G.O. No. 1129, 16th June 1922

Jamabandi

Fasli 1330 (1920-21)—Report.

Read—the following paper :—

Proceedings of the Board of Revenue (Land Revenue and Settlement), No. 44, dated 15th May 1922.

Order—No. 1129, Revenue, dated 16th June 1922.

Miscellaneous.

Recorded.

2. The season was on the whole less favourable than in the previous year.

Relief operations under the Famine Code were conducted in Bellary and Anantapur districts and in one taluk in Kurnool district. There was a net increase of Rs. 6.92 lakhs in the amount of season remissions as compared with the previous year.

3. There was an increase in the total number of processes issued in the fasli over that in the previous fasli, but the total number of defaulters whose property was sold was smaller.

4. Advances under the Loans Acts were Rs. 1.72 lakhs in excess of those in fasli 1329. There was a marked increase in the number of wells newly constructed or repaired with the aid of loans under the Land Improvement Loans Act.

(By order of the Governor in Council)

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE AND SETTLEMENT).

Resolution — No. 44, dated 15th May 1922.

The Board submits its report on the settlement of land revenue in the Presidency for fasli 1330 (1920-21), together with the prescribed statements.

2. *Season, rainfall and prices.*—The south-west monsoon broke early in June with heavy rains on the West Coast and moderate showers on the hills; it continued with slightly varying strength up to the end of August on the West Coast when it weakened; but it was on the whole seasonable and quite up to the normal. In the rest of the Presidency the rainfall in June was about normal in the South, but was neither plentiful nor well-distributed elsewhere though a few good showers were received in the Circars and the Deccan. The July rains were generally light and disappointing and river freshes were late in most of the deltaic tracts. Sowings were retarded in consequence and the dry crops sown in anticipation of rains began to feel the effects of the drought in the Deccan and parts of the Circars. In the earlier half of August the rainfall though light was fairly general and good showers towards its close helped to re-start sowings on a considerable scale and revived to some extent the standing crops; but the need for more rain continued to be felt in the Deccan and most of the Circars and the Central districts. The monsoon took a more favourable turn in September and rendered prospects more hopeful in the majority of the districts. The total rainfall during the period June to September was below the average everywhere except in Tanjore, Madura, Ramnad and Malabar and the deficiency which was particularly marked in the Circars and the Deccan was generally reflected in the area under cultivation. The rains in the earlier half of October, the opening month of the north-east monsoon, slightly improved the outlook in the Circars and the Deccan. Towards the close of the month there were fairly good showers in the other parts of the Presidency and in Cuddapah, and the rains of November were particularly heavy in the Carnatic, the Central and the Southern districts. These heavy rains caused floods and in several cases irrigation channels and tanks were breached in Ramnad, Tanjore and Trichinopoly, the outturn of crops being considerably affected. This was particularly the case in Trichinopoly. This rain did not however reach the northern half of the Circars and the Deccan districts, where the crops either entirely failed or yielded a poor outturn for want of sufficient rain. The rains held off thereafter, but the total fall during the north-east monsoon exceeded or approximated to the average in Godavari, the Carnatic, the Central area, the South and Malabar and fell short of it elsewhere. On the whole the north-east monsoon may be said to have been more favourable than the south-west monsoon and the total area under cultivation in the majority of the districts showed an increase. In most of the districts the dry weather rains were above and the hot weather rains below the average. The year on the whole was not unfavourable to agricultural operations except in parts of Ganjam, Vizagapatam, Kurnool, Bellary and Anantapur where both the monsoons proved disappointing. Relief operations under the Famine Code were started in Ganjam, but the test works opened there did not reveal the existence of distress and were accordingly closed. In Kurnool the distress was confined to a portion of one taluk and did not pass the stage of "test." In Anantapur and Bellary the distress was more severe and widespread extending over an area of 2,246 square miles and after they have been under observation for some time these tracts were declared famine areas.

The average annual retail prices of the staple food grains were generally below those of the preceding year except in the case of rice in the districts of Godavari, Kistna and the Nilgiris and of cumbu in the districts of Vizagapatam, Godavari and Kistna.

3. *Cropped area.*—The total cropped area of the year was 37,558,000 acres; 1,439,000 acres below the normal. The areas under paddy, cumbu, castors, cotton and indigo were far smaller than in normal years and it was only under groundnut that there was an appreciable increase. The decrease under paddy was chiefly in the Circars and was caused by insufficient rains and inadequate supply in the canals of the Kistna district. The fall in the extent under cumbu is attributed to the preference shown for the cultivation of chulam, ragi and groundnut and also to the want

of rain at the proper season. The area under castors was the smallest on record and was due mainly to the want of rain at the proper season and also probably to the total cessation of demand from the United Kingdom which had imported all available supplies during the war. The decrease under cotton was due to the slump in the market price of the article, that under indigo to the fall in the demand for natural indigo; want of rains at the proper season also contributed to the decrease in the area sown with these two crops. The increase under groundnut is attributed to the fact that high prices were expected to continue. As compared with the previous year, the areas under paddy, cholam, cumbu, gingelly, castors, cotton and tobacco showed a decrease and those under ragi, groundnut, sugarcane and indigo an increase.

Outturn of crops was reported by Collectors in respect of 408 cases. The outturn was above the normal in 168 cases and was normal in 18 cases. It ranged from 75 to 99 per cent of the normal in 192 cases and 53 to 74 per cent in 26 cases; it was 46 per cent in 3 cases and 43 per cent in the remaining one case.

4. *Condition of cattle.*—The mortality among cattle from contagious diseases was 31,066 as compared with 59,297 in the previous year and there was a fall under every disease. Ganjam district returned the largest number of deaths under foot-and-mouth disease, black-quarter and hæmorrhagic septicaemia and except for one other district had the heaviest mortality from rinderpest and anthrax also. The number of deaths from rinderpest was only 17,273 against 31,237 in the previous year. As the disease was severe in the districts of Anantapur, Ganjam and Kistna additional veterinary assistants were posted to combat it; the districts of Guntur and Vizagapatam were almost free from the disease.

5. *Number of villages.*—During the year under report two additional villages were formed in the Mannargudi taluk of the Tanjore district; eight villages were split up into two each in the Trichinopoly district; and 27 villages in the Pondakhol mutta in Ganjam, in which settlement was given effect to during the fasli were newly added to the list. Two hundred and seventy-six zamindari and whole inam villages in the Vizagapatam district hitherto wrongly included in the number of ryotwari villages for the reason that they contained certain resumed inam lands have now been excluded. The 12 villages shown in last year's report as constituting Madras are not really ryotwari villages and have therefore been omitted.

