Madras sea-ports.	Ports.
Internal blocks of the Presidency excluding Madras sea-ports.	Blocks.

A record of the trade of the Presidency with the blocks external to it and of its several internal blocks with one another is prepared in the Railway Audit offices concerned. The Government Examiner of Accounts, Bombay-Baroda and Central India Railway, Bombay, compiles these statistics every quarter and forwards them to the Board which receives them and prepares therefrom its published annual returns. These returns are divided into two principal statements, viz. :—

(1) Statement No. II showing the trade of the internal blocks of the Presidency with British Provinces and Native States, and

(2) Statement No. III showing the trade between the several internal blocks of the Presidency.

The weights entered in these tables are *net*, that is to say, a fixed average deduction is made from the actual gross weight of the goods. A statement showing the rates of deduction for the various descriptions of traffic is prefixed to the tables.

The value of the goods is ascertained by assigning average values to each article when the accounts are prepared. For this purpose Collectors furnish every quarter average values for those articles in which there is any considerable trade in their districts. The values of *Coal and coke* and of *Railway plant and rolling-stock* are reported by the Railway authorities direct, and the values of *Hay straw, and grass and Bran* are worked out from the fortnightly returns of wholesale prices published by the Board. Quarterly reports of value not being practicable in the case of certain articles, such as, *Machinery and millwork and Other manufactures* under Iron and steel, *Metallic ores*, *Mineral substances* and *All other articles of merchandise*, fixed conventional values are adopted in these cases. The quantity of traffic in each article for each quarter is multiplied by the value rate for that quarter and the sum of the products for the four quarters forms the value for the whole year. In valuing the export trade of the Presidency and the trade with Native States, as well as in valuing the internal trade, the rates adopted are those fixed for the Presidency, while for valuing the imports, the rates fixed by the exporting provinces are adopted.

MEMORANDUM ON THE RAIL-BORNE TRADE OF THE MADRAS PRESIDENCY DURING THE OFFICIAL YEAR 1911-12.

During the year under review the title of the block "Pondicherry and Karikal ports" was changed into "French ports". In accordance with the decision of the Government of India communicated with the Director-General's letter No. 6245-3, dated 19th October 1911, the publication as an appendix to the annual rail-borne trade report of the statement of "changes in railway freights on goods carried by railways" has been discontinued. Bran under Fodder and Cotton-seed under Oil-seeds have been newly added to the articles of rail-borne trade and the classification of the sub-heads under Liquors has been revised.

2. No additions were made to the open mileage of railways in the Madras Presidency during the year.

3. *Season and Prices*.—The South-West monsoon was not on the whole favourable. The North-East monsoon was favourable, but the rainfall in the dry weather and hot weather was below the average almost everywhere. The harvest prices of ragi in Ganjam, Chingleput, South Arcot, Tinnevely, of cholam in Gōdāvari and Tinnevely, of cumbu in Guntūr, Anantapur, Cuddapah, Nellore, South Arcot, Chittoor and North Arcot were at or below the level of the previous year while in all other cases they were above that level. The prices of all the principal grains were below the scarcity rates everywhere. The prices of rice in Kistna, Anantapur, Trichinopoly, Tanjore and Rāmnād, of ragi in Vizagapatam, Gōdāvari, Kistna, Anantapur and Salem, of cholam in Cuddapah, Nellore, Madura and Rāmnād, of cumbu in Madura and Rāmnād, were above the warning rates. They were below the warning rates in other districts. The "warning" and "scarcity" rates here referred to are those fixed by Government in G.O. No. 1977, Revenue, dated 3rd July 1912.

4. *External trade*.—As compared with the preceding year the total value of the trade with British Provinces and Native States rose by 1.41 lakhs of rupees under imports and fell by 33 lakhs under exports. The trade in goods rose from 1,946 lakhs of rupees to 2,099 lakhs while that in treasure fell by 48 lakhs.

5. *Imports*.—There has been a steady increase in the total imports since the year 1907-08 due mainly to the growth of imports from Bengal. In reviewing the proportion in which the several external blocks contributed to the total imports, it is observed that the adjoining Native State of Hyderabad contributed as in previous years the largest share, viz., 29.3 per cent. of the total imports while Bengal accounted for 27.0, Mysore and Bombay 21.4 and 14.3 per cent. respectively. More than a third, i.e., 37.0 per cent. of the total imports relates to the Madras sea-ports, the Deccan receiving 13.6 per cent., Deltas 12.4, Central districts 11.0 and North Carnatic 10.4 per cent. As compared with the previous year there was an appreciable increase in the imports into the Madras sea-ports, Deccan, Central and Southern districts. In other blocks the increase was more or less proportional to the general increase in the total. The statement below shows the fluctuations in the trade of the principal articles.

The imports under Grain and pulse and Oil-seeds showed an increase of 1,510 thousands and 485 thousands of maunds respectively as compared with the previous year. The trade under Cotton, Wood, Fruits and vegetables, fresh, Hides and skins, Dyes and tans, Salt, Metals, Railway plant and rolling stock, Provisions, and Jute showed an increase this year as compared with the previous year. There was a large fall in the imports of Coal and coke.

6. *Exports.*—More than a third of the exports was consigned to Bombay and nearly a third to Mysore while Bengal and the Nizam's territory received 15.6 and 14.1 per cent. respectively. The Seaports contributed 21.7 per cent. of the exports and the Deltas, Deccan, and Northern Circars 26.3, 24.8 and 13.1 per cent. respectively. The following statement exhibits the trade in the principal articles as compared with the previous year:—

21. All other articles	965	865	6.6
Total ..	12,464	13,121	100.0

The total export trade exhibited an increase of 657 thousands of maunds as compared with that of the previous year. The trade under Grain and pulse which were largely exported showed an increase of 418 thousands of maunds due wholly to the sudden increase, viz., 616 thousands of maunds, in the exports to Bombay of *Rice not in the husk* from Deltas. The trade in *Rice not in the husk* was diverted from Native States to Bombay showing a decline of 220 thousands of maunds in the exports from Deltas into Mysore and the Nizam's territory. The trade under Salt, Sugar, Oil-seeds, Oils, Minerals, Dyes and tans, Spices, Tobacco, Coal and coke, Jute and Fodder showed an increase whereas Metals, Wood, Provisions, Fruits and vegetables, fresh, Cotton, Railway plant and rolling stock and Liquors showed a decline.

7. *Internal trade.*—There was a considerable expansion in the trade under this head, the increase amounting to 9.15 millions of maunds over that of 1910-11 and of 14 millions of maunds over that of 1908-09. As in previous years the largest imports flowed into the Madras port; the Central and Southern districts, South and North Carnatic received only 12.3, 10.6, 8.6 and 7.3 per cent. respectively of the total imports. The Madras port despatched 13.1 per cent., the two Carnatic blocks 28.5 and the Central districts 8.8 per cent. The brisk trade in Grain and pulse, Oil-seeds, Wood and Coal and coke contributed very largely to the increased trade during the year. The only articles that showed a slight decline were Minerals and Hides and skins.
