

ANNUAL REPORT  
ON THE  
LUNATIC ASYLUMS  
IN THE  
MADRAS PRESIDENCY  
FOR THE YEAR 1907.

MADRAS:  
PRINTED BY THE SUPERINTENDENT, GOVERNMENT PRESS  
1908.

labourers including cultivators, 23 carriers, 6 beggars, 26 without occupation and 19 whose occupation was unknown, the remainder in small numbers belonging to various occupations. This shows that the majority of cases were admitted for causes other than mental overstrain. With regard to ages 19 were under 20 years on admission, 120 were from 20 to 40 years, 38 from 40 to 60 years, and 3 above 60 years.

6. STATEMENTS NOS. VI AND VII.—The numbers admitted for the chief recognized forms of mental diseases were for mania 126 (6 epileptics included), dementia 26 (4 epileptics included), melancholia 18, idiocy 5, mental stupor 2, and declared to have recovered, but not yet diagnosed 2. Specific causes were assigned in 97 cases, i.e., 53·89 as compared with 47·11 per cent. of the previous year. Of the known causes, 74 were ascribed to physical causes as epilepsy, ganja-smoking, spirit-drinking, heredity or congenital, fever and other physical causes and 23 to moral causes.

The number under “unknown cause” was 83—from the difficulty, of course, of obtaining a proper history of the individual patients.

7. ESCAPES.—There were 2 escapes during the year in the Madras Asylum, one civil male, who was captured the following day—the other a civil female, a transfer from Rangoon, who has not been caught. No escapes at Calicut—1 male escaped at Vizagapatam, but was captured immediately.

8. MEDICAL.—(a) *Sickness and its causes.*—The average daily sick in the three asylums was 56·69 against 41·66 in the previous year. The general health of the patients of the asylums was fairly good.

As usual, the largest number of admissions to hospital was for catarrhal enteritis, diarrhoea and dysentery, fever, tubercle of the lungs, mania, and other causes.

(b) *Mortality and its causes.*—One hundred and three deaths occurred in the three asylums against seventy-two deaths in the previous year. The percentage mortality on daily average strength was 16·30 against 11·87 of the previous year.

(c) Tuberculosis is by far the most important cause of death. In Madras Asylum alone there were 20 that succumbed to this disease.

9. EPIDEMICS.—Prevailed only in the Madras Asylum—cholera made its appearance on the 11th September 1907 with 17 attacks and 14 deaths. The first three cases occurred among the Europeans and Eurasians in the so-called “Soldier’s Blocks”—the infection could not be traced definitely; then it broke out among the hospital inmates on the 3rd October 1907, when it took an epidemic form—probably infection was carried by flies—as, in spite of rigid precautions taken in regard to disinfecting discharges, clothes and buildings, the cases continued to occur first in one part of the asylum and then in another.

*Chicken-pox.*—A few cases of a very mild type prevailed in the Madras Asylum only.

10. STATEMENT VIII.—The Financial statement shows an increase in expenditure of Rs. 29,003-0-8 during 1907 as compared with 1906.

This is due to increased expenditure in the Madras Asylum amounting to Rs. 27,571-15-1, Calicut Rs. 686-12-4 and Vizagapatam Rs. 744-5-3.

In the Madras Asylum, the increase is largely due to the construction of certain quarters of the staff and repairs executed by the Public Works Department; to the additional menial staff employed on account of increased population; to the higher rate of pay drawn by the Superintendent and to some extent to the higher rate paid for food-grains; and to increase in the water-tax paid to the Corporation of Madras.

IN CALICUT—the increase is due to the purchase of more European drugs during the year and also to enhanced cost of provisions.

IN VIZAGAPATAM—the increase is due to the posting of a second-grade Hospital Assistant in lieu of a third-grade one, to the purchase of asylum requisites, and to the construction of a cattleshed and a water-reservoir.

11. DIETS.—The total expenditure on diets during the year excluding book adjustments is Rs. 47,718-0-11 as compared with Rs. 41,376-5-8 in the preceding year—an increase of Rs. 6,341-11-3 due to the rise in prices of foodstuffs, and also to an increased number of inmates.

