PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE AND SETTLEMENT)

Resolution—No. 6, Press, dated 18th February 1925

The Board submits its report on the settlement of land revenue in the Presidency for fasli 1333 (1923-24) together with the prescribed statements.

2. *Character of the season.*—The season was generally unfavourable except in the deltas where conditions were normal owing to a good supply of water in the canals. During both the south-west and the north-east monsoons exceptionally heavy rain fell in a few regions but the rainfall was deficient in the remainder of the Presidency. There were floods on the West Coast and in the extreme north and south of the East Coast, but the inland districts between the ghats especially Bellary, Anantapur, North Arcot, Salem and parts of Coimbatore were ill served by both monsoons. The excessive rainfall during the south-west monsoon in the West Coast caused heavy floods in South Kanara and North Malabar which damaged the paddy and sugarcane crops on low-lying lands. During the north-east monsoon, a severe cyclone swept over the coastal taluks of Ganjam and Vizagapatam and the river Tambraparni in the Tinnevely district rose in unprecedented floods, causing breaches to tanks and considerable damage to crops and houses. Relief operations under the Famine Code were found necessary in parts of Ganjam, Bellary and Anantapur but owing to subsequent rains the relief works were closed in the three districts in August, September and October 1924 respectively.

3. *Number of ryotwari villages.*—There was a net increase of nine villages as compared with the previous year. The districts of Ganjam and Gōdāvari showed an increase of 86 and 141 villages, respectively, the explanation being that on the abolition of the Agency division, 84 villages were added to Ganjam and 139 to Gōdāvari and that two newly settled villages were brought to account in Ganjam and two villages in the Razole taluk of the Gōdāvari district were subdivided into four. The increase of two villages in Vizagapatam, one in Nellore, one in Cuddapah, four in Madura and one in Coimbatore was due to the subdivision of villages. The decrease of one village in Chingleput and three in Ramnad was due to rectification of errors. There was an increase of one village in Chittoor due to the inclusion of one resumed whole inam villages. The decrease of ten villages in Tanjore was the result of clubbing of villages at the resurvey, while the increase of nine villages in Trichinopoly was due to the treatment of nine Kollimalai-Kombai villages as separate villages during the fasli.

4. The land revenue of the Presidency is derived from the undermentioned sources:—

- (a) peshkash or revenue from permanently settled estates,
- (b) shrotriyam jodi or quit-rent levied on inam villages,
- (c) assessment including water-rate on lands held under the ryotwari system,
- (d) miscellaneous revenue, and
- (e) proprietary estates village service.

5. *Peshkash or revenue from permanently settled estates.*—The total amount of peshkash payable during the fasli was Rs. 50,12,575 against Rs. 49,79,964 in the preceding fasli. The increase of Rs. 32,611 is the net result of

7. *Holdings*.—The total extent of ryotwari holdings during the year was 26.44 million acres which exceeded the extent of the previous year (as now revised) by 118,945 acres. The increase was contributed by all the districts except the Nilgiris. The increase was marked in Anantapur (13,642 acres) and, as in the previous two years, is ascribed to the growing demand for land. The increase in North Arcot (12,683 acres) was due to fresh assignments of land made during the fasli.

8. *Assessment*.—The total assessment on holdings was Rs. 557.60 lakhs against Rs. 543.62 lakhs in the previous year (as now revised) showing an increase of Rs. 13,97,013 which was shared by all the districts except the Nilgiris. The marked increase in Tanjore (Rs. 10,34,466) was due to the introduction of the resettlement rates.

9. *Cultivation*.—The total area cultivated in ryotwari holdings during the year was 19.28 million acres as compared with 19.82 million acres in the previous fasli. The area under dry, 14,543,706 acres, showed a decrease of 389,554 acres and that under wet, 4,740,094 acres, a decrease of 142,364 acres. The decrease under dry was marked in Coimbatore and that under wet in North Arcot. Including the area under 'miscellaneous cultivation' the total area cultivated was 20.22 million acres against 20.77 million acres in the previous year.

Dry waste charged showed an increase of 504,138 acres, the increase in Coimbatore being particularly large. There was an increase of 38,363 acres under wet waste charged. The area of wet waste remitted increased by 118,205 acres and the increase occurred in all the districts except Vizagapatam, Gōdāvari and Kistna.

10. *Water-rate and second crop charge*.—The revenue derived from these sources amounted to Rs. 28.64 lakhs against Rs. 34.49 lakhs in the previous year. There was thus a decrease of Rs. 5,84,949. The decrease occurred in all the districts except Vizagapatam, Gōdāvari, Kistna and Guntūr and it was particularly large in North Arcot, there being no water to charge for.

11. *Remissions*.—As compared with the previous year, there were increases under 'season remissions' and 'fixed remissions' and a decrease under 'beriz deductions'. The net increase under all the three heads amounted to Rs. 18,03,024.

(i) *Season remissions*.—The remissions under this head showed a net increase of Rs. 15,84,035. The increase occurred under all the heads except 'other items' where the decrease was trifling.

