 in 1867-1872 to 315,132,537 in 1911. In considering the proportional variations,

	In 1901.	In 1911.	Increase or Decrease, 1901-1911.*	Percentage, 1901-1911.
British Provinces	232,072,832	244,267,542	+12,661,602	+5·5
Feudatory States	62,288,224	70,864,995	+8,109,879	+12·9
Total	294,361,056	315,132,537	+20,771,481	+7·1

Internal Migration.—The large centres of modern trade and industrial enterprises attract people from other parts of the country, and the tea-gardens of Assam and the rice-fields of Burma are mainly worked by labourers from Bengal and Madras, but at the 1901 census it was found that more than nine-tenths of the inhabitants of India were resident in districts where they had been born. The barren waste of the Rechna Doab, in the Punjab, had received in ten years, owing to the Chenab Canal irrigation works, a population of three quarters of a million, whilst the opening of irrigation works in other parts had attracted many settlers from surrounding districts.

External Migration.—In 1901 there were 641,854 foreign settlers in India as against 408,572 twenty years earlier. Of these nearly 250,000 were from Nepal, and were due to intermarriages and recruitment for the Army and the military police. The immigrants from Afghanistan numbered 116,000, from China 47,000, from Arabia 33,000; the remainder of the foreign residents are mostly Europeans, 96,653 being from the United Kingdom. The demand for labour in South Africa, Mauritius, Ceylon, British Guiana and the Straits Settlements attracts some one and a quarter million emigrants from India. Persons who recruit coolies are required by law to repatriate them on the expiration of the term of service. A table showing the number of coolie emigrants embarked during the last ten years from Indian ports for various colonies will be found on page 419.

Occupations.—In 1901 nearly two-thirds of the people depended on some form of agriculture as their principal means of subsistence; 52 per cent. were either landlords or tenants, 12 per cent. were field labourers. In addition to these, about 9½ per cent. were, doubtless, supported in the main by work in the fields. The preparation and supply of food, drink, textile fabrics and dress maintained about 15 per cent.; domestic and sanitary services provided for only 4 per cent., and commerce, the learned and artistic professions and service under Government, barely 2 per cent. each. Division of

allowance must be made for greater accuracy in later enumerations, and for the increase due to the inclusion of new areas within the scope of the operations. After making allowance for these factors, the actual increase for the period 1901-1911 may be stated as 6·4 per cent. The population of the areas dealt with for the first time in 1911 is 1,731,099.

The following table compares the results of the census of 1901 with those of the census of 1911; fuller details will be found in the table on page 402A :—

labour is practically unknown in India; the devolution of occupation from father to son, so closely bound up with the caste system, is perhaps the most striking feature in the functional distribution of the people of India, though of late years the influence of heredity on function is growing weaker. All paths of employment are now open to high and low alike; education is no longer the prerogative of the higher castes, and people are thus beginning to desert the avocations of their ancestors in favour of others which they regard as more remunerative or more respectable.

Religions.—In the census of 1911 the population is classified as follows :—

		Adherents.
Indo-Aryan	Hindus	217,586,920
	Buddhists	10,721,449
	Sikhs	3,014,466
	Jains	1,248,182
Primitive	Animistic	10,295,168
Iranian	Zoroastrians	100,100
Semitic	Musalman	66,623,412
	Christians	3,876,196
	Jews	20,980
Miscellaneous	Minor religions and religions not returned	37,108
Total		313,523,981†

These figures show the mass of the population to be divided between the Hindu and the Muhammadan religions, the proportion being about 1 Muhammadan (Musalman) to 3½ Hindus. Of the Buddhists nearly 97 per cent. are found in Burma. The numbers of the various religions in each province, State, and agency, and further statistics showing the distribution of the whole population according to religion will be found on pages 405-6.

Languages.—Excluding the greater part of Baluchistan, British Afghanistan, Swat, Kohistan, Chitral, Hunza-Nagar, and certain wild hill tracts in Burma, where it was found impracticable to take a language census, it was found in 1901 that there were 147 distinct languages recorded as current in the Indian Empire. Of this number, the Indo-Chinese

groups account for 92, found in the Himalayan regions, Burma, and North East India. The names of the languages which are spoken by upwards of 100,000 persons are shown on page 403. The languages of India proper belong to two great families, the Dravido-Munda family and the Indo-European family, a sub-family of the Aryan. The languages of the ancient inhabitants of India belong to the Dravido-Munda family, which is divided into two groups, the Dravidian and the Munda. The Munda group includes Santali, Kol, and other languages spoken by nearly 3,180,000 people in the north-east of the central plateau of India, the hills of the Santal pargannahs, Chota Nagpur, Orissa, Chhattisgarh, and North East Madras; they have no written character of their own. The Dravidian group comprises Tamil, Malayalam, Kanarese, Telugu, and a number of others, spoken by over 5½ millions of the south of the Indian Peninsula.

The Indo-European family has two branches, the Iranian and the Indo-Aryan. The former includes Baloch and Pashtu which are spoken by about 1,380,000 people. The Indo-Aryan branch includes the Sanscritic Indo-Aryan languages—Hindi, Bengali, Bihari, Oriya, Punjabi, Gujarati, Marathi, Kashmiri, Sindi (each with a different written character) and others spoken by nearly 220,000,000 people. Several languages spoken in the mountainous regions north and west of Kashmir, though clearly Indo-Aryan, appear to have been developed independently of Sanscrit.

Hindustani.—Hindustani is spoken over the whole of the north and west of continental India as a second language, or *lingua franca*, used alike in the court and the market-place by every one with any claim to education. Urdu is that form of Hindustani which is written from right to left in the Persian character; it makes a free use of Persian (including Arabic) in its vocabulary. The Hindi form of Hindustani is written from left to right in the Devanagari characters. Rekhta is the form of Hindustani used in poetry; Dakhani is the form used by Musalmans in the Deccan, it is written like Urdu, but is not so much Persianized.

Education.—In 1901 it was found that only 53 per thousand of the people could both read and write, viz., one male in ten, and one female in 144. It is probable that these proportions are somewhat smaller than is really the case. Burma, with its extensive system of indigenous free education imparted by the monks, easily holds the first place, two-fifths of its male and one-eleventh of its female population being able to read and write, but the number of really educated people is probably smaller here than in any other province. There are more literate persons among the people who speak the Dravidian and Mongolian languages than among those whose vernaculars belong to the Aryan family. The Parsis are the best educated, with two-thirds of their total able to read and write. Then come the Jains with 25 per cent., then the Buddhists and the Christians with about 22 per cent. The Sikhs and Hindus have only 6 and 5 per cent. respectively, the Muhammadans 3 per cent., and the Animists only ½ per cent. Sixty-eight males and seven females per

10,000 of the total population were literate in English in 1901.

The number of scholars in public and private institutions is shown on page 418; fuller statistics showing the distribution of population according to religion and education will be found on page 406.

Meteorology.—India probably presents a greater variety of meteorological conditions, actions and features, than any area of similar size in the world. The normal annual rainfall varies from 460 inches at Cherrapunji, in the Assam Hills, and from between 300 and 400 inches at exposed positions on the Western Ghats and the Arakan and Tenasserim Hills, to less than 3 inches in Upper Sind. In 1861 a rainfall of 905 inches was measured at Cherrapunji, while at stations in Upper Sind it has been nil. A rainfall exceeding 25 inches in 24 hours is of occasional occurrence, and falls exceeding 15 inches are comparatively frequent.

Internal and External Influences.—For many years it was assumed that India was an isolated independent meteorological area, protected by lofty mountains from the cold winds of the northern regions; that the weather was mainly determined by internal conditions; and that the only outside influence was that of equatorial sea currents. The intervention of the Himalayas undoubtedly increases the temperature of the Indo-Gangetic basin, but other meteorological conditions are very largely determined by outside influences. India is in its lower air movements cut off, towards the north, north-east, and north-west, from the lower air movements of Central Asia, and Northern India becomes at one season of the year the goal of the sea winds of the lower strata and at another season the source of land winds blowing to the neighbouring seas. But the origin of these movements in the lower air strata is not to be found directly in the heating and cooling of the large elevated area of Central Asia. The cold weather rainfall in India is largely dependent upon storms which originate in the higher atmosphere to the north-west of India, and the distribution of the monsoon rains is in part dependent upon conditions in the distant Indian Ocean and in part upon conditions in East Africa, the Persian area (probably), and perhaps to a slight extent in Central Asia.

The Monsoons.—The primary fact in the meteorology of India is the alternation of seasons known as the south-west and north-east monsoons. The former is a season of winds of oceanic origin, of high humidity, and of frequent and heavy rain over the whole area; the north-east monsoon is a season of winds of continental origin and great dryness. From this point of view the terms wet and dry monsoons seem to be more appropriate. The causes of the monsoons are many and complex, but the fundamental facts that underlie the explanation of their origin are the differences of temperature in the winter and summer months between Central and Southern Asia, and the Pacific and Atlantic Oceans in the same latitudes.

Dry Monsoon.—The dry monsoon lasts from about the middle of December to the end of May, and may be divided into two periods, one

* See note on page 402A for explanation as to apparent discrepancies.

† Religion was not recorded in the case of 1,608,556 persons in the North-West Frontier Province.

of comparatively low, the other of increasing and high, temperature. The former, the cold weather of Northern India, includes the months of January and February, the latter extends from March to May.

Wet Monsoon.—The wet monsoon may also be divided into two periods: the first, from June to September, is the monsoon proper, when general and heavy rain falls occasionally or frequently in nearly all parts of India; the second is the retreating monsoon period, lasting from October to December, when the area of rainfall contracts southwards and the intensity and volume of the fall diminish.

Normal Rainfall.—The following gives a statement of the mean or normal rainfall in India, derived from the average data of about 2,000 stations distributed somewhat unequally over the whole of the country:—

	Inches.
Cold weather (January—February)	0.99
Hot weather (March—May)	4.58
South-west monsoon (June—September)	34.65
Retreating south-west monsoon (October—December)	4.95

The rainfall of the first half of the wet monsoon is much less valuable and effective, on the whole, for agricultural purposes than the rainfall of the second half. It is essential that there should be occasional to frequent rain in August and September and occasional rain in October, in order to bring the chief food crops to perfection. An abrupt termination of the rains in August may cause the whole of the rice crop in a province to fail to come to maturity. In North-Western and Central India not only may the rains of the south-west monsoon fail more or less completely, but also the preceding or following cold-weather rains, and failure of the first is, in about two cases out of three, accompanied by failure of the second. This double drought is most disastrous.

Average Temperature.—Temperature is perhaps, next to rainfall, the most important feature of meteorological observation in India from the economic standpoint. The highest day temperatures usually occur in Northern India in the month of May. The hottest area is the Pat desert of Upper Sind, of which Jacobabad is imperfectly representative, and after that, the adjacent tracts including the South Western Punjab and North Western Rajputana. At Jacobabad, in seventeen out of the last twenty years, the highest day temperature ranged from 117° to 126° ; the average mean temperature at this station for the year is $80^{\circ}4$. The average mean temperature at other stations in the plains varies between that of Jacobabad and 71° at Rawal Pindi. In the hill stations the average mean varies from $42^{\circ}6$ at Leh to $70^{\circ}4$ at Pachmarhi.

Agriculture.—The soil of India for agricultural purposes may be divided into three great classes:—Alluvial tract, Deccan trap, and crystalline tract. The alluvial tracts are the most extensive and the most important; they occupy the greater portions of Sind, Gujerat, Rajputana, the Punjab, the United Provinces, Bengal, the Godavari, Kistna, and Tanjore Districts of Madras, extensive parts of Assam

and Burma, and the maritime strips and river courses of the Peninsula. Water is found at moderate depths, but in some parts of the Punjab and the United Provinces the wells are deep. Alluvial soils are generally suitable for irrigation; with moderate and well-distributed rainfall a great variety of autumn and spring crops can be grown.

The Trap Soils.—The Deccan trap covers the greater portion of Bombay, the whole of Berar, one-third of the Central Provinces, and one-half of Hyderabad. The fertility of the soil varies to an extraordinary degree; the rich black cotton-soil is highly retentive of moisture, and this is the only kind that is generally adaptable for irrigation purposes. Canals and tanks are not suitable for irrigation in the broken country of the Deccan trap areas, but a considerable area is cultivated under wells, and this represents some of the highest farming in the country.

Crystalline Tracts.—The crystalline tracts occupy the remainder of the Peninsula area, including Madras and Mysore, as well as a long strip along the coast of Southern Burma. The soils vary considerably; the more fertile districts are irrigated with advantage from tanks and wells, and will, under suitable conditions, repay the cost quite as well as the alluvial soils. Rice forms the chief product, though the best soils are suitable for a large variety of crops.

Conservation of Manures.—The chief obstacle to the improvement of Indian agriculture is the lack of manure, due to the use of dung as fuel, and the reluctance of the people, owing to their caste restrictions, to make use of many valuable manures. The Government have reserved areas where firewood may be looked for in the future, with a view to removing one of these obstacles; in the forests under State control timber and minor produce are granted free, or at reduced rates, to local residents. Improved sanitary methods, both for towns and villages, in the form of sewage farms, septic tank systems, or the poudrette system, have been the means of enormously increasing the size of crops in some districts, and the better conservation of manure will, with further extension of these systems, greatly benefit agriculture. Mineral manures are not plentiful in India and their cost is high.

Rotation of Crops.—The practice of regular rotation of crops is followed in many parts of India, whilst the common Indian system of mixed crops serves in many respects the same purposes. This latter practice is undoubtedly successful and profitable, and it enables the cultivator in an unfavourable year to minimise the risk of total failure of his crops. The pulse crop is in every province mixed with other crops; it enriches the soil with nitrogen, and its long tap-roots enable it to withstand drought.

Principal Crops.—The principal crops are rice, wheat, millet (two types, jowar and bajra), pulse (grain or chick-pea), oil-seed (sesamum, linseed, rape, mustard, castor, ground-nut, poppy-seeds, and coco-nut seeds), sugar-cane, cotton, jute, tobacco, opium-yielding poppy, pepper, tea, coffee, cinchona

(for quinine), indigo, and many kinds of vegetables and fruits. The areas under cultivation in 1909-10 will be found on page 407.

Rice and Wheat.—About 35 per cent. of the cropped area in India is under rice, of which 2,625,000 tons were exported in 1911-12. The total yield of cleaned rice in 1911-12 was 26,099,600 tons. About 73.6 per cent. of the total was shipped from Burma. Wheat occupies about 9 per cent. of the whole cultivated area. The total yield in 1911-12 was 9,813,500 tons, of which 1,361,000 tons were exported.

Draught and Dairy Cattle.—In India cows are kept chiefly to produce work cattle, and milk is obtained largely from buffaloes. Camels are employed for tillage to some extent in Northern India, but agricultural operations as a whole, and also the transport of goods by road, mainly depend upon the draught power of bullocks and male buffaloes. In the forests elephants are utilized for removing timber. The sanctity of the cow among the Hindus and the general disinclination to take life results in the maintenance of a considerable number of old and decrepit animals which are the first to succumb during periods of scarcity and famine. Hay-making is not practised by the Indian cultivator and reserve stocks of fodder are not maintained. In the deltaic areas and in rice tracts generally the cattle are miserably weak. Grazing lands are here scarce, and rice straw, which provides little nourishment, is the only fodder available in any quantity. Hides are exported in very large quantities, but their quality is variable. The Government dairy farms and cantonment grass farms are gradually leading up to improved methods.

Sheep and Goats.—Sheep and goats are bred most successfully in areas receiving a moderate rainfall. In peninsular India the shepherds own large flocks with which they wander from place to place. The sheep are generally inferior both as mutton and as wool producers; they are clipped twice a year, and a fleece rarely weighs more than $1\frac{1}{2}$ lbs. Goats are valued for their meat and milk, and in the Himalayas for their hair. The flesh of goats is largely used instead of mutton.

Horses and Mules.—Horses are bred mainly for sale to the Army Remount Department and the police. The purchase of remounts is facilitated, and horse-breeding has been gradually encouraged, by prizes offered at old-established fairs. For many years attention has been given to the breeding of mules for military purposes.

Co-operative Credit Associations.—The agriculture of India is, generally speaking, in the hands of men with small holdings who work mostly on borrowed capital. To minimise the evils of borrowing from private money-lenders the Government has in some districts curtailed the peasant's right to raise money on his land, whilst credit associations of a co-operative character are encouraged. Sums are also advanced by Government for specific purposes at from 5 to 8 per cent. as against the ordinary rate of 24 to 37 per cent. exacted by the village money-lender. In March, 1905, the year after the passing of the Co-operative Credit Societies Act, there were altogether 35 urban and 6 rural societies; for the year 1910-11, there were 5,321 societies, with a membership of 305,058. The

amount of the loans issued in 1910-11 was £1,131,522, as compared with £692,608 issued in the previous year. The amount of State aid in loans from the Government for this year was £48,564 only.

Agricultural Researches.—Agricultural research and experiment in India are still more or less in their infancy. An agricultural chemist was appointed in 1892, and within the last few years experts have been engaged to investigate problems connected with the economic botany, the entomology, and the agricultural bacteriology of the country. The education of the agricultural classes is slowly being advanced by means of research institutes and agricultural colleges in each important province, several of which are now nearly complete. In each large province, with the exception of the United Provinces, the Department of Agriculture has been separated from the Department of Land Records and placed under a separate Director, and Deputy Directors have been appointed in seven provinces.

Mines and Minerals.—The high quality of native-made iron, the early manufacture of high-class steels, and artistic products in copper and brass gave India a prominent position in the ancient metallurgical world, while until about forty years ago the country was the chief source of the nitre used in the manufacture of explosives. The chemical manufacturer of Europe, armed with cheap supplies of sulphuric acid and alkali, has been enabled to stamp out, in all but remote localities, the once flourishing native manufactures of alum, alkaline compounds, blue vitriol, copperas, copper, lead, steel and iron, and seriously to curtail the export trade in nitre and borax. Practically nothing has been done to develop those minerals which are essential to modern metallurgical and chemical industries, while most striking progress has been made during recent years in opening out deposits from which products are obtained suitable for export, or for consumption in the country, by what may be called direct processes. Articles, not manufactured but directly obtained from minerals, to the value of about £10,000,000, and manufactured articles to the value of £8,000,000, are annually imported into India, nearly all of which are among the known resources of India.

Coal.—Coal is the most valuable mineral product being worked. The production of Indian coal rose from 1,397,818 tons in 1884 to 12,770,000 tons in 1908, but in 1911 it was 12,048,726 tons. While in 1884 only 68.9 per cent. of the coal used on Indian railways was of domestic origin, 98 per cent. (3.77 million tons) of the coal consumed by the railways is now obtained from Indian collieries. The imports of foreign coal decreased from 848,367 tons in 1894 to 297,912 tons in 1911-12, but 873,897 tons of Indian coal were exported from Indian ocean ports in 1911-12, being roughly about 9 per cent. of the production. The chief sources of coal are the Gondwana coalfields of the Peninsula, the remainder being obtained from seams of Tertiary age in Burma, Assam, the Punjab, and Baluchistan. Gondwana coal is found in the Darjeeling area and in Bhutan and Assam, but the seams are difficult to work. Ceylon and the Straits Settlements are the chief buyers of Indian coal.

Mineral Oil.—The petroleum resources of India are confined to the systems of folded rocks at either end of the Himalayan arc; the Iranian system on the west, including the Punjab and Baluchistan and extending into Persia; and the Arakan system on the east, including Assam and Burma and extending into Sumatra, Java, and Borneo. In 1894 the production amounted to 11½ million gallons of crude oil; in 1909 it had risen to 234 million gallons. This represents only about 1·29 per cent. of the world's supply, and India imports oil in large quantities, the imports for 1911-12 being over 107 million gallons.

Amber, Graphite, and Mica.—Amber is found in very small quantities in Burma. Graphite is found in small quantities in various places, but no progress has been made in mining except in Travancore. India has for many years been the leading producer of mica, turning out more than half of the world's supply.

Gold.—Gold is washed in small quantities in the river gravels of various parts of India, and it is mined from a rich reef on the Kolar field in the State of Mysore. In 1911-12 the production of gold amounted to 571,328 ozs., the greater part of which came from the Mysore goldfields. Electric power for working these mines is obtained from the Cauvery Falls. Gold mining has taken place in the Hutti and Wundalli mines of Hyderabad and the Kyaukpazat mine in Upper Burma, but the only one now being worked is the Hutti mine, where 15,241 ozs. were produced in 1909-10.

Tin, Copper, Silver, Lead and Antimony.—The only persistent attempt to mine tin is in Burma, but the output is insignificant. Copper is found in Southern India, in Rajputana, and at various places along the outer Himalayas, but the ore is smelted for the metal alone, no attempt being made to utilize the by-products. An attempt is being made to work lodes near Pangyang, in the Northern Shan States, for the production of silver and lead, and in Southern Burma for antimony.

Iron.—Iron smelting is still carried on in the more remote tracts of the Peninsula, and in some parts of the Central Provinces signs of slight improvement are shown. Iron works exist at Barakar, Bengal, where basic steel is now manufactured. The output in 1909-10 was only 83,456 tons, but further developments are anticipated in the near future.

Manganese.—India takes the second place among the manganese producing countries of the world, the output in 1910-11 being 800,907 tons. The deposits occur in the Central Provinces, and Central India, in parts of Madras and Bombay, in Gwalior, and in Southern Burma. In some parts of the Nagpur area the deposits extend for 6 miles, and are 100 feet thick with pure ore.

Salt.—About 1,400,000 tons of salt are consumed annually in India, and of this, 1,485,628 tons were manufactured in 1910-11, the remainder being imported. Of the manufactured salt, about 63 per cent. was produced by evaporation from sea water, 28 per cent. from sub-soil water and lakes, and 9 per cent. was obtained by mining and quarrying. Deposits of rock-salt are confined to the Punjab and the North-West Frontier

Province, and about 140,000 tons a year are here obtained by mining or quarrying. The principal source of supply is the Mayo Mines, near Khewra, in the Salt Range, where the salt deposits have an aggregate thickness of 550 feet, 275 feet of which are of very pure material of a pink or light red colour. The Sambhar Lake in Rajputana is the most important inland source of supply by evaporation.*

Gem Stones.—The only precious and semi-precious stones at present mined in India are the diamond, ruby, sapphire, spinel, tourmaline, garnet, rock-crystal, agate, carnelian, jadeite and amber. Amber has already been referred to; of the rest only the ruby and jadeite attain any considerable value in production. In 1910-11 uncut precious stones and pearls were imported to the value of £523,200. The output of diamonds is comparatively unimportant. The ruby-mining industry of Burma has lately undergone a favourable change, but the average annual value of the stones produced is but about £59,000.

