

REVIEW AND RETURNS

OF THE

RAIL-BORNE TRADE

OF THE

MADRAS PRESIDENCY

FOR THE OFFICIAL YEAR

1907-1908.

MADRAS:
PRINTED BY THE SUPERINTENDENT, GOVERNMENT PRESS.

1908.

EXPLANATORY NOTE.

For purposes of the registration of the Rail-borne trade, the Madras Presidency is divided into 18 internal blocks of which eight represent the principal sea-ports of the Presidency. These are constituted as follows :—

Blocks.	Short title.
Madras sea-ports. 1. Madras port. 2. Pondicherry port. 3. Cuddalore port. 4. Negapatam port. 5. Tuticorin port. 6. Calicut port. 7. Cocanada port. 8. Vizagapatam port. 9. Ganjam and Vizagapatam. 10. Gó dávari, Kistna and Guntúr. 11. Kurnool, Bellary, Anantapur and Cuddapah. 12. Nellore, Chingleput and North Arcot. 13. South Arcot and Tanjore. 14. Salem, Coimbatore and Trichinopoly. 15. Madura and Tinnevely. 16. Malabar, Anjengo, South Canara and Travancore. 17. The Nilgiris. 18. Cochin.	Madras. Pondicherry. Cuddalore. Negapatam. Tuticorin. Calicut. Cocanada. Vizagapatam. Circars. Deltas. Deccan. North Carnatio. South " Central districts. Southern " West Coast. The Hills. Cochin. Ports. Blocks.
Madras sea-ports. Internal blocks of the Presidency excluding Madras sea-ports British Provinces (excluding Chief sea-port towns).	British Provinces.

A record of the trade of the Presidency with blocks external to it and of its several internal blocks with one another is prepared in the various Railway audit offices from the invoices of goods despatched. The Government Examiner of Railway Accounts, Bombay, compiles these statistics every quarter and furnishes them to the Board which reviews them and prepares therefrom its published annual returns. These returns hitherto contained three principal statements, viz. :—

- (1) Statement No. I showing the trade of the Presidency with other Provinces,
- (2) Statement No. II showing the trade of the internal blocks of the Presidency with other Provinces, and
- (3) Statement No. III showing the trade between the several internal blocks of the Presidency.

The particulars of trade entered in statement No. I except those between "Madras" and "Madras sea-ports" are also given in statement No. II. In the returns for the year under review (1907-1908) statement No. II shows the trade between "Madras" and "Madras sea-ports" also. Statement No. I has consequently been omitted.

The weights entered in these tables represent net weight, that is to say, a fixed average deduction is made from the actual gross weight of the goods as recorded in the invoices. A statement showing the rates of deduction in the case of various descriptions of traffic is prefixed to the tables.

R

X 5 4 1 5 . 2 1 1 2 N O 7

N O 8

The value of the goods despatched is not recorded in the invoices and consequently average values have to be assigned to each article when the accounts are prepared. For this purpose Collectors furnish every quarter average values for those articles in which there is any considerable trade in their districts, and an average is struck for the whole Presidency on the basis of their reports. The values of *coal and coke* and of *Railway plant and rolling-stock* are reported by the Railway authorities direct, and the value of "hay, straw and grass" is worked out from the fortnightly returns of wholesale prices published by the Board. Quarterly reports of value not being practicable in the case of certain articles, such as "Machinery and millwork," and "other manufactures" under "Iron and steel," "Metallic ores," *Mineral substances* and *All other articles of merchandise*, fixed conventional values have been adopted in these cases. The quantity of traffic in each article for each quarter is multiplied by the value rate for that quarter and the sum of the products for the four quarters forms the value for the whole year. In valuing the export trade of the Presidency and the trade with the Native States, as well as in valuing the internal trade, the rates adopted are those fixed for the Presidency, while for valuing the imports, the rates fixed by the exporting provinces are adopted.

Prescribed maximum size.

(Review 4 pages and Appendices 140 pages.)

MEMORANDUM ON THE RAIL-BORNE TRADE OF THE MADRAS PRESIDENCY DURING THE OFFICIAL YEAR 1907-1908.