(a) *Waste remitted*.—The remissions under this head amounted to Rs. 9.18 lakhs or Rs. 6,32,580 more than in the previous fasli. The increase occurred in all the districts except Vizagapatam, Gōdāvari and Kistna and it was particularly marked in North Arcot. A sum of Rs. 5,882 was remitted on 30,259 acres of dry land in Bellary under G.O. Mis. No. 605, Revenue, dated 14th April 1924.

(b) *Shavi and short crop*.—The total amount remitted under this head was Rs. 5,29,625 against Rs. 1,01,737 in the previous year, a net increase of Rs. 4,27,888. Of the total remissions, Rs. 6,758 related to dry lands and Rs. 5,22,870 to wet lands. A remission of Rs. 25,285 was granted under short crop during the year against Rs. 17,200 in the previous year.

(c) *Tirvakammi remissions* (i.e., the remission of the difference between wet and dry assessment on wet lands cultivated with dry crops owing to insufficiency or failure of water-supply) amounted to Rs. 8,84,545 against Rs. 4,08,584 in the previous year—a net increase of Rs. 4,75,961. The increase was most noticeable in the districts of Salem (Rs. 1,30,218), North Arcot (Rs. 1,25,676) and Chittoor (Rs. 1,10,860).

(d) *Injury by floods*.—The amount remitted under this head was Rs. 23,184 against Rs. 10,232 in the preceding year—a net increase of Rs. 12,952. The increase was large in South Kanara (Rs. 12,562).

(e) *Remission on account of second crop charge*.—The amount remitted under this head was Rs. 36,761 against Rs. 7,407 in the previous year—a net increase of Rs. 29,354. The increase was marked in North Arcot (Rs. 17,912).

(ii) *Fixed remissions* (i.e., abatement of the demand granted for reasons unconnected with the season) amounted to Rs. 3.82 lakhs against Rs. 1.54 lakhs in the previous year (as now revised)—a net increase of Rs. 2,28,164. The increase was mainly due to the remission of the difference between the old and the resettlement rates of assessment in the black soil taluks of the Bellary and Anantapur districts under G.O. No. 249, Revenue, dated 16th February 1924.

(iii) *Beriz deductions* (deductions made from village collections in favour of inamdars and religious institutions) amounted to Rs. 9,04,871 against Rs. 9,14,046 in the previous year—a net decrease of Rs. 9,175. The decrease occurred mainly under the head 'Payment for religious institutions in lieu of cash payments' and was particularly large in South Arcot owing to the clearance of arrears in many cases in fasli 1332.

12. *Miscellaneous revenue*.—The revenue under this head amounted to Rs. 105.69 lakhs against Rs. 107.96 lakhs in the previous year—a net decrease of Rs. 2,27,703.

Among the several sub-heads under this head, there were large decreases of Rs. 1,89,947, Rs. 78,590 and Rs. 50,389 under items 10 (sale proceeds of lands sold), 6 (charges levied for occupation of poramboke lands) and 5 (charges levied for occupation of assessed and unassessed lands for which no pattas have been granted). The increase of Rs. 58,045 under item 3 (charge for water in zamindari and inam villages), and of Rs. 70,035 under item 4 (enhanced water-rate on lands irregularly irrigated) also deserves notice. All these items are dealt with below. The variations under the remaining items do not call for any remarks.

Item 3.—Charge for water in Zamindari and Inam villages, including tirvajasti and fasaljasti.—The revenue under this head was Rs. 22.73 lakhs against Rs. 22.15 lakhs (as now revised), or Rs. 0.58 lakh more than in the previous year. The increase occurred mainly in Gōdāvari (Rs. 36,538) and Kistna (Rs. 25,421).

Item 4.—Enhanced water-rate on lands irregularly irrigated.—The revenue under this head was Rs. 5.72 lakhs against Rs. 5.02 lakhs, or Rs. 0.70 lakh more than in the previous year. The increase (Rs. 71,759) was large in Guntūr, due to extensive unauthorized and breach irrigation.

Item 5.—Charges levied for occupation (with or without application) of assessed and unassessed waste lands for which no pattas have been granted.—The revenue under this head was Rs. 5.35 lakhs against Rs. 5.85 lakhs, or Rs. 0.50 lakh less than in the previous year. The decrease (Rs. 13,929) was large in Kistna.

Item 6.—Occupation of poramboke.—The revenue derived under this head was Rs. 6.14 lakhs against Rs. 6.93 lakhs, or Rs. 0.79 lakh less than in the previous year. The decrease (Rs. 84,944) was large in Madura and is attributed to the eviction of encroachments in several old objectionable cases and to the curtailment of cultivation of tank-beds.

Enhanced charges, amounting to Rs. 3,51,160, were levied on 38,463 acres against Rs. 4,18,102 (as now revised) on 41,064 acres in the previous year, showing an incidence of Rs. 10 per acre as in the previous year. The highest average rates (Rs. 90, Rs. 59, Rs. 44, Rs. 41 and Rs. 40) were found in Tanjore, Madura, Malabar Coimbatore and Gōdāvari.

As regards the progress made in the reclassification of lands registered as poramboke, there were no lands of this class to be reclassified in the districts of Madras and Malabar. The work is reported to be complete or nearly complete in all the other districts except Ganjām, Trichinopoly and the Nilgiris where it is still in progress. In dealing with encroachments on real poramboke, the provisions of section 6 of the Madras Act III of 1905 were employed in the districts of Ganjām, Nellore, Cuddapah, Bellary, North Arcot, Madura, Ramnad and South Kanara. The Collectors of the remaining districts have furnished no specific information on the point.