6. The land revenue of the Presidency is derived from the undermentioned sources:—

- (a) Peshkash or revenue from permanently-settled estates.
- (b) Shrotriyam jodi or quit-rent levied on inam villages.
- (c) Assessment including water-rate on lands held under the ryotwari system.
- (d) Miscellaneous revenue.
- (e) Proprietary Estates Village Service.

7. *Peshkash or revenue from permanently-settled estates.*—The total amount of peshkash payable during the fasli was Rs. 19,86,676 against Rs. 19,88,640 in the preceding year. The decrease of Rs. 1,964 is the net result of—

Deduction of peshkash owing to acquisition of lands for public purposes.	Rs. 236
Decrease due to non-inclusion of peshkash recoverable from Darimila inamdars in Gōdāvari district.	1,650
Variations not accounted for in Kistna, Chingleput, North Arcot and Tinnevely.	28
Total ...	1,964

8. The quit-rent payable on villages held on shrotriyam or favourable tenure was Rs. 7,56,107 or Rs. 1,195 less than in the previous fasli. The following are the reasons for the change:—

Deduction of quit-rent on account of lands taken up for public purposes.	Rs. 211
Rectification of errors in demand in Ganjam, Gōdāvari and Rāmnaḍ.	1,058
Variations not accounted for in Kistna, Guntur, Cuddapah and Anantapur.	104
Total ...	1,195

9. *Holdings.*—The total extent of ryotwari holdings during the year was 26.13 million acres which exceeded the extent of the previous year by 102,586 acres. The increase was contributed by all the districts except Gōdāvari, Bellary and Kurnool. The increase was marked in South Arcot (49,364 acres), and it was due to the assignments made during the fasli and the adoption of resurvey areas in the taluks of Kallakkurichchi and Tirukkoyilur. Bellary showed the largest decrease (4,822 acres) and this was due to the relinquishment of poor land consequent on the unfavourable character of the season.

10. *Assessment.*—The total assessment on holdings was Rs. 537.67 lakhs against Rs. 533.99 lakhs in the previous year, showing an increase of Rs. 3,67,400 which was contributed by all the districts except Bellary. South Arcot was the only district in which the increase (Rs. 2,83,214) was marked. This was due to the introduction of resettlement rates in the taluks of Tirukkoyilur and Kallakurichi during the year.

11. *Cultivation.*—The total area cultivated in ryotwari holdings during the year was 19.91 million acres as compared with 20.00 million acres in the previous fasli. The area under wet, 4,814,973 acres, showed a decrease of 46,633 acres and that under dry, 15,097,791 acres, a decrease of 38,202 acres. The decrease under dry was marked in the districts of Kurnool, Madura and Tinnevely and under wet in Anantapur, due mainly to want of sufficient rainfall at the proper season. Including the area under 'miscellaneous cultivation' the total area cultivated was 20.91 million acres against 20.92 million acres in the previous year.

Dry waste charged showed an increase of 109,176 acres, the increases in Kurnool, Madura and Tinnevely being particularly large. There was also an increase of 10,700 acres under wet waste charged, and of 581,690 acres under wet waste remitted. There was increase in all the districts except Guntur, Nellore, Tanjore, Madura and Tinnevely and it was particularly noticeable in Anantapur (23,826 acres).

12. *Water-rate and second crop charge.*—The revenue from these sources amounted to Rs. 34.70 lakhs against Rs. 39.44 lakhs in the previous year. There was thus a decrease of Rs. 4,74,012. The decrease was large in the districts of Gōdāvari, Kistna, Nellore and Anantapur, and was due mainly to the unfavourable character of the season.

13. *Remissions.*—As compared with the previous year, there was a large increase in "season remissions," although there were slight decreases under "fixed remissions" and "beriz deductions." The nett increase under all the three heads together amounted to Rs. 6,73,407.

(i) *Season remissions.*—The remissions under this head showed a nett increase of Rs. 6.92 lakhs. The increase occurred under all the sub-heads except "Injury by floods"—

(a) *Waste remitted.*—The remissions under this head amounted to Rs. 4.20 lakhs or Rs. 2,63,108 more than in the previous fasli. All the districts showed an increase under this head except Guntur, Nellore, South Arcot, Tanjore, Madura and Tinnevely. The increase which was specially marked in Anantapur was due to the unfavourable character of the season. A sum of Rs. 1,580 was remitted on 9,834 acres of dry land in Bellary under G.O. No. 1231, Revenue, dated 2nd June 1921.

(b) *Shavi or short crop.*—The total amount remitted under this head was Rs. 2,36,203 against Rs. 67,137 in the previous year, making a nett increase of Rs. 1,69,066. Of the total remissions under this head, Rs. 20,313 related to dry lands and Rs. 2,15,890 to wet lands. A remission of Rs. 29,550 was granted under 'short crop' during the year.

(c) *Tirvakammi remissions* (i.e., the remission of the difference between wet and dry assessment on wet land cultivated with dry crops owing to insufficiency or failure of water-supply) amounted to Rs. 4,34,420 against Rs. 1,58,687 in the previous year, making a nett increase of Rs. 2,75,733. The increase was most noticeable in the districts of Vizagapatam (Rs. 44,858), Gōdāvari (Rs. 46,512), Cuddapah (Rs. 35,816), Anantapur (Rs. 90,616) and Chittoor (Rs. 42,745).

(d) *Injury by floods.*—The amount remitted under this head was Rs. 14,788 against Rs. 68,820 in the preceding year, making a nett decrease of Rs. 49,037. The decrease was large in Kistna (Rs. 54,858).

(a) *Fasalharimi or second-crop not cultivated*.—The amount remitted under this head was Rs. 30,735 against Rs. 3,630 in the previous year. The increase was large in Vizagapatam (Rs. 18,879) and was due to failure of crop owing to insufficiency of the water-supply.

