MEMORANDUM ON THE RAIL-BORNE TRADE OF THE MADRAS PRESIDENCY DURING THE OFFICIAL YEAR 1904-1905.

During the year the Native State of Travancore was treated as a separate internal block of the Presidency. The newly formed Guntūr district was included in the internal block, "Deltas." Berar which had been treated as a separate external block was included in Central Provinces and the designation of the new block changed into "Central Provinces and Berar." The following additions were made to the open mileage of railways:—

Railways.	Gauge.	From	To	Miles.	Date of opening.
Tinnevely-Quilon (Travancore)—Native State section	3' 3½"	Quilon ..	Punalur ..	28½	1st June 1904.
Quilon-Punalur section	3' 3½"	..	..	1	26th November 1904.
Tinnevely-Quilon (Travancore) (British section) ..	3' 3½"	..	..	1	Do.
Portion of the British section near the Frontier ..	3' 3½"	Punalur ..	The British Frontier near Shencotah.	29½	Do.
Tinnevely-Quilon (Travancore) — Native State section	3' 3½"	..	..	..	..
Punalur-British Frontier section	3' 3½"	..	..	..	..

2. *Season and Prices.*—The rainfall during the south-west monsoon was below the average throughout the Presidency except in Ganjām, Tinnevely, the Nilgiris and West Coast. In October there was a slight increase over the average in the Circars, parts of Deccan and in South Arcot, Tinnevely and Malabar. During the next two months there was a large deficiency and the north-east monsoon, as a whole, was below the average throughout the Presidency except in Kistna. During the dry weather (January to March) this deficiency continued over parts of the Carnatic, the South and the West Coast. April and May brought good showers with the result that the average for the period was exceeded everywhere except in Kistna, Guntūr, parts of Deccan and Central, North Arcot and the West Coast and the deficiency was small in most districts. On the whole, however, there was a considerable deficiency in the total rainfall of the year throughout the Presidency except in Ganjām, Vizagapatam, the Nilgiris and Malabar.

The mean retail prices of the staple food-grains during the year were higher than in the preceding two years and higher also than the averages of ten normal years ending 1899-1900.

3. *External trade.*—The total value of the trade with other Provinces increased both under imports and exports by 194 and 47 lakhs respectively. The trade in goods advanced from 1,311 lakhs to 1,578 lakhs while under treasure there was a fall of 26 lakhs.

4. *Imports.*—As usual the bulk of these came from the adjoining Provinces of Hyderabad (49.9 per cent.) and Mysore (18.8 per cent.). Increased quantities were received from all Provinces except Punjab, and Rajputana and Central India. The Madras sea-ports received nearly a third of the total imports (31.0 per cent.), the Deltas (Gódvāri, Kistna and Guntūr) 17.0 per cent., Deccan and Central Districts 12.7

As in the previous year the bulk of the exports of *coal* went to the Kolar Gold Fields in Mysore and the decrease, as compared with the previous year, was due to the competition of Singareni coal. The large decrease under *grain and pulse* was due to smaller exports of "rice not in the husk" from the Deltas to the Nizam's Territory. There was a large fall in the trade in *salt*, the exports to Mysore, and the Nizam's Territory having fallen by 111,000 maunds. On the other hand, there was a large expansion in the trade under *wood*, the increase occurring in the exports of "timber, unwrought," from Cochin to Mysore (74,000 maunds), from Central districts to Mysore (50,000 maunds). Under *provisions*, the increase occurred chiefly in the despatches of "dried fruits and nuts" to Bombay including Bombay port and Central Provinces and Berar. Larger quantities of *stone and lime* were exported to Mysore (67,000 maunds), than in the previous year.

Internal trade.—This portion of the traffic exceeded that of the previous year by 3·86 million maunds. The volume of trade was largest in the Madras port, the two Carnatic blocks, the Central and South districts. They received 20·3, 20·2, 11·7 and 8·5 per cent. respectively of the total traffic, and despatched 12·6, 28·1, 8·6 and 5·2 per cent. respectively. The internal trade in *grain and pulse* and *stone and lime* showed a large expansion, the grain trade which amounted to 24·8 per cent. of the total trade having increased by more than 2 million maunds. Increases of over 50,000 maunds occurred in the following cases :—

Grain.	Exported				Increase in thousands of maunds.
	From.		To		
Gram and pulse	Deltas	Madras	134		
Jowar and bajra	Deccan	Deltas	146		
	Northern Circars	Deltas	106		
		Madras	472		
	Deltas	North Carnatic	214		
		Central districts	77		
Rice in the husk	Deccan	Southern districts	210		
		Madras	54		
		Cuddalore	97		
		Tuticorin	62		
	South Carnatic	North Carnatic	118		
		Central districts	112		
		Southern districts	236		
	Cocanada	Madras	76		
	Northern Circars	Madras	165		
		Vizagapatam	70		
Rice not in the husk	Deltas	Madras	133		
	North Carnatic	Southern districts	80		
		Malabar	66		
		Madras	91		
Other grains	Northern Circars	Deltas	89		
		North Carnatic	71		

The increase under *stone and lime* occurred chiefly in the exports into Madras from North Carnatic. The trade in *coal and coke* developed largely chiefly in the shape of larger receipts into North Carnatic, Central districts and the Hills from Madras. The large fall under *oil-seeds* principally under "earthnuts" was caused by less imports into Pondicherry, Cuddalore and Negapatam ports from South Carnatic. The decline in the trade in *metals* was caused by less imports of manganese ore into Vizagapatam port from the Northern Circars.