Item 10.—Sale-proceeds of land.—The revenue under this head was Rs. 6.48 lakhs against Rs. 8.38 lakhs, or Rs. 1.90 lakhs less than in the previous year. The decrease was chiefly the net result of an aggregate decrease of Rs. 3.2 lakhs contributed by Tanjore and six other districts and an increase of Rs. 1.2 lakhs in Madura. The increase in Madura was due to the extensive sale of waste lands in the Periyar area in connexion with the fixing of the final ayacut of the Periyar system, while the decrease in Tanjore is attributed to large sales during the settlement operations in the previous fasli.

13. The net ryotwari demand, including water-rate, second crop charge and miscellaneous revenue and deducting remissions, amounted to Rs. 655.01 lakhs against Rs. 667.20 lakhs (as now revised) in the previous year. The details for the decrease of Rs. 12.19 lakhs are given below :—

	Lakhs of rupees.
(1) Increase in the assessment of holdings	+13.97
(2) Decrease under water-rate and second-crop charge	— 5.85
(3) Increase under remissions	—18.03
(4) Decrease under miscellaneous revenue	— 2.28

14. *Total land revenue demand (current).*—The demands under the several heads are compared below with the figures for the previous year :—

	Fasli 1332.	Fasli 1333.
	RS.	RS.
Peshkash on permanently-settled estates	49,90,609	50,12,575
Shrotriyam jodi	7,52,788	7,57,078
Ryotwar and miscellaneous	6,67,16,728	6,55,00,735
Total	7,24,60,125	7,12,70,448

The variations under the above heads have been explained.

15. *Total demand under cesses (current).*—

	Fasli 1332.	Fasli 1333.
	RS.	RS.
Cesses on permanently-settled estates	19,69,823	21,24,760
Do. on whole inam villages	5,16,756	5,39,766
Do. on ryotwari and miscellaneous	62,28,491	65,22,435
Total	87,15,070	91,86,961

16. *Demand and collection of land revenue and cesses (current).*—The current demand under land revenue and cesses during the fasli was Rs. 810,87,028. A sum of Rs. 779,38,821, or 96.1 per cent, was collected within the fasli and Rs. 1,417 written off the accounts.

17. *Demand and collection of arrears.*—The total arrear demand under all the heads amounted to Rs. 26,54,458. A sum of Rs. 22,66,864, or 85.4 per cent, was collected, and a sum of Rs. 1,86,213, or 7.0 per cent, written off the accounts.

18. The balance outstanding at the close of the fasli, including both arrears and current, was Rs. 33,48,671. As reported in the Demand, Collection and Balance statements for November 1924, the balance at the beginning of fasli 1333 was Rs. 38,60,483. Up to the end of November 1924 a sum of Rs. 20,38,803 had been collected, Rs. 81,973 written off the accounts and proposals made to write off Rs. 18.

The net recoverable balance on 1st December 1924 was Rs. 12,39,689. Out of this, the collection of Rs. 8,84,681 has either been suspended or postponed chiefly in Anantapur and Bellary districts owing to adverse seasonal conditions. Deducting this amount, the balance outstanding is Rs. 3,55,008 for the collection of which necessary steps have been taken.

19. *Reconciliation of differences between the collection of land revenue and cesses as shown in the jamabandi and Accountant-General's statements and over-payments.*—This will be dealt with in a separate report.

20. *Distribution of collections between land revenue and cesses.*—Land revenue and cesses are collected together, and no attempt is made to exhibit the collections separately under these heads in the village accounts. The distribution of the total collections between land revenue and the several cesses is effected in each Collector's office. In this process there are two stages : first a provisional distribution is effected by crediting to each head month by month so much of the total collections as will bear the same proportion to the demand under the head as the total collections bear to the total demand under all the heads; the second stage is the final adjustment which consists in correcting the provisional credit by transfer from one head to another, where necessary after the demand for the year under all the heads has been collected or written off.

The statements of distribution for fasli 1333 show that, except in Godavari, Nellore, Anantapur, North Arcot, South Arcot and Madura, the variations between the amounts due to the cesses in fasli 1333 and the amounts actually credited were inconsiderable. The accounts of fasli 1332 were not finally adjusted in nine districts.

21. *Charges debitable to land revenue.*—The charges of district administration including the salaries and allowances of Revenue Inspectors but excluding those of village establishments were Rs. 1,05,74,000 or 13.16 per cent of the land revenue and cesses realized. The ratio was 13.23 per cent in the preceding fasli. The village service charges (including those of proprietary estates) during the fasli were Rs. 1,06,95,446. Including this sum the total charges were Rs. 2,12,69,446 or 26.46 per cent of the collections of land revenue and cesses against 27.97 per cent in the previous fasli. The fall appears to be chiefly due to the reduction of village establishment. It must however be remembered as was pointed out last year that the establishment charged to land revenue, performs multifarious duties of which the administration of the land is only one. The village establishment especially, is the servant of all departments of Government. The result is that the actual cost of the collection of land revenue cannot be calculated with any exactitude; but it is certainly far less than the charges debited to this head.