(b) *Fixed remissions* (i.e., abatement of the demand granted for reasons unconnected with the season) amounted to Rs. 1.29 lakhs against Rs. 1.36 lakhs in the previous year, making a nett decrease of Rs. 7,087. The decrease occurred mainly under increment remissions (i.e., remissions allowed on the introduction of settlements or resettlements in cases where the increase over the old assessment was in excess of 25 per cent) and under dasabandham remissions or remissions granted for the upkeep of irrigation works. The decrease under dasabandham remissions occurred chiefly in Cuddapah and Chittoor, while that under increment remissions was large in Vizagapatam and Madura and was due to reductions through lapse of time.

(iii) *Beriz deductions* (deductions made from village collections in favour of inamdars and religious institutions) amounted to Rs. 8.94 lakhs against Rs. 9.06 lakhs in the previous year, making a nett decrease of Rs. 11,587. The decrease occurred mainly under the head 'payment for religious institutions in lieu of cash payments' and was particularly noticeable in Tinnevely where it was due to disputes among the trustees of devasthanams and their consequent unwillingness to sign joint receipts.

14. *Miscellaneous revenue*.—The revenue under this head amounted to Rs. 100.41 lakhs against Rs. 99.06 lakhs in the previous year, making a nett increase of Rs. 1,34,753.

Among the several sub-heads under this head, there were large increases of Rs. 1,26,236 and Rs. 3,30,035, respectively, under item 11 'Rent of lankas' and item 13 'Other items,' while under item 3 'Charge for water in zamindari and inam villages including tirvajasti and fasaljasti' and item 10 'Sale-proceeds of lands sold' there were decreases of Rs. 2,02,403 and Rs. 1,51,638, respectively. The increase of Rs. 37,546 under item 6 'Charges levied for occupation of poramboke land' also deserves notice. All these items are dealt with below. The variations under the remaining items do not call for any remarks.

Item 3—*Charge for water in zamindari and inam villages including tirvajasti and fasaljasti*.—The revenue under this head amounted Rs. 20.25 lakhs against Rs. 22.30 lakhs or Rs. 2.02 lakhs less than in the previous year. The decrease was large in Gōdāvari.

Item 6—*'Poramboke occupation'*.—The revenue under this head was Rs. 6.12 lakhs against Rs. 5.75 lakhs or Rs. 0.37 lakh more than in the previous year. The largest increase occurred in Guntūr (Rs. 14,597) and it was due to the imposition of heavy penalties in the case of encroachments on channels and other porambokes, the cultivation of which was objectionable. South Arcot showed the largest decrease (Rs. 27,636) and it was due to the reclassification by the Settlement department and the assignment on patta of the bulk of the land hitherto occupied on sivayī-jama.

Enhanced charges amounting to Rs. 3,59,909 were levied on 27,608 acres against Rs. 3,35,200 on 22,298 acres in the previous year, yielding an incidence of Rs. 13 per acre against Rs. 15 in the preceding year. The highest average rates (Rs. 111, Rs. 94, Rs. 82, Rs. 66 and Rs. 52 per acre) were found in Kistna, Madura, Tanjore, Ganjām and Malabar and this was due to the imposition of heavy penalties to compel the occupants to give up their encroachments.

As regards the progress made in the reclassification of porambokes, there were no lands of this class to be reclassified in the districts of Madras, Malabar and Anjengo. The work was completed or nearly completed in all the other districts except Ganjām, Anantapur, Kurnool, Chittoor, South Arcot, Tanjore, Trichinopoly, Ramnad and the Nilgiris where it is reported to be in progress. In dealing with encroachments on real poramboke, the provisions of section 6 of Madras Act III of 1905 were resorted to in the districts of Ganjām, Vizagapatam, Guntūr, Nellore, Chingleput, North Arcot, Ramnad, Salem and South Kanara. The Collectors of the remaining districts have furnished no specific information on the point.

Item 10—*'Sale-proceeds of lands sold'*.—The revenue under this head was Rs. 4.71 lakhs against Rs. 6.26 lakhs in the previous year, making a decrease of Rs. 1.55 lakhs. The largest decrease was in Vizagapatam district.

Item 11—*'Rent of lankas'*.—The revenue under this head amounted to Rs. 4.29 lakhs against Rs. 3.03 lakhs in the previous year, showing an increase of Rs. 1.26

lakhs. The increase was mainly due to the introduction of the new system of leases sanctioned in G.O. No. 586, Revenue, dated 10th March 1920.

Item 13—*'Revenue under other items'*.—The amount under this head was Rs. 8.83 lakhs against Rs. 5.53 lakhs in the previous year, showing an increase of Rs. 3.30 lakhs. The increase was marked in Kistna, Madras and South Kanara. The increase in South Kanara was occasioned chiefly by the sale of escheated estates, while that in Madras was due to the recovery of the capitalized value of abatement of land revenue on Government lands alienated to railways.

15. The nett ryotwari demand including water-rate, second-crop charge and miscellaneous revenue and deducting remissions amounted to Rs. 651.09 lakhs against Rs. 657.54 lakhs in the previous year. The details for the decrease of Rs. 6.45 lakhs are given below:—

	Lakhs of rupees.
(1) Increase in the assessment of holdings	3.67
(2) Decrease under water-rate and second-crop charge	4.74
(3) Increase under remissions	6.73
(4) Increase under miscellaneous revenue	1.36
Nett decrease	6.45

16. *Total land revenue demand (current)*.—The demands under the several heads are compared below with the figures for the previous year.—

	Fasli 1329.	Fasli 1330.
	Rs.	Rs.
Peshkash on permanently settled estates	49,88,640	49,86,673
Shrotriya jodi	7,57,302	7,56,020
Ryotwar and miscellaneous	6,57,47,244	6,51,07,835
Total	7,14,93,186	7,08,50,528

The decrease under the above heads has been explained.

17. *Total demand under cesses (current)*.—The current demand under cesses is as follows:—

	Fasli 1329.	Fasli 1330.
	Rs.	Rs.
(1) Cesses on permanently settled estates	16,86,817	17,61,234
(2) Cesses on whole inam villages	4,35,760	4,38,314
(3) Cesses on ryotwar and miscellaneous	51,83,813	54,06,489
Total	76,06,390	76,06,037

18. *Demand and collection of land revenue and cesses (current)*.—The current demand under land revenue and cesses was Rs. 7,91,17,382. Rupees 7,56,95,951 or 95 per cent was collected within the fasli and Rs. 6,490 was written off the accounts.

19. *Demand and collection of arrears*.—The total arrear demand under all the heads was Rs. 20,78,809. Rupees 19,12,409 or 92 per cent was collected within the fasli and Rs. 30,792 or 1.5 per cent was written off the accounts.