The following additions were made to the open mileage of railways during the year :—

Railways.	From	To	Miles.	Date of opening.	Remarks.
Kumbla-Mangalore section of the Azhikal-Mangalore Extension.	Kumbla	Mangalore ..	20.75	3rd July 1907.	Public traffic.
Pamban-Mandal Point ..	Mandal Point ..	Pamban	.50	January 1908.	Do.
Bezwada-Masulipatam ..	Masulipatam ..	Bezwada	49.50	4th February 1908.	Do.

2. *Season and Prices.*—The South-West monsoon was generally deficient and not well distributed with the result that the total extent cultivated up to the end of September 1907 under dry first crop was less than the average of five years in all districts except three. The North-East monsoon was better distributed than the South-West monsoon and was above normal in the majority of districts.

The harvest prices of rice in Kistna, Nellore and North Arcot districts, of ragi in Nellore, Chingleput, Trichinopoly, Tanjore, Tinnevely and the Nilgiri districts, and of cholam in Kistna, Salem and Tinnevely districts, were either at, or slightly below, the level of the previous year, while in all other cases they were above that level. The price of rice was above the warning rates everywhere except in Trichinopoly and Tinnevely and was above the scarcity rate in Ganjám. Prices of ragi were above the warning rate except in Trichinopoly, Tinnevely and the Nilgiris. The price of cholam was above the scarcity rate in Guntúr, while that of cumbu was above that level in South Arcot and Coimbatore. The “warning” and “scarcity” rates here referred to are those recently prescribed by Government.

3. *External Trade.*—As compared with the previous year, the total value of the trade with other provinces increased by Rs. 6 lakhs under imports and by Rs. 96 lakhs under exports. The trade in goods increased from 1,966 lakhs to 1,988 lakhs of rupees, while that under “Treasure” increased from 312 lakhs to 394 lakhs.

4. *Imports.*—The adjoining Native States of Hyderabad and Mysore continued to contribute the largest share of the imports, the former contributing 43.7 and the latter 23.5 per cent. of the total imports, while Bombay, Bengal and Punjab contributed 15.2, 10.2 and 4.3 per cent. respectively. More than a fourth of the imports was received by the seaports (29.8 per cent.), the Deltas receiving 17.8 per cent., Deccan 16.3 per cent., Central districts 12.3 per cent. and North Carnatic 11.5 per cent. In comparison with the previous year, there was a fall in the imports into

all the blocks except Deccan, South Carnatic and Southern districts. The statement below shows the fluctuations in the trade of the principal articles:—

Articles imported.	Quantity in thousands of Indian maunds.		Percentage of the total trade in 1907-1908.
	1906-1907.	1907-1908.	
Grain and pulse	4,750	4,150	32.4
Coal and coke	3,847	2,902	22.6
Oil-seeds	1,804	1,534	12.0
Cotton	557	738	5.7
Fruits and vegetables, fresh	306	438	3.4
Hides and Skins	472	343	2.7
Salt	260	304	2.4
Wood	255	301	2.3
Dyes and tans	341	292	2.3
Sugar	204	232	1.9
Spices	232	204	1.6
Metals	203	201	1.6
Provisions	115	141	1.1
Oils	163	140	1.1
Liquors	61	88	0.7
Railway plant and rolling-stock	190	80	0.6
Jute (gunny bags and cloth)	68	80	0.6
Leather	97	73	0.6
Fodder	59	63	0.5
All other articles	450	506	3.9
Total ..	14,424	12,818	100.0

The fall in the imports under *Grain and pulse* and *Coal and coke*, noticed last year, continued during the year under report. The decrease under *Grain and pulse* was chiefly due to the smaller imports of "Jawar and bajra" from Hyderabad. The large fall in the imports under *Coal and coke* was due to the diminished supply from the same province. *Oil-seeds* decreased, as they have done continuously since the year 1904-1905; and as compared with the previous year *Hides and Skins*, *Railway plant and rolling-stock*, *Dyes and Tans* and *Leather* also show a decrease. The import trade under *Wood* and *Sugar* has been gradually expanding since the year 1903-1904, and there were larger imports of *Cotton*, *Fruits and vegetables*, *Salt*, *Provisions* and *Liquors* than in the previous year.