Famine in India.—India is, and always has been, mainly agricultural and agricultural under conditions peculiarly exposed to famine. The soil is parcelled out in minute farms. The farmers have no capital and depend on unorganized local credit, which shrinks when harvests fail. Off the land, but dependent on it, are millions of agricultural labourers, the vast majority of whom have only casual employment and are thrown out of work when harvests fail. Thus, the masses of the Indian people depend upon the harvests, and these depend upon a periodic, but by no means regular, rainfall. But not every failure of the rains causes famine, since the people are not generally dependent upon the out-turn of a single harvest, and the spring harvest may be good although the autumn crops have failed.

Famine Relief.—Modern famine policy is thus a struggle against nature and has two objects, the one remedial the other protective; it seeks to relieve distress when droughts come and in many ways to fortify the people against drought. Under the stern but efficient teaching of experience, an elaborate system of relief has been worked out, which attempts to save life without inducing the population to rely upon Government aid rather than upon their own industry and thrift. Standing preparations are made on a large scale in ordinary times; the country is mapped out into relief-circles of convenient size, and programmes of suitable relief works are revised annually in every District, matters being so arranged that a telegram from head-quarters can mobilize relief. Precautions against possible outbreaks of cholera, &c., are also made in order that the disease may not be spread to the non-affected areas.

Famine Protection.—The efforts of the Government of India are, however, not confined to relief, but are mainly directed to ascertaining how far it is possible to diminish the severity of famines or to place the people in a better condition for enduring them. Most of these efforts will be found more fully described under other sections. A sum of not less than

* Some further particulars will be found under the head of "Salt Duty."

£1,000,000 is annually appropriated for the purpose of famine relief and insurance. When the outlay on direct famine relief is less than this sum the balance is used (1) for the construction or maintenance of protective railways and irrigation works, and (2) for the construction of ordinary public works which would otherwise require additional borrowing. Railways have revolutionized the conditions, and an absolute dearth of food is now unknown; increased knowledge of the economic conditions of the country and the social conditions of the people, and an elaborate system of agricultural intelligence, enable the government to grapple with famine problems as never before. Irrigation works are undertaken, whether commercially profitable or not, to protect areas that are liable to drought. The land revenue is reduced or remitted, and co-operative credit societies have been founded in order to assist the landowners in times of scarcity; and attempts are made to draw the surplus population from agricultural pursuits to find a means of subsistence in manufactures or some such employment.

Forests of India.—Forests form the head-works of Nature's irrigation scheme in India, not only by storing rainfall water in the soil, but also by supplying moisture to the atmosphere by transpiration from the foliage. The grazing which they afford to countless herds in years of drought assumes a special value in conserving the cattle upon which the agriculture of the country depends. The supply of material for house building, fuel, &c., and the use of forest leaves as manure for the cultivator's fields, are sources of material wealth to the inhabitants in the vicinity, whilst the timber and other products which are utilized throughout the world are a valuable asset to the State.

Area and Classification.—The State forests at present cover an area of 265,000 square miles, or nearly 22 per cent. of the total area of British India; the percentage of forest land to the whole area varies considerably, from 3·86 in the United Provinces to 44·06 in Assam, 61·19 in Burma and 97·55 in the Andamans. The forests are divided into four classes—Reserved, Protected, Unclassed and Public—according to the degree in which they are given over to or protected from the use of the public. In Burma a forest estate is being built up, which in the future will be unique in organization and value.

Control and Revenue.—The duties of demarcation and survey, of protecting forests from men, cattle and fire, devolve upon the India Forest Department, comprising an Imperial and a Provincial Service. Subject to the general supervision of the Government of India, the control of Forest Administration rests with the Local Government in each province. Forest operations are subject to the control of the local executive officers in matters affecting the rights of the people. The net revenue from Indian forests has risen from £93,000 in 1865 to £796,296 in 1910-11, and the yield of the State forests, as the result of protection and improvement, will be more than sufficient to meet increased demands on their produce hereafter.

Irrigation and Canals.—Irrigation has been resorted to in India from time immemorial as a

means of supplementing the natural rainfall and of storing water for use at critical periods. In general it may be said that the security of the harvest depends on the existence of some form of irrigation in almost all parts of India, except in tracts such as Eastern Bengal, Assam, or Lower Burma where the average rainfall is not less than 70 inches in the year. As an example of the magnitude of some of the works undertaken by the Government of India may be mentioned the Chenab Canal which irrigates nearly 2,000,000 acres, equal to about two-fifths of the whole cultivable area of Egypt, with an ordinary discharge of 11,000 cubic feet per second, or about six times that of the Thames at Teddington.

Types of Works.—Irrigation works are of three great types—lift, storage and river works—which are represented by wells, tanks, or reservoirs, and canals. Nearly 30 per cent. of the irrigated area, or 13,000,000 acres are irrigated from wells; the average area irrigated by tanks is about 8,000,000 acres and over 14,000,000 acres are irrigated by canals. The wells and smaller tanks are often the property of private individuals, but the larger tanks and the canals are undertaken by the Government. The capital outlay on irrigation works for the last ten years is shown on page 410, whilst the gross revenue is shown on page 409. The principal results of the operations for the year ended 31st March, 1911, are shown on page 415.

Financial Considerations.—Financially considered, irrigation works are classed as 'major' or 'minor'. The former class includes all works which have been undertaken from loan funds, and also those famine protection works which are constructed out of the annual grant from revenue for famine relief and insurance. Since 1911-12 the amount thus available has been supplemented by further grants from the revenue. The cost of 'minor' works, as well as the sums annually required for their working and maintenance, are met from the ordinary revenues. Having regard to the very remunerative character of the greater part of the outlay, and to the immense value in times of scarcity of the food supplies which can be relied on with confidence from the irrigated area, the Government of India has resolved to spare no efforts to make ample provision for irrigation works. The tracts in which the net revenue would probably exceed the expenditure on new works, namely in Punjab, Sind and parts of Madras, are not usually liable to famine. Where irrigation works are most needed for protective purposes, such as the Deccan districts of Bombay and Madras, the Central Provinces and Bundelkhand, they would not prove directly remunerative.

Navigable Canals.—Irrigation canals are not always suitable for navigation, and many canals have been constructed for navigation which do not irrigate a single acre. Not one navigable canal is directly remunerative, and in many cases the navigation receipts do not cover the working expenses. The great rivers are navigable by steamers all the year round, and there are innumerable small rivers, tributaries, creeks and backwaters which are fully utilized by small native craft.

Railways.—Experience gained from the

famines of 1866, 1868, and 1878, showed the imperative need for extending communications and the construction of protective railways has long been recognized as a leading feature in the policy of famine insurance. The intensity of the distress due to famine has been enormously reduced by railways, although the area of distress may have been somewhat extended. Railways have substituted famines which are of money only for famines in which both food and money were lacking, and by giving access to large markets they have undoubtedly increased the incomes of landowners and cultivators.

Guaranteed Companies.—Railway construction began in India about the year 1850, and was, for a number of years, carried out through the agency of joint stock companies under contract with the State. The companies were given a guarantee of 5 per cent. on their capital outlay, with half the surplus profits in addition. No capital expenditure beyond that involved by the grant of free land was entailed on the State, but the general revenues had to meet the amount by which the net receipts fell short of the guaranteed interest. The eight railways which were constructed on these terms have played an important part in the development of the country. Although British capital was thus attracted into India, without which these great works could hardly at that time have been constructed, yet for many years these railways imposed a considerable burden on Indian revenues. All the old guaranteed companies have now been purchased by the Government under their contracts, the last one, the Madras Railway, having been purchased on 31 Dec., 1907.

Direct State Agency.—In 1870 Government began to borrow money for railway developments by direct State agency, but expenditure was to be met by the receipts from the guaranteed railways, and no increased charge was to be thrown on the revenues. In 1879 this system ceased, and the capital outlay was limited to what the Government could borrow in India without unduly pressing the market or could spare from revenue.

Assisted Companies.—These restrictions would, however, have hampered the work of construction, and economic progress would have been severely checked, had not the Government in 1880-81 decided again to evoke the aid of private capital, which it was hoped, would be obtained on better terms than in the days of the old guaranteed companies. From that time onwards a number of companies have assisted in the development of Indian railways. The terms of their contracts vary considerably; some have a guaranteed rate of interest or rebates on traffic interchanged with trunk lines, others receive a subsidy, others have received no more than a free gift of the land required for the construction of the line.

Policy of Advance.—In 1883 the Government proposed a more ambitious programme; railways were to be made as required, but were, as a rule, to have a good prospect of repaying their interest charge, those for famine purposes being paid for, with irrigation works, from the famine insurance grant. Since 1885, when the first programme under the new conditions was introduced, the annual expenditure on railways

has constantly increased. The present condition of many of the open lines entails a large expenditure on rolling stock, stations and goods sheds, permanent way, &c.

Main Results.—As the net result of nearly sixty years' construction policy, India on 1st Jan., 1912, had been provided with 32,839 miles of railway, of which 755 were opened in 1911. The capital outlay was over £300,310,600, in addition to £34,201,993 which was spent on the purchase of companies' lines. Up to the end of the year 1899 railways were worked at a loss to the Government; from 1899-1900 to 1905-07 the average net gain was £1,002,000 and in 1907 the net gain was £2,552,000. In 1908-09 for the first time since 1899 the railways were worked at a loss, there being a net deficit of £1,242,250; this was due to bad harvests, general stagnation of trade, increased working expenses caused by a rise in the price of coal, a revision of the scale of wages, &c. The receipts for 1909-10 showed an improvement of over £2,000,000 as compared with the figures of the previous year, and in 1910-11 and 1911-12 there was in each year an improvement of about £2,000,000. The net receipts for 1909-10 were £13,786,000, in 1910-11 £15,990,000, and in 1911-12 £17,627,000. Statistics relating to the number of passengers and weight of goods carried, average rates per mile, &c., will be found on pp. 412-4.

Administration of Railways.—In March, 1905, a railway board was constituted for the administration of the railways. In October, 1908, the railway board became the railway department, distinct from and independent of the department of commerce and industry secretariat, though remaining in the administrative charge of the honourable member, commerce and industry department, as railway member.

Political Division of India.—About three-sevenths of the country still remains under the government of hereditary Indian chiefs, whose subjects make up 70,828,728, or rather less than one-fourth of the whole Indian people. The British territories, therefore, comprise about four-sevenths of the area of India, and over three-fourths of its inhabitants.

The Indian princes generally govern their states with the help, and under the advice, of political officers appointed by the British Government and residing at their courts. Some of them administer the internal affairs of their States with almost complete independence; others require more assistance, or a stricter control. These feudatory rulers possess revenues and armies of their own, and the more important exercise the power of life and death over their subjects; but the authority of each is limited by treaties or engagements, or recognised practice, by which their 'subordinate dependence' on the British government is determined. That government, as suzerain in India, does not allow its feudatories to make war upon each other, or to form alliances with foreign states. It interferes when any chief misgoverns his people; rebukes, and, if needful, removes the oppressor; protects the weak; and firmly imposes peace upon all.

The British possessions are distributed into

twelve governments, each with a separate head; but the whole is under the orders of the supreme government of India, consisting of the governor-general in council. The governor-general, who also bears the title of viceroy, holds his court and government at Delhi in the cold weather, and during summer at Simla, 7,000 feet up the Himalaya mountains. The viceroy of India, and the governors of Madras, Bombay and Bengal, are usually appointed from England by the Sovereign. The heads of the other provinces are selected from the Anglo-Indian services, and are nominated by the viceroy, subject, in the case of the lieutenant-governors, to the approval of the Secretary of State.

British Administration of India.—The act of 1858, which transferred India from the East India Company to the crown, also laid down the scheme of its government. Under the East India Company, the governor-general was only responsible to the distant court of directors. The court of directors was, in its turn, answerable to the shareholders, or court of proprietors, on the one hand; and, through the board of control, to the sovereign and to parliament on the other. The act of 1858 did away with these intermediary bodies between the governor-general and the British ministry. For the court of directors, the court of proprietors, and the board of control, it substituted a secretary of state, aided by a council who are now appointed by him. The secretary of state is a cabinet minister, who comes into and goes out of office with the other members of the ministry. Members of his council were originally appointed for life, but this system was modified in 1874, and up to the passing of the Council of India Act of 1907 the appointments were for ten years. Since 1907 members have been appointed for seven years only, but they may be reappointed for another five years for special reasons. Since 1907 two of the members of the secretary of state's council have been natives of India. The governor-general is appointed by the crown, and resides in India. His ordinary tenure of office is five years. Since the Queen's proclamation of 1st Nov., 1858, he has been styled viceroy when acting as personal representative of the Sovereign, and not in exercise of his powers as governor-general. Up to 1st April, 1912, the governor-general in council was governor of the presidency of Fort William in Bengal; on that date the presidency was placed under a separate governor.

Executive Control.—The supreme authority in India is vested by a series of acts of parliament in the governor-general in council, subject to the control of the secretary of state in England. The governor-general's council consists of seven members, and since March, 1909, one of these has been a native of India. Under specified conditions and in specified circumstances, power is reserved to the governor-general to act alone and independently of the council.* And for the more convenient dispatch of business, the governor-general divides between himself and the members of his council the

chief departments of State, such as those of finance, military affairs, public works, &c., the governor-general himself usually undertaking the department of foreign affairs. But, except in the special cases above mentioned, neither the governor-general nor any member of council has power to act otherwise than in council, or by the implied authority of the governor-general in council. Every executive order of the government proceeds from the governor-general and his council, acting as a corporate body, and runs in the name of the "Governor-General in Council." For this purpose the council meets regularly at short intervals, discusses and decides upon questions of foreign policy and domestic administration, and prepares measures for the legislative council.

Governor-General's Council.—When the governor-general's council assembles within the Presidency of Madras, Bombay or Bengal, the governor of such presidency sits as an extraordinary member of the executive, and also of the legislative, council. When a meeting of the council is held for legislative purposes in a province having a lieutenant-governor, the lieutenant sits *ex officio* as member. At meetings in Delhi the chief commissioner sits as *ex officio* member. The ordinary members of council are supplemented for legislative purposes by official members, selected by the governor-general from the public services in India, together with members representative of and elected by the non-official Indian and European communities. The official additional members do not exceed in number the non-officials, though there is always an official majority. The meetings of the legislative council are held when and as required. They are open to the public; and a further guarantee for publicity is ensured by the proviso that draft bills must be published a certain number of times in the 'Gazette.' As a matter of practice, these draft bills have usually been first subjected to the criticism of the several provincial governments.

Provincial Government.—Governorships.—But although the governor-general in council is theoretically supreme over every part of India alike, his actual authority is not everywhere exercised in the same direct manner. For ordinary purposes of administration, British India is partitioned into provinces, each with a government of its own; and certain of the native states are attached to those provinces with which they are most nearly connected geographically. These provinces, again, enjoy various degrees of independence. The two sister presidencies of Madras and Bombay still retain many marks of their original equality with the presidency of Fort William in Bengal. They are each administered by a governor appointed direct from England. They have each an executive council of three members and a legislative council, whose functions are analogous to those of the councils of the governor-general, although subject to his control. A native of India is now usually appointed to each executive council. The observations in a preceding para-

graph regarding the executive control of the governor-general in council apply also to the governors in council of Madras, Bombay and Bengal. They thus possess a domestic legislature; and in administrative matters, also, the interference of the governor-general is sparingly exercised. The governor-general in council, however, exercises all powers in relation to the High Court of Judicature at Fort William, in the Province of Bengal.

Lieutenant-Governorships.—In the other great provinces of India the governments are differently constituted. The United Provinces of Agra and Oudh, the Punjab, Burma, and Bihar and Orissa are administered by lieutenant-governors. They must be chosen from officers in the service of the crown, who have served in India for at least ten years; they are appointed by the governor-general, with the approval of the crown, and, with one exception, they have always been members of the covenanted civil service. With the exception of Bihar and Orissa, the lieutenant-governors have no councils for executive business, but councils for legislative purposes only. These legislative councils are precisely similar to those in Madras, Bombay and Bengal, the lieutenant-governor taking the place of the governor. The India Councils Act of 1909 makes provision for the creation at some future date of executive councils for provinces under a lieutenant-governor, and a council of three members was created for Bihar and Orissa in August, 1912.

Chief Commissionerships.—The government of the Central Provinces and Berar, of Assam, and of Delhi, is administered by chief commissioners. Excepting in name and dignity, and in amount of salary and patronage, there is little difference between them and lieutenant-governors. Ajmer, British Baluchistan, the Andamans and Nicobars, the North West Frontier Province, and the little territory of Coorg in the extreme south, are *quasi*-provinces under chief commissioners directly subordinate to the governor-general in council.

Provincial Legislative Councils.—Provincial legislative councils are appointed for the presidencies and for the lieutenant-governorships. The ordinary members of these local legislative councils are appointed in the case of Madras, Bombay and Bengal by the governors of these provinces; in the other provinces by the lieutenant-governor subject to the approval of the governor-general. The acts of these provincial councils, which deal only with matters affecting the province, require the assent of the governor-general to give them validity.

Additional Members of Legislative Councils.—The Indian Councils Act, 1909, provides that the additional members of the legislative councils instead of being all nominated, as provided by the Acts of 1861 and 1892, by the governor-general, governor, or lieutenant-governor, shall include members so nominated and also members elected by the professional classes, landowners, the Muhammadans, and commercial bodies. The maximum numbers of nominated and elected members, where they have been fixed, are sixty for the governor-general's council, fifty for the councils of the governors, and fifty and thirty

for the councils of the lieutenant-governors. The non-official members are always in the majority in all the provincial legislative councils, but in the governor-general's council, which can if necessary legislate for all parts of India, an official majority is maintained. The new Act provides also for the discussion at any meeting of the legislative councils of the annual financial statement of the governor-general in council, or of their respective local governments, and of any matter of general public interest, and for the asking of questions.

Judicature.—The presidencies of Madras, Bombay and Bengal, and the North-Western Provinces, have each a high court, supreme both in civil and criminal business, with an ultimate appeal to the judicial committee of the privy council in England. Of the minor provinces the Punjab has a chief court, with five judges and three additional judges; Lower Burma, a chief court with five judges; Oudh has a judicial commissioner, who has for several years, on account of the growth of business, been assisted by two additional judicial commissioners; the Central Provinces and Berar have also a judicial commissioner assisted by two additional judicial commissioners; Upper Burma and the North-West Frontier Province have each a judicial commissioner, who sits alone. In Bihar and Orissa the high court of Calcutta is the highest judicial authority, as also in Assam, with the exception of three hill districts, in which the lieutenant-governor is judge without appeal. In the Shan States of Upper Burma (which are British territory) in respect of all cases triable by officers appointed by the local government, the lieutenant-governor exercises similar powers.

Indian Law.—The law administered in the Indian courts consists mainly of—(1) the enactments of the Indian legislative councils (imperial and provincial), as above described, and of the bodies which preceded them; (2) statutes of the British Parliament which apply to India; (3) the Hindu and Muhammadan laws of inheritance, and their domestic law in causes affecting Hindus and Muhammadans; (4) the customary law affecting particular castes and races. Much has been done towards consolidating special sections of the Indian law; and in the Indian penal code, together with the codes of civil and criminal procedure, we have memorable examples of such efforts.

Non-Regulation Districts.—Another difference of administration, although now of less importance than in former times, derives its name from the old regulations, or rules of law and practice which preceded the present system of acts of the legislature. These regulations, and in some cases the acts of the legislature which succeeded them, have been from time to time withdrawn as regards certain tracts of country which, from their backward state of civilization or other causes, seem to require exceptional treatment. In non-regulation territory, broadly speaking, a larger measure of discretion is allowed to the officials, both in the collection of revenue and in the administration of civil justice; strict rules of procedure yield to the local exigencies; and the judicial and executive departments are to a great extent combined in

the same hands. Closely connected with this indulgence in favour of the personal element in administration, a wider field is also permitted for the selection of the administrative staff, which is not confined to the covenanted civil service, but includes military officers of the Indian Army and also uncovenanted civilians. The title of the highest executive official in a district of a regulation province is that of collector-magistrate. In a non-regulation district, the corresponding officer is styled the deputy commissioner. The Central Provinces, Assam, and Burma are examples of non-regulation provinces; but non-regulation districts are to be found also in Bengal, Sind, and the United Provinces. Their character is always disclosed by the office of 'deputy commissioner.'

The District Officer.—Alike in regulation and in non-regulation territory, the unit of administration is the district—a word of very definite meaning in official phraseology. The district officer, whether known as collector-magistrate or as deputy commissioner, is the responsible head of his jurisdiction. Upon his energy and personal character depends ultimately the efficiency of our Indian government. His own special duties are so numerous and so various as to bewilder the outsider; and the work of his subordinates, European and Indian, largely depends upon the stimulus of his personal example.

Duties of District Officers.—As the name of collector-magistrate implies, his main functions are two-fold. He is a fiscal officer, charged with the collection of the revenue from the land and other sources, with the administration of the land as between landlord and tenant, and, in *ryotwari* tracts, with the settlement of cultivation and the assessment of the government demand; he is also a criminal judge, both of first instance and in appeal. But his title by no means exhausts his multifarious duties. He does in his smaller local sphere all that the home secretary superintends in England, and a great deal more; for he is the representative of a paternal, and not of a constitutional, government. Police, jails, education, municipalities, roads, sanitation, dispensaries, the local taxation and the imperial revenues of his district, are to him matters of daily concern. He is expected to make himself acquainted with every phase of the social life of the Indians, and with each natural aspect of the country. He should be a lawyer, an accountant, a surveyor, and a ready writer of state papers. He ought also to possess no mean knowledge of agriculture, political economy, and engineering.

Number and Grouping of Districts.—The total number of districts in British India is over 250. They vary greatly in size and number of inhabitants. The districts in Madras and Burma are generally speaking the largest in India. In every province but Madras, the districts are grouped into larger areas, known as divisions, each under the charge of a commissioner. But these divisions are not properly units of administration, as the districts are. They are aggregates of units, formed only for convenience of supervision, so that an intermediate authority may exercise the universal watchfulness which would be impossible for a distant lieutenant-governor.

Sub-division of Districts.—The districts are again partitioned out into lesser tracts, called sub-districts, sub-divisions, *talukas*, or *tahsils*. The system of partitioning, and also the nomenclature, varies in the different provinces; but, generally, it may be said that the sub-division or *tahsil* is the ultimate basis of administration. Broadly speaking, the sub-division is characteristic of Lower Bengal, where revenue duties are less prominent; the *tahsil* or *taluk* of Madras, Bombay, and Northern India, where the land settlement requires attention year by year. There is usually no administrative unit below the sub-division and *tahsil*. The *thana*, or police division, only exists for police purposes. The *pargana*, or fiscal division under native rule, has now only an historical interest. The village is, in nearly all parts of the country, the ultimate administrative unit, with a staff of local officials for the conduct of its affairs. In many cases it is also the unit for the purposes of land revenue, joint responsibility for the Government demand resting upon the whole proprietary community. In Burma the township, with a *Myō-ōk* to administer it, corresponds to the *tahsil* of Northern India.