20. *Total balance of revenue and cesses*.—The balance outstanding at the end of the fasli including both arrears and current was Rs. 35,50,549. As finally reported in the monthly demand, collection and balance statements for February 1922, the balance at the beginning of fasli 1331 was Rs. 34,34,074. Up to the end of February 1922 Rs. 23,88,421 had been collected, Rs. 12,425 have been written off the accounts and recommendation had been made to write off Rs. 37. The nett recoverable balance on 1st March 1922 was Rs. 10,33,191. Steps have been taken to collect this amount.

21. *Reconciliation of differences between the collection of land revenue and cesses as shown in the jamabandi and the Accountant-General's statements and overpayments*.—The subject will be dealt with in a separate report.

22. *Distribution of collections between land revenue and cesses*.—Land revenue and cesses are collected together and no attempt is made to exhibit the collections separately under these heads in the village accounts. The distribution of the total collections between land revenue and the several cesses is effected in each Collector's office. In this process there are two stages: first a provisional distribution is

effected by crediting to each head month by month so much of the total collections as will bear the same proportion to the demand under the head as the total collections bear to the total demand under all the heads. The second stage is the final adjustment which consists in correcting the provisional credit by transfer from one head to another where necessary after the demand for the year under all the heads has been collected or written off.

The statements of distribution for fasli 1330 received from Collectors show that except in Kurnool, Chingleput, North Arcot, South Arcot, Madura, Ramanad and Tinnevely the variations between the amounts due to the cesses in fasli 1330 and the amounts actually credited were inconsiderable. The accounts of fasli 1329 were not finally adjusted in nine districts.

23. *Charges debitable to land revenue.*—The charges of district administration including the salaries and allowances of revenue inspectors but excluding those of village establishments were Rs. 82,31,646 or 10.87 per cent of the land revenue and cesses realized. The ratio was 8.05 per cent in the preceding fasli. The village service charges (including proprietary estates) during the fasli were Rs. 1,20,29,502. Including this sum the total charges were Rs. 2,02,61,148 or 26.76 per cent of the collections of land revenue and cesses.

24. *Processes under Act II of 1864.*—Statement No. 12 gives the particulars of the coercive processes issued for the realization of Government dues under Act II of 1864. The following abstract shows the number of processes of each kind issued during the year as compared with the figures for the three preceding faslis :—

Coercive processes.	Fasli.			
	1327.	1328.	1329.	1330.
Demand notices	894,552	825,047	706,707	789,827
Distrain and attachment notices	71,941	89,808	68,200	76,280
Sale notices	45,715	34,848	36,235	34,026
Sales (number of defaulters)	4,650	4,370	5,265	4,181
Total ..	1,016,758	954,133	816,107	904,814

There has been an increase in the total number of processes issued in this fasli over that in fasli 1329.

25. *Demand notices.*—The rule that these notices should only be issued when absolutely necessary has been kept in view. There was a decrease in 13 districts and an increase in 12 districts. The increase was marked in Kurnool, North Arcot, Tanjore and Madura.

26. *Distrain or attachment.*—The number of processes under this head was 76,280 against 68,200 in fasli 1329 and 89,868 in fasli 1328. There was an increase in twelve districts, the increase being most marked in Quntūr, Nellore, Tanjore and Trichinopoly.

27. The proportion of distrains and attachments to demand notices is nearly the same as in the previous fasli.

Percentage of attachments to the total number of demand notices.

Fasli.	Personal.	Real.	Total.
1327 ..	6.74	2.02	10.76
1328 ..	7.60	2.05	9.65
1329 ..	7.84	2.02	9.86

The number of defaulters whose immovable property was attached during the year was 15,960 against 14,458 in fasli 1329. In the Madura district as in previous years a large disproportion is noticeable between the number of defaulters whose personal property was distrained (559) and the number of those whose real property was attached (4,638); it is due, as in former years, to the fact that many of the owners of the lands irrigated by the Periyār are absentee pattadars.

28. *Sale notices.*—Out of 76,280 defaulters whose property was attached 42,254 or 55.39 per cent paid the arrears before the sale notices were issued. The percentage was 46.87 in fasli 1329, 61.22 in fasli 1328 and 36.45 in fasli 1327.

29. *Sales.*—The total number of defaulters whose property was sold is smaller than in fasli 1329. It is, however, noticeably large in South Arcot and Madura as in the previous fasli. The Collector of South Arcot attributes the large number of sales as due to tightness in the money market and to the stagnation in the groundnut trade. The Collector of Madura has given no explanation for the increase in the number of sales in this district. The percentage of actual sales to sale notices was 12.29 per cent against 14.53 in fasli 1329 and the percentage of defaulters to the total number of pattas was 0.08 as against 0.12 in the preceding fasli. The subjoined statement shows the particulars of sales in fasli 1330 as compared with those for the three preceding faslis—

	Personal property.				Real property.				Total.			
	Fasli 1327.	Fasli 1328.	Fasli 1329.	Fasli 1330.	Fasli 1327.	Fasli 1328.	Fasli 1329.	Fasli 1330.	Fasli 1327.	Fasli 1328.	Fasli 1329.	Fasli 1330.
Percentage of sales of property to—												
(1) the number of pattas	05	02	02	01	06	08	10	07	11	10	12	08
(2) the number of attachments.	3.53	1.03	1.43	72	2.25	3.83	6.29	4.76	6.32	4.86	7.72	5.48
(3) the number of sale notices.	Figures relating to sale notices do not distinguish between real and personal properties.								9.95	12.54	14.58	12.29
Arrears at the beginning of the fasli under report under ryotwari and miscellaneous.									8.61	11.15	20.25	16.85
Arrear balance at the end of the fasli.	In lakhs of rupees.								0.48	0.94	0.50	0.85
Percentage of current collections to the current demand.									98.47	97.14	97.51	96.97

Value of land sold.—Immovable property of the estimated value of Rs. 2,37,99 was sold for the recovery of arrears amounting to Rs. 43,066: the amount realized was Rs. 94,196. The price fetched by land sold to private individuals amounted on the average to four times the assessment in the case of dry lands and $6\frac{1}{2}$ times in the case of wet lands. In fasli 1329 immovable property of the value of Rs. 7,07,723 was sold for the recovery of arrears amounting to Rs. 81,171 and Rs. 1,62,910 was realized, the average price fetched by lands sold to private individuals being $9\frac{1}{2}$ times the assessment both in the case of dry and wet lands.

