EXPLANATORY NOTE.

For purposes of the registration of rail-borne trade the Madras Presidency is divided into the following twelve internal blocks, of which the first three represent the principal sea-ports of the Presidency :—

Blocks.	Short titles.
1. Madras port	Madras.
2. Pondicherry and Karikal ports	French ports.
3. Cuddalore, Negapatam, Tuticorin, Calicut, Cocanada, Vizagapatam, Cochin, Tellicherry, Cannanore, Masulipatam, Mangalore, Quilon, Porto Novo, Badagara and Dhanushkodi ports.	Other sub-ports.
4. Ganjām and Vizagapatam	Circars.
5. Gōdāvari, Kistna and Guntūr	Deltas.
6. Kurnool, Bellary, Anantapur and Cuddapah ...	Deccan.
7. Nellore, Chingleput, Chittoor and North Arcot ...	North Carnatic.
8. South Arcot and Tanjore	South Carnatic.
9. Salem, Coimbatore and Trichinopoly	Central Districts.
10. Madura, Rāmnād and Tinnevelly	Southern Districts.
11. Malabar, Anjengo, South Kanara and Travancore ...	West Coast.
12. The Nilgiris	The Hills.
There are also short titles for groups of blocks as shown below :—	
(1) Madras sea-ports	Ports.
(2) Internal blocks of the Presidency excluding Madras sea-ports.	Blocks.

A record of the trade of the Presidency with the blocks external to it, namely, the other British Provinces and the Native States and of its several internal

blocks with one another is prepared in the Railway Audit offices concerned. The Government Examiner of Accounts, Bombay-Baroda and Central India Railway, Bombay, compiles these statistics every quarter and forwards them to the Board which receives them and prepares therefrom the annual returns published by it. These returns are divided into two principal statements, viz. :—

(1) Statement No. II showing the trade of the internal blocks of the Presidency with the other British Provinces and the Native States.

(2) Statement No. III showing the trade between the several internal blocks of the Presidency.

Since the year 1913–14, values have been omitted from Statement No. III, but the volume and the value of the trade of ports with blocks are entered in Statements Nos. II (*a*) and II (*b*) in two lines of figures under each article.

The weights of the goods entered in these tables are net, that is to say are subject to a fixed average deduction from the actual gross weight. A statement showing the rates of deduction for the various articles of traffic is prefixed to the tables.

The values of goods are ascertained by assigning average values to each article when the accounts are prepared. For this purpose Collectors furnish every quarter average values of those articles in which there is any considerable trade in their districts. The values of *Coal and coke* and of *Railway plant and rolling-stock* are reported by the Railway authorities direct, while the values of *Hay, straw, grass* and *bran* are worked out from the fortnightly returns of wholesale prices published by the Board. Quarterly reports of values not being practicable in the case of articles, such as *Machinery and millwork* and *Other manufactures* under *Iron and steel, Metallic ores, Mineral substances* and *All other articles of merchandise*, fixed conventional values have been assigned to them. The quantity of traffic in each article for each quarter is multiplied by the value rate for that quarter and the sum of the products for the four quarters of the year forms the value of the trade in that article for the year. In valuing the export trade of the Presidency and the trade with the Native States, the rates adopted are those fixed for the Presidency, while the rates fixed by the exporting provinces are adopted in the valuation of imports.

MEMORANDUM OF THE RAIL-BORNE TRADE OF THE MADRAS PRESIDENCY DURING THE OFFICIAL YEAR 1918–19.

No addition was made to the open mileage of railways in the Madras Presidency during the year 1918–19.

2. *Season.**—The total rainfall during the south-west monsoon was below the average throughout the Presidency, and that under the north-east monsoon exceeded the average in the Carnatic, the South, Coimbatore, Trichinopoly, the West Coast and the Hills, and fell short of it elsewhere. As regards the dry and hot weather rains, a few showers fell in January and the fall during that month exceeded the average in the Circars, the Deccan, Nellore, Chittoor, Coimbatore, Madura, Tinnevelly and the Hills. In February there was a spell of fine weather which lasted with slight interruptions up to the middle of April when it changed bringing fair or light showers which continued with varying strength up to the end of May.

