EXPLANATORY NOTE.

For the purpose of recording the trade carried by rail and river, the province of Bihar and Orissa is divided into four trade blocks, which are constituted as follows :—

- (1) Patna City comprising the city of Patna, Bankipur, Dighaghat, Dinapore and Gulzarbagh.
- (2) Bihar comprising the districts of Patna (excluding places comprised in the Patna City Block), Gaya, Shahabad, Muzaffarpur, Darbhanga, Saran, Champaran, Monghyr, Bhagalpur, Purnea and the Santal Parganas.
- (3) Chota Nagpur comprising the districts of Hazaribagh, Ranchi, Palamau, Manbhum, Singhbhum and Gangpur (Tributary State).
- (4) Orissa comprising Cuttack, Puri, Balasore, Angul, Sambalpur and Mourbhanj State.

A record of the trade of these blocks by rail with one another and with other provinces is prepared in the railway audit offices from invoices of goods received. In a similar way, a record of trade carried by steamers between different blocks of Bihar and Orissa and Assam and Calcutta is prepared from the invoices preserved in the offices of River Steam Navigation Company and the India General Navigation and Railway Company. The trade carried by steamers between the different blocks of Bihar and Orissa is not recorded. As regards the traffic by country boat there are two stations in Assam which record the trade of the province with the different internal blocks of Bihar and Orissa. Imports into and exports from Calcutta by country boat are registered by the Port Commissioners, Calcutta, but country boat traffic between the blocks of Bihar and Orissa and other blocks of Bengal is not registered.

The weights in these tables are given in maunds of 82½ lbs. and represent net weight, that is to say, a reduction at a fixed conventional rate is made from the actual gross weight of the goods as recorded on the invoices by railway or steamer companies. A list of the rates at which reduction is made appears in the Appendix to this Report.

The value of the goods carried by rail and steamer is not recorded on the invoices and consequently average values have to be assigned to each article when the accounts are made up. The average values are determined in a variety of ways. In the case of merchandise imported by sea, such as piece-goods, metals, foreign liquors, salt, foreign sugar, kerosine oil, etc., average quarterly values are reported by the Collector of Customs, Calcutta. As regards the great majority of articles of Indian produce or manufacture average market rates for each quarter are reported by select officers at Patna and Manbhum, and on these an average is struck for the whole province. Coal, cotton, grain and pulse, jute, oil-seeds, hides and skins, etc., are reported in this way. This cost price of opium is reported by the Board of Revenue, United Provinces. For certain articles in which no markets have yet opened in this Province, e.g., non-intoxicating drugs, tobacco manufactured, silk and its manufactures, leather, etc., Bengal rates are accepted.

REPORT
ON THE
TRADE CARRIED BY RAIL AND RIVER IN BIHAR
AND ORISSA
IN THE
OFFICIAL YEAR
1912-1913.

The climatic conditions of the year under review were on the whole not very favourable for the principal crops of Bihar and Orissa. The rainfall in April was above the normal in most of the districts of the province. In May and June the rainfall though defective in most districts was sufficient for sowing operations in the early part of July. There was a cessation of rainfall from the middle of July to the middle of August which delayed the plantation of winter rice in some districts. But the rainfall received in the latter half of August was beneficial to the transplantation and the growth of the crops which went on satisfactorily and the prospects seemed excellent. The failure of the rain in September and October however damaged the crop as it was reaching maturity. The heavy rain which fell in the beginning of November improved prospects. There was no rain in December and January except a few showers in Chota Nagpur. The fall in February was heavy for the time of the year especially in Chota Nagpur and the *rabi* crops were damaged to some extent in most districts of Bihar and parts of Chota Nagpur. In March the fall was generally above the normal. On the basis of the rates which prevailed at typical centres such as Patna, Manbhum and Cuttack, the average retail prices of food-grains per maund during the year under report and two preceding years were:—

		1910-11.	1911-12.	1912-13.
		Rs. a. p.	Rs. a. p.	Rs. a. p.
Rice (common)	...	3 0 0	2 15 8	3 10 4

Gram	...	2 10 0	2 9 1	3 5 1
Maize	...	1 14 6	1 14 0	2 6 0

For other agricultural staples, the wholesale rates per maund in the year under report and two preceding years were:—

		1910-11.	1911-12.	1912-13.
		Rs. a. p.	Rs. a. p.	Rs. a. p.

The nature of the trade recorded in the several tables of the report is explained below:—

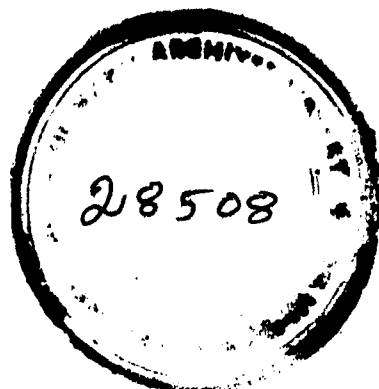

- (a) Tables I and II.—Trade of each internal block of Bihar and Orissa with other provinces.
- (b) Tables III and IV.—Trade of each internal block with Assam and Calcutta by river.
- (c) Table V.—Trade of each internal block of Bihar and Orissa with other blocks by rail.

This trade falls naturally into the following classes:—

(1) *Imports into Bihar and Orissa.*—These imports consist principally of goods which have been imported by sea into Calcutta and also of the products of Calcutta and Bengal, both manufactured and natural.

(2) *Exports from Bihar and Orissa to other provinces.*—Goods sent to Calcutta for export by sea or for manufacture, and to the rest of Bengal and other provinces consist principally of natural produce and a few articles of local manufacture.

Internal Trade.—The trade of each internal block in the year under report is given below in thousands of maunds :—

Blocks.	Imports.	Exports.
Patna City block	2,321	2,018
Bihar block	7,694	9,941
Chota Nagpur block	13,643	11,812
Orissa block	3,575	3,462

The larger part of the produce imported into the Patna City block by rail was derived from Bihar (mainly paddy, chalk and lime, marble and stone and railway materials, other sorts, and Chota Nagpur block (chiefly coal and coke and timber, unwrought). The Bihar block received principally food-grains, sugar (*gur*) and unwrought timber from Patna City, coal and coke, unwrought timber and railway materials, other sorts, from Chota Nagpur.

The Chota Nagpur block imports grain and pulse, rice and fruits and vegetables from Bihar and metallic ores from Orissa. Orissa imports coal and coke from Chota Nagpur and sugar (*gur*) from Bihar. The exports from the Patna City block consist chiefly of food-grains, unrefined sugar and unwrought timber; Bihar sends grain and pulse, rice, paddy, chalk and lime and marble and stone. The articles most largely exported from Chota Nagpur are coal and coke and unwrought timber and from the Orissa block, metallic ores, found in the Mayurbhanj State.
