The exports of groundnuts show a large decrease of 20 lakhs in value, due to partial failure of the crop, and the exports of castor seeds show a decrease of 9 lakhs, while the exports of gingelly show an increase of 8 lakhs. The decrease under groundnuts occurred chiefly in the exports to France, the United Kingdom and Bengal, and that under castor seeds in the exports to the United Kingdom, France and Russia in Europe. There was a large increase under gingelly in the exports to France.

62. *Legislation.*—In the latter part of the official year the tariff schedules of Act VIII of 1894, as amended by Act XVI of the same year, were revised and replaced by those of Act III of 1896 which came into force on the 3rd February 1896. The only important changes were with regard to cotton twist and yarn and piece-goods imported from foreign countries. Cotton twist and yarn, which paid a duty of 5 per cent. on importation under the old Act, were admitted duty-free, while the duty on piece-goods was reduced from 5 to 3½ per cent. under the revised schedule.

63. *Customs revenue, Import duty.*—Including the customs duty on salt, the collections on imports amounted to Rs. 34,02,950 against Rs. 29,38,854 in the preceding year, showing an increase of Rs. 4,64,096 or 15.79 per cent. There was an increase of Rs. 4,82,725 under cotton, owing to the article being dutiable throughout the year under report. The increases under most of the other articles were due to larger

imports. A decrease of Rs. 98,830 under petroleum was due to the non-importation of American or Russian oil in cases, the reason apparently being that there was a sufficient supply of case-oil in the market.