22. *Processes under Act II of 1864.*—Statement No. 12 gives the particulars of the coercive processes issued for the realization of Government dues under Act II of 1864. The following extract shows the number of processes of each kind issued during the year as compared with the figures for the three preceding faslis :—

Coercive processes.	Faslis.			
	1330.	1331.	1332.	1333.
Demand notices	789,827	699,285	851,691	985,698
Distrain or attachment notices	76,360	54,285	111,989	118,108
Sale notices	34,026	38,288	51,140	81,616
Sales (number of defaulters)	4,181	4,894	6,585	7,241
Total	904,314	787,753	1,021,355	1,187,542

There was an increase in the total number of processes issued in this fasli compared with fasli 1332 and the two previous faslis, but the percentage of increase for this fasli (13.99) is less than that of the previous fasli (22.87).

23. *Demand notices.*—There was a decrease in 8 districts and an increase in 17 districts. There was a marked increase in the district of Tanjore due to the no-tax campaign. The large number of processes issued in the North Arcot district is

due to the failure of the monsoons. The reports received from the Collectors show that the rule that these notices should only be issued when absolutely necessary has been kept in view in most districts though the Collectors of Guntur and Madura have not followed it as will be seen from the small number of processes issued for attachment and sale compared with the number of notices of demand.

24. *Distraint or attachment.*—The number of processes under this head was 113,108 against 111,939 in fasli 1332 and 54,285 in fasli 1331. There was a decrease in 15 districts and an increase in 10 districts. The total increase under this head is only 1,169 as against an increase of 57,654 during fasli 1332. The increase is marked in the district of Tanjore and is ascribed to the no-tax campaign as explained in the foregoing paragraph.

25. As compared with the previous fasli there was a decrease in the percentage borne by the number of distraints and attachments to that of demand notices.

Percentage of attachment to the total number of demand notices.

	Fasli.	Personal.	Real.	Total.
1331		4.53	3.33	7.86
1332		10.02	2.97	12.99
1333		8.93	2.55	11.48

The number of defaulters whose immoveable property was attached during the year was 25,111 against 25,284 in fasli 1332. There is a noticeable disproportion between the number of defaulters whose personal property was distrained and the number of those whose real property was attached in the districts of Nellore, Chingleput and Tanjore.

26. *Sale notices.*—Out of 113,108 defaulters whose property was attached, only 31,492 or 27.84 per cent paid the arrears before the sale notices were issued. The percentage was 54.31 in fasli 1332 and 29.47 in fasli 1331. The explanation appears to be the no-tax campaign in Tanjore, where only 1.72 per cent of the defaulters paid up the arrears and scarcity of money in South Arcot where only 7 per cent paid up the arrears before sale.

27. *Sales.*—The number of defaulters whose property was sold was greater than in fasli 1332. The increase in the sales of personal property is noticeable in Tanjore while in South Arcot there was a large number of sales, of, immoveable property. The percentage of actual sales to sale notices was 8.87 against 12.87 in fasli 1332 and the percentage of the number of defaulters to the total number of pattas was 0.15 against 0.13 in the preceding fasli. The subjoined statement shows the particulars of sales in fasli 1333 compared with those for the three preceding faslis :—

Value of land sold.—Immovable property of the estimated value of Rs. 2,24,329 was sold for the recovery of arrears amounting to Rs. 1,50,490; the amount realized was Rs. 1,30,907. The price fetched on land sold to private individuals amounted on the average to two and a half times the assessment in the case of dry lands and $9\frac{1}{2}$ times the assessment in the case of wet lands. In fasli 1332 immovable property of the value of Rs. 11,26,587 was sold for the recovery of arrears amounting to Rs. 2,38,719 and Rs. 1,68,976 was realized, the average price fetched by lands sold to private individuals being six times the assessment in the case of dry lands and ten times in the case of wet lands. The increase is due mostly to the no-tax campaign in Tanjore, and adverse seasonal conditions in North Arcot.

Extent of land sold.—The extent of land sold during the year was 16,503 acres under "dry" and 1,914 acres under "wet" against 8,276 acres under "dry" and 2,335 acres under "wet" in fasli 1332. The extent of land sold was considerable in South Arcot and Madura.

The total area of land bought in by Government for want of bidders was 6,339 acres of "dry" and 766 acres of "wet" land against 6,773 acres of dry and 643 acres of wet in fasli 1332.

28. *Process-service establishments.*—Statement No. 13 gives the particulars of processes served by the ordinary village agency or by special establishments and the fees realized during the year. The total number of processes served was 974,118 or 140,795 more than in fasli 1332. The number of processes served by special agency (87,181) was greater than in the previous fasli (53,040).

