CENSUS OF 1931

VILLAGE STATEMENT

BERHAMPUR TALUK

Oriya and Telugu both appear throughout the taluk, Oriya preferring the north and the interior, Telugu the south and the coast. North of Surla the presence of Telugu as a coast feature only is emphasized. Kond (K.) appears as a predominant mother-tongue in the Mohiri hills which are so notable an incident in the taluk's landscape.

In order to secure economy and neatness in printing, Oriya is taken as the prevailing mother-tongue. Percentages are given therefore for Telugu (Tel.) and for other mother-tongues (10 per cent or above) in the remarks column. The residual percentage in every case is practically entirely Oriya.

VILLAGE STATEMENT

PARLAKIMEDI TALUK

Prevailing mother-tongue:—Telugu

Oriya and Saora are also well represented. Saora prefers the fringes and the group of hills in the centre of the taluk. Oriya is strongest in the centre and north.

In order to secure economy and neatness in printing percentages are given only for Oriya and Saora (S.) (10 per cent or above) in the remarks column. The residual percentage in every case is practically entirely Telugu.

VILLAGE STATEMENT

SOMPET TALUK

Prevailing mother-tongue :—Telugu

Telugu and Oriya are found throughout, Telugu in greater proportion. The Oriya element favours the interior. Telugu predominance is strongest on the coast.

In order to secure economy and neatness in printing, percentages are given only for Oriya (10 per cent or more) in the remarks column. The residual percentage in every case is practically entirely Telugu.
