2. *Season.*—The south-west monsoon made a feeble start towards the end of May 1944 and after causing widespread rainfall on the Malabar Coast in the first four days of June 1944 weakened thereafter. The regular advance of the monsoon took place only on the 8th June 1944, but it was much less active than usual and the rainfall in the month was deficient on the West Coast. Fairly widespread thundershowers occurred in the eastern half of the Peninsula between the 24th and 30th of the month. The rainfall in June was normal or bordering on the normal in Kistna, Coimbatore, Madura and Ramnad, below the normal in Vizagapatam (Plains), East Godavari (Agency), Tinnevely, Malabar, South Kanara and the Nilgiris and above the normal in the other districts of the Province. The monsoon was generally active on the West Coast in July and caused fairly good rains in the rest of the Province in the first half of the month. The rainfall in the month was bordering on the normal in Kistna, Salem and Tanjore, below the normal in Coimbatore, Trichinopoly, Madura, Ramnad, Tinnevely, Malabar and South Kanara and above the normal in the other districts of the Province. Except for a temporary strengthening between the 1st and 4th and the 16th and 23rd, the monsoon was generally feeble on the West Coast during August 1944. Local showers occurred in parts of the Peninsula between the 4th and 6th, 11th and 20th and 25th and 27th August 1944. During the month the rainfall was normal or bordering on the normal in Kistna, Chingleput, and Tinnevely, below the normal in Vizagapatam (Plains), East Godavari (Agency), Kurnool, Bellary, Anantapur, Cuddapah, Nellore South Arcot, Malabar, South Kanara, and the Nilgiris and above the normal elsewhere. The deficiency of rainfall in August 1944 was marked in the Deccan. Owing to the defective nature of the South West Monsoon, the yield of early Kar paddy in parts of the Southern and the Central districts and of the first crop of paddy on the West Coast was affected and dry crops

in the Deccan began to wither. The monsoon was generally weak on the West Coast in September 1944 except for local showers between the 19th and 24th of the month. Local thundershowers occurred in parts of the Province between the 2nd and 6th, 9th and 13th and 23rd and 27th September. The rainfall in the month was bordering on the normal in Kistna and Nellore, above the normal in Kurnool, Bellary, Cuddapah, Chittoor, Salem, Coimbatore, Trichinopoly, Tanjore, Madura, Ramnad and Tinnevely and below the normal in the rest of the Province. The rains of September helped to revive the crops in the Deccan. As a result of the insufficient rainfall in the month, the sowings of the long-term paddy crop in South Arcot and of the Makaram crop in Malabar were retarded. Over the whole period of the South West Monsoon (June to September 1944) rainfall was bordering on the normal in the Kistna district, below the normal in Vizagapatam (Plains), East Godavari (Agency), South Arcot, Malabar, South Kanara and the Nilgiris and above the normal in the other districts of the Province.

Freshes came down the main rivers in time and continued steady and generally sufficient for agricultural operations except in the Cauvery and in the Tambraparni in the beginning of the season.

Sowings of the early crops were above the average in the Circars and the Central districts and below the average in the Carnatic and the Deccan (dry crops only). In the rest of the Province sowings were above the average in the case of early dry crops and below the average in the case of early wet crops.

The condition of the standing crops was generally satisfactory except in parts of the Deccan where the dry crops were affected by drought in August 1944.

*North-East Monsoon.*—During the first fortnight of October 1944 fairly widespread thundershowers occurred in the Peninsula. A depression, formed in the Bay on the 15th, intensified into a storm and crossed the coast near Masulipatam during the night of the 16th. In association with this depression widespread and locally heavy rain fell in the coastal districts of the Circars between the 14th and 18th. Local thundershowers occurred in the south of the Peninsula between the 19th and 24th. Conditions again became unsettled in the South Bay of Bengal on the morning of the 25th and a cyclonic storm developed and crossed the coast north of Madras on the 26th, causing widespread rainfall in the Peninsula between the 25th and 28th. The rainfall in October was normal or bordering on the normal in East Godavari (Agency), Salem and Malabar and above the normal in the other districts of the Province except South Arcot, North Arcot, Tanjore and Tinnevely. It was very heavy in the districts of East Godavari, West Godavari, Kistna and Guntur and as a result of the heavy rains the standing crop of paddy in low-lying lands in parts of these districts was submerged. The standing dry crops were also affected to some extent. The monsoon became well established in the south of the Peninsula in November 1944 as a result of unsettled conditions and low-pressure waves in the Bay of Bengal and the rainfall during the month was very heavy in the districts of Nellore, Chingleput, South Arcot and Tanjore. The rainfall in November was below the normal in the Circars (East Godavari Agency excepted), Kurnool and Anantapur and above the normal in the other districts of the Province. The heavy rains and continuous wet weather in November 1944 resulted, in drainage congestion in parts of Tanjore district and the yield per acre of the main samba crop was affected to some extent. The monsoon again became active in the south of the Peninsula in the first week of December as also between the 11th and 13th and on the 21st and 22nd. There was practically