29. *Costs in civil suits.*—Rupees 30,163 were awarded to Government as costs during the fasli. Including Rs. 28,652, the opening balance, the total demand was Rs. 58,815, of which Rs. 16,987 were collected and Rs. 619 written off the accounts. The net recoverable balance at the end of the fasli was Rs. 41,209 made up of the following items:—

	RS.
(1) Amount collected after the close of the fasli	969
(2) Amount remaining uncollected pending decision of appeals by civil courts	1,401
(3) Amount involved in execution proceedings	15,858
(4) Amount under collection and balance for which no reasons have been assigned	22,981

30. *Interest on arrears of Land Revenue (Statement No. 14).*—The total demand on account of interest on arrears of land revenue including the balance at the beginning of the fasli was Rs. 74,678, of which Rs. 30,978 were collected and Rs. 1,686 remitted leaving a balance of Rs. 42,014 against Rs. 19,737 in the previous fasli. The largest arrears are in Tanjore (24,073) and South Arcot (3,886). The increase in the balance in South Arcot is reported to be due to the larger demand accruing in the fasli than in the previous year, while the increase in Tanjore is attributed to the charging of interest under Board's Standing Order No. 41 (5).

31. *Sale of land under Board's Standing Orders Nos. 15, 16, 20, 21, 22, 45, 90 and 91.*—Under the rules for the sale of occupancy right in lands at the disposal of Government (Standing Order No. 15) 5,043 acres assessed at Rs. 9,127 were sold for Rs. 3,87,734, 56 acres of tank-bed land assessed at Rs. 21 were sold for Rs. 1,851 under Standing Order No. 16, 63 acres of house-sites in towns were sold for Rs. 51,839 under Standing Order No. 21. Two acres of land and buildings occupied by a Government department were sold for Rs. 580 under Standing Order No. 22 and 863 acres of land which had been bought in by Government at sales for arrears of revenue were resold under Standing Order No. 45 for Rs. 1,314. One hundred and fifty-five acres which had been acquired for public purposes and were subsequently relinquished were sold under Standing Order No. 90 for Rs. 35,755. Nearly one-and-a-half acres of land for which the railway is not likely to have any further use were sold in the Chingleput district for Rs. 48 under Standing Order No. 91. Five and a half acres in Madras were sold for Rs. 393 under the Madras Town site rules published in G.O. No. 61, Revenue, dated 11th January 1902.

32. *Subdivision of quit-rent.*—No applications were received during the year under Standing Order No. 58 for the subdivision of the joint liability of shareholders in whole inam villages or inams.

33. *Transfers of registry of holdings.*—Transfers of revenue registration fall under the following two main heads:—

- (1) applications and notices received from Sub-Registrars;
- (2) applications and intimations received from parties, village officers and others—

(i) under the first head 333,524 applications were received during the fasli as against 316,706 in the previous fasli the increase being 16,818 or 5.31 per cent. The bulk of the increase occurred in the districts of Cuddapah, Anantapur, Chingleput, South Arcot, Tanjore and Trichinopoly;

(ii) under the second head the number received was 94,770 as against 94,278 in the previous fasli, the increase being 492 or .52 per cent.

The total number of applications of all kinds to be dealt with in the fasli under report including the number pending disposal at its beginning was 547,906; of these 435,143 were disposed of during the fasli leaving a balance of 112,763 as against 119,818 in the previous year. Of the total number of applications disposed of during the fasli, 37,203 or 8.55 per cent were rejected and 10,762 were transferred to Deputy Tahsildars for disposal.

The percentage of pendency was high in Ganjam, Kistna, Nellore, Cuddapah, Anantapur, North Arcot, South Arcot and the Nilgiris.

Out of a total of 547,906 cases for disposal under both the heads during the year, 23,593 were referred to revenue inspectors as against 39,267 in the previous year.

34. *Settlement by Collectors.*—The rule laid down in paragraph 2 of Board's Standing Order No. 12 that the settlement of each taluk should be conducted by the Collector himself once in five years was complied with except in (1) G. Udayagiri (Chokkapad khandam) in the Agency portion of the Ganjam district; (2) the Palkonda agency of the Vizagapatam district; (3) the taluks of Bhadrachalam and Nugur and the Yellavaram division in the Agency portion of the Godavari district; (4) the taluks of Gannavaram, Nandigama, Bezwada, Gudivada, Kaikalur, Divi and Yernagudem and the Tiruvur and Nuzvid divisions of the Kistna district; (5) the Palnad taluk of the Guntur district; and (6) the taluks of Chirakkal, Kottayam, Kurumbranad, Walluvanad, Anjengo and Tangasseri of the Malabar district. In Ganjam (item 1) owing to change of Collectors, the Collector conducted during the year under report the jamabandi of the Aska taluk only leaving the other taluks to be settled by the respective Divisional Officers. As regards Vizagapatam (item 2) it is explained that, owing to the Rampa disturbances, the Agency Commissioner did not settle any taluk in the Agency division in fasli 1332 and that the jamabandi of the Palkonda agency will be taken up by the District Collector in fasli 1336 when the Palkonda taluk will be due for the Collector's settlement. In Godavari (item 3) the settlement by the Collector was already overdue in the Cocanada taluk at the end of fasli 1331 and in the fasli under report the Collector took up the jamabandi of this taluk as well as of the Polavaram division in the Agency portion of the district, leaving the rest of the agency portion to be settled later on. In Kistna the Collector conducted the jamabandi of the Bandar taluk only owing to the heaviness of work. In Guntur (item 5) the Collector settled the Guntur taluk which was due for his settlement in fasli 1332 as well as the Tenali taluk which fell due in the fasli under report. He was thus unable to settle Palnad taluk also. The Collector of Malabar explains that, owing to the deviation made in the original programme in fasli 1330, the rule in the Board's Standing Order could not be followed and that he himself conducted the jamabandi of the Calicut taluk which was due for settlement in fasli 1331.

