Madras Sea-ports	Ports.
Internal blocks of the Presidency excluding Madras Sea-ports.	Blocks.

A record of the trade of the Presidency with the blocks external to it and of its several internal blocks with one another is prepared in the Railway Audit offices concerned. The Government Examiner of Accounts, Bombay-Baroda and Central India Railway, Bombay, compiles these statistics every quarter and forwards them to the Board which receives them and prepares therefrom its published annual returns. These returns are divided into two principal statements, viz :—

(1) Statement No. II showing the trade of the internal blocks of the Presidency with British Provinces and Native States, and

(2) Statement No. III showing the trade between the several internal blocks of the Presidency.

The weights entered in these tables are *net*, that is to say, a fixed average deduction is made from the actual gross weight of the goods. A statement showing the rates of deduction for the various descriptions of traffic is prefixed to the tables.

The value of the goods is ascertained by assigning average values to each article when the accounts are prepared. For this purpose Collectors furnish, every quarter, average values for those articles in which there is any considerable trade in their districts. The values of *Coal and coke* and of *Railway plant and rolling-stock* are reported by the Railway authorities direct, and the values of *Hay, straw and grass*, and *Bran* are worked out from the fortnightly returns of wholesale prices published by the Board. Quarterly reports of value not being practicable in the case of certain articles, such as, *Machinery and mill-work and other manufactures* under Iron and steel, *Metallic ores*, *Mineral substances* and *All other articles of merchandise*, fixed conventional values are adopted in these cases. The quantity of traffic in each article for each quarter is multiplied by the value rate for that quarter and the sum of the products for the four quarters forms the value for the whole year. In valuing the export trade of the Presidency and the trade with Native States, as well as in valuing the internal trade, the rates adopted are those fixed for the Presidency, while, for valuing the imports, the rates fixed by the exporting provinces are adopted.

MEMORANDUM ON THE RAIL-BORNE TRADE OF THE MADRAS PRESIDENCY DURING THE OFFICIAL YEAR 1912-1913.

During the year under review, in consequence of the territorial re-distribution of the Bengal Presidency and the Province of Eastern Bengal and Assam, each of the Provinces of Behar and Orissa, Bengal and Assam has been separately constituted an external trade block. Chittagong Port ceased to be an external trade block from this year.

2. No additions were made to the open mileage of Railways in the Madras Presidency during the year.

3. The South-West as well as the North-East monsoons were favourable, but the dry and hot weather rains were mostly below the average. The harvest prices of rice in Kistna and the Nilgiris, of ragi in Godavari, Kistna, Anantapur, Salem and Rannad, of cholam in Bellary, Anantapur, Cuddapah and Rannad, and of cumbu in Vizagapatam were at or below the level of the previous year while, in all other cases, they were above that level. The prices of all the principal food-grains were below the scarcity rates everywhere except in Salem and South Arcot where the price of cumbu touched that level. The price of rice in Ganjam, Godavari, Guntur, Nellore, South Arcot, North Arcot, Salem, Trichinopoly and in the Deccan and Southern Districts, of ragi in Ganjam, Vizagapatam, Godavari, South Arcot, North Arcot, Salem, Coimbatore and Madura, of cholam in Godavari, Kistna, Guntur, Kurnool, Cuddapah, Nellore, Salem, Coimbatore, Trichinopoly and Madura, and of cumbu in Guntur, Kurnool, South Arcot, Salem, Coimbatore, Trichinopoly, Madura and Rannad were above the warning rates. The warning and scarcity rates here referred to are those fixed by Government in G.O. No. 1977, Revenue, dated 3rd July 1912.

4. *External Trade*.—As compared with the preceding year, the total value of trade with British Provinces and with Native States rose by 158 lakhs of rupees under imports and by 203 lakhs under exports. The trade in goods rose from 2,099 lakhs of rupees to 2,413 lakhs and the trade in treasure from 206 lakhs to 254 lakhs of rupees.

5. *Imports*.—There has been a steady increase in total imports since the year 1907-1908, due mainly to the growth of imports from Bengal till last year. Now that Behar and Orissa has been constituted an independent block, that block has taken the place of Bengal in contributing the largest share, while the Nizam's Territory accounted for 24·8, Mysore 20·1, Bombay 10·9 and Bengal 5·0 per cent., respectively. More than a third, viz., 36·7 per cent., of the total imports relates to the Madras Sea-ports, Deltas receiving 13·8 per cent., the Deccan 13·4, Northern Circars 10·4, Central Districts 10·1 and North Carnatic 9·7 per cent. As compared with the previous year, there was an appreciable increase in the imports into the Madras Sea-ports, Northern Circars, Deltas, the Deccan, North Carnatic and Central Districts. In the other blocks, excepting those of South Carnatic and Southern Districts, the increase was more or less proportional to the general increase in the

total. The statement below shows the fluctuation in the trade of the principal articles :—

The imports under grain and pulse and coal and coke showed an increase of 1,833 thousands and 1,283 thousands of maunds, respectively, as compared with the previous year. The trade in cotton, wood, dyes and tans, metals, sugar, railway plant and rolling stock, jute, provisions, and leather showed an increase, while there was a large fall in the imports of oil-seeds.

6. *Exports.*—More than a fourth of the exports was consigned to Bombay and nearly a third to Mysore, while the Nizam's Territory, Behar and Orissa, and Bengal received 19.8, 9.9, and 8.2 per cent., respectively. The Sea-ports contributed 24.1 per cent. of the exports and the Deltas, Deccan and Northern Circars 28.9, 18.2 and 14.6 per cent., respectively. The following statement exhibits the trade in the principal articles as compared with the previous year :—

The total export trade exhibited an increase of 746 thousands of maunds as compared with that of the previous year. Grain and pulse heads the list as usual forming more than a fifth of the total trade and more than double the exports in salt which comes next to it. The trade under salt, oil-seeds, provisions, oils, minerals, spices, coal and coke, dyes and tans, tobacco, fodder, cotton (manufactured), fruits and vegetables (fresh) and railway plant and rolling stock showed an increase, whereas metals, wood, sugar, jute, cotton (raw), and liquors showed a decrease. The trade under liquors has fallen steadily from 67 thousands in 1908-1909 to 27 thousands of maunds.

7. *Internal Trade.*—There was a considerable expansion in the trade, the increase amounting to 3.89 millions of maunds over that of 1911-1912 and 18.3 millions of maunds over that of 1908-1909. As in previous years, the largest imports flowed into the Madras Port; Central and Southern Districts, South and North Carnatics received only 13.6, 12.3, 10.2 and 6.8 per cent., respectively, of the total imports. The Madras Port despatched about 15.1 per cent. the two Carnatic blocks 26.8 and Central Districts 13.2 per cent. The brisk trade under grain and pulse, oil-seeds, wood, coal and coke, cotton (raw), salt, oils, sugar, provisions and railway plant and rolling stock contributed largely to the increased trade during the year. The only articles that showed a decline were minerals, dyes and tans and tobacco.