no rain in the month in the Circars and the Deccan and in the rest of the Province the rainfall was bordering on the normal in the Nilgiris and above the normal in the other districts except in Nellore and Chittoor. The weather was generally dry in January 1945 except for light local showers. Over the whole period of the North-East Monsoon (October 1944 to January 1945) rainfall was bordering on the normal in East Godavari (Agency) and Cuddapah, below the normal in Vizagapatam (Plains), and above the normal in all the other districts of the Province.

Sowings of the late crops were below the average except in the Deccan and the West Coast (dry crops only) and the Central districts and the South (wet crops only).

The condition of the late crops was generally fair except in parts of Bellary where white cholam was affected by pests and in parts of East Godavari, West Godavari, Kistna, and Guntur where standing dry crops and paddy were affected as a result of the heavy rains of October 1944.

Local thundershowers occurred in Malabar on the 16th February 1945 and in the extreme south of the Peninsula between the 23rd and 26th. There was practically no rainfall in March 1945, in the Province except for local showers in the second and last weeks of the month in south and south-east Madras. Thundershowers were pronounced in parts of the Province in April 1945. The rainfall in the month was normal or bordering on the normal in Malabar and the Nilgiris below the normal in Cuddapah and South Kanara and above the normal in the rest of the Province. Scattered showers fell in May 1945 and the rainfall in the month was normal in West Godavari, above the normal in Kurnool and Anantapur and below the normal in the other districts of the Province.

The season for the Province as a whole was fairly satisfactory though it was not as good as in the previous fasli in Vizagapatam, Malabar, and South Kanara. There were no relief operations under the Famine Code during the year under review.

Remissions of land revenue were appreciably less than in the previous fasli in most districts. Land revenue in the year under review had to be remitted on a fairly large scale only in parts of Vizagapatam (Rs. 62,038), West Godavari (Rs. 60,659), Kistna (Rs. 51,295) and Guntur (Rs. 1,18,695). The Government also granted graded remission of assessment on dry lands ranging from 50 to 100 per cent in 49 villages in Kalyandrug taluk in Anantapur district which were affected by adverse seasonal conditions. The amount involved was Rs. 34,330. The collection of the unremitted land revenue of fasli 1352 in nine villages of Siruguppa taluk of the Bellary district was further postponed to fasli 1355.

In addition to these season remissions, the Government continued the temporary reduction of water-cess in East and West Godavari and Kistna districts and in the deltaic tracts of Guntur.

3. The total number of ryotwari villages in the province was the same as in last fasli (21,101).

4. The land revenue of the Province is derived from the following sources :—

- (i) *perkkash* or revenue from permanently settled estates;
- (ii) *shrotriyam jodi* or quit-rent levied on inam villages;
- (iii) assessment including water-rate on lands held under ryotwari tenure; and
- (iv) miscellaneous revenue.

7. The total extent of ryotwari holdings during the fasli was 27,654,185 acres against 27,656,253 acres in the previous fasli which shows a decrease of 2,068 acres. There was an increase in all the districts except the following where there was a decrease :—

Vizagapatam (26); East Godavari (12,634); Kistna (57); Nellore (266); Kurnool (121); Trichinopoly (44,849); The Nilgiris (236).

The increase in Madura district was mainly due to addition of villages from the Trichinopoly district. The increase in the other districts was chiefly due to fresh assignments and resumption of inams.

8. The total assessment of holdings was Rs. 604.27 lakhs as against Rs. 603.79 lakhs in the previous fasli showing a net increase of Rs. 0.48 lakhs. There was an increase in all the districts except the following where there was a decrease :—

9. (i) The total area cultivated in ryotwari holdings was 20.69 million acres against 21.00 million acres (revised figure) in the previous fasli. There

In North Arcot the decrease was due to late rains and inadequate supply in the irrigation sources. In South Arcot the decrease was due to the unfavourable season and the inability of the ryots to raise second-crop cultivation on any large scale and in Cuddapah it was due to the decrease in the second-crop irrigation.

