APPENDIX — STATEMENT showing the AVERAGE WHOLESALE PRICES of ARTICLES of TRADE in BIHAR AND ORISSA during the four quarters of the year ending the 31st March 1915, as well as the rates of deductions made from the gross weight to obtain net weight.	75-79

EXPLANATORY NOTE.

For the purpose of recording the trade carried by rail and river, the Province of Bihar and Orissa is divided into four trade blocks, which are constituted as follows :—

- (1) Patna City, comprising the City of Patna, Bankipore, Dighaghat, Dinapore and Gulzarbagh.
- (2) Bihar, comprising the districts of Patna (excluding places comprised in the Patna City Block), Gaya, Shahabad, Saran, Champaran, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, Purnea and the Santal Parganas.
- (3) Chota Nagpur, comprising the districts of Hazaribagh, Ranchi, Palamau, Manbhum, Singhbhum and Gangpur (Tributary State).
- (4) Orissa, comprising Cuttack, Puri, Balasore, Angul, Sambalpur and Mayurbhanj State.

A record of the trade of these blocks by rail with one another and with other provinces is prepared in the railway audit offices from invoices of goods received. In a similar way, a record of trade carried by steamers between different blocks of Bihar and Orissa and Assam and Calcutta is prepared from the invoices preserved in the offices of the River Steam Navigation Company and the India General Navigation and Railway Company. The trade carried by steamers between the different blocks of Bihar and Orissa is not recorded. As regards the traffic by country boat there are two stations in Assam which record the trade of the province with the different internal blocks of Bihar and Orissa. Imports into and exports from Calcutta by country boat are registered by the Port Commissioners, Calcutta, but country boat traffic between the blocks of Bihar and Orissa and other blocks of Bengal is not registered.

The weights in these tables are given in maunds of 82½ lbs. and represent net weight, that is to say, a reduction at a fixed conventional rate is made from the actual gross weight of the goods as recorded on the invoices by railway or steamer companies. A list of the rates at which reduction is made appears in the Appendix to this report.

The value of the goods carried by rail and steamer is not recorded on the invoices and consequently average values have to be assigned to each article when the accounts are made up. The average values are determined in a variety of ways. In the case of merchandise imported by sea, such as piece-goods, metals, foreign liquors, salt, foreign sugar, kerosine oil, etc., average quarterly values are reported by the Collector of Customs, Calcutta. As regards the great majority of articles of Indian produce or manufacture, average market rates for each quarter are reported by selected officers at Patna and Purulia, and on these an average is struck for the whole province. Coal, cotton, grain and pulse, jute, oilseeds, hides and skins, etc., are reported on in this way. The cost price of opium is reported by the Board of Revenue, United Provinces. For certain articles in which no markets have yet opened in this Province, *e.g.*, non-intoxicating drugs, tobacco manufactured, silk and its manufactures, leather, etc., Bengal rates are accepted. The quantity of traffic in each article for each quarter is multiplied by the value rate for that quarter and the sum of the products for the four quarters forms the value of the whole year. In valuing the export trade of the Province as well as the internal trade, the rates adopted are those fixed for this Province, while in valuing the imports of other Provinces and seaports the rates fixed by the exporting Province are adopted.

The trade falls into the following classes :—

- (1) *Imports into Bihar and Orissa.*—These imports consist principally of goods which have been imported by sea into Calcutta and also of the products of Calcutta and Bengal, both manufactured and natural.
- (2) *Exports from Bihar and Orissa to other Provinces.*—Goods sent to Calcutta for export by sea or for manufacture, and to the rest of Bengal and other provinces, consisting principally of natural produce and a few articles of local manufacture.

The following figures show the trade of Bihar and Orissa with other provinces during the year under review and the preceding year (exclusive of animals and treasure) :—

Year.	Imports into Bihar and Orissa from other provinces including Calcutta.	Exports from Bihar and Orissa to other provinces including Calcutta.	Imports into Bihar and Orissa from Calcutta.	Export from Bihar and Orissa to Calcutta.