Extent of land sold.—The extent of land sold during the year was 12,932 acres under 'dry' and 3,086 acres under 'wet' against 13,216 acres under 'dry' and 3,203 acres under 'wet' in fasli 1329. Large extents of land have been sold in Guntur, Madura and Malabar.

Land bought in by Government.—The total area of land bought in by Government for want of bidders was 5,043 acres of 'dry' and 913 acres of 'wet' against 5,061 acres of 'dry' and 1,431 acres of 'wet' in fasli 1329.

30. *Process-service establishments.*—Statement No. 13 gives the particulars of processes served by the ordinary village agency or by special establishments and the fees realized during the year. The total number of processes served was 636,102 or 44,764 more than in fasli 1329. The number of processes served by special agency (42,311) was higher than in the previous fasli (37,649). Special establishments were employed in the same districts as in fasli 1329. Their cost was covered by the fees realized, except in Kistna and Salem where there was a deficit.

31. *Costs in civil suits.*—Rupees 18,619 were awarded to Government as costs during the year. Including Rs. 22,921, the revised opening balance, the total demand was Rs. 41,540, of which Rs. 16,206 were collected, Rs. 4,393 were written off and Rs. 21 recommended to be written off the accounts. The net recoverable balance at the end of the year was Rs. 20,920 made up as follows:—

	Rs.
(1) Amount collected after the close of the fasli	2,082
(2) Amount remaining uncollected pending decision of appeals by civil courts	11,958
(3) Amount involved in execution proceedings	8,089
(4) Amount under collection and balance for which no reasons have been assigned.	8,845

32. *Interest on arrears of land revenue (Statement No. 14).*—The total demand on account of interest on arrears of land revenue, including the balance at the beginning of the fasli, was Rs. 35,746, of which Rs. 18,992 were collected and Rs. 825 remitted, leaving a balance of Rs. 16,429 against Rs. 12,733 at the end of the previous fasli. The largest arrears are in Ganjam (1,049), Nellore (1,972), South Arcot (1,118), Tanjore (2,599), Madura (1,275) and Salem (3,781).

33. *Sale of land under Board's Standing Orders Nos. 15, 16, 20, 21, 22, 45, 90 and 197.*—Under the rules for the sale of occupancy rights in land at the disposal of Government (Standing Order No. 15), 4,780 acres assessed at Rs. 4,933 were sold for Rs. 2,91,874; 201 acres of tank-bed land assessed at Rs. 581 were sold for Rs. 53,396 under Standing Order No. 16. Ten acres of land in the special tracts in Madura district assessed at Rs. 9 were sold for Rs. 297 under Standing Order No. 20; 26 acres of house-sites in towns were sold for Rs. 16,475 under Standing Order No. 21; 5 cents of land occupied by Government departments were sold under Standing Order No. 22 for Rs. 13,767; 587 acres of land which had been bought in by Government at sales for arrears of revenue were resold under Standing Order No. 45 for Rs. 1,876; 191 acres assessed at Rs. 104 which had been acquired for public purposes and were subsequently relinquished were sold under Standing Order No. 90 for Rs. 3,526; 69 cents of land which had escheated to Government were sold after 12 years' adverse possession for Rs. 127 under Standing Order No. 197; 6 cents of land in Madras assessed at Rs. 161 were sold for Rs. 182 under the rules published with G.O. No. 61, Revenue, dated 11th January 1902.

34. *Subdivision of quit-rent.*—With the exception of 7 cases in the Harpanahalli taluk, Bellary district, no applications were received during the year under Standing Order No. 58 for the subdivision of the joint liability of shareholders in whole inam villages or inams.

35. *Transfer of registration of holdings.*—The jamabandi return relating to the transfer of registration of holdings and the instructions for its preparation were slightly altered with a view to make the statistics contained therein of greater value.

Transfers of revenue registration fall under two main heads:—

- (i) Applications and notices received from Sub-Registrars.
- (ii) Applications and intimations received from parties, village officers and others.

(i) Under the first head, 3,15,752 applications were received during the fasli as against 363,968 in the previous fasli, the decrease being 48,216 or 13.25 per cent. The bulk of the decrease occurred in the districts of Gōdāvari, Guntūr, South Arcot, Bellary, Salem, Coimbatore, Madura and Trichinopoly.

(ii) Under the second head, the number received was 64,698 as against 75,045 in the previous fasli, the decrease being 10,347 or 13.79 per cent.

The total number of applications of all kinds to be dealt with in the fasli under report, including the number pending disposal at its beginning, was 579,910; of these 383,919 were disposed during the fasli, leaving a balance of 195,991 pending at its close as against 200,303 in the previous year. Of the total number of applications disposed of during the fasli, 19,518 or 5.09 per cent were rejected and 10,712 were transferred to the Deputy Tahsildars and special staff officers for disposal.

The percentage of pendency was high in the districts of Ganjam, Cuddapah, Nellore, South Arcot, Trichinopoly and Madura as in the previous year and also in Vizagapatam and the Nilgiris.

Out of a total of 579,910 cases for disposal under both the heads during the year, 80,703 cases were referred to Revenue Inspectors. This practice is against the spirit of G.O. No. 841, Revenue, dated 8th April 1920. The largest number of such cases occurred in Ganjam, Kistna, Guntūr and Cuddapah. The Collectors will be requested to see that very few cases are referred to Revenue Inspectors in future.

36. *Ruined tanks.*—In the year under report, two tanks, one in the Chittoor district and the other in the Kurnool district, were handed over for repair to private individuals under Board's Standing Order No. 8. The ayakat of the former tank was 26 acres, assessed at Rs. 2 per acre, and that of the latter 31.96 acres, assessed at annas 8 per acre.