3. *Prices.**—The harvest prices of the principal food-grains were dearer than in the previous year with the single exception of ragi in South Arcot where its price was stationary. Again, though these prices were below the warning rates in a few cases, namely, those of rice in Kistna and South Arcot, of ragi in Ganjām, Vizagapatam, South Arcot, Chittoor and Trichinopoly, and of kambu in South Arcot, Chittoor, North Arcot, Trichinopoly and Rāmnād, they were above such rates in all the rest, while in some they even reached or went above the scarcity rates. The cases coming under the latter category were those of rice in Vizagapatam, Kurnool, Cuddapah, Chingleput, North Arcot, Salem, Madura and Rāmnād, of ragi in Nellore, Madras, Salem and Tanjore, of kambu in Guntūr, Kurnool, Anantapur, Cuddapah, Salem, Coimbatore, Madura and Tinnevelly and of cholam in all the districts. The warning and scarcity rates here referred to were fixed by Government in their order No. 2108, Revenue, dated 31st May 1918. As compared with the preceding year, there was an increase in the area cultivated with cotton during the year under report, the increase being due to the high prices prevailing, whereas, in the case of groundnut and indigo, there was a fall, which was partly due to the unfavourable season, and partly due in the case of the former to the preference given to the cultivation of cotton and in the case of the latter to the fall in price.

4. *External trade.*—The total trade of the Madras Presidency with the other British provinces in India and with the Native States during 1918–19 as compared with that of 1917–18 shows an increase of 1,590 thousands of Indian maunds or 2·5 per cent in volume and 922 lakhs of rupees or 16·9 per cent in value. As compared with the pre-war year, 1913–14, the volume shows an increase of 28,700 thousands of maunds and the value, an increase of 3,797 lakhs of rupees, i.e., an increase of 80 and 148 per cent respectively. The increase in the rail-borne trade was no doubt, as in the previous years, ascribable to the contraction of shipping facilities. The total value of the trade in treasure showed a fall of 13 lakhs of rupees when compared with 1917–18. The following table shows the total trade of the Madras Presidency by rail in the past two years and the pre-war year, 1913–14 :—

—	Quantity in thousands of maunds and value in lakhs of rupees.					
	1913–14 (pre-war year).		1917–18.		1918–19.	
	Quantity.	Value.	Quantity.	Value.	Quantity.	Value.
1. Imports into Madras from other provinces.	20,876	1,265	40,566	2,629	40,552	2,857
2. Exports from Madras to other provinces ...	14,956	1,105	22,376	2,594	23,980	3,306
Total ...	35,832	2,370	62,942	5,223	64,532	6,163

* The information under these heads relates to the agricultural year 1918–19.

In the above table, the quantity and value of the provincial total goods alone have been taken into consideration excluding animals and treasure.

5. *Imports* (*excluding animals and treasure*).—The total imports by rail into the Presidency from other provinces and Native States during the year amounted to 40,552 thousands of Indian maunds valued at 2,857 lakhs of rupees against 40,566 thousands of maunds and 2,629 lakhs of rupees in 1917–18, a very slight decrease in quantity but an increase of 8·7 per cent in value. Compared with the pre-war year 1913–14, there was an increase of 94·3 per cent in quantity and 125·8 per cent in value. The increase in value is accounted for by the fact that the price of every rail-borne trade article had an abnormal rise owing to the great European war. As in the preceding year the external blocks, Behar and Orissa and Nizam's territory, contributed to more than half the total imports into the Presidency, the percentages being 45·5 and 22·7, respectively. Bengal (including Calcutta port), Bombay (including Bombay port) and Mysore, the more important of the remaining external blocks, were responsible for 12·4, 8·1 and 7·5 per cent, respectively, of the total imports. More than a half, that is, 53·1 per cent of the total imports, relates to the Madras sea-ports, the North Carnatic receiving 13·7 per cent, the Deltas 13·6, Central districts 6·8, and Deccan 6·1. There was a fall in the imports into all the internal blocks of the Presidency except the Madras sea-ports, where there was an appreciable increase. The subjoined statement shows the fluctuations in the trade of the principal articles :—

EXTERNAL TRADE.

II (*a*) *Imports.*

20	All other articles of merchandise.	864	3,017	833	4,166	868	4,342	2·2
	Total ...	20,876	1,17,788	40,169	2,44,153	40,190	2,60,253	100·0

(i) *Coal and coke.*—In the import of this article, there was an increase of 9·2 per cent in quantity and 24·4 per cent in value over 1917–18. The Madras ports alone received more than half, i.e, 53·2 per cent of the total imports. 63·5 per cent of the total quantity was exported from Behar and Orissa; the Nizam's territory and Bengal were responsible for the remainder, the percentages being 28·2 and 8 1, respectively.