35. *Loans and Advances.*—The advances made under the Land Improvement Loans Act during the year amounted to Rs. 17.24 lakhs and those under the Agriculturists' Loans Act to Rs. 18.38 lakhs, a total of Rs. 35.62 lakhs against Rs. 14.81

lakhs in fasli 1332. The difference was the net result of an increase in the amounts advanced in seventeen districts and a decrease in seven districts. There were no transactions in Madras during the year. The advances granted in Ganjam, Vizagapatam, Bellary, Anantapur, North Arcot, Salem, Coimbatore, Tinnevely and South Kanara showed a considerable increase over those of fasli 1332, the increase in Bellary alone amounting to as much as Rs. 7.92 lakhs. The increase in Ganjam, Vizagapatam, Tinnevely and South Kanara was due to the grant of loans on account of the cyclone and the floods in those districts; in Bellary and Anantapur it was due to the prevalence of distress. The increase in other districts was attributable to the unfavourable character of the season. The decrease in Kurnool was due to the fact that the season was more favourable than in the previous year.

36. Of the sum of Rs. 6.05 lakhs and 10.80 lakhs repayable during the year under the Land Improvement Loans and the Agriculturists' Loans Acts on account of principal, 4.42 lakhs or 73.1 per cent under the former Act and 6.78 lakhs or 62.8 per cent under the latter Act were collected. Advances amounting to Rs. 32,226 under the Land Improvement Loans Act and Rs. 20,733 under the Agriculturists' Loans Act were repaid by borrowers on account of loans, the repayment of which had not fallen due, while a sum of Rs. 237 was written off as irrecoverable under the former Act and Rs. 47 under the latter Act.

37. *Coercive processes.*—The aggregate amount of principal and interest repayable during the year under both the Acts, including the balance remaining unpaid out of sums which fell due in previous years, was Rs. 23,73,977, of which a sum of Rs. 4,59,478 or 19.4 per cent was collected without resort to coercion and a sum of Rs. 10,04,918 or 42.3 per cent after issue of demand notices. A sum of Rs. 52,065 was collected after attachment of property but before sale, while the amounts realized by the sale of movable and immovable property amounted to Rs. 3,485 and Rs. 85,201 respectively. A sum of Rs. 299 was written off as irrecoverable under both principal and interest. The balance outstanding at the end of the year was Rs. 7,68,531, the arrears being heavy in Bellary (Rs. 2,34,948), Tanjore (Rs. 1,38,522), Salem (Rs. 84,110) and Chingleput (Rs. 67,575).

38. The number of wells newly constructed and the number repaired during the year with the aid of loans under the Land Improvement Loans Act are shown below together with the corresponding figures for the previous fasli:—

Fasli.	Wells newly constructed.			Wells repaired.		
	Number.	Extent of land benefited.	Cost.	Number.	Extent of land benefited.	Cost.
1332	722	ACS. 3,605	Rs. 2,59,220	435	ACS. 1,919	Rs. 1,10,370
1333	850	6,003	3,37,901	768	4,709	2,20,820

The largest number of wells (321) constructed or repaired during the year was in Anantapur. The numbers in Salem (221), Madura (219), North Arcot (179), Bellary (151) and Coimbatore (144) were also large. A sum of Rs. 1,83,295 was spent during the year on the reclamation of 2,834 acres of land against Rs. 52,662 in the previous fasli. Rs. 5,28,884 were spent on other improvements such as the removal of nuth grass, the repair of private tanks, the construction of bunds and lowering the level of fields, altogether benefiting 14,485 acres.

The following statement shows the purposes for which the advances made to cultivators under the Agriculturists' Loans Act during the two faslis 1332 and 1333 were utilized:—

Fasli.	Purchase of seed-grain.	Purchase of cattle.		Rebuilding of houses.		Sugarcane mills.	Purchase of fodder.	Other purposes.
		Number.	Amount.	Number.	Amount.			
1332	Rs. 19,405	7,348	Rs. 6,14,421	76	Rs. 11,040	300	Rs. 21,323	Rs. 65,631
1333	75,866	9,187	7,88,261	847	3,30,785	1,500	4,20,393	1,10,930

39. *Survey advances.*—The advances drawn by Collectors during the official year 1923-24 under the head "Revenue Survey advances—Collectors" amounted to

Rs. 58,768 as against Rs. 84,808 in the previous year. The amounts spent in the districts were as follow :—

	RS.		RS.		RS.
Ganjām	1,826	Bellary	3,586	Madura	1,608
Vizagapatam	175	Anantapur	1,091	Ramnad	1,381
Gōdāvari	4,726	Chittoor	1,039	Tinnevelly	2,294
Kistna	5,856	Chingleput	957	Salem	1,476
Guntūr	5,201	North Arcot	1,135	Coimbatore	3,653
Nellore	214	South Arcot	1,599	Malabar	2,301
Kurnool	2,114	Tanjore	8,384	The Nilgiris	220
Cuddapah	5,487	Trichinopoly	1,527	South Kanara	918

Of the total amount of advances outstanding against Collectors, a sum of Rs. 64,416 was adjusted during the year, leaving a net debit of Rs. 2,42,629 under "Revenue Survey advances—Collectors."