Judicial Functions of District Officers.—The judicial jurisdictions coincide for the most part with the magisterial and fiscal boundaries. But, except in Madras, where the districts are large, a single civil and sessions judge, *i.e.*, the chief judicial officer of the district, often exercises jurisdiction over more than one district. In "non-regulation" provinces the deputy commissioner and his assistants used to be charged with the administration of civil as well as criminal justice, and the commissioner took the place of the civil and sessions judge; but in all the larger "non-regulation" provinces (except Upper Burma), the commissioner has, during recent years, been relieved of his judicial functions, which have been committed to a separate staff of judges, and district officers generally have now little to do with civil litigation for which separate courts have been established.

Secretariats of Supreme and Provincial Governments.—The preceding sketch of Indian administration would be incomplete without a reference to the secretariat, or central bureau of each province, which controls and gives unity to the whole. From the secretariat are issued the orders that regulate, or modify, the details of administration; into the secretariat come the multifarious reports from the local officers, to be there digested for future reference. The secretariat of the supreme government of India consists of nine branches, each of which deals with a special department of the administration. The officers who preside over them are named respectively, the foreign secretary, the home secretary, the secretary in the department of revenue and agriculture, the financial secretary (ordinary branch and military finance branch, respectively), the secretary in the army department, the public works secretary, the secretary in the legislative department, the secretary in the department of commerce and industry, who is also the railway member, and the secretary for education. In the presidencies, lieutenant-governorships, and chief commissionerships,

the provincial secretariat is formed on the same model, but the secretaries are only from one to three or four in number.

Civil Service.—The administration of India in its superior offices is mainly carried on by the Civil Service of India, which consists of about 1,244 persons, of whom about 65 are Indians filling some of the highest positions. In addition, about 50 superior offices are reserved for members of the Provincial Civil Service. This latter body consists of about 2,263 persons, of whom about 2,067 are Indians, the remainder being Eurasians or domiciled Europeans. With the exception of the 50 posts of high importance reserved for this Service, its members are all subordinate judges and magistrates. In 1879 a rule was adopted that all appointments made in India, carrying salaries of Rs. 200 a month and upwards, should ordinarily be reserved for natives of the country. Indians thus manage by far the greater part of the business connected with all branches of the revenue and with the multifarious interests in the land. They dispose of the greater part of the magisterial work, a large part of which is done by honorary Indian magistrates, while the management of local roads, streets, hospitals, schools, and other improvements is in the hands of local bodies.

Provincial Finance.—Under the system of decentralization of finance, begun by Lord Mayo in 1870 and subsequently developed by successive stages, the government of India assigns to the provincial governments a fixed share of the revenue collected by them under certain heads. From the revenue so assigned the provincial governments are required to meet the whole of the expenditure within their respective provinces under certain heads, and a portion of the expenditure under other heads. The revenue retained by the government of India for its own purposes and for meeting the expenditure incurred by the secretary of state in England is described in the accounts as imperial, and that which is assigned to the provincial governments is described as provincial. The expenditure is similarly classified. The provincial settlements, by which the classification into imperial and provincial of the various items of revenue and expenditure and the ratio of division of the divided heads are governed, have been placed on a quasi-permanent basis with the object of giving to the provincial governments as large an interest as possible in the careful collection of revenue and in economy of expenditure. The principal heads of revenue which are wholly Imperial are opium, salt, customs, post-office, telegraph, mint, exchange, and State railways; the principal divided heads being land revenue, irrigation, stamps, excise, assessed taxes, and forests. On the expenditure side of the accounts the charge for military services and the charges under certain minor heads (territorial and political pensions, ecclesiastical, &c.) are entirely imperial; "civil works" is divided; most other important heads of expenditure are provincial.

Land Revenue.—The land furnishes the chief source of Indian revenue, and the assessment, revision and collection of the land-tax form one of the most important duties of Indian administration.* During the past fifty years the total increase of the gross land revenue has been 60 per cent. measured in rupees, though if measured in gold sterling the increase is only 6 per cent. This increase has been concurrent with a very much greater increase in the value of the gross agricultural yield, and the land revenue in British India as a whole in 1910-11 represented an average charge of less than 1s. 8d. per head. In the year 1856 the land revenue was above one-half of the total public income of the country; it is now less than one-fourth. The gross land revenue of 1910-11 (excluding the portion due to irrigation) was £20,877,521,† showing an increase of £1,573,081 on the totals of the preceding year. The year 1907-8 showed a decrease of £1,074,469, compared with the preceding year, owing to a widespread shortage of crops, but the increase in 1908-09 over the revenue for 1907-08 was £1,039,738. The average for the three years ending 1910-11, was £20,656,240.

Permanent Settlements.—Lower Bengal (excluding Orissa) and a few districts of the United Provinces, and of Madras, have a permanent settlement, dating from 1793, 1795, and 1802 respectively, by which the land revenue has been fixed in perpetuity, so no appreciable increase takes place under that head. Since the revenue was settled there has been a great increase in the area of cultivation, and in the value of the produce; but the amount of land revenue on these permanently-settled estates remains at the figure fixed a hundred years ago, and represents in Bengal about one-fifth of the rental, or perhaps one twenty-fourth of the gross value of the produce. This system also applies to parts of Assam and some of the minor provinces, and, in all, about one-fifth of the area of British India is permanently settled. In this area the land revenue may be said to be nothing more than a rent-charge, the burden of which has long ago been discounted by the reduced selling price of the land which it affects.

Temporary Settlements.—The land revenue on temporarily settled estates is fixed periodically at intervals of ten to thirty years; the latter period has, however, been fixed as the ordinary term of settlement, excepting in the Punjab and Central Provinces, where twenty years is the general term, and in backward or exceptional tracts. At periodical settlements the rates of revenue per acre are revised in some proportion to the change in prices since the previous settlement, the extensions of cultivation, the variation of prices, and the change in rents since the last settlement. At present the land revenue on temporarily settled lands represents something less than one-half of the actual or estimated rental, and is probably about one-tenth to one-twelfth of the gross value of the produce.

Zamindari and Ryotwari tracts.—When the revenue is assessed by the State, permanently

or temporarily, on an individual or community owning an estate, and occupying a position identical with or analogous to that of a landlord, the assessment is known as *zamindari*; where the revenue is imposed on individuals who are, or who represent, the actual occupants of holdings, the assessment is known as *ryotwari*. Under either system there may be rent-paying sub-tenants. In the permanently settled districts all holdings are *zamindari*. In the temporarily settled districts the *zamindari* estates are chiefly found in the Punjab, the United Provinces, the Central Provinces, and Orissa; while in Bombay and Sind, Burma, Assam, Berar, and most of Madras, the system of *ryotwari*, or peasant proprietors, prevails.

Salt Duty.—Prior to the recent reductions in the rate of duty, salt ranked next to the land revenue among the items of public income in India. Up to 1878, the tax levied upon salt varied very much in different parts of the country; and a numerous preventive staff was stationed along a continuous barrier hedge, which almost cut the Peninsula into two fiscal sections. The reforms of Lord Lytton's government in that year, by which the control of the sources of salt production in the Native States was acquired, and the duties on salt in different parts of India brought into close approximation, made the abolition of the customs line possible. Railway communication has much facilitated the trade in salt, and it has been found that prices have been lowered by bringing the consumer nearer to his market, irrespective of the rate of taxation. The salt duty is the only impost that falls upon an Indian of moderate means who neither owns land, nor goes to law, nor consumes liquor or opium; it represents an average annual payment of 2½d. per head.

Sources of Supply.—Broadly speaking, the salt consumed in India is derived from four sources—(1) Importation by sea, chiefly from England and the Red Sea and Aden; (2) solar evaporation in shallow tanks along the seaboard; (3) the salt lakes in Rajputana; (4) quarrying in the salt hills of the Northern Punjab. The salt lakes in Rajputana are leased by the Government of India from the rulers of the native states in which they lie, and the huge salt deposits of the Salt Range mines are worked under government control, as also are the brine works on the Runn of Cutch. But there is no salt monopoly in India, and the importation of salt from foreign countries is freely permitted. At the Kohat mines, and in the salt evaporation works on the sea coast, with the exception of a few of the Madras factories, the government does not come between the manufacturer and the merchant, except so far as is necessary in order to levy the duty from the salt as it issues from the factory.

Rate of Salt Duty.—The salt duty, which had for some years stood at Rs. 2 a maund of 82½ lbs. for some years stood at Rs. 2 a maund for Burma, for all India, and at 3 annas a maund for Burma, was raised on the 19th Jan., 1888, to Rs. 2½ a maund in India, and to one rupee in Burma. The alteration in the duty for the time checked the consumption, which fell in 1888-89 below the average of the two previous years; but it subsequently recovered. From March, 1903, the

duty for India was reduced to Rs. 2 a maund, and from March, 1905, to Rs. 1½ a maund. With effect from 20th March, 1907, the rate has been further reduced to R. 1 (16d.) per maund. This reduction makes the rate uniform throughout India and Burma, except in regard to the salt produced in the small state of Mandi in the Punjab, where the duty is 3 annas (3d.) per maund. These successive reductions have led to a large increase in the consumption of salt throughout India, as will appear from the table below.

Revenue from Salt.—In the year 1861 the net salt revenue was £2,933,000, with a duty ranging from Rs. 1½ to Rs. 3½ and averaging Rs. 2½. In the year 1875 the net salt revenue was £3,825,000, with the same rates of duty, and in the year 1886-87 it was £4,094,000, with a uniform rate of Rs. 2 all over India, except Burma. The following table shows the salt revenue and rate of duty in recent years:—

Year.	Issues of Salt in 100,000's of Maunds.	Duty per Maund of 82½ lbs. av.	Gross yield of Duty.
Average, 1898-9 to 1902-3	360	Rs. 2½	£ 6,002,000
1903-4	376	2	5,250,000
1904-5	394	2	5,355,000
1905-6	407	1½	4,376,000
1906-7	431	1½	4,363,000
1907-8	444	1	3,339,000
1908-9	454	1	3,276,000
1909-10	458	1	3,319,000
1910-11	426	1	3,176,000

Excise and Customs.—Excise duties in India are levied with the twofold object of raising revenue and restricting the use of intoxicants and narcotics. Over the greater part of the country licensed distillers work under supervision and pay a still-head duty before issue, according to alcoholic strength, on all liquor they make. The minimum rate of still-head duty is 15 annas per proof gallon, and the maximum rate is the same as that on imported spirit (Rs. 9 6a.). Within these limits, rates vary according to local circumstances. In tracts where the population is sparse, a distiller obtains a licence to work an out-still of limited size and capacity, on payment of a monthly duty computed to cover the probable output of the still. This out-still system is in process of abolition except in the feverish and inaccessible country between Chota Nagpur and the Godavari river, and in certain small and isolated areas where adequate control would be impracticable. The normal system which will eventually prevail over the greater part of British India is based on the grant by contract of the right of wholesale supply, and the sale by auction of the right of retail vend. Liquor shops are licensed at such places and in such numbers as the actual local demand may justify, such licences to occupy and to sell liquor at shops being usually sold to the highest bidder, subject to the conditions that the privileges of manufacture and vend must be completely separate, and that large vend monopolies, where they exist, must be broken up.

* Statistics relating to the revenues and expenditure of the Government of India are given on pages 409-410.

† Including Berar.

Retailers' Licences.—Licensed retail dealers are bound to get their liquor from a licensed still, to refuse liquor to children under 14 years of age, and intoxicated persons, to sell for cash only, and to close at specified hours. The wishes of the residents are allowed full weight when a licence for a new shop is proposed, or the transfer of an old shop is intended. Licences to open a shop, or a limited number of shops, for the sale of fermented toddy (palm tree sap), rice beer, and other fermented drinks, are usually sold by auction; and usually no distiller's or dealer's licence runs for more than a year, unless it be renewed. Hill and forest tribes are allowed to brew fermented drinks for their own use without duty. Beer brewed after English fashion, chiefly for European customers, has to pay the same duty as imported beer.

Opium and other Narcotic Drugs.—The opium revenue is raised on opium sent from India to China and other countries, partly by a Government monopoly of the production of the drug in the Ganges Valley and partly by an export duty on opium exported from native states, which is known as Malwa opium. This duty was fixed at Rs. 600 per chest from May, 1904, but was raised to Rs. 1,200 at the commencement of 1912. Poppy cultivation in British territory is now practically confined to a permitted area in the United Provinces, which is being annually further restricted. In 1911-12 the area was about 203,000 acres, as compared with about 360,000 acres in 1910-11. The Patna factory was closed in Decr., 1911, and the crude opium grown in the permitted area is now all prepared at the factory at Ghazipur. Narcotic drugs sold at licensed shops consist almost entirely of different preparations of opium and of ganja, or other kinds of hemp. Opium is consumed in all provinces of India, though opium smoking is not extensively practised, being considered bad form. The drug is largely used for medicinal purposes, usually in the form of pills, and is a common household drug. Cocaine, which was found to be coming into use as a narcotic, has recently been placed under the same legal restrictions as to sale and limit of possession as other narcotics. Tobacco is grown in nearly every village, and is smoked by most men, and by very many women and children in India; cigars, cigarettes, and manufactured tobaccos are subject to an import duty ranging from R. 1 2a. to Rs. 3 2a. per lb.; unmanufactured tobacco pays an import duty of of R. 1 8a. per lb.

Limitation of Opium Exports.—Towards the end of the year 1906 edicts were issued by the Government of China having for their object the suppression within ten years of the habit of consuming opium, and of the growth of opium, in China. Proposals were made for the co-operation of the Government of India in this object by the gradual restriction of the amount of opium exported from India to China. At the beginning of 1908 an arrangement was entered into by which the total quantity of opium (including Malwa opium) exported from India beyond seas was reduced from the hitherto existing standard of 67,000 chests by 5,100 annually to 61,900 chests in the calendar year 1908, 56,800 chests in 1909, and 51,700 chests

in 1910. Under an agreement signed in May, 1911, the cessation of the trade will be accelerated if the native production of opium in China is suppressed before the expiry of the 10 years' period and a further limitation is placed on the exports to Chinese ports. In accordance with this agreement, 44,600 chests were exported in 1911, of which 30,600 were for China and 14,000 for other countries. The gross revenue from opium during recent years is shown in the table on page 409; in 1908-09 the net revenue from opium amounted to £4,648,700 as compared with £3,575,545 in 1907-08; in 1909-10 the net revenue was £4,195,614, and in 1910-11 £6,275,305. The increases during the years 1908-09, 1909-10 and 1910-11, when the quantity of opium sold at Calcutta and exported from native states had been reduced, were due to a sharp advance in the China market, followed by a rise in prices at Calcutta, where in November, 1909, the price rose from Rs. 1,439 to Rs. 1,800 per chest, the highest obtained for half a century. In April, 1910, the price had further gone up to Rs. 3,827, and an average price of Rs. 2,892 was realized in the year 1910-11.

Customs.—The scope and rates of the import duties vary in accordance with financial needs. Before the Mutiny there was a general tax on imports at the present rate of 5 per cent. In 1859 the rate was raised to 10 per cent. to meet, in part, the financial difficulties consequent on the Sepoy mutiny. In 1864 it was lowered to 7½ per cent., and in 1875 to 5 per cent. Between 1875 and 1879 various changes in the tariff were made with the object of reducing the number of articles taxed and exempting cotton goods from taxation, and in 1882 the prosperous state of the finances enabled the Government to abolish the remaining import duties. Special import duties on arms, salt, opium, and alcoholic liquors, and an export duty on rice, were retained, and to these, in 1888, was added an import duty on petroleum. In 1893 the heavy burden thrown upon the finances by the fall of exchange made it necessary to reimpose a general duty of 5 per cent. *ad valorem* on imports. Cotton piece goods and yarns were at first exempted, but in 1896 it was found necessary to subject imported piece goods to a customs duty of 3½ per cent., a corresponding excise duty being imposed on similar goods manufactured in Indian cotton mills, in order to deprive the tax of any protective character. Since 1896 the changes made in the tariff have been unimportant, but, by reason of the growing trade of the country, the yield of the duties has risen from about £3,000,000 to over £6,000,000. On imported spirits, wines, and beer, duties are levied at rates ranging from Rs. 9 6a. per gallon on London proof spirits to 3 annas a gallon on beer. A limited number of licences to deal in imported liquors, according to the requirements of each city or tract, are granted on payment of a yearly fee, or are sold by auction to the highest bidder.

Excise and Customs Revenues.—The total of the excise and customs revenues on liquors and drugs in 1910-11 was £7,423,000 compared with £6,837,000 in 1909-10. This total gives an average of less than sevenpence a head on the

whole population of British India as the revenue charge on the drink and drugs consumed during the year.

Income Tax.—Fifty years ago the trading and professional classes contributed little or nothing to the national burdens, and the Court of Directors reported in 1858 that "nearly two-thirds of the revenue of India consisted of the rent of land." In 1860 a tax was introduced on trading and professional incomes, and incomes derived from investments. Since that time, with short intervals, during which the impost was foregone, an income tax in one shape or another has formed part of the fiscal system of India. Under the present law no incomes below Rs. 1,000 a year are taxed, and incomes from land or agriculture, being otherwise taxed, are exempt; incomes between Rs. 1,000 and Rs. 2,000 a year pay about 2 per cent., and incomes of Rs. 2,000 a year and upwards pay five pence in the rupee, equal to 2½ per cent. or 6½ pence in the pound sterling. The total number of income-tax payers is about 275,000, and the total yield of the tax in 1910-11 was £1,593,301. It should be remembered that the assets of India are mainly agricultural, and that agricultural profits are exempt from the tax.

Stamp Duties.—Stamp duties before 1858 were levied mainly on litigation and on legal documents, and they yielded in the year 1859 a revenue of less than £750,000. In the year 1860 the stamp law was revised and placed more nearly on the system followed in England. Duties were imposed on trading and commercial documents. Since that year the rates of duty have been periodically revised, and the original scale of duties has been reduced in many respects. These duties now yield a net revenue of about £4,500,000, of which two-thirds are levied from litigants in courts of justice and three-tenths on trading and other documents. The judicial stamp revenue may be regarded in the light of payment for service rendered by the costly judicial establishment rather than a tax in the proper sense of the word.

Trade and Manufactures.—The extension of roads, railways, and canals, the improvement of seaports, the increase of the cultivated area, and the abolition of internal and reduction of external customs duties have caused a great expansion of Indian trade. The exchange of commodities between one province or one district and another has increased vastly, but we have no record of the internal trade of India before 1858. In that year the Court of Directors reported that the exports and imports of merchandise by sea from and into India were valued at 25½ and 14½ millions sterling respectively, or 39½ millions for the total foreign trade. The corresponding totals for the year 1910-11 were about 144 millions worth of exports and over 112 millions worth of imports, making a total sea-borne trade of over 256 millions sterling.

In all parts of the world a large and regularly expanding trade is rightly regarded as a sign of national prosperity. While India's external trade has gone on increasing, there has arisen within her borders a great cotton spinning and weaving industry, which already competes successfully with European manufactures in Eastern markets; there has grown up a great and rapidly increasing production of Indian coal;

at the same time, new and valuable agricultural staples have been naturalised in the country. The next generation may, perhaps, see iron-works and the production of machinery conducted in India on a large scale.

In old times India was a self-contained country, where every tract, more or less, made its own clothes from its own cotton, produced its own iron and made its own tools, grew and consumed its own food. Yarn was spun, cloth was woven, iron was smelted, and tools were made on a small scale by individual workmen after rude methods. The domestic industries on India such as weaving and spinning, pottery, brass-work, iron-work, and art work of many kinds, continue to be practised after ancient methods all over the continent of India, but even before 1858 the old order was changing, and the change has been still more rapid since.

In recent years there has been much discussion in India regarding the advantages of encouraging manufactures for the purpose of securing greater diversity of occupation in a country that so largely depends on agriculture. The movement for promoting home industries, known as the *swadeshi* movement, has, in its legitimate forms, received official support. There are standing orders that stores required by Government shall, as far as practicable, be purchased in India. In March, 1909, it was ordered that purchasing officers shall in all cases give preference to articles manufactured in India from Indian materials (or from imported materials), provided that the quality is sufficiently good and the price not unfavourable.

Textiles.—Indian fabrics, made on a small scale by workers at their homes, have for years past been giving way before the cheaper cotton yarn and fabrics of British and Indian mills. Meanwhile without any protection, favour or advantage, other than is afforded by cheap Indian labour, and by the production of raw materials in India, an important manufacturing industry is growing up, and steam-power factories are at work for spinning and weaving cotton, wool, and jute. There were at the end of the year 1910-11, 250 cotton mills at work. Of these, 226 were in British India and 166 were in the Bombay Presidency, representing in all a capital of over £14,000,000. These cotton mills employed about 230,876 hands. There were also 1,057 factories for the ginning, cleaning and pressing of cotton, which employed 99,077 operatives. The industry has increased more than threefold since the year 1879. There has also been considerable progress in the jute industry; at the end of the year 1910-11 there were 58 jute mills with a capital of about £7,667,000, employing 216,390 hands. The jute presses numbered 103, with 216,883 operatives. There were also four woollen mills at work at the end of 1910, making blankets, serges, and cloths for the Army and Police.

Other large industries.—There were eight paper mills at work at the end of 1910 which produced most of the paper required in Government offices; the development of paper-making in India has for the time being been checked by competition from cheap wood-pulp paper made in Europe. Indigo factories employed 17,377 persons; iron and brass works and foundries, 24,368. In 1910 there were 24 breweries at work, which produced during the

year 4,191,000 gallons of beer; the principal customer for this malt liquor is the commissariat department, which buys for the use of European soldiers. Besides these, the rice mills, for husking and cleaning rice, and saw mills, most of which are in Burma, employ a large number of hands.

Foreign Trade.—Exclusive of government transactions, the seaborne foreign trade of India for the year 1911-12 stood in round numbers thus:—

Exports:—		
Indian merchandise ...	...	£ 147½ millions.
Foreign merchandise, re-exported ...	...	4 " "
Treasure ...	...	6½ " "
Total ...	...	£ 158½ millions.

Imports:—		
Merchandise ...	...	£ 92½ millions.
Treasure ...	...	35½ " "
Total ...	...	£ 127½ millions.

The grand total of £286½ millions was £29½ millions more than the corresponding total of the previous year.

The trade of India during the year 1911-12 was on the whole good, but there were disturbing elements, notably the labour troubles in Europe, the fall in the price of cotton, the high level of freights and the great rise in the price of sugar. The year 1911 was characterised by a notable increase in prices generally and in the cost of living. Prominent among the incidents of the year were the coronation of His Imperial Majesty and his visit to India. Increases have been registered in all the branches of trade as shown above; representing 9·7 per cent. on exports of Indian merchandise, 41·4 per cent. on re-exports of foreign merchandise, and 13·6 per cent. on imports of merchandise. The movements of treasure were specially interesting, more particularly the large imports of sovereigns and exports of silver.