37. *Settlement by Collectors.*—The rule laid down in paragraph 2 of Board's Standing Order No. 12 that the settlement of each taluk should be conducted by the Collector himself once in five years, was complied with, except as regards (1) the Udayagiri Agency in the Chokkapad Khandam of the Ganjam district; (2) the taluks of Nugur and Cocanada in the Gōdāvari district; (3) the Tiruvur division and the taluks of Gannavaram, Nandigama, Bezvada, Gudivada, Kaikalur and Divi, in the Kistna district; (4) the Hospet taluk of Bellary; (5) the Namakkal taluk of Salem and (6) the taluks of Ponnani and Cochin of Malabar. The Udayagiri Agency and the Nugur taluk having been transferred to the Agency Division during the fasli, they were not selected for settlement by the Collectors concerned. As regards the Cocanada taluk, the Collector states that he could not conduct the settlement as he had to leave for the Upper Agency owing to the prevalence of famine conditions there. In regard to item (3), the Collector of Kistna states that the Headquarters Sub-Collector was entrusted with the settlement of some of the taluks as the district is a heavy one. The Collectors of Bellary and Salem propose to take up during the current fasli the jamabandi of the taluks mentioned under items 4 and 5. As regards item (6), the Collector states that owing to the apprehension of a disturbance in the Ernad taluk during the Ramzan, he decided to conduct the jamabandi of that taluk and that he was not therefore able to settle Ponnani and Cochin taluks himself.

38. *Loans and advances.*—The advances made under the Land Improvement Loans Act during the year amounted to 7.46 lakhs and those under the Agriculturists' Loans Act to 8.82 lakhs, a total of 16.28 lakhs against 14.56 lakhs in fasli 1329. The difference was the net result of an increase in the amounts advanced in thirteen districts and a decrease in eleven. There were no transactions in Madras during the year. The advances granted in Kurnool, Bellary, Anantapur, Salem and Coimbatore were considerably in excess of those given in fasli 1329, while the amounts advanced in Ganjam, Vizagapatam, North Arcot, Chittoor, Tanjore and Madras showed a considerable decrease over those of fasli 1329. The increase (1.89 lakhs) was largest in Anantapur where, as also in Bellary, loans were granted on a large scale by special staffs owing to the prevalence of famine. The increase in Kurnool was due to the adverse season, while that in Salem and Coimbatore was due to the efforts of the special loans staffs employed in those districts. The decrease (1.72 lakhs) was largest in Tanjore and is accounted for by the fact that loans were granted on a considerable scale during the previous fasli on account of the adverse season. In North Arcot and Chittoor the decrease was due to the discouragement of applications under the Agriculturists' Loans Act as loans were being used mainly for speculation in cattle.

During the year the rate of interest charged on advances granted to cultivators under the Loans Acts was raised from $6\frac{1}{2}$ to $7\frac{1}{2}$ per cent per annum. The enhanced rate took effect from 1st April 1921.

39. Of the sums of 4.31 lakhs and 9.12 lakhs repayable during the year under the Land Improvement Loans and the Agriculturists' Loans Acts on account of principal, 3.12 lakhs or 72.4 per cent under the former Act and 5.76 lakhs or 63.1 per cent under the latter were collected. Advances amounting to Rs. 26,859 under the Land Improvement Loans Act and Rs. 14,235 under the Agriculturists' Loans Act were repaid by borrowers on account of loans, the repayment of which had not fallen due, while a sum of Rs. 728 had to be written off as irrecoverable under the former Act and Rs. 188 under the latter Act.

40. *Coercive processes.*—The aggregate amount of principal and interest repayable during the year under both the Acts was Rs. 17,85,042, of which a sum of Rs. 3,38,816 or about 18.9 per cent was collected without resort to coercion and a sum of Rs. 7,79,353 or 43.7 per cent after the issue of demand notices. A sum of Rs. 51,108 was collected after attachment but before sale, while the amounts realized by the sale of movable and immovable property amounted to Rs. 494 and Rs. 37,899 respectively. A sum of Rs. 929 was written off as irrecoverable under both principal and interest. The balance outstanding at the end of the year was Rs. 5,77,432, the arrears being very heavy in Tanjore (Rs. 1,20,158), Ganjam (Rs. 1,03,915), Madura (Rs. 64,321), Trichinopoly (Rs. 38,905), Chingleput (Rs. 35,555), North Arcot (Rs. 32,796), Anantapur (Rs. 32,801), Salem (Rs. 27,644), Kistna (Rs. 26,056) and South Arcot (Rs. 23,553).

41. The following statement shows the amount of interest payable by the Local Government to the Government of India for fasli 1330 :—

Acts.	Amount advanced to the Local Government by the Government of India.			Interest payable for the year by the Local Government to the Government of India.
	Outstanding at the beginning of the year.	Outstanding at the end of the year.	Mean outstanding.	
Land Improvement Loans Act	Rs. 29,57,174	Rs. 33,63,520	Rs. 31,60,347	(a) 1,37,419
Agriculturists' Loans Act	29,51,456	32,41,498	30,97,977	(a) 1,56,167
Total	59,08,630	66,07,018	62,58,324	(a) 2,93,576

* Revised figure.

(a) Represents interest on the mean outstanding balances calculated at 3½ per cent in the case of loans sanctioned prior to 1st October 1915, at 4½ per cent in the case of loans sanctioned on or after 1st October 1915 but before 1st April 1917 and at 5½ per cent in the case of loans sanctioned on or after 1st April 1917.

42. The subjoined statement shows the financial results of the operations under the Loans Acts :—

Items.	Land Improvement Loans Act.	Agriculturists' Loans Act.	Total.
1. Interest payable for fasli 1330 by the Local Government to the Government of India.	Rs. 1,37,419	Rs. 1,56,167	Rs. 2,93,576
2. Interest collected during the year	1,54,893	1,63,077	3,17,940
3. Balance of interest accruing to the Local Government, i.e., difference of items 1 and 2.	17,444	6,920	24,364
4. Remissions of principal	728	138	866
5. Net result for 1920-21	+ 16,716	+ 6,782	+ 23,498
6. Net result for previous years.	1915-16 + 66,068 1916-17 + 59,569 1917-18 + 50,544 1918-19 + 49,186 1919-20 + 25,290 30,993	+ 54,219 + 57,536 + 48,422 + 53,202 + 5,473 36,859	+ 1,20,987 + 1,17,604 + 1,04,966 + 1,02,888 + 30,79 + 66,857
7. Expenditure on free grants-in-aid towards the construction of private protective works or on establishments for well-boring or other outlay incurred from current revenue in connexion with takavi transactions.			

* Represents the cost of the special establishments entertained in certain districts and the cost of time devoted to loans work by the ordinary land revenue establishment at 3½ per cent on the amount advanced during the year.