Under the head "Cost of Survey marks—collectors" a sum of Rs. 47,083 was collected during the year, leaving a balance of Rs. 11,635 to be realized.

The arrears outstanding at the beginning of the year under the head "Cost of Survey marks—Survey officers" were Rs. 5,24,710. Fresh landholders' bills for Rs. 3,89,000 were received from survey officers during the year. Of the total demand of Rs. 9,13,710 under this head Rs. 4,47,367 were collected during the year, leaving an uncollected balance of Rs. 4,66,343.

40. *Junior civilians.*—The reports from Collectors show generally that their civilian Divisional Officers possess an adequate knowledge of the vernaculars and that the progress of Assistant Collectors is satisfactory.

41. *Growth of sub-letting in ryotwari tracts.*—Ryotwari lands were sub-let mainly by absentee pattadars, by those engaged in professions other than agriculture or by capitalists and large landholders. Sub-letting is on the increase in the Chingleput district for the same reason as in the previous year. In Godavari, there is a tendency on the part of the landholders to cultivate lands themselves instead of sub-letting owing to the high prices of food-grains. One of the causes assigned for sub-letting in Nellore is insufficiency of labour brought about by the depressed classes setting up as landholders. In the Kudligi taluk of the Bellary district, sub-letting is generally on the decrease owing to the tendency of the ryots to secure for themselves an independent status. In the Anantapur district, the poor quality of the soil and the limited means of the average ryot coupled with the unfavourable character of the season during the last four years have checked the tendency to sub-let.

42. *Effect of recent legislation on the people.*—The Madras Decentralization Act, VIII of 1914, which empowered Tahsildars and Deputy Tahsildars to charge penalties in cases of unauthorized occupation and to deal with cases of irregular irrigation, is reported to have worked satisfactorily and helped the conduct of jamabandi. The Indian Income tax Act, XI of 1922, and the Madras Court Fees and Stamp Amendment Acts are reported to be well understood by the people and to be working smoothly. The District Municipalities Act, the Local Boards Act, the Village Panchayats Act and the Village Courts Act afford greater opportunities to the people to manage their local affairs and to participate more fully in the administration of local self-government than formerly, but the successful working of these Acts is retarded to some extent by lack of co-operation and public spirit. The Madras Survey and Boundaries Act, 1923, came into force only at the end of fasli 1332. The provision in the Act for the issue of a notice to the registered holder before repairs or renewals of survey marks and the abolition of charges on account of time and labour of survey officers are appreciated by the people. The Collectors of Cuddapah and Salem report that the Act is working satisfactorily.

43. *Enhanced water-cess for irregular irrigation.*—The system of publishing a general or collective notice in each village giving (1) preliminary intimation to ryots of their liability to enhanced water-cess for the irregular use of Government water and (2) a final intimation of the actual penalty charged immediately after the village account No. 6 is passed by the Tahsildar (vide B.P. No. 58, Settlement, dated 10th April 1919) is reported to have worked satisfactorily. The ryots are generally aware of the rules and make timely representations to the jamabandi officer. The system has resulted in the prompt investigation of objections and consequent reduction in the number of water-rate appeals.

44. *Tank-bed cultivation.*—There are no tank-bed lands fit for cultivation in the districts of Madras, the Nilgiris, South Kanara and Malabar. During the year under report the Board granted permission for the cultivation of tank-bed lands with food crops in the districts of Anantapur and Bellary on account of the adverse season. Permission was also accorded by Collectors for the cultivation of tank-beds in the districts of Kurnool, Chittoor, North Arcot, Trichinopoly (the taluks of Perambalur, Musiri and Lalgudi), Coimbatore (Coimbatore and Kollegal taluks) and Salem, (Uttangarai, Attur and Namakkal taluks) under the ordinary powers vested in them by G.O. Mis. No. 2964, Revenue, dated 3rd October 1912, and G.O. Mis. No. 1613, Revenue, dated 2nd September 1922. There were also cases of unauthorized cultivation of such lands in the districts of Vizagapatam, Nellore, Cuddapah, Chingleput, North Arcot, Madura and Salem. They were generally penalized under the provisions of Madras Act III of 1905. The Collectors of North Arcot and Coimbatore report that the cultivation did not do any appreciable harm to the tanks. The Collectors of other districts have furnished no specific information on the point apparently because the effect of such cultivation would not be marked until after several years.

45. *Examination of village and taluk accounts.*—The maintenance of the accounts in ryotwari villages was fairly satisfactory and disclosed no general errors of a serious nature. Such defects as were noticed were pointed out and promptly rectified. As regards non-Government villages, the system of accounts was introduced with effect from fasli 1329 and the report submitted to Government in 1922 showed there was scope for much improvement. Government have ordered that the accounts should be introduced and tried in all non-Government villages excluding those in the Agency tracts until orders are passed on the question of simplification of village accounts in Government villages.