Exports.—The total value of the exports of Indian merchandise in 1911-12 increased by £10½ millions, or 7·8 per cent., which is the largest on record. The chief items of the exports in the last two years were:—

	1910-11.	1911-12.
Cotton (raw) valued at	£ 24,037,000	£ 19,626,000
Cotton yarn and cloth "	7,341,000	6,519,000
Jute (raw) "	10,326,000	15,038,000
Jute manufactures "	11,327,000	10,671,000
Rice and rice flour ...	15,490,000	19,372,000
Seeds ...	16,748,000	17,962,000
Opium ...	8,509,000	8,725,000

	1910-11.	1911-12.
Wheat and wheat flour valued at	£ 9,059,000	£ 9,430,000
Tea ...	8,277,000	8,631,000
Hides and skins (raw and dressed) "	8,723,000	9,286,000
Wool (raw) "	1,890,000	1,724,000
Lac (shell) "	1,429,000	1,343,000
Pulse, millets and cereals "	1,167,000	5,509,000
Oils ...	940,000	1,061,000

There were decreases under the heads of raw cotton (£4 millions, or 18·3 per cent.) and cotton yarn and cloth (£822,100, or 2·8 per cent.), making a total decrease in cotton and its products of £5 millions, equal to 16·7 per cent. in the figures for 1909-10. Jute manufactures have fallen by £658,600 (5·8 per cent.), while raw jute has risen by £4½ millions (45·6 per cent.). There was a remarkable increase in seeds amounting to over £1 million (13·1 per cent.). For the third year in succession the exports of rice exceeded all previous records. India is the largest rice exporter in the world, and the figures in 1911-12 grew by £3½ millions, or 25·1 per cent. Wheat and wheat flour shows a small increase, but a phenomenal advance was made in pulse, millets and cereals amounting to £4½ millions, or 372 per cent. Opium, oils, tea, and hides and skins show slight increases, while raw wool and lac show decreases.

Imports.—The total value of the imports of private merchandise for 1911-12 increased by £6,147,000 (7·1 per cent.), increases being recorded in all important branches of trade. The figures for the past five years are:—

1907-08 ...	86,597,000
1908-09 ...	80,844,000
1909-10 ...	78,039,000
1910-11 ...	86,236,000
1911-12 ...	92,383,000

The chief items of the import trade were:—

	1910-11.	1911-12.
Cotton yarns and goods ... valued at	£ 29,893,000	£ 33,046,000
Sugar ... valued at	8,777,000	7,955,000
Metals and Machinery, apart from railway materials ... valued at	15,042,000	14,754,000

Articles manufactured and partly manufactured amounted to £50,839,000, forming about 55 per cent. of the total imports,

compared with 53·5 per cent. in 1910-11. Of these articles, cotton goods amounted to 36 per cent., the increase in this class being £3,153,300 as compared with the year 1910-11. Increases were registered under the heads of woollen goods, £258,435; jute, £20,575; wearing apparel, £290,275; oils, £556,479; chemicals and drugs, £158,081; hides and skins and instruments. There was a remarkable increase in the value of raw materials from £3,080,063 to £4,539,814, amounting to £1,459,751, of which £1,262,170 is due to cotton, arising from the abundance and relative cheapness of American supplies and indicating the increasing activity of the Indian mills. There were decreases of £74,020 in silk, £36,629 in building and engineering materials, £539,100 in articles of food and drink and in the value of the imports of glass.

Of India's total seaborne trade, exclusive of treasure and Government stores, 40 per cent. was with the United Kingdom, 12·3 per cent. with other British possessions, and 47·7 per cent. with foreign countries. The total shipping entered and cleared to foreign countries at Indian ports during 1911-12 was 16,616,435 tons compared with 14,984,528 tons in the previous year, an increase of 8·6 per cent.

The frontier states or regions which have the largest land trade with India are:—

	1910-11.	1911-12.
Nepal, with exports and imports of merchandise valued at...	£ 3,446,000	£ 4,387,000
Afghanistan "	1,485,000	1,479,000
Shan States "	2,108,000	2,360,000
Sikkim and Bhutan "	142,000	480,000
Dir Swat and Bajaur "	855,000	962,000
Tibet "	219,000	271,000
Western China "	431,000	361,000
Siam "	309,000	369,000

There was on the whole in 1911-12 a total trans-frontier trade in merchandise and treasure of £12,805,194, compared with £11,079,512 in the previous year.

Army.—At the end of 1856 the Indian Army consisted of 40,000 European soldiers and 215,000 native soldiers, besides 32,000 men in contingents paid by and serving in native states. At that time a large proportion of the Indian artillery consisted of native gunners. The present army of India consists of 75,751 British troops and a native army of 158,932 troops. The field and horse artillery are now manned by Europeans. The armament of the troops has been changed by successive advances from smooth-bore muskets to breech-loading magazine rifles, and the horse and field artillery are armed with 12½ and 18½-pounder quick-firing guns instead of 6 and 9-pounder smooth-bore muzzle-loaders. Railways have made the concentration of troops within India

or on its frontier ten times easier than it was in 1857. Transport and supply services have been organized, factories established for the manufacture of munitions of war, reserves of equipments and stores provided, and all arrangements made for the mobilization at short notice and maintenance in the field of a force of any strength that an emergency might require.

Officers and men, arms and horses, ammunition and matériel, commissariat and land transport, barracks and fortifications, all cost more than they did before the mutiny; while, therefore, for the year 1856 the cost of the army in India was £12,700,000, for the year 1910-11 the estimated net charge was no less than £18,073,131. There was also a charge of £837,831 for military works, including special defences. The re-armament and military progress of other countries have compelled the Indian Government to increase the efficiency and strength of its army, as well as to augment the defensive works of the country; but within the borders of India the need for troops is less than it was; the peace of the oldest provinces is secured by a moderate garrison—for instance, the two Bengals with a population of 80 millions have a military garrison of 9,700 soldiers, of whom nearly one-third are for the defence of Calcutta. The proportion of soldiers drawn from unwarlike races has been greatly reduced, while the proportion of Gurkha regiments and of soldiers from the martial races of northern India has been increased.

It may be mentioned that the health of the troops has been greatly improved by better barrack accommodation, by quartering a far larger proportion of Europeans at hill stations, and by careful sanitary precautions. For many years before the mutiny the average death-rate among European troops in India was 69 per thousand, and among native troops 20 per thousand. During the four years ending 1908 the death-rate has averaged 9·86 per thousand among European and 7·34 per thousand among Indian troops. In 1909 and 1910 the rates were 6·25 and 4·66 for British and 5·62 and 4·89 for Indian troops. The number of British soldiers invalided from India per thousand for the 4 years ended 1908 was 25·23 on the average; in 1909 it was 9·07, and in 1910, 7·7. In 1910 the mortality from enteric fever was the lowest on record, the number of deaths being only 46 (0·63 per thousand), as compared with 113 in 1909.

There are in addition to the regular army about 36,200 volunteers of European blood, of whom 31,400 were reported efficient at the end of 1908. The reserve of the Indian army numbers about 35,700 men, and will be increased gradually to 50,000. The Imperial Service troops, which are maintained for the defence of the Empire by the Indian Princes, number about 18,000, besides six transport corps. These troops are available for Imperial service when placed by the Chiefs at the disposal of the British Government, but otherwise belong absolutely to the States. They have reached a high standard of excellence and have done service in several campaigns.

Statistics relating to the army in India will be found on page 416.

Liabilities and Assets.—On the 31st of March, 1912, the debt of India amounted to £276,281,823 (viz.:—rupee debt, converted into sterling at 1s. 4d. the rupee, £93,311,810, and sterling debt, £182,970,013). There were also other obligations of the Government of India, including Savings Bank balances, Judicial and Departmental deposits, balances of Service Funds, &c., amounting to £27,128,769, and the various railway annuities, representing at present an annual charge of £3,357,300.

Up to the same date the Government of India had devoted £134,946,068 to the construction of Railways, and £35,777,210 to the construction of Irrigation Works. It had purchased from guaranteed companies (in some cases by cash

payments, in others by annuities, and in one case by the direct issue of India stock to the company) nine railways, on which, at the time of purchase, £108,092,386 had been spent from capital raised by the companies. It had lent £12,266,067 (net) to Native States, Corporations, Agriculturists, &c., and had advanced £10,578,500 (net) to Railway Companies. Other assets were the Gold Standard Reserve, on account of which £16,748,085 had been invested in sterling securities, £1,934,302 was held in rupees in India, and £1,073,710 as part of the cash balances in England; the cash balances in India, £12,280,000; and the cash balances in England, £18,389,908 (in addition to the sum held on behalf of the Gold Standard Reserve).

Burden of Taxation.—In the following rough calculation, the burden of the taxation of the people of British India is shown:—

	Accounts, 1910-11.	Revised Estimate, 1911-12.	Budget, 1912-13.
Salt	£ 2,916,767	£ 3,154,100	£ 3,166,200
Stamps	4,757,510	4,727,500	4,856,300
Excise	6,957,379	7,571,200	7,829,800
Provincial rates	552,860	555,400	549,500
Customs	6,497,001	6,406,700	6,264,900
Assessed taxes	1,583,683	1,629,000	1,636,000
Registration	424,645	431,600	442,500
Total	23,689,845	24,475,500	24,745,200
The payment per head, on the assumption that the whole of the taxation, including that on Salt, Excise, and Customs, is paid by the inhabitants of British India, is	s. d. 1 11'3	s. d. 1 11'9	s. d. 2 0'1
If the payment of Land Revenue be added, the average becomes... ..	3 7'1	3 7'7	3 8'1
For the purpose of calculating the burden of taxation the figures of population in the three years under review have been based on the census of March, 1911, an annual increase of population at the rate of one-half per cent. being assumed.			

DELHI.

The province of Delhi was created on 30th September, 1912, in pursuance of the policy announced by H.M. the King Emperor at the Delhi Durbar on 12 December, 1911, to move the capital of India and its seat of government from Calcutta to Delhi.

The new province lies on the right bank of the River Jumna, and consists of that portion of the District of Delhi (in the Province of the Punjab) comprising the Tahsil of Delhi and the police station of Mahrauli. Its area is 557 square miles, and its population (1911) 391,828. It forms an Imperial *enclave*, of which the city of Delhi forms the principal feature.

The government of the province is conferred upon a chief commissioner, but certain powers and duties are reserved to the governor-general in council, and others are exercised by the lieutenant-governor of the Punjab [see the Delhi Laws Act, 1912 (xiii of 1912), and govt. of India Notification, Home Dept., No. 1008, dated 1st Oct., 1912]. The chief commissioner exercises the functions of a commissioner of a division, financial commissioner, registrar-general of births, &c., and of joint stock companies, inspector-general of registration, and inspector-general of police. Other offices are performed by officials of the Punjab government.

MADRAS.

Extent and Area.—The Madras Presidency, officially known as the Presidency of Fort St. George, is the southernmost Province of the Indian Empire. With the five Native States of Travancore, Cochin, Pudukkottai, Banganapalle, and Sandur, which are subordinate to it, and the State of Mysore and the small British Province of Coorg, it occupies the whole of the southern portion of the Peninsula. The Madras Presidency is washed by the sea on every side but the north. From south-west to north-east it reaches for nearly 1,200 miles along the Bay of Bengal from Cape Comorin to Lake Chilka; on the west it extends northwards for 450 miles along the Indian Ocean. The northern boundaries from east to west are Orissa, the Central Provinces, the State of Hyderabad and the southernmost Districts of the Bombay Presidency. Excluding the Native States, the area is 141,705 square miles; the Native States occupy an additional area of about 10,000 square miles. The Laccadive Islands and Minicoy were in 1912 declared to be included within the Madras Presidency.

Contour and Rivers.—The Presidency consists of a narrow strip of land between the Indian Ocean and the Western Ghats, which in places rise to 8,000 feet, a broader strip between the Bay of Bengal and the Eastern Ghats, which are only about 2,000 feet high, and an elevated tract, 1,000 to 3,000 feet in height, lying between the two and stretching northwards in a triangular shape from the Nilgiri Hills, the apex where the Eastern and the Western Ghats meet. The central plateau is known as the Deccan. The rivers run from west to east, breaking through the Eastern Ghats on their way to the sea. Of the three great rivers, the Godavari, Kistna and Cauvery, the first two rise in the Bombay Presidency, while the third rises in the Western Ghats in Coorg. The deltas of these rivers are covered with wide expanses of irrigated crops, which hardly ever fail even in the severest droughts. Less important rivers are the Penner, the Ponnaiyar and the Tambraparni.

Lakes and Islands.—There are no lakes, properly so called. On the east coast the Chilka Lake in the extreme north, and the Pulicat Lake in the centre, are merely brackish lagoons separated from the sea by narrow ridges of sand. Between the deltas of the Godavari and Kistna is Colair Lake, a natural depression in process of silting up and reclamation. A string of backwaters fringes the greater part of the western coast, largest of which is the Cochin backwater. These are much used for navigation. The only islands of any importance are the Laccadives off the western coast, and Pamban, between the mainland and Ceylon.

Harbours.—In all its 1,700 miles of coast line, the Presidency does not possess a single natural harbour capable of accommodating ocean-going vessels; except Madras City, which has an artificial harbour, the ports are merely open roadsteads where ships lie at anchor and discharge their cargoes into surf-boats. Near the mouths of the great rivers these roadsteads are in constant danger of being silted up.

Rainfall.—Nearly the whole of the rainfall is carried by two chief currents, and its distribution is determined by the conformation of the hill

ranges. The chief rain-bearing current is the south-west monsoon, which blows from the Indian Ocean from the end of May to the end of September, but the Western Ghats keep most of the moisture within the limits of the coast strip, where the rainfall, due to the monsoon, varies from 100 to 150 inches. On the landward side of the range the rainfall is generally less than 25 inches, and in many places even less than 5 inches. As the force of the south-west monsoon in north-eastern India dies away the current moves and drives inland from the Bay of Bengal during October, November and December, forming the north-east monsoon. The rainfall due to this current decreases from east to west as the clouds drift inland, ranging from 25 inches near the Pulicat Lake to less than 10 inches in the Deccan.

Cyclones.—At the change of the monsoons cyclones are common along the eastern coast. In 1864 a cyclone was accompanied by a storm wave which swept 17 miles inland over 80 miles of the low coast and drowned 30,000 people. The Kistna and Ponnaiyar rivers are liable to heavy floods. Earthquakes of a mild character are fairly frequent.

Early Settlements.—Portuguese settlement began as early as 1498, when Vasco da Gama visited the western coast; by the beginning of the 16th century Calicut and Goa were occupied and for a century prospered, but fell before the progress of the Dutch, who had settled at Pulicat, Sadras and other places. In 1674 the French founded Pondicherry.

English Settlements.—The earliest English settlements within the Madras Presidency were at Nizampatam and Masulipatam, where factories were founded in 1611. The land on which Fort St. George now stands was acquired by grant in 1639. In 1641 this place became the headquarters of the East India Company on the Coromandel Coast, and in 1653 it was made a Presidency independent of Bantam (Java), hitherto the Company's headquarters, while in 1658 the factories in Bengal were placed under the orders of Fort St. George. The site of Fort St. David was purchased in 1690, and several other factories had been established before the end of the seventeenth century.

Population.—The population of the British territory in 1911 was 41,402,026; that of the Native States was 4,813,664. The great majority are of Dravidian stock, as is shown by the following table of languages spoken in Madras according to the census of 1901:—

Dravidian—	Spoken by
Tamil	15,182,957
Telugu	14,276,509
Malayalam	2,861,297
Kanarese	1,518,579
Indo-Aryan—	
Oriya	1,809,314
Hindustani	880,145
Others	1,680,635

In every 100 of the people 89 are Hindus, 6 are Mussulmans, 3 are Christians, and 2 are Animists. Seventy-one per cent. of the population are engaged in agriculture, and of these 48 per cent. have a direct interest in the land either as owners or tenants.

Agricultural Conditions.—The climate and solar heat are tropical, and, excluding the West Coast and the great deltas, the rainfall and water supply are generally uncertain and variable and often scanty, and atmospheric humidity is frequently slight. The deltas and river margins are of rich alluvial mould, and the retentive black cotton soil is found over large tracts, but owing to their geological origin and position, the soils of vast areas, including some of the black soil, are shallow and inferior. On the West Coast irrigation is unnecessary, but on the East Coast about 29 per cent. of the crops are irrigated in an ordinary year. The irrigation works include 6,000 river dams, 33,000 tanks and reservoirs, and 7,000 channels, which water 4.9 million acres and over 1 million acres of second crop. In addition about 1 million acres are irrigated by wells, which numbered 667,000 in 1900-1.

Revenue Settlement.—Zamindari settlements cover 26.3 million acres, or 29 per cent. of the Presidency; the remainder of the land consists of Ryotwari settlements. The assessment for land revenue is nominally one-half of the estimated net produce, but as vast areas are sub-leased at a half or larger share of the actual full crop, or at from twice to five times the assessment, it is clear that the nominal assessment is often one-fourth, and on richer lands a sixth or less of the net produce. There are certain deviations in the assessment in favour of the cultivators, and about 15 to 25 per cent. is deducted for vicissitudes of seasons. The average rate for "wet" land is Rs. 5-9 per acre, for which Government supplies water; for "dry" land, including gardens, the average rate is R. 1. These rates have decreased 25 per cent. since 1855, although during that period the prices of grains have doubled.

Administration.—The Madras Government consists of the governor and a council of not more than four members of the Indian Civil Service, all of whom are appointed by the Crown. Of these members two at least must have been in the service of the Crown for more than 12 years, and one member is usually an Indian. There is the usual secretariat, and a board of revenue, consisting of four members, relieves Government of the detailed control of a large proportion of the revenue administration. The board is also a court of wards. The legislative council consists of the members of the executive council and not more than 50 additional members, partly nominated by the lieutenant-governor, and partly elected. At present the number of additional members may be 44, of whom 23 are nominated by the lieutenant-governor, not more than 16 being officials, and 19 are elected members. In addition the governor may nominate two more members with expert knowledge of proposed or pending legislation, but the official members must not be in the majority.

Sub-Divisions.—The Presidency is divided for purposes of administration into 24 districts or collectorates; the chief executive and magisterial officer of each is the collector and magistrate. Each district is again divided into three or four sub-divisions under the charge of deputy collectors, the majority of whom belong to the Indian Provincial Civil Service and are recruited in India. These sub-divisions again are divided

into *taluks* in charge of native *talhsildars*. *Taluks* are divided into *firkas*, and the ultimate unit for all fiscal and administrative work is the village under a headman, an accountant and a number of menial servants under their orders. Succession to all village offices is usually hereditary. Madras contains 84 sub-divisions, 231 *taluks*, 657 *firkas* and about 55,000 villages.

BOMBAY.

Boundaries and Area.—Bombay Presidency is bounded on the north-west, north, and north-east by Baluchistan, the Punjab, and the Native State of Rajputana; on the east by the Native States of the Central India Agency, the Central Provinces, Berar, and Hyderabad; on the south by Madras and Mysore; and on the west by the Arabian Sea. The total area, including the Native States, is 188,745 square miles, with a total population of 25,424,235. In the geographical limits of the Presidency are included the Portuguese Possessions of Goa, Daman, and Diu, with an aggregate area of 1,470 square miles, and a population of 531,798.

Main Divisions.—In the north of the Presidency lies Sind, the lower valley of the Indus, cut off from the rest of the Presidency by the desert and the sea. Cultivation is, as a rule, possible only where irrigation exists, and the surface of the land is a monotonous desert. The plains of Gujarat, in the centre, are watered by many rivers, including the Narbada and the Tapi, and are the richest in the Presidency. Towards the Rann of Cutch the rich plains pass into salt and sandy waste, with a brackish sub-soil. Cutch is an island cut off from the mainland by the great salt waste known as the Rann. Kathiawar Peninsula is connected with Gujarat by a neck of low-lying land partly covered by a large lagoon, the Nal. Southwards lie the coast strip of the Konkan, and the Western Ghats with the elevated regions beyond the range.

Mountain Ranges.—The chief mountain ranges all have a general direction from north to south. In the north-west the Kirthar range separates Sind from the domains of the Khan of Kalat. In Sind there are low sandhills, and in Cutch and Kathiawar several isolated peaks and cliffs which geologically are a continuation of the Aravalli Mountains. Separating Gujarat from Central India is an extensive chain running down to the Narbada river, which forms a link between the Aravallis and the Western Ghats. The Ghats commence south of the Tapi river, and are here known as the Sahyadri Hills. The range runs down the coast for upwards of 1,000 miles, with a general elevation of 1,800 feet above sea level, though individual peaks reach to over twice that height. The western declivity is abrupt, and is seldom more than 40 miles distant from the sea. The landward slope is gentle, the crest being in many parts but slightly raised above the level of the central plateau of the Deccan. Two important ranges run east and west—the Satpura Hills (5,000 feet) between the Narbada and Tapi rivers, and the Satmala Hills which form the northern slope of the plateau of the Deccan.

Rivers.—The Presidency possesses no great rivers which wholly belong to it. Sind is penetrated by the Indus, whose waters are almost the only means of fertilizing that parched region.

The Sabarmati and Mahi water northern Gujarat, and flow into the Gulf of Cambay, into which enter also the Narbada running through the Presidency from Central India, and the Tapi from the Central Provinces and Berar. Many unimportant streams run from the Western Ghats into the Arabian Sea; the Godaveri and Kistna run eastwards across the Deccan into the Bay of Bengal.

Islands and Harbours.—There are numerous islands scattered along the coast; Cutch, Salsette, and Bombay, the most important, are separated from the mainland by creeks of salt desert or tidal mud. Anjidiv, a Portuguese possession near the port of Karwar, was one of the first places on the coast known to the ancients. The harbours of Bombay, Karachi, and Karwar alone are sufficiently landlocked to protect vessels from the south-west monsoon.

Geological Features.—The most important geological feature is the immense accumulation of volcanic rocks, principally basaltic lavas, known as the "Deccan Trap," which covers almost entirely the region between the 16th and 22nd parallels of latitude and the larger parts of Kathiawar and Cutch. South of this region occur groups of granitic and gneissose rocks. Northwards is a series of fossiliferous marine and fluviatile strata found in Cutch, Kathiawar, Surat, and Sind. In the Tapi and Godaveri Valleys are found ossiferous clays and gravels with fossil remains of extinct mammalia of upper Pliocene or lower Pleistocene age. The plains of Sind and Gujarat and the Rann of Cutch are of recent formation.

Rainfall and Temperature.—The rainfall, with the exception of occasional thunderstorms, is confined to the months between June and November, during which the south-west monsoon strikes the line of the west coast. Sind is almost rainless with a rainfall of about 2 inches; Gujarat has a more ample rainfall of 20 to 30 inches. The Konkan tracts receive 100 to 150 inches. The Kathiawar districts receive only 20 or 30 inches. The temperature is subject to great fluctuations in consequence of the variations in the rainfall, and ranges from a maximum of 126 degrees at Jacobabad in Sind to a mean of 58 degrees at the same station.