16. *Demand, Collection and Balance of Land Revenue and Cesses (Current).*—The current demand under land revenue and cesses during the fasli was Rs. 10,05,91,571. A sum of Rs. 9,92,90,928 or 98.71 per cent was collected within the fasli and Rs. 4,50,589 or 0.45 cent written off the accounts. The collection of a sum of Rs. 41,061 or 0.04 per cent was suspended or postponed. The percentage of collection to the collectable demand was therefore 99.19. The percentage of collection to demand during the previous fasli was 98.52; that written off was 0.43 per cent, and that suspended or postponed was 0.02 per cent. The percentage of collection to the collectable demand was 98.96. The land revenue collections for fasli 1354 have been dealt with in paragraph 11 (iv) above.

17. *Demand and Collection of arrears.*—The total arrear demand under all the heads amounted to Rs. 16,24,600. A sum of Rs. 12,41,871 or 76.44 per cent was collected and a sum of Rs. 53,158 or 3.27 per cent was written off the accounts. The collection of Rs. 2,27,524 or 14.00 per cent was

postponed or suspended. The percentage of collection in the previous fasli was 61.32 and that written off was 8.46.

18. The balance outstanding at the end of the fasli including both arrears and current was Rs. 11,79,625 against Rs. 16,19,721 at the end of the previous fasli. As reported by the Collectors in their Demand, Collection and Balance Statements for September 1945, the balance at the beginning of fasli 1355 was Rs. 10,51,190. Up to the end of September 1945 a sum of Rs. 5,62,599 was collected and Rs. 5,053 written off the accounts. Proposals have been made to write off Rs. 6,649. The net recoverable balance on 1st October 1945 was thus Rs. 4,76,889. Out of this amount a sum of Rs. 2,71,565 is covered by orders of suspension or postponements in the Presidency. Deducting this amount the realizable balance on 1st October 1945 was Rs. 2,05,324.

19. *Adjustment to Local Boards of cesses collected during the fasli.*—Land Revenue and cesses are collected together and the distribution of the total collections between Land Revenue and cesses is effected in the Collector's offices after the compilation of the accounts relating to the fasli year.

The statements showing the amounts collected during the fasli 1354 on behalf of the Local Boards, the payments made to them during the fasli and the amounts to be finally adjusted either to their credit or debit are received from Collectors. After verification by the Accountant-General of the amounts shown by Collectors as payments made to Local Boards, the recovery of overpayments is being watched by the Board in accordance with the instructions contained in paragraph 3 of G.O. No. 5197, L. & M., dated 7th December 1926.

20. *Charges debitable to Land Revenue.*—The charges in the Land Revenue Department are shown in the accounts under the head "25. General Administration—District Administration and Miscellaneous". The District Administration charges excluding village establishments amounted to Rs. 142.80 lakhs during fasli 1354. The village service charges including those of the proprietary estates during the fasli were Rs. 136.68 lakhs. The total charges amounted to Rs. 279.48 lakhs or 27.80 per cent of the total land revenue and cess collected.

It has however to be borne in mind that the expenditure does not represent merely the cost of collecting the land revenue. The Land Revenue Department performs multifarious duties of which the control and collection of land revenue is only one. The village establishment in particular is the servant of all the departments of the Government. Moreover a considerable portion of the time of the Collector and his subordinate officials is occupied with magisterial work, with war and civil supplies work, and with post-war problems also. While the actual cost of collecting the land revenue cannot be estimated with any degree of accuracy, it is far less than the amount of expenditure shown above.

An extent of 6.95 acres for which the ryots were not likely to have any further use was sold for Rs. 148-1-0 under S.O. No. 91. 17.17 acres of land were sold for Rs. 173-9-0 under S.O. No. 197. There were no sales of tank-bed lands during the year under report.

31. *Subdivision of quit-rent*.—In the fasli there were no cases of subdivision under B.S.O. No. 58, of the joint liability of shareholders in enfranchised inams to the payment of quit-rent.

32. In view of the orders in G.O. No. 2595, Revenue, dated 18th November 1942, the Collectors of districts did not conduct jamabandi.

33. The advances made under the Land Improvement Loans and Agriculturists' Loans Acts during the year amounted to Rs. 19.97 lakhs as against Rs. 10.76 lakhs in the previous year. No amount was advanced during the year under the Agriculturists' Loans (M.A.) Act, 1935 for the relief of Agricultural indebtedness as this scheme was suspended by the Government for the duration of the war in G.O. Ms. No. 95 (S), Revenue, dated 11th August 1942 and since no loans are being granted for the purpose.

