

Statistical Returns of the  
Lunatic Asylums

Madras

1919

509

OFFICE OF THE SURGEON-GENERAL WITH THE  
GOVERNMENT OF MADRAS,  
Ootacamund, the 5th/7th May 1920.

No. 97/506.

From THE HON'BLE MAJOR-GENERAL G. G. GIFFARD, C.S.I., K.H.S., I.M.S.,  
SURGEON-GENERAL WITH THE GOVERNMENT OF MADRAS,

To THE SECRETARY TO GOVERNMENT,  
LOCAL AND MUNICIPAL (MEDICAL) DEPARTMENT,  
MADRAS.

SIR,

I have the honour to submit the annual returns of the Lunatic Asylums in the Presidency for the year 1919.

2. *Accommodation*.—The accommodation for insanes has been increased during 1919, in Madras by 16, by releasing the building in which the office of the Superintendent was located in previous years. The accommodation in Calicut and Vizagapatam remains the same. The want of accommodation is very keenly felt in Calicut where the admissions are yearly on the increase and where a temporary building was provided for 20 inmates during 1918. The improvements and additions to the present buildings of the Madras Asylum ordered in G.O. No. 548 W., dated 6th May 1918, have not yet begun. Revised estimates were sanctioned by Government in G.O. No. 1618 W., dated 1st December 1919. The hospital accommodation is, at present, found sufficient. The construction of a new hospital at Madras approved in G.O. No. 96, Public, dated 20th January 1916, has not yet been finally sanctioned as Government have ordered that the work must be postponed till normal conditions are restored. It is very advisable to construct separate hospital wards for housing the insanes suffering from dysentery and tuberculosis of the lungs, as the largest number of admissions into hospital are for dysentery and the largest number of deaths are due to tubercle of the lungs. This may to a great extent check the spread of the two diseases among the inmates.

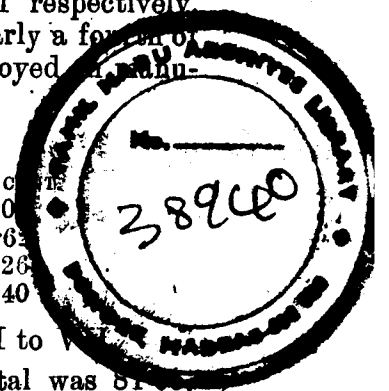

3. *Population*.—The number of new admissions during the year was 252 males and 45 females, of whom the criminals numbered 44 and 1 respectively. The daily average population was 906.0 and females numbered nearly a fourth of the total. An average of 204 males and 13 females were employed in manufacture: several others were usefully employed in asylum work.

4. Result of treatment on the total population:

|                           | PER CENT |
|---------------------------|----------|
| Cured                     | 11.0     |
| Improved                  | 2.6      |
| Discharged without relief | 4.26     |
| Died                      | 10.40    |

5. Details as to age, class, sex, etc., are given in statements III to V.

6. *Sickness and mortality*.—The daily average sick in hospital was 81. Madras shows a fall of 14.41 and Vizagapatam 5.18 as compared with the previous year which is due to the non-prevalence of influenza epidemic during the year. The chief diseases that prevailed were dysentery, malaria, tubercle, diarrhoea, abscess and boils. In Madras tubercle claimed the largest number of deaths, dysentery coming next. In Calicut the largest number of deaths were due to dysentery.

R

Y63:4:65. 211V219

7. *Criminal insanes*.—There were 45 admissions during the year. Of these 5 had been tried and acquitted, 21 were found incapable of making defence and 19 had become insane during imprisonment. Thirteen criminal insanes were transferred to the civil section. Nine recovered of whom 3 were discharged to stand their trial. The daily average population was 179·73.

8. *Escapes*.—One civil insane at Madras escaped but was recaptured. The two escapes at Calicut were recaptured and brought back by the asylum servants.

9. *Finance*.—Statements VIII to X show details of income and expenditure.

10. *Inspection*.—The official and non-official visitors inspected the institutions regularly. The asylums at Madras and Calicut were visited by me. The service and stock registers have been properly maintained.

I have the honour to be,

Sir,

Your most obedient servant,

G. G. GIFFARD, MAJOR-GENERAL, C.S.I., K.H.S., I.M.S.,  
*Surgn.-Genl. with the Govt. of Madras.*

---

STATEMENTS NOS. I—X.