Early Settlements.—The Portuguese first came to Calicut in 1498 and settled on the island of Anjidiv in 1505. They took Goa in 1510, and settled in several other places in the same century. The British settled at Surat in 1612, and made themselves masters of it in 1759, but Surat Broach in 1772, and Salsette in 1774; but Surat was not annexed until 1800, and Broach was handed over to the Marathas in 1872.

Bombay City.—The seven islands of which Bombay once consisted were ceded to the Portuguese in 1534, by Sultan Bahadur of Gujarat. In 1626, Bombay was partly burnt by the Dutch and English, but remained a Portuguese possession until 1661, when it came into the possession of the English under the terms of the marriage treaty between Charles II. and the Infanta of Portugal. In 1665, Henry Phreay Cooke took possession of the place in behalf of King Charles, and in 1668 it was transferred to the East India Company. In 1708, Bombay became the headquarters of the Governor, and it soon became the naval base of

the Company on the west coast. The Great Indian Peninsular Railway was commenced in 1850, and in 1864 the Bombay, Baroda, and Central India Railway was completed from the north. In 1855 the first contract was made for a fortnightly mail service, which became a weekly one in 1857.

Population.—The total population of Bombay in 1911 was 27,074,570. From 1891 to 1901 the total population decreased by about 1½ millions, or 5.5 per cent., owing to famine and plague, the mortality during the period having been estimated at 3 millions. From 1901 to 1911 the population increased by 1,606,361, or 6.4 per cent. Sind has attracted many immigrants, and there are more Baluchis here than in Baluchistan. The factories and cotton mills of Bombay have also attracted many immigrants, but there were in 1901 some 600,000 emigrants from Bombay residing in other parts of India. In 1901 about 78 per cent. of the population was Hindu, 13 per cent. Muhammadan, 2 per cent. Jain, and less than 1 per cent. Christian. The classification of the people is shown by the following table of languages spoken in the Presidency in 1901:—

Indo-Aryan—	
Marathi	10,338,262
Gujarati	7,140,613
Sindi	2,934,711
Hindi	1,124,171
Dravidian—	
Kanarese	3,097,325

Agriculture.—About three-quarters of the population of the Presidency are engaged in or dependent on agriculture, and very little cultivable land remains uncultivated. The principal food crops are rice, *bajra*, *jowar*, and wheat. Of non-food crops cotton is the most important, about 5,906 square miles being, in 1903-04, devoted to this crop. In Sind tillage depends on the rise of the Indus from March to August, the fields being watered by innumerable canals and water-courses. Wells are the chief source of irrigation in the rest of the Presidency, but canals are also in use; tanks are mainly found in the South. Forests cover about 15,000 square miles.

Products and Manufactures.—Building stone and salt are the only mineral products of any importance. Small quantities of gold-dust are washed in some of the streams, and agates are found in small quantities in the Deccan and Gujarat. The 166 cotton mills of Bombay employ about 200,000 hands; 63,000 people are supported by silk manufacture, and 36,000 people live by dyeing yarn and cloth. There are three woollen mills in Bombay which employ 385 hands. Gold, silver, and brass work support many artisans all over the Presidency, and potters and wood carvers are found everywhere.

Bombay, having the finest harbour in India, has naturally attracted most of the trade with Europe. Karachi exports the produce of Sind and the Punjab. Cotton, wheat, and seeds are the main articles of export.

Administration.—The government of the Presidency of Bombay consists of the governor and a council of not more than four members, all of whom are appointed by the Crown. Of these members two at least must have been in the

service of the Crown for at least twelve years, and one member is usually an Indian. There is the usual secretariat. The Presidency is administered by four commissioners—one in Sind, and one in each of the Northern, Central, and Southern Divisions. The divisions are split up into 24 districts under the charge of collectors, deputy collectors, and assistant collectors. Control of the Native States is exercised through political agents. The legislative council consists of the members of the executive council and not more than 50 additional members in all, partly nominated by the governor and partly elected. At present the council may contain 44 additional members, of whom 21 are nominated by the governor (of whom not more than 14 are officials), and 21 are elected. The governor may nominate two more additional members with expert knowledge of subjects connected with proposed or pending legislation, but the official members must not be in the majority in the council. There is a High Court at Bombay; and in Sind a Court of the Judicial Commissioner, over which the Bombay High Court has no jurisdiction.

Land Revenue.—The land revenue system is, with few exceptions, *ryotwari*, and the settlement in force is for a period of 30 years. The rates vary from R. 1 per acre in Sind to Rs. 16-9 for garden land in the Northern Division, and form about 8 to 12 per cent. of the gross output from the land. Extensive remissions are made in years of famine or other natural calamities.

BENGAL.

Boundaries and Area.—The Presidency of Bengal is bounded on the south by the Bay of Bengal; on the east by Assam, the Lushai Hills District and northern Arakan; on the north by Sikkim and Bhutan; and on the west by the Province of Bihar and Orissa. The whole forms a governorship with an area of 78,412 square miles and a population of 45,483,077 persons. With the Native States of Cooch Behar and Hill Tippera the area is 83,805 square miles and the total population (1911) 46,305,655.

Rivers.—The Ganges enters the Presidency at about the centre of its western boundary, and skirting the Rajmahal Hills, turns south and then south-east. Here it begins to branch out over level country, and this spot marks the commencement of its delta, 220 miles in a straight line, 300 miles by the river, from the Bay of Bengal. The main channel, under the name Padma, proceeds in a south-easterly direction to Goalundo, where it is joined by the Jamuna, the main stream of the Brahmaputra. The bed is here several miles wide, and the river is split up into several channels, flowing between constantly shifting sandbanks and islands. The vast body of water rushes towards the sea and joins the great Meghna estuary, the largest and most easterly of a great number of Ganges mouths, among which may be mentioned the Hooghly, Matla, Raimangal, Malancha, and Haringhata. The most westerly and the most important branch for navigation is the Hooghly, on which Calcutta stands, and between the Hooghly and the Meghna lies the Ganges Delta. The upper angle of the delta has for

the most part been raised by silt above the level of perpetual inundation, and deltaic conditions exist only in the eastern portion and towards the base, where the country sinks into a series of great swamps, intersected by a network of innumerable channels, and known as the Sundarbans.

The Brahmaputra enters the Presidency on its north-eastern boundary where it turns southwards in its sweep round the Garo Hills after its course through the Assam Valley. Under the name of Jamuna, the river flows in a southerly course until it joins the Padma at Goalundo. The Meghna river flows into the province from Sylhet on its eastern boundary, and flows southwards into the Bay of Bengal, its estuary receiving the united waters of the Jamuna and Padma rivers.

The river systems are valuable means of communication, and many steamers ply on the numerous waterways.

Other Physical Features.—Land formation is in process at the mouths of all the rivers. Sagar Island, off the mouth of the Hooghly, has for centuries been the scene of an annual bathing festival at the point where the sacred Ganges merges into the Bay. The interlacing of the many streams in the deltaic area forms many islands which are themselves often half swamp. The largest islands are Dakshin, Shahbazar, Sandwip, and Hatia at the mouth of the Meghna River, and Kutubdia and Maikhal off the Chittagong coast.

The greater part of the low-lying areas is covered by alluvium. The Chittagong hill tracts and Hill Tippera are composed of Upper Tertiary rocks.

Climate and Rainfall.—Although Bengal is almost entirely outside the tropical zone, its climate for about two-thirds of the year, from the middle of March to the end of October, is tropical, the mean temperature being 83°. During the other months the temperature is much lower, about 64°, and the rainfall generally scanty. The south-west monsoon begins to strengthen from about the middle of May, bringing an increasingly heavy rainfall, and reaches its full strength by the middle of June. From the beginning of September the monsoon begins to fall off in strength, and has ceased by the end of October, when cool, dry, northerly land winds set in. The rainfall is everywhere abundant, and ranges from 70 to 140 inches. On 25th September, 1899, a fall of 19½ inches occurred at Darjeeling, causing numerous landslips and some loss of life. Cyclones and storm waves from time to time sweep over the estuary of the Meghna, and in 1876 a great part of Backergunge and the adjoining districts was submerged to a depth of from 10 to 45 feet. Nearly 74,000 persons were drowned in Backergunge alone, and nearly 50,000 more died from the cholera epidemic that followed. In 1897 Chittagong district was similarly devastated; nearly 14,000 persons were drowned, and nearly three times that number died of the diseases that followed. Earthquakes of considerable severity have taken place in the past, by far the worst being that of 1897.

Early Settlements.—The Portuguese began to visit Satgaon, near the Hooghly, about the year 1530, and were well established there in 1586. The Dutch formed a settlement in

1625. In 1642 the first factory of the East India Company in this Province was founded near Balasore, and in 1650 a factory was started at Hooghly. These settlements were subordinate to Fort St. George, Madras, until 1681, when they became an independent charge. Sutanuti, the northern part of modern Calcutta, was occupied by Job Charnock as his headquarters, temporarily in 1686, and permanently in 1690. By 1710 the old Fort William had been constructed, and in 1698 the three villages of Calcutta, Sutanuti and Gobindpur were purchased by the Company. In 1717, 38 more villages were purchased. The French established themselves at Chandernagore in 1688, and it is still one of their settlements, administered by the French Governor of Pondicherry.

Population.—The total population of the Presidency of Bengal on 1st March, 1911, was 45,483,077. According to the census of 1901, Hindus constitute 46 per cent., Muhammadans 50 per cent., and other religions 4 per cent. The people belong for the main part to the Bengali type. The main divisions of the people, according to language, are as follows:—

Indo-Aryan family—

Hindi (including Bihari)	1,278,724
Bengali	38,601,172
Oriya	339,877

Dravido-Munda family—

Santal	445,757
--------	---------

Agriculture.—A regular and copious rainfall, a fertile soil, and a dense population subsisting on the produce of the land are the distinguishing agricultural conditions in Bengal, but the factors of rainfall, soil and surface vary widely in different localities. Irrigation is not necessary in a great part of Bengal, but is resorted to for winter rice and a few other crops in the hill districts. In the Burdwan division rice cannot be grown without irrigation. The tracts in which periodical deposits of river silt maintain a perfectly level surface are eminently suitable for rice cultivation; in other alluvial districts the land is made suitable for rice by an elaborate system of low embankments for holding up the rain water. Jute is grown in central Bengal at considerable profit, as it can be grown in addition to other crops. Other important crops are maize, wheat, barley, gram, millet, oilseeds, sugar-cane, tobacco and poppy (opium). Tea is cultivated in Darjeeling. An experimental farm is established at Burdwan.

Manufactures.—Fine muslin is made at Santipur, cheap muslin at Dinapore, and cotton goods are manufactured at Serampore and Dinapore. Jute is worked up into gunny-bags, sails and quilts on the banks of the Hooghly, and in small quantities in many parts among the Kapali caste. Raw silk is exported from Murshidabad. There are skilled workers in silver filigree work in Calcutta. Brass and copper utensils are made in most places, the metal being usually imported in sheets from Europe. Good earthenware is made in the Burdwan District. Mats of reed and bamboo and baskets are made everywhere. Hides are largely exported. Dacca was once famous for its fine muslins, but the trade has been killed by the introduction of European goods. A bleached white cloth is still, however, manufactured by the weavers of Dacca, as is also a cloth made of

silk and cotton, and jute is here worked up into gunny-bags, sails, and quilts. Silk is made in the Rajshahi Division. Cotton carpets are made in Rangpur. Dacca is noted for filigree gold and silver work; domestic utensils of brass and copper are made everywhere, and blacksmiths and workers in iron are found in all villages. The chief port is Calcutta on the Hooghly. Chittagong, 12 miles up the Karnaphuli river, on the east side of the Bay of Bengal, is older than Calcutta, but has until lately served a limited area, the chief business being the shipment of jute, rice, and tea. Dacca lies inland on a branch of the Meghna.

Administration.—Bengal (which formerly included Eastern Bengal and Assam, Orissa, Chota Nagpur and Bihar) was under the immediate control of the governor-general of India until 1854, when a lieutenant-governor of Bengal was appointed. Assam was made a separate Province in 1874, and in 1905 a further distribution took place, when the Province of Eastern Bengal and Assam was formed. Certain districts were transferred to this new Province, Bengal receiving other areas from the Central Provinces, the net result being a decrease in the area of Bengal from about 190,000 to 148,592 square miles.

This rearranged province of Bengal was governed by a lieutenant-governor up to 1st April, 1912, when the governor-general in council ceased to be governor of the Presidency of Fort William in Bengal, and a separate governor was appointed for the Presidency, to whom was committed the charge of the whole province. The governor is appointed by the Crown. The new Presidency comprises the Burdwan and Presidency Divisions and the Darjeeling District hitherto administered by the lieutenant-governor of Bengal, and the Chittagong, Dacca and Rajshahi Divisions previously administered by the lieutenant-governor of Eastern Bengal and Assam. The Orissa, Patna, Tirhut and Chota Nagpur Divisions and the whole of the Bhagalpur Division except Darjeeling were at the same time separated from Bengal and formed into a new province, governed by a lieutenant-governor, under the title—Bihar and Orissa.

Land Revenue.—The Land Revenue of Bengal is but a small fraction, representing about 4 per cent., of the value of the produce. Most of it was permanently settled at the end of the eighteenth century, and the *samindars* and tenants have shared the benefit of the enormous increase in the value of the produce since that time, including that of land since brought under cultivation. Bengal pays a lower revenue than any other Province, except the Central Provinces, the incidence per acre being only Rs. 0-13-2 as compared with Rs. 1-7-8 for the whole of India.

BIHAR AND ORISSA.

Extent and Boundaries.—The Province of Bihar and Orissa consists of Bihar, Chota Nagpur and Orissa. It is bounded on the north by Nepal, on the south by the Bay of Bengal, on the east by Bengal and on the west by the United Provinces and the Central Provinces. Its area is 83,205 square miles, and its population 34,490,084. With the

Native States the total area is 111,853 square miles and the total population 38,432,776.

Physical Features.—The chief physical features are the River Ganges, which flows through Bihar from west to east, and the Mahanadi river with its tributaries which drains Orissa and forms a delta at its outfall into the Bay of Bengal. The Ganges receives from the Himalayas the Gandak, Kosi and Mahananda rivers; on its right bank the River Son flows from Chota Nagpur; the Damodar and its tributary the Barakar run from the same direction into the Hooghly. The Subarnarekha, Baitarani, Brahmani and Mahanadi drain Chota Nagpur and Orissa. The Chota Nagpur plateau is contiguous to the Vindhya system, and attains an altitude of 2,000 feet. Spurs of the plateau extend to the north-east to the Ganges in the Rajmahal Hills and southwards into Orissa. Chilka Lake, which is partly in Madras, is the largest lake in the province, and is really a backwater of the Bay of Bengal.

Geological Formation.—The Chota Nagpur plateau consists mainly of gneissic rocks freely interbedded with micaceous, siliceous and hornblende schists, and fringed with transition rocks carrying metalliferous lodes of gold, silver, copper and lead, of which none are remunerative. The Gondwana system of the Rajmahal Hills, the Damodar Valley, parts of Chota Nagpur and Orissa, contain coal-bearing strata. Laterite is found on the west coast, and extends northwards from Orissa to the Rajmahal range, where in places it is 200 feet thick.

Meteorological Conditions.—The climatic conditions of the province are similar to those of Bengal. Orissa has on more than one occasion suffered from disastrous famines, and it was devastated by the calamity of 1865-7. Earthquakes of considerable violence occurred in 1885 and 1897. Cyclones occasionally do great damage on the Orissa coast. The rainfall varies from 80 inches in Orissa to 42 inches in South Bihar.

Population.—The total population of the province on 1st March, 1911, was 34,490,084. The census of 1901 shows that Hindus constitute 81 per cent. of the population, Muhammadans 10 per cent. Animists 3 per cent., and other religions 6 per cent. The people belong to three types: Dravidians in Chota Nagpur, Aryo-Dravidians in Bihar, and Mongolo-Dravidians or Bengalis in Orissa. The main divisions of the people, according to language, are as follows:—

Indo-Aryan family—

Hindi (including Bihari)	24,872,637
Bengali	1,112,927
Orissa	4,221,446

Dravido-Munda family—

Santali	1,065,124
---------	-----------

Agriculture.—Copious and regular rainfall renders irrigation far less essential in the province than in some parts of India. In Orissa irrigation works exist but are seldom used. In Chota Nagpur rice cannot, however, be grown without irrigation, and rice is also irrigated in North Bihar at the foot of the Himalayas. Wheat and barley are commonly grown without irrigation. Rice is the principal crop, Patna being the centre of the great rice-growing

areas; maize, wheat and barley are largely grown, and various other cereals and pulses. Sugar-cane is grown in North-west Bihar, and indigo, though the area under cultivation of the last crop is shrinking. The poppy is grown in West Bihar and Chota Nagpur, the area under cultivation diminishing in proportion to the amount of opium required. An agricultural institute has been opened at Pusa and experimental farms are established at Dumraon and Angul.

Minerals.—Coal is the chief mining industry. The mines furnish over 85 per cent. of the total output of coal in India, and nearly the whole of the coke. The coal seams lie mainly in the Barakar and Damodar river valleys, the principal fields at present worked being at Giridih (Karharbari) in the Barakar valley, and at Jherria and Raniganj in the valley of the Damodar, all within 200 miles of Calcutta. The output of coal in 1908 was 11,559,911 tons, valued at £2,925,604, and of this about one-third was consumed by Indian railways. Iron is smelted at Barakar, and about 67,000 tons were turned out in 1907. Mica is found in the Gaya, Hazaribagh and Monghyr districts; saltpetre in Patna and Monghyr, and slate in Monghyr.

Manufactures.—Cotton goods are manufactured in the Patna District; cotton carpets and blankets in Bihar, and woollen carpets at Obra (Gaya District). The silver filigree work of Kharakpur in Monghyr is famous. Blacksmiths and workers in iron, brass and copper are found everywhere.

Administration.—The Province of Bihar and Orissa was created on 1st April, 1912, and consists of the Bhagalpur, Monghyr, Purnea and Sonthal Parganas Districts of the former Bhagalpur Division of Bengal, and the Patna, Tirhut, Chota Nagpur and Orissa Divisions of the former Province of Bengal. It is governed by a lieutenant-governor, who is appointed by the Crown on the recommendation of the Government of India.

ASSAM.

Extent and Boundaries.—The Province of Assam includes the Assam Valley Division, the Surma Valley and Hills Division and the State of Manipur. It is bounded on the east by the hill tracts of Upper Burma, on the north by Bhutan and Tibet and the Himalayas, and on the west by Bengal and Hill Tippera. The total area is 61,682 square miles, of which 8,456 square miles are in the Native State of Manipur.

Physical features.—The province includes the middle portion of the eastern drainage system of the Himalayas. The Tsan-po, which is probably identical with the Brahmaputra, is believed to enter the Assam Valley from Tibet by the channel known as the Dihang. It then flows in a south-westerly direction through the Assam Valley until it turns round the Garo Hills southwards into Bengal and joins the Ganges basin. Many tributaries join this vast river system, the largest being the Surma, which rises in Manipur and flows into Bengal, where it joins an old easterly bed of the Brahmaputra. At the eastern end of the Assam Valley a large island, known as the Majuli, has been formed by a change in the main channel of the Brahmaputra. Lake Loktak in Manipur is of a

more or less permanent description, and covers an area of 27 square miles.

Elevation and Hill Ranges.—The river valleys form alluvial plains of great fertility. The Mikir Hills in the centre of the Assam Valley contain peaks of upwards of 4,000 feet in height. The Assam range, separating the Assam valley from the Surma watershed, projects at right angles from the Burmese system, and runs almost due east and west. The central portion consists of a plateau nearly 6,000 feet above sea level. The range is known in different parts as the Naga Hills, Khasi and Jaintia Hills, and Garo Hills; the highest point in British territory is Mount Japvo in the Naga Hills, which is nearly 10,000 feet high. On the south-eastern frontier there is a succession of low ranges—the Lushai Hills, Chittagong Hills, and the Tippera Hills, which last project into the Surma Valley.

Meteorological Conditions.—The rainfall is everywhere abundant, and ranges from 93 to 124 inches. The maximum is reached at Cherapunji in the Khasi Hills, which is one of the wettest places in the world, having a rainfall of 458 inches. The temperature ranges from 59° at Sibsagar in January to 84° in July. Earthquakes of considerable severity have taken place, by far the worst being that which occurred in 1897.

Population.—The total population in 1911 was 7,059,857, of whom only 346,222 were in Manipur. Of the total population, 1½ millions were Muhammadans, 3½ millions Hindus, and 1¼ millions Animists.

Agricultural Products.—The Province enjoys agricultural advantages for which it would be difficult to find a parallel in any part of India, climate, soil, rainfall, and river systems all alike being favourable to cultivation. Rice is the staple food crop, about 4 million acres being devoted to this crop. Except in the Himalayan Tarai irrigation is unnecessary. Jute and tea are the most important crops grown for export; the area under jute being generally about 40,000 acres, that under tea about 338,000 acres. Wheat and tobacco are also grown, and about 30 square miles are devoted to sugar cane. The total area of "reserved" forest is about 3,778 square miles, and the unclassified State forests cover about 18,509 square miles.

Mines and Minerals.—The only minerals in Assam worked on a commercial scale are coal, limestone, and petroleum oil. The most extensive coal measures are in the Naga Hills district, where about 239,000 tons are raised annually and used mainly by the river steamers. Limestone is quarried in the Khasi and Jaintia Hills, in Sylhet, and in the Garo Hills. Petroleum is worked only in Lakimpur; the oil is rich in paraffin, and the chief products are light naphthas, kerosene and wax. The oil is sold locally, and the wax is exported, mainly to England. Lubricating oil is produced on the southern slopes of the Khasi Hills.

Manufactures.—Silk is manufactured in the Assam Valley, the weaving being done by the women. Cotton weaving is also largely practised by the women, and almost every house contains a loom; the cloth is being gradually displaced by imported goods of finer texture and colour. Boat building, brass and metal and earthen wares, tea manufacture and

limestone burning are the other industries apart from agriculture, which itself employs about 84 per cent. of the population.

Administration.—The Province of Eastern Bengal and Assam was formed on 16th October, 1905, and consisted of Assam, the Dacca, and Chittagong Divisions, the Districts of Rajshahi, Dinajpur, Jalpaiguri, Rangpur, Bogra, Pabna, and Malda, and the States of Hill Tippera and Manipur. Up to 1st April, 1912, the province was governed by a lieutenant-governor, with the assistance of the usual secretariat and a revenue board. On that date the Chittagong, Dacca and Rajshahi Divisions, and the administration of the State of Hill Tippera, were transferred to the new Presidency of Bengal, while the Assam Valley Districts Division, and the Surma Valley and Hill Districts Division, together with the State of Manipur, were taken under the immediate authority of the governor-general in council and formed into the chief commissionership of Assam.