34. Including the uncollected balance at the end of the previous year, the amount repayable during the year on account of principal under both Land Improvement Loans and Agriculturists' Loans Acts was Rs. 36.63 lakhs as against Rs. 20.89 lakhs in the preceding year. Of this amount a sum of Rs. 22.37 lakhs or (61 per cent) was collected. A sum of Rs. 1.52 lakhs was repaid by the borrowers on account of loans, the repayment of which had not fallen due while a sum of Rs. 8.62 lakhs was written off as irrecoverable. (The bulk of the sum written off relates to Bellary district.) The amount repayable during the year under the Agriculturists' Loans (M.A.) Act, 1935, was Rs. 1.79 lakhs of which Rs. 1.61 lakhs was collected.

The aggregate amount of principal and interest repayable during the year under the Land Improvement Loans and Agriculturists' Loans Acts including the balance remaining unpaid out of the sums which fell due in the previous year was Rs. 40,76,236 of which a sum of Rs. 26,05,223 was collected and a sum of Rs. 8,62,503 was written off. The balance outstanding at the end of the year was Rs. 6,08,510 as against Rs. 7,13,658 in the previous year.

35. The aggregate amount of principal and interest repayable during the year under the Agriculturists' Loans (M.A.) Act, was Rs. 2,80,763 of which a sum of Rs. 2,54,782 was collected. The balance outstanding was Rs. 25,980.

36. The Debt Conciliation Boards, established to dispose of the pending cases, completed their work and ceased to function in all the districts.

37. *Enhanced water-cess on irregular irrigation*.—The system of publishing a general or collective notice in each village in accordance with B.P. No. 58, Settlement, dated 10th April 1919, is reported to have worked well. The ryots were aware of the rules and made timely representations to the jamabandi officers. This resulted in the prompt investigation of objections and consequent reduction in the number of water rate appeals. In cases where Government water was taken without permission deterrent penalties were imposed.

38. *Cultivation of tank-bed lands.*—As a result of the Grow More Food Campaign there was a considerable increase in cultivation of tank-bed lands. Wherever cultivation was permitted ordinary rates were charged and cases of objectionable cultivation were dealt with under the provisions of the Madras Land Encroachment Act.

39. *Cowles.*—During the fasli 8 acres of land were held on cowle for Rs. 10 as in the previous fasli.

40. *Examination of village and taluk accounts.*—Maintenance of these registers was fairly satisfactory and no general errors of a serious nature were disclosed.

41. *Taluk and Village Statistical registers.*—The Taluk Statistical registers prescribed in the Manual of Taluk accounts (Special) were maintained in the districts of Malabar, South Kanara and the Nilgiris.

The village statistical registers were maintained in all ryotwari villages of the other districts.

42. *Minor Irrigation.*—Statement No. 19 shows for each district the number of works in charge of the Revenue Department, the number repaired and the amount spent on them during the official year ending 31st March 1945. The statement also shows the number proposed for repairs during the official year ending 31st March 1946.

43. *Ryots' conferences.*—Ryots' conferences were held in all the districts except Bellary, Chingleput, Chittoor and Malabar.

44. All subordinate offices were inspected in fasli 1354 by the Collectors and the Revenue Divisional Officers except nine offices of Additional First-class Magistrates. Of these nine excepted offices four were created newly in the middle of the fasli and the rest were inspected after the end of the fasli. The Collectors' inspection of the Revenue Divisional Offices was generally thorough. The Board examined the notes of inspection of the Revenue Divisional Offices and issued suitable instructions.

During the fasli under report the Members of the Board of Revenue inspected the offices of the Collectors of Kistna, Guntur, Anantapur, Bellary, Chingleput, Chittoor, North Arcot, Trichinopoly, Madura, Ramnad, Tinnevely, Salem, South Kanara, Malabar and the Nilgiris with reference to the instructions in G.Os. Ms. No. 2086, Revenue, dated 17th September 1942 and Ms. No. 2954, Revenue, dated 22nd November 1943 and found that the administration of the districts continued to be efficient.

45. *Administration of Charitable and Religious Service inams.*—In their order Ms. No. 851, Revenue, dated 25th April 1944, the Government suspended for the duration of the war the submission of the annual periodical statement showing the religious and charitable inams resumed during the year.

46. *Inspection of Cattle Census (Quinquennial).*—A cattle census was taken by the karnams during the year and tested by the Revenue Inspectors, Deputy Tahsildars and Tahsildars and in a few cases by Revenue Divisional Officers also. It is reported that the overcheck by the inspecting officers has not disclosed any defect in the work of the karnams and the enumeration has been on the whole fairly correct.