43. The number of wells newly constructed and the number repaired during the year with the aid of loans under the Land Improvement Loans Act with the corresponding figures for the previous fasli are shown below :—

Fasli.	Wells newly constructed.			Wells repaired.		
	Number.	Extent of land benefited.	Cost.	Number.	Extent of land benefited.	Cost.
1329	531	ACS.	Rs. 1,294	278	ACS.	Rs. 848
1330	708	3,084	1,63,330	520	2,339	83,659

The Salem district showed the largest number of wells (424) constructed or repaired during the year and next to it came Madura (225). A sum of Rs. 78,017 was spent during the year on the reclamation of 1,562 acres of land against Rs. 75,590 on 1,877 acres in the previous fasli. Rupees 1,34,435 were spent on other improvements such as removal of nuth grass, construction of bunds and deepening of fields, etc., which benefited about 8,700 acres. The following statement shows the purposes for which cultivators utilized the advances made to them under the Agriculturists' Loans Act during the two faslis 1329 and 1330 :—

Fasli.	Purchase of seed-grain.	Purchase of cattle.		Rebuilding of houses.		Sugarcane mills.	Purchase of fodder.	Other purposes.
		Number.	Amount.	Number.	Amount.			
1329	Rs. 1,24,043	8,183	Rs. 6,41,232	123	Rs. 25,960	Rs. 3,234	Rs. 3,288	Rs. 12,420
1330	20,523	7,910	6,02,361	96	18,075	(a) 3,234 (b) 950	30,385	(a) 11,696

(a) Relates to Kistna.

(b) Relates to Bellary and Trichinopoly.

(c) Includes Rs. 1,400 for maintenance of coffee estates in Salem.

44. Survey advances.—The advances drawn by Collectors during the official year 1920-21 under the head 'Revenue Survey Advances—Collectors' amounted to Rs. 90,089 against Rs. 85,833 in the previous year. Of this amount—

	Rs.
Ganjam spent	4,759
Godavari	5,041
Kistna	12,125
Kurnool	2,504
Cuddapah	7,327
Bellary	10,482
Anantapur	4,319
North Arcot	3,610
Tanjore	5,997
Trichinopoly	6,163
Madura	3,716
Tinnevely	4,741
Coimbatore	5,035
Malabar	2,654

NOTE.—The figures relate to the official year 1920-21.

Of the total amount of advances outstanding against Collectors, a sum of Rs. 1,08,761 was adjusted during the year leaving a nett debit of Rs. 2,34,561 under 'Revenue Survey Advances—Collectors.'

Under the head 'Cost of survey marks—Collectors' a sum of Rs. 72,701 was collected during the year leaving a balance of Rs. 31,600 to be realized. The arrears outstanding at the beginning of the year under the head 'Cost of survey marks—Survey officers' were Rs. 1,01,092. Fresh landholders' bills for Rs. 1,37,984 were received from Survey officers during the year. Of the total demand of Rs. 2,39,976 under this head, Rs. 50,242 were collected during the year leaving an uncollected balance of Rs. 1,89,734 at the end. Steps are being taken to realize this arrear at an early date.

45. Junior civilians.—The reports from Collectors show generally that their Civilian Divisional officers possess an adequate knowledge of the vernaculars and that the progress of Assistant Collectors is satisfactory.

46. Growth of subletting in ryotwari tracts.—Subletting was chiefly resorted to by absentee pattadars, by those engaged in professions other than agriculture or by capitalists and large landholders. It is reported to be on the increase in the Madakasira taluk of the Anantapur district where most of the fertile lands are owned by Brahmans and Vaisyas who are not agriculturists by profession. There is a similar increase in the Ghumsur taluk of the Ganjam district. In the Nellore district, in the Gollgonda taluk of the Vizagapatam district and in parts of the Bellary district, however, it is on the decrease.

47. Effect of recent legislation on the people.—During the year a number of Acts affecting the people in general were passed, such as the New District Municipalities Act, the Local Boards Act, the Panchayat Act and the Village Courts Act. All these Acts have afforded greater opportunities to the people to manage their own local affairs, and to participate to a greater extent in the administration of local self-government. The Income-tax Amendment Act was in force throughout the year and its provisions are now beginning to be understood to a large extent by those affected by it. The Madras Estates Land Act (I of 1908) and the Madras Land Encroachment Act (III of 1905) appear to have been working smoothly. The delegation of powers to Tahsildars and Deputy Tahsildars under the Madras Decentralization Act (VIII of 1914) in the matter of charging enhanced assessment under the Madras Act III of 1905 and of dealing with cases of irregular irrigation continued to work satisfactorily in almost all the districts.

48. Co-operative societies.—During the year (1920-21) the number of societies newly registered was 1,297. The registration of 36 was cancelled. The registration of one society cancelled in the previous year was restored on appeal. Of the number registered, 3 were central banks, 41 administrative unions, 1,094 agricultural and 159 non-agricultural societies. The total number of societies at the end of the year was thus 6,239 as against 5,027 at the end of the previous year.

49. Enhanced water cess for irregular irrigation.—In G.O. No. 584, Revenue, dated 7th March 1913, it was ordered that ryots who had rendered themselves liable

to the imposition of enhanced water-cess for the irregular use of Government water should be given previous notice of their liability. The system has been under trial now for some years in all the districts except Madras, Malabar, South Kanara, Anjengo and The Nilgiris, to which it is not applicable. The ryots are now generally aware of the rules. Most Collectors have remarked that the system has both made the ryots aware of the consequences of their errors, and also resulted in the prompt investigation of objections and consequent reduction in the number of water-rate appeals. The rules were amended in B.P. No. 58, dated 10th April 1919, in which provision has been made for the issue of a final notice as soon as village account No. 6 has been passed by the Tahsildar. The ryot generally takes advantage of this, and makes representations to the jamabandi officer in the proper time.

50. *Tank-bed cultivation.*—During the year under report with a view to increase the production of foodstuffs, ryots were granted the concession of cultivating tank-bed lands with dry crops in the districts of Vizagapatam, Godavari, Guntur, Nellore, Cuddapah, Anantapur, Bellary, Kurnool, Chingleput, Chittoor, North Arcot, Madras, Ramnad, Tinnevely, Coimbatore and Salem. There were also a few cases of unauthorized cultivation of such lands in Cuddapah, Chittoor, Coimbatore and Salem. In Cuddapah, Chittoor and Salem such occupation was penalized under the provisions of the Madras Act III of 1905, while in Coimbatore the highest dry rate of the village was charged. It is reported that the cultivation did not generally do any harm to the tank-beds.