THE UNITED PROVINCES OF AGRA AND OUDH.

Extent and Boundaries.—A Presidency of Agra was first formed in 1834; in 1836 its name was changed to the lieutenant-governorship of the North-Western Provinces. Oudh was annexed in 1856, and became a chief commissionership with a separate administration. In 1877 these two Provinces were brought together under the lieutenant-governor of the North-Western Provinces and chief commissioner of Oudh, and in 1902 the name of the Provinces was changed, and the title of chief commissioner dropped. The Provinces cover a total area of 107,494 square miles; the area of the two native States, Rampur and Tehri, is 5,079 square miles more. On the north the Provinces are bounded by Tibet, on the north-east by Nepal, on the east and south-east by districts of Bengal, on the south by the Central Provinces and Central India Agency, and on the west by Gwalior, Dholpur, Bharatpur, and the Punjab.

Physical Features.—In the north is the Himalayan tract, containing the hill stations of Naini Tal and Mussoorie. Nanda Devi (25,661 feet), the highest mountain in British dominions, Trisul (23,382 feet), and Nanda Kot (22,538 feet) are situated in this tract, between the central axis and the outer Himalayas. The Dehra Dun district lies partly between the Siwalik mountains and the Himalayas. Immediately below the hills is a strip of land called the Bharbar, largely covered with forests, where the mountain torrents are lost beneath a mass of boulders and gravel. Wells are unknown here, and cultivation is carried on by means of canals. Below the Bharbar is a wider strip called the *tarai*, a damp, marshy, fever-stricken tract, covered mostly with thick jungle and tall grass. About half the total area of the Provinces lies in the great Indo-Gangetic plain. On the south-west and south is part of the Central Indian plateau, broken up in the south by spurs of the Vindhya mountains. The East Satpuras on the south are geologically distinct from the Vindhya. The whole area is drained by the Ganges. The Jumna is the principal tributary of the Ganges in the Provinces, the land enclosed between these rivers being called the Doab.

The Hindan, from the Siwaliks, is a tributary of the Jumna, as is also the Chambal from Central India and Rajputana. The Ramganga and Gogra from the Himalayas, and the Gumti from the Siwaliks and the Tarai, flow into the Ganges on its left bank. Naini, Bhim, Naukuchhiya, Malwa, and Sat, each with the affix *tal*, are lakes in the outer Himalayas.

Meteorological Conditions.—The monsoon rainfall in the plains is about 40 inches, in the outer Himalayas about 100 inches, and beyond the outer Himalayas about 50 inches. The monsoon rains may come from either the Bengal or the Bombay current, and the heaviest rain is caused by the meeting of the two currents. The average temperature varies from 47 or 48 degrees in January to 107 degrees in May. The highest maximum was 120 degrees at Agra in 1878, but temperatures of 115 to 116 degrees are reached at one place or another nearly every year. Destructive storms and cyclones are rare, and none of importance have been recorded. Earthquake shocks are occasionally felt, but are not serious.

Population.—The total population in 1911 was 47,182,044, and with the dependent native States 48,014,080. The pressure on the soil is greater than in any other Province of India, the number of persons per square mile in 1901 being 445, or, excluding the 19 largest towns, 427. The three chief languages are Western Hindi, spoken by 21½ millions; Eastern Hindi (of which the official language, Urdu or Hindustani, is a dialect), spoken by 14½ millions; and Bihari, spoken by 10 millions. In 1901 Hindus numbered 40·6 millions, or more than 85 per cent. of the total population, and Mussulmans 6·7 millions, or 14 per cent. The three main physical types are Dravidian, Mongoloid, and Aryan. The majority of the people show a mixture of the first and last types. The Mongoloid type is found in the sub-Himalayan and Himalayan districts.

Agriculture.—About 66 per cent. of the people are dependent on pasture and agriculture. Rice is grown during the rains, and occupies about 14 per cent. of the cultivated area of the Provinces. Wheat is grown during the winter, and occupies about 18 per cent. of the cropped area, while gram occupies 13 per cent. and barley 10 per cent. Other crops are *jowar*, *bajra*, maize, pulse, and oilseeds. Cotton occupies 3 per cent. of the cropped area, and hemp is also grown. Opium is grown in irrigated areas. Sugar-cane occupies 3 per cent. of the area under cultivation, and is usually irrigated. Indigo cultivation is declining. The irrigated area is about one-third of the total area under cultivation, about one-fifth being irrigated from canals, and four-fifths from wells, tanks, and other sources. There are over 13,000 square miles of forests, from which the net revenue is about £80,000 a year.

Mineral Products and Industries.—Iron and copper are found in the Himalayan districts, but mining operations are not a commercial success. Gold is found in minute quantities in some of the rivers near the hills. Limestone is found in the Himalayas, but is used only locally. *Kankar*, a form of calcium carbonate, is found in beds a few feet below the surface in most parts of the plains, and is used for metallising roads and for lime making, and some-

times for building. A fine sandstone, used for dock building, municipal drains and private houses, is largely quarried in Mirzapur district. Peat is found in the Upper Doab, and coal is known to exist in Southern Mirzapur, though its extraction has not so far been commercially profitable. Salt is manufactured during the process of refining saltpetre, which is prepared from nitrous earth. Cotton weaving is carried on in most districts as a home industry. Muslin and silk are made in several towns. Blankets, cotton carpets and woollen carpets, are made in many districts. Goldsmiths, silversmiths, and blacksmiths number some 850,000 persons, while there are about 60,000 workers in brass and copper, and 370,000 in earthenware. At Cawnpore there are large cotton and woollen mills, tanneries which produce all kinds of leather goods, and sugar refineries. Cotton mills are also working in Agra, Mirzapur, and Hathras. At Lucknow there are a brewery and a paper mill.

Administration.—The Provinces are governed by a lieutenant-governor, appointed by the governor-general, with the approval of the Crown. There is the usual secretariat and a board of revenue. There are 9 divisions, divided into 48 districts, 36 of which are in Agra and 12 in Oudh. A Legislative Council was first constituted in 1886. By the Indian Councils Act of 1909 the maximum number of members was fixed at 50; but the number of members at present is 48, of whom 20 are elected and 28 are nominated by the lieutenant-governor, with the sanction of the governor-general. The lieutenant-governor has the power of nominating two expert members under the same conditions as apply in the case of the Bengal Legislative Council. There is a High Court in the Province of Agra, and a Court of the Judicial Commissioner in Oudh.

The settlement for land revenue purposes is ordinarily for a period of 30 years, and the Government share of the rental "assets," on which assessment is based, is one-half.

PUNJAB.

Extent and Boundaries.—The Punjab, or land of the five rivers, is the country enclosed by the Jhelum, Chenab, Ravi, Beas and Sutlej; but the Province includes also the table-land of Sirhind between the Sutlej and the Jumna, the Sind-Sagar Doab, between the Jhelum and the Indus, Dera Ghazi Khan and part of Mianwali District. The total area is 133,741 square miles, of which 36,532 square miles belong to Native States. The Himalayas divide the Punjab from Kashmir and the North West Frontier Province. On the west the Indus forms its main boundary with the latter Province; and the Sulaiman Mountains divide it from Baluchistan. On the south-west the Punjab adjoins Sind, and the Rajputana Desert forms its southern border. On the east the Jumna and its tributary, the Tons, divide it from the United Provinces of Agra and Oudh, its frontiers north of the latter river being contiguous with Chinese Tibet.

Mountains.—The whole of Central Punjab is a vast alluvial plain, but the north-east is formed of a section of the Himalayas. The Salt Range forms its north-western angle, and the Sulaiman Range forms the southern half of its western frontier. A few small branches of the

Aravalli Mountains traverse the extreme south-east, and terminate at the historic Ridge at Delhi.

Rivers.—The Punjab has seven great rivers, all of which rise in the Himalayas. Each stream has cut for itself a wide valley lying well below the level of the plain, and within this valley the river meanders in a narrow but ill-defined and ever-shifting channel. In the winter the stream is comparatively small, but as the mountain snows melt at the approach of the hot season, the waters rise and overflow the surrounding country, often to a distance of several miles on either side. The receding waters leave wide expanses of fertile loam or less fertile sand. The Indus is the greatest of these seven rivers; the others have already been mentioned—the Jhelum, Chenab, Ravi, Beas, and Sutlej, unite and form the Panjnad or five rivers which falls into the Indus at Mithankot; lastly the Jumna, on the eastern border, a tributary of the Ganges, is the only river of the Province which drains into the Bay of Bengal.

Geological Formation.—Geologically, the Punjab falls into three natural divisions—the plains, the Salt Range and the Himalayas. The plains consist almost entirely of Indo-Gangetic alluvium, but contain beds of sedimentary rock of Peninsular type. The salt marl of the Salt Range is found below beds of shales, regarded as Lower Cambrian, and purple sandstone, which may also be Cambrian. It is classed as Lower Cambrian or pre-Cambrian, but it also occurs at higher levels. It has no appearance of stratification, but is a soft, structureless mass, showing no signs of sedimentary origin. In it are found immense masses of rock-salt, and bands and strings of gypsum, with disintegrated patches of dolomite. Coal and limestone of Lower Tertiary (eocene) age are found. The Tibetan zone of the Himalayas affords an almost unbroken sequence of sedimentary deposits ranging from Cambrian to Cretaceous. The axis of the Himalayas consists of a broad zone of metamorphic, crystalline and unfossiliferous rocks, limestones, slates, quartzites and conglomerates. In some places the quartzites are overlain by a considerable thickness of volcanic ash. The sub-Himalayan zone consists entirely of Tertiary beds. The Upper Tertiary or Siwalik series is separated from all the older beds by one of the most marked structural features of the Himalayas, the "main boundary fault," a great dislocation which can be traced for long distances along the lower parts of the range. Sandstones and red clay form the lowest range, succeeded by many thousand feet of very soft, grey sandstone with bands of clay, overlain by conglomerates. The upper groups contain great quantities of mammalian remains of pliocene age.

Meteorological Conditions.—Over the greater part of the Punjab the climate is of the most pronounced continental character, extreme heat alternating with great winter cold; but its diversified surface modifies very largely the temperature, weather and climate in different parts of the Province. There are two well-defined rainy seasons in normal years; the first, or period of the north-east monsoons, in-cludes the "Christmas" rains which fall between the end of December and the middle of March; the second is that of the south-west

monsoon from the end of June to the middle of September. The highest average rainfall is 126 inches at Dharmasala, and the average is nowhere less than 36 inches in the Himalayas. In the plains the average is from 30 to 40 inches, but in the west and south-west lies a dry area characterized by an extremely light and variable rainfall, and extreme heat and dryness. For four months of the year nothing can be more perfect than the Punjab climate, with its bright sun and invigorating air. Severe cyclonic storms are practically unknown; hailstorms are fairly frequent, and often cause considerable damage to the crops. Earthquakes of a severe character are not uncommon, especially in the region of the "main boundary fault" of the Himalayas. In the Kangra earthquake of 1905 about 20,000 people perished.

Population.—The total population of the Province in 1911 was 24,172,201, including the Baloch tribes on the border of the Dera Ghazi Khan District, of whom 4,210,036 were in the Native States. The ethnical type is distinctly Aryan, there being few traces of aboriginal or foreign blood, if the Tibetan element in the extreme north-west be excluded. Socially the landed classes stand high, and of these the Jats, numbering 4,942,000, are the most important. By religion the Jats are essentially Hindus, and they also comprise the great mass of the Sikhs, the Sikh Jats being mainly confined to the Central Districts of the Punjab. There are nearly two million Muhammadan Jats. The Rajputs (1,798,000) are next in importance to the Sikhs; the majority of them are Muhammadans, and they furnish many recruits to the Indian army under the general designation of Punjabi Muhammadans. The Hindu Rajputs are found mainly in the north-east corner of the Punjab.

Agriculture.—Agriculture affords the main means of subsistence to 56 per cent. of the people. The Punjab is essentially a country of peasant proprietors, landholders and tenants and their families numbering nearly 13½ millions. The principal crops are wheat, grain, and barley in the spring, and maize, *jowar*, *bajra* and rice in the autumn. Cotton is grown in increasing quantities; oilseeds, hemp, sugar-cane, poppy, tobacco, tea and indigo, are other crops. The development of canals has led to a great expansion of the area under spring crops, especially wheat, rather more than half the area under this crop being irrigated. Of the whole area under cultivation 41 per cent. is irrigated, mainly from wells and canals, and 7 per cent. more is subject to inundation from the rivers. Further areas are being placed under cultivation as the irrigation scheme sanctioned in 1905 comes into operation. There are about 9,278 square miles of forest land, the surplus revenue from which produces about £40,000 a year. The main source of wealth of the Province lies in its export of wheat, of which about 500,000 tons are exported annually.

Mineral Products and Industries.—The Punjab is not rich in minerals. Saltpetre, carbonate of soda, sal-ammoniac and nodular limestone (for metallising roads), are the principal products of the plains. Saltpetre is exported to Europe. Rock-salt from the Salt Range is the most valuable mineral. Coal is mined near Dandot, in the Jhelum District, and attempts have been

made to work seams in other parts. Gold-washing is carried on at various places in the upper reaches of most of the rivers, but the industry is not remunerative. Iron of the best quality and copper ores are plentiful, but difficulties of carriage and absence of fuel have hitherto prevented smelting on a large scale. Cotton-spinning is the great domestic industry of the Province, coarse cotton cloth being woven by hand in almost every village. Finer qualities are also made, and cotton rugs, and cotton-pile carpets. Blankets and woollen rugs are produced in large quantities. Silk is imported from China, and woven along with cotton or wool, or in its pure state. The carpets of Amritsar, made of *pashm*, the fine hair of the Tibetan goat, are exported to all parts of the world. The number of workers in gold and silver goods far outnumber those in iron and steel. Brass-ware, copper-ware and earthenware are manufactured for domestic use. Ivory carving is carried on in Amritsar, Delhi and Patiala.

Administration.—The Province is governed by a lieutenant-governor appointed by the governor-general, with the approval of the Crown. There is the usual secretariat. The civil administration is carried on by the Punjab Commission, a body now exclusively recruited from the Indian Civil Service, though before the formation of the North-West Frontier Province one-fourth of the cadre was drawn from the Indian Army. There are 5 Divisions, 29 Districts, and 43 Native States. By the Indian Councils Act of 1909, a Legislative Council, consisting of not more than 30 nominated and elected members, was authorized. The Council at present may consist of 5 elected members and 21 members nominated by the lieutenant-governor, of whom not more than 10 may be officials. The lieutenant-governor may nominate 2 members having expert knowledge of subjects connected with proposed or pending legislation; but the number of officials in the Council must not be in the majority.

Land Revenue.—The settlements of land for the purpose of assessing the land revenue are usually in force for a term of 20 years, and assessments have generally been noted for their moderation. The land is divided into two main classes, irrigated and unirrigated; and in the latter is included moist (*sailab*) land, not actually irrigated, in river valleys and on the banks of hill torrents. *Sailab* land on hill torrents is sometimes assessed at Rs. 4 per acre; other unirrigated land pays from 3 or 4 annas to Rs. 2 or Rs. 2-8 per acre. The assessment of canal-irrigated land varies according to the value of the advantages conferred by the canal. Land irrigated by wells pays 12 annas to Rs. 6 or Rs. 7 per cultivated acre.

CENTRAL PROVINCES.

Extent and Boundaries.—The Central Provinces comprise a large portion of the broad belt of hill and plateau country which lies between the plains of Hindustan and the Deccan. The area is 113,281 square miles, of which 82,093 are British territory, the remainder held by feudatory chiefs. The Province is bounded on the north and north-west by the Central India States and the United Provinces;

on the west by the States of Bhopal and Indore and by a part of Bombay; on the south by Berar, the Nizam's Dominions and part of Madras; and on the east by Madras and the Tributary States of Bengal. They are thus enclosed on nearly every side by Native States. Berar, with an area of 17,710 square miles, is leased in perpetuity from the Nizam of Hyderabad, and has been administered by the chief commissioner of the Central Provinces since 1st October, 1903, but this descriptive account generally treats of the Central Provinces without Berar.

Physical Features.—In the north-west the districts of Saugor and Damoh lie on the Vindhyan or Malwa plateau, the southern face of which (the Bhanrer Range) rises almost sheer from the Nerbada Valley. The general elevation of the plateau is from 1,500 to 2,000 feet. On the south of the Nerbada Valley are the Satpura Hills, which stretch across the Provinces in the shape of a triangle, from the apex of which the Tapti River runs down into Bombay. On the east the northern extremity of the base of the triangular plateau is known as the Maikal Range, in which the Nerbada River has its origin. The Wardha and Wain-ganga Rivers also rise in the plateau; they drain the Nagpur Plain and run down to the Penganga River, on the southern boundary of the Province, which on its junction with these streams becomes the Pranhita, a tributary of the Godavari. The Mahanadi, with its feeders, drains the great plain of Chhattisgarh in Raipur; the Seonath, an important tributary of the Mahanadi, drains the northern part of Raipur. The Deccan trap covers a large area. The Satpura Range, the basin of the Godavari in Nagpur, the Wardha and Chanda Districts, and Bilaspur are the main areas of the Gondwana rocks. The Vindhyan series, consisting principally of sandstones, shales, and limestones, extend into Damoh, Raipur, Bilaspur and Bastar. Gneissic rocks, the oldest formation, cover large portions of the plateau districts, and underlie the more recent formations in the Nagpur and Chhattisgarh Plains.

Population.—The population of the districts now comprised in the Province was, in 1911, 16,035,043, including 2,117,406 in Native States. The ethnical constitution of the population can best be illustrated by the following table of languages spoken in 1901:—

Hindi	...	6,111,016
Marathi	...	2,106,872
Oriya	...	702,635
Telugu	...	93,856
Dravidian dialects	...	730,097
Munda	...	74,305

About 94 millions, or 82 per cent. of the people, are Hindus, 1½ millions are Animists, 300,000 Musalmans, 48,000 Jains, and 26,000 Christians. **Agriculture.**—The Province is essentially agricultural, about 75 per cent. of the total population being either wholly or partly maintained by agricultural labour. Wheat, linseed and grain are largely grown in the heavy black soil of the Nerbada Valley and the level portions of the Vindhyan and Satpura plateaux. Cotton and *jowar* are grown in the shallow black soil lying over the surface of basaltic rock, while in the sandy and stony uplands only cheap millets

can be produced. Rice is the most important crop in the Province, covering about 7,000 square miles, or 24 per cent. of the total cropped area, in the level plains near the rivers from which the rice fields can be irrigated. Forests cover about 44,000 square miles, or 38 per cent. of the total area of the Province, and produce a surplus revenue of about £30,000 a year.

Mineral Products and Industries.—Coal measures occur in various parts of the Province in the Barakar group of Gondwana rocks, and mining operations take place in the Mohpani field, near Gadarwara, in Chhindwara, and at Handar, near Warora. Iron ores of good quality occur in various places, the best known centres being Sihora in Jubbulpore, and Tendukheda in Narsinghpur. Manganese ores are found in several districts, the most important mines being in the Ramtek tahsil of Nagpur district. Limestone, fullers' earth and building stone are found in several places. The principal manufactures are silk-weaving, cotton-weaving, &c., gold and silver work, brass, copper and bell-metal work, and the making of glass bangles. Pottery, bamboo-work and blanket-weaving are of somewhat less importance. There are cotton mills at Nagpur, Hinganghat, Jubbulpore, Pulgaon, and Raj-Nandgaon in the Nandgaon State. Jubbulpore possesses also a brewery, some pottery works, and the central gun carriage factory, which was opened in 1905. There is a match factory at Kota in Bilaspur, and a brick and tile factory belonging to the Government at Warora.

Administration.—The administration of the Central Provinces is conducted by a chief commissioner, assisted by three secretaries. The Province is divided into four divisions and 18 districts. The 15 Feudatory States are controlled by a political agent. The legislative authority is the governor-general's council. The judicial commissioner is the highest court of appeal; he is assisted by an additional commissioner for the Central Provinces, and another for Berar. The period now adopted for land revenue settlements is 20 years, but settlements have been made for various terms. In *samindari* estates the revenue is fixed at a favourably low rate, as a rule not exceeding 40 per cent. of the "assets"; in *ryotwari* settlements the whole of the ryot's payment is taken as the Government revenue, subject to a small drawback to the managing headman for the trouble of collection.

BURMA.

Area and Boundaries.—Burma is the name given to the country stretching along the western edge of that portion of the Continent of Asia which lies between the Bay of Bengal and the China Sea and is known generally as Indo-China. It has an area of approximately 237,000 square miles, of which 169,000 are under direct British administration, while 68,000 belong to dependent native States. Due north, the boundary between Burma, Tibet, and China has not been precisely determined. Assam, Manipur, the Lushai Hills, and the Chittagong Hill tracts hem it in on the north-west, and its western border is the Bay of Bengal. Its north-eastern and eastern frontiers march with the Chinese Province of Yunnan, the Chinese-Shan

and the Lao States, the French possessions in Indo-China, and the kingdom of Siam; and on the south it is bounded by that portion of Siam which forms part of the Malay Peninsula. Its extreme width is about 500 miles, and its extreme length about 1,200 miles. The Chinese name for Burma is "Mien," and the Burmese name is written "Myanma," though ordinarily pronounced "Bama."

Rivers.—The valleys of the Irrawaddy, Chindwin, and Sittang, form a narrow plain running down the centre of the province and widening out into the delta country on either side of Rangoon. This central level is enclosed by hill ridges—in the north by the Kachin, in the west by the Chin, and in the east by the Shan and Karen Hills. The Irrawaddy traverses the greater part of the province from end to end for 900 miles, emptying itself into the Bay of Bengal between Rangoon and Cape Negrais; its principal tributaries are the Mogaung, Taping, Shweli, Myitnge, Ma, Chindwin, and the Yaw. The next most important river of Burma is the Salween or Nam Kong, lying to the east of the Irrawaddy, beyond the fringe of the chain of hills which encloses the central level. It is believed to rise in Tibet, and runs for 600 or 700 miles before entering British territory; thence it ploughs between steep hill ranges until it reaches the Gulf of Martaban, near Moulmein. The Sittang is about midway between the Salween and Irrawaddy, and runs into the Gulf of Martaban between Moulmein and Rangoon. Rangoon is at the junction of three rivers—the Hlaing or Rangoon River, the Pazundaung Creek, and the Pegu River. Various streams rise in the hills along the coast, run south for greater or shorter distances, and empty into the sea. The most important of these are the Kaladan, in Arakan, the Tavoy, and the Tenasserim. For a distance of between 50 and 100 miles the Mekong forms the boundary between the Shan States and French Indo-China.