12. COST PER HEAD.—The total expenditure on diet in the Madras Asylum is Rs. 40,442-9-3 (including book charges Rs. 1,351-5-2 for diet articles received from the Jail, Salt and other departments) and the average cost per head for the year amounts to Rs. 88-4-9 as compared with Rs. 78-9-8 in 1906. In Calicut the total expenditure on diet was Rs. 5,623-6-0 and the average cost per head was Rs. 56-11-9 as compared with Rs. 54-14-9 in 1906. In Vizagapatam, the total expenditure, including book adjustments on diet, Rs. 202-8-0, was Rs. 3,205-14-10, and the average cost per head is Rs. 42-14-2 as compared with Rs. 34-7-4 in 1906. The average cost of diet per diem per head differs in the three asylums according to the nature of diets issued. In Madras an European diet costs 6 annas 5 pies per diem, for natives 2 annas 10 pies. In Vizagapatam an ordinary native diet costs 1 anna 10 pies, in Calicut 2 annas 4 pies.

13. STATEMENT NO. X.—*Manufactures and gardening.*—In Madras the total amount realized under this head during the year 1907 excluding sale of rice tour, etc., was Rs. 2,047-4-5 against Rs. 1,879-9-10, or an increase of Rs. 167-10-7 as compared with the previous year. This is mainly due to the favourable mango crop, which was a thorough failure in 1906. In Vizagapatam the net profit on manufactured articles was Rs. 716-13-8 against Rs. 907-1-6 of the previous year. The decrease is due to less demand of manufactured articles from out hospitals. The sale of garden produce realized Rs. 320-12-8 against Rs. 358-6-10 last year.

In Calicut the total profit was Rs. 856-14-3 against Rs. 1,005-11-8 in the previous year. The decrease in the profits is accounted for by the fact that the services of the lunatics were not employed for repairs, etc., to the asylum buildings by the contractor.

14. PROFITS ON MANUFACTURES.—This item differs considerably in the three asylums. For instance in Madras 170·38 inmates out of a daily average population of 458·03 were employed and realized a profit of Rs. 29-0-10 per head. In Calicut 20·01 inmates out of a population of 99·12 earned Rs. 42-14-9 each. In Vizagapatam 11·99 out of a mean population of 74·73 cleared a profit of Rs. 59-11-6 per head.

15. GENERAL REMARKS.—(a) The inmates of the three asylums had their periodical treats and amusements as usual. A gramophone sanctioned last year by the Government for Vizagapatam Asylum was purchased this year. The Central Christmas Charity fund contributed Rs. 25 this year to the Madras Asylum and paid for the pudding for the inmates on Christmas day. The Manager of the *Madras Mail* supplied his paper free to the Madras Asylum. The *Illustrated London News*, *Chamber’s Journal* and the *Madras Times* are provided for the use of patients by Government. The asylum possesses a library also from which books and periodicals are supplied to the patients. Several native gentlemen also have extended their liberality to the inmates and contributed towards the treat, etc.

(b) The inventory of the valuable stock of the three asylums has been maintained and verified.

(c) The service books of the establishment of the three asylums have been verified.

His Excellency the Governor visited the Calicut and Vizagapatam Asylums during the year, and all the asylums were inspected by me.

I have the honour to be,

Sir,

Your most obedient servant,

W. R. BROWNE, M.D., C.I.B.,

Surgeon-General, I.M.S.,

Surgeon-General with the Government of Madras

\* This amount does not include the book adjustments on account of articles of diet obtained from the Jail and other departments separately shown in the footnote under column 19. For the purpose of calculating the average total cost of diet in the Madras and Vizagapatam asylums, the amount included under book adjustments should be added to the amount shown in column 10 against these asylums.

† Includes Rs. 1,351-5-2 on account of book charges in connection with articles of diet obtained from Jail, Salt and Forest departments. This amount is not included in the total cost of diet in column 10 of the statement.

‡ Includes Rs. 202-8-9 under book charges on account of articles of diet obtained from the Jail and Forest departments, which is not included in the total cost of diet in column 10 of the statement.

## STATEMENT No. IX.

Showing the sanctioned Establishment of the Lunatic Asylums as it stood on the 31st December 1907.
