ARMY, NAVY, MARINES AND AIR FORCE PROVIDENT SOCIETY.

This Society affords to Officers a means whereby they may, at a minimum cost, provide annuities for their widows (or their children when eligible, if their wives predecease them) which may prove a welcome addition to the service pensions.

Officers of the Army, under 50 years of age, may take up one, two, three or four memberships: the annual contribution for each membership being £1 10s. plus a disparity fee of 2s. 6d. for each year that the wife is younger than the member.

If the member dies before six years of membership have been completed, the whole of the contributions are refunded to his widow. If six years of membership have been completed the widow receives an annuity, the amount of which depends upon the number of years of completed membership.

Full particulars with application form may be obtained from the Secretary:—

57, AVONDALE ROAD, BROMLEY, KENT.

The Survey of India publish maps for the greater part of SOUTHERN ASIA between the meridians of 44° and 24° East of Greenwich and between parallels 4° and 40° north latitude. Surveys executed after 1905 are classed as "MODERN," those PRIOR to that date as "OLD."

3. Maps are printed in two styles or editions, viz., LAYERED and ORDINARY:—

(a) The LAYERED edition represents a map printed in colours with graduated layer tints of colour to show altitudes, and shading to emphasize the hills. This edition gives prominence to the physical features.

(b) The ORDINARY edition represents a map printed in colours, but without graduated layer tints. Hills are represented by contours and shading. This edition gives prominence to the Civil Divisions of India which are shown by ribands of colour along boundaries of administrative partitions.

When maps are printed in colours, from mixed or old surveys, the edition is styled "PRELIMINARY," and when in black only or with hills in brown, the edition is styled "PROVISIONAL."