Hills.—Outside the Irrawaddy delta and the plains round Mandalay there is but little level land in Burma. In the extreme north the country is a labyrinth of hills, and all the main hill systems of the province start from here or even from the Tibetan plateau farther north. Southwards the chains diverge and form lines, but in the north it is impossible to classify the densely massed hills. West of the Irrawaddy River lies the Kumon range, running from Hkamti Long towards Mogaung. The Taungthlonlon (5,652 feet) marks the northernmost point of the ranges running southwards from the Kumon range. The Jade Mines tract lies opposite the Kumon on the other side of the Hukawng Valley, the cradle of the Chindwin River. Bordering the river on the west are the Naga and Manipur Hills, with peaks running to 12,000 feet. These ranges form the western frontier of Upper Burma; further south the range is known as the Chin Hills, the Arakan and Pakokku Hills; and in the extreme south, towards Cape Negrais, as Arakan Yoma. On the eastern side of the Irrawaddy is a succession of mountain chains and plateaux separating the valley of that river from the rocky trough in which the Salween rushes to the sea. In the extreme north are the Kachin Hills, southwards are the Shan Hills, Karen Hills, and the Paunglaung range. On the other side of the

Salween are masses of hills forming the Salween-Mekong watershed, with spurs stretching down into Tenasserim. The Pegu Yoma separates the valleys of the Irrawaddy and Sittang. The Popa is a volcanic peak, nearly 5,000 feet high, standing in the central plain of Burma.

Lakes and Islands.—There are few considerable stretches of water. The Indawgyi Lake, in the west of Myitkyina district, is the largest lake, being 16 miles long by 6 broad. The Inle Lake, in the Southern Shan States, is nearly as large as Lake Indawgyi, but it has greatly diminished in size in recent years. Meiktila Lake, near Meiktila, is artificial. The Inna Lake in Prome district; Lake Tu, in Henzada; and Lake Inyegyi, in Bassein, are the three most conspicuous inland waters of Lower Burma. Islands are plentiful all down the shores of Burma. The largest is Ramree, off the Arakan coast; near it is Cheduba. The Cocos Islands, which belong administratively to Burma, are not inhabited by permanent residents, and are only visited occasionally by coco-nut gatherers. Bilugyun Island is at the mouth of the Salween. The Mergui Archipelago stretches along the coast of Tenasserim; Tavoy, King, Sullivan's, Elphinstone, Ross, Kisseraing, and Domal Islands are of considerable extent. The islands of this group are rocky, and sparsely inhabited. There are few good natural harbours in the Province; the principal ports, excepting Akyab, Kyaukpyu, and Mergui, are situated on tidal rivers at some distance from the sea.

Geological Formation.—The Chin Hills and Arakan Yoma are partly composed of sandstones, shales, and limestones, probably of cretaceous age, but for the most part of rocks containing tertiary fossils, extending from the nummulitic to the miocene period. The Pegu Yoma consists of shales and sandstones of more recent formation. Petroleum is found in the Pegu Yoma shales, as well as coal and amber. The hills of the Ruby Mines district and the Shan States, and the Karen Hills contain rocks older than tertiary, ranging from the primary gneisses of pre-Cambrian age to mesozoic. The gneisses of the Ruby Mines district contain bands of crystalline limestone in which rubies, sapphires, and spinels occur. Thick seams of lignitic coal are found in the beds of the Shan plateau, near Lashio. In the hills running along the Siamese border are palæozoic beds and gneissic rocks in which tin is found.

Meteorology.—Burma has long enjoyed an unenviable notoriety in the matter of climate, but is slowly outgrowing its reputation as an irredeemably pestilential region. Malarial diseases are very prevalent in certain localities, but jungle-clearing and conservancy have worked wonders in the past few years, and the majority of places inhabited by Europeans are as salubrious as average stations in the East. The rainy season extends from May to October. The average annual rainfall varies from 200 inches at Tavoy and 187 inches at Akyab to 31 inches at Mandalay and 44 inches at Maymyo. The average mean temperature ranges from 88° at Mandalay in May to 70° in January at the same station. At Maymyo (a hill station) the mean temperature ranges from 71° in May to 53° in January. Storms and cyclones occur during the rainy season, being most frequent in May.

Population.—The total population of the province in 1911 was 12,115,217. In 1901, 989,938 persons dwelt in towns, and 9,500,686 in rural areas. The indigenous languages of Burma belong to the Mon-Khmer and Indo-Chinese families of languages, except Daingnet, a corrupt form of Bengali, spoken in Akyab district, and Salon (Selung), the speech of the sea-gypsies of the Mergui Archipelago, which is said to belong to the Malay group of languages. Caste is unknown as an indigenous institution in Burma. In 1901, 88.6 per cent. of the people were Buddhists; the remainder were Animists, Muhammadans, Hindus, and Christians.

Agricultural Products.—The great majority of the people are agriculturists. Rice is grown wherever there is suitable land and sufficient moisture. In the dry zone of Upper Burma, sesamum, maize, *jowar*, cotton, beans, wheat, and grain are grown largely in place of rice. Wheat and grain are grown in the better kinds of lowland soil, and beans and maize are sown in the rich alluvial soil left behind by the flood waters of the rivers. Cotton is grown in some tracts of the dry zone, as is also the toddy-palm. Tobacco is grown in the alluvial land; chillies, sugar cane, onions, plantains, mango trees, pineapples, and oranges are also widely grown. Tea is grown in the Shan States, and also opium, which is used almost solely for home consumption. Irrigation by canals, wells, and tanks is necessary for the cultivation of rice crops in Upper Burma.

Fisheries and Forests.—The fisheries of Burma are important, financially and otherwise. From time immemorial the exclusive right of fishing in certain classes of inland waters has belonged to the Government, and is usually sold by auction. Here and there along the coast are turtle banks, which yield a profit to Government. The waters of the Mergui Archipelago abound with fish. Pearl fishing is carried on by the natives. The forests of Burma yield a surplus of about £330,000 a year. Teak is the most valuable timber exported, the out-turn being about 30,000 tons a year. The total exports of forest produce amount to about 220,000 tons, valued at about £1,500,000.

Mineral Products and Industries.—Petroleum is extracted in Arakan, and tin in Tavoy and Mergui districts, but hardly anything in the shape of regular mining operations is carried on in the rest of Lower Burma. The principal oil-bearing areas are in the dry zone of Upper Burma; gold, rubies, jade, amber, and coal have been found in paying quantities only north of the 22nd parallel of latitude. Coal has been found in the Northern and Southern Shan States, and to the west of the Chindwin River, in the Upper Chindwin district, in Thayetmyo, in Mergui, and in Shwebo district. Iron is found in the Shan States, Mergui, and elsewhere, but it is not systematically dealt with, and iron-smelting is a purely local village industry. Mogok is the headquarters of the ruby mining area; the mines are situated in the hills, 60 miles east of the Irrawaddy, and about 90 miles from the city of Mandalay. The domestic industries of the people include cotton-weaving, silk-weaving, gold and silversmiths' work, brasswork, the making of earthen vessels

for cooking, lacquer work, the making of sandals, matmaking, and cart and boat building.

Administration.—Burma was constituted a lieutenant-governorship in 1897. There are 8 commissioners' divisions and 37 districts. A legislative council was created in 1897; by the Indian Councils Act of 1909 the council may consist of 30 nominated and elected members, but at present the council consists of 17 members only. One member is elected by the Burma Chamber of Commerce, and 16 members are nominated by the lieutenant-governor with the sanction of the governor-general, of whom not more than six are officials; the rest are non-officials, of whom not less than four are selected from the Burmese population, and one from the Indian, and one from the Chinese communities. The lieutenant-governor may nominate two members having expert knowledge of subjects connected with proposed or pending legislation but the official members must not be in the majority in the council.

NORTH-WEST FRONTIER PROVINCE.

Boundaries and Area.—This Province was constituted on 9th Nov., 1901, and, as its name denotes, is situated in the North-West Frontier of the Indian Empire. On the north it is shut off from the Pamirs by the mountains of the Hindu Kush, on the south it is bounded by Baluchistan and the Dera Ghazi Khan District of the Punjab, on the east by Kashmir and the Punjab, and on the west by Afghanistan. The approximate area is 38,665 square miles, of which only 13,193 are British territory, the remainder being occupied by tribes under the political control of the agent to the governor-general in the five political charges of Dir, Swat and Chitral, Khaibar, Kurram, Tochi and Wana.

Physical Features.—The Hindu Kush Mountains run almost due east and west along the north-eastern and northern frontiers of the Province. Chitral in the north is a region of deep valleys and lofty ranges, for the most part bare and treeless. Farther south lie the thickly wooded hills of Dir and Bajaur and the fertile valleys of the Panjkora and Swat Rivers. South-west of this Agency are the Mohmand Hills, a rough and rocky tract with little cultivation. Farther south lies the narrow gorge of the Khyber Pass, and south of the Pass is Tirah, a maze of mountains and valleys, held by the Afridi and Orakzai tribes and bounded on the north-west by the Safed Koh. This range forms the boundary of the Province further west and flanks the Kurram Valley, which stretches south-eastwards from the great peak of Sikaram, in which the Safed Koh culminates, and the Peiwar Kotal Pass to the western extremity of the Miranzai Valley in Kohat. South of Kurram lies Waziristan, a confused mass of hills, intersected on the north by the Tochi Valley and on the south by the gorges that descend to the Wana Plain. The hills are for the most part barren and treeless; the valleys form fertile and well-irrigated dales. The Wazir Hills in Southern Waziristan merge into the Sulaiman range, the highest point of which is the far-famed Takht-i-Sulaiman. The Outer and Mid-Himalayan ranges meet in the Hazara

District, east of the Indus. The Black Mountains lie between the Indus and Kunhar rivers in Hazara. With the exception of the Kunhar River in Hazara, which flows into the Jhelum, the whole Province drains into the Indus. The tributaries of the Indus on its eastern bank are the mountain streams of Hazara; on its western bank the chief tributaries are the Landai and Kurram. The Landai is the name of the river formed by the Kabul and Swat Rivers; the Chitral, Panjkora, and Bara all drain into the Landai. The Tochi River runs into the Kurram.

Meteorology.—Climatic conditions are extremely diversified, the Dera Ismail Khan District being one of the hottest areas in India, while in the northern mountain region the weather is temperate in summer and intensely cold in winter. The air is generally dry and the daily and annual ranges of temperature are frequently very large. There are two wet seasons: one the monsoon, the other in winter when storms from Mesopotamia, Persia and the Caspian districts bring widespread rain and snowfall. Both sources of supply are precarious, and not infrequently one of them fails. The lightest annual rainfall is that of Dera Ismail Khan (9 inches), the heaviest that of Hazara, Abbottabad having a rainfall of 45 inches. The temperature in Dera Ismail Khan rises during the hottest part of the year to between 115° and 122°; in Peshawar it is between 114° and 120°. In the cold weather it is about 61° at Peshawar, and 65° at Dera Ismail Khan.

Population and Agriculture.—The population of the districts and administered territories in 1911 was 2,196,933; of the agencies and tribal areas, 1,622,094. The Pathans are the most numerous and important class; next in order come the Awans, Gujars, Jats, Saiyids, Tanaolis, Malliars, Dhunds, Balochs, Rajputs, &c. Pathan denotes status, and is not now a racial term; the Pathan tribes are mainly of Iranian origin. It is estimated that over 90 per cent. of the people of the Province are Muhammadans. The majority are agriculturists; other occupations are cotton weaving, leather working, iron and wood work, and the making of earthenware. Wheat, cotton, tobacco, clover, maize, barley, oilseeds, and sugar are the chief crops; rice is but little cultivated. Fruit is exported from Peshawar District to other parts of India. Of the total area cultivated 25 per cent. is irrigated by canals and 2 per cent. by perennial streams. Larger areas are about to be brought under irrigation by the waters of the Swat, by tunnelling under the Malakand Pass, and of the Indus.

Border Trade.—The Province owes its commercial importance to the fact that it lies across the great trade routes which connect India with trans-border tribal territories and the marts of Afghanistan and Central Asia. The Malakand Pass is the main route for imports from Buner and Bajaur which go to Naushahra. The bulk of the commerce with Afghanistan comes down the Khyber Pass to Peshawar, and some of it reaches Kohat by the Gomal and Tochi Valleys or by the Peiwar Kotal and the Kurram Valley. The Chuhr Khel Dhana and Vihova Kharr routes, once important, are being abandoned for the railway route through Baluchistan. The trade with Bokhara, once

important and lucrative, has steadily declined and is being diverted to the Batoum-Bombay sea route. The main articles of import are sheep, goats, grain, pulses, hides and skins, cordage, mats, oil, timber, silk, wool, fruit and vegetables. The chief exports across the border are cotton piece goods, twist and yarn, salt, sugar, tea, tobacco, hardware, metals, leather, dyeing materials, silver and coin.

Administration.—The Province is in the control of a chief commissioner who is also, in the political areas, agent to the governor-general. There are five districts and five political agencies administered by officers of the Indian Civil Service, military officers of the Political Department of the Government of India, and the Punjab Commission. The canals of the Peshawar District are under the control of the Punjab Irrigation Department; the control of the finances is exercised by the accountant-general of the Punjab. There is no legislative council, the Province having been withdrawn on its formation from the jurisdiction of the legislative council of the Punjab. The court of the judicial commissioner also then took the place of the chief court of the Punjab. The revenue and expenditure of the Province are wholly Imperial.

The character of the land tenures in the Settled Districts resembles those of the Punjab, and the method and standard of assessments are the same, but in some districts, for political reasons, they are lighter. Of the agencies only Kurram and the Tochi Valley pay land revenue to the British Government.

BALUCHISTAN.

A tract of mountainous country, whose coast is continuous with the north-western seaboard of the Indian Peninsula; bounded on the north by Afghanistan, on the east by Sind, on the south by the Arabian sea, and on the west by Persia. It extends from lat. 24° 50' to 30° 20' N., and from long. 60° 40' to 69° 45' E.; area, 132,315 square miles; population (partly estimated), about 909,000. The country is inhabited by two distinct races, the Brahui and the Baluch. These are each divided into numerous classes, and although Baluchistan derives its name from the latter, the Brahuies are considered the dominant people, and from amongst them the rulers of the country are always selected. The population of British Baluchistan in 1911 was 414,412, and of the Baluchistan States, 396,432.

The first occasion of British intercourse with Baluchistan was when, in 1839, the British Army advanced through the Bolan Pass towards Afghanistan. Owing to the hostile attitude of its ruler, it was found necessary to occupy Kalat, the Khan himself being killed in the assault. Three treaties have been concluded with the Baluchis (in 1841, 1854, and 1876), the two last binding them to subordinate co-operation with the government of India. By the terms of the treaty of 1876, the Quetta district was leased to that government, and has been administered by British officers since 1877. British Baluchistan was incorporated with British India in 1887, and was divided into two districts—Quetta-Pishin and Thal-Chotiali. Quetta is joined to the railway sys-

tem of India by a loop of the Sind-Pishin railway running from Sibi through the Bolan Pass to Bostan, and is the headquarters of a division of the Indian Army. Other areas under direct British administration are Zhob, Bolan, and Chagai. The rest of the country is occupied by the native states of Kalat and Las Bela (*see* page 398), and by the Marri and Bugti tribes.

NATIVE STATES.

That the territories of the Native States of India occupy no small proportion of the entire Indian peninsula and contain over one-fifth of the whole population of the country will be seen from the statistical table printed at page 402. The names of the principal chiefs, and the salutes allowed to each will be found at pages 194—199.

Many of the feudatory states are governed almost independently by their own rulers, but they are all subject in a greater or less degree to supervision and guidance at the hands of the British Government. They may be divided into two main heads: (1) states having direct political relations with the government of India; and (2) states having direct political relations with the several local governments of India.

STATES UNDER THE DIRECT SUPERVISION OF THE GOVERNOR-GENERAL IN COUNCIL.

1. **Hyderabad.**—The Hyderabad State is roughly co-extensive with the Deccan or central plateau of Southern India, and takes its name from its capital city. The total area of the territory governed by the Nizam is 82,698 square miles, containing (1911) a population of 13,374,676, about one-tenth being Muhammadans. The ruling dynasty is of Turkoman origin, the name of the first sovereign being Chin Kilich Khan, also known as Asaf Jah, who was appointed to be Viceroy of the Deccan with the title of Nizam-ul-Mulk in the year 1712. During the dissensions in the empire subsequent to the death of Aurungzeb, Asaf Jah succeeded in asserting his own independence. The Assigned Districts of Berar were assigned to the British Government in 1853 to meet the cost, including arrears of pay, of the Hyderabad Contingent, an auxiliary force of four cavalry regiments, four batteries of field artillery, and six regiments of infantry. The *raison d'être* of this force was primarily that it might be of use to the Nizam, but it was available also under treaty for general service with British troops when required. In 1903 it was delocalised and incorporated into the native army of India. The surplus revenue derived from Berar, after paying for the cost of the administration, was paid to the Nizam's government. In 1903, however, the permanent administrative control of Berar was acquired by the British Government on a perpetual lease, by agreement with the Nizam, and for administrative purposes the Districts were incorporated in the Central Provinces. Revenue of Hyderabad, about £1,760,000.

2. **Mysore.**—The Mysore State is situated in Southern India, between 11° 40' and 15° N. lat., and between 74° 40' and 78° 30' E. long., and is surrounded on all sides by British territory. Its total area is 29,433 square miles, and it contains (1911) a population of 5,449,800. The inhabitants are almost exclusively Hindus, who constitute more than 94 per cent. of the whole population. In early times Mysore was the principal seat of

the Jains, who have left many interesting memorials of their occupation. The state has always been under Hindu rulers, except during the short interval caused by the usurpation of power during the 18th century by Haidar Ali and his son, Tipu Sultan. After the death of the latter, at the capture of Seringapatam in 1799, the English restored a representative of the ancient line in the person of Krishna Raj, son of Chama Raj of Arakotara. His subsequent misrule, when admitted to power on attaining his majority, led to the resumption of the administrative control of the province by the British government in the year 1831. The government, however, continued to be carried on in the name of the native prince, and at his death an adopted son was recognised as successor. This chief, since dead, was duly installed on coming of age in 1881. The British chief commissioner thereupon handed over office to the native diwan, and a political resident was appointed to represent British interests. Revenue of Mysore, about £1,574,000.

3. **Baroda.**—This state includes all the territories of his Highness the Gaekwar. Its total area is 8,099 square miles, and it contains (1911) a population of 1,952,692 souls, the majority of whom (over 79 per cent.) are Hindus. The province of Gujarat was at one time included in the Mughal empire, but, in the early part of the eighteenth century, the Mahrattas, under the leadership of Damaji Gaekwar, and afterwards of his son, Pilaji, succeeded in wresting all power out of the hands of the Mughal officers. From that time Baroda has remained continuously under the sway of the Gaekwar family, who held it in the first instance under the Mahratta Peshwa subject to a tributary payment, but afterwards threw off their allegiance and became feudatory to the British government under the guarantee of a treaty executed in the year 1817. The British government is represented at the court of the Baroda State by a political officer, called the resident and agent to the governor-general. Revenue of Baroda, about £1,060,000.

4. **Kashmir and Jammu.**—This native state includes, in addition to the district of Kashmir proper, Jammu, Poonch, and the governorships of Ladakh and Gilgit. Subordinate to it are the petty chiefships of Hunza and Nagar. The area is estimated to be 80,900 square miles. The population, according to the census of 1911, amounts to 3,157,352. Kashmir became part of the Mughal empire in 1586 A.D., but it was afterwards subjugated both by the Afghans and the Sikhs. At the time of the Sikh war the state was under the government of Gulab Singh, a Sikh officer, who ruled as a feudatory of the Maharaja of the Punjab. After the victory of the British forces in 1846, the possession of the kingdom was confirmed to Gulab Singh, under certain specified conditions of alliance and subordinate co-operation, by a separate treaty executed at Amritsar in the same year. A political resident is permanently stationed in Kashmir. The ruling family is Hindu, but about three-quarters of the inhabitants of the country are Muhammadans, and

chiefly of the Sunni sect. Revenue, about £700,000.

5. **Baluchistan Agency.**—In this Agency are included the native states of Kalat, Kharan and Las Bela. The Khan of Kalat is head of the Baluchistan tribal chiefs whose territories are comprised under the following divisions:—Jhalawan, Sarawan, Makran, Kachhi, Domki-Kaheri-Umrani, and Nasirabad Niabat. These districts form what may be termed Kalati Baluchistan, and occupy an area of 71,593 square miles. The inhabitants of the country are either Brahuies or Baluchis, both being Muhammadans of the Sunni sect. The country is sparsely populated, the total number being (1911) 470,336. It derives its chief importance from its position with regard to Afghanistan on the north-western frontier of British India. The Khan of Kalat is under a treaty obligation of subordinate co-operation with the British government. The governor-general's agent in Baluchistan conducts the relations between the government of India and the Khan, and exercises a general political supervision over the district. Revenue, about £51,000. Kharan extends in a westerly and south-westerly direction from near Nushki and Kalat to the Persian Border. Its area is 14,210 square miles, it has a population of 19,610, and an average annual revenue of about £6,000. Las Bela is a small state occupying the valley and delta of the Purali river, about 50 miles west of the Sind boundary. Area, 6,441 square miles; population, 56,109, chiefly Sunni Muhammadans; estimated revenue about £15,000.

6. **Rajputana Agency.**—Rajputana is the name of a great territorial circle, situated between 23° and 30° N. lat., and between 69° 30' and 78° 15' E. long. Within these limits are twenty native states, having each its own autonomy and separate chief, together with the British district of Ajmer-Merwara. Of the Native States, 17 are Rajput, 2 are Jat (Bharatpur and Dholpur), and 1 only is Muhammadan (Tonk). Their combined area is 127,541 square miles, and they contain a population (1911) of 10,530,432. Ajmer-Merwara has a population (1911) of 501,436. The chief administrative control of the British district is vested *ex officio* in the political officer, who holds the post of governor-general's agent for the supervision of the relations between the several native states of Rajputana and the government of India. For administrative purposes they are divided into the following groups: Alwar Agency; Bikanir Agency; Eastern Rajputana Agency, 3 states (Bharatpur, Dholpur, Karauli); Haraoti and Tonk Agency, 3 states (principal states, Bundi and Tonk); Jaipur Residency, 3 states (principal state, Jaipur); Kotah and Jhalawar Agency, 2 states; Mewar Residency; Southern Rajputana States Agency, 4 states (principal state, Banswara); Western Rajputana States Agency, 3 states (principal states, Marwar and Sirohi).