(ii) *Grain and pulse.*—The total import fell from 6,914 to 5,507 thousands of maunds showing a decrease of 20·3 per cent, but the value increased from 27,194 to 31,095 thousands of rupees or by 14 3 per cent. Mysore and the Nizam's territory were largely responsible for the decrease in quantity which was probably due to the restrictions placed on railway traffic owing to shortage of waggons

(iii) *Oil-seeds.*—There was a decrease of 42·2 per cent in quantity in the import trade of this article. The decrease is mainly due to the short supply received from Bombay and the Nizam's Territory which exported only about half the quantity they did in the previous year.

(iv) Among other articles, the trade in dyes and tans and railway plant and rolling stock showed an increase in quantity but decrease in value, whereas that in fodder, salt and wood showed a decrease in quantity but increase in value. There was also some increase in the imports of all other principal articles except cotton, fruits and vegetables fresh, liquor, provisions and spices which showed a slight decrease.

6. *Exports* (*excluding animals and treasure*).—The export trade of the Presidency rose from 22,376 thousands of maunds valued at 2,594 lakhs of rupees in the preceding year to 23,980 thousands of maunds valued at 3,306 lakhs of rupees, i.e., an increase of 7·1 per cent in quantity and 27·4 per cent in value during the year under report. When compared with the pre-war year 1913–14, the quantity showed an increase of 60·3 per cent and value, 199·2 per cent. About 90 per cent of the total quantity was consigned to Bombay (including Bombay port), Mysore, Nizam's Territory and Calcutta. The Madras sea-ports and the Deltas contributed more than half the total exports, the percentages being 28·7 and 24·4 respectively, while Deccan contributed 15·8 per cent, Northern Circars 9·9, Central Districts 7·3 and North Carnatic 7·1 per cent. The statement below compares the trade in the principal articles during the year under report with that of the previous year and the pre-war year :—

21	All other articles of merchandise.	1,554	5,441	1,191	5,916	1,535	7,677	6·5
	Total ...	15,363	93,078	21,915	2,29,015	23,563	2,98,927	100·0

(i) *Coal and coke.*—The trade in this article during the year increased by 1,080 thousands of maunds in quantity and by 811 thousands of rupees in value, i.e., by 50·7 per cent and 76·2 per cent, respectively. 68·1 per cent of the quantity was exported to Bombay (including Bombay port).

(ii) *Cotton.*—Cotton raw showed an increase of 40·7 per cent in quantity and 66·4 per cent in value, but in the case of cotton manufactured, though the quantity exported during the year remained stationary, the value showed an increase of 41·9 per cent over 1917–18.

(iii) *Grain and pulse.*—The total quantity exported fell by 57 thousands of maunds whereas its value increased by 23·6 per cent. Bombay and Mysore received 33·5 and 28·3 per cent of the total exports.

(iv) *Fodder.*—The quantity of fodder exported increased from 167 to 662 thousands of maunds and value from 285 to 824 thousands of rupees. Deccan alone exported 71·1 per cent of the total quantity; Bombay and Mysore receiving 46·7 and 37·3 per cent of the exports.

In the export trade of the following articles, namely, jute, gunny bags and cloth, metals, oil-seeds, tobacco and provisions, though the quantity exported was less than in the preceding year, there was an increase in the value of each. There was also some increase in all other articles both in volume and value except in oils, railway plant and rolling stock, and salt which showed some decrease.

7. *Internal trade (excluding animals and treasure).*—This trade fell from 71,912 thousands of maunds in 1917–18 to 63,394 thousands of maunds in the year under review. As usual, the Madras port had the largest imports, the quantity being 16·5 per cent of the total trade, while the quantity exported from that port constituted 16·8 per cent. The Central districts, Southern districts, South Carnatic, the Deltas and Deccan received 13·6, 13·2, 8·2, 6·5 and 6·2 per cent, respectively, of total imports, while the exports from the two Carnatic blocks, Central, the West Coast and the Deltas amounted to 28·2, 8·8, 8·8 and 6·6 per cent, respectively, of the total trade. There was appreciable increase in coal and coke, while in dyes and tans and hides and skins the increase was slight. Grain and pulse, oils, oil-seeds and cotton (raw) showed a large decrease while in the remaining articles the decrease was slight.

STATEMENT No. II (*a*) showing the imports by rail into the Madras Presidency during the year 1918–19.