51. *Examination of village and taluk accounts.*—The accounts of ryotwari villages were found to have been fairly well maintained and to have disclosed generally no serious errors. The defects noticed were pointed out and promptly rectified in most cases. As regards non-Government villages, the system of accounts was introduced only with effect from fasli 1329. Karnams have not yet mastered the method of preparing these accounts, and in many villages the accounts were introduced either late in the fasli or not at all. In their Order No. 837, Revenue, dated 22nd February 1922, Government have sanctioned the introduction of these accounts in all non-Government villages.

52. *The taluk and village statistical registers.*—Taluk statistical registers prescribed in the revised Manual of Taluk Accounts were maintained in the districts of the Nilgiris, Malabar, South Kanara and Anjengo. Village statistical registers were maintained in all the other districts except Madras which is not a rural district. The subjoined statement shows the progress made in the writing up and checking of the registers up to and during fasli 1330 (1920-21) :—

District.	Number of villages.		Number of villages in which registers have been opened.		Number of villages in which the registers have been written up and checked for fasli 1330.	
	Ryotwari.	Proprietary.	Ryotwari.	Proprietary.	Ryotwari.	Proprietary.

* Includes proprietary villages.

† Not reported.

(a) Revised figure.

So far as ryotwari villages are concerned, the work of opening these registers was completed or nearly completed in all districts; they were not however brought up

to date (i.e. up to the end of fasli 1330) in some districts, notably in Bellary and Chingleput. The Collectors of Cuddapah and Chittoor have not furnished information as to the progress made in the proprietary villages of their districts. In the return from Kistna, information has not been given separately for ryotwari and proprietary villages. In many of the proprietary villages in the districts of Vizagapatam, Gōdāvari, North Arcot, Trichinopoly, Madura, Ramnad and Salem, these registers still have to be opened and the work is considerably in arrears.

53. *Minor Irrigation.*—Statement No. 19 shows the number of irrigation works in charge of the Revenue Department, the number repaired and the amount spent on them during the official year ending 31st March 1921. It also shows the number proposed for repairs during the official year ending 31st March 1922.

54. *Pattas.*—Statement No. 20 shows the number of pattas of various values held in the several districts of the presidency for fasli 1330 (1920-21). Excluding Madras, where the land revenue consists mainly of quit-rent imposed on house-sites, the total number of pattas held during the fasli amounted to 1,861,788 or 689,246 more than in the quinquennium ending fasli 1325 (1915-16). There was an increase in all the districts and it was large in the following five districts: (1) North Arcot (56,714); (2) South Arcot (167,500); (3) Tanjore (54,100); (4) Madura (60,512); and (5) Salem (80,038). These districts together contributed an increase of 418,864 or 66 per cent of the total increase. In all these districts, except in Salem, the increase was due to the revision of revenue registry in connexion with resettlements. The increase in Salem was mainly due to the retransfer of the Nāmakkal taluk to that district during the quinquennium. Of the total increase, 292,662 relate to single pattas and 346,584 to joint pattas. The bulk of the increase under single and joint pattas is confined to pattas paying Rs. 10 and less a year, which amount to 556,425 or about 87 per cent of the total increase. Of the total number of pattas held, 3,491,727 or more than two-thirds were assessed at Rs. 10 and less; the gross assessment thereon being Rs. 1,15,85,249. The average area of land assessment on a patta paying Rs. 10 and less work out to about 2.54 acres and Rs. 3½ respectively. The bulk of the lands covered by these small holdings are dry (8,106,954 acres).

55. *Conference with ryots.*—In all the districts except (1) in the Rajampet division of the Cuddapah district and (2) in the divisions of the Madura district (except Mēlūr Division) conferences with ryots were held by Collectors and Divisional Officers during their tours and at the time of jamabandi. The Collectors of Kistna, South Arcot and Tinnevely have not, however, specifically reported whether the Divisional Officers in their districts held any conferences and the Collector of Malabar has also not stated whether he held any conference himself with the ryots of his district.

(True extract)

H. B. UZILLI,
Secretary.

(a) Revised figures.
 (b) These figures do not tally with those in columns 27 to 32 of statement No. 3 in the previous year's report as the former include particulars for tracts not included in the previous year.
 (c) Includes Rs. 6,246, the assessment of rented villages for which particulars of 'dry' and 'wet' are not available.

(a) The difference between the closing balance of last fasli and the opening balance of this fasli is due to the non-inclusion in the previous fasli of land cess charged on certain estates.

(b) The difference is due to the revision of cesses with effect from fasli 1329.

No. 10.—Statement showing the demand, collection and balance of land revenue and cesses for fasli 1330 (1920-21)—cont.

* Includes Railway cess.

(a) The difference between the closing balance of last fasli and the opening balance of this fasli is due to the adoption of revised figures.

(b) The difference between this amount and that shown in column 5 of statement No. 4 is due to rounding.

(c) The difference is due to the inclusion in statement No. 4 of Rs. 1,410 (Rs. 1 being due to rounding), the amount of other items under Land Revenue Miscellaneous credited to the Hasar Treasury accounts. This sum was not included in the Demand, Collection and Balance statement.

(d) The difference is due to the fact that cesses and quit-rent on village service inams were wrongly included under Land Revenue, Miscellaneous in jamabandi return 3 (from which statement No. 4 is prepared), and that miscellaneous collections made in the Hasar were omitted in jamabandi return No. 3.

Notes.—(1) The area and the assessment thereon given in this statement differ from those given in columns 17, 19 and 32 of statement No. 3 against Chingleput and Malabar. In Chingleput, the variation is due to the exclusion from this statement of those particulars for rented villages. In Malabar it is due to the exclusion from this statement of the particulars relating to patta issued in the joint names of jami and tenant under section 14 of the Malabar Land Registration Act.

In Ganjam and Kistna the assessment given in column 93 of this statement differs from that given in column 32 of No. 3, as the former includes the charge for water also.

(2) The number of ryotwari patta given in this statement differs from that given in Collector's statement No. 1 against Malabar. The variation is due to the cause mentioned in note (1).

(3) Columns 83, 84, 87, 88 and 93 against The Nilgiris include 36, 346, 8, 20 and 8, respectively, relating to freehold lands for which details of classification are not available.