The following table gives a detailed statement of the estimated area and population (including forest tribes) and the approximate revenues of the states in the Rajputana Agency:—

Name.	Area in square miles.	Population, 1911.	Approximate Revenue.
Alwar	3,221	791,960	£ 238,000
Banswara and Kushalgarh	1,946	187,501	16,000
Bharatpur	1,982	558,813	198,000
Bikanir	23,311	701,035	200,000
Bundi	2,220	218,730	43,000
Dholpur	1,155	263,576	65,000
Jaipur	15,579	2,644,072	440,000
Karauli	1,242	146,558	37,000
Kotah	5,684	639,542	204,000
Marwar or Jodhpur	34,963	2,050,131	403,000
Mewar or Udaipur	12,753	1,276,472	176,000
Sirohi	1,964	189,173	28,000
Tonk (partly in Central India)	2,752	303,181	89,000
7 Minor States	20,487	543,367	139,000

7. *Central India Agency.*—Central India is the name given to the country occupied by the native states grouped together under the supervision of the political officer in charge of the Central India Agency. These states lie between 21° 24' and 26° 32' N. lat., and between 74° 0' and 83° 0' E. long. The British districts of Jhansi and Lalitpur divide the Agency into two main divisions—Native Bundelkhand and Baghelkhand lying to the east, and Central India proper to the west. The total area covered is 78,772 square miles, and the population (1911) amounts to 9,356,980. The great majority of the people are Hindus. The principal states are eight in number—Gwalior, Indore, Bhopal, Rewa, Dhar, Jaora, Datia, and Orchha, of which two, Bhopal and Jaora, are Muhammadan, and the rest are Hindu. Besides these there are a multitude of petty

states held by their rulers under the immediate guarantee of the British government, but having feudal relations with one or other of the larger states. The total number of states amounts to 153. For administrative purposes they are divided into the following groups: Baghelkhand Agency, 12 states (principal state, Rewa); Bhopal Agency, 19 states (principal state, Bhopal); Bhopawar Agency, 21 states (principal state, Dhar); Bundelkhand Agency, 22 states (principal states, Datia and Orchha); Gwalior Agency, 32 states (principal state, Gwalior); Indore Residency, 9 states (principal state, Indore); Malwa Agency, 38 states (principal state, Jaora).

The following list gives the approximate size, population, and revenue of the eight principal states above mentioned:—

Name.	Area.	Population,* 1901.	Approximate Revenue.
	Sq. m.		£
Gwalior	25,041	2,933,001	904,000
Indore	9,500	850,690	360,000
Bhopal	6,902	665,961	200,000
Rewa	13,000	1,327,385	187,000
Dhar	1,775	142,115	56,000
Jaora	568	84,202	60,000
Datia	912	173,759	33,000
Orchha	2,080	321,634	50,000

* The figures for 1911 are not yet available.

8. *Sikkim* is bounded on the north and north-east by Tibet, on the south-east by Bhutan, on the south by the British district of Darjiling, and on the west by Nepal. The population consists of the races of Lepcha and Bhoti, and the Nepali tribe, Limbu. It forms the direct route to the Chumbi valley in Tibet. Previously under the government of Bengal, it was brought under the direct supervision of the governor-general in Council in 1906. Area, 2,818 square miles; population, (1911) 87,920, chiefly Buddhists and Hindus; approximate revenue, £19,000.

9. *Bhutan.*—Bhutan extends for a distance of approximately 190 miles east and west along the southern slopes of the central axis of the

Himalayas, adjacent to the northern border of Eastern Bengal and Assam. Its area is 18,000 square miles and its population, consisting of Buddhists and Hindus, has been estimated at 300,000. The country formerly belonged to a tribe called Tek-pa, but was wrested from them by some Tibetan soldiers about the middle of the seventeenth century. Relations with the Government of India are regulated by a treaty concluded in 1865. The average annual revenue is estimated at £13,000.

10. *Nepal.*—The kingdom of Nepal is a narrow tract of country extending for about 520 miles along the southern slope of the central axis of the Himalayas. It has an area of 54,000 square miles, with a population of about

5,000,000, chiefly Hindus. The country was conquered during the Newar dynasty by the Gurkhas under Prithvi Narayan, who became Raja of Nepal. In 1846 the head of the Jung family obtained from the sovereign the perpetual right to the office of Prime Minister of Nepal, and the right is still enjoyed by his descendant. The relations of Nepal with the Government of India are regulated by a treaty signed in 1814 and ratified in 1815, and by subsequent agree-

ments. The average annual revenue is estimated at about £1,000,000.

11. *North-West Frontier Province.*—The native states of the North-West Frontier Province are Amb, Chitral, Dir, Nawagai (Bajaur), and Phulera. The total area is about 7,704 square miles, and the population, mainly Muhammadan, is (1911) 1,622,094. The average annual revenue of the first four is about £31,000; that of Phulera is unknown.

STATES UNDER THE LOCAL GOVERNMENTS AND ADMINISTRATIONS.

1. *Under the Government of Madras.*—The Madras Presidency includes five native states covering an area of 10,087 square miles, with a population (1911) of 4,811,841 souls.

Of these states, Travancore and Cochin represent ancient Hindu dynasties. Pudukkattai is the

inheritance of a chieftain called the Tondiman. Banganapalle and Sandur, two petty states, of which the first is ruled by a Nawab, lie in the centre of two British districts. The principal states are:—

Name.	Area.	Population, 1911.	Approximate Revenue.
	Sq. m.		£
Cochin	1,361	918,110	218,000
Pudukkattai	1,178	411,878	80,000
Travancore	7,129	3,428,975	660,000

2. *Under the Government of Bombay.*—The native states in this presidency number 377. Area, 65,761 square miles. Population (1911), 7,411,675. 3. *Under the Government of Bengal* there are two states, Cooch Behar in the Bhagalpur Division of Bengal, and Hill Tippera. Area, 5,393 square miles. Population (1911), 822,578. Revenue, about £281,000. Cooch Behar is inhabited by a mongoloid people, the Cooch. It has an area of 1,307 square miles, a population (1911) of 592,965, and a revenue of about £163,000. Hill Tippera, previously under this government, was, in October, 1905, transferred to the government of the newly-constituted province of Eastern Bengal and Assam, and again

transferred to Bengal in 1912. Hill Tippera is the home of a mongoloid race, partly drawn from the Eastern Himalayas, and allied to the Kachari of Assam. Its area is 4,086 square miles, and its population, 229,613. Its revenue is about £118,000.

4. *Under the Government of Bihar and Orissa* there are the Chota Nagpur political states of Kharsawan and Seraikela, and the Orissa feudatory states, 24 in number. The total area is 28,648 square miles, and the total population 3,937,692. The revenue is about £305,000.

The inhabitants are hill-men of Kolarian or Dravidian origin, and their condition is still very primitive.

5. *Under the Government of the United Pro-*

vinces of Agra and Oudh, the native territory comprises the following two states, the first being ruled by a Muhammadan, and the second by a Hindu dynasty.

Name.	Area.	Population, 1911.	Approximate Revenue.
Rampur	Sq. m. 892	531,898	240,000
Tehri (Garhwal)	4,200	299,853	42,000

Rampur is nearly equally divided between Muhammadans and Hindus. The inhabitants of Tehri are chiefly Hindus.

6. *Under the Government of the Punjab* there are 34 states, varying considerably in size and importance. Area, 36,532 square miles. Population (1911), 4,212,794. Revenue, about £1,000,000.

The Punjab states may be grouped under three main classes. The hill states, 23 in number, lie among the Punjab Himalayas and are held by some of the most ancient Rajput

families in all India. Along the western half of the southern border lies the Muhammadan state of Bahawalpur. The remaining states, including the Sikh principalities of Patiala, Jind, Nabha, Kapurthala, Faridkot and Kalsia, and the Muhammadan chiefships of Maler Kotla, Pataudi, Loharu and Dujana, lie east of Lahore, and, with insignificant exceptions, occupy the centre of the eastern plains of the province.

The list below gives details of the area, population, and revenue of the more important states:—

Name.	Area.	Population, 1911.	Approximate Revenue.
Bahawalpur... ..	Sq. m. 15,000	780,394	182,000

Mandi	1,200	181,110	32,000
Nabha	928	248,892	102,000
Patiala	5,412	1,407,659	487,000
Sirmur (Nahan)	1,198	138,564	57,000

7. *Under the Government of Burma* there are four Shan states, two in the Mandalay Division (Hkmati Long and Mong Mit); and two in the Sagaing Division (Hsawngsup and Singkaling Hkmati), the area of which is 7,374 square miles and the population about 67,051, consisting chiefly of Buddhists. There are in addition 48 petty states, 5 in the Northern Shan States, 43 in the Southern Shan States, with an area of 58,835 square miles and a population (1911) of 1,358,498, consisting of Buddhists and Animists. The Shan States are, properly speaking, not Native States, the territory being part of British India. They are administered, however, through the Sawbwas or hereditary chiefs.

8. *Under the Chief Commissioner of Assam* is

Manipur with an area of 8,456 square miles, and a population (1911) of 575,835, of which about 60 per cent. are Hindus, 36 per cent. animistic forest tribes, and 4 per cent. Muhammadans. Revenue, about £28,000. In addition there are the Khasi and Jaintia Hills, consisting of 15 petty chiefships with a total area of about 3,900 square miles and a population of about 99,294, consisting of Khasis, Brahmos and Christians.

9. *Under the Chief Commissioner of the Central Provinces* are 15 states. Their total area is 31,114 square miles, with a population (1911) of 2,117,002 persons. Revenues, about £120,000. The inhabitants are chiefly Hindus and ab-origines. The principal states are:—

NOTE.—The population returned at previous Censuses has been corrected, as far as possible, to allow for subsequent interprovincial transfers. The population of Manipur State, which was included under British territory in 1901, has now been included under Native States. The tribal areas in the North-West Frontier Province have also been shown under the latter head. Sikkim, which in 1901 was classed under Bengal States, is now shown separately. Of the areas newly included the most important are the Agencies and Tribal Areas in the North-West Frontier Province.

The above table only includes languages which are spoken by upwards of 100,000 persons. There are a large number of languages and dialects, each spoken by less than that number, which have been omitted through considerations of space. Altogether more than 100 distinct languages are spoken in various parts of India.

N.B.—The figures of revenue and expenditure throughout the above table, and subsequent tables so far as they are affected have been recast, owing to the following changes in the form of the Indian accounts: (1) The working expenses of railways are now treated not as expenditure, but as a deduction from revenue; (2) The transactions of District Boards and certain other local bodies are now excluded.

* The last of the old Guaranteed Railways was purchased by the Secretary of State on 31st December, 1907.

† Receipts and charges relating to Military Works formerly shown under "Public Works" are from 1906-7 shown under "Military."

CURRENCY.

The silver rupee (containing 165 grains of fine silver and 15 grains of alloy and weighing in all 180 grains troy or 1 tola) was the sole standard of value until the 26th June, 1893, when the Indian mints were closed to the unrestricted coinage of silver into rupees and it was notified that gold coin and bullion would be received at the mints in exchange for Government rupees at the rate of 7.53344 grains of fine gold for 1 rupee, being equivalent to a rate of exchange of 15 rupees per £1. In 1899 British gold coins were made legal tender side by side with rupees at that rate.

The Indian denominations with their British equivalents are :—

Pie	=	½ penny.
Pice (3 pies)	=	1 farthing.
Anna (12 pies)	=	1 penny.
Rupee (16 annas)	=	1s. 4d.

A lakh (lac) is 100,000 rupees and a crore is 100 lakhs.

The equivalents of the rupee in various currencies are approximately as follows :—

One rupee	=	1.68 franc (France, Italy, Belgium, &c.).
"	=	1.36 mark (Germany).
"	=	1.6 krone (Austria-Hungary).
"	=	0.324 dollar (United States).
"	=	0.65 yen (Japan).

The denominations of currency notes in circulation are 5, 10, 50, 100, 500, 1,000, and 10,000 rupees.

WEIGHTS AND MEASURES.

The weights adopted in Government transactions and by the railway companies are as follows :—

1 tola	=	180 grains.	=	11.66 grams.
1 chittak (5 tolas)	=	900 "	=	58.32 "
1 ser (16 chittaks)	=	2½ troy lbs. (or 2½ lbs. avoirdupois)	=	933.10 "
1 maund (40 sers)	=	100 " (or 82½ ")	=	37.32 kilograms.

In Bombay a maund of 28 lbs. avoirdupois is in use; in Madras a maund of 25 lbs. avoirdupois.

In Burma a viss of 3½ lbs. avoirdupois is used.

The gaz in Bengal is equivalent to 1 yard.

ACCOUNT BOOK MANUFACTURERS.

ACCOUNT BOOKS,

Made of the best description of Paper, well Ruled and Printed, and the

MATERIALS USED FOR BINDING ARE OF SUPERIOR QUALITY.

ESPECIALLY THE RUSSIA, CALF, AND VELLUM.

All best Books are made with patent flexible backs, and warranted to open perfectly flat, without danger of the joints or sections giving way.

GENERAL DIRECTIONS FOR ORDERING ACCOUNT BOOKS.

The Size of Paper may be given in inches.

Description of Paper—Blue Laid Hand-made is always used, unless instructions are given to the contrary.

Thickness of Book—The number of Pages should be given; two pages constitute a leaf or folio, and two leaves or folios or four pages form a sheet.

Pattern for Ruling—Patterns of ordinary Rulings are on next page; if any other be required, a whole sheet should be sent.

Description of Binding—Russia, Calf, Vellum, with single or double Russia Bands, Basil, Forril, half Russia, half Calf, half Vellum, half Basil, with cloth or paper sides.

Lettering—If on Back or Side, or both.

Indexes—Ruled blue lines, unless a pattern for the Ruling be sent, are bound up with the Book, if not ordered in a separate binding. The number of leaves to each letter should be stated.

Paging or Folioing—Care should be taken to state distinctly whether the Book is to be paged or folioed; if paged, the numbers run consecutively, thus: (1) (2); if folioed, both pages in the opening have the same number, thus: 1) (1).

PATTERNS OF ORDINARY RULINGS.

SINGLE LEDGER.

ALL BOOKS ARE RULED BLUE LINES ACROSS UNLESS ORDERED OTHERWISE.

THE "REESDALE" EXPANDING ALBUM.

This is a new departure in loose-leaf Albums, the improvement consisting of the ease and quickness with which the book can be fastened or unfastened.

One Half-turn of the button does it.

One leaf, or any number of leaves, can be at once removed for the purpose of mounting or re-arranging, and as quickly replaced. The cover expands, and will hold tightly more or fewer leaves as may be desired.

The action is simplicity itself: one half-turn of the button opens it, one half-turn of the button closes it. The button is flush with the cover; there are no projecting parts anywhere.

THE POPULAR FILE.

A tough A B C Case, bound in green cloth, with green Manilla sides. It has a strong web strap and buckle, and a loop at the back for convenience in removing from shelf. The stiff cover projects above and below, and thus protects the gussets from wear. A dozen of these files will hold a year's invoices, letters, &c., in the most accessible manner possible, so that any document may be found at once.

This is the most simple method of storing papers. Notwithstanding their low price, the Files are very strong, and will last for years. A complete set of labels is supplied with each File. They are made in four sizes, with 21 pockets, indexed A to Z.

THE "MAGPIE" FILE.

A File that will always remain tightly closed whether full or empty.

A strong, handsome A B C Expanding File, with flap and adjustable strap fastening, made in a pretty shade of dark grey art vellum cloth, with cloth gussets. The partitions are lettered in a vivid white on a black ground, and catch the eye at once. The adjustable strap is fastened and unfastened in a second; it is simple and strong, and cannot get out of order. This File is on the same principle as the well-known "Popular" File, but is of a more permanent nature. The flap, combined with the adjustable strap (which is practically automatic), effectually prevents dust reaching the papers. A complete set of labels is supplied with each file, width of back, 4 inches.

THE "PHŒNIX" VERTICAL FILE.

THE "PHŒNIX" FILE is made in the form of a box, covered with art canvas, making an exceptionally strong article of light weight and attractive appearance. The flange at the head of the lid is made of sheet iron, giving strength and firmness at the part that receives the greatest strain; it also serves to keep out the dust. The leather fittings are made of Morocco leather, and the catch or fastener is instantaneous in operation, and is perfectly secure when closed. Sheets of lithographed labels (double gummed) containing all titles usually required, together with letters of the alphabet in capitals and small type, etc., are enclosed in each file. Sheets of numerals can also be supplied at an extra charge of twopence per sheet, or one shilling per dozen sheets.

The "Onoto" Patent Self-Filling Pen.

With Shut-off Valve so that the Pen can be carried in any position without fear of leakage.

N "ONOTO" (FULL SIZE) PRICE 10 6

DESCRIPTION OF THE MECHANISM.

Fig. I.

THE SHUT-OFF AND REGULATING VALVE is formed by the vulcanite rod which runs the whole length of the pen, and is terminated at one end by the head H, and at the other end by the plug S. When the head H is screwed home on the body B, the plug S impinges firmly on the shoulder in the pen-carrier P, and consequently closes the ink and air ducts of the feed. In this condition the body is hermetically sealed, and the pen may be carried in any position without fear of leakage.

Upon unscrewing the head slightly, the plug S is withdrawn, and ink is allowed to flow to the feed. The more the head is unscrewed the wider is the regulating valve opened. It will be found that by only very slightly opening the valve the flow of ink will be so small as to almost instantaneously dry on the paper; whereas if the head be unscrewed a turn and a half, the flow will be as full as that obtained with the common steel nib and ink-well.

THE SELF-FILLING ARRANGEMENT.

In Fig. I., M is a collapsible leather sucker mounted on the rod of the shut-off valve, near the lower end of the body. In its normal position, when the pen is in use for writing, this sucker occupies an enlarged recess in the body, and ink and air are consequently able to flow past it. If the pen be empty, and the head H be unscrewed till it is clear of the body, it may be drawn back as shown in Fig. II., the sucker collapsing on the back-stroke, and allowing air and any little ink remaining in the upper end of the body to pass it.

Fig. II.

On pressing the head forward again, the leather sucker acts after the manner of a bicycle pump, and drives the air contained in the holder before it. Since the upper end of the pen is air-tight, it follows that a vacuum will be left behind the sucker, and this will be maintained till the end of the stroke is reached, when the sucker will enter the enlarged recess r, and the vacuum will be suddenly released, causing the fluid immediately surrounding the end of the pen-carrier to rush in and fill the empty space. If this operation, of pushing home the head, be carried out while the pen-carrier is dipping in ink, it follows that the pen will be filled.

The sucker M is made by mounting a leather washer on to a vulcanite shank. Since the completeness of the vacuum, and hence the efficiency of the self-filling arrangement, depend upon the proper action of such sucker, it is desirable that a ready means be available for replacing it, should it show any tendency to fall in its action. Spare suckers, with instructions for fitting, are sent out with each pen. Whereas the Shut-off, Regulating, and Self-filling arrangements are operated by a single piece of mechanism, the action of filling the pen is of the simplest character. The head is pressed home, and the pen fills itself.

PATENT SIMPLEX HEKTOGRAPH OPEN.
THE TWO PLATES ARE MOVABLE.

HALL'S PATENT SIMPLEX HEKTOGRAPH

Is the latest device introduced for the instantaneous fac-simile reproduction of any Circular, Writing, Drawing or Music in **Black Ink**. It is the most recently improved form of Copying Apparatus by means of Composition, and its perfected character is now such as to constitute it a genuine marvel of its kind.

Outwardly it looks like a book, and could be placed with bound volumes upon the library shelf. It consists of **two** plates, which are movable, and should be used alternately. After the necessary number of copies (which are as sharp and clear as lithography) have been taken, the Ink remaining on the plate is not washed off; but after the lapse of a few hours will have disappeared by evaporation, and the plate will again resume its clear appearance. The Directions for Use are placed under the Composition (which is transparent); they are therefore always readable and immediately under the Operator's eye.

Burke's Landed Gentry of Great

BRITAIN, 1913. All the well-known features of the work will be retained, and much additional information added which will, it is hoped, enhance the value of the book from every point of view. Published in one volume, uniform with "The Peerage," "General Armory," &c., &c. Super royal 8vo., cloth gilt. Price £2 12s. 6d. net. Ready in the Autumn.

Burke's Landed Gentry of Ireland.

New and Revised Edition, 1912, recording the changes that have taken place up to date, and containing much additional matter, and several hundred new designs of Arms. One volume, super royal 8vo., cloth gilt, uniform with "The Peerage," &c. Price £1 11s. 6d. net.

Burke's Peerage, Baronetage, Knight-

AGE, &c., 1913. This **PEERAGE AND BARONETAGE** is the only volume published annually, which gives a genealogical account of the families of the Peers and Baronets of the realm, with their collateral branches. Its plan is therefore not merely confined to lists of the surviving relations of Peers and Baronets, but contains an account of every member of their families living and dead, to each of whom a *separate paragraph* is devoted. In the Key will be found the name of everyone entitled to precedence, with a number prefixed to each, showing at a glance their exact relative precedence. The rules of **PRECEDENCE** are set forth in ample detail. To the Peerage and Baronetage proper is added the **KNIGHTAGE**, which gives in alphabetical order an account of every Knight Commander, Companion and Member of the various orders of Knighthood, and of their widows. The complete list of these **ORDERS** is also given with their members in order of precedence. An account of **FOREIGN TITLES** used by British Subjects will be found at the end of the work. The **ILLUSTRATIONS** with **BLAZONS** of the Arms are a special feature. A unique feature of the work is, that by means of a special mark, it is possible to at once ascertain if any given person in remainder to an hereditary title is living or not, thus obviating the necessity for the perusal of "dead" matter, a very important point, more particularly in the case of a family in which the same Christian names recur. Super royal 8vo., cloth gilt. Edited by **ASHWORTH P. BURKE**. Uniform with the "Landed Gentry." Price £2 2s. (Published annually.)

"Has for more than half-a-century been regarded as containing a history of all the great titled families in the Empire. There is scarcely a page in the volume that is not full of interest. . . . There is an excellent index to the work. . . . Considerable space is devoted to the question of precedence."—*Times*.

"The foremost place among works of reference is claimed, almost by traditional right, by Sir Bernard Burke's 'Dictionary of the Peerage and Baronetage,' which still remains the Standard Authority as to Aristocratic Lineage."—*Whitehall Review*.

"Constant reference to the pages of 'Burke' enables us to testify to its invariable accuracy. . . . For completeness and comprehensiveness on all matters connected with Titles of honour it is unsurpassed."—*Court Journal*.

"An indispensable companion to all classes."—*Illustrated London News*.

Burke's, Sir Bernard, Dormant, Abeyant,

FORFEITED, AND EXTINCT PEERAGES of the British Empire. Comprising every Peerage created since the Conquest, that is now Extinct, Dormant, under Attainder, or in Abeyance, and tracing down the various dignities to their existing representatives. Illustrated by Steel Engravings of the Principal Arms. Royal 8vo., cloth gilt. New Edition in preparation.

"By the publication of this splendid volume, Uister King of Arms completes the structure of information which he has been so long engaged in rearing, and in whose construction he has displayed not only the accuracy and research of the herald, but the generalization, the appreciation of the historian."—*Morning Post*.