5. *Exports*.—Nearly half of the total exports (46.5 per cent.) was taken by Mysore, while Bombay and Bengal received 21.8 and 14.0 per cent., respectively. The seaports contributed 35.7 per cent. of the exports, while the Deccan, Deltas and Circars exported 17.9, 16.9 and 11.8 per cent., respectively. The following statement exhibits the traffic in the principal articles as compared with the previous year:—

Articles exported.	Quantity in thousands of maunds.		Percentage of the total trade in 1907-1908.
	1906-1907.	1907-1908.	
Grain and pulse	2,441	2,290	17.4
Coal and coke	2,096	2,220	16.9
Salt	1,118	1,244	9.5
Wood	1,226	1,192	9.1
Metals	638	1,128	8.6
Sugar	764	848	6.4
Provisions	609	668	5.1
Oils	351	405	3.1
Oil-seeds	176	397	3.0
Spices	270	380	2.9
Mineral substances	377	361	2.7
Dyes and tans	241	272	2.1
Tobacco	162	197	1.5
Cotton, manufactured	182	188	1.4
Fruits and vegetables, fresh	108	168	1.3
Fodder	150	129	1.0
Railway plant and rolling-stock	99	103	0.8
Jute (gunny bags and cloth)	100	96	0.7
Liquors	81	61	0.5
Cotton, raw	116	58	0.4
All other articles	686	737	5.6
Total ..	11,991	13,142	100.0

There was an increase in the export trade in almost all the principal articles except *Grain and pulse*, *Wood*, *Mineral substances*, *Fodder*, "gunny bags and cloth" *Liquors* and "cotton-raw." The increases under *Coal and coke* and *Salt* were due to larger exports to Mysore and Bengal respectively. The export of "Metallic ores" from the Deccan districts to Bombay, noticed last year, increased during the year, causing a corresponding increase in the export trade in *Metals*. The increase under *Spices* occurred under the sub-head "chillies". There was a large fall in the export of "Jawar and bajra" from the Deccan districts to Bombay which caused a decrease under *Grain and pulse*.

6. *Internal trade*.—The trade under this head during the year continued to increase as in the previous years. The total trade exceeded that of the previous year by 5.47 million maunds. As in the previous three years the largest imports flowed into the Madras seaport, the two Carnatic blocks, the Central and Southern districts, which received 21.4, 17.5, 11.0 and 10.4 per cent. respectively of the total traffic, while the Madras port despatched 13.3 per cent., the two Carnatic blocks 26.4 per cent., the Deltas 9.6 per cent., and the Central districts 8.8 per cent. As compared with the previous year there was a decrease of nearly 2.2 million maunds in the trade in *Grain and pulse*. The trade under *Mineral substances* increased owing to larger imports of "marble and stone" into the Madras port from the North Carnatic block. There was an increase under *Salt* due to larger imports into the Southern districts from the Tuticorin port and under *Coal and coke* due to larger imports into North Carnatic and the Central and West Coast districts from the Madras port.

BOARD OF REVENUE
(REV. SETT., SUR., L. RDS. AND AGRI.),
Madras, 12th November 1908.

L. D. SWAMIKANNU,
Secretary.

SOUTHERN MAHRATTA RAILWAY.

STATEMENT showing the changes in goods rates on the Southern Mahratta Railway from 1st April 1907 to 31st March 1908.

Principal articles.	Distance		Important changes.			
	From	To	Former.		Revised.	
			Class	Rate.	Class	Rate.
Oil cake at O.R.	Guntakal ..	Dixal <i>via</i> Hotgi ..	..	As. 8-6 per maund.	..	As. 2-9 per maund.
Rice in any quantity ..	Mangalgiri ..	To certain G.I.P. Ry. stations <i>via</i> Poona and <i>via</i> Hotgi.	..	Rates on page 121-A of Goods Tariff, part I of 1907.	..	For rate— <i>vide</i> paragraph 5 of sup. to rate advice No. 2 of 1st May 1907.
Turmeric, common, in wagon loads of 270 maunds at O.R.	Kurnool Road ..	Malkapur <i>via</i> Hotgi. Do.	..	As. 8-7 per maund ..	..	As. 6-10 per maund.
Cocconut oil in casks, cases, tins, cupahs or orceks at O.R.	Nandyal ..	Do.	..	Do.	..	" 6-7 "
Oil cake at O.R.	Calicut ..	Belgaum <i>via</i> Bangalore.	..	As. 10-10 per maund.	..	" 7-11 "