46. *The taluk and village statistical registers.*—Taluk statistical registers prescribed in the Manual of Taluk accounts were maintained in the districts of the Nilgiris, Malabar and South Kanara. The registers are being brought up to date in the Coonoor taluk in the Nilgiris. Village statistical registers were maintained in the ryotwari villages of all the other districts except Madras. The subjoined statement shows the progress made in the writing up and checking of the registers up to and during fasli 1333 (1923-1924).

(a) Excludes three resumed inam villages in respect of which the registers have been ordered to be maintained from fasli 1334 and 83 villages in the Agency portion of the district, viz., G. Udayagiri and Balliguda.

(b) Includes 105 villages in the Palkonda Agency not shown in statement No. 3.

(c) Includes 151 unsurveyed villages of the Bhadrachalam taluk and 114 rented villages of the Yellavaram taluk not shown in statement No. 3.

(d) Excludes 12 rented villages shown in statement No. 3.

(e) Excludes one resumed whole inam village in the Palmaner taluk.

(f) Three of these are hill villages under the control of the Forest Department and statistical registers have not been prescribed for them.

(g) Includes 9 resumed inam villages and 6 partially resumed inam villages not shown in statement No. 3.

(h) Represents the number of tarafs—the units for which registers are written.

(i) The registers of Bellary, Adoni and Hospet taluks were sent to the Settlement Officer for writing up of the diglot registers and consequently could not be written up during the fasli.

(k) Many of the registers were with Settlement Officers and consequently could not be written up during the fasli.

The work of opening these registers was completed or nearly complete in all districts; they were not however brought up to date (i.e., up to the end of fasli 1333) in some districts, notably Tanjore, Bellary and Anantapur.

47. *Minor Irrigation*.—Statement No. 19 shows for each district the number of irrigation works in charge of the Revenue Department, the number repaired and the amount spent on them during the official year ending 31st March 1924. It also shows the number proposed for repairs during the official year ending 31st March 1925.

48. *Conferences with ryots*.—The Collector of Kurnool reports that no regular conferences were held by the Revenue officials but that the Collector and the Revenue Divisional Officers freely conversed with the ryots on matters affecting their interests during jamabandi. The Collector of Malabar also states generally that the Revenue officials of the district kept themselves in touch with the interests of the people. The Collector of Gōdāvari has not reported whether he held any conferences with ryots and the Collectors of Tinnevely, Coimbatore, North Arcot, Kistna and Trichinopoly have not specifically reported whether the Revenue Divisional Officers in their districts held any conferences. The Revenue Divisional Officers of Chittoor, Parvatipur and Penukonda held no conferences during the fasli. Elsewhere, Collectors and Revenue Divisional Officers held informal conferences with ryots during their tours and at the time of jamabandi.

REVENUE DEPARTMENT

G.O. No. 627, 29th April 1925

Jamabandi—Fasli 1333 (1923-24)—Report—Review.

READ—the following paper :—

Proceedings of the Board of Revenue (Land Revenue and Settlement), No. 6, Press,
dated 18th February 1925.

Order—No. 627, Revenue, dated 29th April 1925.

Miscellaneous.

Recorded.

2. The Government observe that the season was, from an agricultural standpoint, generally unfavourable except in the deltas. There was exceptionally heavy rainfall during both the monsoons in certain areas which caused local floods in Malabar and South Kanara, the Northern Circars and Tinnevely, while on the other hand there was deficiency of rain in other parts of the Presidency. Relief operations under the Famine Code were conducted in parts of Ganjam, Bellary and Anantapur. Remissions were granted to the extent of Rs. 24.04 lakhs as against Rs. 8.21 lakhs in the previous fasli.

3. The total current land revenue demand was less than that of the previous fasli by Rs. 11.90 lakhs. The fall was mainly under ryotwari demand which was due to a decrease of Rs. 5.85 lakhs under water-rate and second crop charge, an increase of Rs. 18.03 lakhs under remissions and a decrease of Rs. 2.28 lakhs under miscellaneous revenue, against an increase of Rs. 13.97 lakhs under assessment on holdings, including that due to the introduction of resettlement rates in Tanjore.

4. Out of a total current demand of Rs. 810.87 lakhs under land revenue and cesses, a sum of Rs. 779.39 lakhs or 96.1 per cent of the demand was collected within the fasli.

5. There was an increase in the number of coercive processes issued under Act II of 1864 as compared with the three previous faslis. This was mainly due to the no-tax campaign in the Tanjore district, and also to the failure of the monsoons in the North Arcot district and to scarcity of money in the South Arcot district. Immoveable property of the estimated value of Rs. 2,24,529 was sold for Rs. 1,30,907 for the recovery of arrears amounting to Rs. 1,50,490.

6. Advances made during the year under the Loans Acts amounted to Rs. 35.62 lakhs against Rs. 14.51 lakhs in the previous fasli. The increase was mainly due to the grant of loans on a large scale in the districts of Ganjam, Vizagapatam, Tinnevely and South Kanara on account of the damage caused by the cyclone and floods and in five others, viz., Bellary, Anantapur, North Arcot, Salem and Coimbatore, on account of the unfavourable character of the season.

7. There was an appreciable increase during the year in the number of wells newly constructed and in the number repaired.
